Subject: WOM FY23-25 Budget Impacts - CBOs + Capacity Building Requests **Importance:** High

Dear Budget and Appropriations Committee Members,

Happy Tuesday and hoping you all had a nice Juneteenth holiday weekend. Thank you again for the opportunity to present the proposed budget for the Department on the Status of Women last week. We deeply appreciated the opportunity to share more in-depth about our mission, vision and the work we're doing to create opportunities and pathways to success for *all* women, girls and nonbinary people to not just survive in San Francisco, but to thrive!

First, a **point of clarification**: please note that there have been NO cuts to the baseline contract amounts for ANY (GBV) services provided by our grantees. While we disagree with the methodology of adding the previous year's CODB amounts to the current year's base contract amount (thereby effectively having a compounding effect and automatically increasing the City's overall budget), we have nevertheless continued to faithfully award the funds that MBO adds to our budget by dispersing them as "Capacity Building" dollars **based on performance and need**. This approach allows for the greatest flexibility for CBOs and is the least difficult to integrate into their budgets and program narrative descriptions.

Per your request, attached please find a spreadsheet that shows the baseline contract amounts (green tab), as well as how much CODB (yellow tab) and capacity building dollars (orange tab) each GBV grantee received in FY 22-23. Also included in the spreadsheet are the specific capacity building requests from each of the grantees (blue tab).

As I mentioned during my budget presentation (slide 10; attached), the cuts **do NOT** impact the baseline contract amounts for **GBV services**, but rather, result in the reduction or elimination of **capacity building dollars only**.

The table pasted below shows a breakdown of the total \$1,636,837 in reductions to WOM's City Grant Program Budget, which also includes (one-time) funding for the abortion access support initiative (BAARC), the women's policy summit and mental health initiatives.

I hope this answers your questions and I'm happy to connect directly to answer any additional questions you may have. Thank you again for everything you all do to make our City the very best that it can be. We appreciate you.
