

FILE NO. 230852

Petitions and Communications received from July 13, 2023, through July 20, 2023, for reference by the President to Committee considering related matters, or to be ordered filed by the Clerk on July 25, 2023.

Personal information that is provided in communications to the Board of Supervisors is subject to disclosure under the California Public Records Act and the San Francisco Sunshine Ordinance. Personal information will not be redacted.

From the Office of the Mayor, making appointments to the following body. Copy: Each Supervisor. (1)

Appointment pursuant to Charter, Section 10.100-10.104:

- Civil Service Commission
  - Vitus Leung - term ending June 30, 2029

From the Office of the Mayor, submitting a Notice of Withdrawal for the nomination of Vincent Yuen to the San Francisco Sanitation and Streets Commission (Seat 5). Copy: Each Supervisor. (2)

From the San Francisco Police Department (SFPD), submitting a response to a letter of inquiry issued by Supervisor Rafael Mandelman at the May 23, 2023, Board of Supervisors meeting. Copy: Each Supervisor. (3)

From the Office of the Treasurer and Tax Collector (TTX), pursuant to California State Government Code, Section 53646, submitting the CCSF Pooled Investment Report as of June 30, 2023. Copy: Each Supervisor. Copy: Each Supervisor. (4)

From various departments, pursuant to Administrative Code, Section 12B.5-1(d)(1), submitting approved Chapter 12B Waiver Request Forms. 12 Contracts. Copy: Each Supervisor. (5)

From the Office of the City Administrator, submitting the Annual Gifts Report for Fiscal Year (FY) 2022-2023. Copy: Each Supervisor. (6)

From the Office of the City Administrator, submitting the San Francisco Disaster Emergency Response Fund Annual Report for Fiscal Year (FY) 2022-2023. Copy: Each Supervisor. (7)

From the San Francisco Public Utilities Commission (SFPUC), pursuant to Administrative Code, Section 21.43, submitting the Power Quarterly Report on Delegated Authority Contracts. Copy: Each Supervisor. (8)

From the Human Services Agency (HSA), submitting the listing of Sole Source Grant Activity for Calendar Year January 1, 2022 - December 31, 2022. Copy: Each Supervisor. (9)

From the Office of Economic & Workforce Development (OEWD), submitting the Annual Report on Gifts to the Board of Supervisors for Fiscal Year (FY) 2022-2023. Copy: Each Supervisor. (10)

From the California Fish and Game Commission, submitting a notice of proposed changes in regulations pertaining to Inland Sports Fishing Regulations. Copy: Each Supervisor. (11)

From Ifeatu Samuel, withdrawing their application to the Historic Preservation Commission. Copy: Each Supervisor. (12)

From Charles Brown, regarding John F. Kennedy Drive. Copy: Each Supervisor. (13)

From Olga Nikolayeva, regarding a proposed Ordinance appropriating \$50,000,000 of General Fund General Reserves to the Human Rights Commission to establish the Office of Reparations and to implement approved recommendations in Fiscal Year (FY) 2022-2023. File No. 230313. Copy: Each Supervisor. (14)

From members of the public, regarding a proposed Ordinance amending the Municipal Elections Code to opt out of state law that would require the names of supporters and opponents of a local ballot measure to be listed in the ballot statement or question for the measure for any election held in Fiscal Year (FY) 2023-24 and for future elections subject to approval by the Board of Supervisors. File No. 230663. 2 Letters. Copy: Each Supervisor. (15)

From members of the public, regarding the Hearing to consider the Reinvestment Working Group's (RWG) Final Governance Plan, Business Plan and Viability Study for a San Francisco Municipal Financial Corporation and Final Governance Plan, Business Plan and Viability Study for a San Francisco Public Bank; and recommend the Board of Supervisors accept the RWG's proposed Plan; and requesting the Local Agency Formation Commission (LAFCo) to report. File No. 230825. 3 Letters Copy: Each Supervisor. (16)

From members of the public, regarding the Hearing to review the economic impact, potential tax revenue loss, and City budget consequence of downtown business closures; and requesting the Controller to report. File No. 230613. 4 Letters. Copy: Each Supervisor. (17)

From members of the public, regarding skateboarders and the San Francisco Police Department (SFPD) at Dolores Park on July 8, 2023. 5 Letters. Copy: Each Supervisor. (18)

From members of the public, regarding support for the San Francisco Police Department (SFPD) in enforcing city laws. 717 Letters. Copy: Each Supervisor. (19)

From the Gubbio Project, regarding a proposed Resolution approving the Purchase of Real Property - Greenseed Folsom Land LLC - 1174-1178 Folsom Street and 663 Clementina Street - Homelessness and Supportive Housing - Not to Exceed \$27,225,000; and a proposed Resolution approving and authorizing the Department of Homelessness and Supportive Housing to apply to the California Department of Housing and Community Development for a Homekey Grant for the property located at 42 Otis Street in an amount not to exceed \$9,409,600 on behalf of the City and County of San Francisco. File Nos. 230740 and 230741. Copy: Each Supervisor. (20)

From Denise LaPointe, regarding the proposed Motion approving the Mayor's nomination for the appointment of Dena Aslanian-Williams to the Homelessness Oversight Commission, term ending May 1, 2025. File No. 230828. Copy: Each Supervisor. (21)

From Mary Miles, regarding the proposed Ordinance approving a Development Agreement between the City and County of San Francisco and 98 Franklin Street, LLC, for certain real property at 98 Franklin Street; and a proposed Ordinance amending the Planning Code to revise the Van Ness and Market Residential Special Use District to update the Option for Dedication of Land for development projects to fulfill their inclusionary housing obligations. File Nos. 221163 and 221164. Copy: Each Supervisor. (22)

From Max Chang, regarding the proposed Resolution approving the Purchase of Real Property at Greenseed Folsom Land LLC - 1174-1178 Folsom Street and 663 Clementina Street, Not to Exceed \$27,225,000. File No. 230740. Copy: Each Supervisor. (23)

From Dan Misunas, regarding art on the wall of the building located at 220 Filmore Street. Copy: Each Supervisor. (24)

From Aaron Goodman, regarding transit line changes made by the San Francisco Municipal Transit Agency (SFMTA). Copy: Each Supervisor. (25)

From a member of the public, regarding the closure of Market Street. Copy: Each Supervisor. (26)

From Stuart Darby, regarding BART train service and ridership. Copy: Each Supervisor. (27)

From Allen Jones, regarding vacant retail store fronts on Market Street. Copy: Each Supervisor. (28)

From San Francisco Bay Area Planning and Urban Research Association (SPUR), regarding Fiscal Year (FY) 2023-2024 Budget recommendations of the Sugary Drink Distributor Tax Advisory Committee (SDDTAC). Copy: Each Supervisor. (29)

From various organizations, regarding the proposed Motion directing the Budget and Legislative Analyst, on a priority basis, to audit the Public Utilities Commission's Water and Wastewater Enterprises, rate setting, and contract oversight processes, with a focus on reducing rate increases. File No. 230719. Copy: Each Supervisor. (30)

From members of the public, regarding 2700 Sloat Boulevard. 15 Letters. Copy: Each Supervisor. (31)

From Michael Fransen, regarding the Resolution approving Amendment No. 4 to a grant agreement between the Office of Economic and Workforce Development and the San Francisco Tourism Improvement District Management Corporation. File No. 230043. Resolution No. 111-23. Copy: Each Supervisor. (32)

From James A Schuyler, regarding the proposed Resolution renaming a segment of Palo Alto Avenue to La Avanzada Street from its new terminus at 241 Palo Alto Avenue westward to its intersection with Dellbrook Avenue and renaming the remaining segment of Palo Alto Avenue between its intersection with Dellbrook Avenue and its westward terminus at Clarendon Avenue to Dellbrook Avenue. File No. 230779. Copy: Each Supervisor. (33)

From members of the public, regarding the proposed Resolution approving and authorizing the Director of Property, on behalf of the Department of Homelessness and Supportive Housing (HSH), to acquire certain property located at 1174-1178 Folsom Street and 663 Clementina Street. File No. 230740. 6 Letters. Copy: Each Supervisor. (34)

From members of the public, regarding homelessness and quality of life issues. 7 Letters. Copy: Each Supervisor. (35)

From members of the public, regarding the proposed Ordinance amending the Administrative Code to eliminate the City's annual joint fundraising drive. File No. 230648. 12 Letters. Copy: Each Supervisor. (36)

From members of the public, regarding the proposed Ordinance amending the Planning Code to encourage housing production; and a proposed Ordinance amending the Planning Code to create the Family Housing Opportunity Special Use District. File No. 230026. 117 Letters. Copy: Each Supervisor. (37)

MEMORANDUM

---

---

Date: July 19, 2023  
To: Members, Board of Supervisors  
From: *ACC* Angela Calvillo, Clerk of the Board  
Subject: Mayoral Appointment - Civil Service Commission

---

On July 18, 2023, the Mayor submitted the following complete appointment package, pursuant to Charter, Sections 10.100 et seq. and 3.100(18). Appointments in this category are effective immediately unless rejected by a two-thirds vote of the Board of Supervisors within 30 days (August 18, 2023).

**Civil Service Commission**

- **Vitus Leung** - term ending June 30, 2029

Pursuant to Board Rule 2.18.3, a Supervisor may request a hearing on a Mayoral appointment by timely notifying the Clerk in writing.

Upon receipt of such notice, the Clerk shall refer the appointment to the Rules Committee so that the Board may consider the appointment and act within 30 days of the transmittal letter, as provided in Charter, Section 3.100(18).

**If you wish to hold a hearing on this matter, please let me know in writing by 9:00 a.m. tomorrow, July 20, 2023, and we will work with the Rules Chair to schedule this hearing for the July 24, 2023, Rules Committee Meeting, and send it as a Committee Report to the Full Board Meeting of July 25, 2023.**

c: Matt Dorsey - Rules Committee Chair  
Alisa Somera - Legislative Deputy  
Victor Young - Rules Clerk  
Anne Pearson - Deputy City Attorney  
Tom Paulino - Mayor's Legislative Liaison  
Tyra Fennell - Director of Commission Affairs

OFFICE OF THE MAYOR  
SAN FRANCISCO

LONDON N. BREED  
MAYOR

## Notice of Appointment

July 18, 2023

Angela Calvillo  
Clerk of the Board, Board of Supervisors  
San Francisco City Hall  
1 Carlton B. Goodlett Place  
San Francisco, CA 94102

Dear Ms. Calvillo,

Pursuant to Charter Section 10.100-10.104 of the Charter of the City and County of San Francisco, I make the following appointment of Vitus Leung to the Civil Service Commission to serve a term expiring June 30, 2029. Mr. Leung will be replacing Douglas Chan, whose term expired.

I am confident that Mr. Leung will serve our community well. Attached are his qualifications to serve, which demonstrate how his appointment represents the communities of interest, neighborhoods and diverse populations of the City and County of San Francisco.

I encourage your support and am pleased to advise you of this appointment. Should you have any question about this appointment nomination, please contact my Director of Commission Affairs, Tyra Fennell, at 415-554-6696.

Sincerely,

A handwritten signature in blue ink that reads "London N. Breed".

CHIEF OF POLICE

July 13, 2023

The Honorable Rafael Mandelman  
City and County of San Francisco  
Board of Supervisors, District 8  
1 Dr. Carlton B. Goodlett Place  
San Francisco, CA 94102-4689

Dear Supervisor Mandelman:

**RE: Response to Letter of Inquiry Dated May 23, 2023, Vision Zero**

Thank you for the opportunity to discuss the San Francisco Police Department's (SFPD) traffic enforcement efforts within the City and the goals of Vision Zero. The SFPD realizes that traffic safety can and does affect residents and visitors of, as well as those who do business in, San Francisco.

In your letter dated May 23, 2023, it is specifically requested that we examine from the 2014, when the Vision Zero initiative began, to the present regarding the decline in ticket issuance and what it would take to increase these numbers.

Since 2014, the SFPD, as well as law enforcement nationally, has gone through several significant events and changes that have impacted individual officer activity including expanding requirements and responsibilities specifically related to transparency efforts. These enhanced administrative tasks done by front-line officers include expanded data collection in the field (i.e., required under California's Racial Identity Profiling Act and SF Chapter 96A, Law Enforcement Reporting) and the tracking and uploading of body-worn camera (BWC) data.

While very valuable, the additional administrative tasks that are required to be completed either immediately in the field or prior to the end of a shift have a direct impact on the net availability of an officer to perform assigned in-the-field responsibilities such as responding to calls for service and other patrol duties.

Another notable challenge during these past eight years impacting the quantity of citations issued was the pandemic that began in February 2020. Not only were there fewer vehicles on the road, many self-initiated activities, such as traffic enforcement, that were not a direct public threat were de-prioritized.

The following information is being provided as a direct response to the individual concerns outlined in your letter.

## **STAFFING CHALLENGES**

Based on the staffing analysis completed by Matrix<sup>1</sup> as a result of the passage of Proposition E, the established baseline staffing level is 2,182. As of June 12, 2023, baseline staffing is 1,611 which is 571 officers below the recommended number. This critical shortage has required the shifting of officers to district stations and prioritizing workloads to respond to emergency calls for service. The most critical of issues facing the SFPD is staffing for the Traffic Division, which current levels are at an all-time low.

### *Patrol Staffing*

As stated, the SFPD currently has 1,611 (571 positions below the baseline level) sworn members assigned within the City. Of that, there are approximately 800 police officers (Q2) assigned to the 10 district stations with the responsibility of providing overall public safety service by responding to calls for service within their jurisdictional boundaries.

Since December 2016 through May 2023, full-duty patrol officer staffing has declined by approximately 25%<sup>2</sup>. At the same time, calls for service have averaged 441,301<sup>3</sup> per year with a high of 464,124 in 2019 and low of 402,924 in 2016.

Staffing also directly impacts self-initiated activity (SIA) as officers have less time to be proactive. SIA data from 2016 to 2022 shows an average of 226,940 per year with a high of 332,096 in 2017 and a low of 122,266 in 2022. These numbers encapsulate all stops made by SFPD and includes traffic stops.

Officers assigned to the district stations have historically been the bulwark of traffic enforcement as they are the largest single group of officers deployed twenty-four hours, seven days a week. However, with the historically low staffing levels at the district stations, needed priorities shifts have been made that allow for officers to respond to 9-1-1 calls to protect both life and property.

Response times from 2016 versus 2022 have risen in all three priority categories. "A" priority response times rose 23% adding an additional two (2) minutes. "B" priority response times rose 36% adding an additional twelve (12) minutes. Finally, "C" priority response times rose 10% adding an additional seven (7) minutes. Responding to 911 calls for service is the primary focus of patrol units. With less staffing, calls take longer to respond to and officers take on additional calls for service.

---

<sup>1</sup> Matrix Consulting Group, Staffing Analysis, 03/04/2020, [SFPD Final Report 3-4-20 \(sanfranciscopolice.org\)](#)

<sup>2</sup> Does not include Lt.'s, Sgt.'s or Injured members.

<sup>3</sup> 2016 - 2022 average

### *Traffic Company Staffing*

Currently, the SFPD Traffic Company has 22 full-duty officers who are evenly distributed through four different shifts that overlap to cover seven days per week. Traffic Company staffing has declined by approximately the same percentage as the overall department. At the end of 2014, the Traffic Company had 40 officers compared to 26 at the end of 2022, a 34% decrease in staffing. The Traffic Company is forecasted to lose an additional four officers to retirement in June 2023.

The impact of the staffing decline directly impacted the Vision Zero Squads that prioritized traffic enforcement. The squads were small but supplied a significant enforcement presence. In 2020, the Vision Zero Squad shrunk to two sergeants and five officers before being disbanded due to staffing levels.

Finally, Traffic Company production is divided by other assignments outside of enforcement. The Traffic Company handles escorts, demonstrations, fatal/major injury collisions, and high-visibility presence as part of crime and/or violence reduction strategies. A recent added assignment is to deploy officers to both on-duty and overtime backfill positions in patrol. When needed, officers fill shifts and assignments to keep staffing levels at district stations at a safe level.

### *The Correct Goal for Traffic Company*

Using the staffing level in 2014 as the benchmark for enforcement may not be an appropriate goal due to several factors such as changes in driving patterns, work conditions, street design, and alternative modes of transportation.

Since the pandemic, commuting to San Francisco has declined as a result of the shutdown and ongoing telecommuting practices. Southbound traffic on the Golden Gate Bridge decreased by over 20% or by 4,072,651<sup>4</sup> vehicles. This number certainly includes telecommuting and a decrease in tourism to San Francisco.

Once in San Francisco, street flow has dramatically been altered by 20 mph speed limits, Slow Streets strategies, signal timing changes, and street design. These changes will not be understood until they have been in place for an extended time and have been studied.

Redlight camera output was also reviewed. In 2020, 8,740 citations were issued versus 11,872 in 2021 and 9,255 in 2022. Projections for 2023 appear to be just above 2022 output.

Lastly, several alternative modes of transportation have taken root within San Francisco and may have a major impact on enforcement. Bicycling in 2019 accounted for 10.8 million trips and dropped down 4.7 million in 2021 but were trending up in 2022<sup>5</sup>.

---

<sup>4</sup> 2019 v 2022

<sup>5</sup> [www.sfmta.com/bicycle-ridership-data](http://www.sfmta.com/bicycle-ridership-data)

### *Bottom Line*

The biggest quandary in an analysis is properly staffing the department. With the current recruitment, hiring, and retention strategies, the goal is to hire an additional 100 recruits in FY 2024 and 100 in FY 2025. In the interim, SFPD will utilize its resources in a focused manner.

### **TRAFFIC ENFORCEMENT**

The main challenge impacting traffic enforcement is staffing levels, as mentioned above. In addition, as administrative work increases, i.e., in-field data collection, added elements to incident reports, the net availability of officers decreases.

The Matrix staffing analysis proposes that at least 60% of an officer's time be spent on patrol duties, specifically responding to calls for duty, known as workload. It further suggests this allows for 20% of time to be spent on administrative duties, leaving 20% for proactive strategies. As explained below, conducting traffic stops, unless posing an immediate danger, is for the most part considered a proactive or self-initiated activity (SIA).

### *Traffic Encounters*

An encounter involving a traffic stop is conducted generally in one of two ways, 1) an officer on patrol witnesses a Vehicle Code violation, or 2) enforcement operation in a designated location for specific types of violations, i.e., back-to-school safety plan.

For the first type of encounter, an officer witnesses a Vehicle Code violation by an operator of a vehicle, including bicycles, scooters, skateboards, and pedestrians, and initiates a traffic stop. This type of encounter is considered a self-initiated activity (SIA). In rare occasions, an officer is dispatched to conduct a traffic stop, i.e., report of erratic driving, possible drunk driver.

During a traffic stop, the officer is unable to respond to other calls for service until the enforcement action is completed, at which time, the officer resumes normal patrol duties.

In the second encounter, an enforcement operation, i.e., DUI checkpoints, back-to-school safety, takes officers out of patrol to focus on the assignment. These officers do not respond to calls for service and are solely focused on the defined mission.

In either enforcement action, the number of citations or warnings are predicated on the number of violations witnessed by the officers. Each stop then entails additional administrative times after the actual citation is issued to the offender including entering data into the "stops data" application or completing an incident report when required.

### *Administrative Duties Resulting from Traffic Encounters*

Traffic encounters/stops produce paperwork to include processing a citation, if issued, completing data collection requirements, and uploading body-worn camera footage. Processing

the citation requires minimum time; however, this process ensures the citation is recorded and sent to the Courts for filing, setting a court date, and notifying the recipient.

#### *Stops Data Entry*

In addition to the data collection requirement under SF Admin Code Chapter 96A<sup>6</sup>, on July 1, 2016, AB 953 established the Racial and Identity Profiling Act (RIPA)<sup>7</sup> which rolled out across the state in tiers. Larger agencies, including the SFPD, had to collect the required data whenever a “stop” was conducted, including traffic stops during an officer’s shift.

The data gathered through this mechanism is used to complete mandatory reporting requirements as well as to analyze different types of stops to look for disparities. Currently, all law enforcement agencies within the state are now required to report data through the RIPA portal and an annual report is issued by California.

Before the data collection under RIPA was implemented, the SFPD collected stops data using a proprietary application developed by the Department to comply with the requirements under Chapter 96A. However, when the mandates under RIPA began, due to the differences in the two legislations, the SFPD began using the state-approved portal known as the Stops Data Collection System (SDCS). In 2018, the SF Board of Supervisors amended Chapter 96A to align with the data collection requirements under California RIPA.

Following each encounter/stop made by an officer, the data required to be collected includes sixteen questions, many of which expand to multiple sub-category questions, such as what type of searches, what force was used, an arrest made. As mentioned earlier, per SFPD policy, data collection entries are required to be made into the SDCS program by the end of shift using Department-issued mobile phone or a desktop at the district station; however, it is encouraged that the information be collected immediately following the stop.

It is important to note that as of June 28, 2023, the SFPD has moved to a new application for stops data collection migrating from the California SDCS to the Benchmark Stop Data System. This was developed by a vendor working on several projects for the SFPD including the Early Intervention System (EIS). The new applications will allow for more analytical capabilities by the end user (the SFPD) and will provide for enhanced reporting. The time-saving element for data collection in the future will be minimal.

The amount of time that it takes to complete this data entry varies on the complexity of the stop and the officer’s familiarity with the data entry system, i.e., rookie officers take longer to complete than veteran officers. However, the average time for the data entry is approximately 2

---

<sup>6</sup> CHAPTER 96A: LAW ENFORCEMENT REPORTING REQUIREMENTS ([amlegal.com](http://amlegal.com))

<sup>7</sup> AB 953: The Racial and Identity Profiling Act of 2015 | State of California - Department of Justice - Office of the Attorney General

to 5 minutes not including the completion of an incident report, if one is required, and the documentation of the BWC footage.

#### *Body Worn Cameras*

In July 2016, the SFPD phased in BWCs to capture interactions between police and the public. Policies, procedures, and guidelines, as well as training, were developed to govern the use of this equipment. Basically, BWCs must be activated prior to and/or while en route to a call for service including a traffic stop.

With few exceptions, the entirety of all calls for service and/or encounters, including traffic stops, are required to be captured. The officer is required to process the footage by uploading it and "tagging" the BWC with the case number and other identifiable information. The data should auto-populate into some of the categories related to a traffic stop; however, an officer needs to review the information for accuracy, correct it if necessary, and add additional information as needed. Officers usually process BWC footage at the end of their shift, unless an exigent circumstance requires it to be done immediately.

The estimated time of uploading and tagging BWC footage is approximately 3 to 5 minutes for each incident/traffic stop.

#### *Bottom line*

A typical traffic stop, one-on-one time between the officer and member of the public, takes approximately 10 minutes. This includes asking for identification (i.e., driver's license) and other paperwork, conducting verification (running the identification and license plate), and completing the citation. The 10 minutes counts toward the workload indicator.

The current administrative time spent on a traffic stop is ~5 minutes for data collection and ~5 minutes for processing BWC footage for a total of ~10 minutes of administrative time.

Depending on the officer's familiarity and dexterity, a simple traffic stop, including the citation and processing time, takes approximately 20 to 25 minutes altogether.

#### **ENFORCEMENT PLAN**

The Traffic Company has moved to a "Directed Operations" model of enforcement. Officers are sent to specific locations in the City to focus on specific driving behaviors. These operations not only capture citations issued but also warnings/admonishments. For instance, in March 2023, 57 operations were conducted throughout the City that accounted for 174 citations and 163 warnings. These totals are not inclusive of all stops for Traffic Company.

Within the Directed Operations sphere, California Office of Traffic Safety (OTS) grant money will be sent to stations. OTS directs money toward specific driving behavior and its enforcement. By using this specific money, officers at station only handle traffic enforcement during the block of

time they are assigned to the operation. This program will be secondary to mandatory overtime to fill patrol duties but does provide stations a dedicated traffic car for enforcement.

*Bottom Line*

With the preliminary success of this strategy, the Directed Operations model is being pushed out to the stations to focus officers on traffic enforcement. This will bring stops up to higher level in each police district.

**OTHER CHALLENGES**

*Technological Resources*

One of the biggest challenges is automation in the ticket writing process itself. As of now, three sets of data that overlap need to be integrated as much as possible. Currently an officer fills in a e-citation or paper ticket followed by data collection into the SDCS (state demographics etc.), and then tag their BWC footage.

The SFPD currently is developing an updated data collection dashboard/application that will replace the current use of the state's SDCS portal system. The updated process is focusing on streamlining the collection process while ensuring the required data is collected. In addition, the system will allow for more robust analytical capabilities.

If you have any questions, please contact Policy & Public Affairs Director Diana Oliva-Aroche (415) 837-7123, [diana.oliva-aroch@sfgov.org](mailto:diana.oliva-aroch@sfgov.org).

Thank you.

Sincerely,

**DIANA OLIVA-AROCHE**

William Scott, Chief of Police  
San Francisco Police Department  
1245 Third Street  
San Francisco, CA 94158

Dear Chief Scott,

At the May 23, 2023, Board of Supervisors meeting, Supervisor Mandelman issued the attached inquiry to the San Francisco Police Department (SFPD). Please review the attached introduction form, which provides the Supervisor's request.

The inquiry, in summary, requests the SFPD to describe the barriers and challenges to restoring traffic enforcement to 2014 levels, including but not limited to overall staffing challenges and policy and legal changes at the State and local level that may have contributed to the decline in enforcement, and present a plan to restore overall traffic enforcement to 2014 levels, with an emphasis on "Focus on the Five" violations.

Please contact Ross Green, [Ross.Green@sfgov.org](mailto:Ross.Green@sfgov.org), Legislative Aide to Supervisor Mandelman, for any questions related to this request, and copy [BOS@sfgov.org](mailto:BOS@sfgov.org) on all communications to enable my office to track and close out this inquiry. Please provide your response no later than June 30, 2023.

For questions pertaining to the administration of this inquiry, do not hesitate to contact me in the Office of the Clerk of the Board at (415) 554-5184.

Very Truly Yours,

  
Angela Calvillo  
Clerk of the Board  
San Francisco Board of Supervisors

Colleagues,

In accordance with the provisions of California State Government Code, Section 53646, we forward this report detailing the City's pooled fund portfolio as of June 30, 2023. These investments provide sufficient liquidity to meet expenditure requirements for the next six months and are in compliance with our statement of investment policy and California Code.

This correspondence and its attachments show the investment activity for the month of June 2023 for the portfolios under the Treasurer's management. All pricing and valuation data is obtained from Interactive Data Corporation.

The City and County of San Francisco uses the following methodology to determine compliance: Compliance is pre-trade and calculated on a par value basis of the overall portfolio value. Cash balances are included in the City's compliance calculations.

Please note the information in this report does not include cash balances. Due to fluctuations in the market value of the securities held in the Pooled Fund and changes in the City's cash position, the allocation limits may be exceeded on a post-trade compliance basis. In these instances, no compliance violation has occurred, as the policy limits were not exceeded prior to trade execution. The full Investment Policy can be found at <https://sftreasurer.org/banking-investments/investments>

Totals may not add due to rounding.

**Detail the purpose of this contract is and what goods and/or services the contra:**

DT needs to register with the American Registry for Internet Numbers (ARIN) and apply for a separate Autonomous System Number (ASN) and IPv6 address space to successfully establish the public-facing network that will support Fiber To Housing, Market St WiFi, and for the Recreation and Parks Department. This will be a separate and distinct network from DT's internal network that supports CCSF Departments and Agencies.

To reach another person on the Internet, you need to type an address – a name or a number – into your computer or other device. That address must be unique, so computers know where to find each other. IP addresses are similar in concept to phone numbers in that every phone needs a unique number to be able to place a call and reach a specific phone somewhere in the world. The Internet Corporation for Assigned Names and Numbers (ICANN) manages and coordinates these unique identifiers across the world. ICANN was formed in 1998 as a nonprofit public benefit corporation with a community of participants from all over the world. ICANN established 5 regional organizations to administer the assignment of Internet Protocol (IP) addresses, as well as the Autonomous System Numbers (ASN) used for routing Internet traffic.

ARIN is the sole organization authorized to issue IP addresses and ASNs for North America. Hence, ARIN is the only entity from which DT can procure an IP address and ASN for the network that will provide Internet access to Affordable Housing Residents (i.e. Fiber to Housing Program), Market Street Public WiFi, and Rec and Parks Public WiFi.

If you have made an effort to have the supplier comply, explain it here. If not,:

We spoke to the ARIN support team to request they become 12B compliant, but they have informed DT they do not execute any municipality's agreements nor conform to any local, state or governmental requirements in order to provide service to the requesting entity.

Select OCA Solicitation Waiver:  
Has MTA qualified agreement as Bulk  
Purchasing under Charter Sec.  
8A.102(b)?:

Detail the nature of this Bulk Purchasing transaction:

12B.5-1(d)(2) (Bulk Purchasing) Question1:

Per Admin Code Section 21A.2(a)

(2) Healthcare GPOs obtain cost savings by pooling their members' purchasing power and negotiating lower prices from their participating vendors. Healthcare GPOs also provide their members with cost savings by conducting a competitive bidding process for some – though not all – of the goods and services offered by their suppliers.

(3) Membership in Healthcare GPOs allows DPH to employ a streamlined process for procuring goods and services, thereby reducing administrative burdens, facilitating improved quality of care, and saving DPH millions of dollars each fiscal year.

12B.5-1(d)(2) (Bulk Purchasing) Question2:

Per Admin Code Section 21A.2(a)

(2) Healthcare GPOs obtain cost savings by pooling their members' purchasing power and negotiating lower prices from their participating vendors. Healthcare GPOs also provide their members with cost savings by conducting a competitive bidding process for some – though not all – of the goods and services offered by their suppliers.

(3) Membership in Healthcare GPOs allows DPH to employ a streamlined process for procuring goods and services, thereby reducing administrative burdens, facilitating improved quality of care, and saving DPH millions of dollars each fiscal year.

12B.5-1(d)(2) (Bulk Purchasing) Question3:

To fulfill the Board's desire to obtain the cost savings from using a GPO, pursuant to Chapter 21A.

12B.5-1(d)(2) (Bulk Purchasing) Question4:

Arup Laboratories is a supplier through bulk purchasing/GPO/Vizient so SFDPH is using suppliers found through this purchasing authority.

12B.5-1(d)(2) (Bulk Purchasing) Question5:

The purpose of Chapter 12B is to ensure equal access to benefits, including health benefits, regardless of one's protected category. The use of a GPO ensures DPH can access the goods and services it needs to provide healthcare to SF residents in a cost-effective and reliable manner, thereby increasing their access to healthcare regardless of their status. In this regard, the use of this Vizient contractor is aligned with the intent of Chapter 12B.

12B.5-1(d)(2) (Bulk Purchasing) Question6:

Yes

**Detail the purpose of this contract is and what goods and/or services the contra:**

- (a) Evoqua Water Technologies LLC
- (b) Deionized water purification and distribution parts and related for SFDPH lab testing
- (c) Evoqua is a sole vendor in the area able to provide specific parts and related to the SFDPH laboratory water purification system. SFDPH currently uses an installed Evoqua system. To alter the current infrastructure to accommodate another type of filter and or tank would require significant infrastructural changes and plumbing to the building.

If you have made an effort to have the supplier comply, explain it here. If not,:

Supplier is pending compliance for 12b. Until Evoqua Water Technologies can be found compliant or unable to comply, we are seeking a waiver in the interim.

12B.5-1(d)(1) (No Vendors Comply) Question5:

**12B.5-1(d)(1)(No Vendors Comply)**

12B.5-1(d)(1) (No Vendors Comply) Limited Question1:

Evoqua Water Technologies is the sole supplier of the laboratory water distribution and purification system used by SFDPH laboratory testing. SFDPH currently uses an installed Evoqua system. To alter the current infrastructure to accommodate another type of filter and or tank would require significant infrastructural changes and plumbing to the building.

12B.5-1(d)(1) (No Vendors Comply) Limited Question2 :

Evoqua Water has been providing these parts and service for years. All laboratory tests that use water from the purification system are validated with performance characteristics that are specific to the ion and organic compound content level of the water from these filters and tanks. To replace them would trigger an enormous and prohibitive process of revalidation of all the tests that require and use this water.

12B.5-1(d)(1) (No Vendors Comply) Limited Question3:

Evoqua is pending compliance with 12b. Until they can be found compliant or unable to comply, we are seeking a waiver in the interim.

12B.5-1(d)(1) (No Vendors Comply) Limited Question4:

Yes

## Contract Monitoring Division

SF Board of Supervisors,

This is to inform you that CMD12B0002696 - 'Request to Waive 12B Requirements' has been approved by (ADM) Department Head (Virginia Donohue).

### Summary of Request

**Requester:** Justine Eileen Alberto

**Department:** ADM

**Waiver Justification:** 12B.5-1(d)(1) (No Vendors Comply)

**Supplier ID:** 0000015964

**Requested total cost:** \$30,000.00

**Short Description:** MWI supplies ACC with antibiotics, vaccines, diagnostic tests, and treatments. At times, these items are backordered from vendors with contracts.

[Take me to the CMD 12B Waiver Request](#)

For additional questions regarding this waiver request please contact [cmd.equalbenefits@sfgov.org](mailto:cmd.equalbenefits@sfgov.org)

Thank you.

**12B.5-1(d)(1) (No Vendors Comply)**

12B.5-1(d)(1) (No Vendors Comply) Question1:

Idexx provides veterinary testing products and lab services. There has been an increase in parvo cases in San Francisco and Idexx is the only vendor able to provide the tests in a timely manner.

12B.5-1(d)(1) (No Vendors Comply) Question2:

Idexx provides veterinary testing products and lab services. The tests and lab services are ordered on an as-needed basis.

12B.5-1(d)(1) (No Vendors Comply) Question3:

With the help of OCA, ACC placed a solicitation for veterinary supplies and medication but no vendors were able to provide the parvo testing products and lab services.

12B.5-1(d)(1) (No Vendors Comply) Question4:

Idexx provides veterinary testing products and lab services. The tests and lab services are ordered on an as-needed basis. Also, there has been a uptick in parvo cases in San Francisco so these tests are needed to keep the community safe.

Detail the purpose of this contract is and what goods and/or services the contra:

- (a) San Francisco Ice Company
- (b) To purchase dry ice on an as-need basis for SFDPH Public Health Microbiology Laboratory. Dry ice is used for preservation purposes of specimens and to ensure viability. The laboratory also ships frozen patient culture samples for testing
- (c) No other vendor is local that can provide delivery of small quantities of dry ice for our use in testing and/or preservation.

If you have made an effort to have the supplier comply, explain it here. If not,:

San Francisco Ice Company is pending compliance. Until they can be found compliant or unable to comply, SFDPH is seeking a waiver in the interim to continue purchasing as needed dry ice for continued services.

***Disclosures:** Personal information that is provided in communications to the Board of Supervisors is subject to disclosure under the California Public Records Act and the San Francisco Sunshine Ordinance. Personal information provided will not be redacted. Members of the public are not required to provide personal identifying information when they communicate with the Board of Supervisors and its committees. All written or oral communications that members of the public submit to the Clerk's Office regarding pending legislation or hearings will be made available to all members of the public for inspection and copying. The Clerk's Office does not redact any information from these submissions. This means that personal information—including names, phone numbers, addresses and similar information that a member of the public elects to submit to the Board and its committees—may appear on the Board of Supervisors website or in other public documents that members of the public may inspect or copy.*

San Francisco, CA 94102

Re: Annual Gifts Report from the Office of the City Administrator

Dear Madame Clerk:

This letter responds to your memorandum to Department Heads titled *Annual Gifts Report FY2022-2023* dated July 3, 2023. Pursuant to Administrative Code Section 10.100-305(c), the Office of the City Administrator is submitting this report to document gifts received by the Office of the City Administrator and departments, divisions, programs (referred as agencies below) and funds managed by the City Administrator in Fiscal Year 2022-2023.

This report consists of two sections. Section 1 reports gifts received by the Office of the City Administrator and our agencies. Section 2 reports gifts received by funds managed by the Office of the City Administrator.

It is important to note:

- Gifts received by the Department of Technology (DT) are not included in this report. DT responded separately on July 12, 2023 with their Fiscal Year 2022-23 gifts.
- Donations made to the Disaster and Emergency Response and Recovery Fund (DERRF) under the Give2SF program are included in Section 2. The same information is also included in a separate report provided to the Board of Supervisors submitted by the City Administrator's Office and the Controller's Office, pursuant to Administrative Code Section 10.100-100.

If you have any questions regarding this report, please contact Vivian Po with the City Administrator's Office at [vivian.po@sfgov.org](mailto:vivian.po@sfgov.org).

Sincerely,

A handwritten signature in black ink, appearing to be "Carmen Chu".

Carmen Chu  
City Administrator

**SECTION 1: Gifts received by the Office of the City Administrator and agencies managed by the City Administrator**

The following departments, divisions, and programs received gifts between July 1, 2022 and June 30, 2023. Details provided below.

July 14, 2023

**TO:** Honorable Board of Supervisors

**FROM:** Carmen Chu, City Administrator  
Benjamin Rosenfield, Controller

**SUBJ:** San Francisco Disaster Emergency Response and Recovery Fund  
Annual Report from the Controller and City Administrator

This report is submitted pursuant to Administrative Code Section 10.100-100, which directs the Controller and City Administrator to report annually regarding Disaster and Emergency Response and Recovery Fund sources and uses. This fund is different from the special COVID-19 fund established by the Mayoral Proclamation issued March 13, 2020. That fund is being reported separately by the Controller.

The Disaster and Emergency Response and Recovery Fund was created by amendment to the previous San Francisco Disaster Recovery Fund. In FY 16-17, funds totaling \$546 were carried over from the prior Disaster Recovery Fund to the new Disaster and Emergency Response and Recovery Fund. This fund is comprised of four components: (1) Animal Care; (2) Housing & Relief; (3) Public Infrastructure; and (4) Unspecified. At the start of FY 22-23, it began with a total combined fund balance of \$8483. During FY 22-23, donations totaling \$988 were received – all in the Unspecified component of the fund. As a result, the total amount in the fund as of June 30, 2023, is now \$9,471. No disbursements have been made.

If you should desire additional information, please contact Joan Lubamersky from the City Administrator's Office at [Joan.Lubamersky@sfgov.org](mailto:Joan.Lubamersky@sfgov.org) or 415-554-4859.

**SUBJECT:** Power Quarterly Report on Delegated Authority Contracts  
Pursuant to Administrative Code Section 21.43

The following quarterly report has been prepared for the Board of Supervisors (Board) in accordance with Section 21.43 of the Administrative Code.

In Administrative Code Section 21.43, the Board delegated to the General Manager of the San Francisco Public Utilities Commission (SFPUC) authority to execute certain contracts with terms in excess of 10 years or requiring expenditures of \$10,000,000 or having anticipated revenue of one million dollars or more subject to specified limitations through June 30, 2025.

Administrative Code Section 21.43 also required the SFPUC to report quarterly to the Board "the duration, product purchased, and cost of contracts entered".

**Awarded Per Administrative Code Section 21.43**  
**Quarter 4 (April 1, 2023 – June 30, 2023)**

CONTRACT TYPE	PRODUCT	COUNTERPARTY	DURATION	CONTRACT AMOUNT
Purchase	System Energy	Direct Energy	12/1/2023 - 1/31/2026	\$12,276,000
Purchase	System Energy	Calpine Energy Services, L.P.	1/1/2024 - 12/31/2026	\$57,082,284
Purchase	Capacity	NextERA	6/1/2025 - 5/31/2040	\$226,530,000
Purchase	System Energy	NextERA	7/1/2023 - 2/29/2024	\$16,425,512
Purchase	System Energy	Morgan Stanley Capital Group, Inc.	1/1/2024 - 12/31/2024	\$19,423,620
Purchase	Capacity	NextERA	1/1/2025 - 12/31/2026	\$21,024,000
Purchase	PCC1	Southern California Edison	10/01/2023 - 12/31/2040	\$301,266,008

**London N. Breed**

**Newsha Ajami**  
President

**Sophie Maxwell**  
Vice President

**Tim Paulson**  
Commissioner

**Anthony Rivera**  
Commissioner

**Kate H. Stacy**  
Commissioner

**Dennis J. Herrera**  
General Manager

During this quarter, the contracts listed in the table above had the following labor-related provisions waived:<sup>1</sup> Minimum Compensation Ordinance (12P), Health Care Accountability Ordinance (12Q), and Sweatfree contracting (12U.4). Six of the seven contracts involved purchases from existing generating sources, and did not support the construction of new, to-be-built generating facilities. The NextERA 15-year capacity contract will support construction of new battery storage. In closing that deal, SFPUC used the form contract approved by the SFPUC under Ordinance No. 176-22. While able to include a preference for unionized workforce or commitment to a PLA and Social Impact Partnership program in the RFO process, the SFPUC waived the labor-related provisions.

This report meets the Quarter 4 of Fiscal Year 2022/2023 reporting requirements established by Section 21.43 of the Administrative Code for contracts executed under the delegation of authority. Should you have any questions, please contact Barbara Hale, SFPUC Assistant General Manager, Power, at [BHale@sfwater.org](mailto:BHale@sfwater.org) and (415) 613-6341.

---

<sup>1</sup> During the Budget and Finance Committee hearing of April 26, 2023 when amendment of Administrative Code 21.43 was considered, Supervisor Chan asked that the quarterly report include whether these three provisions were waived for any reportable contracts executed during the reporting period.

## **TITLE 14. Fish and Game Commission Notice of Proposed Changes in Regulations**

**NOTICE IS HEREBY GIVEN** that the Fish and Game Commission (Commission), pursuant to the authority vested by Sections **200, 205, 265, 270, 315, 316.5, 399 and 2084** of the Fish and Game Code and to implement, interpret or make specific Sections **200, 205, 265, 270, 316.5 and 2084** of said Code, proposes to amend Sections **7.40 and 7.50**, Title 14, California Code of Regulations, relating to inland sport fishing.

### **Informative Digest/Policy Statement Overview**

This California Department of Fish and Wildlife (Department) proposal includes changes to Title 14, California Code of Regulations (CCR), for the 2023 Sport Fishing Regulatory Cycle. This proposal will amend the fishing regulation boundaries for Chorro Creek in San Luis Obispo County and Los Gatos Creek in Santa Clara County, add a new section to the Russian River special fishing regulations that defines the fishing regulations within the Russian River State Marine Recreation Management Area, and delete an error in regulation for Bear Creek in Shasta and Siskiyou counties. The proposed regulatory changes are needed to correct inaccuracies in the current regulations to reduce public confusion and improve regulatory enforcement.

The Department is proposing changes to the following regulations in Title 14, CCR:

- ***Subsection 7.40(b)(27), Chorro Creek (San Luis Obispo Co.)***
  - Under current regulation, the lower portion of Chorro Creek to Morro Bay is open to fishing during the steelhead season, however, this portion overlaps with the Morro Bay State Marine Reserve which does not allow fishing. The boundary of the Reserve is the mean high tide line which the Department is proposing as the new boundary resulting in a reduction of approximately 0.75 miles of Chorro Creek to fishing.
  - The reach of the current regulation on Chorro Creek from South Bay Blvd to confluence with Morro Bay is approximately 1.0 mile. The reach of the new regulation from South Bay Blvd to the mean high tide line will be 0.25 miles legally open to fishing during the steelhead season. (Note that all measurements are approximations taken from Google Earth).
  - It is unknown how much fishing in this section of Chorro Creek, within the Morro Bay State Marine Reserve, occurs during steelhead season annually. Department staff reached out to State Parks staff (who occupy an office directly across the street from this section of Chorro Creek) who indicated that no anglers have been observed fishing this section in recent years.
- ***Subsection 7.40(b)(79), Russian River.***
  - Add subsection (D) for the Russian River State Marine Recreational Management Area (RRSMRMA) to inform anglers that fishing is not allowed in the portion of the Russian River defined as the RRSMRMA. Currently, reference to the RRSMRMA is found only in the Ocean Sport Fishing Regulations booklet, but because anglers fishing the Russian

River are targeting freshwater and anadromous species, they often only check the Freshwater Sport Fishing Regulations booklet. Because there is no reference to the RRSMRMA in the Freshwater Sport Fishing Regulations booklet, anglers may mistakenly fish in the RRSMRMA. The addition of a subsection 7.40(b)(79)(D) for the RRSMRMA, which would reference Section 632(b)(37), would clarify that fishing is not allowed in the portion of the Russian River defined as the RRSMRMA.

- **Subsection 7.50(b)(7), Bear Creek.**

- The current sport fish regulations list Bear Creek, Shasta and Siskiyou cos. in two different Special Fishing Regulation (7.50(b)) sections which describe conflicting regulations for the same water. The legacy regulation for Bear Creek 7.50(b)(7) should have been removed when the Fall River Complex regulation (7.50(b)(47), Bear Creek (H) was implemented on January 1, 2023. To correct the conflicting regulations the Department is proposing the following changes for Bear Creek:

Remove Section 7.50(b)(7) Bear Creek and tributaries (Shasta and Siskiyou cos.) between Ponderosa Way bridge and confluence with Fall River and keep Section 7.50(b)(47) Fall River Complex (Shasta and Siskiyou cos.), (H) Bear Creek (downstream of Ponderosa Way bridge).

- **Subsection 7.50(b)(81), Los Gatos Creek.**

- Sections 7.50(b)(81) and 7.40(b)(47) currently conflict. Camden Avenue drop is downstream of Vasona Lake meaning there is an overlap of the trout and steelhead regulations in 2.13 miles of Los Gatos Creek downstream of Vasona Lake. The intent was to protect anadromous fish below barriers and allow for different regulations above barriers where resident trout are present.

Although there is a significant fish barrier at Camden drop structure, steelhead have been observed upstream of the structure in very wet years. The Vasona Lake dam is a complete barrier to anadromy. The regulations should clearly define consistent boundaries and protect our Federally ESA threatened population of Central California Coast steelhead (*Oncorhynchus mykiss*).

This proposed regulation change would amend Section 7.50(b)(81) to the following – Los Gatos Creek (Santa Clara Co.) upstream **of Vasona Lake dam** including Lexington Reservoir and all tributaries. This regulation change would be replacing “Camden drop” with “Vasona Lake Dam.” The number of anglers that would be affected by this change is expected to be small.

## Benefits of the Proposed Regulations

As stated in Fish and Game Code Section 1700, Conservation of Aquatic Resources, it is the policy of this state to encourage the conservation, maintenance, and utilization of the living resources of the ocean and other waters under the jurisdiction and influence of the state for the benefit of all the citizens of the state and to promote the development of local fisheries and distant water fisheries based in California in harmony with international law, respecting fishing and the conservation of the living resources of the ocean and other waters under the jurisdiction and influence of the state. The objectives of this policy include, but are not limited to, the maintenance of sufficient populations of all species of aquatic organisms to ensure their continued existence, and the maintenance of a sufficient resource to support a reasonable sport use. Adoption of scientifically-based sport fish seasons, size limits, and bag and possession limits provides for the maintenance of sufficient populations sport fish to ensure their continued existence.

The benefits of the proposed regulations are consistent with the sustainable management of California's sport fisheries, general health and welfare of California residents, and promotion of businesses that rely on sport fishing throughout California.

## Consistency and Compatibility with Existing Regulations

Article IV, Section 20 of the State Constitution specifies that the Legislature may delegate to the Fish and Game Commission such powers relating to the protection and propagation of fish and game as the Legislature sees fit. The Legislature has delegated to the Commission the power to regulate recreational fishing in waters of the state (Fish and Game Code sections 200, 205, 315, and 316.5). The Commission has reviewed its own regulations and finds that the proposed regulations are neither inconsistent nor incompatible with existing state regulations. The Commission has searched the California Code of Regulations and finds no other state agency regulations pertaining to trout sport fishing seasons, bag, and possession limits.

## Public Participation

### Comments Submitted by Mail or Email

It is requested, but not required, that written comments be submitted on or before **September 28, 2023** at the address given below, or by email to [FGC@fgc.ca.gov](mailto:FGC@fgc.ca.gov). Written comments mailed, or emailed to the Commission office, must be received before 12:00 noon on **October 5, 2023**. If you would like copies of any modifications to this proposal, please include your name and mailing address. Mailed comments should be addressed to Fish and Game Commission, PO Box 944209, Sacramento, CA 94244-2090.

### Meetings

**NOTICE IS GIVEN** that any person interested may present statements, orally or in writing, relevant to

this action at a hearing to be held in **River Lodge Conference Center, 1800 Riverwalk Drive**, in **Fortuna**, California, which will commence at **8:00 a.m.** on **August 22, 2023** and may continue at **8:00 a.m.** on **August 23, 2023**. This meeting will also include the opportunity to participate via webinar/teleconference. Instructions for participation in the webinar/teleconference hearing will be posted at [www.fgc.ca.gov](http://www.fgc.ca.gov) in advance of the meeting or may be obtained by calling 916-653-4899. Please refer to the Commission meeting agenda, which will be available at least 10 days prior to the meeting, for the most current information.

**NOTICE IS ALSO GIVEN** that any person interested may present statements, orally or in writing, relevant to this action at a hearing to be held in **San Jose**, California, which will commence at **8:00 a.m.** on **October 11, 2023** and may continue at **8:00 a.m.**, on **October 12, 2023**. The exact location of this meeting has not yet been determined. As soon as this information is available, but not less than ten days before the hearing, a continuation notice will be sent to interested and affected parties providing the exact location. The continuation notice will also be published on the Commission's website. This meeting will also include the opportunity to participate via webinar/teleconference. Instructions for participation in the webinar/teleconference hearing will be posted at [www.fgc.ca.gov](http://www.fgc.ca.gov) in advance of the meeting or may be obtained by calling 916-653-4899. Please refer to the Commission meeting agenda, which will be available at least 10 days prior to the meeting, for the most current information.

### **Availability of Documents**

Copies of the Notice of Proposed Action, the Initial Statement of Reasons, and the text of the regulation in underline and strikethrough format can be accessed through the Commission website at [www.fgc.ca.gov](http://www.fgc.ca.gov). The regulations as well as all related documents upon which the proposal is based (rulemaking file), are on file and available for public review from the agency representative, Melissa Miller-Henson, Executive Director, Fish and Game Commission, 715 P Street, Box 944209, Sacramento, California 94244-2090, phone (916) 653-4899. Please direct requests for the above-mentioned documents and inquiries concerning the regulatory process to Melissa Miller-Henson or David Haug at [FGC@fgc.ca.gov](mailto:FGC@fgc.ca.gov) or at the preceding address or phone number. **Sarah Mussulman, Inland Fisheries Program Manager, Department of Fish and Wildlife, [sarah.mussulman@wildlife.ca.gov](mailto:sarah.mussulman@wildlife.ca.gov), has been designated to respond to questions on the substance of the proposed regulations.**

### **Availability of Modified Text**

If the regulations adopted by the Commission differ from but are sufficiently related to the action proposed, they will be available to the public for at least 15 days prior to the date of adoption. Circumstances beyond the control of the Commission (e.g., timing of Federal regulation adoption, timing of resource data collection, timelines do not allow, etc.) or changes made to be responsive to public recommendation and comments during the regulatory process may preclude full compliance with the 15-day comment period, and the Commission will exercise its powers under Section 265 of the Fish and Game Code. Regulations adopted pursuant to this section are not subject to the time periods for adoption, amendment or repeal of regulations prescribed in sections 11343.4, 11346.4, 11346.8 and 11347.1 of the Government Code. Any person interested may obtain a copy of said regulations prior to the date of adoption by contacting the agency representative named herein.

If the regulatory proposal is adopted, the final statement of reasons may be obtained from the address above when it has been received from the agency program staff.

### **Impact of Regulatory Action/Results of the Economic Impact Assessment**

The potential for significant statewide adverse economic impacts that might result from the proposed regulatory action has been assessed, and the following initial determinations relative to the required statutory categories have been made:

- (a) Significant Statewide Adverse Economic Impact Directly Affecting Business, Including the Ability of California Businesses to Compete with Businesses in Other States:

The proposed action will not have a significant statewide adverse economic impact directly affecting business, including the ability of California businesses to compete with businesses in other states. The proposed changes provide clarification of existing regulations that are necessary for the continued preservation of the resource, while providing inland sport fishing opportunities and thus, the prevention of adverse economic impacts.

- (b) Impact on the Creation or Elimination of Jobs Within the State, the Creation of New Businesses or the Elimination of Existing Businesses, or the Expansion of Businesses in California; Benefits of the Regulation to the Health and Welfare of California Residents, Worker Safety, and the State's Environment:

The Commission does not anticipate adverse impacts on the creation or elimination of jobs within the state. The Commission does not anticipate adverse impacts on the creation of new business, the elimination of existing businesses or the expansion of businesses in California. The proposed changes are to provide clarification of existing regulations that are not anticipated to change the level of fishing activity and thus the demand for goods and services related to sportfishing that could impact the demand for labor, nor induce the creation of new businesses, the elimination, nor the expansion of businesses in California.

The Commission anticipates benefits to the environment by the sustainable management of fishery resources throughout the state. The Commission does not anticipate any benefits to the health and welfare of California residents or to worker safety.

- (c) Cost Impacts on a Representative Private Person or Business:

The Commission is not aware of any cost impacts that a representative private person or business would necessarily incur in reasonable compliance with the proposed action.

- (d) Costs or Savings to State Agencies or Costs/Savings in Federal Funding to the State:

None. No changes to state agencies or to costs or savings in federal funding are anticipated by the proposed clarification of existing regulations. The Department program implementation and enforcement are projected to remain the same with a stable volume of fishing activity.

- (e) Nondiscretionary Costs/Savings to Local Agencies:

None.

(f) Programs Mandated on Local Agencies or School Districts:

None.

(g) Costs Imposed on any Local Agency or School District that is Required to be Reimbursed Under Part 7 (commencing with Section 17500) of Division 4, Government Code:

None.

(h) Effect on Housing Costs:

None.

### **Effect on Small Business**

It has been determined that the adoption of these regulations may affect small business. The Commission has drafted the regulations in Plain English pursuant to Government Code Sections 11342.580 and 11346.2(a)(1).

### **Consideration of Alternatives**

The Commission must determine that no reasonable alternative considered by the Commission, or that has otherwise been identified and brought to the attention of the Commission, would be more effective in carrying out the purpose for which the action is proposed, would be as effective and less burdensome to affected private persons than the proposed action, or would be more cost effective to affected private persons and equally effective in implementing the statutory policy or other provision of law.

FISH AND GAME COMMISSION

Melissa Miller-Henson  
Executive Director

Dated: July 3, 2023

State of California  
Fish and Game Commission  
Initial Statement of Reasons for Regulatory Action  
Amend Subsections (b)(27) and (b)(79) of Section 7.40,  
and Subsections (b)(7) and (b)(81) of Section 7.50  
Title 14, California Code of Regulations  
Re: Inland Sport Fishing Regulations Update

I. Date of Initial Statement of Reasons: May 17, 2023

II. Dates and Locations of Scheduled Hearings

(a) Notice Hearing

Date: June 14, 2023

Location: Sacramento

(b) Discussion Hearing

Date: August 22, 2023

Location: Fortuna

(c) Adoption Hearing

Date: October 11, 2023

Location: San Jose area

III. Description of Regulatory Action

(a) Statement of Specific Purpose of Regulatory Change and Factual Basis for Determining that Regulation Change is Reasonably Necessary

Unless otherwise specified, all section references in this document are to Title 14 of the California Code of Regulations (CCR).

This California Department of Fish and Wildlife (Department) proposal includes changes to sections 7.40 and 7.50, for the 2023 sport fishing regulatory cycle. The proposed regulatory changes are needed to correct inaccuracies in the current regulations to reduce public confusion and improve regulatory enforcement.

The amendments include changes to the fishing boundaries for Chorro Creek in San Luis Obispo County and Los Gatos Creek in Santa Clara County, the addition of a new subsection to the Russian River that will identify fishing closures within the Russian River State Marine Recreation Management Area, and, deleting an error in regulation for Bear Creek in Shasta and Siskiyou counties.

(b) Proposed Regulations

The Department is proposing the following regulatory changes in special regulations for Section 7.40 (Hatchery Trout, Hatchery Steelhead, and Salmon) and Section 7.50 (Trout waters):

- ***Subsection 7.40(b)(27), Chorro Creek (San Luis Obispo Co.)***

- Under current regulation, the lower portion of Chorro Creek to Morro Bay is open to fishing during the steelhead season, however, this portion overlaps with the Morro Bay State Marine Reserve, which does not allow fishing. The boundary of the Reserve is the mean high tide line which the Department is proposing as the new fishing boundary

resulting in a reduction of approximately 0.75 miles of Chorro Creek to fishing (Figure 1).

- The reach of the current regulation on Chorro Creek from South Bay Blvd to the confluence with Morro Bay is approximately 1.0 mile. The reach of the new regulation from South Bay Blvd to the mean high tide will be 0.25 miles legally open to fishing during the steelhead season.
- It is unknown how much fishing in this section of Chorro Creek within the Morro Bay State Marine Reserve occurs during steelhead season annually. Department staff reached out to State Parks staff (who occupy an office directly across the street from this section of Chorro Creek) who indicated that no anglers have been observed fishing this section in recent years.

## Chorro Creek Proposed Regulation

Figure 1. Map of proposed revisions to Chorro Creek sport fishing regulation in subsection 7.40(b)(27).

- **Subsection 7.40(b)(79), Russian River.**
  - Add subsection (D) for the Russian River State Marine Recreational Management Area (RRSMRMA) to inform anglers that fishing is not allowed in the portion of the Russian

River defined as the RRSMRMA. Currently, reference to the RRSMRMA is found only in the Ocean Sport Fishing Regulations booklet, but because anglers fishing the Russian River are targeting freshwater and anadromous species, they often only check the Freshwater Sport Fishing Regulations booklet. Because there is no reference to the RRSMRMA in the Freshwater Sport Fishing Regulations booklet, anglers may mistakenly fish in the RRSMRMA. The addition of subsection 7.40(b)(79)(D) for the RRSMRMA, which would reference Section 632(b)(37), would clarify that fishing is not allowed in the portion of the Russian River defined as the RRSMRMA.

- **Subsection 7.50(b)(7), Bear Creek.**

- The current sport fish regulations list Bear Creek, Shasta and Siskiyou cos. in two different Special Fishing Regulation (7.50(b)) sections which describe conflicting regulations for the same water. The legacy regulation for Bear Creek 7.50(b)(7) should have been removed when the Fall River Complex regulation (7.50(b)(47), Bear Creek (H)) was implemented on January 1, 2023. To correct the conflicting regulations, the Department is proposing the following changes for Bear Creek:
- Remove Section 7.50(b)(7) Bear Creek and tributaries (Shasta and Siskiyou cos.) between Pondosa Way bridge and confluence with Fall River and keep Section 7.50(b)(47) Fall River Complex (Shasta and Siskiyou cos.), (H) Bear Creek (downstream of Pondosa Way bridge).

- **Subsection 7.50(b)(81), Los Gatos Creek.**

- Sections 7.50(b)(81) and 7.40(b)(47) currently conflict. Camden Avenue drop is downstream of Vasona Lake, meaning there is an overlap of the trout and steelhead regulations in 2.13 miles of Los Gatos Creek downstream of Vasona Lake (Figure 2) . The intent was to protect anadromous fish below barriers, and allow for different regulations above barriers where resident trout are present.

Although there is a significant fish barrier at Camden drop structure, steelhead have been observed upstream of the structure in very wet years. The Vasona Lake dam is a complete barrier to anadromy. The regulations should clearly define consistent boundaries and protect our Federally ESA threatened population of Central California Coast steelhead (*Oncorhynchus mykiss*).

- This proposed regulation change would amend Section 7.50(b)(81) to the following – Los Gatos Creek (Santa Clara Co.) upstream **of Vasona Lake dam** including Lexington Reservoir and all tributaries. This regulation change would be replacing “Camden drop” with “Vasona Lake Dam.”

# Los Gatos Creek Proposed Regulation

Figure 2. Map of proposed revisions to Los Gatos Creek sport fishing regulation in subsection 7.40(b)(81).

## (c) Necessity of the Proposed Regulation Changes

The proposed regulations are necessary to align California’s inland sport fishery regulations with the Department’s current fisheries management goals and objectives, and to protect ESA-listed species including California Coastal Chinook Salmon, Northern California Steelhead, Central California Coast Steelhead, South-Central California Coast Steelhead, Central California Coast Coho Salmon, and Southern Oregon/Northern California Coast Coho Salmon, from fishing induced mortality and injury.

## (d) Goals and Benefits of the Regulation

As stated in Fish and Game Code Section 1700, Conservation of Aquatic Resources, it is the policy of this state to encourage the conservation, maintenance, and utilization of the living resources of the ocean and other waters under the jurisdiction and influence of the state for the benefit of all the citizens of the state and to promote the development of local fisheries and distant water fisheries based in California in harmony with international law, respecting fishing

and the conservation of the living resources of the ocean and other waters under the jurisdiction and influence of the state. The objectives of this policy include, but are not limited to, the maintenance of sufficient populations of all species of aquatic organisms to ensure their continued existence, and the maintenance of a sufficient resource to support a reasonable sport use. Adoption of scientifically-based sport fish seasons, size limits, and bag and possession limits provides for the maintenance of sufficient populations sport fish to ensure their continued existence.

The benefits of the proposed regulations are consistent with the sustainable management of California's sport fisheries, general health and welfare of California residents, and promotion of businesses that rely on sport fishing throughout California.

(e) Authority and Reference Sections from Fish and Game Code for Regulation

Authority: Sections 200, 205, 265, 270, and 275, Fish and Game Code. Reference: Sections 110, 200, 265, 270, and 275 Fish and Game Code.

(f) Specific Technology or Equipment Required by Regulatory Change

None.

(g) Identification of Reports or Documents Supporting Regulation Change

None.

(h) Public Discussions of Proposed Regulations Prior to Notice Publication

The Department presented the proposed amendments to the sport fishing regulations at the Commission's Wildlife Resources Committee meetings on January 12, 2023 and May 17, 2023.

#### IV. Description of Reasonable Alternatives to Regulatory Action

(a) Alternatives to Regulation Change

On April 20, 2022, the Department recommended and the Commission granted for future consideration Petition No. 2021-020, a request to adopt special regulations for the North Yuba River. The Petition requests a return to the sport fishing regulations in effect prior to the 2020-21 season, which read:

*7.50(b)(211) Yuba River, North Fork (Sierra and Yuba Cos.)*

*(A) From the western boundary of Sierra City to the confluence with Ladies Canyon Creek. Last Saturday in Apr. through Nov. 15. Only artificial lures with barbless hooks may be used. 2 trout.*

*Nov. 16 through the Friday preceding the last Saturday in Apr. Only artificial lures with barbless hooks may be used. 0 trout*

Presently the regulation reads:

*7.50(b)(169) Yuba River, North Fork (Sierra and Yuba Cos.) from the western boundary of Sierra City to the confluence with Ladies Canyon Creek; All year; Only artificial lures may be used; 2 trout.*

Specifically the petition requests a return to only barbless hooks and catch and release during the winter (November through April). The Department acknowledges changes during the state-wide effort to simplify angling regulations will provide more angling opportunity on the Yuba River, including access during the winter, with a daily bag limit of 2 trout. The recently implemented regulations are consistent with the management of a wild fishery, and still provide reduced bag limits and restrictions to only artificial lures, which are both protective and allow for limited harvest opportunity. The Department is maintaining the management of the Yuba River as a limited harvest trout fishery to provide angling opportunities while restricting angler harvest to the extent that such harvest has virtually no long-term effect on numbers and sizes of the fish in the populations. Department staff continue to monitor the Yuba River to ensure the fishery is not impacted by the current regulations; if impacts are identified, the Department will determine whether to recommend changes.

For the reasons explained above, the Department does not support the petition's request to change the regulations for this regulation cycle.

#### (b) No Change Alternative

The no change alternative would leave the current regulations, with uncorrected errors, in place.

#### V. Mitigation Measures Required by Regulatory Action

The proposed regulatory action will have no negative impact on the environment; therefore, no mitigation measures are needed.

#### VI. Impact of Regulatory Action

The potential for significant statewide adverse economic impacts that might result from the proposed regulatory action has been assessed, and the following initial determinations relative to the required statutory categories have been made:

##### (a) Significant Statewide Adverse Economic Impact Directly Affecting Businesses, Including the Ability of California Businesses to Compete with Businesses in Other States

The proposed action will not have a significant statewide adverse economic impact directly affecting business, including the ability of California businesses to compete with businesses in other states. The proposed changes provide clarification of existing regulations that are necessary for the continued preservation of the resource, while providing inland sport fishing opportunities and thus, the prevention of adverse economic impacts.

##### (b) Impact on the Creation or Elimination of Jobs Within the State, the Creation of New Businesses or the Elimination of Existing Businesses, or the Expansion of Businesses in California; Benefits of the Regulation to the Health and Welfare of California Residents, Worker Safety, and the State's Environment

The Commission does not anticipate adverse impacts on the creation or elimination of jobs within the state. The Commission does not anticipate adverse impacts on the creation of new business, the elimination of existing businesses or the expansion of businesses in California. The proposed changes are to provide clarification of existing regulations that are not anticipated to change the level of fishing activity and thus the demand for goods and services

related to sportfishing that could impact the demand for labor, nor induce the creation of new businesses, the elimination, nor the expansion of businesses in California.

The Commission anticipates benefits to the environment by the sustainable management of fishery resources throughout the state. The Commission does not anticipate any benefits to the health and welfare of California residents or to worker safety.

(c) Cost Impacts on a Representative Private Person or Business

The Commission is not aware of any cost impacts that a representative private person or business would necessarily incur in reasonable compliance with the proposed action.

(d) Costs or Savings to State Agencies or Costs/Savings in Federal Funding to the State: None. No changes to state agencies or to costs or savings in federal funding are anticipated by the proposed clarification of existing regulations. The Department program implementation and enforcement are projected to remain the same with a stable volume of fishing activity.

(e) Nondiscretionary Costs/Savings to Local Agencies: None.

(f) Programs Mandated on Local Agencies or School Districts: None.

(g) Costs Imposed on Any Local Agency or School District that is Required to be Reimbursed Under Part 7 (commencing with Section 17500) of Division 4, Government Code: None.

(h) Effect on Housing Costs: None.

## VII. Economic Impact Assessment

(a) Effects of the Regulation on the Creation or Elimination of Jobs Within the State

The Commission does not anticipate adverse impacts on the creation or elimination of jobs within the state because the proposed amendments are not anticipated to impact the level of fishing activity and thus the demand for goods and services related to sportfishing that could impact the demand for labor.

(b) Effects of the Regulation on the Creation of New Businesses or the Elimination of Existing Businesses Within the State

The Commission does not anticipate that any of the proposed amendments would induce impacts on the creation of new business or the elimination of existing businesses, because the economic impacts of the proposed clarifications of existing regulations are unlikely to be stimulate or lessen the demand for goods or services related to sport fishing, travel, or tourism to the affected areas.

(c) Effects of the Regulation on the Expansion of Businesses Currently Doing Business Within the State

The Commission does not anticipate that any of the proposed clarification of existing regulations would induce substantial impacts on the expansion of businesses currently doing business within the state. The proposed regulations are not anticipated to increase demand for services or products from the existing businesses that serve individuals who engage in inland sport fishing. The number of fishing trips and angler economic contributions are expected to remain within the range of historical averages.

(d) Benefits of the Regulation to the Health and Welfare of California Residents

The Commission does not anticipate direct benefits to the health and welfare of California residents besides the furtherance of opportunities for sport fishing which is healthy outdoor recreation and form of relaxation for many. Sport fishing also provides opportunities for multi-generational family activities and promotes respect for California's environment by younger generations, the future stewards of California's natural resources.

(e) Benefits of the Regulation to Worker Safety

The Commission does not anticipate any benefits to worker safety from the proposed regulations because inland sport fishing does not impact working conditions.

(f) Benefits of the Regulation to the State's Environment

Under the proposed regulations, the Commission anticipates benefits to the environment in the sustainable management of inland fishery resources. It is the policy of this state to encourage the conservation, maintenance, and utilization of the living resources of waters under the jurisdiction and influence of the state for the benefit of all the citizens of the state. The objectives of this policy include, but are not limited to, the maintenance of sufficient populations of all species of aquatic organisms to ensure their continued existence, and the maintenance of a sufficient resource to support a reasonable sport use.

(g) Other Benefits of the Regulation

Other benefits of the regulation include consistency with federal fishery management goals, and support for businesses that rely on inland sport fishing.

## Informative Digest/Policy Statement Overview

This California Department of Fish and Wildlife (Department) proposal includes changes to Title 14, California Code of Regulations (CCR), for the 2023 Sport Fishing Regulatory Cycle. This proposal will amend the fishing regulation boundaries for Chorro Creek in San Luis Obispo County and Los Gatos Creek in Santa Clara County, add a new section to the Russian River special fishing regulations that defines the fishing regulations within the Russian River State Marine Recreation Management Area, and delete an error in regulation for Bear Creek in Shasta and Siskiyou counties. The proposed regulatory changes are needed to correct inaccuracies in the current regulations to reduce public confusion and improve regulatory enforcement.

The Department is proposing changes to the following regulations in Title 14, CCR:

- **Subsection 7.40(b)(27), Chorro Creek (San Luis Obispo Co.)**
  - Under current regulation, the lower portion of Chorro Creek to Morro Bay is open to fishing during the steelhead season, however, this portion overlaps with the Morro Bay State Marine Reserve which does not allow fishing. The boundary of the Reserve is the mean high tide line which the Department is proposing as the new boundary resulting in a reduction of approximately 0.75 miles of Chorro Creek to fishing.
  - The reach of the current regulation on Chorro Creek from South Bay Blvd to confluence with Morro Bay is approximately 1.0 mile. The reach of the new regulation from South Bay Blvd to the mean high tide line will be 0.25 miles legally open to fishing during the steelhead season. (Note that all measurements are approximations taken from Google Earth).
  - It is unknown how much fishing in this section of Chorro Creek, within the Morro Bay State Marine Reserve, occurs during steelhead season annually. Department staff reached out to State Parks staff (who occupy an office directly across the street from this section of Chorro Creek) who indicated that no anglers have been observed fishing this section in recent years.
- **Subsection 7.40(b)(79), Russian River.**
  - Add subsection (D) for the Russian River State Marine Recreational Management Area (RRSMRMA) to inform anglers that fishing is not allowed in the portion of the Russian River defined as the RRSMRMA. Currently, reference to the RRSMRMA is found only in the Ocean Sport Fishing Regulations booklet, but because anglers fishing the Russian River are targeting freshwater and anadromous species, they often only check the Freshwater Sport Fishing Regulations booklet. Because there is no reference to the RRSMRMA in the Freshwater Sport Fishing Regulations booklet, anglers may mistakenly fish in the RRSMRMA. The addition of a subsection 7.40(b)(79)(D) for the RRSMRMA, which would reference Section 632(b)(37), would clarify that fishing is not allowed in the portion of the Russian River defined as the RRSMRMA.
- **Subsection 7.50(b)(7), Bear Creek.**
  - The current sport fish regulations list Bear Creek, Shasta and Siskiyou cos. in two different Special Fishing Regulation (7.50(b)) sections which describe conflicting regulations for the same water. The legacy regulation for Bear Creek 7.50(b)(7) should

have been removed when the Fall River Complex regulation (7.50(b)(47), Bear Creek (H) was implemented on January 1, 2023. To correct the conflicting regulations the Department is proposing the following changes for Bear Creek:

Remove Section 7.50(b)(7) Bear Creek and tributaries (Shasta and Siskiyou cos.) between Ponderosa Way bridge and confluence with Fall River and keep Section 7.50(b)(47) Fall River Complex (Shasta and Siskiyou cos.), (H) Bear Creek (downstream of Ponderosa Way bridge).

- **Subsection 7.50(b)(81), Los Gatos Creek.**

- Sections 7.50(b)(81) and 7.40(b)(47) currently conflict. Camden Avenue drop is downstream of Vasona Lake meaning there is an overlap of the trout and steelhead regulations in 2.13 miles of Los Gatos Creek downstream of Vasona Lake. The intent was to protect anadromous fish below barriers and allow for different regulations above barriers where resident trout are present.

Although there is a significant fish barrier at Camden drop structure, steelhead have been observed upstream of the structure in very wet years. The Vasona Lake dam is a complete barrier to anadromy. The regulations should clearly define consistent boundaries and protect our Federally ESA threatened population of Central California Coast steelhead (*Oncorhynchus mykiss*).

This proposed regulation change would amend Section 7.50(b)(81) to the following – Los Gatos Creek (Santa Clara Co.) upstream of **Vasona Lake dam** including Lexington Reservoir and all tributaries. This regulation change would be replacing “Camden drop” with “Vasona Lake Dam.” The number of anglers that would be affected by this change is expected to be small.

## Benefits of the Proposed Regulations

As stated in Fish and Game Code Section 1700, Conservation of Aquatic Resources, it is the policy of this state to encourage the conservation, maintenance, and utilization of the living resources of the ocean and other waters under the jurisdiction and influence of the state for the benefit of all the citizens of the state and to promote the development of local fisheries and distant water fisheries based in California in harmony with international law, respecting fishing and the conservation of the living resources of the ocean and other waters under the jurisdiction and influence of the state. The objectives of this policy include, but are not limited to, the maintenance of sufficient populations of all species of aquatic organisms to ensure their continued existence, and the maintenance of a sufficient resource to support a reasonable sport use. Adoption of scientifically-based sport fish seasons, size limits, and bag and possession limits provides for the maintenance of sufficient populations sport fish to ensure their continued existence.

The benefits of the proposed regulations are consistent with the sustainable management of California’s sport fisheries, general health and welfare of California residents, and promotion of businesses that rely on sport fishing throughout California.

## Consistency and Compatibility with Existing Regulations

Article IV, Section 20 of the State Constitution specifies that the Legislature may delegate to the Fish and Game Commission such powers relating to the protection and propagation of fish and game as the Legislature sees fit. The Legislature has delegated to the Commission the power to regulate recreational fishing in waters of the state (Fish and Game Code sections 200, 205, 315, and 316.5). The Commission has reviewed its own regulations and finds that the proposed regulations are neither inconsistent nor incompatible with existing state regulations. The Commission has searched the California Code of Regulations and finds no other state agency regulations pertaining to trout sport fishing seasons, bag, and possession limits.

## Proposed Regulatory Language

Subsection (b) of Section 7.40, Title 14, CCR, is amended to read:

### § 7.40. Alphabetical List of Hatchery Trout, Hatchery Steelhead, and Salmon Waters with Special Fishing Regulations.

(b)

...[No changes to subsections (b)(1) through (26)]

<i>Body of Water</i>	<i>Open Season and Special Restrictions</i>	<i>Daily Bag and Possession Limit</i>
(27) Chorro Creek (San Luis Obispo Co.) <del>from the point that Chorro Creek enters Midway Marina in Morro Bay upstream to the twin bridges on South Bay Boulevard, from the mean high tide line upstream to the South Bay Boulevard Bridge.</del>	Dec. 1 through Mar. 7, but only on Sat., Sun., Wed., legal holidays and opening and closing days. Only barbless hooks may be used.	2 hatchery trout or hatchery steelhead**.  4 hatchery trout or hatchery steelhead** in possession.

...[No changes to subsections (b)(28) through (78)]

(79) Russian River and tributaries (Sonoma and Mendocino Cos.). Also see Section 8.00(b) Low-Flow Restrictions.		
(A) Russian River main stem below the confluence of the East Branch Russian River.	All year. Only artificial lures with barbless hooks may be used from Apr. 1 through Oct. 31. Only barbless hooks may be used from Nov. 1 through Mar. 31.	2 hatchery trout or hatchery steelhead**. 4 hatchery trout or hatchery steelhead** in possession.
(B) Russian River main stem above the confluence of the East Branch and all River tributaries. (See Laguna de Santa Rosa (subsection (b)(52)) and Santa Rosa Creek (subsection (b)(98)) for non-salmonids only.)	Closed to all fishing all year.	

(C) Russian River within 250 feet of the Healdsburg Memorial Dam.	Closed to all fishing all year.	
<u>(D) Russian River State Marine Recreational Management Area. See Title 14, Section 632(b)(37).</u>	<u>Closed to all fishing all year.</u>	

...[No changes to subsections (b)(80) through (169)]

\* Wild Chinook Salmon are those not showing a healed adipose fin clip and not showing a healed left ventral fin clip.

\*\*Hatchery trout or steelhead in anadromous waters are those showing a healed adipose fin clip (adipose fin is absent). Unless otherwise provided, all other trout and steelhead must be immediately released. Wild trout or steelhead are those not showing a healed adipose fin clip (adipose fin is present).

NOTE: Authority cited: Sections 200, 205, 265, 270, 315, 316.5, 399 and 2084, Fish and Game Code. Reference: Sections 200, 205, 265, 270, 316.5 and 2084, Fish and Game Code.

Subsection (b) of Section 7.50, Title 14, CCR, is amended to read:

**§ 7.50. Alphabetical List of Trout Waters with Special Fishing Regulations.**

(b)

...[No changes to subsections (b)(1) through (6)]

<i>Body of Water</i>	<i>Open Season and Special Restrictions</i>	<i>Daily Bag and Possession Limit</i>
(7) Bear Creek and tributaries (Shasta and Siskiyou Cos.) between Ponderosa Way bridge and confluence with Fall River. <u>(7) [Repealed]</u>	<del>Sat. preceding Memorial Day through Sep. 30. Only Artificial lures may be used.</del>	2 trout

...[No changes to subsections (b)(8) through (80)]

<i>Body of Water</i>	<i>Open Season and Special Restrictions</i>	<i>Daily Bag and Possession Limit</i>
(81) Los Gatos Creek (Santa Clara Co.) upstream of Camden Avenue drop Vasona Lake dam including Lexington Reservoir and all tributaries.	All year. Only artificial lures <del>will</del> with barbless hooks may be used.	0 trout

...[No changes to subsections (b)(82) through (123)]

NOTE: Authority cited: Sections 200, 205, 265, 270, 315 and 399, Fish and Game Code.  
Reference: Sections 200, 205, 265 and 270, Fish and Game Code.

Dear Board of Supervisors,

Ableism and gatekeeping have no place in San Francisco. The current closure of JFK Drive is unfortunately both of those things.

The time for "close first, ask questions later" is over. It is time to revert back to the compromise that was struck over a decade ago and restore access for all to Golden Gate Park.

Charles Browne

**Subject:** Support for establishing an office of reparations

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear Board of Supervisors,

As a San Francisco resident, I am writing to express my enthusiastic support for the establishment of an Office for Reparations within our community. Such an initiative is crucial for rectifying historical injustices, fostering equity, and promoting healing. Having San Francisco create this office for reparations will be historic and pave the way for other cities to establish offices as well.

Reparations would provide acknowledgment and validation for marginalized communities that have suffered from systemic oppression. By addressing enduring wealth and opportunity gaps, we can break the cycle of generational poverty and empower individuals to reach their full potential. Moreover, an Office for Reparations would demonstrate our commitment to truth, reconciliation,

and creating a more inclusive society.

I urge you to seriously consider the establishment of an Office for Reparations, as it aligns with San Francisco's values of justice, fairness, and equality. By taking this proactive step, San Francisco can become the leader in the ongoing struggle for social justice and inspire positive change in our community and beyond.

Thank you for your attention to this important matter. I remain hopeful that we can contribute to the healing and reconciliation process that is long overdue.

Sincerely,

Olga Nikolayeva

San Francisco Board of Supervisors  
Via Email

**RE: FILE NO. 230663 -- Oppose**

Dear Members of the Board of Supervisors:

As sponsor of AB 1416 (Santiago-Chiu-Gonzalez) the *Ballot DISCLOSE Act*, we would like to respectfully request that you not pass the ordinance in File No. 230663 to opt out of AB 1416's addition of short lists of supporters and opponents from the ballot arguments to the ballot for local measures.

San Francisco City Attorney David Chiu was one of the authors of AB 1416, and all three San Francisco legislators voted in favor of the bill. The legislature passed it because, as declared in its findings, *"the identity of those who support and oppose a ballot measure provides voters with extremely important information that helps voters better evaluate and understand the value of the measure and to make more informed decisions on how to vote."*

We hope none of you disagree with that. However, the ordinance in File No. 230663 would deprive voters of precisely that information on local measures in the one place every voter would see it.

The finding in (f) of the proposed ordinance says this would be of *"minimal added benefit to voters in light of the information the Department of Elections already provides in the voter information pamphlet."* However, our polling found that although 79% of likely California voters said it was important to them to know who supports and opposes ballot measures when they vote, only 21% said they were very confident that they know them when they vote.<sup>1</sup>

Worse, 22% of voters say they didn't even know they could find supporters and opponents in the voter guide or where to find them in it.<sup>1</sup> And it's even harder for voters in San Francisco due to the extraordinary length of the San Francisco's Voter Information Pamphlet (VIP) — 239 pages long for the November 2022 general election. Chances are very low that all voters will find and absorb this crucial information that's sprinkled throughout the long and complex text in San Francisco's VIP.

The proposed ordinance's findings cite the Director of Elections' estimate that complying could cost in excess of \$1 million.<sup>2</sup> The stakes of voters not knowing who really supports and opposes local ballot measures is far, far higher. Nearly every election has multiple ballot measures that decide the fate of tens or hundreds of millions of dollars in revenue or costs for the City. Even one of those measures failing because voters don't know where trusted organizations and leaders stand — or a costly measure passing because voters don't know who is against it — costs San Francisco orders of magnitude more than \$1 million.

---

<sup>1</sup> Poll of 661 likely Nov. 2020 voters by California Clean Money campaign run from 7/22-8/22/2019.

[http://www.caclean.org/content/pdf/reports/sb90\\_poll\\_results.pdf](http://www.caclean.org/content/pdf/reports/sb90_poll_results.pdf)

<sup>2</sup> Although there's no doubt that in some elections including supporters and opponents for local ballot measures will require an additional ballot page, it's not obvious that will be case in the 2024 or in every following election. On many ballots there is significant unused space left on the ballot pages that should be able to fit the maximum of 273 characters that AB 1416 adds to each local measure ballot label (the words "Supporters:" and "Opponents:" plus a max 125 characters for each list), which AB 1416 allows to use smaller font if needed to save a page.

One good example is Proposition A from the June 2022 ballot. This measure would have authorized \$400 million in bonds to fund public transportation and streets. It failed to reach its required 2/3 vote by 1.56% despite being supported by the mayor, every member of the Board of Supervisors, and almost the entire spectrum of trusted San Francisco organizations. However, many voters who were unaware of or didn't comb through and remember the 124-page June 2022 VIP likely didn't know that. If every voter had seen on the ballot a short list of the most trusted organizations and leaders that supported Prop A — as AB 1416 would ensure if you don't opt out — the outcome could easily have been different.

This example shows the potential for severe unintended costs of opting out. It not only denies voters ready access to information they want when they're voting, but by doing so it means that many voters will make less informed decisions that could end up costing San Francisco far more than it saves.

Perhaps just as bad is the confusion that might result if voters see supporters and opponents on the ballot for state measures but not local measures. As the California Association of Clerks and Elections Officials, representing California's registrars of voters, said in a 2019 letter about an earlier version of AB 1416 (SB 636 of 2019) that would have applied to only state measures and not local measures:

*"...we believe this disparate treatment will lead to voter confusion. Voters do not see much of a difference between state propositions and local measures and they appear directly next to one another for ballot layout purposes. Elections officials will be contacted to answer who are the supporters and opponents for the local contests, diverting resources away from performing election duties."*

These reasons are why AB 1416, amended to default to also require local measures to list supporters and opponents, was supported by a long list of good-government and activist groups including the League of Women Voters of California, California Common Cause, California Environmental Voters, CALPIRG, Indivisible, Public Citizen, and many others — including all of San Francisco's legislators.

The counties of Santa Clara, Los Angeles, and Orange County, among others, have decided not to opt out because they believe it's important that state and local measures be treated consistently, and that voters have this powerful transparency for both. We hope you also value these goals enough not to opt out.

For all these reasons, we respectfully request that you vote "No" on the proposed ordinance in File No. 230663. Or, if you decide there is enough of a budget emergency that San Francisco absolutely can't afford the potential costs in the budget for fiscal years FY 2023-24 and 2024-25, that you amend the ordinance to apply to only to them, and not future years.

At a minimum, we request that you schedule a new public hearing to consider the matter and allow sufficient notice for the public to weigh in. An ordinance with such far-reaching policy ramifications should have a full 30 days before the committee hearing. Waiving the 30-day rule meant that even the Elections Commission wasn't able to discuss the ordinance before the Budget & Appropriations Committee's vote, nor was most of the public even aware of it before the hearing happened.

Sincerely,

David Schmidt  
San Francisco Coordinator  
California Clean Money Campaign

---

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear Supervisors, Mayor Breed, Director Arntz, and Mr. Chiu,

**The League of Women Voters of San Francisco writes to strongly oppose the ordinance that would amend the Municipal Elections Code to opt out of state law that would require a short list of supporters and opponents of each local ballot measure to be shown on the ballot** (File # 230663) being considered by the Board of Supervisors at its meeting on July 18, 2023.

The League supports an informed, active electorate, and we believe that voters should be provided with relevant, accurate, and easily understandable information about elections. The League strongly supported the [2021–2022 State Assembly Bill 1416 \(AB 1416\)](#)<sup>1</sup> to give more information directly to voters and empower them to make better informed choices. AB 1416 was passed into law as [Section 9170 of the California Elections Code](#)<sup>2</sup>.

Educated and informed voters are the key to our democracy. A list of support and opposition on the ballot will provide San Francisco voters with accessible and concise, yet salient information that can help them make more informed decisions.

Research shows that Californians support increased transparency on ballots. A [poll by the nonpartisan Clean Money Campaign](#)<sup>3</sup> before the November 2020 election found 79% of California voters want to know who supports and opposes ballot measures, but they're not confident they know this information or can find it easily. The poll also showed 75% of those voters favor adding a short list of supporters and opponents of each measure on the ballot itself — precisely what Section 9170 of the California Elections Code addresses.

While we appreciate that support and opposition is listed in the San Francisco Voter Information Pamphlet, that is an extremely long document, making it difficult for San Francisco voters to find the support and opposition information they want to know. As a recent example, in an [interview with ABC7 News](#)<sup>4</sup>, Director Arntz described the November 2022 Voter Information Pamphlet as “rather large, it’s over 250 pages which is one of the biggest, most pages we’ve had for a pamphlet in the city’s history.”

By listing support and opposition on the ballot, critical information about who is behind

a ballot measure will be readily available on the ballot itself.

For these reasons and more, **the League strongly opposes San Francisco permanently opting out of Section 9170 of the California Elections Code.**

Thank you for your public service, hearing our concerns, and the opportunity to speak about ways to ensure that San Franciscans have the information and confidence they need to participate in our democracy.

We're available to speak with you about these issues. Please do not hesitate to contact us.

Sincerely,

Alison Goh

Dear Ms. Stephanie Cabrera,

I am writing to express my wholehearted support for the creation of a San Francisco Public Bank. I understand that the Government Audit and Oversight (GAO) Committee will vote on this plan tomorrow (Thursday, 7/20) at a public hearing, and I wish for my comments here to be placed in the official record.

I am a resident of San Francisco for more than 35 years. I live in the West Portal district, and I have raised two children in our public schools. I am a Pastor of First Mennonite Church of San Francisco (a vibrant, progressive congregation worshipping in the Mission), and I am a Leader with Faith in Action Bay Area, with whom I organize for housing justice.

In a world where so many of our public spaces have been privatized - to the detriment of everyone except big business - the opportunity to create a public financial institution in our city is extraordinary. The possibilities this public bank offers are profound:

- lending opportunities that uphold social justice and ecological sustainability, including, but not limited to:
  - affordable housing
  - indigenous rights and reparations
  - credit and financial services to underserved and marginalized communities
- community wealth building
- local control of finances - including the prohibition around investments in fossil fuels, tobacco, military and weapons, prisons and detention centers

I have marched, and chanted, and participated in creating public street art in the financial district for years. I have stood in public opposition to the ecologically devastating investments of our corporate banking system and the creation of the private wealth of shareholders. I am overjoyed to finally have a way of standing up for a solution: a San Francisco Public Bank.

I urge the GAO to vote yes on this plan. Let's be a leader in the state and in the nation!

Respectfully,  
Patricia Plude, D.Min.

---

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear GAO Committee members,

I'm writing to enthusiastically support the plan to establish a City-owned Municipal Financial Corporation and a San Francisco Public Bank. This plan represents a huge opportunity to change the way we use our financial system to more directly benefit San Francisco and all its residents.

I'm excited to support the plan for San Francisco owned financial institutions that will make possible the vital investments in our City that must happen in a timely way and with justice--investments in affordable housing, small businesses, and green infrastructure including building and vehicle electrification. The mission-driven focus of the MFC and Public Bank in San Francisco will help ensure that our City's values of racial equity, ecological sustainability, and labor rights will be maintained and strengthened through these investments. These financial institutions will also serve as an economic engine for the City.

I appreciate the Board's support of this concept, and the hard work and dedication of the LafCo staff and Reinvestment Working Group members in creating the plan. This is a plan worthy of San Francisco--innovative, forward looking, and centered on justice. I encourage you to support the creation of the San Francisco Municipal Financial Corporation and the San Francisco Public Bank and move this plan forward as strongly and as quickly as possible.

Thank you,

Nancy Haber

## Message to the Mayor and Board of Supervisors

From your constituent **Kathy Spanger**  
Email [kathy.spangler@coastalintl.com](mailto:kathy.spangler@coastalintl.com)  
I live in District **District 1**

### **Mayor Breed and Supervisors: You must take immediate action to end the destruction of San Francisco's retail and business centers!**

Message: Dear Mayor Breed and Supervisors,

We are calling on you TO TAKE IMMEDIATE ACTION to end the destruction of our retail and business centers.

Old Navy is closing its flagship store in San Francisco. Nordstrom is closing two stores in downtown San Francisco. Union Square is dying. Which major retailer will be next: Bloomingdale's, Macy's, Saks 5th Ave, Neiman Marcus? Our iconic cable cars will soon be transporting tourists to a vacant, blighted downtown. And then those visitors will stop coming. Our city is in a precarious downward spiral, and you must act now to stop it.

As Nordstrom noted in their departure announcement:

"[Unibail-Rodamco-Westfield] has actively engaged with city leaders for many years to express our serious concerns, which are shared by our customers and retailers. We have urged the city to find solutions to the key issues and lack of enforcement against rampant criminal activity,"

As San Franciscans who care deeply about our city, we are providing you with a short list of concrete actions which we believe will not only help deter additional retailers from leaving our city, but will improve the overall quality of life of all SF residents.

This list is just a beginning:

1. Even under Prop 47 and Martin v. Boise, it is illegal to shoplift, sell drugs, possess drugs, and otherwise engage in disorderly behavior in public. Mayor Breed, you have the power right now to instruct the Police Department to deploy 100 officers to the Tenderloin and arrest every single person publicly consuming narcotics or possessing a sufficient amount of narcotics to qualify for a sale charge. Do this every day for a month. Again, even with Prop. 47, these are both still crimes that are punishable by up to six months to a year in county jail -- and sometimes more. Even if a judge releases the offender immediately, if you were to commit to doing this every day for a month, the real penalty would be that anyone selling or using drugs in public would get about two hours of freedom per day until they were arrested again. The message would eventually go out that San Francisco is no longer a destination for drug tourism but a place where laws are enforced, and illegal drugs and cash are almost immediately confiscated. Downtown would clear up pretty quickly.

2. Until they can be removed by ballot initiative or term-ends, we call on the Board of Supervisors to publicly pressure the anti-police Police Commissioners to revise their bias against law-and-order and better understand the realities of police work and the real-world implications of the policy decisions they make. The rules and strictures they have imposed on police operations over the last few years are in large part responsible for this mess. This crisis has authors. Remove them and replace them with commissioners who will help our severely understaffed department become more effective, not drown our officers in paperwork or instruct them to stop enforcing the law.

3. The city's tax base is disappearing. We demand that you slash \$2 billion from the budget immediately. This can be achieved by reducing staff across the board, ending perks, waste, and redundancies, terminating relationships with corrupt non-profits (how much was paid last year to ineffective or non-existent non-profits?), and suspending all raises until you pull the city from the shambles it is in.

(Note: the budget for Police and Fire Departments should be maintained or increased, as they are critical to fixing our problems.)

4. Immediately reinstate the Homeward Bound bus ticket program.

5. Terminate the head of HSH and hire a shelter-first advocate who will strive to dramatically reduce the number of people living on the streets rather than maintain the status quo.

6. Immediately exempt fentanyl dealers from Sanctuary protection.

No more excuses. This complete dereliction of duty must end today.

For those of you who lack sympathy for large, chain businesses, remember two things: They don't need San Francisco as much as San Francisco needs them, and as anchor tenants to malls and downtown centers, they are the power behind which all of the other area retailers draft. That means jobs, enhanced safety, increased street activity, and tax revenue.

We are regular San Franciscans who are demanding a functional city government. We successfully recalled a dangerous DA and an incompetent Board of Education. Your failure to govern is both outrageous and unacceptable. Your constituents will hold you accountable.

### **Mayor Breed and Supervisors: You must take immediate action to end the destruction of San Francisco's retail and business centers!**

Message:                              Dear Mayor Breed and Supervisors,

We are calling on you TO TAKE IMMEDIATE ACTION to end the destruction of our retail and business centers.

Old Navy is closing its flagship store in San Francisco. Nordstrom is closing two stores in downtown San Francisco. Union Square is dying. Which major retailer will be next: Bloomingdale's, Macy's, Saks 5th Ave, Neiman Marcus? Our iconic cable cars will soon be transporting tourists to a vacant, blighted downtown. And then those visitors will stop coming. Our city is in a precarious downward spiral, and you must act now to stop it.

As Nordstrom noted in their departure announcement:

"[Unibail-Rodamco-Westfield] has actively engaged with city leaders for many years to express our serious concerns, which are shared by our customers and retailers. We have urged the city to find solutions to the key issues and lack of enforcement against rampant criminal activity,"

As San Franciscans who care deeply about our city, we are providing you with a short list of concrete actions which we believe will not only help deter additional retailers from leaving our city, but will improve the overall quality of life of all SF residents.

This list is just a beginning:

1. Even under Prop 47 and Martin v. Boise, it is illegal to shoplift, sell drugs, possess drugs, and otherwise engage in disorderly behavior in public. Mayor Breed, you have the power right now to instruct the Police Department to deploy 100 officers to the Tenderloin and arrest every single person publicly consuming narcotics or possessing a sufficient amount of narcotics to qualify for a sale charge. Do this every day for a month. Again, even with Prop. 47, these are both still crimes that are punishable by up to six months to a year in county jail -- and sometimes more. Even if a judge releases the offender immediately, if you were to commit to doing this every day for a month, the real penalty would be that anyone selling or using drugs in public would get about two hours of freedom per day until they were arrested again. The message would eventually go out that San Francisco is no longer a destination for drug tourism but a place where laws are enforced, and illegal drugs and cash are almost immediately confiscated. Hello,

The City of San Francisco has chosen to criminalize law-abiding skateboarders in Dolores Park instead of adequately policing the 24 hour drug market that extends along Market Street. Corruption would be an adequate, but insufficient charge. London Breed and the SF Board of Supervisors harbor an element of animosity towards skateboarders, and a desire to criminalize lawful citizens that transcends greed. These elected officials have purposely neglected to control drug dealing, or regulate skyrocketing rents, and the public must wonder whether the current real-estate boom in Honduras that has resulted from the proliferation of drug sales on Market Street—which was reported by the SF Chronicle—somehow enriches these officials beyond the gains they receive domestically.

Skaters of the nation have taken note, and we will not accept such an egregious and exacerbated excuse for government.

### **I Support the SFPD in Enforcing Our City Laws.**

Message

Dear Police Commissioners, Board of Supervisors  
and City Leaders,

We support the SFPD in their best practice efforts to maintain law and order in our city because laws are rules that bind all people living in a community and are fundamental to the success of every society.

The American commitment to the rule of law means that the same laws govern EVERY citizen. These laws arise out of shared values, morals, and concerns, and they protect us from crime, ensure that we do not endanger others, and create a world in which we can all retain a sense of civility and shared expectation.

In general, blaming the very officers who have taken an oath to uphold our laws simply for doing their jobs is fundamentally unfair, hypocritically unsound, and dangerously disruptive to the foundation of a functional city. More specifically, the insinuation that SFPD's handling of the "hill bomb" should be investigated is an attempt to create a false narrative. The truth is, SFPD officers were protecting San Francisco residents from activity that resulted in property damage, bodily harm, and death in years past. Allowing citizens to brazenly engage in the destruction of public property, such as graffitiing MUNI buses, and impeding safe access to and use

of public streets, would be a dereliction of duty not only by SFPD and all elected and appointed officials tasked with public safety, it would be a breach by the citizens engaged in that behavior of our communal agreement to keep each other safe and to respect our laws.

Therefore, we call on the Public Safety and Neighborhood Services Committee of the Board of Supervisors to investigate the circumstances around 80+ juveniles engaging in the destruction of 4 MUNI buses, blocking traffic, throwing incendiary devices, spitting on and throwing bottles at officers, and failing to disperse after numerous and repeated direction to do so by SFPD.

Further, we call on all elected and appointed officials charged with upholding our laws and maintaining our public safety to hold anyone who harmed officers, other residents, or damaged property accountable under the law.

San Francisco residents have been clear: we want our laws obeyed, we want our officers supported in their efforts to uphold the laws, and we want those who break the law held accountable because we all want a safe and functional environment in which to live. San Francisco is no longer the "wild west" where people lived in fear of lawlessness, unchecked violence, theft, and property damage...is it?

Thank you.  
Stephanie Lehman

Message

Dear Police Commissioners, Board of Supervisors and City Leaders,

Safety in SF was an expectation that I took for granted. I have lived in SF for 26 years and you have create policies that continue to make SF less safe.

Until you recognize and admit that there is a direct correlation to your policies and what we are experiencing now in SF, things will only get worse.

We NEED our SFPD to be able to do their jobs. We DO NOT need our SFPD commission to keep them from doing their job.

The country is watching and you will continue to bring down the Democratic Party if you keep this up. You have the power to make changes, please don't waste another day.

We support the SFPD in their best practice efforts to maintain law and order in our city because laws are rules that bind all people living in a community and are fundamental to the success of every society.

The American commitment to the rule of law means that the same laws govern EVERY citizen. These laws arise out of shared values, morals, and concerns, and they protect us from crime, ensure that we do not endanger others, and create a world in which we can all retain a sense of civility and

In general, blaming the very officers who have taken an oath to uphold our laws simply for doing their jobs is fundamentally unfair, hypocritically unsound, and dangerously disruptive to the foundation of a functional city. More specifically, the insinuation that SFPD's handling of the "hill bomb" should be investigated is an attempt to create a false narrative. The truth is, SFPD officers were protecting San Francisco residents from activity that resulted in property damage, bodily harm, and death in years past. Allowing citizens to brazenly engage in the destruction of public property, such as graffitiing MUNI buses, and impeding safe access to and use

of public streets, would be a dereliction of duty not only by SFPD and all elected and appointed officials tasked with public safety, it would be a breach by the citizens engaged in that behavior of our communal agreement to keep each other safe and to respect our laws.

Therefore, we call on the Public Safety and Neighborhood Services Committee of the Board of Supervisors to investigate the circumstances around 80+ juveniles engaging in the destruction of 4 MUNI buses, blocking traffic, throwing incendiary devices, spitting on and throwing bottles at officers, and failing to disperse after numerous and repeated direction to do so by SFPD.

Further, we call on all elected and appointed officials charged with upholding our laws and maintaining our public safety to hold anyone who harmed officers, other residents, or damaged property accountable under the law.

San Francisco residents have been clear: we want our laws obeyed, we want our officers supported in their efforts to uphold the laws, and we want those who break the law held accountable because we all want a safe and functional environment in which to live. San Francisco is no longer the "wild west" where people lived in fear of lawlessness, unchecked violence, theft, and property damage...is it?

Thank you.

### **I Support the SFPD in Enforcing Our City Laws.**

Message                         Dear Police Commissioners, Board of Supervisors  
and City Leaders,

We support the SFPD in their best practice efforts to maintain law and order in our city because laws are rules that bind all people living in a community and are fundamental to the success of every society.

The American commitment to the rule of law means that the same laws govern EVERY citizen. These laws arise out of shared values, morals, and concerns, and they protect us from crime, ensure that we do not endanger others, and create a world in which we can all retain a sense of civility and shared expectation.

In general, blaming the very officers who have taken an oath to uphold our laws simply for doing their jobs is fundamentally unfair, hypocritically unsound, and dangerously disruptive to the foundation of a functional city. More specifically, the insinuation that SFPD's handling of the "hill bomb" should be investigated is an attempt to create a false narrative. The truth is, SFPD officers were protecting San Francisco residents from activity that resulted in property damage, bodily harm, and death in years past. Allowing citizens to brazenly engage in the destruction of public property, such as graffitiing MUNI buses, and impeding safe access to and use

of public streets, would be a dereliction of duty not only by SFPD and all elected and appointed officials tasked with public safety, it would be a breach by the citizens engaged in that behavior of our communal agreement to keep each other safe and to respect our laws.

### **I Support the SFPD in Enforcing Our City Laws.**

Message **Dear Police Commissioners, Board of Supervisors and City Leaders,**

We support the SFPD in their best practice efforts to maintain law and order in our city because laws are rules that bind all people living in a community and are fundamental to the success of every society.

The American commitment to the rule of law means that the same laws govern EVERY citizen. These laws arise out of shared values, morals, and concerns, and they protect us from crime, ensure that we do not endanger others, and create a world in which we can all retain a sense of civility and shared expectation.

In general, blaming the very officers who have taken an oath to uphold our laws simply for doing their jobs is fundamentally unfair, hypocritically unsound, and dangerously disruptive to the foundation of a functional city. More specifically, the insinuation that SFPD's handling of the "hill bomb" should be investigated is an attempt to create a false narrative. The truth is, SFPD officers were protecting San Francisco residents from activity that resulted in property damage, bodily harm, and death in years past. Allowing citizens to brazenly engage in the destruction of public property, such as graffitiing MUNI buses, and impeding safe access to and use

of public streets, would be a dereliction of duty not only by SFPD and all elected and appointed officials tasked with public safety, it would be a breach by the citizens engaged in that behavior of our communal agreement to keep each other safe and to respect our laws.

Therefore, we call on the Public Safety and Neighborhood Services Committee of the Board of Supervisors to investigate the circumstances around 80+ juveniles engaging in the destruction of 4 MUNI buses, blocking traffic, throwing incendiary devices, spitting on and throwing bottles at officers, and failing to disperse after numerous and repeated direction to do so by SFPD.

Further, we call on all elected and appointed officials charged with upholding our laws and maintaining our public safety to hold anyone who harmed officers, other residents, or damaged property accountable under the law.

San Francisco residents have been clear: we want our laws obeyed, we want our officers supported in their efforts to uphold the laws, and we want those who break the law held accountable because we all want a safe and functional environment in which to live. San Francisco is no longer the "wild west" where people lived in fear of lawlessness, unchecked violence, theft, and property damage...is it?

Thank you.

We support the SFPD in their best practice efforts to maintain law and order in our city because laws are rules that bind all people living in a community and are fundamental to the success of every society.

The American commitment to the rule of law means that the same laws govern EVERY citizen. These laws arise out of shared values, morals, and concerns, and they protect us from crime, ensure that we do not endanger others, and create a world in which we can all retain a sense of civility and shared expectation.

In general, blaming the very officers who have taken an oath to uphold our laws simply for doing their jobs is fundamentally unfair, hypocritically unsound, and dangerously disruptive to the foundation of a functional city. More specifically, the insinuation that SFPD's handling of the "hill bomb" should be investigated is an attempt to create a false narrative. The truth is, SFPD officers were protecting San Francisco residents from activity that resulted in property damage, bodily harm, and death in years past. Allowing citizens to brazenly engage in the destruction of public property, such as graffitiing MUNI buses, and impeding safe access to and use

of public streets, would be a dereliction of duty not only by SFPD and all elected and appointed officials tasked with public safety, it would be a breach by the citizens engaged in that behavior of our communal agreement to keep each other safe and to respect our laws.

Therefore, we call on the Public Safety and Neighborhood Services Committee of the Board of Supervisors to investigate the circumstances around 80+ juveniles engaging in the destruction of 4 MUNI buses, blocking traffic, throwing incendiary devices, spitting on and throwing bottles at officers, and failing to disperse after numerous and repeated direction to do so by SFPD.

Further, we call on all elected and appointed officials charged with upholding our laws and maintaining our public safety to hold anyone who harmed officers, other residents, or damaged property accountable under the law.

San Francisco residents have been clear: we want our laws obeyed, we want our officers supported in their efforts to uphold the laws, and we want those who break the law held accountable because we all want a safe and functional environment in which to live. San Francisco is no longer the "wild west" where people lived in fear of lawlessness, unchecked violence, theft, and property damage...is it?

Thank you.

### **I Support the SFPD in Enforcing Our City Laws.**

Message Dear Police Commissioners, Board of Supervisors and City Leaders,

We support the SFPD in their best practice efforts to maintain law and order in our city because laws are rules that bind all people living in a community and are fundamental to the success of every society.

The American commitment to the rule of law means that the same laws govern EVERY citizen. These laws arise out of shared values, morals, and concerns, and they protect us from crime, ensure that we do not endanger others, and create a world in which we can all retain a sense of civility and shared expectation.

In general, blaming the very officers who have taken an oath to uphold our laws simply for doing their jobs is fundamentally unfair, hypocritically unsound, and dangerously disruptive to the foundation of a functional city. More specifically, the insinuation that SFPD's handling of the "hill bomb" should be investigated is an attempt to create a false narrative. The truth is, SFPD officers were protecting San Francisco residents from activity that resulted in property damage, bodily harm, and death in years past. Allowing citizens to brazenly engage in the destruction of public property, such as graffitiing MUNI buses, and impeding safe access to and use

of public streets, would be a dereliction of duty not only by SFPD and all elected and appointed officials tasked with public safety, it would be a breach by the citizens engaged in that behavior of our communal agreement to keep each other safe and to respect our laws.

Therefore, we call on the Public Safety and Neighborhood Services Committee of the Board of Supervisors to investigate the circumstances around 80+ juveniles engaging in the destruction of 4 MUNI buses, blocking traffic, throwing incendiary devices, spitting on and throwing bottles at officers, and failing to disperse after numerous and repeated direction to do so by SFPD.

Further, we call on all elected and appointed officials charged with upholding our laws and maintaining our public safety to hold anyone who harmed officers, other residents, or damaged property accountable under the law.

San Francisco residents have been clear: we want our laws obeyed, we want our officers supported in their efforts to uphold the laws, and we want those who break the law held accountable because we all want a safe and functional environment in which to live. San Francisco is no longer the "wild west" where people lived in fear of lawlessness, unchecked violence, theft, and property damage...is it?

Thank you.

of public streets, would be a dereliction of duty not only by SFPD and all elected and appointed officials tasked with public safety, it would be a breach by the citizens engaged in that behavior of our communal agreement to keep each other safe and to respect our laws.

We support the SFPD in their best practice efforts to maintain law and order in our city because laws are rules that bind all people living in a community and are fundamental to the success of every society.

The American commitment to the rule of law means that the same laws govern EVERY citizen. These laws arise out of shared values, morals, and concerns, and they protect us from crime, ensure that we do not endanger others, and create a world in which we can all retain a sense of civility and shared expectation.

In general, blaming the very officers who have taken an oath to uphold our laws simply for doing their jobs is fundamentally unfair, hypocritically unsound, and dangerously disruptive to the foundation of a functional city. More specifically, the insinuation that SFPD's handling of the "hill bomb" should be investigated is an attempt to create a false narrative. The truth is, SFPD officers were protecting San Francisco residents from activity that resulted in property damage, bodily harm, and death in years past. Allowing citizens to brazenly engage in the destruction of public property, such as graffitiing MUNI buses, and impeding safe access to and use

of public streets, would be a dereliction of duty not only by SFPD and all elected and appointed officials tasked with public safety, it would be a breach by the citizens engaged in that behavior of our communal agreement to keep each other safe and to respect our laws.

Therefore, we call on the Public Safety and Neighborhood Services Committee of the Board of Supervisors to investigate the circumstances around 80+ juveniles engaging in the destruction of 4 MUNI buses, blocking traffic, throwing incendiary devices, spitting on and throwing bottles at officers, and failing to disperse after numerous and repeated direction to do so by SFPD.

Further, we call on all elected and appointed officials charged with upholding our laws and maintaining our public safety to hold anyone who harmed officers, other residents, or damaged property accountable under the law.

San Francisco residents have been clear: we want our laws obeyed, we want our officers supported in their efforts to uphold the laws, and we want those who break the law held accountable because we all want a safe and functional environment in which to live. San Francisco is no longer the "wild west" where people lived in fear of lawlessness, unchecked violence, theft, and property damage...is it?

Thank you.

of public streets, would be a dereliction of duty not only by SFPD and all elected and appointed officials tasked with public safety, it would be a breach by the citizens engaged in that behavior of our communal agreement to keep each other safe and to respect our laws.

Message                         Dear Police Commissioners, Board of Supervisors  
and City Leaders,

We support the SFPD in their best practice efforts to maintain law and order in our city because laws are rules that bind all people living in a community and are fundamental to the success of every society.

The American commitment to the rule of law means that the same laws govern EVERY citizen. These laws arise out of shared values, morals, and concerns, and they protect us from crime, ensure that we do not endanger others, and create a world in which we can all retain a sense of civility and shared expectation.

In general, blaming the very officers who have taken an oath to uphold our laws simply for doing their jobs is fundamentally unfair, hypocritically unsound, and dangerously disruptive to the foundation of a functional city. More specifically, the insinuation that SFPD's handling of the "hill bomb" should be investigated is an attempt to create a false narrative. The truth is, SFPD officers were protecting San Francisco residents from activity that resulted in property damage, bodily harm, and death in years past. Allowing citizens to brazenly engage in the destruction of public property, such as graffitiing MUNI buses, and impeding safe access to and use

of public streets, would be a dereliction of duty not only by SFPD and all elected and appointed officials tasked with public safety, it would be a breach by the citizens engaged in that behavior of our communal agreement to keep each other safe and to respect our laws.

Therefore, we call on the Public Safety and Neighborhood Services Committee of the Board of Supervisors to investigate the circumstances around 80+ juveniles engaging in the destruction of 4 MUNI buses, blocking traffic, throwing incendiary devices, spitting on and throwing bottles at officers, and failing to disperse after numerous and repeated direction to do so by SFPD.

Further, we call on all elected and appointed officials charged with upholding our laws and maintaining our public safety to hold anyone who harmed officers, other residents, or damaged property accountable under the law.

San Francisco residents have been clear: we want our laws obeyed, we want our officers supported in their efforts to uphold the laws, and we want those who break the law held accountable because we all want a safe and functional environment in which to live. San Francisco is no longer the "wild west" where people lived in fear of lawlessness, unchecked violence, theft, and property damage...is it?

Thank you.

These laws arise out of shared values, morals, and concerns, and they protect us from crime, ensure that we do not endanger others, and create a world in which we can all retain a sense of civility and shared expectation.

In general, blaming the very officers who have taken an oath to uphold our laws simply for doing their jobs is fundamentally unfair, hypocritically unsound, and dangerously disruptive to the foundation of a functional city. More specifically, the insinuation that SFPD's handling of the "hill bomb" should be investigated is an attempt to create a false narrative. The truth is, SFPD officers were protecting San Francisco residents from activity that resulted in property damage, bodily harm, and death in years past. Allowing citizens to brazenly engage in the destruction of public property, such as graffitiing MUNI buses, and impeding safe access to and use

of public streets, would be a dereliction of duty not only by SFPD and all elected and appointed officials tasked with public safety, it would be a breach by the citizens engaged in that behavior of our communal agreement to keep each other safe and to respect our laws.

Therefore, we call on the Public Safety and Neighborhood Services Committee of the Board of Supervisors to investigate the circumstances around 80+ juveniles engaging in the destruction of 4 MUNI buses, blocking traffic, throwing incendiary devices, spitting on and throwing bottles at officers, and failing to disperse after numerous and repeated direction to do so by SFPD.

Further, we call on all elected and appointed officials charged with upholding our laws and maintaining our public safety to hold anyone who harmed officers, other residents, or damaged property accountable under the law.

San Francisco residents have been clear: we want our laws obeyed, we want our officers supported in their efforts to uphold the laws, and we want those who break the law held accountable because we all want a safe and functional environment in which to live. San Francisco is no longer the "wild west" where people lived in fear of lawlessness, unchecked violence, theft, and property damage...is it?

Thank you.

### **I Support the SFPD in Enforcing Our City Laws.**

Message                          Dear Police Commissioners, Board of Supervisors  
and City Leaders,

We support the SFPD in their best practice efforts to maintain law and order in our city because laws are rules that bind all people living in a community and are fundamental to the success of every society.

The American commitment to the rule of law means that the same laws govern EVERY citizen. These laws arise out of shared values, morals, and concerns, and they protect us from crime, ensure that we do not endanger others, and create a world in which we can all retain a sense of civility and shared expectation.

In general, blaming the very officers who have taken an oath to uphold our laws simply for doing their jobs is fundamentally unfair, hypocritically unsound, and dangerously disruptive to the foundation of a functional city. More specifically, the insinuation that SFPD's handling of the "hill bomb" should be investigated is an attempt to create a false narrative. The truth is, SFPD officers were protecting San Francisco residents from activity that resulted in property damage, bodily harm, and death in years past. Allowing citizens to brazenly engage in the destruction of public property, such as graffitiing MUNI buses, and impeding safe access to and use

of public streets, would be a dereliction of duty not only by SFPD and all elected and appointed officials tasked with public safety, it would be a breach by the citizens engaged in that behavior of our communal agreement to keep each other safe and to respect our laws.

Therefore, we call on the Public Safety and Neighborhood Services Committee of the Board of Supervisors to investigate the circumstances around 80+ juveniles engaging in the destruction of 4 MUNI buses, blocking traffic, throwing incendiary devices, spitting on and throwing bottles at officers, and failing to disperse after numerous and repeated direction to do so by SFPD.

Further, we call on all elected and appointed officials charged with upholding our laws and maintaining our public safety to hold anyone who harmed officers, other residents, or damaged property accountable under the law.

San Francisco residents have been clear: we want our laws obeyed, we want our officers supported in their efforts to uphold the laws, and we want those who break the law held accountable because we all want a safe and functional environment in which to live. San Francisco is no longer the "wild west" where people lived in fear of lawlessness, unchecked violence, theft, and property damage...is it?

Thank you.

I'd like to give public comment on this issue on Wednesday, July 19th @ 5pm

Allowing citizens to brazenly engage in the destruction of public property, such as graffitiing MUNI buses, and impeding safe access to and use

of public streets, would be a dereliction of duty not only by SFPD and all elected and appointed officials tasked with public safety, it would be a breach by the citizens engaged in that behavior of our communal agreement to keep each other safe and to respect our laws.

Therefore, we call on the Public Safety and Neighborhood Services Committee of the Board of Supervisors to investigate the circumstances around 80+ juveniles engaging in the destruction of 4 MUNI buses, blocking traffic, throwing incendiary devices, spitting on and throwing bottles at officers, and failing to disperse after numerous and repeated direction to do so by SFPD.

Further, we call on all elected and appointed officials charged with upholding our laws and maintaining our public safety to hold anyone who harmed officers, other residents, or damaged property accountable under the law.

San Francisco residents have been clear: we want our laws obeyed, we want our officers supported in their efforts to uphold the laws, and we want those who break the law held accountable because we all want a safe and functional environment in which to live. San Francisco is no longer the "wild west" where people lived in fear of lawlessness, unchecked violence, theft, and property damage...is it?

Thank you.

I'd like to give public comment on this issue on Wednesday, July 19th @ 5pm

### **I Support the SFPD in Enforcing Our City Laws.**

Message                              Dear Police Commissioners, Board of Supervisors  
and City Leaders,

We support the SFPD in their best practice efforts to maintain law and order in our city because laws are rules that bind all people living in a community and are fundamental to the success of every society.

The American commitment to the rule of law means that the same laws govern EVERY citizen. These laws arise out of shared values, morals, and concerns, and they protect us from crime, ensure that we do not endanger others, and create a world in which we can all retain a sense of civility and shared expectation.

In general, blaming the very officers who have taken an oath to uphold our laws simply for doing their jobs is fundamentally unfair, hypocritically unsound, and dangerously disruptive to the foundation of a functional city. More specifically, the insinuation that SFPD's handling of the "hill bomb" should be investigated is an attempt to create a false narrative. The truth is, SFPD officers were protecting San Francisco residents from activity that resulted in property damage, bodily harm, and death in years past. Allowing citizens to brazenly engage in the destruction of public property, such as graffitiing MUNI buses, and impeding safe access to and use

of public streets, would be a dereliction of duty not only by SFPD and all elected and appointed officials tasked with public safety, it would be a breach by the citizens engaged in that behavior of our communal agreement to keep each other safe and to respect our laws.

### **I Support the SFPD in Enforcing Our City Laws.**

Message

Dear Police Commissioners, Board of Supervisors  
and City Leaders,

We support the SFPD in their best practice efforts to maintain law and order in our city because laws are rules that bind all people living in a community and are fundamental to the success of every society.

The American commitment to the rule of law means that the same laws govern EVERY citizen. These laws arise out of shared values, morals, and concerns, and they protect us from crime, ensure that we do not endanger others, and create a world in which we can all retain a sense of civility and shared expectation.

In general, blaming the very officers who have taken an oath to uphold our laws simply for doing their jobs is fundamentally unfair, hypocritically unsound, and dangerously disruptive to the foundation of a functional city. More specifically, the insinuation that SFPD's handling of the "hill bomb" should be investigated is an attempt to create a false narrative. The truth is, SFPD officers were protecting San Francisco residents from activity that resulted in property damage, bodily harm, and death in years past. Allowing citizens to brazenly engage in the destruction of public property, such as graffitiing MUNI buses, and impeding safe access to and use

of public streets, would be a dereliction of duty not only by SFPD and all elected and appointed officials tasked with public safety, it would be a breach by the citizens engaged in that behavior of our communal agreement to keep each other safe and to respect our laws.

Therefore, we call on the Public Safety and Neighborhood Services Committee of the Board of Supervisors to investigate the circumstances around 80+ juveniles engaging in the destruction of 4 MUNI buses, blocking traffic, throwing incendiary devices, spitting on and throwing bottles at officers, and failing to disperse after numerous and repeated direction to do so by SFPD.

Further, we call on all elected and appointed officials charged with upholding our laws and maintaining our public safety to hold anyone who harmed officers, other residents, or damaged property accountable under the law.

San Francisco residents have been clear: we want our laws obeyed, we want our officers supported in their efforts to uphold the laws, and we want those who break the law held accountable because we all want a safe and functional environment in which to live. San Francisco is no longer the "wild west" where people lived in fear of lawlessness, unchecked violence, theft, and property damage...is it?

Thank you.  
Andrew

### **I Support the SFPD in Enforcing Our City Laws.**

Message

Dear Police Commissioners, Board of Supervisors and City Leaders,

The state of our City is out of control. STOP handcuffing the police, as they try to maintain order. It is unfortunate a lot of minors had to be outside for an extended period of time, but you need to avoid giving into helicopter parenting.

We will have no tax base left if we don't get back to basics.

We support the SFPD in their best practice efforts to maintain law and order in our city because laws are rules that bind all people living in a community and are fundamental to the success of every society.

The American commitment to the rule of law means that the same laws govern EVERY citizen. These laws arise out of shared values, morals, and concerns, and they protect us from crime, ensure that we do not endanger others, and create a world in which we can all retain a sense of civility and shared expectation.

In general, blaming the very officers who have taken an oath to uphold our laws simply for doing their jobs is fundamentally unfair, hypocritically unsound, and dangerously disruptive to the foundation of a functional city. More specifically, the insinuation that

SFPD's handling of the "hill bomb" should be investigated is an attempt to create a false narrative. The truth is, SFPD officers were protecting San Francisco residents from activity that resulted in property damage, bodily harm, and death in years past. Allowing citizens to brazenly engage in the destruction of public property, such as graffitiing MUNI buses, and impeding safe access to and use of public streets, would be a dereliction of duty not only by SFPD and all elected and appointed officials tasked with public safety, it would be a breach by the citizens engaged in that behavior of our communal agreement to keep each other safe and to respect our laws.

### **I Support the SFPD in Enforcing Our City Laws.**

Message                          Dear Police Commissioners, Board of Supervisors  
and City Leaders,

We support the SFPD in their best practice efforts to maintain law and order in our city because laws are rules that bind all people living in a community and are fundamental to the success of every society.

The American commitment to the rule of law means that the same laws govern EVERY citizen. These laws arise out of shared values, morals, and concerns, and they protect us from crime, ensure that we do not endanger others, and create a world in which we can all retain a sense of civility and shared expectation.

In general, blaming the very officers who have taken an oath to uphold our laws simply for doing their jobs is fundamentally unfair, hypocritically unsound, and dangerously disruptive to the foundation of a functional city. More specifically, the insinuation that SFPD's handling of the "hill bomb" should be investigated is an attempt to create a false narrative. The truth is, SFPD officers were protecting San Francisco residents from activity that resulted in property damage, bodily harm, and death in years past. Allowing citizens to brazenly engage in the destruction of public property, such as graffitiing MUNI buses, and impeding safe access to and use

of public streets, would be a dereliction of duty not only by SFPD and all elected and appointed officials tasked with public safety, it would be a breach by the citizens engaged in that behavior of our communal agreement to keep each other safe and to respect our laws.

Therefore, we call on the Public Safety and Neighborhood Services Committee of the Board of Supervisors to investigate the circumstances around 80+ juveniles engaging in the destruction of 4 MUNI buses, blocking traffic, throwing incendiary devices, spitting on and throwing bottles at officers, and failing to disperse after numerous and repeated direction to do so by SFPD.

### **I Support the SFPD in Enforcing Our City Laws.**

Message

Dear Police Commissioners, Board of Supervisors and City Leaders,

As a D9 Resident, I full support the SFPD and all their actions taken in the last few weeks and in fact suggest we have more enforcement.

We support the SFPD in their best practice efforts to maintain law and order in our city because laws are rules that bind all people living in a community and are fundamental to the success of every society.

The American commitment to the rule of law means that the same laws govern EVERY citizen. These laws arise out of shared values, morals, and concerns, and they protect us from crime, ensure that we do not endanger others, and create a world in which we can all retain a sense of civility and shared expectation.

In general, blaming the very officers who have taken an oath to uphold our laws simply for doing their jobs is fundamentally unfair, hypocritically unsound, and dangerously disruptive to the foundation of a functional city. More specifically, the insinuation that SFPD's handling of the "hill bomb" should be investigated is an attempt to create a false narrative. The truth is, SFPD officers were protecting San Francisco residents from activity that resulted in property damage, bodily harm, and death in years

past. Allowing citizens to brazenly engage in the destruction of public property, such as graffitiing MUNI buses, and impeding safe access to and use of public streets, would be a dereliction of duty not only by SFPD and all elected and appointed officials tasked with public safety, it would be a breach by the citizens engaged in that behavior of our communal agreement to keep each other safe and to respect our laws.

Therefore, we call on the Public Safety and Neighborhood Services Committee of the Board of Supervisors to investigate the circumstances around 80+ juveniles engaging in the destruction of 4 MUNI buses, blocking traffic, throwing incendiary devices, spitting on and throwing bottles at officers, and failing to disperse after numerous and repeated direction to do so by SFPD.

Further, we call on all elected and appointed officials charged with upholding our laws and maintaining our public safety to hold anyone who harmed officers, other residents, or damaged property accountable under the law.

San Francisco residents have been clear: we want our laws obeyed, we want our officers supported in their efforts to uphold the laws, and we want those who break the law held accountable because we all want a safe and functional environment in which to live. San Francisco is no longer the “wild west” where people lived in fear of lawlessness, unchecked violence, theft, and property damage...is it?

These laws arise out of shared values, morals, and concerns, and they protect us from crime, ensure that we do not endanger others, and create a world in which we can all retain a sense of civility and shared expectation.

In general, blaming the very officers who have taken an oath to uphold our laws simply for doing their jobs is fundamentally unfair, hypocritically unsound, and dangerously disruptive to the foundation of a functional city. More specifically, the insinuation that SFPD's handling of the "hill bomb" should be investigated is an attempt to create a false narrative. The truth is, SFPD officers were protecting San Francisco residents from activity that resulted in property damage, bodily harm, and death in years past. Allowing citizens to brazenly engage in the destruction of public property, such as graffitiing MUNI buses, and impeding safe access to and use

of public streets, would be a dereliction of duty not only by SFPD and all elected and appointed officials tasked with public safety, it would be a breach by the citizens engaged in that behavior of our communal agreement to keep each other safe and to respect our laws.

Therefore, we call on the Public Safety and Neighborhood Services Committee of the Board of Supervisors to investigate the circumstances around 80+ juveniles engaging in the destruction of 4 MUNI buses, blocking traffic, throwing incendiary devices, spitting on and throwing bottles at officers, and failing to disperse after numerous and repeated direction to do so by SFPD.

Further, we call on all elected and appointed officials charged with upholding our laws and maintaining our public safety to hold anyone who harmed officers, other residents, or damaged property accountable under the law.

San Francisco residents have been clear: we want our laws obeyed, we want our officers supported in their efforts to uphold the laws, and we want those who break the law held accountable because we all want a safe and functional environment in which to live. San Francisco is no longer the "wild west" where people lived in fear of lawlessness, unchecked violence, theft, and property damage...is it?

Thank you.

The American commitment to the rule of law means that the same laws govern EVERY citizen. These laws arise out of shared values, morals, and concerns, and they protect us from crime, ensure that we do not endanger others, and create a world in which we can all retain a sense of civility and shared expectation.

In general, blaming the very officers who have taken an oath to uphold our laws simply for doing their jobs is fundamentally unfair, hypocritically unsound, and dangerously disruptive to the foundation of a functional city. More specifically, the insinuation that SFPD's handling of the "hill bomb" should be investigated is an attempt to create a false narrative. The truth is, SFPD officers were protecting San Francisco residents from activity that resulted in property damage, bodily harm, and death in years past. Allowing citizens to brazenly engage in the destruction of public property, such as graffitiing MUNI buses, and impeding safe access to and use

of public streets, would be a dereliction of duty not only by SFPD and all elected and appointed officials tasked with public safety, it would be a breach by the citizens engaged in that behavior of our communal agreement to keep each other safe and to respect our laws.

Therefore, we call on the Public Safety and Neighborhood Services Committee of the Board of Supervisors to investigate the circumstances around 80+ juveniles engaging in the destruction of 4 MUNI buses, blocking traffic, throwing incendiary devices, spitting on and throwing bottles at officers, and failing to disperse after numerous and repeated direction to do so by SFPD.

Further, we call on all elected and appointed officials charged with upholding our laws and maintaining our public safety to hold anyone who harmed officers, other residents, or damaged property accountable under the law.

San Francisco residents have been clear: we want our laws obeyed, we want our officers supported in their efforts to uphold the laws, and we want those who break the law held accountable because we all want a safe and functional environment in which to live. San Francisco is no longer the "wild west" where people lived in fear of lawlessness, unchecked violence, theft, and property damage...is it?

Thank you.

of public streets, would be a dereliction of duty not only by SFPD and all elected and appointed officials tasked with public safety, it would be a breach by the citizens engaged in that behavior of our communal agreement to keep each other safe and to respect our laws.

### **I Support the SFPD in Enforcing Our City Laws.**

Message

Dear Police Commissioners, Board of Supervisors and City Leaders,

We support the SFPD in their best practice efforts to maintain law and order in our city because laws are rules that bind all people living in a community and are fundamental to the success of every society.

The American commitment to the rule of law means that the same laws govern EVERY citizen. These laws arise out of shared values, morals, and concerns, and they protect us from crime, ensure that we do not endanger others, and create a world in which we can all retain a sense of civility and shared expectation.

In general, blaming the very officers who have taken an oath to uphold our laws simply for doing their jobs is fundamentally unfair, hypocritically unsound, and dangerously disruptive to the foundation of a functional city. More specifically, the insinuation that SFPD's handling of the "hill bomb" should be investigated is an attempt to create a false narrative. The truth is, SFPD officers were protecting San Francisco residents from activity that resulted in property damage, bodily harm, and death in years past. Allowing citizens to brazenly engage in the destruction of public property, such as graffitiing MUNI buses, and impeding safe access to and use

of public streets, would be a dereliction of duty not only by SFPD and all elected and appointed officials tasked with public safety, it would be a breach by the citizens engaged in that behavior of our communal agreement to keep each other safe and to respect our laws.

Therefore, we call on the Public Safety and Neighborhood Services Committee of the Board of Supervisors to investigate the circumstances around 80+ juveniles engaging in the destruction of 4 MUNI buses, blocking traffic, throwing incendiary devices, spitting on and throwing bottles at officers, and failing to disperse after numerous and repeated direction to do so by SFPD.

Further, we call on all elected and appointed officials charged with upholding our laws and maintaining our public safety to hold anyone who harmed officers, other residents, or damaged property accountable under the law.

San Francisco residents have been clear: we want our laws obeyed, we want our officers supported in their efforts to uphold the laws, and we want those who break the law held accountable because we all want a safe and functional environment in which to live. San Francisco is no longer the "wild west" where people lived in fear of lawlessness, unchecked violence, theft, and property damage...is it?

Thank you.

I'd like to give public comment on this issue on Wednesday, July 19th @ 5:30 pm

Maybe next time.

Good afternoon Team,

May I please ask your assistance in proofing these minutes? They are due online tomorrow morning by 11:00 am. Please double check the versions for File No. 230740. I had a hard time getting version 1 to remain with the first motion to amend (updated version in the file and also under the actions tab in the minutes).

Thank you in advance!

Best,  
Stephanie

### **I Support the SFPD in Enforcing Our City Laws.**

Message **Dear Police Commissioners, Board of Supervisors and City Leaders,**

We support the SFPD in their best practice efforts to maintain law and order in our city because laws are rules that bind all people living in a community and are fundamental to the success of every society.

The American commitment to the rule of law means that the same laws govern EVERY citizen. These laws arise out of shared values, morals, and concerns, and they protect us from crime, ensure that we do not endanger others, and create a world in which we can all retain a sense of civility and shared expectation.

In general, blaming the very officers who have taken an oath to uphold our laws simply for doing their jobs is fundamentally unfair, hypocritically unsound, and dangerously disruptive to the foundation of a functional city. More specifically, the insinuation that SFPD's handling of the "hill bomb" should be investigated is an attempt to create a false narrative. The truth is, SFPD officers were protecting San Francisco residents from activity that resulted in property damage, bodily harm, and death in years past. Allowing citizens to brazenly engage in the destruction of public property, such as graffitiing MUNI buses, and impeding safe access to and use

of public streets, would be a dereliction of duty not only by SFPD and all elected and appointed officials tasked with public safety, it would be a breach by the citizens engaged in that behavior of our communal agreement to keep each other safe and to respect our laws.

Therefore, we call on the Public Safety and Neighborhood Services Committee of the Board of Supervisors to investigate the circumstances around 80+ juveniles engaging in the destruction of 4 MUNI buses, blocking traffic, throwing incendiary devices, spitting on and throwing bottles at officers, and failing to disperse after numerous and repeated direction to do so by SFPD.

Further, we call on all elected and appointed officials charged with upholding our laws and maintaining our public safety to hold anyone who harmed officers, other residents, or damaged property accountable under the law.

San Francisco residents have been clear: we want our laws obeyed, we want our officers supported in their efforts to uphold the laws, and we want those who break the law held accountable because we all want a safe and functional environment in which to live. San Francisco is no longer the "wild west" where people lived in fear of lawlessness, unchecked violence, theft, and property damage...is it?

Thank you.

### **I Support the SFPD in Enforcing Our City Laws.**

Message                              Dear Police Commissioners, Board of Supervisors  
and City Leaders,

We support the SFPD in their best practice efforts to maintain law and order in our city because laws are rules that bind all people living in a community and are fundamental to the success of every society.

The American commitment to the rule of law means that the same laws govern EVERY citizen. These laws arise out of shared values, morals, and concerns, and they protect us from crime, ensure that we do not endanger others, and create a world in which we can all retain a sense of civility and shared expectation.

In general, blaming the very officers who have taken an oath to uphold our laws simply for doing their jobs is fundamentally unfair, hypocritically unsound, and dangerously disruptive to the foundation of a functional city. More specifically, the insinuation that SFPD's handling of the "hill bomb" should be investigated is an attempt to create a false narrative. The truth is, SFPD officers were protecting San Francisco residents from activity that resulted in property damage, bodily harm, and death in years past. Allowing citizens to brazenly engage in the destruction of public property, such as graffitiing MUNI buses, and impeding safe access to and use

of public streets, would be a dereliction of duty not only by SFPD and all elected and appointed officials tasked with public safety, it would be a breach by the citizens engaged in that behavior of our communal agreement to keep each other safe and to respect our laws.

Therefore, we call on the Public Safety and Neighborhood Services Committee of the Board of Supervisors to investigate the circumstances around 80+ juveniles engaging in the destruction of 4 MUNI buses, blocking traffic, throwing incendiary devices, spitting on and throwing bottles at officers, and failing to disperse after numerous and repeated direction to do so by SFPD.

Further, we call on all elected and appointed officials charged with upholding our laws and maintaining our public safety to hold anyone who harmed officers, other residents, or damaged property accountable under the law.

San Francisco residents have been clear: we want our laws obeyed, we want our officers supported in their efforts to uphold the laws, and we want those who break the law held accountable because we all want a safe and functional environment in which to live. San Francisco is no longer the "wild west" where people lived in fear of lawlessness, unchecked violence, theft, and property damage...is it?

Thank you.

In general, blaming the very officers who have taken an oath to uphold our laws simply for doing their jobs is fundamentally unfair, hypocritically unsound, and dangerously disruptive to the foundation of a functional city. More specifically, the insinuation that SFPD's handling of the "hill bomb" should be investigated is an attempt to create a false narrative. The truth is, SFPD officers were protecting San Francisco residents from activity that resulted in property damage, bodily harm, and death in years past. Allowing citizens to brazenly engage in the destruction of public property, such as graffitiing MUNI buses, and impeding safe access to and use

of public streets, would be a dereliction of duty not only by SFPD and all elected and appointed officials tasked with public safety, it would be a breach by the citizens engaged in that behavior of our communal agreement to keep each other safe and to respect our laws.

Therefore, we call on the Public Safety and Neighborhood Services Committee of the Board of Supervisors to investigate the circumstances around 80+ juveniles engaging in the destruction of 4 MUNI buses, blocking traffic, throwing incendiary devices, spitting on and throwing bottles at officers, and failing to disperse after numerous and repeated direction to do so by SFPD.

Further, we call on all elected and appointed officials charged with upholding our laws and maintaining our public safety to hold anyone who harmed officers, other residents, or damaged property accountable under the law.

San Francisco residents have been clear: we want our laws obeyed, we want our officers supported in their efforts to uphold the laws, and we want those who break the law held accountable because we all want a safe and functional environment in which to live. San Francisco is no longer the "wild west" where people lived in fear of lawlessness, unchecked violence, theft, and property damage...is it?

Thank you.

I'd like to give public comment on this issue on Wednesday, July 19th @ 5:30 pm

Maybe next time.

Message

Dear Police Commissioners, Board of Supervisors and City Leaders,

We support the SFPD in their best practice efforts to maintain law and order in our city because laws are rules that bind all people living in a community and are fundamental to the success of every society.

The American commitment to the rule of law means that the same laws govern EVERY citizen. These laws arise out of shared values, morals, and concerns, and they protect us from crime, ensure that we do not endanger others, and create a world in which we can all retain a sense of civility and shared expectation.

In general, blaming the very officers who have taken an oath to uphold our laws simply for doing their jobs is fundamentally unfair, hypocritically unsound, and dangerously disruptive to the foundation of a functional city. More specifically, the insinuation that SFPD's handling of the "hill bomb" should be investigated is an attempt to create a false narrative. Message

Dear Police Commissioners, Board of Supervisors and City Leaders,

Recently, the Hill Bomb has killed a person and paralyzed another.

Looking at video of this year's event, there was no safety fencing. Skaters almost ran into cars, nearly resulting in more injury or even death. Getting a permit would have resulted in fencing and a safer event.

Long story short, the Hill Bomb organizers need to put on their big boy pants and get a permit for their event. Just like every other group does.

In addition, the Hill Bomb organizers need to take responsibility for the fact that small bombs -- M-80s - - were set off at the event. That's not the peaceful assembly that's allowed under the First Amendment. Neither is causing \$70,000 in damage to our cash-strapped Muni services, or slashing the face of SFPD officers.

The Hill Bomb organizers don't feel the rules apply to them. Every other group works with the city to get permits. The Hill Bomb organizers are coming across as entitled and immature.

San Francisco residents have been clear: we want

our laws obeyed, we want our officers supported in their efforts to uphold the laws, and we want those who break the law held accountable because we all want a safe and functional environment in which to live. San Francisco is no longer the "wild west" where people lived in fear of lawlessness, unchecked violence, theft, and property damage...is it?

The Hill Bomb organizers need to grow up, follow the same rules -- and endure the same consequences as everyone else if they don't.

Thank you.

### **I Support the SFPD in Enforcing Our City Laws.**

Message                              Dear Police Commissioners, Board of Supervisors  
and City Leaders,

We support the SFPD in their best practice efforts to maintain law and order in our city because laws are rules that bind all people living in a community and are fundamental to the success of every society.

The American commitment to the rule of law means that the same laws govern EVERY citizen. These laws arise out of shared values, morals, and concerns, and they protect us from crime, ensure that we do not endanger others, and create a world in which we can all retain a sense of civility and shared expectation.

In general, blaming the very officers who have taken an oath to uphold our laws simply for doing their jobs is fundamentally unfair, hypocritically unsound, and dangerously disruptive to the foundation of a functional city. More specifically, the insinuation that SFPD's handling of the "hill bomb" should be investigated is an attempt to create a false narrative. The truth is, SFPD officers were protecting San Francisco residents from activity that resulted in property damage, bodily harm, and death in years past. Allowing citizens to brazenly engage in the destruction of public property, such as graffitiing MUNI buses, and impeding safe access to and use

of public streets, would be a dereliction of duty not only by SFPD and all elected and appointed officials tasked with public safety, it would be a breach by the citizens engaged in that behavior of our communal agreement to keep each other safe and to respect our laws.

Therefore, we call on the Public Safety and Neighborhood Services Committee of the Board of Supervisors to investigate the circumstances around 80+ juveniles engaging in the destruction of 4 MUNI buses, blocking traffic, throwing incendiary devices, spitting on and throwing bottles at officers, and failing to disperse after numerous and repeated direction to do so by SFPD.

Further, we call on all elected and appointed officials charged with upholding our laws and maintaining our public safety to hold anyone who harmed officers, other residents, or damaged property accountable under the law.

San Francisco residents have been clear: we want our laws obeyed, we want our officers supported in their efforts to uphold the laws, and we want those who break the law held accountable because we all want a safe and functional environment in which to live. San Francisco is no longer the "wild west" where people lived in fear of lawlessness, unchecked violence, theft, and property damage...is it?

Thank you.

The American commitment to the rule of law means that the same laws govern EVERY citizen. These laws arise out of shared values, morals, and concerns, and they protect us from crime, ensure that we do not endanger others, and create a world in which we can all retain a sense of civility and shared expectation.

In general, blaming the very officers who have taken an oath to uphold our laws simply for doing their jobs is fundamentally unfair, hypocritically unsound, and dangerously disruptive to the foundation of a functional city. More specifically, the insinuation that SFPD's handling of the "hill bomb" should be investigated is an attempt to create a false narrative. The truth is, SFPD officers were protecting San Francisco residents from activity that resulted in property damage, bodily harm, and death in years past. Allowing citizens to brazenly engage in the destruction of public property, such as graffitiing MUNI buses, and impeding safe access to and use

of public streets, would be a dereliction of duty not only by SFPD and all elected and appointed officials tasked with public safety, it would be a breach by the citizens engaged in that behavior of our communal agreement to keep each other safe and to respect our laws.

Therefore, we call on the Public Safety and Neighborhood Services Committee of the Board of Supervisors to investigate the circumstances around 80+ juveniles engaging in the destruction of 4 MUNI buses, blocking traffic, throwing incendiary devices, spitting on and throwing bottles at officers, and failing to disperse after numerous and repeated direction to do so by SFPD.

Further, we call on all elected and appointed officials charged with upholding our laws and maintaining our public safety to hold anyone who harmed officers, other residents, or damaged property accountable under the law.

San Francisco residents have been clear: we want our laws obeyed, we want our officers supported in their efforts to uphold the laws, and we want those who break the law held accountable because we all want a safe and functional environment in which to live. San Francisco is no longer the “wild west” where people lived in fear of lawlessness, unchecked violence, theft, and property damage...is it?

Thank you.

I'd like to give public comment on this issue on Wednesday, July 19th @ 5:30 pm

We support the SFPD in their best practice efforts to maintain law and order in our city because laws are rules that bind all people living in a community and are fundamental to the success of every society.

The American commitment to the rule of law means that the same laws govern EVERY citizen. These laws arise out of shared values, morals, and concerns, and they protect us from crime, ensure that we do not endanger others, and create a world in which we can all retain a sense of civility and shared expectation.

In general, blaming the very officers who have taken an oath to uphold our laws simply for doing their jobs is fundamentally unfair, hypocritically unsound, and dangerously disruptive to the foundation of a functional city. More specifically, the insinuation that SFPD's handling of the "hill bomb" should be investigated is an attempt to create a false narrative. The truth is, SFPD officers were protecting San Francisco residents from activity that resulted in property damage, bodily harm, and death in years past. Allowing citizens to brazenly engage in the destruction of public property, such as graffitiing MUNI buses, and impeding safe access to and use

of public streets, would be a dereliction of duty not only by SFPD and all elected and appointed officials tasked with public safety, it would be a breach by the citizens engaged in that behavior of our communal agreement to keep each other safe and to respect our laws.

Therefore, we call on the Public Safety and Neighborhood Services Committee of the Board of Supervisors to investigate the circumstances around 80+ juveniles engaging in the destruction of 4 MUNI buses, blocking traffic, throwing incendiary devices, spitting on and throwing bottles at officers, and failing to disperse after numerous and repeated direction to do so by SFPD.

Further, we call on all elected and appointed officials charged with upholding our laws and maintaining our public safety to hold anyone who harmed officers, other residents, or damaged property accountable under the law.

San Francisco residents have been clear: we want our laws obeyed, we want our officers supported in their efforts to uphold the laws, and we want those who break the law held accountable because we all want a safe and functional environment in which to live. San Francisco is no longer the "wild west" where people lived in fear of lawlessness, unchecked violence, theft, and property damage...is it?

Thank you.

The American commitment to the rule of law means that the same laws govern EVERY citizen. These laws arise out of shared values, morals, and concerns, and they protect us from crime, ensure that we do not endanger others, and create a world in which we can all retain a sense of civility and shared expectation.

In general, blaming the very officers who have taken an oath to uphold our laws simply for doing their jobs is fundamentally unfair, hypocritically unsound, and dangerously disruptive to the foundation of a functional city. More specifically, the insinuation that SFPD's handling of the "hill bomb" should be investigated is an attempt to create a false narrative. The truth is, SFPD officers were protecting San Francisco residents from activity that resulted in property damage, bodily harm, and death in years past. Allowing citizens to brazenly engage in the destruction of public property, such as graffitiing MUNI buses, and impeding safe access to and use

of public streets, would be a dereliction of duty not only by SFPD and all elected and appointed officials tasked with public safety, it would be a breach by the citizens engaged in that behavior of our communal agreement to keep each other safe and to respect our laws.

Therefore, we call on the Public Safety and Neighborhood Services Committee of the Board of Supervisors to investigate the circumstances around 80+ juveniles engaging in the destruction of 4 MUNI buses, blocking traffic, throwing incendiary devices, spitting on and throwing bottles at officers, and failing to disperse after numerous and repeated direction to do so by SFPD.

Further, we call on all elected and appointed officials charged with upholding our laws and maintaining our public safety to hold anyone who harmed officers, other residents, or damaged property accountable under the law.

San Francisco residents have been clear: we want our laws obeyed, we want our officers supported in their efforts to uphold the laws, and we want those who break the law held accountable because we all want a safe and functional environment in which to live. San Francisco is no longer the "wild west" where people lived in fear of lawlessness, unchecked violence, theft, and property damage...is it?

Thank you.

I'd like to give public comment on this issue on Wednesday, July 19th @ 5:30 pm

### **I Support the SFPD in Enforcing Our City Laws.**

Message

Dear Police Commissioners, Board of Supervisors and City Leaders,

As a San Francisco native, the fifth generation to live here,  
I support the SFPD in its effort to stop the illegal activities that took place at the Hill Bomb event & also the activities near Garfield Park on July 4th.

I understand that young people were detained & the actions of the SFPD have caused members of the Board of Supervisors and Police Commission to express outrage at the behavior of the police. I think that this outrage would be better expressed at the young people and their parents/guardians for the unsafe and destructive behavior that put people in the neighborhood at risk.

Who will hold these young people accountable. Clearly not their parents, who are demanding the police be held to account.

How do we raise the next generation to find ways to support their community and make it better instead of destroying it for kicks. We are sending the wrong message by letting them believe their actions should not have consequences and that the police were in the wrong, not them.

I am an educator and abhor police brutality. This does not appear to fall into that category. We are short 600 officers and it's clear we will not attract quality candidates by blaming officers for doing their jobs.

In general, blaming the very officers who have taken an oath to uphold our laws simply for doing their jobs is fundamentally unfair, hypocritically unsound, and dangerously disruptive to the foundation of a functional city. More specifically, the insinuation that SFPD's handling of the "hill bomb" should be investigated is an attempt to create a false narrative. Therefore, we call on the Public Safety and Neighborhood Services Committee of the Board of Supervisors to investigate the circumstances around 80+ juveniles engaging in the destruction of 4 MUNI buses, blocking traffic, throwing incendiary devices, spitting on and throwing bottles at officers, and failing to disperse after numerous and repeated direction to do so by SFPD.

Further, we call on all elected and appointed officials charged with upholding our laws and maintaining our public safety to hold anyone who harmed officers, other residents, or damaged property accountable under the law.

San Francisco residents have been clear: we want our laws obeyed, we want our officers supported in their efforts to uphold the laws, and we want those who break the law held accountable because we all want a safe and functional environment in which to live. San Francisco is no longer the "wild west" where people lived in fear of lawlessness, unchecked violence, theft, and property damage...is it?

Thank you.

I'd like to give public comment on this issue on Wednesday, July 19th @ 5:30 pm

Maybe next time.

of public streets, would be a dereliction of duty not only by SFPD and all elected and appointed officials tasked with public safety, it would be a breach by the citizens engaged in that behavior of our communal agreement to keep each other safe and to respect our laws.

### **I Support the SFPD in Enforcing Our City Laws.**

Message                         Dear Police Commissioners, Board of Supervisors  
and City Leaders,

We support the SFPD in their best practice efforts to maintain law and order in our city because laws are rules that bind all people living in a community and are fundamental to the success of every society.

The American commitment to the rule of law means that the same laws govern EVERY citizen. These laws arise out of shared values, morals, and concerns, and they protect us from crime, ensure that we do not endanger others, and create a world in which we can all retain a sense of civility and shared expectation.

In general, blaming the very officers who have taken an oath to uphold our laws simply for doing their jobs is fundamentally unfair, hypocritically unsound, and dangerously disruptive to the foundation of a functional city. More specifically, the insinuation that SFPD's handling of the "hill bomb" should be investigated is an attempt to create a false narrative. The truth is, SFPD officers were protecting San Francisco residents from activity that resulted in property damage, bodily harm, and death in years past. Allowing citizens to brazenly engage in the destruction of public property, such as graffitiing MUNI buses, and impeding safe access to and use

of public streets, would be a dereliction of duty not only by SFPD and all elected and appointed officials tasked with public safety, it would be a breach by the citizens engaged in that behavior of our communal agreement to keep each other safe and to respect our laws.

Therefore, we call on the Public Safety and Neighborhood Services Committee of the Board of Supervisors to investigate the circumstances around 80+ juveniles engaging in the destruction of 4 MUNI buses, blocking traffic, throwing incendiary devices, spitting on and throwing bottles at officers, and failing to disperse after numerous and repeated direction to do so by SFPD.

Message                          Dear Police Commissioners, Board of Supervisors  
and City Leaders,

We, the voters, support the SFPD in their best practice efforts to maintain law and order in our city because laws are rules that bind all people living in a community and are fundamental to the success of every society. The American commitment to the rule of law means that the same laws govern EVERY citizen. These laws arise out of shared values, morals, and concerns, and they protect us from crime, ensure that we do not endanger others, and create a world in which we can all retain a sense of civility and shared expectation.

This restless mob was dangerous, and reckless. They put lives at risk, and trashed our tax funded property, neighborhood, and park, and Mission High School. This mob vandalized 3 MUNI buses, and according to the SF Standard, caused \$70k worth of damages. In many reports, these people were not even from San Francisco, they came from Daly City, to Richmond - they came with graffiti supplies, they came to trash Dolores Park. The police were in riot gear, because multiple officers were assaulted. Residents felt unsafe, and asked for police escorts. These people came with the intention to vandalize our park, community, neighborhood, with a reckless disregard for our tax dollars, property, our historic

neighborhoods character, educational institutes or human life. These people are not victims - they are a mob, with clear reckless and dangerous intentions, and SHOULD not be allowed to pin the blame on our officers. Plain and simple, who comes to Dolores Park with graffiti supplies? - Definitely not a victim who just wanted to skateboard.

In general, blaming the very officers who have taken an oath to uphold our laws simply for doing their jobs is fundamentally unfair, hypocritically unsound, and dangerously disruptive to the foundation of a functional city. More specifically, the insinuation that SFPD's handling of the "hill bomb" should be investigated is an attempt to create a false narrative. The truth is, SFPD officers were protecting San Francisco residents from activity that resulted in property damage, bodily harm, and death in years past. ### **I Support the SFPD in Enforcing Our City Laws.**

Message                          Dear Police Commissioners, Board of Supervisors  
and City Leaders,

We support the SFPD in their best practice efforts to maintain law and order in our city because laws are rules that bind all people living in a community and are fundamental to the success of every society.

The American commitment to the rule of law means that the same laws govern EVERY citizen. These laws arise out of shared values, morals, and concerns, and they protect us from crime, ensure that we do not endanger others, and create a world in which we can all retain a sense of civility and shared expectation.

In general, blaming the very officers who have taken an oath to uphold our laws simply for doing their jobs is fundamentally unfair, hypocritically unsound, and dangerously disruptive to the foundation of a functional city. More specifically, the insinuation that SFPD's handling of the "hill bomb" should be investigated is an attempt to create a false narrative. The truth is, SFPD officers were protecting San Francisco residents from activity that resulted in property damage, bodily harm, and death in years past. Allowing citizens to brazenly engage in the destruction of public property, such as graffitiing MUNI buses, and impeding safe access to and use

of public streets, would be a dereliction of duty not only by SFPD and all elected and appointed officials tasked with public safety, it would be a breach by the citizens engaged in that behavior of our communal agreement to keep each other safe and to respect our laws.

The mob started fights, let off fireworks bombs (M80s), assaulted people, and sprayed graffiti on homes, small businesses and Mission High School.

They came looking for a fight – police recovered 2 loaded firearms and 2 other guns, along with 6 knives, and backpacks full of illegal fireworks and graffiti spray paint.

At previous Hill Bomb events, they killed someone and paralyzed another. On July 8, they slashed the face of a police officer opening a gate for nearby residents, sending him to the hospital, and spit in the face of others. They threw smoke bombs, fireworks, bottles and full cans.

After giving orders to disperse via loudspeakers for over an hour, SFPD arrested 120 people for assault and battery, inciting a riot, violating lawful orders, vandalism and other crimes. No one was arrested for skateboarding.

Therefore, we call on the Public Safety and Neighborhood Services Committee of the Board of Supervisors to investigate the around 100+ juveniles and adults engaging in the destruction of 4 MUNI buses, blocking traffic, throwing incendiary devices, spitting on and throwing bottles at officers, and failing to disperse after numerous and repeated direction to do so by SFPD.

Further, we call on all elected and appointed officials charged with upholding our laws and maintaining our public safety to hold anyone who harmed officers, other residents, or damaged property accountable under the law.

San Francisco residents have been clear: we want our laws obeyed, we want our officers supported in their efforts to uphold the laws, and we want those who break the law held accountable because we all want a safe and functional environment in which to live. San Francisco is no longer the “wild west” where people lived in fear of lawlessness, unchecked violence, theft, and property damage...is

### **I Support the SFPD in Enforcing Our City Laws.**

Message **Dear Police Commissioners, Board of Supervisors and City Leaders,**

We support the SFPD in their best practice efforts to maintain law and order in our city because laws are rules that bind all people living in a community and are fundamental to the success of every society.

The American commitment to the rule of law means that the same laws govern EVERY citizen. These laws arise out of shared values, morals, and concerns, and they protect us from crime, ensure that we do not endanger others, and create a world in which we can all retain a sense of civility and shared expectation.

In general, blaming the very officers who have taken an oath to uphold our laws simply for doing their jobs is fundamentally unfair, hypocritically unsound, and dangerously disruptive to the foundation of a functional city. More specifically, the insinuation that SFPD's handling of the "hill bomb" should be investigated is an attempt to create a false narrative. The truth is, SFPD officers were protecting San Francisco residents from activity that resulted in property damage, bodily harm, and death in years past. Allowing citizens to brazenly engage in the destruction of public property, such as graffitiing MUNI buses, and impeding safe access to and use

of public streets, would be a dereliction of duty not only by SFPD and all elected and appointed officials tasked with public safety, it would be a breach by the citizens engaged in that behavior of our communal agreement to keep each other safe and to respect our laws.

Therefore, we call on the Public Safety and Neighborhood Services Committee of the Board of Supervisors to investigate the circumstances around 80+ juveniles engaging in the destruction of 4 MUNI buses, blocking traffic, throwing incendiary devices, spitting on and throwing bottles at officers, and failing to disperse after numerous and repeated direction to do so by SFPD.

Further, we call on all elected and appointed officials charged with upholding our laws and maintaining our public safety to hold anyone who harmed officers, other residents, or damaged property accountable under the law.

San Francisco residents have been clear: we want our laws obeyed, we want our officers supported in their efforts to uphold the laws, and we want those who break the law held accountable because we all want a safe and functional environment in which to live. San Francisco is no longer the "wild west" where people lived in fear of lawlessness, unchecked violence, theft, and property damage...is it?

Thank you.

### **I Support the SFPD in Enforcing Our City Laws.**

Message

Dear Police Commissioners, Board of Supervisors and City Leaders,

I support the SFPD in their best practice efforts to maintain law and order in our city because laws are rules that bind all people living in a community and are fundamental to the success of every society.

I think it is ludicrous to suggest that the people who attended, or at least the ones arrested, were innocent victims. They chose to come to the event bringing guns, drugs, fireworks and spray paint with the intent to cause a riot, destroy property, vandalize public services and antagonize the police. I am tired of this behavior, and especially to then pretend they are the victims.

In general, blaming the very officers who have taken an oath to uphold our laws simply for doing their jobs is fundamentally unfair, hypocritically unsound, and dangerously disruptive to the foundation of a functional city. More specifically, the insinuation that SFPD's handling of the "hill bomb" should be investigated is an attempt to create a false narrative. The truth is, SFPD officers were protecting San Francisco residents from activity that resulted in property damage, bodily harm, and death in years past. Allowing citizens to brazenly engage in the destruction of public property, such as graffitiing MUNI buses/trains, and impeding safe access to and

use of public streets, would be a dereliction of duty not only by SFPD and all elected and appointed officials tasked with public safety, it would be a breach by the citizens engaged in that behavior of our communal agreement to keep each other safe and to respect our laws.

Therefore, we call on the Public Safety and Neighborhood Services Committee of the Board of Supervisors to investigate the circumstances around 80+ juveniles engaging in the destruction of 4 MUNI buses, blocking traffic, throwing incendiary devices, spitting on and throwing bottles at officers, and failing to disperse after numerous and repeated direction to do so by SFPD.

Further, we call on all elected and appointed officials charged with upholding our laws and maintaining our public safety to hold anyone who harmed officers, other residents, or damaged property accountable under the law.

San Francisco residents have been clear: we want our laws obeyed, we want our officers supported in their efforts to uphold the laws, and we want those who break the law held accountable because we all want a safe and functional environment in which to live. San Francisco is no longer the "wild west" where people lived in fear of lawlessness, unchecked violence, theft, and property damage...is it?

Thank you.

I'd like to give public comment on this issue on Wednesday, July 19th @ 5:30 pm

Maybe next time.

### **I Support the SFPD in Enforcing Our City Laws.**

Message

Dear Police Commissioners, Board of Supervisors  
and City Leaders,

We support the SFPD in their best practice efforts to maintain law and order in our city because laws are rules that bind all people living in a community and are fundamental to the success of every society.

The American commitment to the rule of law means that the same laws govern EVERY citizen. These laws arise out of shared values, morals, and concerns, and they protect us from crime, ensure that we do not endanger others, and create a world in which we can all retain a sense of civility and shared expectation.

In general, blaming the very officers who have taken an oath to uphold our laws simply for doing their jobs is fundamentally unfair, hypocritically unsound, and dangerously disruptive to the foundation of a functional city. More specifically, the insinuation that SFPD's handling of the "hill bomb" should be investigated is an attempt to create a false narrative. The truth is, SFPD officers were protecting San Francisco residents from activity that resulted in property damage, bodily harm, and death in years past. Allowing citizens to brazenly engage in the destruction of public property, such as graffitiing MUNI buses, and impeding safe access to and use

of public streets, would be a dereliction of duty not only by SFPD and all elected and appointed officials tasked with public safety, it would be a breach by the citizens engaged in that behavior of our communal agreement to keep each other safe and to respect our laws.

Therefore, we call on the Public Safety and Neighborhood Services Committee of the Board of Supervisors to investigate the circumstances around 80+ juveniles engaging in the destruction of 4 MUNI buses, blocking traffic, throwing incendiary devices, spitting on and throwing bottles at officers, and failing to disperse after numerous and repeated direction to do so by SFPD.

Further, we call on all elected and appointed officials charged with upholding our laws and maintaining our public safety to hold anyone who harmed officers, other residents, or damaged property accountable under the law.

San Francisco residents have been clear: we want our laws obeyed, we want our officers supported in their efforts to uphold the laws, and we want those who break the law held accountable because we all want a safe and functional environment in which to live. San Francisco is no longer the “wild west” where people lived in fear of lawlessness, unchecked violence, theft, and property damage...is it?

Therefore, we call on the Public Safety and Neighborhood Services Committee of the Board of Supervisors to investigate the circumstances around 80+ juveniles engaging in the destruction of 4 MUNI buses, blocking traffic, throwing incendiary devices, spitting on and throwing bottles at officers, and failing to disperse after numerous and repeated direction to do so by SFPD.

Further, we call on all elected and appointed officials charged with upholding our laws and maintaining our public safety to hold anyone who harmed officers, other residents, or damaged property accountable under the law.

San Francisco residents have been clear: we want our laws obeyed, we want our officers supported in their efforts to uphold the laws, and we want those who break the law held accountable because we all want a safe and functional environment in which to live. San Francisco is no longer the "wild west" where people lived in fear of lawlessness, unchecked violence, theft, and property damage...is it?

Thank you.

### **I Support the SFPD in Enforcing Our City Laws.**

Message                          Dear Police Commissioners, Board of Supervisors  
and City Leaders,

We support the SFPD in their best practice efforts to maintain law and order in our city because laws are rules that bind all people living in a community and are fundamental to the success of every society.

The American commitment to the rule of law means that the same laws govern EVERY citizen. These laws arise out of shared values, morals, and concerns, and they protect us from crime, ensure that we do not endanger others, and create a world in which we can all retain a sense of civility and shared expectation.

In general, blaming the very officers who have taken an oath to uphold our laws simply for doing their jobs is fundamentally unfair, hypocritically unsound, and dangerously disruptive to the foundation of a functional city. More specifically, the insinuation that SFPD's handling of the "hill bomb" should be investigated is an attempt to create a false narrative. The truth is, SFPD officers were protecting San Francisco residents from activity that resulted in property damage, bodily harm, and death in years past. Allowing citizens to brazenly engage in the destruction of public property, such as graffitiing MUNI buses, and impeding safe access to and use

of public streets, would be a dereliction of duty not only by SFPD and all elected and appointed officials tasked with public safety, it would be a breach by the citizens engaged in that behavior of our communal agreement to keep each other safe and to respect our laws.

Therefore, we call on the Public Safety and Neighborhood Services Committee of the Board of Supervisors to investigate the circumstances around 80+ juveniles engaging in the destruction of 4 MUNI buses, blocking traffic, throwing incendiary devices, spitting on and throwing bottles at officers, and failing to disperse after numerous and repeated direction to do so by SFPD.

Further, we call on all elected and appointed officials charged with upholding our laws and maintaining our public safety to hold anyone who harmed officers, other residents, or damaged property accountable under the law.

Therefore, we call on the Public Safety and Neighborhood Services Committee of the Board of Supervisors to investigate the circumstances around 80+ juveniles engaging in the destruction of 4 MUNI buses, blocking traffic, throwing incendiary devices, spitting on and throwing bottles at officers, and failing to disperse after numerous and repeated direction to do so by SFPD.

Further, we call on all elected and appointed officials charged with upholding our laws and maintaining our public safety to hold anyone who harmed officers, other residents, or damaged property accountable under the law.

San Francisco residents have been clear: we want our laws obeyed, we want our officers supported in their efforts to uphold the laws, and we want those who break the law held accountable because we all want a safe and functional environment in which to live. San Francisco is no longer the "wild west" where people lived in fear of lawlessness, unchecked violence, theft, and property damage...is it?

Thank you.

I'd like to give public comment on this issue on Wednesday, July 19th @ 5:30 pm

Yes! Send me more information!

of public streets, would be a dereliction of duty not only by SFPD and all elected and appointed officials tasked with public safety, it would be a breach by the citizens engaged in that behavior of our communal agreement to keep each other safe and to respect our laws.

### **I Support the SFPD in Enforcing Our City Laws.**

Message      Dear Police Commissioners, Board of Supervisors  
and City Leaders,

We support the SFPD in their best practice efforts to maintain law and order in our city because laws are rules that bind all people living in a community and are fundamental to the success of every society.

The American commitment to the rule of law means that the same laws govern EVERY citizen. These laws arise out of shared values, morals, and concerns, and they protect us from crime, ensure that we do not endanger others, and create a world in which we can all retain a sense of civility and shared expectation.

In general, blaming the very officers who have taken an oath to uphold our laws simply for doing their jobs is fundamentally unfair, hypocritically unsound, and dangerously disruptive to the foundation of a functional city. More specifically, the insinuation that SFPD's handling of the "hill bomb" should be investigated is an attempt to create a false narrative. The truth is, SFPD officers were protecting San Francisco residents from activity that resulted in property damage, bodily harm, and death in years past. Allowing citizens to brazenly engage in the destruction of public property, such as graffitiing MUNI buses, and impeding safe access to and use

of public streets, would be a dereliction of duty not only by SFPD and all elected and appointed officials tasked with public safety, it would be a breach by the citizens engaged in that behavior of our communal agreement to keep each other safe and to respect our laws.

Therefore, we call on the Public Safety and Neighborhood Services Committee of the Board of Supervisors to investigate the circumstances around 80+ juveniles engaging in the destruction of 4 MUNI buses, blocking traffic, throwing incendiary devices, spitting on and throwing bottles at officers, and failing to disperse after numerous and repeated direction to do so by SFPD.

I'm a long time resident and taxpayer in District 8. I'm exhausted by watching endless stories of crime go without consequence and a complete lack of support of our understaffed police department by our elected officials.

The riot and property issues related to this Saturdays events near Dolores Park were very disturbing. I want to personally commend the SFPD, Chief Scott, and Captain Harvey for their professionalism in addressing the issues that took place. They did their job while protecting our neighborhood and curbing further activities without any serious injuries.

Please fully fund and staff our police department.

Dear Honorable Commissioners:

My family has a proud and long history on Cumberland Street (at Dolores). In the early Seventies my father-in-law purchased a 3 unit building on Cumberland Street and then a couple of years later another 3 unit building a few doors down. My husband was brought home from the hospital to Cumberland Street in 1974 and then we brought our own children to the same home 37 years later. Cumberland Street, a street where children play on the sidewalks and neighbors know each other by name, has been a true community to my family and our tenants for over 50 years.

Hillbomb events have been a part of our community for not as long but an event that started off as a lively skateboarding event for skaters to do their tricks eventually literally went off the rails. The Hillbomb has progressively gotten bigger, more dangerous and more violent; a night that truly terrorizes our neighborhood. Starting in 2020 it also became a night we would not let our children sleep in our home because of how truly terrified the night had become.

In July 2020 the Hillbomb absolutely terrorized our neighborhood and participants in this event not only destroyed personal property but physically attacked two neighbors and sent one to the hospital. It was a night that truly changed our street and made many of us feel unsafe in our homes.

Year after year, we have witnessed the unpermitted Hillbomb take over our neighborhood. It has become an event that has become a free for all for many to do whatever they want without any consequences to their illegal actions. The amount of alcohol and drugs being openly used would ultimately result in some participants staying on Dolores all night partying, illegal fireworks and doing sideshows. The neighborhood would wake up to graffiti, property damage, and even worse with some in the hospital physically injured.

This year, finally the SFPD gratefully got "in front of " the event by blocking the streets early in the day. However, when some of the skaters realized the event was not going to happen and their options of having the event were futile, some skaters got angry and hostile. As this progressed, the SFPD understandably had to shift their presence from peacekeeping to enforcement because some skaters were getting violent.

This year was the first time in many years that the neighborhood woke up and our properties were not covered in graffiti, our sidewalks were not covered in trash/human waste, our streets not covered in tire marks from the sideshows that would take place all night, and most importantly, no skaters or neighbors were physically injured.

Thank you to the SFPD for coming out to do their jobs to enforce laws and keep the neighborhood safe.

Thank You,  
Andrea Kellerman

### **I Support the SFPD in Enforcing Our City Laws.**

Message:                      Dear Police Commissioners, Board of Supervisors  
and City Leaders,

We support the SFPD in their best practice efforts to maintain law and order in our city because laws are rules that bind all people living in a community and are fundamental to the success of every society.

The American commitment to the rule of law means that the same laws govern EVERY citizen. These laws arise out of shared values, morals, and concerns, and they protect us from crime, ensure that we do not endanger others, and create a world in which we can all retain a sense of civility and shared expectation.

In general, blaming the very officers who have taken an oath to uphold our laws simply for doing their jobs is fundamentally unfair, hypocritically unsound, and dangerously disruptive to the foundation of a functional city. More specifically, the insinuation that SFPD's handling of the "hill bomb" should be investigated is an attempt to create a false narrative. The truth is, SFPD officers were protecting San Francisco residents from activity that resulted in property damage, bodily harm, and death in years past. Allowing citizens to brazenly engage in the

destruction of public property, such as graffitiing MUNI buses, and impeding safe access to and use of public streets, would be a dereliction of duty not only by SFPD and all elected and appointed officials tasked with public safety, it would be a breach by the citizens engaged in that behavior of our communal agreement to keep each other safe and to respect our laws.

Therefore, we call on the Public Safety and Neighborhood Services Committee of the Board of Supervisors to investigate the circumstances around 80+ juveniles engaging in the destruction of 4 MUNI buses, blocking traffic, throwing incendiary devices, spitting on and throwing bottles at officers, and failing to disperse after numerous and repeated direction to do so by SFPD.

Further, we call on all elected and appointed officials charged with upholding our laws and maintaining our public safety to hold anyone who harmed officers, other residents, or damaged property accountable under the law.

San Francisco residents have been clear: we want our laws obeyed, we want our officers supported in their efforts to uphold the laws, and we want those who break the law held accountable because we all want a safe and functional environment in which to live. San Francisco is no longer the “wild west” where people lived in fear of lawlessness, unchecked violence, theft, and property damage...is it?

Thank you.

I'd like to give public comment  
on this issue on Wednesday,  
July 19th @ 5:30 pm

Maybe next time.

**From:** [Frank Noto](#)  
**To:** [SFPD, Commission \(POL\)](#)  
**Cc:** [Board of Supervisors \(BOS\)](#); [Melgar, Myrna \(BOS\)](#); [Peskin, Aaron \(BOS\)](#); [MelgarStaff \(BOS\)](#); [EngardioStaff \(BOS\)](#)  
**Subject:** Support SFPD and officers re Items 9 and 10 re Dolores Park Riot  
**Date:** Wednesday, July 19, 2023 11:42:56 AM

---

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Police Commissioners and Board of Supervisors:

On behalf of Stop Crime's 4,900 members, I write to urge the commission to support police officers doing their job at the recent Dolores Park riot.

It was hypocritical for commissioners at the last meeting to rush to judgement on the SFPD response to the riot while previously urging the public not to prejudge other events until the facts come, such as the Main Street murder of a tech executive. They should apologize where appropriate.

Here is what we know now:

Two weeks ago, rioters vandalized or damaged dozens of vehicles and endangered MUNI light rail trains with passengers. Some of the participants at the "Hill Bomb" event came to skateboard. Others, including adults, came for violence. They started fights, let off fireworks bombs (M80s), assaulted people, and sprayed graffiti on homes, small businesses and Mission High School.

They came packing – police recovered 2 loaded firearms and 2 other guns, along with 6 knives, and backpacks full of illegal fireworks and graffiti spray paint. At previous Hill Bomb events, they killed someone and paralyzed another. On July 8, they slashed the face of a police officer opening a gate for nearby residents, sending him to the hospital, and spit in the face of others. They threw smoke bombs, fireworks, glass bottles and full cans. You no doubt have seen the YouTube video that shows some of what happens.

SFMTA reportedly estimates \$70,000 in damages with at least 6 transit vehicles out of service for a week. SFMTA Director Steve Hemminger commented at the meeting on the destruction of the social contract in this country following Trump's 2016 election, and Covid-19 has exacerbated the tendency to disorder.

San Francisco government must set reasonable limits on how people use and misuse public property, open space and streets, damage private property, and treat our police officers.

After giving orders to disperse via loudspeakers for over an hour, SFPD arrested 120 people for assault and battery, inciting a riot, violating lawful orders, vandalism and other crimes. No one was arrested for skateboarding. Incredibly, supporters of the rioters are asking the Police Commission to penalize the police for doing their job in a difficult and stressful situation.

Stop Crime Action urges the Commission and the Board of Supervisors to show your support for San Francisco police protecting nearby residents, preventing violence and vandalism.

San Francisco residents want public safety laws obeyed. Otherwise, what will rioters do the next time?

Sincerely yours,

Frank Noto

**Subject:** Police Commission Hearing on Dolores Park "hill bombing"  
**Date:** Wednesday, July 19, 2023 12:50:31 PM

---

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

I am planning to attend the Police Commission hearing on the Dolores Street "hill bombing" tonight, and I would like to share with you what I hope to read to the Commission at that meeting:

My name is Michael Mascioli and I have been a homeowner near Dolores Park for 40 years.

I was not at this "event"; I know that some people are objecting to the fact that police showed up in riot gear, which was ludicrously described as the "militarization of our streets" by Supervisor Dean Preston, who is old enough to know better than that. But that is actually an issue of optics, and what matters far more than optics are actions. And as far as I know from what has been reported, the actions are this: people ignored police orders to disperse, threw firecrackers at the police, and went on to destroy public and private property with graffiti. (If nothing else, everyone here has at least seen photos or videos of MUNI cars being vandalized.) After that, a number of people were handcuffed, arrested and not released until the very early hours of the morning. This is what Supervisor Preston calls "trauma inflicted on our young people" and "attacks on our youth."

I don't share his misplaced outrage, and many other people don't either. Whatever you hear here today, the Police Commission needs to know that you have the support of many residents who could not show up, or didn't call in or send messages because they didn't know about this meeting. But go onto the NextDoor website and check out their overwhelming support for police presence at this event and their frustration at the behavior of, and the disregard shown by, some of these kids.

Technically this is all water under the bridge. If these kids want to keep doing this, and if the city feels, for some weird reason, that they want to give them the right to keep doing it, I'm sure there are ways to do it legally and safely, without the destruction of property, and with advance warning and a minimum of inconvenience to the public. And it's clearly the responsibility of the participants to arrange this, just as people who want to have a parade or a demonstration get permits and make the necessary arrangements in advance. It happens all the time, and I'm confident the police and the city would accommodate them.

Michael Mascioli  
44 Prosper St., #3  
San Francisco, CA 94114  
(415) 864-8222

**Subject:** I support The SFPD For Their Actions Near Dolores Park  
**Date:** Wednesday, July 19, 2023 2:26:58 PM

---

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

To all concerned:

I want to personally commend the SFPD, Chief Scott and Captain Harvey for their professionalism in addressing the issues surrounding the July 8 "Hill Bomb" that took place in our Dolores Park neighborhood. They did their job while protecting our neighborhood and curbing further violent activities without any serious injuries.

Here I'm paraphrasing Gideon Kramer, who is a tireless advocate for our neighborhood: "Violence and lawlessness are never okay. Critical details of the provocative and violent behavior of a minority have been downplayed in some of our local media, while denouncing the police actions. An event like the "Hill Bomb" is incompatible with the residential and peaceful nature of any San Francisco neighborhood."

My personal experience with lawlessness in our neighborhood, in all its manifestations - bicycles & scooters on sidewalks, speeding, tagging, other destruction of property etc. - is extensive, while police presence is minimal, despite the fact that the Mission Station is one block from where I live. That is why I applaud the professional actions of the police in the "Hill Bomb" events. The "silent majority" of law-abiding citizens should not have to live in fear of the actions of the lawless minority (and their vocal supporters). I hope that the future decisions of the SF Supervisors and Police will not continue to be overly influenced by that minority.

Sincerely,  
Mary-Margaret Goggin  
Senior Citizen, Property Owner, Taxpayer  
Victim of bicycle unlawfully on sidewalk; and Property Destruction

### **I Support the SFPD in Enforcing Our City Laws.**

Message:                      Dear Police Commissioners, Board of Supervisors  
and City Leaders,

We support the SFPD in their best practice efforts to maintain law and order in our city because laws are rules that bind all people living in a community and are fundamental to the success of every society.

The American commitment to the rule of law means that the same laws govern EVERY citizen. These laws arise out of shared values, morals, and concerns, and they protect us from crime, ensure that we do not endanger others, and create a world in which we can all retain a sense of civility and shared expectation.

In general, blaming the very officers who have taken an oath to uphold our laws simply for doing their jobs is fundamentally unfair, hypocritically unsound, and dangerously disruptive to the foundation of a functional city. More specifically, the insinuation that SFPD's handling of the "hill bomb" should be investigated is an attempt to create a false narrative. The truth is, SFPD officers were protecting San Francisco residents from activity that resulted in property damage, bodily harm, and death in years past. Allowing citizens to brazenly engage in the

destruction of public property, such as graffitiing MUNI buses, and impeding safe access to and use of public streets, would be a dereliction of duty not only by SFPD and all elected and appointed officials tasked with public safety, it would be a breach by the citizens engaged in that behavior of our communal agreement to keep each other safe and to respect our laws.

Therefore, we call on the Public Safety and Neighborhood Services Committee of the Board of Supervisors to investigate the circumstances around 80+ juveniles engaging in the destruction of 4 MUNI buses, blocking traffic, throwing incendiary devices, spitting on and throwing bottles at officers, and failing to disperse after numerous and repeated direction to do so by SFPD.

Further, we call on all elected and appointed officials charged with upholding our laws and maintaining our public safety to hold anyone who harmed officers, other residents, or damaged property accountable under the law.

San Francisco residents have been clear: we want our laws obeyed, we want our officers supported in their efforts to uphold the laws, and we want those who break the law held accountable because we all want a safe and functional environment in which to live. San Francisco is no longer the “wild west” where people lived in fear of lawlessness, unchecked violence, theft, and property damage...is it?

Thank you.

### **I Support the SFPD in Enforcing Our City Laws.**

Message:                      Dear Police Commissioners, Board of Supervisors  
and City Leaders,

We support the SFPD in their best practice efforts to maintain law and order in our city because laws are rules that bind all people living in a community and are fundamental to the success of every society.

The American commitment to the rule of law means that the same laws govern EVERY citizen. These laws arise out of shared values, morals, and concerns, and they protect us from crime, ensure that we do not endanger others, and create a world in which we can all retain a sense of civility and shared expectation.

In general, blaming the very officers who have taken an oath to uphold our laws simply for doing their jobs is fundamentally unfair, hypocritically unsound, and dangerously disruptive to the foundation of a functional city. More specifically, the insinuation that SFPD's handling of the "hill bomb" should be investigated is an attempt to create a false narrative. The truth is, SFPD officers were protecting San Francisco residents from activity that resulted in property damage, bodily harm, and death in years past. Allowing citizens to brazenly engage in the

destruction of public property, such as graffitiing MUNI buses, and impeding safe access to and use of public streets, would be a dereliction of duty not only by SFPD and all elected and appointed officials tasked with public safety, it would be a breach by the citizens engaged in that behavior of our communal agreement to keep each other safe and to respect our laws.

Therefore, we call on the Public Safety and Neighborhood Services Committee of the Board of Supervisors to investigate the circumstances around 80+ juveniles engaging in the destruction of 4 MUNI buses, blocking traffic, throwing incendiary devices, spitting on and throwing bottles at officers, and failing to disperse after numerous and repeated direction to do so by SFPD.

Further, we call on all elected and appointed officials charged with upholding our laws and maintaining our public safety to hold anyone who harmed officers, other residents, or damaged property accountable under the law.

San Francisco residents have been clear: we want our laws obeyed, we want our officers supported in their efforts to uphold the laws, and we want those who break the law held accountable because we all want a safe and functional environment in which to live. San Francisco is no longer the “wild west” where people lived in fear of lawlessness, unchecked violence, theft, and property damage...is it?

Thank you.

I'd like to give public comment on this issue on Wednesday, July 19th @ 5:30 pm

Maybe next time.

### **I Support the SFPD in Enforcing Our City Laws.**

Message:                      Dear Police Commissioners, Board of Supervisors  
and City Leaders,

We support the SFPD in their best practice efforts to maintain law and order in our city because laws are rules that bind all people living in a community and are fundamental to the success of every society.

The American commitment to the rule of law means that the same laws govern EVERY citizen. These laws arise out of shared values, morals, and concerns, and they protect us from crime, ensure that we do not endanger others, and create a world in which we can all retain a sense of civility and shared expectation.

In general, blaming the very officers who have taken an oath to uphold our laws simply for doing their jobs is fundamentally unfair, hypocritically unsound, and dangerously disruptive to the foundation of a functional city. More specifically, the insinuation that SFPD's handling of the "hill bomb" should be investigated is an attempt to create a false narrative. The truth is, SFPD officers were protecting San Francisco residents from activity that resulted in property damage, bodily harm, and death in years past. Allowing citizens to brazenly engage in the

destruction of public property, such as graffitiing MUNI buses, and impeding safe access to and use of public streets, would be a dereliction of duty not only by SFPD and all elected and appointed officials tasked with public safety, it would be a breach by the citizens engaged in that behavior of our communal agreement to keep each other safe and to respect our laws.

Therefore, we call on the Public Safety and Neighborhood Services Committee of the Board of Supervisors to investigate the circumstances around 80+ juveniles engaging in the destruction of 4 MUNI buses, blocking traffic, throwing incendiary devices, spitting on and throwing bottles at officers, and failing to disperse after numerous and repeated direction to do so by SFPD.

Further, we call on all elected and appointed officials charged with upholding our laws and maintaining our public safety to hold anyone who harmed officers, other residents, or damaged property accountable under the law.

San Francisco residents have been clear: we want our laws obeyed, we want our officers supported in their efforts to uphold the laws, and we want those who break the law held accountable because we all want a safe and functional environment in which to live. San Francisco is no longer the “wild west” where people lived in fear of lawlessness, unchecked violence, theft, and property damage...is it?

Thank you.

I'd like to give public comment on this issue on Wednesday, July 19th @ 5:30 pm

Maybe next time.

### **I Support the SFPD in Enforcing Our City Laws.**

Message:                      Dear Police Commissioners, Board of Supervisors  
and City Leaders,

We support the SFPD in their best practice efforts to maintain law and order in our city because laws are rules that bind all people living in a community and are fundamental to the success of every society.

The American commitment to the rule of law means that the same laws govern EVERY citizen. These laws arise out of shared values, morals, and concerns, and they protect us from crime, ensure that we do not endanger others, and create a world in which we can all retain a sense of civility and shared expectation.

In general, blaming the very officers who have taken an oath to uphold our laws simply for doing their jobs is fundamentally unfair, hypocritically unsound, and dangerously disruptive to the foundation of a functional city. More specifically, the insinuation that SFPD's handling of the "hill bomb" should be investigated is an attempt to create a false narrative. The truth is, SFPD officers were protecting San Francisco residents from activity that resulted in property damage, bodily harm, and death in years past. Allowing citizens to brazenly engage in the

destruction of public property, such as graffitiing MUNI buses, and impeding safe access to and use of public streets, would be a dereliction of duty not only by SFPD and all elected and appointed officials tasked with public safety, it would be a breach by the citizens engaged in that behavior of our communal agreement to keep each other safe and to respect our laws.

Therefore, we call on the Public Safety and Neighborhood Services Committee of the Board of Supervisors to investigate the circumstances around 80+ juveniles engaging in the destruction of 4 MUNI buses, blocking traffic, throwing incendiary devices, spitting on and throwing bottles at officers, and failing to disperse after numerous and repeated direction to do so by SFPD.

Further, we call on all elected and appointed officials charged with upholding our laws and maintaining our public safety to hold anyone who harmed officers, other residents, or damaged property accountable under the law.

San Francisco residents have been clear: we want our laws obeyed, we want our officers supported in their efforts to uphold the laws, and we want those who break the law held accountable because we all want a safe and functional environment in which to live. San Francisco is no longer the “wild west” where people lived in fear of lawlessness, unchecked violence, theft, and property damage...is it?

Thank you.

**Subject:** We support The SFPD For Their Actions Near Dolores Park  
**Date:** Wednesday, July 19, 2023 10:07:36 PM

---

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

The riot and property issues related to the "Hill bomb" events near Dolores Park are unacceptable for a civil society. I want to personally commend the SFPD, Chief Scott and Captain Harvey for their professionalism in addressing the issues that took place. They did their job while protecting our neighborhood and curbing further activities without any serious injuries.

With that said, it would be inspiring and comforting to know that SFPD is bringing the same energy, focus, and resourcefulness to the many other problems we have in our city due to the lawlessness and out of control crime frenzy.

Thank you, SFPD.

Message:

Hill Bomb youths with the police presents to shut them down was what caused the skaters to act out. I live on Broadway and every Friday late night a mass if skaters go down my street. If you put police out there with an intimidating presents you would get the people acting out. Let them have their annual run. It brings joy. You had no empty space to write my opinions I had to delete your opinion of what I should write.

Thank you.

### **I Support the SFPD in Enforcing Our City Laws.**

Message:

Dear Police Commissioners, Board of Supervisors and City Leaders,

We support the SFPD in their best practice efforts to maintain law and order in our city because laws are rules that bind all people living in a community and are fundamental to the success of every society.

The American commitment to the rule of law means that the same laws govern EVERY citizen. These laws arise out of shared values, morals, and concerns, and they protect us from crime, ensure that we do not endanger others, and create a world in which we can all retain a sense of civility and shared expectation.

In general, blaming the very officers who have taken an oath to uphold our laws simply for doing their jobs is fundamentally unfair, hypocritically unsound, and dangerously disruptive to the foundation of a functional city. More specifically, the insinuation that SFPD's handling of the "hill bomb" should be investigated is an attempt to create a false narrative. The truth is, SFPD officers were protecting San Francisco residents from activity that resulted in property damage, bodily harm, and death in years past. Allowing citizens to brazenly engage in the destruction of public property, such as graffitiing MUNI buses, and impeding safe access to and use of public streets, would be a dereliction of duty not only by SFPD and all elected and appointed officials

tasked with public safety, it would be a breach by the citizens engaged in that behavior of our communal agreement to keep each other safe and to respect our laws.

Therefore, we call on the Public Safety and Neighborhood Services Committee of the Board of Supervisors to investigate the circumstances around 80+ juveniles engaging in the destruction of 4 MUNI buses, blocking traffic, throwing incendiary devices, spitting on and throwing bottles at officers, and failing to disperse after numerous and repeated direction to do so by SFPD.

Further, we call on all elected and appointed officials charged with upholding our laws and maintaining our public safety to hold anyone who harmed officers, other residents, or damaged property accountable under the law.

San Francisco residents have been clear: we want our laws obeyed, we want our officers supported in their efforts to uphold the laws, and we want those who break the law held accountable because we all want a safe and functional environment in which to live. San Francisco is no longer the "wild west" where people lived in fear of lawlessness, unchecked violence, theft, and property damage...is it?

Thank you.

I'd like to give public comment on this issue on Wednesday, July 19th @ 5:30 pm

Maybe next time.

---

The riot and property issues related to last Saturday's events near Dolores Park were hard to watch and very disturbing. I want to personally commend the SFPD, Chief Scott and Captain Harvey for their professionalism in addressing the issues that took place. They did their job while protecting our neighborhood and curbing further activities without any serious injuries. Thank you, SFPD.

### **I Support the SFPD in Enforcing Our City Laws.**

Message **Dear Police Commissioners, Board of Supervisors and City Leaders,**

We support the SFPD in their best practice efforts to maintain law and order in our city because laws are rules that bind all people living in a community and are fundamental to the success of every society.

The American commitment to the rule of law means that the same laws govern EVERY citizen. These laws arise out of shared values, morals, and concerns, and they protect us from crime, ensure that we do not endanger others, and create a world in which we can all retain a sense of civility and shared expectation.

In general, blaming the very officers who have taken an oath to uphold our laws simply for doing their jobs is fundamentally unfair, hypocritically unsound, and dangerously disruptive to the foundation of a functional city. More specifically, the insinuation that SFPD's handling of the "hill bomb" should be investigated is an attempt to create a false narrative. The truth is, SFPD officers were protecting San Francisco residents from activity that resulted in property damage, bodily harm, and death in years past. Allowing citizens to brazenly engage in the destruction of public property, such as graffitiing MUNI buses, and impeding safe access to and use

of public streets, would be a dereliction of duty not only by SFPD and all elected and appointed officials tasked with public safety, it would be a breach by the citizens engaged in that behavior of our communal agreement to keep each other safe and to respect our laws.

Therefore, we call on the Public Safety and Neighborhood Services Committee of the Board of Supervisors to investigate the circumstances around 80+ juveniles engaging in the destruction of 4 MUNI buses, blocking traffic, throwing incendiary devices, spitting on and throwing bottles at officers, and failing to disperse after numerous and repeated direction to do so by SFPD.

Further, we call on all elected and appointed officials charged with upholding our laws and maintaining our public safety to hold anyone who harmed officers, other residents, or damaged property accountable under the law.

San Francisco residents have been clear: we want our laws obeyed, we want our officers supported in their efforts to uphold the laws, and we want those who break the law held accountable because we all want a safe and functional environment in which to live. San Francisco is no longer the "wild west" where people lived in fear of lawlessness, unchecked violence, theft, and property damage...is it?

Thank you.

Message

Dear Police Commissioners, Board of Supervisors and City Leaders,

Safety in SF was an expectation that I took for granted. I have lived in SF for 26 years and you have create policies that continue to make SF less safe.

Until you recognize and admit that there is a direct correlation to your policies and what we are experiencing now in SF, things will only get worse.

We NEED our SFPD to be able to do their jobs. We DO NOT need our SFPD commission to keep them from doing their job.

The country is watching and you will continue to bring down the Democratic Party if you keep this up. You have the power to make changes, please don't waste another day.

We support the SFPD in their best practice efforts to maintain law and order in our city because laws are rules that bind all people living in a community and are fundamental to the success of every society.

The American commitment to the rule of law means that the same laws govern EVERY citizen. These laws arise out of shared values, morals, and concerns, and they protect us from crime, ensure that we do not endanger others, and create a world in which we can all retain a sense of civility and

## Message to the Police Commission and Board of Supervisors

From your constituent      Jennifer Brooks  
Email                              jenndackbrooks@gmail.com  
I live in District              District 1

### **I Support the SFPD in Enforcing Our City Laws.**

Message                         Dear Police Commissioners, Board of Supervisors  
and City Leaders,

We support the SFPD in their best practice efforts to maintain law and order in our city because laws are rules that bind all people living in a community and are fundamental to the success of every society.

The American commitment to the rule of law means that the same laws govern EVERY citizen. These laws arise out of shared values, morals, and concerns, and they protect us from crime, ensure that we do not endanger others, and create a world in which we can all retain a sense of civility and shared expectation.

In general, blaming the very officers who have taken an oath to uphold our laws simply for doing their jobs is fundamentally unfair, hypocritically unsound, and dangerously disruptive to the foundation of a functional city. More specifically, the insinuation that SFPD's handling of the "hill bomb" should be investigated is an attempt to create a false narrative. The truth is, SFPD officers were protecting San Francisco residents from activity that resulted in property damage, bodily harm, and death in years past. Allowing citizens to brazenly engage in the destruction of public property, such as graffitiing MUNI buses, and impeding safe access to and use

of public streets, would be a dereliction of duty not only by SFPD and all elected and appointed officials tasked with public safety, it would be a breach by the citizens engaged in that behavior of our communal agreement to keep each other safe and to respect our laws.

Therefore, we call on the Public Safety and Neighborhood Services Committee of the Board of Supervisors to investigate the circumstances around 80+ juveniles engaging in the destruction of 4 MUNI buses, blocking traffic, throwing incendiary devices, spitting on and throwing bottles at officers, and failing to disperse after numerous and repeated direction to do so by SFPD.

Further, we call on all elected and appointed officials charged with upholding our laws and maintaining our public safety to hold anyone who harmed officers, other residents, or damaged property accountable under the law.

San Francisco residents have been clear: we want our laws obeyed, we want our officers supported in their efforts to uphold the laws, and we want those who break the law held accountable because we all want a safe and functional environment in which to live. San Francisco is no longer the "wild west" where people lived in fear of lawlessness, unchecked violence, theft, and property damage...is it?

Thank you.

### **I Support the SFPD in Enforcing Our City Laws.**

Message Dear Police Commissioners, Board of Supervisors and City Leaders,

We support the SFPD in their best practice efforts to maintain law and order in our city because laws are rules that bind all people living in a community and are fundamental to the success of every society.

The American commitment to the rule of law means that the same laws govern EVERY citizen. These laws arise out of shared values, morals, and concerns, and they protect us from crime, ensure that we do not endanger others, and create a world in which we can all retain a sense of civility and shared expectation.

In general, blaming the very officers who have taken an oath to uphold our laws simply for doing their jobs is fundamentally unfair, hypocritically unsound, and dangerously disruptive to the foundation of a functional city. More specifically, the insinuation that SFPD's handling of the "hill bomb" should be investigated is an attempt to create a false narrative. The truth is, SFPD officers were protecting San Francisco residents from activity that resulted in property damage, bodily harm, and death in years past. Allowing citizens to brazenly engage in the destruction of public property, such as graffitiing MUNI buses, and impeding safe access to and use

of public streets, would be a dereliction of duty not only by SFPD and all elected and appointed officials tasked with public safety, it would be a breach by the citizens engaged in that behavior of our communal agreement to keep each other safe and to respect our laws.

Therefore, we call on the Public Safety and Neighborhood Services Committee of the Board of Supervisors to investigate the circumstances around 80+ juveniles engaging in the destruction of 4 MUNI buses, blocking traffic, throwing incendiary devices, spitting on and throwing bottles at officers, and failing to disperse after numerous and repeated direction to do so by SFPD.

Further, we call on all elected and appointed officials charged with upholding our laws and maintaining our public safety to hold anyone who harmed officers, other residents, or damaged property accountable under the law.

San Francisco residents have been clear: we want our laws obeyed, we want our officers supported in their efforts to uphold the laws, and we want those who break the law held accountable because we all want a safe and functional environment in which to live. San Francisco is no longer the "wild west" where people lived in fear of lawlessness, unchecked violence, theft, and property damage...is it?

Thank you.

### **I Support the SFPD in Enforcing Our City Laws.**

Message      Dear Police Commissioners, Board of Supervisors  
and City Leaders,

We support the SFPD in their best practice efforts to maintain law and order in our city because laws are rules that bind all people living in a community and are fundamental to the success of every society.

The American commitment to the rule of law means that the same laws govern EVERY citizen. These laws arise out of shared values, morals, and concerns, and they protect us from crime, ensure that we do not endanger others, and create a world in which we can all retain a sense of civility and shared expectation.

In general, blaming the very officers who have taken an oath to uphold our laws simply for doing their jobs is fundamentally unfair, hypocritically unsound, and dangerously disruptive to the foundation of a functional city. More specifically, the insinuation that SFPD's handling of the "hill bomb" should be investigated is an attempt to create a false narrative. The truth is, SFPD officers were protecting San Francisco residents from activity that resulted in property damage, bodily harm, and death in years past. Allowing citizens to brazenly engage in the destruction of public property, such as graffitiing MUNI buses, and impeding safe access to and use

of public streets, would be a dereliction of duty not only by SFPD and all elected and appointed officials tasked with public safety, it would be a breach by the citizens engaged in that behavior of our communal agreement to keep each other safe and to respect our laws.

Therefore, we call on the Public Safety and Neighborhood Services Committee of the Board of Supervisors to investigate the circumstances around 80+ juveniles engaging in the destruction of 4 MUNI buses, blocking traffic, throwing incendiary devices, spitting on and throwing bottles at officers, and failing to disperse after numerous and repeated direction to do so by SFPD.

Further, we call on all elected and appointed officials charged with upholding our laws and maintaining our public safety to hold anyone who harmed officers, other residents, or damaged property accountable under the law.

San Francisco residents have been clear: we want our laws obeyed, we want our officers supported in their efforts to uphold the laws, and we want those who break the law held accountable because we all want a safe and functional environment in which to live. San Francisco is no longer the "wild west" where people lived in fear of lawlessness, unchecked violence, theft, and property damage...is it?

Thank you.

The individuals who were carrying weapons, drugs, spray paint were intent on causing trouble and breaking the law and deserved to be arrested.

This city has enabled people to break the law and there needs to be greater accountability. Permissiveness will only lead to greater crime and that is why people are leaving this city and tourists and businesses don't want to come back.

I constantly have to deal with the street shenanigans in the neighborhood. I LOVE THAT SFPD DID SOMETHING!

FINALLY A DISPLAY OF LAW AND ORDER!

Do supervisors like D. Preston have to LIVE **EVERY DAY** WITH THIS KIND OF MISBEHAVIOR AND WORSE. Sit down Mr. Preston. Had these youth not caused these problems, we would not be here. Not at your front door? If it was, you'd want THIS outcome.

The riot and property issues related to this Saturdays events near Dolores Park. **I want to personally COMMEND the SFPD, Chief Scott and Captain Harvey for their professionalism in addressing the issues that took place.** They did their job while protecting our neighborhood and curbing further activities without any serious injuries.

Thank you, SFPD.

Therefore, we call on the Public Safety and Neighborhood Services Committee of the Board of Supervisors to investigate the circumstances around 80+ juveniles engaging in the destruction of 4 MUNI buses, blocking traffic, throwing incendiary devices, spitting on and throwing bottles at officers, and failing to disperse after numerous and repeated direction to do so by SFPD.

Further, we call on all elected and appointed officials charged with upholding our laws and maintaining our public safety to hold anyone who harmed officers, other residents, or damaged property accountable under the law.

San Francisco residents have been clear: we want our laws obeyed, we want our officers supported in their efforts to uphold the laws, and we want those who break the law held accountable because we all want a safe and functional environment in which to live. San Francisco is no longer the “wild west” where people lived in fear of lawlessness, unchecked violence, theft, and property damage...is it?

Thank you.  
Stephanie Lehman

### **I Support the SFPD in Enforcing Our City Laws.**

Message:                      Dear Police Commissioners, Board of Supervisors  
and City Leaders,

We support the SFPD in their best practice efforts to maintain law and order in our city because laws are rules that bind all people living in a community and are fundamental to the success of every society.

The American commitment to the rule of law means that the same laws govern EVERY citizen. These laws arise out of shared values, morals, and concerns, and they protect us from crime, ensure that we do not endanger others, and create a world in which we can all retain a sense of civility and shared expectation.

In general, blaming the very officers who have taken an oath to uphold our laws simply for doing their jobs is fundamentally unfair, hypocritically unsound, and dangerously disruptive to the foundation of a functional city. More specifically, the insinuation that SFPD's handling of the "hill bomb" should be investigated is an attempt to create a false narrative. The truth is, SFPD officers were protecting San Francisco residents from activity that resulted in property damage, bodily harm, and death in years past. Allowing citizens to brazenly engage in the

destruction of public property, such as graffitiing MUNI buses, and impeding safe access to and use of public streets, would be a dereliction of duty not only by SFPD and all elected and appointed officials tasked with public safety, it would be a breach by the citizens engaged in that behavior of our communal agreement to keep each other safe and to respect our laws.

Therefore, we call on the Public Safety and Neighborhood Services Committee of the Board of Supervisors to investigate the circumstances around 80+ juveniles engaging in the destruction of 4 MUNI buses, blocking traffic, throwing incendiary devices, spitting on and throwing bottles at officers, and failing to disperse after numerous and repeated direction to do so by SFPD.

Further, we call on all elected and appointed officials charged with upholding our laws and maintaining our public safety to hold anyone who harmed officers, other residents, or damaged property accountable under the law.

### **I Support the SFPD in Enforcing Our City Laws.**

Message:

Dear Police Commissioners, Board of Supervisors and City Leaders,

Safety in SF was an expectation that I took for granted. I have lived in SF for 26 years and you have create policies that continue to make SF less safe.

Until you recognize and admit that there is a direct correlation to your policies and what we are experiencing now in SF, things will only get worse.

We NEED our SFPD to be able to do their jobs. We DO NOT need our SFPD commission to keep them from doing their job.

The country is watching and you will continue to bring down the Democratic Party if you keep this up. You have the power to make changes, please don't waste another day.

We support the SFPD in their best practice efforts to maintain law and order in our city because laws are rules that bind all people living in a community and are fundamental to the success of every society.

The American commitment to the rule of law means that the same laws govern EVERY citizen. These laws arise out of shared values, morals, and concerns, and they protect us from crime, ensure

Further, we call on all elected and appointed officials charged with upholding our laws and maintaining our public safety to hold anyone who harmed officers, other residents, or damaged property accountable under the law.

San Francisco residents have been clear: we want our laws obeyed, we want our officers supported in their efforts to uphold the laws, and we want those who break the law held accountable because we all want a safe and functional environment in which to live. San Francisco is no longer the “wild west” where people lived in fear of lawlessness, unchecked violence, theft, and property damage...is it?

Thank you.

### **I Support the SFPD in Enforcing Our City Laws.**

Message:                      Dear Police Commissioners, Board of Supervisors  
and City Leaders,

We support the SFPD in their best practice efforts to maintain law and order in our city because laws are rules that bind all people living in a community and are fundamental to the success of every society.

The American commitment to the rule of law means that the same laws govern EVERY citizen. These laws arise out of shared values, morals, and concerns, and they protect us from crime, ensure that we do not endanger others, and create a world in which we can all retain a sense of civility and shared expectation.

In general, blaming the very officers who have taken an oath to uphold our laws simply for doing their jobs is fundamentally unfair, hypocritically unsound, and dangerously disruptive to the foundation of a functional city. More specifically, the insinuation that SFPD's handling of the "hill bomb" should be investigated is an attempt to create a false narrative. The truth is, SFPD officers were protecting San Francisco residents from activity that resulted in property damage, bodily harm, and death in years past. Allowing citizens to brazenly engage in the

destruction of public property, such as graffitiing MUNI buses, and impeding safe access to and use of public streets, would be a dereliction of duty not only by SFPD and all elected and appointed officials tasked with public safety, it would be a breach by the citizens engaged in that behavior of our communal agreement to keep each other safe and to respect our laws.

Therefore, we call on the Public Safety and Neighborhood Services Committee of the Board of Supervisors to investigate the circumstances around 80+ juveniles engaging in the destruction of 4 MUNI buses, blocking traffic, throwing incendiary devices, spitting on and throwing bottles at officers, and failing to disperse after numerous and repeated direction to do so by SFPD.

Further, we call on all elected and appointed officials charged with upholding our laws and maintaining our public safety to hold anyone who harmed officers, other residents, or damaged property accountable under the law.

San Francisco residents have been clear: we want our laws obeyed, we want our officers supported in their efforts to uphold the laws, and we want those who break the law held accountable because we all want a safe and functional environment in which to live. San Francisco is no longer the “wild west” where people lived in fear of lawlessness, unchecked violence, theft, and property damage...is it?

### **I Support the SFPD in Enforcing Our City Laws.**

Message:                      Dear Police Commissioners, Board of Supervisors  
and City Leaders,

We support the SFPD in their best practice efforts to maintain law and order in our city because laws are rules that bind all people living in a community and are fundamental to the success of every society.

The American commitment to the rule of law means that the same laws govern EVERY citizen. These laws arise out of shared values, morals, and concerns, and they protect us from crime, ensure that we do not endanger others, and create a world in which we can all retain a sense of civility and shared expectation.

In general, blaming the very officers who have taken an oath to uphold our laws simply for doing their jobs is fundamentally unfair, hypocritically unsound, and dangerously disruptive to the foundation of a functional city. More specifically, the insinuation that SFPD's handling of the "hill bomb" should be investigated is an attempt to create a false narrative. The truth is, SFPD officers were protecting San Francisco residents from activity that resulted in property damage, bodily harm, and death in years past. Allowing citizens to brazenly engage in the

destruction of public property, such as graffitiing MUNI buses, and impeding safe access to and use of public streets, would be a dereliction of duty not only by SFPD and all elected and appointed officials tasked with public safety, it would be a breach by the citizens engaged in that behavior of our communal agreement to keep each other safe and to respect our laws.

Therefore, we call on the Public Safety and Neighborhood Services Committee of the Board of Supervisors to investigate the circumstances around 80+ juveniles engaging in the destruction of 4 MUNI buses, blocking traffic, throwing incendiary devices, spitting on and throwing bottles at officers, and failing to disperse after numerous and repeated direction to do so by SFPD.

Further, we call on all elected and appointed officials charged with upholding our laws and maintaining our public safety to hold anyone who harmed officers, other residents, or damaged property accountable under the law.

San Francisco residents have been clear: we want our laws obeyed, we want our officers supported in their efforts to uphold the laws, and we want those who break the law held accountable because we all want a safe and functional environment in which to live. San Francisco is no longer the “wild west” where people lived in fear of lawlessness, unchecked violence, theft, and property damage...is it?

Thank you.

These laws arise out of shared values, morals, and concerns, and they protect us from crime, ensure that we do not endanger others, and create a world in which we can all retain a sense of civility and shared expectation.

In general, blaming the very officers who have taken an oath to uphold our laws simply for doing their jobs is fundamentally unfair, hypocritically unsound, and dangerously disruptive to the foundation of a functional city. More specifically, the insinuation that SFPD's handling of the "hill bomb" should be investigated is an attempt to create a false narrative. The truth is, SFPD officers were protecting San Francisco residents from activity that resulted in property damage, bodily harm, and death in years past. Allowing citizens to brazenly engage in the

destruction of public property, such as graffitiing MUNI buses, and impeding safe access to and use of public streets, would be a dereliction of duty not only by SFPD and all elected and appointed officials tasked with public safety, it would be a breach by the citizens engaged in that behavior of our communal agreement to keep each other safe and to respect our laws.

Therefore, we call on the Public Safety and Neighborhood Services Committee of the Board of Supervisors to investigate the circumstances around 80+ juveniles engaging in the destruction of 4 MUNI buses, blocking traffic, throwing incendiary devices, spitting on and throwing bottles at officers, and failing to disperse after numerous and repeated direction to do so by SFPD.

Further, we call on all elected and appointed officials charged with upholding our laws and maintaining our public safety to hold anyone who harmed officers, other residents, or damaged property accountable under the law.

San Francisco residents have been clear: we want our laws obeyed, we want our officers supported in their efforts to uphold the laws, and we want those who break the law held accountable because we all want a safe and functional environment in which to live. San Francisco is no longer the “wild west” where people lived in fear of lawlessness, unchecked violence, theft, and property damage...is it?

Thank you.

The truth is, SFPD officers were protecting San Francisco residents from activity that resulted in property damage, bodily harm, and death in years past. Allowing citizens to brazenly engage in the

destruction of public property, such as graffitiing MUNI buses, and impeding safe access to and use of public streets, would be a dereliction of duty not only by SFPD and all elected and appointed officials tasked with public safety, it would be a breach by the citizens engaged in that behavior of our communal agreement to keep each other safe and to respect our laws.

Therefore, we call on the Public Safety and Neighborhood Services Committee of the Board of Supervisors to investigate the circumstances around 80+ juveniles engaging in the destruction of 4 MUNI buses, blocking traffic, throwing incendiary devices, spitting on and throwing bottles at officers, and failing to disperse after numerous and repeated direction to do so by SFPD.

Further, we call on all elected and appointed officials charged with upholding our laws and maintaining our public safety to hold anyone who harmed officers, other residents, or damaged property accountable under the law.

San Francisco residents have been clear: we want our laws obeyed, we want our officers supported in their efforts to uphold the laws, and we want those who break the law held accountable because we all want a safe and functional environment in which to live. San Francisco is no longer the “wild west” where people lived in fear of lawlessness, unchecked violence, theft, and property damage...is it?

Thank you.

### **I Support the SFPD in Enforcing Our City Laws.**

Message:                      Dear Police Commissioners, Board of Supervisors  
and City Leaders,

We support the SFPD in their best practice efforts to maintain law and order in our city because laws are rules that bind all people living in a community and are fundamental to the success of every society.

The American commitment to the rule of law means that the same laws govern EVERY citizen. These laws arise out of shared values, morals, and concerns, and they protect us from crime, ensure that we do not endanger others, and create a world in which we can all retain a sense of civility and shared expectation.

In general, blaming the very officers who have taken an oath to uphold our laws simply for doing their jobs is fundamentally unfair, hypocritically unsound, and dangerously disruptive to the foundation of a functional city. More specifically, the insinuation that SFPD's handling of the "hill bomb" should be investigated is an attempt to create a false narrative. The truth is, SFPD officers were protecting San Francisco residents from activity that resulted in property damage, bodily harm, and death in years past. Allowing citizens to brazenly engage in the

destruction of public property, such as graffitiing MUNI buses, and impeding safe access to and use of public streets, would be a dereliction of duty not only by SFPD and all elected and appointed officials tasked with public safety, it would be a breach by the citizens engaged in that behavior of our communal agreement to keep each other safe and to respect our laws.

Further, we call on all elected and appointed officials charged with upholding our laws and maintaining our public safety to hold anyone who harmed officers, other residents, or damaged property accountable under the law.

San Francisco residents have been clear: we want our laws obeyed, we want our officers supported in their efforts to uphold the laws, and we want those who break the law held accountable because we all want a safe and functional environment in which to live. San Francisco is no longer the “wild west” where people lived in fear of lawlessness, unchecked violence, theft, and property damage...is it?

Thank you.

### **I Support the SFPD in Enforcing Our City Laws.**

Message:                      Dear Police Commissioners, Board of Supervisors  
and City Leaders,

We support the SFPD in their best practice efforts to maintain law and order in our city because laws are rules that bind all people living in a community and are fundamental to the success of every society.

The American commitment to the rule of law means that the same laws govern EVERY citizen. These laws arise out of shared values, morals, and concerns, and they protect us from crime, ensure that we do not endanger others, and create a world in which we can all retain a sense of civility and shared expectation.

In general, blaming the very officers who have taken an oath to uphold our laws simply for doing their jobs is fundamentally unfair, hypocritically unsound, and dangerously disruptive to the foundation of a functional city. More specifically, the insinuation that SFPD's handling of the "hill bomb" should be investigated is an attempt to create a false narrative. The truth is, SFPD officers were protecting San Francisco residents from activity that resulted in property damage, bodily harm, and death in years past. Allowing citizens to brazenly engage in the

destruction of public property, such as graffitiing MUNI buses, and impeding safe access to and use of public streets, would be a dereliction of duty not only by SFPD and all elected and appointed officials tasked with public safety, it would be a breach by the citizens engaged in that behavior of our communal agreement to keep each other safe and to respect our laws.

Therefore, we call on the Public Safety and Neighborhood Services Committee of the Board of Supervisors to investigate the circumstances around 80+ juveniles engaging in the destruction of 4 MUNI buses, blocking traffic, throwing incendiary devices, spitting on and throwing bottles at officers, and failing to disperse after numerous and repeated direction to do so by SFPD.

Further, we call on all elected and appointed officials charged with upholding our laws and maintaining our public safety to hold anyone who harmed officers, other residents, or damaged property accountable under the law.

San Francisco residents have been clear: we want our laws obeyed, we want our officers supported in their efforts to uphold the laws, and we want those who break the law held accountable because we all want a safe and functional environment in which to live. San Francisco is no longer the “wild west” where people lived in fear of lawlessness, unchecked violence, theft, and property damage...is it?

### **I Support the SFPD in Enforcing Our City Laws.**

Message:                      Dear Police Commissioners, Board of Supervisors  
and City Leaders,

We support the SFPD in their best practice efforts to maintain law and order in our city because laws are rules that bind all people living in a community and are fundamental to the success of every society.

The American commitment to the rule of law means that the same laws govern EVERY citizen. These laws arise out of shared values, morals, and concerns, and they protect us from crime, ensure that we do not endanger others, and create a world in which we can all retain a sense of civility and shared expectation.

In general, blaming the very officers who have taken an oath to uphold our laws simply for doing their jobs is fundamentally unfair, hypocritically unsound, and dangerously disruptive to the foundation of a functional city. More specifically, the insinuation that SFPD's handling of the "hill bomb" should be investigated is an attempt to create a false narrative. The truth is, SFPD officers were protecting San Francisco residents from activity that resulted in property damage, bodily harm, and death in years past. Allowing citizens to brazenly engage in the

destruction of public property, such as graffitiing MUNI buses, and impeding safe access to and use of public streets, would be a dereliction of duty not only by SFPD and all elected and appointed officials tasked with public safety, it would be a breach by the citizens engaged in that behavior of our communal agreement to keep each other safe and to respect our laws.

Therefore, we call on the Public Safety and Neighborhood Services Committee of the Board of Supervisors to investigate the circumstances around 80+ juveniles engaging in the destruction of 4 MUNI buses, blocking traffic, throwing incendiary devices, spitting on and throwing bottles at officers, and failing to disperse after numerous and repeated direction to do so by SFPD.

Further, we call on all elected and appointed officials charged with upholding our laws and maintaining our public safety to hold anyone who harmed officers, other residents, or damaged property accountable under the law.

San Francisco residents have been clear: we want our laws obeyed, we want our officers supported in their efforts to uphold the laws, and we want those who break the law held accountable because we all want a safe and functional environment in which to live. San Francisco is no longer the “wild west” where people lived in fear of lawlessness, unchecked violence, theft, and property damage...is it?

Thank you.

More specifically, the insinuation that SFPD's handling of the "hill bomb" should be investigated is an attempt to create a false narrative. The truth is, SFPD officers were protecting San Francisco residents from activity that resulted in property damage, bodily harm, and death in years past. Allowing citizens to brazenly engage in the

destruction of public property, such as graffitiing MUNI buses, and impeding safe access to and use of public streets, would be a dereliction of duty not only by SFPD and all elected and appointed officials tasked with public safety, it would be a breach by the citizens engaged in that behavior of our communal agreement to keep each other safe and to respect our laws.

Therefore, we call on the Public Safety and Neighborhood Services Committee of the Board of Supervisors to investigate the circumstances around 80+ juveniles engaging in the destruction of 4 MUNI buses, blocking traffic, throwing incendiary devices, spitting on and throwing bottles at officers, and failing to disperse after numerous and repeated direction to do so by SFPD.

Further, we call on all elected and appointed officials charged with upholding our laws and maintaining our public safety to hold anyone who harmed officers, other residents, or damaged property accountable under the law.

San Francisco residents have been clear: we want our laws obeyed, we want our officers supported in their efforts to uphold the laws, and we want those who break the law held accountable because we all want a safe and functional environment in which to live. San Francisco is no longer the “wild west” where people lived in fear of lawlessness, unchecked violence, theft, and property damage...is it?

Thank you.

### **I Support the SFPD in Enforcing Our City Laws.**

Message:                      Dear Police Commissioners, Board of Supervisors  
and City Leaders,

We support the SFPD in their best practice efforts to maintain law and order in our city because laws are rules that bind all people living in a community and are fundamental to the success of every society.

The American commitment to the rule of law means that the same laws govern EVERY citizen. These laws arise out of shared values, morals, and concerns, and they protect us from crime, ensure that we do not endanger others, and create a world in which we can all retain a sense of civility and shared expectation.

In general, blaming the very officers who have taken an oath to uphold our laws simply for doing their jobs is fundamentally unfair, hypocritically unsound, and dangerously disruptive to the foundation of a functional city. More specifically, the insinuation that SFPD's handling of the "hill bomb" should be investigated is an attempt to create a false narrative. The truth is, SFPD officers were protecting San Francisco residents from activity that resulted in property damage, bodily harm, and death in years past. Allowing citizens to brazenly engage in the

destruction of public property, such as graffitiing MUNI buses, and impeding safe access to and use of public streets, would be a dereliction of duty not only by SFPD and all elected and appointed officials tasked with public safety, it would be a breach by the citizens engaged in that behavior of our communal agreement to keep each other safe and to respect our laws.

destruction of public property, such as graffitiing MUNI buses, and impeding safe access to and use of public streets, would be a dereliction of duty not only by SFPD and all elected and appointed officials tasked with public safety, it would be a breach by the citizens engaged in that behavior of our communal agreement to keep each other safe and to respect our laws.

Therefore, we call on the Public Safety and Neighborhood Services Committee of the Board of Supervisors to investigate the circumstances around 80+ juveniles engaging in the destruction of 4 MUNI buses, blocking traffic, throwing incendiary devices, spitting on and throwing bottles at officers, and failing to disperse after numerous and repeated direction to do so by SFPD.

Further, we call on all elected and appointed officials charged with upholding our laws and maintaining our public safety to hold anyone who harmed officers, other residents, or damaged property accountable under the law.

San Francisco residents have been clear: we want our laws obeyed, we want our officers supported in their efforts to uphold the laws, and we want those who break the law held accountable because we all want a safe and functional environment in which to live. San Francisco is no longer the “wild west” where people lived in fear of lawlessness, unchecked violence, theft, and property damage...is it?

Thank you.

### **I Support the SFPD in Enforcing Our City Laws.**

Message:                      Dear Police Commissioners, Board of Supervisors  
and City Leaders,

We support the SFPD in their best practice efforts to maintain law and order in our city because laws are rules that bind all people living in a community and are fundamental to the success of every society.

The American commitment to the rule of law means that the same laws govern EVERY citizen. These laws arise out of shared values, morals, and concerns, and they protect us from crime, ensure that we do not endanger others, and create a world in which we can all retain a sense of civility and shared expectation.

In general, blaming the very officers who have taken an oath to uphold our laws simply for doing their jobs is fundamentally unfair, hypocritically unsound, and dangerously disruptive to the foundation of a functional city. More specifically, the insinuation that SFPD's handling of the "hill bomb" should be investigated is an attempt to create a false narrative. The truth is, SFPD officers were protecting San Francisco residents from activity that resulted in property damage, bodily harm, and death in years past. Allowing citizens to brazenly engage in the

destruction of public property, such as graffitiing MUNI buses, and impeding safe access to and use of public streets, would be a dereliction of duty not only by SFPD and all elected and appointed officials tasked with public safety, it would be a breach by the citizens engaged in that behavior of our communal agreement to keep each other safe and to respect our laws.

Therefore, we call on the Public Safety and Neighborhood Services Committee of the Board of Supervisors to investigate the circumstances around 80+ juveniles engaging in the destruction of 4 MUNI buses, blocking traffic, throwing incendiary devices, spitting on and throwing bottles at officers, and failing to disperse after numerous and repeated direction to do so by SFPD.

### **I Support the SFPD in Enforcing Our City Laws.**

Message:                      Dear Police Commissioners, Board of Supervisors  
and City Leaders,

We support the SFPD in their best practice efforts to maintain law and order in our city because laws are rules that bind all people living in a community and are fundamental to the success of every society.

The American commitment to the rule of law means that the same laws govern EVERY citizen. These laws arise out of shared values, morals, and concerns, and they protect us from crime, ensure that we do not endanger others, and create a world in which we can all retain a sense of civility and shared expectation.

In general, blaming the very officers who have taken an oath to uphold our laws simply for doing their jobs is fundamentally unfair, hypocritically unsound, and dangerously disruptive to the foundation of a functional city. More specifically, the insinuation that SFPD's handling of the "hill bomb" should be investigated is an attempt to create a false narrative. The truth is, SFPD officers were protecting San Francisco residents from activity that resulted in property damage, bodily harm, and death in years past. Allowing citizens to brazenly engage in the

destruction of public property, such as graffitiing MUNI buses, and impeding safe access to and use of public streets, would be a dereliction of duty not only by SFPD and all elected and appointed officials tasked with public safety, it would be a breach by the citizens engaged in that behavior of our communal agreement to keep each other safe and to respect our laws.

Therefore, we call on the Public Safety and Neighborhood Services Committee of the Board of Supervisors to investigate the circumstances around 80+ juveniles engaging in the destruction of 4 MUNI buses, blocking traffic, throwing incendiary devices, spitting on and throwing bottles at officers, and failing to disperse after numerous and repeated direction to do so by SFPD.

Further, we call on all elected and appointed officials charged with upholding our laws and maintaining our public safety to hold anyone who harmed officers, other residents, or damaged property accountable under the law.

San Francisco residents have been clear: we want our laws obeyed, we want our officers supported in their efforts to uphold the laws, and we want those who break the law held accountable because we all want a safe and functional environment in which to live. San Francisco is no longer the “wild west” where people lived in fear of lawlessness, unchecked violence, theft, and property damage...is it?

Thank you.

To whom It May Concern,

The riot and property issues related to this Saturdays events near Dolores Park were hard to watch and very disturbing. I want to personally commend the SFPD, Chief Scott and Captain Harvey for their professionalism in addressing the issues that took place. They did their job while protecting our neighborhood and curbing further activities without any serious injuries.

Thank you, SFPD.

These laws arise out of shared values, morals, and concerns, and they protect us from crime, ensure that we do not endanger others, and create a world in which we can all retain a sense of civility and shared expectation.

In general, blaming the very officers who have taken an oath to uphold our laws simply for doing their jobs is fundamentally unfair, hypocritically unsound, and dangerously disruptive to the foundation of a functional city. More specifically, the insinuation that SFPD's handling of the "hill bomb" should be investigated is an attempt to create a false narrative. The truth is, SFPD officers were protecting San Francisco residents from activity that resulted in property damage, bodily harm, and death in years past. Allowing citizens to brazenly engage in the

destruction of public property, such as graffitiing MUNI buses, and impeding safe access to and use of public streets, would be a dereliction of duty not only by SFPD and all elected and appointed officials tasked with public safety, it would be a breach by the citizens engaged in that behavior of our communal agreement to keep each other safe and to respect our laws.

Therefore, we call on the Public Safety and Neighborhood Services Committee of the Board of Supervisors to investigate the circumstances around 80+ juveniles engaging in the destruction of 4 MUNI buses, blocking traffic, throwing incendiary devices, spitting on and throwing bottles at officers, and failing to disperse after numerous and repeated direction to do so by SFPD.

Further, we call on all elected and appointed officials charged with upholding our laws and maintaining our public safety to hold anyone who harmed officers, other residents, or damaged property accountable under the law.

San Francisco residents have been clear: we want our laws obeyed, we want our officers supported in their efforts to uphold the laws, and we want those who break the law held accountable because we all want a safe and functional environment in which to live. San Francisco is no longer the “wild west” where people lived in fear of lawlessness, unchecked violence, theft, and property damage...is it?

Thank you.

In general, blaming the very officers who have taken an oath to uphold our laws simply for doing their jobs is fundamentally unfair, hypocritically unsound, and dangerously disruptive to the foundation of a functional city. More specifically, the insinuation that SFPD's handling of the "hill bomb" should be investigated is an attempt to create a false narrative. The truth is, SFPD officers were protecting San Francisco residents from activity that resulted in property damage, bodily harm, and death in years past. Allowing citizens to brazenly engage in the

destruction of public property, such as graffitiing MUNI buses, and impeding safe access to and use of public streets, would be a dereliction of duty not only by SFPD and all elected and appointed officials tasked with public safety, it would be a breach by the citizens engaged in that behavior of our communal agreement to keep each other safe and to respect our laws.

Therefore, we call on the Public Safety and Neighborhood Services Committee of the Board of Supervisors to investigate the circumstances around 80+ juveniles engaging in the destruction of 4 MUNI buses, blocking traffic, throwing incendiary devices, spitting on and throwing bottles at officers, and failing to disperse after numerous and repeated direction to do so by SFPD.

Further, we call on all elected and appointed officials charged with upholding our laws and maintaining our public safety to hold anyone who harmed officers, other residents, or damaged property accountable under the law.

San Francisco residents have been clear: we want our laws obeyed, we want our officers supported in their efforts to uphold the laws, and we want those who break the law held accountable because we all want a safe and functional environment in which to live. San Francisco is no longer the “wild west” where people lived in fear of lawlessness, unchecked violence, theft, and property damage...is it?

Thank you.

Dear Honorable Commissioners:

I am a longtime resident of Cumberland Street and have been a direct witness to many of the annual unsanctioned Hillbomb events.

Year after year, the unpermitted Hillbomb takes over my neighborhood. It has progressively gotten bigger, more rowdy, more dangerous, more messy and violent as there has been very little prevention from the event happening. The amount of alcohol and drugs being openly used would ultimately result in some participants staying on Dolores all night drinking and doing sideshows. Our neighborhood would wake up to graffiti, property damage, and worse.

This year finally the SFPD gratefully got "in front of " the event by blocking the streets early in the day. The SFPD was on Dolores hours before the skaters showed up. Skaters (using social media to get the word out) tried to move the event to Dolores and 23<sup>rd</sup> but were also stymied by the SFPD barricades. The police presence was actually very peaceful and lighthearted in the early afternoon when the skaters started arriving and realized they were blocked.

However, when some of the skaters realized their other options (trying Church Street, or trying to do it anyway on Dolores) were futile, some skaters got angry and hostile. They tried to tear down the barricades, threw fireworks and bottles at the police. As this progressed, the SFPD understandably had to shift their presence from peacekeeping to enforcement because some skaters were getting violent. I heard the SFPD declare unlawful assembly and gave the attendees time to disperse. They repeated their instructions to disperse numerous times. Some skaters left, those who remained did so intentionally, in direct defiance of the police's order to disperse.

I understand that most skaters simply wanted to perform their tricks. However, the years of lawlessness and lack of enforcement for this unsanctioned event has emboldened some people who are not true skaters to use this event as an opportunity to trash the neighborhood. What starts out seemingly fun and exciting devolves into chaos, especially as the event goes on, as more people drink, and more people get hurt.

To listen to the narrative that this is just a bunch of innocent skaters wanting to have fun is not the whole story. There are some people who are there for the sport of it. However, the majority of them are not. As famed local skateboarder Tomoko [Oikawa](#) said "You have people out here who are not from SF that are putting locals in a bad light. There's now side shows, fights, skaters jumping on cars and ambulances while homies are trying to go to the hospital after getting smoked. It's just total mayhem. I remember when it used to be once a year and much safer, there were even side cones. Now people that don't respect the skating community are putting matters into their hands, pushing it to happen more than once a year, and so many people are paying the price for it."

This year was the first time in many years our properties were not covered in graffiti, our sidewalks were not covered in trash, our streets not covered in tire marks from the sideshows that would take place all night, and most importantly, no skaters were physically injured.

In short, I support the SFPD doing their jobs to enforce the laws.

Thank you.

Marina Franco

Message:                      Dear Police Commissioners, Board of Supervisors  
and City Leaders,

We support the SFPD in their best practice efforts to maintain law and order in our city because laws are rules that bind all people living in a community and are fundamental to the success of every society.

The American commitment to the rule of law means that the same laws govern EVERY citizen. These laws arise out of shared values, morals, and concerns, and they protect us from crime, ensure that we do not endanger others, and create a world in which we can all retain a sense of civility and shared expectation.

In general, blaming the very officers who have taken an oath to uphold our laws simply for doing their jobs is fundamentally unfair, hypocritically unsound, and dangerously disruptive to the foundation of a functional city. More specifically, the insinuation that SFPD's handling of the "hill bomb" should be investigated is an attempt to create a false narrative. The truth is, SFPD officers were protecting San Francisco residents from activity that resulted in property damage, bodily harm, and death in years past. Allowing citizens to brazenly engage in the

destruction of public property, such as graffitiing MUNI buses, and impeding safe access to and use of public streets, would be a dereliction of duty not only by SFPD and all elected and appointed officials tasked with public safety, it would be a breach by the citizens engaged in that behavior of our communal agreement to keep each other safe and to respect our laws.

Therefore, we call on the Public Safety and Neighborhood Services Committee of the Board of Supervisors to investigate the circumstances around 80+ juveniles engaging in the destruction of 4 MUNI buses, blocking traffic, throwing incendiary devices, spitting on and throwing bottles at officers, and failing to disperse after numerous and repeated direction to do so by SFPD.

Further, we call on all elected and appointed officials charged with upholding our laws and maintaining our public safety to hold anyone who harmed officers, other residents, or damaged property accountable under the law.

San Francisco residents have been clear: we want our laws obeyed, we want our officers supported in their efforts to uphold the laws, and we want those who break the law held accountable because we all want a safe and functional environment in which to live. San Francisco is no longer the “wild west” where people lived in fear of lawlessness, unchecked violence, theft, and property damage...is it?

Thank you.  
Chris

We support the SFPD in their best practice efforts to maintain law and order in our city because laws are rules that bind all people living in a community and are fundamental to the success of every society.

The American commitment to the rule of law means that the same laws govern EVERY citizen. These laws arise out of shared values, morals, and concerns, and they protect us from crime, ensure that we do not endanger others, and create a world in which we can all retain a sense of civility and shared expectation.

In general, blaming the very officers who have taken an oath to uphold our laws simply for doing their jobs is fundamentally unfair, hypocritically unsound, and dangerously disruptive to the foundation of a functional city. More specifically, the insinuation that SFPD's handling of the "hill bomb" should be investigated is an attempt to create a false narrative. The truth is, SFPD officers were protecting San Francisco residents from activity that resulted in property damage, bodily harm, and death in years past. Allowing citizens to brazenly engage in the

destruction of public property, such as graffitiing MUNI buses, and impeding safe access to and use of public streets, would be a dereliction of duty not only by SFPD and all elected and appointed officials tasked with public safety, it would be a breach by the citizens engaged in that behavior of our communal agreement to keep each other safe and to respect our laws.

Therefore, we call on the Public Safety and Neighborhood Services Committee of the Board of Supervisors to investigate the circumstances around 80+ juveniles engaging in the destruction of 4 MUNI buses, blocking traffic, throwing incendiary devices, spitting on and throwing bottles at officers, and failing to disperse after numerous and repeated direction to do so by SFPD.

Further, we call on all elected and appointed officials charged with upholding our laws and maintaining our public safety to hold anyone who harmed officers, other residents, or damaged property accountable under the law.

San Francisco residents have been clear: we want our laws obeyed, we want our officers supported in their efforts to uphold the laws, and we want those who break the law held accountable because we all want a safe and functional environment in which to live. San Francisco is no longer the “wild west” where people lived in fear of lawlessness, unchecked violence, theft, and property damage...is it?

Thank you.

### **I Support the SFPD in Enforcing Our City Laws.**

Message:                      Dear Police Commissioners, Board of Supervisors  
and City Leaders,

We support the SFPD in their best practice efforts to maintain law and order in our city because laws are rules that bind all people living in a community and are fundamental to the success of every society.

The American commitment to the rule of law means that the same laws govern EVERY citizen.

In general, blaming the very officers who have taken an oath to uphold our laws simply for doing their jobs is fundamentally unfair, hypocritically unsound, and dangerously disruptive to the foundation of a functional city. More specifically, the insinuation that SFPD's handling of the "hill bomb" should be investigated is an attempt to create a false narrative. The truth is, SFPD officers were protecting San Francisco residents from activity that resulted in property damage, bodily harm, and death in years past.

Therefore, we call on the Public Safety and Neighborhood Services Committee of the Board of Supervisors to investigate the circumstances around

80+ juveniles engaging in the destruction of 4 MUNI buses, blocking traffic, throwing incendiary devices, spitting on and throwing bottles at officers, and failing to disperse after numerous and repeated direction to do so by SFPD.

Further, we call on all elected and appointed officials charged with upholding our laws and maintaining our public safety to hold anyone who harmed officers, other residents, or damaged property accountable under the law.

Please help restore safety in SF. You will help the residents not our tarnished image by emboldening criminals. Look around; the City is a shadow of itself, do your job please.

San Francisco residents have been clear: we want our laws obeyed, we want our officers supported in their efforts to uphold the laws, and we want those who break the law held accountable because we all want a safe and functional environment in which to live. We hope that San Francisco is no longer the “wild west” where people lived in fear of lawlessness, unchecked violence, and theft.

Thank you.

The American commitment to the rule of law means that the same laws govern EVERY citizen. These laws arise out of shared values, morals, and concerns, and they protect us from crime, ensure that we do not endanger others, and create a world in which we can all retain a sense of civility and shared expectation.

In general, blaming the very officers who have taken an oath to uphold our laws simply for doing their jobs is fundamentally unfair, hypocritically unsound, and dangerously disruptive to the foundation of a functional city. More specifically, the insinuation that SFPD's handling of the "hill bomb" should be investigated is an attempt to create a false narrative. The truth is, SFPD officers were protecting San Francisco residents from activity that resulted in property damage, bodily harm, and death in years past. Allowing citizens to brazenly engage in the

destruction of public property, such as graffitiing MUNI buses, and impeding safe access to and use of public streets, would be a dereliction of duty not only by SFPD and all elected and appointed officials tasked with public safety, it would be a breach by the citizens engaged in that behavior of our communal agreement to keep each other safe and to respect our laws.

Therefore, we call on the Public Safety and Neighborhood Services Committee of the Board of Supervisors to investigate the circumstances around 80+ juveniles engaging in the destruction of 4 MUNI buses, blocking traffic, throwing incendiary devices, spitting on and throwing bottles at officers, and failing to disperse after numerous and repeated direction to do so by SFPD.

Further, we call on all elected and appointed officials charged with upholding our laws and maintaining our public safety to hold anyone who harmed officers, other residents, or damaged property accountable under the law.

San Francisco residents have been clear: we want our laws obeyed, we want our officers supported in their efforts to uphold the laws, and we want those who break the law held accountable because we all want a safe and functional environment in which to live. San Francisco is no longer the “wild west” where people lived in fear of lawlessness, unchecked violence, theft, and property damage...is it?

Thank you.

The American commitment to the rule of law means that the same laws govern EVERY citizen. These laws arise out of shared values, morals, and concerns, and they protect us from crime, ensure that we do not endanger others, and create a world in which we can all retain a sense of civility and shared expectation.

In general, blaming the very officers who have taken an oath to uphold our laws simply for doing their jobs is fundamentally unfair, hypocritically unsound, and dangerously disruptive to the foundation of a functional city. More specifically, the insinuation that SFPD's handling of the "hill bomb" should be investigated is an attempt to create a false narrative. The truth is, SFPD officers were protecting San Francisco residents from activity that resulted in property damage, bodily harm, and death in years past. Allowing citizens to brazenly engage in the

destruction of public property, such as graffitiing MUNI buses, and impeding safe access to and use of public streets, would be a dereliction of duty not only by SFPD and all elected and appointed officials tasked with public safety, it would be a breach by the citizens engaged in that behavior of our communal agreement to keep each other safe and to respect our laws.

Therefore, we call on the Public Safety and Neighborhood Services Committee of the Board of Supervisors to investigate the circumstances around 80+ juveniles engaging in the destruction of 4 MUNI buses, blocking traffic, throwing incendiary devices, spitting on and throwing bottles at officers, and failing to disperse after numerous and repeated direction to do so by SFPD.

Further, we call on all elected and appointed officials charged with upholding our laws and maintaining our public safety to hold anyone who harmed officers, other residents, or damaged property accountable under the law.

San Francisco residents have been clear: we want our laws obeyed, we want our officers supported in their efforts to uphold the laws, and we want those who break the law held accountable because we all want a safe and functional environment in which to live. San Francisco is no longer the “wild west” where people lived in fear of lawlessness, unchecked violence, theft, and property damage...is it?

Thank you.

We support the SFPD in their best practice efforts to maintain law and order in our city because laws are rules that bind all people living in a community and are fundamental to the success of every society.

The American commitment to the rule of law means that the same laws govern EVERY citizen. These laws arise out of shared values, morals, and concerns, and they protect us from crime, ensure that we do not endanger others, and create a world in which we can all retain a sense of civility and shared expectation.

In general, blaming the very officers who have taken an oath to uphold our laws simply for doing their jobs is fundamentally unfair, hypocritically unsound, and dangerously disruptive to the foundation of a functional city. More specifically, the insinuation that SFPD's handling of the "hill bomb" should be investigated is an attempt to create a false narrative. The truth is, SFPD officers were protecting San Francisco residents from activity that resulted in property damage, bodily harm, and death in years past. Allowing citizens to brazenly engage in the

destruction of public property, such as graffitiing MUNI buses, and impeding safe access to and use of public streets, would be a dereliction of duty not only by SFPD and all elected and appointed officials tasked with public safety, it would be a breach by the citizens engaged in that behavior of our communal agreement to keep each other safe and to respect our laws.

Therefore, we call on the Public Safety and Neighborhood Services Committee of the Board of Supervisors to investigate the circumstances around 80+ juveniles engaging in the destruction of 4 MUNI buses, blocking traffic, throwing incendiary devices, spitting on and throwing bottles at officers, and failing to disperse after numerous and repeated direction to do so by SFPD.

Further, we call on all elected and appointed officials charged with upholding our laws and maintaining our public safety to hold anyone who harmed officers, other residents, or damaged property accountable under the law.

San Francisco residents have been clear: we want our laws obeyed, we want our officers supported in their efforts to uphold the laws, and we want those who break the law held accountable because we all want a safe and functional environment in which to live. San Francisco is no longer the “wild west” where people lived in fear of lawlessness, unchecked violence, theft, and property damage...is it?

Thank you.

**I live in the nearby neighborhood at Sanchez and Market and personally had a scary encounter with young men gathering for the event.**

We were driving home on 17th at the time they were gathering near Dolores Park, and a guy with skateboard stepped out suddenly into traffic from between some parked cars and we almost hit him. My partner honked at him to alert him, and he got irate and began cursing at us in a threatening manner. They are not innocent youth. This guy seemed aggressive and looked older than a teenager. I was worried he was going to come after us. There were a number of other young men milling around so I was a bit scared (two over 65 year old women in a car passing through a gathering throng). I was passenger and my partner was driving. I just stared straight ahead so as not to give the guy attention that might instigate him further. All we wanted to do was get home.

I then learned of the violence and property issues related to this Saturdays events near Dolores Park. After seeing what I did on my way home, this news did not surprise me. To allow this gathering go on with no police presence would have been folly. The people that I saw congregating were such that I would want to avoid them either in my car or on foot. I don't think it's right that scary people can take over public space and then do damage.

I want to personally thank the SFPD, Chief Scott and Captain Harvey for their professionalism in addressing the issues that took place. They did their job while protecting our neighborhood and curbing further activities without any serious injuries.

Sincerely,

Sandy yagi

The truth is, SFPD officers were protecting San Francisco residents from activity that resulted in property damage, bodily harm, and death in years past. Allowing citizens to brazenly engage in the

destruction of public property, such as graffitiing MUNI buses, and impeding safe access to and use of public streets, would be a dereliction of duty not only by SFPD and all elected and appointed officials tasked with public safety, it would be a breach by the citizens engaged in that behavior of our communal agreement to keep each other safe and to respect our laws.

Therefore, we call on the Public Safety and Neighborhood Services Committee of the Board of Supervisors to investigate the circumstances around 80+ juveniles engaging in the destruction of 4 MUNI buses, blocking traffic, throwing incendiary devices, spitting on and throwing bottles at officers, and failing to disperse after numerous and repeated direction to do so by SFPD.

Further, we call on all elected and appointed officials charged with upholding our laws and maintaining our public safety to hold anyone who harmed officers, other residents, or damaged property accountable under the law.

San Francisco residents have been clear: we want our laws obeyed, we want our officers supported in their efforts to uphold the laws, and we want those who break the law held accountable because we all want a safe and functional environment in which to live. San Francisco is no longer the “wild west” where people lived in fear of lawlessness, unchecked violence, theft, and property damage...is it?

Thank you.

### **I Support the SFPD in Enforcing Our City Laws.**

Message:                      Dear Police Commissioners, Board of Supervisors  
and City Leaders,

We support the SFPD in their best practice efforts to maintain law and order in our city because laws are rules that bind all people living in a community and are fundamental to the success of every society.

The American commitment to the rule of law means that the same laws govern EVERY citizen. These laws arise out of shared values, morals, and concerns, and they protect us from crime, ensure that we do not endanger others, and create a world in which we can all retain a sense of civility and shared expectation.

In general, blaming the very officers who have taken an oath to uphold our laws simply for doing their jobs is fundamentally unfair, hypocritically unsound, and dangerously disruptive to the foundation of a functional city. More specifically, the insinuation that SFPD's handling of the "hill bomb" should be investigated is an attempt to create a false narrative. The truth is, SFPD officers were protecting San Francisco residents from activity that resulted in property damage, bodily harm, and death in years past. Allowing citizens to brazenly engage in the

destruction of public property, such as graffitiing MUNI buses, and impeding safe access to and use of public streets, would be a dereliction of duty not only by SFPD and all elected and appointed officials tasked with public safety, it would be a breach by the citizens engaged in that behavior of our communal agreement to keep each other safe and to respect our laws.

Therefore, we call on the Public Safety and Neighborhood Services Committee of the Board of Supervisors to investigate the circumstances around 80+ juveniles engaging in the destruction of 4 MUNI buses, blocking traffic, throwing incendiary devices, spitting on and throwing bottles at officers, and failing to disperse after numerous and repeated direction to do so by SFPD.

**As a native San Franciscan I am disgusted at by the riotous and violent behaviors of the participants of the Hill Bomb event at Dolores Park. I am even more disgusted by the the people who are in support of the participants, which includes the members of the SFPD Commission.**

**The police must be allowed to enforce the law, and make arrests when laws are broken, without being demoralized for doing so. This is a basic necessity. In San Francisco, this basic and necessary ingredient is being slowly removed by the very people, (SFPD Commission, and Board of Supervisors), who are supposed to uphold it.**

**Allow the police to do the job they are sworn to do, without unnecessary interference.**

### **Mayor Breed and Supervisors: You must take immediate action to end the destruction of San Francisco's retail and business centers!**

Message: Dear Mayor Breed and Supervisors,

We are calling on you TO TAKE IMMEDIATE ACTION to end the destruction of our retail and business centers.

Old Navy is closing its flagship store in San Francisco. Nordstrom is closing two stores in downtown San Francisco. Union Square is dying. Which major retailer will be next: Bloomingdale's, Macy's, Saks 5th Ave, Neiman Marcus? Our iconic cable cars will soon be transporting tourists to a vacant, blighted downtown. And then those visitors will stop coming. Our city is in a precarious downward spiral, and you must act now to stop it.

As Nordstrom noted in their departure announcement:

"[Unibail-Rodamco-Westfield] has actively engaged with city leaders for many years to express our serious concerns, which are shared by our customers and retailers. We have urged the city to find solutions to the key issues and lack of enforcement against rampant criminal activity,"

As San Franciscans who care deeply about our city, we are providing you with a short list of concrete actions which we believe will not only help deter additional retailers from leaving our city, but will improve the overall quality of life of all SF residents.

This list is just a beginning:

1. Even under Prop 47 and Martin v. Boise, it is illegal to shoplift, sell drugs, possess drugs, and otherwise engage in disorderly behavior in public. Mayor Breed, you have the power right now to instruct the Police Department to deploy 100 officers to the Tenderloin and arrest every single person publicly consuming narcotics or possessing a sufficient amount of narcotics to qualify for a sale charge. Do this every day for a month. Again, even with Prop. 47, these are both still crimes that are punishable by up to six months to a year in county jail -- and sometimes more. Even if a judge releases the offender immediately, if you were to commit to doing this every day for a month, the real penalty would be that anyone selling or using drugs in public would get about two hours of freedom per day until they were arrested again. The message would eventually go out that San Francisco is no longer a destination for drug tourism but a place where laws are enforced, and illegal drugs and cash are almost immediately confiscated. Downtown would clear up pretty quickly.

2. Until they can be removed by ballot initiative or term-ends, we call on the Board of Supervisors to publicly pressure the anti-police Police Commissioners to revise their bias against law-and-order and better understand the realities of police work and the real-world implications of the policy decisions they make. The rules and strictures they have imposed on police operations over the last few years are in large part responsible for this mess. This crisis has authors. Remove them and replace them with commissioners who will help our severely understaffed department become more effective, not drown our officers in paperwork or instruct them to stop enforcing the law.

3. The city's tax base is disappearing. We demand that you slash \$2 billion from the budget immediately. This can be achieved by reducing staff across the board, ending perks, waste, and redundancies, terminating relationships with corrupt non-profits (how much was paid last year to ineffective or non-existent non-profits?), and suspending all raises until you pull the city from the shambles it is in.

(Note: the budget for Police and Fire Departments should be maintained or increased, as they are critical to fixing our problems.)

4. Immediately reinstate the Homeward Bound bus ticket program.

5. Terminate the head of HSH and hire a shelter-first advocate who will strive to dramatically reduce the number of people living on the streets rather than maintain the status quo.

6. Immediately exempt fentanyl dealers from Sanctuary protection.

No more excuses. This complete dereliction of duty must end today.

For those of you who lack sympathy for large, chain businesses, remember two things: They don't need San Francisco as much as San Francisco needs them, and as anchor tenants to malls and downtown centers, they are the power behind which all of the other area retailers draft. That means jobs, enhanced safety, increased street activity, and tax revenue.

We are regular San Franciscans who are demanding a functional city government. We successfully recalled a dangerous DA and an incompetent Board of Education. Your failure to govern is both outrageous and unacceptable. Your constituents will hold you accountable.

### **I Support the SFPD in Enforcing Our City Laws.**

Message:                      Dear Police Commissioners, Board of Supervisors  
and City Leaders,

Recently, the Hill Bomb has killed a person and paralyzed another.

Looking at video of this year's event, there was no safety fencing. Skaters almost ran into cars, nearly resulting in more injury or even death. Getting a permit would have resulted in fencing and a safer event.

Long story short, the Hill Bomb organizers need to put on their big boy pants and get a permit for their event. Just like every other group does.

In addition, the Hill Bomb organizers need to take responsibility for the fact that small bombs -- M-80s - - were set off at the event. That's not the peaceful assembly that's allowed under the First Amendment. Neither is causing \$70,000 in damage to our cash-strapped Muni services, or slashing the face of SFPD officers.

The Hill Bomb organizers don't feel the rules apply to them. Every other group works with the city to get permits. The Hill Bomb organizers are coming across as entitled and immature.

San Francisco residents have been clear: we want our laws obeyed, we want our officers supported in their efforts to uphold the laws, and we want those who break the law held accountable because we all want a safe and functional environment in which to live. San Francisco is no longer the “wild west” where people lived in fear of lawlessness, unchecked violence, theft, and property damage...is it?

The Hill Bomb organizers need to grow up, follow the same rules -- and endure the same consequences as everyone else if they don't.

Thank you.

### **I Support the SFPD in Enforcing Our City Laws.**

Message: Dear Police Commissioners, Board of Supervisors and City Leaders,

We support the SFPD in their best practice efforts to maintain law and order in our city because laws are rules that bind all people living in a community and are fundamental to the success of every society.

The American commitment to the rule of law means that the same laws govern EVERY citizen. These laws arise out of shared values, morals, and concerns, and they protect us from crime, ensure that we do not endanger others, and create a world in which we can all retain a sense of civility and shared expectation.

In general, blaming the very officers who have taken an oath to uphold our laws simply for doing their jobs is fundamentally unfair, hypocritically unsound, and dangerously disruptive to the foundation of a functional city. More specifically, the insinuation that SFPD's handling of the "hill bomb" should be investigated is an attempt to create a false narrative. The truth is, SFPD officers were protecting San Francisco residents from activity that resulted in property damage, bodily harm, and death in years past. Allowing citizens to brazenly engage in the

destruction of public property, such as graffitiing MUNI buses, and impeding safe access to and use of public streets, would be a dereliction of duty not only by SFPD and all elected and appointed officials tasked with public safety, it would be a breach by the citizens engaged in that behavior of our communal agreement to keep each other safe and to respect our laws.

Therefore, we call on the Public Safety and Neighborhood Services Committee of the Board of Supervisors to investigate the circumstances around 80+ juveniles engaging in the destruction of 4 MUNI buses, blocking traffic, throwing incendiary devices, spitting on and throwing bottles at officers, and failing to disperse after numerous and repeated direction to do so by SFPD.

Further, we call on all elected and appointed officials charged with upholding our laws and maintaining our public safety to hold anyone who harmed officers, other residents, or damaged property accountable under the law.

San Francisco residents have been clear: we want our laws obeyed, we want our officers supported in their efforts to uphold the laws, and we want those who break the law held accountable because we all want a safe and functional environment in which to live. San Francisco is no longer the “wild west” where people lived in fear of lawlessness, unchecked violence, theft, and property damage...is it?

### **Mayor Breed and Supervisors: You must take immediate action to end the destruction of San Francisco's retail and business centers!**

Message: Dear Mayor Breed and Supervisors,

We are calling on you TO TAKE IMMEDIATE ACTION to end the destruction of our retail and business centers.

Old Navy is closing its flagship store in San Francisco. Nordstrom is closing two stores in downtown San Francisco. Union Square is dying. Which major retailer will be next: Bloomingdale's, Macy's, Saks 5th Ave, Neiman Marcus? Our iconic cable cars will soon be transporting tourists to a vacant, blighted downtown. And then those visitors will stop coming. Our city is in a precarious downward spiral, and you must act now to stop it.

As Nordstrom noted in their departure announcement:

"[Unibail-Rodamco-Westfield] has actively engaged with city leaders for many years to express our serious concerns, which are shared by our customers and retailers. We have urged the city to find solutions to the key issues and lack of enforcement against rampant criminal activity,"

As San Franciscans who care deeply about our city, we are providing you with a short list of concrete actions which we believe will not only help deter additional retailers from leaving our city, but will improve the overall quality of life of all SF residents.

This list is just a beginning:

1. Even under Prop 47 and Martin v. Boise, it is illegal to shoplift, sell drugs, possess drugs, and otherwise engage in disorderly behavior in public. Mayor Breed, you have the power right now to instruct the Police Department to deploy 100 officers to the Tenderloin and arrest every single person publicly consuming narcotics or possessing a sufficient amount of narcotics to qualify for a sale charge. Do this every day for a month. Again, even with Prop. 47, these are both still crimes that are punishable by up to six months to a year in county jail -- and sometimes more. Even if a judge releases the offender immediately, if you were to commit to doing this every day for a month, the real penalty would be that anyone selling or using drugs in public would get about two hours of freedom per day until they were arrested again. The message would eventually go out that San Francisco is no longer a destination for drug tourism but a place where laws are enforced, and illegal drugs and cash are almost immediately confiscated. Downtown would clear up pretty quickly.

2. Until they can be removed by ballot initiative or term-ends, we call on the Board of Supervisors to publicly pressure the anti-police Police Commissioners to revise their bias against law-and-order and better understand the realities of police work and the real-world implications of the policy decisions they make. The rules and strictures they have imposed on police operations over the last few years are in large part responsible for this mess. This crisis has authors. Remove them and replace them with commissioners who will help our severely understaffed department become more effective, not drown our officers in paperwork or instruct them to stop enforcing the law.

3. The city's tax base is disappearing. We demand that you slash \$2 billion from the budget immediately. This can be achieved by reducing staff across the board, ending perks, waste, and redundancies, terminating relationships with corrupt non-profits (how much was paid last year to ineffective or non-existent non-profits?), and suspending all raises until you pull the city from the shambles it is in.

(Note: the budget for Police and Fire Departments should be maintained or increased, as they are critical to fixing our problems.)

4. Immediately reinstate the Homeward Bound bus ticket program.

5. Terminate the head of HSH and hire a shelter-first advocate who will strive to dramatically reduce the number of people living on the streets rather than maintain the status quo.

6. Immediately exempt fentanyl dealers from Sanctuary protection.

No more excuses. This complete dereliction of duty must end today.

For those of you who lack sympathy for large, chain businesses, remember two things: They don't need San Francisco as much as San Francisco needs them, and as anchor tenants to malls and downtown centers, they are the power behind which all of the other area retailers draft. That means jobs, enhanced safety, increased street activity, and tax revenue.

We are regular San Franciscans who are demanding a functional city government. We successfully recalled a dangerous DA and an incompetent Board of Education. Your failure to govern is both outrageous and unacceptable. Your constituents will hold you accountable.

### **I Support the SFPD in Enforcing Our City Laws.**

Message:                        Dear Police Commissioners, Board of Supervisors  
and City Leaders,

We support the SFPD in their best practice efforts to maintain law and order in our city because laws are rules that bind all people living in a community and are fundamental to the success of every society.

The American commitment to the rule of law means that the same laws govern EVERY citizen. These laws arise out of shared values, morals, and concerns, and they protect us from crime, ensure that we do not endanger others, and create a world in which we can all retain a sense of civility and shared expectation.

In general, blaming the very officers who have taken an oath to uphold our laws simply for doing their jobs is fundamentally unfair, hypocritically unsound, and dangerously disruptive to the foundation of a functional city. More specifically, the insinuation that SFPD's handling of the "hill bomb" should be investigated is an attempt to create a false narrative. The truth is, SFPD officers were protecting San Francisco residents from activity that resulted in property damage, bodily harm, and death in years past. Allowing citizens to brazenly engage in the

destruction of public property, such as graffitiing MUNI buses, and impeding safe access to and use of public streets, would be a dereliction of duty not only by SFPD and all elected and appointed officials tasked with public safety, it would be a breach by the citizens engaged in that behavior of our communal agreement to keep each other safe and to respect our laws.

Therefore, we call on the Public Safety and Neighborhood Services Committee of the Board of Supervisors to investigate the circumstances around 80+ juveniles engaging in the destruction of 4 MUNI buses, blocking traffic, throwing incendiary devices, spitting on and throwing bottles at officers, and failing to disperse after numerous and repeated direction to do so by SFPD.

Further, we call on all elected and appointed officials charged with upholding our laws and maintaining our public safety to hold anyone who harmed officers, other residents, or damaged property accountable under the law.

San Francisco residents have been clear: we want our laws obeyed, we want our officers supported in their efforts to uphold the laws, and we want those who break the law held accountable because we all want a safe and functional environment in which to live. San Francisco is no longer the “wild west” where people lived in fear of lawlessness, unchecked violence, theft, and property damage...is it?

Thank you.

These laws arise out of shared values, morals, and concerns, and they protect us from crime, ensure that we do not endanger others, and create a world in which we can all retain a sense of civility and shared expectation.

In general, blaming the very officers who have taken an oath to uphold our laws simply for doing their jobs is fundamentally unfair, hypocritically unsound, and dangerously disruptive to the foundation of a functional city. More specifically, the insinuation that SFPD's handling of the "hill bomb" should be investigated is an attempt to create a false narrative. The truth is, SFPD officers were protecting San Francisco residents from activity that resulted in property damage, bodily harm, and death in years past. Allowing citizens to brazenly engage in the

destruction of public property, such as graffitiing MUNI buses, and impeding safe access to and use of public streets, would be a dereliction of duty not only by SFPD and all elected and appointed officials tasked with public safety, it would be a breach by the citizens engaged in that behavior of our communal agreement to keep each other safe and to respect our laws.

Therefore, we call on the Public Safety and Neighborhood Services Committee of the Board of Supervisors to investigate the circumstances around 80+ juveniles engaging in the destruction of 4 MUNI buses, blocking traffic, throwing incendiary devices, spitting on and throwing bottles at officers, and failing to disperse after numerous and repeated direction to do so by SFPD.

Further, we call on all elected and appointed officials charged with upholding our laws and maintaining our public safety to hold anyone who harmed officers, other residents, or damaged property accountable under the law.

San Francisco residents have been clear: we want our laws obeyed, we want our officers supported in their efforts to uphold the laws, and we want those who break the law held accountable because we all want a safe and functional environment in which to live. San Francisco is no longer the “wild west” where people lived in fear of lawlessness, unchecked violence, theft, and property damage...is it?

Thank you.

### **I Support the SFPD in Enforcing Our City Laws.**

Message:                      Dear Police Commissioners, Board of Supervisors  
and City Leaders,

We support the SFPD in their best practice efforts to maintain law and order in our city because laws are rules that bind all people living in a community and are fundamental to the success of every society.

The American commitment to the rule of law means that the same laws govern EVERY citizen. These laws arise out of shared values, morals, and concerns, and they protect us from crime, ensure that we do not endanger others, and create a world in which we can all retain a sense of civility and shared expectation.

In general, blaming the very officers who have taken an oath to uphold our laws simply for doing their jobs is fundamentally unfair, hypocritically unsound, and dangerously disruptive to the foundation of a functional city. More specifically, the insinuation that SFPD's handling of the "hill bomb" should be investigated is an attempt to create a false narrative. The truth is, SFPD officers were protecting San Francisco residents from activity that resulted in property damage, bodily harm, and death in years past. Allowing citizens to brazenly engage in the

destruction of public property, such as graffitiing MUNI buses, and impeding safe access to and use of public streets, would be a dereliction of duty not only by SFPD and all elected and appointed officials tasked with public safety, it would be a breach by the citizens engaged in that behavior of our communal agreement to keep each other safe and to respect our laws.

Therefore, we call on the Public Safety and Neighborhood Services Committee of the Board of Supervisors to investigate the circumstances around 80+ juveniles engaging in the destruction of 4 MUNI buses, blocking traffic, throwing incendiary devices, spitting on and throwing bottles at officers, and failing to disperse after numerous and repeated direction to do so by SFPD.

Further, we call on all elected and appointed officials charged with upholding our laws and maintaining our public safety to hold anyone who harmed officers, other residents, or damaged property accountable under the law.

San Francisco residents have been clear: we want our laws obeyed, we want our officers supported in their efforts to uphold the laws, and we want those who break the law held accountable because we all want a safe and functional environment in which to live. San Francisco is no longer the “wild west” where people lived in fear of lawlessness, unchecked violence, theft, and property damage...is it?

Thank you.

I'd like to give public comment on this issue on Wednesday, July 19th @ 5:30 pm

Maybe next time.

### **I Support the SFPD in Enforcing Our City Laws.**

Message:

Dear Police Commissioners, Board of Supervisors and City Leaders,

As a San Francisco native, the fifth generation to live here,  
I support the SFPD in its effort to stop the illegal activities that took place at the Hill Bomb event & also the activities near Garfield Park on July 4th.

I understand that young people were detained & the actions of the SFPD have caused members of the Board of Supervisors and Police Commission to express outrage at the behavior of the police. I think that this outrage would be better expressed at the young people and their parents/guardians for the unsafe and destructive behavior that put people in the neighborhood at risk.

Who will hold these young people accountable. Clearly not their parents, who are demanding the police be held to account.

How do we raise the next generation to find ways to support their community and make it better instead of destroying it for kicks. We are sending the wrong message by letting them believe their actions should not have consequences and that the police were in

the wrong, not them.

I am an educator and abhor police brutality. This does not appear to fall into that category. We are short 600 officers and it's clear we will not attract quality candidates by blaming officers for doing their jobs.

In general, blaming the very officers who have taken an oath to uphold our laws simply for doing their jobs is fundamentally unfair, hypocritically unsound, and dangerously disruptive to the foundation of a functional city. More specifically, the insinuation that SFPD's handling of the "hill bomb" should be investigated is an attempt to create a false narrative. ### **I Support the SFPD in Enforcing Our City Laws.**

Message:                      Dear Police Commissioners, Board of Supervisors  
and City Leaders,

We support the SFPD in their best practice efforts to maintain law and order in our city because laws are rules that bind all people living in a community and are fundamental to the success of every society.

The American commitment to the rule of law means that the same laws govern EVERY citizen. These laws arise out of shared values, morals, and concerns, and they protect us from crime, ensure that we do not endanger others, and create a world in which we can all retain a sense of civility and shared expectation.

In general, blaming the very officers who have taken an oath to uphold our laws simply for doing their jobs is fundamentally unfair, hypocritically unsound, and dangerously disruptive to the foundation of a functional city. More specifically, the insinuation that SFPD's handling of the "hill bomb" should be investigated is an attempt to create a false narrative. The truth is, SFPD officers were protecting San Francisco residents from activity that resulted in property damage, bodily harm, and death in years past. Allowing citizens to brazenly engage in the

destruction of public property, such as graffitiing MUNI buses, and impeding safe access to and use of public streets, would be a dereliction of duty not only by SFPD and all elected and appointed officials tasked with public safety, it would be a breach by the citizens engaged in that behavior of our communal agreement to keep each other safe and to respect our laws.

Therefore, we call on the Public Safety and Neighborhood Services Committee of the Board of Supervisors to investigate the circumstances around 80+ juveniles engaging in the destruction of 4 MUNI buses, blocking traffic, throwing incendiary devices, spitting on and throwing bottles at officers, and failing to disperse after numerous and repeated direction to do so by SFPD.

Further, we call on all elected and appointed officials charged with upholding our laws and maintaining our public safety to hold anyone who harmed officers, other residents, or damaged property accountable under the law.

San Francisco residents have been clear: we want our laws obeyed, we want our officers supported in their efforts to uphold the laws, and we want those who break the law held accountable because we all want a safe and functional environment in which to live. San Francisco is no longer the “wild west” where people lived in fear of lawlessness, unchecked violence, theft, and property damage...is it?

Thank you

**Subject:** Support for the SFPD in regard to Dolores Street Incident  
**Date:** Tuesday, July 18, 2023 3:50:41 PM

---

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear elected or appointed official:

I wish to extend my gratitude to the SFPD and the Mission Station of the SFPD for their service on July 8, 2023. I live three blocks away from Dolores Park. The situation in and around the area was getting out of hand, and the SFPD took appropriate actions to protect the community. It must be strongly noted that the SFPD accomplished the goal of subduing the event without any physical violence to persons gathered for the event. The property damage that occurred on the part of those attending the unauthorized event is inexcusable. All too often in San Francisco, unacceptable behavior is tolerated, even when that behavior damages personal and city owned property, and quite frankly impinges on the rights of citizens' seeking a peaceful and civil environment. Consistency of action on the part of the SFPD conducted in a peaceful manner (as on 7/8/23) is what is needed to begin the process of ending the 'doom loop' which we are experiencing in this city.

The criticism of the SFPD on the part of parents', community organizers', and others' is quite puzzling. The intent of the SFPD was made clear to the entire crowd and those individuals chose to ignore the command. I recently viewed a video of the incident and witnessed a member of the crowd physically confronting and pushing a police officer. The reaction on the part of the officer was reasonable to protect his person, yet peaceably restrain the offender. Much of the press blaming the SFPD for improper behavior is quite puzzling given what ordinary citizens' viewed on the ground. What is most disturbing is how those who were against the SFPD actions are willing to ignore the facts in favor of their political position, not unlike the current behaviors of the far right in the U.S. Congress. We must seek truth and justice and peace.

Again my thanks to the SFPD and let's not be intimidated by the false claims that have been lodged against the SFPD.

### **I Support the SFPD in Enforcing Our City Laws.**

Message:                      Dear Police Commissioners, Board of Supervisors  
and City Leaders,

We, the voters, support the SFPD in their best practice efforts to maintain law and order in our city because laws are rules that bind all people living in a community and are fundamental to the success of every society. The American commitment to the rule of law means that the same laws govern EVERY citizen. These laws arise out of shared values, morals, and concerns, and they protect us from crime, ensure that we do not endanger others, and create a world in which we can all retain a sense of civility and shared expectation.

This restless mob was dangerous, and reckless. They put lives at risk, and trashed our tax funded property, neighborhood, and park, and Mission High School. This mob vandalized 3 MUNI buses, and according to the SF Standard, caused \$70k worth of damages. In many reports, these people were not even from San Francisco, they came from Daly City, to Richmond - they came with graffiti supplies, they came to trash Dolores Park. The police were in riot gear, because multiple officers were assaulted. Residents felt unsafe, and asked for police escorts. These people came with the intention to vandalize

our park, community, neighborhood, with a reckless disregard for our tax dollars, property, our historic neighborhoods character, educational institutes or human life. These people are not victims - they are a mob, with clear reckless and dangerous intentions, and SHOULD not be allowed to pin the blame on our officers. Plain and simple, who comes to Dolores Park with graffiti supplies? - Definitely not a victim who just wanted to skateboard.

In general, blaming the very officers who have taken an oath to uphold our laws simply for doing their jobs is fundamentally unfair, hypocritically unsound, and dangerously disruptive to the foundation of a functional city. More specifically, the insinuation that SFPD's handling of the "hill bomb" should be investigated is an attempt to create a false narrative. The truth is, SFPD officers were protecting San Francisco residents from activity that resulted in property damage, bodily harm, and death in years past. Allowing citizens to brazenly engage in the destruction of public property, such as graffitiing MUNI buses, and impeding safe access to and use of public streets, would be a dereliction of duty not only by SFPD and all elected and appointed officials tasked with public safety, it would be a breach by the citizens engaged in that behavior of our communal agreement to keep each other safe and to respect our laws.

Dear City and Police Leaders,

I have been reading and watching the reactions of members from different communities to try and understand what is and has been going on with this event. As a professor of rhetoric at both Stanford and the University of San Francisco, I have begun to analyze the statements and actions (or inactions) around the hill bomb. As I have been doing this, I feel I have things to bring up, that I have not yet heard in any other statements about the event, and I hope you will indulge me in my analysis.

Roughly 10 years ago, a group of skaters decided that they were going to take over a street so they could bomb down it on their skateboards.

The event was not then, and has not been since, sanctioned or approved by the city.

Their rhetorical position of the skaters has been “we want to do this, and we are going to do this, no matter what you do”.

With just this simple framework, one could say the skaters have instituted and perpetuated an aggressive act to take over a space and use it for their purposes.

Now, any protest would do something similar. Is this a protest? If it is, I don’t know what the point of the protest is. To me, that says the skaters have not done a good job of communicating their protest, if it is in fact one.

Another example of something similar might be Critical Mass, which was a protest of bicyclists to car drivers and city leaders, that bikes had just as much right to the road as anyone else and thus demanded a sharing of street space.

Is the Bomb the Hill akin to Critical Mass? Maybe, but again, if it is, I have not heard what it is that the skaters are demanding, beyond taking over the hill.

Skaters – is there a message you are trying to tell society with this Hill Bomb? If so, what is it?

As someone who lives a few doors down from Dolores Street and the Hill Bomb, what I have seen at each of these events is a joy of youth taking over a street and having a great time bombing down the hill.

So why did the police, this year, decide to shut it down, if the kids are just having fun? I can’t speak for the police, but as a community member, I imagine they see that this event, every single time it has happened, has not ended the way it began. It begins with “good clean fun” and ends with destruction of property, setting off of M-80’s and other fireworks, fights, etc... In other words, we have 10 years of data that shows

the physical and psychological degradation of the neighborhood and its residents at these events.

I have heard some accuse the city of not reaching out to the skaters and working to build better rapport. If the skaters want good rapport, then why does the Hill Bomb devolve into destructive behavior every year? If the skaters want dialogue, then I hope they are asking for it.

Do the skaters acknowledge that some of their group have behaved badly? Have there been any apologies for such behavior? Any effort to pay for damage done or in any other way address the “wrongs” that have been perpetrated on the neighborhood for the past 10 years? Perhaps, but I am not aware that any of these things have happened. I am hopeful they have, but fear they have not.

So, to recap: a group comes into a neighborhood once a year, and leaves it much worse off than how they found it. Consistently. Ten years of data shows there is little regard or respect of the space or the people who live in that space the other 364 days of the year. There seems to be no clear message that this group is sending – that they want or need something from the community or society. What they show instead is a desire to take what they want for their own fun, no matter what anyone else thinks.

This year, as I watched the police, by mid-afternoon, show their presence, and resolve to not allow the hill bomb to occur this year. As the afternoon and evening unfolded, I had an emotional reaction I have had very little of living in San Francisco for almost 40 years: the feeling that the police were protecting me and my neighborhood from people who do not respect us.

This analysis is done just from my own knowledge and observations. There may be much that I don't know or understand. I would love to learn that the skaters have been more respectful and responsible than what I have presented here. But, until the community is assured that the skaters either have a clear message (one beyond their own joy for a few hours), some contrition over bad behavior by some of their group, or take some responsibility for the wrongs that have been perpetrated for the past 10 years, I hope city leaders and the SFPD continue to shut this event down.

Thank you, SFPD for helping our neighborhood!

With Respect,

Bob Bathrick

### **I Support the SFPD in Enforcing Our City Laws.**

Message:                      Dear Police Commissioners, Board of Supervisors  
and City Leaders,

We support the SFPD in their best practice efforts to maintain law and order in our city because laws are rules that bind all people living in a community and are fundamental to the success of every society.

The American commitment to the rule of law means that the same laws govern EVERY citizen. These laws arise out of shared values, morals, and concerns, and they protect us from crime, ensure that we do not endanger others, and create a world in which we can all retain a sense of civility and shared expectation.

In general, blaming the very officers who have taken an oath to uphold our laws simply for doing their jobs is fundamentally unfair, hypocritically unsound, and dangerously disruptive to the foundation of a functional city. More specifically, the insinuation that SFPD's handling of the "hill bomb" should be investigated is an attempt to create a false narrative. The truth is, SFPD officers were protecting San Francisco residents from activity that resulted in property damage, bodily harm, and death in years past. Allowing citizens to brazenly engage in the

destruction of public property, such as graffitiing MUNI buses, and impeding safe access to and use of public streets, would be a dereliction of duty not only by SFPD and all elected and appointed officials tasked with public safety, it would be a breach by the citizens engaged in that behavior of our communal agreement to keep each other safe and to respect our laws.

Therefore, we call on the Public Safety and Neighborhood Services Committee of the Board of Supervisors to investigate the circumstances around 80+ juveniles engaging in the destruction of 4 MUNI buses, blocking traffic, throwing incendiary devices, spitting on and throwing bottles at officers, and failing to disperse after numerous and repeated direction to do so by SFPD.

Further, we call on all elected and appointed officials charged with upholding our laws and maintaining our public safety to hold anyone who harmed officers, other residents, or damaged property accountable under the law.

San Francisco residents have been clear: we want our laws obeyed, we want our officers supported in their efforts to uphold the laws, and we want those who break the law held accountable because we all want a safe and functional environment in which to live. San Francisco is no longer the “wild west” where people lived in fear of lawlessness, unchecked violence, theft, and property damage...is it?

Thank you.

I'd like to give public comment on this issue on Wednesday, July 19th @ 5:30 pm

Maybe next time.

### **I Support the SFPD in Enforcing Our City Laws.**

Message:                      Dear Police Commissioners, Board of Supervisors  
and City Leaders,

We support the SFPD in their best practice efforts to maintain law and order in our city because laws are rules that bind all people living in a community and are fundamental to the success of every society.

The American commitment to the rule of law means that the same laws govern EVERY citizen. These laws arise out of shared values, morals, and concerns, and they protect us from crime, ensure that we do not endanger others, and create a world in which we can all retain a sense of civility and shared expectation.

In general, blaming the very officers who have taken an oath to uphold our laws simply for doing their jobs is fundamentally unfair, hypocritically unsound, and dangerously disruptive to the foundation of a functional city. More specifically, the insinuation that SFPD's handling of the "hill bomb" should be investigated is an attempt to create a false narrative. The truth is, SFPD officers were protecting San Francisco residents from activity that resulted in property damage, bodily harm, and death in years past. Allowing citizens to brazenly engage in the

destruction of public property, such as graffitiing MUNI buses, and impeding safe access to and use of public streets, would be a dereliction of duty not only by SFPD and all elected and appointed officials tasked with public safety, it would be a breach by the citizens engaged in that behavior of our communal agreement to keep each other safe and to respect our laws.

The mob started fights, let off fireworks bombs (M80s), assaulted people, and sprayed graffiti on homes, small businesses and Mission High School.

They came looking for a fight – police recovered 2 loaded firearms and 2 other guns, along with 6 knives, and backpacks full of illegal fireworks and graffiti spray paint.

At previous Hill Bomb events, they killed someone and paralyzed another. On July 8, they slashed the face of a police officer opening a gate for nearby residents, sending him to the hospital, and spit in the face of others. They threw smoke bombs, fireworks, bottles and full cans.

After giving orders to disperse via loudspeakers for over an hour, SFPD arrested 120 people for assault and battery, inciting a riot, violating lawful orders, vandalism and other crimes. No one was arrested for skateboarding.

Therefore, we call on the Public Safety and Neighborhood Services Committee of the Board of Supervisors to investigate the around 100+ juveniles and adults engaging in the destruction of 4 MUNI buses, blocking traffic, throwing incendiary devices, spitting on and throwing bottles at officers, and failing to disperse after numerous and repeated direction to do so by SFPD.

Further, we call on all elected and appointed officials charged with upholding our laws and maintaining our public safety to hold anyone who harmed officers, other residents, or damaged property accountable under the law.

I am a 35 year resident of the Castro / Dolores Park neighborhood. I fully support the actions of the SFPD in dealing with the unauthorized Dolores Hill Bomb event. The organizers of this event don't seem interested in seeking to make this a city approved event. They don't seem to care about the neighbors who live in the area or the safety of the skate boarders. Many of the participants came armed with cans of spray paint which they used to deface public and private property.

Thank you SFPD.

The truth is, SFPD officers were protecting San Francisco residents from activity that resulted in property damage, bodily harm, and death in years past. Allowing citizens to brazenly engage in the

destruction of public property, such as graffitiing MUNI buses, and impeding safe access to and use of public streets, would be a dereliction of duty not only by SFPD and all elected and appointed officials tasked with public safety, it would be a breach by the citizens engaged in that behavior of our communal agreement to keep each other safe and to respect our laws.

Therefore, we call on the Public Safety and Neighborhood Services Committee of the Board of Supervisors to investigate the circumstances around 80+ juveniles engaging in the destruction of 4 MUNI buses, blocking traffic, throwing incendiary devices, spitting on and throwing bottles at officers, and failing to disperse after numerous and repeated direction to do so by SFPD.

Further, we call on all elected and appointed officials charged with upholding our laws and maintaining our public safety to hold anyone who harmed officers, other residents, or damaged property accountable under the law.

San Francisco residents have been clear: we want our laws obeyed, we want our officers supported in their efforts to uphold the laws, and we want those who break the law held accountable because we all want a safe and functional environment in which to live. San Francisco is no longer the “wild west” where people lived in fear of lawlessness, unchecked violence, theft, and property damage...is it?

Thank you.

### **I Support the SFPD in Enforcing Our City Laws.**

Message:                      Dear Police Commissioners, Board of Supervisors  
and City Leaders,

We support the SFPD in their best practice efforts to maintain law and order in our city because laws are rules that bind all people living in a community and are fundamental to the success of every society.

The American commitment to the rule of law means that the same laws govern EVERY citizen. These laws arise out of shared values, morals, and concerns, and they protect us from crime, ensure that we do not endanger others, and create a world in which we can all retain a sense of civility and shared expectation.

In general, blaming the very officers who have taken an oath to uphold our laws simply for doing their jobs is fundamentally unfair, hypocritically unsound, and dangerously disruptive to the foundation of a functional city. More specifically, the insinuation that SFPD's handling of the "hill bomb" should be investigated is an attempt to create a false narrative. The truth is, SFPD officers were protecting San Francisco residents from activity that resulted in property damage, bodily harm, and death in years past. Allowing citizens to brazenly engage in the

destruction of public property, such as graffitiing MUNI buses, and impeding safe access to and use of public streets, would be a dereliction of duty not only by SFPD and all elected and appointed officials tasked with public safety, it would be a breach by the citizens engaged in that behavior of our communal agreement to keep each other safe and to respect our laws.

Therefore, we call on the Public Safety and Neighborhood Services Committee of the Board of Supervisors to investigate the circumstances around 80+ juveniles engaging in the destruction of 4 MUNI buses, blocking traffic, throwing incendiary devices, spitting on and throwing bottles at officers, and failing to disperse after numerous and repeated direction to do so by SFPD.

### **I Support the SFPD in Enforcing Our City Laws.**

Message:

Dear Police Commissioners, Board of Supervisors and City Leaders,

I support the SFPD in their best practice efforts to maintain law and order in our city because laws are rules that bind all people living in a community and are fundamental to the success of every society.

I think it is ludicrous to suggest that the people who attended, or at least the ones arrested, were innocent victims. They chose to come to the event bringing guns, drugs, fireworks and spray paint with the intent to cause a riot, destroy property, vandalize public services and antagonize the police. I am tired of this behavior, and especially to then pretend they are the victims.

In general, blaming the very officers who have taken an oath to uphold our laws simply for doing their jobs is fundamentally unfair, hypocritically unsound, and dangerously disruptive to the foundation of a functional city. More specifically, the insinuation that SFPD's handling of the "hill bomb" should be investigated is an attempt to create a false narrative. The truth is, SFPD officers were protecting San Francisco residents from activity that resulted in property damage, bodily harm, and death in years past. Allowing citizens to brazenly engage in the

destruction of public property, such as graffitiing MUNI buses/trains, and impeding safe access to and use of public streets, would be a dereliction of duty not only by SFPD and all elected and appointed officials tasked with public safety, it would be a breach by the citizens engaged in that behavior of our communal agreement to keep each other safe and to respect our laws.

The truth is, SFPD officers were protecting San Francisco residents from activity that resulted in property damage, bodily harm, and death in years past. Allowing citizens to brazenly engage in the

destruction of public property, such as graffitiing MUNI buses, and impeding safe access to and use of public streets, would be a dereliction of duty not only by SFPD and all elected and appointed officials tasked with public safety, it would be a breach by the citizens engaged in that behavior of our communal agreement to keep each other safe and to respect our laws.

Therefore, we call on the Public Safety and Neighborhood Services Committee of the Board of Supervisors to investigate the circumstances around 80+ juveniles engaging in the destruction of 4 MUNI buses, blocking traffic, throwing incendiary devices, spitting on and throwing bottles at officers, and failing to disperse after numerous and repeated direction to do so by SFPD.

Further, we call on all elected and appointed officials charged with upholding our laws and maintaining our public safety to hold anyone who harmed officers, other residents, or damaged property accountable under the law.

San Francisco residents have been clear: we want our laws obeyed, we want our officers supported in their efforts to uphold the laws, and we want those who break the law held accountable because we all want a safe and functional environment in which to live. San Francisco is no longer the “wild west” where people lived in fear of lawlessness, unchecked violence, theft, and property damage...is it?

Thank you.

### **I Support the SFPD in Enforcing Our City Laws.**

Message:                      Dear Police Commissioners, Board of Supervisors  
and City Leaders,

We support the SFPD in their best practice efforts to maintain law and order in our city because laws are rules that bind all people living in a community and are fundamental to the success of every society.

The American commitment to the rule of law means that the same laws govern EVERY citizen. These laws arise out of shared values, morals, and concerns, and they protect us from crime, ensure that we do not endanger others, and create a world in which we can all retain a sense of civility and shared expectation.

In general, blaming the very officers who have taken an oath to uphold our laws simply for doing their jobs is fundamentally unfair, hypocritically unsound, and dangerously disruptive to the foundation of a functional city. More specifically, the insinuation that SFPD's handling of the "hill bomb" should be investigated is an attempt to create a false narrative. The truth is, SFPD officers were protecting San Francisco residents from activity that resulted in property damage, bodily harm, and death in years past. Allowing citizens to brazenly engage in the

destruction of public property, such as graffitiing MUNI buses, and impeding safe access to and use of public streets, would be a dereliction of duty not only by SFPD and all elected and appointed officials tasked with public safety, it would be a breach by the citizens engaged in that behavior of our communal agreement to keep each other safe and to respect our laws.

**Subject:** SFPD Dolores Park skate hill bomb  
**Date:** Tuesday, July 18, 2023 8:29:30 PM

---

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear Honorable Commissioners:

I am a long time (over 25 yrs) resident on Cumberland Street and want to express my gratitude for the SFPD and the services provided on July 8 . The Hillbomb event has become increasingly out of control over the years and finally an appropriate response occurred this time. The nature and spirit of what once was a fun and friendly event has become very ugly and disrespectful. Over the last several years, the "sport" of cascading down Dolores has become a mob event of young people drinking, smoking, disfiguring homes/MUNI , getting into fights and trashing the neighborhood. And this time the preventive measures taken by the City stymied the crowd. Which also increased their frustration . The stance of "we just want to skate" is an insult to those who really were there for the purpose of just skating down a hill. The disregard for the real actions they took: throwing bottles/fireworks at the police officers, assaulting some of the officers ,defacing the neighborhood, is more than just kids being kids. It is unlawful and ignorant behavior

And despite the fact that they saw the barriers and the officers, who had been there and in place since the early afternoon, they felt that they still could get away with it.

They were outsmarted and did not appreciate that. I have the utmost respect for the officers who , from my vantage point, were not antagonizing or fueling the fire but rather doing their jobs. The crowd was warned many times and it was explained clearly as to what they were to do : the instructions were via a loudspeaker and could be heard down my street as well as down Dolores to 18th. The officer explained what disperse meant several times . So the choice to remain in the crowd and engage in the poor behavior was thus made and by detaining those who remained was the appropriate and reasonable response. I know that many of my neighbors were very grateful to the SFPD.

As such, I appreciate the presence of the SFPD and the actions taken July 8

Thank you,  
Anna Franco

The American commitment to the rule of law means that the same laws govern EVERY citizen. These laws arise out of shared values, morals, and concerns, and they protect us from crime, ensure that we do not endanger others, and create a world in which we can all retain a sense of civility and shared expectation.

In general, blaming the very officers who have taken an oath to uphold our laws simply for doing their jobs is fundamentally unfair, hypocritically unsound, and dangerously disruptive to the foundation of a functional city. More specifically, the insinuation that SFPD's handling of the "hill bomb" should be investigated is an attempt to create a false narrative. The truth is, SFPD officers were protecting San Francisco residents from activity that resulted in property damage, bodily harm, and death in years past. Allowing citizens to brazenly engage in the

destruction of public property, such as graffitiing MUNI buses, and impeding safe access to and use of public streets, would be a dereliction of duty not only by SFPD and all elected and appointed officials tasked with public safety, it would be a breach by the citizens engaged in that behavior of our communal agreement to keep each other safe and to respect our laws.

Therefore, we call on the Public Safety and Neighborhood Services Committee of the Board of Supervisors to investigate the circumstances around 80+ juveniles engaging in the destruction of 4 MUNI buses, blocking traffic, throwing incendiary devices, spitting on and throwing bottles at officers, and failing to disperse after numerous and repeated direction to do so by SFPD.

Further, we call on all elected and appointed officials charged with upholding our laws and maintaining our public safety to hold anyone who harmed officers, other residents, or damaged property accountable under the law.

San Francisco residents have been clear: we want our laws obeyed, we want our officers supported in their efforts to uphold the laws, and we want those who break the law held accountable because we all want a safe and functional environment in which to live. San Francisco is no longer the “wild west” where people lived in fear of lawlessness, unchecked violence, theft, and property damage...is it?

Thank you.

These laws arise out of shared values, morals, and concerns, and they protect us from crime, ensure that we do not endanger others, and create a world in which we can all retain a sense of civility and shared expectation.

In general, blaming the very officers who have taken an oath to uphold our laws simply for doing their jobs is fundamentally unfair, hypocritically unsound, and dangerously disruptive to the foundation of a functional city. More specifically, the insinuation that SFPD's handling of the "hill bomb" should be investigated is an attempt to create a false narrative. The truth is, SFPD officers were protecting San Francisco residents from activity that resulted in property damage, bodily harm, and death in years past. Allowing citizens to brazenly engage in the

destruction of public property, such as graffitiing MUNI buses, and impeding safe access to and use of public streets, would be a dereliction of duty not only by SFPD and all elected and appointed officials tasked with public safety, it would be a breach by the citizens engaged in that behavior of our communal agreement to keep each other safe and to respect our laws.

Therefore, we call on the Public Safety and Neighborhood Services Committee of the Board of Supervisors to investigate the circumstances around 80+ juveniles engaging in the destruction of 4 MUNI buses, blocking traffic, throwing incendiary devices, spitting on and throwing bottles at officers, and failing to disperse after numerous and repeated direction to do so by SFPD.

Further, we call on all elected and appointed officials charged with upholding our laws and maintaining our public safety to hold anyone who harmed officers, other residents, or damaged property accountable under the law.

San Francisco residents have been clear: we want our laws obeyed, we want our officers supported in their efforts to uphold the laws, and we want those who break the law held accountable because we all want a safe and functional environment in which to live. San Francisco is no longer the “wild west” where people lived in fear of lawlessness, unchecked violence, theft, and property damage...is it?

Thank you.

**Subject:** Support: Item #1 and #2 at Homelessness & Behavioral Health 07/14 - 1174 Folsom & 42 Otis - PSH

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear Supervisors!

My name is Calder Lorenz, I am the Director of Operations at the Gubbio Project and a resident of District 9.

Thank you to the Homelessness and Behavioral Health subcommittee members for hearing agenda items #1 and #2.

The Gubbio Project **supports** HSH's proposal to use state HomeKey funding to purchase 2 buildings for TAY supportive housing.

**Item #1: 1174 Folsom** is a 42-unit apartment building in SOMA that we are proposing to purchase for use as TAY housing.

**Item #2: 42 Otis** is a 24-unit brand-new apartment building in the McCoppin Hub area that we are proposing to purchase for use as TAY housing.

**We know that housing solves homelessness and that there is no medicine as powerful as housing.**

We encourage the City and HSH and the full Board of Supervisors to continue to acquire units and buildings throughout the entire City to support the needs of our unhoused community so that we can continue to build equitable access to housing for all.

In Community, Calder

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear President Peskin and Honorable Supervisors,

I write in support of the appointment of Dena Aslanian-Williams to the Homelessness Oversight Commission.

I have known Dena for over 25 years, first as the daughter of my dear friends Ed and Eleanor Aslanian, and in the last many years as a neighborhood voice and leader as the Forest Hill

delegate to the West of Twin Peaks Central Council.

I'm delighted that Mayor Breed nominated her as it will be her first involvement on a Commission in her long civic and professional life in San Francisco.

Dena possesses many qualities that will make her an effective and responsible commissioner representing the small business and neighborhood association slot on the new voter approved Commission.

- Accountability - she will be highly accountable and transparent in handling public funds and ensuring that the money allocated for homelessness services is used efficiently and effectively.
- Knowledge of homelessness issues, collaboration, and networking. Working with various stakeholders, such as local government agencies, nonprofit organizations, and community leaders, is essential for effective homelessness services. She has strong networking and relationship-building skills to foster partnerships and ensure coordinated efforts.
- Ethical behavior - integrity and ethical behavior are essential when dealing with public funds. She is committed to upholding the highest standards of ethics and avoiding any conflicts of interest. I've witnessed this and knew her parents well, who instilled these values in her.
- Communication skills - effective communication is key to building trust and maintaining transparency with the public. I hope she'll be tasked to clearly communicate the goals, progress, and outcomes of homelessness services to both stakeholders and the public.
- Flexibility and adaptability: Homelessness is a complex issue that requires adapting to changing circumstances and emerging challenges. Dena is open to new ideas, willing to learn from experiences, and able to adjust strategies accordingly. She should not be punished for statements made on social media supporting her neighbors in a conflict that was rife with poor outreach by the City and miscommunication by authorities.
- Analytical and problem-solving skills: The ability to analyze complex situations, identify problems, and develop innovative solutions is critical. She possesses needed

common sense and “clean look” and will be able to assess the effectiveness of existing programs and policies, identify gaps, and explore evidence-based strategies for improvement.

- Willingness to learn legal and regulatory frameworks: she will work hard to learn more and augment her knowledge of relevant laws, regulations, and policies governing the use of public funds and homelessness services. This is crucial to ensure compliance and avoid further legal issues that cost the City and taxpayers time and money.
- Compassion and empathy - dealing with homelessness requires a deep sense of compassion and empathy. My sense is she genuinely cares about the well-being of homeless individuals and be driven by a desire to make a positive difference in their lives.

These are a few qualities I can name, when combined with expertise and experience in real estate finance, public service on WTPCC, will greatly contribute to responsible oversight of taxpayers' money on homeless, and homelessness services.

Now, more than ever we need responsible, fair-minded citizens to step forward and serve our great City. Dena Aslanian-Williams is one of those. I strongly urge you to vote yes on item 82 on the July 18 agenda to affirm the nomination of my neighbor, friend and Dena.

Sincerely,  
Denise M. LaPointe

**BOS JULY 18, 2023 AGENDA ITEM 55:** Proposed Ordinance allowing amendment of Planning Code, Zoning Maps, and statutory requirements for affordable housing; adopting material changes in height and land use; affirming Planning Department’s CEQA determination and finding of consistency with General Plan and Planning Code secs. 101.1 and 302;

**and**

**AGENDA ITEM 62: Development Agreement between Supervisor Dean Preston, Mayor’s Office of Housing, and 98 Franklin, LLC, and waivers**

**BOS FILES 221163 (Development Agreement) AND 221164 (98 Franklin Street Project)**

**PUBLIC COMMENT OPPOSING APPROVAL OF THE 98 FRANKLIN STREET PROJECT;  
OPPOSING THE PROPOSED DEVELOPMENT AGREEMENT; OPPOSING A 400-PLUS FOOT HIGHRISE WITH NO AFFORDABLE HOUSING AT 98 FRANKLIN STREET;  
OPPOSING ADOPTION OF CEQA FINDINGS;  
OPPOSING FINDINGS OF CONFORMITY WITH GENERAL PLAN, AND PLANNING CODE;  
OPPOSING WAIVERS OF DEVELOPMENT FEES, STATUTORY, AND CODE REQUIREMENTS; AND OPPOSING WAIVER OF AFFORDABLE HOUSING REQUIREMENTS**

**AND**

**DEMAND FOR RECUSAL OF SUPERVISOR DEAN PRESTON ON ALL PROCEEDINGS ON THE 98 FRANKLIN STREET PROJECT**

This Comment **opposes** ALL actions proposed under Agenda Item 55 and Agenda Item 62, including the proposed development of a 400-plus foot highrise at 98 Franklin Street with 385 housing units at MARKET RATE with **NO affordable** units. (the “Project”), and the Development Agreement waiving affordable housing requirements and developer fees for the Project.

Please distribute this Comment to all Members of the Government Audit and Oversight Committee and the Board of Supervisors and place it in all relevant Board files.

The Project and its Development Agreement were brokered by Supervisor Dean Preston between the City and “98 Franklin, LLC.”

The recently “amended” Project allows an increase in height from the original proposal to more than 400 feet, and adds 40 more market rate housing units, waiving zoning and Planning Code requirements, AND waives all requirements for affordable housing. (**7/13/23 BOS Packet, Proposed Ordinance at 1(a).**)

The height of the Project is so extreme that it will **cast shadows more than one-half mile away** on residential neighborhoods and the few tiny open spaces in the area. The Project would increase the severe congestion and lack of parking in the square mile area of the “Market-Octavia” Project and the historic Civic Center employment and cultural hub.

The Project and Development Agreement **waive nearly all the development fees** required under the Code and statutory requirements, including but not limited to developer fees required by the Market-Octavia project. Instead of the more-than \$55 million for those fees, the Project requires only \$1-million. Other development fees mandated by the Van Ness and Market Special Use District, the Market-Octavia Project and its Community Improvements Program, transportation and other developer fees mandated by City codes are also waived.

In return for those code requirement and windfall fee waivers, the Project described in the Development Agreement, the privately-negotiated agreement initially gave the City a parcel located at 600 Van Ness Avenue (former McDonald's site), allegedly for developing affordable housing, though **neither the City nor the developer are required to fund any affordable development on that site or any other. THERE IS NO COMMITMENT BY EITHER THE DEVELOPER OR THE CITY TO FUND OR BUILD ANY AFFORDABLE HOUSING.**

Unnoticed to the public, on June 16, 2023, the Developer's lawyer and the Mayor's Office of Housing ("MOH") privately negotiated material changes that allow the developer to give to the City a parcel at **600 McAllister Street**, valued at \$598,000, **instead of the 600 Van Ness Avenue property.** The 600 McAllister site is now a parking lot that is fully occupied providing parking for Civic Center workers and visitors to nearby cultural amenities and courts. The alleged CEQA review under the City's 2008 Market-Octavia Project and its many amendments did *not* include, describe, analyze, or mitigate these unnoticed material change in the Project's location and description. Therefore, the significant impacts and mitigation of the separate UNFUNDED "affordable" project's 196 units are unanalyzed in any document.

The Project and Development Agreement were negotiated by Supervisor Dean Preston. On July 10, 2023, Mr. Preston then presided over the Board's Land Use Committee proceeding on the Project and moved to recommend its approval to the full Board. Mr. Preston's advocacy and his private brokering of this deal with the developer clearly disqualify him from any proceedings on the 98 Franklin Project and Development Agreement before this Board.

### **1. NO "Affordable" Units Exist In This Project, Since NONE ARE FUNDED BY THE CITY OR THE DEVELOPER**

The proposed Project is misleading, since there is NO commitment from the City to build *any* affordable housing on the "affordable housing" site at 600 McAllister Street.

#### **Where is the evidence that *any* affordable housing will be built?**

Nevertheless, under a misleading and unenforceable claim of City's "Mayor's Office of Housing" ("MOH"), the Project **waives the statutory and Planning Code requirement of AFFORDABLE HOUSING.**

The Project also waives zoning, height, Market-Octavia, Van Ness Special Use District, inclusionary zoning, and requirements. The Project also waives MILLIONS in developer, transportation, and community improvement fees for this Project.

The Project and Development Agreement should not be approved unless the "affordable housing" at the "Affordable Housing Site" is **completely funded, so that the affordable housing will be available no later than the market rate units at 98 Franklin Street.**

### **2. The Project Description And The Development Agreement Have Been Materially Changed Violating CEQA And Public Notice Requirements Under The Brown Act**

Both the Project and the Developer's Agreement contain no accurate or adequate Project

Description, violating CEQA. The earlier Project description has been changed on the 98 Franklin high-rise, which has been expanded in height, density, units, and physical space.

The Development Agreement, has now also changed the *location* of the **unfunded** “Affordable Housing,” its size, height, occupation density, number of units, with more “studio” (one-room) apartments, and fewer one-bedroom apartments at 600 McAllister than at the former 600 Van Ness location. (Memo, July 7, 2023 from Budget and Legislative Analyst to GAO Committee.)

If the City contends this large Project has been addressed in the “Market-Octavia” or “Hub” documents, the Project’s changes at minimum require reevaluation with up-to-date Project description, analyses, mitigation and alternatives. The change of location and density of the alleged “affordable housing site” does not comply with CEQA’s requirements of an accurate, stable and finite Project description.

The Project and the Development Agreement will clearly have significant direct, indirect, and cumulative impacts on transportation, parking, air quality, energy consumption, GHG, noise, public safety, and emergency services and evacuation.

The 600 McAllister location removes a parking lot for Civic Center travelers to jobs, cultural facilities and the courts. Parking is now scarce throughout the Civic Center area with the City underground parking garage often full. The CEQA analysis and mitigation must take into account transportation and parking impacts, which it fails to do, and the Project and Development Agreement even waive developer transportation fees.

### **3. Waiving Affordable Housing Requirements, Height, And Development Fees Violates The Public Interest**

The purpose of developer fees is to mitigate impacts of large high-rise projects like 98 Franklin/660 McAllister, *not* claims of **unfunded off-site** “affordable” units to a different location from the Project. **THE PUBLIC RECEIVES NOTHING FROM THIS PROJECT, SINCE THERE IS NO FUNDING OF AFFORDABLE HOUSING, only significant negative impacts on the environment from another oversized market-rate development.**

The public is deprived of the benefits such as transportation impacts mitigation, open space, and of course affordable housing.

### **4. The Development Fee Waivers Place A Disproportionate Burden On Those Paying Fees**

By waiving developer fees for the Project, the Project developer benefits from fees paid by other developments, without any fair share contribution to the fees paid by other developments.

### **5. The “Market-Octavia” Zoning Requirements Have Again Been Waived And Adulterated**

The Agreement’s waiver of millions in developer fees for a pie-in-the-sky promise of **unfunded** “affordable housing” project is inadequate.

That unsubstantiated promise typifies the Market-Octavia Project’s false promises. Residents of the “Market-Octavia” development free-for-all now face traffic congestion, the removal of more than 10,000 parking spaces, vacant or nonpublic “ground floor retail,” inadequate or nonexistent open space, no mitigation of transportation impacts, and most importantly, **the false promise of “affordable housing.”**

One example: After **15 years**, the promised full-service grocery store at 555 Fulton has NOT materialized, while Planning has issued one waiver after another and allowed a full block of condominiums to be sold *without* fulfilling that agreement that it memorialized in an Ordinance in 2008.

To date, less than 10 percent of new housing constructed in the entire Market-Octavia Project area has been “affordable,” with high-rise, *market-rate* housing both contrary to the Market-Octavia’s promises of affordable housing and violating the inclusionary affordable housing **REQUIRED BY THE PLANNING CODE**.

The 98 Franklin Project and the fact that the City has allocated ZERO dollars to fund “affordable housing” on the 600 McAllister “Affordable Housing Site” highlight the inadequacy of the Development Agreement.

#### **6. The Lack Of An Accurate Project Description Requires Updated Analyses And Mitigation Of The Project’s And The Development Agreement’s Impacts.**

The Project changes, including the location of the “Affordable Housing Site” **with no funded affordable housing**, the increase in the height and other physical characteristics of the market rate 98 Franklin proposed structure, and other changes require at minimum re-evaluation to comply with CEQA.

#### **7. Supervisor Dean Preston Must Be Recused From All Deliberations On The 98 Franklin Street Project**

Supervisor Preston must be recused from all proceedings on the 98 Franklin Project and Development Agreement, since he has held an insider’s material and non-public role with the developer in the planning and approval of the Project.

#### **CONCLUSION**

This Committee should not approve the Development Agreement or the 98 Franklin Project.

Mary Miles

Hi,

I'm unable to attend the public hearing on Friday so wanted to voice my concerns (was given your contact by a local community advocate).

I am a homeowner at 60 Rausch Unit 203, who recently bought the property in 2021. As someone who moved here from Palo Alto, wanted to live close to downtown, and not super familiar with the neighborhoods in SF, it was a very jarring experience to move in to my current place. If I could do it over again, I wouldn't; but I'm locked into here because of mortgage so I'm trying to make the best of it.

I'm strongly opposed to it and am not aware of a single neighbor that is in support of it. Below are some reasons:

1. in the initial community meeting (hosted online), not a single community member voiced support for the housing project. you would be creating a situation in which the neighborhood actively hates the housing facility.
2. this neighborhood is not a good place for recovering addicts. there are tons of dealers a few blocks away and people openly consuming drugs on that block and close by ones. It's hard to see that a housing facility in this location puts them on the right path to recovery.
3. our neighborhood and businesses has been through a lot with all the verbal assault, crime, drug usage/dealing, and generally unpleasant streets. it really feels like though in the last few months there have been real strides in this area to grow a thriving small business community here (from hk bistro and bay of burma). this initiative would tank all of that. these businesses would leave within a year and we would be left again with an empty downtown area in one of the world's best cities. Not to mention there's a local elementary school only two blocks away.

Best,  
Max Chang

Subject: Revolt tag on Upper Playground 220 Fillmore. Do not remove

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

I have lived in San Francisco for most of my life, I just turned 70 this year. I have owned a flat in the Lower Haight since the current supervisor of this district was 22 years old.

There are those who would say that the tag high on the north facing wall of the building at 220 Fillmore, is simply vandalism, I respectfully disagree. It was done by the NYC artist who identifies as Dr Revolt, a fast Google search of this name show results for a very successful artist who has produced a huge body of work significant value, both culturally and monetarily.

In the event anybody decides to remove this work, you will be destroying the work of an artist who has had a long and storied career in art associated with hip hop as well as tribute he created to his associate ,the recently passed photographer Ricky Powell. It is art. Expensive art and culturally very important.

Thank you  
Dan Misunas

**To:** [jdineen@sfchronicle.com](mailto:jdineen@sfchronicle.com)

**Subject:** Where's the transit ? ?????

Sloat sunset article and Hickey background aside, where were we with transit planning for all this density? (Where's the beef ad comes to mind)

With parkmerced stalled, stonestown and sfsu-csu / Daly City and sloat proposals and density push for the westside where is that subway planning at that was supposedly in progress to meet this tsunami of density and planning for the westside?

Ocean beach erosion and sewer system issues, soft dune landscape and liquifaction issues prior 55 chumaseo tower in parkmerced and lacking proposals to meet the numbers through proper scaled infill seems to be the real problem.

When u have single story bank buildings along west portals K/L/M exit and lots of opportunity for density, why only look downtown for transit changes? The M line was supposed to be accelerated it's gone nowhere fast. The alemany flyover and brotherhood way development and proposals for more density means traffic issues when construction vehicles and contractors have multiple sites in construction simultaneously.

We had suggested the L line being shifted as was proposed by SFMTA over to sloat and up sloat with a link to west portal and tunneling south at 20th vs 19th using the pumpkin patch as a T platform interchange with wider streets to bring the trains below grade. Even trackless train systems and e-shuttle bus options could amp up initial transit lagging development. But without a real kick in the ass transit wise these towers should be laid to the side literally along sunset Blvd as a berm sea wall and put micro towers above and train LRV below  with a lineal park like and solar and fog moisture collectors above.

Solutions are there but when planners like hillis focus on one proposal and site at a time they lose their imagination on what can solve multiple issues with one swoop.

Think hard SF a the issue goes beyond density and housing it's about the future of the westside and how it wants to evolve as a whole....planning wise and solution concept Wise.

Please open Market Street to cars, and bring some life back to our ghost town. The closure of Market Street, our main thoroughfare, has done mainly one thing, discouraged people from going downtown. Have you walked on Market lately... join the emptiness. What a misguided idea- closing our historic Market Street to citizens who have cars. Open it up, and see some vibrance return to our downtown.

Regards,  
A concerned SF family

**Subject:** Equal Access to BART will boost visitors to San Francisco

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Supervisors,

I work in downtown San Francisco and first began commuting on BART from the East Bay in 1997 on what is now the Antioch Line.

With workers returning to office, the Giants in full swing, and summer shoppers visiting downtown, I'm writing today with a practical suggestion to get more folks back in downtown San Francisco for shopping and work: allocate BART train service across BART lines according to actual number of riders using the system by adding trains to lines with the heaviest ridership.

After seeing reason and adjusting schedules to add trains to the Antioch Line during commute hours,

during the C-19 Pandemic, BART understandably fell back to its old schedule making every fourth train "your train".

Go to Embarcadero BART train station at 5 PM and watch the trains departing San Francisco to the East Bay. Richmond trains, empty. Warm Springs/Fremont trains, empty. Dublin-Pleasanton trains, empty. Antioch trains, completely packed.

Please ask BART to give riders in the Rockridge to Antioch BART corridor fair and equal access to train service so that riders can travel to and from San Francisco without being packed into BART trains on the Antioch Line.

Best regards,

Stuart Darby

**Subject:** Mid Market anchor resolution needed

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Attention: All Members of the San Francisco Board of Supervisors,

A good idea cuts costs, and great ideas cuts checks. What I am proposing does both as an anchor for the Mid-Market area of San Francisco: A museum that honors

heroes of the world.

I have been in this City Hall board chambers on many occasions where I wiped away tears as members of the board have handed out special recognition to some of this city's heroes. And if I had a dollar for every smile of pride that filled the chamber on these occasions, you get the point.

The soon-to-be-vacant Nordstrom store would be the perfect anchor for the surrounding smaller Mid-Market businesses. I am requesting that a resolution of support be adopted in support of this idea, with three or more heroic acts supporting such a resolution.

1. "The Miracle on the Hudson" January 15, 2009, pilot and crew went into action saving all 155 aboard an Airbus A320–214, forced to land in the Hudson River off Manhattan. A snapshot of some of aviation's biggest heroics worldwide is on display at the [Smithsonian](#) National Air and Space Museum.
2. The Thailand Cave Rescue. On June 23, 2018, twelve boys and their 25-year-old soccer coach went on an adventure to a Thailand cave. Due to monsoon rains, they became trapped and forced back several miles inside a cave for ten days before a rescue crew located them. It took another three days of incredible heroics, including pumping out millions of gallons of water and using an anesthesiologist to sedate the boys before bringing them out of the cave alive. This massive effort did suffer the loss of one of the Thai Navy Seals. But the entire [rescue story](#) deserves, against all odds, a type of hero recognition in a museum exhibit.
3. Buffalo Bills safety Damar Hamlin. On January 2, 2023, I and many pro-football fans watched this young football player collapse on the field after a regular football play caused Mr. Hamlin to suffer a life-threatening condition to the heart called commotio cordis. The life-saving heroics not only saved his life but inspired thousands if not more, to be trained in CPR.

Many cities of the world honor their local heroes. Some even have museums in which to remind future generations. However, I am not aware of anywhere in the world where heroes of the world are exalted to inspire forever.

This great idea will cut checks of support. But first, we need to change the narrative from "What has happened to San Francisco" to "My favorite city" again. Beginning with your support as a resolution is vital to this enormous project to save a San Francisco structure that should be reborn.

And to name this new museum in honor of a late San Francisco hero, [Oliver W. Sipple](#), would be fitting.

Dear Members of the Board of Supervisors,

On behalf of SPUR, I respectfully request that you pass a budget that fully adopts the recommendations of the Sugary Drink Distributor Tax Advisory Committee (SDDTAC) for

fiscal year 2023-24.

Please see the attached support letter for details.

Sincerely,

San Francisco | San José | Oakland

Board of Supervisors  
City Hall, Room 244  
1 Dr. Carlton B. Goodlett Place  
San Francisco, CA 94102

Dear Supervisors:

On behalf of SPUR, I respectfully request that you pass a budget that fully adopts the recommendations of the Sugary Drink Distributor Tax Advisory Committee (SDDTAC) for fiscal year 2023-24.

The SDDTAC's recommendations for how to spend the anticipated \$10.69 million soda tax revenue represent an important opportunity to progressively target the revenue from the soda tax to improve the health of populations that are disproportionately impacted by soda consumption and diet-related disease.

The SDDTAC spent more than 900 hours deliberating and determining these recommendations this year.<sup>1</sup> The 16-member advisory group took into account prior years' spending and allocations, public comment, and even utilized a quantitative data tool to analyze each of the potential funding categories in comparison to one another.

For a chart detailing the differences between the SDDTAC's recommendations and the Mayor's proposed budget see the analysis produced by the committee, "Comparison of SDDTAC Budget Recommendations and Mayor's Proposed SDDT Budget FY 23-24 & FY 24-25" attached to this letter.<sup>2</sup>

Mayor Breed's proposed budget currently reduces six line items and fully cuts funding for six additional line items of the twenty total line items proposed by the SDDTAC. Most notably, the mayor's budget overfunds the Requity program (San Francisco Recreation and Park Department youth recreation program) by \$1.2M, allocating a total of just over \$2M for this program. That means that this one program will receive 20% of the expected total SDD tax revenue. The trend of using significant revenue from the SDD tax to fund this program has persisted since the inception of the tax.<sup>3</sup>

<sup>2</sup> Comparison of SDDTAC Budget Recommendations and Mayor's Proposed SDDT Budget FY 23-24 & FY 24-25  
[https://sf.gov/sites/default/files/2023-06/MO%20Proposed%20SDDT%20FY%2023\\_24%20Budget.pdf](https://sf.gov/sites/default/files/2023-06/MO%20Proposed%20SDDT%20FY%2023_24%20Budget.pdf)

<sup>3</sup> Sisneros-Lobato, Paloma. *How Are Oakland and San Francisco Spending Their Soda Tax Revenues?* (blog), December 9, 2022.  
<https://www.spur.org/news/2022-12-09/how-are-oakland-and-san-francisco-spending-their-soda-tax-revenues>

San Francisco | San José | Oakland

Some notable cuts include eliminating all of the supports for the lactation funding category which consisted of two line items, one for lactation Community Based Organization (CBO) grants and another for a lactation coalition. Additionally, the proposed budget fully eliminates San Francisco Street Violence Intervention Program (SVIP) funding for Peace parks transportation, Food as Medicine MediCal Waiver program, and Water Access- public spaces. It also included substantial cuts for student-led action and the healthy food purchasing supplement.

We strongly support the recommendations of the SDDTAC not only because they would provide funding to programs that improve community health with an equity lens, but also because it is important that the soda tax revenue be spent in a way that is guided by the committee established by voters when the tax was passed at the ballot in 2016. Respecting the committee's recommendations builds trust in the community and ensures public support for the soda tax in the future.

We respectfully ask that you incorporate 100% of the SDDTAC's allocation recommendations into your budget and that you will continue to support the committee as it tracks the implementation and expenditure of the tax revenue.

Sincerely,

A handwritten signature in black ink, appearing to read "Paloma Sisneros-Lobato".

Paloma Sisneros-Lobato  
Food & Agriculture Policy Manager, SPUR

**Re: Item 4 (July 20, 2023) – SFPUC Audit.**

Dear Chair Preston and Supervisors Stefani and Chan:

**Please support a comprehensive audit of the SFPUC’s Water and Wastewater Enterprises, including a robust evaluation of what the SFPUC calls its “Design Drought.”**

We request:

1. An audit by the Budget & Legislative Analyst
2. A public hearing on the Design Drought
3. A review of the Design Drought by outside experts

We encourage you to refer this item to the full Board.

## **Design Drought**

The SFPUC has created a policy on how to address potential future drought conditions that it must prepare for, called the Design Drought. The Design Drought lies at the heart of SFPUC’s projections for water demand, and it affects every analysis the SFPUC makes. As a result, it impacts ratepayers, the Regional Water System, and the people, industries and ecosystems that rely on healthy river watersheds.

- The SFPUC has consistently assumed a Design Drought of 8.5 years. This is much longer than any actual historical drought.<sup>1</sup>
- Most water agencies plan for a 5-year drought, as required by the 1983 Urban Water Management Planning Act.<sup>2</sup> Some agencies take a more conservative approach, assessing a 6-year drought.
- Reducing the SFPUC’s assumed Design Drought by one year would create a drought scenario of 7.5 years, still significantly more conservative than any other water agency. This would reduce perceived need by more than 25 million gallons per day (mgd).

<sup>1</sup> The 8.5-year Design Drought combines two of the worst droughts on record: The 1987-1992 drought, which lasted 6 years, and the 1976-1977 drought, the driest two-year period on record.

<sup>2</sup> See the “Urban Water Management Plan Guidebook 2020”  
<https://water.ca.gov/-/media/DWR-Website/Web-Pages/Programs/Water-Use-And-Efficiency/Urban-Water-Use-Efficiency/Urban-Water-Management-Plans/Final-2020-UWMP-Guidebook/UWMP-Guidebook-2020---Final-032921.pdf>, page 1-3.

## Water Demand Projections

When it comes to water demand projections for the Urban Water Management Plan, the SFPUC uses extremely conservative calculations, resulting in assumed demand of 246 mgd by 2045.

By contrast, for rate-setting and financial planning, the SFPUC uses sales projections "that are as close to actual as we can make them."<sup>3</sup> Due to efficiency improvements as well as water conservation efforts by San Franciscans, actual demand has been under 200 mgd for the past nine years and as low as 175 mgd in FY2015-16.

- Projecting demand of 200 mgd (the upward bound of nine recent years of actual demand) instead of the current assumption of 246 mgd would reduce perceived need by an additional 46 mgd.

## Climate Change

The SFPUC is understandably concerned that climate change could affect drought and rainfall patterns, making the 8.5-year Design Drought a more likely scenario. The agency thereby commissioned a report to better understand and anticipate future climate-change-related impacts.

The Long Term Vulnerability Assessment<sup>4</sup> (LTVA), produced in December 2021, concludes that the system is less vulnerable to changes in temperature or precipitation than to other, non-climate-change-related impacts such as consumer demand.

We want to make clear that while the SFPUC may raise the prospect of climate change as a reason to maintain the 8.5-year Design Drought, this argument is not supported by the LTVA that the agency itself commissioned.

## Ratepayer Impacts

Ratepayers demand accurate forecasting so that they don't pay more than they need to. Government agencies and officials have a responsibility to invest public dollars wisely. Will the next proposed rate increase reflect actual demand, driven by continued conservation and efficiency?

## Conclusion

The undersigned organizations have urged the SFPUC to revisit the assumptions behind the Design Drought for years, but the agency has consistently refused to do so. We urge you to expedite an audit and evaluate the 8.5-year Design Drought without delay. Your constituents and the environment deserve nothing less.

Sincerely,

Kristina Pappas

**TO: SAN FRANCISCO MAYORS OFFICE  
BOARD OF SUPERVISORS**

Please do not approve the proposed building of a 55-story building on Sloat Boulevard. It is much, much too tall and will destroy the character and nature of the entire Sunset District, the largest neighborhood in San Francisco.

This project would:

- Stress the already taxed Infrastructure (water, power, roads, etc.)
- Block residents' natural light & views

- Adversely alter or destroy the rare & healthy Soundscapes & Acoustic Environments
- Increase traffic & safety to the area
- Overwhelm Muni service, as Muni may not add more trains
- Adversely impact residential/neighborhood parking with hundreds more cars driving and looking for parking
- Adversely impact the Local Eco-System
- Have a negative psychological impact on the community
- Become a blight on the neighborhood
- Decrease Property & Neighborhood values
- Be an embarrassment to the entire city because the building is so large and ugly.

I believe that high-rise, high-density housing is the wrong choice for development in the entire Sunset area. I do believe in sensible development, but this is not sensible.

**Subject:** 2700 SLOAT BLVD. - APPEAL 7/26/23 @ 5 P.M. - BOA PUBLIC COMMENTS: EXPRESS Your Opinions & ENCOURGAGE the BOARD OF APPEALS (BOA) to UPHOLD the ZONING ADMINISTRATORS (ZA) DETERMINATION & DENY the APPEAL \*  
**Date:** Monday, July 17, 2023 9:17:29 PM

---

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear Board of Supervisors (BOS),

Re: 2700 Sloat Holdings LLC vs. Zoning Administrator (ZA) - Appeal No. 23-016

BOARD OF APPEALS (BOA) please UPHOLD the ZONING ADMINISTRATORS (ZA) DETERMINATION and DENY the APPEAL filed by 2700 Sloat Holdings LLC (owners) & their Attorney.

This Appeal is basically BETWEEN 2700 Sloat Holdings LLC & the Zoning Administrator (ZA) but dependent on if the Board of Appeals (BOA) denies OR accepts the Appellants claim, the outcome could allow their intended project to go forward. This or any similar project would be disastrous, set a VERY BAD precedent & would destroy the nature & character of Our Neighborhoods in San Francisco & around California.

Please respect our Neighborhood & Community & take into consideration many of the issues listed below that are associated with this project:

Density & Environmental impact go hand in hand, so the higher the density the MORE important an Environmental Review (Full EIR) becomes. So, CEQA has to be an integral part of this & any review.

- Prior site on multiple Gas & Auto Repair Stations. On the Maher & Cortese lists (see SF PIM)
- Stress the already taxed Infrastructure (water, power, etc.)
- Create huge imposing Shadow patterns
- Block Natural Light & Open Space/Views/Open Skyline (visible from miles away)
- Increase Environmental & Light Pollution that will interfere with ZOO animals, local wildlife & residents
- Adversely alter or destroy the rare & healthy Soundscapes & Acoustic Environments
- Increase Traffic & Safety to the area (Muni will not add more trains)
- Adversely impact Neighborhood Parking with increased Units (whether is 400+ or 712+)
- Adversely impact the Local Eco-System
- Impact sensitive & fragile Coastal issues
- Site on a potential American Indian Civilization. A Civilization was sited a 1/4 mile away
- Liquefaction issues
- Earthquake & Tsunami Zone
- Built on Sand (no bedrock)

- Increase empty Residential & Commercial space resulting in derelict structures (e.g. The Westerly @ 2800 Sloat Blvd.)
- Have a negative Psychological Impact on the Community
- Put Sloat Garden Center staff out of work & potentially other local small businesses
- Become a blight on the Neighborhood
- Become Urban Development 2.0 - Geneva Towers. Unsuccessful: past & future
- Devalue Property & Neighborhoods (e.g. existing SFR's)

Currently, SON-SF ~ Save Our Neighborhoods SF is approaching 3,500 Petition Signatures of Concerned Neighbors, Voters, Businesses & Organizations who OPPOSE this project.

Sincerely,

Dear Board of Supervisors (BOS),

Re: 2700 Sloat Holdings LLC vs. Zoning Administrator (ZA) - Appeal No. 23-016

BOARD OF APPEALS (BOA) please UPHOLD the ZONING ADMINISTRATORS (ZA) DETERMINATION and DENY the APPEAL filed by 2700 Sloat Holdings LLC (owners) & their Attorney.

This Appeal is basically BETWEEN 2700 Sloat Holdings LLC & the Zoning Administrator (ZA) but dependent on if the Board of Appeals (BOA) denies OR accepts the Appellants claim, the outcome could allow their intended project to go forward. This or any similar project would be disastrous, set a VERY BAD precedent & would destroy the nature & character of Our Neighborhoods in San Francisco & around California.

Please respect our Neighborhood & Community & take into consideration many of the issues listed below that are associated with this project:

Density & Environmental impact go hand in hand, so the higher the density the MORE important an Environmental Review (Full EIR) becomes. So, CEQA has to be an integral part of this & any review.

- Prior site on multiple Gas & Auto Repair Stations. On the Maher & Cortese lists (see SF PIM)
- Stress the already taxed Infrastructure (water, power, etc.)
- Create huge imposing Shadow patterns
- Block Natural Light & Open Space/Views/Open Skyline (visible from miles away)
- Increase Environmental & Light Pollution that will interfere with ZOO animals, local wildlife & residents
- Adversely alter or destroy the rare & healthy Soundscapes & Acoustic Environments
- Increase Traffic & Safety to the area (Muni will not add more trains)
- Adversely impact Neighborhood Parking with increased Units (whether is 400+ or 712+)
- Adversely impact the Local Eco-System
- Impact sensitive & fragile Coastal issues
- Site on a potential American Indian Civilization. A Civilization was sited a 1/4 mile away
- Liquefaction issues
- Earthquake & Tsunami Zone
- Built on Sand (no bedrock)

- Increase empty Residential & Commercial space resulting in derelict structures (e.g. The Westerly @ 2800 Sloat Blvd.)
- Have a negative Psychological Impact on the Community
- Put Sloat Garden Center staff out of work & potentially other local small businesses
- Become a blight on the Neighborhood
- Become Urban Development 2.0 - Geneva Towers. Unsuccessful: past & future
- Devalue Property & Neighborhoods (e.g. existing SFR's)

Currently, SON-SF ~ Save Our Neighborhoods SF is approaching 3,500 Petition Signatures of Concerned Neighbors, Voters, Businesses & Organizations who OPPOSE this project.

Dear Board of Supervisors (BOS),

This project will sit next to a mostly empty building. We have many empty buildings downtown. This building will also change the neighborhood around it forever. It's BIG and does not fit the area at all.

It would suit the west side so much mor to leave Sloat Garden Center in place.

San Francisco still needs to protect the uniqueness of our neighborhoods. Not turn it into Manhattan

Patricia Murphy

Dear Board of Supervisors (BOS),

We are zoo members, visiting often and stay at nearby Ocean Park Motel each summer to enjoy SF weather.

The new construction will cause wind issues to neighbors and cast afternoon shadows on the zoo grounds and playground depriving children and animals the warmth of the sun. We should all be free to benefit from the sunshine. How could you consider stealing the sunshine? Don't you already have enough?

-Amy Briseno Laing

Re: 2700 Sloat Holdings LLC vs. Zoning Administrator (ZA) - Appeal No. 23-016

BOARD OF APPEALS (BOA) please UPHOLD the ZONING ADMINISTRATORS (ZA) DETERMINATION and DENY the APPEAL filed by 2700 Sloat Holdings LLC (owners) & their Attorney.

This Appeal is basically BETWEEN 2700 Sloat Holdings LLC & the Zoning Administrator (ZA) but dependent on if the Board of Appeals (BOA) denies OR accepts the Appellants claim, the outcome could allow their intended project to go forward. This or any similar project would be disastrous, set a VERY BAD precedent & would destroy the nature & character of Our Neighborhoods in San Francisco & around California.

Please respect our Neighborhood & Community & take into consideration many of the issues listed below that are associated with this project:

Density & Environmental impact go hand in hand, so the higher the density the MORE important an Environmental Review (Full EIR) becomes. So, CEQA has to be an integral part of this & any review.

- Prior site on multiple Gas & Auto Repair Stations. On the Maher & Cortese lists (see SF PIM)
- Stress the already taxed Infrastructure (water, power, etc.)
- Create huge imposing Shadow patterns
- Block Natural Light & Open Space/Views/Open Skyline (visible from miles away)
- Increase Environmental & Light Pollution that will interfere with ZOO animals, local wildlife &

residents

- Adversely alter or destroy the rare & healthy Soundscapes & Acoustic Environments
- Increase Traffic & Safety to the area (Muni will not add more trains)
- Adversely impact Neighborhood Parking with increased Units (whether is 400+ or 712+)
- Adversely impact the Local Eco-System
- Impact sensitive & fragile Coastal issues
- Site on a potential American Indian Civilization. A Civilization was sited a 1/4 mile away
- Liquefaction issues
- Earthquake & Tsunami Zone
- Built on Sand (no bedrock)
- Increase empty Residential & Commercial space resulting in derelict structures (e.g. The Westerly @ 2800 Sloat Blvd.)
- Have a negative Psychological Impact on the Community
- Put Sloat Garden Center staff out of work & potentially other local small businesses
- Become a blight on the Neighborhood
- Become Urban Development 2.0 - Geneva Towers. Unsuccessful: past & future
- Devalue Property & Neighborhoods (e.g. existing SFR's)

Currently, SON-SF ~ Save Our Neighborhoods SF is approaching 3,500 Petition Signatures of Concerned Neighbors, Voters, Businesses & Organizations who OPPOSE this project.

Sincerely,

PS

We are zoo members, visiting often and stay at nearby Ocean Park Motel each summer to enjoy SF weather.

**Subject:** Urban Alchemy

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Hello Mayor Breed and Supervisors,

I write to you today to voice my dissatisfaction with Urban Alchemy. Yesterday, a man brought evidence to public comment that an employee had a visible weapon in public. I appreciate Supervisor Peskin talking with the person afterward, and I have already seen one news article on it. This, of course, should not happen. If the supervisors investigate this further, I would like to bring some other things to your attention.

1) I believe that community ambassadors should not be allowed to wear ski masks. I often hear city

officials say they think community ambassadors make people feel safe. People wearing ski masks do not make people feel safe.

2) Placement of employees matters. Often you will see 1-2 employees at 7th and Market, while you will see five employees at 9th and Market. This does not make sense considering the difference in activity at these two locations. They actively avoid the drug markets or "where the work is."

3) They work limited hours. Civic Center is awful for mass transit, no matter the time of day, but it is significantly worse in the early mornings before Urban Alchemy starts work. I used to take Bart in the morning, but I won't anymore because people are loitering on the stairs with their foil, smoking fentanyl. I can only hold my breath so long going down the stairs. It's hard to be a mass transit advocate these days when it is so inaccessible. Additionally, San Francisco has serious problems which occur at all times of the day. Urban Alchemy, drug/mental health services, shelters, etc., cannot function only within "normal business hours."

4) They refuse to work in certain areas. On 7th st, they will not go south of Stevenson. The 7th and Mission intersection needs employees as well. People cannot use the sidewalk by the Good Hotel and are forced to walk in a traffic lane on a very busy street. How the city gets away without following any ADA laws is beyond me.

5) Clothing. The code tenderloin people wear white vests that make them stick out, while Urban Alchemy employees wear camouflage or dark green. This outfit makes them look much more similar to the drug dealers. Community Ambassadors should stick out in a crowd, not blend in.

While I appreciate that some of you are looking into the incident with the employee showing a weapon, I encourage the Mayor and Supervisors to take a more extensive look into UA.

Thank you,  
Michael Fransen  
D6 Resident

FILE NO: 230779

[Street Naming - Portions of Palo Alto Avenue to La Avanzada Street and Dellbrook Avenue]

Resolution renaming a segment of Palo Alto Avenue to La Avanzada Street from its new terminus at 241 Palo Alto Avenue westward to its intersection with Dellbrook Avenue and renaming the remaining segment of Palo Alto Avenue between its intersection with Dellbrook Avenue and its westward terminus at Clarendon Avenue to Dellbrook Avenue

I reside at 220 Palo Alto Avenue, San Francisco.

I support this resolution, as it officially renames two blocks of city streets to match the existing street signs and common usage by nearby residents.

James A. Schuyler

**To:** [Cabrera, Stephanie \(BOS\)](#)  
**Subject:** Submission for Public Comment for Approval of SOMA Perm Supportive Housing  
**Date:** Friday, July 14, 2023 9:46:31 AM

---

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Hello!

This email is for the Clerk and I request for my submission to be entered as part of official record. My public comment is as follows:

My name is Lux Montes, and I am a housing navigator at LYRIC Center for LGBTQQ+ Youth, where I work directly with unhoused youth. It cannot be stressed enough how essential a permanent supportive housing unit dedicated to young adults is in our ongoing fight against homelessness in San Francisco, especially one that will service historically under resourced youth including BIPOC and LGBTQQ+ youth. This presents the youth with an opportunity for dignified, affordable housing without risking rejections due to factors influenced by their time unhoused, such as their credit score, or lack of rental history. Approval for this project today is crucial, as delays could not only impact the funding and commencement of this project, but results in more time youth spend unhoused, or living in unsafe conditions.

This opportunity for safe, stable housing also aligns with the goals outlined in the Mayor's and HSH's Home by the Bay plan, including reducing the number of people who are unsheltered, reduce racial inequities within outcomes of City programs, actively support people to move from homelessness to permanent housing, and ensuring that those supported do not experience homelessness again. Thank you for your time and the opportunity to advocate for the unhoused youth in our community.

End of public comment

Hi all,

I am a neighbor who lives two blocks from the proposed site and am in support of this acquisition and housing.

It's exhausting having so many neighbors complain about homeless people around but then oppose any proposal to get them off the street without offering any alternative solutions to help.

I agree with the sentiment that the west side of the city should be pulling their weight with helping combat this issue, but I don't think that people need to be waiting on the streets for that to happen.

Thank you!

Hello,

I wanted to submit an email in support of [Purchase of Real Property - Greenseed Folsom Land LLC - 1174-1178 Folsom Street and 663 Clementina Street - Homelessness and Supportive Housing - Not to Exceed \$27,225,000] Sponsor: Mayor

This property is not going to be a shelter, this is a permanent supporting housing unit for TAY youth. This building will have wrap around services of support, permanent housing in order for them to go to school, obtain jobs and live a prosperous life. I strongly support this project and hope that the board and SF residents understand how transformative this building will have on youth in SF.

Thank you,  
Laura

Hello SF Board of Supervisors,

My name is Lane Casey and I am the Housing Program Manager at LYRIC Center for LGBTQQ+ Youth. I work full-time and hands-on within the unhoused TAY population in San Francisco.

I cannot accurately describe how imperative it is to acquire these sites for TAY youth. These young adults have been continuously wronged by a failing system and we are currently being presented with an opportunity to break the violent cycle of homelessness that has plagued most of them for their entire lives. On top of that, the youth we serve at LYRIC are being subject to hundreds of anti-LGBTQ laws, societal ostracization, and increased instances of discrimination/hate crimes. Rapid approval of this project is a life-saving effort.

The lowest level on Maslow's hierarchy of needs is physiological: food, water, clothing, shelter, etc. Without meeting their basic physiological need of shelter, these youth will never be able to grow into fully-realized adults. The cycle as it exists, and is experienced by TAY youth in the city, is simple: youth cannot have a stable source of income because they do not have a safe place to store their belongings/return home to from work, but if they do not work they will not be able to afford housing, and it cycles as such. As providers who care deeply about this community, we must intervene when we can and acquiring these sites allows for a mutually beneficial intervention.

I stand in full support of HSH acquiring these permanent supportive housing sites and would be happy to provide further comment/join future discussions as needed.

Thank you for the chance to advocate on behalf of San Francisco's unhoused TAY youth.

In community,

**Lane Casey, M.A.**

**To:** <[stepahnie.cabrera@sfgov.org](mailto:stepahnie.cabrera@sfgov.org)>

Hi Supervisors,

My name is Peter and I live on Rausch street about 200 ft from the project site. I support this project but am writing to ask you to delay moving legislation forward until HSH can commit to including *enforceable* provisions in the MOU that ensure either the Property Manager or the City will be responsible for preventing or rectifying any health, safety, or cleanliness issues that may arise at the project site.

So far, HSH has been totally unwilling to make such commitments. In May, the HSH representative offered the potential of such provisions, like ambassadors or to “enhance this contract so that the property managers do take additional responsibilities for monitoring the street outside the property.” But, she immediately preceded that with “I can’t make any commitment to it tonight.” Since then, it’s been the same: “we’re crafting the policy and can’t make any commitments.”

Once finished, this entire process, from first community outreach to final Board passage, will take less than 90 days. The community’s overwhelming feeling has been one of being sidelined. The City’s actions to date have said: “the Mayor wants this, the Board wants this, the State wants this, so ignore them until we buy the property.” Similar to what Supervisor Mandelman said during the appeals hearing for 3832 18th street, this is the kind of *process* that will erode support for more Permanent Supportive Housing.

I wish I could trust the City to do right by both this project and the surrounding community, but its poor track record makes me think otherwise. Again, please do not move this legislation forward until the Mayor has committed to enforceable provisions in the MOU.

Thanks,

Peter

Dear Mayor Breed, Board of Supervisors & City Leadership,

It has been a month since my last email and we just had yet another fire break out this morning. This is getting out of control! What will it take to do something to get rid of the homeless problem behind our building. There has been hundreds of thousands of dollars spent to repair from the last fire and we have yet to see anything down about the problem.

This has become extremely dangerous and is not safe for City Lights, Kelly Moore and our customers.

Please address this immediately.

Pictures attached!

Thank you,

Sean Farrell

Dear Mayor Breed, Board of Supervisors & City Leadership,

It has been 6 weeks since the fire that almost took out our business along with Kelly Moore Paint. Repairs and new security measure have been put in place yet there is another encampment growing on the hillside. I have attached some pictures and videos and would like this removed ASAP. They are starting fires in back to cook and stay warm, this is illegal!

Thank you,

Sean Farrell

**Subject:** RE: Fire at Bayshore Blvd.

Dear Mayor Breed, Board of Supervisors & City Leadership,

Last Friday (4/28), our property [701 Bayshore Blvd](#), was set on fire from a large encampment outside of our property. 70 firefighters were dispatched to control it. (<https://www.nbcbayarea.com/news/local/warehouse-fire-san-francisco-bayshore/3217437/>)

It is costing us hundreds of thousands of dollars to repair the building and clean the fire debris. We need the city's immediate assistance in ensuring this encampment doesn't come back. The tenants feel unsafe and it's unsafe for the unhoused.

Please let me know what you can do to help remedy this immediately. Thank you.

Regards,  
Christopher Chin

Hello Neighbors, City Leaders.

I stopped by my local Walgreens on 23rd and Mission to pick up some hair gel. On my way out the suspect started loading up his sweatshirt with many make-up items. You can hear the security guard in the video following her protocol of not locking the exit door because she was the only guard on duty at the time. Making my way home I saw the suspect cross Mission in front of me towards the 24th Street Bart station. As I waited for the light to change so I could make my way down 24th to go home I captured the suspect immediately selling his stolen items on the street as an interested customer, immediately inspecting the item as if to purchase.

Just as a matter of habit I do place 311 calls for enforcement of vendors selling without permits about 4-5 times a week. About a week ago 2 SFPD officers were stationed in their vehicle who remained in the car when I approached and asked about vendors selling without permits and I was literally brushed off as they practically ignored me and they said they could do nothing and if they did it would not make a difference. These officers soon left and were replaced by 2 different officers, I again repeated the same suggestions about several people who were smoking crack less than 70 ft from the police SUV, and others selling goods like New York strips from Safeway as I could see the label. Again I was brushed off a bit more rudely this time. I then called the non-emergency police dispatch about my request about drug use 30 min prior, told dispatch 2 new cops just reporting in and could they do something about the vendor issue and crack smoking. Dispatch told me that the cops are there to just be there and don't really do anything nor would respond to my call about the immediate issue I had raised. So much for community policing or policing period, I guess we just pay cops to sit in cars at bart stations.

This over kill and bad use of cops, ambulance and fire resources happened on Wednesday morning around 6 Market Street.

On Thu, Jul 13, 2023, 10:50 PM K Bogard <[bogardkz1@gmail.com](mailto:bogardkz1@gmail.com)> wrote:

Hello

The police were called after 2 so-called mental health people could not calm an apparent White mentally ill woman on 6th and Market screaming.

However about 10 to 12 cops appeared, held her in cuffs and stood around her. She was not armed or violent. All the cops seemed not to know what to do but circle an unarmed, mentally ill person.

It was overkill! How is San Francisco short of cops but a dozen cops are free to hold 1 woman in cuffs? Really? The cops shortage is a lie. Use resources wisely.

London Breed will put lip stick on a pig ...Market, Powell to keep her 1/2 million dollar position!

There were 3 more along Market, with a dozen cops, fire, ambulance and mental crew arrest them?

Hi All,

I went to Captain Harvey's meeting a few months ago. Note, the way the city works, police absolutely do not enforce vending. However, as you can see, I did the research and they are not banned from the state to do illegal fencing enforcement.

Best,  
Francesca

This is from the Mission Station Police Minutes:  
**VENDING ENFORCEMENT**

1. It's a multi-agency approach;
2. DPW in charge with vetting and enforcement & police serve as backup;
3. Illegal vendors should be cited and have their goods taken away;
4. Illegal vending enforcement goes beyond the plazas to all of mission;
5. Captain Harvey admitted that the current situation is not optimal and they are still in the process of finding a resolution.

I asked for clarification of the two rulings, the state law SB 946, and the City law, 5.9. I feel that the explanation was confusing so looked into them myself. The state law, SB 946 does not restrict police enforcement-- it restricts criminal penalties. I cannot find, in the law, anywhere that states the police are restricted from issuing citations. SB 946 was absolutely not created to allow the out-of-control illegal vending, abuse of public right-of-way, and unhealthy conditions that now exist. There is a lot more room for control of vending than the city is now using which, in my opinion, is why 5.9 is a failure. NOTE: Captain Harvey will invite the DPW at the next police meeting so it is important that you put that on your calendar since they are responsible for both enforcing vending and facilitating the graffiti abatement program.

Hi Ryen, Kyra,

Thanks for forwarding to the additional people. I have so much rage at the moment, I am not proud of our beloved city, and everything here has to change. I would love to find an attorney who can find a way where we can send our property taxes to an escrow account and not release it to the city until this place is safe and livable again. I don't need perfection but I need to be a lot better than what it is today.

Thank you Ryen.

The SF SAFE Community Connectors have reported the very same issues with the illegal/unpermitted vendors.

The enforcement for these cases come from DPW and will be sure to forward this message to them.

Hi Ryen, Kyra,

Thanks for forwarding to the additional people. I have so much rage at the moment. I am not proud of our beloved city, and everything here has to change. I would love to find an attorney who can find a way where we can send our property taxes to an escrow account and not release it to the city until this place is safe and livable again. I don't need perfection but I need to be a lot better than what it is today.

On Fri, Jul 14, 2023 at 9:19 AM Kyra Worthy <[kyra@sfsafe.org](mailto:kyra@sfsafe.org)> wrote:  
Thank you Ryen.

The SF SAFE Community Connectors have reported the very same issues with the illegal/unpermitted vendors.

The enforcement for these cases come from DPW and will be sure to forward this message to them.

Hello Neighbors, City Leaders.

I stopped by my local Walgreens on 23rd and Mission to pick up some hair gel. On my way out the suspect started loading up his sweatshirt with many make-up items. You can hear the security guard in the video following her protocol of not locking the exit door because she was the only guard on duty at the time. Making my way home I saw the suspect cross Mission in front of me towards the 24th Street Bart station. As I waited for the light to change so I could make my way down 24th to go home I captured the suspect immediately selling his stolen items on the street as an interested customer, immediately inspecting the item as if to purchase.

Just as a matter of habit I do place 311 calls for enforcement of vendors selling without permits about 4-5 times a week. About a week ago 2 SFPD officers were stationed in their vehicle who remained in the car when I approached and asked about vendors selling without permits and I was literally brushed off as they practically ignored me and they said they could do nothing and if they did it would not make a difference. These officers soon left and were replaced by 2 different officers, I again repeated the same suggestions about several people who were smoking crack less than 70 ft from the police sub, and others selling goods like new york strips from Safeway as I could see the label. Again I was brushed off a bit more rudely this time. I then called the non-emergency police dispatch about my request about drug use 30 min prior, told dispatch 2 new cops just reporting in and could they do something about the vendor issue and crack smoking. Dispatch told me that the cops are there to just be there and don't really do anything nor would

respond to my call about the immediate issue I had raised. So much for community policing or policing period, I guess we just pay cops to sit in cars at bart stations.

I think Captain Harvey is on vacation right now.

I went to the meeting at Mission police station last month and there were several people from DPW there they talked about enforcement what they can & cannot do however they need police presence to enforce due to the physical and violent threats that are made against them. It was really eye-opening to listen to what they have to experience and the threats that are made against them and their families it was really disgusting.

**Subject:** Global Impact Public Comment related to 230648 - [Administrative Code - Eliminating Annual Joint Fundraising Drive]

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear Board of Supervisors,

Thank you for the opportunity to appeal on behalf of the continued inclusion of the Annual Joint Fundraising Drive. I am with the organization Global Impact who has been a participating federation in the Heart of the City Combined Charities Campaign since 2014.

Philanthropy and employee engagement initiatives have become vital programs for employers to

remain relevant and competitive in retaining and recruiting employees across generations. Employee giving programs allow employers to engage their people in small acts of kindness that contribute to major change and impact. As an employer, it is your responsibility to lead by example and hosting employee giving programs prove your commitment to social responsibility and show that you care about and are invested in your employees and the causes that are most important to them. The Combined Charities Campaign has raised over \$1M the past few years. Your employees are passionate about this program and are giving through the workplace offers them the ability to donate with confidence and with ease, often allowing them to make a larger contribution than they often would by making a one-time gift. Donating through an employee giving program also fosters a feeling of collective impact knowing they have come together with their coworkers to make an impact in bettering their community and the world.

The City and County of San Francisco Combined Charities Campaign is a leader in employee giving at the local municipal level. For over 30 years you have led an innovative, sophisticated and inclusive campaign providing nonprofits vital unrestricted dollars, allowing your employees to support the organizations most important to them, and allowing them to come together to make a better world.

I urge the Board of Supervisors to carry on this treasured program and to prove your commitment to uplifting your community and your employees.

Thank You,

**Lauren Rutledge** (she/her/hers)  
Senior Manager

Sunday, July 16, 2023

Dear Board Member,

I am writing to provide you, a Member of the City and County of San Francisco ("City") Board of Supervisors ("Board") a synopsis of the City's Annual Giving Campaign as outlined in the San Francisco Administrative Code §16.93-1: Charitable Deductions and the Annual Joint Fundraising Drive. This is commonly referred to as the Combined Charities Campaign (CCC) ("Campaign"). This year marks 35<sup>th</sup> anniversary of the approval of §16.93-1.

San Francisco is THE City that is accepting of all people regardless of their background. San Francisco is THE City that helps those that need it. San Francisco is THE City that stands above others because of our love and support of others. These traits are exhibited by the over 3000 City and County employees who have, over the past five years<sup>1</sup>, donated over \$1 million to more than 1000 charities, with over \$400,000 going to local charities every year.

I do not know why the proposal to terminate this extremely beneficial Campaign is in front of the Board; however, I do know that terminating the Campaign will be detrimental to over 1000 charities whose recipients benefit from City employees' open hearts.

In 2022, the Office of the City Administrator paused the 2022 Campaign when concerns were raised about a couple of the charities listed in the Donor Resources Guide. Prior to the Campaign resuming, the Rules Committee (if I remember correctly), met and raised the following concerns:

1. Personnel costs to administer the Campaign
2. Ease and availability of donating online
3. The Campaign is not important to City employees

Regarding personnel costs, the Combined Charities Campaign is important to City employees and extremely important to the charities that receive our donations. Sometimes you have to spend a little to help many.

The Campaign simplifies the donation process with the online portal. It is a fast process, eliminates the need for paper forms, and has reduced the need for personnel to administer the Campaign and audit records. Use of the online portal has increased drastically since its launch in 2018, averaging more than 75% the past three years.

---

<sup>1</sup> The 2022 Campaign was paused for nearly eight weeks - more than half the Campaign run time - yet raised nearly \$700,000 from nearly 1800 employees. All other metrics came in at a 50% rate or higher, predicting the Campaign likely would have reached its goal of \$1.2 million and attained the annual averages of the previous four years.

City employees donate to the Campaign via payroll deduction so that they do not have to think about donating monthly or bi-weekly through automatic payments from a bank account or credit card. Payroll deduction is a much better and easier option for many donors as many are not able to charge donations to a credit card. People manage debt differently, with many carrying balances month to month, so even a small donation, say \$50/paycheck (\$1300/year), can turn into a far higher “donation” with interest charges. With payroll deductions, charities learn in advance how much they will be receiving each quarter from the generous City employees and can forecast their budgets to align with these donations.

As for donations made by check, a bulk of those are from retirees as they no longer have a Disaster Service Worker number (DSW#), further confirming the traits of helping others after separation from City service.

Approximately 10% of City employees (3000+) donate over \$1 million every year to more than 1000 charities. This number by itself proves how important the Campaign is to City employees.

The City and County of San Francisco’s Combined Charities Campaign is one of the largest in the nation both in terms of total dollars raised (more than \$1 million/year) and number of donors (more than 3000/year). Numbers did NOT drop in the 2020 Campaign, the year the COVID-19 pandemic devastated the economy and hurt our wallets. The City’s Campaign is larger than a Southern California county that has over 100,000 employees yet raises less than \$1 million.

Below are the metrics from 2018 -2022:

| Year | Total Amount   | Total Amount (Payroll) | Total Amount (Check) | Donors Count | Donors Count (Electronic) | Donors Count (Paper) | Donors Leadership* |
|------|----------------|------------------------|----------------------|--------------|---------------------------|----------------------|--------------------|
| 2018 | \$1,412,916.74 | \$1,227,084.04         | \$185,832.70         | 4738         | 2076                      | 2662                 | 1159               |
| 2019 | \$1,232,543.72 | \$1,087,657.22         | \$216,495.01         | 3843         | 2602                      | 1241                 | 970                |
| 2020 | \$1,091,023.60 | \$979,115.20           | \$188,146.40         | 3092         | 2354                      | 738                  | 851                |
| 2021 | \$1,093,973.35 | \$984,919.35           | \$200,693.25         | 2974         | 2344                      | 630                  | 845                |
| 2022 | \$691,573.70   | \$636,905.70           | \$104,435.00         | 1768         | 1380                      | 388                  | 534                |

*\*Donors Leadership: These Donors are referred to as Leadership Givers. Leadership Givers donate \$500 or more and are recognized with a pin and an event, both sponsored by the Federations within the Campaign.*

The Office of the City Administrator manages [Give2SF](#), a collection of 10 funds that support causes ranging from supporting children to go to college, neighborhood beautification, the arts, animals, and disaster and recovery, such as after an earthquake, a highly probable disaster in our future. In 2022, employees and retirees donated more than \$15,000 to the City’s Give2SF funds. Retiree donations accounted for a significant amount of those donations.

| Federation | Payroll    | Check      | Grand Total | Campaign % |
|------------|------------|------------|-------------|------------|
| Give2SF    | \$9,284.08 | \$8,043.00 | \$17,327.08 | 2.51%      |

I do not know what the future of the Campaign will look like. Will it remain the same, administered by the Office of the City Administrator and rotated among City agencies every three years for management? Will a group within a City agency take on the task permanently? Will the City establish a committee to administer and manage the Campaign annually? If so, what needs to be considered (work order funds to those agencies to account the work being done by committee members)? Will the City establish a line item in the budget to account for the administration and management of the Combined Charities Campaign?

My recommendation to move forward as is with the Campaign and come back to this issue in January 2024 so that a fully informed decision on the future of this extremely beneficial Combined Charities Campaign can be addressed.

Thank you for taking the time to review this information. Please let me know if you have any questions. I hope to be able to attend the meeting on Tuesday, July 18<sup>th</sup> either virtually or in person; however, I am on vacation and not sure what my schedule will be on Tuesday.

Sincerely,

*Raymond W Winters*

July 17, 2023

Board of Supervisors  
City & County of San Francisco

Thank you for the opportunity to provide feedback about our engagement with the City of San Francisco's Heart of the City Combined Charities Campaign.

CHC: Creating Healthier Communities has been an active and integral partner in the Heart of the City Campaign for more than 10 years. Our federation has participated in monthly volunteer planning meetings, complied with required charity application processes, assisted in coordinator trainings, and provided in-person and virtual speakers to provide employees with educational information on services and programs offered by our participating charities.

For the past three years, CHC has also served as the lead federation with this campaign, helping coordinate communications, shared expenses between federations, plus managing the distribution of donor choice (write-in charity) distributions for all participating charities. This is part of an effective, collaborative approach that successfully provides significant support to ensure consistent management and financial transparency of the write-in donations made by employees and assists the campaign coordinator and team.

We believe the success of the campaign is through the inclusion and integration of participating federation partners that offer personal choice in support of charities with whom San Francisco city and county employees most resonate. This plan allows employees to access help from and provide financial support to issues that align with charities closest to their personal health and wellness, children's education, the arts, animal assistance, disaster relief, community support interests and more.

It is our hope that this partnership continues in the future through the successful model that has been in place for several years. Please let us know how we can help continue this important effort.

Sincerely,

Greetings San Francisco Board Members,

I am Suzanne Saunders, Cofounder of Charity K-9 ARMOR. We take donations to give bulletproof vests to California police dogs. It will hurt our resources if you cut your support for your Annual JointCharity Fundraising Drive through America's Best Local Charities campaign. They asked me to write and explain how your support makes a real impact before you vote on File 230648 on 7/18/2023.

You help us raise funds though the ABLC annual campaign to protect at least one police dog to get a vest every year. Each vest costs \$2000 and we rely on this campaign for a major source of funding much appreciated by the Officers who depend on their K9 partners with their lives.

We rely on donations and your support for over ten years has helped us protect 175 k9 heroes! Most departments do not budget for police officers on four legs. Even the friendly tracking search dogs who find suspects by the scent left on a shell casing means when they find the guy, he's got a gun and sometimes a knife and our vests are stab proof as well as bulletproof. Police dogs need these vests to protect them while they lay down their lives to protect us and counting on your support.

Please do not cut this vital support to charities such as ours. Here are the recipients of K9 Armor vests last year.

Thank you for your consideration of our California canine heroes.  
Respectfully submitted,  
Suzanne Saunders

Dear Board of Supervisors,

Guide Dogs for the Blind (GDB) relies on donations to fund our mission-driven work. Campaigns such as the Annual Joint Fundraising Drive support our fundraising efforts and we have been grateful to the City and County of San Francisco for holding this annual employee giving opportunity. Even as technology continues to make charitable giving easier than ever, an organized employee giving campaign provides focus around charitable support that might otherwise get overlooked in these busy times. If there is an opportunity for the Board of Supervisors to reconsider their legislation to eliminate the Annual Joint Fundraising Drive, GDB would be supportive and appreciative.

Sincerely,  
Guide Dogs for the Blind

**Date:** Monday, July 17, 2023 5:16:01 PM

---

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Hello from Alameda County Community Food Bank,

I am reaching out today regarding an ordinance (file #230648) being voted on Tuesday, July 18<sup>th</sup> to end the Annual Joint Fundraising Drive, on behalf of Alameda County Community Food Bank. We feel it would be a disservice to San Francisco government employees to lose the opportunity provided by the Drive to invest financially in their community.

Despite easy access to online donating options, studies have shown that most people simply do not donate unless they are directly asked and have an easy giving channel provided. The San Francisco Annual Joint Fundraising Drive provides exactly that opportunity for government employees, allowing employees a convenient way to invest in their own communities.

Also significant, the monthly payments from payroll deductions provide a critical and dependable source of revenue for non-profits. These Charitable Drives are a win-win for all involved!

As one of the recipients of funds from the Annual Joint Fundraising Drive, losing the Drive would not only be a financial loss for Alameda County Community Food Bank, but would have a negative impact on government employee investment in their communities, could impact employee morale, and will definitely have a negative impact on the non-profits supported by these payroll deductions.

Thank you for your consideration of our perspective,

Shannon Lee-Rutherford on behalf of Alameda County Community Food Bank

**To:** [Board of Supervisors \(BOS\)](#)  
**Subject:** Ordinance to Eliminate Annual Joint Fundraising Drive - Opposition  
**Date:** Monday, July 17, 2023 11:54:42 AM

---

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Esteemed Members of the Board,

On behalf of the San Francisco-Marin Food Bank, I am writing to express our opposition to the proposed Ordinance amending the Administrative Code to eliminate the Annual Joint Fundraising Drive (File # 230648).

Our organization has been a beneficiary of this critical fundraising effort for many years. Last year, we received over \$10,000 in donations from City employees through the Fundraising Drive, the equivalent of over **20,000 meals** for our neighbors in need in San Francisco. The rationale listed in the ordinance, that reduced barriers and increased access to direct donations have eliminated the need for this city-run drive, does not align with the reality of what we know about charitable giving. The more friction a donor faces in making a donation, the less likely they are to consistently donate. The City's Fundraising Drive eliminated that friction by offering a direct monthly donation option for employees, which most are unlikely to set up independently without this valuable administrative nudge.

Terminating this program will have the impact of eliminating a valuable monthly donation stream for the Food Bank and further reduce the City's direct and indirect support for its food insecure residents. We rely on consistent monthly donations like those provided via the Annual Joint Fundraising Drive to continue to provide an essential service to tens of thousands of San Franciscans via our range of food security programs, which operate in every single district in the City. We implore you to oppose this proposed Ordinance and continue to support City employees in donating to the Food Bank and our fellow non-profit organizations.

Respectfully,

**Meg Davidson**

Director, Policy & Advocacy

To Whom it May Concern,

It has come to our attention that the City and County of San Francisco is proposing to eliminate its Annual Joint Fundraising Drive. This will put an incredible strain on already-stressed charities that provide services important to the residents, business-owners and property owners of San Francisco. We at First Responder Support Network provide critical mental health services for the brave men and women who work in law enforcement, firefighting, emergency medical services and dispatching. Every day these heroes do their best to maintain quality of life in the City and County thanks to their timely response to crime, accidents, natural disasters, fires and other impactful events. In many cases they risk their own well-being. In the course of duty, first responders are often traumatized by what they experience. Public response is "that's part of the job", but these are human beings without whom we would live in a constant state of fear and stress. PLEASE do not take away one of the avenues we have for funding scholarships and peer support to these deserving workers. Doing so will add to workforce reductions, family fragmentation and suicide... not what a proud city like San Francisco wants to be known for.

Thank you for your consideration and assistance in voting DOWN this proposed action. We non-profit organizations deserve better, as do those whose lives we improve.

Lynette Ertel

**Date:** Thursday, July 13, 2023 3:25:42 PM

---

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear Sirs:

It has recently come to my attention that the City and County of San Francisco Board of Supervisors is voting to eliminate the Annual Joint Fundraising Drive.

I have to raise the question, "Why?"

Why eliminate a fundraising source that has raised over \$15 million for non-profits over the last 25 years? Why eliminate the source of funds that help a wide range of individuals in San Francisco and the surrounding Bay Area with services that will be cut or canceled? Why eliminate a program where people can give freely without compulsion to a worthy cause to help those in their local community?

More than ever, the services of Bay Area non-profits are needed and critical for those who receive them. Consider the lives of those who need these services that will be affected if this legislation passes.

**Please vote "NO" on this legislation.**

In Christ,

**Mike Kady**

"10 so as to **walk in a manner worthy of the Lord**, fully pleasing to him: **bearing fruit in every good work** and **increasing in the knowledge of God**; 11 **being strengthened with all power**, according to his glorious might, for all **endurance and patience with joy**; 12 **giving thanks to the Father**, who has qualified you to share in the inheritance of the saints in light." Colossians 1:10-12 (ESV)

Dear Ladies/Gentlemen:

Our organization has benefited from the generosity of the Combined Charities Drive and would like to see it continue. Our organization relies solely on donations from the public, we receive no government funding. Workplace giving such as this fundraising drive is a large percentage of our funding. Without the generosity of this funding we will not be able to save as many deserving dogs, cats, kittens and puppies from our local shelter as we do which would devastate our animal community and other Non-Profit organizations that rely on this donor funding.

We respectfully ask that you please reconsider your position to discontinue this fundraising drive.

To the Honorable San Francisco Board of Supervisors:

On behalf of Big Brothers Big Sisters of the Bay Area, the youth, families and volunteer mentors who we serve and support, we are writing comments to implore you to not terminate the Annual Joint Fundraising Drive (AKA Combined Charities Drive).

With charitable donations from individual donors on the decline, dwindling opportunities for government funds and limited foundation grants, small to mid sized organizations like ours are struggling to identify the revenue needed to meet the significant demand for services in San Francisco.

We currently have 30 San Francisco youth and families waiting to be matched with a Mentor through our agency. With an evidence-based program model recommended by OJJDP and the World Bank and with significant demand from families, it is essential to keep 1:1 mentorship free and accessible for San Francisco youth and families.

Last year, we received \$6,554 through this program, which for an organization our size is a meaningful amount of revenue toward our program operations and will be a loss we feel if the program is eliminated.

Please reconsider eliminating yet another reliable source of funding for the nonprofit community in San Francisco.

Respectfully,  
Joanna Reilly, VP of Development  
Big Brothers Big Sisters of the Bay Area

## **Agenda ITEM 6 - Melgar "Family Housing" Ordinance File #230026**

I am opposed to the current rendition of melgars family housing ordinance.

It ignores communities rights and does not provide sufficient housing that is affordable to working citizens of SF.

The implications noted by others opposed to the legislation are indicative of the problems and concerns with letting developers demolish sound housing and build up for profits while ignoring affordability and lacking infrastructure (aka transit)

The west side has lacked in housing but also transit solutions. Why allow carte Blanche approvals when we see the results are often poorly design and not providing anything we need currently.

Regards

Supervisor Mandelman,

Our city desperately needs to streamline the approval process and construct additional housing to equalize the supply and demand issue in San Francisco. We need to cut the red tape in approving new projects. I urge the Land Use Committee and the Board of Supervisors to approve the "Housing for All" ordinance.

I will be watching how you vote and will vote you out of office if you fail to support this important ordinance.

Sincerely,

Dear San Francisco Board of Supervisors:

I am writing to express my strong support for the "Housing for All" ordinance.

There has been a knee jerk reaction to oppose any mid to high density housing. The political forces in San Francisco have caved into these forces for decades. We are now reaping the tragic results of this short sightedness.

As an architect, urban planner, citizen and lover of San Francisco, I believe now is the time to implement a policy which comprehensively addresses our immediate and long-term housing crisis.

The proposed changes include process improvements, development standards modifications, and expanded housing development incentives throughout the city. Implementing these changes will offer diverse housing options for all residents of San Francisco, thereby expanding affordability and opportunity.

We can expand housing options for all San Francisco residents by passing the 'Housing for All' ordinance. The correlation between supply and demand is undeniable, and the lack of adequate housing significantly contributes to the city's high cost of living. Private market-driven housing construction, with limited public subsidies, is the foundation of housing in San Francisco, the state, and the entire country. Streamlining the process and allowing developers to increase density will reduce construction costs per unit, ultimately benefiting renters and homeowners.

Expanding the inventory of housing options in San Francisco will foster greater neighborhood diversity, provide better housing opportunities for vulnerable populations, and contribute to a thriving city culture where everyone can flourish.

I urge the Land Use Committee and the Board of Supervisors to approve the "Housing for All" ordinance. Together, we can create a more inclusive and affordable housing landscape for all residents of San Francisco.

Sincerely,

Patricia Solis, AIA, NOMA

---

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear San Francisco Board of Supervisors,

As an architect living and working in San Francisco, I am writing to express my support for the proposed 'Housing for All' ordinance. I commend the efforts made under the 2022 Housing Element Update, which focuses on racial and social equity, to address San Francisco's housing challenges. With a state-mandated goal of constructing 82,000 housing units within the next eight years, this plan aims to provide diverse housing options that strengthen our communities and improve overall affordability and diversity. The 'Housing for All' ordinance aligns with several policies outlined in the Housing Element. It specifically targets the removal of obstacles that hinder housing construction, especially based on subjective criteria. The proposed changes include process improvements, development standards modifications, and expanded housing development incentives throughout the city. Implementing these changes will offer diverse housing options for all residents of San Francisco, thereby expanding affordability and opportunity.

**Process Improvements:** The ordinance introduces several changes to eliminate costly and time-consuming requirements that impede housing construction and increase costs. We can save valuable time and resources by exempting code-compliant projects from certain processes like Conditional Use permits, the 311 process, and public hearings for projects outside the Priority Equity Geographies SUD. Additionally, allowing "as of right" development for heights and large lot projects, streamlining the approval of State Density Bonus Projects, enabling senior housing development wherever housing is permitted, and providing administrative approval for reasonable accommodations will further facilitate housing construction.

**Development Standards:** The proposed ordinance brings about standardization and changes in development standards to foster creativity and high-quality housing. Consolidating rear yard requirements, reducing front setbacks, and adjusting minimum lot widths and areas will allow for greater flexibility in designing housing that meets the higher densities mandated by the Housing Element. Other changes, such as allowing open space in specific locations and reevaluating street-facing ground floor uses, will contribute to a more inclusive and vibrant urban environment.

**Expand Affordable Housing Incentives:** The ordinance includes code changes that simplify the process of building affordable housing. Expanding fee waivers for all 100% affordable projects, broadening the eligibility for Home SF, and removing restrictions on eligibility requirements will increase the availability of affordable units to individuals with modest incomes. These measures will help address San Francisco's pressing need for affordable housing options. We can expand housing options for all San Francisco residents by passing the 'Housing for All' ordinance. The correlation between supply and demand is undeniable, and the lack of adequate housing significantly contributes to the city's high cost of living.

Private market-driven housing construction, with limited public subsidies, is the foundation of housing in San Francisco, the state, and the entire country. Streamlining the process and allowing developers to increase density will reduce construction costs per unit, ultimately benefiting renters and homeowners.

Higher density in our neighborhoods will promote stronger communities as it increases the number of individuals actively observing and engaging with their surroundings. Moreover, a denser population in our neighborhood commercial districts will create opportunities for residents to successfully launch and operate small retail businesses, surpassing the impact of mandated ground-floor retail spaces. Expanding the inventory of housing options in San Francisco will foster greater neighborhood diversity, provide better housing opportunities for vulnerable populations, and contribute to a thriving city culture where everyone can flourish. I urge the Land Use Committee and the Board of Supervisors to approve the "Housing for All" ordinance. Together, we can create a more inclusive and affordable housing landscape for all residents of San Francisco.

15 Environmental, Environmental Justice & Community Orgs Sign To Strongly \*OPPOSE\* MELGAR 'Family Housing' & Engardio-Breed 'Constraints Reduction' (Also see attached in PDF format)

***SPEAK Sunset Parkside Education & Action Committee***

July 17, 2023  
To: City and County of San Francisco Decision Makers - 1 Dr Carlton B Goodlett Pl, San Francisco, CA 94102

Re: **OPPOSE** Engardio-Breed-Dorsey "Constraints Reduction Ordinance" ("Housing Production") **File #230446** and **OPPOSE** Melgar-Engardio "Family Housing Opportunity Special Use District Ordinance" **File #230026**

Dear San Francisco Decision Makers:  
The undersigned environmental, housing, economic justice, community, and climate crisis response organizations write to voice our strong opposition to the Engardio-Breed-Dorsey "Constraints Reduction" and the Melgar-Engardio "Family Housing Opportunity Special Use

District” ordinances. They would enact drastic and sweeping exceptions to San Francisco's environmental and community review of real estate projects and would undermine health, environmental, economic and neighborhood protections. The Engardio-Breed-Dorsey “Constraints Reduction Ordinance” (aka “Housing Production Ordinance”) contains massive unprecedented waivers of local environmental, community and demolition review that are absolutely unacceptable, all in the name of producing housing called "affordable" when most of that housing would be for families making \$150,000 to \$190,000 per year! The Melgar-Engardio “Family Housing Opportunity Special Use District Ordinance” unacceptably waives nearly all environmental and community review for housing expansions in its large target project area to allow sweeping height increases, project design exemptions, open space requirement reductions, and condo conversions that will remove badly needed affordable rental housing! Together these ordinances would worsen:

- **The Unaffordable Housing Crisis** - These ordinances promote building new high priced housing that is *not* affordable, and condo conversions that displace rental housing. It is ridiculous that the Engardio-Breed-Dorsey ordinance calls housing built mostly for families making \$150,000 to \$190,000 dollars per year “affordable”. We already have a 50% *oversupply* of housing for those income levels! And the Melgar-Engardio ordinance relies on existing “affordable” standards that are not working and have already allowed gentrification to destroy San Francisco neighborhoods.
- **The Homelessness Crisis** - The gentrification spurred by these ordinances would push most rents citywide even higher, driving more middle, working and lower class San Franciscans either out of the city, or onto our streets where they will face unacceptable dangers of declining health, street crime, and underemployment.
- **The Vacant Housing Crisis** - San Francisco has at least 40,000 vacant housing units, most of them *far* overpriced. We also have empty office space that can be converted into thousands more apartments. We do not need more housing construction, we need to make our existing housing space affordable!
- **The Environmental Justice & Equity Crisis** - These ordinances would gut environmental and community review protections and would establish “Urban Renewal” style redevelopment zones, setting precedents that would allow corporate real estate giants to even more easily build unhealthy housing on toxic and radioactive waste sites like those in Bayview Hunters Point and on Treasure Island (which local, state and federal agencies have falsely declared “cleaned up”).
- **The Climate Crisis** - These bills are bad for the environment. Allowing sweeping demolitions and expansions of existing homes and apartments, to replace them with luxury condo and rental towers, will use massive amounts of new cement and other building materials releasing *more* greenhouse gases, not less.

These ordinances would build housing for the wealthy, create more homelessness, and are an environmentally destructive giveaway to rapacious Wall Street and corporate real estate speculators. Please vote DOWN these unacceptable corporate attacks on San Francisco's environmental, economic, cultural, and community integrity!

Sincerely:

## Honorable Supervisors

We would like to remind the Board of Supervisors that downtown business occupancy is at an all time low making the need for housing in San Francisco both unnecessary and without merit. Past legislation required sound existing housing be preserved to allow low and middle income individuals a chance to rent or purchase housing. This new "Family Housing ordinance is "flying in the face" of responsible legislation of the past.

- 1) We need to Restore \*all\* noticing and hearings for environmental and community review, including Discretionary Review and Conditional Use hearings, for all demolitions, and all projects that would expand the dimensions of existing buildings, to add one or more new units of housing.
- 2) We need to Expand the initial public comment period for new projects from 30 days, back to 60 days.
- 3) We need to Add language mandating truly affordable housing, requiring that 100% of new housing is for families making less than \$80,000 per year, and individuals making less than \$50,000 per year.

Melgar claims state law doesn't allow this. If that's true, then her ordinance can't fulfill its stated purpose of building "Family Housing" and should be voted down.

- 4) NO Condo Conversions! Remove all language that expands condo conversions. Condos will gentrify the city and drive out affordable rental housing. If we are going to build more housing, it should be 100% truly affordable rental units.
- 5) We need to Ban Wall Street Speculators! Language must be added which penalizes and prevents large corporate real estate and investment firms which control over \$100 million in properties, from quickly buying, building, and selling

housing as a speculative asset for profit. Large property owners must be required to wait \*10 years\* before reselling housing.

Land Use and Transportation Committee  
Board of Supervisors  
San Francisco City Hall  
1 Dr. Carlton B. Goodlett Plaza  
San Francisco, CA 94102

Re: Agenda Item No. 6 - Planning, Subdivision, and Administrative Codes and Zoning Map - Family Housing Opportunity Special Use District

Board President Peskin, Supervisors Melgar and Preston,

San Francisco Heritage (SF Heritage) appreciates the opportunity to comment on the legislation now before Land Use Committee hearing, the ordinance regarding Planning Code amendments to create the Family Housing Opportunity Special Use District, also known as the "Family Housing" ordinance.

Established in 1971, SF Heritage is a nonprofit organization dedicated to preserving and enhancing San Francisco's architectural and cultural identity. SF Heritage has consistently supported the creation of affordable housing in San Francisco.

SF Heritage understands the intent of the proposed amendments in the "Family Housing" ordinance. However, we suggest including improved, technical language, for efficiency and consistency, specifically with regard to new development in historic districts so that it aligns with existing State legislation.

Senate Bill No. 9, approved on September 16, 2021, specifies that new development occur as described:

**The parcel is not located within a historic district or property included on the State Historic Resources Inventory, as defined in Section 5020.1 of the Public Resources Code, or within a site that is designated or listed as a city or county landmark or historic property or district pursuant to a city or county ordinance.**

In aligning with existing adopted legislation, the ordinance will be more efficient and eliminate confusion with existing State law.

We hope the comments of SF Heritage will be considered before the ordinance moves forward.

Sincerely,

Woody LaBounty

President and CEO

**Subject:** Public Comment: Land Use Item 6, July 17 - OPPOSE Unless Amended - Melgar "Family Housing" File #230026  
**Date:** Monday, July 17, 2023 10:54:20 PM

---

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear Supervisors,

Supervisor Myrna Melgar's so-called "Family Housing" ordinance (File #230026) is bad legislation. Even in its current amended form, it unacceptably waives far too much environmental and community noticing and review of real estate projects, drives unnecessary and polluting demolitions, and allows corporate real estate speculators free rein to demolish and sell off vast tracts of existing housing for profit.

Supervisor Melgar *\*still\** has not agreed to meet with neighborhood, environmental, and social justice groups to collaborate together and draft an ordinance to expand *\*truly\** affordable and environmentally sound housing in San Francisco!

San Francisco has at least 40k vacant housing units, 70k new units in the pipeline, and thousands more potential units from empty office space conversions, there is absolutely NO need to build more housing in the City. We should instead be working with rental property owners, large and small, to dramatically reduce the amount of vacant housing. We should be converting vacant office space into affordable places to live as has been successfully done in other major cities such as NYC. Demolishing housing and building rental high-rises would drive a huge increase in greenhouse gas emissions from cement and other building materials, and construction.

Please insist of Supervisor Melgar that she delay her legislation, and sit down at the table with neighborhood, environmental, and social justice groups to make the following changes:

- 1) Restore *\*all\** noticing and hearings for environmental and community review, including Discretionary Review and Conditional Use hearings, for all demolitions, and projects that would expand the horizontal or vertical dimensions of existing buildings in order to add one or more new units of housing.
- 2) Expand the initial public comment period for new projects from 30 days, back to 60 days.
- 3) Add language mandating truly affordable housing, requiring that new affordable housing is for working class people and follows government mandates at the 80% AMI level.
- 4) Ban Wall Street Speculators! Language must be added which penalizes and prevents large corporate real estate and investment firms which control over \$100 million in properties, from

quickly buying, building, and selling housing as a speculative asset for profit.  
IMPORTANT: Melgar claims that Mayor Breed will veto any housing ordinance with such anti-speculation protections. But if Melgar's ordinance is so unpopular it can't get the eight Board of Supervisors votes it takes to override a mayoral veto, then Melgar's ordinance is NOT GOOD ENOUGH and needs to be voted down!

Please vote NO on the Melgar "Family Housing" ordinance unless these changes are made!

Thank you,

Robert Ho  
District 7 Resident

To: City and County of San Francisco Decision Makers - 1 Dr Carlton B Goodlett Pl, San Francisco, CA 94102

Re: **OPPOSE** Engardio-Breed-Dorsey “Constraints Reduction Ordinance” (“Housing Production”) **File #230446**  
 and **OPPOSE** Melgar-Engardio “Family Housing Opportunity Special Use District Ordinance” **File #230026**

Dear San Francisco Decision Makers:

The undersigned environmental, housing, economic justice, community, and climate crisis response organizations write to voice our strong opposition to the Engardio-Breed-Dorsey “Constraints Reduction” and the Melgar-Engardio “Family Housing Opportunity Special Use District” ordinances. They would enact drastic and sweeping exceptions to San Francisco’s environmental and community review of real estate projects and would undermine health, environmental, economic and neighborhood protections.

The Engardio-Breed-Dorsey “Constraints Reduction Ordinance” (aka “Housing Production Ordinance”) contains massive unprecedented waivers of local environmental, community and demolition review that are absolutely unacceptable, all in the name of producing housing called "affordable" when most of that housing would be for families making \$150,000 to \$190,000 per year!

The Melgar-Engardio “Family Housing Opportunity Special Use District Ordinance” unacceptably waives nearly all environmental and community review for housing expansions in its large target project area to allow sweeping height increases, project design exemptions, open space requirement reductions, and condo conversions that will remove badly needed affordable rental housing!

Together these ordinances would worsen:

- **The Unaffordable Housing Crisis** - These ordinances promote building new high priced housing that is *not* affordable, and condo conversions that displace rental housing. It is ridiculous that the Engardio-Breed-Dorsey ordinance calls housing built mostly for families making \$150,000 to \$190,000 dollars per year “affordable”. We already have a 50% *oversupply* of housing for those income levels! And the Melgar-Engardio ordinance relies on existing “affordable” standards that are not working and

have already allowed gentrification to destroy San Francisco neighborhoods.

- **The Homelessness Crisis** - The gentrification spurred by these ordinances would push most rents citywide even higher, driving more middle, working and lower class San Franciscans either out of the city, or onto our streets where they will face unacceptable dangers of declining health, street crime, and underemployment.
- **The Vacant Housing Crisis** - San Francisco has at least 40,000 vacant housing units, most of them *far* overpriced. We also have empty office space that can be converted into thousands more apartments. We do not need more housing construction, we need to make our existing housing space affordable!
- **The Environmental Justice & Equity Crisis** - These ordinances would gut environmental and community review protections and would establish “Urban Renewal” style redevelopment zones, setting precedents that would allow corporate real estate giants to even more easily build unhealthy housing on toxic and radioactive waste sites like those in Bayview Hunters Point and on Treasure Island (which local, state and federal agencies have falsely declared “cleaned up”).
- **The Climate Crisis** - These bills are bad for the environment. Allowing sweeping demolitions and expansions of existing homes and apartments, to replace them with luxury condo and rental towers, will use massive amounts of new cement and other building materials releasing *more* greenhouse gases, not less.

These ordinances would build housing for the wealthy, create more homelessness, and are an environmentally destructive giveaway to rapacious Wall Street and corporate real estate speculators. Please vote DOWN these unacceptable corporate attacks on San Francisco’s environmental, economic, cultural, and community integrity!

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear LUC Chair Melgar, Board of Supervisors President Peskin, and Supervisor Preston,  
I am writing to urge you to continue the subject legislation, File No. 230026, at the Land Use Committee meeting on July 17, 2023.

This legislation will result in sweeping changes to the San Francisco Planning Code. It will eliminate many public notices including Conditional Use notification, increase condominium conversions, densify neighborhoods, provide Planning Code exemptions, significantly alter neighborhood character, and all the while not provide for the affordable housing the City desperately needs.

The changes to the Planning Code are very broad and very complex. But this legislation was drafted with virtually no input from neighborhood groups and the people most impacted by this legislation. And the public has had access to this latest iteration for less than a week. While I understand the City must show it is working toward fulfilling the terms of the Housing Element and meeting the State's RHNA housing requirements, that does not justify taking action on this legislation at the July 17 meeting. Please, continue this ordinance until all stakeholders have had enough time to review and comment on it.

We must all work collaboratively and cooperatively in order to create a city that reflects the goals of equity and diversity of which we are all so proud. I trust you will do what is in the best interest of all San Franciscans and vote to continue this legislation.

Thank you for your consideration.

Sincerely,

*Jean*

Tropical Earth

Yesterday I received a E mail informing me that the SF Budget & Legislative Analyst informed voters/tax payers that it has revised its 1st estimate of vacant housing from 40,000 to 61,473 and add to that the already empty units that have been built, in progress

being built and already approved housing to be built.  
All of this exceeds California's mandate for SF to build.  
I have a simple request to send Melgar's legislation back to the drawing board until it contains affordable housing mandates, restores environmental and community noticing. It is a must to have input from the neighborhood.  
I am sure you as a home owner would want to be notified of any demolition and additional stories on your block.  
I have heard that some supervisors tell their community to go to SF Planning Dept. to see what plans have been submitted. You and I know how difficult and unrealistic that is.  
Thank You  
Shawna McGrew

Tropical Earth

Dear President Peskin and Members of the Board of Supervisors:

I am writing on behalf of Planning Association for the Richmond (“PAR”) regarding the referenced legislation. As the largest and oldest neighborhood organization in the Richmond District, PAR urges you to oppose the Engardio-Breed-Dorsey “Constraints Reduction” and the Melgar-Engardio “Family Housing Opportunity Special Use District” ordinances.

These proposed ordinances raise many concerns:

- **The rush to judgment and lack of public participation in preparation of these ordinances is unacceptable.** The residents of San Francisco only recently became aware of this legislation. The sponsors did not reach out to impacted communities during its drafting. Public engagement is critical in a democracy and safeguards both the governed and those governing. These ordinances will significantly impact countless home owners and tenants. Before you consider this legislation their voices must be heard.
- **Housing need is overestimated and supply is underestimated.** The State housing needs assessment (“RHNA”) number that has become the gold standard for revising the Planning Code is overinflated. A state audit submitted a blistering report that these RHNA numbers have been overstated by up to hundreds of thousands of housing units. (<https://www.auditor.ca.gov/reports/2021-125/index.html>) In addition, according to the City’s Planning Department’s 2023 Q1 Housing Development Pipeline report, there are currently over 70,000 new units in the development pipeline. (<https://sfplanning.org/project/pipeline-report#current-dashboard>) These ordinances are based on flawed assumptions and faulty data. There is no good reason to gut the Planning Code to make it easier to build. The very foundation on which this legislative edifice has been built does not support these ordinances.
- **Removal of most public notice requirements is unacceptable.** These proposed ordinances eliminate 311 notices, most demolition notices, the right to Discretionary Review, and Conditional Use hearings. This lack of transparency and right of appeal should not be approved. Residents have a right to know about and oppose developments and renovations that impact their neighborhoods. These new provisions unfairly benefit developers and should not stand. This lack of transparency and specificity is of special concern in the newly proposed “Special Use” districts, and could justify the kind of Urban Renewal that decimated neighborhoods in the 60’s.

- **The legislation fails to address the need for affordable housing.** There is general agreement that the greatest need for housing in San Francisco is housing for middle-income and low-income people. But this legislation does nothing to provide housing for low-income people, and falls short of providing for the needs of middle-income people as well. Most of the new housing will be market rate, with inadequate provisions for rent-controlled and affordable units. We are also concerned this legislation will exacerbate the growing homeless crisis.
- **The legislation does not address the need for increased infrastructure.** It is inevitable that along with more housing, there is a need for more infrastructure...sewage and water; transportation; schools; emergency services; and all the other services and institutions needed by a growing community. This legislation is silent on all these needs, and should be amended to include these vital services.

In conclusion, PAR urges you not to approve these ordinances until there has been a more thorough consideration of all their impacts, and following full participation by all community stakeholders.

Thank you for your consideration.

Sincerely,

*Nicholas Bellori*

This type of event would not be possible if Proxy is closed for 70 housing units

On Fri, Jul 14, 2023 at 8:39 PM Michael Anders <[mja712@gmail.com](mailto:mja712@gmail.com)> wrote:

Hello,

I am a resident of Hayes Valley (District 5) and a strong advocate of all housing, both market rate and affordable. My supervisor, Dean Preston, does not seem to respond or care about the concerns of his constituents so I am writing to the remaining members of the BOS and the mayor on this very important issue.

I am aware of the history of Parcel K (Proxy) and that it was originally designated by voters to be a site for affordable housing around 2000. However, I am writing today to express my concerns about Supervisor Preston's push to build a very small affordable housing complex on this land.

To be clear, the plan to build housing on 600 McAllister and 98 Franklin is fantastic. I am a believer in building housing in all parts of the city including my neighborhood. There is more room for housing in Hayes Valley which is not yet in development.

However, we need to draw the line somewhere. Proxy has become a beloved part of the Hayes Valley community. An outdoor gym during the day where community members have exercised for 3 years, a space for community events like a circus, movie nights, carnival, jazz, dance parties, and more. A retail location for an ice cream parlor and a brewery. It complements Patricia's Green perfectly and makes Hayes Valley one of the best neighborhoods in the world.

Why would the city want to destroy that? And for what, 70 units of housing? Is it really worth wrecking our community for only 70 units of housing?

As I walk around the city, I see vacant, unused parking lots. I see empty retail storefronts. I see empty offices. Tons of real estate. Why not build hundreds of thousands of units in those places? Just like we don't build housing over parks, gardens and playgrounds, we also should not build housing on community gathering places and recreation centers like Proxy.

I would ask that the city propose a law, a proposition or some other ballot measure, to officially designate Parcel K as a public gathering place which will be kept without housing permanently. Let's keep building housing all over our city, but let's protect our public spaces which are loved by members of the community and focus on building on the several unused properties, parking lots, office buildings, former retail locations and unused plots of land across our city. Not the places that are enjoyed daily by thousands of community members.

Thank you,

Michael Anders  
District 5

**4) NO Condo Conversions!** Remove all language that expands condo conversions. Condos will gentrify the city and drive out affordable rental housing. If we are going to build more housing, it should be 100% truly affordable rental units.

**5) Ban Wall Street Speculators!** Language must be added which penalizes and prevents large corporate real estate and investment firms which control over \$100 million in properties, from quickly buying, building, and selling housing as a speculative asset for profit. Property owners must be required to wait \*10 years\* before reselling (aka "flipping") housing.

**IMPORTANT: Melgar claims that Mayor Breed will veto any housing ordinance with such anti-speculation protections. That is NO REASON to vote for it.**

**If Melgar's ordinance is so unpopular it can't get the eight Board of Supervisors votes it takes to override a mayoral veto, then Melgar's ordinance is NOT GOOD ENOUGH and needs to be voted down!**

**Please vote NO on the Melgar "Family Housing" ordinance unless these changes are made!**

Thank you,

Kathleen Kelley  
Resident of D4 94122

Dear Supervisors,

I grew up in SF and i *still* love this city, even though it has become so unaffordable. We need real *affordable* housing, which will not be achieved by Supervisor Myrna Melgar's "Family Housing" ordinance File #230026. Even in its current amended form, it still has no affordable housing mandates, unacceptably waives far too much environmental and community noticing and review of real estate projects, expands gentrifying condo conversions that destroy affordable rental housing, drives unnecessary and polluting demolitions, and allows corporate real estate speculators free rein to demolish and sell off vast tracts of existing housing for profit.

With at least 40,000 vacant housing units, 70,000 new units in the pipeline, and thousands more potential units from empty office space conversions, there is absolutely NO need to build more housing in the City. We should instead be transforming vacant housing and office space into affordable places to live. Demolishing housing and building expensive condo and rental high-rises would drive a huge increase in greenhouse gas emissions from cement and other building materials, and construction.

**Please vote NO on the Melgar "Family Housing" ordinance until it can guarantee affordable housing with environmental review and input from the community!**

Thank you,

Elliot Helman

Hello,

I am a resident of Hayes Valley (District 5) and a strong advocate of all housing, both market rate and affordable. My supervisor, Dean Preston, does not seem to respond or care about the concerns of his constituents so I am writing to the remaining members of the BOS and the mayor on this very important issue.

I am aware of the history of Parcel K (Proxy) and that it was originally designated by voters to be a site for affordable housing around 2000. However, I am writing today to express my concerns about Supervisor Preston's push to build a very small affordable housing complex on this land.

To be clear, the plan to build housing on 600 McAllister and 98 Franklin is fantastic. I am a believer in building housing in all parts of the city including my neighborhood. There is more room for housing in Hayes Valley which is not yet in development.

However, we need to draw the line somewhere. Proxy has become a beloved part of the Hayes Valley community. An outdoor gym during the day where community members have exercised for 3 years, a space for community events like a circus, movie nights, carnival, jazz, dance parties, and more. A retail location for an ice cream parlor and a brewery. It complements Patricia's Green perfectly and makes Hayes Valley one of the best neighborhoods in the world.

Why would the city want to destroy that? And for what, 70 units of housing? Is it really worth wrecking our community for only 70 units of housing?

As I walk around the city, I see vacant, unused parking lots. I see empty retail storefronts. I see empty offices. Tons of real estate. Why not build hundreds of thousands of units in those places? Just like we don't build housing over parks, gardens and playgrounds, we also should not build housing on community gathering places and recreation centers like Proxy.

I would ask that the city propose a law, a proposition or some other ballot measure, to officially designate Parcel K as a public gathering place which will be kept without housing permanently. Let's keep building housing all over our city, but let's protect our public spaces which are loved by members of the community and focus on building on the several unused properties, parking lots, office buildings, former retail locations and unused plots of land across our city. Not the places that are enjoyed daily by thousands of community members.

Thank you,

Michael Anders  
District 5
