MEMORANDUM

Date: May 10, 2023
To: Members, Board of Supervisors
From:  Angela Calvillo, Clerk of the Board
Subject: Mayoral Appointment - Refuse Rate Board

On May 3, 2023, the Office of the Mayor submitted the following complete appointment package pursuant to Charter, Section 3.100(18). This appointment is effective immediately unless rejected by a two-thirds vote of the Board of Supervisors within 30 days (June 2, 2023).

Appointment to the Refuse Rate Board:

- Brittney Doyle - term ending May 3, 2027

Pursuant to Board Rule 2.18.3, a Supervisor may request a hearing on a Mayoral appointment by timely notifying the Clerk in writing.

Upon receipt of such notice, the Clerk shall refer the appointment to the Rules Committee so that the Board may consider the appointment and act within 30 days of the transmittal letter as provided in Charter, Section 3.100(18).

If you wish to hold a hearing on this appointment, please let me know in writing by noon on Wednesday, May 17, 2023. Once we receive notice, we will work with the Rules chair to schedule the hearing.

c: Matt Dorsey- Rules Committee Chair
Alisa Somera - Legislative Deputy
Victor Young - Rules Clerk
Anne Pearson - Deputy City Attorney
Tom Paulino - Mayor's Legislative Liaison

MAYOR

Notice of Appointment

May 3, 2023

San Francisco Board of Supervisors
City Hall, Room 244
1 Dr. Carlton B. Goodlett Place
San Francisco, CA 94102

Honorable Board of Supervisors:

Pursuant to Charter Section 3.100(18) and 290.6 of the San Francisco health code of the City and County of San Francisco, I make the following appointment of Brittney Doyle to serve as the Ratepayer Representative for the San Francisco Refuse Rate Board. Ms. Doyle's appointment will begin today and expire on May 3, 2027.

I am confident that Ms. Doyle will serve our community well. Attached are her qualifications to serve, which demonstrate how her reappointment represents the communities of interest, neighborhoods and diverse populations of the City and County of San Francisco.

Should you have any question about this appointment, please contact my Director of Commission Affairs, Tyra Fennell, at 415-554-6696

Sincerely,

A handwritten signature in blue ink, reading "London N. Breed".

MEMORANDUM

May 8, 2023

To: Members of the Board of Supervisors
From: Carmen Chu, City Administrator & Capital Planning Committee Chair
Copy: Angela Calvillo, Clerk of the Board
Capital Planning Committee
Regarding: (1) FY2024-2025 Capital Budget Amendments

In accordance with Section 3.21 of the Administrative Code, on May 8, 2023, the Capital Planning Committee (CPC) approved the following action items to be considered by the Board of Supervisors. The CPC's recommendations are set forth below.

1. Board File Number: TBD

Amendments to the FY2024 and FY2025 General Fund Department Capital Budget (including Certificates of Participation).

Recommendation:

The CPC approves the amendments.

Comments:

The following amendments were proposed to be made to the FY2024 and FY2025 General Fund Capital Budget before CPC recommendation:

- 1) Increase Recreation and Parks General Fund baseline to \$15 million.
- 2) Fund Lakeview and Lee steps (\$500,000) with Pay-Go Cash. Fund 1650 Mission Chilling/Cooling Tower with Certificates of Participation. This proposed change has a net-zero budget impact.
- 3) Re-allocate \$150,000 from the Department of Technology's Fiber Backbone to VoIP facilities remediation.

These items will increase the FY2024 and FY2025 General Fund Department from \$510 million to \$512 million.

The CPC recommends approval of this item by a vote of 11-0.

Committee members or representatives in favor:

May 8, 2023

Supervisor Shamann Walton
1 Dr. Carlton B. Goodlett Place, Room 244
San Francisco, CA 94102

Dear Supervisor Walton,

I am in receipt of your Letter of Inquiry regarding the killing of Banko Brown. While legally there is no requirement that I respond to your letter given the nature of your requests, I am responding to ensure that you understand not only my position, but the dangers presented by your interference in the judicial process.

As stated in a public statement released by my office today, the investigation into Banko Brown's death remains an ongoing investigation. While I announced last Monday that charges were not being filed at that time, we discharged the case and asked the San Francisco Police Department to gather more evidence before ultimately making a final decision. Thus, this remains an open and ongoing investigation. As a result, releasing video, or any other evidence at this time, could compromise the investigation and would be unethical. Given this investigation is still open, the footage and other evidence in this case is protected by Section 7923.600 of the California Government Code. Further, the video is not the only piece of evidence that my office reviewed in making the initial decision to discharge the case. We also reviewed witness statements as well as statements from the suspect, which also can not be released at this time.

As for your urging me to "reconsider and reevaluate" my decision not to charge this case, I believe that such a request is wholly inappropriate and dangerous to the interests of justice and a fair criminal justice system for all people. Given we have not released any evidence to the public, your conclusion that I should "reconsider" cannot be based on any evidence or fact, and therefore relies purely on speculation and conjecture, which should never be the basis for bringing criminal charges against someone. Following public political pressure, you issued your Letter of Inquiry, which you promptly posted about on social media. Political prosecution is the enemy of a fair and equitable criminal justice system. Prosecutorial discretion cannot and should not be abused for the sake of political expediency.

While your social media comments have pointed out that Banko Brown is African-American, they have failed to identify that the suspect in this case is also African-American. As you know, many historic injustices that our community has faced can be traced back to politically motivated prosecutions. As a legislator, and non-lawyer, you may not be aware that as an attorney and prosecutor, I have ethical obligations that I have sworn to uphold – including, to only charge

those for whom we believe we have evidence beyond a reasonable doubt of their guilt, and to not allow politics, bias or self-interest to influence the handling of any case in this office. I will not deviate from that duty for anything or anyone.

At the conclusion of SFPD's investigation, should we make a final decision to not charge this case, my office will release a report regarding the facts and law and how we arrived at that conclusion to provide the utmost transparency to the public.

I remain available anytime you have questions or wish to meet to discuss further. As I'm sure you would agree, it is imperative that all of us in government work together to make the criminal justice system fairer and not take any actions that would take us backwards in our pursuit of a more equitable system.

I hope that what I said above causes you to take a moment to pause and reflect on the dangers your inquiry posed to a fair and just judicial process. We should know and be better as elected leaders. I welcome the Board of Supervisors partnership in developing common sense local solutions that will improve public safety and criminal justice system outcomes that our residents expect and deserve.

Sincerely,

Brooke Jenkins
San Francisco District Attorney

Brooke Jenkins, District Attorney
Office of the District Attorney
350 Rhode Island Street
San Francisco, CA 94103

Dear District Attorney Jenkins,

At the May 2, 2023, Board of Supervisors meeting, Supervisor Walton issued the attached inquiry to the Office of the District Attorney. Please review the attached introduction form, which provides the Supervisor's request.

The inquiry, in summary, requests the District Attorney to publicly release the video footage showing the circumstances around the shooting of Banko Brown by a downtown Walgreens security guard, and requesting the District Attorney to reconsider and reevaluate their decision not to charge the case presented to them by the San Francisco Police Department.

Please contact Supervisor Shamann Walton at Shamann.Walton@sfgov.org, or Natalie Gee, Legislative Aide to Supervisor Walton, at Natalie.Gee@sfgov.org, for any questions related to this request, and copy BOS@sfgov.org on all communications to enable my office to track and close out this inquiry. Please provide your response no later than May 8, 2023.

For questions pertaining to the administration of this inquiry, do not hesitate to contact me in the Office of the Clerk of the Board at (415) 554-5184.

Very Truly Yours,

A handwritten signature in blue ink, appearing to read "Angela Calvillo".

Supervisor Dean Preston
1 Dr. Carlton B. Goodlett Place
City Hall, Room 244
San Francisco, CA 94102

Dear Supervisor Preston,

We have received your letter expressing interest in the partnership that is happening between our local and state law enforcement agencies to address the crisis of fentanyl drug dealing and trafficking in our City. While I understand you sent this letter to multiple Departments, I am taking the opportunity to provide a collective response as this partnership originated from my office working with the Governor's Office.

As you know, open-air drug markets have had a destructive impact on the Tenderloin and South of Market neighborhoods. Fentanyl is killing people every day. The violence that surrounds these markets threatens the basic safety of residents, workers, and business owners. I've heard directly from countless individuals and groups, including many immigrants, seniors, and families, who have called on the City to do more to enforce against open-air drug dealing. These are compassionate people who believe in the alternatives to policing that we have deployed like Urban Alchemy ambassadors as well as public health solutions to help those struggling with addiction. But they are people who fear for their safety. And they are asking for more enforcement against the open-air drug dealing harming their neighborhoods.

The San Francisco Police Department and District Attorney have responded to these calls. They've increased arrests and prosecutions for drug dealing, particularly targeting the sale of fentanyl which is driving the overdose death rates we see in this City and across the country. Due to our police staffing shortage, we have been relying on overtime funding to augment Tenderloin and South of Market operations, and I want to thank the nine members of the Board of Supervisors who supported this funding which is critical to keeping this work going.

But despite the strong and laudable efforts of our local law enforcement agencies, we know San Francisco needs more support. The trafficking and dealing of fentanyl is a national crisis. For several months, we have been asking for support from federal and state partners.

With regards to the federal government, I've been in conversations with the White House's Office of National Drug Control Policy and the U.S. Department of Justice, including the new U.S. Attorney for the Northern District of California. In these conversations I have requested the federal government's support to arrest and prosecute drug dealers, and provide any other direct response and prevention strategies to put an end to the dangerous and deadly open-air drug dealing on our streets. I have also discussed the impacts of this crisis with Speaker Emerita Nancy Pelosi and am heartened and deeply appreciate her writing to Attorney General Merrick Garland asking for support. This is the kind of leadership we need to get more federal relief in our fight to close the open-air drug markets.

Similar conversations have been underway with the Governor's Office in recent months. I want to thank Governor Gavin Newsom for recently coming to the Tenderloin and South of Market to see the conditions for himself. But more importantly, the Governor followed this visit by delivering a commitment of resources from the California Highway Patrol (CHP) and the California National Guard ("CalGuard"). Again, this kind of leadership is critical in our work to end these drug markets.

On April 28th, the CHP and the CalGuard joined myself, our Police Chief, and District Attorney to present to the public what their roles would be in working together to address this crisis. I want to thank Board President Aaron Peskin for attending this briefing and showing his support for the partnership.

For understandable reasons, operational details must be kept at a high level to protect the integrity of the work being done and to ensure we get results. But here is what we can share to address your questions of what is currently happening as part of this partnership which started May 1st:

- CHP is providing high visibility presence and conducting traffic enforcement to address criminal activity, especially drug trafficking
- CHP will be training SFPD personnel on drug recognition as well as detection of being under the influence of drugs.
- CalGuard service members will support the analysis of drug trafficking operations, with a particular focus on disrupting and dismantling criminal drug trafficking operations

Further partnership efforts are currently being explored.

I assure you that our local public safety agencies will continue to act with the integrity and values that we as a City ascribe to as they undergo this work. I have been visiting many of our police stations to meet with our police officers directly, and I am proud of their commitment to being a City that values accountability for both those who break the law and those who enforce it. We are a stronger City because of it.

I am hopeful that this state partnership will complement our local efforts, and that it is further bolstered by support from our federal partners. I look forward to continuing to work with members of the Board of Supervisors on a broad range of solutions for the issues impacting neighborhoods, including enforcement, alternatives to policing, and treatment to help those struggling with addiction.

We cannot accept the premise that open-air drug markets will go away on their own. Enforcement must be part of the equation. I am grateful for Governor Newsom and the leadership of the CHP and CalGuard for their commitment to being part of the solution in San Francisco.

Sincerely,

London N. Breed

Dear Honorable Mayor London N. Breed, Sheriff Miyamoto, Chief Scott, Director Carrol, Chief Probation Officer Tullock, Director Colfax, Executive Director McSpadden, Director Hillis, Chief Probation Officer Miller and District Attorney Jenkins,

At the April 25, 2023, Board of Supervisors meeting, Supervisor Preston issued the attached introduction form and letter to the Mayor's and the above mentioned departments. Please review the attached introduction form and letter, which provides the Supervisor's specific request.

The inquiry, in summary, requests a response to the following questions specific to your respective departments regarding the deployment or partnership with the California Highway Patrol (CHP), California National Guard, or Drug Enforcement Administration (DEA) in the Tenderloin/United Nations Plaza.

1. Has the Governor's Office, or any person representing the Governor's office, contacted you or your department regarding the Governor authorizing CHP or the National Guard to address drug dealing in San Francisco?
 - a. If so, when was the contact made, by whom, how was it transmitted, and what were the contents of any such communication?
2. When did you first learn that the Governor was announcing plans for the California Highway Patrol and/or the National Guard to be deployed to San Francisco, as announced publicly by the Governor on April 21, 2023?
3. Please provide any details you have regarding the [Governor's announcement](#) of a "public safety partnership" and/or plans to authorize the CHP or National Guard to San Francisco, including any agreements/memoranda of understanding, requests, explanations, briefs, or instructions that have been shared with your department by the Governor's office, California Highway Patrol, California National Guard, and/or from any City department, office, or agency.
 - a. To the extent that your department has not received any such details or communications responsive to this question, as of the date of this letter of inquiry, or within one week of your department's receipt of this letter, please so advise.
 - b. If you receive any details or communications responsive to this question after your initial response to this Letter of Inquiry, please notify Supervisor Preston's office immediately to follow up with your department.
4. Please provide any details you have regarding current or planned partnerships regarding, or requests for, street-level drug enforcement by or with the DEA in the Tenderloin/UN Plaza area with the DEA, including any agreements/memorandums of understanding, requests, explanations, briefings, or instructions that have been shared with your department by the DEA or its representatives and/or from any City department, office, or agency.
 - a. To the extent that your department has not received any such details or communications responsive to this question as of the date of this letter of inquiry, or within one week of your department's receipt of this letter, please so advise.
 - b. If you receive any details or communications responsive to this question after your initial response to this Letter of Inquiry, please notify Supervisor Preston's office immediately to follow up with your department.
5. Please describe any ongoing or future deployment of, or partnerships with, DEA, CHP, or National Guard in regard to drug dealing, drug use, or the enforcement of drug laws in the Tenderloin/UN Plaza area or any other parts of District 5.

Please contact Melissa G. Hernandez, Melissa.G.Hernandez@sfgov.org, Legislative Aide to Supervisor Preston, for any questions related to this request, and copy BOS@sfgov.org on all communications to enable my office to track and close out this inquiry. Please provide your response no later than May 9, 2023.

For questions pertaining to the administration of this inquiry, do not hesitate to contact me in the Office of the Clerk of the Board at (415) 554-5184.

Very Truly Yours,

Angela Calvillo
Clerk of the Board

Re: Letter of Inquiry Regarding Plans for Deployment/Partnership with California Highway Patrol, California National Guard, or Drug Enforcement Administration

To Whom It May Concern:

I am sending this Letter of Inquiry on the heels of multiple announcements regarding plans to invite the California Highway Patrol (CHP), California National Guard, and Drug Enforcement Administration (DEA)

into the streets of San Francisco, specifically, the Tenderloin/United Nations Plaza, in response to the ongoing opioid crisis in our city.

Please provide the following information from each of your respective departments:

1. Has the Governor's Office, or any person representing the Governor's office, contacted you or your department regarding the Governor authorizing CHP or the National Guard to address drug dealing in San Francisco?
 - a. If so, when was the contact made, by whom, how was it transmitted, and what were the contents of any such communication?
2. When did you first learn that the Governor was announcing plans for the California Highway Patrol and/or the National Guard to be deployed to San Francisco, as announced publicly by the Governor on April 21, 2023?
3. Please provide any details you have regarding the [Governor's announcement](#) of a "public safety partnership" and/or plans to authorize the CHP or National Guard to San Francisco, including any agreements/memoranda of understanding, requests, explanations, briefs, or instructions that have been shared with your department by the Governor's office, California Highway Patrol, California National Guard, and/or from any City department, office, or agency.
 - a. To the extent that your department has not received any such details or communications responsive to this question, as of the date of this letter of inquiry, or within one week of your department's receipt of this letter, please so advise my office.
 - b. If you receive any details or communications responsive to this question after your initial response to this Letter of Inquiry, please notify our office immediately so we can follow up with your department.
4. Please provide any details you have regarding current or planned partnerships regarding, or requests for, street-level drug enforcement by or with the DEA in the Tenderloin/UN Plaza area with the DEA, including any agreements/memorandums of understanding, requests, explanations, briefings, or instructions that have been shared with your department by the DEA or its representatives and/or from any City department, office, or agency.
 - a. To the extent that your department has not received any such details or communications responsive to this question as of the date of this letter of inquiry, or within one week of your department's receipt of this letter, please so advise my office.
 - b. If you receive any details or communications responsive to this question after your initial response to this Letter of Inquiry, please notify our office immediately so we can follow up with your department.
5. Please describe any ongoing or future deployment of, or partnerships with, DEA, CHP, or National Guard in regard to drug dealing, drug use, or the enforcement of drug laws in the Tenderloin/UN Plaza area or any other parts of District 5.

April 25, 2023

Page 3

Please provide your responses to our office within one week of your department's receipt of this letter. If you have not received any information or otherwise have no operations/plans responsive to this letter by the due date, I additionally request that you notify my office if that changes in the next month so that we can follow up with your respective departments to get more details.

Thank you for your attention to this matter.

Sincerely,

Dean Preston
District 5 Supervisor

Introduction Form

(by a Member of the Board of Supervisors or the Mayor)

I hereby submit the following item for introduction (select only one):

- ☐ 1. For reference to Committee (Ordinance, Resolution, Motion or Charter Amendment)
- ☐ 2. Request for next printed agenda (For Adoption Without Committee Reference)
(Routine, non-controversial and/or commendatory matters only)
- ☐ 3. Request for Hearing on a subject matter at Committee
- ☒ 4. Request for Letter beginning with "Supervisor Preston inquires..."
- ☐ 5. City Attorney Request
- ☐ 6. Call File No. from Committee.
- ☐ 7. Budget and Legislative Analyst Request (attached written Motion)
- ☐ 8. Substitute Legislation File No.
- ☐ 9. Reactivate File No.
- ☐ 10. Topic submitted for Mayoral Appearance before the Board on

The proposed legislation should be forwarded to the following (please check all appropriate boxes):

- ☐ Small Business Commission ☐ Youth Commission ☐ Ethics Commission
- ☐ Planning Commission ☐ Building Inspection Commission ☐ Human Resources Department

General Plan Referral sent to the Planning Department (proposed legislation subject to Charter 4.105 & Admin 2A.53):

- ☐ Yes ☐ No

(Note: For Imperative Agenda items (a Resolution not on the printed agenda), use the Imperative Agenda Form.)

Subject: Pier 94

Dear Honorable Members of the Board of Supervisors,

At yesterday's BOS meeting there was significant discussion around Supervisor Walton's urging resolution discouraging the closure of the trailer-based shelter at Pier 94. I understand the concern about the closure of the site and the plan for the current guests. And I appreciate the Board's commitment to ensuring that we have more shelter resources in our community.

I want to assure you that as we winddown this, or any site, we have a plan for all guests. For Pier 94, we have housing and shelter available for guests throughout the winddown and have already begun this engagement.

HSH and Port staff briefed all BOS offices prior to yesterday's board meeting to ensure all offices were aware that we do have a plan in place for these guests.

Attached is a memo that outlines the plan for the wind down, the housing and shelter placement plans for the guests, and options for continued use of the trailers.

Please let me know if you have any specific questions.

Thank you,
Emily

Subject: Pier 94 Winddown Overview and Bi-Monthly Status Update

Background and Overview

HSH and the Port will continue to work together to address our City's homelessness crisis with strategies that are safe and effective. Prior to the pandemic, the Port and HSH collaborated successfully on the establishment and operation of two homeless navigation centers on Port property (Embarcadero SAFE Navigation Center and Central Waterfront Navigation Center). In 2020, under the City's COVID-19 emergency declaration, the Port, HSH, and other city agencies supporting the city's emergency response came together quickly to prepare a third site, a temporary Shelter in Place (SIP) trailer facility on industrial land for Bayview residents who were experiencing homelessness and most vulnerable to the negative impacts of COVID-19.

The temporary site is in the heart of the Eco-Industrial Center, a multi-use maritime facility that provides 700 jobs for residents and imports and manufactures construction materials including concrete and aggregates. A busy industrial site is not suitable for long-term residential inhabitants, but HSH and Port staff moved ahead given the health emergency, using authority established under the emergency declaration.

Now that the emergency declarations have ended, the Eco-Industrial Center and Southern Waterfront have been the subject of several actionable tenant inquiries for maritime-industrial space. While the land use entitlements, infrastructure improvements and lease negotiations required to achieve the beneficial uses will take an uncertain amount of time, the Port and HSH agree that the wind down of the SIP site is not something that can be done quickly to hand over the site at the exact moment the next tenant is ready to occupy it.

In light of the factors above, HSH and the Port have collaborated on a proposal to facilitate the end to the temporary shelter as agreed to in an MOU when the Port prepared and offered the site in 2020. The new MOU between the HSH and the Port would provide an extension through the end of the calendar year to support HSH's thoughtful and client-centered winddown plan. The plan ensures services and housing placements are provided for the roughly 100 residents as part of the program's winddown.

Status of MOU approval by the Port Commission

The proposed MOU that would support the continued use of Pier 94 as a SIP RV/Trailer site through the end of the calendar year was first heard by the Port Commission as an information item on April 11, 2023.

The second hearing has been postponed to June 13, 2023. This timeline supports HSH's continuing efforts in exploring potential replacement sites for this program.

HSH Pier 94 Winddown Plan

The winddown plan for this site is modeled after the successful approach that HSH took when winding down the 2,500 units of temporary shelter as part of the Shelter in Place (SIP) hotel program. **No guest of the site will be asked to leave without another option being offered.** In most cases, multiple options will be offered to each household.

In April 2023, HSH began taking steps to prepare for a client-centered winddown of the Pier 94 program:

- Stopped new intakes to the site as of April 19, 2023;
- Began assessing the condition of trailers to understand how many could be potential used on another program site;
- Engaged all guests at the site in housing assessments to support identifying housing exits for all housing referral status guests;
- Set up weekly meetings with Felton and HSH staff to support wrap-around exit planning with guests.

In order to return the site to the Port in the condition specified in the MOU, all guests must be off site at least two months prior to end of MOU to allow DPW and vendors adequate time to demobilize infrastructure.

Housing and Shelter Resources to Support Winddown

Like the SIP Housing process, we will be working with every guest on an assessment and connection to appropriate housing or other resources to support a positive exit.

Guests who are eligible for housing:

- Will be offered up to 3 housing offers.
 - If all 3 are declined, guest will be offered shelter in the Bayview.
- Majority of guests have indicated that they want to remain in the Bayview. We will be following up to confirm location preferences with guests that are eligible for housing, and simultaneously exploring how to expand Bayview housing options by using vouchers and time limited scattered-site subsidies.

For guests who are not eligible for permanent supportive housing (the small minority) p, guests who are awaiting housing placement, or guests that decline housing, HSH will ensure there are available beds at Bayview SAFE Navigation Center and Bayshore Navigation Center.

Bi-Monthly Winddown Status Report

Monday May 8, 2023

The following activities are planned for the week of May 8, 2023:

- Mobile Coordinated Entry Access Point has been requested to visit site to support the 14 remaining households complete CE assessments.
- Felton will be sending guests notification of anticipated site closure with an invitation to join the May 25th Site F community meeting to learn more.

The three tables below will be updated on a bi-monthly basis to reflect most up to date data and guest information:

Table 1: Guest Assessments

	Eligible for Permanent Supportive Housing	Not Eligible for PSH	Unknown	Total Households
Active Guests	70	24	14	108

Table 2: Guest Exits

	Housing Exits	Other Exits (shelter, reunification, etc.)	Self-exits	Total Exits
May 8, 2023	2	2	2	6

Table 3: Site Occupancy and Vacancy

	Maximum Capacity (units)	Units Occupied	Vacant Units
Trailer Units	114	108	6

12B.5-1(d)(1) (No Vendors Comply) Limited Question1:

The Preservation dept plans on sending these s out to the Main Floor to prevent damaged when patrons are using large and/or brittle books. The Book Sofa is a soft, angled supports to allow patrons to safely and easily use large and/or brittle books. It keeps the covers at an angle and helps prevent damage to the spine while in use. The shape adjusts gradually as reading progresses to cradle volumes exactly where needed but without allowing them to open too far, limiting strain on the spine. The removable outer cover is made from 100% cotton fabric that is approved as a display material by major museums. It is also machine washable to ensure that the support can be kept clean and presentable.

12B.5-1(d)(1) (No Vendors Comply) Limited Question2 :

We have search multiple time online and was not able to locate any company within the United States that carry this types of items

12B.5-1(d)(1) (No Vendors Comply) Limited Question3:

It does not conflict. Vendor is still working on 12B certification (please pending status)

To: Clerk of the San Francisco Board of Supervisors

From: Shireen McSpadden, Executive Director
Department of Homelessness and Supportive Housing

Date: May 4, 2023

Subject: 2022 Emergency Ordinance 61-19 Annual Report

In April 2019, the Board of Supervisors unanimously passed an ordinance to streamline contracting for homeless services and siting for homeless shelters (Emergency Ordinance 61-19). This ordinance made several changes to the Administrative Code to expedite homeless services, including:

- Waive competitive procurement rules for homelessness services (Administrative Code Section 21.B). Eligible services include site-based services like shelter programs, Coordinated Entry access points, and permanent supportive housing, as well as outreach, scattered-site supportive housing, and other homelessness services that are not site-specific.
- Extending operations of navigation centers beyond the current two-year limit to support maintaining shelter capacity.
- Allowing shelters by right in areas where they were previously permitted as a conditional use, including PDR and SALI districts.

The ordinance requires the Department of Homelessness and Supportive Housing (HSH) to submit an annual report on all agreements awarded under this expedited procedure. This memo serves as HSH's required annual report for calendar year 2022. In calendar year 2022, HSH entered into 41 agreements using the authority granted in Ordinance 61-19. These agreements fall into the following service areas:

- | | |
|---|----------------------|
| • Shelter (18) | • Administration (1) |
| • Housing (15) | • Outreach (1) |
| • Coordinated Entry and Problem Solving (6) | |

HSH continues to use this waiver to expand and maintain essential services to meet new and ongoing demands in HSH's homelessness response system. These agreements have allowed HSH to quickly leverage local, state and federal funds to open housing, shelter, and other critical resources for individuals and families experiencing homelessness. HSH implemented 27 new grant agreements in calendar year 2022 under this waiver including:

- Three new Coordinated Entry agreements to serve at least 1,750 youth with expanded Access Point services, including housing navigation and housing problem solving.
- One new housing problem solving agreement to disburse financial assistance to 214 households.
- Thirteen new agreements for site-based and scattered-site permanent supportive housing for up to 947 households, including:
 - Seven agreements for Emergency Housing Vouchers serving 437 households.
 - Four agreements for Flexible Housing Subsidy Pool serving 360 households.
- Eight new shelter agreements to add 907 beds/units of capacity, including 645 non- and semi-congregate shelter beds at four programs.
- One outreach agreement for street ambassador services.
- One agreement for fiscal sponsorship of a community-based provider to support critical programming.
- These 27 new agreements added services with capacity for 3,818 additional households, including 372 families and 1936 youth. Sixteen of these 27 agreements utilize Prop C dollars to facilitate quick implementation of critical resources with this new funding.

In addition to the agreements adding critical capacity, HSH used the authority within the ordinance to continue or extend 14 agreements for existing services in 2022. HSH anticipates reprocurring these agreements as part of its multi-year procurement plan aligned with the new Home by the Bay citywide strategic plan.

See Tables 1 and 2 for specific information on the amount, length, and program objectives of each new and continuing agreement. While the ordinance waives the requirement for a competitive procurement process for homeless service agreements, HSH selected providers based on their previous experience, performance, and ability to start providing services quickly.

Table 1: New 2022 Grants Agreements Under Administrative Code 21.B

	Service Type	Provider Name	Program	Not to Exceed	Term (Years)	Term Start Date	Term End Date	Program Objectives
1	Coordinated Entry	3rd Street Youth Center & Clinic	Youth Access Point	\$1,986,516	2	7/1/2022	6/30/2024	Access Point services for at least 750 youth.
2	Coordinated Entry	Lyric Center For LGBTQQ+ Youth	Youth Access Point	\$2,069,328	2	7/1/2022	6/30/2024	Access Point services for at least 500 youth.
3	Coordinated Entry	San Francisco LGBT Community Center	Youth Access Point	\$2,170,636	2	7/1/2022	6/30/2024	Access Point services for at least 500 youth.
4	Coordinated Entry	Abode Services	Problem Solving - Fiscal Agent	\$4,642,764	1.92	8/1/2022	6/30/2024	Issue problem solving financial assistance to 214 households.
5	Housing	3rd Street Youth Center & Clinic	Emergency Housing Vouchers (EHVs)	\$1,595,825	1.49	1/1/2022	6/30/2023	Support with EHVs for 50 young adults.
6	Housing	Abode Services	Emergency Housing Vouchers (EHVs)	\$5,641,097	2.33	3/1/2022	6/30/2024	Support with EHVs for 51 young adults.
7	Housing	Bay Area Community Services	Emergency Housing Vouchers (EHVs)	\$930,610	1.49	1/1/2022	6/30/2023	Support with EHVs for 39 adults and 10 young adults.

	Service Type	Provider Name	Program	Not to Exceed	Term (Years)	Term Start Date	Term End Date	Program Objectives
8	Housing	Brilliant Corners	Emergency Housing Vouchers (EHVs)	\$3,595,380	2.33	3/1/2022	6/30/2024	Support with EHVs for 125 adults and 25 young adults.
9	Housing	Compass Family Services	Family Flexible Housing Subsidy Pool	\$8,967,977	1.5	10/1/2022	3/31/2024	Housing location and other support services for 165 families.
10	Housing	Compass Family Services	Family Housing Ladder	\$6,066,347	1.75	10/1/2022	6/30/2024	Housing location and other support services for 70 families.
11	Housing	Hamilton Families	Emergency Housing Vouchers (EHVs)	\$2,233,330	2.5	1/1/2022	6/30/2024	Support with EHVs for 71 families.
12	Housing	Providence Foundation of San Francisco	Bayview Flexible Housing Subsidy Pool	\$2,418,117	2	7/1/2022	6/30/2024	Housing location and other support services for 25 adults.
13	Housing	Providence Foundation of San Francisco	Emergency Housing Vouchers (EHVs)	\$1,046,538	1.41	2/1/2022	6/30/2023	Support with EHVs for 30 families.

Mayor Breed and Supervisors: You must take immediate action to end the destruction of San Francisco's retail and business centers!

Message:

Dear Mayor Breed and Supervisors,

We are calling on you TO TAKE IMMEDIATE ACTION to end the destruction of our retail and business centers.

Nordstrom is closing two stores in downtown San Francisco. Union Square is dying. Which major retailer will be next: Bloomingdale's, Macy's, Saks 5th Ave, Neiman Marcus? Our iconic cable cars will soon be transporting tourists to a vacant, blighted downtown. And then those visitors will stop coming. Our city is in a precarious downward spiral, and you must act now to stop it.

You, our city leaders, were on notice and did nothing:

"[Unibail-Rodamco-Westfield] has actively engaged with city leaders for many years to express our serious concerns, which are shared by our customers and retailers. We have urged the city to find solutions to the key issues and lack of enforcement against rampant criminal activity,"

As San Franciscans who care deeply about our city,

we are providing you with a short list of concrete actions which we believe will not only help deter additional retailers from leaving our city, but will improve the overall quality of life of all SF residents. This list is just a beginning:

1. Even under Prop 47 and Martin v. Boise, it is illegal to shoplift, sell drugs, possess drugs, and otherwise engage in disorderly behavior in public. Mayor Breed, you have the power right now to instruct the Police Department to deploy 100 officers to the Tenderloin and arrest every single person publicly consuming narcotics or possessing a sufficient amount of narcotics to qualify for a sale charge. Do this every day for a month. Again, even with Prop. 47, these are both still crimes that are punishable by up to six months to a year in county jail -- and sometimes more. Even if a judge releases the offender immediately, if you were to commit to doing this every day for a month, the real penalty would be that anyone selling or using drugs in public would get about two hours of freedom per day until they were arrested again. The message would eventually go out that San Francisco is no longer a destination for drug tourism but a place where laws are enforced, and illegal drugs and cash are almost immediately confiscated. Downtown would clear up pretty quickly. (Note: We are not calling for a "war on drugs" but rather a zero-tolerance policy until the city stabilizes. Once it stabilizes, we advocate continuing to arrest dealers).

2. Until they can be removed by ballot initiative or term-ends, we call on the Board of Supervisors to publicly pressure the anti-police Police Commissioners to revise their bias against law-and-order and better understand the realities of police work and the real-world implications of the policy decisions they make. The rules and strictures they have imposed on police operations over the last few years are in large part responsible for this mess. This crisis has authors. Remove them and replace them with commissioners who will help our severely understaffed department become more effective, not drown our officers in paperwork or instruct them to stop enforcing the law.

3. The city's tax base is disappearing. We demand that you slash \$2 billion from the budget immediately. This can be achieved by reducing staff across the board, ending perks, waste, and redundancies, terminating relationships with corrupt non-profits (how much was paid last year to ineffective or non-existent non-profits?), and suspending all raises until you pull the city from the

shambles it is in.

(Note: the budget for Police and Fire Departments should be maintained or increased, as they are critical to fixing our problems.)

4. Immediately reinstate the Homeward Bound bus ticket program.

5. Terminate the head of HSH and hire a shelter-first advocate who will strive to dramatically reduce the number of people living on the streets rather than maintain the status quo.

6. Immediately exempt fentanyl dealers from Sanctuary protection.

No more excuses. This complete dereliction of duty must end today.

For those of you who lack sympathy for large, chain businesses, remember two things: They don't need San Francisco as much as San Francisco needs them, and as anchor tenants to malls and downtown centers, they are the power behind which all of the other area retailers draft. That means jobs, enhanced safety, increased street activity, and tax revenue.

We are regular San Franciscans who are demanding a functional city government. We successfully recalled a dangerous DA and an incompetent Board of Education. Your failure to govern is both outrageous and unacceptable. Your constituents will hold you accountable.

we are providing you with a short list of concrete actions which we believe will not only help deter additional retailers from leaving our city, but will improve the overall quality of life of all SF residents. This list is just a beginning:

1. Even under Prop 47 and Martin v. Boise, it is illegal to shoplift, sell drugs, possess drugs, and otherwise engage in disorderly behavior in public. Mayor Breed, you have the power right now to instruct the Police Department to deploy 100 officers to the Tenderloin and arrest every single person publicly consuming narcotics or possessing a sufficient amount of narcotics to qualify for a sale charge. Do this every day for a month. Again, even with Prop. 47, these are both still crimes that are punishable by up to six months to a year in county jail -- and sometimes more. Even if a judge releases the offender immediately, if you were to commit to doing this every day for a month, the real penalty would be that anyone selling or using drugs in public would get about two hours of freedom per day until they were arrested again. The message would eventually go out that San Francisco is no longer a destination for drug tourism but a place where laws are enforced, and illegal drugs and cash are almost immediately confiscated. Downtown would clear up pretty quickly. (Note: We are not calling for a "war on drugs" but rather a zero-tolerance policy until the city stabilizes. Once it stabilizes, we advocate continuing to arrest dealers).

2. Until they can be removed by ballot initiative or term-ends, we call on the Board of Supervisors to publicly pressure the anti-police Police Commissioners to revise their bias against law-and-order and better understand the realities of police work and the real-world implications of the policy decisions they make. The rules and strictures they have imposed on police operations over the last few years are in large part responsible for this mess. This crisis has authors. Remove them and replace them with commissioners who will help our severely understaffed department become more effective, not drown our officers in paperwork or instruct them to stop enforcing the law.

3. The city's tax base is disappearing. We demand that you slash \$2 billion from the budget immediately. This can be achieved by reducing staff across the board, ending perks, waste, and redundancies, terminating relationships with corrupt non-profits (how much was paid last year to ineffective or non-existent non-profits?), and suspending all raises until you pull the city from the

shambles it is in.

(Note: the budget for Police and Fire Departments should be maintained or increased, as they are critical to fixing our problems.)

4. Immediately reinstate the Homeward Bound bus ticket program.

5. Terminate the head of HSH and hire a shelter-first advocate who will strive to dramatically reduce the number of people living on the streets rather than maintain the status quo.

6. Immediately exempt fentanyl dealers from Sanctuary protection.

No more excuses. This complete dereliction of duty must end today.

For those of you who lack sympathy for large, chain businesses, remember two things: They don't need San Francisco as much as San Francisco needs them, and as anchor tenants to malls and downtown centers, they are the power behind which all of the other area retailers draft. That means jobs, enhanced safety, increased street activity, and tax revenue.

We are regular San Franciscans who are demanding a functional city government. We successfully recalled a dangerous DA and an incompetent Board of Education. Your failure to govern is both outrageous and unacceptable. Your constituents will hold you accountable.

Mayor Breed and Supervisors: You must take immediate action to end the destruction of San Francisco's retail and business centers!

Message:

Dear Mayor Breed and Supervisors,

We are calling on you TO TAKE IMMEDIATE ACTION to end the destruction of our retail and business centers.

Nordstrom is closing two stores in downtown San Francisco. Union Square is dying. Which major retailer will be next: Bloomingdale's, Macy's, Saks 5th Ave, Neiman Marcus? Our iconic cable cars will soon be transporting tourists to a vacant, blighted downtown. And then those visitors will stop coming. Our city is in a precarious downward spiral, and you must act now to stop it.

You, our city leaders, were on notice and did nothing:

"[Unibail-Rodamco-Westfield] has actively engaged with city leaders for many years to express our serious concerns, which are shared by our customers and retailers. We have urged the city to find solutions to the key issues and lack of enforcement against rampant criminal activity,"

As San Franciscans who care deeply about our city,

we are providing you with a short list of concrete actions which we believe will not only help deter additional retailers from leaving our city, but will improve the overall quality of life of all SF residents. This list is just a beginning:

1. Even under Prop 47 and Martin v. Boise, it is illegal to shoplift, sell drugs, possess drugs, and otherwise engage in disorderly behavior in public. Mayor Breed and Supervisors: You must take immediate action to end the destruction of San Francisco's retail and business centers!

Message: Dear Mayor Breed and Supervisors,

The Richmond District is suffering. There are Countless Closed Up small businesses... and Larger ones like Ross and Goodwill, and Walgreens! The out-of-control SFMTA now proposes to Strangle Geary Boulevard with unneeded "bus improvements" that will Eliminate big swaths of Parking... here in a Car Dependent District! We are virtually a Suburb, with a large reliance on our Cars! Plus, the bus service is Poor, in decline, and now cut back in service. Not Worth this Drastic Sacrifice!

Also to add, the Richmond is the Park District. We are surrounded in every direction with beautiful Parks. So it has been quite painful to have been Shut Out of Golden Gate Park. 30% of us had No Other Option for visiting GG Park, but for our Cars. Both the Richmond AND the Sunset Voted Against closing the Park!

We are calling on you TO TAKE IMMEDIATE ACTION to end the destruction of our retail and business centers.

Nordstrom is closing two stores in downtown San Francisco. Union Square is dying. Which major retailer will be next: Bloomingdale's, Macy's, Saks 5th Ave, Neiman Marcus? Our iconic cable cars will soon be transporting tourists to a vacant, blighted downtown. And then those visitors will stop coming. Our city is in a precarious downward spiral, and you must act now to stop it.

Once it stabilizes, we advocate continuing to arrest dealers).

2. Until they can be removed by ballot initiative or term-ends, we call on the Board of Supervisors to publicly pressure the anti-police Police

Commissioners to revise their bias against law-and-order and better understand the realities of police work and the real-world implications of the policy decisions they make. The rules and strictures they have imposed on police operations over the last few years are in large part responsible for this mess. This crisis has authors. Remove them and replace them with commissioners who will help our severely understaffed department become more effective, not drown our officers in paperwork or instruct them to stop enforcing the law.

3. The city's tax base is disappearing. We demand that you slash \$2 billion from the budget immediately. This can be achieved by reducing staff across the board, ending perks, waste, and redundancies, terminating relationships with corrupt non-profits (how much was paid last year to ineffective or non-existent non-profits?), and suspending all raises until you pull the city from the shambles it is in.

(Note: the budget for Police and Fire Departments should be maintained or increased, as they are critical to fixing our problems.)

4. Immediately reinstate the Homeward Bound bus ticket program.

5. Terminate the head of HSH and hire a shelter-first advocate who will strive to dramatically reduce the number of people living on the streets rather than maintain the status quo.

6. Immediately exempt fentanyl dealers from Sanctuary protection.

No more excuses. This complete dereliction of duty must end today.

For those of you who lack sympathy for large, chain businesses, remember two things: They don't need San Francisco as much as San Francisco needs them, and as anchor tenants to malls and downtown centers, they are the power behind which all of the other area retailers draft. That means jobs, enhanced safety, increased street activity, and tax revenue.

We are regular San Franciscans who are demanding a functional city government. We successfully recalled a dangerous DA and an incompetent Board of Education. Your failure to govern is both outrageous and unacceptable. Your constituents will hold you accountable.

Mayor Breed and Supervisors: You must take immediate action to end the destruction of San Francisco's retail and business centers!

Message:

Dear Mayor Breed and Supervisors,

We are calling on you TO TAKE IMMEDIATE ACTION to end the destruction of our retail and business centers.

Nordstrom is closing two stores in downtown San Francisco. Union Square is dying. Which major retailer will be next: Bloomingdale's, Macy's, Saks 5th Ave, Neiman Marcus? Our iconic cable cars will soon be transporting tourists to a vacant, blighted downtown. And then those visitors will stop coming. Our city is in a precarious downward spiral, and you must act now to stop it.

You, our city leaders, were on notice and did nothing:

"[Unibail-Rodamco-Westfield] has actively engaged with city leaders for many years to express our serious concerns, which are shared by our customers and retailers. We have urged the city to find solutions to the key issues and lack of enforcement against rampant criminal activity,"

As San Franciscans who care deeply about our city,

we are providing you with a short list of concrete actions which we believe will not only help deter additional retailers from leaving our city, but will improve the overall quality of life of all SF residents. This list is just a beginning:

1. Even under Prop 47 and Martin v. Boise, it is illegal to shoplift, sell drugs, possess drugs, and otherwise engage in disorderly behavior in public. Mayor Breed, you have the power right now to instruct the Police Department to deploy 100 officers to the Tenderloin and arrest every single person publicly consuming narcotics or possessing a sufficient amount of narcotics to qualify for a sale charge. Do this every day for a month. Again, even with Prop. 47, these are both still crimes that are punishable by up to six months to a year in county jail -- and sometimes more. Even if a judge releases the offender immediately, if you were to commit to doing this every day for a month, the real penalty would be that anyone selling or using drugs in public would get about two hours of freedom per day until they were arrested again. The message would eventually go out that San Francisco is no longer a destination for drug tourism but a place where laws are enforced, and illegal drugs and cash are almost immediately confiscated. Downtown would clear up pretty quickly. (Note: We are not calling for a "war on drugs" but rather a zero-tolerance policy until the city stabilizes. Once it stabilizes, we advocate continuing to arrest dealers).

2. Until they can be removed by ballot initiative or term-ends, we call on the Board of Supervisors to publicly pressure the anti-police Police Commissioners to revise their bias against law-and-order and better understand the realities of police work and the real-world implications of the policy decisions they make. The rules and strictures they have imposed on police operations over the last few years are in large part responsible for this mess. This crisis has authors. Remove them and replace them with commissioners who will help our severely understaffed department become more effective, not drown our officers in paperwork or instruct them to stop enforcing the law.

3. The city's tax base is disappearing. We demand that you slash \$2 billion from the budget immediately. This can be achieved by reducing staff across the board, ending perks, waste, and redundancies, terminating relationships with corrupt non-profits (how much was paid last year to ineffective or non-existent non-profits?), and suspending all raises until you pull the city from the

We are calling on you TO TAKE IMMEDIATE ACTION to end the destruction of our retail and business centers.

Nordstrom is closing two stores in downtown San Francisco. Union Square is dying. Which major retailer will be next: Bloomingdale's, Macy's, Saks 5th Ave, Neiman Marcus? Our iconic cable cars will soon be transporting tourists to a vacant, blighted downtown. And then those visitors will stop coming. Our city is in a precarious downward spiral, and you must act now to stop it.

You, our city leaders, were on notice and did nothing:

"[Unibail-Rodamco-Westfield] has actively engaged with city leaders for many years to express our serious concerns, which are shared by our customers and retailers. We have urged the city to find solutions to the key issues and lack of enforcement against rampant criminal activity,"

As San Franciscans who care deeply about our city,

we are providing you with a short list of concrete actions which we believe will not only help deter additional retailers from leaving our city, but will improve the overall quality of life of all SF residents. This list is just a beginning:

1. Even under Prop 47 and Martin v. Boise, it is illegal to shoplift, sell drugs, possess drugs, and otherwise engage in disorderly behavior in public. Mayor Breed, you have the power right now to instruct the Police Department to deploy 100 officers to the Tenderloin and arrest every single person publicly consuming narcotics or possessing a sufficient amount of narcotics to qualify for a sale charge. Do this every day for a month. Again, even with Prop. 47, these are both still crimes that are punishable by up to six months to a year in county jail -- and sometimes more. Even if a judge releases the offender immediately, if you were to commit to doing this every day for a month, the real penalty would be that anyone selling or using drugs in public would get about two hours of freedom per day until they were arrested again. The message would eventually go out that San Francisco is no longer a destination for drug tourism but a place where laws are enforced, and illegal drugs and cash are almost immediately confiscated. Downtown would clear up pretty quickly. (Note: We are not calling for a "war on drugs" but rather a zero-tolerance policy until the city stabilizes. Once it stabilizes, we advocate continuing to arrest dealers).

2. Until they can be removed by ballot initiative or term-ends, we call on the Board of Supervisors to publicly pressure the anti-police Police Commissioners to revise their bias against law-and-order and better understand the realities of police work and the real-world implications of the policy decisions they make. The rules and strictures they have imposed on police operations over the last few years are in large part responsible for this mess. This crisis has authors. Remove them and replace them with commissioners who will help our severely understaffed department become more effective, not drown our officers in paperwork or instruct them to stop enforcing the law.

3. The city's tax base is disappearing. We demand that you slash \$2 billion from the budget immediately. This can be achieved by reducing staff across the board, ending perks, waste, and redundancies, terminating relationships with corrupt non-profits (how much was paid last year to ineffective or non-existent non-profits?), and suspending all raises until you pull the city from the

shambles it is in.

(Note: the budget for Police and Fire Departments should be maintained or increased, as they are critical to fixing our problems.)

4. Immediately reinstate the Homeward Bound bus ticket program.

5. Terminate the head of HSH and hire a shelter-first advocate who will strive to dramatically reduce the number of people living on the streets rather than maintain the status quo.

6. Immediately exempt fentanyl dealers from Sanctuary protection.

No more excuses. This complete dereliction of duty must end today.

For those of you who lack sympathy for large, chain businesses, remember two things: They don't need San Francisco as much as San Francisco needs them, and as anchor tenants to malls and downtown centers, they are the power behind which all of the other area retailers draft. That means jobs, enhanced safety, increased street activity, and tax revenue.

We are regular San Franciscans who are demanding a functional city government. We successfully recalled a dangerous DA and an incompetent Board of Education. Your failure to govern is both outrageous and unacceptable. Your constituents will hold you accountable.

Remove them and replace them with commissioners who will help our severely understaffed department become more effective, not drown our officers in paperwork or instruct them to stop enforcing the law.

3. The city's tax base is disappearing. We demand that you slash \$2 billion from the budget immediately. This can be achieved by reducing staff across the board, ending perks, waste, and redundancies, terminating relationships with corrupt non-profits (how much was paid last year to ineffective or non-existent non-profits?), and suspending all raises until you pull the city from the

shambles it is in.

(Note: the budget for Police and Fire Departments should be maintained or increased, as they are critical to fixing our problems.)

4. Immediately reinstate the Homeward Bound bus ticket program.

5. Terminate the head of HSH and hire a shelter-first advocate who will strive to dramatically reduce the number of people living on the streets rather than maintain the status quo.

6. Immediately exempt fentanyl dealers from Sanctuary protection.

No more excuses. This complete dereliction of duty must end today.

For those of you who lack sympathy for large, chain businesses, remember two things: They don't need San Francisco as much as San Francisco needs them, and as anchor tenants to malls and downtown centers, they are the power behind which all of the other area retailers draft. That means jobs, enhanced safety, increased street activity, and tax revenue.

We are regular San Franciscans who are demanding a functional city government. We successfully recalled a dangerous DA and an incompetent Board of Education. Your failure to govern is both outrageous and unacceptable. Your constituents will hold you accountable.

Mayor Breed and Supervisors: You must take immediate action to end the destruction of San Francisco's retail and business centers!

Message:

Dear Mayor Breed and Supervisors,

We are calling on you TO TAKE IMMEDIATE ACTION to end the destruction of our retail and business centers.

Nordstrom is closing two stores in downtown San Francisco. Union Square is dying. Which major retailer will be next: Bloomingdale's, Macy's, Saks 5th Ave, Neiman Marcus? Our iconic cable cars will soon be transporting tourists to a vacant, blighted downtown. And then those visitors will stop coming. Our city is in a precarious downward spiral, and you must act now to stop it.

You, our city leaders, were on notice and did nothing:

"[Unibail-Rodamco-Westfield] has actively engaged with city leaders for many years to express our serious concerns, which are shared by our customers and retailers. We have urged the city to find solutions to the key issues and lack of enforcement against rampant criminal activity,"

As San Franciscans who care deeply about our city,

we are providing you with a short list of concrete actions which we believe will not only help deter additional retailers from leaving our city, but will improve the overall quality of life of all SF residents. This list is just a beginning:

1. Even under Prop 47 and Martin v. Boise, it is illegal to shoplift, sell drugs, possess drugs, and otherwise engage in disorderly behavior in public. Mayor Breed, you have the power right now to instruct the Police Department to deploy 100 officers to the Tenderloin and arrest every single person publicly consuming narcotics or possessing a sufficient amount of narcotics to qualify for a sale charge. Do this every day for a month. Again, even with Prop. 47, these are both still crimes that are punishable by up to six months to a year in county jail -- and sometimes more. Even if a judge releases the offender immediately, if you were to commit to doing this every day for a month, the real penalty would be that anyone selling or using drugs in public would get about two hours of freedom per day until they were arrested again. The message would eventually go out that San Francisco is no longer a destination for drug tourism but a place where laws are enforced, and illegal drugs and cash are almost immediately confiscated. Downtown would clear up pretty quickly. (Note: We are not calling for a "war on drugs" but rather a zero-tolerance policy until the city stabilizes. Once it stabilizes, we advocate continuing to arrest dealers).

2. Until they can be removed by ballot initiative or term-ends, we call on the Board of Supervisors to publicly pressure the anti-police Police Commissioners to revise their bias against law-and-order and better understand the realities of police work and the real-world implications of the policy decisions they make. The rules and strictures they have imposed on police operations over the last few years are in large part responsible for this mess. This crisis has authors. Remove them and replace them with commissioners who will help our severely understaffed department become more effective, not drown our officers in paperwork or instruct them to stop enforcing the law.

3. The city's tax base is disappearing. We demand that you slash \$2 billion from the budget immediately. Dear Mayor Breed and Supervisors,

We are calling on you TO TAKE IMMEDIATE ACTION to end the destruction of our retail and business centers.

Nordstrom is closing two stores in downtown San Francisco. Union Square is dying. Which major retailer will be next: Bloomingdale's, Macy's, Saks 5th Ave, Neiman Marcus? Our iconic cable cars will soon be transporting tourists to a vacant, blighted downtown. And then those visitors will stop coming. Our city is in a precarious downward spiral, and you must act now to stop it.

You, our city leaders, were on notice and did nothing:

"[Unibail-Rodamco-Westfield] has actively engaged with city leaders for many years to express our serious concerns, which are shared by our customers and retailers. We have urged the city to find solutions to the key issues and lack of enforcement against rampant criminal activity,"

As San Franciscans who care deeply about our city,

we are providing you with a short list of concrete actions which we believe will not only help deter additional retailers from leaving our city, but will improve the overall quality of life of all SF residents. This list is just a beginning:

1. Even under Prop 47 and Martin v. Boise, it is illegal to shoplift, sell drugs, possess drugs, and otherwise engage in disorderly behavior in public. Mayor Breed, you have the power right now to instruct the Police Department to deploy 100 officers to the Tenderloin and arrest every single person publicly consuming narcotics or possessing a sufficient amount of narcotics to qualify for a sale charge. Do this every day for a month. Again, even with Prop. 47, these are both still crimes that are punishable by up to six months to a year in county jail -- and sometimes more. Even if a judge releases the offender immediately, if you were to commit to doing this every day for a month, the real penalty would be that anyone selling or using drugs in public would get about two hours of freedom per day until they were arrested again. The message would eventually go out that San Francisco is no longer a destination for drug tourism but a place where laws are enforced, and illegal drugs and cash are almost immediately confiscated. Downtown would clear up pretty quickly. (Note: We are not calling for a "war on drugs" but rather a zero-tolerance policy until the city stabilizes. Once it stabilizes, we advocate continuing to arrest dealers).

2. Until they can be removed by ballot initiative or term-ends, we call on the Board of Supervisors to publicly pressure the anti-police Police Commissioners to revise their bias against law-and-order and better understand the realities of police work and the real-world implications of the policy decisions they make. The rules and strictures they have imposed on police operations over the last few years are in large part responsible for this mess. This crisis has authors. Remove them and replace them with commissioners who will help our severely understaffed department become more effective, not drown our officers in paperwork or instruct them to stop enforcing the law.

3. The city's tax base is disappearing. We demand that you slash \$2 billion from the budget immediately. This can be achieved by reducing staff across the board, ending perks, waste, and redundancies, terminating relationships with corrupt non-profits (how much was paid last year to ineffective or non-existent non-profits?), and suspending all raises until you pull the city from the

shambles it is in.

(Note: the budget for Police and Fire Departments should be maintained or increased, as they are critical to fixing our problems.)

4. Immediately reinstate the Homeward Bound bus ticket program.

5. Terminate the head of HSH and hire a shelter-first advocate who will strive to dramatically reduce the number of people living on the streets rather than maintain the status quo.

6. Immediately exempt fentanyl dealers from Sanctuary protection.

No more excuses. This complete dereliction of duty must end today.

For those of you who lack sympathy for large, chain businesses, remember two things: They don't need San Francisco as much as San Francisco needs them, and as anchor tenants to malls and downtown centers, they are the power behind which all of the other area retailers draft. That means jobs, enhanced safety, increased street activity, and tax revenue.

We are regular San Franciscans who are demanding a functional city government. We successfully recalled a dangerous DA and an incompetent Board of Education. Your failure to govern is both outrageous and unacceptable. Your constituents will hold you accountable.

Thank you for your consideration for this important issue.

Until they can be removed by ballot initiative or term-ends, we call on the Board of Supervisors to publicly pressure the anti-police Police Commissioners to revise their bias against law-and-order and better understand the realities of police work and the real-world implications of the policy decisions they make. The rules and strictures they have imposed on police operations over the last few years are in large part responsible for this mess. This crisis has authors. Remove them and replace them with commissioners who will help our severely understaffed department become more effective, not drown our officers in paperwork or instruct them to stop enforcing the law.

3. The city's tax base is disappearing. We demand that you slash \$4 billion from the budget immediately. This can be achieved by reducing staff across the board, ending perks, waste, and redundancies, terminating relationships with corrupt non-profits (how much was paid last year to ineffective or non-existent non-profits?), and suspending all raises until you pull the city from the

shambles it is in.

(Note: the budget for Police and Fire Departments should be maintained or increased, as they are critical to fixing our problems.)

4. Immediately reinstate the Homeward Bound bus ticket program.

5. Terminate the head of HSH and hire a shelter-first advocate who will strive to dramatically reduce the number of people living on the streets rather than maintain the status quo.

6. Immediately exempt fentanyl dealers from Sanctuary protection.

No more excuses. This complete dereliction of duty must end today.

For those of you who lack sympathy for large, chain businesses, remember two things: They don't need San Francisco as much as San Francisco needs them, and as anchor tenants to malls and downtown centers, they are the power behind which all of the other area retailers draft. That means jobs, enhanced safety, increased street activity, and tax revenue.

We are regular San Franciscans who are demanding a functional city government. We successfully recalled a dangerous DA and an incompetent Board of Education. Your failure to govern is both outrageous and unacceptable. Your constituents will hold you accountable.

Mayor Breed and Supervisors: You must take immediate action to end the destruction of San Francisco's retail and business centers!

Message: Dear Mayor Breed and Supervisors,

We are calling on you TO TAKE IMMEDIATE ACTION to end the destruction of our retail and business centers.

Nordstrom is closing two stores in downtown San Francisco. Union Square is dying. Which major retailer will be next: Bloomingdale's, Macy's, Saks 5th Ave, Neiman Marcus? Our iconic cable cars will soon be transporting tourists to a vacant, blighted downtown. And then those visitors will stop coming. Our city is in a precarious downward spiral, and you must act now to stop it.

You, our city leaders, were on notice and did nothing:

"[Unibail-Rodamco-Westfield] has actively engaged with city leaders for many years to express our serious concerns, which are shared by our customers and retailers. We have urged the city to find solutions to the key issues and lack of enforcement against rampant criminal activity,"

As San Franciscans who care deeply about our city,

we are providing you with a short list of concrete actions which we believe will not only help deter additional retailers from leaving our city, but will improve the overall quality of life of all SF residents. This list is just a beginning:

1. Even under Prop 47 and Martin v. Boise, it is illegal to shoplift, sell drugs, possess drugs, and otherwise engage in disorderly behavior in public. Mayor Breed, you have the power right now to instruct the Police Department to deploy 100 officers to the Tenderloin and arrest every single person publicly consuming narcotics or possessing a sufficient amount of narcotics to qualify for a sale charge. Do this every day for a month. Again, even with Prop. 47, these are both still crimes that are punishable by up to six months to a year in county jail -- and sometimes more. Even if a judge releases the offender immediately, if you were to commit to doing this every day for a month, the real penalty would be that anyone selling or using drugs in public would get about two hours of freedom per day until they were arrested again. The message would eventually go out that San Francisco is no longer a destination for drug tourism but a place where laws are enforced, and illegal drugs and cash are almost immediately confiscated. Downtown would clear up pretty quickly. (Note: We are not calling for a "war on drugs" but rather a zero-tolerance policy until the city stabilizes. Once it stabilizes, we advocate continuing to arrest dealers).

2. Until they can be removed by ballot initiative or term-ends, we call on the Board of Supervisors to publicly pressure the anti-police Police Commissioners to revise their bias against law-and-order and better understand the realities of police work and the real-world implications of the policy decisions they make. The rules and strictures they have imposed on police operations over the last few years are in large part responsible for this mess. This crisis has authors. Remove them and replace them with commissioners who will help our severely understaffed department become more effective, not drown our officers in paperwork or instruct them to stop enforcing the law.

3. The city's tax base is disappearing. We demand that you slash \$2 billion from the budget immediately. This can be achieved by reducing staff across the board, ending perks, waste, and redundancies, terminating relationships with corrupt non-profits (how much was paid last year to ineffective or non-existent non-profits?), and suspending all raises until you pull the city from the

shambles it is in.

Mayor Breed and Supervisors: You must take immediate action to end the destruction of San Francisco's retail and business centers!

Message:

Dear Mayor Breed and Supervisors,

We are calling on you TO TAKE IMMEDIATE ACTION to end the destruction of our retail and business centers.

Nordstrom is closing two stores in downtown San Francisco. Union Square is dying. Which major retailer will be next: Bloomingdale's, Macy's, Saks 5th Ave, Neiman Marcus? Our iconic cable cars will soon be transporting tourists to a vacant, blighted downtown. And then those visitors will stop coming. Our city is in a precarious downward spiral, and you must act now to stop it.

You, our city leaders, were on notice and did nothing:

"[Unibail-Rodamco-Westfield] has actively engaged with city leaders for many years to express our serious concerns, which are shared by our customers and retailers. We have urged the city to find solutions to the key issues and lack of enforcement against rampant criminal activity,"

As San Franciscans who care deeply about our city,

we are providing you with a short list of concrete actions which we believe will not only help deter additional retailers from leaving our city, but will improve the overall quality of life of all SF residents. This list is just a beginning:

1. Even under Prop 47 and Martin v. Boise, it is illegal to shoplift, sell drugs, possess drugs, and otherwise engage in disorderly behavior in public. Mayor Breed, you have the power right now to instruct the Police Department to deploy 100 officers to the Tenderloin and arrest every single person publicly consuming narcotics or possessing a sufficient amount of narcotics to qualify for a sale charge. Do this every day for a month. Again, even with Prop. 47, these are both still crimes that are punishable by up to six months to a year in county jail -- and sometimes more. Even if a judge releases the offender immediately, if you were to commit to doing this every day for a month, the real penalty would be that anyone selling or using drugs in public would get about two hours of freedom per day until they were arrested again. The message would eventually go out that San Francisco is no longer a destination for drug tourism but a place where laws are enforced, and illegal drugs and cash are almost immediately confiscated. Downtown would clear up pretty quickly. (Note: We are not calling for a "war on drugs" but rather a zero-tolerance policy until the city stabilizes. Once it stabilizes, we advocate continuing to arrest dealers).

2. Until they can be removed by ballot initiative or term-ends, we call on the Board of Supervisors to publicly pressure the anti-police Police Commissioners to revise their bias against law-and-order and better understand the realities of police work and the real-world implications of the policy decisions they make. The rules and strictures they have imposed on police operations over the last few years are in large part responsible for this mess. This crisis has authors. Remove them and replace them with commissioners who will help our severely understaffed department become more effective, not drown our officers in paperwork or instruct them to stop enforcing the law.

3. The city's tax base is disappearing. We demand that you slash \$2 billion from the budget immediately. This can be achieved by reducing staff across the board, ending perks, waste, and redundancies, terminating relationships with corrupt non-profits (how much was paid last year to ineffective or non-existent non-profits?), and suspending all raises until you pull the city from the

shambles it is in.

(Note: the budget for Police and Fire Departments should be maintained or increased, as they are critical to fixing our problems.)

4. Immediately reinstate the Homeward Bound bus ticket program.

5. Terminate the head of HSH and hire a shelter-first advocate who will strive to dramatically reduce the number of people living on the streets rather than maintain the status quo.

6. Immediately exempt fentanyl dealers from Sanctuary protection.

No more excuses. This complete dereliction of duty must end today.

For those of you who lack sympathy for large, chain businesses, remember two things: They don't need San Francisco as much as San Francisco needs them, and as anchor tenants to malls and downtown centers, they are the power behind which all of the other area retailers draft. That means jobs, enhanced safety, increased street activity, and tax revenue.

We are regular San Franciscans who are demanding a functional city government. We successfully recalled a dangerous DA and an incompetent Board of Education. Your failure to govern is both outrageous and unacceptable. Your constituents will hold you accountable.

Until they can be removed by ballot initiative or term-ends, we call on the Board of Supervisors to publicly pressure the anti-police Police Commissioners to revise their bias against law and order and better understand the realities of police work and the real-world implications of the policy decisions they make. The rules and strictures they have imposed on police operations over the last few years are in large part responsible for this mess this crisis has authored. Remove them and replace them with commissioners who will help our severely understaffed department become more effective, not drown our officers in paperwork or instruct them to stop enforcing the law.

3. The city's tax base is disappearing. We demand that you slash \$2 billion from the budget immediately. This can be achieved by reducing staff across the board, ending perks, waste, and redundancies, terminating relationships with corrupt non-profits (how much was paid last year to ineffective or non-existent non-profits?), and suspending all raises until you pull the city from the

shambles it is in. Start holding the ridiculous and incompetent Board of Supervisors accountable. They are a driving force that is also running the city into the ground.

(Note: the budget for Police and Fire Departments should be maintained or increased, as they are critical to fixing our problems.)

4. Immediately reinstate the Homeward Bound bus ticket program.

5. Terminate the head of HSH and hire a shelter-first advocate who will strive to dramatically reduce the number of people living on the streets rather than maintain the status quo.

6. Immediately exempt fentanyl dealers from Sanctuary protection.

No more excuses. This complete dereliction of duty must end today.

For those of you who lack sympathy for large, chain businesses, remember two things: They don't need San Francisco as much as San Francisco needs them, and as anchor tenants to malls and downtown centers, they are the power behind which all of the other area retailers draft. That means jobs, enhanced safety, increased street activity, and tax revenue.

We are regular San Franciscans who are demanding a functional city government. We successfully recalled a dangerous DA and an incompetent Board of Education. Your failure to govern is both outrageous and unacceptable. Your constituents will hold you accountable.

Please help take the city back from the woke ideology that is running it into the ground. Hold the Board of Supervisors accountable.

Mayor Breed and Supervisors: You must take immediate action to end the destruction of San Francisco's retail and business centers!

Message:

Dear Mayor Breed and Supervisors,

We are calling on you TO TAKE IMMEDIATE ACTION to end the destruction of our retail and business centers.

Nordstrom is closing two stores in downtown San Francisco. Union Square is dying. Which major retailer will be next: Bloomingdale's, Macy's, Saks 5th Ave, Neiman Marcus? Our iconic cable cars will soon be transporting tourists to a vacant, blighted downtown. And then those visitors will stop coming. Our city is in a precarious downward spiral, and you must act now to stop it.

You, our city leaders, were on notice and did nothing:

"[Unibail-Rodamco-Westfield] has actively engaged with city leaders for many years to express our serious concerns, which are shared by our customers and retailers. We have urged the city to find solutions to the key issues and lack of enforcement against rampant criminal activity,"

As San Franciscans who care deeply about our city,

we are providing you with a short list of concrete actions which we believe will not only help deter additional retailers from leaving our city, but will improve the overall quality of life of all SF residents. This list is just a beginning:

1. Even under Prop 47 and Martin v. Boise, it is illegal to shoplift, sell drugs, possess drugs, and otherwise engage in disorderly behavior in public. Mayor Breed, you have the power right now to instruct the Police Department to deploy 100 officers to the Tenderloin and arrest every single person publicly consuming narcotics or possessing a sufficient amount of narcotics to qualify for a sale charge. Do this every day for a month. Again, even with Prop. 47, these are both still crimes that are punishable by up to six months to a year in county jail -- and sometimes more. Even if a judge releases the offender immediately, if you were to commit to doing this every day for a month, the real penalty would be that anyone selling or using drugs in public would get about two hours of freedom per day until they were arrested again. The message would eventually go out that San Francisco is no longer a destination for drug tourism but a place where laws are enforced, and illegal drugs and cash are almost immediately confiscated. Downtown would clear up pretty quickly. (Note: We are not calling for a "war on drugs" but rather a zero-tolerance policy until the city stabilizes. Once it stabilizes, we advocate continuing to arrest dealers).

2. Until they can be removed by ballot initiative or term-ends, we call on the Board of Supervisors to publicly pressure the anti-police Police Commissioners to revise their bias against law-and-order and better understand the realities of police work and the real-world implications of the policy decisions they make. The rules and strictures they have imposed on police operations over the last few years are in large part responsible for this mess. This crisis has authors. Mayor Breed and Supervisors: You must take immediate action to end the destruction of San Francisco's retail and business centers!

Message:

Dear Mayor Breed and Supervisors,

We are calling on you TO TAKE IMMEDIATE ACTION to end the destruction of our retail and business centers.

Nordstrom is closing two stores in downtown San Francisco. Union Square is dying. Which major retailer will be next: Bloomingdale's, Macy's, Saks 5th Ave, Neiman Marcus? Our iconic cable cars will soon be transporting tourists to a vacant, blighted downtown. And then those visitors will stop coming. Our city is in a precarious downward spiral, and you must act now to stop it.

You, our city leaders, were on notice and did nothing:

"[Unibail-Rodamco-Westfield] has actively engaged with city leaders for many years to express our serious concerns, which are shared by our customers and retailers. We have urged the city to find solutions to the key issues and lack of enforcement against rampant criminal activity,"

As San Franciscans who care deeply about our city,

we are providing you with a short list of concrete actions which we believe will not only help deter additional retailers from leaving our city, but will improve the overall quality of life of all SF residents. This list is just a beginning:

1. Even under Prop 47 and Martin v. Boise, it is illegal to shoplift, sell drugs, possess drugs, and otherwise engage in disorderly behavior in public. Mayor Breed, you have the power right now to instruct the Police Department to deploy 100 officers to the Tenderloin and arrest every single person publicly consuming narcotics or possessing a sufficient amount of narcotics to qualify for a sale charge. Do this every day for a month. Again, even with Prop. 47, these are both still crimes that are punishable by up to six months to a year in county jail -- and sometimes more. Even if a judge releases the offender immediately, if you were to commit to doing this every day for a month, the real penalty would be that anyone selling or using drugs in public would get about two hours of freedom per day until they were arrested again. The message would eventually go out that San Francisco is no longer a destination for drug tourism but a place where laws are enforced, and illegal drugs and cash are almost immediately confiscated. Downtown would clear up pretty quickly. (Note: We are not calling for a "war on drugs" but rather a zero-tolerance policy until the city stabilizes. Once it stabilizes, we advocate continuing to arrest dealers).

2. Until they can be removed by ballot initiative or term-ends, we call on the Board of Supervisors to publicly pressure the anti-police Police Commissioners to revise their bias against law-and-order and better understand the realities of police work and the real-world implications of the policy decisions they make. The rules and strictures they have imposed on police operations over the last few years are in large part responsible for this mess. This crisis has authors. Remove them and replace them with commissioners who will help our severely understaffed department become more effective, not drown our officers in paperwork or instruct them to stop enforcing the law.

3. The city's tax base is disappearing. We demand that you slash \$2 billion from the budget immediately. This can be achieved by reducing staff across the board, ending perks, waste, and redundancies, terminating relationships with corrupt non-profits (how much was paid last year to ineffective or non-existent non-profits?), and suspending all raises until you pull the city from the

shambles it is in.

(Note: the budget for Police and Fire Departments should be maintained or increased, as they are critical to fixing our problems.)

4. Immediately reinstate the Homeward Bound bus ticket program.

5. Terminate the head of HSH and hire a shelter-first advocate who will strive to dramatically reduce the number of people living on the streets rather than maintain the status quo.

6. Immediately exempt fentanyl dealers from Sanctuary protection.

No more excuses. This complete dereliction of duty must end today.

For those of you who lack sympathy for large, chain businesses, remember two things: They don't need San Francisco as much as San Francisco needs them, and as anchor tenants to malls and downtown centers, they are the power behind which all of the other area retailers draft. That means jobs, enhanced safety, increased street activity, and tax revenue.

We are regular San Franciscans who are demanding a functional city government. We successfully recalled a dangerous DA and an incompetent Board of Education. Your failure to govern is both outrageous and unacceptable. Your constituents will hold you accountable.

Once it stabilizes, we advocate continuing to arrest dealers).

2. Until they can be removed by ballot initiative or term-ends, we call on the Board of Supervisors to publicly pressure the anti-police Police Commissioners to revise their bias against law-and-order and better understand the realities of police work and the real-world implications of the policy decisions they make. The rules and strictures they have imposed on police operations over the last few years are in large part responsible for this mess. This crisis has authors. Remove them and replace them with commissioners who will help our severely understaffed department become more effective, not drown our officers in paperwork or instruct them to stop enforcing the law.

3. The city's tax base is disappearing. We demand that you slash \$2 billion from the budget immediately. This can be achieved by reducing staff across the board, ending perks, waste, and redundancies, terminating relationships with corrupt non-profits (how much was paid last year to ineffective or non-existent non-profits?), and suspending all raises until you pull the city from the

shambles it is in.

(Note: the budget for Police and Fire Departments should be maintained or increased, as they are critical to fixing our problems.)

4. Immediately reinstate the Homeward Bound bus ticket program.

5. Terminate the head of HSH and hire a shelter-first advocate who will strive to dramatically reduce the number of people living on the streets rather than maintain the status quo.

6. Immediately exempt fentanyl dealers from Sanctuary protection.

No more excuses. This complete dereliction of duty must end today.

For those of you who lack sympathy for large, chain businesses, remember two things: They don't need San Francisco as much as San Francisco needs them, and as anchor tenants to malls and downtown centers, they are the power behind which all of the other area retailers draft. That means jobs, enhanced safety, increased street activity, and tax revenue.

We are regular San Franciscans who are demanding a functional city government. We successfully recalled a dangerous DA and an incompetent Board of Education. Your failure to govern is both outrageous and unacceptable. Your constituents will hold you accountable.

Mayor Breed and Supervisors: You must take immediate action to end the destruction of San Francisco's retail and business centers!

Message: Dear Mayor Breed and Supervisors,

We are calling on you TO TAKE IMMEDIATE ACTION to end the destruction of our retail and business centers.

Nordstrom is closing two stores in downtown San Francisco. Union Square is dying. Which major retailer will be next: Bloomingdale's, Macy's, Saks 5th Ave, Neiman Marcus? Our iconic cable cars will soon be transporting tourists to a vacant, blighted downtown. And then those visitors will stop coming. Our city is in a precarious downward spiral, and you must act now to stop it.

You, our city leaders, were on notice and did nothing:

"[Unibail-Rodamco-Westfield] has actively engaged with city leaders for many years to express our serious concerns, which are shared by our customers and retailers. We have urged the city to find solutions to the key issues and lack of enforcement against rampant criminal activity,"

As San Franciscans who care deeply about our city,

we are providing you with a short list of concrete actions which we believe will not only help deter additional retailers from leaving our city, but will improve the overall quality of life of all SF residents. This list is just a beginning:

1. Even under Prop 47 and Martin v. Boise, it is illegal to shoplift, sell drugs, possess drugs, and otherwise engage in disorderly behavior in public. Mayor Breed, you have the power right now to instruct the Police Department to deploy 100 officers to the Tenderloin and arrest every single person publicly consuming narcotics or possessing a sufficient amount of narcotics to qualify for a sale charge. Do this every day for a month. Again, even with Prop. 47, these are both still crimes that are punishable by up to six months to a year in county jail -- and sometimes more. Even if a judge releases the offender immediately, if you were to commit to doing this every day for a month, the real penalty would be that anyone selling or using drugs in public would get about two hours of freedom per day until they were arrested again. The message would eventually go out that San Francisco is no longer a destination for drug tourism but a place where laws are enforced, and illegal drugs and cash are almost immediately confiscated. Downtown would clear up pretty quickly. (Note: We are not calling for a "war on drugs" but rather a zero-tolerance policy until the city stabilizes. Once it stabilizes, we advocate continuing to arrest dealers).

2. Until they can be removed by ballot initiative or term-ends, we call on the Board of Supervisors to publicly pressure the anti-police Police Commissioners to revise their bias against law-and-order and better understand the realities of police work and the real-world implications of the policy decisions they make. Mayor Breed and Supervisors: You must take immediate action to end the destruction of San Francisco's retail and business centers!

Message:

Dear Mayor Breed and Supervisors,

We are calling on you TO TAKE IMMEDIATE ACTION to end the destruction of our retail and business centers.

Nordstrom is closing two stores in downtown San Francisco. Union Square is dying. Which major retailer will be next: Bloomingdale's, Macy's, Saks 5th Ave, Neiman Marcus? Our iconic cable cars will soon be transporting tourists to a vacant, blighted downtown. And then those visitors will stop coming. Our city is in a precarious downward spiral, and you must act now to stop it.

You, our city leaders, were on notice and did nothing:

"[Unibail-Rodamco-Westfield] has actively engaged with city leaders for many years to express our serious concerns, which are shared by our customers and retailers. We have urged the city to find solutions to the key issues and lack of enforcement against rampant criminal activity,"

As San Franciscans who care deeply about our city,

we are providing you with a short list of concrete actions which we believe will not only help deter additional retailers from leaving our city, but will improve the overall quality of life of all SF residents. This list is just a beginning:

1. Even under Prop 47 and Martin v. Boise, it is illegal to shoplift, sell drugs, possess drugs, and otherwise engage in disorderly behavior in public. Mayor Breed, you have the power right now to instruct the Police Department to deploy 100 officers to the Tenderloin and arrest every single person publicly consuming narcotics or possessing a sufficient amount of narcotics to qualify for a sale charge. Do this every day for a month. Again, even with Prop. 47, these are both still crimes that are punishable by up to six months to a year in county jail -- and sometimes more. Even if a judge releases the offender immediately, if you were to commit to doing this every day for a month, the real penalty would be that anyone selling or using drugs in public would get about two hours of freedom per day until they were arrested again. The message would eventually go out that San Francisco is no longer a destination for drug tourism but a place where laws are enforced, and illegal drugs and cash are almost immediately confiscated. Downtown would clear up pretty quickly. (Note: We are not calling for a "war on drugs" but rather a zero-tolerance policy until the city stabilizes. Once it stabilizes, we advocate continuing to arrest dealers).

2. Until they can be removed by ballot initiative or term-ends, we call on the Board of Supervisors to publicly pressure the anti-police Police Commissioners to revise their bias against law-and-order and better understand the realities of police work and the real-world implications of the policy decisions they make. The rules and strictures they have imposed on police operations over the last few years are in large part responsible for this mess. This crisis has authors. Remove them and replace them with commissioners who will help our severely understaffed department become more effective, not drown our officers in paperwork or instruct them to stop enforcing the law.

3. The city's tax base is disappearing. We demand that you slash \$2 billion from the budget immediately. This can be achieved by reducing staff across the board, ending perks, waste, and redundancies, terminating relationships with corrupt non-profits (how much was paid last year to ineffective or non-existent non-profits?), and suspending all raises until you pull the city from the

shambles it is in.

(Note: the budget for Police and Fire Departments should be maintained or increased, as they are critical to fixing our problems.)

4. Immediately reinstate the Homeward Bound bus ticket program.

5. Terminate the head of HSH and hire a shelter-first advocate who will strive to dramatically reduce the number of people living on the streets rather than maintain the status quo.

6. Immediately exempt fentanyl dealers from Sanctuary protection.

No more excuses. This complete dereliction of duty must end today.

For those of you who lack sympathy for large, chain businesses, remember two things: They don't need San Francisco as much as San Francisco needs them, and as anchor tenants to malls and downtown centers, they are the power behind which all of the other area retailers draft. That means jobs, enhanced safety, increased street activity, and tax revenue.

We are regular San Franciscans who are demanding a functional city government. We successfully recalled a dangerous DA and an incompetent Board of Education. Your failure to govern is both outrageous and unacceptable. Your constituents will hold you accountable.

Once it stabilizes, we advocate continuing to arrest dealers).

2. Until they can be removed by ballot initiative or term-ends, we call on the Board of Supervisors to publicly pressure the anti-police Police Commissioners to revise their bias against law-and-order and better understand the realities of police work and the real-world implications of the policy decisions they make. The rules and strictures they have imposed on police operations over the last few years are in large part responsible for this mess. This crisis has authors. Remove them and replace them with commissioners who will help our severely understaffed department become more effective, not drown our officers in paperwork or instruct them to stop enforcing the law.

3. The city's tax base is disappearing. We demand that you slash \$2 billion from the budget immediately. This can be achieved by reducing staff across the board, ending perks, waste, and redundancies, terminating relationships with corrupt non-profits (how much was paid last year to ineffective or non-existent non-profits?), and suspending all raises until you pull the city from the

shambles it is in.

(Note: the budget for Police and Fire Departments should be maintained or increased, as they are critical to fixing our problems.)

4. Immediately reinstate the Homeward Bound bus ticket program.

5. Terminate the head of HSH and hire a shelter-first advocate who will strive to dramatically reduce the number of people living on the streets rather than maintain the status quo.

6. Immediately exempt fentanyl dealers from Sanctuary protection.

No more excuses. This complete dereliction of duty must end today.

For those of you who lack sympathy for large, chain businesses, remember two things: They don't need San Francisco as much as San Francisco needs them, and as anchor tenants to malls and downtown centers, they are the power behind which all of the other area retailers draft. That means jobs, enhanced safety, increased street activity, and tax revenue.

We are regular San Franciscans who are demanding a functional city government. We successfully recalled a dangerous DA and an incompetent Board of Education. Your failure to govern is both outrageous and unacceptable. Your constituents will hold you accountable.

Mayor Breed and Supervisors: You must take immediate action to end the destruction of San Francisco's retail and business centers!

Message:

Dear Mayor Breed and Supervisors,

We are calling on you TO TAKE IMMEDIATE ACTION to end the destruction of our retail and business centers.

Nordstrom is closing two stores in downtown San Francisco. Union Square is dying. Which major retailer will be next: Bloomingdale's, Macy's, Saks 5th Ave, Neiman Marcus? Our iconic cable cars will soon be transporting tourists to a vacant, blighted downtown. And then those visitors will stop coming. Our city is in a precarious downward spiral, and you must act now to stop it.

You, our city leaders, were on notice and did nothing:

"[Unibail-Rodamco-Westfield] has actively engaged with city leaders for many years to express our serious concerns, which are shared by our customers and retailers. We have urged the city to find solutions to the key issues and lack of enforcement against rampant criminal activity,"

As San Franciscans who care deeply about our city,

we are providing you with a short list of concrete actions which we believe will not only help deter additional retailers from leaving our city, but will improve the overall quality of life of all SF residents. This list is just a beginning:

1. Even under Prop 47 and Martin v. Boise, it is illegal to shoplift, sell drugs, possess drugs, and otherwise engage in disorderly behavior in public. Mayor Breed, you have the power right now to instruct the Police Department to deploy 100 officers to the Tenderloin and arrest every single person publicly consuming narcotics or possessing a sufficient amount of narcotics to qualify for a sale charge. Do this every day for a month. Again, even with Prop. 47, these are both still crimes that are punishable by up to six months to a year in county jail -- and sometimes more. Even if a judge releases the offender immediately, if you were to commit to doing this every day for a month, the real penalty would be that anyone selling or using drugs in public would get about two hours of freedom per day until they were arrested again. The message would eventually go out that San Francisco is no longer a destination for drug tourism but a place where laws are enforced, and illegal drugs and cash are almost immediately confiscated. Downtown would clear up pretty quickly. (Note: We are not calling for a "war on drugs" but rather a zero-tolerance policy until the city stabilizes. Once it stabilizes, we advocate continuing to arrest dealers).

2. Until they can be removed by ballot initiative or term-ends, we call on the Board of Supervisors to publicly pressure the anti-police Police Commissioners to revise their bias against law-and-order and better understand the realities of police work and the real-world implications of the policy decisions they make. Mayor Breed and Supervisors: You must take immediate action to end the destruction of San Francisco's retail and business centers!

Message:

Dear Mayor Breed and Supervisors,

We are calling on you TO TAKE IMMEDIATE ACTION to end the destruction of our retail and business centers.

Nordstrom is closing two stores in downtown San Francisco. Union Square is dying. Which major retailer will be next: Bloomingdale's, Macy's, Saks 5th Ave, Neiman Marcus? Our iconic cable cars will soon be transporting tourists to a vacant, blighted downtown. And then those visitors will stop coming. Our city is in a precarious downward spiral, and you must act now to stop it.

You, our city leaders, were on notice and did nothing:

"[Unibail-Rodamco-Westfield] has actively engaged with city leaders for many years to express our serious concerns, which are shared by our customers and retailers. We have urged the city to find solutions to the key issues and lack of enforcement against rampant criminal activity,"

As San Franciscans who care deeply about our city,

we are providing you with a short list of concrete actions which we believe will not only help deter additional retailers from leaving our city, but will improve the overall quality of life of all SF residents. This list is just a beginning:

1. Even under Prop 47 and Martin v. Boise, it is illegal to shoplift, sell drugs, possess drugs, and otherwise engage in disorderly behavior in public. Mayor Breed, you have the power right now to instruct the Police Department to deploy 100 officers to the Tenderloin and arrest every single person publicly consuming narcotics or possessing a sufficient amount of narcotics to qualify for a sale charge. Do this every day for a month. Again, even with Prop. 47, these are both still crimes that are punishable by up to six months to a year in county jail -- and sometimes more. Even if a judge releases the offender immediately, if you were to commit to doing this every day for a month, the real penalty would be that anyone selling or using drugs in public would get about two hours of freedom per day until they were arrested again. The message would eventually go out that San Francisco is no longer a destination for drug tourism but a place where laws are enforced, and illegal drugs and cash are almost immediately confiscated. Downtown would clear up pretty quickly. (Note: We are not calling for a "war on drugs" but rather a zero-tolerance policy until the city stabilizes. Once it stabilizes, we advocate continuing to arrest dealers).

2. Until they can be removed by ballot initiative or term-ends, we call on the Board of Supervisors to publicly pressure the anti-police Police Commissioners to revise their bias against law-and-order and better understand the realities of police work and the real-world implications of the policy decisions they make. The rules and strictures they have imposed on police operations over the last few years are in large part responsible for this mess. This crisis has authors. Remove them and replace them with commissioners who will help our severely understaffed department become more effective, not drown our officers in paperwork or instruct them to stop enforcing the law.

3. The city's tax base is disappearing. We demand that you slash \$2 billion from the budget immediately. This can be achieved by reducing staff across the board, ending perks, waste, and redundancies, terminating relationships with corrupt non-profits (how much was paid last year to ineffective or non-existent non-profits?), and suspending all raises until you pull the city from the

shambles it is in.

(Note: the budget for Police and Fire Departments should be maintained or increased, as they are critical to fixing our problems.)

4. Immediately reinstate the Homeward Bound bus ticket program.

5. Terminate the head of HSH and hire a shelter-first advocate who will strive to dramatically reduce the number of people living on the streets rather than maintain the status quo.

6. Immediately exempt fentanyl dealers from Sanctuary protection.

No more excuses. This complete dereliction of duty must end today.

For those of you who lack sympathy for large, chain businesses, remember two things: They don't need San Francisco as much as San Francisco needs them, and as anchor tenants to malls and downtown centers, they are the power behind which all of the other area retailers draft. That means jobs, enhanced safety, increased street activity, and tax revenue.

We are regular San Franciscans who are demanding a functional city government. We successfully recalled a dangerous DA and an incompetent Board of Education. Your failure to govern is both outrageous and unacceptable. Your constituents will hold you accountable.

Until they can be removed by ballot initiative or term-ends, we call on the Board of Supervisors to publicly pressure the anti-police Police Commissioners to revise their bias against law-and-order and better understand the realities of police work and the real-world implications of the policy decisions they make. The rules and strictures they have imposed on police operations over the last few years are in large part responsible for this mess. This crisis has authors. Remove them and replace them with commissioners who will help our severely understaffed department become more effective, not drown our officers in paperwork or instruct them to stop enforcing the law.

3. The city's tax base is disappearing. We demand that you slash \$2 billion from the budget immediately. This can be achieved by reducing staff across the board, ending perks, waste, and redundancies, terminating relationships with corrupt non-profits (how much was paid last year to ineffective or non-existent non-profits?), and suspending all raises until you pull the city from the

shambles it is in.

(Note: the budget for Police and Fire Departments should be maintained or increased, as they are critical to fixing our problems.)

4. Immediately reinstate the Homeward Bound bus ticket program.

5. Terminate the head of HSH and hire a shelter-first advocate who will strive to dramatically reduce the number of people living on the streets rather than maintain the status quo.

6. Immediately exempt fentanyl dealers from Sanctuary protection.

No more excuses. This complete dereliction of duty must end today.

For those of you who lack sympathy for large, chain businesses, remember two things: They don't need San Francisco as much as San Francisco needs them, and as anchor tenants to malls and downtown centers, they are the power behind which all of the other area retailers draft. That means jobs, enhanced safety, increased street activity, and tax revenue.

We are regular San Franciscans who are demanding a functional city government. We successfully recalled a dangerous DA and an incompetent Board of Education. Your failure to govern is both outrageous and unacceptable. Your constituents will hold you accountable.

Mayor Breed and Supervisors: You must take immediate action to end the destruction of San Francisco's retail and business centers!

Message:

Dear Mayor Breed and Supervisors,

We are calling on you TO TAKE IMMEDIATE ACTION to end the destruction of our retail and business centers.

Nordstrom is closing two stores in downtown San Francisco. Union Square is dying. Which major retailer will be next: Bloomingdale's, Macy's, Saks 5th Ave, Neiman Marcus? Our iconic cable cars will soon be transporting tourists to a vacant, blighted downtown. And then those visitors will stop coming. Our city is in a precarious downward spiral, and you must act now to stop it.

You, our city leaders, were on notice and did nothing:

"[Unibail-Rodamco-Westfield] has actively engaged with city leaders for many years to express our serious concerns, which are shared by our customers and retailers. We have urged the city to find solutions to the key issues and lack of enforcement against rampant criminal activity,"

As San Franciscans who care deeply about our city,

we are providing you with a short list of concrete actions which we believe will not only help deter additional retailers from leaving our city, but will improve the overall quality of life of all SF residents. This list is just a beginning:

1. Even under Prop 47 and Martin v. Boise, it is illegal to shoplift, sell drugs, possess drugs, and otherwise engage in disorderly behavior in public. Mayor Breed, you have the power right now to instruct the Police Department to deploy 100 officers to the Tenderloin and arrest every single person publicly consuming narcotics or possessing a sufficient amount of narcotics to qualify for a sale charge. Do this every day for a month. Again, even with Prop. 47, these are both still crimes that are punishable by up to six months to a year in county jail -- and sometimes more. Even if a judge releases the offender immediately, if you were to commit to doing this every day for a month, the real penalty would be that anyone selling or using drugs in public would get about two hours of freedom per day until they were arrested again. The message would eventually go out that San Francisco is no longer a destination for drug tourism but a place where laws are enforced, and illegal drugs and cash are almost immediately confiscated. Downtown would clear up pretty quickly. (Note: We are not calling for a "war on drugs" but rather a zero-tolerance policy until the city stabilizes. Once it stabilizes, we advocate continuing to arrest dealers).

2. Until they can be removed by ballot initiative or term-ends, we call on the Board of Supervisors to publicly pressure the anti-police Police Commissioners to revise their bias against law-and-order and better understand the realities of police work and the real-world implications of the policy decisions they make. Mayor Breed and Supervisors: You must take immediate action to end the destruction of San Francisco's retail and business centers!

Message:

Dear Mayor Breed and Supervisors,

We are calling on you TO TAKE IMMEDIATE ACTION to end the destruction of our retail and business centers.

Nordstrom is closing two stores in downtown San Francisco. Union Square is dying. Which major retailer will be next: Bloomingdale's, Macy's, Saks 5th Ave, Neiman Marcus? Our iconic cable cars will soon be transporting tourists to a vacant, blighted downtown. And then those visitors will stop coming. Our city is in a precarious downward spiral, and you must act now to stop it.

You, our city leaders, were on notice and did nothing:

"[Unibail-Rodamco-Westfield] has actively engaged with city leaders for many years to express our serious concerns, which are shared by our customers and retailers. We have urged the city to find solutions to the key issues and lack of enforcement against rampant criminal activity,"

As San Franciscans who care deeply about our city,

we are providing you with a short list of concrete actions which we believe will not only help deter additional retailers from leaving our city, but will improve the overall quality of life of all SF residents. This list is just a beginning:

1. Even under Prop 47 and Martin v. Boise, it is illegal to shoplift, sell drugs, possess drugs, and otherwise engage in disorderly behavior in public. Mayor Breed, you have the power right now to instruct the Police Department to deploy 100 officers to the Tenderloin and arrest every single person publicly consuming narcotics or possessing a sufficient amount of narcotics to qualify for a sale charge. Do this every day for a month. Again, even with Prop. 47, these are both still crimes that are punishable by up to six months to a year in county jail -- and sometimes more. Even if a judge releases the offender immediately, if you were to commit to doing this every day for a month, the real penalty would be that anyone selling or using drugs in public would get about two hours of freedom per day until they were arrested again. The message would eventually go out that San Francisco is no longer a destination for drug tourism but a place where laws are enforced, and illegal drugs and cash are almost immediately confiscated. Downtown would clear up pretty quickly. (Note: We are not calling for a "war on drugs" but rather a zero-tolerance policy until the city stabilizes. Once it stabilizes, we advocate continuing to arrest dealers).

2. Until they can be removed by ballot initiative or term-ends, we call on the Board of Supervisors to publicly pressure the anti-police Police Commissioners to revise their bias against law-and-order and better understand the realities of police work and the real-world implications of the policy decisions they make. The rules and strictures they have imposed on police operations over the last few years are in large part responsible for this mess. This crisis has authors. Remove them and replace them with commissioners who will help our severely understaffed department become more effective, not drown our officers in paperwork or instruct them to stop enforcing the law.

3. The city's tax base is disappearing. We demand that you slash \$2 billion from the budget immediately. This can be achieved by reducing staff across the board, ending perks, waste, and redundancies, terminating relationships with corrupt non-profits (how much was paid last year to ineffective or non-existent non-profits?), and suspending all raises until you pull the city from the

shambles it is in.

(Note: the budget for Police and Fire Departments should be maintained or increased, as they are critical to fixing our problems.)

4. Immediately reinstate the Homeward Bound bus ticket program.

5. Terminate the head of HSH and hire a shelter-first advocate who will strive to dramatically reduce the number of people living on the streets rather than maintain the status quo.

6. Immediately exempt fentanyl dealers from Sanctuary protection.

No more excuses. This complete dereliction of duty must end today.

For those of you who lack sympathy for large, chain businesses, remember two things: They don't need San Francisco as much as San Francisco needs them, and as anchor tenants to malls and downtown centers, they are the power behind which all of the other area retailers draft. That means jobs, enhanced safety, increased street activity, and tax revenue.

We are regular San Franciscans who are demanding a functional city government. We successfully recalled a dangerous DA and an incompetent Board of Education. Your failure to govern is both outrageous and unacceptable. Your constituents will hold you accountable.

Until they can be removed by ballot initiative or term-ends, we call on the Board of Supervisors to publicly pressure the anti-police Police Commissioners to revise their bias against law-and-order and better understand the realities of police work and the real-world implications of the policy decisions they make. The rules and strictures they have imposed on police operations over the last few years are in large part responsible for this mess. This crisis has authors. Remove them and replace them with commissioners who will help our severely understaffed department become more effective, not drown our officers in paperwork or instruct them to stop enforcing the law.

3. The city's tax base is disappearing. We demand that you slash \$2 billion from the budget immediately. This can be achieved by reducing staff across the board, ending perks, waste, and redundancies, terminating relationships with corrupt non-profits (how much was paid last year to ineffective or non-existent non-profits?), and suspending all raises until you pull the city from the

shambles it is in.

(Note: the budget for Police and Fire Departments should be maintained or increased, as they are critical to fixing our problems.)

4. Immediately reinstate the Homeward Bound bus ticket program.

5. Terminate the head of HSH and hire a shelter-first advocate who will strive to dramatically reduce the number of people living on the streets rather than maintain the status quo.

6. Immediately exempt fentanyl dealers from Sanctuary protection.

No more excuses. This complete dereliction of duty must end today.

For those of you who lack sympathy for large, chain businesses, remember two things: They don't need San Francisco as much as San Francisco needs them, and as anchor tenants to malls and downtown centers, they are the power behind which all of the other area retailers draft. That means jobs, enhanced safety, increased street activity, and tax revenue.

We are regular San Franciscans who are demanding a functional city government. We successfully recalled a dangerous DA and an incompetent Board of Education. Your failure to govern is both outrageous and unacceptable. Your constituents will hold you accountable.

Mayor Breed and Supervisors: You must take immediate action to end the destruction of San Francisco's retail and business centers!

Message:

Dear Mayor Breed and Supervisors,

We are calling on you TO TAKE IMMEDIATE ACTION to end the destruction of our retail and business centers.

Nordstrom is closing two stores in downtown San Francisco. Union Square is dying. Which major retailer will be next: Bloomingdale's, Macy's, Saks 5th Ave, Neiman Marcus? Our iconic cable cars will soon be transporting tourists to a vacant, blighted downtown. And then those visitors will stop coming. Our city is in a precarious downward spiral, and you must act now to stop it.

You, our city leaders, were on notice and did nothing:

"[Unibail-Rodamco-Westfield] has actively engaged with city leaders for many years to express our serious concerns, which are shared by our customers and retailers. We have urged the city to find solutions to the key issues and lack of enforcement against rampant criminal activity,"

As San Franciscans who care deeply about our city,

we are providing you with a short list of concrete actions which we believe will not only help deter additional retailers from leaving our city, but will improve the overall quality of life of all SF residents. This list is just a beginning:

1. Even under Prop 47 and Martin v. Boise, it is illegal to shoplift, sell drugs, possess drugs, and otherwise engage in disorderly behavior in public. Mayor Breed, you have the power right now to instruct the Police Department to deploy 100 officers to the Tenderloin and arrest every single person publicly consuming narcotics or possessing a sufficient amount of narcotics to qualify for a sale charge. Do this every day for a month. Again, even with Prop. 47, these are both still crimes that are punishable by up to six months to a year in county jail -- and sometimes more. Even if a judge releases the offender immediately, if you were to commit to doing this every day for a month, the real penalty would be that anyone selling or using drugs in public would get about two hours of freedom per day until they were arrested again. The message would eventually go out that San Francisco is no longer a destination for drug tourism but a place where laws are enforced, and illegal drugs and cash are almost immediately confiscated. Downtown would clear up pretty quickly. (Note: We are not calling for a "war on drugs" but rather a zero-tolerance policy until the city stabilizes. Once it stabilizes, we advocate continuing to arrest dealers).

2. Until they can be removed by ballot initiative or term-ends, we call on the Board of Supervisors to publicly pressure the anti-police Police Commissioners to revise their bias against law-and-order and better understand the realities of police work and the real-world implications of the policy decisions they make. Mayor Breed and Supervisors: You must take immediate action to end the destruction of San Francisco's retail and business centers!

Message:

Dear Mayor Breed and Supervisors,

We are calling on you TO TAKE IMMEDIATE ACTION to end the destruction of our retail and business centers.

Nordstrom is closing two stores in downtown San Francisco. Union Square is dying. Which major retailer will be next: Bloomingdale's, Macy's, Saks 5th Ave, Neiman Marcus? Our iconic cable cars will soon be transporting tourists to a vacant, blighted downtown. And then those visitors will stop coming. Our city is in a precarious downward spiral, and you must act now to stop it.

You, our city leaders, were on notice and did nothing:

"[Unibail-Rodamco-Westfield] has actively engaged with city leaders for many years to express our serious concerns, which are shared by our customers and retailers. We have urged the city to find solutions to the key issues and lack of enforcement against rampant criminal activity,"

As San Franciscans who care deeply about our city,

we are providing you with a short list of concrete actions which we believe will not only help deter additional retailers from leaving our city, but will improve the overall quality of life of all SF residents. This list is just a beginning:

1. Even under Prop 47 and Martin v. Boise, it is illegal to shoplift, sell drugs, possess drugs, and otherwise engage in disorderly behavior in public. Mayor Breed, you have the power right now to instruct the Police Department to deploy 100 officers to the Tenderloin and arrest every single person publicly consuming narcotics or possessing a sufficient amount of narcotics to qualify for a sale charge. Do this every day for a month. Again, even with Prop. 47, these are both still crimes that are punishable by up to six months to a year in county jail -- and sometimes more. Even if a judge releases the offender immediately, if you were to commit to doing this every day for a month, the real penalty would be that anyone selling or using drugs in public would get about two hours of freedom per day until they were arrested again. The message would eventually go out that San Francisco is no longer a destination for drug tourism but a place where laws are enforced, and illegal drugs and cash are almost immediately confiscated. Downtown would clear up pretty quickly. (Note: We are not calling for a "war on drugs" but rather a zero-tolerance policy until the city stabilizes. Once it stabilizes, we advocate continuing to arrest dealers).

2. Until they can be removed by ballot initiative or term-ends, we call on the Board of Supervisors to publicly pressure the anti-police Police Commissioners to revise their bias against law-and-order and better understand the realities of police work and the real-world implications of the policy decisions they make. The rules and strictures they have imposed on police operations over the last few years are in large part responsible for this mess. This crisis has authors. Remove them and replace them with commissioners who will help our severely understaffed department become more effective, not drown our officers in paperwork or instruct them to stop enforcing the law.

3. The city's tax base is disappearing. We demand that you slash \$2 billion from the budget immediately. This can be achieved by reducing staff across the board, ending perks, waste, and redundancies, terminating relationships with corrupt non-profits (how much was paid last year to ineffective or non-existent non-profits?), and suspending all raises until you pull the city from the

shambles it is in.

(Note: the budget for Police and Fire Departments should be maintained or increased, as they are critical to fixing our problems.)

4. Immediately reinstate the Homeward Bound bus ticket program.

5. Terminate the head of HSH and hire a shelter-first advocate who will strive to dramatically reduce the number of people living on the streets rather than maintain the status quo.

6. Immediately exempt fentanyl dealers from Sanctuary protection.

No more excuses. This complete dereliction of duty must end today.

For those of you who lack sympathy for large, chain businesses, remember two things: They don't need San Francisco as much as San Francisco needs them, and as anchor tenants to malls and downtown centers, they are the power behind which all of the other area retailers draft. That means jobs, enhanced safety, increased street activity, and tax revenue.

We are regular San Franciscans who are demanding a functional city government. We successfully recalled a dangerous DA and an incompetent Board of Education. Your failure to govern is both outrageous and unacceptable. Your constituents will hold you accountable.

Until they can be removed by ballot initiative or term-ends, we call on the Board of Supervisors to publicly pressure the anti-police Police Commissioners to revise their bias against law-and-order and better understand the realities of police work and the real-world implications of the policy decisions they make. The rules and strictures they have imposed on police operations over the last few years are in large part responsible for this mess. This crisis has authors. Remove them and replace them with commissioners who will help our severely understaffed department become more effective, not drown our officers in paperwork or instruct them to stop enforcing the law.

3. The city's tax base is disappearing. We demand that you slash \$2 billion from the budget immediately. This can be achieved by reducing staff across the board, ending perks, waste, and redundancies, terminating relationships with corrupt non-profits (how much was paid last year to ineffective or non-existent non-profits?), and suspending all raises until you pull the city from the

shambles it is in.

(Note: the budget for Police and Fire Departments should be maintained or increased, as they are critical to fixing our problems.)

4. Immediately reinstate the Homeward Bound bus ticket program.

5. Terminate the head of HSH and hire a shelter-first advocate who will strive to dramatically reduce the number of people living on the streets rather than maintain the status quo.

6. Immediately exempt fentanyl dealers from Sanctuary protection.

No more excuses. This complete dereliction of duty must end today.

For those of you who lack sympathy for large, chain businesses, remember two things: They don't need San Francisco as much as San Francisco needs them, and as anchor tenants to malls and downtown centers, they are the power behind which all of the other area retailers draft. That means jobs, enhanced safety, increased street activity, and tax revenue.

We are regular San Franciscans who are demanding a functional city government. We successfully recalled a dangerous DA and an incompetent Board of Education. Your failure to govern is both outrageous and unacceptable. Your constituents will hold you accountable.

Mayor Breed and Supervisors: You must take immediate action to end the destruction of San Francisco's retail and business centers!

Message:

Dear Mayor Breed and Supervisors,

We are calling on you TO TAKE IMMEDIATE ACTION to end the destruction of our retail and business centers.

Nordstrom is closing two stores in downtown San Francisco. Union Square is dying. Which major retailer will be next: Bloomingdale's, Macy's, Saks 5th Ave, Neiman Marcus? Our iconic cable cars will soon be transporting tourists to a vacant, blighted downtown. And then those visitors will stop coming. Our city is in a precarious downward spiral, and you must act now to stop it.

You, our city leaders, were on notice and did nothing:

"[Unibail-Rodamco-Westfield] has actively engaged with city leaders for many years to express our serious concerns, which are shared by our customers and retailers. We have urged the city to find solutions to the key issues and lack of enforcement against rampant criminal activity,"

As San Franciscans who care deeply about our city,

we are providing you with a short list of concrete actions which we believe will not only help deter additional retailers from leaving our city, but will improve the overall quality of life of all SF residents. This list is just a beginning:

1. Even under Prop 47 and Martin v. Boise, it is illegal to shoplift, sell drugs, possess drugs, and otherwise engage in disorderly behavior in public. Mayor Breed, you have the power right now to instruct the Police Department to deploy 100 officers to the Tenderloin and arrest every single person publicly consuming narcotics or possessing a sufficient amount of narcotics to qualify for a sale charge. Do this every day for a month. Again, even with Prop. 47, these are both still crimes that are punishable by up to six months to a year in county jail -- and sometimes more. Even if a judge releases the offender immediately, if you were to commit to doing this every day for a month, the real penalty would be that anyone selling or using drugs in public would get about two hours of freedom per day until they were arrested again. The message would eventually go out that San Francisco is no longer a destination for drug tourism but a place where laws are enforced, and illegal drugs and cash are almost immediately confiscated. Downtown would clear up pretty quickly. (Note: We are not calling for a "war on drugs" but rather a zero-tolerance policy until the city stabilizes. Once it stabilizes, we advocate continuing to arrest dealers).

2. Until they can be removed by ballot initiative or term-ends, we call on the Board of Supervisors to publicly pressure the anti-police Police Commissioners to revise their bias against law-and-order and better understand the realities of police work and the real-world implications of the policy decisions they make. The rules and strictures they have imposed on police operations over the last few years are in large part responsible for this mess. This crisis has authors. Mayor Breed and Supervisors: You must take immediate action to end the destruction of San Francisco's retail and business centers!

Message:

Dear Mayor Breed and Supervisors,

We are calling on you TO TAKE IMMEDIATE ACTION to end the destruction of our retail and business centers.

Nordstrom is closing two stores in downtown San Francisco. Union Square is dying. Which major retailer will be next: Bloomingdale's, Macy's, Saks 5th Ave, Neiman Marcus? Our iconic cable cars will soon be transporting tourists to a vacant, blighted downtown. And then those visitors will stop coming. Our city is in a precarious downward spiral, and you must act now to stop it.

You, our city leaders, were on notice and did nothing:

"[Unibail-Rodamco-Westfield] has actively engaged with city leaders for many years to express our serious concerns, which are shared by our customers and retailers. We have urged the city to find solutions to the key issues and lack of enforcement against rampant criminal activity,"

As San Franciscans who care deeply about our city,

we are providing you with a short list of concrete actions which we believe will not only help deter additional retailers from leaving our city, but will improve the overall quality of life of all SF residents. This list is just a beginning:

1. Even under Prop 47 and Martin v. Boise, it is illegal to shoplift, sell drugs, possess drugs, and otherwise engage in disorderly behavior in public. Mayor Breed, you have the power right now to instruct the Police Department to deploy 100 officers to the Tenderloin and arrest every single person publicly consuming narcotics or possessing a sufficient amount of narcotics to qualify for a sale charge. Do this every day for a month. Again, even with Prop. 47, these are both still crimes that are punishable by up to six months to a year in county jail -- and sometimes more. Even if a judge releases the offender immediately, if you were to commit to doing this every day for a month, the real penalty would be that anyone selling or using drugs in public would get about two hours of freedom per day until they were arrested again. The message would eventually go out that San Francisco is no longer a destination for drug tourism but a place where laws are enforced, and illegal drugs and cash are almost immediately confiscated. Downtown would clear up pretty quickly. (Note: We are not calling for a "war on drugs" but rather a zero-tolerance policy until the city stabilizes. Once it stabilizes, we advocate continuing to arrest dealers).

2. Until they can be removed by ballot initiative or term-ends, we call on the Board of Supervisors to publicly pressure the anti-police Police Commissioners to revise their bias against law-and-order and better understand the realities of police work and the real-world implications of the policy decisions they make. The rules and strictures they have imposed on police operations over the last few years are in large part responsible for this mess. This crisis has authors. Remove them and replace them with commissioners who will help our severely understaffed department become more effective, not drown our officers in paperwork or instruct them to stop enforcing the law.

3. The city's tax base is disappearing. We demand that you slash \$2 billion from the budget immediately. This can be achieved by reducing staff across the board, ending perks, waste, and redundancies, terminating relationships with corrupt non-profits (how much was paid last year to ineffective or non-existent non-profits?), and suspending all raises until you pull the city from the

shambles it is in.

(Note: the budget for Police and Fire Departments should be maintained or increased, as they are critical to fixing our problems.)

4. Immediately reinstate the Homeward Bound bus ticket program.

5. Terminate the head of HSH and hire a shelter-first advocate who will strive to dramatically reduce the number of people living on the streets rather than maintain the status quo.

6. Immediately exempt fentanyl dealers from Sanctuary protection.

No more excuses. This complete dereliction of duty must end today.

For those of you who lack sympathy for large, chain businesses, remember two things: They don't need San Francisco as much as San Francisco needs them, and as anchor tenants to malls and downtown centers, they are the power behind which all of the other area retailers draft. That means jobs, enhanced safety, increased street activity, and tax revenue.

We are regular San Franciscans who are demanding a functional city government. We successfully recalled a dangerous DA and an incompetent Board of Education. Your failure to govern is both outrageous and unacceptable. Your constituents will hold you accountable.

2. Until they can be removed by ballot initiative or term-ends, we call on the Board of Supervisors to publicly pressure the anti-police Police Commissioners to revise their bias against law-and-order and better understand the realities of police work and the real-world implications of the policy decisions they make. The rules and strictures they have imposed on police operations over the last few years are in large part responsible for this mess. This crisis has authors. Remove them and replace them with commissioners who will help our severely understaffed department become more effective, not drown our officers in paperwork or instruct them to stop enforcing the law.

3. The city's tax base is disappearing. We demand that you slash \$2 billion from the budget immediately. This can be achieved by reducing staff across the board, ending perks, waste, and redundancies, terminating relationships with corrupt non-profits (how much was paid last year to ineffective or non-existent non-profits?), and suspending all raises until you pull the city from the

shambles it is in.

(Note: the budget for Police and Fire Departments should be maintained or increased, as they are critical to fixing our problems.)

4. Immediately reinstate the Homeward Bound bus ticket program.

5. Terminate the head of HSH and hire a shelter-first advocate who will strive to dramatically reduce the number of people living on the streets rather than maintain the status quo.

6. Immediately exempt fentanyl dealers from Sanctuary protection.

No more excuses. This complete dereliction of duty must end today.

For those of you who lack sympathy for large, chain businesses, remember two things: They don't need San Francisco as much as San Francisco needs them, and as anchor tenants to malls and downtown centers, they are the power behind which all of the other area retailers draft. That means jobs, enhanced safety, increased street activity, and tax revenue.

We are regular San Franciscans who are demanding a functional city government. We successfully recalled a dangerous DA and an incompetent Board of Education. Your failure to govern is both outrageous and unacceptable. Your constituents will hold you accountable.

Mayor Breed and Supervisors: You must take immediate action to end the destruction of San Francisco's retail and business centers!

Message:

Dear Mayor Breed and Supervisors,

We are calling on you TO TAKE IMMEDIATE ACTION to end the destruction of our retail and business centers.

Nordstrom is closing two stores in downtown San Francisco. Union Square is dying. Which major retailer will be next: Bloomingdale's, Macy's, Saks 5th Ave, Neiman Marcus? Our iconic cable cars will soon be transporting tourists to a vacant, blighted downtown. And then those visitors will stop coming. Our city is in a precarious downward spiral, and you must act now to stop it.

You, our city leaders, were on notice and did nothing:

"[Unibail-Rodamco-Westfield] has actively engaged with city leaders for many years to express our serious concerns, which are shared by our customers and retailers. We have urged the city to find solutions to the key issues and lack of enforcement against rampant criminal activity,"

As San Franciscans who care deeply about our city,

we are providing you with a short list of concrete actions which we believe will not only help deter additional retailers from leaving our city, but will improve the overall quality of life of all SF residents. This list is just a beginning:

1. Even under Prop 47 and Martin v. Boise, it is illegal to shoplift, sell drugs, possess drugs, and otherwise engage in disorderly behavior in public. Mayor Breed, you have the power right now to instruct the Police Department to deploy 100 officers to the Tenderloin and arrest every single person publicly consuming narcotics or possessing a sufficient amount of narcotics to qualify for a sale charge. Do this every day for a month. Again, even with Prop. 47, these are both still crimes that are punishable by up to six months to a year in county jail -- and sometimes more. Even if a judge releases the offender immediately, if you were to commit to doing this every day for a month, the real penalty would be that anyone selling or using drugs in public would get about two hours of freedom per day until they were arrested again. The message would eventually go out that San Francisco is no longer a destination for drug tourism but a place where laws are enforced, and illegal drugs and cash are almost immediately confiscated. Downtown would clear up pretty quickly. (Note: We are not calling for a "war on drugs" but rather a zero-tolerance policy until the city stabilizes. Once it stabilizes, we advocate continuing to arrest dealers).

2. Until they can be removed by ballot initiative or term-ends, we call on the Board of Supervisors to publicly pressure the anti-police Police Commissioners to revise their bias against law-and-order and better understand the realities of police work and the real-world implications of the policy decisions they make. Mayor Breed and Supervisors: You must take immediate action to end the destruction of San Francisco's retail and business centers!

Message:

Dear Mayor Breed and Supervisors,

We are calling on you TO TAKE IMMEDIATE ACTION to end the destruction of our retail and business centers.

Nordstrom is closing two stores in downtown San Francisco. Union Square is dying. Which major retailer will be next: Bloomingdale's, Macy's, Saks 5th Ave, Neiman Marcus? Our iconic cable cars will soon be transporting tourists to a vacant, blighted downtown. And then those visitors will stop coming. Our city is in a precarious downward spiral, and you must act now to stop it.

You, our city leaders, were on notice and did nothing:

"[Unibail-Rodamco-Westfield] has actively engaged with city leaders for many years to express our serious concerns, which are shared by our customers and retailers. We have urged the city to find solutions to the key issues and lack of enforcement against rampant criminal activity,"

As San Franciscans who care deeply about our city,

we are providing you with a short list of concrete actions which we believe will not only help deter additional retailers from leaving our city, but will improve the overall quality of life of all SF residents. This list is just a beginning:

1. Even under Prop 47 and Martin v. Boise, it is illegal to shoplift, sell drugs, possess drugs, and otherwise engage in disorderly behavior in public. Mayor Breed, you have the power right now to instruct the Police Department to deploy 100 officers to the Tenderloin and arrest every single person publicly consuming narcotics or possessing a sufficient amount of narcotics to qualify for a sale charge. Do this every day for a month. Again, even with Prop. 47, these are both still crimes that are punishable by up to six months to a year in county jail -- and sometimes more. Even if a judge releases the offender immediately, if you were to commit to doing this every day for a month, the real penalty would be that anyone selling or using drugs in public would get about two hours of freedom per day until they were arrested again. The message would eventually go out that San Francisco is no longer a destination for drug tourism but a place where laws are enforced, and illegal drugs and cash are almost immediately confiscated. Downtown would clear up pretty quickly. (Note: We are not calling for a "war on drugs" but rather a zero-tolerance policy until the city stabilizes. Once it stabilizes, we advocate continuing to arrest dealers).

2. Until they can be removed by ballot initiative or term-ends, we call on the Board of Supervisors to publicly pressure the anti-police Police Commissioners to revise their bias against law-and-order and better understand the realities of police work and the real-world implications of the policy decisions they make. The rules and strictures they have imposed on police operations over the last few years are in large part responsible for this mess. This crisis has authors. Remove them and replace them with commissioners who will help our severely understaffed department become more effective, not drown our officers in paperwork or instruct them to stop enforcing the law.

3. The city's tax base is disappearing. We demand that you slash \$2 billion from the budget immediately. This can be achieved by reducing staff across the board, ending perks, waste, and redundancies, terminating relationships with corrupt non-profits (how much was paid last year to ineffective or non-existent non-profits?), and suspending all raises until you pull the city from the

shambles it is in.

(Note: the budget for Police and Fire Departments should be maintained or increased, as they are critical to fixing our problems.)

4. Immediately reinstate the Homeward Bound bus ticket program.

5. Terminate the head of HSH and hire a shelter-first advocate who will strive to dramatically reduce the number of people living on the streets rather than maintain the status quo.

6. Immediately exempt fentanyl dealers from Sanctuary protection.

No more excuses. This complete dereliction of duty must end today.

For those of you who lack sympathy for large, chain businesses, remember two things: They don't need San Francisco as much as San Francisco needs them, and as anchor tenants to malls and downtown centers, they are the power behind which all of the other area retailers draft. That means jobs, enhanced safety, increased street activity, and tax revenue.

We are regular San Franciscans who are demanding a functional city government. We successfully recalled a dangerous DA and an incompetent Board of Education. Your failure to govern is both outrageous and unacceptable. Your constituents will hold you accountable.

Until they can be removed by ballot initiative or term-ends, we call on the Board of Supervisors to publicly pressure the anti-police Police Commissioners to revise their bias against law-and-order and better understand the realities of police work and the real-world implications of the policy decisions they make. The rules and strictures they have imposed on police operations over the last few years are in large part responsible for this mess. This crisis has authors. Remove them and replace them with commissioners who will help our severely understaffed department become more effective, not drown our officers in paperwork or instruct them to stop enforcing the law.

3. The city's tax base is disappearing. We demand that you slash \$2 billion from the budget immediately. This can be achieved by reducing staff across the board, ending perks, waste, and redundancies, terminating relationships with corrupt non-profits (how much was paid last year to ineffective or non-existent non-profits?), and suspending all raises until you pull the city from the

shambles it is in.

(Note: the budget for Police and Fire Departments should be maintained or increased, as they are critical to fixing our problems.)

4. Immediately reinstate the Homeward Bound bus ticket program.

5. Terminate the head of HSH and hire a shelter-first advocate who will strive to dramatically reduce the number of people living on the streets rather than maintain the status quo.

6. Immediately exempt fentanyl dealers from Sanctuary protection.

No more excuses. This complete dereliction of duty must end today.

For those of you who lack sympathy for large, chain businesses, remember two things: They don't need San Francisco as much as San Francisco needs them, and as anchor tenants to malls and downtown centers, they are the power behind which all of the other area retailers draft. That means jobs, enhanced safety, increased street activity, and tax revenue.

We are regular San Franciscans who are demanding a functional city government. We successfully recalled a dangerous DA and an incompetent Board of Education. Your failure to govern is both outrageous and unacceptable. Your constituents will hold you accountable.

District 2

Mayor Breed and Supervisors: You must take immediate action to end the destruction of San Francisco's retail and business centers!

Message:

Dear Mayor Breed and Supervisors,

We are calling on you TO TAKE IMMEDIATE ACTION to end the destruction of our retail and business centers.

Nordstrom is closing two stores in downtown San Francisco. Union Square is dying. Which major retailer will be next: Bloomingdale's, Macy's, Saks 5th Ave, Neiman Marcus? Our iconic cable cars will soon be transporting tourists to a vacant, blighted downtown. And then those visitors will stop coming. Our city is in a precarious downward spiral, and you must act now to stop it.

You, our city leaders, were on notice and did nothing:

"[Unibail-Rodamco-Westfield] has actively engaged with city leaders for many years to express our serious concerns, which are shared by our customers and retailers. We have urged the city to find solutions to the key issues and lack of enforcement against rampant criminal activity,"

As San Franciscans who care deeply about our city,

we are providing you with a short list of concrete actions which we believe will not only help deter additional retailers from leaving our city, but will improve the overall quality of life of all SF residents. This list is just a beginning:

1. Even under Prop 47 and Martin v. Boise, it is illegal to shoplift, sell drugs, possess drugs, and otherwise engage in disorderly behavior in public. Mayor Breed, you have the power right now to instruct the Police Department to deploy 100 officers to the Tenderloin and arrest every single person publicly consuming narcotics or possessing a sufficient amount of narcotics to qualify for a sale charge. Do this every day for a month. Again, even with Prop. 47, these are both still crimes that are punishable by up to six months to a year in county jail -- and sometimes more. Even if a judge releases the offender immediately, if you were to commit to doing this every day for a month, the real penalty would be that anyone selling or using drugs in public would get about two hours of freedom per day until they were arrested again. The message would eventually go out that San Francisco is no longer a destination for drug tourism but a place where laws are enforced, and illegal drugs and cash are almost immediately confiscated. Downtown would clear up pretty quickly. (Note: We are not calling for a "war on drugs" but rather a zero-tolerance policy until the city stabilizes. Once it stabilizes, we advocate continuing to arrest dealers).

2. Until they can be removed by ballot initiative or term-ends, we call on the Board of Supervisors to publicly pressure the anti-police Police Commissioners to revise their bias against law-and-order and better understand the realities of police work and the real-world implications of the policy decisions they make. The rules and strictures they have imposed on police operations over the last few years are in large part responsible for this mess. This crisis has authors. Mayor Breed and Supervisors: You must take immediate action to end the destruction of San Francisco's retail and business centers!

Message:

Dear Mayor Breed and Supervisors,

We are calling on you TO TAKE IMMEDIATE ACTION to end the destruction of our retail and business centers.

Nordstrom is closing two stores in downtown San Francisco. Union Square is dying. Which major retailer will be next: Bloomingdale's, Macy's, Saks 5th Ave, Neiman Marcus? Our iconic cable cars will soon be transporting tourists to a vacant, blighted downtown. And then those visitors will stop coming. Our city is in a precarious downward spiral, and you must act now to stop it.

You, our city leaders, were on notice and did nothing:

"[Unibail-Rodamco-Westfield] has actively engaged with city leaders for many years to express our serious concerns, which are shared by our customers and retailers. We have urged the city to find solutions to the key issues and lack of enforcement against rampant criminal activity,"

As San Franciscans who care deeply about our city,

we are providing you with a short list of concrete actions which we believe will not only help deter additional retailers from leaving our city, but will improve the overall quality of life of all SF residents. This list is just a beginning:

1. Even under Prop 47 and Martin v. Boise, it is illegal to shoplift, sell drugs, possess drugs, and otherwise engage in disorderly behavior in public. Mayor Breed, you have the power right now to instruct the Police Department to deploy 100 officers to the Tenderloin and arrest every single person publicly consuming narcotics or possessing a sufficient amount of narcotics to qualify for a sale charge. Do this every day for a month. Again, even with Prop. 47, these are both still crimes that are punishable by up to six months to a year in county jail -- and sometimes more. Even if a judge releases the offender immediately, if you were to commit to doing this every day for a month, the real penalty would be that anyone selling or using drugs in public would get about two hours of freedom per day until they were arrested again. The message would eventually go out that San Francisco is no longer a destination for drug tourism but a place where laws are enforced, and illegal drugs and cash are almost immediately confiscated. Downtown would clear up pretty quickly. (Note: We are not calling for a "war on drugs" but rather a zero-tolerance policy until the city stabilizes. Once it stabilizes, we advocate continuing to arrest dealers).

2. Until they can be removed by ballot initiative or term-ends, we call on the Board of Supervisors to publicly pressure the anti-police Police Commissioners to revise their bias against law-and-order and better understand the realities of police work and the real-world implications of the policy decisions they make. The rules and strictures they have imposed on police operations over the last few years are in large part responsible for this mess. This crisis has authors. Remove them and replace them with commissioners who will help our severely understaffed department become more effective, not drown our officers in paperwork or instruct them to stop enforcing the law.

3. The city's tax base is disappearing. We demand that you slash \$2 billion from the budget immediately. This can be achieved by reducing staff across the board, ending perks, waste, and redundancies, terminating relationships with corrupt non-profits (how much was paid last year to ineffective or non-existent non-profits?), and suspending all raises until you pull the city from the

shambles it is in.

(Note: the budget for Police and Fire Departments should be maintained or increased, as they are critical to fixing our problems.)

4. Immediately reinstate the Homeward Bound bus ticket program.

5. Terminate the head of HSH and hire a shelter-first advocate who will strive to dramatically reduce the number of people living on the streets rather than maintain the status quo.

6. Immediately exempt fentanyl dealers from Sanctuary protection.

No more excuses. This complete dereliction of duty must end today.

For those of you who lack sympathy for large, chain businesses, remember two things: They don't need San Francisco as much as San Francisco needs them, and as anchor tenants to malls and downtown centers, they are the power behind which all of the other area retailers draft. That means jobs, enhanced safety, increased street activity, and tax revenue.

We are regular San Franciscans who are demanding a functional city government. We successfully recalled a dangerous DA and an incompetent Board of Education. Your failure to govern is both outrageous and unacceptable. Your constituents will hold you accountable.

Until they can be removed by ballot initiative or term-ends, we call on the Board of Supervisors to publicly pressure the anti-police Police Commissioners to revise their bias against law-and-order and better understand the realities of police work and the real-world implications of the policy decisions they make. The rules and strictures they have imposed on police operations over the last few years are in large part responsible for this mess. This crisis has authors. Remove them and replace them with commissioners who will help our severely understaffed department become more effective, not drown our officers in paperwork or instruct them to stop enforcing the law.

3. The city's tax base is disappearing. We demand that you slash \$2 billion from the budget immediately. This can be achieved by reducing staff across the board, ending perks, waste, and redundancies, terminating relationships with corrupt non-profits (how much was paid last year to ineffective or non-existent non-profits?), and suspending all raises until you pull the city from the

shambles it is in.

(Note: the budget for Police and Fire Departments should be maintained or increased, as they are critical to fixing our problems.)

4. Immediately reinstate the Homeward Bound bus ticket program.

5. Terminate the head of HSH and hire a shelter-first advocate who will strive to dramatically reduce the number of people living on the streets rather than maintain the status quo.

6. Immediately exempt fentanyl dealers from Sanctuary protection.

No more excuses. This complete dereliction of duty must end today.

For those of you who lack sympathy for large, chain businesses, remember two things: They don't need San Francisco as much as San Francisco needs them, and as anchor tenants to malls and downtown centers, they are the power behind which all of the other area retailers draft. That means jobs, enhanced safety, increased street activity, and tax revenue.

We are regular San Franciscans who are demanding a functional city government. We successfully recalled a dangerous DA and an incompetent Board of Education. Your failure to govern is both outrageous and unacceptable. Your constituents will hold you accountable.

Mayor Breed and Supervisors: You must take immediate action to end the destruction of San Francisco's retail and business centers!

Message:

Dear Mayor Breed and Supervisors,

We are calling on you TO TAKE IMMEDIATE ACTION to end the destruction of our retail and business centers.

Nordstrom is closing two stores in downtown San Francisco. Union Square is dying. Which major retailer will be next: Bloomingdale's, Macy's, Saks 5th Ave, Neiman Marcus? Our iconic cable cars will soon be transporting tourists to a vacant, blighted downtown. And then those visitors will stop coming. Our city is in a precarious downward spiral, and you must act now to stop it.

You, our city leaders, were on notice and did nothing:

"[Unibail-Rodamco-Westfield] has actively engaged with city leaders for many years to express our serious concerns, which are shared by our customers and retailers. We have urged the city to find solutions to the key issues and lack of enforcement against rampant criminal activity,"

As San Franciscans who care deeply about our city,

we are providing you with a short list of concrete actions which we believe will not only help deter additional retailers from leaving our city, but will improve the overall quality of life of all SF residents. This list is just a beginning:

1. Even under Prop 47 and Martin v. Boise, it is illegal to shoplift, sell drugs, possess drugs, and otherwise engage in disorderly behavior in public. Mayor Breed, you have the power right now to instruct the Police Department to deploy 100 officers to the Tenderloin and arrest every single person publicly consuming narcotics or possessing a sufficient amount of narcotics to qualify for a sale charge. Do this every day for a month. Again, even with Prop. 47, these are both still crimes that are punishable by up to six months to a year in county jail -- and sometimes more. Even if a judge releases the offender immediately, if you were to commit to doing this every day for a month, the real penalty would be that anyone selling or using drugs in public would get about two hours of freedom per day until they were arrested again. The message would eventually go out that San Francisco is no longer a destination for drug tourism but a place where laws are enforced, and illegal drugs and cash are almost immediately confiscated. Downtown would clear up pretty quickly. (Note: We are not calling for a "war on drugs" but rather a zero-tolerance policy until the city stabilizes. Once it stabilizes, we advocate continuing to arrest dealers).

2. Until they can be removed by ballot initiative or term-ends, we call on the Board of Supervisors to publicly pressure the anti-police Police Commissioners to revise their bias against law-and-order and better understand the realities of police work and the real-world implications of the policy decisions they make. For those of you who lack sympathy for large, chain businesses, remember two things: They don't need San Francisco as much as San Francisco needs them, and as anchor tenants to malls and downtown centers, they are the power behind which all of the other area retailers draft. That means jobs, enhanced safety, increased street activity, and tax revenue.

We are regular San Franciscans who are demanding a functional city government. We successfully recalled a dangerous DA and an incompetent Board of Education. Your failure to govern is both outrageous and unacceptable. Your constituents will hold you accountable.

Message to the Mayor and Board of Supervisors

From your constituent Jill Milestone

Email ljustin84@yahoo.com

I live in District District 2

Mayor Breed and Supervisors: You must take immediate action to end the destruction of San Francisco's retail and business centers!

Message:

Dear Mayor Breed and Supervisors,

We are calling on you TO TAKE IMMEDIATE ACTION to end the destruction of our retail and business centers.

Nordstrom is closing two stores in downtown San Francisco. Union Square is dying. Which major retailer will be next: Bloomingdale's, Macy's, Saks 5th Ave, Neiman Marcus? Our iconic cable cars will soon be transporting tourists to a vacant, blighted downtown. And then those visitors will stop coming. Our city is in a precarious downward spiral, and you must act now to stop it.

You, our city leaders, were on notice and did nothing:

"[Unibail-Rodamco-Westfield] has actively engaged with city leaders for many years to express our serious concerns, which are shared by our customers and retailers. We have urged the city to find solutions to the key issues and lack of enforcement against rampant criminal activity,"

As San Franciscans who care deeply about our city,

we are providing you with a short list of concrete actions which we believe will not only help deter additional retailers from leaving our city, but will improve the overall quality of life of all SF residents. This list is just a beginning:

1. Even under Prop 47 and Martin v. Boise, it is illegal to shoplift, sell drugs, possess drugs, and otherwise engage in disorderly behavior in public. Mayor Breed, you have the power right now to instruct the Police Department to deploy 100 officers to the Tenderloin and arrest every single person publicly consuming narcotics or possessing a sufficient amount of narcotics to qualify for a sale charge. Do this every day for a month. Again, even with Prop. 47, these are both still crimes that are punishable by up to six months to a year in county jail -- and sometimes more. Even if a judge releases the offender immediately, if you were to commit to doing this every day for a month, the real penalty would be that anyone selling or using drugs in public would get about two hours of freedom per day until they were arrested again. The message would eventually go out that San Francisco is no longer a destination for drug tourism but a place where laws are enforced, and illegal drugs and cash are almost immediately confiscated. Downtown would clear up pretty quickly. (Note: We are not calling for a "war on drugs" but rather a zero-tolerance policy until the city stabilizes. Once it stabilizes, we advocate continuing to arrest dealers).

2. Until they can be removed by ballot initiative or term-ends, we call on the Board of Supervisors to publicly pressure the anti-police Police Commissioners to revise their bias against law-and-order and better understand the realities of police work and the real-world implications of the policy decisions they make. The rules and strictures they have imposed on police operations over the last few years are in large part responsible for this mess. This crisis has authors. Remove them and replace them with commissioners who will help our severely understaffed department become more effective, not drown our officers in paperwork or instruct them to stop enforcing the law.

3. The city's tax base is disappearing. We demand that you slash \$2 billion from the budget immediately. This can be achieved by reducing staff across the board, ending perks, waste, and redundancies, terminating relationships with corrupt non-profits (how much was paid last year to ineffective or non-existent non-profits?), and suspending all raises until you pull the city from the

shambles it is in.

(Note: the budget for Police and Fire Departments should be maintained or increased, as they are critical to fixing our problems.)

4. Immediately reinstate the Homeward Bound bus ticket program.

5. Terminate the head of HSH and hire a shelter-first advocate who will strive to dramatically reduce the number of people living on the streets rather than maintain the status quo.

6. Immediately exempt fentanyl dealers from Sanctuary protection.

No more excuses. This complete dereliction of duty must end today.

For those of you who lack sympathy for large, chain businesses, remember two things: They don't need San Francisco as much as San Francisco needs them, and as anchor tenants to malls and downtown centers, they are the power behind which all of the other area retailers draft. That means jobs, enhanced safety, increased street activity, and tax revenue.

Mayor Breed and Supervisors: You must take immediate action to end the destruction of San Francisco's retail and business centers!

Message:

Dear Mayor Breed and Supervisors,

We are calling on you TO TAKE IMMEDIATE ACTION to end the destruction of our retail and business centers.

Nordstrom is closing two stores in downtown San Francisco. Union Square is dying. Which major retailer will be next: Bloomingdale's, Macy's, Saks 5th Ave, Neiman Marcus? Our iconic cable cars will soon be transporting tourists to a vacant, blighted downtown. And then those visitors will stop coming. Our city is in a precarious downward spiral, and you must act now to stop it.

You, our city leaders, were on notice and did nothing:

"[Unibail-Rodamco-Westfield] has actively engaged with city leaders for many years to express our serious concerns, which are shared by our customers and retailers. We have urged the city to find solutions to the key issues and lack of enforcement against rampant criminal activity,"

As San Franciscans who care deeply about our city,

we are providing you with a short list of concrete actions which we believe will not only help deter additional retailers from leaving our city, but will improve the overall quality of life of all SF residents. This list is just a beginning:

1. Even under Prop 47 and Martin v. Boise, it is illegal to shoplift, sell drugs, possess drugs, and otherwise engage in disorderly behavior in public. Mayor Breed, you have the power right now to instruct the Police Department to deploy 100 officers to the Tenderloin and arrest every single person publicly consuming narcotics or possessing a sufficient amount of narcotics to qualify for a sale charge. Do this every day for a month. Again, even with Prop. 47, these are both still crimes that are punishable by up to six months to a year in county jail -- and sometimes more. Even if a judge releases the offender immediately, if you were to commit to doing this every day for a month, the real penalty would be that anyone selling or using drugs in public would get about two hours of freedom per day until they were arrested again. The message would eventually go out that San Francisco is no longer a destination for drug tourism but a place where laws are enforced, and illegal drugs and cash are almost immediately confiscated. Downtown would clear up pretty quickly. (Note: We are not calling for a "war on drugs" but rather a zero-tolerance policy until the city stabilizes. Once it stabilizes, we advocate continuing to arrest dealers).

2. Until they can be removed by ballot initiative or term-ends, we call on the Board of Supervisors to publicly pressure the anti-police Police Commissioners to revise their bias against law-and-order and better understand the realities of police work and the real-world implications of the policy decisions they make. The rules and strictures they have imposed on police operations over the last few years are in large part responsible for this mess. This crisis has authors. Remove them and replace them with commissioners who will help our severely understaffed department become more effective, not drown our officers in paperwork or instruct them to stop enforcing the law.

3. The city's tax base is disappearing. We demand that you slash \$2 billion from the budget immediately. This can be achieved by reducing staff across the board, ending perks, waste, and redundancies, terminating relationships with corrupt non-profits (how much was paid last year to ineffective or non-existent non-profits?), and suspending all raises until you pull the city from the

shambles it is in.

(Note: the budget for Police and Fire Departments should be maintained or increased, as they are critical to fixing our problems.)

4. Immediately reinstate the Homeward Bound bus ticket program.

5. Terminate the head of HSH and hire a shelter-first advocate who will strive to dramatically reduce the number of people living on the streets rather than maintain the status quo.

6. Immediately exempt fentanyl dealers from Sanctuary protection.

No more excuses. This complete dereliction of duty must end today.

For those of you who lack sympathy for large, chain businesses, remember two things: They don't need San Francisco as much as San Francisco needs them, and as anchor tenants to malls and downtown centers, they are the power behind which all of the other area retailers draft. That means jobs, enhanced safety, increased street activity, and tax revenue.

We are regular San Franciscans who are demanding a functional city government. We successfully recalled a dangerous DA and an incompetent Board of Education. Your failure to govern is both outrageous and unacceptable. Your constituents will hold you accountable.

1. Even under Prop 47 and Martin v. Boise, it is illegal to shoplift, sell drugs, possess drugs, and otherwise engage in disorderly behavior in public. Mayor Breed, you have the power right now to instruct the Police Department to deploy 100 officers to the Tenderloin and arrest every single person publicly consuming narcotics or possessing a sufficient amount of narcotics to qualify for a sale charge. Do this every day for a month. Again, even with Prop. 47, these are both still crimes that are punishable by up to six months to a year in county jail -- and sometimes more. Even if a judge releases the offender immediately, if you were to commit to doing this every day for a month, the real penalty would be that anyone selling or using drugs in public would get about two hours of freedom per day until they were arrested again. The message would eventually go out that San Francisco is no longer a destination for drug tourism but a place where laws are enforced, and illegal drugs and cash are almost immediately confiscated. Downtown would clear up pretty quickly. (Note: We are not calling for a "war on drugs" but rather a zero-tolerance policy until the city stabilizes. Once it stabilizes, we advocate continuing to arrest dealers).

2. Until they can be removed by ballot initiative or term-ends, we call on the Board of Supervisors to publicly pressure the anti-police Police Commissioners to revise their bias against law-and-order and better understand the realities of police work and the real-world implications of the policy decisions they make. The rules and strictures they have imposed on police operations over the last few years are in large part responsible for this mess. This crisis has authors. Remove them and replace them with commissioners who will help our severely understaffed department become more effective, not drown our officers in paperwork or instruct them to stop enforcing the law.

3. The city's tax base is disappearing. We demand that you slash \$2 billion from the budget immediately. This can be achieved by reducing staff across the board, ending perks, waste, and redundancies, terminating relationships with corrupt non-profits (how much was paid last year to ineffective or non-existent non-profits?), and suspending all raises until you pull the city from the

shambles it is in.

(Note: the budget for Police and Fire Departments should be maintained or increased, as they are critical to fixing our problems.)

4. Immediately reinstate the Homeward Bound bus ticket program.

5. Terminate the head of HSH and hire a shelter-first advocate who will strive to dramatically reduce the number of people living on the streets rather than maintain the status quo.

6. Immediately exempt fentanyl dealers from Sanctuary protection.

No more excuses. This complete dereliction of duty must end today.

For those of you who lack sympathy for large, chain businesses, remember two things: They don't need San Francisco as much as San Francisco needs them, and as anchor tenants to malls and downtown centers, they are the power behind which all of the other area retailers draft. That means jobs, enhanced safety, increased street activity, and tax revenue.

We are regular San Franciscans who are demanding a functional city government. We successfully recalled a dangerous DA and an incompetent Board of Education. Your failure to govern is both outrageous and unacceptable. Your constituents will hold you accountable.

Mayor Breed and Supervisors: You must take immediate action to end the destruction of San Francisco's retail and business centers!

Message:

Dear Mayor Breed and Supervisors,

We are calling on you TO TAKE IMMEDIATE ACTION to end the destruction of our retail and business centers.

Nordstrom is closing two stores in downtown San Francisco. Union Square is dying. Which major retailer will be next: Bloomingdale's, Macy's, Saks 5th Ave, Neiman Marcus? Our iconic cable cars will soon be transporting tourists to a vacant, blighted downtown. And then those visitors will stop coming. Our city is in a precarious downward spiral, and you must act now to stop it.

You, our city leaders, were on notice and did nothing:

"[Unibail-Rodamco-Westfield] has actively engaged with city leaders for many years to express our serious concerns, which are shared by our customers and retailers. We have urged the city to find solutions to the key issues and lack of enforcement against rampant criminal activity,"

As San Franciscans who care deeply about our city,

we are providing you with a short list of concrete actions which we believe will not only help deter additional retailers from leaving our city, but will improve the overall quality of life of all SF residents. This list is just a beginning:

1. Even under Prop 47 and Martin v. Boise, it is illegal to shoplift, sell drugs, possess drugs, and otherwise engage in disorderly behavior in public. Mayor Breed, you have the power right now to instruct the Police Department to deploy 100 officers to the Tenderloin and arrest every single person publicly consuming narcotics or possessing a sufficient amount of narcotics to qualify for a sale charge. Do this every day for a month. Again, even with Prop. 47, these are both still crimes that are punishable by up to six months to a year in county jail -- and sometimes more. For those of you who lack sympathy for large, chain businesses, remember two things: They don't need San Francisco as much as San Francisco needs them, and as anchor tenants to malls and downtown centers, they are the power behind which all of the other area retailers draft. That means jobs, enhanced safety, increased street activity, and tax revenue.

We are regular San Franciscans who are demanding a functional city government. We successfully recalled a dangerous DA and an incompetent Board of Education. Your failure to govern is both outrageous and unacceptable. Your constituents will hold you accountable.

Mayor Breed and Supervisors: You must take immediate action to end the destruction of San Francisco's retail and business centers!

Message:

Dear Mayor Breed and Supervisors,

We are calling on you TO TAKE IMMEDIATE ACTION to end the destruction of our retail and business centers.

Nordstrom is closing two stores in downtown San Francisco. Union Square is dying. Which major retailer will be next: Bloomingdale's, Macy's, Saks 5th Ave, Neiman Marcus? Our iconic cable cars will soon be transporting tourists to a vacant, blighted downtown. And then those visitors will stop coming. Our city is in a precarious downward spiral, and you must act now to stop it.

You, our city leaders, were on notice and did nothing:

"[Unibail-Rodamco-Westfield] has actively engaged with city leaders for many years to express our serious concerns, which are shared by our customers and retailers. We have urged the city to find solutions to the key issues and lack of enforcement against rampant criminal activity,"

As San Franciscans who care deeply about our city,

we are providing you with a short list of concrete actions which we believe will not only help deter additional retailers from leaving our city, but will improve the overall quality of life of all SF residents. This list is just a beginning:

1. Even under Prop 47 and Martin v. Boise, it is illegal to shoplift, sell drugs, possess drugs, and otherwise engage in disorderly behavior in public. Mayor Breed, you have the power right now to instruct the Police Department to deploy 100 officers to the Tenderloin and arrest every single person publicly consuming narcotics or possessing a sufficient amount of narcotics to qualify for a sale charge. Do this every day for a month. Again, even with Prop. 47, these are both still crimes that are punishable by up to six months to a year in county jail -- and sometimes more. Even if a judge releases the offender immediately, if you were to commit to doing this every day for a month, the real penalty would be that anyone selling or using drugs in public would get about two hours of freedom per day until they were arrested again. The message would eventually go out that San Francisco is no longer a destination for drug tourism but a place where laws are enforced, and illegal drugs and cash are almost immediately confiscated. Downtown would clear up pretty quickly. (Note: We are not calling for a "war on drugs" but rather a zero-tolerance policy until the city stabilizes. Once it stabilizes, we advocate continuing to arrest dealers).

2. Until they can be removed by ballot initiative or term-ends, we call on the Board of Supervisors to publicly pressure the anti-police Police Commissioners to revise their bias against law-and-order and better understand the realities of police work and the real-world implications of the policy decisions they make. The rules and strictures they have imposed on police operations over the last few years are in large part responsible for this mess. This crisis has authors. Remove them and replace them with commissioners who will help our severely understaffed department become more effective, not drown our officers in paperwork or instruct them to stop enforcing the law.

3. The city's tax base is disappearing. We demand that you slash \$2 billion from the budget immediately. This can be achieved by reducing staff across the board, ending perks, waste, and redundancies, terminating relationships with corrupt non-profits (how much was paid last year to ineffective or non-existent non-profits?), and suspending all raises until you pull the city from the

shambles it is in.

(Note: the budget for Police and Fire Departments should be maintained or increased, as they are critical to fixing our problems.)

4. Immediately reinstate the Homeward Bound bus ticket program.

5. Terminate the head of HSH and hire a shelter-first advocate who will strive to dramatically reduce the number of people living on the streets rather than maintain the status quo.

6. Immediately exempt fentanyl dealers from Sanctuary protection.

No more excuses. This complete dereliction of duty must end today.

For those of you who lack sympathy for large, chain businesses, remember two things: They don't need San Francisco as much as San Francisco needs them, and as anchor tenants to malls and downtown centers, they are the power behind which all of the other area retailers draft. That means jobs, enhanced safety, increased street activity, and tax revenue.

we are providing you with a short list of concrete actions which we believe will not only help deter additional retailers from leaving our city, but will improve the overall quality of life of all SF residents. This list is just a beginning:

1. Even under Prop 47 and Martin v. Boise, it is illegal to shoplift, sell drugs, possess drugs, and otherwise engage in disorderly behavior in public. Mayor Breed, you have the power right now to instruct the Police Department to deploy 100 officers to the Tenderloin and arrest every single person publicly consuming narcotics or possessing a sufficient amount of narcotics to qualify for a sale charge. Do this every day for a month. Again, even with Prop. 47, these are both still crimes that are punishable by up to six months to a year in county jail -- and sometimes more. Even if a judge releases the offender immediately, if you were to commit to doing this every day for a month, the real penalty would be that anyone selling or using drugs in public would get about two hours of freedom per day until they were arrested again. The message would eventually go out that San Francisco is no longer a destination for drug tourism but a place where laws are enforced, and illegal drugs and cash are almost immediately confiscated. Downtown would clear up pretty quickly. (Note: We are not calling for a "war on drugs" but rather a zero-tolerance policy until the city stabilizes. Once it stabilizes, we advocate continuing to arrest dealers).

2. Until they can be removed by ballot initiative or term-ends, we call on the Board of Supervisors to publicly pressure the anti-police Police Commissioners to revise their bias against law-and-order and better understand the realities of police work and the real-world implications of the policy decisions they make. The rules and strictures they have imposed on police operations over the last few years are in large part responsible for this mess. This crisis has authors. Remove them and replace them with commissioners who will help our severely understaffed department become more effective, not drown our officers in paperwork or instruct them to stop enforcing the law.

3. The city's tax base is disappearing. We demand that you slash \$2 billion from the budget immediately. This can be achieved by reducing staff across the board, ending perks, waste, and redundancies, terminating relationships with corrupt non-profits (how much was paid last year to ineffective or non-existent non-profits?), and suspending all raises until you pull the city from the

shambles it is in.

(Note: the budget for Police and Fire Departments should be maintained or increased, as they are critical to fixing our problems.)

4. Immediately reinstate the Homeward Bound bus ticket program.

5. Terminate the head of HSH and hire a shelter-first advocate who will strive to dramatically reduce the number of people living on the streets rather than maintain the status quo.

6. Immediately exempt fentanyl dealers from Sanctuary protection.

No more excuses. This complete dereliction of duty must end today.

For those of you who lack sympathy for large, chain businesses, remember two things: They don't need San Francisco as much as San Francisco needs them, and as anchor tenants to malls and downtown centers, they are the power behind which all of the other area retailers draft. That means jobs, enhanced safety, increased street activity, and tax revenue.

We are regular San Franciscans who are demanding a functional city government. We successfully recalled a dangerous DA and an incompetent Board of Education. Your failure to govern is both outrageous and unacceptable. Your constituents will hold you accountable.

I live in District District 4

Mayor Breed and Supervisors: You must take immediate action to end the destruction of San Francisco's retail and business centers!

Message:

Dear Mayor Breed and Supervisors,

We are calling on you TO TAKE IMMEDIATE ACTION to end the destruction of our retail and business centers.

Nordstrom is closing two stores in downtown San Francisco. Union Square is dying. Which major retailer will be next: Bloomingdale's, Macy's, Saks 5th Ave, Neiman Marcus? Our iconic cable cars will soon be transporting tourists to a vacant, blighted downtown. And then those visitors will stop coming. Our city is in a precarious downward spiral, and you must act now to stop it.

You, our city leaders, were on notice and did nothing:

"[Unibail-Rodamco-Westfield] has actively engaged with city leaders for many years to express our serious concerns, which are shared by our customers and retailers. We have urged the city to find solutions to the key issues and lack of enforcement against rampant criminal activity,"

As San Franciscans who care deeply about our city,

we are providing you with a short list of concrete actions which we believe will not only help deter additional retailers from leaving our city, but will improve the overall quality of life of all SF residents. This list is just a beginning:

1. Even under Prop 47 and Martin v. Boise, it is illegal to shoplift, sell drugs, possess drugs, and otherwise engage in disorderly behavior in public. Mayor Breed, you have the power right now to instruct the Police Department to deploy 100 officers to the Tenderloin and arrest every single person publicly consuming narcotics or possessing a sufficient amount of narcotics to qualify for a sale charge. Subject: Take Action to Address Unintended Impacts, re: expiration of the PHE
Date: Thursday, May 4, 2023 12:34:03 PM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Supervisors ,

Dear San Francisco Board of Supervisors, Mayor London Breed,

We write to urge you to take immediate action to address the numerous and significant impacts that the expiration of the Public Health Emergency (PHE) will have on San Franciscans and the greater Bay Area at a time when our most vulnerable community members continue to struggle. These impacts will exacerbate existing regional challenges and jeopardize tenuous progress on core issues of public interest such as public safety, access to medical services, displacement and homelessness, food insecurity, and wealth inequality, while hamstringing progress on disability, environmental, and racial justice.

Although we understand that our collective actions, bolstered by your leadership and the very-best science, have brought us to a “new normal”, allowing for some restrictions to be lifted as the threat from SARS-CoV-2, the novel coronavirus behind the COVID-19 pandemic improves, certain protections must remain in place to prevent a devastating surge in evictions, limitations in medical services, and increased risk for infections, especially for the most vulnerable members of our community. This letter is also an invitation to join with us to work together to protect our Beloved City and Bay Area Community.

Without your intervention, the effects of an abrupt end to the public health emergency and its embedded protections, will fall particularly on vulnerable populations who have already been disproportionately impacted by the pandemic – including people with disabilities, older adults, low-income households, people of color, people facing housing insecurity and food insecurity, artists, working families, LGBTQIA+ folks, people with chronic illness, immigrants, children, and our essential workers. We urge the San Francisco Board of Supervisors and Mayor London Breed to take the immediate following actions:

Support ongoing monitoring and reporting of Bay Area SARS-Cov-2 presence in wastewater, cases, hospitalizations and deaths;

Extend eviction protections one final time, through January 31, 2024, while developing and implementing an equity-charged “Recover and Prosper without Displacement” off-ramp strategy to prevent a mass surge in homelessness;

Continue universally masked access in healthcare settings, and promote universally masked access to indoor or crowded public spaces and schools to protect and shield medically vulnerable individuals, who will still require increased public health protection to prevent serious illness or death, thus protecting their inherent right to accessible spaces and not

undermining progress made through groundbreaking laws like the ADA;

Work with us to develop a “Public Space, Public Air, Personal Choice” sunshine ordinance that requires and supports upgrades to measure and disclose CO2 levels in public spaces. Just as radar speed signs calm traffic and reduce harm this public disclosure will safeguard access to public spaces while providing transparent unfettered public access to data to facilitate personal liberties in decision-making;

Commit funds to support a public education effort to inform people of their rights while also helping at-risk community clients to access local nonprofits that support families on their way to recovery from pandemic-related setbacks;

Create, in advance, transparent criteria to recognize, monitor and communicate to the public the presence of any new variants of concern or of any possible surges in infection with specific thresholds for reinstituting recommended public health protections, first voluntarily, then on a mandatory basis;

Bolster and fund established and emergent community leaders and multi-stakeholder efforts to address homelessness, displacement, and other forms of inequity in San Francisco. Multi-stakeholder platforms have the power to amplify communications from the frontline to provide ongoing and critical information and avert distress; and

Commit to meeting with us and make it possible to hold a public summit with our “San Francisco United in Equity for a Just Recovery” coalition to discuss these and other concerns and lay the groundwork for a truly inspired collaboration that will meet the challenges of the moment.

Already over 1.12 million people in the United States died from SARS-CoV-2 representing nearly 20% of total global deaths, despite the US being only 4% of the global population. Our disproportionate burden exposed flaws in society jeopardizing the very promise of the American Dream. California was the bright spot in the USA's pandemic response: following the science early on and creating a data-informed response that took into account not just the virus but also social determinants of health and systems that harm we're all working to dismantle. That shining spot of our response was made possible by the 7 counties coming together to act quickly, decisively, and in concert with one another in the face of an imminent threat. Despite differences, we acted as one. No doubt their actions saved us from the realities of refrigerator trucks, mass graves, and paupers' cemeteries overflowing with the dead that we saw in places like New York City and El Paso, Texas.

As we worked together to lead the nation in a strategy to address the virus, this is an invitation to work together to lead the nation in a strategy that ensures a more equitable and just response to the challenges of recovery. Now that the public health emergency is officially ending, we must focus on maintaining crucial and effective policy shields, such as the continuation of masking in healthcare settings, and pandemic-related moratoria, to name just two, in order to build on the hard work and strong foundation of knowledge our city has acquired since March 2020.

The people and reputation of San Francisco – as a shining example of equity, justice, community, and as a leader of innovation in a changing world – is in our hands.

Thank you.

Clerk of the Board:

Please put this email in the correspondence file for the May 9, 2023 Committee of the Whole, SFBOS hearing on Laguna Honda Hospital, File # 230035.

From Arthur Persyko, 2190 Washington Street, SF/CA/94109

May 9, 2023

Dear SF Board of Supervisors:

Laguna Honda Hospital is San Francisco's public long term care facility, so it is an essential public asset that should be protected for the common good, and operated in a way that maintains a high standard of care that will allow San Franciscans to benefit from it now and into the future. The continued availability of a public long term care facility like Laguna Honda without interruption means that its residents can rest assured they won't be forced to leave for an uncertain future or risk transfer trauma injury, illness or death; it also means that fewer San Franciscans will be at the mercy of the for-profit nursing home industry which proved by its overall poor performance during the pandemic to be operating under structural incentives which make it less likely they will adequately protect the health and lives of their residents.

However, to retain a consistently reliable SF public long term care facility like Laguna Honda Hospital in the future, San Francisco must avoid the circumstances which led to forced transfers of residents under duress as occurred in the recent past with tragic results: Transfer trauma deaths, and for those who survived it, transfers to distant locations; some as far away as the Central Valley and Southern California (far from their families and friends as their support systems) only to be consigned to low quality, chain, poorly performing, for-profit nursing homes. That should not have happened; and we in San Francisco must see to it that it never happens again.

SF Board of Supervisors: Immediately, or as soon as possible after this hearing, please communicate with HHS (the US Department of Health and Human Services) and their CMS (Centers for Medicare and Medicaid Services) which oversees our nation's nursing homes to let them know what we San Franciscans want for Laguna Honda Hospital; and tell them that we will cooperate with them and any or all of the other relevant local, state and federal entities, to see to it that at Laguna Honda Hospital:

- 1). There is no closure, no evictions of residents nor any bed cuts;
- 2). Re-admissions of residents will restart as soon as possible and be open to any San Franciscan who is eligible for nursing home care; and
- 3). Safe and local care and housing must be found first for anyone who is able to leave Laguna Honda.

Please tell CMS that Laguna Honda must be saved intact; and that to do otherwise would compound the dire shortage of skilled nursing home beds locally, regionally and statewide- especially for those on Medi-Cal; and would lead to a catastrophe for present and future residents. And we should resolve to make Laguna Honda even better in the future.

Laguna Honda Hospital is a reflection of what we like to think of as San Francisco values. So we need to live up to them! It's about all of us in SF taking care of each other with the same high standards of care for all, that each of us would want and expect for ourselves, our family and our friends. That standard of care should apply to all San Franciscans, including those who are underserved, unhoused, and disabled, and who, like every one of us, deserve kindness in the form of proper treatment, care and housing in the community.

SF Board of Supervisors: You are the elected stewards of our city and county's government. You are responsible and accountable for our public health services, including Laguna Honda Hospital. Please do everything in your power to make sure that Laguna Honda is saved intact and performing up to the highest standards possible. To perpetuate that performance level into the future, please propose that both the SF and California Departments of Health cooperate to build more effective and more timely corrective feedback loops into the oversight of Laguna Honda Hospital so that its standards of care will likely never again diminish. New administrators of Laguna Honda must be hired who are highly qualified and adhere to best practices for long term care, with frequent accountability measures that will ensure that there will be pro-active or corrective action taken to prevent lowering its performance below high standards; to ensure a level of public long term care of which we in SF will be proud, into the future.

Thank you for reading and/or listening to me and my public comment today.

Sincerely, Art Persyko, San Francisco Gray Panthers board member

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear elected representatives:

Consider the mental & emotional cruelty of not knowing what your future residence will be by the end of the month or week. Is this acceptable to you?

This contributes to the emotional instability of our LHH residents. No wonder they prefer to die rather than live with such emotional cruelty and instability.

Many of us grew up here knowing LHH would be here to care for us in our advanced years, especially those of us without family. Now we are unsure of our options and we see that our elected representatives don't seem to care enough about us. We supported San Francisco for our adult lives, many of us actually working FOR the City. Now, we are being ignored and disrespected.

Can we expect support from our Supervisors to secure the future of the Laguna Honda facility? It IS a City and County facility with CCSF employees. Can we expect our Mayor to be the primary advocate for the ongoing and sustaining support of LHH?

What can retired City employees expect if and when they NEED the services of LHH? We served the City. Is the City going to help serve us??

All seniors of SF are or should be entitled to quality health care in SF. LHH is a significant part of that care. We expect our current City leadership to continue to support the essential health services in SF. Just think a bit about WHO our City was named for to understand the philosophy of the San Francisco founding fathers and mothers.

Please consider the impact this ongoing drama is having on our senior population. Cruel and unusual emotional instability should be illegal. It contributes to the increased deaths of the seniors in LHH who don't know if they will be evicted from their care facility without notice or decent options. Would you find that acceptable for your parents? For yourself? None of us can be certain we would ever need those services.

Please take the lead so that we can know what you are doing to preserve and sustain LHH. This ongoing drama is not acceptable. We know how these agencies work!! We also know we can't sustain the emotional cruelty and pressure caused by this problem. Who will be responsible for the ongoing deaths caused by this unresolved problem? Or, is the message included in the death rate? Aging becomes an encouraging option under these circumstances! SERIOUSLY???

Read the attached expose written by Patrick Monette-Shaw. He is a retired City employee and essential investigative reporter. His articles are exceptional and thorough.

We are looking to you as our elected leaders to protect and support us as we age in our City. We expect you to sustain the services needed as we age, too. Step up and save LHH. Let's end this drama! Let's provide the emotional security needed to sustain quality of life as we age. We continue to contribute to our community and can only do that with the facilities available to us. LHH is a significant part of those facilities. (Oh, we still vote, also!!)

Thanking you in anticipation of your (increased) involvement and leadership in supporting essential senior services in San Francisco, SPECIFICALLY regarding LHH.

Claire Zvanski
Retired City employee
Past president, Retired Employees of the City and County of SF (for identification purposes only)
Native San Franciscan

Subject: My April article ("Laguna Honda Hospital's Revised Closure Plan Just Released — San Franciscans Need to Raise Their Objections – Now") is available on-line

To:

My bad. Forgot to change the subject line of this e-mail ...

My April article ("***Laguna Honda Hospital's Revised Closure Plan Just Released*** — *San Franciscans Need to Raise Their Objections – Now*") is available on my web site at www.stopLHHdownsize.com. It was also published in the *Westside Observer*. A printer friendly PDF file is attached.

April Cover ☐

Illustration

**We Need to Demand: No Complete Closure of Laguna Honda,
No Bed Cuts, and Admissions Must Resume**

**We Also Need to Hold City Managers and Employees Responsible
for LHH's Mess Accountable, Up to and Including Termination**

When I first published this article a little over a week ago, LHH's census stood at 537 as of April 14. Eight days later it dropped to 530 residents, probably due to patients who requested being discharged home or to another facility, transferred to an acute care hospital, went AWOL (eloped), no longer needed skilled nursing level of care, or may have expired at LHH.

A table in this new article shows the change in types of patients being cared for at LHH between the time it was decertified in April 2022 to the remaining resident census when the "*Revised LHH Closure Plan*" was released to the public on Friday April 21.

Between October 14, 2021 and April 14, 2023 LHH's patient census has dropped by 157, from 710 residents to now just 537.

The *Revised LHH Closure Plan* shows that of LHH's 537 current remaining residents, 34 patients have advanced dementia and are at high risk of wandering and elopement who are on a locked/secured memory unit; 142 are in need of memory care for moderate- to advanced-cognitive deficits; 85 are monolingual patients needing SNF level of care; 34 patients are in need of shorter-term skilled nursing rehabilitation; 44 are HIV/AIDS patients; 43 are receiving palliative care or hospice care; and 105 residents have complex medical problems needing total care and high levels of support. All of them are at high risk of eviction.

Obviously the 105 patients (19.6%) who have multiple medical problems and the 176 residents (32.8%) having advanced dementia's or moderate-to-advanced dementia's should not be discharged from LHH.

Additionally, 82 residents (15.3%) either lack decision-making capacity and have no decision-maker, or have — or are pending — a public conservator, and another 301 residents (56.1% of the 537 residents) have a surrogate decision-maker for them, incapable of making their own informed healthcare decisions. There's clearly overlap between the conserved patients and those with specific medical conditions.

Unfortunately, as this article shows, the *Revised LHH Closure Plan* is worrisome, precisely because CMS and CDPH expect LHH may need to resume evicting LHH's residents as early as May 20 — just 14 days from now — if CMS doesn't extend the pause on discharges and transfers set to expire on May 19. It's cruel that CMS hasn't yet granted an extension to resumption of the discharges and transfers — and may not do so until the night before, perhaps on May 18. Everyone's holding their breath to see if a last-minute reprieve arrives to extend that pause beyond May 19.

The article also describes the dearth of various types of beds currently available in different types of facilities in San Francisco.

And sadly, the *Revised LHH Closure Plan* barely acknowledges that the 99% of LHH's residents who rely on Medi-Cal have nowhere to go in San Francisco, because few San Francisco facilities even accept Medi-Cal patients.

Signing on to a Change.org petition at <https://chnge.it/wzzKhRKHxy> could be the most important thing you and your friends and family could do today!

As well, San Francisco's Gray Panthers organization has stated we must continue the community outcry to *every agency involved*. Follow the Gray Panther's "Call to Action" [here](#) to obtain advice on talking points and providing testimony to the Board of Supervisors on May 9.

April 22, 2023

San Franciscans Need to Raise Their Objections — Now

Laguna Honda Hospital's Revised Closure Plan Just Released

We Need to Demand: No Complete Closure of Laguna Honda, No Bed Cuts, and Admissions Must Resume

We Also Need to Hold City Managers and Employees Responsible for LHH's Mess Accountable, Up to and Including Termination

by Patrick Monette-Shaw

On Friday, April 21, news reared it's ugly head that Laguna Honda Hospital (LHH) is still expected to accomplish — and is moving closer toward — full closure.

April 14, 2023 was the one-year anniversary of LHH's decertification and the halt of any new admissions. San Francisco residents seeking SNF level of care at LHH have been dumped out-of-county ever since.

That's because the "LHH Revised Closure Plan" obtained last Friday through a public records request placed by the *Westside Observer* states the Centers for Medicare and Medicaid Services (CMS) and the California Department of Public Health (CDPH) expect LHH must discharge its remaining 537 residents as of April 14 before November 13, the same date all federal Medicare reimbursement to the hospital is scheduled to cease.

The closure plan states LHH's full "Anticipated Closure Date" is November 13, 2023. No if's, and's, or but's.

The "Revised Closure" plan is available [on-line](#). The meat of the 56-page plan is between pages 1 and 27, with most of the key information on pages 1 through 4.

The Backstory

If CMS and CDPH force LHH to close completely, we'll lose seven times *more* desperately needed skilled nursing beds than the 120 beds a recent *Change.org* petition had initially set out to save. **We're back to needing to save all 769 beds at LHH!**

LHH mostly serves low-income, medically indigent patients, who will likely face discharges, exile, and displacement to out-of-county facilities. away from their families, friends, and support networks. LHH is currently licensed for 769 patient beds, which will vanish if the facility is forced to close completely.

Last November, CMS required LHH to submit a revised "Closure and Patient Transfer and Relocation Plan," because LHH's initial Closure Plan in May 2022 had been a poorly thought-out disaster, and 12 of 56 patients discharged from LHH last summer died within two months of their mandatory transfers. We can't let that happen again!

LHH submitted its *Revised Closure* plan last December 21, and it has taken four months of back-and-forth negotiation and more required changes to the closure plan, before CMD/CDPH approved it on April 18. The *Westside Observer* finally obtained it under a public records request last Friday.

Laguna Honda Hospital's Risk of full closure has been aggravated by the slow progress the Hospital is making towards obtaining re-certification, and problems passing survey's to demonstrate substantial compliance with CMS' regulations. We can't lose 120 — or **all 769** — of LHH's beds!

"LHH is still expected to accomplish — and is moving closer to — full closure."

"The 'LHH Revised Closure Plan' released last Friday states CMS and CDPH expect LHH must discharge its remaining 537 residents before November 13, 2023."

"We'll lose seven times more greatly needed skilled nursing beds than the 120 beds a recent *Change.org* petition had initially set out to save. We're back to needing to save all 769 beds at LHH!"

Discharges of all patients were supposed to have been completed by September 13, 2022, but were paused on July 22 due to 12 patient deaths post-discharge. Further transfers were extended only until February 2, and extended again to May 19. The discharges have been expected to resume as early as May 20, 2023 if CMS/CDPH don't extend the pause of mandatory discharges even further.

Unfortunately, that doesn't appear to be under active consideration. Hopefully, the pause might be extended again, but it's extremely doubtful.

As one observer, a former geriatrician MD at LHH, notes: *"The evidence of what a disaster this will be for hundreds of residents and their families is within the [revised closure] plan itself."*

"It has taken four months of back-and-forth negotiation and more required changes to the closure plan, before CMD/CDPH approved it on April 18."

"Discharges have been expected to resume as early as May 20, 2023 if CMS/CDPH don't extend the pause of mandatory discharges even further."

Table 1: Decline in LHH's Census by Type of Resident Care Needs, May 2022 to April 2023

Type of Care "Unit"		LHH Patient/Resident Census		
		Initial Plan 5/13/2022	Revised Plan 4/14/2023	Loss Thru Attrition
Locked / Secured Memory Care	Patients with advanced dementia and at high risk of wandering and elopement	40	34	(6)
Integrated Support	Patients with behavioral impairments due to stroke, MS, dementia, brain injuries, etc.	56	46	(10)
Memory Care	Patients in need of memory care for moderate to advanced cognitive deficits	168	142	(26)
Language Focused	Monolingual patients needing SNF level of care	112	85	(27)
SNF Rehab	Physical medicine rehabilitation patients, short-stay	43	34	(9)
Acute Rehab	Intensive medium length of stay physical rehab patients	0	0	0
Medical Acute	6-Bed in-house acute unit	3	4	1
Positive Care	HIV/AIDS-positive patients needing skilled nursing care	52	44	(8)
Palliative Care	Patients with terminal diseases needing palliative care	48	43	(5)
Complex Care with Total Support	Patients with medical conditions needing a high level of nursing care	159	105	(54)
Patient Census Total:		681	537	(144)

Source: California Department of Public Health and LHH data, as of April 14, 2023.

Between October 14, 2021 and April 14, 2023 LHH's patient census has dropped by 157, from 710 residents to now just 537. The revised closure plan shows that of LHH's 537 current remaining residents, 34 patients have advanced dementia and are at high risk of wandering and elopement who are on a locked/secured memory unit; 142 are in need of memory care for moderate- to advanced-cognitive deficits; 85 are monolingual patients needing SNF level of care; 34 patients are in need of shorter-term skilled nursing rehabilitation; 44 are HIV/AIDS patients; 43 are receiving palliative care or hospice care; and 105 residents have complex medical problems needing total care and high levels of support. All of them are at high risk of eviction.

For those interested the table above showing the net attrition by types of patient care in the one-year period between the initial closure plan in May 2022 and the new revised closure plan is available on line, [here](#).

The "Revised Closure Plan" reports that as of December 21, 2022 there were only 1,228 skilled nursing beds in San Francisco (which has worsened with the closure of "The Marina on the Green" SNF, losing 32 beds two weeks ago). Of those 1,228 SNF beds, only one — yes, 1 — bed is available for LHH patients. San Francisco only

"The net attrition by patient care types in the one-year period between the initial closure plan in May 2022 and the new revised closure plan is shown above."

"The 'Closure Plan' reports that as of December 21, 2022 there were only 1,228 skilled nursing beds in San Francisco (which has worsened). Of those 1,228 SNF beds, only one — yes, 1 — bed is available for LHH patients. Other types of facilities in San Francisco also have a dearth of beds."

has 15 beds available in Residential Care Facilities for the Elderly; 30 beds available in Residential Supportive Housing; 9 beds available in Residential Substance Abuse Treatment facilities; zero available beds in SNF's that provide mental health services; and 28 available beds in board-and-care homes, respite facilities, and shelters (which are — obviously — unsafe for patients needing medical care).

There's a total of approximately 98 beds available in various types of facilities in San Francisco — including the single skilled nursing facility bed available. Unfortunately, the "*Closure Plan*" doesn't wade into describing whether any of the 98 beds in San Francisco facilities accept patients with Medi-Cal as their insurance payor source. 99.1% (532) of LHH's residents are on Medi-Cal.

Just one current resident is in a Medicare managed Care HMO plan. By contrast, there were 127 Medicare patients (out the then-686 patient census) as of May 6, 2022 at the time, representing 18.5% of all LHH residents. That may be a result of admissions to LHH having been halted in April 2022.

There's virtually no places in-county for LHH's current 537 residents. They'll likely wind up in out-of-county facilities.

As one person who left a comment on this Change.org petition noted, "*Current and potential residents shouldn't be penalized due to the incompetence of overcompensated bureaucrats and/or their hired guns.*" She was referring to LHH managers brought in from San Francisco General Hospital and SFPD who had no experience with skilled nursing facilities and were running LHH as if it were an acute-care hospital, which by LHH's own admission led to LHH's decertification one year ago on April 14, 2022.

Key Highlights in Revised Closure Plan

Some key take-aways in the "*LHH Revised Closure Plan*" LHH has been "negotiating" with CMS/CDPH for the past four months include:

- There is no mention of whether CMS and CDPH have decided yet whether to further extend the pause on transfers scheduled to end on May 19 and perhaps resume on May 20. We won't know until we're told, but it's something we San Franciscans should continue to advocate against with D-7 Supervisor Myrna Melgar and the full Board of Supervisors during their May 9 *Committee of the Whole* Hearing at the full Board, that will probably be scheduled at 3:00 p.m. and may take public comment both in-person and remotely over the phone.

- Footnote #6 on page 3 seems to suggest that if LHH gains its re-certification and admissions of new patients might resume, patients previously discharged to other skilled nursing facilities (mostly out-of-county) since last summer "*could expect to return*," and perhaps be re-admitted from out-of-county facilities. That "*could*" remains a big "*if*."

We'll see if re-admit candidates get moved to the top of any waiting lists for new admissions or empty beds. That's why LHH's planned and potentially required 120-bed cut issue being solved concurrently is a big deal!

- Page 4 states "*Laguna Honda may, in its discretion, discharge patients who no longer meet the requirements for SNF level of care, as well as patients who present a danger to other residents and the institution, are unable to have their needs met at LHH, and require placement in a different setting outside of Laguna Honda.*"

This appears to be a CDPH clarification finally adding some clarity about so-called CMS Phase 3 regulations around behavioral health patients being potentially inappropriately placed at LHH where they don't receive the most appropriate level of care and treatment services they deserve to receive, and retention of long term of patients once they no longer have skilled nursing level-of-care needs at LHH.

“ There’s a total of approximately 98 beds available in various types of facilities in San Francisco — including the single skilled nursing bed available. Unfortunately, the ‘Closure Plan’ doesn’t mention whether any of the 98 beds accept Medi-Cal patients.”

“ If LHH gains its re-certification and admissions of new patients might resume, patients previously discharged to other skilled nursing facilities ‘could expect to return [to LHH].’ That ‘could’ remains a big ‘if’.”

- Page 5 of the *Revised Closure Plan* specifically states: “As the *Closure Plan* is implemented, Laguna Honda, in conjunction with DHCS, **will provide a daily update to CMS and CDPH on the progress in transferring patients, including where they are being transferred until all patients are transferred.**”

Since the *Plan* doesn’t specifically state this, if the *Closure Plan* does go into effect on May 19, the pause on transfers is **not** extended, and mandatory discharges resume on May 20, we will need to advocate **strongly** with Supervisor Melgar and the Board of Supervisors to **require** that SFDPH and LHH resume posting weekly progress reports in the same format they had used last summer on a public website, at minimum, so we don’t have to place public records requests each week to track the progress of discharges.

“ We will need to advocate *strongly* with Supervisor Melgar and the Board of Supervisors to *require* that SFDPH and LHH resume posting weekly progress reports to track progress of discharges. ”

- There may be a potential glimmer of hope that the current pause on discharges and transfers might be extended beyond May 19. Pages 32–33 states: “*Laguna Honda plans to transfer or discharge all patients by the new anticipated closure date of November 13, 2023 (unless CMS agrees to pause transfers and involuntary discharges initiated pursuant to the revised Closure Plan or Laguna Honda if is recertified in either the Medicare or Medicaid programs).*”

That may be another big “*if*,” since LHH is way behind even beginning to apply for re-certification, and is still struggling to demonstrate to CMS and CDPH that LHH is making significant progress in returning to being in substantial compliance with CMS’ regulations for skilled nursing facilities to remain operating.

“ LHH is way behind even beginning to apply for re-certification, and is still struggling to demonstrate to CMS / CDPH that LHH is making significant progress in returning to being in substantial compliance with CMS’ regulations. ”

How You Can Help

First, signing on to a Change.org petition would help immensely to help document to the Board of Supervisors, San Francisco’s Health Commission, LHH, and CMS and CDPH that there is strong community resolve to preserve our beloved skilled nursing facility and rehabilitation center. Please share the petition widely with your friends, families, co-workers, and social media contacts to help garner more signatures in a public display of unity. The Change.org petition is available at <https://chnng.it/wzzKhRKHxv>.

Signing on could be the most important thing you could do today!

As well, San Francisco’s Gray Panthers organization has stated we must continue the community outcry to ***every agency involved***. San Franciscans, present and future, must not suffer and die due to lack of services at Laguna Honda.

Local, State, and Federal government officials **all** need to hear from San Franciscans that Laguna Honda must be saved with ***all*** beds intact, and we need admissions to restart. You can follow the Gray Panther’s “*Call to Action*” [here](#) to obtain advice on talking points and providing testimony to the Board of Supervisors.

We must all help to protect the City’s most vulnerable residents at Laguna Honda!

“ Signing on to a Change.org petition would help immensely to help document there is strong community resolve to preserve our beloved skilled nursing facility and rehabilitation center. ”

“ Local, State officials and Federal government officials all need to hear from San Franciscans that Laguna Honda must be saved with all beds intact, and we need admissions to restart. ”

Sent via email to bos@sfgov.org

RE: MEMBERS OF THE SITE VISIT COMMITTEE, THE IMPLEMENTATION COMMITTEE, AND THE EXECUTIVE COMMITTEE OF THE BEHAVIORAL HEALTH COMMISSION ARE AGAIN POISED TO COMMIT MISDEMEANORS AND OFFICIAL MISCONDUCT ON TUESDAY, MAY 9.

Honorable Chair Peskin:

The Behavioral Health Commission has noticed meetings of its Site Visit Committee, Implementation Committee, and Executive Committee, all to occur on Tuesday, May 9. Again, the agendas for these meetings disclose multiple misdemeanors and acts of official misconduct to be committed if the meetings go on as planned, some of which could cause pervasive and ongoing problems for the Commission.

The Agendas and Notices of Meetings of the Meetings of the Implementation Committee and the Executive Committee to be Held on May 9 Do Not Appear to Disclose the Correct Times and Locations for the Meetings of These Bodies.

The agenda and notice of meeting for the meeting of the Implementation Committee on May 9 shows the meeting time as 4:00 p.m. to 5:00 p.m., and that the meeting is to be held in Room 416 at City Hall. The agenda and notice of meeting for the meeting of the Executive Committee on May 9 also shows a meeting time of 4:00 p.m. to 5:00 p.m., and that the meeting is to be held in Room 515 at City Hall. Postings on the Commission's website, however, tell a different story. The website says that the meeting of the Implementation Committee will be held from 3:00 p.m. to 4:00 p.m. in Room 416, and not 4:00 p.m. to 5:00 p.m., and that the meeting of the Executive Committee will be held from 4:00 p.m. to 5:00 p.m. in Room 416, and not Room 515. One or the other of each of the notices has got to be wrong. I'll go with what is on the website, which

means that the notices posted at the Public Library and sent to members of the public pursuant to *Cal. Gov't Code* § 54954.1 disclose incorrect times and locations for these meetings. Thus, the notices violate *Cal. Gov't Code* § 54954.2(a)(1) and *S.F. Admin. Code* § 67.7(a) (first sentence) or *Cal. Gov't Code* § 54956(a) and *S.F. Admin. Code* § 67.6(f), depending on whether the meetings may be considered to be regular or special (neither notice says anything on this score). Either way, the notice given to the public does not disclose the place and time of the meetings. Nothing may be transacted or discussed at the meetings of the Implementation Committee and Executive Committee, therefor. For either committee to meet and discuss anything other than the fact that everything on the agenda is out of order due to violation of state and local procedural law, RONR (12th ed.) 10:26(1), will be official misconduct under *S.F. Charter* § 15.105(e) on the part of each member who attends, because such will entail a failure, refusal, or neglect to perform a duty enjoined upon the members by law, namely to disclose the correct meeting place and time to the public. If any action is taken, it will bring misdemeanor guilt upon every member who attends pursuant to *Cal. Gov't Code* § 54959, because it will be action taken in violation of the Brown Act with the intent to deprive the public of information that each member of each committee who attends will know the public to be entitled, i.e., notice of the correct time and place of the meeting.

Item 1.1 on the May 9 Agendas for the Site Visit Committee and the Unnumbered Item on the Agenda for the Implementation Committee Would Both Violate *Cal. Gov't Code* § 54954(a).

Each of the three agendas for May 9 contains the following item:

1.1 The Co-Chairs will call for a motion to disclose the physical place, time, and location of the meetings going forward and BHC Staff call attention to California Government Code Section 54953(e) also known as AB361 for the hybrid participants which empowers local policy bodies to convene by teleconferencing technology for those physically unable to attend – **[action item]**

This is really two items. I will deal with the second item first. Aside from the obvious errors, as pointed out in previous correspondence (See p. 12 of my letter of Apr. 2, 2023, to the Board of Supervisors, included as Item No. 15 in the Communications packet for their meeting on Apr. 11, file no. 230398), that the subdivision in question is *Cal. Gov't Code* § 54953(f), not (e), also known as A.B. 2449, not A.B. 361, which is no longer available since the Governor revoked his emergency declaration effective Feb. 28, no notice under subdivision (f) is necessary for actions required by *id.* § 54953(f)(2)(A)(ii) unless a member attending remotely under “emergency circumstances” requests this before the notice of the meeting is posted. In such a case, each general description of emergency circumstances must appear as a separate item on the agenda, with a dedicated opportunity for the public to address the committee on it before action is taken on the item. *Cal. Gov't Code* §§ 54954.2(a)(1), 54954.3(a), and 54956(a), and *S.F. Admin. Code* §§ 67.6(f), 67.7(a), and 67.15(a) and (b).

As for the first part of this item, the motion that I think is really intended is not to “disclose the physical place, time, and location of the meetings going forward,” but to *provide* places and times for *regular* meetings. “Each legislative body of a local agency . . . shall provide, by ordinance, resolution, bylaws, or by whatever other rule is required for the conduct of business by that body, the time and place for holding regular meetings. . . .” *Cal. Gov’t Code* § 54954(a). Even so, motions by these committees to provide times and places for their regular meetings would violate *id.* because this section prohibits advisory committees or standing committees from providing times and places for their regular meetings.

I already demonstrated conclusively that the plain language of this subdivision does not allow for standing committees such as these to provide times and places for their regular meetings. Item no. 6, pp. 12-16 in my letter of Apr. 2 to the Board of Supervisors, included as Item No. 15 in the Communications packet for the regular meeting of the Board of Supervisors on Apr. 11, 2023, file no. 230398. Reaching, then, for some explanation—which is not to say justification—of the behavior of the committee chairs here, I see that the first sentence of *S.F. Admin. Code* § 67.6(f) contains some potentially misleading language. This subdivision begins, “Special meetings of any policy body, *including advisory bodies that choose to establish regular meeting times*, may be called at any time . . .” Implicit in this language is that a) advisory committees may choose whether to hold regular meetings (as opposed to only meeting specially); and b) advisory committees that choose to hold regular meetings may also choose the times for these meetings. From this language, one might conclude that advisory committees actually have the power to do these things, and that my argument to the contrary is somehow wrong. Such a conclusion would be false.

First, neither the Board of Supervisors, who first passed this subdivision in 1993, nor the voters acting through the *S.F. Admin. Code*, who amended the *Sunshine Ordinance* in 1999, have the power to abrogate state law or carve out exemptions from it. *Cal. Const.* Art. XI, § 7 (“A county or city may make and enforce within its limits all local, police, sanitary, and other ordinances and regulations not in conflict with general laws.”) *Cal. Gov’t Code* § 54954(a) is state law, and any contradictory local law (except for *S.F. Charter*), including this clause in the first sentence of *S.F. Admin. Code* § 67.6(f), is null and void therefor.

Second, the propositions “a” and “b” are not commanded by *S.F. Admin. Code* § 67.6(f). This section is merely stating them by way of clarification, on the way to stating what state law in fact already says, that policy bodies, including advisory bodies, may meet specially. *Cal. Gov’t Code* 54956(a) (legislative bodies may meet specially). Still, the clarification in the italicized clause is wrong, and why it is wrong requires an exploration of some legislative history.

At the time that *S.F. Admin. Code* § 67.6(f) was first passed in 1993, the Brown Act was in a very different state than that in which we find it today. In 1993, *Cal. Gov’t Code* § 54954 stated as follows, in full, “Each legislative body of a local agency shall provide, by ordinance, resolution, bylaws, or by whatever other rule is required for the conduct of business by the legislative body, the time for regular meetings.” Note that the place for regular meetings is left

unregulated. Note further that there is no exemption or special treatment for legislative bodies that are advisory committees or standing committees. This section had been this way since the original passage of the Brown Act 40 years earlier. Furthermore, the definition of “legislative body” was very different. The definition included only committees with the power to act on behalf of their parent bodies. Advisory committees were not “legislative bodies” in 1993. *Id. former* § 54952. Consequently, committees with power had no choice; they had to meet regularly and provide times for regular meetings. Advisory committees were not left unregulated by the Brown Act in 1993, but they were neither “legislative bodies,” and thus were not subject to *id.* § 54954(a). Consequently, the Board of Supervisors in 1993 were, through the italicized clause, only clarifying in passing what state law said in 1993. They had no power to hold state law in check or freeze it in time.

The Brown Act changed a lot after 1993. S.B. 1140, passed and signed into law in 1993 but not effective until 1994, ceased the regulation of advisory committees that were not legislative bodies, but gave many advisory committees “legislative body” status. The complicated definition of “legislative body” that appears today in *Cal. Gov’t Code* § 54952(b) is the direct product of S.B. 1140. Furthermore, *Cal. Gov’t Code* § 54954 was also modified in 1993, effective in 1994, to include places for regular meetings, move the entire text of the section into subdivision (a), and add lots of other subdivisions to this section. Consequently, beginning in 1994, advisory committees that were “legislative bodies” under the Brown Act were required to hold regular meetings and were thus required to provide the times and places of these meetings “by ordinance, resolution, bylaws, or by whatever other rule is required for the conduct of business by the legislative body . . .” Moreover, because the *San Francisco Sunshine Ordinance* made all ad hoc advisory committees created by policy bodies and all standing committees, regardless of how created, into policy bodies themselves and subjected their meetings to the Brown Act, *S.F. Admin. Code* § 67.5, all ad hoc advisory committees created by policy bodies, and all standing advisory committees, whether “legislative bodies” or not, were at least potentially (depending on whether the Brown Act applied to them through *id.* and such “would result in greater or more expedited public access . . .” or the Brown Act applied to them *per se*) subject to the new *Cal. Gov’t Code* 54954(a) and had to provide times and places for their regular meetings. Thus, because of the unintended effect of *S.F. Admin. Code* § 67.5 in conjunction with reorganization of the Brown Act that occurred the same year, the italicized clause in *S.F. Admin. Code* § 67.6(f) became inaccurate before it was even one year old.

The italicized language in *S.F. Admin. Code* § 67.6(f) got a brief reprieve with S.B. 138 in 1997. This bill excluded “advisory committees or standing committees” from coverage by *Cal. Gov’t Code* § 54954(a). This subdivision then completely contained the first sentence that it does today, but no second sentence. All advisory committees, without distinction, thus excluded, could once again decide whether to meet regularly or not, and, if so, where and when, and the clause in the first sentence of *S.F. Admin. Code* § 67.6(f), italicized above, again became accurate.

These conditions would only persist for one year. In 1998, S.B. 139 further changed the Brown Act, adding what is now the second sentence to *Cal. Gov't Code* § 54954(a). This sentence placed the decision as to whether advisory committees may meet regularly, and the time and place of their regular meetings if they were, squarely in the hands of the top-level creating body. Through *S.F. Admin. Code* § 67.5, this applied to all advisory committees except ad hoc advisory committees not created by a policy body (and even ad hoc advisory committees of the Commission not created by the Commission are subjected to this section through the Commission's bylaws). This rendered the italicized language in the first sentence of *S.F. Admin. Code* § 67.6(f) doubly inaccurate—advisory committees could neither choose whether to meet regularly nor the time of such meetings. Thus, both propositions a and b were now false. Such decisions were to be made by their top-level creating policy body, beginning in 1999.

The voters, amending the *S.F. Sunshine Ordinance* through Proposition G in 1999, apparently overlooked this anachronism in the italicized clause in the first sentence of *S.F. Admin. Code* § 67.6(f), which had become an anachronism once again for less than one year prior to the election.

Thus, the Implementation Committee, truly an advisory committee created by the Commission through adoption of its bylaws on May 18, 2022, appears to be stuck in a period of time long before it even existed. The motion for it to “disclose” (provide) the time and place for its regular meetings on the agenda for May 9 would only have been lawful in 1998 and prior to 1994. The Implementation Committee may not pick whatever past version of state law it likes with which to comply. It must face up to the fact that the state legislature passed S.B. 139 and the Governor signed it into law appx. a quarter-century ago, it has applied continuously since then, and the action on the agenda for the May 9 meeting of the Implementation Committee would have been illegal at any time during this period. A stray clarificatory and implicit reference to state law in 1993 still present in local law does not preserve the Brown Act as it was in 1993 in the face of subsequent amendments contradictory thereto. The second sentence of *S.F. Admin. Code* § 67.5 neither has any power to abrogate state law, and only applies to conflicts with the Brown Act that arise as a result of the first sentence of *id.* Even if this were not so, some sort of case would have to be made that the Implementation Committee making its own determination of whether, when, and where to meet regularly “would result in greater or more expedited public access . . .” than if the Commission did so on its behalf. Good luck with that!

Consequently, the committee chair must rule this motion out of order for conflict with state law. RONR (12th ed.) 10:26(1). They should not surreptitiously “skip” it, raise it in “discussion only mode” (prohibited at regular meetings without notation to this effect on the agenda, *S.F. Admin. Code* § 67.7(a) (second sentence) and at special meetings completely, *id.* § 67.6(f) (third sentence)), or otherwise pretend it is not there. If they attempt to skip it, a member should call for the orders of the day, which will require the chair to deal with this motion because it is, after all, on the agenda for the meeting. RONR (12th ed.) 18:1 (“A *Call for the Orders of the Day* is a privileged motion by which a member can require the assembly to conform to its agenda,

program, or order of business . . .” emph. in orig.). If the committee chair fails to rule the motion out of order, any member of the committee may, and one of them must, raise a point of order against the motion as soon as the committee chair puts it before the committee for debate and secondary motions. *Id.* 23:5. If no one does that, then discussion of (or a vote on) it would violate *Cal. Gov’t Code* § 54954(a) and subject the committee members present to dismissal for official misconduct under *S.F. Charter* § 15.105(e). They might still avoid misdemeanor guilt under *Cal. Gov’t Code* § 54959 through passage of a dispositive secondary motion, such as a motion to *Postpone Indefinitely* (which is debatable and requires a majority vote). If the committee votes finally on the motion on the agenda, they will be acting in violation of the Brown Act with the intent to deprive the public of information that every member of the committee would know the public to be entitled under the Brown Act, namely, a time and place for regular meetings of the Implementation Committee passed by the Commission or none at all. Thus, they would bring misdemeanor guilt on themselves under *id.*

The Site Visit committee is empowered by the Commission’s bylaws to act on behalf of the Commission by sending site visit reports to the Director of Behavioral Health Services, and is thus not an “advisory body.” It is a standing committee created by the Commission with the power to act on behalf of the Commission. The result its case is the same, but for a different reason. Even though *S.F. Admin. Code* § 67.6(a) directly requires this committee to provide a time and place for holding regular meetings (this provision, too, repeated the Brown Act when it was originally passed in 1993), the Site Visit Committee, too, is a “legislative body” under the Brown Act *per se*, and *Cal. Gov’t Code* § 54954(a), as currently amended, preempts this now-contradictory provision of local law through *Cal. Const. Art. XI, § 7* (quoted above).

If these committees are to be regarded as having been created by individuals, as both of them originally were before the passage of the Commission’s revised bylaws on May 18, 2022, then the result is the same for the Implementation Committee, but changes for the Site Visit Committee. In this scenario, *Cal. Gov’t Code* § 54954(a) would only apply to the Site Visit Committee through *S.F. Admin. Code* § 67.5, and having the committee determine when and where to hold regular meetings that are required under *id.* § 67.6(a) undoubtedly “would result in greater or more expedited public access . . .” than the Chair of the Commission doing so (who no longer exists, as an individual) under *Cal. Gov’t Code* § 54954(a) through *S.F. Admin. Code* § 67.5. But neither committee may be regarded as having been created by an individual, because this would render the explicit inclusion of both committees in the Commission’s revised bylaws idle speech.

Item No. 1.0 on the Agenda for the Executive Committee Would Violate *Cal. Gov’t Code* §§ 54954.2(a)(1) or 54956(a) for Lack of an Adequate Description.

The above-quoted item in attempted pursuit of *Cal. Gov’t Code* § 54954(a) also appears as Item No. 1.0 on the agenda for the meeting of the Executive Committee on May 9. It is vaguely worded for the Executive Committee because the Executive Committee is empowered by the Commission’s bylaws to act on behalf of the Commission, with ratification by the Commission

at the next regular or special meeting of the Commission, and *Cal. Gov't Code* § 54954(a) empowers the Commission to decide whether, when, and where its advisory committees or standing committees may meet regularly. Because the item does not specify whether “the meetings going forward” applies to meetings of the Commission and/or which of its committees, which the Executive Committee has the power to decide on behalf of the Commission under *Cal. Gov't Code* § 54954(a) with ratification by the Commission at the next regular or special meeting thereof, the notice is inadequate. Someone whose interests may be affected by this decision as it relates to any particular committee or to the Commission would not know whether or not to attend the meeting, and the notice is insufficient under either *Cal. Gov't Code* §§ 54954.2(a)(1) or 54956(a) therefor. *Olson v. Hornbrook Community Services Dist.* 33 Cal. App. 5th 502, *519 (2019) (Justice Robie) (applying this standard to *Cal. Gov't Code* § 54954.2(a)(1)). The same procedures discussed in the third-to-last paragraph of the previous section, and the same punishments for not following them, apply to this motion for this reason.

I note in passing that the Sunshine Ordinance Task Force ruled in my favor regarding similar violations of cognate *S.F. Admin. Code* § 67.7(a) on Oct. 6, 2021, and Apr. 6, 2022, but they never referred this matter to a municipal body with enforcement power, as required by *id.* § 67.30(c), despite many more violations during subsequent “monitoring” in 2022 and this year.

Whether the May 9 Meetings of the Site Visit Committee or the Implementation Committee Are Regular or Special, All of the Items on the Agenda for Each Would Violate Either *Cal. Gov't Code* § 54954(a) or the *S.F. Admin. Code* § 67.6(f), resp.

None of the meetings noticed for May 9 are labeled as “regular” or “special”, and it appears that the committee chairs intend to walk a line between the two, calling them one or the other depending on which gives more advantage by allowing them to avoid application of more laws. The terms are defined in a commonsense way in RONR (12th ed.). Although *id.* is not incorporated into state or local law, parliamentary procedure in general is. These laws neither define these terms, and they are technical terms relevant to meetings of local bodies.

The term *regular meeting* (or *stated meeting*) refers to the periodic business meeting of a permanent society, local branch, or board, held at weekly, monthly, quarterly, or similar intervals, for which the day (as, “first Tuesday of each month”) should be prescribed by the bylaws and the hour and place should be fixed by standing rule.

RONR (12th ed.) 9:1 (emph. in orig.). “A *special meeting* (or *called meeting*) is a separate session of a society held at a time different from that of any regular meeting, and convened only to consider one or more items of business specified in the call of the meeting. . . .” *Id.* 9:13 (emph. in orig., ellipsis added).

The meetings of the Site Visit Committee and the Implementation Committee are noticed on the website for the same times and places that they were last month. Despite the fact that they may

have been special meetings when noticed last month, these meeting times and places appear to be the surreptitious “new regular” meeting times and places for these committees, contrary times for regular meetings (i.e., one hour later) being provided by resolution of the Commission on Dec. 17, 2022, notwithstanding. Even if the later time (4:00 p.m. to 5:00 p.m.) posted in the notice for the meeting of the Implementation Committee is used, this was also the time that it met during 2022 and the first three months of 2023, as well as being the time for regular meetings of it set by resolution passed on Dec. 17, 2022. It is fair to say that meetings at either of these two contiguous times must be considered to be “regular.” If the resolution passed last December were exclusively controlling as to what meetings counted as “regular” or “special,” then it would be impossible to violate *Cal. Gov’t Code* § 54954(a) because no meeting could be regular unless a resolution had been passed for it that also made the meeting compliant with *id.* With no way to violate it, the law would become meaningless. The appellation “regular” for the May 9 meeting is further cemented by the fact that the agendas are freighted with items copied from the March regular meetings of the same bodies, as well as the fact that the meeting day is the same and the meeting time is only changed by one hour from the previous regular time.

Consequently, the meetings of the Site Visit Committee and the Implementation Committee will violate *Cal. Gov’t Code* § 54954(a) because a motion will have been passed neither by the Commission, nor by its Executive Committee acting on behalf of the Commission, providing the noticed times and places for regular meetings of these committees (except that the time only will have been passed by the Commission with respect to the Implementation Committee if the latter meets at the noticed time of 4:00 p.m.). Even if such a motion were passed by the Executive Committee one or two hours later, it could not have an effect extending backwards in time, because such retroactivity would either be arbitrary in extent (if it is to extend earlier to the same meeting, and then the same day, why not the same month or year, etc.?), which is not lawful, or else infinite in extent, rendering the law superfluous because it would be impossible to violate it; one could always raise the defense that a regular meeting could be made compliant with this section by a legitimating resolution passed later in time.

Even if the case could somehow be made that these meetings kept their “special” status despite being scheduled at the same times and places that they were in April, thus averting violation of *Cal. Gov’t Code* § 54954(a), these meetings would then violate *S.F. Admin. Code* § 67.6(f) because they were not noticed 15 days in advance. The eighth and ninth sentences of this section require 15 days’ advance notice for special meetings if the meetings are to be held elsewhere than in the same building as the place for regular meetings of the same body (apparently assuming that it meets regularly). Calling the April meetings “special” in order to avoid the effect of *Cal. Gov’t Code* § 54954(a) prevents one from later calling the same meetings “regular” in order to make the places at which they were noticed, i.e. Room 416 at City Hall, count as the places for regular meetings with respect to later application of the notice requirement of *S.F. Admin. Code* § 67.6(f) to meetings considered to be special. Come on! And if it be maintained that a speculative intent of the notice requirement is served by noticing only one meeting of each body at the new location 15 days in advance, such an argument will not withstand that the

practice in question nevertheless conflicts with the plain words of the provision. “The statute’s words generally provide the most reliable indicator of legislative intent; if they are clear and unambiguous, ‘[t]here is no need for judicial construction and a court may not indulge in it.’ . . .” *Lewis v. City of Sacramento*, 93 Cal. App. 4th 107, *119 (2001) (Presiding Justice Scotland) (square brackets in original, citation omitted). The supposed legislative intent might also and just as well have been to burden special meetings in buildings than those that house regular meetings of the same bodies in order to make policy bodies less likely to call them, which intent would be completely frustrated by the practice in question.

Whether these meetings may be considered regular or special, then, they violate either *Cal. Gov’t Code* § 54954(a) or *S.F. Admin. Code* § 67.6(f). These laws are *in pari materia*, meaning that they deal with the same subject matter and the local legislature and voters may be considered to be knowledgeable of the relevant state law when they drafted and amended the *Sunshine Ordinance*. Consequently, the same words have the same meanings in each, unless defined differently; the same meeting may not be regular with respect to the *Sunshine Ordinance* and special with respect to the *Brown Act*. The meetings of the Site Visit Committee and the Implementation Committee noticed for May 9 must violate either one or the other. Moreover, both violations are global in scope. They each apply to the entire meeting, and everything on each agenda must be ruled out of order therefor. The same procedures and punishments mentioned in the third-to-last paragraph two sections back apply just as well to these meetings, except that *Cal. Gov’t Code* § 54959 has no application to violations of any provision of the *San Francisco Sunshine Ordinance*. As with the other two committees to meet on May 9, this meeting would violate *S.F. Admin. Code* § 67.6(f) even if it could be considered special, because it was not noticed 15 days in advance, and to consider the April meeting of this committee to be regular, for purposes of establishing a place for regular meetings of this committee in City Hall, while the May 9 meeting to be special, because it is in a different room, is absurd. Why would not the April meeting have been considered special, when it was called at a new time in an entirely different building?

The Meeting of the Executive Committee Noticed for May 9 Would Also Violate *Cal. Gov’t Code* § 54954(a).

The meeting of the Executive Committee scheduled for May 9 is noticed for Room 515 of City Hall, as opposed to April, when it was noticed for the same time in Room 416. Certainly, the time of day is the surreptitious “new regular” time, and this is a regular meeting, notwithstanding its location in a different room. Consequently, and because the Commission has passed a resolution setting this to be neither the time nor the place for regular meetings of the Executive Committee, this meeting violates *Cal. Gov’t Code* § 54954(a). As discussed above, such a resolution passed by the Executive Committee on behalf of the Commission, subject to ratification by the Commission at its next regular or special meeting, cannot have retroactive effect and thus legitimate the meeting at which the resolution was originally passed, establishing the time when and place at which the meeting was in fact held as the regular time and place for

meetings of the Executive Committee after the fact. It could not apply to the meeting at which the motion was passed because this would either involve the Executive Committee in arbitrary and pernicious line-drawing to limit the allowable retroactive effect, or it would render the retroactive effect infinite and the law consequently superfluous, as discussed in the previous section.

Furthermore, as discussed in previous correspondence, a resolution introduced at the May 9 meeting of the Executive Committee providing the time and place of the May 9 meeting of the Executive Committee as the new regular time and place would be meaningless, even if retroactive effect could be allowed, because then rejection of the resolution, as well as approval of a different time and/or place than the one at which the meeting at which the resolution was passed was held would both bring misdemeanor guilt, as well as official misconduct on all members of the Executive Committee present for the final vote because the meeting would then have been held in violation of *Cal. Gov't Code* § 54954(a). It appears, for example, that the Executive Committee has a choice of whether to meet regularly at 4:00 pm in Room 515 or Room 416 on this day, but if the meeting is held in Room 515, it would be a misdemeanor to then approve Room 416 as the regular meeting place, because then the regular meeting at which the resolution was approved would not have been provided by the resolution, even assuming retroactive effect, and the resolution would have been approved in violation of *id.*, the very subdivision to which it was pursuant. The procedures and punishments described in the third-to-last paragraph, three sections back, apply here as well.

All of the Items on the Agendas for the Meetings Scheduled for May 9 Violate *Cal. Gov't Code* § 54954.3(a) and *S.F. Admin. Code* § 67.15(a) or (b) because the Agenda Either Provides No Opportunity for Public Address, or Does Not Provide Such Opportunity Until After Action Would Have Been Taken, with Respect to Every Item on the Agenda for Each Meeting.

The agendas are, as always with committees of the Commission, just copies of the previous month's agendas with the dates changed and minor alterations made (and, in this case, the time of the Implementation Committee and location of the Executive Committee). Consequently, most of the errors described in my letter of Apr. 2, 2023, to the Board of Supervisors, included as Item No. 15 in the agenda packet for the Apr. 11, 2023, meeting of the Board, file no 230398, recur with these agendas. Namely, the agendas provide members of the public no opportunity to address the committees regarding any of the motions to provide a time and place for regular meetings of these committees. Consequently, all of these agendas violate *Cal. Gov't Code* § 54954.3(a) and *S.F. Admin. Code* § 67.15(a) and (b). These motions should be ruled out of order therefor (in addition to the many other reasons described above), etc. The procedures and punishments described in the third-to-last paragraph, four sections back, apply here as well.

I have been haranguing the Commission about this for three years. I have filed complaints with the Sunshine Ordinance Task Force regarding this in 2020 and 2021 and received rulings in my favor on this issue in Oct. 6, 2021, and Apr. 6, 2022. I have documented countless additional instances during “monitoring” by the Compliance and Amendments Committee of the Task Force in 2022 and this year. I have brought up this issue at countless meetings of the Commission and in voluminous correspondence. Previous and current staff have said that they understand and that they will comply, and the Commission and its Committees keep posting agendas for which every single item violates this provision.

Not Ruling Item 1.0 on the Agenda for the Executive Committee Out of Order Would Involve the Commission in a Serious Ethical Dilemma.

Cal. Gov’t Code § 54954(a) is among the very oldest, and, in my opinion, the best provision of the entire Brown Act. This provision demands that each top-level legislative body (the Commission, in this case) make a law for itself and its advisory committees and standing committees, and any violation of this law counts as a violation of the Brown Act, as well as do every regular meeting thereof and every action taken thereat, with all the penalties that follow therefrom. It effectively gives the top-level legislative body an ultimatum to either govern itself effectively or suffer the ignominy of itself and its advisory committees or standing committees never being able to meet regularly, and this would be an heavy burden indeed.

Suppose, then, that the Executive Committee draws a quorum on May 9 and, against all of the arguments provided in this letter, the chair puts a motion before them under Item No. 1.0, no member raises a point of order, and the Executive Committee votes finally on a resolution to provide times and places for regular meetings of itself, the Commission, and other committees, and the Commission ratifies this vote at its regular meeting on the following Wednesday, May 17. This will cause terrible problems for the Commission later on, for any interested person will be able to file suit pursuant to *Cal. Gov’t Code* § 54960.1 and win a declaration that the action of the Executive Committee was null and void for violation of either *id.* §§ 54954.2 or 54956. This action of the Executive Committee being null and void, the ratification motion passed pursuant to *id.* § 54954(a) at the regular meeting of the Commission on May 17 may then be attacked through any member of the Commission raising a point of order against the motion at any time that it remains in effect, on the basis that the motion was passed at a regular meeting, the time and place for which had never been provided by a motion pursuant to *id.* because the Superior Court had declared the motion of the Executive Committee (providing the place for the regular meeting of the Commission the following week) to be null and void. (If I am ever appointed to the Commission, I promise that this will be the first thing I do, if such a motion remains in effect at such time.) If the chair is honest, they will rule the point of order to be well taken. Another member may be predicted to appeal this decision, for, if it be allowed to stand, then all regular meetings held pursuant to the Commission’s deprecated resolution (including those of the Commission itself) will have been illegal for lack of a resolution providing places, if not times, for them pursuant to *Cal. Gov’t Code* § 54954(a). Depending on whether these subsequent

violations were willful, and I think that they would be once the Superior Court passed on the matter of the enabling meeting of the Executive Committee, then misdemeanor guilt would attach to each member present for each action at each meeting under *id.* § 54959, for each action will have been taken in violation of the Brown Act with the intent of depriving the public of information to which each member of the body will have known the public to be entitled under the Brown Act, namely, a motion passed pursuant to *id.* § 54954(a) at a meeting that was either special or itself the subject of a valid and in-force motion passed pursuant to *id.* All members present at any regular meetings enabled by this motion would be subject to dismissal for official misconduct pursuant to *S.F. Admin. Code* § 15.105(e) because they willfully failed, refused, or neglected to take an action enjoined upon them by law, namely the passage of a resolution pursuant to *Cal. Gov't Code* § 54954(a) at a valid meeting. This is justice because any member could have raised a point of order against the original passage of the resolution establishing times and places for regular meetings by the Executive Committee, thus to render the subsequent regular meeting of the Commission and the ratifying motion passed thereat invalid, along with any succeeding regular meeting of the Commission or any advisory committee or standing committee, provision for which had been made to meet regularly, for violation of this section. All actions taken thereat will have been taken in violation of *id.*, with the result that they would all be subject to reversal by any member, and probably the same one who raised the first point of order, raising a point of order against them. On the other hand, if the chair is dishonest, then the member who raised the point of order could be expected to appeal the decision of the chair because it was wrong. Either way, the issue will come to a vote of the Commission through an appeal, and the Commission will then be faced with the following horrible dilemma.

On the one hand, all of the members of the Commission, likely excluding the one who raised the point of order, would all stand to suffer all of the punishments just enumerated, and all of the Commission's work since the faulty resolution would be undone. This would be a terrible outcome, and members would normally be expected to vote against it out of self-preservation. However, such security would be illusory, for the Commission would effectively be voting on whether it should be allowed to violate state law. The Commission's primary purpose is to advise the local legislature on behavioral health policy.

(a)(1) Each community mental health service shall have a mental health board . . . appointed by the governing body . . .

(a)(2)(A) The board shall serve in advisory role to the governing body, and one member of the board shall be a member of the governing body. . . .

Cal. Welf. & Inst. Code § 5604(a)(1)-(a)(2)(A) (ellipses added). This means that, if it hopes to have any detectable impact, the Commission should recommend ordinances (i.e., laws) or resolutions to the Board of Supervisors for passage, and/or recommend passage and amendments to or rejection of relevant resolutions or ordinances that otherwise come before the Board. Furthermore, the Commission was created and given its mission through acts of lawmaking. The Commission will never, ever be able to accomplish its mandate if it takes the attitude that it may

violate the law. How in the world could the Commission possibly advocate that the Board of Supervisors pass or amend any law with the knowledge that it routinely violates whatever laws applicable to it that it finds the slightest bit inconvenient? Making laws is very, very difficult work. Like all difficult work, it requires force of will, which in turn requires a clear conscience. The Commission could not do this work after a vote to let itself violate similar laws that apply to it, because it would already have taken the attitude that laws are just silly and not even worth compliance, let alone the far more strenuous task of legislation. The Commission's entire reason for existence would therefore be in indelible question. While to vote in favor of sustaining the decision of the chair would stave off horrible consequences, it would bring on still more horrible ones (and the best choice in such a situation might be to "fall on the sword" and admit misdemeanor guilt, etc.). The only way out of such an horrible dilemma would be not to allow it to be entered in the first place, and this would mean passing the required motion at a *special meeting* of the Executive Committee, for later ratification at a regular meeting of the Commission. If the Commission cannot get four members of the Executive Committee to show up at an unusual time for the sake of ensuring its continued livelihood under decent moral standing by passage of a single duly-noticed motion at a single duly-noticed meeting, then perhaps the time has come to admit that the Commission is dead, and that nothing can revive it.

Conclusion

As related in my previous correspondence, at the abortive meeting of the Behavioral Health Commission on Apr. 19, Ms. Marlo Simmons, Deputy Director of Behavioral Health Services, told me that Ms. Virginia Elizondo, Deputy City Attorney, advised her that a legislative body could pass a resolution providing regular times and places for meetings of itself, etc., at a regular meeting held at a time and place to be provided by the same resolution. If Ms. Simmons told me the truth, then Ms. Elizondo was either putting her license to practice law at risk for violation of *Cal. Bus. & Prof's Code* § 6086(c) (State Bar Act), or else she perceived this action hogtying the Commission as just, for she certainly could not have perceived it as legal.

There are many other violations apparent from the agendas for tomorrow's meetings. Prominent among them is that, these meetings being regular, they must abide by the heightened notice requirements of the second sentence of *S.F. Admin. Code* § 67.7(a). This would require that Item No. 1.0 on the agenda for tomorrow's regular meeting of the Executive Committee contain the specific legislative bodies for which places for regular meetings thereof are to be provided, as well as the specific places to be provided for them, including any alternatives. It does not, and violates this section. Unfortunately, the first of these meetings being less than 25 hours away, I have to submit this immediately, and cannot enumerate the many other violations of this and other provisions apparent from the agendas for tomorrow's meetings.

Subject: Geary Improvement Project - SUPPORT (and bring back the center-running design)

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

To the SFMTA Board, Supervisor Chan, and Supervisor Preston:

I support the proposed changes that SFMTA has developed for Geary Boulevard in District 1, which also benefit residents and visitors to District 5 (especially the Western Addition, Japantown and the Tenderloin). It is vital we make the 38 and 38R accessible and work for all residents, workers, and visitors to this part of San Francisco.

As you well know, while the proposed side-running transit lanes are an improvement over the status quo, they are a **pathetic watering-down of the center-running, rail-ready bus rapid transit project** (comparable to Van Ness) that the voters approved with Prop K twenty years ago, thanks in no small part to interference by the same people who are trying to preserve a few parking spaces today, aided and abetted by SFMTA leadership unwilling to prioritize transit riders and the climate over auto drivers.

Nonetheless, the first phase of the Geary Boulevard Improvement Project resulted in **18% faster bus service** and 81% reduction in excessive speeding by private vehicles, and this means real time savings for riders and cost savings for the agency. **It is critical that these benefits be extended to the stretch of Geary between Stanyan and 34th Avenue without further delay.** 38,000 daily riders on the 38/R deserve efficient transit, and everyone deserves to use our streets without risking severe injury or death.

Please reject the NIMBY opposition led by a few naysayers who only care about parking, and approve the current iteration of the Geary Improvement Project without delay. Following this, I urge you to **bring back the center-running design** that we never should have thrown in the garbage in the first place. **Van Ness is a huge success, and Geary could be too,** with a little courageous action on your part.

Thank you,
Andrew Sullivan
Haight Ashbury (D5)

[Geary Letter.docx](#)

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

May 8, 2023

SFMTA Board Chair Eaken and Directors:

Re: Opposition to the Geary Boulevard Quick Build Project

The Land Use Committee of Coalition for San Francisco Neighbors opposes the Geary Boulevard Quick Build project, and requests that the item be pulled from the May 16, 2023, Agenda of the SFMTA Board of Directors Meeting.

The Geary Blvd. Merchants met with SFMTA Board Chair Amanda Eaken on May 6 at Joe's Ice Cream to let her know how much they rely on parking for the survival of their businesses.

Supervisor Connie Chan and former Supervisor Sandra Lee Fewer spoke on behalf of the Geary Blvd. Merchants, customers, residents and visitors who depend on parking. In addition, many residents and customers spoke about the importance of parking, the economic impact of this misguided project, and the insignificant improvement of the Quick Build project. The merchants need time to recover from the Covid pandemic, and there is no reason to remove parking now.

SFMTA is in financial difficulty and is preparing to cut service by reducing many bus lines. Adding a dedicated bus lane on a short stretch of Geary, that will insignificantly reduce travel time at the same time it destroys business on Geary is not a wise use of

limited funds. Preserving vital Muni services to the entire City is much more important than pouring concrete and painting the streets.

The negative effects of the Quick Build project Richmond District merchants, residents, and visitors outweigh the minimal travel time savings that may be realized by realigning the bus lanes.

If you MTA wants to fund capital improvements it should repair potholes and prioritize traffic signals for Muni before considering other ideas for speeding up bus service on Geary.

Please remove the Geary Blvd. Quick Build_project from the May 16 Agenda to give the merchants time to recover. and. Thank you for your consideration.

Sincerely,

Mari Eliza, Chair Land Use and Transportation Committee, CSFN

Whose GO WOKE GO BROKE idea is this? We pay more than enough money to live in San Francisco to the dysfunctional corrupt City Hall that we, SF residents, should actually be getting parking for FREE when we shop, dine, and run errands! Instead, we either get \$98 parking tickets by SFMTA for

bringing in sales taxes OR we get our parking spaces taken! You have done way more than enough damage to this once beautiful city and continue to destroy our quality of life. If only SFMTA runs efficiently, but they don't EVER! Plus you have made SF unsafe to be taking public transportation.

Livid taxpayer/voter

Subject: City Budget Public Comment: San Francisco Needs to Fund Solutions to End the Drug Crisis in This Year's Budget
Date: Thursday, May 11, 2023 11:22:01 AM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear Board of Supervisors,

I'm a San Francisco resident who sees a failure by our elected officials to address the fentanyl-fueled drug epidemic that is devastating our city. The drug epidemic is linked to all of the problems San Francisco faces, including homelessness, mental health, public safety, and economic vitality. You must make ending open-air drug markets and funding more city-sponsored recovery programs the main priority of this year's budget cycle.

We thank Mayor London Breed, Governor Gavin Newsom, District Attorney Brooke Jenkins and Speaker Emerita Nancy Pelosi for working together on State and Federal law enforcement coordination; and appreciate those members of the Board of Supervisors who have been vocally supportive of these efforts. We ask for continued cooperation and coordination with state and federal agencies to permanently eradicate open-air drug markets.

In order to ensure sustained action, I'm demanding that you include the following in the next budget:

Law Enforcement: The District Attorney and the Police Department must work together to arrest and prosecute drug dealers in San Francisco, as well as coordinate with state and federal law enforcement to address cartels bringing drugs to the city. The city can ensure this happens by including the following in the next budget:

- Funding to eventually meet the recommended number of 2,182 sworn officers
- Enough academy classes to meet that goal with new officers
- Enough police staffing aides to allow officers to answer high-priority calls
- Enough additional officers this coming year to make Operation Disruption permanent in high drug trafficking areas, including the Tenderloin, Southern, and Mission Stations
- Investment in personnel training and narcotics equipment to effectively close the open air drug markets
- Funding for a nationwide recruitment search with a focus on lateral hires to expedite hiring

City-Sponsored Recovery Programs: Recovery has to be the goal. City departments need to work cross-functionally to make this happen in order to give users the chance to live healthy lives and shrink demand for drugs on the street. This means funding true treatment on demand in the next budget, which includes:

- Creating 24/7 pickup vans for people seeking to enter drug treatment programs, and 24/7 intake centers where they can go for initial screening
- Stabilization centers with a minimum stay time and on-site medical staff, where people can stay temporarily before entering longer-term drug treatment programs
- Improving access to recovery beds to meet the city's obligation to provide drug treatment on demand:
 - Increase the number of residential drug treatment beds
 - Increase the number of step-down beds, a vital component of the services spectrum where people re-learn skills for independent living before entering permanent housing
- Offer recovery options that are completely drug-free
- Offer more secure mental health beds so people who need care aren't forced to stay in jail or return to the streets
- Make employment as a member of program staff more sustainable and rewarding:
 - Increase staffing capacity through reassignments to match program expansion
 - Additional funding to address the staffing shortage of licensed staff/behavioral nurses
 - Address the pay gap between nonprofit and city licensed behavioral staff

I know that completely eradicating drug use is unrealistic. What I'm demanding is a visible reduction in the open-air drug sales and drug use that is eroding our city. San Francisco should be a place where those who are not involved in drug sales and drug use are not negatively impacted by drug sales and drug use.

Sincerely,
Suzy Gold
Los Angeles, CA 90032

- Enough academy classes to meet that goal with new officers
- Enough police staffing aides to allow officers to answer high-priority calls
- Enough additional officers this coming year to make Operation Disruption permanent in high drug trafficking areas, including the Tenderloin, Southern, and Mission Stations
- Investment in personnel training and narcotics equipment to effectively close the open air drug markets
- Funding for a nationwide recruitment search with a focus on lateral hires to expedite hiring

City-Sponsored Recovery Programs: Recovery has to be the goal. City departments need to work cross-functionally to make this happen in order to give users the chance to live healthy lives and shrink demand for drugs on the street. This means funding true treatment on demand in the next budget, which includes:

- Creating 24/7 pickup vans for people seeking to enter drug treatment programs, and 24/7 intake centers where they can go for initial screening
- Stabilization centers with a minimum stay time and on-site medical staff, where people can stay temporarily before entering longer-term drug treatment programs
- Improving access to recovery beds to meet the city's obligation to provide drug treatment on demand:
 - Increase the number of residential drug treatment beds
 - Increase the number of step-down beds, a vital component of the services spectrum where people re-learn skills for independent living before entering permanent housing
- Offer recovery options that are completely drug-free
- Offer more secure mental health beds so people who need care aren't forced to stay in jail or return to the streets
- Make employment as a member of program staff more sustainable and rewarding:
 - Increase staffing capacity through reassignments to match program expansion
 - Additional funding to address the staffing shortage of licensed staff/behavioral nurses
 - Address the pay gap between nonprofit and city licensed behavioral staff

I know that completely eradicating drug use is unrealistic. What I'm demanding is a visible reduction in the open-air drug sales and drug use that is eroding our city. San Francisco should be a place where those who are not involved in drug sales and drug use are not negatively impacted by drug sales and drug use.

Sincerely,
Jeffrey Liao

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear Board of Supervisors,

I'm a San Francisco resident who sees a failure by our elected officials to address the fentanyl-fueled drug epidemic that is devastating our city. The drug epidemic is linked to all of the problems San Francisco faces, including homelessness, mental health, public safety, and economic vitality. You must make ending open-air drug markets and funding more city-sponsored recovery programs the main priority of this year's budget cycle.

We thank Mayor London Breed, Governor Gavin Newsom, District Attorney Brooke Jenkins and Speaker Emerita Nancy Pelosi for working together on State and Federal law enforcement coordination; and appreciate those members of the Board of Supervisors who have been vocally supportive of these efforts. We ask for continued cooperation and coordination with state and federal agencies to permanently eradicate open-air drug markets.

In order to ensure sustained action, I'm demanding that you include the following in the next budget:

Law Enforcement: The District Attorney and the Police Department must work together to arrest and prosecute drug dealers in San Francisco, as well as coordinate with state and federal law enforcement to address cartels bringing drugs to the city. The city can ensure this happens by including the following in the next budget:

- Funding to eventually meet the recommended number of 2,182 sworn officers
- Enough academy classes to meet that goal with new officers
- Enough police staffing aides to allow officers to answer high-priority calls
- Enough additional officers this coming year to make Operation Disruption permanent in high drug trafficking areas, including the Tenderloin, Southern, and Mission Stations
- Investment in personnel training and narcotics equipment to effectively close the open air drug markets
- Funding for a nationwide recruitment search with a focus on lateral hires to expedite hiring

- Offer more secure mental health beds so people who need care aren't forced to stay in jail or return to the streets
- Make employment as a member of program staff more sustainable and rewarding:
 - Increase staffing capacity through reassignments to match program expansion
 - Additional funding to address the staffing shortage of licensed staff/behavioral nurses
 - Address the pay gap between nonprofit and city licensed behavioral staff

I know that completely eradicating drug use is unrealistic. What I'm demanding is a visible reduction in the open-air drug sales and drug use that is eroding our city. San Francisco should be a place where those who are not involved in drug sales and drug use are not negatively impacted by drug sales and drug use.

Sincerely,
Donald Brooks

Subject: City Budget Public Comment: San Francisco Needs to Fund Solutions to End the Drug Crisis in This Year's Budget
Date: Wednesday, May 10, 2023 7:23:58 PM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear Board of Supervisors,

I'm a San Francisco resident who sees a failure by our elected officials to address the fentanyl-fueled drug epidemic that is devastating our city. The drug epidemic is linked to all of the problems San Francisco faces, including homelessness, mental health, public safety, and economic vitality. You must make ending open-air drug markets and funding more city-sponsored recovery programs the main priority of this year's budget cycle.

We thank Mayor London Breed, Governor Gavin Newsom, District Attorney Brooke Jenkins and Speaker Emerita Nancy Pelosi for working together on State and Federal law enforcement coordination; and appreciate those members of the Board of Supervisors who have been vocally supportive of these efforts. We ask for continued cooperation and coordination with state and federal agencies to permanently eradicate open-air drug markets.

In order to ensure sustained action, I'm demanding that you include the following in the next budget:

Law Enforcement: The District Attorney and the Police Department must work together to arrest and prosecute drug dealers in San Francisco, as well as coordinate with state and federal law enforcement to address cartels bringing drugs to the city. The city can ensure this happens by including the following in the next budget:

- Funding to eventually meet the recommended number of 2,182 sworn officers
- Enough academy classes to meet that goal with new officers
- Enough police staffing aides to allow officers to answer high-priority calls
- Enough additional officers this coming year to make Operation Disruption permanent in high drug trafficking areas, including the Tenderloin, Southern, and Mission Stations
- Investment in personnel training and narcotics equipment to effectively close the open air drug markets
- Funding for a nationwide recruitment search with a focus on lateral hires to expedite hiring

City-Sponsored Recovery Programs: Recovery has to be the goal. City departments need to work cross-functionally to make this happen in order to give users the chance to live healthy lives and shrink demand for drugs on the street. This means funding true treatment on demand in the next budget, which includes:

- Creating 24/7 pickup vans for people seeking to enter drug treatment programs, and 24/7 intake centers where they can go for initial screening
- Stabilization centers with a minimum stay time and on-site medical staff, where people can stay temporarily before entering longer-term drug treatment programs
- Improving access to recovery beds to meet the city's obligation to provide drug treatment on demand:
 - Increase the number of residential drug treatment beds
 - Increase the number of step-down beds, a vital component of the services spectrum where people re-learn skills for independent living before entering permanent housing
- Offer recovery options that are completely drug-free
- Offer more secure mental health beds so people who need care aren't forced to stay in jail or return to the streets
- Make employment as a member of program staff more sustainable and rewarding:
 - Increase staffing capacity through reassignments to match program expansion
 - Additional funding to address the staffing shortage of licensed staff/behavioral nurses
 - Address the pay gap between nonprofit and city licensed behavioral staff

I know that completely eradicating drug use is unrealistic. What I'm demanding is a visible reduction in the open-air drug sales and drug use that is eroding our city. This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear Board of Supervisors,

I live in San Francisco and see a big failure by our Trustees to address the drug epidemic that is devastating our city. This drug epidemic is linked to all of the problems San Francisco faces, including homelessness, mental health, public safety, economic vitality, and the declining standard of living, human prosperity, and general Welfare. I wish that you take a hard look at what City Hall is doing and invest time and money into that which provably works.

More law enforcement, while a positive thing, and I appreciate law enforcement, cannot solve this problem. It is understandable that Mayor London Breed, Governor Gavin Newsom, District Attorney Brooke Jenkins and Speaker Emerita Nancy Pelosi are working on this, because the people are begging for it now, encouraged by various groups and interests such as the one who prepared this email, but your job is to do that which is right, in alignment with the objectives you promised to work on when you took your oath, and that may not always be what the people beg or vote for.

I have no demands of you. I only humbly request that you reflect on what the City is currently supporting and promoting and ask yourself if that's what Gouverneur Morris or George Washington or Alexander Hamilton would be doing if they were in your position today. If you can do that and turn the ship away from its wicked ways, I propose that your names will be remembered long after your departure from this world for something more than being the first [race_ID, gender_ID, etc] to be elected to office.

Thank you

Sincerely,
Arjun Sodhani

Dear Board of Supervisors,

I'm a San Francisco resident with experience in the "helping" NGO industry and who has a family member who's suffered addiction and done jail time. I also raised a child whose elementary school bordered a heavy drug sales area. One of his teen friends died as a result of the illegal drug industry here. I see a failure by our elected officials to address the fentanyl-fueled drug epidemic that is devastating our city (and our nation). The drug epidemic is linked to all of the problems San Francisco faces, including homelessness, mental health, public safety, and economic vitality. You must make ending open-air drug markets and funding more city-sponsored recovery programs the main priority of this year's budget cycle.

- Funding for a nationwide recruitment search with a focus on lateral hires to expedite hiring

City-Sponsored Recovery Programs: Recovery has to be the goal. City departments need to work cross-functionally to make this happen in order to give users the chance to live healthy lives and shrink demand for drugs on the street. This means funding true treatment on demand in the next budget, which includes:

- Creating 24/7 pickup vans for people seeking to enter drug treatment programs, and 24/7 intake centers where they can go for initial screening
- Stabilization centers with a minimum stay time and on-site medical staff, where people can stay temporarily before entering longer-term drug treatment programs
- Improving access to recovery beds to meet the city's obligation to provide drug treatment on demand:
 - Increase the number of residential drug treatment beds
 - Increase the number of step-down beds, a vital component of the services spectrum where people re-learn skills for independent living before entering permanent housing
- Offer recovery options that are completely drug-free
- Offer more secure mental health beds so people who need care aren't forced to stay in jail or return to the streets
- Make employment as a member of program staff more sustainable and rewarding:
 - Increase staffing capacity through reassignments to match program expansion
 - Additional funding to address the staffing shortage of licensed staff/behavioral nurses
 - Address the pay gap between nonprofit and city licensed behavioral staff

I know that completely eradicating drug use is unrealistic. What I'm demanding is a visible reduction in the open-air drug sales and drug use that is eroding our city. San Francisco should be a place where those who are not involved in drug sales and drug use are not negatively impacted by drug sales and drug use.

Sincerely,
Alain Levauc

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear Board of Supervisors,

I'm a San Francisco resident who sees a failure by our elected officials to address the fentanyl-fueled drug epidemic that is devastating our city. The drug epidemic is linked to all of the problems San Francisco faces, including homelessness, mental health, public safety, and economic vitality. You must make ending open-air drug markets and funding more city-sponsored recovery programs the main priority of this year's budget cycle.

We thank Mayor London Breed, Governor Gavin Newsom, District Attorney Brooke Jenkins and Speaker Emerita Nancy Pelosi for working together on State and Federal law enforcement coordination; and appreciate those members of the Board of Supervisors who have been vocally supportive of these efforts. We ask for continued cooperation and coordination with state and federal agencies to permanently eradicate open-air drug markets.

In order to ensure sustained action, I'm demanding that you include the following in the next budget:

Law Enforcement: The District Attorney and the Police Department must work together to arrest and prosecute drug dealers in San Francisco, as well as coordinate with state and federal law enforcement to address cartels bringing drugs to the city. The city can ensure this happens by including the following in the next budget:

- Funding to eventually meet the recommended number of 2,182 sworn officers
- Enough academy classes to meet that goal with new officers
- Enough police staffing aides to allow officers to answer high-priority calls
- Enough additional officers this coming year to make Operation Disruption permanent in high drug trafficking areas, including the Tenderloin, Southern, and Mission Stations
- Investment in personnel training and narcotics equipment to effectively close the open air drug markets
- Funding for a nationwide recruitment search with a focus on lateral hires to expedite hiring

City-Sponsored Recovery Programs: Recovery has to be the goal. City departments need to work cross-functionally to make this happen in order to give users the chance to live healthy lives and shrink demand for drugs on the street. This means funding true treatment on demand in the next budget, which includes:

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear Board of Supervisors,

I'm a San Francisco resident who sees a failure by our elected officials to address the fentanyl-fueled drug epidemic that is devastating our city. The drug epidemic is linked to all of the problems San Francisco faces, including homelessness, mental health, public safety, and economic vitality. You must make ending open-air drug markets and funding more city-sponsored recovery programs the main priority of this year's budget cycle.

We thank Mayor London Breed, Governor Gavin Newsom, District Attorney Brooke Jenkins and Speaker Emerita Nancy Pelosi for working together on State and Federal law enforcement coordination; and appreciate those members of the Board of Supervisors who have been vocally supportive of these efforts. We ask for continued cooperation and coordination with state and federal agencies to permanently eradicate open-air drug markets.

In order to ensure sustained action, I'm demanding that you include the following in the next budget:

Law Enforcement: The District Attorney and the Police Department must work together to arrest and prosecute drug dealers in San Francisco, as well as coordinate with state and federal law enforcement to address cartels bringing drugs to the city. The city can ensure this happens by including the following in the next budget:

- Funding to eventually meet the recommended number of 2,182 sworn officers
- Enough academy classes to meet that goal with new officers
- Enough police staffing aides to allow officers to answer high-priority calls
- Enough additional officers this coming year to make Operation Disruption permanent in high drug trafficking areas, including the Tenderloin, Southern, and Mission Stations
- Investment in personnel training and narcotics equipment to effectively close the open air drug markets
- Funding for a nationwide recruitment search with a focus on lateral hires to expedite hiring

City-Sponsored Recovery Programs: Recovery has to be the goal. City departments need to work cross-functionally to make this happen in order to give users the chance to live healthy lives and shrink demand for drugs on the street. This means funding true treatment on demand in the next budget, which includes:

- Creating 24/7 pickup vans for people seeking to enter drug treatment programs, and 24/7 intake centers where they can go for initial screening
- Stabilization centers with a minimum stay time and on-site medical staff, where people can stay temporarily before entering longer-term drug treatment programs
- Improving access to recovery beds to meet the city's obligation to provide drug treatment on demand:
 - Increase the number of residential drug treatment beds
 - Increase the number of step-down beds, a vital component of the services spectrum where people re-learn skills for independent living before entering permanent housing
- Offer recovery options that are completely drug-free
- Offer more secure mental health beds so people who need care aren't forced to stay in jail or return to the streets
- Make employment as a member of program staff more sustainable and rewarding:
 - Increase staffing capacity through reassignments to match program expansion
 - Additional funding to address the staffing shortage of licensed staff/behavioral nurses
 - Address the pay gap between nonprofit and city licensed behavioral staff

I know that completely eradicating drug use is unrealistic. What I'm demanding is a visible reduction in the open-air drug sales and drug use that is eroding our city. San Francisco should be a place where those who are not involved in drug sales and drug use are not negatively impacted by drug sales and drug use.

Sincerely,
Steven Clark
San Francisco, CA 94102

In order to ensure sustained action, I'm demanding that you include the following in the next budget:

Law Enforcement: The District Attorney and the Police Department must work together to arrest and prosecute drug dealers in San Francisco, as well as coordinate with state and federal law enforcement to address cartels bringing drugs to the city. The city can ensure this happens by including the following in the next budget:

- Funding to eventually meet the recommended number of 2,182 sworn officers
- Enough academy classes to meet that goal with new officers
- Enough police staffing aides to allow officers to answer high-priority calls
- Enough additional officers this coming year to make Operation Disruption permanent in high drug trafficking areas, including the Tenderloin, Southern, and Mission Stations
- Investment in personnel training and narcotics equipment to effectively close the open air drug markets
- Funding for a nationwide recruitment search with a focus on lateral hires to expedite hiring

City-Sponsored Recovery Programs: Recovery has to be the goal. City departments need to work cross-functionally to make this happen in order to give users the chance to live healthy lives and shrink demand for drugs on the street. This means funding true treatment on demand in the next budget, which includes:

- Creating 24/7 pickup vans for people seeking to enter drug treatment programs, and 24/7 intake centers where they can go for initial screening
- Stabilization centers with a minimum stay time and on-site medical staff, where people can stay temporarily before entering longer-term drug treatment programs
- Improving access to recovery beds to meet the city's obligation to provide drug treatment on demand:
 - Increase the number of residential drug treatment beds
 - Increase the number of step-down beds, a vital component of the services spectrum where people re-learn skills for independent living before entering permanent housing
- Offer recovery options that are completely drug-free
- Offer more secure mental health beds so people who need care aren't forced to stay in jail or return to the streets
- Make employment as a member of program staff more sustainable and rewarding:
 - Increase staffing capacity through reassignments to match program expansion
 - Additional funding to address the staffing shortage of licensed staff/behavioral nurses
 - Address the pay gap between nonprofit and city licensed behavioral staff

I know that completely eradicating drug use is unrealistic. What I'm demanding is a visible reduction in the open-air drug sales and drug use that is eroding our city. San Francisco should be a place where those who are not involved in drug sales and drug use are not negatively impacted by drug sales and drug use.

Sincerely,
Wade Freedman

Dear Board of Supervisors,

I'm a San Francisco resident who sees a failure by our elected officials to address the fentanyl-fueled drug epidemic that is devastating our city. The drug epidemic is linked to all of the problems San Francisco faces, including homelessness, mental health, public safety, and economic vitality. You must make ending open-air drug markets and funding more city-sponsored recovery programs the main priority of this year's budget cycle.

We thank Mayor London Breed, Governor Gavin Newsom, District Attorney Brooke Jenkins and Speaker Emerita Nancy Pelosi for working together on State and Federal law enforcement coordination; and appreciate those members of the Board of Supervisors who have been vocally supportive of these efforts. We ask for continued cooperation and coordination with state and federal agencies to permanently eradicate open-air drug markets.

In order to ensure sustained action, I'm demanding that you include the following in the next budget:

Law Enforcement: The District Attorney and the Police Department must work together to arrest and prosecute drug dealers in San Francisco, as well as coordinate with state and federal law enforcement to address cartels bringing drugs to the city. - Creating 24/7 pickup vans for people seeking to enter drug treatment programs, and 24/7 intake centers where they can go for initial screening
- Stabilization centers with a minimum stay time and on-site medical staff, where people can stay temporarily before entering longer-term drug treatment programs
- Improving access to recovery beds to meet the city's obligation to provide drug treatment on demand:
 - Increase the number of residential drug treatment beds
 - Increase the number of step-down beds, a vital component of the services spectrum where people re-learn skills for independent living before entering permanent housing
- Offer recovery options that are completely drug-free
- Offer more secure mental health beds so people who need care aren't forced to stay in jail or return to the streets
- Make employment as a member of program staff more sustainable and rewarding:
 - Increase staffing capacity through reassignments to match program expansion
 - Additional funding to address the staffing shortage of licensed staff/behavioral nurses
 - Address the pay gap between nonprofit and city licensed behavioral staff

I know that completely eradicating drug use is unrealistic. What I'm demanding is a visible reduction in the open-air drug sales and drug use that is eroding our city. San Francisco should be a place where those who are not involved in drug sales and drug use are not negatively impacted by drug sales and drug use.

Sincerely,
Kristin Morse

Subject: City Budget Public Comment: San Francisco Needs to Fund Solutions to End the Drug Crisis in This Year's Budget
Date: Wednesday, May 10, 2023 7:00:35 PM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear Board of Supervisors,

I'm a San Francisco resident who sees a failure by our elected officials to address the fentanyl-fueled drug epidemic that is devastating our city. The drug epidemic is linked to all of the problems San Francisco faces, including homelessness, mental health, public safety, and economic vitality. You must make ending open-air drug markets and funding more city-sponsored recovery programs the main priority of this year's budget cycle.

We thank Mayor London Breed, Governor Gavin Newsom, District Attorney Brooke Jenkins and Speaker Emerita Nancy Pelosi for working together on State and Federal law enforcement coordination; and appreciate those members of the Board of Supervisors who have been vocally supportive of these efforts. We ask for continued cooperation and coordination with state and federal agencies to permanently eradicate open-air drug markets.

In order to ensure sustained action, I'm demanding that you include the following in the next budget:

Law Enforcement: The District Attorney and the Police Department must work together to arrest and prosecute drug dealers in San Francisco, as well as coordinate with state and federal law enforcement to address cartels bringing drugs to the city. The city can ensure this happens by including the following in the next budget:

- Funding to eventually meet the recommended number of 2,182 sworn officers
- Enough academy classes to meet that goal with new officers
- Enough police staffing aides to allow officers to answer high-priority calls
- Enough additional officers this coming year to make Operation Disruption permanent in high drug trafficking areas, including the Tenderloin, Southern, and Mission Stations
- Investment in personnel training and narcotics equipment to effectively close the open air drug markets
- Funding for a nationwide recruitment search with a focus on lateral hires to expedite hiring

City-Sponsored Recovery Programs: Recovery has to be the goal. City departments need to work cross-functionally to make this happen in order to give users the chance to live healthy lives and shrink demand for drugs on the street. This means funding true treatment on demand in the next budget, which includes:

- Creating 24/7 pickup vans for people seeking to enter drug treatment programs, and 24/7 intake centers where they can go for initial screening
- Stabilization centers with a minimum stay time and on-site medical staff, where people can stay temporarily before entering longer-term drug treatment programs

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear Board of Supervisors,

I'm a San Francisco resident who sees a failure by our elected officials to address the fentanyl-fueled drug epidemic that is devastating our city. The drug epidemic is linked to all of the problems San Francisco faces, including homelessness, mental health, public safety, and economic vitality. You must make ending open-air drug markets and funding more city-sponsored recovery programs the main priority of this year's budget cycle.

We thank Mayor London Breed, Governor Gavin Newsom, District Attorney Brooke Jenkins and Speaker Emerita Nancy Pelosi for working together on State and Federal law enforcement coordination; and appreciate those members of the Board of Supervisors who have been vocally supportive of these efforts. We ask for continued cooperation and coordination with state and federal agencies to permanently eradicate open-air drug markets.

In order to ensure sustained action, I'm demanding that you include the following in the next budget:

Law Enforcement: The District Attorney and the Police Department must work together to arrest and prosecute drug dealers in San Francisco, as well as coordinate with state and federal law enforcement to address cartels bringing drugs to the city. The city can ensure this happens by including the following in the next budget:

- Funding to eventually meet the recommended number of 2,182 sworn officers
- Enough academy classes to meet that goal with new officers
- Enough police staffing aides to allow officers to answer high-priority calls
- Enough additional officers this coming year to make Operation Disruption permanent in high drug trafficking areas, including the Tenderloin, Southern, and Mission Stations
- Investment in personnel training and narcotics equipment to effectively close the open air drug markets
- Funding for a nationwide recruitment search with a focus on lateral hires to expedite hiring

City-Sponsored Recovery Programs: Recovery has to be the goal. City departments need to work cross-functionally to make this happen in order to give users the chance to live healthy lives and shrink demand for drugs on the street. This means funding true treatment on demand in the next budget, which includes:

- Creating 24/7 pickup vans for people seeking to enter drug treatment programs, and 24/7 intake centers where they can go for initial screening
- Stabilization centers with a minimum stay time and on-site medical staff, where people can stay temporarily before entering longer-term drug treatment programs
- Improving access to recovery beds to meet the city's obligation to provide drug treatment on demand:
 - Increase the number of residential drug treatment beds
 - Increase the number of step-down beds, a vital component of the services spectrum where people re-learn skills for independent living before entering permanent housing
- Offer recovery options that are completely drug-free
- Offer more secure mental health beds so people who need care aren't forced to stay in jail or return to the streets
- Make employment as a member of program staff more sustainable and rewarding:
 - Increase staffing capacity through reassignments to match program expansion
 - Additional funding to address the staffing shortage of licensed staff/behavioral nurses
 - Address the pay gap between nonprofit and city licensed behavioral staff

I know that completely eradicating drug use is unrealistic. What I'm demanding is a visible reduction in the open-air drug sales and drug use that is eroding our city. San Francisco should be a place where those who are not involved in drug sales and drug use are not negatively impacted by drug sales and drug use.

Sincerely,
Kyle Folsom
San Francisco, CA 94124

In order to ensure sustained action, I'm demanding that you include the following in the next budget:

Law Enforcement: The District Attorney and the Police Department must work together to arrest and prosecute drug dealers in San Francisco, as well as coordinate with state and federal law enforcement to address cartels bringing drugs to the city. The city can ensure this happens by including the following in the next budget:

- Funding to eventually meet the recommended number of 2,182 sworn officers
- Enough academy classes to meet that goal with new officers
- Enough police staffing aides to allow officers to answer high-priority calls
- Enough additional officers this coming year to make Operation Disruption permanent in high drug trafficking areas, including the Tenderloin, Southern, and Mission Stations
- Investment in personnel training and narcotics equipment to effectively close the open air drug markets
- Funding for a nationwide recruitment search with a focus on lateral hires to expedite hiring

City-Sponsored Recovery Programs: Recovery has to be the goal. City departments need to work cross-functionally to make this happen in order to give users the chance to live healthy lives and shrink demand for drugs on the street. This means funding true treatment on demand in the next budget, which includes:

- Creating 24/7 pickup vans for people seeking to enter drug treatment programs, and 24/7 intake centers where they can go for initial screening
- Stabilization centers with a minimum stay time and on-site medical staff, where people can stay temporarily before entering longer-term drug treatment programs
- Improving access to recovery beds to meet the city's obligation to provide drug treatment on demand:
 - Increase the number of residential drug treatment beds
 - Increase the number of step-down beds, a vital component of the services spectrum where people re-learn skills for independent living before entering permanent housing
- Offer recovery options that are completely drug-free
- Offer more secure mental health beds so people who need care aren't forced to stay in jail or return to the streets
- Make employment as a member of program staff more sustainable and rewarding:
 - Increase staffing capacity through reassignments to match program expansion
 - Additional funding to address the staffing shortage of licensed staff/behavioral nurses
 - Address the pay gap between nonprofit and city licensed behavioral staff

I know that completely eradicating drug use is unrealistic. What I'm demanding is a visible reduction in the open-air drug sales and drug use that is eroding our city. San Francisco should be a place where those who are not involved in drug sales and drug use are not negatively impacted by drug sales and drug use.

Sincerely,
Corine Ruddy

Dear Board of Supervisors,

I'm a San Francisco resident who sees a failure by our elected officials to address the fentanyl-fueled drug epidemic that is devastating our city. The drug epidemic is linked to all of the problems San Francisco faces, including homelessness, mental health, public safety, and economic vitality. You must make ending open-air drug markets and funding more city-sponsored recovery programs the main priority of this year's budget cycle.

We thank Mayor London Breed, Governor Gavin Newsom, District Attorney Brooke Jenkins and Speaker Emerita Nancy Pelosi for working together on State and Federal law enforcement coordination; and appreciate those members of the Board of Supervisors who have been vocally supportive of these efforts. We ask for continued cooperation and coordination with state and federal agencies to permanently eradicate open-air drug markets.

In order to ensure sustained action, I'm demanding that you include the following in the next budget:

Law Enforcement: The District Attorney and the Police Department must work together to arrest and prosecute drug dealers in San Francisco, as well as coordinate with state and federal law enforcement to address cartels bringing drugs to the city. - Improving access to recovery beds to meet the city's obligation to provide drug treatment on demand:
 - Increase the number of residential drug treatment beds
 - Increase the number of step-down beds, a vital component of the services spectrum where people re-learn skills for independent living before entering permanent housing
- Offer recovery options that are completely drug-free
- Offer more secure mental health beds so people who need care aren't forced to stay in jail or return to the streets
- Make employment as a member of program staff more sustainable and rewarding:
 - Increase staffing capacity through reassignments to match program expansion
 - Additional funding to address the staffing shortage of licensed staff/behavioral nurses
 - Address the pay gap between nonprofit and city licensed behavioral staff

I know that completely eradicating drug use is unrealistic. What I'm demanding is a visible reduction in the open-air drug sales and drug use that is eroding our city. San Francisco should be a place where those who are not involved in drug sales and drug use are not negatively impacted by drug sales and drug use.

Sincerely,
Ed Fisch
San Francisco, CA 94117

Subject: City Budget Public Comment: San Francisco Needs to Fund Solutions to End the Drug Crisis in This Year's Budget
Date: Wednesday, May 10, 2023 6:59:30 PM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear Board of Supervisors,

I'm a San Francisco resident who sees a failure by our elected officials to address the fentanyl-fueled drug epidemic that is devastating our city. The drug epidemic is linked to all of the problems San Francisco faces, including homelessness, mental health, public safety, and economic vitality. You must make ending open-air drug markets and funding more city-sponsored recovery programs the main priority of this year's budget cycle.

We thank Mayor London Breed, Governor Gavin Newsom, District Attorney Brooke Jenkins and Speaker Emerita Nancy Pelosi for working together on State and Federal law enforcement coordination; and appreciate those members of the Board of Supervisors who have been vocally supportive of these efforts. We ask for continued cooperation and coordination with state and federal agencies to permanently eradicate open-air drug markets.

In order to ensure sustained action, I'm demanding that you include the following in the next budget:

Law Enforcement: The District Attorney and the Police Department must work together to arrest and prosecute drug dealers in San Francisco, as well as coordinate with state and federal law enforcement to address cartels bringing drugs to the city. The city can ensure this happens by including the following in the next budget:

- Funding to eventually meet the recommended number of 2,182 sworn officers
- Enough academy classes to meet that goal with new officers
- Enough police staffing aides to allow officers to answer high-priority calls
- Enough additional officers this coming year to make Operation Disruption permanent in high drug trafficking areas, including the Tenderloin, Southern, and Mission Stations
- Investment in personnel training and narcotics equipment to effectively close the open air drug markets
- Funding for a nationwide recruitment search with a focus on lateral hires to expedite hiring

City-Sponsored Recovery Programs: Recovery has to be the goal. City departments need to work cross-functionally to make this happen in order to give users the chance to live healthy lives and shrink demand for drugs on the street. This means funding true treatment on demand in the next budget, which includes:

- Creating 24/7 pickup vans for people seeking to enter drug treatment programs, and 24/7 intake centers where they can go for initial screening
- Stabilization centers with a minimum stay time and on-site medical staff, where people can stay temporarily before entering longer-term drug treatment programs
- Improving access to recovery beds to meet the city's obligation to provide drug treatment on demand:
 - Increase the number of residential drug treatment beds
 - Increase the number of step-down beds, a vital component of the services spectrum where people re-learn skills for independent living before entering permanent housing
- Offer recovery options that are completely drug-free
- Offer more secure mental health beds so people who need care aren't forced to stay in jail or return to the streets

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear Board of Supervisors,

I'm a San Francisco resident who sees a failure by our elected officials to address the fentanyl-fueled drug epidemic that is devastating our city. The drug epidemic is linked to all of the problems San Francisco faces, including homelessness, mental health, public safety, and economic vitality. You must make ending open-air drug markets and funding more city-sponsored recovery programs the main priority of this year's budget cycle.

We thank Mayor London Breed, Governor Gavin Newsom, District Attorney Brooke Jenkins and Speaker Emerita Nancy Pelosi for working together on State and Federal law enforcement coordination; and appreciate those members of the Board of Supervisors who have been vocally supportive of these efforts. We ask for continued cooperation and coordination with state and federal agencies to permanently eradicate open-air drug markets.

In order to ensure sustained action, I'm demanding that you include the following in the next budget:

Law Enforcement: The District Attorney and the Police Department must work together to arrest and prosecute drug dealers in San Francisco, as well as coordinate with state and federal law enforcement to address cartels bringing drugs to the city. The city can ensure this happens by including the following in the next budget:

- Funding to eventually meet the recommended number of 2,182 sworn officers
- Enough academy classes to meet that goal with new officers
- Enough police staffing aides to allow officers to answer high-priority calls
- Enough additional officers this coming year to make Operation Disruption permanent in high drug trafficking areas, including the Tenderloin, Southern, and Mission Stations
- Investment in personnel training and narcotics equipment to effectively close the open air drug markets
- Funding for a nationwide recruitment search with a focus on lateral hires to expedite hiring

City-Sponsored Recovery Programs: Recovery has to be the goal. City departments need to work cross-functionally to make this happen in order to give users the chance to live healthy lives and shrink demand for drugs on the street. This means funding true treatment on demand in the next budget, which includes:

- Creating 24/7 pickup vans for people seeking to enter drug treatment programs, and 24/7 intake centers where they can go for initial screening
- Stabilization centers with a minimum stay time and on-site medical staff, where people can stay temporarily before entering longer-term drug treatment programs
- Improving access to recovery beds to meet the city's obligation to provide drug treatment on demand:
 - Increase the number of residential drug treatment beds
 - Increase the number of step-down beds, a vital component of the services spectrum where people re-learn skills for independent living before entering permanent housing
- Offer recovery options that are completely drug-free
- Offer more secure mental health beds so people who need care aren't forced to stay in jail or return to the streets
- Make employment as a member of program staff more sustainable and rewarding:
 - Increase staffing capacity through reassignments to match program expansion
 - Additional funding to address the staffing shortage of licensed staff/behavioral nurses
 - Address the pay gap between nonprofit and city licensed behavioral staff

I know that completely eradicating drug use is unrealistic. What I'm demanding is a visible reduction in the open-air drug sales and drug use that is eroding our city. San Francisco should be a place where those who are not involved in drug sales and drug use are not negatively impacted by drug sales and drug use.

Sincerely,
Scot Conner
San Francisco, CA 94123

Law Enforcement: The District Attorney and the Police Department must work together to arrest and prosecute drug dealers in San Francisco, as well as coordinate with state and federal law enforcement to address cartels bringing drugs to the city. The city can ensure this happens by including the following in the next budget:

- Funding to eventually meet the recommended number of 2,182 sworn officers
- Enough academy classes to meet that goal with new officers
- Enough police staffing aides to allow officers to answer high-priority calls
- Enough additional officers this coming year to make Operation Disruption permanent in high drug trafficking areas, including the Tenderloin, Southern, and Mission Stations
- Investment in personnel training and narcotics equipment to effectively close the open air drug markets
- Funding for a nationwide recruitment search with a focus on lateral hires to expedite hiring

City-Sponsored Recovery Programs: Recovery has to be the goal. City departments need to work cross-functionally to make this happen in order to give users the chance to live healthy lives and shrink demand for drugs on the street. This means funding true treatment on demand in the next budget, which includes:

- Creating 24/7 pickup vans for people seeking to enter drug treatment programs, and 24/7 intake centers where they can go for initial screening
- Stabilization centers with a minimum stay time and on-site medical staff, where people can stay temporarily before entering longer-term drug treatment programs
- Improving access to recovery beds to meet the city's obligation to provide drug treatment on demand:
 - Increase the number of residential drug treatment beds
 - Increase the number of step-down beds, a vital component of the services spectrum where people re-learn skills for independent living before entering permanent housing
- Offer recovery options that are completely drug-free
- Offer more secure mental health beds so people who need care aren't forced to stay in jail or return to the streets
- Make employment as a member of program staff more sustainable and rewarding:
 - Increase staffing capacity through reassignments to match program expansion
 - Additional funding to address the staffing shortage of licensed staff/behavioral nurses
 - Address the pay gap between nonprofit and city licensed behavioral staff

I know that completely eradicating drug use is unrealistic. What I'm demanding is a visible reduction in the open-air drug sales and drug use that is eroding our city. San Francisco should be a place where those who are not involved in drug sales and drug use are not negatively impacted by drug sales and drug use.

Sincerely,
Rene Guillory

Dear Board of Supervisors,

I'm a San Francisco resident who sees a failure by our elected officials to address the fentanyl-fueled drug epidemic that is devastating our city. The drug epidemic is linked to all of the problems San Francisco faces, including homelessness, mental health, public safety, and economic vitality. You must make ending open-air drug markets and funding more city-sponsored recovery programs the main priority of this year's budget cycle.

We thank Mayor London Breed, Governor Gavin Newsom, District Attorney Brooke Jenkins and Speaker Emerita Nancy Pelosi for working together on State and Federal law enforcement coordination; and appreciate those members of the Board of Supervisors who have been vocally supportive of these efforts. We ask for continued cooperation and coordination with state and federal agencies to permanently eradicate open-air drug markets.

In order to ensure sustained action, I'm demanding that you include the following in the next budget:

Law Enforcement: The District Attorney and the Police Department must work together to arrest and prosecute drug dealers in San Francisco, as well as coordinate with state and federal law enforcement to address cartels bringing drugs to the city. Dear Board of Supervisors,

I moved into Trinity Plaza on April 1. As a 67-year-old man, part of that decision was because there was a supermarket downstairs that didn't require me to ride Muni to buy my groceries. Imagine my anger when Whole Foods closed down a week later!

I've been a resident of San Francisco for 44 years and I see a total failure by our elected officials to address the fentanyl-fueled drug epidemic that is devastating our city. The drug epidemic is linked to all of the problems San Francisco faces, including homelessness, mental health, public safety, and economic vitality. You must make ending open-air drug markets and funding more city-sponsored recovery programs the main priority of this year's budget cycle.

City departments need to work cross-functionally to make this happen in order to give users the chance to live healthy lives and shrink demand for drugs on the street. This means funding true treatment on demand in the next budget, which includes:

- Creating 24/7 pickup vans for people seeking to enter drug treatment programs, and 24/7 intake centers where they can go for initial screening
- Stabilization centers with a minimum stay time and on-site medical staff, where people can stay temporarily before entering longer-term drug treatment programs
- Improving access to recovery beds to meet the city's obligation to provide drug treatment on demand:
 - Increase the number of residential drug treatment beds
 - Increase the number of step-down beds, a vital component of the services spectrum where people re-learn skills for independent living before entering permanent housing
- Offer recovery options that are completely drug-free
- Offer more secure mental health beds so people who need care aren't forced to stay in jail or return to the streets
- Make employment as a member of program staff more sustainable and rewarding:
 - Increase staffing capacity through reassignments to match program expansion
 - Additional funding to address the staffing shortage of licensed staff/behavioral nurses
 - Address the pay gap between nonprofit and city licensed behavioral staff

I know that completely eradicating drug use is unrealistic. What I'm demanding is a visible reduction in the open-air drug sales and drug use that is eroding our city. San Francisco should be a place where those who are not involved in drug sales and drug use are not negatively impacted by drug sales and drug use.

Sincerely,
Shauna Hardeman
Vallejo, CA 94590

Subject: City Budget Public Comment: San Francisco Needs to Fund Solutions to End the Drug Crisis in This Year's Budget
Date: Wednesday, May 10, 2023 5:34:20 PM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear Board of Supervisors,

I'm a San Francisco resident who sees a failure by our elected officials to address the fentanyl-fueled drug epidemic that is devastating our city. The drug epidemic is linked to all of the problems San Francisco faces, including homelessness, mental health, public safety, and economic vitality. You must make ending open-air drug markets and funding more city-sponsored recovery programs the main priority of this year's budget cycle.

We thank Mayor London Breed, Governor Gavin Newsom, District Attorney Brooke Jenkins and Speaker Emerita Nancy Pelosi for working together on State and Federal law enforcement coordination; and appreciate those members of the Board of Supervisors who have been vocally supportive of these efforts. We ask for continued cooperation and coordination with state and federal agencies to permanently eradicate open-air drug markets.

In order to ensure sustained action, I'm demanding that you include the following in the next budget:

Law Enforcement: The District Attorney and the Police Department must work together to arrest and prosecute drug dealers in San Francisco, as well as coordinate with state and federal law enforcement to address cartels bringing drugs to the city. The city can ensure this happens by including the following in the next budget:

- Funding to eventually meet the recommended number of 2,182 sworn officers
- Enough academy classes to meet that goal with new officers
- Enough police staffing aides to allow officers to answer high-priority calls
- Enough additional officers this coming year to make Operation Disruption permanent in high drug trafficking areas, including the Tenderloin, Southern, and Mission Stations
- Investment in personnel training and narcotics equipment to effectively close the open air drug markets
- Funding for a nationwide recruitment search with a focus on lateral hires to expedite hiring

City-Sponsored Recovery Programs: Recovery has to be the goal. City departments need to work cross-functionally to make this happen in order to give users the chance to live healthy lives and shrink demand for drugs on the street. This means funding true treatment on demand in the next budget, which includes:

- Creating 24/7 pickup vans for people seeking to enter drug treatment programs, and 24/7 intake centers where they can go for initial screening

Dear Board of Supervisors,

I have lost a family member to fentanyl. I know that with better recovery programs and enforcement we can save others before it's too late — allowing people to continue to die on the street is not compassion. We all deserve better.

I'm a San Francisco resident who sees a failure by our elected officials to address the fentanyl-fueled drug epidemic that is devastating our city. Dear Board of Supervisors,

Drug abuse is a major problem in our city. It is the cause of so much of our crime, homelessness, and quality of life issues.

SF needs to get its act together on the drugs issue now.

Based on Together SF's recommendation, I would like you to consider the following:

- Fund and hire even more police officers.
- Pass a resolution to enforce quality of life laws which are already on our books: public urination/defecation, graffiti, drinking or drug use in public, and sidewalk obstruction.
- Compel addicts into treatment by providing treatment services as an alternative to jail.
- Build more temporary shelter beds so we can get people off the street.

Sincerely,
Tom Dehnel

- Enough academy classes to meet that goal with new officers
- Enough police staffing aides to allow officers to answer high-priority calls
- Enough additional officers this coming year to make Operation Disruption permanent in high drug trafficking areas, including the Tenderloin, Southern, and Mission Stations
- Investment in personnel training and narcotics equipment to effectively close the open air drug markets
- Funding for a nationwide recruitment search with a focus on lateral hires to expedite hiring

City-Sponsored Recovery Programs: Recovery has to be the goal. City departments need to work cross-functionally to make this happen in order to give users the chance to live healthy lives and shrink demand for drugs on the street. This means funding true treatment on demand in the next budget, which includes:

- Creating 24/7 pickup vans for people seeking to enter drug treatment programs, and 24/7 intake centers where they can go for initial screening
- Stabilization centers with a minimum stay time and on-site medical staff, where people can stay temporarily before entering longer-term drug treatment programs
- Improving access to recovery beds to meet the city's obligation to provide drug treatment on demand:
 - Increase the number of residential drug treatment beds
 - Increase the number of step-down beds, a vital component of the services spectrum where people re-learn skills for independent living before entering permanent housing
- Offer recovery options that are completely drug-free
- Offer more secure mental health beds so people who need care aren't forced to stay in jail or return to the streets
- Make employment as a member of program staff more sustainable and rewarding:
 - Increase staffing capacity through reassignments to match program expansion
 - Additional funding to address the staffing shortage of licensed staff/behavioral nurses
 - Address the pay gap between nonprofit and city licensed behavioral staff

I know that completely eradicating drug use is unrealistic. What I'm demanding is a visible reduction in the open-air drug sales and drug use that is eroding our city. San Francisco should be a place where those who are not involved in drug sales and drug use are not negatively impacted by drug sales and drug use.

Sincerely,
Tamara Greenberg

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear Board of Supervisors,

I'm a San Francisco resident who sees a failure by our elected officials to address the fentanyl-fueled drug epidemic that is devastating our city. The drug epidemic is linked to all of the problems San Francisco faces, including homelessness, mental health, public safety, and economic vitality. You must make ending open-air drug markets and funding more city-sponsored recovery programs the main priority of this year's budget cycle.

We thank Mayor London Breed, Governor Gavin Newsom, District Attorney Brooke Jenkins and Speaker Emerita Nancy Pelosi for working together on State and Federal law enforcement coordination; and appreciate those members of the Board of Supervisors who have been vocally supportive of these efforts. We ask for continued cooperation and coordination with state and federal agencies to permanently eradicate open-air drug markets.

In order to ensure sustained action, I'm demanding that you include the following in the next budget:

Law Enforcement: The District Attorney and the Police Department must work together to arrest and prosecute drug dealers in San Francisco, as well as coordinate with state and federal law enforcement to address cartels bringing drugs to the city. The city can ensure this happens by including the following in the next budget:

- Funding to eventually meet the recommended number of 2,182 sworn officers
- Enough academy classes to meet that goal with new officers
- Enough police staffing aides to allow officers to answer high-priority calls
- Enough additional officers this coming year to make Operation Disruption permanent in high drug trafficking areas, including the Tenderloin, Southern, and Mission Stations
- Investment in personnel training and narcotics equipment to effectively close the open air drug markets
- Funding for a nationwide recruitment search with a focus on lateral hires to expedite hiring

Dear Board of Supervisors,

I'm a San Francisco resident who sees a failure by our elected officials to address the drug-fueled epidemic that is devastating our city. The drug epidemic is linked to all of the problems San Francisco faces, including homelessness, mental health, quality of life, public safety and cleanliness, and economic vitality. You must make ending the open-air drug markets, and funding more city-sponsored recovery programs the main priority of this year's budget cycle.

We DO NOT thank Mayor London Breed, Governor Gavin Newsom, District Attorney Brooke Jenkins and Speaker Emerita Nancy Pelosi for working together on State and Federal law enforcement coordination; nor do I appreciate those members of the Board of Supervisors who have been vocally supportive of these efforts, because intimacy NOTHING HAS CHANGED. I ask for more cooperation and coordination with state and federal agencies to permanently eradicate open-air drug markets NOW!!

In order to ensure sustained action, I'm demanding that you include the following in the next budget:

Law Enforcement: The District Attorney and the Police Department must work together to arrest and prosecute drug dealers in San Francisco, as well as coordinate with state and federal law enforcement to address cartels bringing drugs to the city.  - Increase the number of step-down beds, a vital component of the services spectrum where people re-learn skills for independent living before entering permanent housing
- Offer recovery options that are completely drug-free
- Offer more secure mental health beds so people who need care aren't forced to stay in jail or return to the streets
- Make employment as a member of program staff more sustainable and rewarding:
 - Increase staffing capacity through reassignments to match program expansion
 - Additional funding to address the staffing shortage of licensed staff/behavioral nurses
 - Address the pay gap between nonprofit and city licensed behavioral staff

I know that completely eradicating drug use is unrealistic. What I'm demanding is a visible reduction in the open-air drug sales and drug use that is eroding our city. San Francisco should be a place where those who are not involved in drug sales and drug use are not negatively impacted by drug sales and drug use.

Sincerely,
Aoyuan Liao
San Francisco, CA 94107

Subject: City Budget Public Comment: San Francisco Needs to Fund Solutions to End the Drug Crisis in This Year's Budget
Date: Wednesday, May 10, 2023 11:53:20 AM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear Brent Jalipa,

I'm a San Francisco resident who sees a failure by our elected officials to address the fentanyl-fueled drug epidemic that is devastating our city. The drug epidemic is linked to all of the problems San Francisco faces, including homelessness, mental health, public safety, and economic vitality. You must make ending open-air drug markets and funding more city-sponsored recovery programs the main priority of this year's budget cycle.

We thank Mayor London Breed, Governor Gavin Newsom, District Attorney Brooke Jenkins and Speaker Emerita Nancy Pelosi for working together on State and Federal law enforcement coordination; and appreciate those members of the Board of Supervisors who have been vocally supportive of these efforts. We ask for continued cooperation and coordination with state and federal agencies to permanently eradicate open-air drug markets.

In order to ensure sustained action, I'm demanding that you include the following in the next budget:

Law Enforcement: The District Attorney and the Police Department must work together to arrest and prosecute drug dealers in San Francisco, as well as coordinate with state and federal law enforcement to address cartels bringing drugs to the city. The city can ensure this happens by including the following in the next budget:

- Funding to eventually meet the recommended number of 2,182 sworn officers
- Enough academy classes to meet that goal with new officers
- Enough police staffing aides to allow officers to answer high-priority calls
- Enough additional officers this coming year to make Operation Disruption permanent in high drug trafficking areas, including the Tenderloin, Southern, and Mission Stations
- Investment in personnel training and narcotics equipment to effectively close the open air drug markets
- Funding for a nationwide recruitment search with a focus on lateral hires to expedite hiring

City-Sponsored Recovery Programs: Recovery has to be the goal. City departments need to work cross-functionally to make this happen in order to give users the chance to live healthy lives and shrink demand for drugs on the street. This means funding true treatment on demand in the next budget, which includes:

- Creating 24/7 pickup vans for people seeking to enter drug treatment programs, and 24/7 intake centers where they can go for initial screening
- Stabilization centers with a minimum stay time and on-site medical staff, where people can stay temporarily before entering longer-term drug treatment programs
- Improving access to recovery beds to meet the city's obligation to provide drug treatment on demand:
 - Increase the number of residential drug treatment beds
 - Increase the number of step-down beds, a vital component of the services spectrum where people re-learn skills for independent living before entering permanent housing
- Offer recovery options that are completely drug-free
- Offer more secure mental health beds so people who need care aren't forced to stay in jail or return to the streets
- Make employment as a member of program staff more sustainable and rewarding:
 - Increase staffing capacity through reassignments to match program expansion
 - Additional funding to address the staffing shortage of licensed staff/behavioral nurses
 - Address the pay gap between nonprofit and city licensed behavioral staff

Dear Brent Jalipa,

I'm a San Francisco resident who sees a failure by our elected officials to address the drug-fueled epidemic that is devastating our city. The drug epidemic is linked to all of the problems San Francisco faces, including homelessness, mental health, quality of life, public safety and cleanliness, and economic vitality. You must make ending the open-air drug markets, and funding more city-sponsored recovery programs the main priority of this year's budget cycle.

We DO NOT thank Mayor London Breed, Governor Gavin Newsom, District Attorney Brooke Jenkins and Speaker Emerita Nancy Pelosi for working together on State and Federal law enforcement coordination; nor do I appreciate those members of the Board of Supervisors who have been vocally supportive of these efforts, because intimacy NOTHING HAS CHANGED. I ask for more cooperation and coordination with state and federal agencies to permanently eradicate open-air drug markets NOW!!

In order to ensure sustained action, I'm demanding that you include the following in the next budget:

Law Enforcement: The District Attorney and the Police Department must work together to arrest and prosecute drug dealers in San Francisco, as well as coordinate with state and federal law enforcement to address cartels bringing drugs to the city. This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear Brent Jalipa,

Drug abuse is a major problem in our city. It is the cause of so much of our crime, homelessness, and quality of life issues.

SF needs to get its act together on the drugs issue now.

Based on Together SF's recommendation, I would like you to consider the following:

- Fund and hire even more police officers.
- Pass a resolution to enforce quality of life laws which are already on our books: public urination/defecation, graffiti, drinking or drug use in public, and sidewalk obstruction.
- Compel addicts into treatment by providing treatment services as an alternative to jail.
- Build more temporary shelter beds so we can get people off the street.

Sincerely,
Tom Dehnel
San Francisco, CA 94110

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear Brent Jalipa,

To Whom it may Concern:

I'm a life-long 77 year old San Francisco resident who sees a failure by our elected officials to address the fentanyl-fueled drug epidemic that is devastating our city. The drug epidemic is linked to all of the problems San Francisco faces, including homelessness, mental health, public safety, and economic vitality. You must make ending open-air drug markets and funding more city-sponsored recovery programs the main priority of this year's budget cycle.

We thank Mayor London Breed, Governor Gavin Newsom, District Attorney Brooke Jenkins and Speaker Emerita Nancy Pelosi for working together on State and Federal law enforcement coordination; and appreciate those members of the Board of Supervisors who have been vocally supportive of these efforts. We ask for continued cooperation and coordination with state and federal agencies to permanently eradicate open-air drug markets.

In order to ensure sustained action, I'm demanding that you include the following in the next budget:

Law Enforcement: The District Attorney and the Police Department must work together to arrest and prosecute drug dealers in San Francisco, as well as coordinate with state and federal law enforcement to address cartels bringing drugs to the city. The city can ensure this happens by including the following in the next budget:

- Funding to eventually meet the recommended number of 2,182 sworn officers
- Enough academy classes to meet that goal with new officers
- Enough police staffing aides to allow officers to answer high-priority calls
- Enough additional officers this coming year to make Operation Disruption permanent in high drug trafficking areas, including the Tenderloin, Southern, and Mission Stations
- Investment in personnel training and narcotics equipment to effectively close the open air drug markets
- Funding for a nationwide recruitment search with a focus on lateral hires to expedite hiring

City-Sponsored Recovery Programs: Recovery has to be the goal. City departments need to work cross-functionally to make this happen in order to give users the chance to live healthy lives and shrink demand for drugs on the street. This means funding true treatment on demand in the next budget, which includes:

- Creating 24/7 pickup vans for people seeking to enter drug treatment programs, and 24/7 intake centers where they can go for initial screening
- Stabilization centers with a minimum stay time and on-site medical staff, where people can stay temporarily before entering longer-term drug treatment programs
- Improving access to recovery beds to meet the city's obligation to provide drug treatment on demand:
 - Increase the number of residential drug treatment beds
 - Increase the number of step-down beds, a vital component of the services spectrum where people re-learn skills for independent living before entering permanent housing
- Offer recovery options that are completely drug-free
- Offer more secure mental health beds so people who need care aren't forced to stay in jail or return to the streets
- Make employment as a member of program staff more sustainable and rewarding:
 - Increase staffing capacity through reassignments to match program expansion
 - Additional funding to address the staffing shortage of licensed staff/behavioral nurses

- Address the pay gap between nonprofit and city licensed behavioral staff

I know that completely eradicating drug use is unrealistic. What I'm demanding is a visible reduction in the open-air drug sales and drug use that is eroding our city. San Francisco should be a place where those who are not involved in drug sales and drug use are not negatively impacted by drug sales and drug use.

Sincerely, Yours in Service,

Richard Parina

Dear Brent Jalipa,

I have lost a family member to fentanyl. I know that with better recovery programs and enforcement we can save others before it's too late — allowing people to continue to die on the street is not compassion. We all deserve better.

I'm a San Francisco resident who sees a failure by our elected officials to address the fentanyl-fueled drug epidemic that is devastating our city.  - Additional funding to address the staffing shortage of licensed staff/behavioral nurses
 - Address the pay gap between nonprofit and city licensed behavioral staff

I know that completely eradicating drug use is unrealistic. What I'm demanding is a visible reduction in the open-air drug sales and drug use that is eroding our city. San Francisco should be a place where those who are not involved in drug sales and drug use are not negatively impacted by drug sales and drug use.

Sincerely,
Kathleen Nold
San Francisco, CA 94124

Subject: City Budget Public Comment: San Francisco Needs to Fund Solutions to End the Drug Crisis in This Year's Budget
Date: Wednesday, May 10, 2023 5:41:18 PM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear Brent Jalipa,

I'm a San Francisco resident who sees a failure by our elected officials to address the fentanyl-fueled drug epidemic that is devastating our city. The drug epidemic is linked to all of the problems San Francisco faces, including homelessness, mental health, public safety, and economic vitality. You must make ending open-air drug markets and funding more city-sponsored recovery programs the main priority of this year's budget cycle.

We thank Mayor London Breed, Governor Gavin Newsom, District Attorney Brooke Jenkins and Speaker Emerita Nancy Pelosi for working together on State and Federal law enforcement coordination; and appreciate those members of the Board of Supervisors who have been vocally supportive of these efforts. We ask for continued cooperation and coordination with state and federal agencies to permanently eradicate open-air drug markets.

In order to ensure sustained action, I'm demanding that you include the following in the next budget:

Law Enforcement: The District Attorney and the Police Department must work together to arrest and prosecute drug dealers in San Francisco, as well as coordinate with state and federal law enforcement to address cartels bringing drugs to the city. The city can ensure this happens by including the following in the next budget:

- Funding to eventually meet the recommended number of 2,182 sworn officers
- Enough academy classes to meet that goal with new officers
- Enough police staffing aides to allow officers to answer high-priority calls
- Enough additional officers this coming year to make Operation Disruption permanent in high drug trafficking areas, including the Tenderloin, Southern, and Mission Stations
- Investment in personnel training and narcotics equipment to effectively close the open air drug markets
- Funding for a nationwide recruitment search with a focus on lateral hires to expedite hiring

City-Sponsored Recovery Programs: Recovery has to be the goal. City departments need to work cross-functionally to make this happen in order to give users the chance to live healthy lives and shrink demand for drugs on the street. This means funding true treatment on demand in the next budget, which includes:

- Creating 24/7 pickup vans for people seeking to enter drug treatment programs, and 24/7 intake centers where they can go for initial screening
- Stabilization centers with a minimum stay time and on-site medical staff, where people can stay temporarily before entering longer-term drug treatment programs
- Improving access to recovery beds to meet the city's obligation to provide drug treatment on demand:
 - Increase the number of residential drug treatment beds
 - Increase the number of step-down beds, a vital component of the services spectrum where people re-learn skills for independent living before entering permanent housing
- Offer recovery options that are completely drug-free
- Offer more secure mental health beds so people who need care aren't forced to stay in jail or return to the streets
- Make employment as a member of program staff more sustainable and rewarding:
 - Increase staffing capacity through reassignments to match program expansion
 - Additional funding to address the staffing shortage of licensed staff/behavioral nurses
 - Address the pay gap between nonprofit and city licensed behavioral staff

I know that completely eradicating drug use is unrealistic. What I'm demanding is a visible reduction in the open-air drug sales and drug use that is eroding our city. San Francisco should be a place where those who are not involved in drug sales and drug use are not negatively impacted by drug sales and drug use.

Dear Brent Jalipa,

I moved into Trinity Plaza on April 1. As a 67-year-old man, part of that decision was because there was a supermarket downstairs that didn't require me to ride Muni to buy my groceries. Imagine my anger when Whole Foods closed down a week later!

I've been a resident of San Francisco for 44 years and I see a total failure by our elected officials to address the fentanyl-fueled drug epidemic that is devastating our city. The drug epidemic is linked to all of the problems San Francisco faces, including homelessness, mental health, public safety, and economic vitality. You must make ending open-air drug markets and funding more city-sponsored recovery programs the main priority of this year's budget cycle.

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear Brent Jalipa,

I'm a San Francisco resident who sees a failure by our elected officials to address the fentanyl-fueled drug epidemic that is devastating our city. The drug epidemic is linked to all of the problems San Francisco faces, including homelessness, mental health, public safety, and economic vitality. You must make ending open-air drug markets and funding more city-sponsored recovery programs the main priority of this year's budget cycle.

We thank Mayor London Breed, Governor Gavin Newsom, District Attorney Brooke Jenkins and Speaker Emerita Nancy Pelosi for working together on State and Federal law enforcement coordination; and appreciate those members of the Board of Supervisors who have been vocally supportive of these efforts. We ask for continued cooperation and coordination with state and federal agencies to permanently eradicate open-air drug markets.

In order to ensure sustained action, I'm demanding that you include the following in the next budget:

Law Enforcement: The District Attorney and the Police Department must work together to arrest and prosecute drug dealers in San Francisco, as well as coordinate with state and federal law enforcement to address cartels bringing drugs to the city. The city can ensure this happens by including the following in the next budget:

- Funding to eventually meet the recommended number of 2,182 sworn officers
- Enough academy classes to meet that goal with new officers
- Enough police staffing aides to allow officers to answer high-priority calls
- Enough additional officers this coming year to make Operation Disruption permanent in high drug trafficking areas, including the Tenderloin, Southern, and Mission Stations
- Investment in personnel training and narcotics equipment to effectively close the open air drug markets
- Funding for a nationwide recruitment search with a focus on lateral hires to expedite hiring

City-Sponsored Recovery Programs: Recovery has to be the goal. City departments need to work cross-functionally to make this happen in order to give users the chance to live healthy lives and shrink demand for drugs on the street. This means funding true treatment on demand in the next budget, which includes:

- Creating 24/7 pickup vans for people seeking to enter drug treatment programs, and 24/7 intake centers where they can go for initial screening
- Stabilization centers with a minimum stay time and on-site medical staff, where people can stay temporarily before entering longer-term drug treatment programs
- Improving access to recovery beds to meet the city's obligation to provide drug treatment on demand:
 - Increase the number of residential drug treatment beds
 - Increase the number of step-down beds, a vital component of the services spectrum where people re-learn skills for independent living before entering permanent housing
- Offer recovery options that are completely drug-free
- Offer more secure mental health beds so people who need care aren't forced to stay in jail or return to the streets
- Make employment as a member of program staff more sustainable and rewarding:
 - Increase staffing capacity through reassignments to match program expansion
 - Additional funding to address the staffing shortage of licensed staff/behavioral nurses
 - Address the pay gap between nonprofit and city licensed behavioral staff

I know that completely eradicating drug use is unrealistic. What I'm demanding is a visible reduction in the open-air drug sales and drug use that is eroding our city. San Francisco should be a place where those who are not involved in drug sales and drug use are not negatively impacted by drug sales and drug use.

Sincerely,
Georgina Bell
San Francisco, CA 94124

Law Enforcement: The District Attorney and the Police Department must work together to arrest and prosecute drug dealers in San Francisco, as well as coordinate with state and federal law enforcement to address cartels bringing drugs to the city. The city can ensure this happens by including the following in the next budget:

- Funding to eventually meet the recommended number of 2,182 sworn officers
- Enough academy classes to meet that goal with new officers
- Enough police staffing aides to allow officers to answer high-priority calls
- Enough additional officers this coming year to make Operation Disruption permanent in high drug trafficking areas, including the Tenderloin, Southern, and Mission Stations
- Investment in personnel training and narcotics equipment to effectively close the open air drug markets
- Funding for a nationwide recruitment search with a focus on lateral hires to expedite hiring

City-Sponsored Recovery Programs: Recovery has to be the goal. City departments need to work cross-functionally to make this happen in order to give users the chance to live healthy lives and shrink demand for drugs on the street. This means funding true treatment on demand in the next budget, which includes:

- Creating 24/7 pickup vans for people seeking to enter drug treatment programs, and 24/7 intake centers where they can go for initial screening
- Stabilization centers with a minimum stay time and on-site medical staff, where people can stay temporarily before entering longer-term drug treatment programs
- Improving access to recovery beds to meet the city's obligation to provide drug treatment on demand:
 - Increase the number of residential drug treatment beds
 - Increase the number of step-down beds, a vital component of the services spectrum where people re-learn skills for independent living before entering permanent housing
- Offer recovery options that are completely drug-free
- Offer more secure mental health beds so people who need care aren't forced to stay in jail or return to the streets
- Make employment as a member of program staff more sustainable and rewarding:
 - Increase staffing capacity through reassignments to match program expansion
 - Additional funding to address the staffing shortage of licensed staff/behavioral nurses
 - Address the pay gap between nonprofit and city licensed behavioral staff

I know that completely eradicating drug use is unrealistic. What I'm demanding is a visible reduction in the open-air drug sales and drug use that is eroding our city. San Francisco should be a place where those who are not involved in drug sales and drug use are not negatively impacted by drug sales and drug use.

Sincerely,
Matthew Packineau
San Francisco, CA 94124

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear Brent Jalipa,

I'm a San Francisco resident who sees a failure by our elected officials to address the fentanyl-fueled drug epidemic that is devastating our city. The drug epidemic is linked to all of the problems San Francisco faces, including homelessness, mental health, public safety, and economic vitality. You must make ending open-air drug markets and funding more city-sponsored recovery programs the main priority of this year's budget cycle.

We thank Mayor London Breed, Governor Gavin Newsom, District Attorney Brooke Jenkins and Speaker Emerita Nancy Pelosi for working together on State and Federal law enforcement coordination; and appreciate those members of the Board of Supervisors who have been vocally supportive of these efforts. We ask for continued cooperation and coordination with state and federal agencies to permanently eradicate open-air drug markets.

In order to ensure sustained action, I'm demanding that you include the following in the next budget:

Law Enforcement: The District Attorney and the Police Department must work together to arrest and prosecute drug dealers in San Francisco, as well as coordinate with state and federal law enforcement to address cartels bringing drugs to the city. - Stabilization centers with a minimum stay time and on-site medical staff, where people can stay temporarily before entering longer-term drug treatment programs
- Improving access to recovery beds to meet the city's obligation to provide drug treatment on demand:
 - Increase the number of residential drug treatment beds
 - Increase the number of step-down beds, a vital component of the services spectrum where people re-learn skills for independent living before entering permanent housing
- Offer recovery options that are completely drug-free
- Offer more secure mental health beds so people who need care aren't forced to stay in jail or return to the streets
- Make employment as a member of program staff more sustainable and rewarding:
 - Increase staffing capacity through reassignments to match program expansion
 - Additional funding to address the staffing shortage of licensed staff/behavioral nurses
 - Address the pay gap between nonprofit and city licensed behavioral staff

I know that completely eradicating drug use is unrealistic. What I'm demanding is a visible reduction in the open-air drug sales and drug use that is eroding our city. San Francisco should be a place where those who are not involved in drug sales and drug use are not negatively impacted by drug sales and drug use.

Sincerely,
Nick Berg

Subject: City Budget Public Comment: San Francisco Needs to Fund Solutions to End the Drug Crisis in This Year's Budget
Date: Wednesday, May 10, 2023 6:59:40 PM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear Brent Jalipa,

I'm a San Francisco resident who sees a failure by our elected officials to address the fentanyl-fueled drug epidemic that is devastating our city. The drug epidemic is linked to all of the problems San Francisco faces, including homelessness, mental health, public safety, and economic vitality. You must make ending open-air drug markets and funding more city-sponsored recovery programs the main priority of this year's budget cycle.

We thank Mayor London Breed, Governor Gavin Newsom, District Attorney Brooke Jenkins and Speaker Emerita Nancy Pelosi for working together on State and Federal law enforcement coordination; and appreciate those members of the Board of Supervisors who have been vocally supportive of these efforts. We ask for continued cooperation and coordination with state and federal agencies to permanently eradicate open-air drug markets.

In order to ensure sustained action, I'm demanding that you include the following in the next budget:

Law Enforcement: The District Attorney and the Police Department must work together to arrest and prosecute drug dealers in San Francisco, as well as coordinate with state and federal law enforcement to address cartels bringing drugs to the city. The city can ensure this happens by including the following in the next budget:

- Funding to eventually meet the recommended number of 2,182 sworn officers
- Enough academy classes to meet that goal with new officers
- Enough police staffing aides to allow officers to answer high-priority calls
- Enough additional officers this coming year to make Operation Disruption permanent in high drug trafficking areas, including the Tenderloin, Southern, and Mission Stations
- Investment in personnel training and narcotics equipment to effectively close the open air drug markets
- Funding for a nationwide recruitment search with a focus on lateral hires to expedite hiring

City-Sponsored Recovery Programs: Recovery has to be the goal. City departments need to work cross-functionally to make this happen in order to give users the chance to live healthy lives and shrink demand for drugs on the street. This means funding true treatment on demand in the next budget, which includes:

- Creating 24/7 pickup vans for people seeking to enter drug treatment programs, and 24/7 intake centers where they can go for initial screening
- Stabilization centers with a minimum stay time and on-site medical staff, where people can stay temporarily before entering longer-term drug treatment programs
- Improving access to recovery beds to meet the city's obligation to provide drug treatment on demand:
 - Increase the number of residential drug treatment beds
 - Increase the number of step-down beds, a vital component of the services spectrum where people re-learn skills for independent living before entering permanent housing
- Offer recovery options that are completely drug-free
- Offer more secure mental health beds so people who need care aren't forced to stay in jail or return to the streets

Subject: City Budget Public Comment: San Francisco Needs to Fund Solutions to End the Drug Crisis in This Year's Budget
Date: Wednesday, May 10, 2023 7:00:19 PM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear Brent Jalipa,

I'm a San Francisco resident who sees a failure by our elected officials to address the fentanyl-fueled drug epidemic that is devastating our city. The drug epidemic is linked to all of the problems San Francisco faces, including homelessness, mental health, public safety, and economic vitality. You must make ending open-air drug markets and funding more city-sponsored recovery programs the main priority of this year's budget cycle.

We thank Mayor London Breed, Governor Gavin Newsom, District Attorney Brooke Jenkins and Speaker Emerita Nancy Pelosi for working together on State and Federal law enforcement coordination; and appreciate those members of the Board of Supervisors who have been vocally supportive of these efforts. We ask for continued cooperation and coordination with state and federal agencies to permanently eradicate open-air drug markets.

In order to ensure sustained action, I'm demanding that you include the following in the next budget:

Law Enforcement: The District Attorney and the Police Department must work together to arrest and prosecute drug dealers in San Francisco, as well as coordinate with state and federal law enforcement to address cartels bringing drugs to the city. The city can ensure this happens by including the following in the next budget:

- Funding to eventually meet the recommended number of 2,182 sworn officers
- Enough academy classes to meet that goal with new officers
- Enough police staffing aides to allow officers to answer high-priority calls
- Enough additional officers this coming year to make Operation Disruption permanent in high drug trafficking areas, including the Tenderloin, Southern, and Mission Stations
- Investment in personnel training and narcotics equipment to effectively close the open air drug markets
- Funding for a nationwide recruitment search with a focus on lateral hires to expedite hiring

City-Sponsored Recovery Programs: Recovery has to be the goal. City departments need to work cross-functionally to make this happen in order to give users the chance to live healthy lives and shrink demand for drugs on the street. This means funding true treatment on demand in the next budget, which includes:

- Creating 24/7 pickup vans for people seeking to enter drug treatment programs, and 24/7 intake centers where they can go for initial screening
- Stabilization centers with a minimum stay time and on-site medical staff, where people can stay temporarily before entering longer-term drug treatment programs
- Improving access to recovery beds to meet the city's obligation to provide drug treatment on demand:
 - Increase the number of residential drug treatment beds
 - Increase the number of step-down beds, a vital component of the services spectrum where people re-learn skills for independent living before entering permanent housing
- Offer recovery options that are completely drug-free
- Offer more secure mental health beds so people who need care aren't forced to stay in jail or return to the streets
- Make employment as a member of program staff more sustainable and rewarding:
 - Increase staffing capacity through reassignments to match program expansion
 - Additional funding to address the staffing shortage of licensed staff/behavioral nurses
 - Address the pay gap between nonprofit and city licensed behavioral staff

I know that completely eradicating drug use is unrealistic. What I'm demanding is a visible reduction in the open-air drug sales and drug use that is eroding our city. San Francisco should be a place where those who are not involved in drug sales and drug use are not negatively impacted by drug sales and drug use.

Sincerely,
Arthur Fletcher
San Francisco, CA 94127

We ask for continued cooperation and coordination with state and federal agencies to permanently eradicate open-air drug markets.

In order to ensure sustained action, I'm demanding that you include the following in the next budget:

Law Enforcement: The District Attorney and the Police Department must work together to arrest and prosecute drug dealers in San Francisco, as well as coordinate with state and federal law enforcement to address cartels bringing drugs to the city. The city can ensure this happens by including the following in the next budget:

- Funding to eventually meet the recommended number of 2,182 sworn officers
- Enough academy classes to meet that goal with new officers
- Enough police staffing aides to allow officers to answer high-priority calls
- Enough additional officers this coming year to make Operation Disruption permanent in high drug trafficking areas, including the Tenderloin, Southern, and Mission Stations
- Investment in personnel training and narcotics equipment to effectively close the open air drug markets
- Funding for a nationwide recruitment search with a focus on lateral hires to expedite hiring

City-Sponsored Recovery Programs: Recovery has to be the goal. City departments need to work cross-functionally to make this happen in order to give users the chance to live healthy lives and shrink demand for drugs on the street. This means funding true treatment on demand in the next budget, which includes:

- Creating 24/7 pickup vans for people seeking to enter drug treatment programs, and 24/7 intake centers where they can go for initial screening
- Stabilization centers with a minimum stay time and on-site medical staff, where people can stay temporarily before entering longer-term drug treatment programs
- Improving access to recovery beds to meet the city's obligation to provide drug treatment on demand:
 - Increase the number of residential drug treatment beds
 - Increase the number of step-down beds, a vital component of the services spectrum where people re-learn skills for independent living before entering permanent housing
- Offer recovery options that are completely drug-free
- Offer more secure mental health beds so people who need care aren't forced to stay in jail or return to the streets
- Make employment as a member of program staff more sustainable and rewarding:
 - Increase staffing capacity through reassignments to match program expansion
 - Additional funding to address the staffing shortage of licensed staff/behavioral nurses
 - Address the pay gap between nonprofit and city licensed behavioral staff

I know that completely eradicating drug use is unrealistic. What I'm demanding is a visible reduction in the open-air drug sales and drug use that is eroding our city. San Francisco should be a place where those who are not involved in drug sales and drug use are not negatively impacted by drug sales and drug use.

Sincerely,
Kristin Morse
San Francisco, CA 94131

Dear Brent Jalipa,

I'm a San Francisco resident who sees a failure by our elected officials to address the fentanyl-fueled drug epidemic that is devastating our city. The drug epidemic is linked to all of the problems San Francisco faces, including homelessness, mental health, public safety, and economic vitality. You must make ending open-air drug markets and funding more city-sponsored recovery programs the main priority of this year's budget cycle.

We thank Mayor London Breed, Governor Gavin Newsom, District Attorney Brooke Jenkins and Speaker Emerita Nancy Pelosi for working together on State and Federal law enforcement coordination; and appreciate those members of the Board of Supervisors who have been vocally supportive of these efforts. We ask for continued cooperation and coordination with state and federal agencies to permanently eradicate open-air drug markets.

In order to ensure sustained action, I'm demanding that you include the following in the next budget:

City departments need to work cross-functionally to make this happen in order to give users the chance to live healthy lives and shrink demand for drugs on the street. This means funding true treatment on demand in the next budget, which includes:

- Creating 24/7 pickup vans for people seeking to enter drug treatment programs, and 24/7 intake centers where they can go for initial screening
- Stabilization centers with a minimum stay time and on-site medical staff, where people can stay temporarily before entering longer-term drug treatment programs
- Improving access to recovery beds to meet the city's obligation to provide drug treatment on demand:
 - Increase the number of residential drug treatment beds
 - Increase the number of step-down beds, a vital component of the services spectrum where people re-learn skills for independent living before entering permanent housing
- Offer recovery options that are completely drug-free
- Offer more secure mental health beds so people who need care aren't forced to stay in jail or return to the streets
- Make employment as a member of program staff more sustainable and rewarding:
 - Increase staffing capacity through reassignments to match program expansion
 - Additional funding to address the staffing shortage of licensed staff/behavioral nurses
 - Address the pay gap between nonprofit and city licensed behavioral staff

I know that completely eradicating drug use is unrealistic. What I'm demanding is a visible reduction in the open-air drug sales and drug use that is eroding our city. San Francisco should be a place where those who are not involved in drug sales and drug use are not negatively impacted by drug sales and drug use.

Sincerely,
Satyajit Pande
San Francisco, CA 94102

Subject: City Budget Public Comment: San Francisco Needs to Fund Solutions to End the Drug Crisis in This Year's Budget
Date: Wednesday, May 10, 2023 7:00:47 PM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear Brent Jalipa,

I'm a San Francisco resident who sees a failure by our elected officials to address the fentanyl-fueled drug epidemic that is devastating our city. The drug epidemic is linked to all of the problems San Francisco faces, including homelessness, mental health, public safety, and economic vitality. You must make ending open-air drug markets and funding more city-sponsored recovery programs the main priority of this year's budget cycle.

We thank Mayor London Breed, Governor Gavin Newsom, District Attorney Brooke Jenkins and Speaker Emerita Nancy Pelosi for working together on State and Federal law enforcement coordination; and appreciate those members of the Board of Supervisors who have been vocally supportive of these efforts. We ask for continued cooperation and coordination with state and federal agencies to permanently eradicate open-air drug markets.

In order to ensure sustained action, I'm demanding that you include the following in the next budget:

Law Enforcement: The District Attorney and the Police Department must work together to arrest and prosecute drug dealers in San Francisco, as well as coordinate with state and federal law enforcement to address cartels bringing drugs to the city. The city can ensure this happens by including the following in the next budget:

- Funding to eventually meet the recommended number of 2,182 sworn officers
- Enough academy classes to meet that goal with new officers
- Enough police staffing aides to allow officers to answer high-priority calls
- Enough additional officers this coming year to make Operation Disruption permanent in high drug trafficking areas, including the Tenderloin, Southern, and Mission Stations
- Investment in personnel training and narcotics equipment to effectively close the open air drug markets
- Funding for a nationwide recruitment search with a focus on lateral hires to expedite hiring

City-Sponsored Recovery Programs: Recovery has to be the goal. City departments need to work cross-functionally to make this happen in order to give users the chance to live healthy lives and shrink demand for drugs on the street. This means funding true treatment on demand in the next budget, which includes:

- Creating 24/7 pickup vans for people seeking to enter drug treatment programs, and 24/7 intake centers where they can go for initial screening

 - Additional funding to address the staffing shortage of licensed staff/behavioral nurses

I know that completely eradicating drug use is unrealistic. What I'm demanding is a visible reduction in the open-air drug sales and drug use that is eroding our city. San Francisco should be a place where those who are not involved in drug sales and drug use are not negatively impacted by drug sales and drug use.

Sincerely,
Joya Pramanik
San Francisco, CA 94114

Subject: City Budget Public Comment: San Francisco Needs to Fund Solutions to End the Drug Crisis in This Year's Budget
Date: Wednesday, May 10, 2023 7:01:00 PM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear Brent Jalipa,

I'm a San Francisco resident who sees a failure by our elected officials to address the fentanyl-fueled drug epidemic that is devastating our city. The drug epidemic is linked to all of the problems San Francisco faces, including homelessness, mental health, public safety, and economic vitality. You must make ending open-air drug markets and funding more city-sponsored recovery programs the main priority of this year's budget cycle.

We thank Mayor London Breed, Governor Gavin Newsom, District Attorney Brooke Jenkins and Speaker Emerita Nancy Pelosi for working together on State and Federal law enforcement coordination; and appreciate those members of the Board of Supervisors who have been vocally supportive of these efforts. We ask for continued cooperation and coordination with state and federal agencies to permanently eradicate open-air drug markets.

In order to ensure sustained action, I'm demanding that you include the following in the next budget:

Law Enforcement: The District Attorney and the Police Department must work together to arrest and prosecute drug dealers in San Francisco, as well as coordinate with state and federal law enforcement to address cartels bringing drugs to the city. The city can ensure this happens by including the following in the next budget:

- Funding to eventually meet the recommended number of 2,182 sworn officers
- Enough academy classes to meet that goal with new officers
- Enough police staffing aides to allow officers to answer high-priority calls
- Enough additional officers this coming year to make Operation Disruption permanent in high drug trafficking areas, including the Tenderloin, Southern, and Mission Stations
- Investment in personnel training and narcotics equipment to effectively close the open air drug markets
- Funding for a nationwide recruitment search with a focus on lateral hires to expedite hiring

City-Sponsored Recovery Programs: Recovery has to be the goal. City departments need to work cross-functionally to make this happen in order to give users the chance to live healthy lives and shrink demand for drugs on the street. This means funding true treatment on demand in the next budget, which includes:

- Creating 24/7 pickup vans for people seeking to enter drug treatment programs, and 24/7 intake centers where they can go for initial screening
- Stabilization centers with a minimum stay time and on-site medical staff, where people can stay temporarily before entering longer-term drug treatment programs
- Improving access to recovery beds to meet the city's obligation to provide drug treatment on demand:
 - Increase the number of residential drug treatment beds
 - Increase the number of step-down beds, a vital component of the services spectrum where people re-learn skills for independent living before entering permanent housing
- Offer recovery options that are completely drug-free
- Offer more secure mental health beds so people who need care aren't forced to stay in jail or return to the streets
- Make employment as a member of program staff more sustainable and rewarding:
 - Increase staffing capacity through reassignments to match program expansion
 - Additional funding to address the staffing shortage of licensed staff/behavioral nurses
 - Address the pay gap between nonprofit and city licensed behavioral staff

I know that completely eradicating drug use is unrealistic. What I'm demanding is a visible reduction in the open-air drug sales and drug use that is eroding our city. San Francisco should be a place where those who are not involved in drug sales and drug use are not negatively impacted by drug sales and drug use.

We thank Mayor London Breed, Governor Gavin Newsom, District Attorney Brooke Jenkins and Speaker Emerita Nancy Pelosi for working together on State and Federal law enforcement coordination; and appreciate those members of the Board of Supervisors who have been vocally supportive of these efforts. We ask for continued cooperation and coordination with state and federal agencies to permanently eradicate open-air drug markets.

In order to ensure sustained action, I'm demanding that you include the following in the next budget:

Law Enforcement: The District Attorney and the Police Department must work together to arrest and prosecute drug dealers in San Francisco, as well as coordinate with state and federal law enforcement to address cartels bringing drugs to the city. The city can ensure this happens by including the following in the next budget:

- Funding to eventually meet the recommended number of 2,182 sworn officers
- Enough academy classes to meet that goal with new officers
- Enough police staffing aides to allow officers to answer high-priority calls
- Enough additional officers this coming year to make Operation Disruption permanent in high drug trafficking areas, including the Tenderloin, Southern, and Mission Stations
- Investment in personnel training and narcotics equipment to effectively close the open air drug markets
- Funding for a nationwide recruitment search with a focus on lateral hires to expedite hiring

City-Sponsored Recovery Programs: Recovery has to be the goal. City departments need to work cross-functionally to make this happen in order to give users the chance to live healthy lives and shrink demand for drugs on the street. This means funding true treatment on demand in the next budget, which includes:

- Creating 24/7 pickup vans for people seeking to enter drug treatment programs, and 24/7 intake centers where they can go for initial screening
- Stabilization centers with a minimum stay time and on-site medical staff, where people can stay temporarily before entering longer-term drug treatment programs
- Improving access to recovery beds to meet the city's obligation to provide drug treatment on demand:
 - Increase the number of residential drug treatment beds
 - Increase the number of step-down beds, a vital component of the services spectrum where people re-learn skills for independent living before entering permanent housing
- Offer recovery options that are completely drug-free
- Offer more secure mental health beds so people who need care aren't forced to stay in jail or return to the streets
- Make employment as a member of program staff more sustainable and rewarding:
 - Increase staffing capacity through reassignments to match program expansion
 - Additional funding to address the staffing shortage of licensed staff/behavioral nurses
 - Address the pay gap between nonprofit and city licensed behavioral staff

I know that completely eradicating drug use is unrealistic. What I'm demanding is a visible reduction in the open-air drug sales and drug use that is eroding our city. San Francisco should be a place where those who are not involved in drug sales and drug use are not negatively impacted by drug sales and drug use.

Sincerely,
Jose Chavarria
San Francisco, CA 94103

Dear Brent Jalipa,

I'm a San Francisco resident with experience in the "helping" NGO industry and who has a family member who's suffered addiction and done jail time. I also raised a child whose elementary school bordered a heavy drug sales area. One of his teen friends died as a result of the illegal drug industry here. I see a failure by our elected officials to address the fentanyl-fueled drug epidemic that is devastating our city (and our nation). The drug epidemic is linked to all of the problems San Francisco faces, including homelessness, mental health, public safety, and economic vitality. You must make ending open-air drug markets and funding more city-sponsored recovery programs the main priority of this year's budget cycle.

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear Brent Jalipa,

I live in San Francisco and see a big failure by our Trustees to address the drug epidemic that is devastating our city. This drug epidemic is linked to all of the problems San Francisco faces, including homelessness, mental health, public safety, economic vitality, and the declining standard of living, human prosperity, and general Welfare. I wish that you take a hard look at what City Hall is doing and invest time and money into that which provably works.

More law enforcement, while a positive thing, and I appreciate law enforcement, cannot solve this problem. It is understandable that Mayor London Breed, Governor Gavin Newsom, District Attorney Brooke Jenkins and Speaker Emerita Nancy Pelosi are working on this, because the people are begging for it now, encouraged by various groups and interests such as the one who prepared this email, but your job is to do that which is right, in alignment with the objectives you promised to work on when you took your oath, and that may not always be what the people beg or vote for.

I have no demands of you. I only humbly request that you reflect on what the City is currently supporting and promoting and ask yourself if that's what Gouverneur Morris or George Washington or Alexander Hamilton would be doing if they were in your position today. If you can do that and turn the ship away from its wicked ways, I propose that your names will be remembered long after your departure from this world for something more than being the first [race_ID, gender_ID, etc] to be elected to office.

Thank you

Sincerely,
Arjun Sodhani

Subject: City Budget Public Comment: San Francisco Needs to Fund Solutions to End the Drug Crisis in This Year's Budget
Date: Wednesday, May 10, 2023 7:23:50 PM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear Brent Jalipa,

I'm a San Francisco resident who sees a failure by our elected officials to address the fentanyl-fueled drug epidemic that is devastating our city. The drug epidemic is linked to all of the problems San Francisco faces, including homelessness, mental health, public safety, and economic vitality. You must make ending open-air drug markets and funding more city-sponsored recovery programs the main priority of this year's budget cycle.

We thank Mayor London Breed, Governor Gavin Newsom, District Attorney Brooke Jenkins and Speaker Emerita Nancy Pelosi for working together on State and Federal law enforcement coordination; and appreciate those members of the Board of Supervisors who have been vocally supportive of these efforts. We ask for continued cooperation and coordination with state and federal agencies to permanently eradicate open-air drug markets.

In order to ensure sustained action, I'm demanding that you include the following in the next budget:

Law Enforcement: The District Attorney and the Police Department must work together to arrest and prosecute drug dealers in San Francisco, as well as coordinate with state and federal law enforcement to address cartels bringing drugs to the city. The city can ensure this happens by including the following in the next budget:

- Funding to eventually meet the recommended number of 2,182 sworn officers
- Enough academy classes to meet that goal with new officers
- Enough police staffing aides to allow officers to answer high-priority calls
- Enough additional officers this coming year to make Operation Disruption permanent in high drug trafficking areas, including the Tenderloin, Southern, and Mission Stations
- Investment in personnel training and narcotics equipment to effectively close the open air drug markets
- Funding for a nationwide recruitment search with a focus on lateral hires to expedite hiring

City-Sponsored Recovery Programs: Recovery has to be the goal. City departments need to work cross-functionally to make this happen in order to give users the chance to live healthy lives and shrink demand for drugs on the street. This means funding true treatment on demand in the next budget, which includes:

- Creating 24/7 pickup vans for people seeking to enter drug treatment programs, and 24/7 intake centers where they can go for initial screening
- Stabilization centers with a minimum stay time and on-site medical staff, where people can stay temporarily before entering longer-term drug treatment programs
- Improving access to recovery beds to meet the city's obligation to provide drug treatment on demand:
 - Increase the number of residential drug treatment beds
 - Increase the number of step-down beds, a vital component of the services spectrum where people re-learn skills for independent living before entering permanent housing
- Offer recovery options that are completely drug-free
- Offer more secure mental health beds so people who need care aren't forced to stay in jail or return to the streets
- Make employment as a member of program staff more sustainable and rewarding:
 - Increase staffing capacity through reassignments to match program expansion
 - Additional funding to address the staffing shortage of licensed staff/behavioral nurses
 - Address the pay gap between nonprofit and city licensed behavioral staff

I know that completely eradicating drug use is unrealistic. What I'm demanding is a visible reduction in the open-air drug sales and drug use that is eroding our city. San Francisco should be a place where those who are not involved in drug sales and drug use are not negatively impacted by drug sales and drug use.

Sincerely,
Mikel jaye
San Francisco, CA 94114

We ask for continued cooperation and coordination with state and federal agencies to permanently eradicate open-air drug markets.

In order to ensure sustained action, I'm demanding that you include the following in the next budget:

Law Enforcement: The District Attorney and the Police Department must work together to arrest and prosecute drug dealers in San Francisco, as well as coordinate with state and federal law enforcement to address cartels bringing drugs to the city. The city can ensure this happens by including the following in the next budget:

- Funding to eventually meet the recommended number of 2,182 sworn officers
- Enough academy classes to meet that goal with new officers
- Enough police staffing aides to allow officers to answer high-priority calls
- Enough additional officers this coming year to make Operation Disruption permanent in high drug trafficking areas, including the Tenderloin, Southern, and Mission Stations
- Investment in personnel training and narcotics equipment to effectively close the open air drug markets
- Funding for a nationwide recruitment search with a focus on lateral hires to expedite hiring

City-Sponsored Recovery Programs: Recovery has to be the goal. City departments need to work cross-functionally to make this happen in order to give users the chance to live healthy lives and shrink demand for drugs on the street. This means funding true treatment on demand in the next budget, which includes:

- Creating 24/7 pickup vans for people seeking to enter drug treatment programs, and 24/7 intake centers where they can go for initial screening
- Stabilization centers with a minimum stay time and on-site medical staff, where people can stay temporarily before entering longer-term drug treatment programs
- Improving access to recovery beds to meet the city's obligation to provide drug treatment on demand:
 - Increase the number of residential drug treatment beds
 - Increase the number of step-down beds, a vital component of the services spectrum where people re-learn skills for independent living before entering permanent housing
- Offer recovery options that are completely drug-free
- Offer more secure mental health beds so people who need care aren't forced to stay in jail or return to the streets
- Make employment as a member of program staff more sustainable and rewarding:
 - Increase staffing capacity through reassignments to match program expansion
 - Additional funding to address the staffing shortage of licensed staff/behavioral nurses
 - Address the pay gap between nonprofit and city licensed behavioral staff

I know that completely eradicating drug use is unrealistic. What I'm demanding is a visible reduction in the open-air drug sales and drug use that is eroding our city. San Francisco should be a place where those who are not involved in drug sales and drug use are not negatively impacted by drug sales and drug use.

Sincerely,
Jeffrey Liao
San Francisco, CA 94123

Dear Brent Jalipa,

I'm a San Francisco resident who sees a failure by our elected officials to address the fentanyl-fueled drug epidemic that is devastating our city. The drug epidemic is linked to all of the problems San Francisco faces, including homelessness, mental health, public safety, and economic vitality. You must make ending open-air drug markets and funding more city-sponsored recovery programs the main priority of this year's budget cycle.

We thank Mayor London Breed, Governor Gavin Newsom, District Attorney Brooke Jenkins and Speaker Emerita Nancy Pelosi for working together on State and Federal law I'll enforcement coordination; and appreciate those members of the Board of Supervisors who have been vocally supportive of these efforts. We ask for continued cooperation and coordination with state and federal agencies to permanently eradicate open-air drug markets.

In order to ensure sustained action, I'm demanding that you include the following in the next budget:

Law Enforcement: The District Attorney and the Police Department must work together to arrest and prosecute drug dealers in San Francisco, as well as coordinate with state and federal law enforcement to address cartels bringing drugs to the city. City departments need to work cross-functionally to make this happen in order to give users the chance to live healthy lives and shrink demand for drugs on the street. This means funding true treatment on demand in the next budget, which includes:

- Creating 24/7 pickup vans for people seeking to enter drug treatment programs, and 24/7 intake centers where they can go for initial screening
- Stabilization centers with a minimum stay time and on-site medical staff, where people can stay temporarily before entering longer-term drug treatment programs
- Improving access to recovery beds to meet the city's obligation to provide drug treatment on demand:
 - Increase the number of residential drug treatment beds
 - Increase the number of step-down beds, a vital component of the services spectrum where people re-learn skills for independent living before entering permanent housing
- Offer recovery options that are completely drug-free
- Offer more secure mental health beds so people who need care aren't forced to stay in jail or return to the streets
- Make employment as a member of program staff more sustainable and rewarding:
 - Increase staffing capacity through reassignments to match program expansion
 - Additional funding to address the staffing shortage of licensed staff/behavioral nurses
 - Address the pay gap between nonprofit and city licensed behavioral staff

I know that completely eradicating drug use is unrealistic. What I'm demanding is a visible reduction in the open-air drug sales and drug use that is eroding our city. San Francisco should be a place where those who are not involved in drug sales and drug use are not negatively impacted by drug sales and drug use.

Sincerely,
Bilques smith
San Francisco, CA 94118

Subject: City Budget Public Comment: San Francisco Needs to Fund Solutions to End the Drug Crisis in This Year's Budget
Date: Thursday, May 11, 2023 12:05:25 PM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear Brent Jalipa,

I'm a San Francisco resident who sees a failure by our elected officials to address the fentanyl-fueled drug epidemic that is devastating our city. The drug epidemic is linked to all of the problems San Francisco faces, including homelessness, mental health, public safety, and economic vitality. You must make ending open-air drug markets and funding more city-sponsored recovery programs the main priority of this year's budget cycle.

We thank Mayor London Breed, Governor Gavin Newsom, District Attorney Brooke Jenkins and Speaker Emerita Nancy Pelosi for working together on State and Federal law enforcement coordination; and appreciate those members of the Board of Supervisors who have been vocally supportive of these efforts. We ask for continued cooperation and coordination with state and federal agencies to permanently eradicate open-air drug markets.

In order to ensure sustained action, I'm demanding that you include the following in the next budget:

Law Enforcement: The District Attorney and the Police Department must work together to arrest and prosecute drug dealers in San Francisco, as well as coordinate with state and federal law enforcement to address cartels bringing drugs to the city. The city can ensure this happens by including the following in the next budget:

- Funding to eventually meet the recommended number of 2,182 sworn officers
- Enough academy classes to meet that goal with new officers
- Enough police staffing aides to allow officers to answer high-priority calls
- Enough additional officers this coming year to make Operation Disruption permanent in high drug trafficking areas, including the Tenderloin, Southern, and Mission Stations
- Investment in personnel training and narcotics equipment to effectively close the open air drug markets
- Funding for a nationwide recruitment search with a focus on lateral hires to expedite hiring

City-Sponsored Recovery Programs: Recovery has to be the goal. City departments need to work cross-functionally to make this happen in order to give users the chance to live healthy lives and shrink demand for drugs on the street. This means funding true treatment on demand in the next budget, which includes:

- Creating 24/7 pickup vans for people seeking to enter drug treatment programs, and 24/7 intake centers where they can go for initial screening

Subject: The Silent Argument of the Invisible Hand

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear San Francisco Board of Supervisors,

I've put together the following argument regarding the complex identity of the San Francisco Bay Area "left"/"progressive" community. If there is an Office of Dead Letters in City Hall, please print out a hard copy and file this correspondence there.

Premises:

1. There is no affordable housing anywhere near the SF Bay Area.
2. There is a considerable amount of existing vacant "luxury" housing being deliberately warehoused/not rented at reduced rates.
3. Working-class/service industry wages do not permit one to afford housing anywhere near the SF Bay Area.
4. These are widely known facts.
5. The four main industries/employers in the SF Bay Area are healthcare, banking, high-tech, and education.
6. The SF Bay Area "left"/"progressive" community is largely employed/sustained by these four industries.
7. In academic and professional spheres, given today's communication technology, openly expressing dissenting views necessarily results in professional blacklisting (ask Norman Finkelstein).

In conclusion:

8. With respect to the issue of political expression/free speech, the SF Bay Area "left"/"progressive" community is diverse, not monolithic, and is primarily composed of the following three groups:
 - a. Go-along-to-get-alongs (i.e., Bartleby the Scrivener's fellow workers, those who scurry after the boss, kissing his butt hoping to climb the social/corporate ladder).
 - b. Bartleby the Scriveners (i.e. primarily but not exclusively members of the "old" left, those living on the edge, shocked into fear/submission/utter bewilderment/dismay, dangling on the edge emotionally, physically, intellectually, barely/precariously housed).
 - c. Political Trojan Horses (those politically left on the outside in public appearance, rhetoric, and deeds, but politically HARD RIGHT--not playing around right, but totally Ayn Rand on the inside in their private beliefs/ideologies, **private group activities**, and private actions. These Trojan Horses are into Darwinian social ethics, such as the survival of the fittest, and they're not afraid to take matters into their own hands, as they're proven in the language of deeds lately with extra-judicial actions such as shooting people that upset them, harassing those that disagree with them, and blowing up pipelines/state infrastructure that interferes with their economic agendas).

Where are you as individual elected representatives on this toxic spectrum? Are you even on it? Perhaps not. I know exactly where I am. I'm sitting in the Office of Dead Letters, staring blankly into space...

Sincerely,

Mira Martin-Parker, Inner Sunset (in the **real District Five**)

SEE ATTACHMENT

REQUEST FOR INQUIRY TO ALL MEMBERS OF THE SAN FRANCISCO COUNTY BOARD OF SUPERVISORS:

RE: MY RESUME' SUBMITTED AT THE LAST COUNTY BOARD OF SUPERVISORS OPEN REPARATIONS MEETING OF APRIL 10TH 2023.

MY RESUME DESCRIBES 24 COMPANIES I CREATED AND LAUNCHED ON FACEBOOK.COM THE SUBJECT OF WHICH ARE THE CREATION OF “ AMERICAN ECONOMIC RECOVERY PROJECT FOUNDATION INTL AFFILIATES “.

THE WHICH CONTAIN EVERY NATIONALITY”S OWN WEBSITE TO THAT END .

(SCOTS. IRISH. JEWISH. ITALIAN , ASIAN . POLISH, HISPANIC ETC.)

NO NATIONALITY IS LEFT OUT AND HAS A WEBSITE I HAVE CREATED .

THE PURPOSE OF WHICH IS TO BE SUBMITTED WITH THE AFRICAN AMERICAN REPARATIONS PLAN SO THAT WHEN THAT PLAN IS ADOPTED THEY AFRICAN AMERICANS COULD DONATE OF THEIR PROCEEDS TO IT TO FOSTER THOSE INTERNATIONAL WEBSITES AND APPOINT MEMBERS OF THOSE DISTINCT GROUPS TO BE EXECUTIVE OFFICERS IN THEM .

THIS IS THE STRATEGY THAT LARGELY HAS BEEN OVERLOOKED BY THE LOCAL COUNTY BOARD OF SUPERVISORS AND STATE OF CALIFORNIA OFFICIALS . SINCE THE DELIVERY OF MY REUME” WAS STALLED AND IN FACT I LEARNED THAT IT WAS DELIVERED TO THEIR OFFICES BY THE COUNTY CLERK.

HOWEVER COUNTY BOARD OF SUPERVISORS OWN STAFF AIDS DID NOT DELIVER IT TO THEM , AS I LEARNED FROM COUNTY BOARD OF SUPERVISOR PESKIN TOLD ME YESTERDAY WHEN I MET HIM BRIEFLY OUT OF CHAMBERS.

THE COUNTY BOARD OF SUPERVISORS NOR THE GOVERNOR OF CALIFORNIA KNOWS OF THIS STRATEGY I HAVE BEEN TRYING TO INCLUDE IN THE REPARATIONS TASKFORCE AGENDA .

THIS PLAN WIELDS TOGETHER OUR ENTIRE COMMUNITY AND MAKES REPARATIONS A MORE PALATABLE AGENDA .

THAT IS BECAUSE IT ALLOWS THE REPARATIONS AGENDA TO AT THE SAME TIME GIVE BACK TO THE COMMUNITY AT LARGE FROM ITS SUCCESSFUL IMPLEMENTATION.

I DO NOT NECESSARILY SAY THAT THE NUMERIC FIGURE SUGGESTED IS THE FINAL NUMBER FOR THE DISPENSATION AND I DO CONSIDER THE STATE'S POSITION FISCALLY.

HOWEVER I DO NOT RULE OUT METERED PAYMENTS OF SOME NUMBER THAT EXTRACTS AFRICAN AMERICANS OUT OF THE SUBJUGATION THEY FACE IN AN ECONOMY NOT CREATED BY THEM NOR FOR THEM. WHICH IS RAPIDLY OUTRACING THEM AN IMPOVERISHED AND ECONOMICALLY DISENFRANCHISED PEOPLE FROM 246 YEARS OF CHATTEL SLAVERY AND ANOTHER 100 YEARS OF VICTIMIZATION OF THE PRACTICE OF CAPITALISM WHERE THEY HAD LITTLE TO NO OPPORTUNITY TO PREVAIL.

AN EVENING OUT OF THE PLAYING FIELD IS DUE IN SOME MANNER AND AMOUNT AND THAT NUMBER DESERVES MORE EXAMINATION OF AND CONSIDERATION.

I DEMAND AN INQUIRY AND ANSWER INTO WHO HANDLED MY RESUME AND WHY NO MEMBER OF THE COUNTY BOARD OF SUPERVISORS HAS NOT GIVEN ME AN OPPORTUNITY TO HAVE MY RESUME EXAMINED AND AN OPPORTUNITY TO EXPLAIN THE PURPOSE OF IT WHICH IS THAT I9F THE REPARATIONS AGENDA IS GRANTED I WOULD PAY ALL FEES ASSOCIATED WITH LAUNCHING THE NON PROFIT ORGANIZATIONS LISTED ON IT AND

BEGIN THE TASK OF FARMING THEM OUT TO THOSE COMMUNITIES AND IN ADDITION STIPULATE THAT RECIPIENTS OF THE REPARATIONS GIVE A PORTION OF THEIR DISBURSMENT TO “ AMERICAN ECONOMIC RECOVERY PROJECT FOUNDATION INTL AFFILIATES TO BE DISTRIBUTED TO ALL MEMBER AFFILIATE ORGANIZATIONS.

I FURTHER DEMAND THAT GOVERNOR GAVIN MEWSOME BE APPRISED OF THIS IMMEDIATELY SINCE I READ TODAY THAT HE WILL NOT ENDORSE THE REPARATIONS PLAN ,

HOWEVER HE DOES NOT KNOW ABOUT MY PLAN AND I WOULD ASK HIM TO CONSIDER IT BEFORE THE FINAL DECISION AND DRAFT OF THE REPARATIONS TASK FORCE COMMITTEE SUBMISSION.

FURTHER MORE I WOULD LIKE AN ANSWER TO THIS INQUIRY AS SOON AS POSSIBLE AND THAT COUNTY BOARD OF SUPERVISORS ASSIST IN FORWARDING THIS INQUIRY TO THE GOVERNOR GAVIN NWESOME AND THE HEADS OF THE NATIONAL REPARATIONS TASKFORCE COMMITTEE IN WASHINGTON DC.

SINCERERLY

RONALD D. CARTER PRES/ CEO

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

I am vehemently opposed to the proposed \$5M reparation proposal for San Francisco residents who can trace their heritage to relatives who were slaves. First of all, how will this be funded? But more importantly, is this the group that should be represented?

Instead, I propose that such reparation payments should be to living Native Americans who suffered at state institutions or schools which denied them their culture, language, and families. I also propose reparation to Japanese Americans who were still living and interned during WWII.

My proposal better represents the intent of proper reparation to living residents of San Francisco who suffered under our state control.

I am a long-term resident, tax-paying, and one who votes.

Sincerely

Michael Nichols

My name is Talía Estrada Holguin. Being hungry is not a crime. Housing insecurity is not a crime. Struggling to survive is not a crime. Banko Brown should be alive. Black trans people have a right to life, have a right to food, and to not be targeted to trying to meet their basic needs. There should never be armed security guards inside of stores, and the tapes of what happened need to be released. Justice for Banko Brown.

Subject: Re: Point 45 - Urging the DA To Release Informaiton Brought by the SFCPD for Filing Charges in the Case of Banko Brown
Date: Tuesday, May 9, 2023 12:57:49 PM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Greetings,

My name is Gilbert Gammad and I live in the Ingleside neighborhood of San Francisco. I am writing in response to Point 45 on today's agenda and am regretful that I cannot make it in person or over the phone to speak aloud my frustration regarding the murder of Bank Brown. It appalls me that this young man was killed for being hungry and doing what he needed to access food. Earlier this week DA Jenkins noted that she would not file charges on the security due to credible evidence of reasonable self defense, however I think it is important for the public to see the evidence to get a better understanding of the circumstances within which this incident occurred. Charges aside, the use of a gun to intervene during a shoplifting incident is egregious and entirely disproportionate for an attempt to prevent someone from getting food. It is indicative of the response that San Francisco for a while now has had in response to the ever worsening housing and economic crisis that plagues not only San Francisco, but the Bay Area as a whole. Although the guard is not a city employee, the reaction to shoot someone for trying to take candy, begs to question why it felt possible and okay for the guard to shoot and take the life of yet another economically disadvantaged person in the city. We've seen sweeps of the homeless from our street and vigilante attempts by city dwellers to deal with the issue of poverty in our city, but we haven't seen any real changes or any real progress in supporting these community members in having a different life that allows them to find reprieve after the stressors and struggles that come with poverty. Instead we've seen incarceration, recidivism, harassment and now the killing of someone who couldn't afford to eat in this city. It is despicable.

I support the call to release information that was obtained by SFPD regarding the murder of Banko Brown. I hope that this incident continues to raise alarm about the city's official and cultural response to poor people in our city, and urges us to choose policy measures that can support our community like disarming private security guards, supporting low barrier housing initiatives, finding ways to convert vacant office space and homes into shelter for our homeless, and testing out a guaranteed income pilot.

Thank you

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

To SF Board of Supervisors,

RE: BANKO BROWN CASE

Please hold SF District Attorney Brooke Jenkins accountable!

On Monday, May 1, 2023, Brooke Jenkins first statement when she had the guard, Michael Earl-Wayne released from jail with no charges was: "The evidence clearly shows that the suspect believed he was in mortal danger and acted in self-defense," She did not indicate that there was an on going investigation until it was exposed by other SF local media of witnesses accounts.

Her actions / non actions in this case is similar to how she is currently handling SFPD's murders of people in our community. She has lied to families and to us the public. She has not been accountable to impacted families and to the SF Community when it comes to law enforcement whether SFPD or private guards.

Ever since she became the 'interim' DA and now that she is the DA, she has had the tendency to blame former DA Boudin for everything – in the case of Banko Brown she can't do that, and in many respects is exposing herself as maybe being mentally incompetent.

People are rightfully outraged., Please do your job and hold her and her department accountable, don't be accomplices to Jenkins mis-handling of Banko Brown's and other cases.

I've also noticed that grassroots people are calling for Jenkins to be RECALLED!!

Thank you for your time.

Respectfully,
Adrienne Fong (afong@jps.net)

I live in District 2 in 94115 zipcode.

For Jenkins to make the assumption that the Murder of Banko Brown was a matter of self defense is ludicrous.

How dare she appoint herself as judge, jury, and endorser of the execution of Banko Brown!

Her campaign for DA, funded by right wing financiers was a true manifestation of corruption and power grabbing.

Her alignment with the POA is evidence of corruption as well.

San Francisco needs JUSTICE, NOT JENKINS!

BANKO BROWN, REST IN POWER!

Respectfully submitted,

Martha Hubert

Shut the fuck up about the shooting at Walgreens on Market St. Don't you realize it's survival of the fittest in this country. There's nothing to look forward to. No housing, no jobs, homelessness. If you need something you just take it. Schools ought to close and let parents teach their own. Law enforcement isn't needed anymore or the medical examiner. Let the dead bodies lay where they drop and when the stink gets so bad maybe someone in power will fart and get their head out their ass and do something about this matter. Supervisors please shut the fuck up. What a waste. No hope for this country or city. I could go on and on about this subject but I won't because I'm tired. If you don't know someone in authority that can help then you're screwed. Bottom line Supervisors, shut the fuck up if you don't know what you're talking about. And you don't.
SURVIVAL of the FITTEST. Thank you, Randall Cinti, SF. resident

Subject: Concerns about Safety and Community Deterioration in Soma District 6

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear Public Safety and Neighborhood Services Committee,

I am writing to you as a concerned citizen regarding public safety and neighborhood services in our community. I am pleased to see that the Public Safety and Neighborhood Services Committee has been tasked with overseeing measures related to public works, infrastructure, traffic and parking control, parks and recreation, utilities, public protection, delinquency prevention, public health, emergency services, seniors, the disabled, children and their families.

As a resident, I believe that these areas are critical to ensuring that our community remains safe, vibrant, and welcoming for all. However, I am concerned about the state of some of these services in our area. For instance, public protection has become a major issue in recent months, with an increase in crime and violence in some neighborhoods, particularly SoMa.

I am reaching out to you because I trust that your committee is committed to addressing these issues and working towards solutions that benefit the community. I believe that by coordinating strategies, policies, programs, and budgetary actions surrounding public safety, we can create a safer and more livable community for all.

I would be interested in learning more about the work that your committee is doing to address these concerns and what steps are being taken to improve public safety and neighborhood services in our community in SoMa. Please let me know if there are any upcoming meetings or events where I can learn more or provide feedback.

Thank you for your attention to this matter, and I look forward to hearing from you soon.

Best regards,
Nicu Ahmadi

Greetings all,

What happened at Cafe Bean this morning should have everyone on this thread very concerned for the future of our City.

Many many thanks for both Cpt Farmer and Sunny Angulo for caring enough and understanding the

seriousness of the situation while offering support and solutions.

When we allow our mentally ill and drug addicted citizens to roam our streets with no punishment when they break the law, (public intoxication, theft, vandalism, drug dealing, etc) the burden rests on small business owners and residents to take matters into our own hands. And when that doesn't work, businesses fold and residents flee the city.

It should be no surprise that until we get drug dealers off the streets and prioritize support for the mentally ill and drug addicted (past spending \$20 million dollars to rent out an old hostel with bad plumbing and rodent problems, hiring ill qualified non profits who think emotional intelligence is all it takes to run a shelter and turn the other cheek when their employees gun down people while on the job, and call that the best solution the city has to offer) that businesses will continue to fold and residents will continue to flee.

The different with us (Lower Nob Hill) is that we are ready to partner with the city to solve this. But the city has to be serious about working with us. We are right here and we can help if anyone is listening and willing.

Sincerely, Thao

Thanks, Thao Jones-Hill

Thanks Jack for this letter, I note that 6 hours later I don't see a single reply. Maybe you received a response sent directly to you which did not include the rest of us on this string.....or maybe there is no response which has been my experience when I write letters like this to folks who can actually do something about the struggles all of LNH faces every single day and get nothing in return. The only two agencies that have **helped** Chester here was President Peskin's Office (Sunny) and Captain Farmer. (sending an officer to take a police report). Thanks to both of you for that.

I sympathize with Chester when he is on the brink of giving up. It is the obvious choice when faced with this vandalism and get no reply.....crickets..... from those who are responsible for keeping us safe and our streets clean and healthy. (Mayor Breed, DA Jenkins Office, DA Victim Services). Our Lower Nob Hill neighborhood is screaming out for help and we get nothing in return. This is not right!

On Thu, May 4, 2023 at 10:01 AM Jack Jones <jackjones1263@gmail.com> wrote:

Good morning,

To all on this email, this is a cry for help that this MUST end in the city of San Francisco. As a Lower Nob Hill resident, I often see crime, graffiti, vandalism, break-ins, and homelessness rampant on the streets. As a result, businesses suffer, residents have to avoid stepping on human defecation, and housing is often subject to intrusive break-ins and robberies. Since the beginning of this year, there has been far too much crime happening in our neighborhood without much action being pursued by our elective officials.

Since the opening of the [711 Post Street](#) shelter, there have been MORE unhoused living on our streets, loitering residents sitting at bus stops and taking up entire transit platforms, and an atrocious amount of crime being committed. This is not fair to all of us paying taxes to our city to make it clean, safe, and free of these events.

Attached are some photos. The photo of the broken window is of Cafe Bean that occurred on the night of May 3rd, 2023. This wonderful business is a coffee shop on the corner of Jones and Sutter addressed 800 Sutter Street. It is an excellent place to grab a coffee. The owner, Chester, is a pivotal member to our community. He has been nothing but kind to open his doors and business to local residents and tourists, particularly those who attend the Academy of Art University. After having many detailed discussions with him about the state of the city, particularly the Lower Nob Hill neighborhood, he often does not have anything positive to say about how his business is treated. He has also mentioned numerous times that he might be on the verge of shutting down his business due to the crime, homelessness, and utter filth that this neighborhood has been subject to. I have to say that I and many others really can't blame him. It isn't as though the city is going to assist him in any way to replace the window that was broken by a vandal who is running throughout our neighborhood with the mindset that there are quite literally ZERO repercussions to criminal activity.

The additional photos is of a gentleman who was found on my private driveway attempting to break into my garage, as well as another photo of him this morning rummaging through a newspaper dispenser vandalizing and throwing trash everywhere. This man is a vandal and criminal who has been seen in our neighborhood on multiple counts performing criminal activity.

If you read this email, and you have any thoughts or opinions about the state of our city, then I would ask you to respond and please explain why, so I can have a better idea of the mindset of our elected officials and public safety officers. I understand that the police department is short staffed and nearing collapse, but please let me know what you think about these events. Do you have sympathy for these businesses? If you do, what action are you going to take to create change? Do you really believe a business should have to pay out-of-pocket or submit an insurance claim on crime that occurs nearly every night in this city, where business owners have to wake up, go to work, and see these horrific acts committed to their businesses?

I hope you all have a better day than Chester at Cafe Bean, and myself having to wake up every day trying to find a way to scrape feces off my driveway, remove an unhoused individual from my private property (driveway), or ask people to quit using my driveway as a drug den.

Thank you for your time and (potential) concern.

Board File #230192 [Castro Theatre]

Dear President Peskin and Board Members,

I am a San Francisco resident and member of the LGBTQ+ community for more than 35 years. I fully support APE's plan to restore and reinvigorate the Castro Theatre and ask that you reject the interior landmarking of "fixed theatrical seating in movie palace style." I have tracked this matter closely and hope that I can offer an informed opinion based on many years of experience as a former Deputy City Attorney handling real estate and historic preservation issues for the Port of San Francisco, a former board member of San Francisco Heritage and a passionate cinephile who has attended films at the Castro Theatre for decades. I write in my personal capacity, not as a legal representative for any party, but out of a long-standing appreciation for this cherished building and concern for its future.

We all share a common interest in the continued success of the Castro Theatre. To me, success means (1) upgrades to building systems, including ADA access, mechanical systems (including HVAC) and theatre systems; (2) exterior and interior historic restoration consistent with Secretary Standards; (3) flexible programming to attract new and broader audiences to the Castro Theatre and neighborhood for films and live shows; and (4) a viable business plan that does not rely upon unpredictable sources of public funding or constant fundraising. I have been particularly heartened by the outpouring of support by Castro residents and the younger queer community that are fighting for this opportunity to improve their neighborhood, support local businesses and attract new audiences to the Castro. I implore that you listen to them.

The only question before you at this hearing is whether "fixed theatrical seating in movie palace style" should be added to the interior landmarking of the Castro, when the seats themselves are barely twenty-years old. I do not believe there is a fundamental historic preservation interest to landmarking any particular type of non-historic building system, including the seats. It is a given that the key interior historic architectural features, such as the decorative ceiling and wall murals, will be preserved. With that in mind, the primary historic preservation objective should be continued use as a movie theatre, consistent with Secretary of Interior Standard #1 ("property should be used as it was historically"). APE's proposal fully meets this standard by not seeking a change of use permit and committing to continued movie theatre use, but with the addition of flexible seating that will allow a wider range of programming

All movie theatres, even historic ones, must continuously adapt to changing tastes and technology to remain relevant. Having just returned from the TCM Hollywood Film Festival held at the Grauman's Chinese Theater, I would note that the owners recently removed the seats, re-graded the floor and installed tiered stadium-style seats as part of a new IMAX theater upgrade to maintain the theatre's continued viability as a first-run movie house. Had the

proposed interior landmarking designation of ‘movie-palace’ style seating applied to perhaps the world’s most iconic historic movie theater, the owners would have been hamstrung and unable to adapt to changing times and technologies. Even if the APE proposal does not move forward, the proposed landmarking of the movie palace seating arrangement is extremely problematic for the continued success of the venue, even as a movie theater.

Because there is no legal mandate for landmarking the seating arrangement, the Board is faced with a policy decision that will likely decide the future of the Castro. A vote to “Save the [Fixed] Seats” will not fill them with paying customers. A vote to “Save the [Fixed] Seats” is fundamentally in conflict with the needs of the Castro to adapt to changing times and audiences. A vote to “Save the [Fixed] Seats” may well lose us the Castro Theatre as we know it.

On a personal note, the Castro has been a mainstay of my San Francisco cultural experience for decades. I’ve attended sold-out Frameline showings and the Silent Film Festival since its inception, enjoyed the sing-alongs and special events. My husband and I experienced an earthquake watching Fellini’s *8½* on the big screen and I take my 99-year mother to enjoy silent movies that are younger than she, in a theatre older than she. But as a movie lover, year over year, I’ve seen the audiences dwindle. First, as hard-to-find titles became widely available on VHS and DVDs, and then as streaming services allowed us to access these movies from anywhere. Finally, the threat of COVID kept the last of us big-screen fans away, at least for a while.

And it’s not for lack of trying. The Castro’s programming is world class, appealing to wide audiences and interests, not just the queer community. But from my first visit in the late 1980s, enduring uncomfortable seats, inadequate restrooms down a steep and very narrow stairway and an utter lack of ventilation, I always wondered how a 1,400-seat theatre could survive by playing art house rarities to an audience of a few dozen on most nights. Even during their 100-year celebration, with an amazing line-up of classic films spanning 10 decades and \$1 tickets, they were unable to fill the seats, not even close. Those days cannot continue indefinitely.

A vote to save fixed seats will not change the fact that not enough people go to movies anymore to support the day-to-day staffing and maintenance costs of running a 100-year old historic building, let alone support a \$15 million historic rehabilitation, new state-of-the art equipment, ADA access and a working ventilation system. The recent restoration of the historic Four Star Theater as a single-screen 330-seat repertory house is a cautionary tale, as they screen films daily to an almost empty theater and must turn to crowd funding just to keep the lights on.

The ‘intangible cultural heritage of the space’ to quote the Landmark Designation Fact Sheet is exactly that: intangible. People and events created that heritage, not the arrangement of the seats. APE’s proposal is not only viable, but it will expand, not limit, opportunities for those intangible values: community building, audience participation, cultural production and personal meaning. Flexible seating will accommodate continued film programming and festivals for film-lovers like me. The addition of live music and shows provides greater potential to serve the community and will bring new audiences to the Castro. They may watch movies on their phones and computers,

but they will flock to live shows to experience the restored architectural splendor and give new life and meaning to the Castro as it enters its second century.

As San Franciscans, we should unite in encouraging APE to make this the best possible project and then hold them to their commitments, not doom the project's feasibility before it begins. So I urge you to reject the proposed amendment and continue to work together with APE and the community to make this project a success.

Very truly yours,

Neil Sekhri

Subject: Castro Theatre: Support the HPC Recommendation and Reject Fixed Seating Amendment
Date: Wednesday, May 10, 2023 5:30:38 PM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Secretary Board of Supervisors,

As a concerned citizen of San Francisco, I write to you today to express my strong support for Another Planet Entertainment (APE) and their proposed restoration of the Castro Theatre.

This restoration work, which would ensure the future of the building as a live events and film space, is imperiled by the Land Use and Transportation Committee's amendment to the landmark designation for the theater. This amendment, requiring the Castro Theatre to preserve the "raked floor and fixed seating in a 'movie palace' style", will tether this private business to an outdated and unviable business model.

Another Planet has outlined a thoughtful renovation plan that includes accessibility and ventilation upgrades, restoring the art deco ceiling and chandelier, preserving the interior murals, and transitioning the orchestra level into a tiered floor to maintain existing seated programming such as film, lectures and choral performances, while allowing the venue to also be used for standing room concerts, celebratory events, and other community-focused programming.

Opponents of the renovation plan would like it to be thought that they speak for all Castro Merchants, film-lovers, members of the LGBTQ community, or neighborhood residents. They do not speak for me, and I strongly believe they do not speak for the majority of the aforementioned groups they claim to represent.

The renovation plan has strong support among Castro Merchants, various film festivals, members of the LGBTQ community, and neighborhood residents, who are excited to see a treasured neighborhood landmark preserved for future generations. I have faith that Another Planet Entertainment will be excellent stewards of not only the Castro Theatre, but also the rich history it represents to cinephiles, the LGBTQ Community, and the neighborhood.

Please vote to replace the "raked floor and fixed seating in a 'movie palace' style" language in the amended landmark designation with the original "presence of seating" language proposed by the Historic Preservation Commission.

Date: Thursday, May 11, 2023 10:31:29 AM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Secretary Board of Supervisors,

As a fourth generation San Franciscan, I write to you today to express my strong support for Another Planet Entertainment (APE) and their proposed restoration of the Castro Theatre. This vital landmark cannot be sustained by films screenings alone. Look at the change in the box office numbers and reports from the Nassar family. Without adaption and retrofitting the theater will inevitably close and go into disrepair like so many of the other historic movie houses in San Francisco. When was the last time you attended a film screening at the Castro?

This restoration work, which would ensure the future of the building as a live events and film space, is imperiled by the Land Use and Transportation Committee's amendment to the landmark designation for the theater. This amendment, requiring the Castro Theatre to preserve the "raked floor and fixed seating in a 'movie palace' style", will tether this private business to an outdated and unviable business model.

Subject: Please listen to our banded voices!
Date: Thursday, May 11, 2023 7:33:03 AM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

This letter reflects the sentiment of our close nit and level headed community. I share a fence with the Castro Theatre and have literally been watching it crumble over the past years. The disservice we would be doing to our community on a multitude of levels by not moving forward with APE's proposal would be heartbreaking.

Please make the decision to help us thrive.

Thank you,
Lindsey Husband 52 Hartford.

We're writing as the Hartford Street **homeowners living directly behind the Castro Theater**, offering our **full support of APE's plans to restore the venue and revive the neighborhood.**

Many of us share lot lines with the Theater, and many more of us have lived on Hartford for decades. As neighbors, we've banded together and put tens of thousands of our own dollars into revitalizing the block over the years. We want the Castro District and its LGBTQ+ spirit to thrive, and the Theater's success is central to that.

Our reasons are as follows –

1. **Much-needed maintenance:** We see the Theater's issues first hand, and live with them on a daily basis. From our literal backyards, we've coordinated access with the Theater's owners to repair leaks in their roof. As Castro Street regulars and Theater-goers ourselves, we know from lived experience that the neon sign, delicate interior and major systems are in dire need of attention. APE's renovation plans will undoubtedly

return the Theater to its former beauty, with modern functionality.

2.

Inclusive programming: We're excited to see a vibrant entertainment scene here. Improving the Theater's versatility addresses the reality that film alone will never support its operating costs. Not only that, but APE will offer visitors and performers (including those who are mobility-impaired) a new way to contribute to and engage with the neighborhood. With APE, the Theater will become a destination for even more people to celebrate queer community in a greater variety of formats.

3.

Traditional importance: The Castro Theater is a signal of societal progress. It's a destination where people can learn about and become more accepting towards humanity's differences. And by building a more accessible space that welcomes a diversity of art forms, APE will perpetuate what made originally made our neighborhood magical. Without APE, the Theater will go dark, and instead serve as a signal of close-mindedness, and ultimately be a heartbreaking reminder of what our community used to be.

The Castro has enough vacancies. We can't afford a huge one like the Theater, which actually has the potential to keep our other beloved local businesses afloat. It's clear APE's investment will evolve the Theater so that it can serve as both a movie palace and multi-purpose entertainment space for 100 more years.

We firmly believe that APE's investment will catapult the Castro Theater and District to a vibrant and sustainable future, and urge you to support APE's plans for restoration.

My name is Brian Hildman, and I currently reside in soma (94103), but happily resided in Castro for several years recently.

I am very concerned how poorly managed the city's prioritizes have been lately. There is so much red tape, and NIMBYism, that I am losing hope that San Francisco will rebound.

I'm impressed with what APE put forth and am frustrated that there is debate to hold up their plans by forcing an issue with the seats at the Castro theater to stall their progress.

Property prices are plummeting, retail outlets are closing, buildings are sitting unoccupied, artists are leaving the city, and we still need more housing. The only positive lately has been this recent tech experiment.

APE's plan preserves what's important with Castro Theater and renovates the pieces that no longer work. I want to see this city thrive, and I'm afraid that putting up further red tape, and continuing this endless debate is taking your time from issues that actually matter. The homelessness and crime in my neighborhood desperately need your attention, and the Castro neighborhood needs new ideas and blood to keep its culture, and eclectic personality alive.

Subject: Castro Theatre: Support the HPC Recommendation and Reject Fixed Seating Amendment
Date: Thursday, May 11, 2023 12:15:38 AM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Secretary Board of Supervisors,

As a concerned citizen of San Francisco, I write to you today to express my strong support for Another Planet Entertainment (APE) and their proposed restoration of the Castro Theatre.

This restoration work, which would ensure the future of the building as a live events and film space, is imperiled by the Land Use and Transportation Committee's amendment to the landmark designation for the theater. This amendment, requiring the Castro Theatre to preserve the "raked floor and fixed seating in a 'movie palace' style", will tether this private business to an outdated and unviable business model.

Another Planet has outlined a thoughtful renovation plan that includes accessibility and ventilation upgrades, restoring the art deco ceiling and chandelier, preserving the interior murals, and transitioning the orchestra level into a tiered floor to maintain existing seated programming such as film, lectures and choral performances, while allowing the venue to also be used for standing room concerts, celebratory events, and other community-focused programming.

Opponents of the renovation plan would like it to be thought that they speak for all Castro Merchants, film-lovers, members of the LGBTQ community, or neighborhood residents. They do not speak for me, and I strongly believe they do not speak for the majority of the aforementioned groups they claim to represent.

The renovation plan has strong support among Castro Merchants, various film festivals, members of the LGBTQ community, and neighborhood residents, who are excited to see a treasured neighborhood landmark preserved for future generations. I have faith that Another Planet Entertainment will be excellent stewards of not only the Castro Theatre, but also the rich history it represents to cinephiles, the LGBTQ Community, and the neighborhood.

Please vote to replace the "raked floor and fixed seating in a 'movie palace' style" language in the amended landmark designation with the original "presence of seating" language proposed by the Historic Preservation Commission.

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

(bcc: homeowners / neighbors)

To the SF Board of Supervisors,

We're writing as the Hartford Street **homeowners living directly behind the Castro Theater**, offering our **full support of APE's plans to restore the venue and revive the neighborhood.**

Many of us share lot lines with the Theater, and many more of us have lived on Hartford for decades. As neighbors, we've banded together and put tens of thousands of our own dollars into revitalizing the block over the years. We want the Castro District and its LGBTQ+ spirit to thrive, and the Theater's success is central to that.

Our reasons are as follows –

1. **Much-needed maintenance:** We see the Theater's issues first hand, and live with them on a daily basis. From our literal backyards, we've coordinated access with the Theater's owners to repair leaks in their roof. As Castro Street regulars and Theater-goers ourselves, we know from lived experience that the neon sign, delicate interior and major systems are in dire need of attention. APE's renovation plans will undoubtedly return the Theater to its former beauty, with modern functionality.
2. **Inclusive programming:** We're excited to see a vibrant entertainment scene here. Improving the Theater's versatility addresses the reality that film alone will never support its operating costs. Not only that, but APE will offer visitors and performers (including those who are mobility-impaired) a new way to contribute to and engage with the neighborhood. With APE, the Theater will become a destination for even more people to celebrate queer community in a greater variety of formats.
3. **Traditional importance:** The Castro Theater is a signal of societal progress. It's a

destination where people can learn about and become more accepting towards humanity's differences. And by building a more accessible space that welcomes a diversity of art forms, APE will perpetuate what made originally made our neighborhood magical. Without APE, the Theater will go dark, and instead serve as a signal of close-mindedness, and ultimately be a heartbreaking reminder of what our community used to be.

The Castro has enough vacancies. We can't afford a huge one like the Theater, which actually has the potential to keep our other beloved local businesses afloat. It's clear APE's investment will evolve the Theater so that it can serve as both a movie palace and multi-purpose entertainment space for 100 more years.

We firmly believe that APE's investment will catapult the Castro Theater and District to a vibrant and sustainable future, and urge you to support APE's plans for restoration.

Secretary Board of Supervisors,

Hello,

My name is Pete; I have sang with the San Francisco gay men's chorus for the last five years, I am a homeowner in the Castro, and gay male in my 30s. I, and many like me, am the future of San Francisco, and proudly want to watch my neighborhood flourish into the future. Saving the seats in the Castro theater is the most backwards, archaic, and debilitating idea that will ultimately cause for that historic theater to sit vacant for generations to come.

I work in real estate and can see the writing on the wall: If the "seats are saved," as many generational and institutionalized residents would request, the negligible profits from an occasional sing-along will cause the theater to suffer tremendous economic short falls, and ultimately sputter out of business in a few short years. The "saving of the seats", years beyond the shuttering of the Castro Theater (which will be in the not so distant future), will prevent any future operator from seeing the venue as a viable business opportunity or investment. The only good thing about "saving the seats" would be preventing the space from turning into condominiums or Crunch Fitness. Saving the seats is the most absurd limiting and shortsighted proposal I have heard of in my neighborhood in many years.

In short, I'm writing in regard to Another Planet Entertainment's proposed changes to the Castro Theater. I fully support APE's plans.

Thank you,
Pete Rodway

Secretary Board of Supervisors,

As a concerned citizen of San Francisco, I write to you today to express my strong support for Another Planet Entertainment (APE) and their proposed restoration of the Castro Theatre.

I live directly behind the Castro Theater and would find it to be a travesty were it to continue to decay and become a dilapidated destination for drug addicts, mentally unstable houseless individuals and worse, that it would attract more crime in our neighborhood. It is CRITICAL we keep Castro Theater alive and I think APE's plan to restore the structure and rejuvenate the programming is exactly what our Castro Community needs to help it shine again.

This restoration work, which would ensure the future of the building as a live events and film space, is imperiled by the Land Use and Transportation Committee's amendment to the landmark designation for the theater. This amendment, requiring the Castro Theatre to preserve the "raked floor and fixed seating in a 'movie palace' style", will tether this private business to an outdated and unviable business model.

Another Planet has outlined a thoughtful renovation plan that includes accessibility and ventilation upgrades, restoring the art deco ceiling and chandelier, preserving the interior murals, and transitioning the orchestra level into a tiered floor to maintain existing seated programming such as film, lectures and choral performances, while allowing the venue to also be used for standing room concerts, celebratory events, and other community-focused programming.

Opponents of the renovation plan would like it to be thought that they speak for all Castro Merchants, film-lovers, members of the LGBTQ community, or neighborhood residents. They do not speak for me, and I strongly believe they do not speak for the majority of the aforementioned groups they claim to represent.

The renovation plan has strong support among Castro Merchants, various film festivals, members of the LGBTQ community, and neighborhood residents, who are excited to see a treasured neighborhood landmark preserved for future generations. I have faith that Another Planet Entertainment will be excellent stewards of not only the Castro Theatre, but also the rich history it represents to cinephiles, the LGBTQ Community, and the neighborhood.

Please vote to replace the "raked floor and fixed seating in a 'movie palace' style" language in the amended landmark designation with the original "presence of seating" language proposed

by the Historic Preservation Commission.

Secretary Board of Supervisors,

As a concerned citizen of San Francisco and a homeowner living directly behind the Castro Theater, I write to you today to express my strong support for Another Planet Entertainment (APE) and their proposed restoration of the Castro Theatre.

A vibrant and thriving Castro Theater is essential to the success, livelihood and safety of the Castro.

This restoration work, which would ensure the future of the building as a live events and film space, is imperiled by the Land Use and Transportation Committee's amendment to the landmark designation for the theater. This amendment, requiring the Castro Theatre to preserve the "raked floor and fixed seating in a 'movie palace' style", will tether this private business to an outdated and unviable business model.

The way people consume entertainment has evolved in the 100 years the theater has been open, and it needs to evolve with the times to succeed for the next 100 years. APE has the right plan to make this happen. No small, family-run business should be forced to subsidize the nostalgia held by others.

Another Planet has outlined a thoughtful renovation plan that includes accessibility and ventilation upgrades, restoring the art deco ceiling and chandelier, preserving the interior murals, and transitioning the orchestra level into a tiered floor to maintain existing seated programming such as film, lectures and choral performances, while allowing the venue to also be used for standing room concerts, celebratory events, and other community-focused programming.

Opponents of the renovation plan would like it to be thought that they speak for all Castro Merchants, film-lovers, members of the LGBTQ community, or neighborhood residents. They do not speak for me, and I strongly believe they do not speak for the majority of the aforementioned groups they claim to represent.

The renovation plan has strong support among Castro Merchants, various film festivals, members of the LGBTQ community, and neighborhood residents, who are excited to see a treasured neighborhood landmark preserved for future generations. I have faith that Another Planet Entertainment will be excellent stewards of not only the Castro Theatre, but also the rich history it represents to cinephiles, the LGBTQ Community, and the neighborhood.

Subject: Why restrict how the Castro Theatre can find success? Vote to remove the fixed seating language
Date: Wednesday, May 10, 2023 1:51:31 PM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Secretary Board of Supervisors,

Hi there,

The Castro, like much of SF, is struggling to recover from the pandemic. We need to provide the most flexibility we can for businesses to provide services to the community.

Requiring the Castro Theater to have fixed seating is an unnecessary restriction on how the theater can be used. I am a gay man who's lived in SF for over 10 years. I love this city and the Castro theater and also think this is a completely unnecessary restriction that prioritizes nostalgia for the past over opportunity for the future.

What if there was an option to provide movie theater-style seating while ALSO providing the option to use the space for concerts or other events? Wouldn't that be a win-win for the Castro Theater (can host more kinds of events and acts) and the community?

Great news - we do have that option! Allow Another Planet to manage the theater seating. Don't fix seat to the ground.

Vote for future opportunities for the community and local businesses. Don't vote because of nostalgia for the past.

Please vote to replace the "raked floor and fixed seating in a 'movie palace' style" language in the amended landmark designation with the original "presence of seating" language proposed by the Historic Preservation Commission.

Thank you,
Evan Gelfand
District 5 resident

----Below is the letter being submitted by the larger movement, which I also support----

As a concerned citizen of San Francisco, I write to you today to express my strong support for Another Planet Entertainment (APE) and their proposed restoration of the Castro Theatre.

This restoration work, which would ensure the future of the building as a live events and film space, is imperiled by the Land Use and Transportation Committee's amendment to the landmark designation for the theater. This amendment, requiring the Castro Theatre to preserve the "raked floor and fixed seating in a 'movie palace' style", will tether this private

business to an outdated and unviable business model.

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Secretary Board of Supervisors,

I called in to two community meetings so I don't have any more time to devote to the absolute insanity that is the proposal to require fixed seats in the Castro Theatre. Besides the utter impossibility of running the Castro as a 1,400 seat movie palace in the present day, I'll add one final comment: the current seats are awful. I suffer from chronic back pain, and they hurt. The only reason people want to keep them is to impede progress in our city.

I will vote on this issue.

Now here's the form letter:

As a concerned citizen of San Francisco, I write to you today to express my strong support for Another Planet Entertainment (APE) and their proposed restoration of the Castro Theatre.

This restoration work, which would ensure the future of the building as a live events and film space, is imperiled by the Land Use and Transportation Committee's amendment to the landmark designation for the theater. Opponents of the renovation plan would like it to be thought that they speak for all Castro Merchants, film-lovers, members of the LGBTQ community, or neighborhood residents. They do not speak for me, and I strongly believe they do not speak for the majority of the aforementioned groups they claim to represent.

The renovation plan has strong support among Castro Merchants, various film festivals, members of the LGBTQ community, and neighborhood residents, who are excited to see a treasured neighborhood landmark preserved for future generations. I have faith that Another Planet Entertainment will be excellent stewards of not only the Castro Theatre, but also the rich history it represents to cinephiles, the LGBTQ Community, and the neighborhood.

Please vote to replace the "raked floor and fixed seating in a 'movie palace' style" language in the amended landmark designation with the original "presence of seating" language proposed by the Historic Preservation Commission.

Secretary Board of Supervisors,

As a concerned citizen of San Francisco, I write to you today to express my strong support for Another Planet Entertainment (APE) and their proposed restoration of the Castro Theatre.

This restoration work, which would ensure the future of the building as a live events and film space, is imperiled by the Land Use and Transportation Committee's amendment to the landmark designation for the theater. This amendment, requiring the Castro Theatre to preserve the "raked floor and fixed seating in a 'movie palace' style", will tether this private business to an outdated and unviable business model.

Another Planet has outlined a thoughtful renovation plan that includes accessibility and ventilation upgrades, restoring the art deco ceiling and chandelier, preserving the interior murals, and transitioning the orchestra level into a tiered floor to maintain existing seated programming such as film, lectures and choral performances, while allowing the venue to also be used for standing room concerts, celebratory events, and other community-focused programming.

Opponents of the renovation plan would like it to be thought that they speak for all Castro Merchants, film-lovers, members of the LGBTQ community, or neighborhood residents. They do not speak for me, and I strongly believe they do not speak for the majority of the aforementioned groups they claim to represent.

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Greetings Board of Supervisors,

As a concerned citizen of San Francisco, I write to you today to express my **strong support for Another Planet Entertainment (APE) and their proposed restoration of the Castro Theatre.**

This restoration work, which would ensure the future of the building as a live events and film space, is imperiled by the Land Use and Transportation Committee's amendment to the landmark designation for the theater. This amendment, requiring the Castro Theatre to preserve the "raked floor and fixed seating in a 'movie palace' style", will tether this private business to an outdated and unviable business model.

Another Planet has outlined a thoughtful renovation plan that includes accessibility and ventilation upgrades, restoring the art deco ceiling and chandelier, preserving the interior murals, and transitioning the orchestra level into a tiered floor to maintain existing seated programming such as film, lectures and choral performances, while allowing the venue to also be used for standing room concerts, celebratory events, and other community-focused programming.

Opponents of the renovation plan would like it to be thought that they speak for all Castro Merchants, film-lovers, members of the LGBTQ community, or neighborhood residents. They do not speak for me, and I strongly believe they do not speak for the majority of the aforementioned groups they claim to represent.

The renovation plan has strong support among Castro Merchants, various film festivals, members of the LGBTQ community, and neighborhood residents, who are excited to see a treasured neighborhood landmark preserved for future generations. I have faith that Another Planet Entertainment will be excellent stewards of not only the Castro Theatre, but also the rich history it represents to cinephiles, the LGBTQ Community, and the neighborhood.

Further, Another Planet has a history of bringing some of the best acts in music, comedy, and spoken word to the Bay Area, and I've frequented their events as close as the Independent on Divisadero and out to the Fox Theater in Oakland, and strongly believe that the added culture they would bring to the heart of the Castro would be great for residents and local business alike.

Please vote to replace the "raked floor and fixed seating in a 'movie palace' style" language in the amended landmark designation with the original "presence of seating" language proposed by the Historic Preservation Commission.

Respectfully,

Kevin Delmore
94123 (previous resident of both 94110 and 94114)

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Secretary Board of Supervisors,

As a concerned citizen of San Francisco, I write to you today to express my strong support for Another Planet Entertainment (APE) and their proposed restoration of the Castro Theatre.

This restoration work, which would ensure the future of the building as a live events and film space, is imperiled by the Land Use and Transportation Committee's amendment to the landmark designation for the theater. This amendment, requiring the Castro Theatre to preserve the "raked floor and fixed seating in a 'movie palace' style", will tether this private business to an outdated and unviable business model.

Another Planet has outlined a thoughtful renovation plan that includes accessibility and ventilation upgrades, restoring the art deco ceiling and chandelier, preserving the interior murals, and transitioning the orchestra level into a tiered floor to maintain existing seated programming such as film, lectures and choral performances, while allowing the venue to also be used for standing room concerts, celebratory events, and other community-focused programming.

Opponents of the renovation plan would like it to be thought that they speak for all Castro Merchants, film-lovers, members of the LGBTQ community, or neighborhood residents. They do not speak for me, and I strongly believe they do not speak for the majority of the aforementioned groups they claim to represent.

The renovation plan has strong support among Castro Merchants, various film festivals, members of the LGBTQ community, and neighborhood residents, who are excited to see a treasured neighborhood landmark preserved for future generations. I have faith that Another Planet Entertainment will be excellent stewards of not only the Castro Theatre, but also the rich history it represents to cinephiles, the LGBTQ Community, and the neighborhood.

BOS President Aaron Peskin,
Please landmark the Castro Theater seating and sloped floor – and whatever it takes to protect this magnificent edifice and preserve it as a movie theatre.
IMHO the City should take over the theater and continue to manage it as a movie palace – or provide financing for those who do.
Sincerely,
Katherine Howard

I am a resident of the Castro and I strongly support the plans by Another Planet Entertainment to renovate the Castro Theater. I do not believe that maintaining the theater as a throwback movie house is viable. Our neighborhood needs a well-managed, renovated, vibrant Castro Theater to anchor our ailing neighborhood.

The preservationists who are trying to tie the hands of the theater do NOT speak for me. We don't live in the 1950s anymore. The theater needs to adapt to the current century and feature flexible seating suitable for contemporary live music as well as film festivals.

I have seen many LGBT artists perform in the area including Janelle Monàe, Troye Sivan, and Pet Shop Boys and it saddens me that none of those shows were held in the Castro. Each were in Oakland at The Fox (managed by APE). We need a venue in the Castro that will draw these artists to our neighborhood.

Please vote to replace the "raked floor and fixed seating in a 'movie palace' style" language in the amended landmark designation with the original "presence of seating" language proposed by the Historic Preservation Commission.

Thank you

Secretary Board of Supervisors,

As a concerned citizen of San Francisco, I write to you today to express my strong support for Another Planet Entertainment (APE) and their proposed restoration of the Castro Theatre.

As a younger resident of the area, I am saddened by the amount of empty and closed storefronts in the Castro as the area is still trying to recover from the pandemic. I am tired of seeing the beautiful theater in disrepair and almost always boarded up and appearing abandoned. Such a beautiful monument to the community is not being used to its potential and is wasting away because we are not able to adapt.

When I think about what community I want to call home for the years to come, it is very important for me that my community government is adaptable to the changing needs of its residents. The fixed seats of Castro theater are too limiting for the entertainment demands of my generation and will only continue to worsen over the years. I am so excited by the prospect of having the Castro being a compelling host for entertainment of many kinds and being in large crowds to patronize the surrounding local businesses we hold dear. If the Castro is like a shopping mall, then the theater is the anchor store which must be successful in order for the larger unit to thrive.

Please don't doom our neighborhood to a road of ruin. Young queer people of my age are all frustrated with the inability of government to respond to the clear wants of the community. We are holding out hope that we can continue to preserve the beauty and energy of this neighborhood for years to come but cannot do it alone.

Please vote to replace the "raked floor and fixed seating in a 'movie palace' style" language in the amended landmark designation with the original "presence of seating" language proposed by the Historic Preservation Commission.

Board of Supervisors,

I'm a member of the LGBTQ+ community and a longtime resident of the Castro.

As a concerned citizen of San Francisco, I write to you today to express my **strong support for Another Planet Entertainment (APE) and their proposed restoration of the Castro Theatre.**

This restoration work, which would ensure the future of the building as a live events and film space, is imperiled by the Land Use and Transportation Committee's amendment to the landmark designation for the theater. This amendment, requiring the Castro Theatre to preserve the "raked floor and fixed seating in a 'movie palace' style", will tether this private business to an outdated and unviable business model.

Another Planet has outlined a thoughtful renovation plan that includes accessibility and ventilation upgrades, restoring the art deco ceiling and chandelier, preserving the interior murals, and transitioning the orchestra level into a tiered floor to maintain existing seated programming such as film, lectures and choral performances, while allowing the venue to also be used for standing room concerts, celebratory events, and other community-focused programming.

Opponents of the renovation plan would like it to be thought that they speak for all Castro Merchants, film-lovers, members of the LGBTQ community, or neighborhood residents. They do not speak for me, and I strongly believe they do not speak for the majority of the aforementioned groups they claim to represent.

The renovation plan has strong support among Castro Merchants, various film festivals, members of the LGBTQ community, and neighborhood residents, who are excited to see a treasured neighborhood landmark preserved for future generations. I have faith that Another Planet Entertainment will be excellent stewards of not only the Castro Theatre, but also the rich history it represents to cinephiles, the LGBTQ Community, and the neighborhood.

Please vote to replace the "raked floor and fixed seating in a 'movie palace' style" language in the amended landmark designation with the original "presence of seating" language proposed by the Historic Preservation Commission.

Respectfully,

Nathaniel Halsey

Board of Supervisors,

Please, please allow APE to turn the Castro theatre back into something that will support the local community. As a fellow resident of 94114 I want to see the Castro revitalized with inclusive spaces, not forced to stagnate with fixed seats that don't allow a variety of types of community gatherings. Can you imagine how wonderful it would be to see queer musicians performing in the space one night and then a sing-along movie the next? APE's investments can help make this possible.

As a concerned citizen of San Francisco, I write to you today to express my **strong support for Another Planet Entertainment (APE) and their proposed restoration of the Castro Theatre.**

This restoration work, which would ensure the future of the building as a live events and film space, is imperiled by the Land Use and Transportation Committee's amendment to the landmark designation for the theater. This message is from outside the City email system. Do not open links or attachments from untrusted sources.

To Board of Supervisors,

As a longtime Castro resident, and concerned citizen, I write to you today to express my **strong support for Another Planet Entertainment (APE) and their proposed restoration of the Castro Theatre**. Their plan will breath life into this struggling area and bring it into 21st century. If their hands are tied, I worry APE will not move forward with updating the theatre, condemning it to become **another** shuttered building in my beloved neighborhood.

This restoration work, which would ensure the future of the building as a live events and film space, is imperiled by the Land Use and Transportation Committee's amendment to the landmark designation for the theater. This amendment, requiring the Castro Theatre to preserve the "raked floor and fixed seating in a 'movie palace' style", will tether this private business to an outdated and unviable business model.

Another Planet has outlined a thoughtful renovation plan that includes accessibility and ventilation upgrades, restoring the art deco ceiling and chandelier, preserving the interior murals, and transitioning the orchestra level into a tiered floor to maintain existing seated programming such as film, lectures and choral performances, while allowing the venue to also be used for standing room concerts, celebratory events, and other community-focused programming.

Opponents of the renovation plan would like it to be thought that they speak for all Castro Merchants, film-lovers, members of the LGBTQ community, or neighborhood residents. They do not speak for me, and I strongly believe they do not speak for the majority of the aforementioned groups they claim to represent.

The renovation plan has strong support among Castro Merchants, various film festivals, members of the LGBTQ community, and neighborhood residents, who are excited to see a treasured neighborhood landmark preserved for future generations. I have faith that Another Planet Entertainment will be excellent stewards of not only the Castro Theatre, but also the rich history it represents to cinephiles, the LGBTQ Community, and the neighborhood.

Please vote to replace the "raked floor and fixed seating in a 'movie palace' style" language in the amended landmark designation with the original "presence of seating" language proposed by the Historic Preservation Commission.

Respectfully,

Mark Taylor

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Secretary Board of Supervisors,

My boyfriend and I live in the Castro area, and I'm urging you not to hamstring the Castro Theatre's ability to modernize. Rather than become a home for film and live music, I don't understand the insistence that the theatre be less flexible with programming that appeals to a narrower variety of people.

The theatre conservancy's unfunded, illogical proposal unravels with even minor scrutiny, and cannot be taken seriously - whereas APE has the capital and experience needed to ensure the theatre's success.

The "Save the Seats" group does not reflect my views or those of any queer people I know in the neighborhood. We love the Castro, and we believe APE is the only one with a viable plan to make the theatre thrive again. Please reject the fixed seating amendment.

Secretary Board of Supervisors,

As a concerned citizen of San Francisco, I write to you today to express my strong support for Another Planet Entertainment (APE) and their proposed restoration of the Castro Theatre.

I am a queer 5-year resident of the city. I live just a few blocks from the Theatre. In my time here, I've seen so many local businesses shutter and empty storefronts. The Castro is struggling, and I believe APE's restoration plan to be a crucial step to bring back life to the Theatre and the neighborhood.

This restoration work, which would ensure the future of the building as a live events and film space, is imperiled by the Land Use and Transportation Committee's amendment to the landmark designation for the theater. This amendment, requiring the Castro Theatre to preserve the "raked floor and fixed seating in a 'movie palace' style", will tether this private business to an outdated and unviable business model.

Another Planet has outlined a thoughtful renovation plan that includes accessibility and ventilation upgrades, restoring the art deco ceiling and chandelier, preserving the interior murals, and transitioning the orchestra level into a tiered floor to maintain existing seated programming such as film, lectures and choral performances, while allowing the venue to also be used for standing room concerts, celebratory events, and other community-focused programming.

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

SUBJECT: Save the Castro Theatre

Dear Supervisor Mandelman

We must wake up and save the Castro theatre from corporate greed!

If San Francisco is to rise again we have to safeguard the rich diversity of our institutions and stop the strip mining of San Francisco's unique culture.

I am a San Francisco native and resident of the Castro, District 8, and one of the many supporters of preserving the Castro Theatre, which includes hundreds who have attended meetings and given their testimony at City Hall, and over 11,000 petition signers to Save the Castro.

I am writing to the Land Use and Transportation Committee to express my support for the Draft Landmark Designation Ordinance for the Castro Theatre, with a request to update a specific phrase that will ensure the text of the ordinance accurately reflects the findings in the Landmark Designation Fact Sheet, which the Historic Preservation Commission approved on February 1, 2023.

The Landmark Designation Fact Sheet outlines the importance of the movie palace-style seating as a defining characteristic of the space as a historic cinema. Additionally, it demonstrates the significance of the orchestra configuration and the movie-palace seating for film heritage and LGBTQ intangible cultural heritage. With that in mind, I am requesting that the Committee clarify the language, updating "presence of seating" to the more accurate "fixed theatrical seating configured in movie-palace style."

With this change, the Committee will further the protection of the Castro Theatre as both a historic movie palace and a site of international significance for LGBTQ cultural heritage.

Sincerely,

Matthew Carhart

Subject: City Departments Must Coordinate to Meet Demand for Recovery Programs
Date: Friday, May 5, 2023 8:39:15 AM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear San Francisco Board of Supervisors,

Our community has urged you to close the open-air drug markets that are devastating our city by the end of 2023. Thank you to the Mayor and the Board of Supervisors for stepping up enforcement of existing laws. Now, I'd like to see our elected officials and DPH work together to ensure that the city is meeting demand for recovery programs.

Residential treatment on demand must be available the same day to those who need it. To make this possible, the city needs to:

- Add funding for 24/7 intake centers
- Fund more residential treatment and step-down beds
- Add abstinence-based recovery options to the continuum of care

These changes will not be possible without addressing operational inefficiencies at DPH, including streamlining contracts with service providers and requiring outcome-based contracts.

It also must happen in conjunction with continued and sustained law enforcement and lack of tolerance for drug dealing on our streets. Our streets aren't a road to recovery. Letting people decline on the street isn't compassionate —when we allow people to deteriorate, our entire city deteriorates.

Sincerely,
Greg Test
119 Ranch Dr Maggie Vly Maggie Valley, NC 28751

Dear Mayor and Board of Supervisors,

I fully support Matt Dorsey's proposal to take this matter to the voters. Let's convict and deport anyone found guilty of drug dealing.

We are sick and tired of Board members who consistently strike down practical solutions to this ongoing problem. We will remember those who seek to destroy the City at the next election.
