## Amendments to Current Law

The ordinance revises Administrative Code Section 10.6 to clarify that the Controller's auditing responsibilities extend to operations, activities, and effectiveness of services rendered by third-parties contracting with the City. The ordinance also adds a new section 10.6-1 that requires the Controller establish and adopt Citywide standards for departments to follow when contracting with nonprofit organizations. New section 10.6-1 also requires the Controller to administer a new corrective action policy for underperforming nonprofits and to review and, if necessary, improve public access to information about nonprofit contracted services.
