5. Modalities/Interventions:

See Appendix B-1 CRDC

6. Methodology:

1. Outreach, Recruitment, Promotion, and Advertisement:

AWP offers a safe environment where the most fundamental needs for safety, nourishment, and care are met. Women are encouraged to engage with support staff and support services both within the building and in the community, as they feel safe to do so. Both frontline and clinical staff remain attentive and engaged at all times; staff are extensively trained in crisis intervention and de-escalation should issues arise that require immediate intervention. Clients who reside onsite are required to enroll in individual and group mental health services located at AWP, offered through our Mental Health Outpatient Program.

Engagement is encouraged through building strong community support among clients and staff with the integration of social justice and social accountability models. Community building is fostered via both emotional support and progress groups as well as social, recreational activities. Clients commit to a minimum of one individual therapy session per week with clinical staff and a minimum of 3 support groups per week. Clients can also access an array of resources including the aforementioned individual therapy and daily groups, on site nursing care, referrals for primary care and psychiatric evaluation, case management and care coordination, special events and outings, mindful meditation activities, and a daily, morning walk-and-talk group.

Clinical staff members are trained to assess and evaluate for mental health issues, develop and collaborate on treatment planning with clients, and utilize appropriate therapeutic interventions and referrals, as appropriate. Mental Health Rehabilitation Specialists, or Clinicians, are trained in diverse, culturally responsive, and trauma-informed orientations and modalities to engage, retain, and provide evidence-based and effective therapeutic treatment to our clients.

B. Admission:

AWP does not utilize a rigid admission policy. When further stabilization and/or isolation is appropriate, we require that they spend 5-14 days in Stabilization shelter beds. Admission was also granted to eligible clients, who could provide a negative COVID test upon entry. Eligible clients are required to live cooperatively in a communal setting and be willing and

Page | 2 Community Forward SF (AWP) Contract ID 1000010020

able to attend mandatory individual and group sessions. Though this is not criteria for admission, clients are expected to pay 30% of their income as program fees.

C. Program Description:

AWP offers a low-threshold, safe place for women who are experiencing homelessness and are in need of stabilization during COVID-19 and beyond. AWP provides not only shelter but a dorm-style, congregate setting, including 3 meals a day, therapeutic and recreational activities as well as opportunities for community and social engagement. Frontline staff offer regular emotional support and resource offerings as well as facilitate daily activities, such as meals. Site Supervisor(s) facilitate monthly community meetings and offer opportunities for mediation, when needed.

At the time of intake, the client receives a packet containing both internal and external grievance policies and the process is explained. Grievance policies are also posted in client areas.

Clients are required to enroll in AWP MHOP while engaged in daily programming. Each woman entering AWP receives a preliminary assessment to determine medical necessity and appropriate levels of care and/or services needed. Clients receive assessment and diagnosis by a licensed clinician or a registered Associate Marriage & Family Therapist (AMFT) and individual and group therapy provided by a Mental Health Rehabilitation Specialist, or Clinician. Clinicians will assess each client by using the Adult/Older Adult Combined Assessment and will collaborate with the client on developing an individualized Treatment Plan of Care.

AWP MHOP uses evidence-based interventions focused on trauma-informed care, harm-reduction offerings, and holistic, therapeutic care, including the advent of mindfulness protocols. Clients will meet with their individual therapist at least one time per week or with more frequency when necessary. Clients will also engage in group therapies, which are offered on a daily basis. Groups include but are not limited to Morning Walk & Talk, Trauma & Art Therapy, Music Therapy, Mindfulness Based Relapse Prevention, Building Bridges: Building Resilient Relationships, Process Groups, and more. The most highly utilized interventions in individual and/or group therapies include de-escalation and stabilization, crisis intervention, trauma-informed care and trauma recovery practices, somatic process work and interventions, harm reduction and education, motivational interviewing, art and music therapies, narrative therapy approaches, strength based interventions, intra-personal and interpersonal skill-building, case management, as well as referrals for support services and linkages to permanent housing.

D. Progression/ Exit Criteria:

We are constantly working towards women progressing through their care and leaving homelessness through achieving their placement goals of permanent housing. During COVID-19, our clients have largely sustained their stabilization by remaining in the program. On some occasions, clients were able to reunite with family members and did transition away from programming and into familial residents.

The goal of our program is for clients to achieve stabilization, gain personal insight and sustainable intrapersonal and interpersonal skills that promote financial, vocational and residential independence. We collaborate with each client on a discharge plan that is attainable while also assessing a client's readiness for independence and the establishment of her social support systems. Because of the existence of our MHOP, we are able to maintain therapeutic relationships with each client as they exit into the community and continue to provide supportive services to them for the duration of their eligibility and desire for care.

3. Goal Statement:

The goal of A Woman's Place Mental Health Outpatient Program (AWP-MHOP) program is to provide trauma-informed, gender-specific care to all races, ethnicities, and cultures of female-identified populations with a specific focus on the unique experiences of cis and transgender women. Our services are offered in the form of low-threshold outpatient mental health services targeted to the complex needs of multiply diagnosed homeless women, with close linkages to primary care, case management, residential substance abuse and HIV transitional housing and care.

4. Priority Population:

A Woman's Place (AWP) will serve all ethnicities and populations within San Francisco and AWP-MHOP focuses on the unique cultural experiences of cis and transgender women. AWP-MHOP provides services to women ages 18 to 65+ who suffer from mental health issues and who experience homelessness. Our clients are often survivors of domestic and interpersonal violence and reside in and around the Tenderloin, Mission District, and South of Market neighborhoods.

5. Modality(ies)/Interventions:

See CRDC B-2 UOS Allocation

6. Methodology:

A. Outreach, Recruitment, Promotion, and Advertisement

AWP-MHOP conducts outreach at multiple sites within Community Forward SF programs and into the community. Clients are offered a safe environment where their most fundamental needs for safety, nourishment, and care is met. As trust builds, women will be encouraged to return for continued support. Clinical staff remain attentive and engaged at all times, and extensively trained in de-escalation and quickly intervene at the first signs of conflict. Clients who consent to outpatient mental health services at the 1049 Howard location are enrolled into the AWP Mental Health Outpatient Program.

Engagement is encouraged through building strong community support among clients and staff with the integration of social justice and social accountability models. Community building is fostered via both emotional support and progress groups as well as social, recreational activities. Clients commit to a minimum of one individual therapy session per week with clinical staff and a minimum of 3 support groups per week. Clients can also access an array of resources including the aforementioned individual therapy and daily groups, on site nursing care, referrals for primary care and psychiatric evaluation, case management and care coordination, special events and outings, mindful meditation activities, and a daily, morning walk-and-talk group.

Clinical staff members are trained to assess and evaluate for mental health issues, develop and collaborate on treatment planning with clients, and utilize appropriate therapeutic interventions and referrals. Mental Health Rehabilitation Specialists, or Clinicians, are trained in diverse, culturally responsive, and trauma-informed orientations and modalities to engage, retain, and provide evidence-based and effective therapeutic treatment to our clients.

B. Admission, Enrollment and/or Intake Criteria and Process Where Applicable

AWP-MHOP is a safe place for women, who are both high utilizers of multiple systems (HUMS) as well as under-utilizers of care. Therefore, AWP-MHOP will serve all female-identified persons who are homeless and over age 18.

C. Service Delivery Model

AWP-MHOP uses evidence-based interventions focused on trauma-informed care, harm-reduction offerings, and holistic, therapeutic care, including the advent of mindfulness protocols. Clients receive assessment and diagnosis by a licensed clinician or a registered Associate Marriage & Family Therapists (AMFT) and individual and group therapy provided by a Mental Health Rehabilitation Specialist, or Clinician. All services and clinical documentation are overseen by a Supervising Clinician, who is licensed in the field.

Each woman entering AWP-MHOP receives a preliminary assessment to determine medical necessity and appropriate levels of care and/or services needed. Clinicians will assess each client who is willing to engage with care by using the Adult/Older Adult Combined Assessment and will collaborate with the client on developing an individualized Treatment Plan of Care. Clients will meet with their individual therapist at least one time per week or with more frequency when necessary. Clients will also engage in group therapies, which are offered on a daily basis. The most highly utilized interventions in individual and/or group therapies include de-escalation and stabilization, crisis intervention, trauma-informed care and trauma recovery practices, somatic process work and interventions, harm reduction and education, motivational interviewing, art and music therapies, narrative therapy approaches, strength based interventions, intra-personal and interpersonal skill-building, case management, as well as referrals for support services and linkages to permanent housing.

D. Exit Criteria and Process

In the event that upon assessment, a client no longer meets medical necessity, they are discharged from AWP-MHOP and referred to an appropriate level of care based on their functionality and mental health needs.

When ready, clients can be transitioned from AWP Drop-In site to AWP's 1049 Howard Street in-house continuum of care. This broad spectrum of services is provided in an environment where clients already feel comfortable and have established relationships. Although housed in two sites, AWP's programs will work closely together to provide a full array of resources to AWP-MH clients. Clients not successful or satisfied in one program can transition between programs or to other appropriate community services.

2. Goal Statement

The goal of A Woman's Place (AWP) Drop-In Center is to provide trauma-informed behavioral health services to all ethnicities and populations with a special focus on gender responsive care to women in the form of low-threshold, drop-in services targeted to the complex needs of multiply diagnosed homeless women with close linkages to mental health care, case management, primary care, residential services, residential substance use treatment, and HIV transitional housing and care.

3. Priority Population:

Target populations are all populations and ethnicities in San Francisco with focused expertise to address the unique needs of cis and transgender women, who are 18 years or older. Clients include those who use substances, suffer from mental illnesses, have histories of trauma, and who are experiencing homelessness. During each contract year, AWP Drop-In will provide drop-in services to at least 500 unduplicated women per year or 45 at any point in time.

4. Modality(ies)/Interventions

See Appendix B-3 CRDC

5. Methodology

A. Admission, Enrollment and/or Intake Criteria and Process

By design, the Drop-In Center is intended to be a low threshold, non-threatening entry point for hard to-engage women, one that offers much support with few demands, and just as importantly, offers safe and secure respite. Therefore, the only admission criteria is that she/they are homeless and age 18 or over. The client's process for accessing services is simply walking through our doors.

B. Service Delivery Model:

Community Forward SF is one of the first organizations to apply the tenets of the harm reduction model to every aspect of our services to meet clients at every point on the continuum of care. The AWP Drop-In Center dedicates overnight chairs for women wanting to access 24 hour dropin services. As such, our AWP Drop-In Center provides stabilization, support services and linkage to supportive housing for homeless women and transgender women in San Francisco who are multiply-diagnosed with a substance use disorder (SUD), mental illness, physical illnesses (i.e. HIV/AIDS, TB), as well as are survivors of abuse and domestic violence, are or were sex workers, and are seniors. To meet clients at their individual level of functionality and need, AWP Drop-In does not exclude clients because they use alcohol and drugs. The women may still access services, with the condition that they do not participate in any illicit activities involving substance use on the premises. To further reduce the possible harm for those who use substances, engage in unsafe sexual activities and/or may be involved in a violent or abusive relationship, AWP Drop In Services Clinicians will assess each client who is willing to engage with Clinicians beyond a basic needs assessment by using a trauma-informed approach. Common interventions will include empathic listening, motivational interviewing and harm reduction modalities to address the adverse consequences of these behaviors in additional to mindfulness practices, Cognitive Behavioral Therapy, and alternative modalities of healing, including art, music and movement to provide a safe, comforting emotional space for clients to explore their behavioral and relational patterns and elicit change, as desired.

AWP DI is co-located within the same facility as the AWP Mental Health Outpatient Program, which affords clients seamless access to mental health assessments, treatment planning, crisis services, and individual therapy or counseling as well as group therapy or counseling and/or case management services. If AWP DI clients are willing to accept the outpatient mental health services, the services are provided without a waitlist.

AWP Drop-In Clinicians refer clients who wish to address their substance use disorder to our Substance Use Disorder (SUD) program called Wellness & Recovery, which is conveniently housed at the AWP 1049 Howard St. location, or to another appropriate program. Clients who meet the requirements of AWP Residential HIV Services are referred to that program. Otherwise they can access services through AWP Shelter HSH Case Management program provided there is space available for an HSH-funded bed for the client. As part of their individual plans, AWP Drop-In Clinicians refer clients, who are not yet connected to a primary care provider, to a

Page | 2

Community Forward SF (AWP)

physician as part of their stabilization process. Similarly, they are able to refer them directly to Shelter Health nurses, who are on site several times a week for triage care.

Immediate Needs: Each woman entering AWP Drop-In receives a preliminary assessment via empirical observation, conversational interactions, and service assessment to determine her level of crisis and need.

Engagement: The first level of engagement AWP Drop-In offers is a safe environment, one that offers an alternative to being on the streets or in mixed-gendered shelters. Women will receive support for their immediate needs; and as trust builds, they will be encouraged to return for continued support. Clinical staff remain attentive and engaged at all times and are extensively trained in crisis intervention, de-escalation and conflict management should the need arise.

Retention: First and foremost, the clients' most fundamental needs for safety, nourishment, and care will be met. Laundry and shower facilities are available on a daily basis. The program will strive to build strong community support among clients, former clients and staff, with a "support your sister" philosophy. Community building activities will be fostered via recreational activities focused to bring women off the street and indoors, such as games, movies nights, storytelling activities, and therapeutic art projects. Clients will be able to talk with clinical staff and access an array of resources including individual and group therapy or counseling, mindfulness and mindful movement practices, social activities, and resources and referrals for primary care and psychiatric evaluation. Secondly, the program is designed to engage women in more extensive care beyond drop-in support. Clinical staff are trained to identify stages of change and apply techniques appropriate to each stage, specializing in early intervention and prevention, when the opportunity is present. Clinicians are trained to be proactive in talking to clients in individual and group settings to increase retention, with an enhanced ability to identify decompensations, changes in behavior patterns and potential pitfalls, and readily identify, reinforce, and praise client strengths.

When ready, clients can be transitioned to AWP's 1049 Howard Street in-house continuum of care (not funded in this Appendix): Shelter Case Management beds for an indefinite length of stay, our residential HIV+/AIDS program or our residential Wellness & Recovery (SUD) program. This broad spectrum of services is provided in an environment where clients already feel comfortable and have established relationships. Although housed in two sites, AWP's programs will work closely together to provide a full array of resources to Drop-In services clients. Clients not successful or satisfied in one program can transition between programs, or to other appropriate community services.

D. Discharge Planning and Exit Criteria and Process

There are three ways a client will leave AWP Drop-In: Placement, Denial of Services, or Voluntary discharge.

Placement: Clients may stay at AWP Drop-In on a first-come-first-served basis until they receive a suitable immediate placement. Placements will first be made to other AWP programs when available (Shelter, HIV Care or SUD) (not funded in this Appendix). If AWP programs do not have availability in a suitable program AWP Drop-In Clinicians will place clients in shelter through the Coordinated Entry program, substance abuse care through SF DPH's Behavioral Health Access Point (BHAC) or other appropriate external placement as assessed by the Clinician. If an appropriate placement can not be found, clients may sit in the AWP Drop-In center overnight for an indefinite period of time.

Denial of Services: A Woman's Place Drop-In Center strives to prevent involuntary client discharge, which is critical to retention. At AWP, 1049 Howard Street site, we have extensive experience with individuals with severe behavioral health issues. We are able to accommodate and mediate a variety of behaviors that can result in discharges at other facilities. We use creative strategies to make accommodations without compromising the safety of our other clients. In addition, AWP employs a denial of service policy designed to maximize client access. AWP has never issued a denial of service greater than 90 days in duration. Typically, service denials are very short in duration and address immediate safety concerns. In the event that a client is denied services, AWP staff makes every effort to provide clients with information, resources and placement appropriate to their situation. Our staff draws from this extensive experience at AWP to similarly respond to the challenges of women at AWP Drop-In Center.

Voluntary Discharge: Of course, clients may choose to leave AWP Drop-In Center at any time. At the time of voluntary discharge every client will have access to information, resources and placement.

Building Operations: Community Forward SF is in a lease agreement contract with Building owners of 211 13th Street where all Drop-In women services will be delivered. CFSF will be responsible for as follows:

- 1. To maintain facilities and systems in full compliance with requirements of the law, local standards, and in accordance with DPH requirements and guidelines to protect the health and safety of participants and staff (e.g., smoke/carbon monoxide detectors, fire exits, smoking and animal relief areas, pest control, access to hygiene).

APPENDIX D

Data Access Agreement

Article 1 Access

1.1 Revision to Scope of Access (RSA):

Any added access may be granted by the City to Agency and each Agency Data User through a Revision to Scope of Access in writing and executed by both parties. Any Revision to Scope of Access shall be considered a part of and incorporated into this Agreement, governed by all its terms, by reference.

1.2 Primary and Alternate Agency Site Administrator.

Before System(s) access is granted, Agency must appoint a primary and alternate Agency Site Administrator responsible for System(s) access tasks, including but not limited to the following:

- 1.2.1 Completing and obtaining City approval of the Account Provisioning Request documents and/or Data Set Request documents;
 - 1.2.2 Communicating with the SFDPH IT Service Desk;
 - 1.2.3 Providing Agency Data User(s) details to the City;
- 1.2.4 Ensuring that Agency Data User(s) complete required SFDPH trainings annually;
- 1.2.5 Ensuring that Agency Data User(s) understand and execute SFDPH's data access confidentiality agreement; and
- 1.2.6 Provisioning and deprovisioning Agency Data Users as detailed herein. To start the process, the Agency Site Administrator must contact the SFDPH IT Service Desk at 628-206-7378, dph.helpdesk@sfdph.org.

1.3 **SFDPH IT Service Desk.**

For new provisioning requests, only Agency Site Administrators are authorized to contact the SFDPH IT Service Desk. The City reserves the right to decline any call placed by other than the Agency Site Administrator. Individual Agency Data Users are not authorized to contact the SFDPH IT Service Desk.

1.4 Deprovisioning Schedule.

Agency, through the Agency Site Administrator, has sole responsibility to deprovision Agency Data Users from the System(s) as appropriate on an ongoing basis. Agency must immediately deprovision an Agency Data User upon any event ending that Data User's need to access the System(s), including job duty change and/or termination. Agency remains liable for the conduct of Agency Data Users until deprovisioned. When deprovisioning employees via the SFDPH IT Service Desk, Agency must maintain evidence that the SFDPH IT Service Desk was notified.

1.5 Active Directory.

Agency Data Users will need an SFDPH Active Directory account in order to access each System(s). These Active Directory Accounts will be created as part of the provisioning process.

1.6 Role Based Access.

Each Agency Data User's access to the System(s) will be role-based and access is limited to that necessary for treatment, payment, and health care operations. The City will assign Agency Data User roles upon provisioning and reserves the right to deny, revoke, limit, or modify Agency Data User's access acting in its sole discretion.

1.7 Training Requirements.

Before System(s) access is granted, and annually thereafter, each Agency Data User must complete SFDPH compliance, privacy, and security training. Agency must maintain written records evidencing such annual training for each Agency Data User and provide copies upon request to the City. For questions about how to complete SFDPH's compliance, privacy, and security training, contact Compliance.Privacy@sfdph.org, (855) 729-6040.

Before Agency Data User first access to System(s), system-specific training must be completed. For training information, Agency Site Administrator may contact the SFDPH IT Service Desk,

1.8 Agency Data User Confidentiality Agreement.

Before System(s) access is granted, as part of SFDPH's compliance, privacy, and security training, each Agency Data User must complete SFDPH's individual user confidentiality, data security and electronic signature agreement form. The agreement must be renewed annually.

1.9 Corrective Action.

Agency shall take corrective action, including but not limited to termination and/or suspension of any System(s) access by any Agency Data User who acts in violation of this Agreement and/or applicable regulatory requirements.

1.10 User ID and Password.

Each Agency Data User will be assigned or create a User ID and password. Agency and each Agency Data User shall protect the confidentiality of User IDs and passwords and shall not divulge them to any other person(s). Agency is responsible for the security of the User IDs and passwords issued to or created by Agency Data Users and is liable for any misuse.

1.11 Notification of Compromised Password.

In the event that a password assigned to or created by an Agency Data User is compromised or disclosed to a person other than the Agency Data User, Agency shall upon learning of the compromised password immediately notify the City, at Compliance.Privacy@sfdph.org, (855) 729-6040. Agency is liable for any such misuse. Agency's failure to monitor each Agency Data User's ID and/or password use shall provide grounds for the City to terminate and/or limit Agency's System(s) access.

1.12 Multi Factor Authentication.

Agency and each Agency Data User must use multi-factor authentication as directed by the City to access the System(s).

1.13 Qualified Personnel.

Agency shall allow only qualified personnel under Agency's direct supervision to act as Agency Data Users with access to the System(s).

1.14 Workstation/Laptop encryption.

All workstations and laptops that process and/or store City Data must be encrypted using a current industry standard algorithm. The encryption solution must be full disk unless approved by the SFDPH Information Security Office.

1.15 Server Security.

Servers containing unencrypted City Data must have sufficient administrative, physical, and technical controls in place to protect that data, based upon a risk assessment/system security review.

1.16 Removable media devices.

All electronic files that contain City Data must be encrypted using a current industry standard algorithm when stored on any removable media or portable device (i.e. USB thumb drives, CD/DVD, smart devices tapes etc.).

1.17 Antivirus software.

All workstations, laptops and other systems that process and/or store City Data must install and actively use a comprehensive anti-virus software solution with automatic updates scheduled at least daily.

1.18 Patch Management.

All workstations, laptops and other systems that process and/or store City Data must have operating system and application security patches applied, with system reboot if necessary. There must be a documented patch management process that determines installation timeframe based on risk assessment and vendor recommendations.

1.19 System Timeout.

The system must provide an automatic timeout, requiring reauthentication of the user session after no more than 20 minutes of inactivity.

1.20 Warning Banners.

All systems containing City Data must display a warning banner each time a user attempts access, stating that data is confidential, systems are logged, and system use is for business purposes only. User must be directed to log off the system if they do not agree with these requirements.

1.21 Transmission encryption.

All data transmissions of City Data outside the Agency's secure internal network must be encrypted using a current industry standard algorithm. Encryption can be end to end at the network level, or the data files containing City Data can be encrypted. This requirement pertains to any type of City Data in motion such as website access, file transfer, and e-mail.

1.22 No Faxing/Mailing.

City Data may not be faxed or mailed.

1.23 Intrusion Detection.

All systems involved in accessing, holding, transporting, and protecting City Data that are accessible via the Internet must be protected by a comprehensive intrusion detection and prevention solution.

of the City.

1.24 Security of PHI.

Agency is solely responsible for maintaining data security policies and procedures, consistent with those of the City that will adequately safeguard the City Data and the System. Upon request, Agency will provide such security policies and procedures to the City. The City may examine annually, or in response to a security or privacy incident, Agency's facilities, computers, privacy and security policies and procedures and related records as may be necessary to be assured that Agency is in compliance with the terms of this Agreement, and as applicable HIPAA, the HITECH Act, and other federal and state privacy and security laws and regulations. Such examination will occur at a mutually acceptable time agreed upon by the parties but no later than ten (10) business days of Agency's receipt of the request.

1.25 Data Security and City Data

Agency shall provide security for its networks and all internet connections consistent with industry best practices, and will promptly install all patches, fixes, upgrades, updates and new versions of any security software it employs. For information disclosed in electronic form, Agency agrees that appropriate safeguards include electronic barriers (e.g., "firewalls", Transport Layer Security (TLS), Secure Socket Layer [SSL] encryption, or most current industry standard encryption, intrusion prevention/detection or similar barriers).

1.26 Data Privacy and Information Security Program.

Without limiting Agency's obligation of confidentiality as further described herein, Agency shall be responsible for establishing and maintaining a data privacy and information security program, including physical, technical, administrative, and organizational safeguards, that is designed to: (i) ensure the security and confidentiality of the City Data; (ii) protect against any anticipated threats or hazards to the security or integrity of the City Data; (iii) protect against unauthorized disclosure, access to, or use of the City Data; (iv) ensure the proper disposal of City Data; and, (v) ensure that all of Agency's employees, agents, and subcontractors, if any, comply with all of the foregoing. - i. Access to Protected Information. BA shall make Protected Information maintained by BA or its agents or subcontractors in Designated Record Sets available to CE for inspection and copying within (5) days of request by CE to enable CE to fulfill its obligations under state law [Health and Safety Code Section 123110] and the Privacy Rule, including, but not limited to, 45 C.F.R. Section 164.524 [45 C.F.R. Section 164.504(e)(2)(ii)(E)]. If BA maintains Protected Information in electronic format, BA shall provide such information in electronic format as necessary to enable CE to fulfill its obligations under the HITECH Act and HIPAA Regulations, including, but not limited to, 42 U.S.C. Section 17935(e) and 45 C.F.R. 164.524.
- **j.** Amendment of Protected Information. Within ten (10) days of a request by CE for an amendment of Protected Information or a record about an individual contained in a Designated Record Set, BA and its agents and subcontractors shall make such Protected Information available to CE for amendment and incorporate any such amendment or other documentation to enable CE to fulfill its obligations under the Privacy Rule, including, but not limited to, 45 C.F.R Section 164.526. If an individual requests an amendment of Protected Information directly from BA or its agents or subcontractors, BA must notify CE in writing within five (5) days of the request and of any approval or denial of amendment of Protected Information maintained by BA or its agents or subcontractors [45 C.F.R. Section 164.504(e)(2)(ii)(F)].
- **k.** Governmental Access to Records. BA shall make its internal practices, books and records relating to the use and disclosure of Protected Information available to CE and to the Secretary of the U.S. Department of Health and Human Services (the "Secretary") for purposes of determining BA's compliance with HIPAA [45 C.F.R. [42 U.S.C. Section 17935(b); 45 C.F.R. Section 164.514(d)]. BA understands and agrees that the definition of "minimum necessary" is in flux and shall keep itself informed of guidance issued by the Secretary with respect to what constitutes "minimum necessary" to accomplish the intended purpose in accordance with HIPAA and HIPAA Regulations.
- **m. Data Ownership.** BA acknowledges that BA has no ownership rights with respect to the Protected Information.

- n. Notification of Breach. BA shall notify CE within 5 calendar days of any breach of Protected Information; any use or disclosure of Protected Information not permitted by the BAA; any Security Incident (except as otherwise provided below) related to Protected Information, and any use or disclosure of data in violation of any applicable federal or state laws by BA or its agents or subcontractors. The notification shall include, to the extent possible, the identification of each individual whose unsecured Protected Information has been, or is reasonably believed by the BA to have been, accessed, acquired, used, or disclosed, as well as any other available information that CE is required to include in notification to the individual, the media, the Secretary, and any other entity under the Breach Notification Rule and any other applicable state or federal laws, including, but not limited, to 45 C.F.R. Section 164.404 through 45 C.F.R. Section 164.408, at the time of the notification required by this paragraph or promptly thereafter as information becomes available. BA shall take (i) prompt corrective action to cure any deficiencies and (ii) any action pertaining to unauthorized uses or disclosures required by applicable federal and state laws. [42 U.S.C. Section 17921; 42 U.S.C. Section 17932; 45 C.F.R. 164.410; 45 C.F.R. Section 164.504(e)(2)(ii)(C); 45 C.F.R. Section 164.308(b)]
- o. Breach Pattern or Practice by Business Associate's Subcontractors and Agents.

 Pursuant to 42 U.S.C. Section 17934(b) and 45 C.F.R. Section 164.504(e)(1)(iii), if the BA knows of a pattern of activity or practice of a subcontractor or agent that constitutes a material breach or violation of the subcontractor or agent's obligations under the Contract or this BAA, the BA must take reasonable steps to cure the breach or end the violation. If the steps are unsuccessful, the BA must terminate the contractual arrangement with its subcontractor or agent, if feasible. BA shall provide written notice to CE of any pattern of activity or practice of a subcontractor or agent that BA believes constitutes a material breach or violation of the subcontractor or agent's obligations under the Contract or this BAA within five (5) calendar days of discovery and shall meet with CE to discuss and attempt to resolve the problem as one of the reasonable steps to cure the breach or end the violation.

3. Termination.

- **a. Material Breach.** A breach by BA of any provision of this BAA, as determined by CE, shall constitute a material breach of the Agreement and this BAA and shall provide grounds for immediate termination of the Agreement and this BAA, any provision in the AGREEMENT to the contrary notwithstanding. [45 C.F.R. Section 164.504(e)(2)(iii).]
- **b.** Judicial or Administrative Proceedings. CE may terminate the Agreement and this BAA, effective immediately, if (i) BA is named as defendant in a criminal proceeding for a violation of HIPAA, the HITECH Act, the HIPAA Regulations or other security or privacy laws or (ii) a finding or stipulation that the BA has violated any standard or requirement of HIPAA, the HITECH Act, the HIPAA Regulations or other security or privacy laws is made in any administrative or civil proceeding in which the party has been joined.

San Francisco Department of Public Health Business Associate Agreement

- **c.** Effect of Termination. Upon termination of the Agreement and this BAA for any reason, BA shall, at the option of CE, return or destroy all Protected Information that BA and its agents and subcontractors still maintain in any form, and shall retain no copies of such Protected Information. If return or destruction is not feasible, as determined by CE, BA shall continue to extend the protections and satisfy the obligations of Section 2 of this BAA to such information, and limit further use and disclosure of such PHI to those purposes that make the return or destruction of the information infeasible [45 C.F.R. Section 164.504(e)(2)(ii)(J)]. If CE elects destruction of the PHI, BA shall certify in writing to CE that such PHI has been destroyed in accordance with the Secretary's guidance regarding proper destruction of PHI. Per the Secretary's guidance, the City will accept destruction of electronic PHI in accordance with the standards enumerated in the NIST SP 800-88, Guidelines for Media Sanitization. The City will accept destruction of PHI contained in paper records by shredding, burning, pulping, or pulverizing the records so that the PHI is rendered unreadable, indecipherable, and otherwise cannot be reconstructed.
- **d.** Civil and Criminal Penalties. BA understands and agrees that it is subject to civil or criminal penalties applicable to BA for unauthorized use, access or disclosure or Protected Information in accordance with the HIPAA Regulations and the HITECH Act including, but not limited to, 42 U.S.C. 17934 (c).
- **e. Disclaimer.** CE makes no warranty or representation that compliance by BA with this BAA, HIPAA, the HITECH Act, or the HIPAA Regulations or corresponding California law provisions will be adequate or satisfactory for BA's own purposes. BA is solely responsible for all decisions made by BA regarding the safeguarding of PHI.

4. Amendment to Comply with Law.

The parties acknowledge that state and federal laws relating to data security and privacy are rapidly evolving and that amendment of the Agreement or this BAA may be required to provide for procedures to ensure compliance with such developments. The parties specifically agree to take such action as is necessary to implement the standards and requirements of HIPAA, the HITECH Act, the HIPAA regulations and other applicable state or federal laws relating to the security or confidentiality of PHI. The parties understand and agree that CE must receive satisfactory written assurance from BA that BA will adequately safeguard all Protected Information. Upon the request of either party, the other party agrees to promptly enter into negotiations concerning the terms of an amendment to this BAA embodying written assurances consistent with the updated standards and requirements of HIPAA, the HITECH Act, the HIPAA regulations or other applicable state or federal laws. CE may terminate the Agreement upon thirty (30) days written notice in the event (i) BA does not promptly enter into negotiations to amend the Agreement or this BAA when requested by CE pursuant to this section or (ii) BA does not enter into an amendment to the Agreement or this BAA providing assurances regarding the safeguarding of PHI that CE, in its sole discretion, deems sufficient to satisfy the standards and requirements of applicable laws.

San Francisco Department of Public Health Business Associate Agreement

5. Reimbursement for Fines or Penalties.

In the event that CE pays a fine to a state or federal regulatory agency, and/or is assessed civil penalties or damages through private rights of action, based on an impermissible access, use or disclosure of PHI by BA or its subcontractors or agents, then BA shall reimburse CE in the amount of such fine or penalties or damages within thirty (30) calendar days from City's written notice to BA of such fines, penalties or damages.
