Subject: 1160 Mission Street Appeal

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear Supervisors,

On behalf of the members of International Brotherhood of Electrical Workers Local 6 (IBEW6), I am writing to express our support for the 1160 Mission Street project, which will be before you on appeal of its Conditional Use Authorization on May 23rd. IBEW6 has hundreds of members out of work; they are skilled and trained craftspeople and have been certified in Electrical Vehicle Charging Systems through our apprenticeship & continuing education program.

The project sponsor proposes to convert 61 public parking spaces at the 1160 Mission Street garage to fleet charging spaces and has committed to use skilled and trained Local 6 electricians to complete their work. The project was endorsed unanimously by the Planning Commission, and we

urge you to reject the appeal and approve the project.

While we are of the belief that the appeal should be denied based upon the facts of this particular project, we also understand the concerns of the Teamsters as part of a larger discussion around the automation of work and the displacement of workers. We will continue to work with and support our Labor colleagues, and others, to ensure a just transition of our economy in the years to come.

If you have any questions on our position, please do not hesitate to reach out and contact me.

Respectfully submitted,
John J. Doherty
Business Manager – Financial Secretary
