Subject: 2023 Report Slavery Disclosure Ordinance

Dear Ms. Calvillo:

The Slavery Disclosure Ordinance (Section 12Y of the Administrative Code) was passed by the Board of Supervisors and signed by Mayor Newsom in 2006. As outlined in Section 12Y (b), of the ordinance, it was created with the goal of promoting full and accurate disclosure to the public of City business with insurance, financial and textiles firms that, directly or indirectly or through their parent/legacy entities, were involved in slavery prior to 1865.

The ordinance provides that the City Administrator receive affidavits from companies subject to the ordinance, encourage contributions to a special fund to ameliorate the effects of slavery and report annually to the Board of Supervisors.

Please let me know if you have any questions or you may contact my staff, Joan Lubamersky, joan.lubamersky@sfgov.org.

A. Slavery Era Disclosure Ordinance, Chapter 12Y Administrative Code

INTRODUCTION

The Slavery Disclosure Ordinance (Section 12Y of the Administrative Code) was passed in 2006 to support full and accurate disclosure to the public of City business with insurance, financial and textiles firms that, directly or indirectly or through their parent/legacy entities, were involved in slavery prior to 1865. For example, those companies include firms that bought or sold people subjected to slavery, provided property insurance for, provided loans to purchase, used people subjected to slavery as collateral for insurance policies or other transactions, profited from the trade in people subjected to slavery and/or provided related services to aid and abet such trade.

The ordinance requires every contractor providing insurance/insurance services, financial services or textiles to the City to file an affidavit with the City Administrator verifying that the contractor has searched all company records (including those of parent, predecessor or subsidiary companies) for any relevant records concerning whether the contractor, parent, subsidiary or predecessor participated in the slave trade or received profits from it. The ordinance also directed that a fund be established to which contractors covered by the ordinance, and others, could make voluntary contributions to ameliorate the legacy of the slavery era. (Section 12Y.5 (a).)

The City Attorney has advised that a firm must file an affidavit with the City only once, not for each new contract. Therefore, this annual report provides information on new affidavits received as well as on any donations received for the Development Fund to Ameliorate the Effects of Slavery.

In March 2023, the Office of the City Administrator contacted all City departments to call to their attention the responsibility of applicable vendors to provide affidavits regarding their search of their company records. As reported in Appendix A, three vendors completed new affidavits.

Departments that contract with one or more firm for financial/banking services, insurance services and/or textiles covered under the ordinance include the Office of the Controller/Public Finance, Office of Risk Management, the Port, Municipal Transportation Agency, and Treasurer-Tax Collector. Certain financial institutions are exempt from the ordinance. Those providing information did so voluntarily.

All affidavits received to date are available at <u>Slavery Era Disclosure Ordinance | San Francisco (sf.gov)</u>

Slavery Era Disclosure Ordinance, Chapter 12Y Administrative Code

Sec. 12Y.1. Findings and Purpose.

Sec. 12Y.2. Definitions.

Sec. 12Y.3. Exceptions.

Sec. 12Y.4. Slavery Era Disclosure.

Sec. 12Y.5. Voluntary Contributions to Ameliorate the Effects of Slavery.

Sec. 12Y.6. Enforcement.

Sec. 12Y.7. Severability.

Sec. 12Y.1. Findings and Purpose

The Board of Supervisors of the City and County of San Francisco hereby finds and declares that:

- (a) Insurance policies from the American slavery era, which have been discovered in the archives of several insurance companies, document insurance coverage to slaveholders for damage to or death of people subjected to slavery. In some cases, existing insurance firms or their predecessor firms issued these policies.
- (b) Further records may exist showing that insurance companies, financial services firms, and textile companies, either directly or through their parent entities, subsidiaries, predecessors in interest, or otherwise, bought or sold people subjected to slavery, provided property insurance covering people subjected to slavery, provided loans to purchase people subjected to slavery, used people subjected to slavery as collateral for insurance policies or other transactions, profited from the trade in people subjected to slavery, and/or provided related services to aid and abet such trade.
- (c) Discovery and publication of these records is an important first step in addressing the legacy of slavery in this country. For example, in June of 2005, the Wachovia Corporation, in the course of complying with a Chicago law similar to this Ordinance, discovered that some of its predecessor companies owned slaves and used slaves as collateral for loans. Wachovia issued an apology for the actions of its predecessor companies, and called for a "stronger dialogue about slavery and the experience of African-Americans in our country."
- (d) Insurance policies, loan documents and other documents and records provide evidence of ill-gotten profits from slavery, which profits, in part, capitalized insurers, financial services providers and textile companies. The successors of these companies remain in existence today, and such profits from the uncompensated labor of enslaved Africans represent a continuing legacy of slavery.
- (e) Slavery was legal at the time that the contemptible practices outlined above occurred, but that does not make the practices any less repugnant, abhorrent or deplorable, nor in any way diminish the gravity of these wrongs or the importance of rectifying and remediating these travesties.
- (f) Deplorable treatment of Africans brought to this country as slaves was not limited to the southern states. In 1852, the California Legislature passed a California Fugitive Slave Act that gave white men the power to arrest Africans who they claimed were slaves, and return them to southern slave states. California's first governor, Peter Burnet, recommended during the first session of the California Legislature that the Assembly adopt a bill to exclude "Free Negroes" from California. In 1858, the Assembly passed House Bill 395, "an Act to Restrict and Prevent the Immigration to and Residence in this State of Negroes and Mulattoes." These laws, and others like them, were a major factor in the decision of several hundred African men and women to migrate from San Francisco to Victoria, Canada.

1

- (g) Many San Francisco residents are descendants of people subjected to slavery, people who were defined as private property and insured as such, people who were used as collateral for insurance policies, loans and other transactions, were dehumanized, snatched from their families, and coerced into performing labor without appropriate compensation or benefits.
- (h) Appropriate compensation to Africans for their labor would have been bequeathed to their descendants to assist them in developing a solid economic base that included individual wealth and thriving African American community institutions, thereby providing a level playing field and ensuring equal opportunity in this country.
- (i) The City and County of San Francisco acknowledges the loss of assets that rightfully should be the property of descendants of African people subjected to slavery, and extends its apologies to their descendants who continue to suffer the legacy of slavery.
- (j) The San Francisco Board of Supervisors pays tribute to and honors the people subjected to slavery who toiled and sacrificed their lives in building this country's economic foundation, and also honors descendants of those people subjected to slavery in America who, notwithstanding the degradation of slavery and discrimination, and the systematic efforts to deprive them of a sense of family, human dignity and prosperity, have developed a vibrant community, culture, and creative genius, and have made untold contributions to the fabric of our society, in the absence of which this nation would not be recognizable.
- (k) The effects of racism on the residents of the City and County of San Francisco have been well documented in the San Francisco Human Rights Commission's authorized study, The Unfinished Agenda, and in the Report of the 2004-2005 Civil Grand Jury for the City and County of San Francisco, The More Things Change, The More They Stay The Same: The City and County of San Francisco and the San Francisco Unified School District Are Failing to Address the Educational Needs of the Bayview Hunters Point Community.
- (l) The aforesaid residents, and all of the residents of San Francisco, are entitled to full disclosure of the information regarding the above-described transactions that compensated slaveholders for damages to and death of people subjected to slavery and provided other compensation and profits.
- (m) In 2000, the California State Legislature passed Senate Bill 2199, authored by then State Senator Tom Hayden, entitled "Slavery Era Insurance Policies." Senate Bill 2199 (California Insurance Code section 13810 et seq.), effective January 1, 2001, requires that (1) the State Insurance Commissioner request and obtain information from insurers licensed and doing business in California regarding records of slaveholder insurance policies issued by predecessor corporations during the slavery era; (2) each insurer licensed and doing business in California research and report to the Insurance Commissioner with respect to any records in its possession or knowledge relating to insurance policies issued to slaveholders that provided coverage for damage to or death of people subjected to slavery; (3) the State Insurance Commissioner obtain the names of any slaveholders or people subjected to slavery described in the insurance records and make the information available to the public and the Legislature; and (4) descendants of people subjected to slavery, people who were defined as private property, dehumanized, divided from their families, forced to perform labor without appropriate compensation or benefits, and whose owners insured them as property, are entitled to full disclosure.
- (n) The Board of Supervisors finds that full disclosure of the facts and acknowledgement of the depth and scope of the shameful commerce in slavery furthers healing in the San Francisco community,

2

- both on the part of those who have been and are continuing to be harmed, as well as those who profited from this abhorrent practice.
- (o) The Board of Supervisors finds that the establishment of a fund to which contractors subject to this Ordinance and others may make voluntary contributions will promote healing and assist the City in rectifying and remedying some of the legacies of the shameful commerce in slavery, thereby protecting and promoting public health, safety and welfare of San Francisco residents and the San Francisco community.
- (p) The purpose of this Ordinance is to promote full and accurate disclosure to the public of: slavery insurance policies, including but not limited to policies issued to slaveholders for damage to or death of persons subjected to slavery, and policies issued to insure business transactions and operations related to the traffic in persons subjected to slavery; evidence of purchase and sale of people subjected to slavery; provision of loans to purchase people subjected to slavery; use of people subjected to slavery as collateral for insurance policies, loans or other transactions; provision of any related services to aid and abet such transactions; and profits derived from the slave trade; by (i) any contractors providing insurance services or financial services to the City, and (ii) any textile companies doing business with the City.
- (q) The purpose of this Ordinance is also is to establish a fund to which contractors subject to this ordinance and others may make voluntary contributions to promote healing and assist in remedying depressed economic conditions, poverty, unequal educational opportunity and other legacies of slavery era among the population of the City.
- (r) This Ordinance promotes important policy objectives of the City, and the City will suffer actual damages due to contractors' failure to comply with this Ordinance. Because these actual damages will be impractical or extremely difficult to prove, the City is justified in imposing liquidated damages for failure to comply with this Ordinance.

(Added by Ord. 275-06, File No. 060396, App. 11/17/2006)

Sec. 12Y.2. Definitions

As used in this Chapter, the following capitalized terms shall have the following meanings:

- (a) "Contract" shall mean an agreement between the City and any person, persons or other entity for public works or improvements to be performed, or for goods or services to be purchased, out of the treasury of the City and County, or out of trust monies under the control of or collected by the City and County.
- (b) "Contract Amendment" shall mean an agreement entered into on or after the effective date of this Ordinance pursuant to which a Contract entered into prior to the effective date of this Ordinance is modified or supplemented to: (1) extend the term of the Contract; (2) modify the total amount of money due from the City under the Contract; (3) modify the scope of services to be performed under the Contract; or (4) increase the amount, or change the nature of, goods to be provided under the Contract. The term "Contract Amendment" does not include construction change orders.
- (c) "Contractor" shall mean any person or persons, firm, partnership, corporation, or combination thereof, which enters into a Contract with a department head or other employee or officer empowered by law to enter into Contracts on the part of the City.

3

- (d) "Director" shall mean the Director of Administrative Services.
- (e) "Participated in the Slave Trade" shall mean: (1) issued slavery insurance policies, including but not limited to policies issued to Slaveholders for damage to or death of Persons Subjected to Slavery, and policies issued to insure business transactions and operations related to the traffic in Persons Subjected to Slavery; (2) purchased, sold or held Persons Subjected to Slavery; (3) provided loans to others to facilitate the purchase, sale, transport, or enslavement of Persons Subjected to Slavery; (4) used Persons Subjected to Slavery as collateral for insurance policies, loans or other transactions; (5) facilitated the traffic in Persons Subjected Slavery by transporting such persons by boat or rail; or (vi) provided any other services to aid and abet the traffic in Persons Subjected to Slavery.
- (f) "Person Subjected to Slavery" shall mean any person who was wholly subject to the will of another, whose person and services were wholly under the control of another, who was in a state of enforced and compulsory service to another, and who was deemed by law to be the property of another during the Slavery Era.
- (g) "Predecessor Company" shall mean an entity whose ownership, title and interest, including all rights, benefits, duties and liabilities, were acquired in an uninterrupted chain of succession by the Contractor.
- (h) "Profits from the Slave Trade" shall mean any economic advantage or financial benefit derived from the labor of Persons Subjected to Slavery or from Participation in the Slave Trade.
- (i) "Slaveholder" shall mean holders of Persons Subjected to Slavery, owners of business enterprises that used the labor of Persons Subjected to Slavery, owners of vessels or other modes of transport that transported Persons Subjected to Slavery, and merchants or financiers dealing in the purchase, sale or other business transactions related to Persons Subjected to Slavery.
- (j) "Slavery Era" shall mean that period of time in the United States of America prior to the year "1865."

(Added by Ord. 275-06, File No. 060396, App. 11/17/2006)

Sec. 12Y.3. Exceptions

This Chapter shall not be applicable to the following:

- (a) Contracts for:
 - (1) the receipt, administration, management or investment of monies held in trust by the City in the Retirement Fund or the Health Service System Trust Fund;
 - (2) the provision of medical or dental insurance to City employees;
 - (3) the issuance, sale, management or administration of City bonds, notes or lease financings, or other similar obligations, and related credit, liquidity, payment exchange and other agreements;
 - (4) the safeguard, deposit and investment of City funds by the City Treasurer in accordance with Charter Section 6.106; and

4

- (5) the subordination or reorganization of debt held by the City.
- (b) Contracts, loans or grant agreements with a federal or state agency, if the application of this Chapter would violate, or be inconsistent with, the terms or conditions of any such grant, loan or contract, or with the instructions or directions of the applicable Federal or State agency.
- (c) Contracts for urgent litigation expenses, and agreements entered into pursuant to the settlement of legal proceedings.
- (d) Contracts for needed goods or services where the Director finds that such goods or services are available from only one source that is (1) willing to enter into a contract with the City on the terms and conditions established by the City and (2) not currently disqualified from doing business with the City.
- (e) Contracts entered into in emergency situations in which it is necessary to immediately procure commodities or services, or to make repairs to safeguard the lives or property of the citizens of the City, or the property of the City, or to maintain public health or welfare as a result of extraordinary conditions created by war, epidemic, natural disaster, or the breakdown of any plant, equipment, or structure in the City.
- (f) Contracts for a cumulative amount of \$5,000.00 or less per vendor in each fiscal year.

(Added by Ord. 275-06, File No. 060396, App. 11/17/2006)

Sec. 12Y.4. Slavery Era Disclosure

- (a) Each Contractor providing: 1) insurance or insurance services; 2) financial services, or 3) textiles to the City, shall complete an affidavit verifying that the Contractor has searched through any and all records in the Contractor's possession or control, including records of any parent or subsidiary entity or Predecessor Company, and has made a good faith effort to search any relevant records that are within the Contractor's knowledge but not within its possession or control, for evidence that the Contractor, its parent or subsidiary entity, or its Predecessor Company Participated in the Slave Trade or received Profits from the Slave Trade.
- (b) Each Contractor described above shall file an affidavit with the Director attesting to the search for relevant records, and stating whether the Contractor located any relevant records. If the Contractor located relevant records, the Contractor shall include in the affidavit: (1) the names of each Person Subjected to Slavery, each Slaveholder, and each person or entity who Participated in the Slave Trade or derived Profits from the Slave Trade, mentioned in the records, (2) a description of the type of transactions, services, or other acts evidenced by the records; and (3) the extent and nature of any Profits from the Slave Trade evidenced by the records.
- (c) Information contained in the affidavits shall be subject to public disclosure. The Director, after consultation with the City Attorney, shall, to the extent consistent with local, state, and federal law: (1) provide the affidavits to the public upon request, (2) provide an initial report to the Mayor and the Board of Supervisors, at an open public meeting no later than nine months following the effective date of this Ordinance, setting forth the number of affidavits received in the initial ninemonth period, and summarizing the information contained in those affidavits; and (3) continue to provide such reports annually to the Board of Supervisors.

5

(d) After the effective date of this Ordinance, no new Contract or new Contract Amendment shall be binding upon the City until the Director receives the affidavit described above.

(Added by Ord. 275-06, File No. 060396, App. 11/17/2006)

Sec. 12Y.5. Voluntary Contributions to Ameliorate the Effects of Slavery

- (a) The Controller shall establish an account for the collection of voluntary contributions from Contractors subject to this Ordinance, and from any other persons or entities, to be used to ameliorate the legacy of the Slavery Era on Persons Subjected to Slavery and their descendants.
- (b) The Director shall encourage all Contractors subject to this Ordinance to make voluntary contributions to the account.
- (c) The Director shall include in the report to the Board of Supervisors required by Section 12Y.4(c)(2), above, the amount of any contributions to the account collected during the first nine months after the effective date of this Ordinance. The Director, after consultation with the San Francisco African American Historical & Cultural Society, shall include in this initial report a recommendation for a method of determining how to expend monies contributed to the account.
- (d) The Director shall include a report on contributions to and expenditures from the account in each subsequent annual report required by Section 12Y.4(c)(3) of this Ordinance.

(Added by Ord. 275-06, File No. 060396, App. 11/17/2006)

Sec. 12Y.6. Enforcement

- (a) All Contracts shall provide that in the event the Director finds that a Contractor has failed to file an affidavit as required by Section 12Y.4(a), or has willfully filed a false affidavit, the Contractor shall be liable for liquidated damages for each Contract in an amount equal to the Contractor's net profit on the Contract, 10 percent of the total amount of the Contract, or \$1,000.00, whichever is greatest, as determined by the Director. All Contracts shall also contain a provision in which the Contractor acknowledges and agrees that the liquidated damages assessed shall be payable to the City upon demand and may be set off against any monies due to the Contractor from any Contract with the City.
- (b) All Contracts shall require Contractors to maintain records necessary for monitoring their compliance with this Ordinance.

(Added by Ord. 275-06, File No. 060396, App. 11/17/2006)

Sec. 12Y.7. Severability

In the event that a court or agency of competent jurisdiction holds that federal or state law, rule or regulation invalidates any clause, sentence, paragraph or section of this Chapter or the application thereof to any person or circumstances, it is the intent of the Board of Supervisors that the court or agency sever such clause, sentence, paragraph or section so that the remainder of this Chapter shall remain in effect.

EXHIBIT A TO SLAVERY ERA DISCLOSURE AFFIDAVIT SUBMITTED BY JPMORGAN CHASE BANK, NATIONAL ASSOCIATION

JPMorgan Chase Bank, National Association (the "Bank") assumed its current name on November 13, 2004, when JPMorgan Chase Bank, a New York banking corporation, was converted into a national banking association under the name JPMorgan Chase Bank, National Association, and both Bank One, National Association (main office Chicago) and Bank One, National Association (main office Columbus) merged into it with the Bank being the surviving entity.

With regard to predecessors of the Bank as it existed prior to such merger ("JPMorgan Chase"), the Bank reports that J. Pierpont Morgan, Sr. was associated with George Peabody & Company and J.S. Morgan & Company (the "Peabody Firms") before he founded Drexel Morgan & Company, which ultimately became part of JPMorgan Chase. Capital supplied by Junius S. Morgan and J. Pierpont Morgan, Sr. appears to have been used to capitalize Drexel Morgan & Company in 1871. Upon the death of Junius S. Morgan, J.S. Morgan & Company came under the control of J. Pierpont Morgan, Sr. and became affiliated with J.P. Morgan & Co. Records indicate that the Peabody Firms had customers that appear to have used enslaved individuals.

JPMorgan Chase and the Bank One banks referred to above (collectively, "Bank One") had predecessor banks in states outside the South that purchased notes issued by, issued letters of credit or made loans to, and/or maintained correspondent accounts with municipalities, banks, companies and individuals located in Southern states where slavery was practiced during the slavery era. These municipalities, banks, companies and individuals are listed on **Attachment** 1.

Bank One had predecessor banks before 1866 in three Southern states: Kentucky, Louisiana and Virginia. Searches revealed slavery-related information about two Louisiana banks, the Canal Bank (formed in 1831) and the Citizens Bank (formed in 1833), and the Lexington branch of the second Bank of Kentucky (formed in 1835). In 1924 Citizens Bank and Canal Bank merged. Predecessors of JPMorgan Chase had longstanding banking relationships with Canal Bank and its predecessors (see Attachment 1), were creditors of Canal Bank and, in 1931, it appears that a predecessor of JPMorgan Chase led a group of investors that provided capital to Canal Bank and this predecessor of JPMorgan Chase became a shareholder and took a controlling management interest in the Canal Bank. The Canal Bank was placed into liquidation in March-May 1933 based on actions by the State of Louisiana and the federal government. In May 1933, The National Bank of Commerce in New Orleans was formed pursuant to an executive order approved by President Roosevelt and its assets included some of the deposits and loans of the old Canal Bank. Most of the capital for The National Bank of Commerce was provided by the Reconstruction Finance Corporation (owned by the U.S. government), with the remainder coming from new shareholders. The U.S. government also provided over \$13 million toward the liquidation of the old Canal Bank. In 1947 and 1969, The National Bank of Commerce in New Orleans made two grants to Tulane University, which included archives of the Citizens Bank and Canal Bank. These materials are held at the Tulane Manuscripts Department, Special Collections Division, Howard-Tilton Memorial Library at Tulane University in New Orleans, Louisiana (collectively, the "Tulane Records"). In 1865, the First National Bank of Lexington (subsequently a part of First Security Corporation of Kentucky which was acquired by Bank One in 1992) was formed and assumed the operations of the Lexington Branch of the second Bank of Kentucky. Public records pertaining to the Lexington Branch of the second Bank of Kentucky have been discovered that contain records relevant to this certification (the "Lexington Records"). The Tulane Records, the Lexington Records and other records indicate that:

- 1. Citizens Bank and Canal Bank provided credit to plantation owners and accepted mortgages from them. The collateral covered by these mortgages included land, equipment and/or enslaved individuals. The available records do not always provide the names of enslaved individuals. The Bank, however, estimates that, from 1831 to 1865, taking into account the duplication and/or absence of exact data, approximately 21,000 enslaved individuals were listed among the collateral covered by mortgages given to the Louisiana banks.
- 2. The Lexington Branch of the second Bank of Kentucky also provided credit to plantation owners and accepted mortgages from them. The collateral covered by these mortgages included land, equipment and/or enslaved individuals. The available records do not always provide the names of enslaved individuals. The Bank, however, estimates that, from 1835 to 1865, taking into account the duplication and/or absence of exact data, approximately 55 enslaved individuals were listed among the collateral covered by mortgages given to the Lexington Branch of the second Bank of Kentucky.
- 3. When mortgages went unpaid, the banks could initiate foreclosure proceedings. When this occurred, the bank could take ownership of the collateral. The available records do not always provide the names of enslaved individuals. The Bank, however, estimates that, from 1831 to 1865, taking into account the duplication and/or absence of exact data, approximately 1,300 enslaved individuals were listed among the collateral that the Louisiana banks came to own. There is no evidence of foreclosure proceedings initiated by the Lexington Branch of the second Bank of Kentucky.

Attachment 2 lists information on mortgages as to which one of the Louisiana banks came to own enslaved individuals through foreclosure proceedings, including, where available, the names of those individuals and their prior or subsequent owners. Attachment 3 lists information on mortgages as to which one of the three banks held collateral that included enslaved individuals, including, where available, the names of those individuals and their prior or subsequent owners.

On September 25, 2008, the Bank acquired from the Federal Deposit Insurance Corporation, as the Receiver of Washington Mutual Bank, Henderson, NV (the "Receiver") certain assets of Washington Mutual Bank. A review of the records of Washington Mutual Bank, including the records of its predecessor entities, has disclosed no evidence that Washington Mutual Bank nor any of its predecessors had any investments or profits from slavery, any direct involvement in the slave trade, any direct ownership in slaves, or any slaveholder insurance policies from the slavery era. There is evidence, however, that one predecessor entity, The Bowery Savings Bank, New York (1834) ("Bowery Savings"), purchased a \$100,000 bond of a slave holding state, North Carolina. A total of \$44,000 was paid to Bowery Savings by North Carolina in 1868 on account of the bond.

EXHIBIT A TO SLAVERY ERA DISCLOSURE AFFIDAVIT SUBMITTED BY JPMORGAN CHASE BANK, NATIONAL ASSOCIATION ATTACHMENT 2

The following list identifies enslaved individuals owned by Citizens Bank of Louisiana and New Orleans Canal & Banking Company in Louisiana from 1831 to 1865. The information is drawn from two sources. The first is a collection of Citizens Bank minute books and papers held at Tulane University. The second is a survey of conveyance and land records held either at the New Orleans Public Library or at local parishes throughout Louisiana.

The list includes every reference to ownership of enslaved individuals by the banks located in these records. The list is arranged by parish and thereafter by date. General references to ownership that did not indicate a specific parish are listed separately.

Each entry includes information on previous (P) and subsequent (S) owners where known. Any available information on the location of the plantation is also recorded and appears in brackets after the previous and subsequent owners. Each entry includes a reference identifying the historical sources used to compile the information.

The information on individuals includes all names identified in the records. In some cases, the same individuals appear to have been involved in several different transactions. However, the records are often not consistent in the spelling of names and are often only partially or poorly indexed. Accordingly, each transaction is listed separately. The names in italics are ones that were difficult to decipher because of handwriting or because the records have faded over time.

EXHIBIT A TO SLAVERY ERA DISCLOSURE AFFIDAVIT SUBMITTED BY JPMORGAN CHASE BANK, NATIONAL ASSOCIATION **ATTACHMENT 3**

The following list identifies cases where enslaved individuals were pledged to Citizens Bank of Louisiana, the New Orleans Canal Bank, or the Bank of Kentucky (Lexington Branch) as collateral for mortgages or loans from 1831 to 1865. The information is drawn from three sources. The first is a collection of Citizens Bank minute books and papers held at Tulane University. The second consists of conveyance and mortgage records held at local parishes throughout Louisiana. The final source consists of conveyance records held at the Fayette County Courthouse in Lexington, Kentucky.

The list includes every reference to Citizens Bank, Canal Bank, or Bank of Kentucky (Lexington Branch) customers who secured loans or mortgages with enslaved individuals. The list is arranged alphabetically by parish or county and thereafter by owner. Each entry also includes information on the property and individual names included in the records. Names in italics reflect places where the documents were difficult to decipher because of the handwriting or because the documents have faded over time. The final column identifies the source for the information.

Many loans or mortgages were recorded more than once, including when borrowers died and plantations were sold or passed to others by will or other conveyance, or when loans were changed and had to be re-recorded. The existing records do not always provide enough information to identify when this occurred. Thus, related transactions may appear in separate entries listed under separate individuals. Complicating matters, there was no standardized spelling for many names in the source materials, and no standardized descriptions for many of the properties involved. Duplicate entries were avoided wherever possible, but where there was doubt, multiple entries were provided. Accordingly, some enslaved individuals listed may appear in several different entries.

¹ This list was prepared by History Associates Incorporated at the direction of JPMorgan Chase & Co.

Slavery Era Disclosure Affidavit

(San Francisco Administrative Code Chapter 12Y)

- 1. I, Neil Pack, am an authorized representative of JPMorgan Chase Bank, N.A. (Contractor), a wholly-owned subsidiary of JPMorgan Chase & Co. (JPM). JPM caused to be searched under its direction, any and all records in the Contractor's possession or control at the time of the search, including records of any parent or subsidiary entity or Predecessor Company, and have made a good faith effort to search any relevant records that are within the Contractor's knowledge but not within its possession or control, for evidence that the Contractor, its parent or subsidiary entity, or its Predecessor Company Participated in the Slave Trade or received Profits from the Slave Trade.
- 2. I am attaching to this affidavit as Exhibit A a report prepared by a consultant as a result of the search referenced above. To the extent included in the consultant's report, Exhibit A includes: (1) the names of each Person Subjected to Slavery, each Slaveholder, and each person or entity who Participated in the Slave Trade or derived Profits from the Slave Trade, mentioned in the records, (2) a description of the type of transactions, services, or other acts evidenced by the records; and, (3) the extent and nature of any Profits from the Slave Trade evidenced by the records. This information is incorporated herein as if fully set forth.
- 3. I understand that this affidavit shall be subject to public disclosure pursuant to state, local or federal law.
- 4. This affidavit is based on the undersigned's knowledge, information, and belief which is formed in reliance upon research performed by a consultant at the direction of JPM.

I certify that the foregoing is true and correct. Executed this 20th day of April, 2023, in Walnut Creek, California.

The Honorable Connie Chan Board of Supervisors 1 Dr. Carlton B. Goodlett Place San Francisco, CA 94102

Dear Chair Chan,

Since taking office, one of my top priorities has been to strengthen the Victim Services Division (VSD), which serves as the main point of contact for crime victims and their families. VSD offers access to resources so that victims and their loved ones can navigate legal proceedings and the healing process. This work consists of increasing and streamlining communication between the assistant district attorneys and the victim advocates in order to develop a healthy, transparent, and collaborative working relationship. It is of the utmost importance that survivors feel supported and comfortable to voice their lived experience and know that my office will serve as their champion.

I share your concerns that far too many marginalized communities in San Francisco are not receiving the necessary investments or resources needed to recover from violent events. The Victim Services Division in my office treats crime victims with the compassion and dignity they deserve, while providing space, both public and private, to share their experiences. A key element of the Victim Services Division is to begin the healing process by offering equitable access to services and programs regardless of their race, gender-identity, immigration status, or socio-economic status. I appreciate the questions you have asked of my office as this is an incredibly important conversation and below are my responses.

1. What is the number of victims your agency served in 2021, 2022, and to date in 2023?

Year	Count of Victims Served
2021	8,851
2022	9,028
2023 (January 1, 2023 – May 15, 2023)	4,537
Three-Year Total	22,416

2. What is the demographic breakdown of those victims?

Race/Ethnicity	2021	2022	2023*
American Indian/Alaska Native	4	5	4
Asian/Asian American	1,399	1,409	616
Black/African American	1,677	1,691	773

3. What services have been provided to the victims your agency has served?

The District Attorney's Victim Services Division is the connection between victims and law enforcement offices, criminal justice agencies, and local community partners. Victim Advocates serve as critical liaisons offering case updates, support during court hearings and testimony, and provide information about victims' rights. A key element of all our Victim Advocates' work includes knowledge-of and access-to other community-based services and resources that so that referrals can be made if additional legal and/or medical support is necessary. VSD also offers interpreter services to help with assessment and intervention processes in order to gain insight into a victim's perspectives, wishes, feelings and lived experience. This service is critical as interpreters reduce communication barriers for victims so that access to criminal advocacy, crisis interventions, and notifications of criminal justice events can be obtained. Additionally, the Victim Services Division provides civil legal assistance in obtaining protection or restraining orders, as well as support with restitution efforts. All VSD's work is done regardless of whether a suspect has been identified or not, or if criminal charges have been filed. Our Victim Advocates pride themselves on confidentiality and doing the work regardless of criminal exposure, age, immigration status, or background. Additionally, soon after taking over the office, I created the Vulnerable Victims Unit that oversees prosecutions of crimes perpetrated against vulnerable victims, and houses prosecutions of hate crimes, cases of violence against the elderly and elder financial abuse. This new unit is dedicated to protecting and supporting vulnerable communities throughout San Francisco and is composed of experienced attorneys charged with conducting sensitive and complex investigations and prosecutions.

4. List your agency's protocol to ensure victim privacy.

The initial conversation between all Victim Advocates and victims includes a comprehensive explanation of the limits of confidentiality in compliance with *Brady* law. Victim Advocates utilize a Release of Information form signed by the victim to ensure there is privacy and consent when speaking to or involving others. This includes communications with other governmental agencies to support the victim. Our Victim Advocates are trained to use encrypted computers when entering cases and work in private spaces to avoid confidential information from being shared without the victim or the victim's representative's approval. The SFDA's Office is a secure location and has the option to meet with victims either in private rooms and/or in community-based spaces based on the victim's preference.

- 5. What is your agency's protocol to prevent misgendering and deadnaming transgender victims?

 Promoting the correct use of pronouns, titles, and names can result in protecting public safety for all people, whereas misgendering and deadnaming can lead to distrust and fear of the legal system. The San Francisco District Attorney's Office has a policy addressing gender neutral and gender inclusive pronoun use for people encountering the criminal legal system. In order to mitigate any harms and to promote a culture of respect and safety, the San Francisco District Attorney's Office implements this policy officewide. All Victim Advocates review police reports, talk with assistant district attorneys assigned to the case, and go over demographic information, which includes gender preferences. Advocates are prepared to inquire about cultural needs during the initial intake. If advocates notice any reporting referencing a different name/gender, advocates are trained and prepared to inquire and discuss with the victim. Additionally, when reviewing a case, SFDA's Intake Division and/or charging ADA will document any available information regarding any witness/victim's person's correct gender pronouns in the SFDA file. If a witness or victim's gender pronouns change during the course of a case, the assigned ADA will correct the pronouns in the SFDA file. If a witness or victim/survivor uses a first name other than their legal name that name will be documented and used by all staff.
- 6. What is your agency's protocol to provide victim services with cultural and language competency?

 All victims are asked for their language of preference upon the initial contact with the Victim Services Division. We are fortunate to have victim advocates within the Victim Services Division who speak different languages for the purposes of working closely with a particular victim or their loved ones.

 VSD has access to a Specialist Advocate who provides translation when appropriate and uses the Language Line Services (video and/or phone) supported by SFDA to provide translation services when needed. All Victim Service documents, and orientation educational sheets, are provided in various languages including Spanish, Mandarin, Cantonese, Arabic, Tagalog, Vietnamese, Thai, and Russian.
- 7. Status update on the implementation of the JUSTIS integrated data and technology program.

 In September 2022, after upwards of a decade of using the DAMION case management system, the SFDA transitioned to eProsecutor, to update the office's case management capabilities and improve our ability to track and analyze data relevant to criminal and victim cases. EProsecutor has data feeding in from both JUSTIS and the court management system. This has meant significant changes with regard to the data the Victim Services Division has access to with regards to their caseload. When using DAMION, staff received a very limited summary of victim demographic information and services provided. Whereas with eProsecutor, staff now receive much more detailed reporting and can link victim case information to criminal case information to better understand the relationship that a victim's case has to the type of crime they experienced. This analysis also includes defendant demographics and case outcomes.
- 8. Status update on the implementation of the Office of Victim and Witness Rights.

 On June 7, 2022, the voters of San Francisco passed Proposition D Office of Victim and Witness Rights; Legal Services for Domestic Violence Victims (Prop D). The Voter Information Pamphlet and Sample Ballot booklet produced by the Department of Elections for the June 7, 2022, consolidated statewide direct primary election did not reference the Office of the District Attorney in connection to Prop D, nor did the ballot title. The initiative was placed on the ballot through the legislative process

and would therefore refer you to either Supervisor Catherine Stefani's Office of the Office of the Mayor.

9. In the event of a specific group, such as the homeless community or Asian community, becoming targets of violent crimes, what is the protocol for public notification?

The Victim Services Division is committed to ensuring the rights of all victims are protected, while offering support and information at all stages of the criminal justice process. This work is conducted citywide and is inclusive of all our communities regardless of their race, immigration status, age, sexuality, and background. Our staff monitors phone lines and the victimservices@sfgov.org inbox 24/7 in order to provide victims and their families information related to service providers, community-based organizations, faith-based organizations, medical personnel, and government agencies on an as needed basis. VSD has created informational sheets and workshops educating bystanders on how to support citizens who may be present during a hate crime. We actively train for mass casualty events, partnering with a various, diverse communities to ensure their inclusion in our response should a mass casualty event target specific communities' culture/religion. Additionally, our office remains in contact with media outlets and community organizations across San Francisco to provide updates on available resources for victims, high profile events, and educational opportunities hosted within certain neighborhoods.

The advocates in the Victim Services Division prioritize the victims' needs above all else and do so with a tireless work ethic and a compassion-first approach. Our office experienced a 14.9 percent increase in the number of victims receiving at least one service from VSD between the years of 2018 (7,856) to 2022 (9,028). The current workload for each Victim Advocate is currently 500 cases to 1 victim advocate, creating a significant challenge when attempting to ensure that all victims receive the same attention.

We truly appreciate the partnership with the community-based organizations that also provide support, advice, and guidance on criminal events, and believe that further investments to allow for greater case management by CBOs would be a valuable commitment. Additionally, a central element of healing for crime victims is restitution. Jurisdictions throughout the Bay Area and California are currently experiencing impediments to implement and operate restitution programs, whereas having a Restitution Specialist would be greatly beneficial to tracking data related to amounts stipulated, paid, unpaid, and unclaimed.

The Victim Services Division strives to make the criminal legal system humane and accessible by assisting victims and their families in the aftermath of a crime, during criminal prosecution, and after a verdict has been reached. Even if justice is served in the courtroom, it does not always immediately change the way victims feel in their day-to-day lives afterwards. I am proud of the Victim Services Division and look forward to partnering with you on any opportunities to expand our work through targeted investments to support communities in need.

Sincerely,

Brooke Jenkins District Attorney

Dear District Attorney Jenkins and Chief Scott,

At the May 9, 2023, Board of Supervisors meeting, Supervisor Chan issued the attached inquiry to the Office of the District Attorney (DA) and the San Francisco Police Department (SFPD). Please review the attached introduction form and letter of inquiry, which provides the Supervisor's request.

The inquiry, in summary, requests that the DA and SFPD provide responses to the following:

- 1. What is the number of victims your agency served in 2021, 2022, and to date in 2023?
- 2. What is the demographic breakdown of those victims?
- 3. What services have been provided to the victims your agency has served?
- 4. List your agency's protocol to ensure victim privacy.
- 5. What is your agency's protocol to prevent misgendering and deadnaming transgender victims?
- 6. What is your agency's protocol to provide victim services with cultural and language competency?
- 7. Status update on the implementation of the JUSTIS integrated data and technology program.
- 8. Status update on the implementation of the Office of Victim and Witness Rights.
- 9. In the event of a specific group, such as the homeless community or Asian community, becoming targets of violent crimes, what is the protocol for public notification?

Please contact Kelly Groth, Kelly.Groth@sfgov.org, Legislative Aide to Supervisor Chan, for any questions related to this request, and copy BOS@sfgov.org on all communications to enable my office to track and close out this inquiry. Please provide your response no later than June 1, 2023.

For questions pertaining to the administration of this inquiry, do not hesitate to contact me in the Office of the Clerk of the Board at (415) 554-5184.

Very Truly Yours,

Angela Calvillo Clerk of the Board

Subject: Legacy Business Historic Preservation Fund - Annual Report

Dear Supervisors and Aides,

Attached and also available online <u>here</u> is the Legacy Business Historic Preservation Fund Annual Report due June 1.

Approximately \$663K has been paid out in FY22-23 under the Rent Stabilization Grant Program, with another \$45K pending and to be paid by June 30, 2023.

The Legacy Business Program has been managed with great care, attention to detail, and enthusiasm by Rick Kurylo, who put this report together - thank you Rick! I'd also like to acknowledge Michelle Reynolds and Lawrence Liu (of the Small Business Development Center) for their support on this program.

We are available should you have any questions about this report or the Legacy Business Program.

ABOUT THE LEGACY BUSINESS PROGRAM

LEGACY BUSINESS REGISTRY

The purpose of the Legacy Business Registry is to recognize and preserve longstanding, community-serving businesses that are valuable cultural assets to the city. The Registry is a tool for providing educational and promotional assistance to Legacy Businesses to encourage their continued viability and success. For more information about the Legacy Business Program, visit www.sf.gov/legacybusiness.

APPLYING FOR THE LEGACY BUSINESS REGISTRY

Businesses that wish to be included on the Legacy Business Registry must be nominated by the mayor or a member of the Board of Supervisors and complete an application, including an application form and written historical narrative. Nominations for the Registry are made on an ongoing basis and are limited to a total of 300 businesses per fiscal year (July 1 through June 30). Completed applications are reviewed by the Historic Preservation Commission, which makes a recommendation, followed by the Small Business Commission, which makes the final determination. For more information on how to apply for the Legacy Business Registry, visit www.sf.gov/legacybusiness and click the link "Apply to join the Legacy Business Registry."

LEGACY BUSINESS HISTORIC PRESERVATION FUND

HISTORIC PRESERVATION FUND IN THE ADMINISTRATIVE CODE

The Legacy Business Historic Preservation Fund was added to the Administrative Code (<u>Section 2A.243</u>) by San Francisco voters through Proposition J in November 2015. It included the Rent Stabilization Grant for landlords of Legacy Businesses.

The Administrative Code requires that the Office of Small Business report annually to the Board of Supervisors regarding the Legacy Business Historic Preservation Fund:

"By the first business day of June of each year commencing with June 2017, the Executive Director of the Office of Small Business shall file a written report with the Board of Supervisors on the implementation of this Section 2A.243. The report shall include a list of: (A) each Qualified Legacy Business and the amount of the grant paid to each Qualified Legacy Business for the prior fiscal year; and (B) each Qualified Landlord, the Legacy Business to which the Qualified Landlord leased the real property, and the amount of the grant paid to each Qualified Landlord for the prior fiscal year. The report may include other information relevant to implementation of this Section 2A.243, at the discretion of the Executive Director of the Office of Small Business."

The Office of Small Business is pleased to present this annual report to the Board of Supervisors to satisfy the Administrative Code requirement.

RENT STABILIZATION GRANT

The purpose of the Rent Stabilization Grant (<u>sf.gov/information/rent-stabilization-grant</u>) is to provide an incentive for landlords to enter into long-term leases with Legacy Businesses. The grant helps maintain San Francisco's cultural identity and fosters civic engagement and pride by assisting Legacy Businesses to remain in the city.

In San Francisco's current economic climate, many otherwise successful, long-operating businesses are at risk of displacement despite continued value to the community and a record of success. In recent years, San Francisco has witnessed the loss of many long-operating businesses because of increased rents or lease terminations. This problem has been exacerbated by the COVID-19 pandemic that began affecting San Francisco businesses in February 2020.

To the extent that property owners have little incentive to retain longstanding tenants, a longoperating business that does not own its commercial space or have a long-term lease is particularly vulnerable to displacement. A viable strategy for securing the future stability of San Francisco's longoperating businesses is to provide incentives for landlords to enter into long-term leases with such businesses.

Through the Rent Stabilization Grant, landlords who provide new leases of at least 10 years to Legacy Businesses, or extend existing leases with Legacy Businesses to at least 10 years, may receive grants of up to \$4.50 per square foot of space leased per year. Rent Stabilization Grants are

capped at 5,000 square feet (\$22,500 annually). A biennial Consumer Price Index (CPI) adjustment has been added to the grants starting in fiscal year 2017-18.

The grant was initially issued in February 2017 and has been an effective strategy in stabilizing longstanding businesses of all sizes in San Francisco. Since fiscal year 2016-17, the annual budget allocation for the Legacy Business Historic Preservation Fund has been \$1 million in the City's budget, which includes both the Rent Stabilization Grant and the former Business Assistance Grant. The Business Assistance Grant was active for four fiscal years, from 2016-17 through 2019-20.

RENT STABILIZATION GRANTS, PREVIOUS FISCAL YEARS

All Rent Stabilization Grant consist of multiple annual grant payments, usually for 10 or more years. In fiscal years 2016-17 through 2021-22, there were 178 Rent Stabilization Grants paid totaling over \$2.7 million, with the average grant being \$15,390.

For the first three fiscal years, the Office of Small Business received an average of one new Rent Stabilization Grant application per month, but OSB received fewer applications during the years of the COVID-19 pandemic (2020-2023). Unspent grant funds in the Legacy Business Historic Preservation Fund carry forward to future fiscal years, which will prolong the number of years the Rent Stabilization Grant will be fully funded, thus providing greater stability for San Francisco's Legacy Businesses.

Rent Stabilization Grants, Fiscal Years 2016-17 through 2021-22

NOTICE OF PACIFIC GAS AND ELECTRIC COMPANY'S REQUEST TO CHANGE RATES FOR

ITS 2024 ERRA FORECAST APPLICATION (A.23-05-012)

2023 JUN -6 PM 1:55

ECEIVED

Acronyms you need to know

PG&E: Pacific Gas and Electric Company CPUC: California Public Utilities Commission

BY 29 BOS-11

Why am I receiving this notice?

On May 15, 2023, PG&E filed its Energy Resource Recovery Account (ERRA) Forecast application with the CPUC requesting approval to change rates for the following:

- Recovery of \$1.8 billion in costs related to fuel needed to produce electricity as well as buying energy from third parties to serve bundled customer loads that are included in ERRA
- Setting certain charges for bundled and departing load customers for the recovery of costs of PG&E's portfolio that are included in the Power Charge Indifference Adjustment (PCIA), Ongoing Competition Transition Charge (CTC), Cost Allocation Mechanism (CAM) and Public Purpose Program (PPP) rate

Certain costs included in this application are associated with renewable resources to further the state's energy policy goals.

In addition, as part of this application, PG&E customers will also receive the California Climate Credit. The credit will be applied twice a year in April 2024 and October 2024 for residential and small business electric customers and once a year in April 2024 for residential gas customers.

Why is PG&E requesting this rate change?

The ERRA Forecast proceeding is the regulatory process to forecast fuel and purchased power costs, which can be recovered in customer rates. While this may result in a change in rates, PG&E recovers these costs with no markup for return or profit. If the CPUC approves this application, PG&E will recover its costs in electric rates effective January 1, 2024.

PG&E will update its rate proposal later in the year to reflect updated market conditions. Market prices may be higher or lower than at the time the application was filed, which may result in higher or lower rates and bill impacts than those initially presented.

In addition, at the end of the year, PG&E will compare actual costs to the revenues forecasted in this application and will apply any differences towards next year's application.

How could this affect my monthly electric rates?

Many customers receive bundled electric service from PG&E, meaning they receive electric generation, transmission and distribution services.

The bill for a typical residential customer using 500 kWh per month would decrease from \$181.10 to \$178.16, or -1.6%.

Direct Access and Community Choice Aggregation customers receive electric transmission and distribution services and select Commission-ordered services from PG&E. On average, rates for services provided by PG&E to these customers would decrease by 5.0% if this application is approved. DA providers and CCAs set their own generation rates. Check with your DA provider or CCA to learn how this would impact your overall bill.

Another category of nonbundled customers is other Departing Load. These customers do not receive electric generation, transmission or distribution services from PG&E. However, these customers are required to pay certain charges by law or CPUC decision. On average, existing Departing Load customers would see a rate increase of 0.5%.

Detailed rate information will be sent directly to customers in a bill insert. Actual impacts will vary depending on usage and are subject to CPUC regulatory approval.

How does the rest of this process work?

This application will be assigned to a CPUC Administrative Law Judge who will consider proposals and evidence presented during the formal hearing process. The Administrative Law Judge will issue a proposed decision that may adopt

PG&E's application, modify it, or deny it. Any CPUC Commissioner may sponsor an alternate decision with a different outcome. The proposed decision, and any alternate decisions, will be discussed and voted upon by the CPUC Commissioners at a public CPUC Voting Meeting.

Parties to the proceeding may review PG&E's application, including the Public Advocates Office. The Public Advocates Office is an independent consumer advocate within the CPUC that represents customers to obtain the lowest possible rate for service consistent with reliable and safe service levels. For more information about the Public Advocates Office, please call 1-415-703-1584, email: PublicAdvocatesOffice@cpuc.ca.gov or visit PublicAdvocates.cpuc.ca.gov.

Where can I get more information?

Subject: Concerns Regarding Cannabis Retail Application Amendment

Date: Tuesday, June 6, 2023 10:00:33 AM

This message is from outside the City email system. Do not open links or attachments from untrusted sources

Dear Members of the Board of Supervisors,

I am writing to express my concerns regarding the upcoming vote on the amendment to the Cannabis Ordinance in San Francisco. I understand that the board is considering whether or not to cease accepting any more Cannabis retail applications in the city due to concerns of over saturation and the current economic climate. While I recognize the need to address these issues, I believe that the current approach raises several concerns that need to be taken into account.

Firstly, I am troubled by the exclusion of the recommendations made by the Office of Cannabis. The Office of Cannabis, as an authoritative body on this matter, has put forth two remedies to amend the language of the ordinance. These recommendations propose reopening applications in two to three years and implementing a delayed start for equity applicants, beginning six months after the approval date. These suggestions demonstrate a thoughtful approach to balancing the concerns of over saturation while ensuring equitable access to opportunities in the cannabis industry.

I firmly believe that the Board of Supervisors should consider and include the amendments proposed by the Office of Cannabis. Their expertise and understanding of the industry make their recommendations invaluable in shaping fair and effective policies. It is essential that the board take into account the insights and expertise of the Office of Cannabis to ensure the best possible outcome for all stakeholders involved.

Furthermore, I am concerned about the lack of participation from the new appointees of the Cannabis Oversight Committee. It is my understanding that this committee has not yet convened, and their exclusion from the decision-making process on this important matter is troubling. In the interest of transparency and inclusivity, it is crucial that the board engages the new appointees and allows them to contribute their perspectives before finalizing any decisions regarding cannabis retail applications.

In conclusion, I urge the Board of Supervisors to carefully consider the recommendations put forth by the Office of Cannabis and to include them as amendments to the Cannabis Ordinance. Additionally, I implore you to ensure the participation of the new appointees of the Cannabis Oversight Committee in the decision-making process. By doing so, you will demonstrate a commitment to fairness, transparency, and effective governance.

Thank you for your attention to this matter. I trust that you will consider my concerns and take the necessary steps to address them appropriately. Should you require any further information or wish to discuss this matter, please do not hesitate to contact me.

Thanks sincerely,

The Brownie Mary Democratic Club of San Francisco supports a moratorium, not a permanent ban. We support Safai's legislation provided it has a provision to have the consequences of the legislation evaluated in about 3 to 5 years, in order to allow the legislation to sunset if circumstances warrant, or have it extended if circumstances warrant.

Please do not support this legislation unless a sunset provision is included.

Thank you.

RE: Support for File No. 230493 – Designation of The Church

for the Fellowship of All Peoples as a Landmark

Dear Supervisors Melgar, Peskin and Preston,

This letter expresses our organization's enthusiastic support for the proposed landmark designation of The Church for the Fellowship of All Peoples, located at 2041 Larkin Street.

This historic resource is located within the boundaries of RHN and we were thrilled to learn of the church's desire to receive landmark designation. Founded in 1944 by Dr. Howard Thurman and Dr. Alfred Fisk, the church has served the community for over 75 years as the nation's first interracial interfaith congregation.

Since our founding in 1981, preservation of historic resources in our neighborhood has been an important part of our mission. Thank you for your consideration of this proposed legislation. We are available should you have any questions about our support or our organization.

Very truly yours, Carol Ann Rogers, President <u>president@rhnsf.org</u> 415-902-3980

Dear SF Board of Supervisors;

Joe Kunzler here. I'm going to ask that you plz adopt the attachment for public comment rules - and start putting the worst of the worst (e.g. Jordan Davis) on a penalty schedule as laid out in the attachment.

Enough is enough.

Jordan went after the wrong Super Supervisor and she's got wingmen. Wingmen who call her Supervisor "Maverick" for kicking NRA azz. The hero we've all waited for.

The attached has been vetted by attorneys and approved by many Puget Sound politicians. Call it a, "THANK YOU CATHERINE "MAVERICK" STEFANI" from all of us Sound Transit 12s.

Real heroes inspire others to be brave and kind. That is your Super Supervisor Stefani. Now go get her back and your backs, will ya Supervisors please?

Build Back Better please;

JOE SENDS

Board and committee meeting public comment rules

Below are the Sound Transit Board of Directors' rules on public comment, applicable to all who wish to provide comment to the Board or one of its committees during a meeting.

These public comment rules have been somewhat simplified for ease of reading, however the officially adopted rules for public comment, along with all other rules for the Board of Directors can be found here, in Resolution No. R2023-01.

Sound Transit public comment rules

- Board, committee, and subcommittee actions and deliberations are conducted openly and in compliance with the Open Public Meetings Act
- Public comment at Board meetings is limited to business items or reports to the Board on the Board agenda. Public comment at committee meetings is limited to matters within the purview of the specific committee or items on the committee's agenda. At special meetings, public comment is only taken on agenda items for final action.
- The public comment period is an opportunity for members of the public to address the Board or committee and not a dialogue between the Board or committee and the public.
- If you wish to comment, you must add your name and the item you wish to speak about to the public comment sign-in sheet before the meeting begins. Instructions for how to do that are found on the meeting's calendar page.
- The Board or committee chair determines the amount of time each individual has to provide public comment and may set an overall amount of time for public comment. To ensure equal opportunity for the public to comment, the Board or committee chair may limit the number of people speaking for or against an item.
- Individuals providing public comment must not engage in speech or conduct that disrupts, disturbs or otherwise impedes the orderly conduct of any meeting. Individuals must obey the following:
 - o Comments must be related to agenda items or matters allowed for public comment described above.
 - Comments must be made to the Board as a whole and not to any individual member except in that member's role as a Boardmember.
 - Comments must be completed within the allowed time.
 - An individual's comment period may not be used for purposeful delay, including remaining silent or engaging in other activity without stating a clear message.
 - Comments for the purpose of assisting a campaign for election of any person to any office or for the promotion of or opposition to any ballot proposition are not allowed.
 - Commenters must not engage in abusive or harassing behavior including derogatory remarks, profanity or personal attacks, or the use of obscene language and gestures, assaults or threatening behavior, sexual misconduct or sexual harassment.
- An individual who fails to comply with these rules for public comment may be called out of order by the Board or committee
 chair, and the chair may direct the speaker's microphone be turned off to end the individual's comment period. The Board or
 committee chair may also direct security personnel to assist that individual to the individual's seat.
- Meeting disruptions by non-speakers are prohibited. Disruptions include, but are not limited to:
 - Outbursts from members of the public who are not giving public comment.
 - Standing in the center aisle or front row of the audience, unless speaking as recognized by the Board or committee chair or waiting to speak during the public comment period.
 - Holding or placing a banner or sign in the meeting room in a way that endangers others or obstructs others' view of
 of the meeting.
 - Behavior that intentionally disrupts, disturbs or otherwise impedes attendance or participation at a meeting.
 - Failure to follow the direction of a chair, vice chair or security personnel.
- If an individual is disrupting the meeting, the Board or committee chair may direct security officers to remove the individual from the meeting room.
- If an individual is in violation of the public comment or disrupts a meeting at two or more meetings within a 28-day period or two or more consecutive meetings of the Board or a committee, chair may not allow them to participate in public comment periods at future meetings.

- The Board chair, or committee chair in consultation with the Board chair, determines the length of the exclusion from public comment based on the seriousness of the disruption, the number of disruptions and the individual's prior record of conduct at meetings:
 - After an individual's first violation or disruption, the length of the exclusion will not exceed 90 days.
 - After an individual's second violation or disruption within a six-month timeframe, the length of the exclusion will not exceed 180 days.
 - After an individual's third violation or disruption within an eighteen-month timeframe, the length of the exclusion will
 not exceed one year.
- The Board administrator will notify an individual in writing of the specific reasons and length that they cannot comment by mailing the notice to the individual's last known address, if any. The Board administrator will post the notice outside the meeting location and on Sound Transit's website and will send a copy of the notice to Board members. The notice is effective when posted. The notice remains posted for the duration of the that period.
- The Board or committee chair's decision to exclude an individual from public comment may be overruled by a majority vote of those Board members in attendance either at the meeting where the exclusion was announced or at the next regularly scheduled Board meeting following the exclusion.

Dear SF Supes and Mayor Breed,

Please let us know when the supes are voting on this, what sort of public discussion you're planning, impact studies you've made, and or any other citizen-input you plan to accept, so we can spread the word.

In more than a decade of complaints, no city office has done any outreach we know of to the Outer Richmond district residents who live near the "venue" and who are profoundly affected by the sheer volume of Outside Lands, despite AP's deluxe PR machine. Few even know that you've paved 1/8 of the Polo Field. Please consider doing due diligence to avoid the time and expense of recalls.

Dear Supe Chan et al.,

I write to second my wife's letter below, and to point out the inadequacy of your staff's reply: You are *not* allowing any real public input into this new proposal to allow Another Planet to take over our public parks AND our peaceful neighborhoods. A May 12 "exclusive" article five days in advance in SF Chronicle is not enough.

As long-term Outer Richmond residents we have suffered annually from what is, in our neighborhood, an all-out assault; we are 100% denied peaceful use of our home each year. Regardless of the Berkeley promoter's PR. We stopped trying to communicate just how bad this is several years ago, as the PR is now so slick, and city government so stealthily moving to favor developers' interests, that none of our neighbors still has yet to understand that you've already signed off on 10 years of this already. We try to stay away from home all weekend, but even last year were stunned that, as we walked home from the Kubuki Theater, the drumming was audible all the way home on the final night.

NO one living here who isn't making money on these events wants this. If you are seriously interested in knowing that yourself -- to listen to your constituents -- this quicky vote is not the right way. We are unable to reschedule our weeks to make your under-announced "input" meeting. Wonder how many other working people that's true for?

Sincerely, Mark Pothier

Hi Kee,

Thank you for raising this concern with our office. We encourage you to provide your input on the proposal to the Recreation and Park Commissioners, who will vote this Thursday, May 18th, whether to recommend the Board of Supervisors approve a permit for Another Planet Entertainment (APE) to hold ticketed concerts at the Golden Gate Park Polo Fields for three years starting in 2024. The best email to reach them is recparkcommission@sfgov.org.

You can also attend the meeting in person, or call in to give public comment to supplement your email. The Rec Park Commission meets at 10 am and the proposal is #8 on the agenda.

It is hard to feel like the public voice matters with a response like that.

Subject: Where Can I leave Public Comment on Proposal to Expand Music Festival

To: <rpdinfo@sfgov.org>, <connie@conniechansf.com>

To whom it may concern,

I read with great alarm SF Chronicle's article "Exclusive: S.F. plans to expand summer concerts in Golden Gate Park" which reports that The San Francisco Recreation and Parks Commissioners are scheduled to vote on Thursday, May 18 on a proposal for San Francisco Parks and Recreation to partner with Another Planet Entertainment to expand its music festival offerings "Under the proposed agreement, the attendance for these additional events would be capped at 65,000 people per day, compared to the 75,000 attendees a day that attend Outside Lands. The proposed concert footprint would include a main stage on the western end of the Polo Fields, alongside food and beverage booths, VIP and ADA viewing platforms, video monitoring screens and portable restrooms."

The Article (which read like a promotional piece for the proposal) went on to say ".....Similar to Outside Lands, measures to mitigate noise and traffic impacts would be implemented, including a community hotline, San Francisco Municipal Transportation Agency officers directing traffic, shuttle services and a designated area for rideshare drop-offs and pickups."

As a 21 year long Outer Richmond resident (near 35th and Fulton), I have endured Outside lands for a number of years. It is impossible to live with for the following reasons:

- The noise from the concert is so overbearing, that no activities of daily living can occur. Children and adults are unable to nap, think, read, watch TV or do anything meaningful.
- My disabled low income neighbors are essentially shut ins in this situation as they cannot rely on parking being available to them if they try to leave their house to escape for an afternoon and they cannot afford to leave for the weekend, as we have attempted to do.
- Traffic conditions become very unsafe, making it dangerous for all to drive/walk/ride bikes. Particularly in the last festival where there was no heed of the Cabrillo Slow Streets
- Open air drug dealing on my street and other streets are prevalent and drug paraphernalia is left behind.

Despite numerous calls to the hotlines we have been provided for noise mitigation, safety concerns, nothing is done.

From the article, I understand that "The Recreation and Parks Department said it would take public input starting Friday." Having just visited the Parks and Recreation website, I cannot find where I can contribute input. Please direct me to do this forum so I can do so.

Respec	ctfully,
Nicole	Fricke

Subject: Please do not approve the permit for a post-Outside Lands concert at the Polo Fields in

Golden Gate Park

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear President Peskin and Supervisors,

Please do not approve the permit for a post-Outside Lands concert at the Polo Fields in Golden Gate Park (GGP). This is not a good deal for the City. The contract may be giving away too much to Another Planet Entertainment LLC (APE). Also, the approval was rushed through the Recreation and Parks Commission meeting on May 18th without due consideration being given to neighborhood concerns.

The post-Outside Lands concert proposed by Mayor Breed should not be held in Golden Gate Park (GGP). Outside Lands already fences off a large part of the park for over a month. Our right to the quiet enjoyment of our homes, families and neighborhoods in the Richmond and Sunset Districts is being sacrificed so a private company can make money. Only free concerts should be held in GGP. Contrary to what Mayor Breed says, there is no tradition of for-profit concerts in GGP. Hardly Strictly Bluegrass and Opera in the Park are free. If these APE concerts are so good for the City, let other neighborhoods do their share; have concerts downtown on Market Street or in McLaren Park. Have Outside Lands at Civic Center and UN Plaza. APE can rent Bill Graham Civic Auditorium instead of GGP.

Despite what APE and Rec and Park say, the set-up and breakdown, including road and park closures for Outside Lands, takes at least a month. To continue to fence off a large part of the Park for another week after Outside Lands has finished means that those areas will be inaccessible to the public for up to five weeks. We have always paid for our parks and programs through our taxes, fees and bond measures. Public parks should not be for rent. We are being deprived of GGP and our ability to get to and from home and work is hampered because of road closures.

The May 18th vote of the Rec and Park Commission that unanimously recommended the Board of Supervisors approve a permit for the post-Outside Lands concert did not give due consideration to residents' concerns. This was obvious when no Commissioner had a follow-up question regarding:

- 1.Comments that the process was undemocratic because there were only six days between the announcement of the proposed concert and the hearing date (nowhere near enough time for community input) and
- 2. The contract with Another Planet Entertainment, LLC (APE) was not typical for a venue this size, potentially costing the City millions of dollars in lost revenue.

At the May 18th meeting of the San Francisco Recreation and Parks Commission, during the presentation of Agenda Item 7, the Budget Update, General Manager Phil Ginsburg remarked, ".. we loaded potential revenue from concerts at the polo field the second weekend in AUGUST. This is agenda item number 8." (All quotations are from the video or caption record.)

As one caller pointed out, "I find it upsetting that your budget is based on, and includes in the budget presentation, items in number 8 where you are already asking the commissioners to push forward and vote today. ... on item 7, on a budget that includes Item 8, so you have public comment on something that is after the fact, which is absolutely wrong."

During the General Public Comment (Agenda Item 4), a caller remarked, "I object to the calendaring of Item 8 for consideration with only three days notice. Specifically, I know that you guys had a bunch of secret planning meetings for that item, there was no Brown Act notice of any of those meetings and now you want to permit an additional 60,000 person event basically with no prior notice of any other meetings and that's just totally unacceptable ... and I think it should be taken off Calendar."

According to Jenny Sue, who called in to comment on the proposed post-Outside Lands contract terms, "Currently Golden Gate Park plans to charge Another Planet a fixed permit fee ... However when you take a look at local arenas like Oracle Arena, Chase Center, and SAP Center, ShoreLine Amphitheater and Concord Pavilion, they typically employ a percentage based revenue sharing model ranging from 15 to 20 percent of ticket sales." Shouldn't the Rec and Park Commission have looked further into this before making their recommendation?

The next caller, Cliff spoke for many when he said, "It is really a shame it has not been recognized that there is an impact on limiting access to the space for another week."

The post-Outside Lands concert proposed by Mayor Breed would also delay the recovery of the environment of GGP. The concrete slab APE put in the middle of the Polo Fields should never have been allowed. APE only has a permit for a temporary installation. Predictably, it's now being used as a springboard for more commercial activity in our park. Mayor Breed and Phil Ginsburg need to stop trying to squeeze every last dollar from GGP. They are depriving the residents of San Francisco of the use of their park and degrading the environment in the process.

Contrary to the assertions of Rec and Park, the park is not restored after Outside Lands; placing a massive concrete slab in the Polo Fields is not restoration of the Fields. APE can not be trusted to do the right thing.

Thank you for your consideration of the above.

Supervisors, Mayor Breed,

The situation is dramatic.

Companies are leaving town.

People are leaving town.

Small businesses are shutting down.

As per today's announcement, hotels, like Hilton and Parc 55 are also scheduled to shut down. Disastrous consequences are ahead.

https://abc7news.com/hilton-san-francisco-union-square-parc-55-hotel-sf-closures-park-hotels--resorts/13347802/

What about all the filth, trash, illegal homeless encampments, crackheads, zombies, drug dealing, drug use/abuse, mental illness, and addiction? What about all the theft and crime?

You all have a share of responsibility. You are all to blame. Your blind allegiance to a corrupt and decaying Democratic Party, so-called Democratic Party, your acceptance of dangerous radical left narratives, your incompetence, your complaisance, your arrogance, your corruption, and your notorious stupidity caused you to ignore these problems for years in a row and only wake up now.

You all supervisors, and the Mayor, have fully, completely, entirely, failed us during this pandemic, with your beyond-absurd, stupid, draconian, dictatorial policies.

You all supervisors, and the Mayor, keep on failing us every day ever since, with your communist, socialist, radical left BS ideology, such as the reparations plan and other bullshit.

You all supervisors, and the Mayor, keep on failing us every day, by wasting precious, hard-earned, taxpayers' money, into so-called non-profits, and social programs benefiting homelessness/crackheads and other marginalized groups, for which you are now facing lawsuits (see pdf attachment for references), instead of investing in this city's future and infrastructure, our security, our tourism, our economy.

You need to place the middle class at the center of it all. Workers, Taxpayers, and business owners are funding this city and should be your top-most priority.

Enough! We deserve common sense and accountability.

End socialism now! Lower our taxes!

Vote NO on this absolute waste! Vote NO on the mayor's budget!

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Hi all,

About three weeks ago we took a trip to San Francisco from Seattle. As we needed to be close to a consulate, we stayed downtown near the Civic Center.

Upon arrival, we decided to take the BART from the airport. At first it was kind of eerie that we were the only people on the train at 1:00 PM in the afternoon. That changed at the second or third stop, when several folks got on - not with the intent to travel from one point to the next, but to see what they could find in the cracks of the seats. The super aggressive behavior put us on edge as we were the only two people in our rail car.

When we got off at Civic Center we needed to walk about 8 blocks to our hotel and I have got to tell you there was no way a person could walk on the sidewalk safely given the tents, crowds of people, and the type of behavior that was taking place. Everything was on display.

We ended up walking in the street with traffic pretty much the entire distance as it seemed a safer option.

We have our fair share of challenges in Seattle, and compassion for those struggling with housing or addiction is important. However, it seems that the city has prioritized and legitimized the poor behavior of those on the streets over the residents, businesses and visitors that make an urban center click. Instead of enjoying restaurants and exploring the city by bike, which was our original plan, we rented a car and left after we completed our business. I feel bad for anyone trying to run a restaurant, bar, retail or any type of business in the downtown area.

Were we victims of a crime or threatened with physical violence? No - to avoid risk we stayed inside the hotel or left in our rental car. Did we see crime and physical violence taking place? Yes.

We have a need to return to the consulate in the next year. Please, make the city a destination one looks forward to visiting. It really is beautiful.

Dear Board of Supervisors:

I am a neighbor writing to express strong concern for the proposed construction of the Geary Bus Rapid Transit (BRT). I am joining merchants, neighbors, places of worship and other community organizations on Geary Blvd's corridor in the Richmond District to request SFMTA mitigate the project impacts and delay converting angled parking to parallel on Geary to 2026 and reconsider it if it's deemed necessary.

We have witnessed the detrimental impact of over-budget, long-delayed transit construction projects like the Central Subway and Van Ness BRT. Local merchants on Geary are still struggling to recover from the pandemic and economic recession, but the SFMTA is ignoring the requests of our small business owners and pushing forward with its "quick build" project, which will remove over 30% of the parking spots along Geary Blvd. We estimate small businesses on Geary Blvd in District 1 will lose significant revenue from this reduction in parking and will cause drivers to spend more time looking for parking spots, with no full bus service restoration in sight.

Reducing parking availability before small businesses have fully recovered from the pandemic and the economic downturn will put many of our merchants on Geary Blvd out of business. Without our small businesses that bring life to the corridor, our district loses its unique characteristic. By ignoring our requests to recover before the larger project begins construction in 2026, the SFMTA is working directly to thwart the much-needed economic revival San Francisco needs to support city services.

We call on Mayor London Breed and the SFMTA Board of Directors to stand with our small businesses and reject the "quick build" project and demand SFMTA Director Jeff Tumlin to prioritize the restoration of all transit services.

Subject: Transient Occupancy Tax

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Clerk of the board, San Fransisco County BOS:

Please assure that each board member of the San Fransisco County Board of Supervisors, receives a copy of below:

Thanks

Honorable Supervisor:

I'm writing to you today to let you know that your Counties Transient Occupancy Tax (TOT) revenues are going to decrease.

This is due to the possible passage of California Senate Bill 584, that is currently in the State Assembly for review, passage, amendment, or defeat.

The funding mechanism of the bill applies a 15% tax on short-term rentals via guests staying at Airbnb's, Verbo stays, or short-term rentals via Expedia. This is on top of whatever the County charges as a TOT.

I have a Family cabin in Tuolumne County that we use as a short-term rental. That given County charges a 12% TOT. With the State's 15%, guests will be required to pay a total of 27% in taxes to rent our cabin. Guests will not pay this amount of tax to rent a short-term rental.

If passed, the short-term rental activity in your County is going to decrease dramatically, thus decreasing your annual TOT.

The bill exempts Hotels, Motels, and Bed Breakfasts from this given tax. It only applies to short-term rentals.

Prior to the existence of short-term rental activity, in California, Counties only received a TOT from Hotels, Motels and B&B's. Since the establishment of short-term rental activities, the TOT revenues have increased dramatically, in your County. With such high taxes, the short-term rental market is going to dry up, in your County, and your TOT revenues will decrease.

The short-term rental market has not caused a lack of available housing in California. It represents 1% of all properties in California. Driving out, the activity of short-term rentals, will not increase the avaibility of properties to low-income families. (Our cabin is valued at \$540k. We depend on the supplemental income to make the mortgage payments. If this bill passes, we will be forced to sell our cabin. I find it very unlikely that a low-income family will qualify for a \$540k home. This same scenario applies to most of the properties in California. The short-term rental market is not responsible for the inflated prices of properties in California, nor are they responsible for the homeless situation in California. They should not be held responsible to fund programs that they did not cause.)

This bill is a marginal one at best. It narrowly passed the Senate on a 27-11 vote.

There are other reasons this bill should not pass:

- It takes away income from Families that depend on short-term rentals for their livelihoods.
- It eliminates jobs that low-income families currently have (Housekeeping, Maintenance etc.,)
- It attacks an element of the real estate market that does not have a strong lobbying group in Sacramento, as does the Hotel, Motel, and B&B segments.
 - It will decrease the TOT revenue in all Counties, throughout California.
- It is targeted to eliminate short-term rentals and to support union construction pay, that already has the Davis-Bacon Act, to protect it.
 - It will negatively affect the tourism industry in your County.
 - The tax is not a stable funding source for the program. It's estimated to raise \$175

million for Counties in the State. However, it is subject to diminished returns. The revenue projections did not take into account that short-term rental users will not pay taxes in the range of 27-30% (or more) and they will not rent, short-term rentals. Given the fact that Hotels, Motels, and B&B's are not subject to this tax, any offset to these establishments will not be made up by the various Counties, in their TOT.

 This tax would negatively affect low-income Families. Currently, many low-income families, can only afford to vacation by utilizing the short-term rental market. This is because they will rent a vacation home, say in the mountains, and vacation with many of their extended Families, splitting the costs amongst the various Families. They can not afford hotels to vacation in, and this tax will prevent them from being able to participate in the short-term rental market.

I urge you, as a County Board, to work with your Sacramento Assembly Members to defeat this bill.

Sincerely Dennis Anderson 3340 Harbor Drive Atwater, CA 95301

Re: Streamlining Legislation Titled "Planning Code, Zoning Map - Housing Production" Planning Case Number 2023-003676PCAMAP

Dear President Tanner and Vice President Moore,

The Planning Code and Zoning Map Amendments referenced above are on the Planning Commission's calendar for June 8, 2023 as an item to be continued to the Planning Commission's June 15 hearing.

This is extremely complex, technical legislation that contains many large scale changes to the Planning Code and requires extensive review and cross-referencing of multiple sections of the Planning Code. The accompanying zoning map clearly illustrates that this ordinance would impact literally every corner of the City.

I attended an outreach presentation from Planning staff about Housing Element implementation last week, and at no time did Planning staff inform community members that there is any legislation pending either to upzone or streamline market rate housing. This presentation failed to reveal that there are at least three different ordinances (Supervisor Melgar's legislation that was heard at Commission last week which appears that it will be amended significantly by Supervisor Engardio; the Mayor's legislation referenced in this letter; and legislation that the Mayor and Supervisor Melgar have announced which will soon be introduced to upzone commercial corridors) that, if enacted, will have profound impacts on the entire City. Yet, there has been absolutely no outreach to communities about any of these ordinances let alone the combined impacts that all three ordinances would have cumulatively if all three were to pass and be enacted. Add to this lack of public noticing and lack of transparency, the fact that the first legislation to be presented to you, Supervisor Melgar's family housing legislation, is still being negotiated and could be significantly amended.

The fact that Planning is approaching these ordinances with its usual process and timing, which

means not releasing its staff report until one week prior to the Planning Commission hearing is not only irresponsible, but is entirely antithetical to the claims that Planning makes to be centering this Housing Element on equity. Equity starts with respecting communities, and empowering communities of color and low income communities to make decisions that impact their communities. Instead, Planning appears to be intent on hiding massive changes from those who will be impacted the most.

At the very least, this legislation should not be heard at the Planning Commission until at least 2 weeks after Planning has published its staff report. However, if Planning truly intends to center this Housing Element on racial and social equity, it will show people of color and low income communities the respect they deserve, and host community discussions to reveal the intentions and impacts of these legislative proposals- and modify those proposals based on feedback- prior to these legislative proposals being presented to the Planning Commission.

Even though this process will take more time, if we are to fulfill the equity goals and actions of the Housing Element and affirmatively further fair housing, Planning has an obligation to commit to a transparent process that allows people of color and low income communities the ability to fully understand, voice their concerns, and guide the outcomes of Housing Element implementation.

Thank you for your consideration of this request.

Hi Supervisors,

I am writing to follow up on my public comments today to urge the board to take up this issue and increase protections for elderly and disabled HUD recipients that are not protected by city and state rent protections.

As I mentioned in my comments today, I feel there are loopholes in tenant protections for HUD recipients. A Landlord is able to unilaterally discontinue their participation in HUD resulting in a constructive eviction because tenant is unable to pay market rate. While the tenant retains the HUD benefit, the burden of moving is great. My in laws have lived in the same home for 20 years. They have community there, 20 years of art and knick knacks and memories on the walls that need to be moved, they have furniture they can't lift and they have language, health and disabilities that make it difficult for them to find alternative housing. I would like to work with any of the supervisors to help

with resources or legislation that can help close this loophole and protect tenants, like my in-laws.

My in-laws are working with Legal Aid for the elderly (LAE) to try to delay their eviction, but ultimately it will take an act of this body to protect them. The landlords are wolves in sheep's clothing. An innocent withdrawal from HUD masks the years of harassment they attempted previously. The landlords have aggressively pursued methods to harass my in-laws, have refused necessary repairs, have had my in-laws towed and tried to enter the property without notice, have refused to accept rent and tried to post notice to evict without legal cause. They tried to use the courts to affect unlawful detainer, but were dismissed when attorney withdrew because they had not actionable cause and were at risk of sanctions due to their tactics. But, to our great surprise, they didn't have to do any of those things. All they really had to do was write a 3 sentence letter to HUD and a simple notice to my in-laws saying they no longer wished to participate in HUD. Please help me prevent this awful and unintended result.

Thank you,

You must stand your ground for the full restoration of public transportation. The neighborhoods, seniors and the disabled have been traded off for so-called improvements of service. While revenues to the Municipal Transit Agency have been reduced, it might not have been so catastrophic had the size of MUNI's transportation fleet had increased. Instead, ridiculous projects as the Central Subway have undercut MTA's financial resources. MTA has failed the stress test of funding and resources.

You must get on their case and not cave in to your demand of 100 percent restoration of services.

Subject: The fiscal cliff

The fiscal cliff predictions are predictions, not the actual future.

This requires flexibility in planning.

Over the last 15 years, MUNI routes and stops have been systematically reduced, notably to the neighborhoods. There has not been a net addition of buses or coaches to the fleet which flies in the face of an increased population and need. Had this addition occurred, the system would have been more robust.

The Transit Effectiveness Project, now known as MUNI Forward, never envisaged an increase in vehicles or drivers--so unrealistic in light of the demographics of the city which is second in density to New York City. Frankly, the reduction of service has probably been the agenda of MTA, the whole time.

This resembles the Vietnam War where the village was destroyed in order to save it; conversely, you are destroying MUNI service on the grounds of saving it.

If you must make cuts, freeze management salaries; make cyclists pay licensure and parking fees and place existing projects on hold.

Being in assisted living, I am not reliant on a deteriorating public transportation system.

San Francisco Board of Supervisors Land Use and Transportation Committee. San Francisco City Hall 1 Dr. Carlton B. Goodlett Place

Dear Supervisors Melgar, Preston, and Peskin-

As members of the Bay Area Council, we write in strong support of the proposed ordinance that will amend the Building Code to (1) define and limit the scope of the Building Official's review of site permits, (2) require simultaneous interdepartmental review of site permits, and (3) affirm the Planning Department's determination under the California Environmental Quality Act (CEQA). This will allow for a streamlined process for site permit issuance, placing limits on the design review required before a site permit is granted. A significant amount of construction work is done under site permits in San Francisco, so any streamlining of the permit issuance process will benefit the entire construction and development industry.

Representing over 300 major employers across the Bay Area, the Bay Area Council is an employer sponsored public policy and advocacy organization dedicated to solving our region's most challenging issues and improving the quality of life for everyone who calls this region home.

It is critical that this ordinance becomes law. San Francisco is the slowest jurisdiction in the state in getting projects entitled and a primary contributor to the problem is delayed permit issuance. According to data¹ from the California Department of Housing and Community Development (HCD), San Francisco leads every other jurisdiction in the state by a considerable margin in terms of timeline from submission to entitlement and from entitlement to permitting.

If the measure passes without significant amendment, it will significantly speed up the process. This will encourage more development and increase project

¹HCD's Housing Element Implementation and APR Dashboard (https://www.hcd.ca.gov/planning-and-community-development/housing-open-data-tools/housing-element-implementation-and-apr-dashboard)

starts at a time when construction in San Francisco is lagging way behind other major metropolitan areas. It is important to note that passage of this ordinance would not lower the bar on standards for approval in San Francisco. Rather, this will make the process more efficient for the development of projects at all affordability levels that we desperately need.

San Francisco is losing hundreds of millions of dollars in tax from building owners who've lost 50%-90% of their building values in the city. Owner and developer confidence is shattered at the very time we need them the most to get this city going again.

This letter is being shared with hundreds of businesses including subcontractors, developers, building owners, architects, engineers, law firms, insurance companies and consultants who depend on a thriving real estate and construction industry to survive.

For these reasons, we urge your support.

Sincerely,

Ola Roll

Good morning,

I hope your week is going well. As a supporter of AB 912, the SAFE Act, I wanted to share the California State Assembly passed the bill last week with a 77-0 vote! The bill is now in the Senate Rules Committee, pending referral to policy committee.

Because the bill is now in the Senate, I wanted to reach out and ask if you could send an updated letter of support through the <u>advocacy portal here</u>. I've attached here the most updated factsheet and support letter template.

Please let me know if there's any additional information I can provide. On behalf of

Assemblymember Jones-Sawyer, I appreciate your continued support and advocacy for the SAFE Act.

Thank you!

AB 912 – SAFE (Strategic Anti-Violence Funding Efforts) Act

SUMMARY

The SAFE Act reinvests cost savings from prison closures into programs that reduce violence, provide diversion opportunities, and deliver critical community supports including mental health, education, and vocational services.

BACKGROUND

On December 6, 2022, the California Department of Corrections and Rehabilitation (CDCR) announced the closure and deactivation of two additional prisons. With the closure of these facilities, the Legislative Analyst's Office (LAO) estimates an annual cost savings of \$235.3 million. Reductions in the prison population are the direct result of the Legislature's advancement of sensible legislation and budget items to improve public safety, and advance justice and equity. Rather than returning to the General Fund, it is imperative these savings are kept within the Legislature's crime prevention budget and reinvested into effective strategies proven to further reduce crime and violence.

Studies have shown health-based approaches have been successful in curbing violence through applied, skill-based prevention programs. Addressing youth mental health and adverse childhood experiences (ACEs) is crucial in mitigating long-term effects, such as substance abuse, mental illness, chronic health problems, and criminality. Existing programs have been successful in providing crucial resources and early intervention to youth.

For instance, skills-based group intervention has been proven successful in relieving PTSD symptoms, depression, and general anxiety among children exposed to trauma. Because evidenced-based programs for trauma-impacted youth have shown consistent success in deterring violence through early intervention, it is crucial that these programs are expanded with priority to the state's regions with the highest homicide and violent crime rates. Further, data

has shown the public health benefits of school-based health centers. Located on school sites, these centers increase preventive health services, reduce mental illness among youth, provide better outcomes for chronic conditions, and improve overall school performance.

First established in 2018, the Youth Reinvestment Grant (YRG) provides funds to local agencies and Native American tribes to implement culturally relevant, trauma-informed diversion programs for minors. Since then, nearly \$60 million has been committed to agencies and tribes throughout the state, proving to yield effective results. For instance, CARAS: Project Evolve's YRG-funded initiative saw a 67% reduction in youth arrests from 2019 to 2021, far exceeding the program's initial 30% reduction goal. With the previous appropriation to YRG ending on June 2023, the state must extend funding to reaffirm its prioritization of this successful grant program.

Further, evidence-based, focused deterrence programs that engage high-risk individuals susceptible to committing violence or reoffending have proven to reduce violence. For example, Oakland's Ceasefire strategy partners local government with community organizations to provide tailored services to support high-risk individuals in stepping away from violence. Within a five-year span, Oakland experienced a 43% reduction in homicides and a 50% reduction in non-fatal shootings.

Creating safe spaces during peak times of violence has also played a crucial role in prevention and diversion. For example, the Summer Night Lights, a component of the Gang Reduction & Youth Development (GRYD) Comprehensive Strategy in Los Angeles, provides extended programming, sports leagues, and spaces for recreation, employment opportunities, and access to local resources. As shown with the success of GRYD's Summer Night Lights, recreation and health-based opportunities are an essential part of reinvesting in communities impacted by violence.

THIS BILL

AB 912, the SAFE Act, reallocates the \$235 million in annual savings from the proposed closure of two prisons in the 2023-24 state budget. The funds will go to:

- 1. Expand evidence-based intervention programs for youth who are impacted by trauma;
- 2. Extend funding for the YRG;
- 3. Reduce gang violence and gang involvement through programs modeled after successful ones, such as Oakland Ceasefire;
- 4. Increase access to physical and mental health services for K-12 students through school-based health centers; and,
- 5. Support parks and recreation opportunities, including summer youth leagues and extended programming.

Re: Support for AB 912 (Jones-Sawyer) – Strategic Anti-Violence Funding Efforts (SAFE) Act

Dear Chair Wahab,

On behalf of [Organization's name], I am writing in support of Assembly Bill (AB) 912, the SAFE Act, by Assemblymember Jones-Sawyer. This comprehensive measure reinvests cost savings from prison closures into programs that reduce violence, provide diversion opportunities, and deliver critical community supports including mental health, education and vocational services.

On December 6, 2022, the California Department of Corrections and Rehabilitation announced the closure and exiting of contract for two additional prison facilities. With the closure of these facilities, the Legislative Analyst's Office estimates a cost savings of \$235.3 million annually. Rather than returning to the General Fund, it is imperative these savings are kept within the Legislature's crime prevention budget and reinvested into effective strategies proven to further reduce crime and violence.

Studies have shown health-based approaches have been successful in curbing violence through applied, skill-based prevention programs. Addressing youth mental health and adverse childhood experiences (ACEs) is crucial in mitigating long-term effects, such as substance abuse, mental illness, chronic health problems, and criminality. Existing programs have been successful in providing crucial resources and early intervention to youth.

The SAFE Act calls for the reallocation of the \$235 million in annual savings from the proposed closure of two prisons in the 2023-24 state budget. Those funds will go to the following programs:

- 1) Relocate the Youth Reinvestment Grant Program from the Board of State and Community Corrections to the Office of Youth and Community Restoration. Grants are available for local jurisdictions and California tribes for trauma-informed diversion programs for minors.
- 2) Support programs that reduce gang violence and gang involvement, modeled after successful programs like Ceasefire in Oakland that resulted in a 43% reduction in homicides and a 50% reduction in non-fatal shootings.
- 3) Increase access to physical and mental health services for children through school-based health centers, located on school sites.
- 4) Expand early trauma-informed intervention programs for school-aged children experiencing extreme traumatic events in order to support of their health, well-being and community stability.
- 5) Provide grants to local governments and community-based organizations to create new parks and fund recreation and health-based opportunities during peak times of violence.

[Insert organization's background and/or any specific stories or cases to emphasize the need for this bill]

For the reasons previously stated, [Name of organization] is pleased to support the SAFE Act (AB 912, Jones-Sawyer).

Sincerely,

Good Afternoon SF Board of Supervisors and Planning Commission,

My name is Mike Oz and I am the Executive Director at the Oakland School for the Arts. I have been with the school for 17 years and have greatly appreciated our ongoing partnership with our room mates in the Fox Theatre, Another Planet Entertainment. Please see my attached letter for a detailed account on why our school values Another Planet as our neighbors and partners. Feel free to reach out with any questions.

Thanks,

Mike Oz Executive Director Oakland School for the Arts

Dear SF Board of Supervisors, SF Planning Commission, and SF Historic Preservation Commission.

My name is Mike Oz and as the Executive Director of the Oakland School for the Arts I am writing to express my unwavering support for Another Planet Entertainment to operate the Castro Theatre. I am a third generation Oaklander who has many fond memories of the Castro Theatre and have been working for OSA since 2006. In 2009 we had the opportunity to move the school into the historic Fox Theatre along with Another Planet Entertainment. Since that time, our two organizations have continuously partnered to bring a positive impact to the Uptown Oakland neighborhood. Another Planet has operated the theatre in a manner best serves the needs of our community and has continuously given back to support public arts education. The Uptown neighborhood has recently faced significant public safety challenges and the Another Planet management team has been proactive and responsive in partnering with OSA and other business neighbors to improve the conditions in our community. They do this while finding a perfect balance between bringing in community programming while also attracting nationally recognized acts.

On a related note, Another Planet Entertainment has created ongoing opportunities for OSA by providing us access to the theatre for our assemblies, hosting our graduation and fundraising events, and even providing internship opportunities for our students. On top of this, they have continuous made significant financial contributions to the school to ensure that public arts education is able to thrive in an ever shifting economy.

It is with complete confidence that I feel Another Planet Entertainment will be able to have the same impact at the Castro Theatre if they are given the opportunity. Their community mindednesses, cultural awareness and commitment to creating conditions for a successful entertainment district has enabled them to be an asset to Oakland for 14 years now. I encourage you to provide the Another Planet team the opportunity to expand their positive impact on the Bay Area by considering them as tenants for the historic Castro Theatre.

Appreciatively,

Mike Oz

Subject: Castro Theatre: Support the HPC Recommendation and Reject Fixed Seating Amendment

Date: Wednesday, June 7, 2023 7:41:50 PM

Secretary Board of Supervisors,

As a concerned citizen of San Francisco, I write to you today to express my strong support for Another Planet Entertainment (APE) and their proposed restoration of the Castro Theatre.

This restoration work, which would ensure the future of the building as a live events and film space, is imperiled by the Land Use and Transportation Committee's amendment to the landmark designation for the theater. This amendment, requiring the Castro Theatre to preserve the "raked floor and fixed seating in a 'movie palace' style", will tether this private business to an outdated and unviable business model.

Another Planet has outlined a thoughtful renovation plan that includes accessibility and ventilation upgrades, restoring the art deco ceiling and chandelier, preserving the interior murals, and transitioning the orchestra level into a tiered floor to maintain existing seated programming such as film, lectures and choral performances, while allowing the venue to also be used for standing room concerts, celebratory events, and other community-focused programming.

Opponents of the renovation plan would like it to be thought that they speak for all Castro Merchants, film-lovers, members of the LGBTQ community, or neighborhood residents. They do not speak for me, and I strongly believe they do not speak for the majority of the aforementioned groups they claim to represent.

The renovation plan has strong support among Castro Merchants, various film festivals, members of the LGBTQ community, and neighborhood residents, who are excited to see a treasured neighborhood landmark preserved for future generations. I have faith that Another Planet Entertainment will be excellent stewards of not only the Castro Theatre, but also the rich history it represents to cinephiles, the LGBTQ Community, and the neighborhood.

Please vote to replace the "raked floor and fixed seating in a 'movie palace' style" language in the amended landmark designation with the original "presence of seating" language proposed by the Historic Preservation Commission.

I live 5 minutes from the Castro Theatre and while it is a beloved institution it is in need of restoration so the theatre and the neighborhood can thrive. My family has visited the theatre and neighborhood many times and the flexible seating plan will better serve the community by broadening the types of events that can be presented at the theatre.

Subject: Hello from music critic and Castro resident Barry Walters

Date: Tuesday, June 6, 2023 3:18:34 PM

This message is from outside the City email system. Do not open links or attachments from untrusted sources

Hello Board of Supervisors,

My name is Barry Walters. In 1988, I moved from NYC to SF to write about music, film, and LGBTQ culture for the *San Francisco Examiner* when it was a Hearst paper. Prior to that, I attended NYU graduate school for Cinema Studies and started my career nearly 40 years ago at the *Village Voice*. I was Senior Critic at *Rolling Stone* for many years, wrote cover stories on Madonna and R.E.M. for *Spin*, and have since contributed to countless media outlets like NPR, Pitchfork, the *Los Angeles Times*, the *Advocate*, and *Out*. In 1992 I became the first critic awarded by the National Lesbian and Gay Journalists Association. Recently I won a Clio Award for my Amazon Music documentary short "Sylvester: Love Me Like You Should," and I've nearly completed my book for Penguin, *Mighty Real: The Music That Built LGBTQ America*.

I'm writing you about the Castro Theatre. I've lived literally around the corner from it for over 30 years. It's where I proposed to my husband on the day when same-sex marriage was legalized and it's where I packed nearly every seat with my presentation "Barry Walters' Fabulous World of Queer Pop Video." The ashes of my late friend and mentor Vito Russo — the pioneering gay/AIDS activist and author of *The Celluloid Closet* - were scattered there. I'm not a religious guy, but like many LGBTQ people and film fans of every stripe, I consider it a sacred place. Maybe it's an exaggeration to say that the Castro is to queer people what the Apollo is to Blacks, but not by much.

When I came to SF, I'd experienced NYC standards for everything, and so I was hard to impress. I'd seen all the great bands of the Eighties at all the right venues, and I when I wasn't enjoying live music, I gave myself a film education at every movie palace and film festival New York had to offer. AIDS was just beginning to take its toll on our community and its spirit, but the sense of excitement generated by Frameline's presence at the Castro was unlike anything I'd ever experienced. People would cheer the heroes, boo the villains, and you could feel a truly spiritual sense of connectivity. Audiences over the last few years aren't quite as demonstrative, but I still feel that collective buzz each time I'm there, whether I'm seeing films presented by the Jewish Film Festival, the Silent Film Festival, Noir, Asian, German, etc. The Castro allows people of different communities to see themselves reflected on the screen surrounded by their own people. As queer people, we struggle with isolation and alienation, but movies at the Castro allow mainstream and minority audiences alike to have a shared

collective dream because the venue is built for exactly that.

Recently I saw *Past Lives* at the Castro as part of SFFILM. It's a Korean-American story, and so the audience was largely Asian, and nearly every seat was filled. The energy of nearly 1500 people allowed me to get close as a white guy could to seeing the film through an Asian perspective. That's not something I could experience at home, or even at the Kabuki, where the experience — although in Japantown — is compromised by an onslaught of commercials, trailers, and corporate presence. There is a huge difference between experiencing art in a space that makes you feel as though it belongs to the community versus a place where the bottom line is profit.

Speaking from someone who has spent much of his life in music venues, I can tell you that the Castro will need a huge amount of work and money to make it acoustically acceptable. It's echoey and cavernous. Loud amplified music doesn't sound good there — I know because I've walked out of a few Castro music events. I would be thrilled if Another Planet Entertainment made sonic improvements while maintaining the seats as they are, but they're insisting on removing the orchestra seats and replacing them with stackable chairs. Chairs with hard metal armrests simply aren't conducive to the kind of movie experience that allows you to mentally leave your body and surrender to the screen for two hours. If APE does do everything it says it will, the result will be something like the Fox in Oakland, which is nice — but it's not what the Castro has been for film world for over 100 years.

For the last 35 years I have watched filmmakers stand on the Castro stage and talk about how seeing their film there is unlike anywhere else. This sense of home is heightened for LGBTQ artists, but I've witnessed straight directors – some of the greatest living ones, like Paul Thomas Anderson – say the same thing. There is nowhere like the Castro.

For years people believed that consumers would stop buying physical media of any kind, yet bookstores and record stores are rebounding: Last year for the first time since the late Eighties, vinyl records generated more revenue than CDs. A few weeks ago, I was flown by the BBC to appear in a documentary series filmed at a Los Angeles bar that follows a Japanese trend of venues where people drink and listen exclusively to vinyl on a high-end audiophile system. Who 20 years ago would've predicted this?

I can't prove that movie attendance will go back to what it was before streaming. But I can tell you that already there's a trend to see movies on 70mm film that parallels why some people prefer analogue audio reproduction over digital. The Castro is one of the only places in town still with 70mm projection, but that won't matter if you're stuck in an uncomfortable chair.

I've taken time away from my book to write this letter because I want you to seriously consider these issues before this week's vote. Because music is even more important to me

than movies, I'd be all for a seated music venue that also serves the film and LGBTQ communities, but nothing I've read about APE's plans gives me the confidence that they truly intend to do this.

I'd be happy to talk with you: My number is 415-595-6744.

Sincerely,

Good afternoon Supervisors,

Happy Pride Month!

The vote before you on Tuesday is simple.

You either support preserving and protecting landmarks or you authorize their desecration and destruction.

Please support the Castro Theatre Landmark Designation as amended by Supervisor Preston to include 'fixed theatrical seating configured in movie-palace style.'

As a community, **we must protect our most cherished landmarks**. Sometimes that means protecting them from the people who own them when they are no longer operating as good stewards.

Supervisor Mandelman has stated that he does not support the amendment change and instead supports HPC's recommendation.

Supervisor Mandelman did not share that the Landmark Designation Fact Sheet, prepared by Planning and approved by HPC, **identifies the orchestra seating as a character-defining feature**.

You cannot have the 'presence of seating' without any seats.

At last month's Land Use meeting, Supervisor Melgar was completely correct when she stated, "We are not approving and we do not have the authority to approve the lease with APE or any other."

The Landmark Designation Amendment is only about protecting the Castro Theatre and all of its character-defining features for another 100 years.

Please Save the Castro Theatre & Save the Seats.

Dear Supervisors,

As a long-time patron of the Castro Theatre, I hope you will include the raked floor and fixed theatrical-style seating to the interior landmarking. The theater *can* turn a profit by hosting films, film festivals, live music, comedy, drag performances, and all the events on previous Castro calendars (like the Moth). It just needs to be open most days of the week. Please preserve San Francisco's last remaining movie palace. APE knows preservation and live music concerts, but has been having problems understanding films and the local community. APE's real reason for wanting temporary seating is to install not just bars in the lobby and mezzanine, but multiple bars in the orchestra. The current seating plan allows for more patrons to sit in the orchestra, which in turn lets event promoters keep costs affordable. APE claims their seating will preserve movie sight lines, but their plan doesn't have the outer curves of aisle seats or the staggered seats which are not directly behind another seat.

In the past year, I've attended Castro Theatre meetings at City Hall, community town halls, and a recent virtual town hall. There are people in the Castro's LGBTQ+ community with a plan to run the Castro, keeping it managed by a San Francisco-based group that understands the community's needs. They would hold events year round, including matinees: APE hosts limited nighttime only events. The Castro has hosted family events during the day, from sing-a-longs to family films. APE has taken over a number of San Francisco venues, including the Palace of Fine Arts, a seated venue that now hosts concerts. (I've attended films and dance festivals as well as live music at the Palace of Fine Arts in the past.) There are many live music bands that can be experienced seated: the standing shows can go to the many other venues APE runs. (For a local successful venue, check out the Paramount: I've attended it for seated rock shows and silent films.)

I have many great memories of events at the Castro: years of Noir City (including sold-out events with guests for on stage interviews), years of the SF Silent Film Festival, John Waters' one-man show, Fred Armisen's one man show, SF Sketchfest events, such as a screening of *True Stories* with David Byrne present for an on stage interview, years of the SFFILM festival, and memorable regular film screenings like Goerge Cukor's *The Women* and Sacha Baron Cohen's *Bruno*. My first COVID return to the theater for for Questlove's *Summer of Soul* documentary with Questlove in person! I often took MUNI straight from work and had many a popcorn dinner. Tickets were affordable and available at the Castro's box office. After film festivals, I would often meet friends at Twin Peaks to discuss the films.

The Nasser family and APE have created unnecessary rifts in the Castro community. (One codirector of a local non profit noted the publicist they chose was not one who reached out.) The Nassers and APE have dragged this process out, hoping to get their way, asking some who've worked with APE at the Castro to speak out on APE's behalf.

Regards,

Maureen Russell

Subject: Letter of Support for the Nasser Family"s Plan Remodel the Castro Theater

Dear Board Members:

For close to 35 years, I have lived in the Castro District. I am a landlord and Castro District business owner. I am an active member of the Eureka Valley Neighborhood Association.

I urge you to remove all obstacles for the Nasser Family so that they can adapt the inside of their theater to maximize their profits. I don't think that it is your business to direct how they choose to re-design the inside of their building.

I suggest that you move your attention from micromanaging the business plan of the Nasser family to addressing the pressing matters facing our city: homelessness, open drug markets, budget deficits, and the collapsing retail sector.

Sincerely,

Thomas A. Lucas

Secretary Board of Supervisors,

As a concerned citizen of San Francisco, I write to you today to express my strong support for Another Planet Entertainment (APE) and their proposed restoration of the Castro Theatre.

This restoration work, which would ensure the future of the building as a live events and film space, is imperiled by the Land Use and Transportation Committee's amendment to the landmark designation for the theater. This amendment, requiring the Castro Theatre to preserve the "raked floor and fixed seating in a 'movie palace' style", will tether this private business to an outdated and unviable business model.

Another Planet has outlined a thoughtful renovation plan that includes accessibility and ventilation upgrades, restoring the art deco ceiling and chandelier, preserving the interior murals, and transitioning the orchestra level into a tiered floor to maintain existing seated programming such as film, lectures and choral performances, while allowing the venue to also be used for standing room concerts, celebratory events, and other community-focused programming.

Opponents of the renovation plan would like it to be thought that they speak for all Castro Merchants, film-lovers, members of the LGBTQ community, or neighborhood residents. They do not speak for me, and I strongly believe they do not speak for the majority of the aforementioned groups they claim to represent.

The renovation plan has strong support among Castro Merchants, various film festivals, members of the LGBTQ community, and neighborhood residents, who are excited to see a treasured neighborhood landmark preserved for future generations. I have faith that Another Planet Entertainment will be excellent stewards of not only the Castro Theatre, but also the rich history it represents to cinephiles, the LGBTQ Community, and the neighborhood.

Please vote to replace the "raked floor and fixed seating in a 'movie palace' style" language in the amended landmark designation with the original "presence of seating" language proposed by the Historic Preservation Commission.

Secretary Board of Supervisors,

As a concerned citizen of San Francisco, I write to you today to express my strong support for Another Planet Entertainment (APE) and their proposed restoration of the Castro Theatre. I am CIS gender male with a gay orientation. I sustained a permanent disability from the injuries when a van hit me at the 14th & Mission intersection on March 23rd 2001. I was walking across Mission Street that day. A van driver hit me after he ran thru the red light at 14th Street.

Secretary Board of Supervisors,

I have been watching this evolve over the past few months and am strongly in favor of this renovation. The world has changed and the city needs to keep up with those changes. A full time movie house does not work in today's world of Netflix and chill.

The Castro has a history of digging their heals in to stop change and end up getting screwed in the end. Starbucks wanted to move to Market Street and a few people were up in arms over this. So, that building will be torn down and replace with condos and a retail component on the ground floor...probably a bank or mortgage company. The same thing happened on Market & Church when the vocal few balked at a Mexican restaurant going in to the former "Home" restaurant space. Condos went up and a bank went into the retail space.

Time and time again, when the neighborhood is inflexible, they end up with something worse than what they were fighting against. How many banks does the neighborhood need.

Too many of these old style theatres have been converted into gyms (The Alhambra Theatre on Polk) or condos (The Palace Theater in North Beach) or have been torn down (sadly, there are too many to list). Let's evolve with the times and make sure that the Castro Theatre is around for another 100 years.

Secretary Board of Supervisors,

It is crucial that APE's restoration be allowed to proceed. Without it - for there is no viable alternate plan - the theater will sit empty and be an enormous impediment to reviving the struggling neighborhood. With APE's restoration, there will be hope for a Castro renaissance.

I write to you today to express my strong support for Another Planet Entertainment (APE) and their proposed restoration of the Castro Theatre. It's been sad to see the Castro decline over time. I've lived in the Castro for many years and now live adjacent (in the Mission). Over time, the Castro has become less and less "fun." It feels rundown and sad. To The San Francisco Board of Supervisors

I would like to again voice my support for the APE Castro Theater renovation plan. APE has set out a clear and *elegant* solution to update the Theater so that it remains active and vital to the Castro community. In addition the renovation will repair failing infrastructure and add much needed upgrades long ignored and much needed.

With a nod to those opposed to the renovation, I can acknowledge some of their concerns. However reading APE's proposal and having met several times with APE it is clear that APE will be a more than a desirable caretaker for the Theater. Already they have presented and programmed "Castro Friendly" events. APE is prepared to invest \$15 million into the renovation and restoration of the Castro Theater.

The "Castro Conservancy" has vowed to raise similar funds but so far has nothing to show for their opposition efforts. And even if they were to raise the funds, which is highly unlikely, there is no guarantee that the Conservancy could properly manage and/maintain the Theater. And besides, the Nasser family has already said that they do not see a viable offer from the Conservancy.

The orchestra floor seats are **not** historic. They are only 20 years old. The current slope of the floor is **not** ADA compliant. APE has proposed to fix all of that and more. Allowing the Conservancy's argument to hold sway will damn the Theater to ruin, if not now than in the not too distant future. The Castro Theater is the "Heart of the Castro". If that heart stops beating then the Castro will cease to be the historic and thriving neighborhood it is today.

Change is necessary. Without it a City stagnates and dies. Things must evolve and change. Become better, even if different. I serveded on the Executive Board for the Eureka Valley Neighborhood Association for 12 years and heard the constant refrain of "this can't change; that can't change; the neighborhood isn't what it used to be." Yep! It ain't. it moves forward, it evolves. It is vital.

Let the Conservancy have its way and we'll have another Pottery Barn building in the Castro. Vacant, decaying and useless. Shameful. Don't let this happen to our Theater.

Supervisor Mandelman recently said to me, "I wish APE would consider partnering with a nonprofit". I didn't have time to follow up on that comment but I'm a little confused by it. APE has been and has agreed to in the future run Castro centric charity events. Does every private business have to have a nonprofit ingredient in their business plan?

Do the right thing: vote to overturn the decision to "save" the (20 year old) seats. Vote to support APE's renovation plan. Don't let the Theater die for the sake of some old chairs. Save the Seats, Kill the Theater.

Respectfully,

Secretary Board of Supervisors,

Why is it so difficult to get anything of value done in our City? If you don't do what us taxpayers are asking to be done, then we will get new leadership in 2024. We are fed up. As a concerned citizen of San Francisco, I write to you today to express my strong support for Another Planet Entertainment (APE) and their proposed restoration of the Castro Theatre.

This restoration work, which would ensure the future of the building as a live events and film space, is imperiled by the Land Use and Transportation Committee's amendment to the landmark designation for the theater. This amendment, requiring the Castro Theatre to preserve the "raked floor and fixed seating in a 'movie palace' style", will tether this private business to an outdated and unviable business model.

Another Planet has outlined a thoughtful renovation plan that includes accessibility and ventilation upgrades, restoring the art deco ceiling and chandelier, preserving the interior murals, and transitioning the orchestra level into a tiered floor to maintain existing seated programming such as film, lectures and choral performances, while allowing the venue to also be used for standing room concerts, celebratory events, and other community-focused programming.

Opponents of the renovation plan would like it to be thought that they speak for all Castro Merchants, film-lovers, members of the LGBTQ community, or neighborhood residents. They do not speak for me, and I strongly believe they do not speak for the majority of the aforementioned groups they claim to represent.

The renovation plan has strong support among Castro Merchants, various film festivals, members of the LGBTQ community, and neighborhood residents, who are excited to see a treasured neighborhood landmark preserved for future generations. I have faith that Another Planet Entertainment will be excellent stewards of not only the Castro Theatre, but also the rich history it represents to cinephiles, the LGBTQ Community, and the neighborhood.

Please vote to replace the "raked floor and fixed seating in a 'movie palace' style" language in the amended landmark designation with the original "presence of seating" language proposed by the Historic Preservation Commission.

Dear Supervisors:

We are long time residents of 61 Hartford Street, the street block adjacent to the Castro Theatre. We have lived in this historic victorian, the former Hartford Stret Zen Center AIDS Hospice since 1998. We have seen many changes in our neighborhood.

My husband Steve and I have attended many events at the Castro Theatre, and we have gotten to know the family business team that owns the Castro theatre, as well as many other merchants and business owners in the area.

I have been a CEO of multiple biotech companies, so I know what it is like to run an entrepreneurial business, and my current company, Nkarta Therapeutics, leases approx. 150,000 square feet of space in South San Francisco. Our 90,000 square foot building at 180 Veterans Boulevard is in the middle of a \$60MM renovation. Scary, risky, and worth it, if we are to discover and manufacture treatments for patients with cancer and other debilitating diseases and have a profound impact on their survival and quality of life. There are , however no guarantees in any business.

That APE, a family run business, is willing to invest \$15MM into our historic landmark, the Castro theatre is a big deal and a large and risky investment. No one else has stepped up in any manner close to this, and no non profit will ever be able to raise that amount of capital to RESTORE the original interior, and have a building capable of hosting many diverse events including movies.

Regardless of whether we have sat in the front 8 rows of the theatre in the 20 year old seats or not, we support the architectural plans to have seating, adjustable to open up the center for events other than unprofitable movies. We cherish the idea of having other events in the theatre, while being able to observe the restoration of the stage and walls and ceilings to their original glory. We cherish having a thriving event center, as well as movie theatre, to meet the needs of the changing neighborhood, city and local diverse community.

While APE is not partnered with a non- profit organization, we are certain such organizations will be able to enjoy the newly renovated venue as well, and we fail to see the significance of a need to partner with a non profit to appeal to a group of people desperately trying to preserve and old way of life that just no longer exists and will not survive in our current already crumbling city landscape.

Our city is in desperate need of urban planning to revitalize, refresh and restore a neighborhood brimming with activity and purpose. Our historic landmark, the Castro Theatre needs to remain open and viable as a business, much like how Cliff's Variety has morphed with the changing needs of our neighborhood and thrived, supported by young and old alike.

We would love to see young people return to our neighborhood, be able to afford to live and thrive here and enjoy a beautiful venue like the Castro Theatre. Please consider voting "Yes" to the renovation plans of this family run business. These folks have a very good track record of restoration of other venues, and the inaccuracies that swirl about the Bill Graham Center and its renovation are astounding.

APE is not a behemoth corporation looking to maximize profit and minimize innovation, it is a family business willing to invest in our neighborhood in a creative and successful way, preserving the history while updating the venue to change with the changing needs of our diverse and deserving community.

We will be attending the Biotechnology Innovation Organization international conference in Boston next week, so will miss the opportunity to attend the next hearing, but wanted to have our voices heard, none the less. Please consider our opinion as long time residents of the adjacent block to the Castro Theatre block, and Castro neighborhood loyalists.

All the best

Secretary Board of Supervisors,

I recently moved here because I was excited about being part of a queer community. I live on 14th st a few blocks from theater. I was sad to see the Castro theater underutilized. When I walk by it's doesn't ever look open. Im for bringing more People to the neighbors to support all the restaurants, retail

And bars.

Secretary Board of Supervisors,

Secretary Board of Supervisors,

Dear Supervisor,

As a devoted resident of San Francisco, I am compelled to express my unwavering support for Another Planet Entertainment (APE) and their proposed revitalization of the iconic Castro Theatre.

The future of this cherished building as a venue for live events and film screenings faces a significant obstacle in the form of the Land Use and Transportation Committee's amendment to the theater's landmark designation. By mandating the preservation of the "raked floor and fixed seating in a 'movie palace' style," this amendment threatens to hinder the theater's growth by binding it to an outdated and unsustainable business model.

APE has presented a comprehensive and considerate renovation strategy that encompasses accessibility and ventilation enhancements, restoration of the art deco ceiling and chandelier, conservation of the interior murals, and the conversion of the orchestra level into a tiered floor. This thoughtful design will support diverse programming, including film screenings, lectures, choral performances, standing room concerts, festive events, and a variety of community-centered activities.

It is crucial to note that those opposing the renovation plan do not represent the collective voice of Castro Merchants, film enthusiasts, the LGBTQ community, or local residents. I am confident that the majority of these groups do not share the dissenting views of the opposition.

The proposed plan has garnered substantial backing from Castro Merchants, multiple film festivals, members of the LGBTQ community, and neighborhood inhabitants, all of whom eagerly anticipate the preservation of this beloved local landmark for future generations. I firmly believe that Another Planet Entertainment will serve as exemplary custodians of the Castro Theatre and the rich cultural history it embodies for cinephiles, the LGBTQ community, and the surrounding neighborhood.

I respectfully request that you vote to replace the "raked floor and fixed seating in a 'movie palace' style" clause in the amended landmark designation with the original "presence of seating" provision as proposed by the Historic Preservation Commission.

Message: Dear

Dear Supervisor,

Item #20 of the June 6, 2023 San Francisco Board of Supervisors agenda, has 2 of the 7 appointees to the Cannabis Oversight Committee requiring residency waivers since they do not live in San Francisco.

San Francisco has a population of 808,437 according to census estimates from 2022 and over 500,000 registered voters.

Why are we bringing residents of other cities (who don't have to live with the consequences of their decisions) to sit on San Francisco commissions and oversee committees that directly affect the lives of San Franciscans?

I urge you to require that all people serving on San Francisco commissions and committees actually reside in San Francisco.

Thank you,

Dear Supervisor,

Item #20 of the June 6, 2023 San Francisco Board of Supervisors agenda, has 2 of the 7 appointees to the Cannabis Oversight Committee requiring residency waivers since they do not live in San Francisco.

San Francisco has a population of 808,437 according to census estimates from 2022 and over 500,000 registered voters.

Why are we bringing residents of other cities (who don't have to live with the consequences of their decisions) to sit on San Francisco commissions and oversee committees that directly affect the lives of San Franciscans?

I urge you to require that all people serving on San Francisco commissions and committees actually reside in San Francisco.

Thank you,

I oppose the plan to extend parking meter hours!

Message: Dear Supervisors, Mayor Breed, Mr. Tumlin and SFMTA Board Members,

I write to oppose the plan to extend parking meter hours and to support the Board of Supervisors' resolution 230587. Extending meter hours will negatively impact local businesses, discourage outof-town visitors and add financial stress to local residents who already feel the instability and impact of an impending recession.

San Franciscans and tourists visit neighborhood business districts in the evenings to relax, unwind, and share a meal with their loved ones. Expanded parking meter hours will burden potential customers (especially seniors, the disabled, and families) with an additional cost, detracting from their overall enjoyment and inhibiting them from such activities.

Meter hours until 10pm will materially impact restaurant and retail workers who will be feeding meters and spending 2 to 3 times more on parking. Many service employees live outside San Francisco, and public transportation is frequently not an option.

I sincerely hope the Board of Supervisors votes to reject this plan. Please consider the needs of our local businesses and residents, as well as the overall interests of San Francisco. Thank you for your careful consideration of this matter.

I write to oppose the plan to extend parking meter hours and to support the Board of Supervisors' resolution 230587. Dear Board of Supervisors,

I am writing to express my strong objection to the proposed extension of parking meter hours. As a resident of San Francisco, I believe this decision fails to consider the realities of our daily lives and the challenges we already face when it comes to finding parking.

Extending the meter hours will only add to the financial burden on residents and visitors who rely on street parking. It will disproportionately impact those who work non-traditional hours or have limited transportation options. Additionally, it could discourage people from visiting local businesses and hurt the city's economy.

Instead of imposing additional fees and restrictions, I urge the SFMTA to seek alternative solutions to address parking issues, such as improving public transportation options or expanding parking facilities.

I kindly request that you reconsider this proposal and prioritize the needs and concerns of the community when making decisions that directly impact our daily lives.

Thank you for your attention to this matter.

Sincerely, Christian Tinoco

Message: Dear Supervisors, Mayor Breed, Mr. Tumlin and SFMTA Board Members,

When I was younger and naive I never expected to be dependent on a car, I used to get a thrill watching Critical Mass pass my apartment. Now 14 surgeries, five years of chemotherapy, three pulmonary embolisms and a balance disorder later I am fully dependent on a car. During lockdown, which for me lasted much longer than non-high risk voters, The City became so much more difficult for those of us dependent on cars, I think we became so invisible that The City decided we don't exist and that closing roads to cars was great for everyone. We are forgotten and it is becoming increasingly difficult to remain here, my home. For instance, Downtown Nordstrom has a special program for breast cancer survivors like me who need prescription bras. It's not something a regular person would even know exists. I have to be remeasured every two years, didn't during lockdown and now have to this week because the store is closing. I would have gone sooner but to figure out how to get from a vehicle to the door of Nordstrom has been an issue since Market Street has been closed to cars. I can't help but wonder if a part of the reason the store and others downtown are suffering because disabled shoppers can't reach the stores by car. I now find myself writing to Nordstrom asking for them to please continue this program at

their Walnut Creek location where the lady who does the fitting is being transferred. As a San Franciscan it has become easier for me to drive out of San Francisco to run many of my errands. I have also lost the joy of JFK Blvd, we have safety concerns trying to get from our apartment to the hospital because with the gate up at Twin Peaks Boulevard with no space for tourists to park it becomes bottlenecked at our only neighborhood exit in the direction of the hospital, Twin Peaks Blvd and Burnett. There have been no compromises for those of us who are not a part of this "car free" local ideology and in order for me to stay in business, besides needing to drive, I can't publicly announce that I am disabled so I leave messages for my supervisor, try to debate and reason with people without being able to explain why a car is a requirement for me to manage my life and my job. Extending parking meter hours will not be a problem for me because I have a handicap placard but it is just another cog in the wheel of making San Francisco untenable and hostile to those of us who are a quiet minority but equally residents of our home that is San Francisco. Please step back, have a look at how many changes are being made that push us out, that push our spending out and how many of us there are. Maybe all of the Supervisors can be required to be car dependent for one week in order to be productive members of San Francisco to see how serious of an issue this is for so many of us who are met with hostility.

I write to oppose the plan to extend parking meter hours and to support the Board of Supervisors' resolution 230587. Extending meter hours will negatively impact local businesses, discourage out-of-town visitors and add financial stress to local residents who already feel the instability and impact of an impending recession.

San Franciscans and tourists visit neighborhood business districts in the evenings to relax, unwind, and share a meal with their loved ones. Expanded parking meter hours will burden potential customers (especially seniors, the disabled, and families) with an additional cost, detracting from their overall enjoyment and inhibiting them from such activities.

Meter hours until 10pm will materially impact restaurant and retail workers who will be feeding meters and spending 2 to 3 times more on parking. Many service employees live outside San Francisco, and public transportation is frequently not an option.

If we want to boost our local economy and revitalize restaurants and tourist areas, we need to incentivize evening and Sunday customers, take care of workers, and not pile on additional costs at a time when rents and the price of food and necessary items are already so high.

I sincerely hope the Board of Supervisors votes to reject this plan. Please consider the needs of our local businesses and residents, as well as the overall interests of San Francisco. Thank you for your careful consideration of this matter.

Dear Board of Supervisors,

I am writing to express my strong objection to the proposed extension of parking meter hours. As a resident of San Francisco, I believe this decision fails to consider the realities of our daily lives and the challenges we already face when it comes to finding parking.

Extending the meter hours will only add to the financial burden on residents and visitors who rely on street parking. It will disproportionately impact those who work non-traditional hours or have limited transportation options. Additionally, it could discourage people from visiting local businesses and hurt the city's economy.

Instead of imposing additional fees and restrictions, I urge the SFMTA to seek alternative solutions to address parking issues, such as improving public transportation options or expanding parking facilities.

I kindly request that you reconsider this proposal and prioritize the needs and concerns of the community when making decisions that directly impact our daily lives.

Thank you for your attention to this matter

Sincerely, robin gray

I oppose the plan to extend parking meter hours!

Message: Dear Supervisors, Mayor Breed, Mr. Tumlin and

SFMTA Board Members,

I write to oppose the plan to extend parking meter hours and to support the Board of Supervisors' resolution 230587. Extending meter hours will negatively impact local businesses, discourage out-of-town visitors and add financial stress to local residents who already feel the instability and impact of an impending recession.

San Franciscans and tourists visit neighborhood business districts in the evenings to relax, unwind, and share a meal with their loved ones. Expanded parking meter hours will burden potential customers (especially seniors, the disabled, and families) with an additional cost, detracting from their overall enjoyment and inhibiting them from such activities.

Meter hours until 10pm will materially impact restaurant and retail workers who will be feeding meters and spending 2 to 3 times more on parking. Many service employees live outside San Francisco, and public transportation is frequently not an option.

If we want to boost our local economy and revitalize restaurants and tourist areas, we need to incentivize evening and Sunday customers, take care of workers, and not pile on additional costs at a time when rents and the price of food and necessary items are already so high.

I sincerely hope the Board of Supervisors votes to reject this plan. Please consider the needs of our local businesses and residents, as well as the overall interests of San Francisco. Thank you for your careful consideration of this matter.

Mayor Breed and Supervisors: You must take immediate action to end the destruction of San Francisco's retail and business centers!

Message:

Dear Mayor Breed and Supervisors,

We are calling on you TO TAKE IMMEDIATE ACTION to end the destruction of our retail and business centers.

Old Navy is closing its flagship store in San Francisco. Nordstrom is closing two stores in downtown San Francisco. Union Square is dying. Which major retailer will be next: Bloomingdale's, Macy's, Saks 5th Ave, Neiman Marcus? Our iconic cable cars will soon be transporting tourists to a vacant, blighted downtown. And then those visitors will stop coming. Our city is in a precarious downward spiral, and you must act now to stop it.

As Nordstrom noted in their departure announcement:

"[Unibail-Rodamco-Westfield] has actively engaged with city leaders for many years to express our serious concerns, which are shared by our customers and retailers. We have urged the city to find solutions to the key issues and lack of enforcement against rampant criminal activity,"

As San Franciscans who care deeply about our city, we are providing you with a short list of concrete actions which we believe will not only help deter additional retailers from leaving our city, but will improve the overall quality of life of all SF residents. This list is just a beginning:

- 1. Even under Prop 47 and Martin v. Boise, it is illegal to shoplift, sell drugs, possess drugs, and otherwise engage in disorderly behavior in public. Mayor Breed, you have the power right now to instruct the Police Department to deploy 100 officers to the Tenderloin and arrest every single person publicly consuming narcotics or possessing a sufficient amount of narcotics to qualify for a sale charge. Do this every day for a month. Again, even with Prop. 47, these are both still crimes that are punishable by up to six months to a year in county jail -- and sometimes more. Even if a judge releases the offender immediately, if you were to commit to doing this every day for a month, the real penalty would be that anyone selling or using drugs in public would get about two hours of freedom per day until they were arrested again. The message would eventually go out that San Francisco is no longer a destination for drug tourism but a place where laws are enforced, and illegal drugs and cash are almost immediately confiscated. Downtown would clear up pretty quickly.
- 2. Until they can be removed by ballot initiative or term-ends, we call on the Board of Supervisors to publicly pressure the anti-police Police Commissioners to revise their bias against law-and-order and better understand the realities of police work and the real-world implications of the policy decisions they make. The rules and strictures they have imposed on police operations over the last few years are in large part responsible for this mess. This crisis has authors. Remove them and replace them with commissioners who will help our severely understaffed department become more effective, not drown our officers in paperwork or instruct them to stop enforcing the law.
- 3. The city's tax base is disappearing. We demand that you slash \$2 billion from the budget immediately. This can be achieved by reducing staff across the board, ending perks, waste, and redundancies, terminating relationships with corrupt non-profits (how much was paid last year to ineffective or non-existent non-profits?), and suspending all raises until you pull the city from the shambles it is in.

(Note: the budget for Police and Fire Departments should be maintained or increased, as they are critical to fixing our problems.)

- 4. Immediately reinstate the Homeward Bound bus ticket program.
- 5. Terminate the head of HSH and hire a shelter-first advocate who will strive to dramatically reduce the number of people living on the streets rather than maintain the status quo.
- 6. Immediately exempt fentanyl dealers from Sanctuary protection.

No more excuses. This complete dereliction of duty must end today.

For those of you who lack sympathy for large, chain businesses, remember two things: They don't need San Francisco as much as San Francisco needs them, and as anchor tenants to malls and downtown centers, they are the power behind which all of the other area retailers draft. That means jobs, enhanced safety, increased street activity, and tax revenue.

We are regular San Franciscans who are demanding a functional city government. We successfully recalled a dangerous DA and an incompetent Board of Education. Your failure to govern is both outrageous and unacceptable. Your constituents will hold you accountable.

San Francisco Board of Supervisors 1 Dr. Carlton B. Goodlett Place San Francisco, CA 94102

Dear San Francisco Board of Supervisors,

I am writing from the Bayanihan Equity Center (BEC), an organization serving San Francisco older adults, adults with a disability and families since 1999. BEC created the Supplemental Grocery Program (SGP), a temporary food access program, which launched in May 2020, to address the food insecurity faced by the populations we serve at the onset of the pandemic.

SGP serves 200 households twice a month and provides shelf-stable, culturally-appropriate groceries. BEC partners with other community-based organizations, such as the Filipino Community Center in the Excelsior, the FEC-Galing Bata Afterschool Program in the South of Market, and the Lao Seri Association in the Tenderloin. Three years since the inception of the SGP, BEC clients continue to voice the need for food access services. We collected statements on the impact of the SGP, and here a are a few I would like to share:

- 1. Uraivan, a 72-year-old living in District 9 says: "Food costs so much more this year. Milk used to be four dollars, now it's six. Eggs and rice too...The SGP is something special for us every two weeks. We save and make sure we don't use it up too fast. It is very important for us."
- 2. Sengchan, a 40-year-old living in District 8 with a family of five says: "I get food stamps for my children and that really helps, but now everything is so expensive and I can't manage to feed my family properly without the SGP. It helps a lot."
- 3. Albert, a 44-year-old living in District 3 with a family of five says: "This supplemental grocery is very helpful to our family. It sustains our basic life needs and helps to complete our daily meal and snacks for the kids."

I urge you to champion funding for Citywide food security programs, because inflation and unemployment has gravely impacted the people that we serve. Food is essential, and food security stabilizes the community.

Sincerely,

Mary Roque

Subject: Budget - Protect Baby Prop C

Date: Saturday, June 3, 2023 11:10:17 PM

This message is from outside the City email system. Do not open links or attachments from untrusted sources

Hello Supervisors,

We need you to vote NO on both of the Mayor's proposals regarding Baby C. As a San Franciscan and child care advocate, I am concerned about the future of our Baby Prop C.

In 2018, we rallied at City Hall in support of Baby Prop C, to create a dedicated fund for our historically underfunded and under-resourced child care system and educators. Later that year, the voters of San Francisco made their voices heard, passing Baby Prop C at the ballot box and giving hope to families and child care providers across the city.

Now, after years of legal challenges rendered Baby Prop C funds unable to be spent until just recently, the City and County, facing a large budget deficit, is considering taking Baby Prop C funding away from our infants and toddlers to balance the budget on the backs of babies.

There are proposed changes to Baby Prop C that could take away \$150 million from child care over the next seven years, and the community that passed this proposition has not had the chance to weigh in. These stand in direct opposition to what the voters approved: dedicated funding for children ages 0-5 to support their most critical period of growth and development and build access to high-quality care and education creating a lasting impact on their future success and well-being.

It is also worrisome that these proposals are happening at a time when our economy is in flux, and we know that child care is a proven economic driver. According to the Federal Reserve Bank of SF, research suggests returns of 18-20% on investment in early childhood education, through reduced social costs, higher tax revenue, and a more productive workforce.

On behalf of parents, families and the infants and toddlers who cannot speak for themselves across San Francisco, I ask that you stand up to protect Baby Prop C this budget season and do not entertain either proposal.

Thank you

Dear Mayor Breed and Board of Supervisors,

I am writing to express my strong support for the continuation of Proposition C and to encourage you to explore alternative solutions within the city's budget to address the current deficit.

Proposition C, with its focus on utilizing a tax on commercial rents to fund child care and education, has played a vital role in enhancing the well-being of our community. Its impact on providing scholarships, free professional development, and annual stipends for teachers at early learning institutions is extremely important.

Our school, Phoebe Hearst Preschool, is applying to become an Early Learning Scholarship Program, and I hope that you and the City Supervisors can recognize the significance of early childhood education in shaping the future of our city.

While I understand the challenges posed by the current deficit, I firmly believe that diverting funds from the Early Learning Scholarship Program would hinder the progress made in providing quality education and care for our youngest residents. The long-term benefits of investing in early childhood development far outweigh short-term fiscal challenges.

Instead of redirecting funds from Proposition C, I urge you to explore alternative avenues within the city's budget to address the deficit. Prioritizing expenditure reviews, identifying areas for cost-saving measures, and exploring potential sources of revenue can help bridge the gap without compromising the essential services and programs that benefit our community.

Furthermore, I encourage you to engage in open dialogue with community stakeholders, including educators, parents, and child care providers, to gather their input and ideas. Collaboration and partnership between the city administration and the community are crucial for finding innovative solutions that maintain the integrity of programs like Proposition C while addressing the fiscal challenges.

I believe that by collectively striving towards a solution that protects the integrity of essential programs like Proposition C while finding alternative ways to address the deficit, we can ensure a brighter future for our city and its youngest residents.

Thank you for your attention to this matter, and for considering the voices of the community in your decision-making process. I have faith in your leadership and your commitment to the well-being of our city.

Its impact on providing scholarships, free professional development, and annual stipends for teachers at early learning institutions is extremely important.

Our school, Phoebe Hearst Preschool, is applying to become an Early Learning Scholarship Program, and I hope that you and the City Supervisors can recognize the significance of early childhood education in shaping the future of our city.

While I understand the challenges posed by the current deficit, I firmly believe that diverting funds from the Early Learning Scholarship Program would hinder the progress made in providing quality education and care for our youngest residents. The long-term benefits of investing in early childhood development far outweigh short-term fiscal challenges.

Instead of redirecting funds from Proposition C, I urge you to explore alternative avenues within the city's budget to address the deficit. Prioritizing expenditure reviews, identifying areas for cost-saving measures, and exploring potential sources of revenue can help bridge the gap without compromising the essential services and programs that benefit our community.

Furthermore, I encourage you to engage in open dialogue with community stakeholders, including educators, parents, and child care providers, to gather their input and ideas. Collaboration and partnership between the city administration and the community are crucial for finding innovative

solutions that maintain the integrity of programs like Proposition C while addressing the fiscal challenges.

I believe that by collectively striving towards a solution that protects the integrity of essential programs like Proposition C while finding alternative ways to address the deficit, we can ensure a brighter future for our city and its youngest residents.

Thank you for your attention to this matter, and for considering the voices of the community in your decision-making process. I have faith in your leadership and your commitment to the well-being of our city.

Sincerely,

Olga Zilberbourg

Dear Clerk Angela Cavillo,

Please help forward this letter to the board of supervisors.

Thank you,

Dear Board of Supervisors,

My name is Dolly Ramos and I am a resident of D6 for 3 years now and a worker at BEC also in D6 for 8 years. I would like to ask for your support for the much needed resources to fight food insecurity.

BEC remained open during the height of the pandemic. We started working from home when shelter in place was mandated but we were always working in person in the office on Thursdays despite our own safety concerns to be able to provide groceries to our community. All of our other programs were paused or migrated to online and phone-assistance but we never once closed our door of our food distributions. As a BEC staff member and one of the coordinators of our food programs, I saw first hand the increase in the numbers of families who became food insecure, signing up for and accessing our programs. Families who still experience food insecurity till now because of calfresh benefit cuts, inflation of grocery prices and job instabilities.

In this year alone, BEC provided about 4800 bags through our SGP program funded by HSA and about 3500 bags through Immigrant food assistance program in partnership with SFMFB. We still continue to receive weekly if not daily inquiries from your constituents on how to sign up for food programs. We ask for your help for us to be able to continue to feed our communities.

I am asking you to listen to the community. We urge you to champion the much needed, coordinated and effective community-led food security programs that have been feeding our City. Please fund food in SF.

Thank you, Dolly Ramos From: Board of Supervisors (BOS) on behalf of Board of Supervisors, (BOS)

Subject: City Budget Public Comment: San Francisco Needs to Fund Solutions to End the Drug Crisis in This Year's Budget

Date: Thursday, June 8, 2023 1:54:54 PM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear Board of Supervisors,

I'm a San Francisco resident who sees the fentanyl-fueled drug epidemic as the main issue our elected leaders need to solve. This crisis is linked to all of the problems San Francisco faces, including homelessness, mental health, public safety, and economic vitality. You must make ending open-air drug markets and funding more city-sponsored recovery programs the main priorities of this year's budget.

It's encouraging to see elected officials at the local, state, and federal level call for coordination to close drug markets in San Francisco. To ensure these calls for action are effective, there must be a senior official appointed by the Mayor who is responsible for and empowered to bring all necessary resources together to permanently disrupt drug markets. I look forward to seeing a robust strategy and plan to disrupt drug dealing in our community.

The Board of Supervisors must ensure that Mayor Breed's public safety investments remain in the final budget. The proposed budget funds our community's law enforcement requests, and I'm grateful for the Mayor's responsiveness to our community's calls for action. Funding to meet the recommended number of sworn SFPD officers, adding staffing aides to allow officers to answer high-priority calls, and investment in personnel training and narcotics equipment will make a real difference in law enforcement's efforts to close San Francisco's open-air drug markets.

The Mayor and Board of Supervisors must ensure the budget reflects an investment in closing the gaps San Francisco has for delivering true treatment on demand for recovery services. Mayor Breed's proposed budget funds a number of our community's demands, like expanding completely drug-free therapeutic teaching communities for justice involved people, expanding the capacity of the Billie Holiday Center to serve more justice involved people, funding 50 new dual diagnosis treatment beds, and making it easier for recovery service providers to offer competitive jobs.

But true treatment on demand enables people to recover from substance use disorder. This means that anyone who wants treatment gets it immediately, with no one forced to wait on the street or in jail. San Francisco needs to deliver a continuum of care, from harm reduction as the baseline to full recovery as the goal—I'm not confident that the proposed budget investments make the right choices to fully close the current gaps.

Funding must be provided to bolster intake center capacity. The current system for getting those who request treatment into recovery programs is a patchwork of hotlines and street response teams that result in people waiting for days. While it's encouraging to see that there's a new stabilization center planned for 2024, it must have enough beds and a guarantee that people can enter it once they request treatment, then efficiently directed to the appropriate in-patient treatment program. We also need more significant investments in in-patient treatment programs that have recovery as the goal.

Finally, I'm concerned that spending \$18.9 million in opioid settlement funds for three Wellness Hubs isn't the best use of this money, as Wellness Hubs are intended to provide overdose prevention, overdose reversals, and safe consumption sites. Overdose prevention and reversals are critical, but other city services already offer these more efficiently. This money should be directed to services like SoMa RISE that will help people get healthy and sheltered—sober hotels, intake centers, and more drug treatment beds.

Again, I'm grateful to Mayor London Breed for taking steps to end San Francisco's drug crisis with this proposed budget. I know completely eradicating drug use is unrealistic. But City Hall has the opportunity to improve the lives

of all San Franciscans by slowing the rate of overdoses as well as reducing the open-air drug sales and drug use that are eroding our city. Ensure this happens by fully funding these priorities in the next budget.

Board Of Supervisors,

I'm a San Francisco resident who sees a failure by our elected officials to address the fentanyl-fueled drug epidemic that is devastating our city. You must make ending open-air drug markets and funding more city-sponsored recovery programs the main priority of this year's budget cycle. In addition:

我是一名三藩市的居民。我親眼目睹著由於我們民選官員的失敗而造成以芬太尼為主的毒品濫用正在摧毀著我們的城市。毒品流行與三藩市面臨的所有問題有關,包括無家可歸、精神健康、公共安全和經濟活力。您必須把結束露天毒品市場和資助更多市政府引導的戒毒康復項目作為今年預算週期的主要優先事項。

為了確保持續的行動,我要求您在來年的預算中包括以下內容:

執法部門:地區檢察官和警察局必須共同努力,逮捕和起訴三藩市的毒販,並與州和聯邦執法部門協調,打擊將毒品帶入三藩市的販毒集團。

市政府資助的戒毒康復項目:成功戒毒必須是目標。市政府各部門需要跨職能開展工作以實現這一目標,以便讓吸毒者有機會過上健康的生活並減少對街頭毒品的需求。

我知道完全根除吸毒是不现实的。我要求的是明显减少正在侵蚀我们城市的露天毒品销售和毒品使用。三藩市應該是一個居民和遊客不受公開毒品市場影響的地方。

Dear Board of Supervisors,

I'm a San Francisco resident who sees a failure by our elected officials to address the fentanyl-fueled drug epidemic that is devastating our city. The drug epidemic is linked to all of the problems San Francisco faces, including homelessness, mental health, public safety, and economic vitality. You must make ending open-air drug markets and funding more city-sponsored recovery programs the main priority of this year's budget cycle.

We thank Mayor London Breed, Governor Gavin Newsom, District Attorney Brooke Jenkins and Speaker Emerita Nancy Pelosi for working together on State and Federal law enforcement coordination; and appreciate those members of the Board of Supervisors who have been vocally supportive of these efforts. We ask for continued cooperation and coordination with state and federal agencies to permanently eradicate open-air drug markets.

In order to ensure sustained action, I'm demanding that you include the following in the next budget:

Law Enforcement: The District Attorney and the Police Department must work together to arrest and prosecute drug dealers in San Francisco, as well as coordinate with state and federal law enforcement to address cartels bringing drugs to the city. The city can ensure this happens by including the following in the next budget:

- Funding to eventually meet the recommended number of 2,182 sworn officers
- Enough academy classes to meet that goal with new officers
- Enough police staffing aides to allow officers to answer high-priority calls
- Enough additional officers this coming year to make Operation Disruption permanent in high drug trafficking areas, including the Tenderloin, Southern, and Mission Stations
- Investment in personnel training and narcotics equipment to effectively close the open air drug markets
- Funding for a nationwide recruitment search with a focus on lateral hires to expedite hiring

- Creating 24/7 pickup vans for people seeking to enter drug treatment programs, and 24/7 intake centers where they can go for initial screening
- Stabilization centers with a minimum stay time and on-site medical staff, where people can stay temporarily before entering longer-term drug treatment programs
- Improving access to recovery beds to meet the city's obligation to provide drug treatment on demand:
 - Increase the number of residential drug treatment beds
- Increase the number of step-down beds, a vital component of the services spectrum where people re-learn skills for independent living before entering permanent housing
- Offer recovery options that are completely drug-free
- Offer more secure mental health beds so people who need care aren't forced to stay in jail or return to the streets
- Make employment as a member of program staff more sustainable and rewarding:
 - Increase staffing capacity through reassignments to match program expansion
 - Additional funding to address the staffing shortage of licensed staff/behavioral nurses
 - Address the pay gap between nonprofit and city licensed behavioral staff

- Enough academy classes to meet that goal with new officers
- Enough police staffing aides to allow officers to answer high-priority calls
- Enough additional officers this coming year to make Operation Disruption permanent in high drug trafficking areas, including the Tenderloin, Southern, and Mission Stations
- Investment in personnel training and narcotics equipment to effectively close the open air drug markets
- Funding for a nationwide recruitment search with a focus on lateral hires to expedite hiring

- Creating 24/7 pickup vans for people seeking to enter drug treatment programs, and 24/7 intake centers where they can go for initial screening
- Stabilization centers with a minimum stay time and on-site medical staff, where people can stay temporarily before entering longer-term drug treatment programs
- Improving access to recovery beds to meet the city's obligation to provide drug treatment on demand:
 - Increase the number of residential drug treatment beds
- Increase the number of step-down beds, a vital component of the services spectrum where people re-learn skills for independent living before entering permanent housing
- Offer recovery options that are completely drug-free
- Offer more secure mental health beds so people who need care aren't forced to stay in jail or return to the streets
- Make employment as a member of program staff more sustainable and rewarding:
 - Increase staffing capacity through reassignments to match program expansion
 - Additional funding to address the staffing shortage of licensed staff/behavioral nurses
 - Address the pay gap between nonprofit and city licensed behavioral staff

Dear Board of Supervisors,

I'm a San Francisco resident who sees a failure by our elected officials to address the fentanyl-fueled drug epidemic that is devastating our city. The drug epidemic is linked to all of the problems San Francisco faces, including homelessness, mental health, public safety, and economic vitality. You must make ending open-air drug markets and funding more city-sponsored recovery programs the main priority of this year's budget cycle.

We thank Mayor London Breed, Governor Gavin Newsom, District Attorney Brooke Jenkins and Speaker Emerita Nancy Pelosi for working together on State and Federal law enforcement coordination; and appreciate those members of the Board of Supervisors who have been vocally supportive of these efforts. We ask for continued cooperation and coordination with state and federal agencies to permanently eradicate open-air drug markets.

In order to ensure sustained action, I'm demanding that you include the following in the next budget:

Law Enforcement: The District Attorney and the Police Department must work together to arrest and prosecute drug dealers in San Francisco, as well as coordinate with state and federal law enforcement to address cartels bringing drugs to the city. The city can ensure this happens by including the following in the next budget:

- Funding to eventually meet the recommended number of 2,182 sworn officers
- Enough academy classes to meet that goal with new officers
- Enough police staffing aides to allow officers to answer high-priority calls
- Enough additional officers this coming year to make Operation Disruption permanent in high drug trafficking areas, including the Tenderloin, Southern, and Mission Stations
- Investment in personnel training and narcotics equipment to effectively close the open air drug markets
- Funding for a nationwide recruitment search with a focus on lateral hires to expedite hiring

Dear Board of Supervisors,

I'm a San Francisco resident who sees a failure by our elected officials to address the fentanyl-fueled drug epidemic that is devastating our city. The drug epidemic is linked to all of the problems San Francisco faces, including homelessness, mental health, public safety, and economic vitality. You must make ending open-air drug markets and funding more city-sponsored recovery programs the main priority of this year's budget cycle.

We thank Mayor London Breed, Governor Gavin Newsom, District Attorney Brooke Jenkins and Speaker Emerita Nancy Pelosi for working together on State and Federal law enforcement coordination; and appreciate those members of the Board of Supervisors who have been vocally supportive of these efforts. We ask for continued cooperation and coordination with state and federal agencies to permanently eradicate open-air drug markets.

In order to ensure sustained action, I'm demanding that you include the following in the next budget:

Law Enforcement: The District Attorney and the Police Department must work together to arrest and prosecute drug dealers in San Francisco, as well as coordinate with state and federal law enforcement to address cartels bringing drugs to the city. The city can ensure this happens by including the following in the next budget:

- Funding to eventually meet the recommended number of 2,182 sworn officers
- Enough academy classes to meet that goal with new officers
- Enough police staffing aides to allow officers to answer high-priority calls
- Enough additional officers this coming year to make Operation Disruption permanent in high drug trafficking areas, including the Tenderloin, Southern, and Mission Stations
- Investment in personnel training and narcotics equipment to effectively close the open air drug markets
- Funding for a nationwide recruitment search with a focus on lateral hires to expedite hiring

- Creating 24/7 pickup vans for people seeking to enter drug treatment programs, and 24/7 intake centers where they can go for initial screening
- Stabilization centers with a minimum stay time and on-site medical staff, where people can stay temporarily before entering longer-term drug treatment programs
- Improving access to recovery beds to meet the city's obligation to provide drug treatment on demand:
 - Increase the number of residential drug treatment beds
- Increase the number of step-down beds, a vital component of the services spectrum where people re-learn skills for independent living before entering permanent housing
- Offer recovery options that are completely drug-free

City-Sponsored Recovery Programs: Recovery has to be the goal. City departments need to work cross-functionally to make this happen in order to give users the chance to live healthy lives and shrink demand for drugs on the street. This means funding true treatment on demand in the next budget, which includes:

- Creating 24/7 pickup vans for people seeking to enter drug treatment programs, and 24/7 intake centers where they can go for initial screening
- Stabilization centers with a minimum stay time and on-site medical staff, where people can stay temporarily before entering longer-term drug treatment programs

I know that completely eradicating drug use is unrealistic. What I'm demanding is a visible reduction in the open-air drug sales and drug use that is eroding our city. San Francisco should be a place where those who are not involved in drug sales and drug use are not negatively impacted by drug sales and drug use.

The drug epidemic is linked to all of the problems San Francisco faces, including homelessness, mental health, public safety, and economic vitality. You must make ending open-air drug markets and funding more city-sponsored recovery programs the main priority of this year's budget cycle.

We thank Mayor London Breed, Governor Gavin Newsom, District Attorney Brooke Jenkins and Speaker Emerita Nancy Pelosi for working together on State and Federal law enforcement coordination; and appreciate those members of the Board of Supervisors who have been vocally supportive of these efforts. We ask for continued cooperation and coordination with state and federal agencies to permanently eradicate open-air drug markets.

In order to ensure sustained action, I'm demanding that you include the following in the next budget:

Law Enforcement: The District Attorney and the Police Department must work together to arrest and prosecute drug dealers in San Francisco, as well as coordinate with state and federal law enforcement to address cartels bringing drugs to the city. The city can ensure this happens by including the following in the next budget:

- Funding to eventually meet the recommended number of 2,182 sworn officers
- Enough academy classes to meet that goal with new officers
- Enough police staffing aides to allow officers to answer high-priority calls
- Enough additional officers this coming year to make Operation Disruption permanent in high drug trafficking areas, including the Tenderloin, Southern, and Mission Stations
- Investment in personnel training and narcotics equipment to effectively close the open air drug markets
- Funding for a nationwide recruitment search with a focus on lateral hires to expedite hiring

City-Sponsored Recovery Programs: Recovery has to be the goal. City departments need to work cross-functionally to make this happen in order to give users the chance to live healthy lives and shrink demand for drugs on the street. This means funding true treatment on demand in the next budget, which includes:

- Creating 24/7 pickup vans for people seeking to enter drug treatment programs, and 24/7 intake centers where they can go for initial screening
- Stabilization centers with a minimum stay time and on-site medical staff, where people can stay temporarily before entering longer-term drug treatment programs
- Improving access to recovery beds to meet the city's obligation to provide drug treatment on demand:
 - Increase the number of residential drug treatment beds
- Increase the number of step-down beds, a vital component of the services spectrum where people re-learn skills for independent living before entering permanent housing
- Offer recovery options that are completely drug-free
- Offer more secure mental health beds so people who need care aren't forced to stay in jail or return to the streets
- Make employment as a member of program staff more sustainable and rewarding:
 - Increase staffing capacity through reassignments to match program expansion
 - Additional funding to address the staffing shortage of licensed staff/behavioral nurses
 - Address the pay gap between nonprofit and city licensed behavioral staff

I know that completely eradicating drug use is unrealistic. What I'm demanding is a visible reduction in the open-air drug sales and drug use that is eroding our city. San Francisco should be a place where those who are not involved in drug sales and drug use are not negatively impacted by drug sales and drug use.

Dear City Officials,

Please understand that a failure to keep sand off and away from the road shoulders of the Upper Great Highway on Sundays will result in sand covering the western lane in the southbound direction every single Monday morning. There will also be sand in the lanes by the curbs on both sides of the median.

This happens due to foot traffic accessing the beach over hills of sand piled on the road shoulders just above the western curb. That foot traffic begins Friday at noon and doesn't stop until nightfall on Sunday. This began with the 2020 closure of the Great Highway and continues each and every 3-day weekend.

It would work better to pay a crew the overtime to clear the southbound and on Sunday. The people recreating have more than enough room to use the paved pedestrian walkway, the 2 northbound lanes and the one southbound lane, and to go around whatever work is being done to remove sand. They do this during the weekdays when you close it.

Sunday sand removal might reduce the amount of days and money necessary to keep the road clear between Monday and Friday. More than one dump truck and one loader would probably be needed to start and finish in the same day, which shouldn't be difficult on a Sunday when that equipment is likely not being used elsewhere.

The latest plan to promptly close the Highway at 9:00 AM on weekdays to clear sand does not take into account the heavy traffic that is present through at least 10:30 AM and which floods the residential streets in the southbound direction, especially the Lower Great Highway and the other Avenues east of it. There are thousands of diverted vehicles driving at this time, although there are even more earlier between 6:00-9:00 AM. Last week the highway was closed for 12-13 daylight weekday hours.

It also doesn't work to have a loader pile sand high next to the road shoulder which took place today and previously. (Photos attached.)

Please consider this suggestion and at least give it a try on Sundays, and include clearing the road shoulders.

Attached are some photos of foot traffic on weekends that is causing sand to block the Highway's lanes, while simultaneously causing erosion of the fragile dunes and destruction of the Wildlife Refuge that is a dedicated sanctuary to help a protected endangered species survive.

Dear Mayor Breed, President Peskin, and Members of the Board of Supervisors,

I am writing to urge you to support funding Option 3 of the San Francisco Department of Public Works' Upper Great Highway Sand Management Plan ("the Plan"). Option 3 of the Plan will regularly maintain the Great Highway between Lincoln Way and Sloat Blvd., and will keep it open for vehicular use every Monday at 6:00 AM through Friday at noon, with the exception of specific legal holidays, through December 31, 2025, as mandated by Ordinance 220875.

I join other community groups and many others who use the Upper Great Highway in supporting funding Option 3 of the Plan, submitted to the San Francisco Board of Supervisors on March 22, 2023.

I also support Public Works' request to the Recreation and Parks Department that they provide a place to park Public Works' sand removal equipment overnight close to the Upper Great Highway to enable the mandated regular maintenance. Due to inadequate sand removal, all lanes of the Upper Great Highway have not been open to motor vehicle traffic for more than ten days since January 1, 2023.

I respectfully request Mayor London Breed and the Board of Supervisors take the necessary steps to enable and enforce the conditions of the Upper Great Highway Pilot Project and Ordinance 220875, approved December 22, 2022, effective January 22, 2023, and disregard any data collected relating to usage of the Upper Great Highway until it is consistently open during weekdays and all maintenance conditions are met.

Thank you for your consideration of this request.

Sincerely,

Jane Dunlap Sunset District Resident

Another enormous new RV pulled up on Lower Great Highway this morning between Judah and Kirkham, joining the other recent additions that haven't moved for months. I spoke to the driver. He said exactly this:

"My friends who own these other RV's told me to come down to the lower great highway because we can park and live here without getting hassled by parking enforcement and police. So I'm going to park here until someone requires me to move, and then I'll move to the next block."

This vehicle had a human sized naked mannequin in the front passenger seat next to the driver. Seeing and knowing that these vehicles are parked illegally outside of these homes where young families with little kids live and walk the streets to school, passing by active drug use, trash disposal, and illegal activity, with no repercussions or removal enforcement whatsoever, is painfully disappointing as a resident of this great city and homeowner on this block. This vehicle owner couldn't have been more clear about his intentions. The message is out and getting cascaded across the city that this is okay, without punishment or rule enforcement whatsoever.

Based on what I heard today, I can't help but to think it's just a matter of time before we will wake up and every single space on LGH will have a large, illegally parked RV community of people bumper to bumper, that want to live near the beach, on their own terms, by their own set of rules, with the expectation of no enforcement. This systemic issue really hit home this morning. Today is a sad day for our city and our city leadership.

The only way we can discourage our neighborhood from becoming a RV encampment slum as so many other communities have is by enforcing our posted parking regulations. We should not neglect enforcement and by ticketing encourage these scofflaws to move to a legal camp area, THAT DO EXIST (see Google)

Please take action tonight.

San Francisco Board of Supervisors and Department of Homelessness;

Attached you will find two files. The introduction is using your city and Phoenix as examples of how not to deal with homelessness from a fiscal and functional standpoint respectively. The information I have comes from the San Francisco Chronical and the Arizona Republic. The proposal itself should be self-explanatory. Feel free to contact, Greg

Greg Doepker gregdoepker@live.com 602.558.5794 602.909.2962

To whom it may concern:

The two attached files are emails that went out to the reporter for the Arizona Republic and the main reporting desk for the San Francisco Chronical. The other attached file is a proposal that I have been sitting on for the past 4 years concerning how to partially deal with the homeless crisis.

For an abridged history Phoenix started on May 10 to start clearing out the homeless encampment known as the zone. Last year the city stated there were approximately 1100 people living there and yet states there are around 900 people now, even though it is approximately 25% larger. According to a front-page article in the Republic, the homelessness department doesn't have the resources to accommodate the population as required in a lawsuit filed by business owners in the area.

The front- page article I read in the San Francisco Chronical states the city homeless department is requesting \$620 million for the first five years to primarily deal with the street homeless crisis. Like Phoenix, all the department can do is assess the population and approximate cost with absolutely no plan. Then after the first five years it would be another \$220 million per year with the outcome being only a 15% reduction in the total homeless population. And that is being thrown on top of a fiscal situation that all city departments might have a 10% reduction in their budgets.

And what I find interesting is almost all programs that are being proposed are nothing more then human warehousing projects. Homelessness is not a housing issue, it is a human issue with a housing component to it. Until the system realizes that, the paradigm in homelessness will not reverse.

Sincerely, Greg Doepker

602.558.5794 602.909.2962

gregdoepker@live.com

To whom it may concern;

My name is Greg Doepker and I experienced homelessness on and off for three and a half years ending in the spring of 2022. I have debated how to compose this document and have determined it will be the proverbial elevator pitch of a proposal with my personal experience and observations.

Homelessness can be categorized in two ways as either sheltered or unsheltered. I have observed that those in the sheltered environment such as Central Arizona Shelter Services are more in a transition, as where those on the street are experiencing chronic homelessness. It is not unusual to meet people that have been on the street for over a decade.

This proposal is for those that are chronically homeless. The current situation in the country is that homelessness appears to be intractable. I assure you it is not. How homelessness is being approached by most metropolitan areas is very insufficient. Except for a few pilot programs, homelessness is usually approached from a human warehousing perspective. And the inherent bias that people bring to the problem creates usually the exact opposite outcomes that they desire. If a scientist in any field went into an experiment with the inherent bias that our society brings to homelessness, that scientist would fail before they even began. This is why I feel most major metropolitan areas of the country are failing in their attempt to solve this issue.

This is where my personal experience and observations could be of use. I, for the longest time, believed that solving homelessness was housing first. The homeless job agency St Joseph the Worker believe it is job first. I have now come to understand there has to be a semblance of sobriety first. If a person does not have a semblance of sobriety, they will fail at both housing and employment, it is that simple.

This proposal is to create a rehabilitative environment for the chronically homeless. It would be a small community of ten through twelve people with guidance and support from the nonprofit and faith-based sectors. Like any rehabilitative environment, it would be built on the peer-peer model. The chronically homeless would be primarily responsible for getting the homeless integrated back into general society with active support from the faith and nonprofit sectors. The only primary rules for the community would be that the individual wants to move forward as defined by them and no substance use on site. For under \$200,000 this whole environment could be created in any parking lot. I was a General Contractor in Phoenix, DC, and Manhattan. This is an environment that any competent DIY'er could create.

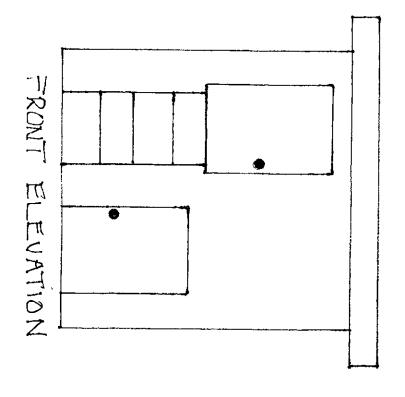

This proposal is not a panacea to the issue. In talking with the chronically homeless, most concur that a program like this would attract approximately a third of the unsheltered population immediately. Another third would observe the first third and see that there is a possible exit strategy. The final third would need very extensive professional services to possibly integrate back into general society.

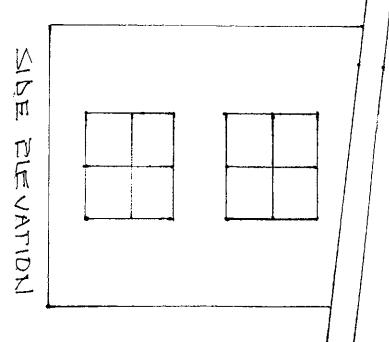

Once again, I assure you homelessness is not an intractable problem, it is the perspective and approach that needs to be dramatically altered to effect change.

Sincerely, Greg Doepker

Dear Supervisor Engardio and Fellow San Francisco District Supervisors,

I'm very sorry to learn of the numerous residents in your district upset by the recent appearance of campers in front of their homes (The Sunset Beacon, June 2023). It's always difficult when a camper suddenly appears in front of one's home. Considering the ever-increasing number of refugee camps sprouting up in conflict zones throughout the world, it's entirely understandable your residents might be alarmed at the sight of a camper right below their living room window. However, you did mention something in your article I found rather remarkable. In your words, "The problem is we don't have enough shelter for everyone in San Francisco who is unhoused on any given night."

I suspect what you meant to write was that there's not enough *government provided* shelter space. But might the literal falseness of what you actually wrote draw our attention to something important? For instance, much of the newly built "luxury" housing in San Francisco remains unoccupied years after completion, owned largely by foreign absentee occupants and corporate investors. But the perspective from the street does not reveal this truth to us. We don't literally see this available shelter space with our naked eyes. Also, unlike twenty or so years ago, most landlords no longer post signs in windows advertising vacant units. Rental listings primarily appear online providing yet another opportunity to veil from public view the amount of open shelter space. Again, from the perspective of the street, unoccupied housing is generally not visible. Judging purely from the number of people living on the street, one might falsely assume there's a lack of housing, even though the exact opposite may very well be factually the case. It's difficult for residents and visitors of San Francisco to empirically verify the actual status of unused living space at any given point in time. By definition, living space is an *interior* phenomenon. We cannot see this aspect of reality with our physical senses and must trust that those in charge of managing it for us are being reasonable and ethical in their position of social control. Being selfish is NOT a socially reasonable practice. It is NOT

socially wise. History tells this loudly and clearly.

There's a name for communities deliberately closing themselves after dark to certain groups of people considered undesirable. They're called Sundown Towns. Throughout the United States municipalities used to impose strict curfews on African Americans and other ethnic minorities requiring them to leave city limits after spending their day working/shopping. Sundown laws originated in England along with other Poor Laws intended to manage roaming itinerant populations following the enclosure of the Commons in meieval time.

Now, thanks to the internet, San Francisco land owners can privately list an available studio apartment for \$2,474 a month (current average listing price) at a time when the average service worker's wages are only \$3,066/month, thus denying a great many potential tenants needed access to available shelter. Right now there's no city policy mandating that a reasonable relationship exist between the number of units available, present employment needs of local businesses, and rental fees charged to tenants by private owners. The cumulative effect of landlords deliberately pricing out select categories of non "luxury" tenants has been the creation of a *de facto* Sundown Town in San Francisco. The unspoken but very loud message conveyed to service personnel is, *You are welcome to work and shop here during the day, but that's the extent of our social relationship. No spending the night. We're not that close.*

San Francisco is in its deeds—not in its official rhetoric or policies—a Sundown Town. The result of this practice is social Darwinism, pure and simple. We see the wreckage with our eyes, we feel the wreckage in our hearts. It's terrifying. It instills fear in everyone.

That the internet has radically transformed society goes without saying. We're all abundantly aware of this. What I don't think is quite so obvious is the precise nature of the transformation. If all of Western thought is a series of footnotes to Plato, as Sir Alfred North Whitehead famously noted, then the internet has permitted us to invert his ideal Republic. Rather than a monastic leadership class composed of a community of equals forbidden from owning property or accumulating wealth, and defended by an auxiliary force receiving only honor as payment, our civic leaders live in atomized isolation and are permitted to accumulate vast fortunes. They're also defended by a force largely viewed by the people as a source of fear, not honor. Right now San Francisco's materialistic elite ironically find themselves surround by a ring of wanders owning little to nothing at all, forced to live in tightly knit communal bands, bound to one another by

deep, loving, and committed friendships. If Socrates were alive today, I suspect he would choose live among this mysterious class of wanderers, rather than have anything to do with those presently occupying positions of leadership.

Perhaps your residents might want to consider this truth the next time they peer through their curtains in fear at those whose only crime is to be like Socrates, poor.

Dear Board of Supervisors,

Ableism and gatekeeping have no place in San Francisco. The current closure of JFK Drive is unfortunately both of those things.

The time for "close first, ask questions later" is over. It is time to revert back to the compromise that was struck over a decade ago and restore access for all to Golden Gate Park.

Yes, clean up the spoils in the harbor, but why combine that with a NEW MARINA? Have P.G.&E. do a complete clean up of the current marina, and rebuild the marina at its current site. Why do a complete new marina, when there is so much more to be done along the San Francisco waterfront? Have P.G.& E. fulfill their responsibility for a total clean up, not bribe the City to demand less!

The proposed new marina removes iconic views from all citizens of San Francisco. This is a bad idea.

Madame Mayor and District Supervisors:

Please, do not allow the Marina Green to be degraded. It is a popular walking, running, bicycling, and wheelchair stroll along the Bay on the Marina Green, the adjacent paths and sidewalks. Today, it offers peace, tranquility, joy, and other relaxations. These rightfully belong to everyone. Don't take them away!

The current Rec & Park proposal for the boat harbor expansion replaces views of the Bay with views of boat hulls and sails. It will deprive current and future generations of residents, tourists and families of enjoying this uniquely beautiful space.

Please don't allow Rec & Park to take it away! Funding something with PG&E money is not a valid justification for destroying our Marina waterfront and depriving future generations of an iconic feature of our City.

Respectfully,

Evelyn Graham

Longtime S.F. Marina Resident
