MEMORANDUM

Date: November 3, 2023

To: Members, Board of Supervisors

From: Angela Calvillo, Clerk of the Board

Subject: Mayoral Appointment - Small Business Commission

On October 30, 2023, the Office of the Mayor submitted the following complete appointment package pursuant to Charter, Sections 3.100(18) and 4.134. This appointment is effective immediately unless rejected by a two-thirds vote of the Board of Supervisors within 30 days (November 29, 2023).

Appointment to the Small Business Commission:

• Ronald Benitez - term ending January 6, 2026

Pursuant to Board Rule 2.18.3, a Supervisor may request a hearing on a Mayoral appointment by timely notifying the Clerk in writing.

Upon receipt of such notice, the Clerk shall refer the appointment to the Rules Committee so that the Board may consider the appointment and act within 30 days of the transmittal letter as provided in Charter, Section 3.100(18).

If you wish to hold a hearing on this appointment, please let me know in writing by noon on Monday, November 8, 2023. Once we receive notice, we will work with the Rules Chair to schedule the hearing.

LONDON N. BREED MAYOR

Notice of Appointment

October 30, 2023

San Francisco Board of Supervisors City Hall, Room 244 1 Dr. Carlton B. Goodlett Place San Francisco, CA 94102

Honorable Board of Supervisors:

Pursuant to Charter Sections 3.100(18) and 4.134, of the City and County of San Francisco, I make the following appointment:

Ronald Benitez to the Small Business Commission, for the unexpired portion of a four-year term ending January 6, 2026. This seat was formerly held by Patricia Gregory, who resigned.

I am confident that Mr. Benitez will serve our community well. Attached are his qualifications to serve, which demonstrate how his appointment represents the communities of interest, neighborhoods and diverse populations of the City and County of San Francisco.

Should you have any question about this appointment, please contact my Director of Boards and Commissions, Jesse Mainardi, at 415.554.6588.

Sincerely,

London N. Breed

Mayor, City and County of San Francisco

PUC Security Camera Annual Surveillance Report 2023

Fields marked with an asterisk (*) are required.

Change In Authorized Use Cases >

1.1 In the last year, did your department have use cases which differed from your "approved use cases" in your BOS-approved policy?

No

Change in Authorized Job Titles >

2.1 Does the list of "authorized job titles" in your BOS-approved policy need to change? (i.e. Do you need additional job titles to be authorized to access the data, or do you need to remove any current job titles?)

Yes

2.2 Please provide an updated list of authorized job titles.

SFPUC Emergency Planning & Security Staff: 0931 Director of Security, 0932 Emergency Planning Director, 1844 Senior Management Assistant, 1824 Pr. Admin Analyst, 1054 Principal IS Business Analyst; SFPUC Headquarters: 0922 Building Manager, 8304 Deputy Sheriff; 8300 Sheriff Cadet; Southeast Community Facility: A-1 Security Guards (contractor); 0923 Southeast Community Facility Manager, 7334 Stationary Engineer; Information Technology Services: 1044 IS Engineer Principal; Water Supply & Treatment: 5149 Superintendent of Water Treatment Facilities, 1844 Senior Management Assistant, 0933 Maintenance Manager, 7343 Sr. Stationary Engineer; City Distribution Division: 7120 Buildings and Grounds Supt, 7334 Stationary Engineer, 0933 Programs and Maintenance Manager, 7341 Stationary Engineer; Hetch Hetchy: 5601 Personnel and Training Analyst, Contractor, 5602 Personnel & Training manager, 5602 Utility Specialist

2.3 Why have the job titles changed?

These personnel are responsible for the safety and security of SFPUC facilities.

Change in Number and/or Type of Technology ~

☐ Replacement of Old Technology
4.1 Has any technology listed in the policy been replaced?
Yes
4.2 Why has the technology been replaced?
Broken cameras are replaced with new cameras as-needed
Broken earner as are replaced with new earner as as needed
4.3 Please list technology which was replaced (include manufacturer and model information).
The cameras SFPUC uses are manufactured by Axis Communications, of various models such as P3375-V D/N fixed
Dome Camera, Q6074-E Network Dome Camera, T91L61 Wall and Pole Mount Canera
4.4 Please list technology which replaced the original technology (include manufacturer and model information).
Cameras are replaced in-kind.
4.5 Please list how many units have been replaced.
About 35 non-functioning cameras were replaced in the last year
☐ Addition of New Technology
5.1 Has any technology been added which is not listed in the policy?
No
☐ Ceased Operation of Technology
6.1 Is any technology listed in the policy no longer in use?
No
☐ Services or Equipment Sources
7.1 List any and all entities, companies or individuals which provide services or equipment to the department which
are essential to the functioning or effectiveness of the Surveillance Technology (list "N/A" if not applicable): *
SFPUC recently awarded Contract PUC-0002, "Master As-Needed Security Camera & Integration Services" to 6 vendors: Johnson Controls, Inc., Netronix Integration, Ojo Technology Inc., RFI Enterprises, Inc., Siemens Industry, Inc., DBA
Allied Universal Technology Services. This contract began October 2023 and has a five-year term and \$10 million
capacity. These six vendors will be performing security camera maintenance, integration, and repair for the SFPUC.
Additionally, SFPUC cameras run on software Milestone XProtect.

Surveillance Technology Goals ~

8.1 Has the surveillance technology been effective at achieving its identified purpose?	
Yes	
8.2 In 3-5 sentences, please explain how the technology has or has not been effective	
Camera footage is critical to resolving incidents related to safety and security. Footage is shared w	vith law enforcement.
SFPUC maintains an internal security incident log to capture incidents such as assault, theft, three	ats, vandalism, and
trespassing. In 2022, there 216 incidents. From January to October 2023, there were 194 incidents	i.
For example, footage from cameras is critical to ensure the safety of the SFPUC Southeast Commu	unity Center (SECC)
Facility. In 2023, footage from SECC cameras was provided to law enforcement after an individual	
threats to the facility. This footage ultimately enabled the SFPUC to get a restraining order against	t the individual.
Pata Sharing Y	
ata Sharing ·	
Д	
9.1 Has data acquired through the surveillance technology been shared with entities outside of	f the department?
Yes	
9.2 Was the data shared with city and county departments or other entities associated with city	y and county
government?	,
Yes	
9.3 List which departments received surveillance technology data from your department, what	t type of data was dis-
closed, under what legal standard the information was disclosed, and a justification for the dis	closure.
Footage is only shared to law enforcement as requested in relation to an SFPUC safety incident/the same of the sam	nreat. This includes lav
enforcement in all counties where our SFPUC facilities are located - San Mateo, San Francisco, Ala	meda, San Joaquin,
Stanislaus, Tuolumne, and Santa Clara.	
Stanislaus, Tuolumne, and Santa Clara. 9.4 Was the data shared with entities outside of city and county government?	

 \square

10.1 Did your department inadvertently or unintentionally receive, retain, access or use any information obtained from Face Recognition Technology?

No

Complaints ~

Д
11.1 Has your department received any complaints and/or concerns from community members about this surveil-
lance technology?
No
√iolations ∨
Ω
12.1 Were there any violations of the Surveillance Technology Policy or Surveillance Impact Report, reported
through community members, non-privileged internal audits, or through other means in the last year?
No
12.4 Has your department conducted any internal audits of the technology?
Yes
12.5 Please provide general aggregate information about the result of your department's internal audits.
SFPUC is constantly performing audits to assess the functionality of our SFPUC security system to see if cameras need
to be repaired or replaced
12.6 If the audits revealed violations, please list any actions taken in response to the violations.
No violations were revealed from the audits.
Statistics and Information about Public Records Act Requests 🗸
Ω
13.1 Has your department received any public records act requests for this surveillance technology?
No

Total Annual Costs for the Surveillance Technology $\, imes \,$

\sqcup
14.1 List the number of FTE (new & existing).
Two Emergency Planning & Security personnel are primarily responsible for the security camera system - the 0931 Director of Security and 1054 Principal IS Business Analyst. Both spend about 20 hours a week on the camera system.
14.2 Are there one-time costs for Fiscal Year 2023-2024?
No
14.15 Are there annual costs for Fiscal Year 2023-2024: Yes
14.16 Are there annual Salary and Fringe costs?
Yes
14.17 List total annual Salary and Fringe costs for FY 2023-2024:
About \$180K
14.18 Are there annual Software costs?
Yes
14.19 List total annual Software costs for FY 2023-2024:
It costs \$42,050 to renew the Milestone software annually. This includes renewal of two servers and end user support.
14.20 Are there annual Hardware/ Equipment costs?
Yes
14.21 List total annual Hardware/ Equipment costs for FY 2023-2024:
SFPUC spends about \$30K each year to purchase replacement cameras
14.22 Are there annual Professional Services costs?
Yes
14.23 List total annual Professional Services costs for FY 2023-2024:
SFPUC contracts with Milestone Value Added Resllers to install cameras and integrate them to the Milestone software that SFPUC uses to view footage. We expect to replace/install at least 30 cameras in FY23-24. It costs about \$700 to
install and integrate a camera, so we expect to spend about \$21,000 on professional services in FY23-24
14.24 Are there annual Training costs?
No
14.26 Are there annual "Other" costs?
No

14.28 What source of funding will fund the Surveillance Technology for FY 2023-2024?

SFPUC operating budget

14.29 Have there been any changes to the one-time costs from your department's approved Surveillance Impact Report?

No

14.31 Have there been any changes to the annual costs from your department's approved Surveillance Impact Report?

Yes

14.32 Why have the annual costs changed?

Both labor and software costs have increased. The Director of Security and Principal IS Business Analyst both spend about 20 hours a week working on the camera security system, more than the hours previously listed on the Impact Report. Since the Impact Report was approved, SFPUC has added additional cameras to our system as new facilities were added to the SFPUC portfolio. The increased quantity of cameras in our security system has also led our software costs to increase.

PUC Unmanned Aerial Vehicle - Drone Annual Surveillance Report 2023

Fields marked with an asterisk (*) are required.

Change In Authorized Use Cases >

1.1 In the last year, did your department have use cases which differed from your "approved use cases" in your BOS-approved policy?

No

Change in Authorized Job Titles >

2.1 Does the list of "authorized job titles" in your BOS-approved policy need to change? (i.e. Do you need additional job titles to be authorized to access the data, or do you need to remove any current job titles?)

Yes

2.2 Please provide an updated list of authorized job titles.

SFPUC Infrastructure: 1770 Photographer, 1774 Head Photographer; Water Supply and Treatment Division: 5312 Survey Assistant II, 5314 Survey Associate, and 5216 Chief Surveyor; Water Natural Resources: 2483 Biologist; Water Infrastructure: 5207 Associate Engineer; Wastewater Engineering/Project Management: 5241 Engineer, 5203 Assistant Engineer, 5211 Senior Engineer, 5212 Principal Engineer, 5508 Project Manager IV, 5201 Jr. Engineer, 5130 Sewage Treatment Plant Superintendent, 0943 Manager VIII, 1824 Principal Admin Analyst, 7252 Chief Stationary Engineer, Sewage Plant, 0942 Manager VII, 5506 Project Manager III, 0933 Manager V, 1844 Senior Management Assistant, 6319 Senior Construction Inspector, 0955 Deputy Director V, 0941 Manager VI, 0932 Manager IV, 1446 Secretary II

2.3 Why have the job titles changed?

The 1774 Head Photographer and 1770 Photographer in SFPUC's Infrastructure Division use drones to create records of documentation for infrastructure capital projects. The Survey Staff in SFPUC's Water Supply and Treatment Division use drones to support various projects regarding land detection change and imagery capture throughout PUC properties. The Water Natural Resources Biologist was overseeing a project in which a contractor used a drone to collect rare plant population data in an SFPUC watershed. The Water Infrastructure 5207 Associate Engineer was overseeing a project in which a consultant used a drone to collect data documenting the left abutment hillside geologic mapping of the Turner Dam. The remaining job titles in Wastewater Engineering/Project Management had access to data collected by contractors working on project WW-647R "Southeast Water Pollution Control Plant Biosolids Digester Facilities" and WW-628 "Southeast Plant New Headworks Facility Project ". Drone images and video help the WasteWater project teams track project progress.

☐ Replacement of Old Technology
4.1 Has any technology listed in the policy been replaced?
No
☐ Addition of New Technology
5.1 Has any technology been added which is not listed in the policy? Yes
5.2 Why has the technology been added?
Additional units were purchased to comply with the March 16, 2024 FAA requirement that all operators of unmanned
aircraft systems (UAS) must comply with its new Remote ID rules. Old drone did not have Remote ID capability.
Additionally, drones were purchased to survey SFPUC-owned watersheds to detect land detection changes. These survey drones are flown exclusively in the watersheds with no operations near any private or public right-of way.
5.3 Please list technology which was added (include manufacturer and model information.
The SFPUC currently owns five drones - two drones in SFPUC Infrastructure flown by SFPUC Photographers: DJI Phantom 4 Pro and a DJI Mavic 3 Pro. Three drones are owned by the SFPUC Water Supply and Treatment Survey
Section: 2 Mavic Pros and 1 M300.
5.4 Please list how many units have been added.
4 units added since the last report.
☐ Ceased Operation of Technology
6.1 Is any technology listed in the policy no longer in use?
No
☐ Services or Equipment Sources
7.1 List any and all entities, companies or individuals which provide services or equipment to the department which
are essential to the functioning or effectiveness of the Surveillance Technology (list "N/A" if not applicable): *

The following SFPUC contractors have operated non-SFPUC owned drones for various SFPUC projects: Sundt, Minilab Factory USA/SF Drone School for project WW-628 "Southeast Plant New Headworks Facility Project"; Multivista and WCG (Webcor Concrete Group) operated drones for SFPUC project WW-647R Biosolids Digester Facilities Project; AECOM operated a drone for a Turner Dam Improvements Project; AECOM operated a drone over an SFPUC watershed to monitor rare plants to fulfill California Dept. of Fish and Wildlife permit requirements.

Surveillance Technology Goals >

8.1 Has the surveillance technology been effective at achieving its identified purpose?
Yes

8.2 In 3-5 sentences, please explain how the technology has or has not been effective

The SFPUC has logged 350 flights since January 2022, of which 215 were for construction management, 107 were for environmental monitoring and documentation, 7 for disaster relief, and 21 for inspections and surveys.

Data Sharing ~

- **9.1** Has data acquired through the surveillance technology been shared with entities outside of the department? Yes
- 9.2 Was the data shared with city and county departments or other entities associated with city and county government?

Yes

Yes

9.3 List which departments received surveillance technology data from your department, what type of data was disclosed, under what legal standard the information was disclosed, and a justification for the disclosure.

The following SFPUC contractors working on SFPUC projects operated drones to help them fulfill their deliverables: 1) AECOM worked on contract PRO-138C Task Order 30 Turner Dam Improvements project. The ortho images from the drone flight were included in the deliverables documenting the left abutment hillside geologic mapping memo.

- 2) AECOM used a drone to collect RGB imagery to enumerate rare plant population within 200ft radius of (37.513562N,
- -122.350276E), 8494-8604 Skyline Blvd, Redwood City, CA, 94062. The project was rare plant monitoring to fulfill California Department of Fish and Wildlife permit requirements.
- 3) Sundt, contractor for WW-628 Southeast Plant New Headworks Facility Project, as well as Minilab Factory USA/ SF Drone School operated drones to collect images and video to show site progress at Southeast Plant
- 4) Contractor and subcontractors for WW-647R Biosolids Digester Facilities Project operated drones and viewed drone footage. These contractors and subcontractors are: MWH Constructors/Webcor Builders, Malcolm Drilling Co., WCG (Webcor Concrete Group), Multivista, Jacobs, Brown and Caldwell, ENGEO, Structus, Black and Veatch, HCLA, SRT Consultants), CM Consultants (Arcadis, ECS, Thier Group, Parsons, RDH Building Science, DCMS), HDR, Subcontractors (DN Tanks, Sachs Electric, VMA Communications, Malcolm Drilling, Smartvid, Monterey Mechanical, Terra Engineers), Russell Clough, Jim Foley, Bill Nugteren
- 9.4 Was the data shared with entities outside of city and county government?
- 9.5 List which non-city entities received surveillance technology data from your department, what type of data was disclosed, under what legal standard the information was disclosed, and a justification for the disclosure.

As noted above, SFPUC contractors working on SFPUC projects operated drones to fulfill project deliverables

Д	
10.1 Did your department inadvertently or unintentionally receive, retain, access or use any information obtained from Face Recognition Technology?	
No	
Complaints ∨	
11.1 Has your department received any complaints and/or concerns from community members about this surveil-lance technology?	
No	
/iolations ∨	
Ω	
12.1 Were there any violations of the Surveillance Technology Policy or Surveillance Impact Report, reported through community members, non-privileged internal audits, or through other means in the last year? No	
NO	
12.4 Has your department conducted any internal audits of the technology? Yes	
12.5 Please provide general aggregate information about the result of your department's internal audits.	
SFPUC requires SFPUC personnelto document planned drone flights from both contractors and SFPUC employees usi a Flight Summary form that is routed to SFPUC Emergency Planning & Security (EPS). EPS ensures that the planned flight is in compliance with the SFPUC Drone Policy and then uploads the flight information into the COIT SharePoint Portal. Since EPS reviews flight information for Policy compliance before a flight occurs, there are no policy violations.	ng

Total Annual Costs for the Surveillance Technology $\,\,\check{}\,\,$

\Box
14.1 List the number of FTE (new & existing). It takes the 0931 Emergency Planning Director and 1824 EPS Pr. Admin Analyst about 2 hours a week collectively to review flights and upload into the COIT Portal. The Infrastructure Photographers operate drones on an as-needed basis throughout the year. For, the WST Surveyors, it is approximately 5% of a FTE.
14.2 Are there one-time costs for Fiscal Year 2023-2024? Yes
14.3 Are there one-time Salary and Fringe costs? No
14.5 Are there one-time Software costs? Yes
14.6 List total one-time Software costs for FY 2023-2024. The WST Surveyors purchased a \$6k photogrammetry add-on to Trimble Business Center that we are testing this year, but no decision has been made to make this an annual cost.
14.7 Are there one-time Hardware/ Equipment costs? No
14.9 Are there one-time Professional Services costs? No
14.11 Are there one-time Training costs? No
14.13 Are there one-time "Other" costs? No
14.15 Are there annual costs for Fiscal Year 2023-2024: Yes
14.16 Are there annual Salary and Fringe costs? No
14.18 Are there annual Software costs? No
14.20 Are there annual Hardware/ Equipment costs? No
14.22 Are there annual Professional Services costs? Yes

14.23 List total annual Professional Services costs for FY 2023-2024:

\$7,644 for one-year of flights to document construction progress at SFPUC Southeast Treatment Plant (750 Phelps St) by vendor Minilab Factory LLC/SF Drone School. This expense may occur annually until completion of capital projects at location

14.24 Are there annual Training costs?

No

14.26 Are there annual "Other" costs?

Yes

14.27 List total annual "Other" costs for FY 2023-2024:

It costs \$175 per license to renew the FAA licenses for pilots

14.28 What source of funding will fund the Surveillance Technology for FY 2023-2024?

SFPUC Operating budget

14.29 Have there been any changes to the one-time costs from your department's approved Surveillance Impact Report?

Yes

14.30 Why have the one-time costs changed?

The Impact Report lists professional services and software as \$0. As noted above, the WST Surveyors purchased a \$6k photogrammetry add-on to Trimble Business Center that we are testing this year, but no decision has been made to make this an annual cost.

14.31 Have there been any changes to the annual costs from your department's approved Surveillance Impact Report?

No

Re: Department of Homelessness and Supportive Housing - Annual Surveillance Report

Dear Ms. Calvillo,

Pursuant to Administrative Code Section 19B.6(a), which requires all city departments to submit annual surveillance technology reports, I am submitting the Department of Homelessness and Supportive Housing's 2023 report.

If you have any questions, please contact HSH Manager of Legislative Affairs Dylan Schneider at dylan.schneider@sfgov.org.

Respectfully,

Emily Cohen (she/her)

Emily Cohen

Deputy Director of Communications and Legislative Affairs

Violations ∨

12.1 Were there any violations of the Surveillance Technology Policy or Surveillance Impact Report, reported through community members, non-privileged internal audits, or through other means in the last year?

 ${\bf 12.4\,Has\,your\,department\,conducted\,any\,internal\,audits\,of\,the\,technology?}$

Yes

12.5 Please provide general aggregate information about the result of your department's internal audits.

JUV conducts regularly conducts inventory checks for the leased equipment, and holds periodic meetings with the lessor, and internally among authorized staff, to ensure full compliance with the program and policies.

 ${\bf 12.6\ If\ the\ audits\ revealed\ violations, please\ list\ any\ actions\ taken\ in\ response\ to\ the\ violations.}$

N/A

Statistics and Information about Public Records Act Requests >

13.1 Has your department received any public records act requests for this surveillance technology? Yes

13.2 How many public records requests have been made regarding this surveillance technology?

JUV received 3 records requests regarding the surveillance technology within the last year.

13.3 Please summarize what has been requested via public records requests, including the general type of information requested and disclosed, as well as the number or requests for each general type of information.

Request 1: Information about young people enrolled in the electronic monitoring program. Request 2: BI Incorporated agreement copy and recent invoices. Request 3: Communications between JUV and SCRAM (prior contractor) about the application of continuous alcohol monitors on juveniles since May 1, 2022.

Total Annual Costs for the Surveillance Technology $\,\,^{\checkmark}$

14.1 List the number of FTE (new & existing).

The following FTEs participte in the implementation of the electronic monitoring program: -24 Class 8444/8530 Deputy Probation Officers - 5 Class 8434 Supervising Probation Officers, -1 Senior Supervising Probation Officer -1 Director of Probation Services -1 Chief Probation Officer -1 Assistant Chief Probation Officer.

14.2 Are there one-time costs for Fiscal Year 2023-2024?

No

14.15 Are there annual costs for Fiscal Year 2023-2024:

Va

14.16 Are there annual Salary and Fringe costs?

No

14.18 Are there annual Software costs?

Nο

14.20 Are there annual Hardware/ Equipment costs?

Yes

14.21 List total annual Hardware/ Equipment costs for FY 2023-2024:

Actual costs between July 2023 and September 2023 were \$21,84,46. This includes costs to lease equipment and replace lost or damaged units (for alcohol monitoring and EM combined). Using the monthly average, JUV estimates that its equipment leasing/replacement costs for FY23-24 would be about \$87,400.

14.22 Are there annual Professional Services costs?

No

14.24 Are there annual Training costs?

No

14.26 Are there annual "Other" costs?

No

14.28 What source of funding will fund the Surveillance Technology for FY 2023-2024?

General Funds

14.29 Have there been any changes to the one-time costs from your department's approved Surveillance Impact Report?

Yes

14.30 Why have the one-time costs changed?

As mentioned, JUV executed a new equipment lease agreement with a new vendor: BI Incorporated. This updated the total annual costs due to pricing differences.

14.31 Have there been any changes to the annual costs from your department's approved Surveillance Impact Report?

Yes

14.32 Why have the annual costs changed?

As mentioned, JUV executed a new equipment lease agreement with a new vendor: BI Incorporated. This updated the total annual costs due to pricing differences.

12.4 Has your department conducted any internal audits of the technology? No

Statistics and Information about Public Records Act Requests $\,ee$

13.1 Has your department received any public records act requests for this surveillance technology?

No

Total Annual Costs for the Surveillance Technology $\,\,\,\,\,\,\,\,\,\,\,\,\,\,\,\,$

14.1 List the number of FTE (new & existing).

(1) 0922 Media Security Systems and Facilities Manager (1) 1781 Media Security Systems Manager (4) 1777 Media Security Systems Specialist. * NOTE: all FTE but have multiple daily responsibilities not related to security systems. ** NOTE: (2 additional) 1777 as needed positions with multiple daily responsibilities not related to security systems/security tasks.

14.2 Are there one-time costs for Fiscal Year 2023-2024?

No

14.15 Are there annual costs for Fiscal Year 2023-2024:

Vac

14.16 Are there annual Salary and Fringe costs?

Yes

14.17 List total annual Salary and Fringe costs for FY 2023-2024:

1777 salary + fringe (4) (\$730,060) 1781 salary + fringe (\$205,989) 0922 Salary + fringe (\$223,661) 1781 Standby pay off-hours 24/7 response to critical systems (\$21,174) TOTAL (\$1,180.884)

14.18 Are there annual Software costs?

Yes

14.19 List total annual Software costs for FY 2023-2024:

Individual camera software license costs \$(23,000) for 2-4 year term. Video management software Support Agreement (2 year term) \$24,000 for 2 year term.

14.20 Are there annual Hardware/ Equipment costs?

Yes

14.21 List total annual Hardware/ Equipment costs for FY 2023-2024:

Replacement of broken or aging cameras \$5,000

14.22 Are there annual Professional Services costs?

Yes

14.23 List total annual Professional Services costs for FY 2023-2024:

\$6,000 re-pulling/replacement of outdated wiring.

14.24 Are there annual Training costs?

No

14.26 Are there annual "Other" costs?

No

14.28 What source of funding will fund the Surveillance Technology for FY 2023-2024?

Real Estate Division, allocation of departmental funds received from city Administrator's Office, general fund budget

14.29 Have there been any changes to the one-time costs from your department's approved Surveillance Impact Report?

No

14.31 Have there been any changes to the annual costs from your department's approved Surveillance Impact Report?

No

MTA Automated License Plate Reader (ALPR) Annual Surveillance Report 2023

Fields marked with an asterisk (*) are required. Change In Authorized Use Cases v 1.1 In the last year, did your department have use cases which differed from your "approved use cases" in your BOSapproved policy? Change in Authorized Job Titles ~ 2.1 Does the list of "authorized job titles" in your BOS-approved policy need to change? (i.e. Do you need additional job titles to be authorized to access the data, or do you need to remove any current job titles?) Change in Number and/or Type of Technology > \square Replacement of Old Technology 4.1 Has any technology listed in the policy been replaced? ☐ Addition of New Technology 5.1 Has any technology been added which is not listed in the policy? ☐ Ceased Operation of Technology 6.1 Is any technology listed in the policy no longer in use? ☐ Services or Equipment Sources 7.1 List any and all entities, companies or individuals which provide services or equipment to the department which are essential to the functioning or effectiveness of the Surveillance Technology (list "N/A" if not applicable): * No new companies or entities added. Surveillance Technology Goals ~ 8.1 Has the surveillance technology been effective at achieving its identified purpose? Yes 8.2 In 3-5 sentences, please explain how the technology has or has not been effective 1. Helped Parking Control Officer (PCO) cover larger geographic areas and improved effectiveness and efficiency in performance of their duties. 2. Parking garage staff no longer required to work within confined areas in parking garages. Minimized repetitive motion $injuries\ from\ physical\ chalking\ by\ automating\ the\ process\ for\ Parking\ Control\ Officer\ (PCOs)\ to\ mark\ vehicles.$ 3. Improved accuracy and simplified parking enforcement duties. Provided data required to calculate parking fees, especially when patrons lost their parking tickets within City-owned parking garages and lots. Provided data to inform potential new on-street parking and curb policies and regulations. For instance, eliminated physical permits on residential parking.

Ω
9.1 Has data acquired through the surveillance technology been shared with entities outside of the department?
No
9.4 Was the data shared with entities outside of city and county government? Yes
ies
9.5 List which non-city entities received surveillance technology data from your department, what type of data was
disclosed, under what legal standard the information was disclosed, and a justification for the disclosure.
SFMTA contractor LAZ Parking and their subcontractor, Dixon Resources Unlimited, were provided with parking occupancy data (i.e., vehicle counts). These entities were not provided with license plate numbers or other personally
identifiable information.
ccidental Receipt of Face Recognition Data 🗸
Ω
10.1 Did your department inadvertently or unintentionally receive, retain, access or use any information obtained
from Face Recognition Technology?

MTA Security Camera Annual Surveillance Report 2023

Fields marked with an asterisk (*) are required. Change In Authorized Use Cases v 1.1 In the last year, did your department have use cases which differed from your "approved use cases" in your BOSapproved policy? Change in Authorized Job Titles ~ 2.1 Does the list of "authorized job titles" in your BOS-approved policy need to change? (i.e. Do you need additional job titles to be authorized to access the data, or do you need to remove any current job titles?) Change in Number and/or Type of Technology > \square Replacement of Old Technology 4.1 Has any technology listed in the policy been replaced? ☐ Addition of New Technology 5.1 Has any technology been added which is not listed in the policy? ☐ Ceased Operation of Technology 6.1 Is any technology listed in the policy no longer in use? ☐ Services or Equipment Sources 7.1 List any and all entities, companies or individuals which provide services or equipment to the department which are essential to the functioning or effectiveness of the Surveillance Technology (list "N/A" if not applicable): * NA Surveillance Technology Goals > 8.1 Has the surveillance technology been effective at achieving its identified purpose? Yes 8.2 In 3-5 sentences, please explain how the technology has or has not been effective The technology has made us more efficient through live monitoring and helped us get ahead of security issues on revenue vehicles and SFMTA Facilities. This helps to keep the Transit system safe. It has deterred crime on buses and assaults on employees and customers. Furthermore, technology was utilized to respond to 985 inquiries from the public through 311 as well as 7 sunshine requests and 56 inquires related to Title VI of the Civil Rights Act

Ω
9.1 Has data acquired through the surveillance technology been shared with entities outside of the department?
Yes
9.2 Was the data shared with city and county departments or other entities associated with city and county
government?
Yes
9.3 List which departments received surveillance technology data from your department, what type of data was dis-
closed, under what legal standard the information was disclosed, and a justification for the disclosure.
SFMTA shared security camera video with SFPD, the City Attorney's Office, and SF Sheriff. No legal standard applies;
the data was not confidential. These city departments required the data to support criminal and other
investigations.
9.4 Was the data shared with entities outside of city and county government?
No
Accidental Receipt of Face Recognition Data ∨
Ω
10.1 Did your department inadvertently or unintentionally receive, retain, access or use any information obtained
from Face Recognition Technology?
No
Complaints ~
Comptaints
Ω
11.1 Has your department received any complaints and/or concerns from community members about this surveil-
lance technology?
No
Violations ∨
Ω
12.1 Were there any violations of the Surveillance Technology Policy or Surveillance Impact Report, reported
through community members, non-privileged internal audits, or through other means in the last year?
No
12.4 Has your department conducted any internal audits of the technology?
No
Statistics and Information about Public Records Act Requests >
otationes and information about 1 abite Records Net Requests
Д
13.1 Has your department received any public records act requests for this surveillance technology?
Yes
13.2 How many public records requests have been made regarding this surveillance technology?
Department received approx. 158 requests in the past year, all requesting video from the vehicles or platforms.
13.3 Please summarize what has been requested via public records requests, including the general type of informa-

tion requested and disclosed, as well as the number or requests for each general type of information.

The inquiries were predominantly received through Sunshine Ordinance requests, which requested video footage.

Ω
14.1 List the number of FTE (new & existing).
10 – 7318 Electronic Maintenance Tech 1 – 1044 IS Engineer-Principal 3 – 14xx Surveillance Clerks
14.2 Are there one-time costs for Fiscal Year 2023-2024?
No
14.15 Are there annual costs for Fiscal Year 2023-2024:
Yes
14.16 Are there annual Salary and Fringe costs?
No
14.18 Are there annual Software costs?
Yes
14.19 List total annual Software costs for FY 2023-2024:
\$100,000
14.20 Are there annual Hardware/ Equipment costs?
Yes
14.21 List total annual Hardware/ Equipment costs for FY 2023-2024:
\$100,000
14.22 Are there annual Professional Services costs? Yes
14.23 List total annual Professional Services costs for FY 2023-2024:
\$50,000-\$100,000
14.24 Are there annual Training costs?
No
14.26 Are there annual "Other" costs?
Yes
14.27 List total annual "Other" costs for FY 2023-2024:
\$5,000
14.28 What source of funding will fund the Surveillance Technology for FY 2023-2024?
The Department funds its use and maintenance of the surveillance technology through general operations budget and occasional grants.
14.29 Have there been any changes to the one-time costs from your department's approved Surveillance Impact
Report? No
14.31 Have there been any changes to the annual costs from your department's approved Surveillance Impact
Report? No

MTA Security cameras inside SFMTA-regulated taxi cabs Annual Surveillance Report 2023

Fields marked with an asterisk (*) are required. Change In Authorized Use Cases ~ 1.1 In the last year, did your department have use cases which differed from your "approved use cases" in your BOSapproved policy? Change in Authorized Job Titles ~ 2.1 Does the list of "authorized job titles" in your BOS-approved policy need to change? (i.e. Do you need additional job titles to be authorized to access the data, or do you need to remove any current job titles?) Change in Number and/or Type of Technology > \square Replacement of Old Technology 4.1 Has any technology listed in the policy been replaced? ☐ Addition of New Technology 5.1 Has any technology been added which is not listed in the policy? ☐ Ceased Operation of Technology 6.1 Is any technology listed in the policy no longer in use? ☐ Services or Equipment Sources 7.1 List any and all entities, companies or individuals which provide services or equipment to the department which are essential to the functioning or effectiveness of the Surveillance Technology (list "N/A" if not applicable): * Not Applicable Surveillance Technology Goals > 8.1 Has the surveillance technology been effective at achieving its identified purpose? Yes 8.2 In 3-5 sentences, please explain how the technology has or has not been effective 1. Technology has helped recording of on-board incidents based upon complaints received from the public and at appeals hearing in response to a fine, suspension or response to fine revocation. 2. Technology as assisted in review of video data in response to complaints from the public to ensure compliance by taxi $cab\ companies\ and\ other\ taxi\ permittees\ with\ requirements\ and\ conditions\ under\ Article\ 1100\ (Regulation\ of\ Motor\ permittees\ with\ requirements\ and\ conditions\ under\ Article\ 1100\ (Regulation\ of\ Motor\ permittees\ with\ requirements\ and\ conditions\ under\ Article\ 1100\ (Regulation\ of\ Motor\ permittees\ with\ requirements\ and\ conditions\ under\ Article\ 1100\ (Regulation\ of\ Motor\ permittees\ with\ requirements\ and\ conditions\ under\ Article\ 1100\ (Regulation\ of\ Motor\ permittees\ with\ requirements\ and\ conditions\ under\ Article\ 1100\ (Regulation\ of\ Motor\ permittees\ with\ requirements\ and\ conditions\ under\ Article\ 1100\ (Regulation\ of\ Motor\ permittees\ with\ requirements\ and\ conditions\ under\ and\ conditions\$ Vehicles for Hire) of Division II of the SF Transportation Code. 3. The review of video data to confirm taxi cab companies and other taxi permittees complete rides paid for with public funds before paying the companies for those rides. For example, under its wheelchair program taxi incentive, the Department reviews video data from the technology to confirm that taxi cab drivers pick up.

Д
9.1 Has data acquired through the surveillance technology been shared with entities outside of the department?
Yes
9.2 Was the data shared with city and county departments or other entities associated with city and county
government?
Yes
9.3 List which departments received surveillance technology data from your department, what type of data was disclosed, under what legal standard the information was disclosed, and a justification for the disclosure.
In the last 12 months video footage data was shared only one time with SFPD by owners' consent (Taxi Company)."
in the last 12 months video locage data was shared only one time with 511 5 by owners consent (last company).
9.4 Was the data shared with entities outside of city and county government?
No
Accidental Receipt of Face Recognition Data ∨
Ω
10.1 Did your department inadvertently or unintentionally receive, retain, access or use any information obtained
from Face Recognition Technology?
No

LIB Computer Management System Annual Surveillance Report 2023

Fields marked with an asterisk (*) are required.
Change In Authorized Use Cases ∨
Д
1.1 In the last year, did your department have use cases which differed from your "approved use cases" in your BOS-approved policy?
No
Change in Authorized Job Titles ∨
Ω
2.1 Does the list of "authorized job titles" in your BOS-approved policy need to change? (i.e. Do you need additional job titles to be authorized to access the data, or do you need to remove any current job titles?) Yes
2.2 Please provide an updated list of authorized job titles.
1092 IT Operations Support Admin II (1), 1822 Administrative Analyst (1), 1042 IS Engineer-Journey (4)
2.3 Why have the job titles changed?
1042 classification support the servers directly. Unsure why they are not part of the STP. 1092 & 1822 are new hires to the LIB IT Dept.
Change in Number and/or Type of Technology ~
☐ Replacement of Old Technology
4.1 Has any technology listed in the policy been replaced? No
☐ Addition of New Technology
5.1 Has any technology been added which is not listed in the policy? No

☐ Ceased Operation of Technology
6.1 Is any technology listed in the policy no longer in use?
No
☐ Services or Equipment Sources
7.1 List any and all entities, companies or individuals which provide services or equipment to the department which
are essential to the functioning or effectiveness of the Surveillance Technology (list "N/A" if not applicable): * Library IT, TBS technical & customer support
Library II, 163 technicat & customer support
Surveillance Technology Goals ∨
Д
8.1 Has the surveillance technology been effective at achieving its identified purpose?
Partially
8.2 In 3-5 sentences, please explain how the technology has or has not been effective
The Surveillance Technology Policy helped define the usage of Today's Business
Solutions (TBS) Computer Time and Print Management in supporting the library's mission and has helped define and
limit access to authorized parties. This technology is essential for the operations of public computer and printer
management access. In that effect this technology has been effective in maintaining the public service model of providing computer access for patrons and managing time and printing. This is a timeout software that is essential for
patrons to use public computers and doesn't store any PII.
Data Sharing ~
П
9.1 Has data acquired through the surveillance technology been shared with entities outside of the department?
No
9.4 Was the data shared with entities outside of city and county government?
No

Partially 8.2 In 3-5 sentences, please explain how the technology has or has not been effective

The library asserts that using passive low-frequency RFID technology for inventory control is not considered surveillance technology because it doesn't collect or process patron information. Instead, it enhances customer service

by expediting self-checkout and circulation tasks, allowing both patrons and staff to handle multiple items

the need to manually check each item against patron records.

simultaneously. Additionally, RFID security gates enhance security and streamline the alarm response process, reducing

Surveillance Technology Goals ∨
Ω
8.1 Has the surveillance technology been effective at achieving its identified purpose? Partially
8.2 In 3-5 sentences, please explain how the technology has or has not been effective
This Policy applies to all to department personnel that use, plan to use, or plan to secure Social Media Monitoring Platform, such as Hootsuite, including employees, contractors, and volunteers. Employees, consultants, volunteers, and vendors while working on behalf of the City with the Department are required to comply with this Policy. Hootsuite is a platform that primarily is used to schedule and monitor social media posts related to San Francisco Public Library. It is also used to identify trending posts. All information available via Hootsuite has already been made public by individuals and is not retained by the Library. This social media platform has been effective in monitoring mentions of SFPL and allows our PR dept to respond to any corrective action or celebrate any positive public comment with SFPL management and staff.

Subject: City and County of San Francisco Human Services Agency - Security Camera Annual Surveillance Report

Date: Wednesday, November 1, 2023 9:40:57 AM

Attachments: HSA Security Camera Annual Surveillance Report 2023.pdf

Dear Ms. Calvillo,

I am submitting City and County of San Francisco Human Service Agency's Annual Surveillance Report for our Security Cameras, which is being submitted pursuant to Administrative Code section 19B.6(a). Our surveillance systems are installed in our client lobbies and is used by our Investigation department and building security.

Please let me know if you have any questions or concerns for me regarding the report.

Thank you, Kevin Li Human Services Agency – I.T. 415-557-6034

HSA Security Camera Annual Surveillance Report 2023

Fields marked with an asterisk (*) are required.
Change In Authorized Use Cases ∨
Ω
1.1 In the last year, did your department have use cases which differed from your "approved use cases" in your BOS-approved policy?
No
Change in Authorized Job Titles ∨
2.1 Does the list of "authorized job titles" in your BOS-approved policy need to change? (i.e. Do you need additional job titles to be authorized to access the data, or do you need to remove any current job titles?) No
Change in Number and/or Type of Technology ∨
☐ Replacement of Old Technology
4.1 Has any technology listed in the policy been replaced? No
☐ Addition of New Technology
5.1 Has any technology been added which is not listed in the policy? Yes
5.2 Why has the technology been added?
Adding surveillance equipment to the 3120/3125/3127 Mission St. building lobbies
5.3 Please list technology which was added (include manufacturer and model information. Xtech - Technology Marketplace Vendor who resold the Vivotek products Vivotek - Manufacturer same as last year
5.4 Please list how many units have been added.

☐ Ceased Operation of Technology
6.1 Is any technology listed in the policy no longer in use?
No
□ Services or Equipment Sources
7.1 List any and all entities, companies or individuals which provide services or equipment to the department which are essential to the functioning or effectiveness of the Surveillance Technology (list "N/A" if not applicable): * Xtech - Technology Marketplace Vendor who resold the Vivotek products Vivotek - Manufacturer same as last year
, , , , , , , , , , , , , , , , , , , ,
Surveillance Technology Goals ∨
Ω
8.1 Has the surveillance technology been effective at achieving its identified purpose?
Yes
8.2 In 3-5 sentences, please explain how the technology has or has not been effective
High resolution cameras allow for easier identification of suspects and simplify the investigation process. The
replacement of the cameras executed last year has removed blind spots and is providing a better coverage of the areas in the Lobbies. Direct video feed to the building's security guards is of a higher quality and is more suitable for live monitoring.
Data Sharing Y
Ω
9.1 Has data acquired through the surveillance technology been shared with entities outside of the department?
Yes
9.2 Was the data shared with city and county departments or other entities associated with city and county government? Yes
9.3 List which departments received surveillance technology data from your department, what type of data was disclosed, under what legal standard the information was disclosed, and a justification for the disclosure.
SFPD, SF Sheriff's department. Data shared as part of incident investigations. Standard Law Enforcement data sharing request.

Dear Ms. Calvillo,

I am attaching the War Memorial's Annual Surveillance Report for the Veterans Building Security Camera System. The Veterans Building Security Camera System previously received Board of Supervisors' approval as a Surveillance Technology.

This report is being provided per Ordinance 19B.6(a) which requires all departmental Annual Surveillance Reports for each Surveillance Technology be submitted to the Board of Supervisors on or before November 1 annually.

A copy of this report has been provided to COIT and a link to the report will also be posted on the War Memorial's website as required by 19B.6.

Please do not hesitate to contact me if there are any questions concerning this report.

Thank you.

Best regards,

Donna

Yes
8.2 In 3-5 sentences, please explain how the technology has or has not been effective The Davies Symphony Hall camera system owned/operated by San Francisco Symphony has been effective in enhancing WAR Security staff's ability to monitor and respond to incidents in this location.
This system allows Security Officers at the Security Camera Workstation or Supervisors to radio roving staff to investigate suspicious or problematic activities detected on the premises.
One particular benefit is that there are cameras covering the parking lot and this has aided in monitoring potential vehicle theft.
Also there is a monitor at the security desk for Zellerbach Hall and cameras that cover the entrance and hallways of this portion of the building that have enhanced Security patrols.

Re: Rent Board Annual Surveillance Report

Dear Ms. Calvillo:

Pursuant to Section 19B.6(a) of Chapter 19 of the San Francisco Administrative Code, the Rent Board is providing its annual report for each Surveillance Technology used by the department. Attached please find the Rent Board's Security Camera Annual Surveillance Report. This report can be found on the Rent Board's website at https://sf.gov/rent-board-statistics-and-reports and on the Committee on Information Technology's website at https://sf.gov/resource/2022/annual-surveillance-report-inventory. Please contact me at (415) 252-4650 should you have any questions concerning this report.

Sincerely,

Christina Varner Executive Director

Residential Rent Stabilization and Arbitration Board

Yes 8.2 In 3-5 sentences, please explain how the technology has or has not been effective This technology has been effective in helping the department maintain healthy, clean, and safe parks and facilities and in keeping the public and department staff safe. It does so by enabling staff to view multiple properties and multiple areas within a property simultaneously, with a relatively small number of staff. Cost savings result from staffing efficiencies and harm prevention.

San Francisco International Airport

November 1, 2023

Ms. Angela Calvillo Clerk of the Board of Supervisors San Francisco City Hall 1 Dr. Carlton B. Goodlett Place, Room 244 San Francisco, CA 94102-4689

Subject: Chapter19B - Acquisition of Surveillance Technology Ordinance, Annual Surveillance Reports submission pursuant to Administrative Code sec. 19B.6(a).

Dear Ms. Calvillo:

Pursuant to Administrative Code sec. 19B.6(a), I am forwarding to the Board of Supervisors the Annual Surveillance Reports for San Francisco International Airport.

Under Administrative Code Sec. 19B.6(a), a Department that obtains approval for the acquisition of Surveillance Technology under Section 19B.2 must submit to the Board of Supervisors and the Committee on Information Technology (COIT), and make available on its website, an Annual Surveillance Report for each Surveillance Technology used by the City Department within 12 months of Board approval of the applicable Surveillance Technology Policy, and annually thereafter on or before November 1, 2023.

The following is a list of accompanying documents:

- Annual Surveillance Reports for the three Board of Supervisors approved Airport Surveillance Technologies (Automated License Plate Readers (ALPR), Pre-Security CCTV Cameras, and Third-Party Cameras).
- The link to the Annual Surveillance Reports on the Airport's public facing website: (https://www.flysfo.com/about/aimort-commission/public-notices).

The following person may be contacted regarding this matter:

Guy Clarke

SFO Landside Operations; SFO GTU Ground Transportation Unit; Contractors - IBI and Transcore.

Surveillance Technology Goals >

8.1 Has the surveillance technology been effective at achieving its identified purpose? Yes

8.2 In 3-5 sentences, please explain how the technology has or has not been effective

The ALPR – GTMS has been effective as a fail-safe should the Automated Vehicle Identification (AVI) readers malfunction and fail to read the transponder which the Airport affixes to certain types of permitted vehicles. The technology assists in dispute resolution in the event that the operator challenges the transponder data (i.e., number of trips the operator has made to the Airport) collected from the AVI.

The technology is also effective in tracking permitted operators that are not issued transponders, such as TNC vehicles and long distance bus carriers; tracking unpermitted operators who solicit passengers for rides; and assisting public safety agencies in investigations.

The technology enables the Airport to assess trip fees on permitted Commercial ground transportation operators. Specifically, in 2021, the Airport collected a total of \$ 22,373,523 in trip fees from ground transportation operators.

Data Sharing >

9.1 Has data acquired through the surveillance technology been shared with entities outside of the department?
Yes
9.2 Was the data shared with city and county departments or other entities associated with city and county government? Yes
9.3 List which departments received surveillance technology data from your department, what type of data was disclosed, under what legal standard the information was disclosed, and a justification for the disclosure.
The S.F. Police Department - Airport Bureau (SFPD-AB) receives surveillance technology data from the Airport. Specifically the data includes: License Plate number, image of car, and list of time & location of when the vehicle was on Airport property. Vehicles that did not have a permit to operate at the Airport are cited as being in violation of the contractual requirements of the Airport.
9.4 Was the data shared with entities outside of city and county government? Yes
9.5 List which non-city entities received surveillance technology data from your department, what type of data was disclosed, under what legal standard the information was disclosed, and a justification for the disclosure. The California Public Utilities Commission (CPUC) receives surveillance technology data from the Airport. Specifically the data includes: License Plate number, image of car, and list of time & location of when the vehicle was on Airport property. Vehicles that did not have a permit to operate at the Airport are reported as being in violation of the contractual requirements of the Airport.
Accidental Receipt of Face Recognition Data ∨
10.1 Did your department inadvertently or unintentionally receive, retain, access or use any information obtained from Face Recognition Technology?
No

Change in Authorized Job Titles ~
2.1 Does the list of "authorized job titles" in your BOS-approved policy need to change? (i.e. Do you need additional job titles to be authorized to access the data, or do you need to remove any current job titles?) No
Change in Number and/or Type of Technology ∨
Replacement of Old Technology 4.1 Has any technology listed in the policy been replaced? Yes
4.2 Why has the technology been replaced? Malfunctioning, Damaged or Older Technology/End-of-Life
4.3 Please list technology which was replaced (include manufacturer and model information). PELCO & Ikegami - Older Tech
4.4 Please list technology which replaced the original technology (include manufacturer and model information). PELCO - 8MP FISHEYE ENVIRONMENTAL BUILT IN IR ILLUMINATION S (IMF82-1ERS); Pelco (S6230-EGL1) 2MP Outdoor PTZ Dome IP Security Camera with 30x Optical Zoom - Pendant, Clear; Ikegami (ISD-A15S-TDN) 1.23MP Cube Camera (No Lens).
4.5 Please list how many units have been replaced.
Addition of New Technology 5.1 Has any technology been added which is not listed in the policy? No
☐ Ceased Operation of Technology
6.1 Is any technology listed in the policy no longer in use? No
☐ Services or Equipment Sources
7.1 List any and all entities, companies or individuals which provide services or equipment to the department which are essential to the functioning or effectiveness of the Surveillance Technology (list "N/A" if not applicable): * Cognyte (formerly Verint); Intellicene; Airport Tech Shop & ITT Teams.

Surveillance Technology Goals $\,\,\check{}\,\,$

П
8.1 Has the surveillance technology been effective at achieving its identified purpose?
Yes
8.2 In 3-5 sentences, please explain how the technology has or has not been effective
Within the public areas of the Airport, the pre-security CCTV camera monitoring has been very effective in providing
vital/critical information regarding Safety and Security at the Airport (e.g., passenger accidents, customer service
and law enforcement incidents), including supporting Situational Awareness for first responders.
Data Sharing ∨
Ω
9.1 Has data acquired through the surveillance technology been shared with entities outside of the department?
Yes
9.2 Was the data shared with city and county departments or other entities associated with city and county
government?
Yes
9.3 List which departments received surveillance technology data from your department, what type of data was dis-
closed, under what legal standard the information was disclosed, and a justification for the disclosure.
Police (SFPD - Airport Bureau)
City Attorney (assigned to SFO)
Recorded video footage of the incidents.
Safety, Security and Legal matters.
9,4 Was the data shared with entities outside of city and county government?
, , ,
Yes
9.5 List which non-city entities received surveillance technology data from your department, what type of data was
disclosed, under what legal standard the information was disclosed, and a justification for the disclosure.
Outside law enforcement agencies and with the public when the data is subject to disclosure pursuant to a Public
Records Act request for the data.
Accidental Receipt of Face Recognition Data 🗸
Д
10.1 Did your department inadvertently or unintentionally receive, retain, access or use any information obtained
from Face Recognition Technology?
No
Complaints ~

Services or Equipment Sources 7.1 List any and all entities, companies or individuals which provide services or equipment to the department which are essential to the functioning or effectiveness of the Surveillance Technology (list "N/A" if not applicable): * This is managed by the tenant.

Surveillance Technology Goals >

8.1 Has the surveillance technology been effective at achieving its identified purpose?

Yes

8.2 In 3-5 sentences, please explain how the technology has or has not been effective

The Airport leases space to airlines, concessionaires, food, and beverage operators, rental car agencies, etc. ("Tenants"). Tenants provide a host of services at the Airport, all focused on the needs of the public that traverse the Airport campus.

Use of the technology provides the Tenants with the ability to maintain operations safely and securely in accordance with their lease provisions. The technology provides added visibility and support legal enforcement and regulatory compliance during an incident.

- Financial savings The Airport is relieved of the responsibility to provide additional safety and security services for the tenants.
- Time savings CCTV feeds assist with resolving incidents expeditiously.

Data Sharing >

- 9.1 Has data acquired through the surveillance technology been shared with entities outside of the department? Yes

☐ Services or Equipment Sources
7.1 List any and all entities, companies or individuals which provide services or equipment to the department which are essential to the functioning or effectiveness of the Surveillance Technology (list "N/A" if not applicable): *
SFO Landside Operations; SFO GTU Ground Transportation Unit; Contractors - IBI and Transcore.

Surveillance Technology Goals ~

8.1 Has the surveillance technology been effective at achieving its identified purpose? Yes

8.2 In 3-5 sentences, please explain how the technology has or has not been effective

The ALPR – GTMS has been effective as a fail-safe should the Automated Vehicle Identification (AVI) readers malfunction and fail to read the transponder which the Airport affixes to certain types of permitted vehicles. The technology assists in dispute resolution in the event that the operator challenges the transponder data (i.e., number of trips the operator has made to the Airport) collected from the AVI.

The technology is also effective in tracking permitted operators that are not issued transponders, such as TNC vehicles and long distance bus carriers; tracking unpermitted operators who solicit passengers for rides; and assisting public safety agencies in investigations.

The technology enables the Airport to assess trip fees on permitted Commercial ground transportation operators. Specifically, in 2021, the Airport collected a total of \$ 22,373,523 in trip fees from ground transportation operators.

Data Sharing ~

\square
9.1 Has data acquired through the surveillance technology been shared with entities outside of the department? Yes
9.2 Was the data shared with city and county departments or other entities associated with city and county government? Yes
9.3 List which departments received surveillance technology data from your department, what type of data was disclosed, under what legal standard the information was disclosed, and a justification for the disclosure. The S.F. Police Department - Airport Bureau (SFPD-AB) receives surveillance technology data from the Airport. Specifically the data includes: License Plate number, image of car, and list of time & location of when the vehicle was on Airport property. Vehicles that did not have a permit to operate at the Airport are cited as being in violation of the contractual requirements of the Airport.
9.4 Was the data shared with entities outside of city and county government? Yes
9.5 List which non-city entities received surveillance technology data from your department, what type of data was disclosed, under what legal standard the information was disclosed, and a justification for the disclosure. The California Public Utilities Commission (CPUC) receives surveillance technology data from the Airport. Specifically the data includes: License Plate number, image of car, and list of time & location of when the vehicle was on Airport property. Vehicles that did not have a permit to operate at the Airport are reported as being in violation of the contractual requirements of the Airport.

Subject: Personal and professional news

Dear Mayor Breed, President Peskin, and Members of the Board of Supervisors,

Now in my 16th year serving as Controller and soon to enter my 27th with the City, I've come to the decision that it's the right time to step aside and let a new person take this role that has been such a personal and professional honor to hold. I plan to step down as Controller in February 2024, providing time for the Mayor and Board to appoint and confirm the next Controller and to work with that individual on an orderly transition into this role.

Thank you for your partnership and work together over the years. It is not easy to step away from work that has always felt important and impactful to me, but I know in doing so that the Controller's Office is in great and steady hands – An incredible group of people doing fantastic work every day in our department. I look forward to introducing the next Controller to them.

With my best,

Ben

Ben Rosenfield

Subject: Housing Authority Waitlist Opening

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear Members of the Board of Supervisors,

The Housing Authority of the City and County of San Francisco (Authority) has opened its Housing Choice Voucher (HCV) waitlist on **October 23, 2023 at 8am PT, and will close on November 6, 2023 at 5pm PT**.

The Authority is accepting online applications to participate in a lottery for 6,500 applicants to be placed on the waiting list for tenant-based vouchers in the HCV program, also known as Section 8. The HCV program assists eligible individuals and families by paying a portion of their rent to private property owners.

Attached is an informational flyer that our partners may post/share to inform applicants of the waitlist opening. For more information on the waitlist opening, please visit: www.sfha.org/housing-programs/waitlist

Thank you for your support.

Respectfully,

Chief Executive Officer

Tonia Lediju, PhD

Section 8 Housing Choice Voucher (HCV) Waitlist Opening

October 23rd, 2023, 8AM PT to November 6th, 2023, 5PM PT

The Housing Authority of the City and County of San Francisco is opening HCV waitlist applications to the public on 10/23/2023 starting at 8:00 AM PT and closing on 11/6/2023 at 5:00 PM PT.

After the application period closes, a lottery will be used to randomly select applicants. The names selected through the lottery will have waitlist preferences taken into consideration and placed on the HCV waiting list. Applying for the lottery does NOT guarantee a place on the HCV waitlist. For more information, please visit www.sfha.org/housing-programs/waitlist

Apply Online Only: https://sfha.myhousing.com

Assistance Available:

- Service providers within the community are available to assist you with the application process. Visit the website for a full listing: www.sfha.org/housing-programs/waitlist
- If you need assistance with your application, please call the Housing Authority's Customer Care Center at (415) 715-5200 from 8:00 AM to 7:00 PM on weekdays and 8:00 AM to 12:00 PM on weekends.
- If you are a person with a disability, please call the Housing Authority's Customer Care Center to request a reasonable accommodation to assist in the application process.
- If you have challenges speaking, reading or understanding English, please call the Housing Authority's Customer Care Center to request language assistance.
- If you have a hearing impairment, please use the TTY line at (415) 467-6754.

What You Need to Apply:

- Valid Email Address
- Phone Number
- Full Name for All Household Members
- Date of Birth for All Household Members
- Social Security for All Household Members (if available)

For more information, please visit <u>www.sfha.org/housing-programs/waitlist</u>

Investment Report for the month of September 2023

October 15, 2023

The Honorable London N. Breed Mayor of San Francisco City Hall, Room 200 1 Dr. Carlton B. Goodlett Place San Francisco, CA 94102-4638 The Honorable Board of Supervisors City and County of San Franicsco City Hall, Room 244 1 Dr. Carlton B. Goodlett Place San Francisco, CA 94102-4638

Colleagues,

In accordance with the provisions of California State Government Code, Section 53646, we forward this report detailing the City's pooled fund portfolio as of September 30, 2023. These investments provide sufficient liquidity to meet expenditure requirements for the next six months and are in compliance with our statement of investment policy and California Code.

This correspondence and its attachments show the investment activity for the month of September 2023 for the portfolios under the Treasurer's management. All pricing and valuation data is obtained from Interactive Data Corporation.

The City and County of San Francisco uses the following methodology to determine compliance: Compliance is pre-trade and calculated on a book value basis of the overall portfolio value. Cash balances are included in the City's compliance calculations.

Please note the information in this report does not include cash balances. Due to fluctuations in the market value of the securities held in the Pooled Fund and changes in the City's cash position, the allocation limits may be exceeded on a post-trade compliance basis. In these instances, no compliance violation has occurred, as the policy limits were not exceeded prior to trade execution.

The full Investment Policy can be found at https://sftreasurer.org/banking-investments/investments

Totals may not add due to rounding.

FROM: Suni Jones, Acting Manager, Wholesale/Retail Services

Simon Steiner acting for Sunita Jones

SUBJECT: Resolution No. 095-23, approving Amendment No. 2 to Contract

No. PR0.0152, Power Scheduling Coordination and Related

Support Services, with APX Inc.

The following quarterly report for the first quarter of FYE24 has been prepared for the Board of Supervisors (Board) in accordance with Resolution No. 095-23.

Resolution No. 095-23 approved Amendment No. 2 to Contract No. PR0.0152, Power Scheduling Coordination and Related Support Services, with APX Inc. This contract allows for the processing of the California Independent System Operator (CAISO) power transmission service charges. Board approval increased the contract by \$636,000,000 for a total not to exceed contract amount of \$895,742,800, with no change to the five-year term from June 2022, through June 2027.

Per Resolution No. 095-23, the Board directed the SFPUC to submit quarterly reports showing actual CAISO charges compared with projections and remaining contract expenditures.

In summary:

- CAISO actual pass-through charges for Year 2 (6/2023 9/2023) are \$27M compared to Projected annual pass-through charges of \$200M.
- Remaining Contract Expenditures are \$404M for CleanPowerSF and \$292M for Hetch Hetchy Power.

DATE: November 1, 2023

TO: Clerk of the Board of Supervisors

Office of the Controller

THROUGH: Dennis Herrera, General Manager

Barbara Hale, Assistant General Manager, Power

FROM: Michael Clark, Finance and Administration Manager, Power

SUBJECT: Annual Report on the Low Carbon Fuel Standard Credit Sales

Fund Pursuant to Administrative Code Section 10.100-92

The following annual report has been prepared for the Board of Supervisors (Board) in accordance with Section 10.100-92 of the Administrative Code.

In Ordinance No. 199-19, the Board established the Low Carbon Fuel Standard Credits Sales Fund (Fund #25455) and authorized the General Manager of the San Francisco Public Utilities Commission (SFPUC) to enter into one or more agreements to sell Low Carbon Fuel Standard credits. The Board also required the SFPUC to "submit an annual written report to the Board of Supervisors and the Controller: (1) specifying the number of Low Carbon Fuel Standard credits sold during the previous fiscal year, the price received for each credit, and the total amount of the sales; and (2) describing the expenditures made from the Low Carbon Fuel Standard Credits Sales Fund during the previous fiscal year."

This report meets the reporting requirements established by Section 10.100-92 of the Administrative Code for Fiscal Year 2023.

The City's Low Carbon Fuel Standard Credits

In Assembly Bill 32,¹ entitled the Global Warming Solutions Act of 2006, the Legislature required California to reduce its greenhouse gas emissions to 1990 levels by 2020.

To achieve this goal, the California Air Resources Board (CARB) adopted measures and programs to reduce greenhouse gas emissions from all sectors of the California economy. In 2009, at the direction of then Governor Schwarzenegger, CARB adopted Low Carbon Fuel Standard regulations to

London N. Breed Mayor

> Tim Paulson President

Anthony Rivera Vice President

Sophie Maxwell Commissioner

> Kate H. Stacy Commissioner

Dennis J. Herrera General Manager

¹ Statutes 2006, Ch. 488.

reduce the greenhouse gas intensity² of transportation fuels by 20% by 2030. The regulations set benchmarks for greenhouse gas emissions for each type of transportation fuel that are increasingly reduced over time. Transportation providers that use fuels with a carbon intensity (or greenhouse gas emissions) lower than the benchmark established by CARB generate Low Carbon Fuel Standard credits that can then be sold.

The San Francisco Municipal Transportation Agency (SFMTA) uses greenhouse gas-free electric energy provided by SFPUC's Hetch Hetchy Power to operate its electric public transit fleet (electric trolley buses, cable cars, historic streetcars, and light rail vehicles). Because this fleet operates with a carbon intensity significantly below the Low Carbon Fuel Standard target, the SFMTA accumulates credits that can be sold.

In October 2017, the SFPUC and SFMTA entered into a Memorandum of Understanding approved by the SFPUC in Resolution 17-0199 that specifies the SFPUC execute the sale of SFMTA's Low Carbon Fuel Standard credits. The Memorandum of Understanding also states that SFPUC and SFMTA share equally the net revenues from these sales, and their use of the revenues support general operations that reduce San Francisco's carbon footprint and/or advance the City's sustainability goals.

Starting January 2022, the Port of San Francisco (Port) signed up for the Hetch Hetchy Power Premium – Low Carbon Fuel Standard Partnership Program and began earning Low Carbon Fuel Standard credits for its provision of shoreside power to docked ships. As part of the initial terms of this partnership, the SFPUC executes the sale of the Port's Low Carbon Fuel Standard credits, on behalf of the Port, retaining 20% of the revenues from these sales, returning the remaining 80% to the Port. Starting July 2022, the terms of the partnership changed, and the Port now receives 100% of the revenues from LCFS credit sales, and instead pays a service fee to SFPUC for performing the credit sale.

FY23 Low Carbon Fuel Standard Credit Sales

For Fiscal Year 2023, the number of Low Carbon Fuel Standard credits sold, price received for each credit, and total amount of the sales are set forth in the table below. There was a total of one transaction in the fiscal year with revenue of \$1,364,767.60.

Quantity (Calendar Year)	Credits Sold	Average Price Received	Amount	Date
Quantity 1 (2023)	19,061	\$71.60	\$1,364,767.60	3/9/2023
Total	19,061		\$1,364,767.60	

Per the respective agreements with each agency, SFPUC transferred \$561,379.80 to SFMTA and \$210,160.32 to Port. The remaining \$593,227.48 was retained by the SFPUC for the Hetch Hetchy Power program.

² The Low Carbon Fuel Standard regulations use the term "carbon intensity" instead of greenhouse gas intensity.

FY23 Low Carbon Fuel Standard Expenditures

SFPUC spent \$1,162,388 from Low Carbon Fuel Standard Sales fund in FY23, as detailed in the table below. This included expenditures of appropriations from prior fiscal years. SFPUC will continue to expend Low Carbon Fuel Standard proceeds for these and similar projects in future fiscal years.

Project Name	FY23 Expenditures
Northpoint Solar Refurbishment	\$554,696
Electric Vehicles in New Construction	\$308,509
GoSolarSF	\$76,545
Retail Customer Programs	\$68,415
Moscone Solar Refurbishment	\$47,816
E-Mobility	\$38,299
Moscone West Solar Electric Project	\$32,742
Small Renewables	\$12,690
San Francisco Police Academy Solar Carport	\$9,230
Distributed Energy Resources Project Development	\$6,739
Utility Field Services Project Support	\$6,708
Total	\$1,162,388

- The <u>Northpoint Solar Refurbishment</u> project includes the replacement of existing solar modules and inverters, which were at the end of their life cycle.
- The <u>Electric Vehicles in New Construction Program</u> is a newly launched program that provides incentives for installing electric vehicle charging infrastructure in new buildings for Hetch Hetchy customers.
- GoSolarSF supports the local solar industry and environmental goals
 with incentive offerings for customer adoption of rooftop solar
 throughout San Francisco, as well as addressing social and equity
 goals with a workforce program and low income and non-profit
 incentives.
- <u>Retail Customer Programs</u> promote emission reductions and decarbonization through electrification, energy efficiency, and improved utilization of SFPUC's Hetch Hetchy electricity within customer facilities and buildings.
- The <u>Moscone Solar Refurbishment Project</u> will allow for the replacement of solar array wiring that is at the end of its life cycle to improve system performance. The installation of the original project is approaching its twentieth anniversary.

- <u>E-Mobility</u> is a new program currently in development to provide incentives to help low-income customers purchase electric bicycles.
- The <u>Moscone West Solar Electric Project</u> will allow for the installation of an 800-kilowatt rooftop mounted photovoltaic generation system owned and operated by the SFPUC Power Enterprise.
- The <u>Small Renewable Project</u> funds municipal distributed energy resource projects, such as solar installations.
- The <u>San Francisco Police Academy Solar Carport Project</u> includes a 150-kilowatt solar carport and battery storage system at the San Francisco Police Academy. Additional analysis will be performed to determine the feasibility of expanding the functionality of this renewable system into an islanding microgrid with electric vehicle charging.
- <u>Distributed Energy Resource Project Development</u> funds initial project scoping and development of potential new advanced energy assets.
- <u>Utility Field Services Project Support</u> funds the support of existing solar electric assets in Power's project portfolio.

Each year, the transportation providers that generate LCFS credits are required to report back to CARB on their use of revenue from the sale of credits. The 2022 reporting year is the most current year that has been submitted. For the 2022 reporting year, SFMTA reported out the following to CARB:

SFMTA operates the nation's largest fleet of electrically-operated trolley buses as well as the nation's 3rd busiest light-rail vehicle fleet. Together with the SFMTA's hybrid electric bus fleet, SFMTA provides low/no emission public transportation options for approximately 700,000 daily riders. All LCFS proceeds go towards supporting LCFS program goals and advancing San Francisco's ambitious climate action goals for the transportation sector: (1) shift 80 percent of all trips to sustainable modes by 2030 and (2) eliminate citywide GHG emissions by 2050. A number of initiatives across a suite of strategy areas help to progress these goals and SFMTA's efforts to expand and/or improve access to electrified public transportation and alternative modes of travel like walking and biking. Examples include, supporting replacement of our hybrid bus fleet with all-electric vehicles and investments in our electricoperated right of way infrastructure like Central Subway. Central Subway entered revenue service January 7, 2023. Additionally, the SFMTA's Bus Rapid Transit corridor began revenue on April 1, 2022.

Since Port sold LCFS credits for the first time in the most recent fiscal year, they have not been required to report back to CARB yet on expenditures. Port will report out their use of the proceeds to CARB for the 2023 reporting year. This will be included in next year's LCFS Sales Memo.

Should you have any questions, please contact Barbara Hale, SFPUC Assistant General Manager, Power, at BHale@sfwater.org and 415-613-6341.

From your constituent: Brian Wachowicz, brian wachowicz@yahoo.com

Message: I Support Supervisor Dorsey's Full Staffing Amendment, and

You Should Too.

Dear Supervisors,

I support Supervisor Dorsey's full staffing amendment for SFPD and hope you will vote to put it on the ballot in March 2024. We cannot regain the city's reputation as a safe destination to live, work, visit, and shop if we do not have a fully staffed police force. Supervisor Dorsey's plan has short-, medium-, and long-range solutions to quickly fill the current gaps in personnel while making retention and recruitment possible and probable.

Supervisor Dorsey's plan has short-, medium-, and long-range solutions to quickly fill the current gaps in personnel while making retention and recruitment possible and probable.

San Franciscans have prioritized public safety because we understand how vital it is to the success and achievement of every other industry and quality of life metric. Having our officers live in the neighborhoods they serve strengthens each community and the entire city. It is time to show our SFPD we value each and every officer, and it is long overdue that we take steps to help our officers live in the city they patrol each day. Please listen to your constituents who have repeatedly requested more funding for the police and more staffing of SFPD. It is time we stop the victimization of our citizens by criminals. Please support Dorsey's charter amendment to fully staff the SFPD.

Best,

Francesca Pastine,
President of the Inner Mission Neighborhood Association

Message: I Support Supervisor Dorsey's Full Staffing Amendment, and

You Should Too.

Dear Supervisors,

I FO NOT support Supervisor Dorsey's full staffing amendment for SFPD and hope you will vote to put it on the ballot in March 2024. San Francisco has too many poorly trained police officers who think that they are immune from consequences. We cannot regain the city's reputation as a safe destination to live, work, visit, and shop while they continue to poorly perform their duties since they do not have any consequences to poor performance. When and if they will agree that they exist to serve the people of San Francisco without qualified immunity or criminal indemnification, then we can move forward and reform the current institution.

San Franciscans prioritize public safety because we understand how vital it is to the success and achievement of every other industry and quality of life metric. Having our officers live in the neighborhoods they serve strengthens each community and the entire city. It is time to show our SFPD we value each and every officer, and it is long overdue that we take steps to help our officers live in the city they patrol each day. Please listen to your constituents who have repeatedly requested more funding for the police and more staffing of SFPD.

More funding leads to more military grade hardware, which we do not need. And more staffing will happen with better educated, and trained officers who seek to serve the residents of San Francisco.

Message: I Support Supervisor Dorsey's Full Staffing Amendment, and

You Should Too.

Dear Supervisors,

I support Supervisor Dorsey's full staffing amendment for SFPD and hope you will vote to put it on the ballot in March 2024. We cannot regain the city's reputation as a safe destination to live, work, visit, and shop if we do not have a fully staffed police force. Supervisor Dorsey's plan has short-, medium-, and long-range solutions to quickly fill the current gaps in personnel while making retention and recruitment possible and probable.

Message: I Support Supervisor Dorsey's Full Staffing Amendment, and

You Should Too.

Dear Supervisors,

I support Supervisor Dorsey's full staffing amendment for SFPD and hope you will vote to put it on the ballot in March 2024. We cannot regain the city's reputation as a safe destination to live, work, visit, and shop if we do not have a fully staffed police force. Supervisor Dorsey's plan has short-, medium-, and long-range solutions to quickly fill the current gaps in personnel while making retention and recruitment possible and probable.

Dear Supervisors,

SUPES" WORRY LESS ABOUT HOUSING AND CRAZY RENT CONTROL GUIDELINES AND GIVE AWAY "FREE HOUSING....' When everyone leaves SF, AND ALL THE SMALL BUSINESSES CLOSE WHO the hell is going to pay for all your freebies, subsidies, reparations, monitoring, and "give aways?"

CAN you convince SACRAMENTO TO subsidize our housing, so we can move to Hillsborough or Atherton? After all, if you endorse such absurd CONCEPTS as "HOUSING IS A RIGHT"- It is a right if you can afford it, otherwise leave Pierre-Joseph Proudhon (1840- "Property is Theft.".."What is P{property"). to the historical trash bin!

I support Supervisor Dorsey's full staffing amendment for SFPD and hope you will vote to put it on the ballot in March 2024. We cannot regain the city's reputation as a safe destination to live, work, visit, and shop if we do not have a fully staffed police force. Supervisor Dorsey's plan has short-, medium-, and long-range solutions to quickly fill the current gaps in personnel while making retention and recruitment possible and probable.

San Franciscans have prioritized public safety because we understand how vital it is to the success and achievement of every other industry and quality of life metric. Having our officers live in the neighborhoods they serve strengthens each community and the entire city. It is time to show our SFPD we value each and every officer, and it is long overdue that we take steps to help our officers live in the city they patrol each day. Please listen to your constituents who have repeatedly requested more funding for the police and more staffing of SFPD.

SUJPES" WORRY LESS ABOUT HOUSING AND CRAZY

RENT CONTROL GUIDELINES AND GIVE AWAY "FREE HOUSING....' When everyone leaves SF, AND ALL THE SMALL BUSINESSES CLOSE OR MOVE. who the hell is going to pay for all the new and proposed services monitoring, and "give aways?" ses close?

I am a resident of

District 3

Message: I OPPOSE Safai's charter amendment to increase taxes to

solve the SFPD staffing crisis.

Dear Supervisor Safai,

I am writing to vehemently OPPOSE your amendment to Supervisor Dorsey's SPFD staffing plan. Increasing our taxes to solve the SFPD staffing crisis is irresponsible and demonstrates a disregard for residents who struggle to afford to live in San Francisco, and who expect public safety and a fully staffed police department to be part of the basic city services we already pay for.

We need the restoration of public safety now so that residents and business owners can feel reasonably safe again. This is a top priority for the majority of San Franciscans, and a fully staffed police force is needed to do the work that is necessary.

The net amount needed to fund the ORIGINAL Dorsey Charter amendment is estimated to be \$20M annually (after accounting for overtime savings).

We are hard-pressed to believe that the money couldn't be found in the city budget. Perhaps you should consider ending the funding of just one ineffective non-profit annually to cover that cost.

You have recently overseen a city budget that has DOUBLED since 2017, and you are telling the working residents of San Francisco that taxes must be raised for the city to provide basic law enforcement services and address a public safety crisis that city leaders should have handled long ago.

Dorsey's charter amendment for SFPD staffing and request that you withdraw it immediately or kill the bill entirely.

I am a resident of

District 8

Message: I OPPOSE Safai's charter amendment to increase taxes to

solve the SFPD staffing crisis.

Dear Supervisor Safai,

I am writing to vehemently OPPOSE your amendment to Supervisor Dorsey's SPFD staffing plan. Increasing our taxes to solve the SFPD staffing crisis is irresponsible and demonstrates a disregard for residents who struggle to afford to live in San Francisco, and who expect public safety and a fully staffed police department to be part of the basic city services we already pay for.

We need the restoration of public safety now so that residents and business owners can feel reasonably safe again. This is a top priority for the majority of San Franciscans, and a fully staffed police force is needed to do the work that is necessary.

The net amount needed to fund the ORIGINAL Dorsey Charter amendment is estimated to be \$20M annually (after accounting for overtime savings).

We are hard-pressed to believe that the money couldn't be found in the city budget. Perhaps you should consider ending the funding of just one ineffective non-profit annually to cover that cost.

You have recently overseen a city budget that has DOUBLED since 2017, and you are telling the working residents of San Francisco that taxes must be raised for the city to provide basic law enforcement services and address a public safety crisis that city leaders should have handled long ago.

Dorsey's charter amendment for SFPD staffing and request that you withdraw it immediately or kill the bill entirely.

The net amount needed to fund the ORIGINAL Dorsey Charter amendment is estimated to be \$20M annually (after accounting for overtime savings).

We are hard-pressed to believe that the money couldn't be found in the city budget. Perhaps you should consider ending the funding of just one ineffective non-profit annually to cover that cost.

You have recently overseen a city budget that has DOUBLED since 2017, and you are telling the working residents of San Francisco that taxes must be raised for the city to provide basic law enforcement services and address a public safety crisis that city leaders should have handled long ago.

Dorsey's charter amendment for SFPD staffing and request that you withdraw it immediately or kill the bill entirely.

Message: I OPPOSE Safai's charter amendment to increase taxes to

solve the SFPD staffing crisis.

Dear Supervisor Safai,

I am writing to vehemently OPPOSE your amendment to Supervisor Dorsey's SPFD staffing plan. Increasing our taxes to solve the SFPD staffing crisis is irresponsible and demonstrates a disregard for residents who struggle to afford to live in San Francisco, and who expect public safety and a fully staffed police department to be part of the basic city services we already pay for.

We need the restoration of public safety now so that residents and business owners can feel reasonably safe again. This is a top priority for the majority of San Franciscans, and a fully staffed police force is needed to do the work that is necessary.

The net amount needed to fund the ORIGINAL Dorsey Charter amendment is estimated to be \$20M annually (after accounting for overtime savings).

We are hard-pressed to believe that the money couldn't be found in the city budget. Perhaps you should consider ending the funding of just one ineffective non-profit annually to cover that cost.

Message: I Support Supervisor Dorsey's Full Staffing Amendment, and

You Should Too.

Dear Supervisors,

I support Supervisor Dorsey's full staffing amendment for SFPD and hope you will vote to put it on the ballot in March 2024. We cannot regain the city's reputation as a safe destination to live, work, visit, and shop if we do not have a fully staffed police force. Supervisor Dorsey's plan has short-, medium-, and long-range solutions to quickly fill the current gaps in personnel while making retention and recruitment possible and probable.

San Franciscans have prioritized public safety because we understand how vital it is to the success and achievement of every other industry and quality of life metric. Having our officers live in the neighborhoods they serve strengthens each community and the entire city. It is time to show our SFPD we value each and every officer, and it is long overdue that we take steps to help our officers live in the city they patrol each day. Please listen to your constituents who have repeatedly requested more funding for the police and more staffing of SFPD.

Increasing our taxes to solve the SFPD staffing crisis is irresponsible and demonstrates a disregard for residents who struggle to afford to live in San Francisco, and who expect public safety and a fully staffed police department to be part of the basic city services we already pay for.

We need the restoration of public safety now so that residents and business owners can feel reasonably safe again. This is a top priority for the majority of San Franciscans, and a fully staffed police force is needed to do the work that is necessary.

The net amount needed to fund the ORIGINAL Dorsey Charter amendment is estimated to be \$20M annually (after accounting for overtime savings).

We are hard-pressed to believe that the money couldn't be found in the city budget. Perhaps you should consider ending the funding of just one ineffective non-profit annually to cover that cost.

You have recently overseen a city budget that has DOUBLED since 2017, and you are telling the working residents of San Francisco that taxes must be raised for the city to provide basic law enforcement services and address a public safety crisis that city leaders should have handled long ago.

Dorsey's charter amendment for SFPD staffing and request that you withdraw it immediately or kill the bill entirely.

Message: I OPPOSE Safai's charter amendment to increase taxes to

solve the SFPD staffing crisis.

Dear Supervisor Safai,

I am writing to vehemently OPPOSE your amendment to Supervisor Dorsey's SPFD staffing plan. Increasing our taxes to solve the SFPD staffing crisis is irresponsible and demonstrates a disregard for residents who struggle to afford to live in San Francisco, and who expect public safety and a fully staffed police department to be part of the basic city services we already pay for.

We need the restoration of public safety now so that residents and business owners can feel reasonably safe again. This is a top priority for the majority of San Franciscans, and a fully staffed police force is needed to do the work that is necessary.

The net amount needed to fund the ORIGINAL Dorsey Charter amendment is estimated to be \$20M annually (after accounting for overtime savings).

We are hard-pressed to believe that the money couldn't be found in the city budget. Perhaps you should consider ending the funding of just one ineffective non-profit annually to cover that cost.

You have recently overseen a city budget that has DOUBLED since 2017, and you are telling the working residents of San Francisco that taxes must be raised for the city to provide basic law enforcement services and address a public safety crisis that city leaders should have handled long ago.

Dorsey's charter amendment for SFPD staffing and request that you withdraw it immediately or kill the bill entirely.

Subject: CAIR-SFBA Calls on Monterey County DA to Press Charges in Anti-Palestinian Hate Crime

Date: Wednesday, November 1, 2023 5:06:07 PM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

CAIR-SFBA Calls on Monterey County DA to Press Charges in Anti-Palestinian Hate Crime

(SANTA CLARA, CA - 11/1/2023) – The San Francisco Bay Area office of the Council on American Islamic Relations (CAIR-SFBA), the nation's largest Muslim civil rights and advocacy organization, today called on the Monterey County District Attorney to take action in response to an alleged hate crime that occurred more than two weeks ago and to file charges against the perpetrator.

The incident involved two Palestinian-American Muslim siblings and a Native American relative, who were at a beach in Sand City, Calif., when they were reportedly approached by a stranger, later identified as Max Steiner.

The three women were expressing their support for Palestine by writing *Free Gaza* in the sand when they were confronted by Steiner. He reportedly initiated an argument, vandalized their sand art, and, in an alarming turn of events, allegedly attempted choked the youngest woman, a 13-year-old, as he attempted to grab the phone she was using to record the encounter.

Although the argument was captured on video and shared on TikTok, the physical altercation itself was not recorded. Steiner admitted responsibility for the incident on social media, with the exception of the physical attack.

SEE: Man ruins "Free Gaza" message written in Sand City dunes by local Palestinian women, police are investigating

The victims and their family reported the hate-motivated incident to local law enforcement and have repeatedly expressed their desire to press charges and seek justice for the distressing violence they endured.

In response to this incident, CAIR-SFBA Senior Civil Rights Attorney

Jeffrey Wang stated, "This incident seems to be an example of a blatant hatemotivated assault, and the legal system must act swiftly to ensure that justice
is served. It is imperative that the Monterey County District Attorney's office
takes this matter seriously and files appropriate charges against the individual
responsible. Hate incidents like this have no place in our society."

CAIR-SFBA Executive Director Zahra Billoo added, "Justice delayed is justice denied. This attack happened more than two weeks ago, and these young women's assailant has yet to be held accountable. The Monterey County District Attorney's office needs to take action quickly and ensure that alleged hateful people like Steiner, who would attack a group of young women, are not given a blank check to do so in our region."

CAIR-SFBA stands in solidarity with the family, the Palestinian community, and their allies. We urge the community to remain vigilant, support peaceful expressions of free speech, and report any suspicious or hate-motivated activities to local authorities and CAIR-SFBA. It is only by working together that we can build a society that is free from discrimination, violence, and hate

CAIR-SFBA is an office of CAIR, America's largest Muslim civil liberties and advocacy organization. Its mission is to enhance understanding of Islam, protect civil rights, promote justice, and empower American Muslims.

I am writing to vehemently OPPOSE your amendment to Supervisor Dorsey's SPFD staffing plan. Increasing our taxes to solve the SFPD staffing crisis is irresponsible and demonstrates a disregard for residents who struggle to afford to live in San Francisco, and who expect public safety and a fully staffed police department to be part of the basic city services we already pay for.

We need the restoration of public safety now so that residents and business owners can feel reasonably safe again. This is a top priority for the majority of San Franciscans, and a fully staffed police force is needed to do the work that is necessary.

The net amount needed to fund the ORIGINAL Dorsey Charter amendment is estimated to be \$20M annually (after accounting for overtime savings).

We are hard-pressed to believe that the money couldn't be found in the city budget. Perhaps you should consider ending the funding of just one ineffective non-profit annually to cover that cost.

You have recently overseen a city budget that has DOUBLED since 2017, and you are telling the working residents of San Francisco that taxes must be raised for the city to provide basic law enforcement services and address a public safety crisis that city leaders should have handled long ago.

Dorsey's charter amendment for SFPD staffing and request that you withdraw it immediately or kill the bill entirely.

Message: I OPPOSE Safai's charter amendment to increase taxes to

solve the SFPD staffing crisis.

Dear Supervisor Safai,

I am writing to vehemently OPPOSE your amendment to Supervisor Dorsey's SPFD staffing plan. Increasing our taxes to solve the SFPD staffing crisis is irresponsible and demonstrates a disregard for residents who struggle to afford to live in San Francisco, and who expect public safety and a fully staffed police department to be part of the basic city services we already pay for.

We need the restoration of public safety now so that residents and business owners can feel reasonably safe again. This is a top priority for the majority of San Franciscans, and a fully staffed police force is needed to do the work that is necessary.

The net amount needed to fund the ORIGINAL Dorsey Charter amendment is estimated to be \$20M annually (after accounting for overtime savings).

We are hard-pressed to believe that the money couldn't be found in the city budget. Perhaps you should consider ending the funding of just one ineffective non-profit annually to cover that cost.

You have recently overseen a city budget that has DOUBLED since 2017, and you are telling the working residents of San Francisco that taxes must be raised for the city to provide basic law enforcement services and address a public safety crisis that city leaders should have handled long ago.

Dorsey's charter amendment for SFPD staffing and request that you withdraw it immediately or kill the bill entirely.

Message to the Rules Committee and the Board of Supervisors

From your constituent: Stephanie Lehman, slehman21@yahoo.com

I am a resident of

District 1

Message: I OPPOSE Safai's charter amendment to increase taxes to

solve the SFPD staffing crisis.

Dear Supervisor Safai,

I am writing to vehemently OPPOSE your amendment to Supervisor Dorsey's SPFD staffing plan. Increasing our taxes to solve the SFPD staffing crisis is irresponsible and demonstrates a disregard for residents who struggle to afford to live in San Francisco, and who expect public safety and a fully staffed police department to be part of the basic city services we already pay for.

We need the restoration of public safety now so that residents and business owners can feel reasonably safe again. This is a top priority for the majority of San Franciscans, and a fully staffed police force is needed to do the work that is necessary.

The net amount needed to fund the ORIGINAL Dorsey Charter amendment is estimated to be \$20M annually (after accounting for overtime savings).

We are hard-pressed to believe that the money couldn't be found in the city budget. Perhaps you should consider ending the funding of just one ineffective non-profit annually to cover that cost.

You have recently overseen a city budget that has DOUBLED since 2017, and you are telling the working residents of San Francisco that taxes must be raised for the city to provide basic law enforcement services and address a public safety crisis that city leaders should have handled long ago.

Dorsey's charter amendment for SFPD staffing and request that you withdraw it immediately or kill the bill entirely.

Message: I OPPOSE Safai's charter amendment to increase taxes to

solve the SFPD staffing crisis.

Dear Supervisor Safai,

Really? This is unbelievable. You want to increase our taxes because we want a fully staffed police force? We have a budget larger than entire states. You want to run for mayor and are asking to increase our taxes when we are asking for the BASIC services that a city should provide each and everyone on of their constituents? There is plenty of money in the budget. Please use it wisely and increasing taxes so the taxpayers can be provided with a fully staffed police force is unreasonable when we have a budget of 14.6 billion. I am 100 percent sure the money is there. We will remember this when it's time to vote.

I am writing to vehemently OPPOSE your amendment to Supervisor Dorsey's SPFD staffing plan. Message: I Support Supervisor Dorsey's Full Staffing Amendment, and

You Should Too.

Dear Supervisors,

I support Supervisor Dorsey's full staffing amendment for SFPD and hope you will vote to put it on the ballot in March 2024. We cannot regain the city's reputation as a safe destination to live, work, visit, and shop if we do not have a fully staffed police force. Supervisor Dorsey's plan has short-, medium-, and long-range solutions to quickly fill the current gaps in personnel while making retention and recruitment possible and probable.

San Franciscans have prioritized public safety because we understand how vital it is to the success and achievement of every other industry and quality of life metric. Having our officers live in the neighborhoods they serve strengthens each community and the entire city. It is time to show our SFPD we value each and every officer, and it is long overdue that we take steps to help our officers live in the city they patrol each day. Please listen to your constituents who have repeatedly requested more funding for the police and more staffing of SFPD.

UPDATED PUBLIC SIGN-ON **GUT & REPLACE**

17 Environmental, Environmental Justice & Community Organizations Join To Strongly *OPPOSE* Engardio-Breed-Dorsey 'Constraints Reduction' 'Housing' Ordinance (See updated sign-on below, and attached in PDF format.)

IMPORTANT: WE DEMAND THAT SUPERVISORS *GUT AND REPLACE* the Engardio-Breed-Dorsey 'Housing' Ordinance.

It is *unacceptable* that some supervisors continue to suggest 'negotiating' amendments with the Mayor's office, to this egregiously destructive ordinance. The text must be *completely* deleted and replaced with text drafted by supervisors on the Land Use and Transportation Committee and other environmental and affordable housing allies, with full community participation at the drafting table.

Here and attached is our updated sign-on letter.

SPEAK Sunset Parkside Education & Action Committee

October 26, 2023

To: City and County of San Francisco Decision Makers - 1 Dr Carlton B Goodlett Pl, San Francisco, CA 94102

Re: **OPPOSE** Engardio-Breed-Dorsey "Constraints Reduction Ordinance" ("Housing Production") **File #230446**

Dear San Francisco Decision Makers: The undersigned environmental, housing, economic justice, community, and climate crisis response organizations write to voice our **strong** opposition to the Engardio-Breed-Dorsey "Constraints Reduction" ordinance. It would enact drastic and sweeping exceptions to San Francisco's environmental and community review of real estate projects and would undermine health, environmental, economic and neighborhood protections. The Engardio-Breed-Dorsey "Constraints Reduction Ordinance" (aka "Housing Production Ordinance") contains massive unprecedented waivers of local environmental, community and demolition review that are absolutely unacceptable, all in the name of producing housing called "affordable" when most of that housing would be for families making over \$230,000 per year!

This ordinance would worsen:

- **The Unaffordable Housing Crisis** This ordinance promotes building new high priced housing that is not affordable. It is ridiculous that the ordinance calls housing built mostly for families making over \$230,000 per year "affordable". We already have a 50% oversupply of housing for those income levels!
- **The Homelessness Crisis** The gentrification spurred by this ordinance would push most rents citywide even higher, driving more middle, working and lower class San Franciscans either out of the city, or onto our streets where they will face unacceptable dangers of declining health, street crime, and underemployment.
- **The Vacant Housing Crisis** San Francisco has at least 60,000 vacant housing units, most of them *far* overpriced. We also have empty office space that can be converted into thousands more apartments. We do not need more housing construction, we need to make our existing housing space affordable!

•

The Environmental Justice & Equity Crisis - This ordinance would gut environmental and community review protections and would establish "Urban Renewal" style redevelopment zones, setting precedents that would allow corporate real estate giants to even more easily build unhealthy housing on toxic and radioactive waste sites like those in Bayview Hunters Point and on Treasure Island (which local, state and federal agencies have falsely declared "cleaned up").

The Climate Crisis - This ordinance is bad for the environment. Allowing sweeping demolitions and expansions of existing homes and apartments, to replace them with luxury condo and rental towers, will use massive amounts of new cement and other building materials releasing more greenhouse gases, not less.

This ordinance would build housing for the wealthy, create more homelessness, and is an environmentally destructive giveaway to rapacious Wall Street and corporate real estate speculators. Please vote DOWN this unacceptable corporate attack on San Francisco's environmental, economic, cultural, and community integrity!

Dear Supervisors,

I have written 2-3 other times and added my personal points / comments to the below letter so I will not be sending those same letters again. If you'd like to re-read them, they can be pulled from your records.

Please FORGIVE THE CAPS but felt needed to highlight points. Also, I may be repeating some of those points/comments

from previous letters but felt important to repeat and emphasize them.

- 1) There is NO reason to keep creating ordinances like this or any others. They will DESTROY OUR NEIGHBORHOODS for MANY reasons (e.g. INFRASTRUCTURE, TRAFFIC, ENVIRONMENT ETC.) as to BUILD ON EVERY CORNER / 4 PLEXES ON EVERY SFR LOT REGARDLESS OF THE HEIGHT BUT ESPECIALLY DO NOT BUILD OVER 2 STORIES
- 2) The POPULATION HAS & IS STILL DECLINING! There are ALREADY APPROXIMATELY 143,000 units (that will be, are & in the pipeline) AVAILABLE. The MATH is SIMPLE! 143,000 82,000 RHNA #'S = 61,000 LEFT. THERE ARE OTHER OPTIONS AKA CONVERTING EXISTING UNITS/HOUSING!
- 3) There are NO reasons to BUILD MORE HOUSING when there are PLENTY VACANT UNITS (SFR/OTHER) that can be CONVERTED.
- 4) RHNA (HCD) has INCORRECTLY OVER-INFLATED THE # OF HOUSING WE NEED IN SF / CALIFORNIA. Support an AUDIT!
- 5) These type Ordianance will NOT BE FINANCIALLY BENEFICIAL TO THE PERSON SELLING THEIR HOME EXAMPLES:

- a) Owner(s) will have to pay CAPITAL GAINS CREATING LESS FINANCIAL POWER/FREEDOM available to Owner(s)
- b) Will NEED most likely to RENT somewhere while unit is being constructed and will DEPLETE THEIR FUNDS
- c) CREATES STRESS & COSTS OF MOVING OUT & BACK IN INTO A UNIT ONCE BUILT/AVAILABLE, which a UNIT MAY NOT EVEN BE AVAILABLE to the Owner(S) who sold property to build one of these NEW Housing Units/Projects
- d) Owner will have GONE THROUGH MORE FUNDS and have LESS FUNDS AVAILABLE TO THEM.
- e) WILL NOT have an ASSET TO LEAVE TO THEIR HEIRS
- 6) Here is what is going to happen, some of you may remember GENEVA TOWERS, some of you may have heard about it, but at any rate, this is URBAN RENEWAL 2.0! These will SIT VACANT & BECOME A BLIGHT ON THE COMMUNITY because they WILL NOT SELL. Projects like this are FOLLOWING THE SAME TRAJECTORY!

A current perfect example of this is THE WESTERLY @ 2800 SLOAT / WAWONA. This complex has been completed for 5 years and believe only 1/3 are sold at present (mostly to speculators). It appears a small percentage of these are actually owner occupied. Most seem to be occupied by renters or Airbnb which may NOT be allowed by the Complex By-laws. The REST SIT VACANT! The BUILDING has been FALLING APART ALREADY and they are STRIPPING DOWN THE SIDING THAT WAS FALLING APART and CONSTRUCTED POORLY.

This is a BLIGHT on the NEIGHBORHOOD.

- 7) If this Ordinance passes, it most likely will be MANAGED by a Non-Profit. We ALL know the ISSUES and how BADLY the NON-PROFITS MANAGE ANYTHING IN THIS CITY!
- 8) We should NOT allow DEVELOPERS, the CITY or the STATE to CREATE BILLS OR ORDINANCES TO BUILD UNDER THE GUISE OF AFFORDABLE HOUSING. IT'S ANYTHING BUT AFFORDABLE, IT'S SUBSIDIZED HOUSING TO FUND DEVELOPERS, REAL ESTATE SPECULATORS & RETIREMENT FUNDS.
- 9) Finally, as much as I adore Paris, we are NOT PARIS! We are SAN FRANCISCO & UNIQUE! Please do NOT DESTROY our SFR NEIGHBORHOODS!

Please READ the LETTER below from The Coalition with ALL OTHER IMPORTANT POINTS.

Thank you.

Renee Lazear

D4 Resident

SON-SF ~ Save Our Neighborhoods SF

It is imperative that you STOP seeking to negotiate amendments to the Engardio-Breed-Dorsey 'Housing' Ordinance and instead move to fully GUT & REPLACE the text with a new ordinance that will:

- 1) produce 100% truly affordable housing for families making less than \$80,000 per year, and
- 2) fully protect all current San Francisco laws ensuring environmental and community noticing, as well as Discretionary Review, Demolition, Conditional Use, and Appeal hearings.

This ordinance is *not* like the previous, very limited Melgar 'Family Housing' ordinance. The Engardio-Breed-Dorsey ordinance is far more sweeping and destructive. 'Negotiations' would result in serious damage to San Francisco, its neighborhoods, and affordable housing.

The Engardio-Breed-Dorsey "Housing Production Ordinance" contains unprecedented citywide waivers of local environmental, community and demolition review that are absolutely unacceptable, all in the name of producing housing called "affordable" when most of that housing would be for families making over \$230,000 per year!

This ordinance would worsen:

- A Bad Decision Making Process Allowing the Mayor and two Supervisors to ram forward a massive, destructive ordinance that will demolish and gentrify neighborhoods all over the city, while we grasp at straws to try to amend it, is extremely bad process. We need to scrap this ordinance and draft legislation that will produce 100% affordable housing for families making less than \$80,000 per year.
- Corporate Housing Takeovers The five year "look back" provisions in the amendments are useless. Wall Street and other corporate speculators buy, demolish, build and sell housing in five year investment cycles. They will have no problem waiting five years to demolish a neighborhood and gentrify it. We need ten year prohibitions on corporate housing speculation which apply to all housing, not just rent controlled housing.
- The Unaffordable Housing Crisis This ordinance promotes building new high priced housing that is not affordable. It is ridiculous that the ordinance calls housing built mostly for families making over \$230,000 dollars per year "affordable". We already have a 50% oversupply of housing for those income levels!
- **The Homelessness Crisis** The gentrification spurred by this ordinance would push most rents citywide even higher, driving

- more middle, working and lower class San Franciscans either out of the city, or onto our streets where they will face unacceptable dangers of declining health, street crime, and underemployment.
- The Vacant Housing Crisis San Francisco has at least 60,000 vacant housing units, most of them *far* overpriced. We also have empty office space that can be converted into thousands more apartments. We do not need more housing construction, we need to make our existing housing space affordable!
- The Environmental Justice & Equity Crisis This ordinance would gut environmental and community review protections and would establish "Urban Renewal" style redevelopment zones, setting precedents that would allow corporate real estate giants to even more easily build unhealthy housing on toxic and radioactive waste sites like those in Bayview Hunters Point and on Treasure Island (which local, state and federal agencies have falsely declared "cleaned up").
- The Climate Crisis This ordinance is bad for the environment.
 Allowing sweeping demolitions and expansions of existing homes and apartments, to replace them with luxury condo and rental towers, will use massive amounts of new cement and other building materials releasing more greenhouse gases, not less.

This ordinance would build housing for the wealthy, create more homelessness, and is an environmentally destructive giveaway to rapacious Wall Street and corporate real estate speculators. Please GUT & REPLACE this unacceptable corporate attack on San Francisco's environmental, economic, cultural, and community integrity!

Thank you,
Renee Lazear

Subject: Fw: Please vote NO on "Housing Production", Land Use Committee - 10/30/23

Date: Monday, October 30, 2023 11:27:16 AM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear Supervisors -

I would like to add that we need to produce 100% of real affordable housing for families that are struggling to survive in San Francisco, and the city needs to fully protect all current S.F. laws that ensure environmental and community notices, discretionary review, demolitions, conditional use permits, and appeal hearings. Removing these protections would put a lot of San Franciscans at risk of losing their housing, especially communities that I mentioned in my 10/2/23 letter.

Thank you - Iris Biblowitz, RN

Subject: Please vote NO on File #230446 - "Housing Production", agenda item 4, Land Use

Committee - 10/2/23

Dear Supervisors of the Land Use Committee -

Please deliver a strong rebuke of this plan that will give the green light to destroy environmental and community protections for real affordable housing and as well as allow corporate real estate deals that have had extremely harmful effects on our communities for over 2 decades, especially on Black and Latinx families, and seniors and people with disabilities. Gentrification has been devastating in my neighborhood in the Mission, and this proposal would increase the risks of losing large amounts of affordable rent-controlled housing. We know that there's about 30% of the needed affordable housing in SF now (from the Housing Element), and over 100% of needed market-rate housing. We also know that 70% of people who are unhoused did have housing in the past several years.

I can only see harm that comes from this latest proposal. The streets are filled with people

struggling to survive. We need real affordable housing, increased dignified SROs (where there are many vacant rooms), to open up many of the 40,000 (isn't that the latest number?) of vacant units in SF, and focus on the commitment to build 100% real affordable housing.

As a nurse, I've documented the health effects of people dealing with evictions and threats of evictions. The results are upsetting, with increases in strokes, cardiac issues, anxiety, insomnia, depression, increase in Parkinson's symptoms, high blood pressure and blood sugars. This plan will only increase these risks. The same communities who were most severely affected by COVID will be most affected by this plan for dramatic waivers of local environmental, community, and demolition reviews, and will have a destructive effect on communities that are desperate for real affordable housing. The scenes on the streets of SF tell the story. We need to act fast to reject this latest proposal and find humanitarian policies that work to house people and keep communities alive.

Haven't we learned anything in the past 20+ years?

Sincerely - Iris Biblowitz, RN

Dear Supervisors,

I oppose this legislation. This legislation will have many adverse social, economic, environmental, and equity impacts, all of which have been outlined in the correspondence which you have received and in public testimony.

The ordinance is an extreme attack on community, on environmental review, and on affordable housing. It cannot be successfully amended and must instead be **voted down!**

Thank you.

Subject: REPLACE with new legislation" Mayor-Engardio-Dorsey Attack on Environment & Affordable Housing

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Subject: Public Comment: GUT & REPLACE Engardio-Breed-Dorsey 'Housing' Ordinance File #230446

Dear Supervisors,

As an Architect and Planner who has practiced over 40 years from this City and with this City and has experienced the mistakes of history and how rational and comprehensive Housing development serves each and all people of our society, this latest effort to negotiate amendments to the Engardio-Breed-Dorsey Housing Ordinance is a new mark of desperation. What is going on is likened to painting a fractured bike frame instead of rebuilding it but proposing it will now be of benefit. This is pure oversimplification. I experienced the death of Detroit firsthand in the late 1970's, its reasons for failure and that is why we came here to rebuild a new life. But this latest issue is the symptom of the lack of knowledge in Detroit's tragedy, its demise. It is time to be candid about a City that has lost its way.

The first step is that it is imperative that you STOP seeking to negotiate amendments to the Engardio-Breed-Dorsey 'Housing' Ordinance and instead move to fully GUT & REPLACE the text with a new ordinance that will:

1) produce truly affordable housing for families making less than \$80,000 per year but will uniquely recognize the needs of homeless as a separate medical solution as the medical profession recommends.. One model is 833 Bryant but specifically other variations on this are available. Please feel free to discuss.

- 2) concentrate on the restoration of the downtown core as New York City is doing. The West side is a strategy that many political and historical figures have been distracted by and it is a blunder as it has resulted in disasters in the past. The Downtown is an economic reality and imperative that we focus on and not oversimplify. The range of income this ordinance focuses on is manageable through better legislation as recommended by this consensus to scrap the Engardio-Breed-Dorsey band-aids..
- 3) fully protect all current San Francisco laws ensuring environmental and community noticing, as well as Discretionary Review, Demolition, Conditional Use, and Appeal hearings. You are undermining American democracy and without having the skills to manage and integrate local concerns it is apparent to you that you must force this issue.. Please feel free to discuss.

Specifically, this ordinance is not like the previous, very limited Melgar 'Family Housing' ordinance. The Engardio-Breed-Dorsey ordinance is far more sweeping and destructive. 'Negotiations' would result in unintended consequences like Detroit and serious damage to San Francisco, its neighborhoods, and the elusive goal of affordable housing. Let's not throw out what we have learned from this Country's Housing think-tanks.

The Engardio-Breed-Dorsey "Housing Production Ordinance" contains unprecedented citywide waivers of local environmental, community and demolition review that are absolutely unacceptable, all in the name of producing housing called "affordable" when most of that housing would be for families making over \$230,000 per year!

This ordinance would worsen the multiple crises our City faces due to:

- An Inadequate and outdated Decision Making Process Our decision-making processes have always been liberal but never under such circumstances as 4 Existential crisis happening simultaneously. Allowing the Mayor and two Supervisors to ram forward a massive, destructive ordinance that will demolish and gentrify neighborhoods all over the city, while we grasp at straws to try to amend it, is extremely uninformed process. We need to scrap this ordinance and draft legislation that will produce affordable housing for families making less than \$80,000 per year. This means identifying a model. What is that?
- Corporate Housing Involvement The problem is with Below Market Rate housing (BMR), not Market rate housing so focus on the BMR problem. The State and City have not been candid about this. History demonstrates this. The five year "look back" provisions in the amendments are useless. Local developers admit they can't pencil out BMR housing. They have never been interested in how to design Social housing. Wall Street and other corporate speculators buy, demolish, build and sell housing in five year investment cycles. They will have no problem waiting five years to demolish a neighborhood and gentrify it. We need ten year prohibitions on corporate housing speculation which apply to all housing, not just rent controlled housing.

- The Unaffordable Housing Crisis This ordinance promotes building new high priced housing that is not affordable particularly for those with incomes above SF AMI. . It is ridiculous that the ordinance calls housing built "mostly" for families making over \$230,000 dollars per year "affordable". We already have a 50% oversupply of housing for those income levels! Are you not aware of what RHNA's criteria that is distorting this reality? "Mostly" is the marketing "spin" which many of your constituents resent because the problem has been oversimplified.
- The Homelessness Crisis The conspicuous tragedy of this crisis is very similar to Detroit, not identical in cause but in misery of life. But the gentrification spurred by this ordinance would push most rents citywide even higher, driving more middle, working and lower class San Franciscans either out of the City, or onto our streets where they will face unacceptable dangers of declining health, street crime, and underemployment.
- The Vacant Housing Crisis San Francisco has at least 60,000 vacant housing units, some of them far overpriced, some of them left vacant due to economic infeasibility. We also have at least 35% empty office space. Architects know how they can be converted into thousands more apartments. We need to restore our tax base as a supreme priority. We do not need more new housing construction due to several other reasons stated herein, we need to make our existing housing space affordable! But equally so, this problem needs to simultaneously address the climate crisis demands which it is failing to do. Examples available.
- The Environmental Justice & Equity Crisis This ordinance would gut environmental and community review protections and would establish "Urban Renewal" style redevelopment zones, setting precedents that would allow corporate real estate giants to even more easily build unhealthy housing on toxic and radioactive waste sites like those in Bayview Hunters Point and on Treasure Island (which local, state and federal agencies have falsely declared "cleaned up" or toxic sites like 2550 Irving.
- The Global Warming Crisis This ordinance ignores the environment. We cannot allow this need for affordable housing to also threaten our lives, Nation and State. Allowing sweeping demolitions and expansions of existing homes and apartments, to replace them with out-of-reach priced condo and rental densification the way Asian countries do is tragic (if you have seen the examples abroad), We need a new resolution that demands all new or renovated housing contruction to be made out of Typr 3, 4, or 5 Construction depeding on the scale of the development with concrete limited to foundational below grade use as concrete is the most deleterious construction material known to cause green-house gase erosion of our atmosphere. Check the experts.

This ordinance would build housing for the upper class, create more homelessness, and is an environmentally incompetent and a by-product of economic naivete and corporate real estate speculators promoting a fix.

Please GUT & REPLACE this unacceptable attack on San Francisco's environmental, economic, cultural, and community integrity!

Thank you,

Thomas Soper

Subject: Engardio-Breed-Dorsey 'Housing' Ordinance File #230446 Public Comment - Do Not Approve

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear President Peskin and Members of the Board of Supervisors:

I am writing to urge you to oppose the proposed Engardio-Breed-Dorsey "Housing Production Ordinance." San Francisco has been my home for decades. Never before have I felt that it is under threat as I feel it is now. Please GUT & REPLACE this misguided legislation with a rewritten Ordinance that will appropriately deal with San Francisco's housing, homelessness, and environmental crises.

A rewritten Ordinance must do the following:

- 1) Create badly needed 100% affordable housing for all families making less than \$80,000 per year, and;
- 2) Retain all current San Francisco laws that guarantee environmental and community noticing, as well as Discretionary Review, Demolition, Conditional Use, and Appeal hearings.

But instead of meeting these needs, the proposed Engardio-Breed-Dorsey "Housing Production Ordinance" Ordinance contains unprecedented and unacceptable citywide waivers of local environmental, community and demolition review, all in the name of producing "affordable" housing. Yet most of that housing would be for wealthy families making over \$230,000 per year! This Ordinance reads as though it was written by developers, not by legislators with input from community stakeholders.

This Ordinance will have the following consequences:

It will fail to provide 100% affordable housing for low-income families, while allowing the demolition and gentrification of neighborhoods throughout the city,

- It will not deter corporate housing takeovers. The five year "look back" provisions in
 the amendments are of no concern to corporate housing speculators for whom a fiveyear investment cycle is acceptable. There must be at least a ten-year prohibition on
 corporate housing speculation which would apply to all housing, not just rentcontrolled housing,
- It will promote the construction of more market rate housing, not affordable housing.
 San Francisco does not need more housing for people earning over \$230,000. There is already an oversupply of housing for high earners. This ordinance does nothing to slow down that kind of development,
- It will push most rents throughout the city even higher, driving more middle-, workingand lower-class San Franciscans either out of the city, or onto our streets where they will face unacceptable dangers of declining health, street crime, and underemployment,
- It will eliminate environmental and community review protections, and would establish "Urban Renewal" style redevelopment zones, setting precedents that would allow corporate real estate giants to even more easily build unhealthy housing on toxic and radioactive waste sites like those in Bayview Hunters Point and on Treasure Island,
- It will exacerbate the climate crisis. Sweeping demolitions and expansions of existing
 homes and apartments, to replace them with luxury condo and rental towers, will use
 massive amounts of new cement and other building materials releasing more
 greenhouse gases, not less.

The Engardio-Breed-Dorsey "Housing Producing Ordinance" is an environmentally destructive giveaway to rapacious Wall Street and corporate real estate speculators that will not meet San Francisco's needs for affordable housing, and will create more homelessness. It must be defeated, and replaced with an ordinance that meets the needs of <u>all</u> San Franciscans.

<u>Please</u>, act in the best interest of your constituents. Do not approve this fatally flawed legislation. *GUT & REPLACE* this unacceptable corporate attack on San Francisco's environmental, economic, cultural, and community integrity.

San Francisco's future is depending on you.

Thank you,

Jean Jean B Barish D1 Resident <u>jeanbbarish@hotmail.com</u>

Clerk of the Board of Supervisors

FROM: Eileen Boken, President

Sunset-Parkside Education and Action Committee (SPEAK)

RE: [Planning and Subdivision Codes, Zoning Map - Housing Production] File #230446

Position: Strongly OPPOSING as currently drafted and strongly urging gut and replace.

Sunset-Parkside Education and Action Committee (SPEAK) is strongly OPPOSING this ordinance as currently drafted.

SPEAK believes that this ordinance is beyond redemption and should either be tabled or amended with a gut and replace strategy.

A gut and replace ordinance should include the following:

- 1) produce 100% truly affordable housing for families making less than \$80,000 per year, and
- 2) fully protect all current San Francisco laws ensuring environmental and community noticing, as well as Discretionary Review, Demolition, Conditional Use, and Appeal hearings.

This ordinance is *not* like the previous, very limited Melgar 'Family Housing' ordinance. The Engardio-Breed-Dorsey ordinance is far more sweeping and destructive. 'Negotiations' would result in serious damage to San Francisco, its neighborhoods, and affordable housing.

The Engardio-Breed-Dorsey "Housing Production Ordinance" contains unprecedented citywide waivers of local environmental, community and demolition review that are absolutely unacceptable, all in the name of producing housing called "affordable" when most of that housing would be for families making over \$230,000 per year.

This proposed ordinance would worsen the following:

- A bad decision making process.
- The corporate housing takeover.

- The unaffordable housing crisis.
- The homeless crisis.
- The vacant housing crisis.
- The environmental justice and equity crisis.
- The climate crisis.

Subject: Engardio-Breed-Dorsey Housing Production ordinance

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Hello. My name is Flo Kimmerling and am a long time resident of San Francisco. I believe the above named ordinance needs to be rethought so that it truly encourages affordable housing for those who need it in this city. That means families with incomes beneath \$80,000.00 per year. In addition, I feel we need to protect the laws that ensure environmental review and community noticing. This includes discretionary review, demolition, construction permits, conditional use, and all appeals hearings. Every member of the community has a right to be engaged in a process that could create major changes in the neighborhood.

Good intentions can have some very negative consequences for a community. I am asking you to think about this possibility and do all you can to prevent those negative consequences, by allowing the community to be engaged throughout the demolition and building process.

Thank you for taking the time to read this letter. Sincerely, Flo Kimmerling 1282 26th Ave.

Subject: PUBLIC COMMENT: SUPERVISORS GUT & REPLACE Engardio-Breed-Dorsey 'Housing' Ordinance File #230446

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Subject: Public Comment: GUT & REPLACE Engardio-Breed-Dorsey 'Housing' Ordinance File #230446

Dear Supervisors,

Please GUT & REPLACE this unacceptable corporate attack on San Francisco's environmental, economic, cultural, and community integrity!

It is imperative that you STOP seeking to negotiate amendments to the Engardio-Breed-Dorsey 'Housing' Ordinance and instead move to fully GUT & REPLACE the text with a new ordinance that will:

- 1) produce 100% truly affordable housing for families making less than \$80,000 per year, and
- 2) fully protect all current San Francisco laws ensuring environmental and community noticing, as well as Discretionary Review, Demolition, Conditional Use, and Appeal hearings.

This ordinance is *not* like the previous, very limited Melgar 'Family Housing' ordinance. The Engardio-Breed-Dorsey ordinance is far more sweeping and destructive. 'Negotiations' would result in serious damage to San Francisco, its neighborhoods, and affordable housing.

The Engardio-Breed-Dorsey "Housing Production Ordinance" contains unprecedented citywide waivers of local environmental, community and demolition review that are absolutely unacceptable, all in the name of producing housing called "affordable" when most of that housing would be for families making over \$230,000 per year!

This ordinance would worsen:

- A Bad Decision Making Process Allowing the Mayor and two Supervisors to ram forward a massive, destructive ordinance that will demolish and gentrify neighborhoods all over the city, while we grasp at straws to try to amend it, is extremely bad process. We need to scrap this ordinance and draft legislation that will produce 100% affordable housing for families making less than \$80,000 per year.
- **Corporate Housing Takeovers** The five year "look back" provisions in the amendments are useless. Wall Street and other corporate speculators buy, demolish, build and sell housing in five year investment cycles. They will have no problem waiting five years to demolish a neighborhood and gentrify it. We need *ten year* prohibitions on corporate housing speculation which apply to *all* housing, not just rent controlled housing.
- The Unaffordable Housing Crisis This ordinance promotes building new high priced housing that is not affordable. It is ridiculous that the ordinance calls housing built mostly for families making over \$230,000 dollars per year "affordable". We already have a 50% oversupply of housing for those income levels!
- The Homelessness Crisis The gentrification spurred by this ordinance would push most rents citywide even higher, driving more middle, working and lower class San Franciscans either out of the city, or onto our streets where they will face unacceptable dangers of declining health, street crime, and underemployment.
- **The Vacant Housing Crisis** San Francisco has at least 60,000 vacant housing units, most of them *far* overpriced. We also have empty office space that can be converted into thousands more apartments. We do not need more housing construction, we need to make our existing housing space affordable!
- The Environmental Justice & Equity Crisis This ordinance would gut environmental and community review protections and would establish "Urban Renewal" style redevelopment zones, setting precedents that would allow corporate real estate giants to even more easily build unhealthy housing on toxic and radioactive waste sites like those in Bayview Hunters Point and on Treasure Island (which local, state and federal

agencies have falsely declared "cleaned up").

• The Climate Crisis - This ordinance is bad for the environment. Allowing sweeping demolitions and expansions of existing homes and apartments, to replace them with luxury condo and rental towers, will use massive amounts of new cement and other building materials releasing more greenhouse gases, not less.

This ordinance would build housing for the wealthy, create more homelessness, and is an environmentally destructive giveaway to rapacious Wall Street and corporate real estate speculators.

Please GUT & REPLACE this unacceptable corporate attack on San Francisco's environmental, economic, cultural, and community integrity!

Thank you,

Kathleen Kelley San Francisco Resident From: Carroll, John (BOS) To: Susan Kahn

Subject: Public Comment: GUT & REPLACE Engardio-Breed-Dorsey 'Housing' Ordinance File #230446

Dear Supervisors,

I have been a resident and a voter in San Francisco for over 30 years and I worry about its future because of the lack of affordable housing. We urgently need to address this issue, but the Engardio-Breed-Dorsey 'Housing' Ordinance is not the solution.

It is imperative that you STOP seeking to negotiate amendments to the Engardio-Breed-Dorsey 'Housing' Ordinance and instead move to fully GUT & REPLACE the text with a new ordinance that will:

- 1) produce 100% truly affordable housing for families making less than \$80,000 per year, and
- 2) fully protect all current San Francisco laws ensuring environmental and community noticing, as well as Discretionary Review, Demolition, Conditional Use, and Appeal hearings.

This ordinance is *not* like the previous, very limited Melgar 'Family Housing' ordinance. The Engardio-Breed-Dorsey ordinance is far more sweeping and destructive. 'Negotiations' would result in serious damage to San Francisco, its neighborhoods, and affordable housing.

The Engardio-Breed-Dorsey "Housing Production Ordinance" contains unprecedented citywide waivers of local environmental, community and demolition review that are absolutely unacceptable, all in the name of producing housing called "affordable" when most of that housing would be for families making over \$230,000 per year!

This ordinance would worsen:

- A Bad Decision Making Process Allowing the Mayor and two Supervisors to ram forward a massive, destructive ordinance that will demolish and gentrify neighborhoods all over the city, while we grasp at straws to try to amend it, is extremely bad process. We need to scrap this ordinance and draft legislation that will produce 100% affordable housing for families making less than \$80,000 per year.
- Corporate Housing Takeovers The five year "look back" provisions in the amendments are useless. Wall Street and other corporate speculators buy, demolish, build and sell housing in five year investment cycles. They will have no problem waiting five years to demolish a neighborhood and gentrify it. We need *ten year* prohibitions on corporate housing speculation which apply to *all* housing, not just rent controlled housing.
- The Unaffordable Housing Crisis This ordinance promotes building new high priced housing that is not affordable. It is ridiculous that the ordinance calls housing built mostly for families making over \$230,000 dollars per year "affordable". We already have a 50% oversupply of housing for those income levels!
- The Homelessness Crisis The gentrification spurred by this ordinance would push most rents citywide even higher, driving more middle, working and lower class San Franciscans either out of the city, or onto our streets where they will face unacceptable dangers of declining health, street crime, and underemployment.
- The Vacant Housing Crisis San Francisco has at least 60,000 vacant housing units, most of them *far* overpriced. We also have empty office space that can be converted into thousands more apartments. We do not need more housing construction, we need to make our existing housing space affordable!
- The Environmental Justice & Equity Crisis This ordinance would gut environmental and community review protections and would establish "Urban Renewal" style redevelopment zones, setting precedents that would allow corporate real estate giants to even more easily build unhealthy housing on toxic and radioactive waste sites like those in Bayview Hunters Point and on Treasure Island (which local, state and federal agencies have falsely declared "cleaned up").
- The Climate Crisis This ordinance is bad for the environment. Allowing sweeping demolitions and expansions of existing homes and apartments, to replace them with luxury condo and rental towers, will use massive amounts of new cement and other building materials releasing more greenhouse gases, not less.

This ordinance would build housing for the wealthy, create more homelessness, and is an environmentally destructive giveaway to rapacious Wall Street and corporate real estate speculators. Please GUT & REPLACE this unacceptable corporate attack on San Francisco's environmental, economic, cultural, and community integrity!

Thank you,

Subject: OPPOSE Engardio-Breed-Dorsey 'Housing' Ordinance File #230446

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear Supervisors:

Please oppose the onerous Engardio-Breed-Dorsey 'Housing' Ordinance. It's unworkable and needs to be tossed out. Instead, move quickly to implement the SF Climate Action Plan because we're in the midst of a worsening climate crisis. Then, turn your attention to reimagining the moribund Financial District with all those concrete towers sitting there vacant. The concrete has already been poured. The carbon from cement-making has already been released into the atmosphere. Instead of a place designed for commuters consider a new renaissance neighborhood where people live and gather. One that is more resilient to the boom and bust gold rush mentality that San Franciscans experience. I would even be in favor of tax incentives to make this happen.

In the meantime, please have every supervisor respond to why they'd want an ordinance designed like this?

- •
- •
- A Bad Decision
- **Making Process** Allowing the Mayor and two Supervisors to ram forward a massive, destructive ordinance that will demolish and gentrify neighborhoods all over the city, while we grasp at straws to try to amend it, is extremely bad process. We need to scrap
- this ordinance and draft legislation that will produce 100% affordable housing for

families making less than \$80,000 per year.

•

•

Subject: Public Comment re: SF affordable housing: GUT & REPLACE Engardio-Breed-Dorsey 'Housing' Ordinance File #230446

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear Supervisors,

I have lived in San Francisco for almost 40 years. I am almost 70 years old. I am writing to you because my daughter and many friends call San Francisco home, and because I hope to live here for the rest of my days.

It is imperative that you STOP seeking to negotiate amendments to the Engardio-Breed-Dorsey 'Housing' Ordinance and instead move to fully GUT & REPLACE the text with a new ordinance that will:

- 1) produce 100% truly affordable housing for families making less than \$80,000 per year, and
- 2) fully protect all current San Francisco laws ensuring environmental and community noticing, as well as Discretionary Review, Demolition, Conditional Use, and Appeal hearings.

This ordinance is *not* like the previous, very limited Melgar 'Family Housing' ordinance. The Engardio-Breed-Dorsey ordinance is far more sweeping and destructive. 'Negotiations' would result in serious damage to San Francisco, its neighborhoods, and affordable housing.

The Engardio-Breed-Dorsey "Housing Production Ordinance" contains unprecedented citywide waivers of local environmental, community and demolition review that are absolutely unacceptable, all in the name of producing housing called "affordable" when most of that housing would be for families making over \$230,000 per year! This ordinance would worsen:

•

A Bad Decision

- Making Process Allowing the Mayor and two Supervisors to ram forward a massive, destructive ordinance that will demolish and gentrify neighborhoods all over the city, while we grasp at straws to try to amend it, is extremely bad process. We need to scrap

Dear Leaders,

Reject Housing' ordinance File #230446 gutting environmental and community protections against bad real estate development in San Francisco.

SF has the most density west of New York. Look how affordable NYC is. Adopting this ordinance amounts to abandoning your duty to protect quality of life and the beauty and character of San Francisco. Instead of capitulating to Sacramento extortion and encouraging corporate real estate dominance, fill 60,000 empty housing units and 51 million square feet of vacant Office Space 'BEFORE' we allow developers and density advocates to undermine environmental values, quality of life, aesthetic continuity and the character of our neighborhoods while making the people who live here voiceless.

There are sensible alternatives, Remember the Fontana Building Revolt of the sixties, Reject Ordinance 234460 and support "Our Neighbor Voices Initiative" to admend the state constitution. The majority of Californians do.

Subject: UPDATED PUBLIC SIGN-ON **GUT & REPLACE** 17 Orgs *OPPOSE* Engardio-Breed-Dorsey 'Constraints Reduction' 'Housing' Ordinance

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

UPDATED PUBLIC SIGN-ON **GUT & REPLACE**

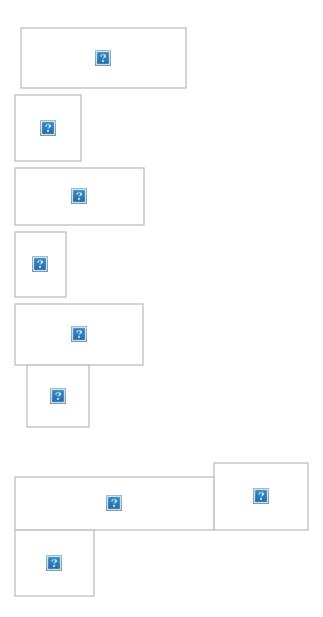

17 Environmental, Environmental Justice & Community Organizations Join To Strongly *OPPOSE*

Engardio-Breed-Dorsey 'Constraints Reduction' 'Housing' Ordinance (See updated sign-on below, and attached in PDF format.)

IMPORTANT: WE DEMAND THAT SUPERVISORS *GUT AND REPLACE* the Engardio-Breed-Dorsey 'Housing' Ordinance.

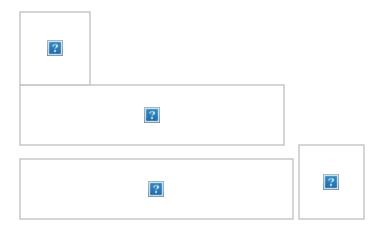

It is *unacceptable* that some supervisors continue to suggest 'negotiating' amendments with the Mayor's office, to this egregiously destructive ordinance. The text must be *completely* deleted and replaced with text drafted by supervisors on the Land Use and Transportation Committee and other environmental and affordable housing allies, with full community participation at the drafting table.

Here and attached is our updated sign-on letter.

Bayview Hunters Point Mothers & Fathers Committee

SPEAK Sunset Parkside Education & Action Committee

October 26, 2023

To:

City and County of San Francisco Decision Makers - 1 Dr Carlton B Goodlett Pl, San Francisco, CA 94102

Re:

OPPOSE

Engardio-Breed-Dorsey "Constraints Reduction Ordinance" ("Housing Production") File #230446

Dear San Francisco

Decision Makers:

The undersigned environmental, housing, economic justice, community, and climate crisis response organizations write to voice our

strong opposition to the Engardio-Breed-Dorsey "Constraints Reduction" ordinance. It would enact drastic and sweeping exceptions to San Francisco's environmental and community review of real estate projects and would undermine health, environmental, economic and neighborhood protections.

The Engardio-Breed-Dorsey "Constraints Reduction Ordinance" (aka "Housing Production Ordinance") contains massive unprecedented waivers of local environmental, community and demolition review that are absolutely unacceptable, all in the name of producing housing called "affordable" when most of that housing would be for families making over \$230,000 per year!

This ordinance would worsen:

•

• The Unaffordable

- Housing Crisis -
- This ordinance promotes building new high priced housing that is not affordable. It is ridiculous that the ordinance calls housing built mostly for families making over \$230,000 per year "affordable". We already have a 50% oversupply of housing for those income
- levels!

•

• The Homelessness

- Crisis -
- The gentrification spurred by this ordinance would push most rents citywide even higher, driving more middle, working and lower class San Franciscans either out of the city, or onto our streets where they will face unacceptable dangers of declining health,
- street crime, and underemployment.

•

•

• The Vacant Housing

- Crisis -
- San Francisco has at least 60,000 vacant housing units, most of them far
- overpriced.
- We also have empty office space that can be converted into thousands more apartments. We do not need more housing construction, we need to make our existing housing space affordable!

•

•

• The Environmental

- Justice & Equity Crisis -
- This ordinance would gut environmental and community review protections and would establish "Urban Renewal" style redevelopment zones, setting precedents that would allow corporate real estate giants to even more easily build unhealthy housing on toxic and
- radioactive waste sites like those in Bayview Hunters Point and on Treasure Island (which local, state and federal agencies have falsely declared "cleaned up").

•

•

•

• The Climate Crisis

- - This ordinance
- is bad for the environment. Allowing sweeping demolitions and expansions of existing homes and apartments, to replace them with luxury condo and rental towers, will use massive amounts of new cement and other building materials releasing more greenhouse gases,
- not less.

•

This

ordinance would build housing for the wealthy, create more homelessness, and is an environmentally destructive giveaway to rapacious Wall Street and corporate real estate speculators. Please vote DOWN this unacceptable corporate attack on San Francisco's environmental,

economic, cultural, and community integrity!

Chair of the Land Use & Transportation Committee, Supervisor Melgar Land Use & Transportation Committee Members, Supervisors Peskin and Preston

Re: Legislative File #230446, "Planning Code, Zoning Map - Housing Production"

Dear Land Use & Transportation Committee Chair Melgar and Supervisors Peskin and Preston:

Despite amendments having been incorporated into this legislation, and new amendments to be introduced on Monday, October 30, this legislation still fails to address the housing that is required by the Housing Element and by the vast majority of San Franciscans--housing that is truly affordable.

Therefore, the Race & Equity in all Planning Coalition of San Francisco (REP-SF), strongly urges the Land Use & Transportation Committee to reject this legislation and take up new legislation that:

- Puts affordable housing first;
- Protects tenants against displacement;
- Values and retains the voices and aspirations of historically marginalized communities in project approval processes with significantly shorter durations;
- Expands and modifies the Priority Equity Geographies SUD (PEG-SUD), and provides additional protections and opportunities to Cultural Districts and people who live within the expanded PEG-SUD.
- Complies with the Housing Element mandate to Affirmatively Further Fair Housing.

Earlier this week, the State's Department of Housing and Community Development (HCD) published a "report" titled <u>"San Francisco Housing Policy and Practice Review"</u> which we have read and analyzed. Regarding the report, please consider and incorporate the following in your deliberations:

- The "report" from HCD is full of factually incorrect statements and appears to be heavily politically motivated. The "report" does not acknowledge all the legislation already passed and in process to reduce constraints:
 - The City has already passed several significant measures intended to "reduce constraints" for market rate housing. These include:
 - <u>File #230026</u>: Creates the Family Housing Opportunity Special Use District.
 - File #230374: Cuts more than a year off the site permit and building permit process.
 - File #230764 and File #230769: Reduces impact fees paid by market rate developers.
 - <u>File #230855</u>: Reduces inclusionary housing requirement for market rate developers.

- File #230732: Streamlines commercial properties converting to residential.
- The City has also proposed other measures that are still pending Committee action, including:
 - <u>File #230734</u>: Replaces residential density limits in Certain Neighborhood Commercial Districts.
 - File #230735: Removes residential density limits in Neighborhood Commercial Districts.
 - File #230372: Exempts projects from impact fees that convert from commercial to residential
- The "report" ignores the market realities of high interest rates and other development costs that are completely independent of San Francisco's approval processes. The fact that few permit applications were filed over the past several months reflects this market reality and the fact that developers build in order to make a profit.
 - For-profit developers don't build or propose to build in order to meet RHNA "supply" goals, or to bring the price of housing down, or to house those who are homeless.
- The "report" fails to acknowledge that tens of thousands of units have been approved by our Planning Dept - and that these units are not proceeding into construction because of developers' business decisions, not due to any bureaucratic failings.
- Public policy interventions are better placed with 100% truly affordable housing because public policy and public investment in truly affordable housing result directly in housing being built.
- The "report" ignores all of the <u>equity and Affirmatively Furthering Fair Housing (AFFH)</u>
 -oriented actions in the Housing Element that HCD approved in January.
 - With its "report", HCD has basically written its own Housing Element for San Francisco - ignoring AFFH and dozens of implementing actions that would move the Housing Element toward racial and social equity. This is an important part of HCD's legal charge as a department, yet they are neglecting their own civil rights obligations.
 - The "report" fails to understand the complexity of San Francisco's dense urban context - by far the most densely populated major City in the State, and its recommendations threaten to inflict even more trauma and displacement on historically marginalized communities than has already been experienced in prior Housing Element cycles.
 - The "report" fails to acknowledge the Statewide legal obligation for all cities, including San Francisco to Affirmatively Further Fair Housing <u>pursuant to AB 686</u>.
 Nothing in HCD's report moves in the direction of AFFH none of it helps affordable housing. This "report" simply resorts to threats rather than taking any initiative to provide resources for affordable housing.
- The "report" threatens to silence communities denying us of our constitutional rights to due process and freedom of expression.
 - As such, the State HCD threatens to abuse and overreach its police powers by denying our communities of our constitutional rights.
- The "report" fails to address corruption that has tainted the project approval process.
- HCD's "report" threatens the Board of Supervisors to pass this legislation, File #230446, but it is the power of our own legislature to consider and act on legislation as it sees fit.

REP-SF expects our State government to support our City's efforts to enact policies that work for people most in need rather than silencing our communities, denying our self-determination, while transferring that power to developers who only have their own profits as their goal.

If the city bows to the state's pressure on October 30th and passes this additional piece of legislation to further "reduce constraints"--despite the fact that **San Francisco already has a backlog of tens of thousands of already-entitled market rate developments, and more than 60,000 vacant market rate units--this would would be a denial of our City's legal obligation to affirmatively further fair housing (AFFH) and policy objectives to prioritize racial and social equity.**

As policymakers, we urge you to ask, with the legislative decisions you make, "who are we as a City building for?". This article from the San Francisco Chronicle, "SF's luxury condo market is cooling. Here's why it might be a good time to buy" on October 10, 2023 indicates that most of the condo buildings being built in San Francisco are largely vacant, and that the market for these units is foreign investors. There isn't any discussion in this article among developers about making these units available or affordable to San Francisco's low to moderate income households either in the short or long term. This article underscores the fact that in order to provide housing that very-low, low, and moderate income households can truly afford, we need to prioritize other Implementation Actions from the Housing Element that focus on truly affordable housing.

Conclusion

Despite past and newly proposed amendments from Supervisors and the Mayor, and despite the recent, misguided pressure from the State, this legislation must be rejected as it fundamentally moves our City in entirely the opposite direction of racial and social equity with an approach that silences our communities, encourages demolitions of existing housing and displacement of tenants throughout vast areas of the City, while providing no resources or meaningful benefits for affordable housing.

REP-SF requests that the Land Use & Transportation Committee reject this legislation, and commence working with low income and people of color communities throughout the City to move forward legislation that implements the Housing Element to affirmatively further fair housing and center racial and social equity. REP-SF looks forward to working with you all on new legislation to reorient the priorities of Housing Element implementation.

Respectfully submitted,

Joseph Smooke on behalf of the Race & Equity in all Planning Coalition, San Francisco

Subject: Public Comment: GUT & REPLACE Engardio-Breed-Dorsey 'Housing' Ordinance File #230446

Dear Supervisors,

It is imperative that you STOP seeking to negotiate amendments to the Engardio-Breed-Dorsey 'Housing' Ordinance and instead move to fully GUT & REPLACE the text with a new ordinance that will:

- 1) produce 100% truly affordable housing for families making less than \$80,000 per year, and
- 2) fully protect all current San Francisco laws ensuring environmental and community noticing, as well as Discretionary Review, Demolition, Conditional Use, and Appeal hearings.

This ordinance is *not* like the previous, very limited Melgar 'Family Housing' ordinance. The Engardio-Breed-Dorsey ordinance is far more sweeping and destructive. 'Negotiations' would result in serious damage to San Francisco, its neighborhoods, and affordable housing.

The Engardio-Breed-Dorsey "Housing Production Ordinance" contains unprecedented citywide waivers of local environmental, community and demolition review that are absolutely unacceptable, all in the name of producing housing called "affordable" when most of that housing would be for families making over \$230,000 per year!

This ordinance would worsen:

 A Bad Decision Making Process - Allowing the Mayor and two Supervisors to ram forward a massive, destructive ordinance that will demolish and gentrify neighborhoods all over the city, while we grasp at straws to try to amend it, is extremely bad process. We need to scrap this ordinance and draft legislation that will produce 100% affordable housing for families making less than \$80,000 per year.

•

Corporate Housing Takeovers - The five year "look back" provisions in the
amendments are useless. Wall Street and other corporate speculators buy,
demolish, build and sell housing in five year investment cycles. They will have
no problem waiting five years to demolish a neighborhood and gentrify it. We
need ten year prohibitions on corporate housing speculation which apply
to all housing, not just rent controlled housing.

•

 The Unaffordable Housing Crisis - This ordinance promotes building new high priced housing that is not affordable. It is ridiculous that the ordinance calls housing built mostly for families making over \$230,000 dollars per year "affordable". We already have a 50% oversupply of housing for those income levels!

•

 The Homelessness Crisis - The gentrification spurred by this ordinance would push most rents citywide even higher, driving more middle, working and lower class San Franciscans either out of the city, or onto our streets where they will face unacceptable dangers of declining health, street crime, and underemployment.

•

- The Vacant Housing Crisis San Francisco has at least 60,000 vacant housing units, most of them far overpriced. We also have empty office space that can be converted into thousands more apartments. We do not need more housing construction, we need to make our existing housing space affordable!
- The Environmental Justice & Equity Crisis This ordinance would gut environmental and community review protections and would establish "Urban Renewal" style redevelopment zones, setting precedents that would allow corporate real estate giants to even more easily build unhealthy housing on toxic and radioactive waste sites like those in Bayview Hunters Point and on Treasure Island (which local, state and federal agencies have falsely declared "cleaned up").

•

• The Climate Crisis - This ordinance is bad for the environment. Allowing sweeping demolitions and expansions of existing homes and apartments, to replace them with luxury condo and rental towers, will use massive amounts of new cement and other building materials releasing more greenhouse gases, not less.

This ordinance would build housing for the wealthy, create more homelessness, and is an environmentally destructive giveaway to rapacious Wall Street and corporate real estate speculators.

Please GUT & REPLACE this unacceptable corporate attack on San Francisco's environmental, economic, cultural, and community integrity!

Thank you, Mary Ellen O'Connor - zip code: 94122

Subject: Public Comment: GUT & REPLACE Engardio-Breed-Dorsey "Housing" Ordinance File #230446

Date: Monday, October 30, 2023 1:24:05 PM

This message is from outside the City email system. Do not open links or attachments from untrusted sources

Dear Supervisors,

I join my friends and neighbors in communicating our side of this important conversation with all of our city supervisors.

In a world where force and action is increasing daily, it is even more vital that we retain our ability to talk about difficult things. This means remaining human within this increasingly complex and impersonal system.

These are difficult conversations for everyone. It is stressful. That is the truth. It can only work when we remain in contact with each other as individuals, human beings who all want the same thing, or at least I hope we do, which is to live free of unnecessary and inhumane suffering.

Your project has an expected goal of helping those who suffer the most in our society, those of severely limited means, without good housing and with the lowest incomes. Yet, my neighbors and friends find this goal is far from overtly explained and even erroneous. Is the new low income qualification really up to \$230K? Surely this is a typo that needs to be corrected.

We have no issue supporting low income housing. That is great!

My neighbors and I do not understand how making an amendment to this particular ordinance, as laid out, can honestly work.

We really appreciate the efforts of Aaron Peskin –whose father was my mentor and professor at SFSU– and Supervisor Dean Preston. We kindly request that they reconsider their views of the amendment vis a vis the calibre of the ordinance. Do they believe in their amendment? We believe that they will see how an amendment to a troubled ordinance can't help. Please, may the ordinance receive a Gut & Replace.

Yours sincerely,

Bronwen Lemmon

October 30, 2023

To: The SF Board of Supervisors and the Land Use & Transportation Committee

From: Art Persyko, SF Gray Panthers Board member

Regarding Ordinance File #230446 (on the agenda of the Land Use & Transportation Committee today)

Dear SF Board of Supervisors and the Land Use & Transportation Committee:

Please do not support streamlining the demolition of rent-controlled housing in SF. Why in the world should you, SF's civic leaders allow speculators to profit from tearing down down existing rent-controlled housing in our city? And we should certainly not do so without any meaningful community input or oversight from San Franciscans. Don't let the private market steamroll you, the SF Board of Supervisors, to get you to enable lining the pockets of developers, who only have allegiance to their bottom line, and do so at at the expense of the best interests of the people of SF, i.e. which would be preserving and building TRULY affordable housing in SF. So:

Please STOP seeking to negotiate amendments to the Engardio-Breed-Dorsey 'Housing' Ordinance; and instead move to fully GUT & REPLACE the text with a new ordinance that will:

1) produce 100% truly affordable housing for families making less than \$80,000 per year, and

2) fully protect all current San Francisco laws ensuring environmental and community noticing, as well as Discretionary Review, Demolition, Conditional Use, and Appeal hearings.

This ordinance is not like the previous Melgar 'Family Housing' ordinance. The Engardio-Breed-Dorsey ordinance is more sweeping and destructive. 'Negotiations' would result in serious damage to San Francisco, its neighborhoods, and affordable housing.

The Engardio-Breed-Dorsey "Housing Production Ordinance" contains unprecedented citywide waivers of local environmental, community and demolition review that are unacceptable, all in the name of producing housing called "affordable" when most of that housing would be for families making over \$230,000 per year! This ordinance would worsen:

A Bad Decision Making Process - Allowing the Mayor and two Supervisors to ram forward a massive, destructive ordinance that will demolish and gentrify neighborhoods all over the city, while we grasp at straws to try to amend it, is extremely bad process. We need to scrap this ordinance and draft legislation that will produce 100% affordable housing for families making less than \$80,000 per year.

Corporate Housing Takeovers - The five year "look back" provisions in the amendments are useless. Wall Street and other corporate speculators buy, demolish, build and sell housing in five year investment cycles. They will have no problem waiting five years to demolish a neighborhood and gentrify it. We need ten year prohibitions on corporate housing speculation which apply to all housing, not just rent controlled housing.

• The Unaffordable Housing Crisis - This ordinance promotes building new high priced housing that is not affordable. It is ridiculous that the ordinance calls housing built mostly for families making over \$230,000 dollars per year "affordable". We already have a 50% oversupply of housing for those income levels!

The Homelessness Crisis - The gentrification spurred by this ordinance would push most rents citywide even higher, driving more middle, working and lower class San Franciscans either out of the city, or onto our streets where they will face unacceptable dangers of declining health, street crime, and underemployment.

The Vacant Housing Crisis - San Francisco has at least 60,000 vacant housing units, most of them far overpriced. We also have empty office space that can be converted into thousands more apartments. We do not need more housing construction, we need to make our existing housing space affordable!

The Environmental Justice & Equity Crisis - This ordinance would gut environmental and community review protections and would establish "Urban Renewal" style redevelopment zones, setting precedents that would allow corporate real estate giants to even more easily build unhealthy housing on toxic and radioactive waste sites like those in Bayview Hunters Point and on Treasure Island (which local, state and federal agencies have falsely declared "cleaned up").

The Climate Crisis - This ordinance is bad for the environment. Allowing sweeping demolitions and expansions of existing homes and apartments, to replace them with luxury condo and rental towers, will use massive amounts of new cement and other building materials releasing more greenhouse gases, not less.

This ordinance would build housing for the wealthy, create more homelessness, and is an environmentally destructive giveaway to rapacious Wall Street and corporate real estate speculators. Please GUT & REPLACE this unacceptable corporate attack on San Francisco's environmental, economic, cultural, and community integrity!

Again: Do not support streamlining the demolition of rent-controlled housing. Why in the world should we allow speculators to profit from tearing down down existing rent-controlled housing and we should certainly not do so without any meaningful community input or oversight? Don't let the private market steamroll you, the Board of Supervisors to enable lining the pockets of developers, who only have allegiance to their bottom line, and do so at at the expense of the best interests of the people of SF, i.e. which would be preserving and building truly affordable housing in SF.

Subject: GUT & REPLACE Engardio-Breed-Dorsey "Housing" Ordinance File #230446

Date: Monday, October 30, 2023 12:10:56 PM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear Supervisors,

I am writing as a concerned San Franciscan. It is imperative that you STOP seeking to negotiate amendments to the Engardio-Breed-Dorsey 'Housing' Ordinance and instead move to fully GUT & REPLACE the text with a new ordinance that will:

- 1) produce 100% truly affordable housing for families making less than \$80,000 per year, and
- 2) fully protect all current San Francisco laws ensuring environmental and community noticing, as well as Discretionary Review, Demolition, Conditional Use, and Appeal hearings.

This ordinance is *not* like the previous, very limited Melgar 'Family Housing' ordinance. The Engardio-Breed-Dorsey ordinance is far more sweeping and destructive. 'Negotiations' would result in serious damage to San Francisco, its neighborhoods, and affordable housing.

The Engardio-Breed-Dorsey "Housing Production Ordinance" contains unprecedented citywide waivers of local environmental, community and demolition review that are absolutely unacceptable, all in the name of producing housing called "affordable" when most of that housing would be for families making over \$230,000 per year!

This ordinance would worsen:

A Bad Decision Making Process - Allowing the Mayor and two Supervisors
to ram forward a massive, destructive ordinance that will demolish and
gentrify neighborhoods all over the city, while we grasp at straws to try to
amend it, is extremely bad process. We need to scrap this ordinance and
draft legislation that will produce 100% affordable housing for families making
less than \$80,000 per year.

• Corporate Housing Takeovers - The five year "look back" provisions in the amendments are useless. Wall Street and other corporate speculators buy, demolish, build and sell housing in five year investment cycles. They will have no problem waiting five years to demolish a neighborhood and gentrify it. We need ten year prohibitions on corporate housing speculation which apply to all housing, not just rent controlled housing.

• The Unaffordable Housing Crisis - This ordinance promotes building new high priced housing that is not affordable. It is ridiculous that the ordinance calls housing built mostly for families making over \$230,000 dollars per year "affordable". We already have a 50% oversupply of housing for those income levels!

• The Homelessness Crisis - The gentrification spurred by this ordinance would push most rents citywide even higher, driving more middle, working and lower class San Franciscans either out of the city, or onto our streets where they will face unacceptable dangers of declining health, street crime, and underemployment.

• The Vacant Housing Crisis - San Francisco has at least 60,000 vacant housing units, most of them far overpriced. We also have empty office space that can be converted into thousands more apartments. We do not need more housing construction, we need to make our existing housing space affordable!

• The Environmental Justice & Equity Crisis - This ordinance would gut environmental and community review protections and would establish "Urban Renewal" style redevelopment zones, setting precedents that would allow corporate real estate giants to even more easily build unhealthy housing on toxic and radioactive waste sites like those in Bayview Hunters Point and on Treasure Island (which local, state and federal agencies have falsely declared "cleaned up").

 The Climate Crisis - This ordinance is bad for the environment. Allowing sweeping demolitions and expansions of existing homes and apartments, to replace them with luxury condo and rental towers, will use massive amounts of new cement and other building materials releasing more greenhouse gases, not less.

is an environmentally destructive giveaway to rapacious Wall Street and corporate real estate speculators.

Please GUT & REPLACE this unacceptable corporate attack on San Francisco's environmental, economic, cultural, and community integrity!

Thank you,

Grace

Rich Hillis

Director of Planning

San Francisco Planning Dept.

SENT VIA EMAIL: rich.hillis@sfgov.org

Dear Mr. Hillis:

As you are aware Board of Supervisor's President Aaron Peskin has introduced legislation intended to amend the Planning Code to require Conditional Use authorization prior to converting Private Parking and Vehicle Storage Lots in PDR districts for Fleet Charging.

This loophole was created unintentionally. Allowing companies to exploit the loophole to create Fleet Charging uses without a CUA goes against the intent of the original legislation.

Our Trade Union strongly supports this legislation. The introduction of this Ordinance follows the Planning Department allowing the use of this loophole several times since the creation passing of the initial legislation. The loophole has been used at multiple sites including:

- 485 Irwin Street
- 140 14th Street
- 241 Loomis Street

Considering the recent history of Conditional Use fleet charging violations in PDR districts, and in anticipation of pending legislative remediation, the Teamsters call on the Planning Department to pause all processing of applications on sites attempting to use this loophole while Supervisor Peskin's legislation to close it makes it's way through the legislative process.

Thank you for your consideration of our position.

Sent via email to bos@sfgov.org

RE: VOTE <u>NO</u> ON FILE NO. 231076, "ADMINISTRATIVE CODE—COMPOSITION OF BEHAVIORAL HEALTH COMMISSION"!

Honorable Committee Chair Dorsey:

File No. 231076 will harm the Behavioral Health Commission by making it too small, badly hampering its ability to carry out its work.

This proposed legislation would reduce the Commission's size by six seats or roughly 1/3 its current size, from 17 to 11 members, the absolute minimum prescribed by state law for San Francisco and one more than the minimum for any county in the State. But San Francisco is the thirteenth largest of 58 counties and devotes tremendous General Fund and special tax resources to its Behavioral Health Services, the division over which the Commission is charged with oversight. This division has an annual budget of \$600M, far more than the amount per-capita of other counties. It has appx. 150 subcontractors and a patient population of 30,000, over 3% of the population of the City and County. There are appx. an additional 10,000 people in its target mental health population who are not patients. The division is subject to a combined total of 334 pages of mental health performance contracts with the state, directly or indirectly, all of which contracts the Commission is responsible for reviewing. The Commission is additionally charged with review and evaluation of the City and County's behavioral health needs, services, facilities, and special problems, review and approval of the procedures used to ensure citizen and professional involvement at all stages of the planning process for behavioral health services provided as part of the San Francisco Mental Health Plan, a \$100M contract with the State accounting for 198 of the aforementioned 334 pages of performance contracts, and monitoring of the division's compliance and oversight over the division's compliance program therewith. The

Commission has fulfilled none of these obligations in the last 30 years. If the proposed legislation passes, it will make it still more difficult for the Commission to perform these duties and could make it impossible. San Francisco needs and deserves a local mental health board substantially larger than those of small counties like Sierra and Alpine to deal with its far larger and more diverse target population and far larger and more complex division!

A Poorly-Researched News Article Has Distorted the Issues in This Proposed Legislation.

The proposed legislation is related to a newspaper article that came out a week before the proposed legislation was introduced. The San Francisco Standard published "San Francisco Drug Crisis Commission Doing Nothing for Lack of Members" by David Sjostedt on October 10, mentioning the proposed legislation. Not only did this article badly mischaracterize the Commission's purpose in the headline, the title is otherwise misleading and the article rife with inaccuracies. The misnaming of the Commission is especially egregious because the Commission is San Francisco's local mental health board, mandated by state law 65 years ago. State law allows the Board of Supervisors to graft extra duties onto the Commission, but it has not always done so in an intelligent way. In 2019, the Board changed the Commission's name from "Mental Health Board" to "Behavioral Health Commission" and wherever the word "mental" appeared in its powers and duties, put the word "behavioral" its place, thus seeming to add oversight of overdose prevention, etc., to its mental health treatment oversight responsibilities. This ignored that the Commission's core, nitty-gritty functions that no one currently on it wants to do, such as reviewing 334 pages of performance contracts and oversight responsibilities related to the Plan no one wants to read, pertain only to the mental-health side of behavioral health, not the substance-abuse side. As such, the Commission's added powers and duties are like inviting your already-very-bad plumbing contractor to also dabble in electrical work.

Furthermore, it is not the case that the Commission is "Doing Nothing for Lack of Members," and this error is repeated in the body of the article:

"There are currently six active members on the 17-member Behavioral Health Commission . . .

"Because there are fewer than nine active members, the commission lacks a quorum and hasn't been able to wield much of its power or hold meetings since February."

There are currently *ten* active members on the Commission, i.e., more than a quorum. Thus, the Commission's inability to meet is due at least in part to Commissioners not showing up to meetings, not a lack of members alone. The attribution of inability to meet solely to lack of members is disingenuous because, while there are only six members with current appointments, the article elsewhere admits that members continue to serve, i.e., be "active" and contribute to quorum, after their appointments have expired. They often do so for periods longer than their

original appointments, which are for three years! Currently, four members are serving beyond their original appointments, bringing the total number of active members to ten. It is strictly illegal for members to serve beyond their appointments, but this illegality is supported by long-standing citywide custom, and the Behavioral Health Commission is not careful about legality.

While it was true that the Commission had not met with quorum since February when this article was written, the Commission did not meet during nearly half of the intervening months due to factors other than quorum. In March, unconstitutional interference by Behavioral Health Services caused a cancellation. In August, the Commission observed its customary recess. In July, the regular meeting was canceled due to "ongoing security concerns and inability to make quorum." It is not clear whether the "inability to make quorum" was due to more than one Commissioner expressing that they would not be able to attend the meeting that month or general discouragement due to inability of the Commission to attain quorum at its previous three regular meetings.

As for this lack of quorum preventing the Commission from doing their work, this too is misleading. If this had been the case, there would have been a backlog of resolutions on the agenda to be proposed at the Commission's regular monthly meeting on October 19. There was none, and the two members of the Commission who were interviewed for this article both asked to leave the meeting (which did draw a quorum – see below) early because they had other and presumably more important engagements to which to attend. (Mr. Grier was never a member of the Commission.) "People's lives are at risk" indeed!

Furthermore, if lack of quorum at meetings could be attributed to lack of appointments to the Commission rather than Commissioners just not showing up to meetings, then the committees of the Commission, which have been fully appointed all year long, would have been able to meet and prepare resolutions for the Commission to pass. They have not done so. In the six months immediately before Mr. Sjodedt's article came out, these committees noticed twelve regular meetings. Of these twelve, quora of the committees attended but five or less than half of them, causing the majority of meetings of committees in this period to be adjourned immediately. Resizing the Commission would have done nothing to avert this!

In fact, the Commission has made only a single advisory resolution in the past two-and-a-half years, during much of which it has been better appointed. This resolution was so appallingly bad that the Commission omitted it from their Annual Report and the Clerk of the Board of Supervisors refused to even put it on the public record, such that I had to append it to my lengthy letter lampooning it. Jan. 25, 2022, "THE SAN FRANCISCO BEHAVIORAL HEALTH COMMISSION HAS PASSED A RESOLUTION", pp. 175-87 in file no. 220118, communications packet for the Feb. 8, 2022, meeting of the Board of Supervisors, available here: https://sfgov.legistar.com/View.ashx?M=F&ID=10504772&GUID=4AB1E2
DE-B3DE-4465-B0C4-C472F0EDAEB9. The Commission has also conducted a pittance of site visits during the same period, the reports of which it is illegally withholding from the public even while it complains to the press about being denied information by the Department!

Shortly after this article was published and the proposed legislation introduced, the Commission met on October 19 with ten members present and conducted business normally, raising the question of whether the earlier failures had been planned all along to develop false momentum for this proposed legislation.

The Commission's Membership Requirements Are Not the Problem.

The article then correctly mentioned the eight pending applications to the Commission but reported that "Victor Young [staff with the Clerk of the Board of Supervisors charged with oversight of the Commission – WH] . . . said it's difficult to find qualified members of the Commission due to the types of expertise needed for each seat." I have spoken with Mr. Young about this quotation and he said that he had been misquoted. He affirmed that membership requirements are not currently associated with specific seats. No legislative action regarding this is needed or appropriate!

In addition, the complex requirements in current legislation cannot be the cause of the current lack of appointments because the small number of current appointments relaxes the constraints posed by these requirements. Furthermore, both of the mental health professional seats and one of the two child/adult advocate requirements are currently filled, eliminating these particular requirements from the consideration of future applications. The remaining three members with current appointments are evenly distributed between a consumer, a family member of a consumer, and an interested member of the public. This means that, of the ten seats on the Commission currently available to non-Supervisors, three or four are available to consumers (because one seat may go to either a consumer or a family member of a consumer), two to four are available to family members of consumers (because of the previous ambiguity as well as uncertainty as to whether the current child/older adult advocate is a family member of a consumer or an interested member of the public), and four or three are available to interested members of the public, with the additional constraint that one of the available family-member-ofa-consumer or interested-member-of-the-public seats must go to a child/older adult advocate. While this highly complex arrangement is of doubtful utility and may make appointing members to the Commission administratively more difficult, it provides no legal constraint that would bar all eight currently-pending applicants from service, thus to continue current pressure on the quorum requirement (as if this was even the real problem)!

In further addition, and again as the article mentions, a member of the Board of Supervisors has not been appointed to the Commission, as required by law, in over a year and a half! The article failed to mention that neither of the two most recent Supervisor members attended even a single meeting of the Commission in person, a requirement under parliamentary rules. The problem in both seated Supervisor and non-Supervisor cases is that the Board and individual Supervisors are not making the needed and required appointments. Even when they do, the appointed members do not attend! Legislation shrinking the size of the Commission is not the correct response.

The proposed legislation would make it administratively more difficult to appoint new Commissioners in a different way. S.F. Charter § 4.101(a) requires that the composition of the Commission be "broadly representative of the . . . neighborhoods . . . of the City and County . . ." This is currently guaranteed by the requirement that each Supervisor appoint a member of the Commission, provided that they make their appointment from among their constituents. If all of the Commissioners are appointed by the Board, per the proposed legislation, then this committee will have to look at street addresses of the homes of individual Commissioners as well as applicants, determine what districts each live in, and make sure that there are not any other current appointments from a district before making an appointment from it.

Conclusion

In sum, the only result that the new legislation is sure to have besides allocating the necessary veteran seat is that it will freeze the current membership of the Commission and present a clear and insurmountable bar to any new appointments being made. Given the current lackadaisical attitude of current Commissioners, the intent seems to be to hobble the Commission by making sure that 30,000-patient, 150-contrator, and \$600M/year Behavioral Health Services has an oversight board the same size as those in California's smallest counties, where patient populations are well under 100, contractors are nonexistent, and budgets far below \$10M!

Very Truly Yours,

/s/ Wynship Hillier

Hello, please find attached our letter of opposition.

Kristina Pappas President, San Francisco League of Conservation Voters

--

Kristina Pappas 415.812.3128

October 30, 2023

TO: San Francisco Board of Supervisors

RE: Opposition to Proposed Charter Amendment Limiting SFMTA Board Authority

Dear President Peskin and Supervisors:

The San Francisco League of Conservation Voters (SFLCV) urges the Board to reject the proposed charter amendment to limit the authority of the SFMTA Board to change fares and to change maximum parking meter rates and hours of enforcement. By making those changes, but no others, contingent on prior mayoral approval, the charter amendment will make it more politically difficult for SFMTA to raise revenue to fund Muni service. This is deeply concerning given the serious fiscal challenges Muni faces over the next several years due to a steep drop in traditional downtown commuting trips.

Although ridership on Muni lines focused on serving downtown has dropped since the pandemic, ridership on many other lines that serve non-downtown neighborhoods is approaching – and in some cases even exceeding – pre-pandemic levels. The kinds of service cuts that Muni will need to impose if it does not secure additional non-fare revenue will be devastating to neighborhood commercial districts throughout San Francisco. There has been much scaremongering about how expanding the hours of parking meter enforcement may affect small businesses, but parking meters promote parking turnover, which is actually good for business.

Moreover, we are facing a climate emergency. Scientists have sounded the alarm bells that to reduce carbon emissions we must make immediate transformational changes to our transportation systems. We must dedicate more funding to walking, biking and public transit, making these options safer, faster and more convenient. The charter amendment would do the opposite, crippling future transit budgets and preferencing free or cheap parking for private car owners. The charter amendment perversely prioritizes gasoline-fueled transportation over the city's fleet of clean buses and active transportation.

Many San Francisco residents cannot afford cars and many of our seniors also rely on transit. Equity requires that we increase funding for the transportation services these lowest income residents depend on. This proposed charter amendment would effectively do the opposite by adding a new layer of Mayoral veto power over revenue proposals.

Finally, the proposed charter amendment is directly contrary to the City's Transit First policies, the Board's Climate Emergency Declaration, and the City's Climate Action Plan, which calls for 80 percent of all trips to be low-carbon trips by 2030. By prioritizing free private vehicle storage while making it more difficult for SFMTA to raise revenue, the proposed charter amendment would help perpetuate the automobile-focused transportation system that we desperately need to move away from.

This is an important vote that reflects the commitment of the Board of Supervisors to a sustainable future for San Francisco and as such will factor significantly into SFLCV's future candidate endorsement decisions.

Please reject the proposed charter amendment.

Sincerely,

Kristina Pappas President, San Francisco League of Conservation Voters From: Peter Lee

Message: I support Supervisor Safai's Charter Amendment that would

give Mayoral approval over parking meter and other

transportation fees and fares.

Dear Supervisors,

I support Supervisor Safai's Charter Amendment for the March 5, 2024 election that would require the Mayor of San Francisco to approve any proposed increases to SFMTA fares, parking meter maximum rates, and hours or days of operation.

No single unelected city department head should have the sole authority to increase our parking or fare rates. To correct this, the proposed Charter Amendment requires the Mayor to approve any fare, parking, or MUNI rate increases put into the SFMTA budget, placing the authority back on elected leaders. Transportation fees significantly impact the lives of residents, and businesses, particularly those in lower-income areas, and when fees need to be changed, this decision should be made by our mayor, who can take all factors and constituents into consideration.

transportation fees and fares.

Dear Supervisors,

I support Supervisor Safai's Charter Amendment for the March 5, 2024 election that would require the Mayor of San Francisco to approve any proposed increases to SFMTA fares, parking meter maximum rates, and hours or days of operation.

No single unelected city department head should have the sole authority to increase our parking or fare rates. To correct this, the proposed Charter Amendment requires the Mayor to approve any fare, parking, or MUNI rate increases put into the SFMTA budget, placing the authority back on elected leaders. Transportation fees significantly impact the lives of residents, and businesses, particularly those in lower-income areas, and when fees need to be changed, this decision should be made by our mayor, who can take all factors and constituents into consideration.

Dear Supervisors,

I support Supervisor Safai's Charter Amendment for the March 5, 2024 election that would require the Mayor of San Francisco to approve any proposed increases to SFMTA fares, parking meter maximum rates, and hours or days of operation.

Please vote to support this Charter Amendment.

As a businesses owner in the Inner Richmond, extending the time/days on meters would negativity impact our business. We also need a solution for all day employee parking not at meters or residential spaces, for our workers that need to drive to work.

Re: Oppose File 230986, Charter Amendment

Dear Supervisors,

Please vote against placing on the ballot the Charter amendment introduced by Supervisor Safai, that would require mayoral approval of SFMTA budgets that

- Increase the hours or days of parking meter operation
- Increase the maximum meter fee rate that can be charged
- Change Muni fares in any way, up or down

The amendment undercuts the political independence created by 1999 Prop E, which guards against serious service disruptions caused by budgetary interventions by the Mayor and Board of Supervisors. Since it does not require the Mayor to make any statement, much less suggestions about alternative ways SFMTA might raise revenue, it also does not succeed in holding the Mayor accountable for its result.

Sponsors Safai and Peskin have say their goal is to increase mayoral accountability for the SFMTA budget, but their proposal requires a Mayoral statement only if the budget includes a change to fares, parking rates or parking hours. There is no accountability if SFMTA cuts Muni service or downfunds some lines to preserve others. Returning the budget to SFMTA would force only the removal of the change to fares, parking rates or hours - not make the Mayor accountable beyond that. Clean, safe, reliable, safe Muni service should be a priority, but the proposed amendment makes it an afterthought.

San Francisco is failing to meet its environmental goals. SFMTA's most recent proposed Climate Roadmap projects the city is two decades behind on reducing greenhouse emissions from vehicles (Climate Roadmap for a Healthier San

Francisco; https://www.sfmta.com/projects/climate-roadmap-healthier-san-francisco; pages 14, 48-49. Note that the original goal, 80% of trips by carbon-neutral modes, is not projected to be hit until after 2050, over two-decades late.) The percentage of the city's greenhouse gas emissions from vehicles – largely private cars – has gone up from 33% in 1990 to 47% in 2019, the last

year with published comparable data (San Francisco's Carbon

Footprint; https://sfenvironment.org/carbonfootprint). The city's goal of 80% sustainable trips has been weakened to 80% "low-carbon" trips, and yet we sit at under 50% of that goal, having backslid over the last 3 years (Climate Roadmap for a Healthier San Francisco; page 15.)

One reason the city is not inducing drivers to switch to Muni for even some of their trips within the city because we subsidize parking. It is estimated that charging the real cost of parking would reduce emissions by 2040 more than four times more than any other change studied by SFMTA (Climate Roadmap for a Healthier San Francisco; page 30-31, 36-41).

The city needs to be focused on sustainable transportation, and that means properly funding SFMTA and Muni. It is vital that we build a transit system that gets most of us where we need to go without the need to drive.

For these reasons, we ask you to vote against bringing their amendment before the voters. The city ballot is long enough.

Sincerely, 350 San Francisco Coordinating Committee

November 1, 2023

No single unelected city department head should have the sole authority to increase our parking or fare rates. To correct this, the proposed Charter Amendment requires the Mayor to approve any fare, parking, or MUNI rate increases put into the SFMTA budget, placing the authority back on elected leaders. Transportation fees significantly impact the lives of residents, and businesses, particularly those in lower-income areas, and when fees need to be changed, this decision should be made by our mayor, who can take all factors and constituents into consideration.

Subject: 2045 RWS demand could be down to 141 mgd

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Hi,

Would you distribute the attached letter to the Supervisors?

Kind regards,

Dave Warner

November 1, 2023

Re: 2045 SFPUC RWS demand could be down to 141 mgd, more than 20% below today's demand

Dear Commissioners, General Manager Herrera and Assistant General Manager Ritchie,

Commissioner Ajami has spoken about the potential for a decentralized water supply, where not just places like the Salesforce tower or SFPUC headquarters recycle water, but where that style of recycling could extend to the home. Through your innovations program you are likely aware that at least one product is already on the market to meet this need. It's about the size of a household water heater, priced at \$4,000 and supposedly can recycle up to 45% of a household's water use.¹ And there's research underway to make water recycling even easier and cheaper. This is an example of how innovation can reduce our long-term water demand.

The above example supports the long-term trend analyses previously provided to you and BAWSCA.² The analyses used an industrial process methodology and water demand since 1990 to project gross per capita demand to 2045, which continues its downward trend.

The table below shows that using the trended 2045 GPCD projections and the California Department of Finance population projections, total Regional Water System (RWS) demand would be 141 mgd in 2045, well below today's demand and 40% below demand projections used in the 2045 Draft Alternative Water Supply Plan. The advent of home water recycling systems contributes to this trend.

Regional Water System (RWS) Systemwide Demand Derivation

	Reference	Projected GPCD	2045 Population Projections (000's)		2045 RWS Demand Based on Trended GPCD (mgd)		Reference
	2020 RWS			Based on CA	Using 2020 UWMP	Using Ca Dept of	2045 demand
	demand	2045 Based	From 2020	Dept. of	population	Finance	from AWS
	(mgd)	on trend	UWMP	Finance	Prtojections	Prtojections	Plan (mgd)
San Francisco	67	46	1,251	847	57.5	39.0	73.5
BAWSCA	132	79	2,439	1,929	128.5	101.6	170.6
Combined	199		3,690	2,776	186.1	140.6	244.1

Note: BAWSCA 2045 RWS demand is calculated as two thirds of total BAWSCA 2045 demand

Such a low level of demand/water sales has immense implications on multiple critical areas, including water and sewer rates, capital budgeting, debt management, alternative water supply planning, environmental damage and the Bay Delta Plan, and individual BAWSCA members developing their own less expensive supplies.

As low and surprising 2045 RWS demand of 141 mgd seems, it's not far-fetched. Back in 2000 when demand was 261 mgd and our served population was 2.4 million, who would have imagined that in 2020 that our demand would drop to 199 mgd, more than 20% below 2000 demand while our population increased to approach 2.8 million?

Until now the SFPUC has only projected growing total demand/water sales. Please include declining demand scenarios in all of your analyses and materials where changes in demand affect outcomes and decisions.

Best regards,

Dave Warner

July 12, 2021

President Sophie Maxwell and Commissioners San Francisco Public Utilities Commission 525 Golden Gate Ave. San Francisco, CA 94102 Via Email

Dear President Maxwell and Commissioners,

In anticipation of your July 16 demand workshop, you may find it interesting to view San Francisco's retail water demand in the context of an industrial process. The idea is that changes in demand are driven by process variables and assuming there are no substantial changes to the process, the changes in demand should continue, within a range of "control limits".

A statement in the draft urban water management plan alludes to such an industrial process:

"Both total consumption and per capita water use (i.e., gallons of water consumed per person per day [GPCD]) have been on a general decline since the mid-1970s. Many factors have contributed to this reduction in water use, including significant changes to the mix of industrial and commercial businesses and their associated water demand, and the general characteristics of water use by San Franciscans. In particular, the severe droughts of 1976-77 and 1987-92, changes in plumbing codes, and conservation programs (either voluntarily embraced by residents and businesses or mandated by the City) have affected water demands. During the most recent drought in 2012 – 2016 per capita water use further declined."

The actions mentioned in the excerpt will continue.

Applying industrial process methodology² results in the following table:

¹ From first paragraph in section 4.1.1 of the 2020 Urban Water Management Plan Public Review Draft, April 2021

Page 1 of 2

² Source used for industrial process methodology: Joiner, Bryan L. (1994). *Fourth Generation Management*. R.R. Donnelley & Sons Company, pages 148-149. Note that an exponential trend line was used in place of the author's average trend line.

The black line reflects actual gross per capita demand in five-year increments from 1990 to 2020.³ The yellow dashed line is the associated trend line. The blue dashed lines are the "control limits" as determined by the industrial process methodology. The control limits are determined such that it is highly unlikely (99.7% confidence interval) that the process will yield results outside the control limits.

Extrapolating the process to 2045, it projects GPCD to then be 46 gallons down from 76 gallons today (with a possible range of 28 to 64 gallons).

The thought of San Francisco's gross per capita water demand dropping from 76 gallons today to 46 gallons in 2045 might take one's breath away. Imagine 25 years ago in 1995. GPCD then was 116 gallons and had dropped from 137 gallons 5 years earlier. Who then could have imagined that demand 25 years later, in 2020, would be 76 gallons? As the draft UWMP alluded, there will be more conservation measures, changes in building codes, and more droughts in the next 25 years. Industrial process methodology indicates that the trend will continue.

The red dashed line in the above chart is the draft UWMP's projected GPCD to 2045, when it hits the upper control limit of the process chart. It's possible that GPCD could be 64 gallons in 2045, but a lower GPCD is more likely. Looking at 1990-2020, actual GPCD never reached the control limit. The closest point was in the year 2000 when GPCD was 121 gallons and the upper control limit was 130 gallons.

Please consider having the SFPUC use an industrial process methodology as a means for evaluating demand projections.

Sincerely,

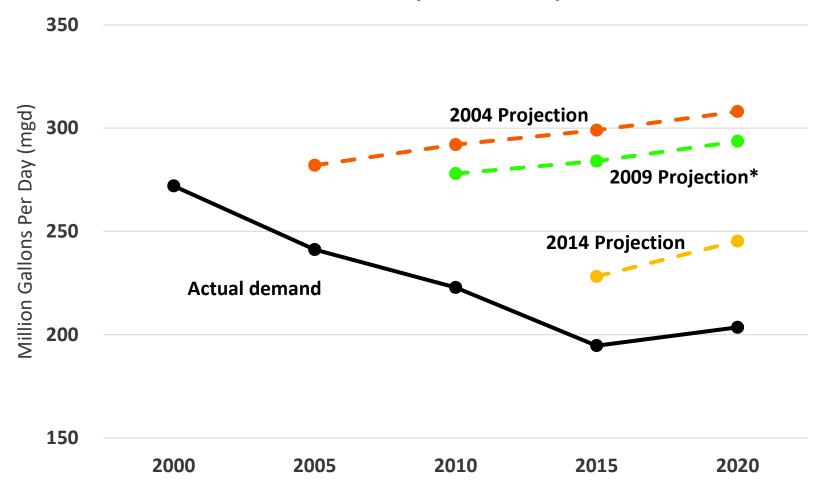

Dave Warner

³ 1990 and 1995 GPCD figures were estimated from Figure 6 in the SFPUC's final 2005 Urban Water Management Plan. 2000 GPCD was calculated using total retail demand of 93.6 mgd (from table 5A of the same 2005 UWMP) and San Francisco's population from the 2000 census.

BAWSCA Demand Projection Analysis

May 26, 2021

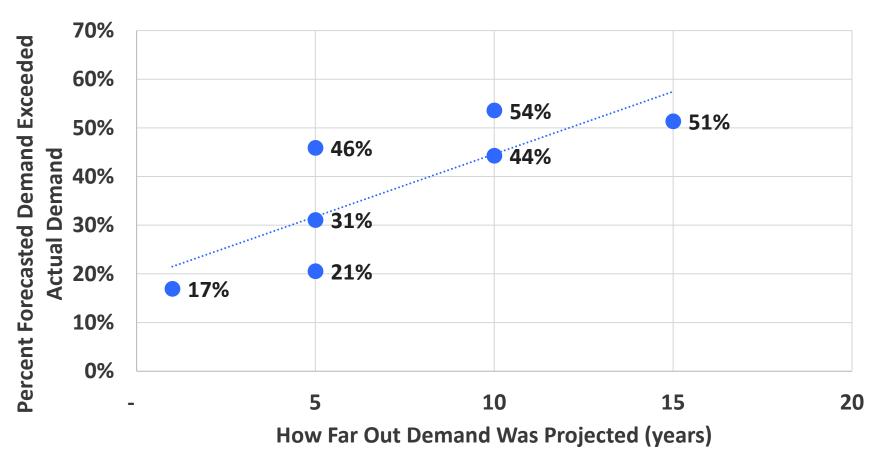

Projections consistently overestimated demand

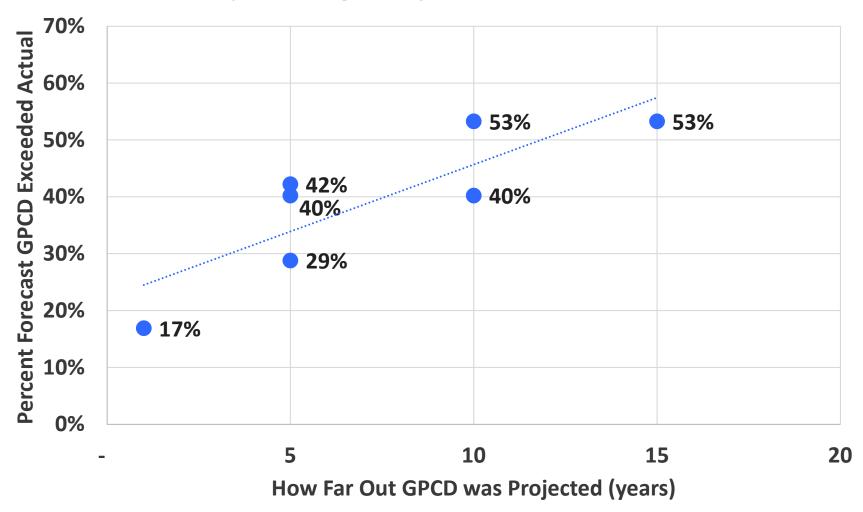

* The 2009 projection reflects a reduction of 5 to 12.5 mgd for active conservation savings as discussed in Sept 2009 Water Conservation Implementation Plan

Percent Demand Overestimated Plotted Against Years in the Future

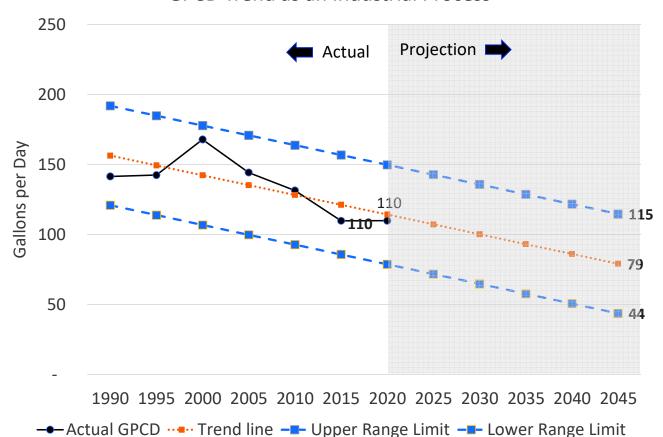

The size of the demand overestimate increased the further out demand was projected

Gross Per Capita Demand (GPCD) percent overestimated plotted against years in the future

 Projected GPCD was overestimated similarly to total demand (removing the effect of population growth)

GPCD Trend as an Industrial Process

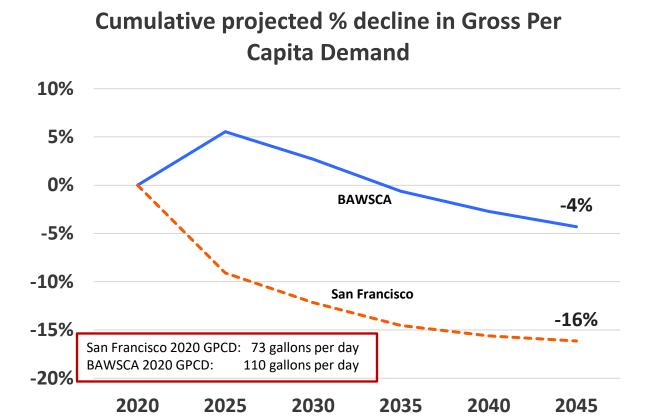

Using industrial process methodology, a trend can be plotted bounded by a 99% confidence interval, which assumes no significant process changes. For example people continue to implement conservation and droughts continue to occur, which people respond well to.

This process chart projects that in 2045 likely BAWSCA GPCD will be 79 gallons per day and will fall between 44 and 115 gallons per day.

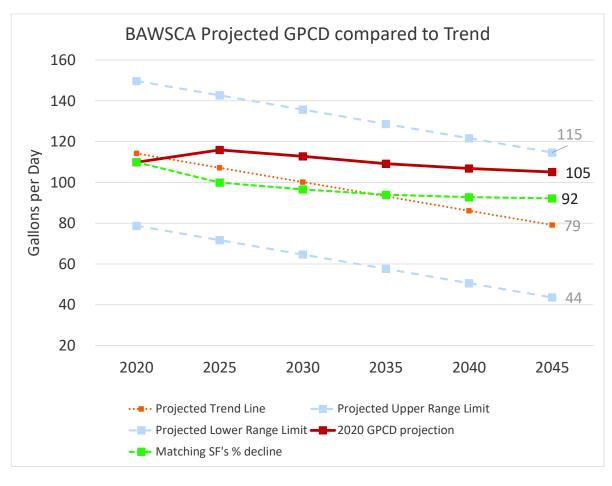

Source used for industrial process methodology/formula: Joiner, Bryan L. (1994) . Fourth Generation Management. R. R. Donnelley & Sons Company

Projected GPCD Decline Compared to San Francisco

Given San Francisco's low GPCD, one might have imagined that BAWSCA's GPCD would decline more than San Francisco's

Comparing BAWSCA's Projected GPCD and SF's rate of Decline

- At 2045 GPCD of 105 gallons per day, BAWSCA's projection is 33% above the likely trended GPCD
- If BAWSCA used San Francisco's rate of decline in GPCD, BAWSCA's 2045 GPCD would be 92 gallons per day
- A GPCD of 92 gallons per day would still be 16% higher than target
- At a GPCD of 92 gallons per day, BAWSCA's total 2045 demand would be 224.3 mgd, down 30 mgd from the current projection

A Big Downside to Overestimating Demand

- Higher demand reduces supply reliability
- Overestimating demand gives the appearance of reduced supply reliability
- Overestimating demand creates unneeded costs in developing unneeded supplies
- Overestimating demand increases harm to the environment

At a minimum, a similar comparative analysis to this one should be completed prior to finalizing the next demand study, if such an analysis is not already done.

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

dear mayor and sfbos

here are my thoughts on the separate SFRB fee's:

- waste of resources to mail out notices for all property owners, rather than to larger rental property owners
- waste of time for owner occupied units to apply for exemption
- another method to degrade the privacy of SF citizens
- how did sfrb get the authorization to include smaller properties, single family homes & condo's.

stop the overreach of our private property.

unhappy sf native/sf voter, -norma

Date: Monday, October 30, 2023 8:55:13 PM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear Board of Supervisors,

I am writing to you to express my support of Supervisor Stefani's Nonprofit Auditing Ordinance and urge you to vote in support of it.

The City currently spends \$1.7 billion on contracts with over 600 nonprofits. While many of these organizations provide valuable services to our communities, the City's lack of guidelines for these contracts has resulted in waste and redundancy.

By requiring the Controller to develop guidelines on metrics that must be included in City contracts, it will ensure consistency across the variety of contracts that nonprofits have with the city, thereby enabling that nonprofits to best deliver against clear metrics. Not only is this good governance to hold nonprofits accountable for results, it is needed to enable the City to measure progress towards addressing its most pressing problems, including homelessness and the drug and mental health crisis.

Finally, the high profile collapse of Baker Places and corruption discovered at United Council of Human Services highlights the need for increased oversight of service providers to ensure money is accounted for and is being used effectively to provide our most vulnerable the help they need.

Ultimately, this legislation will help improve oversight of taxpayer money, address the issues faced by nonprofits contracting with the City, and increase public access to information around nonprofit contracts.

I hope you will vote in support of this legislation.

Subject: Urging you to propose and approve a citywide No Turn On Red policy at your next meeting

Date: Monday, October 30, 2023 3:11:35 PM

This message is from outside the City email system. Do not open links or attachments from untrusted sources

Hi SFMTA Board of Directors,

I urge you to propose and approve a citywide No Turn On Red (NTOR) policy at your next board meeting — scheduled for November 7th — to make it safer, easier, and more comfortable for people to cross the street, especially for children, seniors, and people living with disabilities, while making streets safer and more predictable for car drivers and safer for people on bikes, scooters, and other forms of active transportation.

In response to the citywide No Turn On Red campaign and overwhelmingly positive support from the public, the Board of Supervisors unanimously adopted Supervisor Preston's resolution urging you and SFMTA to approve a citywide NTOR policy now, and the people of San Francisco need you to take immediate action and lead on this issue for their safety, roadway safety generally in the city, and climate action, among other related matters.

SFMTA's own evaluation showed that 92% of drivers complied with No Turn On Red, close calls decreased by 80%, and drivers blocking crosswalks decreased 72% after SFMTA implemented NTOR at 50 intersections in the Tenderloin in 2021. No Turn On Red increases safety, access, and comfort for people, and an overwhelming majority of drivers comply with NTOR, even with traffic enforcement at historic lows. A citywide No Turn On Red policy is an easy win for roadway safety and having a citywide policy will only increase compliance. A citywide policy also has widespread public support, including from people who primarily drive, some of whom talk about how a citywide policy would make driving more intuitive and reduce stress from other drivers aggressing at them when the driver behind them wants to turn on red.

Furthermore, an analysis from Washington, DC showed that drivers failing to yield to people crossing the street on a green decreased by nearly 60% — No Turn On Red increases safety for people during green lights in addition red lights. That same analysis showed that No Turn On Red decreased conflicts between cars by 97% — No Turn On Red makes streets significantly safer for car drivers and passengers. Other studies found that allowing turns on red significantly increases crashes and injuries for people walking and people on bikes. The data is clear: Implementing a citywide No Turn On Red policy will make streets safer for all people, especially children, seniors, people living with disabilities, and people walking and on bikes.

You can find all of the information (and related sources) at NTORsf.com.

Our city faces a roadway safety crisis, with nearly 40 people being killed on our streets last year — the most since we committed to Vision Zero in 2014 — and supporting this resolution

is the least we can do to address that crisis. The people of San Francisco need leadership on our roadway safety crisis, and this is a small but impactful thing you can do to help our city take action in addressing that crisis.

I urge you to propose and approve a citywide No Turn On Red (NTOR) policy at your next board meeting — scheduled for November 7th — to make it safer, easier, and more comfortable for people to cross the street, especially for children, seniors, and people living with disabilities, while making streets safer and more predictable for car drivers and safer for people on bikes, scooters, and other forms of active transportation.

the street..

Date: Friday, October 27, 2023 10:20:37 AM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

The Board of Supervisors,

I am writing to urge you to support and approve a citywide No Turn On Red to make it safer, easier, and more comfortable to cross the street in San Francisco as well as make streets safer and more predictable for car drivers. No Turn On Red has been proven to increase safety — especially for children, seniors, and people living with disabilities — including where it's been implemented in San Francisco (e.g. the 50 intersections in the Tenderloin). Now is the time to expand No Turn On Red citywide, so drivers know this unsafe behavior is no longer permitted throughout the city while people can feel safe crossing the street with easier and greater access.

I myself have been almost run over by motorists three times on Ocean Ave itself. Our city faces a roadway safety crisis and a climate crisis, both of which require making it safer to get around without a car and encouraging people to shift trips from cars to public transportation and active transportation (e.g. bikes, scooters, skateboards, mobility devices, etc.). Implementing No Turn On Red citywide will increase roadway safety (decrease roadway injuries) and help more people shift trips to walking, public transportation, and active transportation, making our city safer for people, especially people who are disproportionately negatively impacted by our roadway safety crisis and car-dominated transportation system (children, seniors, people living with disabilities, BIPOC). We need your leadership to make this street safety improvement now.

I urge you to support and approve No Turn On Red citywide to make it safer, easier, and more comfortable to cross the street in San Francisco. Please do everything in your power to ensure No Turn On Red is implemented citywide as soon as possible.

For those of you in state-level office, please work on legislation to allow SFMTA to implement No Turn On Red without installing signs at every intersection — which would enable the City to implement No Turn On Red citywide faster at a significantly lower cost and using significantly less staff time — and legislation to implement No Turn On Red statewide.

Thank you,

titus.p.ponrathnam@gmail.com 160 Aptos Ave San Francisco, California 94127

I am writing to urge you to support and approve a citywide No Turn On Red to make it safer, easier, and more comfortable to cross the street in San Francisco as well as make streets safer and more predictable for car drivers. No Turn On Red has been proven to increase safety — especially for children, seniors, and people living with disabilities — including where it's been implemented in San Francisco (e.g. the 50 intersections in the Tenderloin). Now is the time to expand No Turn On Red citywide, so drivers know this unsafe behavior is no longer permitted throughout the city while people can feel safe crossing the street with easier and greater access.

Our city faces a roadway safety crisis and a climate crisis, both of which require making it safer to get around without a car and encouraging people to shift trips from cars to public transportation and active transportation (e.g. bikes, scooters, skateboards, mobility devices, etc.). Implementing No Turn On Red citywide will increase roadway safety (decrease roadway injuries) and help more people shift trips to walking, public transportation, and active transportation, making our city safer for people, especially people who are disproportionately negatively impacted by our roadway safety crisis and car-dominated transportation system (children, seniors, people living with disabilities, BIPOC). We need your leadership to make this street safety improvement now.

I urge you to support and approve No Turn On Red citywide to make it safer, easier, and more comfortable to cross the street in San Francisco. Please do everything in your power to ensure No Turn On Red is implemented citywide as soon as possible.

For those of you in state-level office, please work on legislation to allow SFMTA to implement No Turn On Red without installing signs at every intersection — which would enable the City to implement No Turn On Red citywide faster at a significantly lower cost and using significantly less staff time — and legislation to implement No Turn On Red statewide.

Thank you,

Lucas Neumann lucasneumann.fau@gmail.com 1240 Bush st San Francisco, California 94109

To: Mayor Breed

cc: Board of Supervisors

Clerk of the board: please place in correspondence file: File No. 231086

Mayor Breed:

We are an organization that advocates for the well being of people who are elderly and disabled, and it is quite obvious that the security arrangements for APEC will endanger the ability of frail people living in the area to receive services that are essential in their homes & to access essential transportation.

The SF 10 million must go to those endangered by the security zone. Please demonstrate your care and concern for those whose basic needs will be most affected by the limitations imposed in the security zone.

The \$10 million in reserve funds set aside for the APEC conference MUST BE USED to inform and assist seniors and people with disabilities as well as families living in the area. Their needs and services should be our primary concern.

Thank you,

Subject: Please Invest in Solutions to Prevent Harmful Algae Blooms & Fish Kills

Date: Sunday, October 29, 2023 10:16:31 AM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

To: Mayor London Breed CC: SFPUC General Manager Dennis Herrera, SFPUC Commission, and the San Francisco Board of Supervisors

Dear Mayor Breed,

I urge you to direct San Francisco's Public Utilities Commission (SFPUC) to aggressively increase the city's investment in water recycling today.

Last summer, a large harmful algal bloom has spread across the Bay, leaving unimaginable numbers of dead fish in its wake. We're still learning about this particular bloom, but what we do know is that San Francisco's sewage effluent contributes to excessive levels of nutrients in San Francisco Bay that make the Bay fertile territory for the spread of harmful algae blooms.

Water recycling and other wastewater management technologies can help by reducing the volume of polluted discharges into the Bay. In addition, by producing potable supplies, water recycling will reduce San Francisco's reliance on water diverted from the Tuolumne River, increasing the city's resilience to climate change effects on water supply.

Other cities have learned the lessons of California's unpredictable climate and are quickly adopting water recycling to reduce their burden on the ecosystem, while increasing the reliability of their supply. Orange County gets more than 75 percent of its water through its water reuse program. Las Vegas recycles nearly all of its water used indoors. And Los Angeles is on the path to reusing 100 percent of its wastewater by 2035.

But, as San Francisco's draft Urban Water Management Plan recently revealed, the city currently has no plans to make recycled water widely available in the next 25 years. Instead, the city is pursuing multiple expensive and misguided lawsuits so that it can continue to rely, almost exclusively, on the Tuolumne River—one of the state's most overtapped rivers—for the next several decades. San Francisco and large agribusiness water districts divert four out of every five gallons of water that flow in the Tuolumne River during a typical year.

This overuse has caused the river's once mighty Chinook Salmon populations to crash. Meanwhile, low freshwater flows contribute to deteriorating water quality—including harmful algae blooms—in the Delta and San Francisco Bay.

I agree with Supervisor Aaron Peskin that "it is time for San Francisco and our sister cities in the nine Bay Area counties to start looking at what kinds of infrastructure investments will need to be made as this becomes,

sadly, the new normal." It's unacceptable for the city with the nation's greenest reputation to shirk its responsibilities to conserve California's precious and unpredictable water supply.

I support increasing river flows to protect San Francisco Bay's fisheries, water quality, and recreation. The city should do its part to protect the Bay and its rivers—water recycling is a common-sense way to limit the city's water use, increase the reliability of its supply, and protect the Bay from harmful wastewater treatment plant effluent.

Thank you,

Alameda, CA

Thank you for your Chronicle article about the homeless one site that is being developed to coordinate all the resources available!

I can't believe the City Supervisors, Mayor, Homeless Commissions and non-profits NEVER developed this even though we are the center of the computer entrepreneurs in the world! They are bureaucrats!

Let's hope there is some incentive for those running for election to streamline this major issue in San Francisco!

Fwd: Music is far too loud and disturbing neighbors Sunday, October 29, 2023 12:20:37 PM

Board of Supervisors, Hillary Ronen and Santiago Lerma,

I would like to object to the license granted to the nightclub operating as Echo at 2565 Mission St, San Francisco, CA 94110 [formerly called Arena SF].

Summary of the problem:

- My neighbors and I live at 662 Capp St, directly behind Echo, separated by a yard of about 50 feet in length.
- · Echo has been predominantly unresponsive to neighbor complaints about excessive noise emanating from their premises on Thursday, Friday and Saturday nights.

Specific details about the problem:

- . The club now constantly exceeds noise levels that are permitted in San Francisco.
 - o I measured 82dB on October 22nd, and 78.3dB last night from our building.
 - When I measure ambient noise, it is typically below 59dB (and this is a generous ambient level).
- · Note: city permitted noise is no more than 8dB emanating from the property plane. Echo now always far exceeds the permitted noise levels.
 - · City rules state, "The standard in Section 2909(b), eight dBA above the ambient at any point outside of the property plane, is the maximum allowable cumulative level of exterior noise, produced from any combination of mechanical device(s) and implied sound systems(s) originating from an exclusively commercial or industrial property or from or serving a commercial use located within a mixed use property. For a licensed Place of Entertainment or a Limited Live Performance Locale (or other venues enforced by the Entertainment Commission), this standard applies to both A-weighted and C-weighted measures."

 In their liquor license application: https://www.abc.ca.gov/licensing/license-lookup/single-license/?RPTTYPE=12&LICENSE=523547 "Arena SF" [former
 - name prior to renaming as Echo] "No noise shall be audible beyond the area under the control of the licensee as depicted on the most recently certified ABC-257."
 - Further, Arena claimed, "Arena SF is part of the Arena Nightlife Group which owns music venues in San Francisco, Orange County, Los Angeles, and Mountain View. Arena SF has been well-managed and non-problematic since 2019. There have been no noise complaints and minimal police issues since the business opened four years ago. My client will continue with this new ABC music venue license to be respectful to the neighborhood and to its customers. Arena SF is committed to providing a welcoming atmosphere, top-notch music, and great service. Foremost, they will be Good Neighbors'

 https://sfgov.legistar.com/LegislationDetail.aspx?ID=6179845&GUID=CAF9D327-1CB4-42D5-835C-E41463DACD26

 - This is simply not true, we have made many noise complaints over the past 5 years about excessive sound. The operators of Arena SF and Echo [new name] were quite reasonable in the past, adjusting the system appropriately. Further, even the Entertainment Commission caught them on several occasions exceeding the interior sound levels.

No matter which way you look at this, the business is causing problems. We can't sleep Thursday nights with the issue, and even on the weekend, we are denied the quiet enjoyment of our homes until after 2am. One night, on August 27th, they played past 4am [Ref: https://www.youtube.com/watch?v=yZce7HzQxFg]!

I would appreciate your help enforcing reasonable sound limits on this business, as they are flagrantly breaking several laws and rules that are in place for the protection of the community who live here.

Thank you.

Mark Andrews, on behalf of neighbors on the 600 Block of Capp Street.

Hi Kaitlyn,

It is shameful that the owners/operators of Echo are completely non-responsive to neighbors. I've contacted them several times to no avail. They only responded to me and Jason once and are completely ignoring us now.

I will note that their liquor license application says, "Arena SF (their former name, prior to renaming as Echo) is part of the Arena Nightlife Group which owns music venues in San Francisco, Orange County, Los Angeles, and Mountain View. Arena SF has been well-managed and non-problematic since 2019. There have been no noise complaints and minimal police issues since the business opened four years ago. My client will continue with this new ABC music venue license to be respectful to the neighborhood and to its customers. Arena SF is committed to providing a welcoming atmosphere, top-notch music, and great service. Foremost, they will be Good Neighbors.

https://sfgov.legistar.com/LegislationDetail.aspx?ID=6179845&GUID=CAF9D327-1CB4-42D5-835C-E41463DACD26

The last sentence is a complete joke, they are extremely reckless and negligent when it comes to being good neighbors given their lack of due care to engage with the neighbors and ignoring the problem they are causing and have the capability to resolve. Further, there have been many complaints about noise over the years as your records can attest. The difference now, is they are not adjusting the sound appropriately when we contact them.

I want to state very clearly that come Feb 2024, I do not want the city to renew their license because of the complete disregard for the community in which they

They are clearly disinterested in playing a reasonable role as a business operator within the community.

Who can I appeal to about their license at this point? I'd appreciate your help.

Thanks.

Mark, on behalf of neighbors on the Capp 600 block

Hi Kaitlyn,

The beat of music is irritating again tonight - we shouldn't be forced to listen to this inside our own homes. They have to adjust the sound and fit sound abatement material to more of the building. The leakage is a big problem.

Mark

On Wed, Oct 25, 2023 at 1:05 PM Entertainment Enforcement (ADM) < entertainment.enforcement@sfgov.org > wrote:

No problem - and since I called you, I heard back from an owner. They confirmed they did move their upstairs sound equipment downstairs, so now we are scheduling the sound test but noting for this group that my Senior Inspector who does the tests (usually during the weekday so as not to disrupt business operations) is out sick and this testing likely won't occur until next week when he's back.

In the meantime, please continue to use 311 as needed and one of my inspectors will respond if they are in the field.

Best,

Kaitlyn

On Sun, Oct 22, 2023 at 1:07 PM Mark Andrews <<u>mark@planetandrews.com</u>> wrote:

To contrast, with ambient noise today (even with a commercial aircraft flying overhead just now), the level is 59dB, last night I measured 82dB.

San Francisco law states: (b) Commercial And Industrial Property Noise Limits. No person shall produce or allow to be produced by any machine, or device, music or entertainment or any combination of same, on commercial or industrial property over which the person has ownership or control, a noise level more than eight dBA above the local ambient at any point outside of the property plane. With respect to noise generated from a licensed Place of Entertainment, licensed Limited Live Performance Locale, or other location subject to regulation by the Entertainment Commission or its Director, in addition to the above dBA criteria a secondary low frequency dBC criteria shall apply to the definition above. No noise or music associated with a licensed Place of Entertainment, licensed Limited Live Performance Locale, or other location subject to regulation by the Entertainment Commission or its Director, shall exceed the low frequency ambient noise level defined in Section 2901(f) by more than 8 dBC.

Echo is clearly in violation of this law.

The manager responded tersely over text message to Jason and me stating, "We have had the sound inspector visit both nights due to sound complaints and have been told we are well within our legal operating limits, so unfortunately there is nothing more we can do to accommodate you". So it's clear they are unwilling to do anything further.

I'd like you to follow up on the clear violation here. Echo may be within the limit inside the club, but they are well outside the limit outside the premises.

Regards,

Mark

Subject: Re: Music is far too loud and disturbing neighbors

I just want to add, tonight we listened to the club behind our building (directly behind the Venue) and from on top of our building. It seemed "ok", but inside our bedrooms, where there is far less ambient noise, all I can hear is the baseline to the music they're playing. It may be low dB, but it is irritating. If I listen to it purposefully, my mind concentrates on it and sometimes I get a headache. Should I be able to hear it at all? It would be hard to measure, but subjectively it sticks out.

Jason

Subject: Re: Music is far too loud and disturbing neighbors

Hi Kaitlyn,

What can we do about having them adjust their sound equipment to reduce the bass? They do appear to have turned off speakers upstairs which is helping with some sound issues, but the bass is disturbing us still.

Thanks.

Mark

On Wed, Oct 18, 2023 at 2:00 PM Mark Andrews < mark@planetandrews.com > wrote:

Hi Kaitlyn,

There should also be a measurement behind the premises with normal sound system operation. There is quite a lot of leakage and that's what's causing the problem in our building. I think there needs to be perhaps, also adjustment of their sound proofing.

Thanks

Mark

On Wed, Oct 18, 2023 at 12:25 PM Entertainment Enforcement (ADM) < entertainment.enforcement@sfgov.org> wrote:

Hi Folks,

Thanks for the added context here. I've reached out to Echo's ownership team to check in about any modifications they've made to the sound system as indicated below. I'm also inquiring as to why sound is being heard after 2am, as they only have a Place of Entertainment (POE) permit and therefore entertainment must end by 2am. I will note, some venues play prerecorded music as employees close down for the night, but I'm not sure that's the case here.

I'll send my inspector, Mike, out again this weekend to touch base with management and take internal sound recordings. Mike is familiar with the situation and has spoken with Mark in the past.

As always, please use 311 to lodge sound complaints so they come into our enforcement queue in real time and an inspector will respond if they are in the field. This also helps us track complaint history over time.

Best,

Kaitlyn

hi Kaitlyn,

I am the owner of APT 2 in 662 Capp ST and my tenants have reported on more than one occasion that the sound of the club is audible in our unit.

This, without a doubt violates the noise restrictions and I ask the Entertainment commission to work with us and the club to enforce the law.

Thanks,

Monica

On Mon, Oct 16, 2023 at 4:28 PM Jason Schlachet <jss@offramp.org> wrote:

Kaitlyn,

I live upstairs from Mark and just wanted to corroborate his claims. It is loud. I can sometimes hear their music through my pillow (it is actually louder when my ear is in contact with my bed), meaning there is definitely a good amount of vibration in our building from Echo. The only thing I agree with the venue is that nothing has changed - it was too loud then, it is too loud now.

To demonstrate this, on August 27th, I was woken up and heard music from this venue at 4am. I grabbed an extra phone and recorded the noise from my bedroom patio, with the clock of the other phone for reference. It is so loud, my phone was able to identify it as "I Wanna be Down" by Brandy.

Video: https://www.youtube.com/watch?v=yZce7HzQxFg

Is it reasonable that their music shouldn't be so loud that I can identify the song? If this isn't a demonstration of the nuisance, I don't know what is.

The operating restriction on their ABC license says, "Entertainment provided shall not be audible beyond the area under the control of the licensee(s) as depicted on the most recently certified ABC-257." So I would like to know what the bounds of that area is, and challenge the assertion.

Thanks,

Jasor

> To: <info@echosfc.com>
> CC: 662CappHOA < 662capphoa@googlegroups.com>
> The music coming from your club is far too loud. The law states that it should not be audible outside the building. We live on Capp Street behind
your building and we can hear it very clearly indeed.
> https://www.sfdph.org/dph/files/ehsdocs/ehsnoise/guidelinesnoiseenforcement.pdf
> Previous club operators adjusted the sound to fall within permitted levels and had sound proofing installed. Has something happened the sound
proofing in the building, because both the bass and higher frequencies are very audible indoors with all the windows closed (through triple glazing)?
> Please check your sound configuration and adjust it so it does not disturb the neighborhood.
  Thank you,
> Mark

Subject: Housing Code Violations That No One Is Doing Anything To Resolve!

Date: Sunday, October 29, 2023 10:37:18 AM

This message is from outside the City email system. Do not open links or attachments from untrusted sources

Hello.

How can the City of San Francisco (and other California cities and counties) allow the conditions described in this article by a resident who is a senior with a disability? Apparently, she must walk down nine (9!) fights of stairs to use the lobby toilet because even after repairs, her toilet won't flush!

https://www.sfpublicpress.org/after-massive-renovations-code-violations-rise-steeply-in-subsidized-housing/

This is one of an overwhelming number of code violations that exist throughout California because local code permit/enforcement agencies aren't doing their job. Who were the licensed architect and contractor that designed and built the repairs described in the story? Will they or anyone, for that matter, be held responsible for these outrageous conditions the State's poorest and most vulnerable must experience? Or do we just not give a damn about them? And, by the way, what happened to our compassion?

What will the California Department of Justice (Attorney General Bonta) do about this unacceptable condition thats leaving vulnerable seniors and people with disabilities (people first, please!) with inhumane living conditions?

Hello,

I'd like you to please note that this week my home was broken into in lauren heights and my bikes were stolen. This behavior seems to be normalized in San Francisco because of the shortfalls of our local government. I'd like to ask that you please keep your regular citizens in mind when creating laws. Crime is not okay - please don't try and normalize it.

Sincerely,

One of many concerned SF citizens

Subject: Some final thoughts on remote testimony

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear Supervisors,

J News lacked room for this so here you go.

Additionally, I'm going to wax philosophical for a moment after the past week or so: I can't get enough people to care about restoring remote testimony down there and too many outside of Clerk Angela's/City Hall want to be chiefs versus team players. Do their own thang for anti-social media and bait the SFBOS President, I guess. Especially as some expect and gain more attention & publicity from their in-person performances that President Peskin is selectively giving. It's a right-wing *thang* and I'm a Stefani Fighter-Attack Wing guy. Politics is a team sport.

One last thing, just for the record: There are and were several "correct" answers for Supervisor Stefani's vote. I'll let Supervisor Stefani explain in her own words due to these unique concepts called *respect* and *mutual*

admiration.

I am too busy fighting Avrum (Alex) Tsimerman in my part of the world to concern myself too much with a SF that does not want to save thyself together in action and brotherhood. SF's about to lose your "Maverick" to Sacramento barring a serious last-minute candidate... Onward;

JOE

Letter

As one of the proponents of Washington State's 2022's HB 1329 that made oral remote testimony required alongside in-person testimony and also having a Jewish relative plus some contacts in the Bay Area, I follow with equal parts interest and horror the closing of the skies to remote testimony such as Emma Goss' "More Bay Area governments end remote comments to stop antisemitic rants". The Brown Act, a 1953 law since amended, apparently needs a full renovation for the 2020s.

But fret not; renovating the Brown Act can be done. See what this open government advocate did in Washington State was politely ask now-former Representative Emily Wicks to legislate making remote testimony law and other necessary fixes to our Open Public Meetings Act like how to have remote meetings in an emergency law. It took two legislative sessions and compromises to win allyship of local government lobbyists, but we did protect remote testimony.

I am confident that if California could create a posse of local government lobbyists, voices for inclusion, and a few empathetic legislators – civility and inclusion could return to California skies. The Brown Act should state that hate speech is disruptive by dissuading participation on public policy – which is the antithesis of open government law. Additionally, all remote callers should preregister and agree to a code of conduct that includes a one-year ban for two violations in a month. Tough but fair.

I sincerely wish to help that posse. I have a very special reason why. I greatly enjoyed calling into the San Francisco Board of Supervisors to be a superfan of Supervisor Catherine "Maverick" Stefani. Catherine's an Italian Catholic ally of Jewry who fought with valor and defeated like a Zelensky the anti-Semitic attackers in her committee and plus is the best gun violence prevention advocate ever.
