DPA Proposed Budget FY24-25

MISSION

The Department of Police Accountability (DPA) is committed to providing the City of San Francisco with independent and impartial law enforcement oversight through investigations, policy recommendations, and performance audits to ensure that the Department reflects the values and concerns of the community it serves.

Divisions

INVESTIGATIONS DIVISION investigates and makes findings on civilian complaints of police misconduct or neglect of duty and investigates all officer-involved shootings that result in injury.

AUDIT DIVISION conducts regular performance audits on police officer use of force and how the Police Department handles claims of officer misconduct.

LEGAL AND POLICY DIVISION presents misconduct cases to the Police Chief and the Police Commission, as designated by the Police Commission's Disciplinary Penalty and Referral Guidelines. Attorneys also make recommendations on Police Department policies or practices to enhance police-community relations while ensuring effective police services.

MEDIATION AND OUTREACH DIVISION provides a forum for officers and complainants to discuss complaints. The Outreach program seeks to reach communities that have been economically, racially, culturally, or linguistically isolated from police services.

SENATE BILL 1421 DIVISION - ensures that records involving officer-involved shootings and great bodily injury are posted to DPA's website. Prepare for regulatory changes due to the implementation of Senate Bill 16 that will impact DPA's document production obligations.
