

[Planning Code, Zoning Map - Density Calculation in RC, RTO, NC, and Certain Named NCDs]

**Ordinance amending the Planning Code to replace numerical density limits in Residential-Commercial (RC), Residential Transit Oriented (RTO), Neighborhood Commercial (NC) and certain Neighborhood Commercial Districts (NCD), except for parcels located in the Priority Equity Geographies Special Use District, with already-existing regulations on the built envelope of buildings, such as height, bulk and setbacks; creating the Priority Equity Geographies Special Use District; amending the Zoning Map to add the Priority Equity Geographies Special Use District; affirming the Planning Department's determination under the California Environmental Quality Act; and making public necessity, convenience, and welfare findings under Planning Code, Section 302, and findings of consistency with the General Plan, and the eight priority policies of Planning Code, Section 101.1.**

NOTE: **Unchanged Code text and uncodified text** are in plain Arial font.  
**Additions to Codes** are in single-underline italics Times New Roman font.  
**Deletions to Codes** are in ~~strikethrough italics Times New Roman font~~.  
**Board amendment additions** are in double-underlined Arial font.  
**Board amendment deletions** are in ~~strikethrough Arial font~~.  
**Asterisks (\* \* \* \*)** indicate the omission of unchanged Code subsections or parts of tables.

Be it ordained by the People of the City and County of San Francisco:

Section 1. Environmental and Planning Code Findings

(a) The Planning Department has determined that the actions contemplated in this ordinance comply with the California Environmental Quality Act (California Public Resources Code Sections 21000 et seq.). Said determination is on file with the Clerk of the Board of

Supervisors in File No. 230734 and is incorporated herein by reference. The Board affirms this determination.

(b) On October 26, 2023, the Planning Commission, in Resolution No 21416, adopted findings that the actions contemplated in this ordinance are consistent, on balance, with the City's General Plan and eight priority policies of Planning Code Section 101.1. The Board adopts these findings as its own. A copy of said Resolution is on file with the Clerk of the Board of Supervisors in File No. 230734, and is incorporated herein by reference.

(c) Pursuant to Planning Code Section 302, the Board of Supervisors find that this ordinance will serve the public necessity, convenience, and welfare for the reasons set forth in Planning Commission Resolution No. 21416, and incorporates such reasons by this reference thereto. A copy of said resolution is on file with the Clerk of the Board of Supervisors in File No. 230734.

Section 2. Article 2 of the Planning Code is hereby amended by revising Sections 207, 208, 209.3, and 209.4 to read as follows:

**SEC. 207. DWELLING UNIT DENSITY LIMITS.**

(a) **Applicability.** The density of Dwelling Units permitted in the various Districts shall be as set forth in the Zoning Control Table for the district in which the lot is located. The term "Dwelling Unit" is defined in Section 102 of this Code. There are two types of density districts:

(1) Form-Based Density District: These are ~~It~~ districts where no density limit is specified, and where density ~~shall~~ is not be limited by lot area but rather by the applicable requirements and limitations set forth elsewhere in this Code. Such requirements and limitations include, but are not limited to, height, bulk, setbacks, open space, exposure and unit mix as well as applicable design guidelines, elements and area plans of the General Plan and design review by the Planning Department.

1                    (2) Numerical Density Limit Districts: These are districts that establish a maximum  
2 number of Dwelling Units per lot or lot area.

3                    (b) **Rules for Calculating Dwelling Unit Density in Numerical Density Limit Districts.**

4                    In Numerical Density Limit Districts~~districts that establish a maximum dwelling unit density~~, the  
5 following rules shall apply in the calculation of dwelling unit density under this Code:

6                    (1) A remaining fraction of one-half or more of the minimum of lot area per  
7 Dwelling Unit shall be adjusted upward to the next higher whole number of Dwelling Units.

8                    (2) Where permitted by this Code, two or more of the dwelling and other  
9 housing uses specified in the Code may be located on a single lot, either in one structure or in  
10 separate structures, provided that the specified density limits are not exceeded by the total of  
11 such combined uses. Where Dwelling Units and Group Housing are combined and located on a  
12 lot that establishes a maximum dwelling unit density per lot area, the maximum permitted density  
13 for Dwelling Units and for Group Housing shall be prorated to the total lot area according to  
14 the quantities of these two uses that are combined on the lot.

15                    (3) Where any portion of a lot is narrower than five feet, such a portion shall not  
16 be counted as part of the lot area for purposes of calculating the permitted dwelling density.

17                    (4) No private right-of-way used as the principal vehicular access to two or more  
18 lots shall be counted as part of the lot area of any such lot for purposes of calculating the  
19 permitted dwelling unit density.

20                    (5) Where a lot is divided by a use district boundary line, the dwelling unit  
21 density limit for each district shall be applied to the portion of the lot in that district, and none  
22 of the Dwelling Units attributable to the district permitting the greater density shall be located  
23 in the district permitting the lesser density.

24                    (6) In Named Neighborhood Commercial Districts within the Priority Equity  
25 Geographies Special Use District, or on parcels in Neighborhood Commercial Districts within the

1 Priority Equity Geographies Special Use District, the dwelling unit density shall be at a density  
2 ratio not exceeding the number of Dwelling Units permitted in the nearest R District, provided  
3 that the maximum density ratio shall in no case be less than the amount set forth in the  
4 Zoning Control Table for the district in which the lot is located. The distance to each R District  
5 shall be measured either from the midpoint of the front lot line or from a point directly across  
6 the street therefrom, whichever permits the greater density.

7 \* \* \* \*

8  
9 **SEC. 208. DENSITY LIMITATIONS FOR GROUP HOUSING OR HOMELESS**  
10 **SHELTERS.**

11 The density limitations for Group Housing or Homeless Shelters, as described in  
12 Sections 102 and 890.88(b) and (c) of this Code, shall be as follows:

13 (a) For Group Housing, the maximum number of Bedrooms on each Lot shall be as  
14 specified in the Zoning Control Table for the District in which the Lot is located, except that in  
15 RTO, RTO-M, RCD, UMU, MUG, WMUG, MUR, MUO, CMUO, WMUO, RED, RED-MX, SPD,  
16 DTR, and all NCT Districts the density of Group Housing shall not be limited by lot area, and  
17 except that for Lots in NC Districts, the group housing density shall not exceed the number of  
18 Bedrooms permitted in the nearest R District provided that the maximum density not be less  
19 than the amount permitted by the ratio specified for the NC District in which the lot is located.  
20 For Homeless Shelters, the maximum number of beds on each lot shall be regulated pursuant  
21 to the requirements of the Standards of Care for City Shelters contained in Administrative  
22 Code, Chapter 20, Article XIII, in addition to the applicable requirements of the Building Code  
23 and Fire Code.

24 (b) For purposes of calculating the maximum density for Group Housing as set forth in  
25 this Section 208, the number of Bedrooms on a lot shall in no case be considered to be less

1 than one Bedroom for each two beds. Where the actual number of beds exceeds an average  
2 of two beds for each Bedroom, each two beds shall be considered equivalent to one  
3 Bedroom.

4 (c) The rules for calculating dwelling unit density set forth in Section 207 shall also  
5 apply in calculating the density limits for Group Housing.

6 (d) The group housing density in all RTO Districts and all NCT Districts, as listed in  
7 Section 702.1(b), and in RC, NC and Named NC Districts not within the Priority Equity Geographies  
8 Special Use District established by Planning Code Section 249.97, shall not be limited by lot area,  
9 but by the applicable requirements and limitations elsewhere in this Code, including but not  
10 limited to height, bulk, setbacks, open space, and exposure, as well as by the Residential  
11 Design Guidelines in RTO Districts, other applicable design guidelines, applicable elements  
12 and area plans of the General Plan, and design review by the Planning Department.

### 14 **SEC. 209.3. RC (RESIDENTIAL-COMMERCIAL) DISTRICTS.**

15 These Districts are intended to recognize, protect, conserve, and enhance areas  
16 characterized by structures combining Residential uses with neighborhood-serving  
17 Commercial uses. The predominant Residential uses are preserved, while provision is made  
18 for supporting Commercial uses, usually in or below the ground story, that meet the frequent  
19 needs of nearby residents without generating excessive vehicular traffic. The compact,  
20 walkable, transit-oriented and mixed-use nature of these Districts is recognized by no off-  
21 street parking requirements. The RC Districts are composed of two separate districts, as  
22 follows:

23 RC-3 Districts: ~~Medium Density.~~ These Districts provide for Residential uses ~~a mixture of~~  
24 ~~medium-density Dwellings similar to those in RM-3 Districts,~~ with supporting Commercial uses.

Open spaces are required for Dwellings in the same manner as in RM-3 Districts, except that rear yards need not be at ground level and front setback areas are not required.

RC-4 Districts: ~~High Density.~~ These Districts provide for Residential uses ~~a mixture of high-density Dwellings similar to those in RM-4 Districts~~ with supporting Commercial uses. Open spaces are required for Dwellings in the same manner as in RM-4 Districts, except that rear yards need not be at ground level and front setback areas are not required.

(8) In the Priority Equity Geography Special Use District established by Planning Code Section 249.97, P up to three units per lot or up to one unit per 400 square feet of lot area, whichever is higher, in RC-3 Districts; P up to three units per lot or up to one unit per 200 square feet of lot area, whichever is higher, in RC-4 Districts. For purposes of this calculation, a Dwelling Unit in this district containing no more than 500 square feet of net floor area and consisting of not more than one habitable room in addition to a kitchen and a bathroom may be counted as equal to three quarters of a Dwelling Unit.

(9) ~~C required if the Group Housing is affiliated with and operated by a Hospital or an Institutional Educational Use as defined in Section 102.~~ In the Priority Equity Geography Special Use District established by Planning Code Section 249.97, P up to one bedroom for every 140 square feet of lot area in RC-3 Districts; P up to one bedroom for every 70 square feet of lot area in RC-4 Districts; and C if the Group Housing is affiliated with and operated by a Hospital or an Institutional Educational Use as defined in Section 102.

\* \* \* \*

#### **SEC. 209.4. RTO (RESIDENTIAL TRANSIT ORIENTED) DISTRICTS.**

These Districts are intended to recognize, protect, conserve, and enhance areas characterized by a mixture of houses and apartment buildings, covering a range of densities and building forms. RTO and RTO-M Districts are composed of multi-family ~~moderate-density~~ areas, primarily areas formerly designated RM and RH-3, and are well served within short walking distance, generally less than one-quarter mile, of transit and neighborhood commercial areas. Transit available on nearby streets is frequent and/or provides multiple lines serving different parts of the City or region. Limited small-scale neighborhood-oriented retail and services is common and permitted throughout the neighborhood on Corner Lots only to provide goods and services to residents within walking distance, but the districts are otherwise residential. Only retail compatible with housing, generally those permitted in NC-1 Districts, is permitted and auto-oriented uses are not permitted. Hours of operation are restricted and off-street parking is not permitted for these very locally-oriented uses.

(8) In the Priority Equity Geography Special Use District established by Planning Code Section 249.97, P up to one unit per 600 square feet of lot area. C above per criteria of Section 207(a).

With Conditional Use authorization, for purposes of this calculation, a Dwelling Unit in this district containing no more than 500 square feet of net floor area and consisting of not more than one habitable room in addition to a kitchen and a bathroom may be counted as equal to three-quarters of a Dwelling Unit.

\* \* \* \*

1           Section 3. Article 2 of the Planning Code is hereby amended by adding Section 249.97  
2 to read as follows:

3           **SEC. 249.97. PRIORITY EQUITY GEOGRAPHIES SPECIAL USE DISTRICT.**

4           **(a) General.** *A Special Use District entitled the Priority Equity Geographies Special Use*  
5 *District (SUD) is hereby established, the boundaries of which are designated on Sectional Maps SU01,*  
6 *SU02, SU07, SU08, SU09, SU10, SU11, SU12, and SU13 of the Zoning Maps of the City and County of*  
7 *San Francisco.*

8           **(b) Purpose.** *The Priority Equity Geographies SUD is comprised of areas or neighborhoods*  
9 *with a higher density of vulnerable populations. The 2022 Update of the Housing Element of the*  
10 *General Plan (2022 Housing Element) identifies several neighborhoods in the City that qualify as*  
11 *Priority Equity Geographies, based on the Department of Public Health's Community Health Needs*  
12 *Assessment. The 2022 Housing Element encourages targeted direct investment in these areas and*  
13 *identifies them as requiring improved access to well-paid jobs and business ownership; where the City*  
14 *needs to expand permanently affordable housing investment; where zoning changes must be tailored to*  
15 *serve the specific needs of the communities that live there; and where programs that stabilize*  
16 *communities and meet community needs need to be prioritized. The purpose of the Priority Equity*  
17 *Geographies SUD is to help implement the goals and policies outlined in the 2022 Housing Element.*

18           **(c) Controls.** *Maximum residential densities on parcels in Residential-Commercial (RC),*  
19 *Residential Transit Oriented (RTO), Neighborhood Commercial (NC) and Named Neighborhood*  
20 *Commercial Districts within the Priority Equity Geographies SUD are governed by a maximum*  
21 *Dwelling Unit per lot or lot area, as set forth in the control tables for those districts.*

22  
23           Section 4. Article 7 of the Planning Code is hereby amended by revising Sections 702,  
24 710, 711, 712, 713, 715, 716, 717, 718, 719, 720, 721, 722, 723, 724, 725, 726, 727, 728,

1 729, 730, 731, 732, 733, 734, 735, 736, 737, 738, 739, 740, 742, 743, and 745 to read as  
2 follows:

3  
4  
5 **SEC. 702. CLASSES OF NEIGHBORHOOD COMMERCIAL DISTRICTS.**

6 The following classes of districts are established for Neighborhood Commercial  
7 Districts.

8 **(a) Neighborhood Commercial and Neighborhood Commercial Transit Districts.**

9 The Neighborhood Commercial and Neighborhood Commercial Transit Districts, listed in  
10 Section 201 of this Code, are established for the purpose of implementing the Commerce and  
11 Industry element and other elements of the General Plan, according to the objective and  
12 policies stated therein. Description and Purpose Statements outline the main functions of  
13 each Neighborhood Commercial and Neighborhood Commercial Transit District in the Zoning  
14 Plan for San Francisco, supplementing the statements of purpose contained in Section 101 of  
15 this Code.

16 The description and purpose statements and land use controls applicable to each of  
17 the general and individual area districts are set forth in this Code for each district class. The  
18 boundaries of the various Neighborhood Commercial and Neighborhood Commercial Transit  
19 Districts are shown on the Zoning Map referred to in Sections 105 and 106 of this Code,  
20 subject to the provisions of that Section.

21 **(1) Neighborhood Commercial Districts.** Neighborhood Commercial Districts  
22 are low to high density mixed-use neighborhoods of varying scale established around  
23 historical neighborhood commercial centers. The Neighborhood Commercial Districts are  
24 intended to support neighborhood-serving uses on the lower floors and housing above. These  
25 Districts tend to be linear commercial corridors, but may also include small clusters of

commercial activity in Residential Districts. Individually named Neighborhood Commercial Districts are intended to provide for more targeted residential and commercial controls to fit the needs of their respective neighborhoods. Except in the Priority Equity Geography Special Use District, housing density is limited not by lot area, but by the regulations on the built envelope of buildings, including height, bulk, setbacks, and lot coverage, and standards for Residential Uses, including open space and exposure, and urban design guidelines.

**(2) Neighborhood Commercial Transit Districts.** Neighborhood Commercial Transit Districts are transit-oriented moderate- to high-density mixed-use neighborhoods of varying scale concentrated near transit services. The Neighborhood Commercial Transit Districts are mixed use districts that support neighborhood-serving commercial uses on lower floors and housing above. These districts are well-served by public transit and aim to maximize residential and commercial opportunities on or near major transit services. The district's form can be either linear along transit-priority corridors, concentric around transit stations, or broader areas where transit services criss-cross the neighborhood. Housing density is limited not by lot area, but by the regulations on the built envelope of buildings, including height, bulk, setbacks, and lot coverage, and standards for Residential Uses, including open space and exposure, and urban design guidelines. Residential parking is not required and generally limited. Commercial establishments are discouraged or prohibited from building accessory off-street parking in order to preserve the pedestrian-oriented character of the district and prevent attracting auto traffic. There are prohibitions on access (i.e. driveways, garage entries) to off-street parking and loading on critical stretches of commercial and transit streets to preserve and enhance the pedestrian-oriented character and transit function.
