14 Be it ordained by the People of the City and County of San Francisco:

15 Section 1. Findings

16 (a) The Planning Department has determined that the actions contemplated in this  
17 ordinance comply with the California Environmental Quality Act (California Public Resources  
18 Code Sections 21000 et seq.). Said determination is on file with the Clerk of the Board of  
19 Supervisors in File No. 230373 and is incorporated herein by reference. The Board affirms  
20 this determination.

21 (b) On April 19, 2023, at a duly noticed public hearing, the Building Inspection  
22 Commission considered this ordinance in accordance with Charter Section D3.750-5 and  
23 Building Code Section 104A.2.11.1.1. A copy of a letter from the Secretary of the Building  
24 Inspection Commission regarding the Commission’s recommendation is on file with the Clerk  
25 of the Board of Supervisors in File No. 230373.

1 (c) No local findings are required under California Health and Safety Code Section  
2 17958.7 because the amendments to the Existing Building Code contained in this ordinance  
3 do not regulate materials or manner of construction or repair, and instead relate in their  
4 entirety to administrative procedures for implementing and demonstrating compliance with the  
5 code, which are expressly excluded from the definition of a “building standard” by California  
6 Health and Safety Code Section 18909(c).

7 (d) To the extent the amendments contained in this ordinance lead to repair or  
8 replacement of building materials that would not otherwise be required under the California  
9 Building Code and could be considered new “building standards”, the Board of Supervisors  
10 hereby finds that, pursuant to California Health and Safety Code Section 17958.7, the unique  
11 topography of San Francisco results in tall buildings and dense development over areas with  
12 high pedestrian traffic in a region with seismic hazards and increasing storm intensity that  
13 warrants frequent inspection and maintenance of tall building façades.

14  
15 Section 2. The Existing Building Code is hereby amended by revising Section 503F.1,  
16 to read as follows:

17 **503F.1 Initial Inspection.** *Buildings with 15 or more stories for which a permit application*  
18 *for new construction was submitted after January 1, 1998 shall submit a façade inspection report ~~on or~~*  
19 *before November 1, 2023 or within six months of notification by the Department, whichever is*  
20 *sooner. ~~All other Each~~ buildings within the scope of this Chapter 5F shall be subject to an initial*  
21 *façade inspection pursuant to Section 504F. Inspection reports are subject to the*  
22 *requirements of Section 505F.*

23 **Exceptions:**

24 1. Buildings *with 14 or fewer stories* for which a permit application for new  
25 construction was submitted after January 1, 1998 are exempt from *the* requirement for an

1 initial inspection. Buildings exempt from initial inspection pursuant to this exception shall begin  
2 periodic inspections 30 years from the issuance of the Certificate of Final Completion (CFC)  
3 for new construction.

4           2. Buildings for which comprehensive façade inspection and necessary  
5 maintenance, restoration, or replacement has been completed during the 10 ~~(ten)~~ years  
6 preceding the date of the required initial inspection report due date may apply to the Building  
7 Official for a waiver of the initial inspection.

8           3. Notwithstanding the initial inspection schedules in this Chapter 5F or any other  
9 provision, the Building Official may require a façade inspection of any building that the Building  
10 Official finds may pose a health and safety hazard.

11  
12           Section 3. Effective Date. This ordinance shall become effective 30 days after  
13 enactment. Enactment occurs when the Mayor signs the ordinance, the Mayor returns the  
14 ordinance unsigned or does not sign the ordinance within ten days of receiving it, or the Board  
15 of Supervisors overrides the Mayor's veto of the ordinance.
