		Move facilities costs associated with three City-owned childcare facilities for which the City contracts with childcare service providers out of the General Fund and into the Public Education Enrichment Fund. These costs were transferred to the Department from the Human Services Agency and should be accounted for with other childcare services that are programmatically accounted for in the Public Education Enrichment Fund. The Department notes that these services include infant and toddler rooms serving children under 3. According to San Francisco City Charter Section 16.123-4, the Public Education Enrichment Fund "may also be used to support the development of services for children from birth to three years old." This funding is for comprehensive program evaluation of DEC's major initiatives: early care and education (ECE) access and enrollment, ECE program quality improvement, ECE compensation and workforce development, universal screening and early intervention, family resource centers, and early childhood mental health consultation. The Department has never procured this level of professional services for program evaluation and is still in the planning stages. An RFP has not yet been issued, the scope of services is not finalized, and the ultimate timing and cost for these services is undetermined. <p>In DEC-9 below, the Budget and Legislative Analyst is recommending funding for year 1 of program evaluation be placed on reserve until the Department has completed the RFP process and has a better understanding of scope of services and cost.</p>
