It is the intent of the parties hereto that LESSEE shall be responsible for and bear the entire cost of removal and disposal of hazardous materials introduced to the premises during LESSEE'S period of use and possession as owner, operator or LESSEE of the premises. LESSEE shall also be responsible for any clean-up and decontamination on or off the Premises necessitated by the introduction of such hazardous materials on the Premises. LESSEE shall not be responsible for or bear the cost of removal or disposal of hazardous materials introduced to the premises by any party other than Lessee during any period prior to commencement of LESSEE'S period of use and possession of the Premises as owner, operator or Lessee.

LESSEE shall further hold LESSOR, and its officers and employees, harmless from all responsibility, liability and claim for damages resulting from the presence or use of hazardous materials on the premises during LESSEE'S period of use and possession of the Premises.

LESSEE understands the discharge of non-storm water into the storm sewer system is prohibited unless specifically authorized by one of the permits or ordinances listed above. In order to prevent the discharge of non-storm water into the storm sewer system, vehicle or equipment washing, fueling, maintenance and repair on the PREMISES is prohibited.

In order to prevent the discharge of pollutants to storm water resulting from contact with hazardous material, the storage or stockpile of hazardous material on PREMISES is strictly prohibited. To the extent applicable to LESSEE's use of the PREMISES, LESSEE shall implement and maintain the Best Management Practices (BMPs) shown in the attached Stormwater Pollution Prevention Fact Sheet(s) for: Parks and Recreation, attached as "Exhibit B." LESSEE shall identify any other potential sources of storm water and non-storm water pollution resulting from Lessee's activities on the PREMISES, which are not addressed by the BMPs, contained in the attached Fact Sheet(s), and shall implement additional BMPs to prevent pollution from those sources. Additional BMPs may be obtained from 2 other manuals, (1) Right of Way Property Management and Airspace Storm Water Guidance Manual (RW Storm Water Manual) available for review at the Lessor's District Right of Way office or online at www.dot.ca.gov/hq/row/rwstormwater and (2) Construction Site Best Management Practices (BMPs) Manual, which available is online at https://dot.ca.gov/programs/construction/storm-water-and-water-pollution-control/manuals-andhandbooks . In the event of conflict between the attached Fact Sheet(s), the manuals and this Lease, this Lease shall control.

LESSEE shall provide Lessor with the Standard Industrial Classification (SIC) code applicable to Lessee's facilities and activities on the lease PREMISES. A list of SIC codes regulated under the General Industrial Permit SIC codes may be found at the State Water Resources Control Board (SWRCB) website

at:<u>http://www.waterboards.ca.gov/water_issues/programs/stormwater/gen_indus.shtml</u>. Other SIC codes may be found at <u>www.osha.gov/pls/imis/sicsearch.html</u>.

LESSOR, or its agents or contractors, shall at all times have the right to enter and inspect the PREMISES and the operations thereon to assure compliance with the applicable permits, and ordinances listed above. Inspection may include taking samples of substances and materials present for testing PREMISES.

3.6 LESSOR's Rules and Regulations

LESSEE shall faithfully observe and comply with the rules and regulations that LESSOR shall from time to time promulgate for the protection of the transportation facility and the safety of the traveling public. LESSOR reserves the right from time to time to make reasonable modifications to said rules and regulations. The additions and modifications to those rules and regulations shall be binding upon LESSEE upon delivery of a copy of them to LESSEE.

ARTICLE 4. IMPROVEMENTS

4.1 Authorized Improvements

LESSEE shall not place any improvements in, on, or upon the Premises, nor shall LESSEE make any alterations to said premises except those specifically included in the development plans approved by the LESSOR, in writing, a copy of which is attached hereto. All additional improvements, including landscaping, are subject to the review and approval of the LESSOR and FHWA. In the event LESSEE violates any of the provisions of this Article, this Lease may be

terminated immediately by LESSOR. Removal of LESSEE's improvements shall be at no cost to FHWA.

LESSEE shall begin the development of the Premises, if any, within 30 days of the date of this lease and after obtaining an appropriate encroachment permit to construct from the LESSOR. All work shall be completed according to the development plan within 90 days of the issuance of the encroachment permit.

4.2 Required Sign

LESSEE shall post the Premises with a sign giving the following notice:

(a) "This park has been developed for your enjoyment by City and County of San Francisco under a Lease with the California Department of Transportation. The Lease is subject to termination if the property is needed for State highway purposes."

4.3 Removal of Improvements

Upon termination of this Lease for any reason whatsoever, LESSEE agrees to remove all improvements, except landscaping, at LESSEE'S sole expense, within 120 days of termination. If LESSEE fails to remove all improvements, LESSOR may remove such improvements at the expense of LESSEE and bring an action for recovery of such costs, together with all expenses and attorneys' fees incurred by reason of said action.

ARTICLE 5. REMOVAL OF PERSONAL PROPERTY

LESSEE may remove any personal property from time to time within forty-five (45) days of the expiration of the term. LESSEE shall repair all damage (structural or otherwise) caused by any such removal.

Any personal property not removed by LESSEE within forty-five (45) days following expiration of the term shall be deemed to be abandoned by LESSEE and shall, without compensation to LESSEE, become the LESSOR's property, free and clear of all claims to or against them by LESSEE or any other person. Removal of LESSEE's personal property shall be at no cost to FHWA.

ARTICLE 6. MAINTENANCE AND REPAIRS

6.1 LESSEE'S Obligations

LESSEE, at its own cost and expense, shall maintain the Premises, improvements and landscaping thereon, including fences, and guardrails heretofore, or hereafter erected, in first class order, repair and condition and in compliance with all requirements of law, subject to ordinary wear and tear that does not reduce its attractiveness and utility. LESSEE shall also, at its own cost and expense, install or provide for the installation of all required lighting on the Premises and shall maintain the lighting in first class order, repair and condition.

LESSOR and LESSEE recognize that because of the length of the term of this Lease it may be necessary for LESSEE to perform certain substantial maintenance, repair, rehabilitation or reconstruction (hereinafter collectively referred to as "repair" or "repairs") of the improvements in order to ensure that the premises are kept in first-class order, repair and condition.

LESSEE hereby expressly waives the right to make repairs at the expense of LESSOR and the benefit of the provisions of Sections 1941 and 1942 of the California Civil Code or any successor thereto.

LESSEE shall take all steps necessary to effectively protect the fences, guardrails, and the piers and columns, if any, of the structure from damage incident to LESSEE's use of said premises and

improvements, all without expense to LESSOR. LESSEE shall, at its own cost and expense, repair in accordance with LESSOR's standards any damage to any property owned by LESSOR, including, but not limited to, all fences, guardrails, piers and columns, caused by LESSEE, invitees or other third parties. At LESSEE's request, LESSOR will repair the damage to its property and LESSEE agrees to reimburse LESSOR promptly after demand for the amount LESSOR has reasonably expended to complete the repair work.

LESSEE shall designate in writing to LESSOR a representative who shall be responsible for the day-to-day operation and level of maintenance, cleanliness and general order.

6.2 LESSOR'S Rights

In the event LESSEE fails to perform LESSEE's obligations under this Article, LESSOR shall give LESSEE notice to do such acts as are reasonably required to so maintain the premises. If within thirty (30) days after LESSOR sends written notice to repair or quit, LESSEE fails to do the work and diligently proceed in good faith to prosecute it to completion, this lease shall be deemed cancelled.

ARTICLE 7. INDEMNIFICATION AND INSURANCE

7.1 Indemnification

Neither LESSOR nor FHWA nor any of LESSOR'S and FHWA's officers or employees is responsible for any injury, damage, or liability occurring by reason of anything done or omitted to be done by LESSEE under or in connection with any work, authority, or jurisdiction conferred upon LESSEE or arising under this Lease.

It is understood and agreed LESSEE will fully defend, indemnify, and save harmless LESSOR and FHWA and all of its officers and employees from all claims, suits, or actions of every kind brought forth under any theory of liability occurring by reason of anything done or omitted to be done by LESSEE under this lease. LESSEE'S obligations to defend, indemnify, and save harmless LESSOR and FHWA extends to any and all claims, suits, or actions of every kind brought forth under any theory of liability occurring due to the use of the PREMISES and LESSEE'S operations under this Lease, any accompanying agreement with LESSOR, and any encroachment permit issued by Lessor.

LESSEE shall include in any contract it enters with any third party to conduct work in association with this Lease, including any contractors who design, construct, or maintain equipment, structures, fixtures or other property, a requirement the contractor will fully defend, indemnify and save harmless LESSOR and its officers and employees from any and all claims, suits or actions of every kind brought forth under any theory of liability occurring due to the work conducted in association with this Lease. If LESSEE has any additional insured endorsements executed by any third parties conducting work in association with this Lease naming LESSOR to comply with this provision, Lessee shall provide copies of the additional insured endorsements and a Certificate of Insurance to Lessor.

If the Lease is terminated for any reason, LESSEE also agrees to indemnify, defend, and save harmless LESSOR and FHWA from any third party claims for damages arising out of the termination of the Lease due to LESSOR'S failure to comply with the requirements of the Lease. Such third party claims include any claims from any contractors retained by LESSEE or its successors.

Furthermore, LESSEE agrees it controls the PREMISES. As such, LESSEE agrees to defend, indemnify and hold harmless LESSOR, its officers, agents, and employees for any and all claims arising out of any allegedly dangerous condition of public property based upon the condition of the PREMISES.

LESSEE agrees to defend, indemnify and save harmless LESSOR, its officers, employees, and agents from any and all claims, suits or actions of every kind brought forth under any theory of liability with respect to the PREMISES or the activities of LESSEE or its officers, employees, and agents at

the PREMISES, excluding those arising by reason of the sole or active negligence of LESSOR, its officers, employees, and agents.

LESSEE'S obligations to defend and indemnify LESSOR and FHWA is not excused because of LESSEE'S inability to evaluate liability or because LESSEE evaluates liability and determines LESSEE is not liable. LESSEE must respond within 30 days to the tender of any defense and indemnity by LESSOR or FHWA, unless this time has been extended by Lessor.

7.2 <u>Liability Insurance</u>

Nothing in this Lease is intended to establish a standard of care owed to any member of the public or to extend to the public the status of a third-party beneficiary for any of these insurance specifications.

A. Workers' Compensation and Employer's Liability Insurance

LESSEE shall provide workers' compensation and employer's liability insurance or undertake self-insurance as required under the Labor Code.

LESSEE shall provide Employer's Liability Insurance in amounts not less than:

1. \$1,000,000 for each accident for bodily injury by accident

2. \$1,000,000 policy limit for bodily injury by disease

3. \$1,000,000 for each employee for bodily injury by disease

B. Comprehensive General Liability Insurance

- 1. Premises, operations and mobile equipment
- 2. Products and completed operations
- 3. Broad form property damage (including completed operations)
- 4. Explosion, collapse, and underground hazards
- 5. Personal injury
- 6. Contractual liability

If LESSEE procures insurance coverage to meet its insurance obligations under this Lease in whole or in part, LESSEE shall provide proof of the Comprehensive General Liability insurance policy with all endorsements, riders, and amendments to LESSOR on or before the commencement of this Lease by a Certificate of Additional Insured.

The Comprehensive General Liability insurance procured by LESSEE shall also comply with the following:

- 1. Shall extend to all of LESSEE'S operations and remain in full force and effect during the term of this Lease.
- 2. Must be with an insurance company with a rating from A.M. Best Financial Strength Rating of A- or better and a Financial Size Category of VII or better.
- 3. Shall be on Commercial General Liability policy form no. CG0001 as published by the Insurance Services Office (ISO) or under a policy form at least as broad as policy form no. CG0001.

- 4. Shall contain completed operations coverage with a carrier acceptable to LESSOR through the expiration of the latent and patent deficiency in construction statutes of repose set forth in Code of Civil Procedure section 337.15.
- 5. Shall name LESSOR, including its officers, directors, agents (excluding agents who are design professionals), and employees, as additional insureds under the General Liability Policy with respect to liability arising out of or connected with work or operations performed in connection with this Lease. Coverage for such additional insureds does not extend to liability to the extent prohibited by Insurance Code section 11580.04.
- 6. Shall provide additional insured coverage by a policy provision or by an endorsement providing coverage at least as broad as Additional Insured (Form B) endorsement form CG 2010, as published by the Insurance Services Office (ISO), or other form designated by Lessor.
- 7. Shall state the insurance afforded the additional insureds applies as primary insurance. Any other insurance or self-insurance maintained by Lessor is excess only and must not be called upon to contribute with this insurance.

C. Automobile Insurance

LESSEE shall carry automobile liability insurance or utilize self-insurance, including coverage for all owned, hired, and nonowned automobiles. The primary limits of liability must be not less than \$1,000,000 combined single limit for each accident for bodily injury and property damage. The umbrella or excess liability coverage required under this Article shall also apply to automobile liability.

D. Deductible

LESSOR allows reasonable deductible clauses not overly broad, exceeding \$250,000, or harmful to LESSOR. LESSEE agrees by executing this Lease it shall defend, indemnify, and hold harmless LESSOR until such deductible is paid or applied to any claim arising out of this Lease, regardless of LESSEE'S evaluation of liability, as discussed in Section 9.1.

E. Continual Coverage

LESSOR may assure LESSEE'S compliance with LESSEE'S insurance obligations. Ten days before an insurance policy lapses or is canceled during the term of this Lease, LESSEE must submit evidence of renewal or replacement of the policy. LESSEE is not relieved of its duties and responsibilities to indemnify, defend, and hold harmless LESSOR, its officers, agents, and employees by LESSOR'S acceptance of insurance policies and certificates. The minimum insurance coverage amounts do not relieve Lessee from liability in excess of such coverage.

F. Self-Insurance

Reasonable self-insurance programs and self-insured retentions in insurance policies are permitted by LESSOR. If LESSEE uses a self-insurance program or self-insured retention, LESSEE must provide LESSOR with the same protection from liability and defense of suits as would be afforded by first-dollar insurance. Further, execution of this Agreement is Lessee's acknowledgment LESSEE will be bound by all laws as if LESSEE were an insurer as defined under Insurance Code section 23 and Lessee's self-insurance program or self-insured retention shall operate as insurance as defined under Insurance Code section 22. LESSOR acknowledges that LESSEE is self-insured, as provided in "Exhibit C," which is approved by LESSOR. Notwithstanding anything to the contrary, LESSOR acknowledges that LESSEE's self-insurance program is not commercial and has no ability to name another entity as an additional insured.

7.3 Failure to Procure and Maintain Insurance

If LESSEE fails to procure or maintain the insurance or self-insurance required by this Article in full force and effect, this Lease may be terminated immediately by LESSOR. In addition, if LESSEE fails to procure or maintain the insurance or self-insurance required by this Article, LESSEE shall cease and desist from operating any business on the PREMISES and the improvements erected thereon and shall prevent members of the public from gaining access to the PREMISES during any period in which such insurance policies are not in full force and effect.

7.4 Waiver of Subrogation

LESSEE hereby waives any and all rights of recovery against LESSOR, or against the officers, employees, agents and representatives of LESSOR, for loss of or damage to LESSEE or its property or the property of others under its control to the extent that such loss or damage is insured against under any insurance policy in force at the time of such loss or damages. LESSEE shall give notice to its insurance carrier or carriers that the foregoing waiver of subrogation is contained in the Lease.

ARTICLE 8. PAYMENT OF TAXES

LESSEE agrees to pay all taxes and assessments that may be legally assessed on LESSEE's possessory interest or income.

ARTICLE 9. RIGHT OF ENTRY

9.1 Inspection, Maintenance, Construction and Operation of Freeway Structures

LESSOR, through its agents or representatives, and other city, county, state and federal agencies, through their agents or representatives, shall have full right and authority to enter in and upon the premises and any building or improvements situated thereon at any and all reasonable times during the term of this Lease for the purpose of inspecting the same without interference or hindrance by LESSEE, its agents or representatives.

LESSOR further reserves the right of entry for the purpose of inspecting the premises, or the doing of any and all acts necessary or proper on said premises in connection with the protection, maintenance, reconstruction, and operation of the freeway structures and its appurtenances; provided, further, that LESSOR reserves the further right, at its discretion, to immediate possession of the same in case of any national or other emergency, or for the purpose of preventing sabotage, and for the protection of said freeway structures, in which event the term of this Lease shall be extended for a period equal to the emergency occupancy by LESSOR, and during said period LESSEE shall be relieved, to the degree of interference, from the performance of conditions or covenants specified herein. LESSOR further reserves the right of entry by any authorized officer, engineer, employee, contractor or agent of the LESSOR for the purpose of performing any maintenance activities upon the property which LESSEE has failed to perform.

9.2 Future Transportation Project

LESSEE specifically acknowledges LESSOR may cancel this lease upon 90 days notice for the construction of an "Approved or Funded Transportation Project" or an emergency highway repair. In that event, LESSEE will have no claim upon LESSOR and waives any and all claims for compensation, damages or relocation assistance.

9.3 Retrofitting of Freeway Structures

LESSEE acknowledges LESSOR may be required to perform retrofit work on all or a part of

the freeway structures that are situated on and above the premises. LESSOR shall have the right to impose such restrictions on LESSEE's right to enter, occupy, and use the premises and to construct improvements thereon as LESSOR deems are necessary to enable it to complete construction of all freeway structural retrofit work without interference from LESSEE.

In the event LESSOR determines that it needs to obtain possession of all or a portion of the premises, or needs to place restrictions on LESSEE's use of the premises, LESSOR shall, at least ninety (90) days prior to the effective date of the commencement of such possession or restrictions notify LESSEE in writing describing the extent of the possession or restrictions and the effective date of their commencement. Upon the effective date of said notice, LESSEE shall peaceably surrender possession of the premises and comply with the restrictions as stated therein. In that event, LESSEE will have no claim upon LESSOR and waives any and all claims for compensation, damages or relocation assistance.

LESSEE shall conduct its operations on the premises in such a manner so as not to interfere with LESSOR's or its contractor's performance of any structural retrofit work done on or above the premises. LESSEE acknowledges that the performance of the structural retrofit work may cause damage to paving or other improvements constructed by LESSEE on the Premises. LESSEE expressly agrees to hold LESSOR harmless from all such damage to its improvements, except that at the conclusion of the retrofit work, LESSOR shall, at no cost to LESSEE, restore the premises to their preexisting condition to the extent reasonably possible consistent with the retrofitting project.

If a portion of the premises is rendered unusable due to such work, LESSOR and LESSEE shall negotiate in good faith to determine an appropriate rental adjustment during such period. If the parties cannot agree, the matter shall be submitted to binding arbitration, with the arbitrator chosen by the Presiding Judge of the Superior Court in which the property is located if the parties cannot mutually agree on an arbitrator.

ARTICLE 10. DEFAULT

10.1 Default

The occurrence of any of the following shall constitute a material breach and default of this Lease by LESSEE:

- (a) Any failure by LESSEE to pay lease payment or any other monetary sums required to be paid hereunder, where such failure continues for thirty (30) days after written notice thereof has been given by LESSOR to LESSEE.
- (b) The abandonment or vacation of the premises by LESSEE. Failure to occupy and operate the premises for thirty (30) consecutive days following the mailing of written notice from LESSOR to LESSEE calling attention to the abandonment shall be deemed an abandonment or vacation.
- (c) A failure by LESSEE to observe and perform any other provision of this Lease to be observed or performed by LESSEE, where such failure continues for thirty (30) days after written notice thereof by LESSOR to LESSEE; provided, however, that if the nature of such default is such that it cannot be reasonably cured within such thirty (30) day period, LESSEE shall not be deemed to be in default if LESSEE shall within such period commence such cure and thereafter diligently prosecute the same to completion.

10.2 LESSOR'S Remedies

In the event of any material default or breach by LESSEE, LESSOR may at any time after expiration of the applicable notice and cure period, without limiting LESSOR in the exercise of any right of remedy at law or in equity that LESSOR may have by reason of such default or breach

(a) Terminate LESSEE'S right to possession by any lawful means, in which case this Lease

shall immediately terminate and LESSEE shall immediately surrender possession of the premises to LESSOR. In such event LESSOR shall be entitled to recover from LESSEE all damages incurred by LESSOR by reason of LESSEE's default including, but not limited to, the following:

- (i) the worth at the time of award of any unpaid lease payment which had been earned at the time of such termination; plus
- (ii) the worth at the time of award of the amount by which the unpaid lease payment which would have been earned after termination until the time of award exceeds the amount of such rental loss that is proved could have been reasonably avoided; plus
- (iii) the worth at the time of award of the amount by which the unpaid lease payment for the balance of the term after the time of award exceeds the amount of such rental loss that is proved could be reasonably avoided; plus,
- (iv) any other amount necessary to compensate LESSOR for all the detriment proximately caused by LESSEE's failure to perform its obligations under this Lease or which in the ordinary course of events would be likely to result therefrom; plus
- (v) at LESSOR's election, such other amounts in addition to or in lieu of the foregoing as may be permitted from time to time by applicable State law. Upon any such re-entry LESSOR shall have the right to make any reasonable repairs, alterations or modifications to the premises, which LESSOR in its sole discretion deems reasonable and necessary. As used in subparagraphs (i) and (ii), above, the "worth at the time of award" is computed by including interest on the principal sum at a rate one percent (1%) above the discount rate of the Federal Reserve Bank of San Francisco from the date of default. As used in subparagraph (iii), above, the "worth at the time of award" is computed by discounting such amount at a rate one percent (1%) above the discount rate of the Federal Reserve Bank of San Francisco at the time of award. The term "lease rate" as used in this Article shall be deemed to be and to mean lease rate to be paid pursuant to Article 4 and all other monetary sums required to be paid by LESSEE pursuant to the terms of this Lease.

ARTICLE 11. ASSIGNMENTS, SUBLEASES AND ENCUMBRANCES

The LESSEE shall not assign, sublease, or encumber this property in any matter whatsoever, nor shall this lease be recorded.

ARTICLE 12. NONDISCRIMINATION

LESSEE, for itself, its agents, contractors, employees, officers, and personal representatives, successors in interest, and assigns, as a part of the consideration hereof, does hereby covenant and agree as a covenant running with the land that:

- (c) Such discrimination shall not be practiced against the public in its access to and use of the facilities and services provided for public accommodations (such as eating, sleeping, rest, recreation, and vehicle servicing) constructed or operated on, over, or under the premises,
- (d) LESSEE shall use the land in compliance with all other requirements imposed pursuant to Title 49, Code of Federal Regulations, Part 21 (49 C.F.R., Part 21) and as said regulations may be amended. In the event of breach of any of the above nondiscrimination covenants, the LESSOR shall have the right to terminate this Lease, and to re-enter and repossess said land and the facilities thereon, and hold the same as if said Lease had never been made or issued.

Acceptance by LESSOR of any performance by LESSEE after the time the same shall have become due shall not constitute a waiver by LESSOR of the breach or default of any covenant, term or condition. Acceptance by LESSOR of any performance by LESSEE after the time the same shall have become due shall not constitute a waiver by LESSOR of the breach or default of any covenant, term or condition unless otherwise expressly agreed to by LESSOR in writing.

14.8 Holding Over

Landscaping /Yard Maintenance

- Where feasible, retain and/or plant native vegetation since it usually requires less maintenance than new vegetation. When planting or replanting consider using flowers, trees, shruks, and groundcovers that have low water use. Consider alternative landscaping techniques such as naturescaping and xeriscaping.
- Minimize the use of pesticides and fertilizers. Read the labels and follow directions to avoid improper use. When applicable, use less toxic pesticides that will do the job and avoid use of copper-based pesticides if possible. Try using organic or non-toxic fertilizer alternative. Do not apply chemicals if it is

windy or about to rain. Avoid applying chemical fertilizers and pesticides near curbs, driveways, gutters, ditches, streams or waterbodies. Properly clean up and dispose of spills of chemicals, fertilizers, or soils. If possible, return the spilled material to the container for future use. Store fertilizers and chemicals in closed, waterproof, labeled containers, in a covered area, or off-ground and under protective tarps.

- If using pesticides, follow all federal, state, and local laws and regulations governing their use, storage, and disposal. Follow
 manufacturers' recommendations and label directions. Prepare the minimum amount of pesticide needed for the job and use the
 lowest rate that will effectively control the targeted pest. Do not apply any chemicals directly to surface waters and do not spray
 pesticides within 100 feet of open waters. Employ techniques to minimize off-target application (e.g. spray drift) of pesticides,
 including consideration of alternative application techniques. Purchase only the amount of pesticide that can reasonably be used in a
 given time period.
- Follow all federal, state, and local laws and regulations governing the use, storage, and disposal of fertilizers. Follow manufacturers' recommendations and label directions. Employ techniques to minimize off-target application (e.g. spray drift) of fertilizer, including consideration of alternative application techniques. Calibrate fertilizer distributors to avoid excessive application. Periodically test soils for determining proper fertilizer use. Fertilizers should be worked into the soil rather than dumped or broadcast onto the surface. Sweep pavement and sidewalk if fertilizer is spilled on these surfaces before applying irrigation water. Use slow release fertilizers whenever possible to minimize leaching.
- Group plants with similar water requirements in order to reduce excess irrigation runoff and promote surface filtration. Irrigate slowly or pulse irrigate so the infiltration rate of the soil is not exceeded. Design the irrigation system to each landscape area's specific water requirements. Adjust irrigation systems to reflect seasonal water needs. Implement landscape plans consistent with County or City water conservation resolutions, which may include water sensors, programmable irrigation times (for short cycles), rain-triggered shutoff devices to prevent irrigation after precipitation and flow reducers or shutoff valves triggered by a pressure drop to control water loss in the event of broken sprinkler heads or lines. Inspect irrigation system regularly for leaks and to ensure that excessive runoff is not occurring. Use popup sprinkler heads in high activity areas or where pipes may be broken. If re-claimed water is used for irrigation, ensure that there is no runoff from the landscape area(s).
- Dispose of grass clippings, leaves, sticks, or other collected vegetation as garbage at a permitted landfill or by composing as soon as
 possible. Do not dispose of landscaping wastes in streets, waterways, or storm drainage systems. Place temporarily stockpiled
 material away from watercourses and storm drain inlets, and berm and/or cover. After landscaping activities, do not sweep or blow
 clippings and waste into the street or gutter. Avoid hosing down pavement.
- Schedule large landscaping projects for dry weather. Store stockpiles under plastic tarps to protect them from wind and rain. Cover
 non-vegetated surfaces to prevent erosion. Use mulches in planter areas without ground cover to minimize sediment in runoff. Leave
 a vegetative barrier along the property boundary and interior watercourses, to act as a pollutant filter, where appropriate and feasible.
 Develop healthy soil; choose a grass type that thrives in your climate; mow high, often, and with sharp blades; water deeply but not
 too often.
- Use mechanical methods of vegetation removal such as hand weeding rather than applying herbicides. When conducting mechanical
 or manual weed control, avoid loosening the soil, which could lead to erosion. Careful soil mixing and layering techniques using a
 topsoil mix or composted organic material can be used as an effective measure to reduce weeds and watering.
- When possible, use a lawn mower that has a mulcher so that the grass clippings remain on the lawn. Compost materials in a
 designated area, take clippings to a landfill for composting, or recycle lawn clippings and greenery waste through local programs
 when available.

Stormwater Pollution Prevention

- For activities involving the removal of vegetation, the limits of disturbance should be defined to minimize adverse effects on vegetation outside the working area. The protection of desirable vegetation provides erosion and sediment control. The following steps should be taken to preserve existing vegetation:
- Vegetation outside the limits of disturbance should be replaced if damaged
- Minimize the number of access and egress points and locate them to reduce damage to existing vegetation
- Maintenance materials and equipment storage and parking areas should be located where they will not cause root compaction
- Keep equipment away from trees to prevent trunk and root damage
- Avoid placing soil around trunks of trees.

Trash Bins

- Post "No Littering" signs and enforce anti-litter laws. Provide a sufficient number of litter receptacles for the facility. Clean out and cover litter receptacles frequently to prevent spillage.
- Keep dumpster areas clean. Recycle materials whenever possible. Ensure that
 only appropriate solid wastes are added to the solid waste container. Certain
 wastes such as hazardious wastes, pesticides, etc., may not be disposed of in
 solid waste containers. Take special care when loading or unloading wastes to
 minimize losses.

- Inspect dumpsters and trash kins weekly for leaks and to ensure that lids are on tightly. Replace any that are leaking, corroded, or otherwise deteriorating. Sweep and clean the storage area regularly and clean up spills immediately.
- If the dumpster area is paved, do not hose it down to a storm drain. Instead, collect the wash water and discharge it to the sewer if
 allowed by the local sewer authority. Use dry methods when possible (e.g., sweeping, use of absorbents). Prevent stormwater run-on
 from entering the dumpster area by enclosing it or building a berm around the area. Prevent waste materials from directly contacting
 rain. Cover dumpsters to prevent rain from washing waste out of holes or cracks in the bottom of the dumpster.

Restrooms

- Have restrooms connected to the sanitary sewer system where feasible. In areas where sanitary sewer connections are not possible, ensure the septic system adequacy and maintenance.
- Paper towels should be replaced with air dryers, where feasible. Post "No Littering" signs. Provide a sufficient number of litter receptacles and empty receptacles frequently to prevent spillage.
- Develop an educational program to promote visitor compliance with park regulations on facility use and waste disposal.

Stormwater Pollution Prevention

Patio, Walkway, Driveway

- Use dry clean-up methods, such as a knoom, mop or absorbent material for surface cleaning whenever possible. Do not sweep or blow trash or dekris into the street or gutter. Avoid graffit abatement activities during rain events and use the least toxic materials available (e.g. water based paints, gels or sprays for graffit removal). Avoid using cleaning products that contain hazardous substances that can create hazardous waste.
- If water must be used for surface cleaning, use it sparingly. Never discharge washwater into the street, a ditch, or storm drain.
 Determine how you are going to capture the water and where you are going to discharge it before starting the wash job. Capture and collect the washwater and properly dispose of it (i.e., landscaped areas, private sewer system, sanitary sewer system).
- Provide regular training to employees and/or contractors regarding surface cleaning.

Parking Area

Clean parking lots on a regular basis to prevent accumulated wastes and pollutants from being discharged into storm drain systems during rainy conditions. When cleaning heavy oily deposits, use absorbent materials on oily spots prior to sweeping or washing. Dispose of used absorbents appropriately.

Allow sheet runoff to flow into kiofiters (vegetated strip and swale) and/or infitration devices. Utilize sand filters or oleophilic collectors for oily waste in low concentrations. Clean out oil/water/sand separators regularly, especially after heavy storms.

Have designated personnel conduct inspections of the parking facilities and storm drain systems associated with them on a regular basis. Inspect cleaning equipment/sweepers for leaks on a regular basis.

Have spill cleanup materials readily available and in a known location. Cleanup spills immediately and use dry methods if possible. Properly dispose of spill cleanup material.

EXHIBIT C: Self-Insurance

EXHIBIT D

1. NON-LIABILITY OF CITY OFFICIALS, EMPLOYEES AND AGENTS

Notwithstanding anything to the contrary in this Lease, no elective or appointive board, commission, member, officer, employee or agent of LESSEE shall be personally liable to LESSOR, its successors and assigns, in the event of any default or breach by LESSEE or for any amount which may become due to LESSOR, its successors and assigns, or for any obligation of LESSEE under this Lease.

2. CONTROLLER'S CERTIFICATION OF FUNDS

The terms of this Lease shall be governed by and subject to the budgetary and fiscal provisions of the City and County of San Francisco's Charter. Notwithstanding anything to the contrary contained in this Lease, there shall be no obligation for the payment or expenditure of money by LESSEE under this Lease unless the Controller of the City and County of San Francisco first certifies, pursuant to Section 3.105 of the City's Charter, that there is a valid appropriation from which the expenditure may be made and that unencumbered funds are available from the appropriation to pay the expenditure. Without limiting the foregoing, if in any fiscal year of LESSEE after the fiscal year in which the term of this Lease commences, sufficient funds for the payment of rent and any other payments required under this Lease are not appropriated, then LESSEE may terminate this Lease, without penalty, liability or expense of any kind to LESSEE, as of the last date on which sufficient funds are appropriated. LESSEE shall use its reasonable efforts to give LESSOR reasonable advance notice of such termination.

GENERAL PLAN REFERRAL

December 20, 2022

Case No.: Block/Lot No.: Project Sponsor: Applicant:	2022-011364GPR 2643/006; 2643/007; 2643/014; 2643/021; 4061/002; 5331/056 San Francisco Recreation and Parks Department (SF RPD) Stacy Radine Bradley Director, Capital and Planning Division, SF RPD 49 S. The project, on balance, is **in conformity** with the General Plan.

Project Description

Finding:

The Recreation and Park Department (RPD) proposes two street vacations and inter-jurisdictional property transfers. RPD also proposes classification of a State of California Department of Transportation (CalTrans) parcel as "park" within the Park Code. These decisions require a General Plan Referral prior to action by the Board of Supervisors (BOS). See a description of each project below.

1. Twin Peaks "Figure-8" ROW and adjacent parcel: RPD seeks to vacate and transfer jurisdiction of the eastern alignment of the Twin Peaks Boulevard "Figure 8" from Christmas Tree Point Road to approximately 1,580 feet southerly at the close of the "Figure 8" (located between Assessor Block 2643, Lots 006,021, and 007) from the Department of Public Works (DPW) to RPD. RPD also seeks to transfer jurisdiction of Assessor Block 2643, Lot 014 to RPD since this parcel is sandwiched between RPD-jurisdiction properties and is currently maintained by RPD. This street vacation and inter-jurisdictional transfer will support a renovation that will convert the eastern alignment of the Twin Peaks Boulevard "Figure 8" from a roadway permanently closed to vehicular traffic into a promenade that would include

comprehensive surface improvements to create pedestrian and bicycle pathways with associated landscaping, seating, signage, bicycle parking, and other amenities. The envisioned promenade would also establish recreational and open space connection between the two peaks and broader trail system to support additional recreational opportunities for San Francisco residents and visitors, while concurrently maintaining vehicular access along the western half of the "Figure 8," which would remain unaltered. See Exhibits 1 and 2.

- 2. Esprit Park perimeter ROW: RPD seeks to vacate and transfer jurisdiction of a portion of the ROW's along the entire perimeter of Esprit Park (fronting Block 4061, Lot 002, ranging in width from roughly three feet to 12 feet) from DPW to RPD. This includes ROW along Indiana Street, 20thStreet, Minnesota Street, and 19th Street. These park edges are currently improved as park land and will be renovated along with the interior of the park. The proposed vacation and transfer will allow RPD to improve, utilize and maintain the entire park area consistent with the Esprit Park Renovation plan. See Exhibit 3.
- 3. Selby Palou for CalTrans lease: Selby Palou Mini Park is composed of three lots, two RPD-owned lots (Block 5331, Lot 055 and Lot 057) and one State of California Department of Transportation (CalTrans)-owned lot (Block 5331, Lot 056). As part of the lease agreement with CalTrans, RPD proposes to amend the Park Code to designate Block 5331, Lot 056 as "park" when used in the Park Code. This will allow RPD to manage and utilize the parcel in the same manner as the adjacent, RPD-owned parcels. See Exhibits 4 and 5.

Environmental Review

Not defined as a project under CEQA Guidelines Sections 15378 and 15060(c)(2) because it would not result in a direct or indirect physical change in the environment.

General Plan Compliance and Basis for Recommendation

As described below, this project is consistent with the Eight Priority Policies of Planning Code Section 101.1 and is, on balance, **in conformity** with the General Plan.

RECREATION AND OPEN SPACE ELEMENT

OBJECTIVE 1

ENSURE A WELL-MAINTAINED, HIGHLY UTILIZED, AND INTEGRATED OPEN SPACE SYSTEM

Policy 1.1

Encourage the dynamic and flexible use of existing open spaces and promote a variety of recreation and open space uses, where appropriate.

The street vacation and inter-jurisdictional transfer of the eastern alignment of the Twin Peaks "Figure-8" ROW allows for the future establishment of dynamic and flexible recreation and open space uses in the form of an envisioned pedestrian and bicycle promenade.

Policy 1.4

Maintain and repair recreational facilities and open spaces to modern maintenance standards.

The interjurisdictional transfer of DPW-owned ROW along the perimeter of Esprit Park will allow RPD to improve, utilize, and maintain the entire park area consistent with the Esprit Park Renovation plan.

OBJECTIVE 2

INCREASE RECREATION AND OPEN SPACE TO MEET THE LONG-TERM NEEDS OF THE CITY AND BAY REGION

Policy 2.1 Prioritize acquisition of open space in high needs areas.

All three named projects effectively acquire additional open space for recreation. Specifically, the lease and "park" designation of a CalTrans-owned parcel at Selby-Palou Mini Park allows RPD to administer this area like RPD-owned adjacent parcels that together compose the park.

Policy 2.8 Consider repurposing underutilized City-owned properties as open space and recreational facilities.

For both the interjurisdictional transfers of the Twin Peaks "Figure-8" eastern alignment and Esprit Park perimeter ROW, RPD explicitly intends to repurpose underutilized DPW-owned land as new or improved open space and recreational facilities.

OBJECTIVE 3 IMPROVE ACCESS AND CONNECTIVITY TO OPEN SPACE

Policy 3.1 Creatively develop existing publicly-owned right-of-ways and streets into open space.

For the interjurisdictional transfer of the Twin Peaks "Figure-8" eastern alignment, RPD explicitly intends to develop creatively existing public ROW as new or improved open space, such as a bike and pedestrian promenade. The Esprit Park interjurisdictional transfer will enable RPD to improve and maintain the subject ROW space as official park space, where currently it is only unofficial park space.

Policy 3.4

Encourage non-auto modes of transportation – transit, bicycle and pedestrian access—to and from open spaces while reducing automobile traffic and parking in public open spaces.

For the interjurisdictional transfer of the Twin Peaks "Figure-8" eastern alignment, RPD explicitly intends to create a new bike and pedestrian promenade on an existing street, which would enhance bicycle and pedestrian access at Twin Peaks while limiting automobile traffic in and around this open space area.

TRANSPORTATION ELEMENT

OBJECTIVE 19

ESTABLISH A STREET HIERARCHY SYSTEM IN WHICH THE FUNCTION AND DESIGN OF EACH STREET ARE CONSISTENT WITH THE CHARACTER AND USE OF ADJACENT LAND.

Policy 19.5

Mitigate and reduce the impacts of automobile traffic in and around parks and along shoreline recreation areas.

For the interjurisdictional transfer at the Twin Peaks "Figure-8" eastern alignment, RPD explicitly intends to create a new bike and pedestrian promenade on an existing permanently closed roadway, which would mitigate and reduce the impacts of automobile traffic in and around existing park area.

OBJECTIVE 29

ENSURE THAT BICYCLES CAN BE USED SAFELY AND CONVENIENTLY AS A PRIMARY MEANS OF TRANSPORTATION, AS WELL AS FOR RECREATIONAL PURPOSES.

Policy 29.9 Identify and expand recreational bicycling opportunities.

For the interjurisdictional transfer at the Twin Peaks "Figure-8" eastern alignment, RPD explicitly intends to create a new bike and pedestrian promenade on an existing permanently closed roadway, which would expand recreational bicycling opportunities in the area.

CENTRAL WATERFRONT AREA PLAN

OBJECTIVE 5.5

ENSURE THAT EXISTING OPEN SPACE, RECREATION AND PARK FACILITIES ARE WELL MAINTAINED

Policy 5.5.2

Renovate run-down or outmoded park facilities to provide high quality, safe and long-lasting facilities. Identify at least one existing park or recreation facility in the Central Waterfront for renovation.

The proposed vacation and interjurisdictional transfer of the Esprit Park perimeter ROW will allow RPD to improve, utilize, and maintain the entire park area consistent with the Esprit Park Renovation plan.

BAYVIEW HUNTERS POINT AREA PLAN

OBJECTIVE 12

PROVIDE AND MAINTAIN ADEQUATELY LOCATED, WELL DESIGNED, FULLY EQUIPPED RECREATION FACILITIES AND ENCOURAGE THEIR USE.

Policy 12.1

Make better use of existing facilities.

The lease and "park" designation of a CalTrans-owned parcel at Selby-Palou Mini Park would make better use of existing recreational facilities by allowing RPD to manage and utilize the parcel in the same manner as the adjacent, RPD-owned parcels.

Policy 12.3

Renovate and expand Bayview's parks and recreation facilities, as needed.

The lease and "park" designation of a CalTrans-owned parcel at Selby-Palou Mini Park would effectively expand parks and recreation facilities in Bayview.

Planning Code Section 101 Findings

Planning Code Section 101.1 establishes Eight Priority Policies and requires review of discretionary approvals and permits for consistency with said policies. The Project is found to be consistent with the Eight Priority Policies as set forth in Planning Code Section 101.1 for the following reasons:

1. That existing neighborhood-serving retail uses be preserved and enhanced and future opportunities for resident employment in and ownership of such businesses enhanced;

Inter-jurisdictional transfers, or designation of land as "park" in the Park Code, of land used for recreation will not affect existing neighborhood-serving retail uses or employment opportunities.

2. That existing housing and neighborhood character be conserved and protected to preserve the cultural and economic diversity of our neighborhoods;

Inter-jurisdictional transfers, or designation of land as "park" in the Park Code, of land used for recreation will not affect existing housing or neighborhood character.

3. That the City's supply of affordable housing be preserved and enhanced;

Inter-jurisdictional transfers, or designation of land as "park" in the Park Code, of land used for recreation will not affect existing or future supply of affordable housing.

4. That commuter traffic does not impede MUNI transit service or overburden our streets or neighborhood parking;

Inter-jurisdictional transfers, or designation of land as "park" in the Park Code, of land used for recreation will not affect impede Muni service or generate parking demand.

5. That a diverse economic base be maintained by protecting our industrial and service sectors from displacement due to commercial office development, and that future opportunities for resident employment and ownership in these sectors be enhanced;

Inter-jurisdictional transfers, or designation of land as "park" in the Park Code, of land used for recreation will not cause displacement of industrial or service sector businesses.

6. That the City achieve the greatest possible preparedness to protect against injury and loss of life in an earthquake;

Inter-jurisdictional transfers, or designation of land as "park" in the Park Code, of land used for recreation will not affect the City's preparedness for earthquakes.

7. That the landmarks and historic buildings be preserved;

Inter-jurisdictional transfers, or designation of land as "park" in the Park Code, of land used for recreation will not affect existing landmarks or historic properties.

8. That our parks and open space and their access to sunlight and vistas be protected from development;

Inter-jurisdictional transfers, or designation of land as "park" in the Park Code, of land used for recreation will not affect access to sunlight and vistas at parks; the proposed project will support the continued maintenance and operation of San Francisco parks.

Finding: The project, on balance, is **in conformity** with the General Plan.

To whom it may concern:

Caltrans, owner of the property located along Selby Street between Quesada and Palou Avenues, containing a San Francisco city-owned park, completely supports the continued use of this property for park purposes. Caltrans identifies this parcel as SFX-280-0003-01.

The City has leased this parcel from Caltrans since 1971 and an updated lease is long overdue. This new lease provides current and appropriate protections for both parties and is required based on the State's agreement with the Federal Highway Administration.

Please consider this Caltrans' support of the City's execution of this new lease agreement.

RE: Renewal Lease – Caltrans, Landlord, and City and County of San Francisco – Recreation and Park Department - Selby Palou Mini Park

Dear Board Members:

The Real Estate Division of the City Administrator's Office of the City and County of San Francisco, wholly supports the San Francisco Recreation and Park Departments' (RecPark) continued lease of the property located along Selby Street between Quesada and Palou Avenues (FLA 04-SF-280-03), containing a San Francisco city-owned and RecPark operated park ("Selby Palou Mini Park") (a portion of Block 5331, Lot 056), for the continued use of this property for park purposes.

RecPark has leased this property for park purposes from Caltrans since 1971 and an updated lease is overdue. This new lease (Marler-Johnson Park Agreement) provides appropriate protections for both parties and is required based on the State's agreement with the Federal Highway Administration. It provides the City a long term (initial tenyear term with three five-year options) at an affordable price (initial \$2,000 per year).

This open space is fully used by the community and would be greatly missed if the lease were to be terminated.

Respectfully,

Andrico Q. Penick Director of Real Estate

Hello Clerks,

Attached for introduction to the Board of Supervisors is a Resolution authorizing a lease with the State of California, acting by and through its Department of Transportation (State), for the Recreation and Park Department to operate a portion of property commonly known as Lot 056, Block 5331 located under Highway 280 along Selby Street between Quesada Avenue and Palou Avenue, for an initial term of ten years with three five-year options and a total base rent of \$2,000 per year; adopting environmental findings and other findings that the actions set forth in this Resolution are consistent with the City's General Plan and eight priority policies; and authorizing other actions in furtherance of this Resolution.

Sarah Madland is the Acting General Manager while GM Ginsburg is out of office. @Madland, Sarah (REC), can you please reply-all to confirm your approval? Thanks!
