[Planning Code - Urban Agriculture]

Ordinance amending the Planning Code to update controls related to urban agricultural uses by adding Section 102.34 to define urban agriculture, including neighborhood agriculture and urban industrial agriculture, and amending Sections 204.1, 209.5, 227, 234.1, 234.2, and Articles 7 and 8 to regulate such uses in various zoning districts; and making findings including environmental findings and findings of consistency with General Plan and Section 101.1.

NOTE: Additions are single-underline italics Times New Roman;
deletions are ~~strike-through italics Times New Roman~~.
Board amendment additions are double-underlined;
Board amendment deletions are ~~strikethrough normal~~.

Be it ordained by the People of the City and County of San Francisco:

Section 1. Findings. The Board of Supervisors finds and declares as follows:

(a) The Planning Department has determined that the actions contemplated in this Ordinance are in compliance with the California Environmental Quality Act (California Public Resources Code sections 21000 et seq.). Said determination is on file with the Clerk of the Board of Supervisors in File No. 101537 and is incorporated herein by reference.

(b) On February 17, 2011, the Planning Commission, in Resolution No. 18276 approved and recommended for adoption by the Board this legislation and adopted findings that it is consistent, on balance, with the City's General Plan and eight priority policies of Planning Code Section 101.1. The Board adopts these findings as its own. A copy of said Resolution is on file with the Clerk of the Board of Supervisors in File No. 101537, and is incorporated by reference herein.

1 (c) Pursuant to Planning Code Section 302, this Board of Supervisors finds that this
2 legislation will serve the public necessity, convenience, and welfare for the reasons set forth in
3 Planning Commission Resolution No. 18276, and incorporates such reasons by
4 reference herein.

5 Section 2. The San Francisco Planning Code is hereby amended to add Section
6 102.34 and amend Sections 204.1, 209.5, 227, 234.1, 234.2, 703.2, 710.1, 711.1, 712.1,
7 713.1, 714.1, 715.1, 716.1, 717.1, 718.1, 719.1, 720.1, 721.1, 722.1, 723.1, 724.1, 725.1,
8 726.1, 727.1, 728.1, 729.1, 730.1, 731.1, 732.1, 733.1, 733A.1, 734.1, 735.1, 736.1, 737.1,
9 790.50, 803.2, 803.3, 810.1, 811.1, 812.1, 813, 814, 815, 816, 817, 818, 827, 829, 840, 841,
10 842, 843 and 890.50, to read as follows:

11 **SEC. 102.34. URBAN AGRICULTURE.** Urban Agriculture shall be defined as follows:

12 (a) Neighborhood Agriculture.

13 A use that occupies less than 1 acre for the production of food or horticultural crops to be
14 harvested, sold, or donated and comply with the controls and standards herein. The use includes, but is
15 not limited to, home, kitchen, and roof gardens. Farms that qualify as Neighborhood Agricultural use
16 may include, but are not limited to, community gardens, community-supported agriculture, market
17 gardens, and private farms. Neighborhood Agricultural use may be principal or accessory use.
18 Limited sales and donation of fresh food and/or horticultural products grown on-site may occur on
19 otherwise vacant property, but may not occur within a dwelling unit. Food and/or horticultural
20 products grown that are used for personal consumption are not regulated. The following physical and
21 operational standards shall apply to Neighborhood Agriculture:

22 (1) Compost areas must be setback at least 3 feet from property lines;

23 (2) If the farmed area is enclosed by fencing, the fencing must be wood fencing or ornamental
24 fencing as defined by Planning Code Section 102.32;

1 (3) Use of mechanized farm equipment is generally prohibited in residential districts; provided,
2 however, that during the initial preparation of the land heavy equipment may be used to prepare the
3 land for agriculture use. Landscaping equipment designed for household use shall be permitted;

4 (4) Farm equipment shall be enclosed or otherwise screened from sight;

5 (5) Sale of food and/or horticultural products from the use may occur between the hours of 6
6 a.m. and 8 p.m.;

7 (6) The sales of processed or value added goods is prohibited.

8 (b) Urban Industrial Agriculture.

9 The use of land for the production of food or horticultural crops to be harvested, sold, or
10 donated that occur: (a) on a plot of land 1 acre or larger or (b) on smaller parcels that cannot meet
11 the physical and operational standards for Neighborhood Agriculture.

12 **SEC. 204.1. ACCESSORY USES FOR DWELLINGS IN R OR NC DISTRICTS.**

13 No use shall be permitted as an accessory use to a dwelling unit in any R or NC District
14 which involves or requires any of the following:

15 (a) Any construction features or alterations not residential in character;

16 (b) The use of more than ¼ of the total floor area of the dwelling unit, except in the
17 case of accessory off-street parking and loading or Neighborhood Agriculture as defined by
18 Section 102.34;

19 (c) The employment of any person not resident in the dwelling unit, other than a
20 domestic servant, gardener, janitor or other person concerned in the operation or
21 maintenance of the dwelling unit;

22 (d) Residential occupancy by persons other than those specified in the definition of
23 family in this Code;

24 (e) In RH-1(D), RH-1 and RH-1(S) Districts, the provision of any room for a roomer or
25 boarder with access other than from within the dwelling unit;

(f) Addition of a building manager's unit, unless such unit meets all the normal requirements of this Code for dwelling units;

(g) The maintenance of a stock in trade other than garden produce related to Neighborhood Agriculture as defined by Section 102.34, or the use of show windows or window displays or advertising to attract customers or clients; or

(h) The conduct of a business office open to the public other than sales related to garden produce of Neighborhood Agriculture as defined by Section 102.34.

Provided, however, that Subsection (h) of this Section shall not exclude the maintenance within a dwelling unit of the office of a professional person who resides therein, if accessible only from within the dwelling unit; and provided, further, that Subsection (g) shall not exclude the display of signs permitted by Article 6 of this Code.

8 defined by Section 102.34(a); 209.5(e); 209.6(b); 209.6(c); 209.9(c); and 234.2(c) and (d) of this
9 Code.

10 (b) With respect to any lot in a P District, which lot is within ¼ mile of the nearest NC-1
11 or Individual Area Neighborhood Commercial District as described in Article 7 of this Code, no
12 accessory nonpublic use shall be permitted, unless such use or feature complies with the
13 controls which are applicable in any NC-1 or Individual Area Neighborhood Commercial
14 District or Restricted Use Subdistrict located within ¼ mile of the lot, excluding the provisions
15 of zoning category .82, as defined in Section 790.80 of Article 7.

16 (c) Parking lot or garage uses listed in Sections 890.7 through 890.12 of this Code
17 when located within any P district within the Eastern Neighborhoods Mixed Use District, the
18 South of Market Mixed Use District, the Market and Octavia Plan Area, and within the right-of-
19 way of any State or federal highway.

20 (d) In any P District which is within the Eastern Neighborhoods Mixed Use District and
21 the South of Market Mixed Use District, if the use is located within the right-of-way of any
22 State or federal highway, the following uses:

23 (1) Retail and personal service uses primarily meeting the needs of commuters on
24 nearby streets and highways or persons who work or live nearby, provided that:

25 (A) The space is on the ground floor of a publicly-accessible parking garage;

(B) The total gross floor area per establishment does not exceed 2,500 square feet;

(C) The space fronts on a major thoroughfare; and

(D) The building facade incorporates sufficient fenestration and lighting to create an attractive urban design and pedestrian-oriented scale.

(2) Open-air sale of new or used merchandise, except vehicles, located within a publicly-accessible parking lot, provided that:

(A) The sale of goods and the presence of any booths or other accessory appurtenances are limited to weekend and/or holiday daytime hours;

(B) Sufficient numbers of publicly-accessible toilets and trash receptacles are provided on-site and are adequately maintained; and

(C) The site and vicinity are maintained free of trash and debris.

SEC. 703.2 USES PERMITTED IN NEIGHBORHOOD COMMERCIAL DISTRICTS.

A use is the specific purpose for which a property or building is used, occupied, maintained, or leased. Whether or not a use is permitted in a specific district is set forth or summarized and cross-referenced in Sections 710.1 through 730.95 of this Code for each district class.

(a) Use Categories. The uses, functions, or activities, which are permitted in each Neighborhood Commercial District class include those listed below by zoning control category and number and cross-referenced to the Code Section containing the definition.

(b) Use Limitations. The uses permitted in Neighborhood Commercial Districts are either principal, conditional, accessory, or temporary uses as stated in this Section, and include those uses set forth or summarized and cross-referenced in the zoning control categories as listed in Paragraph (a) in Sections 710.1 through 729.95 of this Code for each district class.

(1) Permitted Uses. All permitted uses shall be conducted within an enclosed building in Neighborhood Commercial Districts, unless otherwise specifically allowed in this Code. Exceptions from this requirement are: uses which, when located outside of a building, qualify as an outdoor activity area, as defined in Section 790.70 of this Code; accessory off-street parking and loading and other uses listed below which function primarily as open-air uses, or which may be appropriate if located on an open lot, outside a building, or within a partially enclosed building, subject to other limitations of this Article 7 and other sections of this Code.

5 If there are two or more uses in a structure and none is classified below under Section
6 703.2(b)(1)(C) of this Code as accessory, then each of these uses will be considered
7 separately as independent principal, conditional or temporary uses.

8 (A) Principal Uses. Principal uses are permitted as of right in a Neighborhood
9 Commercial District, when so indicated in Sections 710.1 through 729.95 of this Code for
10 each district class.

11 (B) Conditional Uses. Conditional uses are permitted in a Neighborhood
12 Commercial District when authorized by the Planning Commission; whether a use is
13 conditional in a given district is indicated in Sections 710.10 through 729.95. Conditional uses
14 are subject to the provisions set forth in Sections 178, 179, 303, and 316 through 316.8 of this
15 Code.

16 (i) An establishment which sells beer or wine with motor vehicle fuel is a
17 conditional use, and shall be governed by Section 229.

18 (ii) Notwithstanding any other provision of this Article, a change in use or
19 demolition of a movie theater use, as set forth in Section 790.64, shall require conditional use
20 authorization. This Subsection shall not authorize a change in use if the new use or uses are
21 otherwise prohibited.

22 (iii) Notwithstanding any other provision of this Article, a change in use or
23 demolition of a general grocery store use, as defined in Section 790.102(a), which use
24 exceeds 5,000 gross square feet shall require conditional use authorization. This Subsection
25 shall not authorize a change in use if the new use or uses are otherwise prohibited.

1 (iv) Urban Industrial Agriculture, as defined in Section 102.34(b), shall require
2 conditional use authorization.

3 (C) Accessory Uses. Except as prohibited in Section 728 and subject to the
4 limitations set forth below and in Sections 204.1 (Accessory Uses for Dwelling Units in R and
5 NC Districts), 204.4 (Dwelling Units Accessory to Other Uses), and 204.5 (Parking and
6 Loading as Accessory Uses) of this Code, a related minor use which is either necessary to the
7 operation or enjoyment of a lawful principal use or conditional use, or is appropriate, incidental
8 and subordinate to any such use, shall be permitted as an accessory use when located on the
9 same lot. Any use which does not qualify as an accessory use shall be classified as a
10 principal or conditional use, unless it qualifies as a temporary use under Sections 205 through
11 205.2 of this Code.

12 No use will be considered accessory to a permitted principal or conditional use
13 which involves or requires any of the following:

14 (i) The use of more than 1/3 of the total floor area occupied by such use and
15 the principal or conditional use to which it is accessory, except in the case of accessory off-
16 street parking and loading;

17 (ii) Any bar, restaurant, other entertainment, or any retail establishment
18 which serves liquor for consumption on-site;

19 (iii) Any take-out food use, as defined in Section 790.122, except for a take-
20 out food use which occupies 1/3 of the total floor area or up to 500 s/f whichever is more in a
21 general grocery or specialty grocery store; This take-out food use includes the area devoted
22 to food preparation and service and excludes storage and waiting areas;

23 (iv) Any take-out food use, as defined in Section 790.122, except for a take-
24 out food use operating as a minor and incidental use within a full-service restaurant;

25 premises of an establishment which does not also use or provide for primarily retail

1 sale of such foods, goods or commodities at the same location where such wholesaling,
2 manufacturing or processing takes place.

3 (vi) Any retail liquor sales, as defined in Section 790.55, except for beer,
4 wine, and/or liquor sales for the consumption off the premises with a State of California
5 Alcoholic Beverage Control ("ABC") Board License type (off-sale beer and wine) or type 21
6 (off-sale general) which occupy less than 15% of the gross square footage of the
7 establishment (including all areas devoted to the display and sale of alcoholic beverages) in a
8 general grocery store, specialty grocery store, or self-service specialty food use.

9 (vii) Medical Cannabis Dispensaries as defined in 790.141.

10 The foregoing rules shall not prohibit take-out food activity which operates in
11 conjunction with a fast-food restaurant or a self-service restaurant. A fast-food restaurant or a
12 self-service restaurant, by definition, includes take-out food as an accessory and necessary
13 part of its operation.

14 (D) Temporary Uses. Temporary uses are permitted uses, subject to the
15 provisions set forth in Section 205 of this Code.

16 (2) Not Permitted Uses.

17 (A) Uses which are not specifically listed in this Article are not permitted
18 unless they qualify as a nonconforming use pursuant to Sections 180 through 186.1 of this
19 Code or are determined by the Zoning Administrator to be permitted uses in accordance with
20 Section 307(a) of this Code.

21 (B) No use, even though listed as a permitted use, shall be permitted in a
22 Neighborhood Commercial District which, by reason of its nature or manner of operation,
23 creates conditions that are hazardous, noxious, or offensive through the emission of odor,
24 fumes, smoke, cinders, dust, gas, vibration, glare, refuse, water-carried waste, or excessive
25 noise.

1 (C) The establishment of a use that sells alcoholic beverages, other than
2 beer and wine, concurrent with motor vehicle fuel is prohibited, and shall be governed by
3 Section 229.

4 Except in the SoMa NCT, where these uses are permitted accessory uses.

5 **SEC. 710.1. NC-1 — NEIGHBORHOOD COMMERCIAL CLUSTER DISTRICT.**

6 NC-1 Districts are intended to serve as local neighborhood shopping districts, providing
7 convenience retail goods and services for the immediately surrounding neighborhoods
8 primarily during daytime hours.

9 These NC-1 Districts are characterized by their location in residential neighborhoods,
10 often in outlying areas of the City. The commercial intensity of these districts varies. Many of
11 these districts have the lowest intensity of commercial development in the City, generally
12 consisting of small clusters with three or more commercial establishments, commonly grouped
13 around a corner; and in some cases short linear commercial strips with low-scale,
14 interspersed mixed-use (residential-commercial) development.

15 Building controls for the NC-1 District promote low-intensity development which is
16 compatible with the existing scale and character of these neighborhood areas. Commercial
17 development is limited to one story. Rear yard requirements at all levels preserve existing
18 backyard space.

19 NC-1 commercial use provisions encourage the full range of neighborhood-serving
20 convenience retail sales and services at the first story provided that the use size generally is
21 limited to 3,000 square feet. However, commercial uses and features which could impact
22 residential livability are prohibited, such as auto uses, financial services, general advertising
23 signs, drive-up facilities, hotels, and late-night activity; eating and drinking establishments are
24 restricted, depending upon the intensity of such uses in nearby commercial districts.
25

Housing development in new buildings is encouraged above the ground story in most districts. Existing residential units are protected by prohibitions of conversions above the ground story and limitations on demolitions.

SEC. 711.1. NC-2 — SMALL-SCALE NEIGHBORHOOD COMMERCIAL DISTRICT.

The NC-2 District is intended to serve as the City's Small-Scale Neighborhood Commercial District. These districts are linear shopping streets which provide convenience goods and services to the surrounding neighborhoods as well as limited comparison shopping goods for a wider market. The range of comparison goods and services offered is varied and often includes specialty retail stores, restaurants, and neighborhood-serving offices. NC-2 Districts are commonly located along both collector and arterial streets which have transit routes.

These districts range in size from two or three blocks to many blocks, although the commercial development in longer districts may be interspersed with housing or other land uses. Buildings typically range in height from two to four stories with occasional one-story commercial buildings.

The small-scale district controls provide for mixed-use buildings which approximate or slightly exceed the standard development pattern. Rear yard requirements above the ground story and at residential levels preserve open space corridors of interior blocks.

Most new commercial development is permitted at the ground and second stories. Neighborhood-serving businesses are strongly encouraged. Eating and drinking and entertainment uses, however, are confined to the ground story. The second story may be used by some retail stores, personal services, and medical, business and professional offices. Parking and hotels are monitored at all stories. Limits on late-night activity, drive-up facilities, and other automobile uses protect the livability within and around the district, and promote continuous retail frontage.

Housing development in new buildings is encouraged above the ground story. Existing residential units are protected by limitations on demolition and upper-story conversions.

SEC. 712.1. NC-3 — MODERATE-SCALE NEIGHBORHOOD COMMERCIAL DISTRICT.

NC-3 Districts are intended in most cases to offer a wide variety of comparison and specialty goods and services to a population greater than the immediate neighborhood, additionally providing convenience goods and services to the surrounding neighborhoods. NC-3 Districts are linear districts located along heavily trafficked thoroughfares which also serve as major transit routes.

NC-3 Districts include some of the longest linear commercial streets in the City, some of which have continuous retail development for many blocks. Large-scale lots and buildings and wide streets distinguish the districts from smaller-scaled commercial streets, although the districts may include small as well as moderately scaled lots. Buildings typically range in height from two to four stories with occasional taller structures.

NC-3 building standards permit moderately large commercial uses and buildings. Rear yards are protected at residential levels.

A diversified commercial environment is encouraged for the NC-3 District, and a wide variety of uses are permitted with special emphasis on neighborhood-serving businesses. Eating and drinking, entertainment, financial service and certain auto uses generally are

permitted with certain limitations at the first and second stories. Other retail businesses, personal services and offices are permitted at all stories of new buildings. Limited storage and administrative service activities are permitted with some restrictions.

Housing development in new buildings is encouraged above the second story. Existing residential units are protected by limitations on demolitions and upper-story conversions.

SEC. 713.1. NC-S — NEIGHBORHOOD COMMERCIAL SHOPPING CENTER DISTRICT.

NC-S Districts are intended to serve as small shopping centers or supermarket sites which provide retail goods and services for primarily car-oriented shoppers. They commonly contain at least one anchor store or supermarket, and some districts also have small medical office buildings. The range of services offered at their retail outlets usually is intended to serve the immediate and nearby neighborhoods. These districts encompass some of the most recent (post-1945) retail development in San Francisco's neighborhoods and serve as an alternative to the linear shopping street.

Shopping centers and supermarket sites contain mostly one-story buildings which are removed from the street edge and set in a parking lot. Outdoor pedestrian activity consists primarily of trips between the parking lot and the stores on-site. Ground and second stories are devoted to retail sales and some personal services and offices.

The NC-S standards and use provisions allow for medium-size commercial uses in low-scale buildings. Rear yards are not required for new development. Most neighborhood-serving retail businesses are permitted at the first and second stories, but limitations apply to fast-food restaurants and take-out food uses. Some auto uses are permitted at the first story. Limited storage and administrative service activities are permitted with some restrictions.

Housing development in new buildings is permitted. Existing residential units are protected by limitations on demolitions and prohibitions of upper-story conversions.

SEC. 714.1. BROADWAY NEIGHBORHOOD COMMERCIAL DISTRICT.

The Broadway Neighborhood Commercial District, located in the northeast quadrant of San Francisco, extends along Broadway from west of Columbus Avenue to Osgood Place. It is part of a larger commercial area which includes North Beach to the north, Chinatown to the south and west, and Jackson Square to the southeast. Broadway's fame and popularity as a Citywide and regional entertainment district is derived from a concentration of nightclubs, music halls, adult theaters, bars, and restaurants between Grant Avenue and Montgomery Street. These places attract locals and visitors alike, mainly in the evening and late-night hours. In addition to the entertainment and some retail businesses, Broadway contains many upper-story residential hotels. Due to its proximity to downtown, there is strong pressure to develop upper-story offices.

The Broadway District controls are designed to encourage development that is compatible with the existing moderate building scale and mixed-use character, and maintain the district's balance of entertainment uses, restaurants, and small-scale retail stores. New buildings exceeding 40 feet in height will be carefully reviewed and rear yards at residential levels are protected. Most commercial uses in new buildings are permitted at the first two stories. Neighborhood-serving businesses are strongly encouraged. In order to protect the livability of the area, limitations apply to new fast-food restaurants and adult entertainment

uses at the first and second stories, as well as late-night activity. Financial services are allowed on the ground story subject to certain limitations. Nonretail offices are prohibited in order to prevent encroachment of the adjoining downtown office uses. Due to the high traffic volume on Broadway, most automobile and drive-up uses are prohibited in order to prevent further traffic congestion. Parking garages are permitted if their ingress and egress do not disrupt the traffic flow on Broadway.

Housing development in new buildings is encouraged above the second story. Existing housing is protected by limitations on demolitions and upper-story conversions.

SEC. 715.1. CASTRO STREET NEIGHBORHOOD COMMERCIAL DISTRICT.

The Castro Street District is situated in Eureka Valley, close to the geographic center of San Francisco between the Mission District, Twin Peaks, and Upper Market Street. The physical form of the district is a crossing at Castro and 18th Streets, the arms of which contain many small, but intensely active commercial businesses. The multi-purpose commercial district provides both convenience goods to its immediate neighborhood as well as comparison shopping goods and services on a specialized basis to a wider trade area. Commercial businesses are active both in the daytime and late into the evening and include a number of gay-oriented bars and restaurants, as well as several specialty clothing and gift stores. The district also supports a number of offices in converted residential buildings.

The Castro Street District controls are designed to maintain existing small-scale development and promote a balanced mix of uses. Building standards permit small-scale buildings and uses and protect rear yards above the ground story and at residential levels. In new buildings, most commercial uses are permitted at the ground and second stories. Special

controls are necessary to preserve the existing equilibrium of neighborhood-serving convenience and specialty commercial uses. In order to maintain convenience stores and protect adjacent residential livability, controls authorize some additional eating and drinking establishments with a conditional use, permit self-service specialty food establishments, and permit with certain limitations new late-night uses, adult and other entertainment, and financial service uses. The continuous retail frontage is maintained by prohibiting most automobile and drive-up uses.

Housing development in new buildings is encouraged above the second story. Existing housing units are protected by limitations on demolitions and upper-story conversions.

		Controls: Existing bars in the Castro Street Neighborhood Commercial District will be allowed to apply for and receive a place of entertainment permit from the Entertainment Commission without obtaining conditional use authorization from the Planning Commission if they can demonstrate to the satisfaction of the Entertainment Commission that they have been in regular operation as an entertainment use prior to January 1, 2004; provided, however, that a conditional use is required (1) if an application for a conditional use for the entertainment use was filed with the Planning Department prior to the date this ordinance was introduced or (2) if a conditional use was denied within 12 months prior to the effective date of this ordinance.

SEC. 716.1. INNER CLEMENT STREET NEIGHBORHOOD COMMERCIAL DISTRICT.

The Inner Clement Street Commercial District is located on Clement Street between Arguello Boulevard and Funston Avenue in the eastern portion of the Richmond District of northwest San Francisco. The district provides a wide selection of convenience goods and services for the residents of the Inner Richmond neighborhood. Inner Clement Street has one of the greatest concentrations of restaurants of any commercial street in San Francisco, drawing customers from throughout the City and region. There are also a significant number

of professional, realty, and business offices as well as financial institutions. The pleasant pedestrian character of the district is derived directly from the intensely active retail frontage on Clement Street.

The Inner Clement Street District controls are designed to promote development that is consistent with its existing land use patterns and to maintain a harmony of uses that supports the district's vitality. The building standards allow small-scale buildings and uses, protecting rear yards above the ground story and at residential levels. In new development, most commercial uses are permitted at the first two stories, although certain limitations apply to uses at the second story. Special controls are necessary to preserve the equilibrium of neighborhood-serving convenience and comparison shopping businesses and protect adjacent residential livability. These controls prohibit additional financial service and limit additional eating and drinking establishments, late-night commercial uses and ground-story entertainment uses. In order to maintain the street's active retail frontage, controls also prohibit most new automobile and drive-up uses.

Housing development is encouraged in new buildings above the ground story. Existing residential units are protected by prohibitions on upper-story conversions and limitations on demolitions.

SEC. 717.1. OUTER CLEMENT STREET NEIGHBORHOOD COMMERCIAL DISTRICT.

The Outer Clement Street Neighborhood Commercial District is located on Clement Street between 19th Avenue and 27th Avenue in the western portion of the Richmond District. The shopping area contains small-scale convenience businesses, as well as many restaurants and a movie theater. The district's restaurants serve a neighborhood and Citywide clientele during the evening hours, while convenience shopping uses cater for the most part to

1 daytime neighborhood shoppers. Outer Clement Street contains many mixed-use buildings
2 with some fully commercial and fully residential buildings interspersed between them.

3 The Outer Clement Street District controls are designed to promote development that is
4 in keeping with the district's existing small-scale, mixed-use character. The building standards
5 monitor large-scale development and protect rear yards at all levels. Future commercial
6 growth is directed to the ground story in order to promote more continuous and active retail
7 frontage. Additional eating and drinking establishments are prohibited, while ground-story
8 entertainment and financial service uses are monitored in order to limit the problems of traffic,
9 congestion, noise and late-night activity associated with such uses and to protect existing
10 neighborhood-serving businesses. Other controls restricting late-night activity, hotels,
11 automobile uses, and drive-up facilities are designed to preserve the low-intensity character of
12 the district.

13 Housing development in new buildings is encouraged above the ground story. Existing
14 residential units are protected by prohibitions of upper-story conversions and limitations on
15 demolitions.

SEC. 718.1. UPPER FILLMORE STREET NEIGHBORHOOD COMMERCIAL DISTRICT.

The Upper Fillmore Street Neighborhood Commercial District is situated in the south-central portion of Pacific Heights. It runs north-south along Fillmore Street from Jackson to Bush and extends west one block along California and Pine Streets. This medium-scaled, multi-purpose commercial district provides convenience goods to its immediate neighborhood as well as comparison shopping goods and services on a specialized basis to a wider trade area. Commercial businesses are active during both day and evening and include a number of bars, restaurants, specialty groceries, and specialty clothing stores.

The Upper Fillmore District controls are designed to protect the existing building scale and promote new mixed-use development which is in character with adjacent buildings. Building standards regulate large lot and use development and protect rear yards above the ground story and at residential levels. Most commercial uses are permitted at the first two stories of new buildings. Special controls are designed to preserve the existing equilibrium of neighborhood-serving convenience and specialty commercial uses. In order to maintain convenience stores and protect adjacent livability, additional eating and drinking establishments are prohibited and ground-story entertainment and financial service uses are limited. In order to promote continuous retail frontage, drive-up and most automobile uses are prohibited.

Housing development in new buildings is encouraged above the second story. Existing residential units are protected by limitations on demolitions and upper-story conversions.

SEC. 719.1. HAIGHT STREET NEIGHBORHOOD COMMERCIAL DISTRICT.

Northwest of the City's geographical center, the Haight Street Neighborhood Commercial District is located in the Haight-Ashbury neighborhood, extending along Haight Street between Stanyan and Central Avenue, including a portion of Stanyan Street between Haight and Beulah. The shopping area provides convenience goods and services to local Haight-Ashbury residents, as well as comparison shopping goods and services to a larger market area. The commercial district is also frequented by users of Golden Gate Park on weekends and by City residents for its eating, drinking, and entertainment places. Numerous housing units establish the district's mixed residential-commercial character.

The Haight Street District controls are designed to protect the existing building scale and promote new mixed-use development which is in character with adjacent buildings. The building standards regulate large-lot and use development and protect rear yards above the ground story and at residential levels. To promote the prevailing mixed-use character, most commercial uses are directed primarily to the ground story with some upper-story restrictions in new buildings. In order to maintain the balanced mix and variety of neighborhood-serving commercial uses and regulate the more intensive commercial uses which can generate congestion and nuisance problems, special controls prohibit additional drinking uses, limit additional eating establishments, restrict expansion and intensification of existing eating and drinking establishments, and limit entertainment and tourist hotels. Prohibitions of most automobile and drive-up uses protect the district's continuous retail frontage.

Housing development in new buildings is encouraged above the ground story. Existing residential units are protected by prohibition of upper-story conversions and limitations on demolitions.

SEC. 720.1. HAYES-GOUGH NEIGHBORHOOD COMMERCIAL TRANSIT DISTRICT.

The Hayes-Gough Neighborhood Commercial Transit District is located within walking distance of the Civic Center, lying west of Franklin Street and east of Laguna Street, with its southern edge generally at Lily Street, with an extension south along both sides of Octavia Boulevard to Market Street. This mixed-use commercial district contains a limited range of retail commercial activity, which primarily caters to the immediate need of the neighborhood. The few comparison goods that it does provide attract clientele from a wider area outside its neighborhood, mostly the Performing Arts and Civic Center workers and visitors. There are a number of restaurants and art galleries, but other types of retail activity are limited.

The Hayes-Gough District controls are designed to allow for growth and expansion that is compatible with the existing building and use scales. Building standards protect the moderate building and use size and require rear yards at residential levels. To maintain the mixed-use character of the district, most commercial uses are permitted at the first and second stories and housing is strongly encouraged at the third story and above. In order to encourage lively pedestrian-oriented commercial activity, but restrict certain sensitive and problematic uses, eating and drinking, and entertainment uses are directed to the ground story. Retail sales activity, especially neighborhood-serving businesses, is further promoted by restricting new ground-story medical, business and professional offices. To protect continuous frontage, drive-up and most automobile uses are prohibited, above-ground parking is required to be setback or below ground, and active, pedestrian-oriented ground floor uses are required on Hayes Street and portions of Octavia Boulevard.

Housing development in new buildings is encouraged above the second story, and is controlled not by lot area but by physical envelope controls. Existing residential units are protected by limitations on demolitions, mergers, subdivisions, and upper-story conversions. Given the area's central location and accessibility to the downtown and to the City's transit network, accessory parking for residential uses is not required. The code controls for this district are supported and augmented by design guidelines and policies in the Market and Octavia Area Plan of the General Plan.

Article 7 Code Section	Other Code Section	Zoning Controls
720.68	§ 249.35	Fringe financial services are P subject to the restrictions set forth in Section 249.35, including, but not limited to, the proximity restrictions set forth in Subsection 249.35(c)(3).

SEC. 721.1. UPPER MARKET STREET NEIGHBORHOOD COMMERCIAL DISTRICT.

The Upper Market Street Neighborhood Commercial District, on Market Street from Church to Castro, and on side streets off Market, is situated at the border of the Eureka Valley, Buena Vista, and Duboce Triangle neighborhoods. Upper Market Street is a multi-purpose commercial district that provides limited convenience goods to adjacent neighborhoods, but also serves as a shopping street for a broader trade area. A large number of offices are located on Market Street within easy transit access to downtown. The width of Market Street and its use as a major arterial diminish the perception of the Upper Market Street District as a single commercial district. The street appears as a collection of dispersed centers of commercial activity, concentrated at the intersections of Market Street with secondary streets.

The Upper Market Street district controls are designed to promote moderate-scale development which contributes to the definition of Market Street's design and character. They are also intended to preserve the existing mix of commercial uses and maintain the livability of the district and its surrounding residential areas. Large-lot and use development is reviewed for consistency with existing development patterns. Rear yards are protected at residential levels. To promote mixed-use buildings, most commercial uses are permitted with some

limitations above the second story. In order to maintain continuous retail frontage and preserve a balanced mix of commercial uses, ground-story neighborhood-serving uses are encouraged, and eating and drinking, entertainment, and financial service uses are limited. Continuous frontage is promoted by prohibitions of most automobile and drive-up uses.

Housing development in new buildings is encouraged above the second story. Existing upper-story residential units are protected by limitations on demolitions and upper-story conversions.

Controls: Existing bars in the Upper Market Street Neighborhood Commercial District will be allowed to apply for and receive a place of entertainment permit from the Entertainment Commission without obtaining conditional use authorization from the Planning Commission if they can demonstrate to the satisfaction of the Entertainment Commission that they have been in regular operation as an entertainment use prior to January 1, 2004; provided, however, that a conditional use is required (1) if an application for a conditional use for the entertainment use was filed with the Planning Department prior to the date this ordinance was introduced or (2) if a conditional use was denied within 12 months prior to the effective date of this ordinance.

SEC. 722.1. NORTH BEACH NEIGHBORHOOD COMMERCIAL DISTRICT.

The North Beach Neighborhood Commercial District is a nonlinear district centered on Columbus Avenue, located in the valley between Telegraph Hill and Russian Hill north of Broadway. North Beach functions as a neighborhood-serving marketplace, citywide specialty shopping, and dining district, and a tourist attraction, as well as an apartment and residential hotel zone. Traditionally, the district has provided most convenience goods and services for residents of North Beach and portions of Telegraph and Russian Hills. North Beach's eating, drinking, and entertainment establishments remain open into the evening to serve a much wider trade area and attract many tourists. The balance between neighborhood-serving convenience stores and Citywide specialty businesses has shifted, as convenience stores have been replaced by restaurants and bars. The proliferation of financial services, limited

1 financial services, and business and professional services has also upset the district's
2 balance of uses. The relocation of business and professional offices from downtown to North
3 Beach threatens the loss of upper-story residential units.

4 The North Beach District controls are designed to ensure the livability and
5 attractiveness of North Beach. Building standards limit new development to a small to
6 moderate scale. Rear yards are protected above the ground story and at residential levels.
7 Most new commercial development is permitted at the first two stories. Small-scale,
8 neighborhood-serving businesses are strongly encouraged and formula retail uses are
9 prohibited. Use sizes are controlled to limit future consolidation of spaces and to encourage
10 conversion back to the traditional small-scale commercial spaces. Special controls are
11 necessary because an over-concentration of food and beverage service establishments limits
12 neighborhood-serving retail sales and personal services in an area that needs them to thrive
13 as a neighborhood. In order to maintain neighborhood-serving retail sales and personal
14 services and to protect residential livability, additional eating and drinking establishments are
15 prohibited in spaces that have been occupied by neighborhood-serving retail sales and
16 personal services. Special controls limit additional ground-story entertainment uses and
17 prohibit new walk-up automated bank teller machines (ATMs). Financial services, limited
18 financial services, and ground-story business and professional office uses are prohibited from
19 locating in the portion of the district south of Greenwich Street, while new financial services
20 locating in the portion of the district north of Greenwich Street are limited. Restrictions on
21 automobile and drive-up uses are intended to promote continuous retail frontage and maintain
22 residential livability.

23 In keeping with the district's existing mixed-use character, housing development in new
24 buildings is encouraged above the second story. Existing residential units are protected by
25 prohibitions of upper-story conversions and limitations on demolitions.

SEC. 723.1. POLK STREET NEIGHBORHOOD COMMERCIAL DISTRICT.

Sitting in the gulch between Nob and Russian Hills and Pacific Heights, the Polk Street Neighborhood Commercial District extends for a mile as a north-south linear strip, and includes a portion of Larkin Street between Post and California Streets. Polk Street's dense mixed-use character consists of buildings with residential units above ground-story commercial use. The district has an active and continuous commercial frontage along Polk Street for almost all of its length. Larkin Street and side streets in the district have a greater proportion of residences than Polk Street itself. The district provides convenience goods and services to the residential communities in the Polk Gulch neighborhood and to the residents on the west slopes of Nob and Russian Hills. It has many apparel and specialty stores, as well

as some automobile uses, which serve a broader trade area. Commercial uses also include offices, as well as movie theaters, restaurants, and bars which keep the district active into the evening.

The Polk Street District controls are designed to encourage and promote development which is compatible with the surrounding neighborhood. The building standards monitor large-scale development and protect rear yards at residential levels. Consistent with Polk Street's existing mixed-use character, new buildings may contain most commercial uses at the first two stories. The controls encourage neighborhood-serving businesses, but limit new eating, drinking, other entertainment, and financial service uses, which can produce parking congestion, noise and other nuisances or displace other types of local-serving convenience goods and services. They also prohibit new adult entertainment uses. Restrictions on drive-up and most automobile uses protect the district's continuous retail frontage and prevent further traffic congestion.

Housing developed in new buildings is encouraged above the second story, especially in the less intensely developed portions of the district along Larkin Street. Existing housing units are protected by limitations on demolitions and upper-story conversions.

SEC. 724.1. SACRAMENTO STREET NEIGHBORHOOD COMMERCIAL DISTRICT.

Located in the Presidio Heights neighborhood in north-central San Francisco, the Sacramento Street Neighborhood Commercial District functions as a small-scale linear shopping area. It extends along Sacramento Street between Lyon and Spruce. Interspersed among residential buildings and garages, the district's daytime-oriented retail stores provide a

1 limited array of convenience goods to the immediate neighborhood. Sacramento Street also
2 has many elegant clothing, accessory, and antique stores and services, such as hair salons,
3 which attract customers from a wider trade area. Its numerous medical and business offices
4 draw clients from throughout the City. Evening activity in the district is limited to one movie
5 theater, a few restaurants, and some stores near Presidio Avenue.

6 The Sacramento Street District controls are designed to promote adequate growth
7 opportunities for development that is compatible with the surrounding low-density residential
8 neighborhood. The building standards monitor large-scale development and protect rear yards
9 at the grade level and above. Most new commercial development is permitted at the first
10 story; general retail uses are permitted at the second story only if such use would not involve
11 conversion of any existing housing units. Special controls are designed to protect existing
12 neighborhood-serving ground-story retail uses. New medical service offices are prohibited at
13 all stories. Personal and business services are restricted at the ground story and prohibited on
14 upper stories. Limits on new ground-story eating and drinking uses, as well as new
15 entertainment and financial service uses, are intended to minimize the environmental impacts
16 generated by the growth of such uses. The daytime orientation of the district is encouraged by
17 prohibiting bars and restricting late-night commercial activity. New hotels and parking facilities
18 are limited in scale and operation to minimize disruption to the neighborhood. Most new
19 automobile and drive-up uses are prohibited to promote continuous retail frontage.

20 Housing development in new buildings is encouraged above the second story. Existing
21 residential units are protected by limitations on demolitions and prohibitions of upper-story
22 conversions.

		1) The residential use is comprised of a single dwelling unit in a building that is otherwise used for non-residential uses; and
		2) No legally residing residential tenant will be displaced.

SEC. 725.1. UNION STREET NEIGHBORHOOD COMMERCIAL DISTRICT.

The Union Street Commercial District is located in northern San Francisco between the Marina and Pacific Heights neighborhoods. The district lies along Union Street between Van Ness Avenue and Steiner, including an arm extending north on Fillmore Street to Lombard.

1 The shopping area provides limited convenience goods for the residents of sections of the
2 Cow Hollow, Golden Gate Valley, and Pacific Heights neighborhoods immediately
3 surrounding the street. Important aspects of Union Street's business activity are eating and
4 drinking establishments and specialty shops whose clientele comes from a wide trade area.
5 There are also a significant number of professional, realty, and business offices. Many
6 restaurants and bars as well as the district's two movie theaters are open into the evening
7 hours, and on weekends the street's clothing, antique stores and galleries do a vigorous
8 business.

9 The Union Street District controls are designed to provide sufficient growth
10 opportunities for commercial development that is in keeping with the existing scale and
11 character, promote continuous retail frontage, and protect adjacent residential livability. Small-
12 scale buildings and neighborhood-serving uses are promoted, and rear yards above the
13 ground story and at all residential levels are protected. Most commercial development is
14 permitted at the first two stories of new buildings, while retail service uses are monitored at
15 the third story and above. Controls are necessary to preserve the remaining convenience
16 businesses and to reduce the cumulative impacts which the growth of certain uses have on
17 neighborhood residents. Such controls prohibit additional drinking establishments and limit
18 additional eating establishments, entertainment, and financial service uses. Most automobile
19 and drive-up uses are prohibited in order to maintain continuous retail frontage and minimize
20 further traffic congestion.

21 Housing development in new buildings is encouraged above the second story. Existing
22 residential units are protected by limitations on demolitions and upper-story conversions.

The Planning Department</p>

		shall apply Article 7 zoning controls for Union Street Full-Service Restaurants to conditional use authorizations required by Planning Code § 178, including but not limited to significant alterations, modifications, and intensifications of use.
§ 725.44 and 725.69B	§ 790.91 790.93	SMALL SELF-SERVICE RESTAURANTS AND SELF-SERVICE SPECIALTY FOOD USES Boundaries: Applicable to the Union Street Neighborhood Commercial District Controls: The Planning Commission may approve a Small Self-Service Restaurants or Self-Service Specialty Food use if, in addition to meeting the criteria set forth in Section 303, the Planning Commission finds that an additional such use would not result in a net total of more than 12 combined Small Self-Service Restaurants and Self-Service Specialty Food uses in the Union Street Neighborhood Commercial District.

SEC. 726.1. VALENCIA STREET NEIGHBORHOOD COMMERCIAL TRANSIT DISTRICT.

The Valencia Street Commercial Transit District is located near the center of San Francisco in the Mission District. It lies along Valencia Street between 14th and Cesar Chavez (Army) Street, and includes a portion of 16th Street extending west toward Dolores Street. The commercial area provides a limited selection of convenience goods for the residents of sections of the Mission and Dolores Heights. Valencia Street also serves a wider trade area with its retail and wholesale home furnishings and appliance outlets. The commercial district also has several automobile-related businesses. Eating and drinking establishments contribute to the street's mixed-use character and activity in the evening hours. A number of upper-story professional and business offices are located in the district, some in converted residential units.

The Valencia Street District has a pattern of large lots and businesses, as well as a sizable number of upper-story residential units. Controls are designed to permit moderate-

scale buildings and uses, protecting rear yards above the ground story and at residential levels. New neighborhood-serving commercial development is encouraged mainly at the ground story. While offices and general retail sales uses may locate at the second story of new buildings under certain circumstances, most commercial uses are prohibited above the second story. In order to protect the balance and variety of retail uses and the livability of adjacent uses and areas, most eating and drinking and entertainment uses at the ground story are limited. Continuous retail frontage is promoted by prohibiting drive-up facilities, some automobile uses, and new nonretail commercial uses. Parking is not required, and any new parking is required to be set back or below ground. Active, pedestrian-oriented ground floor uses are required.

Housing development in new buildings is encouraged above the ground story. Housing density is not controlled by the size of the lot but by requirements to supply a high percentage of larger units and by physical envelope controls. Existing residential units are protected by prohibitions on upper-story conversions and limitations on demolitions, mergers, and subdivisions. Given the area's central location and accessibility to the City's transit network, accessory parking for residential uses is not required.

Outside the FFSRUD and its ¼ mile buffer, fringe financial services are P subject to the restrictions set forth in Subsection 249.35(c)(3).

SEC. 727.1. 24TH STREET – MISSION NEIGHBORHOOD COMMERCIAL TRANSIT DISTRICT.

1 The 24th Street — Mission Neighborhood Commercial Transit District is situated in the
2 Inner Mission District on 24th Street between Bartlett Street and San Bruno Avenue. This
3 mixed-use district provides convenience goods to its immediate neighborhood as well as
4 comparison shopping goods and services to a wider trade area. The street has a great
5 number of Latin American restaurants, grocery stores, and bakeries as well as other gift and
6 secondhand stores. Most commercial businesses are open during the day while the district's
7 bars and restaurants are also active in the evening. Dwelling units are frequently located
8 above the ground-story commercial uses.

9 The 24th Street — Mission Neighborhood Commercial Transit District controls are
10 designed to provide potential for new development consistent with the existing scale and
11 character. Small-scale buildings and neighborhood-serving uses are encouraged, and rear
12 yard corridors above the ground story and at residential levels are protected. Most commercial
13 uses are encouraged at the ground story, while service uses are permitted with some
14 limitations at the second story. Special controls are necessary to preserve the unique mix of
15 convenience and specialty commercial uses. In order to maintain convenience stores and
16 protect adjacent livability, new bars and fast-food restaurants are prohibited, and limitations
17 apply to the development and operation of ground-story full-service restaurants, take-out food
18 and entertainment uses. Continuous retail frontage is maintained and encouraged by
19 prohibiting most automobile and drive-up uses, banning curb cuts, and requiring active,
20 pedestrian-oriented ground floor uses. Parking is not required, and any new parking required
21 to be set back or below ground.

22 Housing development in new buildings is encouraged above the ground story. Housing
23 density is not controlled by the size of the lot but by requirements to supply a high percentage
24 of larger units and by physical envelope controls. Existing housing units are protected by
25 prohibitions on upper-story conversions and limitations on demolitions, mergers, and

subdivisions. Given the area's central location and accessibility to the City's transit network, accessory parking for residential uses is not required.

SEC. 728.1. 24TH STREET — NOE VALLEY NEIGHBORHOOD COMMERCIAL DISTRICT.

The 24th Street — Noe Valley Neighborhood Commercial District is situated along 24th Street between Chattanooga and Diamond in the Noe Valley neighborhood of central San Francisco. This daytime-oriented, multi-purpose commercial district provides a mixture of convenience and comparison shopping goods and services to a predominantly local market area. It contains primarily retail sales and personal services at the street level, some office uses on the second story, and residential use almost exclusively on the third and upper stories.

The 24th Street — Noe Valley District controls are designed to allow for development that is compatible with the existing small-scale, mixed-use neighborhood commercial character and surrounding residential area. The small scale of new buildings and neighborhood-serving uses is encouraged and rear yard open space corridors at all levels are protected. Most commercial uses are directed to the ground story and limited at the second story of new buildings. In order to maintain the variety and mix of retail sales and services along the commercial strip and to control the problems of traffic, congestion, noise and late-

night activity, certain potentially troublesome commercial uses are regulated. Additional large fast food restaurants are prohibited, other eating and drinking establishments require conditional use authorization, and ground-story entertainment and financial service uses are restricted to and at the ground story. Prohibitions on drive-up and most automobile uses help prevent additional traffic and parking congestion.

Housing development in new buildings is encouraged above the ground story. Existing housing units are protected by prohibitions on upper-story conversions and limitations on demolitions.

SEC. 729.1. WEST PORTAL AVENUE NEIGHBORHOOD COMMERCIAL DISTRICT.

Located in the southwestern part of the City, the West Portal Avenue Neighborhood Commercial District stretches for three long blocks along West Portal Avenue from Ulloa Street to 15th Avenue and extends one block east along Ulloa Street from the Twin Peaks Tunnel entrance to Claremont Boulevard. West Portal Avenue provides a selection of goods and services for customers coming mainly from the surrounding west of Twin Peaks and Sunset single-family residential neighborhoods. The lively, small-scale retail frontage is interrupted at several locations by large-scale financial institutions which take up a large amount of commercial ground-story frontage. More than half of the number of medical, professional and business offices are located at the ground level. Except for one three-movie theater complex, West Portal offers no entertainment uses and its restaurants are mainly family-oriented.

The West Portal Avenue District controls are designed to preserve the existing family-oriented, village character of West Portal Avenue. The building standards limit building heights to 26 feet and two stories and maintain the existing pattern of rear yards at the ground level and above. The height, bulk and design of new development, especially on large lots, should respect the small-scale character of the district and its surrounding residential neighborhoods. Lot mergers creating large lots are discouraged. Individual nonresidential uses require conditional use permits above 2,500 square feet and are restricted to 4,000 square feet as an absolute limit to conform with the existing small use sizes in the district.

Special controls on commercial uses are designed to protect the existing mix of ground-story retail uses and prevent further intensification and congestion in the district. No new financial services are permitted. Because the district and surrounding neighborhoods are well served by the existing number of eating and drinking establishments, new bars, restaurants and take-out food generally are discouraged: any proposed new establishment should be carefully reviewed to ensure that it is neighborhood-serving and family-oriented, and will not involve high-volume take-out food or generate traffic, parking, or litter problems. Large fast-food restaurants and small self-service restaurants are prohibited. Medical, business or professional services are permitted at the first two stories, but additional ground-story locations are to be closely monitored to ensure that the current balance between retail and office uses is maintained. Existing service stations are encouraged to continue operating, but changes in their size, operation, or location are subject to review. Other automotive uses are prohibited. The neighborhood-oriented, retail character of the district is further protected by prohibiting hotels and nonretail uses. The daytime orientation of the district is maintained by prohibitions of entertainment uses and late-night commercial operating hours.

Housing development is limited. Existing residential units are protected by limitations on demolition and prohibition of upper-story conversions; new construction is to be carefully reviewed to ensure appropriate scale, design and compatibility with adjacent development.

SPECIFIC PROVISIONS FOR THE WEST PORTAL AVENUE NEIGHBORHOOD COMMERCIAL DISTRICT

Article 7 Code Section	Other Code Section	Zoning Controls
§ 729.40	§ 790.102	Boundaries: The entire West Portal Neighborhood Commercial District Controls: A retail coffee store or other non-alcoholic beverage store as defined by Subsection 790.102(n) may be granted a conditional use to be exempt from the prohibition described in that subsection of cooking devices and on-site food preparation not connected with beverage preparation, provided that the cooking device allowed shall be limited to one small device for warming sandwich ingredients and provided that all other provisions of Subsection 790.102(n) are met.
§ 729.53		Boundaries: The entire West Portal Neighborhood Commercial District Controls: Applicable only for the use of stock brokerage. A stock brokerage may apply for conditional use if there are no more than a total of seven financial uses and/or stock brokerages within the district. If there are more than seven financial services and/or stock brokerages in the district, stock brokerages shall not be permitted.

SEC. 730.1. INNER SUNSET NEIGHBORHOOD COMMERCIAL DISTRICT.

The Inner Sunset Neighborhood Commercial District is located in the Inner Sunset neighborhood, consisting of the NC-2 district bounded by Lincoln Way on the north, Fifth Avenue on the east, Kirkham Street on the south, and Nineteenth Avenue on the west. The

shopping area provides convenience goods and services to local Inner Sunset residents, as well as comparison shopping goods and services to a larger market area. The commercial district is also frequented by users of Golden Gate Park on weekends and by City residents for its eating, drinking, and entertainment places. Numerous housing units establish the district's mixed residential-commercial character.

The Inner Sunset District controls are designed to protect the existing building scale and promote new mixed-use development which is in character with adjacent buildings. The building standards regulate large-lot and use development and protect rear yards above the ground story and at residential levels. To promote the prevailing mixed use character, most commercial uses are directed primarily to the ground story with some upper-story restrictions in new buildings. In order to maintain the balanced mix and variety of neighborhood-serving commercial uses and regulate the more intensive commercial uses which can generate congestion and nuisance problems, special controls prohibit additional eating and drinking uses, restrict expansion and intensification of existing eating and drinking establishments, and limit entertainment and tourist hotels. Prohibitions of most automobile and drive-up uses protect the district's continuous retail frontage.

Housing development in new buildings is encouraged above the ground story. Existing residential units are protected by prohibition of upper-story conversions and limitations on demolitions.

NEIGHBORHOOD COMMERCIAL DISTRICT**

Article 7 Code Section	Other Code Section	Zoning Controls
§ 730.68	§ 249.35	Fringe financial services are P subject to the restrictions set forth in Section 249.35, including, but not limited to, the proximity restrictions set forth in Subsection 249.35(c)(3).

SEC. 731.1. NCT-3 — MODERATE-SCALE NEIGHBORHOOD COMMERCIAL TRANSIT DISTRICT.

NCT-3 Districts are transit-oriented moderate- to high-density mixed-use neighborhoods of varying scale concentrated near transit services. The NCT-3 Districts are mixed use districts that support neighborhood-serving commercial uses on lower floors and housing above. These districts are well-served by public transit and aim to maximize residential and commercial opportunities on or near major transit services. The district's form can be either linear along transit-priority corridors, concentric around transit stations, or broader areas where transit services criss-cross the neighborhood. Housing density is limited not by lot area, but by the regulations on the built envelope of buildings, including height, bulk, setbacks, and lot coverage, and standards for residential uses, including open space and

1 exposure, and urban design guidelines. Residential parking is not required and generally
2 limited. Commercial establishments are discouraged or prohibited from building accessory off-
3 street parking in order to preserve the pedestrian-oriented character of the district and prevent
4 attracting auto traffic. There are prohibitions on access (i.e. driveways, garage entries) to off-
5 street parking and loading on critical stretches of NC and transit streets to preserve and
6 enhance the pedestrian-oriented character and transit function.

7 NCT-3 Districts are intended in most cases to offer a wide variety of comparison and
8 specialty goods and services to a population greater than the immediate neighborhood,
9 additionally providing convenience goods and services to the surrounding neighborhoods.
10 NCT-3 Districts include some of the longest linear commercial streets in the City, some of
11 which have continuous retail development for many blocks. Large-scale lots and buildings and
12 wide streets distinguish the districts from smaller-scaled commercial streets, although the
13 districts may include small as well as moderately scaled lots. Buildings may range in height,
14 with height limits varying from four to eight stories.

15 NCT-3 building standards permit moderately large commercial uses and buildings.
16 Rear yards are protected at residential levels.

17 A diversified commercial environment is encouraged for the NCT-3 District, and a wide
18 variety of uses are permitted with special emphasis on neighborhood-serving businesses.
19 Eating and drinking, entertainment, and financial service uses generally are permitted with
20 certain limitations at the first and second stories. Auto-oriented uses are somewhat restricted.
21 Other retail businesses, personal services and offices are permitted at all stories of new
22 buildings. Limited storage and administrative service activities are permitted with some
23 restrictions.

24 Housing development in new buildings is encouraged above the second story. Existing
25 residential units are protected by limitations on demolitions and upper-story conversions.

SEC. 732.1. PACIFIC AVENUE NEIGHBORHOOD COMMERCIAL DISTRICT.

The Pacific Avenue Neighborhood Commercial District, on Pacific Avenue from just east of Polk Street to all four corners of Pacific Avenue and Jones Street, is situated on the north slope of the Nob Hill neighborhood and south of the Broadway Tunnel. Pacific Avenue is a multi-purpose, small-scale mixed-use neighborhood shopping district on a narrow street that provides limited convenience goods to the adjacent neighborhoods.

The Pacific Avenue Neighborhood Commercial District controls are designed to promote a small, neighborhood serving mixed-use commercial street that preserves the surrounding neighborhood residential character. These controls are intended to preserve livability in a largely low-rise development residential neighborhood, enhance solar access on a narrow street right-of-way and protect residential rear yard patterns at the ground floor.

1 **SEC. 733.1. UPPER MARKET STREET NEIGHBORHOOD COMMERCIAL TRANSIT**
2 **DISTRICT.**

3 The Upper Market Street Neighborhood Commercial Transit District is located on
4 Market Street from Church to Noe Streets, and on side streets off Market. Upper Market
5 Street is a multi-purpose commercial district that provides limited convenience goods to
6 adjacent neighborhoods, but also serves as a shopping street for a broader trade area. A
7 large number of offices are located on Market Street within easy transit access to downtown.
8 The width of Market Street and its use as a major arterial diminish the perception of the Upper
9 Market Street Transit District as a single commercial district. The street appears as a
10 collection of dispersed centers of commercial activity, concentrated at the intersections of
11 Market Street with secondary streets.

12 This district is well served by transit and is anchored by the Market Street subway (with
13 stations Church Street and Castro Street) and the F-Market historic streetcar line. All light-rail
14 lines in the City traverse the district, including the F, J, K, L, M, and N, and additional key
15 cross-town transit service crosses Market Street at Fillmore and Castro Streets. Additionally,
16 Market Street is a primary bicycle corridor. Housing density is limited not by lot area, but by
17 the regulations on the built envelope of buildings, including height, bulk, setbacks, and lot
18 coverage, and standards for residential uses, including open space and exposure, and urban
19 design guidelines. Residential parking is not required and generally limited. Commercial
20 establishments are discouraged or prohibited from building accessory off-street parking in
21 order to preserve the pedestrian-oriented character of the district and prevent attracting auto
22 traffic. There are prohibitions on access (i.e. driveways, garage entries) to off-street parking
23 and loading on Market and Church Streets to preserve and enhance the pedestrian-oriented
24 character and transit function.

The Upper Market Street district controls are designed to promote moderate-scale development which contributes to the definition of Market Street's design and character. They are also intended to preserve the existing mix of commercial uses and maintain the livability of the district and its surrounding residential areas. Large-lot and use development is reviewed for consistency with existing development patterns. Rear yards are protected at all levels. To promote mixed-use buildings, most commercial uses are permitted with some limitations above the second story. In order to maintain continuous retail frontage and preserve a balanced mix of commercial uses, ground-story neighborhood-serving uses are encouraged, and eating and drinking, entertainment, and financial service uses are limited. Ground floor-commercial space is required along Market and Church Streets. Most automobile and drive-up uses are prohibited or conditional.

Housing development in new buildings is encouraged above the second story. Existing upper-story residential units are protected by limitations on demolitions and upper-story conversions.

SEC. 733A.1. NCT-1 — NEIGHBORHOOD COMMERCIAL TRANSIT CLUSTER DISTRICT.

NC-1 Districts are intended to serve as local neighborhood shopping districts, providing convenience retail goods and services for the immediately surrounding neighborhoods primarily during daytime hours. NCT-1 Districts are located near major transit services. They are small mixed-use clusters, generally surrounded by residential districts, with small-scale neighborhood-serving commercial uses on lower floors and housing above. Housing density is limited not by lot area, but by the regulations on the built envelope of buildings, including height, bulk, setbacks, and lot coverage, and standards for residential uses, including open space and exposure, and urban design guidelines. There are prohibitions on access (i.e. driveways, garage entries) to off-street parking and loading on critical stretches of commercial and transit street frontages to preserve and enhance the pedestrian-oriented character and transit function. Residential parking is not required and generally limited. Commercial establishments are discouraged from building excessive accessory off-street parking in order to preserve the pedestrian-oriented character of the district and prevent attracting auto traffic.

NCT-1 Districts are generally characterized by their location in residential neighborhoods. The commercial intensity of these districts varies. Many of these districts have the lowest intensity of commercial development in the City, generally consisting of small clusters with three or more commercial establishments, commonly grouped around a corner; and in some cases short linear commercial strips with low-scale, interspersed mixed-use (residential-commercial) development. Building controls for the NCT-1 District promote low-intensity development which is compatible with the existing scale and character of these

neighborhood areas. Commercial development is limited to one story. Rear yard requirements at all levels preserve existing backyard space.

NCT-1 commercial use provisions encourage the full range of neighborhood-serving convenience retail sales and services at the first story provided that the use size generally is limited to 3,000 square feet. However, commercial uses and features which could impact residential livability are prohibited, such as auto uses, financial services, general advertising signs, drive-up facilities, hotels, and late-night activity; eating and drinking establishments are restricted, depending upon the intensity of such uses in nearby commercial districts.

Existing residential units are protected by prohibitions of conversions above the ground story and limitations on demolitions.

SEC. 734.1. NCT-2 — SMALL-SCALE NEIGHBORHOOD COMMERCIAL TRANSIT DISTRICT.

NCT-2 Districts are transit-oriented mixed-use neighborhoods with small scale commercial uses near transit services. The NCT-2 Districts are mixed use districts that support neighborhood-serving commercial uses on lower floors and housing above. These Districts are well-served by public transit and aim to maximize residential and commercial opportunities on or near major transit services. The District's form is generally linear along transit-priority corridors, though may be concentric around transit stations or in broader areas where multiple transit services criss-cross the neighborhood. Housing density is limited not by lot area, but by the regulations on the built envelope of buildings, including height, bulk, setbacks, and lot coverage, and standards for residential uses, including open space and exposure, and urban design guidelines. There are prohibitions on access (e.g., driveways, garage entries) to off-street parking and loading on critical stretches of commercial and transit

street frontages to preserve and enhance the pedestrian-oriented character and transit function. Residential parking is not required and generally limited. Commercial establishments are discouraged from building excessive accessory off-street parking in order to preserve the pedestrian-oriented character of the district and prevent attracting auto traffic.

NCT-2 Districts are intended to provide convenience goods and services to the surrounding neighborhoods as well as limited comparison shopping goods for a wider market. The range of comparison goods and services offered is varied and often includes specialty retail stores, restaurants, and neighborhood-serving offices. The small-scale district controls provide for mixed-use buildings, which approximate or slightly exceed the standard development pattern. Rear yard requirements above the ground story and at residential levels preserve open space corridors of interior blocks.

Most new commercial development is permitted at the ground and second stories. Neighborhood-serving businesses are strongly encouraged. Eating and drinking and entertainment uses, however, are confined to the ground story. The second story may be used by some retail stores, personal services, and medical, business and professional offices. Parking and hotels are monitored at all stories. Limits on late-night activity, drive-up facilities, and other automobile uses protect the livability within and around the district, and promote continuous retail frontage.

Housing development in new buildings is encouraged above the ground story. Existing residential units are protected by limitations on demolition and upper-story conversions.

SEC. 735.1. SOMA NEIGHBORHOOD COMMERCIAL TRANSIT DISTRICT.

The SoMa Neighborhood Commercial Transit District (SoMa NCT) is located along the 6th Street and Folsom Street corridors in the South of Market. The commercial area provides a limited selection of convenience goods for the residents of the South of Market. Eating and drinking establishments contribute to the street's mixed-use character and activity in the evening hours. A number of upper-story professional and business offices are located in the district, some in converted residential units.

The SoMa NCT has a pattern of ground floor commercial and upper story residential units. Controls are designed to permit moderate-scale buildings and uses, protecting rear yards above the ground story and at residential levels. Active, neighborhood-serving commercial development is required at the ground story, curb cuts are prohibited and ground floor transparency and fenestration adds to the activation of the ground story. While offices and general retail sales uses may locate on the second story or above of new buildings, most commercial uses are prohibited above the second story. In order to protect the balance and variety of retail use, bars and liquor stores are allowed with a conditional use. Continuous retail frontage is promoted by prohibiting drive-up facilities, some automobile uses, and new

non-retail commercial uses. Above-ground parking is required to be setback or below ground. Active, pedestrian-oriented ground floor uses are required.

Housing development in new buildings is encouraged above the ground story. Housing density is not controlled by the size of the lot or by density controls, but by bedroom counts. Given the area's central location and accessibility to the City's transit network, parking for residential and commercial uses is not required.

SEC. 736.1. MISSION STREET NEIGHBORHOOD COMMERCIAL TRANSIT DISTRICT.

The Mission Street Commercial Transit District is located near the center of San Francisco in the Mission District. It lies along Mission Street between 15th and Cesar Chavez (Army) Street, and includes adjacent portions of 17th Street, 21st Street, 22nd Street, and Cesar Chavez Street. The commercial area of this District provides a selection of goods serving the day-to-day needs of the residents of the Mission District. Additionally, this District serves a wider trade area with its specialized retail outlets. Eating and drinking establishments contribute to the street's mixed-use character and activity in the evening hours.

The District is extremely well-served by transit, including regional-serving BART stations at 16th Street and 24th Street, major buses running along Mission Street, and both cross-town and local-serving buses intersecting Mission along the length of this district. Given the area's central location and accessibility to the City's transit network, accessory parking for residential uses is not required. Any new parking is required to be set back or be below ground.

This District has a mixed pattern of larger and smaller lots and businesses, as well as a sizable number of upper-story residential units. Controls are designed to permit moderate-

scale buildings and uses, protecting rear yards above the ground story and at residential levels. New neighborhood-serving commercial development is encouraged mainly at the ground story. While offices and general retail sales uses may locate at the second story of new buildings under certain circumstances, most commercial uses are prohibited above the second story. Continuous retail frontage is promoted by requiring ground floor commercial uses in new developments and prohibiting curb cuts. Housing development in new buildings is encouraged above the ground story. Housing density is not controlled by the size of the lot but by requirements to supply a high percentage of larger units and by physical envelope controls. Existing residential units are protected by prohibitions on upper-story conversions and limitations on demolitions, mergers, and subdivisions.

SEC. 737.1. OCEAN AVENUE NEIGHBORHOOD COMMERCIAL TRANSIT DISTRICT.

The Ocean Avenue Neighborhood Commercial Transit District is located on Ocean Avenue from Phelan to Manor Avenues. Ocean Avenue is a multi-purpose transit-oriented small-scale commercial district that is modeled on the NCT-2 District. Ocean Avenue was developed as a streetcar-oriented commercial district in the 1920s and continues to serve this function, with the K-line streetcar on Ocean Avenue. Numerous other bus lines serve the area, especially the eastern end, where the Phelan Loop serves as a major bus terminus. The eastern end of the district is anchored by the main City College campus at Phelan and direct linkages to the Balboa Park BART/MUNI rail station a couple blocks to the east, which serves as the southernmost San Francisco station for BART and the terminus of the J, K, and M streetcar lines. Because of the immediate proximity of the BART/MUNI station the district has quick and easy transit access to downtown.

The Ocean Avenue NCT District is mixed use, transitioning from a predominantly one- and two-story retail district to include neighborhood-serving commercial uses on lower floors and housing above. Housing density is limited not by lot area, but by the regulations on the built envelope of buildings, including height, bulk, setbacks, and lot coverage, and standards for residential uses, including open space and exposure, and urban design guidelines. Access (i.e. driveways, garage entries) to off-street parking and loading is generally prohibited on Ocean Avenue to preserve and enhance the pedestrian-oriented character and transit function of the street. Residential and commercial parking are not required.

The Ocean Avenue NCT District is intended to provide convenience goods and services to the surrounding neighborhoods as well as limited comparison shopping goods for a wider market. The range of comparison goods and services offered is varied and often includes specialty retail stores, restaurants, and neighborhood-serving offices. Buildings may range in height, with height limits generally allowing up to four or five stories. Lots are generally small to medium in size and lot consolidation is prohibited to preserve the fine grain character of the district, unless the consolidation creates a corner parcel that enables off-street parking to be accessed from a side street.

Rear yard requirements above the ground story and at residential levels preserve open space corridors of interior blocks.

Commercial uses are required at the ground level and permitted at the second story. Large Fast Food uses are not permitted.

Housing development in new buildings is encouraged above the ground story. Existing residential units are protected by limitations on demolition and upper-story conversions.

SEC. 790.50. INSTITUTIONS, OTHER LARGE.

A public or private, nonprofit or profit-making use, excluding hospitals and medical centers, which provides services to the community and meets the applicable provisions of Section 304.5 of this Code concerning institutional master plans, including but not limited to the following:

(a) Assembly and Social Service. A use which provides social, fraternal, counseling or recreational gathering services to the community. It includes a private noncommercial club house, lodge, meeting hall, recreation building, or community facility not publicly owned. It also includes an unenclosed recreation area ~~or noncommercial horticulture area not publicly owned.~~

(b) Child Care. A use which provides less than 24-hour care for 13 or more children by licensed personnel and which meets the requirements of the State of California and other authorities.

(c) Educational Service. A use certified by the Western Association of Schools and Colleges which provides educational services, such as a school, college or university. It may

1 include, on the same premises, employee or student dormitories and other housing operated
2 by and affiliated with the institution.

3 (d) Religious Facility. A use which provides religious services to the community, such
4 as a church, temple or synagogue. It may include on the same lot, the housing of persons
5 who engage in supportive activity for the institution.

6 (e) Residential Care. A medical use which provides lodging, board, and care 24 hours
7 or more to seven or more persons in need of specialized aid by personnel licensed by the
8 State of California and which provides no outpatient services; including but not limited to, a
9 board and care home, rest home, or home for the treatment of the addictive, contagious, or
10 other diseases or physiological disorders

11 **SEC. 803.2. USES PERMITTED IN CHINATOWN MIXED USE DISTRICTS.**

12 A use is the specific purpose for which a property or building is used, occupied,
13 maintained, or leased. Whether or not a use is permitted in a specific Chinatown Mixed Use
14 District is set forth, summarized or cross-referenced in Sections 810.1 through 812.96 of this
15 Code for each district class.

16 (a) **Use Categories.** The uses, functions, or activities, which are permitted in each
17 Chinatown Mixed Use District class include those listed in Table 803.2 below by zoning
18 control category and numbered and cross-referenced to the Code Section containing the
19 definition.

(b) **Use Limitations.** Uses in Chinatown Mixed Use Districts are either permitted, conditional, accessory, temporary, or are not permitted.

(1) **Permitted Uses.** All permitted uses in Chinatown Mixed Use Districts shall be conducted within an enclosed building, unless otherwise specifically allowed in this Code. Exceptions from this requirement are: accessory off-street parking and loading; uses which,

1 when located outside of a building, qualify as an outdoor activity area, as defined in Section
2 890.71 of this Code; as Neighborhood Agriculture, as defined in Section 102.34; and uses which
3 by their nature are to be conducted in an open lot or outside a building, as described in
4 Sections 890 through 890.140 of this Code.

5 If there are two or more uses in a structure and none is classified under Section
6 803.2(b)(1)(C) of this Code as accessory, then each of these uses will be considered
7 separately as an independent permitted, conditional, temporary or not permitted use.

8 (A) **Principal Uses.** Principal uses are permitted as of right in a Chinatown
9 Mixed Use District, when so indicated in Sections 810.1 through 812.96 of this Code for each
10 district class.

11 (B) **Conditional Uses.** Conditional uses are permitted in a Chinatown Mixed
12 Use District when authorized by the Planning Commission; whether a use is conditional in a
13 given district is indicated in Sections 810 through 812. Conditional uses are subject to the
14 provisions set forth in Section 303 of this Code.

15 (i) An establishment which sells beer and wine with motor vehicle fuel is a
16 conditional use, and shall be governed by Section 229.

17 (ii) Any use or feature which lawfully existed and was permitted as a principal or
18 conditional use on the effective date of these controls which is not otherwise nonconforming
19 or noncomplying as defined in Section 180 of this Code, and which use or feature is not
20 permitted under this Article is deemed to be a permitted conditional use subject to the
21 provisions of this Code.

22 (iii) Notwithstanding any other provision of this Article, a change in use or
23 demolition of a movie theater use, as set forth in Section 890.64, shall require conditional use
24 authorization. This Subsection shall not authorize a change in use if the new use or uses are
25 otherwise prohibited.

1 (iv) Notwithstanding any other provision of this Article, a change in use or
2 demolition of a general grocery store use, as set forth in Section 890.102(a) and as further
3 defined in Section 790.102(a), which use exceeds 5,000 gross square feet shall require
4 conditional use authorization. This Subsection shall not authorize a change in use if the new
5 use or uses are otherwise prohibited.

6 (v) Urban Industrial Agriculture, as defined in Section 102.34(b), shall require
7 conditional use authorization.

8 (C) **Accessory Uses.** Subject to the limitations set forth below and in Sections
9 204.1 (Accessory Uses for Dwelling Units in R Districts) and 204.5 (Parking and Loading as
10 Accessory Uses) of this Code, a related minor use which is either necessary to the operation
11 or enjoyment of a lawful principal use or conditional use or is appropriate, incidental and
12 subordinate to any such use, shall be permitted in Chinatown Mixed Use Districts as an
13 accessory use when located on the same lot. Any use not qualified as an accessory use shall
14 only be allowed as a principal or conditional use, unless it qualifies as a temporary use under
15 Sections 205 through 205.2 of this Code.

16 No use in a Chinatown Mixed Use District will be considered accessory to a principal
17 use which involves or requires any of the following:

18 (i) The use of more than 1/3 of the total floor area occupied by both the
19 accessory use and the principal use to which it is accessory, combined, except in the case of
20 accessory off-street parking;

21 (ii) Any bar, restaurant, other entertainment, or any retail establishment which
22 serves liquor for consumption on-site;

23 (iii) Any take-out food use, except for a take-out food use which occupies 100
24 square feet or less (including the area devoted to food preparation and service and excluding
25 storage and waiting areas) in a retail grocery or specialty food store;

1 (iv) The wholesaling, manufacturing or processing of foods, goods, or
2 commodities on the premises of an establishment which does not also provide for primarily
3 retail sale of such foods, goods or commodities at the same location where such wholesaling,
4 manufacturing or processing takes place.

5 The above shall not prohibit take-out food activity which operates in conjunction with a fast-
6 food restaurant. A fast-food restaurant, by definition, includes take-out food as an accessory
7 and necessary part of its operation.

8 (D) **Temporary Uses.** Uses not otherwise permitted are permitted in Chinatown
9 Mixed Use Districts to the extent authorized by Sections 205, 205.1 or 205.2 of this Code.

10 (2) **Not Permitted Uses.**

11 (A) Uses which are not listed in this Article are not permitted in a Chinatown
12 Mixed Use District unless determined by the Zoning Administrator to be permitted uses in
13 accordance with Section 307(a) of this Code.

14 (B) No use, even though listed as a permitted use or otherwise allowed, shall be
15 permitted in a Chinatown Mixed Use District which, by reason of its nature or manner of
16 operation, creates conditions that are hazardous, noxious, or offensive through the emission
17 of odor, fumes, smoke, cinders, dust, gas, vibration, glare, refuse, water-carried waste, or
18 excessive noise.

19 (C) The establishment of a use that sells alcoholic beverages, other than beer
20 and wine, concurrent with motor vehicle fuel is prohibited, and shall be governed by Section
21 229.

22 **SEC. 803.3. USES PERMITTED IN EASTERN NEIGHBORHOODS MIXED USE**
23 **DISTRICTS AND SOUTH OF MARKET MIXED USE DISTRICTS.**

24 (a) **Use Categories.** A use is the specified purpose for which a property or building is
25 used, occupied, maintained, or leased. Whether or not a use is permitted in a specific Eastern

1 Neighborhood Mixed Use District and South of Market Mixed Use District is generally set
2 forth, summarized or cross-referenced in Sections 813.3 through 818 and 840 through 843 of
3 this Code for each district class.

4 (b) **Use Limitations.** Uses in Eastern Neighborhood Mixed Use Districts and South of
5 Market Mixed Use Districts are either permitted, conditional, accessory, temporary or are not
6 permitted.

7 (1) **Permitted Uses.** If there are two or more uses in a structure, any use not classified
8 below under Section 803.3(b)(1)(C) of this Code as accessory will be considered separately
9 as an independent permitted, conditional, temporary or not permitted use.

10 (A) **Principal Uses.** Principal uses are permitted as of right in an Eastern
11 Neighborhood Mixed Use District and South of Market Mixed Use District, when so indicated
12 in Sections 813 through 818 and 840 through 843 of this Code for the district. Additional
13 requirements and conditions may be placed on particular uses as provided pursuant to
14 Section 803.5 through 803.9 and other applicable provisions of this Code.

15 (B) **Conditional Uses.** Conditional uses are permitted in an Eastern
16 Neighborhood Mixed Use District and South of Market Mixed Use District, when authorized by
17 the Planning Commission; whether a use is conditional in a given district is generally indicated
18 in Sections 813 through 818 and 840 through 843 of this Code. Conditional uses are subject
19 to the applicable provisions set forth in Sections 178, 179, 263.11, 303, 316.8, and 803.5
20 through 803.9 of this Code.

21 (i) An establishment which sells beer or wine with motor vehicle fuel is a
22 conditional use, and shall be governed by Section 229.

23 (ii) Notwithstanding any other provision of this Article, a change in use or
24 demolition of a movie theater use, as set forth in Section 890.64, shall require conditional use
25

1 authorization. This Section shall not authorize a change in use if the new use or uses are
2 otherwise prohibited.

3 (iii) Notwithstanding any other provision of this Article, a change in use or
4 demolition of a general grocery store use, as set forth in Section 890.102(a) and as further
5 defined in Section 790.102(a), shall require conditional use authorization. This Subsection
6 shall not authorize a change in use if the new use or uses are otherwise prohibited.

7 (iv) Urban Industrial Agriculture, as defined in Section 102.34(b), shall require
8 conditional use authorization.

9 (C) **Accessory Uses.** Subject to the limitations set forth below and in Sections
10 204.1 (Accessory Uses for Dwelling Units in R and NC Districts), 204.2 (Accessory Uses for
11 Uses Other Than Dwellings in R Districts); 204.4 (Dwelling Units Accessory to Other Uses),
12 and 204.5 (Parking and Loading as Accessory Uses) of this Code, an accessory use is a
13 related minor use which is either necessary to the operation or enjoyment of a lawful principal
14 use or conditional use, or is appropriate, incidental and subordinate to any such use, and shall
15 be permitted as an accessory use in an Eastern Neighborhoods Mixed Use District and South
16 of Market Mixed Use District. In order to accommodate a principal use which is carried out by
17 one business in multiple locations within the same general area, such accessory use need not
18 be located in the same structure or lot as its principal use provided that (1) the accessory use
19 is located within 1,000 feet of the principal use; and (2) the multiple locations existed on April
20 6, 1990 (the effective date of this amendment). Accessory uses to non-office uses (as defined
21 in Section 890.70) may occupy space which is non-contiguous or on a different story as the
22 principal use so long as the accessory use is located in the same building as the principal use
23 and complies with all other restrictions applicable to such accessory uses. Any use which
24 does not qualify as an accessory use shall be classified as a principal use.
25

1 No use will be considered accessory to a principal use which involves or requires any of the
2 following:

3 (i) The use of more than one-third of the total occupied floor area which is
4 occupied by both the accessory use and principal use to which it is accessory, combined,
5 except in the case of accessory off-street parking or loading which shall be subject to the
6 provisions of Sections 151, 156 and 157 of this Code;

7 (ii) A hotel, motel, inn, hostel, nighttime entertainment, adult entertainment,
8 massage establishment, large fast food restaurant, or movie theater use in a RED, SPD,
9 RSD, SLR, SLI, SSO, DTR, MUG, MUR, MUO, or UMU District;

10 (iii) Any take-out food use, except for a take-out food use which occupies 100
11 square feet or less (including the area devoted to food preparation and service and excluding
12 storage and waiting areas) in a restaurant, bar, catering establishment, bakery, retail grocery
13 or specialty food store.

14 (iv) Any sign not conforming to the limitations of Section 607.2(f)(3).

15 (D) **Temporary Uses.** Temporary uses not otherwise permitted are permitted in
16 Eastern Neighborhoods Mixed Use Districts and South of Market Mixed Use Districts to the
17 extent authorized by Sections 205 through 205.3 of this Code.

18 **SEC. 810.1. CHINATOWN COMMUNITY BUSINESS DISTRICT.**

19 The Chinatown Community Business District, located in the northeast quadrant of San
20 Francisco, extends along Broadway from the eastern portal of the Broadway Tunnel to
21 Columbus Avenue and along Kearny Street from Columbus to Sacramento Street. This district
22 also includes portions of Commercial Street between Montgomery Street and Grant Avenue
23 and portions of Grant Avenue between Bush and California Streets. It is part of the larger core
24 area of Chinatown.
25

The portions of Broadway, Kearny and Commercial Streets and Grant Avenue in this district are transitional edges or entries to Chinatown. North and east of the two blocks of Broadway contained in this district are North Beach and the Broadway Entertainment Districts. Kearny and Columbus Streets are close to intensive office development in the Downtown Financial District. Both Grant Avenue and Commercial Street provide important pedestrian entries to Chinatown. Generally, this district has more potential for added retail and commercial development than other parts of Chinatown.

This zoning district is intended to protect existing housing, encourage new housing and to accommodate modest expansion of Chinatown business activities as well as street-level retail uses. The size of individual professional or business office use is limited in order to prevent these areas from being used to accommodate larger office uses spilling over from the financial district.

Housing development in new buildings is encouraged at upper stories. Existing housing is protected by limitations on demolitions and upper-story conversions.

In approving installation of the garage, the Commission shall find that: (1) the proposed garage opening/addition of off-street parking will not cause the "removal" or "conversion of residential unit," as those terms are defined in Section 317 of this Code; (2) the proposed garage opening/addition of off-street parking will not substantially decrease the livability of a dwelling unit without increasing the floor area in a commensurate amount; (3) the building has not had two or more "no-fault" evictions, as defined in Section 37.9(a)(7)—(13) of the San Francisco Administrative Code, with each eviction associated with a separate unit(s) within the past ten years, and (4) the proposed garage/addition of off-street parking installation is consistent with the Priority Policies of Section 101.1 of this Code. Prior to the Planning Commission hearing, or prior to issuance of notification under Section 311(c)(2) of this Code, the Planning Department shall require a signed affidavit by the project sponsor attesting to (1), (2), and (3) above, which the Department shall independently verify. The Department shall also have made a determination that the project complies with (4) above.

SEC. 811.1. CHINATOWN VISITOR RETAIL DISTRICT.

The Chinatown Visitor Retail Neighborhood Commercial District extends along Grant Avenue between California and Jackson Streets. This district contains a concentration of shopping bazaars, art goods stores and restaurants which attract visitors and shoppers and contribute to the City's visual and economic diversity. Grant Avenue provides an important link between Downtown retail shopping and the Broadway, North Beach and Fisherman's Wharf areas.

This district is intended to preserve the street's present character and scale and to accommodate uses primarily appealing to visitors (e.g. tourist gifts shops, jewelry stores, art goods, large restaurants. In order to promote continuous retail frontage, entertainment, financial services, medical service, automotive and drive-up uses are restricted. Most commercial uses, except financial services are permitted on the first two stories. Administrative services, (those not serving the public) are prohibited in order to prevent encroachment from downtown office uses. There are also special controls on fast-food restaurants and tourist hotels. Building standards protect and complement the existing small-scale development and the historic character of the area.

The height limit applicable to the district will accommodate two floors of housing or institutional use above two floors of retail use. Existing residential units are protected by prohibition of upper-story conversions and limitation on demolition.

SEC. 812.1. CHINATOWN RESIDENTIAL NEIGHBORHOOD COMMERCIAL DISTRICT.

The Chinatown Residential Neighborhood Commercial District extends along Stockton Street between Sacramento and Broadway and along Powell Street between Washington Street and Broadway. It is generally west and uphill from Grant Avenue and is close to the relatively intensely developed residential areas of lower Nob and Russian Hills. Stockton Street is a major transit corridor which serves as "Main Street" for the Chinatown neighborhood. Both Stockton and Powell Streets contain a significant amount of housing as well as major community institutions supportive to Chinatown and the larger Chinese community. This daytime-oriented district provides local and regional specialty food shopping for fresh vegetables, poultry, fish and meat. Weekends are this area's busiest shopping days. Because Stockton Street is intended to remain principally in its present character, the Stockton Street controls are designed to preserve neighborhood-serving uses and protect the residential livability of the area. The controls promote new residential development compatible with existing small-scale mixed-use character of the area. Consistent with the residential character of the area, commercial development is directed to the ground story. Daytime-oriented use is protected and tourist-related uses, fast-food restaurants and financial services are limited.

Housing development in new and existing buildings is encouraged above the ground floor. Institutional uses are also encouraged. Existing residential units are protected by limits on demolition and conversion.

SEC. 813. RED – RESIDENTIAL ENCLAVE DISTRICT.

Residential Enclave Districts (RED) encompass the clusters of low-scale, medium density, predominantly residential neighborhoods located along the narrow side streets of the SLR and MUR Districts. Within these predominantly residential enclaves lie a number of vacant parcels, parking lots and other properties in open storage use. These properties are undeveloped or underdeveloped and are viewed as opportunity sites for new, moderate-income, in-fill housing.

The zoning controls for this district are tailored to the design needs and neighborhood characteristics of these enclaves and are intended to encourage and facilitate the development of attractive, compatible and economically feasible in-fill housing while providing adequate residential amenities to the site and neighborhood.

Dwelling units are permitted as a principal use. Social services and institutional uses are permitted as conditional uses. Group housing, retail, entertainment, general commercial and services light industrial uses are not permitted. Existing commercial activities in nonresidential structures may continue as nonconforming uses subject to the termination requirements of Sections 185 and 186. Live/work units limited to arts activities are permitted within the district as a principal use. Existing live/work units with other nonresidential uses may continue as nonconforming uses.

Article Code Section	Other Code Section	Zoning Controls
§ 813.23 § 890.133		— Only those medical cannabis dispensaries that can demonstrate to the Planning Department they were in operation as of April 1, 2005 and have remained in continuous operation or that were not in continuous operation since April 1, 2005, but can demonstrate to the Planning Department that the reason for their lack of continuous operation was not closure due to an actual violation of federal, State or local law, may apply for a medical cannabis dispensary permit in an RED District.

SEC. 814. SPD – SOUTH PARK DISTRICT.

South Park is an attractive affordable mixed-use neighborhood. The South Park District (SPD) is intended to preserve the scale, density and mix of commercial and residential activities within this unique neighborhood. The district is characterized by small-scale, continuous-frontage warehouse, retail and residential structures built in a ring around an oval-shaped, grassy park. Retention of the existing structures is encouraged, as is a continued mix of uses, family-sized housing units, and in-fill development which contributes positively to the neighborhood scale and use mix.

Most retail, general commercial, office, service/light industrial, arts, live/work and residential activities are permitted. Group housing, social services, and other institutional uses are conditional uses. Hotels, motels, movie theaters, adult entertainment and nighttime entertainment are not permitted.

SEC. 815. RSD – RESIDENTIAL MIXED USE DISTRICT.

The Residential/Service Mixed Use District (RSD) runs along Harrison St. between 4th St. and 5th St. The RSD serves as a housing opportunity area within the South of Market Mixed Use Districts. The district controls are intended to facilitate the development of high-density, mid-rise housing, including residential hotels and live/work units, while also encouraging the expansion of retail, business service and commercial and cultural arts activities.

Residential hotels are subject to flexible standards for parking, rear yard/open space and density. Continuous ground floor commercial frontage with pedestrian-oriented retail activities along major thoroughfares is encouraged.

General office, hotels, nighttime entertainment, adult entertainment, massage establishment, movie theaters and heavy industrial uses are not permitted, except that massages services are authorized as a conditional use in the Residential/Service Mixed Use District when provided in conjunction with full-service spa services.

SEC. 816. SERVICE/LIGHT INDUSTRIAL /RESIDENTIAL MIXED USED DISTRICT.

The Service/Light Industrial/Residential (SLR) Mixed Use District is designed to maintain and facilitate the growth and expansion of small-scale light industrial, home and

business service, wholesale distribution, arts production and performance/exhibition activities, live/work use, general commercial and neighborhood-serving retail and personal service activities while protecting existing housing and encouraging the development of housing and live/work space at a scale and density compatible with the existing neighborhood.

Housing and live/work units are encouraged over ground floor commercial/service/light industrial activity. New residential or mixed use developments are encouraged to provide as much mixed-income rental housing as possible. Existing group housing and dwelling units would be protected from demolition or conversion to nonresidential use by requiring conditional use review.

General office, hotels, nighttime entertainment, movie theaters, adult entertainment and heavy industrial uses are not permitted.

SEC. 818. SSO – SERVICE/SECONDARY OFFICE DISTRICT.

The Service/Secondary Office District (SSO) is designed to accommodate small-scale light industrial, home and business services, arts activities, live/work units, and small-scale, professional office space and large-floor-plate "back office" space for sales and clerical work forces. Nighttime entertainment is permitted as a conditional use. Dwelling units and group housing are permitted as conditional uses. Demolition or conversion of existing group housing or dwelling units requires conditional use authorization.

Office, general commercial, most retail, service and light industrial uses are principal permitted uses. Large hotel, movie theater, adult entertainment and heavy industrial uses are not permitted.

Small hotels of 75 rooms or less are permitted in this District only as a conditional use. Any such conditional use authorization requires a conditional use finding that disallows project proposals that displace existing Production, Distribution and Repair (PDR) uses.

SEC. 827. RINCON HILL DOWNTOWN RESIDENTIAL MIXED USE DISTRICT (RH-DTR).

The Rincon Hill Downtown Residential Mixed Use District (RH-DTR), the boundaries of which are shown in Section Map No. 1 of the Zoning Map, is established for the purposes set forth below.

The RH-DTR District is adjacent to the southern edge of the downtown, generally bounded by Folsom Street, the Bay Bridge, the Embarcadero, and Essex Street. High-density residential uses and supporting commercial and institutional uses are allowed and encouraged within the limits set by height, bulk, and tower spacing controls. Folsom Street is intended to develop as the neighborhood commercial heart of the Rincon Hill and Transbay neighborhoods, and pedestrian-oriented uses are required on the ground floor. Individual townhouse dwelling units with ground floor entries directly to the street are required on streets

that will become primarily residential, including First, Fremont, Beale, Main, and Spear Streets.

While lot coverage is limited for all levels with residential uses that do not face onto streets or alleys, traditional rear yard open spaces are not required except in the limited instances where there is an existing pattern of them, such as smaller lots on the Guy Place block. Specific height, bulk, and setback controls establish appropriate heights for both towers and mid-rise podium development and ensure adequate spacing between towers in order to establish a neighborhood scale and ensure light and air to streets and open spaces. Setbacks are required where necessary to provide transition space for ground floor residential uses and to ensure sunlight access to streets and open spaces. Off-street parking must be located below grade.

Given the need for services and open space resulting from new development, projects will provide or contribute funding for the creation of public open space and community facilities as described in the Rincon Hill Area Plan of the General Plan. The Rincon Hill Streetscape Plan, part of the Area Plan, proposes to enhance and redesign most streets in the district to create substantial new open space amenities, improve pedestrian conditions, and improve the flow of local traffic and transit. Detailed standards for the provision of open spaces, mid-block pathways, and residential entries are provided to ensure that new buildings contribute to creating a public realm of the highest quality in Rincon Hill.

SEC. 829. SOUTH BEACH DOWNTOWN RESIDENTIAL MIXED USE DISTRICT (SB-DTR).

The South Beach Downtown Residential Mixed Use District (SB-DTR), the boundaries of which are shown in Section Map No. 1 of the Zoning Map, is established for the purposes set forth below.

The SB-DTR District is adjacent to the southern edge of the downtown, generally bounded by the Bay Bridge, Bryant Street, the Embarcadero, and 2nd Street, and is primarily comprised of the former South Beach Redevelopment Area. High-density residential uses and supporting commercial and institutional uses are allowed and encouraged within the limits set by height, bulk, and tower spacing controls. Individual townhouse dwelling units with ground floor entries directly to the street are generally required on streets.

While lot coverage is limited for all levels with residential uses that do not face onto streets or alleys, traditional rear yard open spaces are not required. Specific height, bulk, and setback controls establish appropriate heights for both towers and mid-rise podium development and ensure adequate spacing between towers in order to establish a neighborhood scale and ensure light and air to streets and open spaces. SEC. 840. - MUG — MIXED USE-GENERAL DISTRICT

The Mixed Use — General (MUG) District is largely comprised of the low-scale, production, distribution, and repair uses mixed with housing and small-scale retail. The MUG is designed to maintain and facilitate the growth and expansion of small-scale light industrial, wholesale distribution, arts production and performance/exhibition activities, general commercial and neighborhood-serving retail and personal service activities while protecting existing housing and encouraging the development of housing at a scale and density compatible with the existing neighborhood.

Housing is encouraged over ground floor commercial and production, distribution, and repair uses. New residential or mixed use developments are encouraged to provide as much

1 mixed-income family housing as possible. Existing group housing and dwelling units would be
 2 protected from demolition or conversion to nonresidential use by requiring conditional use
 3 review.

4 Hotels, nighttime entertainment, movie theaters, adult entertainment and heavy
 5 industrial uses are not permitted. Office is restricted to the upper floors of multiple story
 6 buildings.

SEC. 841. MUR—MIXED USE—RESIDENTIAL DISTRICT.

The Mixed Use — Residential District (MUR) serves as a buffer between the higher-density, predominantly commercial area of Yerba Buena Center to the east and the lower-scale, mixed use service/industrial and housing area west of Sixth Street.

The MUR serves as a major housing opportunity area within the eastern portion of the South of Market. The district controls are intended to facilitate the development of high-density, mid-rise housing, including family-sized housing and residential hotels. The district is also designed to encourage the expansion of retail, business service and commercial and cultural arts activities.

Continuous ground floor commercial frontage with pedestrian-oriented retail activities along major thoroughfares is encouraged. Hotels, nighttime entertainment, movie theaters, adult entertainment and heavy industrial uses are not permitted. Office is restricted to the upper floors of multiple story buildings.

SEC. 842. MUO — MIXED USE — OFFICE DISTRICT.

The Mixed Use — Office (MUO) runs predominantly along the 2nd Street corridor in the South of Market area. The MUO is designed to encourage office uses and housing, as well as small-scale light industrial and arts activities. Nighttime entertainment is permitted as a conditional use. Dwelling units and group housing are permitted, while demolition or conversion of existing dwelling units or group housing requires conditional use authorization. Family-sized housing is encouraged.

Office, general commercial, most retail, production, distribution, and repair uses are also principal permitted uses. Large hotel, adult entertainment and heavy industrial uses are not permitted.

SEC. 843. UMU — URBAN MIXED USE DISTRICT.

The Urban Mixed Use (UMU) District is intended to promote a vibrant mix of uses while maintaining the characteristics of this formerly industrially-zoned area. It is also intended to serve as a buffer between residential districts and PDR districts in the Eastern Neighborhoods. Within the UMU, allowed uses include production, distribution, and repair uses such as light manufacturing, home and business services, arts activities, warehouse,

and wholesaling. Additional permitted uses include retail, educational facilities, and nighttime entertainment. Housing is also permitted, but is subject to higher affordability requirements. Family-sized dwelling units are encouraged. Within the UMU, office uses are restricted to the upper floors of multiple story buildings. In considering any new land use not contemplated in this District, the Zoning Administrator shall take into account the intent of this District as expressed in this Section and in the General Plan.

LEGISLATIVE DIGEST

[Planning Code - Urban Agriculture]

Ordinance amending the Planning Code to update controls related to urban agricultural uses by adding Section 102.34 to define urban agriculture, including neighborhood agriculture and urban industrial agriculture, and amending Sections 204.1, 209.5, 227, 234.1, 234.2, and Articles 7 and 8 to regulate such uses in various zoning districts; and making findings including environmental findings and findings of consistency with General Plan and Section 101.1.

Existing Law

The San Francisco Planning Code regulates a variety of agricultural uses, such as horticulture, plant nursery, community garden, and neighborhood garden in its residential, commercial, and industrial districts. Many of these uses are not recognized as a discrete zoning uses in Planning Code Article 7 (the Neighborhood Commercial Districts) or Article 8 (the Mixed-use Districts).

Amendments to Current Law

This Ordinance would add Planning Code 102.34 to define urban agricultural use, including neighborhood agriculture and urban industrial agriculture. The difference between these two types of agricultural use is based on size devoted to the use and certain performance criteria as set forth in the legislation, such as permitting sales of produce during certain hours and storage of equipment. The legislation would treat such urban agricultural uses as either permitted or conditionally authorized in the City's residential, commercial, industrial, neighborhood commercial, and mixed-use districts. The Ordinance also makes environmental findings and findings of consistency with the General Plan and Planning Code Section 101.1.

Background Information

In July 2009 the Mayor issued Executive Directive 09-03 regarding "Healthy and Sustainable Food for San Francisco," which directed all City departments to carry out implementing actions consistent with the goal of fostering local food production in the City. This Ordinance is an outgrowth and expansion of that effort City-wide and would recognize the various scales and intensities of local food production, from small scale gardens to larger-scale urban agriculture.

Dear Ms. Calvillo,

On February 17th, 2011 the San Francisco Planning Commission (hereinafter "Commission") conducted duly noticed public hearings at a regularly scheduled meeting to consider the proposed Ordinance.

The proposed Ordinance would amend the Planning Code by adding Section 102.35 to define Urban Agriculture, including Neighborhood Agriculture and Urban Industrial Agriculture, and amend Sections 204.1, 209.5, 227, 234.1, 234.2, and Articles 7 and 8 to regulate such uses in various zoning districts.

The proposed zoning changes have been determined to be categorically exempt from environmental review under the California Environmental Quality Act Section 15060(c)(2).

At the February 17th hearing, the Commission voted to recommend Approval with Modifications of the proposed Ordinance. The modifications are as follows:

1. Further clarify that sales of produce grown on site may occur at a dwelling by altering the following language under proposed Section 102.35(a) Neighborhood Agriculture:

Limited sales and donation of fresh food and/or horticultural products grown on-site may occur on otherwise vacant property, but may not occur within a dwelling unit.

To the following:

Limited sales and donation of fresh food and/or horticultural products grown on site may occur on site, whether vacant or improved, but not within a dwelling unit.

2. Modify the compost setback requirement found under proposed Section 102.35(a)(1) from three feet from property lines to three feet from structures.

3. Modify the Planning Code Section added for Urban Agriculture from 102.34 to 102.35, as Planning Code Section 102.34 defines an unrelated existing use.
4. Clarify that the fencing requirement is optional and that should fencing be used that it need not be completely opaque.
5. Continue working to keep permit and change of use fees for urban agriculture minimal and to compare permit fee differences between short term and long term uses of land for Urban Agriculture.
6. Consider looking into adding language into the proposed Ordinance to allow value added sales.
7. Explore the use of soil testing to clarify concerns related to soil toxicity.

Please find attached documents relating to the Commission's action. If you have any questions or require further information please do not hesitate to contact me.

John Rahaim

RECOMMENDING THAT THE BOARD OF SUPERVISORS ADOPT WITH MODIFICATIONS A PROPOSED ORDINANCE THAT WOULD UPDATE CONTROLS RELATED TO URBAN AGRICULTURAL USES BY (1) ADDING SECTION 102.34 TO DEFINE URBAN AGRICULTURE, INCLUDING NEIGHBORHOOD AGRICULTURE AND URBAN INDUSTRIAL AGRICULTURE AND (2) AMENDING SECTIONS 204.1, 209.5, 227, 234.1, 234.2, AND ARTICLES 7 AND 8 TO REGULATE SUCH USES IN VARIOUS ZONING DISTRICTS AND ADOPTING FINDINGS, INCLUDING ENVIRONMENTAL FINDINGS, SECTION 302 FINDINGS, AND FINDINGS OF CONSISTENCY WITH THE GENERAL PLAN AND THE PRIORITY POLICIES OF PLANNING CODE SECTION 101.1.

PREAMBLE

WHEREAS, on December 15, 2010, Mayor Gavin Newsom and Supervisor David Chiu introduced a proposed Ordinance under Board of Supervisors (hereinafter "Board") File Number 10-1537; and

WHEREAS, the proposed Ordinance would amend the Planning Code by adding Section 102.34 to define Urban Agriculture including neighborhood agriculture and urban industrial agriculture and amending Sections 204.1, 209.5, 227, 234.1, 234.2, and Articles 7 and 8 to regulate such uses in various zoning districts; and

WHEREAS, the Planning Commission conducted a duly noticed public hearing to consider the proposed Ordinance on February 17, 2011; and

WHEREAS, the proposed Ordinance has been determined to be categorically exempt from environmental review under the California Environmental Quality Act Section 15060(c); and

WHEREAS, the Planning Commission has heard and considered the testimony presented to it at the public hearing and has further considered written materials and oral testimony presented on behalf of Department staff and other interested parties; and

WHEREAS, the all pertinent documents may be found in the files of the Department, as the custodian of records, at 1650 Mission Street, Suite 400, San Francisco; and

WHEREAS, the Planning Commission has reviewed the proposed Ordinance; and

MOVED, that the Planning Commission hereby recommends that the Board of Supervisors approve with modifications the proposed ordinance. Specifically, the Planning Commission recommends the following modifications:

1. Further clarify that sales of produce grown on site may occur at a dwelling by altering the following language under proposed Section 102.35(a) Neighborhood Agriculture:

Limited sales and donation of fresh food and/or horticultural products grown on-site may occur on otherwise vacant property, but may not occur within a dwelling unit.

To the following:

Limited sales and donation of fresh food and/or horticultural products grown on site may occur on site, whether vacant or improved, but not within a dwelling unit.

2. Modify the compost setback requirement found under proposed Section 102.35(a)(1) from three feet from property lines to three feet from structures.
3. Modify the Planning Code Section added for Urban Agriculture from 102.34 to 102.35, as Planning Code Section 102.34 defines an unrelated existing use.
4. Clarify that the fencing requirement is optional and that should fencing be used that it need not be completely opaque.
5. Continue working to keep permit and change of use fees for urban agriculture minimal and to compare permit fee differences between short term and long term uses of land for Urban Agriculture.
6. Consider looking into adding language into the proposed Ordinance to allow value added sales.
7. Explore the use of soil testing to clarify concerns related to soil toxicity.

FINDINGS

Having reviewed the materials identified in the preamble above, and having heard all testimony and arguments, this Commission finds, concludes, and determines as follows:

1. The proposed Ordinance is an outgrowth and expansion of Executive Directive 09-03 "Health and Sustainable Food for San Francisco," which directed all City Departments to carry out

implementing actions consistent with the goal of fostering local food production in San Francisco.

2. The production of food within San Francisco results in substantial net benefits, from the reduction in greenhouse gas emissions associated with the transport of food stuffs from different regions into San Francisco, to the continued expansion of the "local food" movement and associated businesses, to the provision of additional recreation, outdoor physical activity and access to fresh produce for San Franciscans.
3. The Planning Code has multiple use categories for urban agricultural activities, none of which are defined or consistent throughout all zoning districts.
4. There is a need to clearly define urban agricultural uses, establish performance standards and provide certainty for prospective entrepreneurs as this activity becomes increasingly important from an economic and ecological perspective and as this activity is incorporated into all zoning districts.
5. The proposed amendment is exempt from environmental review under Section 15060(c)(2) of the CEQA Guidelines?
6. The proposed Ordinance has been initiated by the Planning Commission and as required by Planning Code Section 302(b) serves the public necessity, convenience and general welfare as necessary for Ordinances to amend the Planning Code.
7. This Ordinance proposes to amend the zoning control tables in Article 7 and Article 8. As the potential adoption of this Ordinance is unknown relative to the adoption of other pending Ordinances, the Department wishes to highlight other pending Ordinances. The Department identified that at least four pending and recently adopted ordinances, which amend some of the same sections of the Planning Code and may not be reflected in this draft Ordinance. The Department intends that, if adopted, the Board action in all adopted ordinances be given effect so that the substance of each adopted ordinance is represented. To this end, the Department requests that the City Attorney's office and the publisher harmonize the provisions of each ordinance at the time of adoption

8. The proposed Ordinance does not augment, alter or eliminate any existing regulations on controlled substances. Growing controlled substances for commercial use would continue to be reviewed under Planning Code controls for "greenhouse" uses and would continue to be 1) regulated via a Conditional Use authorization under Section 209.5(c) in residential districts; 2) either permitted or not permitted in commercial districts under Section 227(a); 3) not permitted

9. **General Plan Compliance.** The proposed Ordinance is consistent with the following Objectives and Policies of the General Plan

COMMERCE AND INDUSTRY ELEMENT

OBJECTIVE 1

MANAGE ECONOMIC GROWTH AND CHANGE TO ENSURE ENHANCEMENT OF THE TOTAL CITY LIVING AND WORKING ENVIRONMENT

POLICY 1.1

Encourage development which provides substantial net benefits and minimizes undesirable consequences. Discourage development which has substantial undesirable consequences that cannot be mitigated.

POLICY 1.2

Assure that all commercial and industrial uses meet minimum, reasonable performance standards.

The proposed Ordinance, in part, will facilitate the growth of small businesses engaged in urban agricultural activity. These businesses have substantial net benefits to the City of San Francisco, both economically and ecologically. The proposed Ordinance will foster local production of food, a goal of Executive Directive 09-03, "Healthy and Sustainable Food for San Francisco." As part of an approval of any urban agricultural use, specific physical and operational standards must be met to ensure a lack of disruption to the surrounding area. Should these standards not be met or if the size of the use exceeds 1 acre Conditional Use authorization is required to assure the urban agricultural use is necessary or desirable and compatible with its proposed setting.

OBJECTIVE 2

MAINTAIN AND ENHANCE A SOUND AND DIVERSE ECONOMIC BASE AND FISCAL STRUCTURE FOR THE CITY.

POLICY 2.3

Maintain a favorable social and cultural climate in the city in order to enhance its attractiveness as a firm location.

The proposed Ordinance will facilitate the growth of small businesses dedicated to the production and consumption of locally grown and seasonally consumed produce and processed goods. The growth of the local food sector in San Francisco creates a favorable social and cultural climate in the City that attracts firms and their employees.

OBJECTIVE 3

PROVIDE EXPANDED EMPLOYMENT OPPORTUNITIES FOR CITY RESIDENTS, PARTICULARLY THE UNEMPLOYED AND ECONOMICALLY DISADVANTAGED.

POLICY 3.1

Promote the attraction, retention and expansion of commercial and industrial firms which provide employment improvement opportunities for unskilled and semi-skilled workers.

POLICY 3.4

Assist newly emerging economic activities.

The proposed Ordinance facilitates the creation of small businesses engaged in urban agricultural activity. This is an emerging economic activity in San Francisco and the proposed Ordinance will formalize the status of much of the current urban agricultural activity currently underway. In addition, these firms involved in urban agriculture can provide employment opportunities for unskilled and semi-skilled workers throughout the calendar year because of the favorable growing climate in San Francisco.

OBJECTIVE 6

MAINTAIN AND STRENGTHEN VIABLE NEIGHBORHOOD COMMERCIAL AREAS EASILY ACCESSIBLE TO CITY RESIDENTS.

POLICY 6.1

Ensure and encourage the retention and provision of neighborhood-serving goods and services in the city's neighborhood commercial districts, while recognizing and encouraging diversity among the districts.

POLICY 6.3

Preserve and promote the mixed commercial-residential character in neighborhood commercial districts. Strike a balance between the preservation of existing affordable housing and needed expansion of commercial activity.

POLICY 6.10

Promote neighborhood commercial revitalization, including community-based and other economic development efforts where feasible.

The proposed Ordinance will permit urban agriculture uses, either principally or with Conditional Use authorization, in neighborhood commercial districts, thereby promoting the mixed commercial-residential character of those areas. Those neighborhood commercial districts in need of revitalization will benefit from the proposed Ordinance as it allows a new use category to be established where before they were prohibited. The establishment of urban agricultural uses in the neighborhood commercial districts will help provide neighborhood serving goods in the form of fresh produce.

HOUSING ELEMENT

OBJECTIVE 11

IN INCREASING THE SUPPLY OF HOUSING, PURSUE PLACE MAKING AND NEIGHBORHOOD BUILDING PRINCIPLES AND PRACTICES TO MAINTAIN SAN

FRANCISCO'S DESIRABLE URBAN FABRIC AND ENHANCE LIVABILITY IN ALL NEIGHBORHOODS.

POLICY 11.3

Encourage appropriate neighborhood-serving commercial activities in residential areas, without causing affordable housing displacement.

Within residential districts the proposed Ordinance will allow urban agricultural activity that is desirable and appropriate, akin to the small pedestrian-oriented corner grocery stores and other convenience shops. Urban agricultural activity can meet frequent and recurring needs of residents without disrupting the residential character of the area. The proposed Ordinance establishes physical and operational standards that help to ensure that the urban agricultural activity in residential areas will be primarily pedestrian-oriented, that it serve the needs of the immediate residential neighborhood, that it not draw significant trade from outside the neighborhood, that it not be disruptive to the livability of the surrounding neighborhood and restrict the use of heavy machinery. If the physical and operational standards are not met, or if the proposed use is greater than 1 acre, the proposed Ordinance requires Conditional Use authorization to establish an urban agricultural use.

AIR QUALITY ELEMENT

OBJECTIVE 3

DECREASE THE AIR QUALITY IMPACTS OF DEVELOPMENT BY COORDINATION OF LAND USE AND TRANSPORTATION DECISIONS.

POLICY 3.2

Encourage mixed land use development near transit lines and provide retail and other types of service oriented uses within walking distance to minimize automobile dependent development.

POLICY 3.8

Promote the development of non-polluting industries and insist on compliance with established industrial emission control regulations by existing industries.

The proposed Ordinance will foster the local production of food which will, in many instances, allow residents of San Francisco to forgo an automobile trip to a grocery store and instead travel by bicycle or foot to an urban agricultural use permitted to sell produce. Given the physical and operational standards, the urban agricultural uses allowed will be non-polluting.

ENVIRONMENTAL PROTECTION ELEMENT

OBJECTIVE 1

ACHIEVE A PROPER BALANCE AMONG THE CONSERVATION, UTILIZATION, AND DEVELOPMENT OF SAN FRANCISCO'S NATURAL RESOURCES.

POLICY 1.3

Restore and replenish the supply of natural resources.

The proposed Ordinance facilitates activities that seek to cultivate land to increase vegetation, replenish wildlife and landscape man-made surroundings. It will permit projects that revitalize the urban environment both economically and ecologically.

RECREATION AND OPEN SPACE ELEMENT

OBJECTIVE 2

DEVELOP AND MAINTAIN A DIVERSIFIED AND BALANCED CITYWIDE SYSTEM OF HIGH QUALITY PUBLIC OPEN SPACE.

POLICY 2.12

Expand community garden opportunities throughout the City.

The proposed Ordinance will facilitate the establishment of community gardens throughout all zoning districts as it proposes to principally permit such use, when it meets the physical and operational standards, in all zoning districts.

10. The proposed Ordinance is consistent with the eight General Plan priority policies set forth in Section 101.1 in that:

- A. That existing neighborhood-serving retail uses will be preserved and enhanced and future opportunities for resident employment in and ownership of such businesses will be enhanced:

The proposed Ordinance will facilitate the creation of new neighborhood serving businesses that can be resident owned. With the creation of new, resident owned urban agriculture businesses, existing neighborhood serving retail will have another establishment from which to purchase products or additional patrons in the form of new the owners and employees of the urban agriculture businesses.

- B. That existing housing and neighborhood character will be conserved and protected in order to preserve the cultural and economic diversity of our neighborhoods:

The proposed Ordinance is crafted so that any new Urban Agriculture uses will meet physical and operational standards designed to preserve neighborhood character, or seek Conditional Use authorization. The proposed Ordinance will facilitate the creation of new businesses and further the cultural and economic diversity of San Francisco's neighborhoods.

- C. That City's supply of affordable housing will be preserved and enhanced:

The proposed Ordinance will have no effect upon the City's supply of affordable housing.

- D. That commuter traffic will not impede MUNI transit service or overburden our streets or neighborhood parking:

The proposed Ordinance will not impede MUNI transit service or overburden streets or neighborhood parking as the proposed Ordinance seeks to facilitate the creation of small businesses that do not typically generate traffic at disruptive levels.

- E. That a diverse economic base will be maintained by protecting our industrial and service sectors from displacement due to commercial office development, and that future opportunities for resident employment and ownership in these sectors will be enhanced:

The proposed Ordinance will not displace industrial or service sector employment due to commercial office development as the proposed Ordinance seeks to facilitate the growth of urban agricultural uses.

- F. That City will achieve the greatest possible preparedness to protect against injury and loss of life in an earthquake.

The proposed Ordinance will have no effect on the City's efforts to prepare and protect against injury and loss of life in an earthquake.

- G. That landmark and historic buildings will be preserved:

No landmarks or historic buildings are expected to be negatively impacted from the proposed Ordinance as it seeks to facilitate the use of unimproved land or yards on improved lots and does not intend to facilitate alteration to existing structures.

- H. That parks and open space and their access to sunlight and vistas will be protected from development:

No parks or opens spaces are expected to be negatively impacted from the implementation of the proposed Ordinance as it seeks to facilitate the growth of urban agricultural activity.

I hereby certify that the Planning Commission ADOPTED the foregoing Resolution on February 17, 2011.

PLANNING CODE AMENDMENT

The proposed Ordinance was introduced by Mayor Gavin Newsom and Supervisor David Chiu as an outgrowth and expansion of Executive Directive 09-03 "Healthy and Sustainable Food for San Francisco," which directed all city Departments to carry out implementing actions consistent with the goal of fostering local food production in San Francisco. The proposed Ordinance would facilitate the production and sale of produce grown at relatively small scales by consolidating the current variety of urban agricultural uses within the Planning Code, creating a new Urban Agriculture use category and easing the regulation of its production and sale throughout all zoning districts in San Francisco.

The Way It Is Now:

The Planning Code cites multiple use categories for urban agricultural activities and within the different zoning districts certain use categories are referenced and others are not. Below is a chart summarizing the regulation of urban agricultural activities by zoning district:

Zoning District	Use Category	Control
R Districts (e.g. RH, RM, RTO, RC)	Open Space for horticulture purposes, no retail or wholesale sales (PC §209.5(b))	P
	Greenhouse, Plant Nursery, other land or structure devoted to cultivation of plants, with or without retail or wholesale sales (PC §209.5(c))	C
Commercial, Industrial, PDR Districts (e.g. C, M, PDR)	Greenhouse or Plant Nursery (PC §227(a))	P (NP in C-3-O, C-3-R, C-3-G)
	Truck Gardening, Horticulture (PC §227(b))	P (NP in all C-3)

Public Use Districts (P)	Uses of public agencies and accessory nonpublic uses (PC §234.1)	P (accessory nonpublic uses P if within ¼ mile of an NC-1 or Individual Area NC such use is P)
	Open Space for horticulture purposes, no retail or wholesale sales (PC §234.2(a))	C
Neighborhood Commercial Districts (NC, NCT, Individual Named NC)	No Urban Agricultural Activities permitted	NP
Chinatown Mixed Use Districts (CCB, CVB, CRNC)	No Urban Agricultural Activities permitted	NP
South of Market Mixed Use Districts (RED, SPD, RSD, SLR, SLI, SSO)	Open Space for horticulture purposes, no retail or wholesale sales (PC §81X.68)	P
	Greenhouse, Plant Nursery (PC §81X.71)	NP (except P in SLI, SSO)
Downtown Residential Mixed Use Districts (RH-DTR, SB-DTR)	All urban agricultural activities principally permitted	
Eastern Neighborhoods Mixed Used Districts (MUG, MUR, MUO, UMU)	Non-Retail Greenhouse or Plant Nursery (PC §84X.87)	P
	Open Space for horticulture purposes (PC §84X.97)	P

As an accessory use, urban agricultural activities are regulated as follows:

Zoning District	Control
R Districts (e.g. RH, RM, RTO, RC)	Urban agricultural activity can be considered accessory to dwelling units and other uses within the R Districts if they adhere to limitations under Planning Code Section 204.1 and 204.2 including those on alterations to dwellings not residential in character, the addition of show windows or window displays, the conduct of a business office open to the public, and to uses occupying more than a particular fraction of a buildings floor area.
Commercial, Industrial, PDR Districts (e.g. C, M, PDR)	Planning Code Sections 204.3(a), (b) and (d) generally limit accessory uses to those uses employing machines of particular horsepower, employing particular numbers of persons or occupying more than a particular fraction of a buildings floor area.

Public Use Districts (P)	Accessory use controls for urban agricultural activity are the same as if the use were the principal use on the site (PC §234.1).
Neighborhood Commercial Districts (NC, NCT, Individual Named NC)	Urban agricultural activities can be considered accessory uses if they adhere to the limitations under Planning Code Sections 204.1, and 204.4.
Chinatown Mixed Use Districts (CCB, CVB, CRNC)	Urban agricultural activities can be considered accessory uses as if they adhere to the limitations under Planning Code Section 803.2(b)(1)(C) which primarily focus on activities occurring within buildings.
South of Market Mixed Use Districts (RED, SPD, RSD, SLR, SLL, SSO)	Urban agricultural activities can be considered accessory uses as if they adhere to the limitations under Planning Code Section 803.3(b)(1)(C) which primarily focus on activities occurring within buildings.
Downtown Residential Mixed Use Districts (RH-DTR, SB-DTR)	Urban agricultural activities can be considered accessory uses as if they adhere to the limitations under Planning Code Section 825(c)(1)(C) which primarily focus on activities occurring within buildings.
Eastern Neighborhoods Mixed Use Districts (MUG, MUR, MUO, UMU)	Urban agricultural activities can be considered accessory uses as if they adhere to the limitations under Planning Code Section 803.3(b)(1)(C) which primarily focus on activities occurring within buildings.

The Way It Would Be:

The proposed Ordinance will consolidate urban agricultural activities into a new use category, Urban Agriculture, with two sub use categories, Neighborhood Agriculture and Urban Industrial Agriculture. Neighborhood Agriculture is defined as an urban agricultural activity that is less than one acre in size, includes backyard gardens, community gardens, community supported agriculture, market gardens and private farms, allows limited sales and donation on the site of production. Importantly, to be classified as Neighborhood Agriculture the use must adhere to a set of physical and operational standards including the limitation on the use of mechanized farm equipment and on the hours of sale of produce. Urban Industrial Agriculture is defined as a use of land for the production of horticultural crops that occurs on a site greater than 1 acre or on lots smaller than 1 acre but that do not meet the physical and operational standards for the Neighborhood Agriculture use.

The proposed Ordinance will principally permit the Neighborhood Agriculture use in all zoning districts and require Conditional Use authorization for Urban Industrial Agriculture in Residential Districts, Neighborhood Commercial Districts, Chinatown Mixed Use Districts, South of Market Mixed Use Districts, Downtown Residential Mixed Use Districts and the Eastern Neighborhoods Mixed Use Districts. The proposed Ordinance will also exclude Urban Agricultural uses from the restrictions for accessory uses within the R and NC districts. The chart below summarizes the proposed controls by zoning district:

Zoning District	Use Category	Control
R Districts (e.g. RH, RM, RTO, RC)	Neighborhood Agriculture	P
	Urban Industrial Agriculture	C
Commercial, Industrial, PDR Districts (e.g. C, M, PDR)	Neighborhood Agriculture	P
	Urban Industrial Agriculture	P
Public Use Districts (P)	Neighborhood Agriculture	P (accessory nonpublic uses P if within ¼ mile of an NC-1 or Individual Area NC such use is P)
	Urban Industrial Agriculture	C
Neighborhood Commercial Districts (NC, NCT, Individual Named NC)	Neighborhood Agriculture	P
	Urban Industrial Agriculture	C
Chinatown Mixed Use Districts (CCB, CVB, CRNC)	Neighborhood Agriculture	P
	Urban Industrial Agriculture	C
South of Market Mixed Use Districts (RED, SPD, RSD, SLR, SLI, SSO)	Neighborhood Agriculture	P
	Urban Industrial Agriculture	C
Downtown Residential Mixed Use Districts (RH-DTR, SB-DTR)	Neighborhood Agriculture	P
	Urban Industrial Agriculture	C
Eastern Neighborhoods Mixed Used Districts (MUG, MUR, MUO, UMU)	Neighborhood Agriculture	P
	Urban Industrial Agriculture)	C

REQUIRED COMMISSION ACTION

The proposed Ordinance is before the Commission so that it may recommend adoption, rejection, or adoption with modifications to the Board of Supervisors.

RECOMMENDATION

The Department recommends that the Commission recommend *approval with modifications* to the proposed Ordinance and adopt the attached Draft Resolution to that effect. Specifically, the

Department recommends the following modifications:

1. Further clarify that sales of produce grown on site may occur at a dwelling by altering the following language under proposed Section 102.34(a) Neighborhood Agriculture:

Limited sales and donation of fresh food and/or horticultural products grown on-site may occur on otherwise vacant property, but may not occur within a dwelling unit.

To the following:

Limited sales and donation of fresh food and/or horticultural products grown on site may occur on site, whether vacant or improved, but not within a dwelling unit.

2. Modify the compost setback requirement found under proposed Section 102.34(a)(1) from three feet from property lines to three feet from structures.

BASIS FOR RECOMMENDATION

Urban Agriculture and local food production is seeing a dramatic upsurge in interest and is a key component of the City's sustainability program. Current Planning Code controls regarding food production and sustainability reflect attitudes and concerns of the early to mid 20th century, prioritizing a distinct separation of uses over a neighborhood with a variety of intermingled uses where residents can meet their daily needs within walking distance.

The current Planning Code definitions are vague or nonexistent. The proposed Ordinance will clarify the permitted intensity of agricultural/horticultural activity by consolidating the current array of such use categories, creating a new agricultural use category with two sub uses of differing intensity, applying these use categories across all zoning districts, and creating consistency throughout the Planning Code.

The proposed Ordinance would recognize and support various scales and intensities of local food production where appropriate. By establishing operational and physical standards for the *Neighborhood Agriculture* use the proposed Ordinance ensures that inhabited neighborhoods would be supported with, but not overwhelmed by, urban agricultural uses. The more intense or larger *Industrial Agricultural* use is principally permitted only in industrial districts and requires Conditional Use authorization, with its findings of necessity, desirability and compatibility, in all other districts. Taken together the proposed Ordinance strikes the appropriate balance of use intensity and neighborhood context, while allowing the Planning Commission discretion in reviewing future projects where practical. Further, the proposed Ordinance will facilitate the growth of smaller scale urban agriculture activities in San Francisco by principally permitting the lower intensity *Neighborhood Agriculture* use in all zoning districts. In this respect, the proposed Ordinance meets Executive Directive 09-03 by fostering the growth of local food production in San Francisco.

The suggested modifications seek to (1) clarify where limited sales and donations may occur, thus avoiding future confusion during implementation and (2) to capture the concerns of balancing good neighbor practices with providing a regulatory environment that fosters small business growth in the urban agricultural sector.

The Planning Department received multiple requests for additional modifications to the proposed Ordinance. Regarding the request to allow the sale of value added goods and to allow produce grown at multiple sites to be pooled and sold at one residential site, the Department is concerned that such modification would escalate commercial activity in residential districts to a level creating excessive disturbance and incompatibility with residential districts. The Department believes modifications to exempt urban agricultural uses from permit/change of use fees and of the fencing requirement set undesirable precedents. All applications subject to Planning Department review must pay fees in accordance to Article 3.5 of the Planning Code; the sole exemption is for a requestor of Discretionary Review whose income is insufficient to pay the Discretionary Review fee without affecting their ability to pay for the necessities of life and who can demonstrate this to the Planning Director. The proposed Ordinance does not require fencing of urban agriculture uses. Should fencing be installed, the Planning Department believes the fencing should meet the minimum Planning Code requirements set for all uses.

ENVIRONMENTAL REVIEW

The proposed amendment is exempt from environmental review under Section 15060(c)(2) of the CEQA Guidelines.

OTHER ISSUES

HARMONY WITH OTHER PENDING ORDINANCES

Please note that this Ordinance proposes to amend the zoning control tables in Article 7 and Article 8. As the potential adoption of this Ordinance is unknown relative to the adoption of other pending Ordinances, the Department wishes to highlight other pending Ordinances. The Department identified that at least four pending and recently adopted ordinances, which amend some of the same sections of the Planning Code and may not be reflected in this draft Ordinance. The Department intends that, if adopted, the Board action in all adopted ordinances be given effect so that the substance of each adopted ordinance is represented. To this end, the Department requests that the City Attorney's office and the publisher harmonize the provisions of each ordinance at the time of adoption.

Board File/ Ordinance Number	Working Short Title
101464/ pending	Upper Market Extension
101309 and 110070/pending	Upper Fillmore NCD Restaurant Changes
100434/ 229-10	Castro NCD Restaurant Changes
Not Yet Assigned/pending	Planning Code Clean-Up 2010/Article 10 & 11 Update

CONTROLLED SUBSTANCES

The proposed Ordinance does not augment, alter or eliminate any existing regulations on controlled substances. Growing controlled substances for commercial use would continue to be reviewed under Planning Code controls for "greenhouse" uses and would continue to be 1) regulated via a Conditional Use authorization under Section 209.5(c) in residential districts; 2) either permitted or not permitted in commercial districts under Section 227(a); 3) not permitted in Neighborhood Commercial Districts or the Chinatown Mixed Use Districts; 4) permitted in the Downtown Residential Mixed Use Districts (RH-

DTR, SB-DTR) and 5) generally would be permitted in mixed use districts (SLI, SSO, MUG, MUR, MOU, UMU) except where this use is not permitted (RED, SPD, RSD, and SLR).

PUBLIC COMMENT

The Planning Department received over 30 letters, emails and telephone calls regarding the proposed Ordinance. Comments, questions and concerns were made regarding the following issues:

- The desire to sell produce harvested on a private residential dwelling without the necessity of securing permits
- The desire to sell agricultural goods pooled from various sites, residential or otherwise, on a residentially zoned site without the necessity of securing permits
- The desire to sell processed foods / value added goods, irrespective of the origin of the inputs to the processed foods / value added goods, at residential dwellings
- The need to further define and establish limits to the use and size of farm equipment within all zoning districts
- The relation of greenhouses and other gardening structures with the proposed Ordinance
- A desire to eliminate the costs of permit / change of use fees for urban agricultural uses in all zoning districts
- Requests to eliminate or liberalize the setback requirements for compost piles
- Requests to eliminate the fencing requirements for urban agricultural uses
- A concern that the proposed Ordinance would allow uses in residential districts that would adversely affect traffic and on-street parking.

In addition to the input described above, Staff from San Francisco Public Utilities Commission (SFPUC) expressed concern over potential increased water use that may occur during implementation of this proposed Ordinance. They advise that the Planning Commission, in certifying the Programmatic Environmental Impact Report for the SFPUC's \$4.5 billion Water System Improvement Program on October 30, 2008, limited the amount of water that may be drawn from SFPUC watersheds through 2018. The report was developed through extensive stakeholder feedback and required that increases in water use through 2018 be met through alternative means such as water conservation, recycled water, graywater, harvested rainwater, and groundwater. Edible plants are typically high water use plants and the expansion of urban agriculture will require that more alternative water sources be developed to meet the increased water system demand. Given local and state law limits on urban water use, the SFPUC recommends adding requirements for water efficient irrigation practices to reduce the water system and ratepayer impacts of increased water use resulting from the expansion of urban agriculture.

Re: File No. 101537 [Amending Planning Code Controls for Urban Agriculture]

Small Business Commission Recommendation: Approval with Modification

Dear Ms. Calvillo:

On February 15, 2011, the Small Business Commission voted to recommend approval of Board of Supervisors File No. 101537 with modification.

The SBC is very supportive of increasing the number of Urban Farms in San Francisco, many of which will be small businesses, and encourages your approval of this ordinance. The Commission requests the following modifications. The Commission understands that Mayor Lee and Supervisor David Chiu will be introducing amendments at the Land Use and Economic Development Committee. As communicated to Commission staff, amendments related to the below recommendations satisfy the criteria that the Commission provided. The Commission has no comment on unrelated amendments that may be introduced.

Sec. 102.34 (a) (2)

If the farmed area is enclosed by fencing, the fencing must be wood fencing or ornamental fencing as defined by Planning Code Section 102.32

The Commission recognizes the need to have consistency in fencing across various uses. Urban Farms however, have unique factors which warrant consideration to amend this proposed section. Therefore, the SBC requests that the ordinance be amended to specifically allow green fencing or permit the zoning administrator to approve alternate types of fencing as deemed appropriate. The SBC also requests that consideration be made for temporary garden uses of several years or less, in which cases it may be cost prohibitive to install permanent ornamental fencing.

Sec. 102.34 (a) (6)

The sales of processed or value added goods is prohibited.

The sale of processed or value added goods will serve as an important revenue source and avenue to distribute products such as jellies, jams, and other preserves. The SBC requests that the ordinance be amended to remove this section of the proposed code or insert language that will permit the limited or accessory sale of value added goods at Urban Agriculture sites. The Commission believes that limited sales of these products will maintain the character of these businesses and will have a positive benefit in

the communities that these sites are located in. Just as it is important to create land use controls that will permit Urban Farms, it is equally important to ensure that they will be successful. Accommodating for the sale of value added products in appropriate zoning categories will help ensure that these farms remain viable.

The SBC commends the Mayor and Supervisor Chiu, and their staffs, for working with the Urban Agriculture Alliance and other interested parties to craft amendments that address the above recommendations. This ordinance is an ideal example of how legislators can work with stakeholders to craft strong legislation.

Sincerely,

Regina Dick-Endrizzi
