Message to the Rules Committee and the Board of Supervisors

From your constituent: Ron ALBUCHER, ronalbucher@gmail.com

I am a resident of

District 8

Message: I OPPOSE Safai's charter amendment to increase taxes to solve the SFPD staffing crisis.

Dear Supervisor Safai,

I am writing to vehemently OPPOSE your amendment to Supervisor Dorsey's SFPD staffing plan. Increasing our taxes to solve the SFPD staffing crisis is irresponsible and demonstrates a disregard for residents who struggle to afford to live in San Francisco, and who expect public safety and a fully staffed police department to be part of the basic city services we already pay for.

We need the restoration of public safety now so that residents and business owners can feel reasonably safe again. This is a top priority for the majority of San Franciscans, and a fully staffed police force is needed to do the work that is necessary.

The net amount needed to fund the ORIGINAL Dorsey Charter amendment is estimated to be \$20M annually (after accounting for overtime savings).

We are hard-pressed to believe that the money couldn't be found in the city budget. Perhaps you should consider ending the funding of just one ineffective non-profit annually to cover that cost.

You have recently overseen a city budget that has DOUBLED since 2017, and you are telling the working residents of San Francisco that taxes must be raised for the city to provide basic law enforcement services and address a public safety crisis that city leaders should have handled long ago.

This is unacceptable and outrageous.

I do not support your amendment that guts Supervisor Dorsey's charter amendment for SFPD staffing and request that you withdraw it immediately or kill the bill

entirely.

From: gcavage@everyactioncustom.com on behalf of [George Cavage](#)
To: [Young, Victor \(BOS\)](#)
Subject: In Opposition to File #230985 - Supervisor Dorsey's Police Staffing Charter Amendment as Amended
Date: Sunday, November 5, 2023 10:56:58 AM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear Victor Young,

I am writing to you to express my opposition to the San Francisco Police Full Staffing Act as amended by Supervisor Safai and to urge you to vote against it.

Safai's amendment ties increased public safety to an unknown future tax that voters must approve and leaves the legislation without an actual funding source. Asking voters to raise taxes in order to get a fully staffed police department, a basic city service that should be included in a \$14 billion budget, is both bad budgetary policy and bad governance.

As San Francisco continues to grapple with severe public safety challenges including rampant car break-ins, shoplifting, and unprecedented open air drug markets, we as a City must do everything we can to increase public safety, including addressing the ongoing officer shortage in the San Francisco Police Department.

Unfortunately due to Supervisor Safai's amendment, this legislation will not help us address these issues, but instead prevent SFPD from recruiting and hiring the officers needed to keep residents and small business owners safe.

I hope you will vote in opposition to this legislation and work with Supervisor Dorsey to draft legislation that will actually prioritize the safety of your constituents, as well as residents of and visitors to San Francisco.

Sincerely,
George Cavage

I am writing to vehemently OPPOSE your amendment to Supervisor Dorsey's SFPD staffing plan. Increasing our taxes to solve the SFPD staffing crisis is irresponsible and demonstrates a disregard for residents who struggle to afford to live in San Francisco, and who expect public safety and a fully staffed police department to be part of the basic city services we already pay for.

We need the restoration of public safety now so that residents and business owners can feel reasonably safe again. This is a top priority for the majority of San Franciscans, and a fully staffed police force is needed to do the work that is necessary.

The net amount needed to fund the ORIGINAL Dorsey Charter amendment is estimated to be \$20M annually (after accounting for overtime savings).

We are hard-pressed to believe that the money couldn't be found in the city budget. Perhaps you should consider ending the funding of just one ineffective non-profit annually to cover that cost.

You have recently overseen a city budget that has DOUBLED since 2017, and you are telling the working residents of San Francisco that taxes must be raised for the city to provide basic law enforcement services and address a public safety crisis that city leaders should have handled long ago.

This is unacceptable and outrageous.

I do not support your amendment that guts Supervisor Dorsey's charter amendment for SFPD staffing and request that you withdraw it immediately or kill the bill

entirely.

Subject: In Opposition to File #230985 - Supervisor Dorsey's Police Staffing Charter Amendment as Amended
Date: Sunday, November 5, 2023 12:37:31 PM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear Victor Young,

I am writing to you to express my opposition to the San Francisco Police Full Staffing Act as amended by Supervisor Safai and to urge you to vote against it.

Safai's amendment ties increased public safety to an unknown future tax that voters must approve and leaves the legislation without an actual funding source. Asking voters to raise taxes in order to get a fully staffed police department, a basic city service that should be included in a \$14 billion budget, is both bad budgetary policy and bad governance.

As San Francisco continues to grapple with severe public safety challenges including rampant car break-ins, shoplifting, and unprecedented open air drug markets, we as a City must do everything we can to increase public safety, including addressing the ongoing officer shortage in the San Francisco Police Department.

Unfortunately due to Supervisor Safai's amendment, this legislation will not help us address these issues, but instead prevent SFPD from recruiting and hiring the officers needed to keep residents and small business owners safe.

I hope you will vote in opposition to this legislation and work with Supervisor Dorsey to draft legislation that will actually prioritize the safety of your constituents, as well as residents of and visitors to San Francisco.

Sincerely,
Karen Breslin

Date: Sunday, November 5, 2023 4:46:04 PM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear Victor Young,

I am writing to you to express my opposition to the San Francisco Police Full Staffing Act as amended by Supervisor Safai and to urge you to vote against it.

Safai's amendment ties increased public safety to an unknown future tax that voters must approve and leaves the legislation without an actual funding source. Asking voters to raise taxes in order to get a fully staffed police department, a basic city service that should be included in a \$14 billion budget, is both bad budgetary policy and bad governance.

As San Francisco continues to grapple with severe public safety challenges including rampant car break-ins, shoplifting, and unprecedented open air drug markets, we as a City must do everything we can to increase public safety, including addressing the ongoing officer shortage in the San Francisco Police Department.

Unfortunately due to Supervisor Safai's amendment, this legislation will not help us address these issues, but instead prevent SFPD from recruiting and hiring the officers needed to keep residents and small business owners safe.

I hope you will vote in opposition to this legislation and work with Supervisor Dorsey to draft legislation that will actually prioritize the safety of your constituents, as well as residents of and visitors to San Francisco.

Sincerely,
Luke Perkocha

Message to the Rules Committee and the Board of Supervisors

From your constituent: Stephen Ernst, steve.ernst@yahoo.com

I am a resident of

District 6

Message: I OPPOSE Safai's charter amendment to increase taxes to solve the SFPD staffing crisis.

Dear Supervisor Safai,

I am writing to vehemently OPPOSE your amendment to Supervisor Dorsey's SFPD staffing plan. Increasing our taxes to solve the SFPD staffing crisis is irresponsible and demonstrates a disregard for residents who struggle to afford to live in San Francisco, and who expect public safety and a fully staffed police department to be part of the basic city services we already pay for.

We need the restoration of public safety now so that residents and business owners can feel reasonably safe again. This is a top priority for the majority of San Franciscans, and a fully staffed police force is needed to do the work that is necessary.

The net amount needed to fund the ORIGINAL Dorsey Charter amendment is estimated to be \$20M annually (after accounting for overtime savings).

We are hard-pressed to believe that the money couldn't be found in the city budget. Perhaps you should consider ending the funding of just one ineffective non-profit annually to cover that cost.

You have recently overseen a city budget that has DOUBLED since 2017, and you are telling the working residents of San Francisco that taxes must be raised for the city to provide basic law enforcement services and address a public safety crisis that city leaders should have handled long ago.

This is unacceptable and outrageous.

I do not support your amendment that guts Supervisor Dorsey's charter amendment for SFPD staffing and request that you withdraw it immediately or kill the bill

entirely.

Increasing our taxes to solve the SFPD staffing crisis is irresponsible and demonstrates a disregard for residents who struggle to afford to live in San Francisco, and who expect public safety and a fully staffed police department to be part of the basic city services we already pay for.

We need the restoration of public safety now so that residents and business owners can feel reasonably safe again. This is a top priority for the majority of San Franciscans, and a fully staffed police force is needed to do the work that is necessary.

The net amount needed to fund the ORIGINAL Dorsey Charter amendment is estimated to be \$20M annually (after accounting for overtime savings).

We are hard-pressed to believe that the money couldn't be found in the city budget. Perhaps you should consider ending the funding of just one ineffective non-profit annually to cover that cost.

You have recently overseen a city budget that has DOUBLED since 2017, and you are telling the working residents of San Francisco that taxes must be raised for the city to provide basic law enforcement services and address a public safety crisis that city leaders should have handled long ago.

This is unacceptable and outrageous.

I do not support your amendment that guts Supervisor Dorsey's charter amendment for SFPD staffing and request that you withdraw it immediately or kill the bill

entirely.

Message: I OPPOSE Safai's charter amendment to increase taxes to solve the SFPD staffing crisis.

Dear Supervisor Safai and Board of Supervisors

I am writing to vehemently OPPOSE your amendment to Supervisor Dorsey's SFPD staffing plan.

The most fundamental purpose of a city government (or any government) is to defend public safety and uphold the law to protect private property. Without these protections, we are at risk of descending further into chaos. People and businesses are already leaving San Francisco at a terrifying rate. The reason they are leaving is because the most fundamental of expectations - public safety and rule of law - is not being upheld.

Public safety and rule of law needs to be at the TOP of the city of San Francisco Budget priorities, not an afterthought. Without public safety and rule of law, nothing else matters. The San Francisco city expenses has doubled from 2017. the population has dropped.

We need to prioritize the city expenses to what matters most for the long term viability of the city.

Raising taxes is NOT the answer. People and businesses are fleeing the city because of crime and high taxes and cost of living. The city government needs to do your job and PRIORITIZE public safety and make decisions about what other expenses should be cut.

Every private company and household does this every day. We all prioritize and decide where to spend our money and where to cut costs.

I do not support your amendment that guts Supervisor Dorsey's charter amendment for SFPD staffing and request that you withdraw it immediately or kill the bill entirely.

Subject: In Opposition to File #230985 - Supervisor Dorsey's Police Staffing Charter Amendment as Amended
Date: Monday, November 6, 2023 1:25:35 AM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear Victor Young,

I am writing to you to express my opposition to the San Francisco Police Full Staffing Act as amended by Supervisor Safai and to urge you to vote against it.

Safai's amendment ties increased public safety to an unknown future tax that voters must approve and leaves the legislation without an actual funding source. Asking voters to raise taxes in order to get a fully staffed police department, a basic city service that should be included in a \$14 billion budget, is both bad budgetary policy and bad governance.

As San Francisco continues to grapple with severe public safety challenges including rampant car break-ins, shoplifting, and unprecedented open air drug markets, we as a City must do everything we can to increase public safety, including addressing the ongoing officer shortage in the San Francisco Police Department.

Unfortunately due to Supervisor Safai's amendment, this legislation will not help us address these issues, but instead prevent SFPD from recruiting and hiring the officers needed to keep residents and small business owners safe.

I hope you will vote in opposition to this legislation and work with Supervisor Dorsey to draft legislation that will actually prioritize the safety of your constituents, as well as residents of and visitors to San Francisco.

Sincerely,
Lena Wong

Dear Supervisor Safai,

I am writing to vehemently OPPOSE your amendment to Supervisor Dorsey's SFPD staffing plan. Increasing our taxes to solve the SFPD staffing crisis is irresponsible and demonstrates a disregard for residents who struggle to afford to live in San Francisco, and who expect public safety and a fully staffed police department to be part of the basic city services we already pay for.

We need the restoration of public safety now so that residents and business owners can feel reasonably safe again. This is a top priority for the majority of San Franciscans, and a fully staffed police force is needed to do the work that is necessary.

The net amount needed to fund the ORIGINAL Dorsey Charter amendment is estimated to be \$20M annually (after accounting for overtime savings).

We are hard-pressed to believe that the money couldn't be found in the city budget. Perhaps you should consider ending the funding of just one ineffective non-profit annually to cover that cost.

You have recently overseen a city budget that has DOUBLED since 2017, and you are telling the working residents of San Francisco that taxes must be raised for the city to provide basic law enforcement services and address a public safety crisis that city leaders should have handled long ago.

This is unacceptable and outrageous.

I do not support your amendment that guts Supervisor Dorsey's charter amendment for SFPD staffing and request that you withdraw it immediately or kill the bill

entirely.

Date: Monday, November 6, 2023 10:06:22 AM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear Victor Young,

I am writing to you to express my opposition to the San Francisco Police Full Staffing Act as amended by Supervisor Safai and to urge you to vote against it.

Safai's amendment ties increased public safety to an unknown future tax that voters must approve and leaves the legislation without an actual funding source. Asking voters to raise taxes in order to get a fully staffed police department, a basic city service that should be included in a \$14 billion budget, is both bad budgetary policy and bad governance.

As San Francisco continues to grapple with severe public safety challenges including rampant car break-ins, shoplifting, and unprecedented open air drug markets, we as a City must do everything we can to increase public safety, including addressing the ongoing officer shortage in the San Francisco Police Department.

Unfortunately due to Supervisor Safai's amendment, this legislation will not help us address these issues, but instead prevent SFPD from recruiting and hiring the officers needed to keep residents and small business owners safe.

I hope you will vote in opposition to this legislation and work with Supervisor Dorsey to draft legislation that will actually prioritize the safety of your constituents, as well as residents of and visitors to San Francisco.

Sincerely,
vince hoenigman

Dear Supervisor Safai,

I am writing to vehemently OPPOSE your amendment to Supervisor Dorsey's SFPD staffing plan. Increasing our taxes to solve the SFPD staffing crisis is irresponsible and demonstrates a disregard for residents who struggle to afford to live in San Francisco, and who expect public safety and a fully staffed police department to be part of the basic city services we already pay for.

We need the restoration of public safety now so that residents and business owners can feel reasonably safe again. This is a top priority for the majority of San Franciscans, and a fully staffed police force is needed to do the work that is necessary.

The net amount needed to fund the ORIGINAL Dorsey Charter amendment is estimated to be \$20M annually (after accounting for overtime savings).

We are hard-pressed to believe that the money couldn't be found in the city budget. Perhaps you should consider ending the funding of just one ineffective non-profit annually to cover that cost.

You have recently overseen a city budget that has DOUBLED since 2017, and you are telling the working residents of San Francisco that taxes must be raised for the city to provide basic law enforcement services and address a public safety crisis that city leaders should have handled long ago.

This is unacceptable and outrageous and yet another example of the inefficiency of San Francisco's bureaucracy and misguided attempts at addressing pressing public safety concerns.

I do not support your amendment that guts Supervisor Dorsey's charter amendment for SFPD staffing and request that you withdraw it immediately or kill the bill entirely.

I am a resident of District 4

Message: I OPPOSE Safai's charter amendment to increase taxes to solve the SFPD staffing crisis.

Dear Supervisor Safai,

I am writing to oppose your amendment to Supervisor Dorsey's SFPD staffing plan. Increasing our taxes to solve the SFPD staffing crisis demonstrates a disturbing disregard for residents. Public safety and a fully staffed police department are part of the basic city services we already pay for.

All communities need public safety, and the residents and business owners in our city deserve to be and to feel reasonably safe again. This is a top priority for most San Franciscans, and we need a fully staffed police force to make this happen.

The net amount needed to fund the original Dorsey Charter amendment is estimated to be \$20M annually (after accounting for overtime savings). I am hard-pressed to believe that the money can't be found in the city budget, which is enormous. Perhaps you should consider ending the funding of just one ineffective non-profit annually to cover that cost.

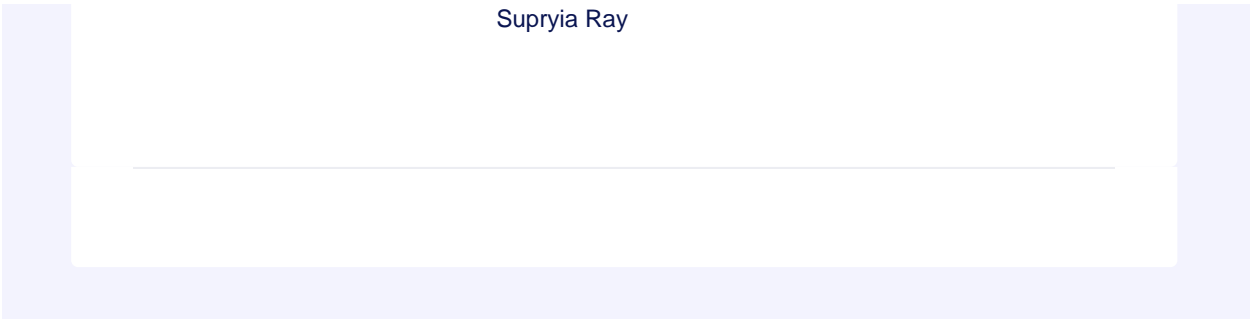

You have recently overseen a city budget that has doubled since 2017, and you are telling the working residents of San Francisco that taxes must be raised for the city to provide basic law enforcement services and address a public safety crisis that city leaders should have handled long ago.

This is unacceptable and outrageous.

I do not support your amendment and request that you withdraw it immediately.

Sincerely,

Supryia Ray

Date: Monday, November 6, 2023 12:01:13 PM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear Victor Young,

I am writing to you to express my opposition to the San Francisco Police Full Staffing Act as amended by Supervisor Safai and to urge you to vote against it.

Safai's amendment ties increased public safety to an unknown future tax that voters must approve and leaves the legislation without an actual funding source. Asking voters to raise taxes in order to get a fully staffed police department, a basic city service that should be included in a \$14 billion budget, is both bad budgetary policy and bad governance.

As San Francisco continues to grapple with severe public safety challenges including rampant car break-ins, shoplifting, and unprecedented open air drug markets, we as a City must do everything we can to increase public safety, including addressing the ongoing officer shortage in the San Francisco Police Department.

Unfortunately due to Supervisor Safai's amendment, this legislation will not help us address these issues, but instead prevent SFPD from recruiting and hiring the officers needed to keep residents and small business owners safe.

I hope you will vote in opposition to this legislation and work with Supervisor Dorsey to draft legislation that will actually prioritize the safety of your constituents, as well as residents of and visitors to San Francisco.

Sincerely,
Tanya Melillo

We need the restoration of public safety now so that residents and business owners can feel reasonably safe again. This is a top priority for the majority of San Franciscans, and a fully staffed police force is needed to do the work that is necessary.

The net amount needed to fund the ORIGINAL Dorsey Charter amendment is estimated to be \$20M annually (after accounting for overtime savings).

We are hard-pressed to believe that the money couldn't be found in the city budget. Perhaps you should consider ending the funding of just one ineffective non-profit annually to cover that cost.

You have recently overseen a city budget that has DOUBLED since 2017, and you are telling the working residents of San Francisco that taxes must be raised for the city to provide basic law enforcement services and address a public safety crisis that city leaders should have handled long ago.

This is unacceptable and outrageous.

I do not support your amendment that guts Supervisor Dorsey's charter amendment for SFPD staffing and request that you withdraw it immediately or kill the bill

entirely.

I am a resident of

District 6

Message: I OPPOSE Safai's charter amendment to increase taxes to solve the SFPD staffing crisis.

Dear Supervisor Safai,

I am writing to vehemently OPPOSE your amendment to Supervisor Dorsey's SFPD staffing plan. Increasing our taxes to solve the SFPD staffing crisis is irresponsible and demonstrates a disregard for residents who struggle to afford to live in San Francisco, and who expect public safety and a fully staffed police department to be part of the basic city services we already pay for.

We need the restoration of public safety now so that residents and business owners can feel reasonably safe again. This is a top priority for the majority of San Franciscans, and a fully staffed police force is needed to do the work that is necessary.

The net amount needed to fund the ORIGINAL Dorsey Charter amendment is estimated to be \$20M annually (after accounting for overtime savings).

We need the restoration of public safety now so that residents and business owners can feel reasonably safe again. This is a top priority for the majority of San Franciscans, and a fully staffed police force is needed to do the work that is necessary.

The net amount needed to fund the ORIGINAL Dorsey Charter amendment is estimated to be \$20M annually (after accounting for overtime savings).

We are hard-pressed to believe that the money couldn't be found in the city budget. Perhaps you should consider ending the funding of just one ineffective non-profit annually to cover that cost.

You have recently overseen a city budget that has DOUBLED since 2017, and you are telling the working residents of San Francisco that taxes must be raised for the city to provide basic law enforcement services and address a public safety crisis that city leaders should have handled long ago.

This is unacceptable and outrageous.

I do not support your amendment that guts Supervisor Dorsey's charter amendment for SFPD staffing and request that you withdraw it immediately or kill the bill

entirely.

Message to the Rules Committee and the Board of Supervisors

From your constituent: Rick Lee, glock226@yahoo.com

I am a resident of District10

Message: I OPPOSE Safai's charter amendment to increase taxes to solve the SFPD staffing crisis.

Dear Supervisor Safai,

I am writing to vehemently OPPOSE your amendment to Supervisor Dorsey's SFPD staffing plan. Increasing our taxes to solve the SFPD staffing crisis is irresponsible and demonstrates a disregard for residents who struggle to afford to live in San Francisco, and who expect public safety and a fully staffed police department to be part of the basic city services we already pay for.

We need the restoration of public safety now so that residents and business owners can feel reasonably safe again. This is a top priority for the majority of San Franciscans, and a fully staffed police force is needed to do the work that is necessary.

The net amount needed to fund the ORIGINAL Dorsey Charter amendment is estimated to be \$20M annually (after accounting for overtime savings).

The net amount needed to fund the ORIGINAL Dorsey Charter amendment is estimated to be \$20M annually (after accounting for overtime savings).

We are hard-pressed to believe that the money couldn't be found in the city budget. Perhaps you should consider ending the funding of just one ineffective non-profit annually to cover that cost.

You have recently overseen a city budget that has DOUBLED since 2017, and you are telling the working residents of San Francisco that taxes must be raised for the city to provide basic law enforcement services and address a public safety crisis that city leaders should have handled long ago.

This is unacceptable and outrageous.

I do not support your amendment that guts Supervisor Dorsey's charter amendment for SFPD staffing and request that you withdraw it immediately or kill the bill

entirely.

I am a resident of

District 5

Message: I OPPOSE Safai's charter amendment to increase taxes to solve the SFPD staffing crisis.

Dear Supervisor Safai,

I am writing to vehemently OPPOSE your amendment to Supervisor Dorsey's SFPD staffing plan. Increasing our taxes to solve the SFPD staffing crisis is irresponsible and demonstrates a disregard for residents who struggle to afford to live in San Francisco, and who expect public safety and a fully staffed police department to be part of the basic city services we already pay for.

We need the restoration of public safety now so that residents and business owners can feel reasonably safe again. This is a top priority for the majority of San Franciscans, and a fully staffed police force is needed to do the work that is necessary.

The net amount needed to fund the ORIGINAL Dorsey Charter amendment is estimated to be \$20M annually (after accounting for overtime savings).

We are hard-pressed to believe that the money couldn't be found in the city budget. Perhaps you should consider ending the funding of just one ineffective non-profit annually to cover that cost.

Message to the Rules Committee and the Board of Supervisors

From your constituent: David Wise, namaste@sonic.net

I am a resident of

District 8

Message: I OPPOSE Safai's charter amendment to increase taxes to solve the SFPD staffing crisis.

Dear Supervisor Safai,

I am writing to vehemently OPPOSE your amendment to Supervisor Dorsey's SFPD staffing plan. Increasing our taxes to solve the SFPD staffing crisis is irresponsible and demonstrates a disregard for residents who struggle to afford to live in San Francisco, and who expect public safety and a fully staffed police department to be part of the basic city services we already pay for.

We need the restoration of public safety now so that residents and business owners can feel reasonably safe again. This is a top priority for the majority of San Franciscans, and a fully staffed police force is needed to do the work that is necessary.

The net amount needed to fund the ORIGINAL Dorsey Charter amendment is estimated to be \$20M annually (after accounting for overtime savings).

We are hard-pressed to believe that the money couldn't be found in the city budget. Perhaps you should consider ending the funding of just one ineffective non-profit annually to cover that cost.

You have recently overseen a city budget that has DOUBLED since 2017, and you are telling the working residents of San Francisco that taxes must be raised for the city to provide basic law enforcement services and address a public safety crisis that city leaders should have handled long ago.

This is unacceptable and outrageous.

I do not support your amendment that guts Supervisor Dorsey's charter amendment for SFPD staffing and request that you withdraw it immediately or kill the bill

entirely.

From your constituent: Ron Will, ron.will@yahoo.com

I am a resident of District 8

Message: I OPPOSE Safai's charter amendment to increase taxes to solve the SFPD staffing crisis.

Dear Supervisor Safai,

I am writing to vehemently OPPOSE your amendment to Supervisor Dorsey's SFPD staffing plan. This is political grandstanding at its worse. Increasing our taxes to solve the SFPD staffing crisis is ridiculous. It's irresponsible and demonstrates a disregard for residents who struggle to afford to live in San Francisco. We rightfully expect public safety and a fully staffed police department to be part of the basic city services we already pay for.

We need the restoration of public safety now so that residents and business owners can feel reasonably safe again - and end the doom loop San Francisco finds itself in. This is a top priority for the majority of San Franciscans, and a fully staffed police force is needed to do the work that is necessary.

The net amount needed to fund the ORIGINAL Dorsey Charter amendment is estimated to be \$20M annually (after accounting for overtime savings).

We are hard-pressed to believe that the money couldn't be found in the city budget. Perhaps you should consider ending the funding of just one of the many homeless industrial complex organizations that clearly are ineffective and incentivized to continue the current state of affairs.

You have recently overseen a city budget that has DOUBLED since 2017, and you are telling the working residents of San Francisco that taxes must be raised for the city to provide basic law enforcement services and address a public safety crisis that city leaders should have handled long ago.

Perhaps you may consider reducing the budget for "homeless" services as it is well known that hundreds of millions are wasted due to lack of accountability on the part of the "non profit" service providers to whom the contracts are granted.

Message to the Rules Committee and the Board of Supervisors

From your constituent: Jeffrey Gaynor, jgaynors@gmail.com

I am a resident of District 7

Message: I OPPOSE Safai's charter amendment to increase taxes to solve the SFPD staffing crisis.

Dear Supervisor Safai,

I am writing to vehemently OPPOSE your amendment to Supervisor Dorsey's SFPD staffing plan. Increasing our taxes to solve the SFPD staffing crisis is irresponsible and demonstrates a disregard for residents who struggle to afford to live in San Francisco, and who expect public safety and a fully staffed police department to be part of the basic city services we already pay for.

We need the restoration of public safety now so that residents and business owners can feel reasonably safe again. This is a top priority for the majority of San Franciscans, and a fully staffed police force is needed to do the work that is necessary.

The net amount needed to fund the ORIGINAL Dorsey Charter amendment is estimated to be \$20M annually (after accounting for overtime savings).

We are hard-pressed to believe that the money couldn't be found in the city budget. Perhaps you should consider ending the funding of just one ineffective non-profit annually to cover that cost.

You have recently overseen a city budget that has DOUBLED since 2017, and you are telling the working residents of San Francisco that taxes must be raised for the city to provide basic law enforcement services and address a public safety crisis that city leaders should have handled long ago.

This is unacceptable and outrageous.

I do not support your amendment that guts Supervisor Dorsey's charter amendment for SFPD staffing and request that you withdraw it immediately or kill the bill

entirely.

Message: I OPPOSE Safai's charter amendment to increase taxes to solve the SFPD staffing crisis.

Dear Supervisor Safai,

I am writing to vehemently OPPOSE your amendment to increase taxes to pay for the police force we deserve. I loved to San Francisco in 1993 - built a business and raised my family here. The city budget at that time was over \$10 billion less than in 2023 - and the city has approximately 200,000 fewer residents. Your proposal is why people are streaming out of this great city and it is the punchline for jokes about overspending and feckless government.

This will not stand - even on your watch the city budget has DOUBLED since 2017. The answer to all of your ineffective programs is not to tax the few of us who remain more.

Please open any textbook on basic economics.

Message to the Rules Committee and the Board of Supervisors

From your constituent: HB Eckmann , lehejazz@gmail.com

I am a resident of District 1

Message: I OPPOSE Safai's charter amendment to increase taxes to solve the SFPD staffing crisis.

Dear Supervisor Safai,

I am writing to vehemently OPPOSE your amendment to Supervisor Dorsey's SFPD staffing plan. Increasing our taxes to solve the SFPD staffing crisis is irresponsible and demonstrates a disregard for residents who struggle to afford to live in San Francisco, and who expect public safety and a fully staffed police department to be part of the basic city services we already pay for.

We need the restoration of public safety now so that residents and business owners can feel reasonably safe again. This is a top priority for the majority of San Franciscans, and a fully staffed police force is needed to do the work that is necessary.

The net amount needed to fund the ORIGINAL Dorsey Charter amendment is estimated to be \$20M annually (after accounting for overtime savings).

We are hard-pressed to believe that the money couldn't be found in the city budget. Perhaps you should consider ending the funding of just one ineffective non-profit annually to cover that cost.

You have recently overseen a city budget that has DOUBLED since 2017, and you are telling the working residents of San Francisco that taxes must be raised for the city to provide basic law enforcement services and address a public safety crisis that city leaders should have handled long ago.

This is unacceptable and outrageous.

I do not support your amendment that guts Supervisor Dorsey's charter amendment for SFPD staffing and request that you withdraw it immediately or kill the bill

entirely.

Message to the Rules Committee and the Board of Supervisors

From your constituent: David Marsiano, dmarsiano@yahoo.com

I am a resident of

District 8

Message: I OPPOSE Safai's charter amendment to increase taxes to solve the SFPD staffing crisis.

Dear Supervisor Safai,

I am writing to vehemently OPPOSE your amendment to Supervisor Dorsey's SFPD staffing plan. Increasing our taxes to solve the SFPD staffing crisis is irresponsible and demonstrates a disregard for residents who struggle to afford to live in San Francisco, and who expect public safety and a fully staffed police department to be part of the basic city services we already pay for.

We need the restoration of public safety now so that residents and business owners can feel reasonably safe again. This is a top priority for the majority of San Franciscans, and a fully staffed police force is needed to do the work that is necessary.

The net amount needed to fund the ORIGINAL Dorsey Charter amendment is estimated to be \$20M annually (after accounting for overtime savings).

We are hard-pressed to believe that the money couldn't be found in the city budget. Perhaps you should consider ending the funding of just one ineffective non-profit annually to cover that cost.

You have recently overseen a city budget that has DOUBLED since 2017, and you are telling the working residents of San Francisco that taxes must be raised for the city to provide basic law enforcement services and address a public safety crisis that city leaders should have handled long ago.

This is unacceptable and outrageous.

I do not support your amendment that guts Supervisor Dorsey's charter amendment for SFPD staffing and request that you withdraw it immediately or kill the bill

entirely.

Message to the Rules Committee and the Board of Supervisors

From your constituent: Alice Xavier, acxavier@aol.com

I am a resident of District 7

Message: I OPPOSE Safai's charter amendment to increase taxes to solve the SFPD staffing crisis.

Dear Supervisor Safai,

I am writing to vehemently OPPOSE your amendment to Supervisor Dorsey's SFPD staffing plan. Increasing our taxes to solve the SFPD staffing crisis is irresponsible and demonstrates a disregard for residents who struggle to afford to live in San Francisco, and who expect public safety and a fully staffed police department to be part of the basic city services we already pay for.

We need the restoration of public safety now so that residents and business owners can feel reasonably safe again. This is a top priority for the majority of San Franciscans, and a fully staffed police force is needed to do the work that is necessary.

The net amount needed to fund the ORIGINAL Dorsey Charter amendment is estimated to be \$20M annually (after accounting for overtime savings).

We are hard-pressed to believe that the money couldn't be found in the city budget. Perhaps you should consider ending the funding of just one ineffective non-profit annually to cover that cost.

You have recently overseen a city budget that has DOUBLED since 2017, and you are telling the working residents of San Francisco that taxes must be raised for the city to provide basic law enforcement services and address a public safety crisis that city leaders should have handled long ago.

This is unacceptable and outrageous.

I do not support your amendment that guts Supervisor Dorsey's charter amendment for SFPD staffing and request that you withdraw it immediately or kill the bill

entirely.

Alice Xavier

Look Supervisor Safai,

I am not going to repeat a canned message, but if you are going to run for mayor, or even if you want to remain one of our supervisors, stop doing stupid political stunts like this. I am not calling you stupid. It is almost like you are getting advice from Hillary Ronen. I am not a lefty or a righty - I would like to see ___lots___ more ___good___police , more oversight also on the police. We have billions of nonsensical dollars in our budget. Step up to the plate and be a leader. stop wasting my time with nonsense.

Increasing our taxes to solve the SFPD staffing crisis is irresponsible and demonstrates a disregard for residents who struggle to afford to live in San Francisco, and who expect public safety and a fully staffed police department to be part of the basic city services we already pay for.

We need the restoration of public safety now so that residents and business owners can feel reasonably safe again. This is a top priority for the majority of San Franciscans, and a fully staffed police force is needed to do the work that is necessary.

The net amount needed to fund the ORIGINAL Dorsey Charter amendment is estimated to be \$20M annually (after accounting for overtime savings).

We are hard-pressed to believe that the money couldn't be found in the city budget. Perhaps you should consider ending the funding of just one ineffective non-profit annually to cover that cost.

You have recently overseen a city budget that has DOUBLED since 2017, and you are telling the working residents of San Francisco that taxes must be raised for the city to provide basic law enforcement services and address a public safety crisis that city leaders should have handled long ago.

This is unacceptable and outrageous.

I do not support your amendment that guts Supervisor Dorsey's charter amendment for SFPD staffing and request that you withdraw it immediately or kill the bill

entirely.

Dear Supervisor Safai,

We are tired and fed up with a dysfunctional Board that has allowed this Once Great City to descend into a lawless, unsafe and increasingly unlivable environment. Our friends are fleeing. Our property values are plummeting. We can't even rent our units and guests won't come to visit for fear of their safety. You all continue to dither and play politics.

Even if/when we leave, we will vote and stay politically involved to hold those responsible ACCOUNTABLE.

I am writing to vehemently OPPOSE your amendment to Supervisor Dorsey's SFPD staffing plan. Increasing our taxes to solve the SFPD staffing crisis is irresponsible and demonstrates a disregard for residents who struggle to afford to live in San Francisco, and who expect public safety and a fully staffed police department to be part of the basic city services we already pay for.

We need the restoration of public safety now so that residents and business owners can feel reasonably safe again. This is a top priority for the majority of San Franciscans, and a fully staffed police force is needed to do the work that is necessary.

The net amount needed to fund the ORIGINAL Dorsey Charter amendment is estimated to be \$20M annually (after accounting for overtime savings).

We are hard-pressed to believe that the money couldn't be found in the city budget. Perhaps you should consider ending the funding of just one ineffective non-profit annually to cover that cost.

You have recently overseen a city budget that has DOUBLED since 2017, and you are telling the working residents of San Francisco that taxes must be raised for the city to provide basic law enforcement services and address a public safety crisis that city leaders should have handled long ago.

This is unacceptable and outrageous.

I do not support your amendment that guts Supervisor Dorsey's charter amendment for SFPD staffing and request that you withdraw it immediately or kill the bill

entirely.

To: [Young, Victor \(BOS\)](#)
Subject: In Opposition to File #230985 - Supervisor Dorsey's Police Staffing Charter Amendment as Amended
Date: Monday, November 6, 2023 7:00:12 PM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear Victor Young,

I am writing to you to express my opposition to the San Francisco Police Full Staffing Act as amended by Supervisor Safai and to urge you to vote against it.

Safai's amendment ties increased public safety to an unknown future tax that voters must approve and leaves the legislation without an actual funding source. Asking voters to raise taxes in order to get a fully staffed police department, a basic city service that should be included in a \$14 billion budget, is both bad budgetary policy and bad governance.

As San Francisco continues to grapple with severe public safety challenges including rampant car break-ins, shoplifting, and unprecedented open air drug markets, we as a City must do everything we can to increase public safety, including addressing the ongoing officer shortage in the San Francisco Police Department.

Unfortunately due to Supervisor Safai's amendment, this legislation will not help us address these issues, but instead prevent SFPD from recruiting and hiring the officers needed to keep residents and small business owners safe. As President of the Board of Supervisors, Supervisor Aaron Peskin should do everything in his power to halt this measure from going to voters.

I hope you will vote in opposition to this legislation and work with Supervisor Dorsey to draft legislation that will actually prioritize the safety of your constituents, as well as residents of and visitors to San Francisco.

Sincerely,
Mary McFadden

Message to the Rules Committee and the Board of Supervisors

From your constituent: renee.tannenbaum, reneetbaum@gmail.com

I am a resident of

District 3

Message: I OPPOSE Safai's charter amendment to increase taxes to solve the SFPD staffing crisis.

Dear Supervisor Safai,

I am writing to vehemently OPPOSE your amendment to Supervisor Dorsey's SFPD staffing plan. Increasing our taxes to solve the SFPD staffing crisis is irresponsible and demonstrates a disregard for residents who struggle to afford to live in San Francisco, and who expect public safety and a fully staffed police department to be part of the basic city services we already pay for.

We need the restoration of public safety now so that residents and business owners can feel reasonably safe again. This is a top priority for the majority of San Franciscans, and a fully staffed police force is needed to do the work that is necessary.

The net amount needed to fund the ORIGINAL Dorsey Charter amendment is estimated to be \$20M annually (after accounting for overtime savings).

We are hard-pressed to believe that the money couldn't be found in the city budget. Perhaps you should consider ending the funding of just one ineffective non-profit annually to cover that cost.

You have recently overseen a city budget that has DOUBLED since 2017, and you are telling the working residents of San Francisco that taxes must be raised for the city to provide basic law enforcement services and address a public safety crisis that city leaders should have handled long ago.

This is unacceptable and outrageous.

I do not support your amendment that guts Supervisor Dorsey's charter amendment for SFPD staffing and request that you withdraw it immediately or kill the bill

entirely.

Stop dumping money down the homeless rat hole, where it has only resulted in making that problem worse. Put it where it will do some good for those of us paying the bills. Politicians seem to think there's a bottomless pit of money to be bled out of taxpayers. We are at wits end trying to pay the bills created by irresponsible spending, all the while watching this city turn into a toilet. Supervisor Safai, you are going nowhere fast.

From: scottconnors@everyactioncustom.com on behalf of [Scott Connors](#)
To: [Young, Victor \(BOS\)](#)
Subject: In Opposition to File #230985 - Supervisor Dorsey's Police Staffing Charter Amendment as Amended
Date: Monday, November 6, 2023 7:19:03 PM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear Victor Young,

I am writing to you to express my opposition to the San Francisco Police Full Staffing Act as amended by Supervisor Safai and to urge you to vote against it.

Safai's amendment ties increased public safety to an unknown future tax that voters must approve and leaves the legislation without an actual funding source. Asking voters to raise taxes in order to get a fully staffed police department, a basic city service that should be included in a \$14 billion budget, is both bad budgetary policy and bad governance.

As San Francisco continues to grapple with severe public safety challenges including rampant car break-ins, shoplifting, and unprecedented open air drug markets, we as a City must do everything we can to increase public safety, including addressing the ongoing officer shortage in the San Francisco Police Department.

Unfortunately due to Supervisor Safai's amendment, this legislation will not help us address these issues, but instead prevent SFPD from recruiting and hiring the officers needed to keep residents and small business owners safe. As President of the Board of Supervisors, Supervisor Aaron Peskin should do everything in his power to halt this measure from going to voters.

I hope you will vote in opposition to this legislation and work with Supervisor Dorsey to draft legislation that will actually prioritize the safety of your constituents, as well as residents of and visitors to San Francisco.

Sincerely,
Scott Connors

Dear Supervisor Safai,

I am writing to vehemently OPPOSE your amendment to Supervisor Dorsey's SFPD staffing plan. Increasing our taxes to solve the SFPD staffing crisis is irresponsible and demonstrates a disregard for residents who struggle to afford to live in San Francisco, and who expect public safety and a fully staffed police department to be part of the basic city services we already pay for.

We need the restoration of public safety now so that residents and business owners can feel reasonably safe again. This is a top priority for the majority of San Franciscans, and a fully staffed police force is needed to do the work that is necessary.

The net amount needed to fund the ORIGINAL Dorsey Charter amendment is estimated to be \$20M annually (after accounting for overtime savings).

We are hard-pressed to believe that the money couldn't be found in the city budget. Perhaps you should consider ending the funding of just one ineffective non-profit annually to cover that cost.

You have recently overseen a city budget that has DOUBLED since 2017, and you are telling the working residents of San Francisco that taxes must be raised for the city to provide basic law enforcement services and address a public safety crisis that city leaders should have handled long ago.

This is unacceptable and outrageous.

I do not support your amendment that guts Supervisor Dorsey's charter amendment for SFPD staffing and request that you withdraw it immediately or kill the bill

entirely.

The net amount needed to fund the ORIGINAL Dorsey Charter amendment is estimated to be \$20M annually (after accounting for overtime savings).

We are hard-pressed to believe that the money couldn't be found in the city's massive budget. Perhaps you should consider ending the funding of just one ineffective non-profit annually to cover that cost. Oversight, fiscal discipline must be exercised, not simply asking hard-working residents to work multiple jobs to support runaway spend.

You have recently overseen a city budget that has DOUBLED since 2017. It is unacceptable to expect the working residents of San Francisco to pay more taxes to provide basic law enforcement services and address a public safety crisis that city leaders should have handled long ago.

This is unacceptable and outrageous.

I do not support your amendment that guts Supervisor Dorsey's charter amendment for SFPD staffing and request that you withdraw it immediately or kill the bill entirely.

To: [Young, Victor \(BOS\)](#)
Subject: In Opposition to File #230985 - Supervisor Dorsey's Police Staffing Charter Amendment as Amended
Date: Monday, November 6, 2023 7:29:22 PM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear Victor Young,

I am writing to you to express my opposition to the San Francisco Police Full Staffing Act as amended by Supervisor Safai and to urge you to vote against it.

Safai's amendment ties increased public safety to an unknown future tax that voters must approve and leaves the legislation without an actual funding source. Asking voters to raise taxes in order to get a fully staffed police department, a basic city service that should be included in a \$14 billion budget, is both bad budgetary policy and bad governance.

As San Francisco continues to grapple with severe public safety challenges including rampant car break-ins, shoplifting, and unprecedented open air drug markets, we as a City must do everything we can to increase public safety, including addressing the ongoing officer shortage in the San Francisco Police Department.

Unfortunately due to Supervisor Safai's amendment, this legislation will not help us address these issues, but instead prevent SFPD from recruiting and hiring the officers needed to keep residents and small business owners safe. As President of the Board of Supervisors, Supervisor Aaron Peskin should do everything in his power to halt this measure from going to voters.

I hope you will vote in opposition to this legislation and work with Supervisor Dorsey to draft legislation that will actually prioritize the safety of your constituents, as well as residents of and visitors to San Francisco.

Sincerely,
Mary McFadden

The net amount needed to fund the ORIGINAL Dorsey Charter amendment is estimated to be \$20M annually (after accounting for overtime savings).

We are hard-pressed to believe that the money couldn't be found in the city budget. Perhaps you should consider ending the funding of just one ineffective non-profit annually to cover that cost.

You have recently overseen a city budget that has DOUBLED since 2017, and you are telling the working residents of San Francisco that taxes must be raised for the city to provide basic law enforcement services and address a public safety crisis that city leaders should have handled long ago.

This is unacceptable and outrageous.

I do not support your amendment that guts Supervisor Dorsey's charter amendment for SFPD staffing and request that you withdraw it immediately or kill the bill

entirely.

Additionally, I want to let you know I will personally put forth my time and donate additional money towards removing you and the other "do nothing" Supes in SF.

Y'all do not represent the hardworking residents who live in SF. We will take back our city from your ideology of do nothing in the current, encourage crime, enable crime, and raise taxes for basic services that should be free.

I am a resident of District 4

Message: I OPPOSE Safai's charter amendment to increase taxes to solve the SFPD staffing crisis.

Dear Supervisor Safai,

I am writing to vehemently OPPOSE your amendment to Supervisor Dorsey's SFPD staffing plan. Increasing our taxes to solve the SFPD staffing crisis is irresponsible and demonstrates a disregard for residents who struggle to afford to live in San Francisco, and who expect public safety and a fully staffed police department to be part of the basic city services we already pay for.

We need the restoration of public safety now so that residents and business owners can feel reasonably safe again. This is a top priority for the majority of San Franciscans, and a fully staffed police force is needed to do the work that is necessary.

The net amount needed to fund the ORIGINAL Dorsey Charter amendment is estimated to be \$20M annually (after accounting for overtime savings).

We are hard-pressed to believe that the money couldn't be found in the city budget. Perhaps you should consider ending the funding of just one ineffective non-profit annually to cover that cost.

Message: I OPPOSE Safai's charter amendment to increase taxes to solve the SFPD staffing crisis.

Dear Supervisor Safai,

Run the city effectively and wisely. If this had been done, problems could be solved. I wonder if anyone actually will read these emails .

By the way, I have worked with drug addicts and alcoholics for over forty years, and until and UNLESS this city and this country begin to collect taxes from the wealthy who are the current welfare queens, and give treatment on demand and mental health and life start up help, we will live in this sad quagmire of filth, sick people and out of control complex problems will continue to exist and probably grow. Look at the 20 year trajectory even right now! We will also have nickel and diming regressive taxes growing ever more rampant, like now, such as parking meters everywhere, toll roads, rising tolls that were supposed to be sunset that NEVER go away, even increase, bridges falling down, potholes like SF, etc etc. Look at history if you want black and white concrete proof. We were able to have affordable housing, low rents and people making a living in the 50's through 70's because corporate taxes (prior to runaway lobbyists and loopholes gutting the REAL effective tax collections) were on a rising scale as profits of a company got higher, if I am not mistaken the highest tax on the last billions was something around 92%. Sounds high but they use more infrastructure than we citizens will ever use, take advantage of the educated people taught in tax paid schools etc. etc.

This kind of thinking is what has gotten us into the emergency of safety and many other things in this city. What exactly are you guys smoking. Do you want to continue add and raise regressive taxes until seniors, families and EVERYONE except the city's pets, the donors and wealthy, and tech folks are left here? We are

being hazed, ridiculous parking meter rates, parking meters everywhere but in our living rooms so far...supervisors probably have that on deck next! Give us a break.

I am writing to vehemently OPPOSE your amendment to Supervisor Dorsey's SFPD staffing plan. Increasing our taxes to solve the SFPD staffing crisis is irresponsible and demonstrates a disregard for residents who struggle to afford to live in San Francisco, and who expect public safety and a fully staffed police department to be part of the basic city services we already pay for. FIND THE MONEY IN THE BUDGET, YOU ONLY HAVE HALF A POLICE FORCE, LITTLE TO NO GRAFFITI CLEANUP, POTHOLES FOR ROADS DESTROYING OUR CARS, ETC ETC. - WHERE DID THAT MONEY GO THAT USE TO GO THERE AND MANY OTHER PLACES THAT USE TO GET ATTENTION?

We need the restoration of public safety now so that residents and business owners can feel reasonably safe again. This is a top priority for the majority of San Franciscans, and a fully staffed police force is needed to do the work that is necessary.

The net amount needed to fund the ORIGINAL Dorsey Charter amendment is estimated to be \$20M annually (after accounting for overtime savings).

I do not support your amendment that guts Supervisor Dorsey's charter amendment for SFPD staffing and request that you withdraw it immediately or kill the bill entirely.

I cannot come to the supervisors meeting as I am recovering from a heart valve replacement. Also, I have attended dozens and more of those window dressing meetings for YEARS. Decisions appeared to be made with the above accomplices (the city's pets, the donors and wealthy, and tech folks) before any supes meeting ever is held, before the people you allow to testify, favorites again, and then you have a huge line of locals and give them thirty seconds or so and most supes are on their phone, half asleep or gone by that time as they are NOT COUNTED in my opinion. I watched this up close for years. It is so obvious and transparent that it would be a joke if it were not so important and vital in our daily lives. We had to fight the supes and the city to stop

street cleaning up here in Bernal Heights twice! Some self-centered Tech mogul moved here briefly and wanted his street cleaner than it was allegedly. If Bernal gets street cleaning and postings wiping out 50% of parking all week every week, there will be parking wars, people moving like happened in Noe Valley when I lived there.

After the great wisdom of the city created that in Noe Valley there were wars, houses sold, people moved, and it took minimum

20 minutes of wasting gas circling until someone left their spot. This no car policy of this city is unworkable, old people eventually can't do buses and mass transit. It's got major flaws...I rode it for years.

I also worked for a US Senator, ran for a State House office and set up environmental group 50 years ago that is still running doing great work...so I have seen some of the sausage being made behind the public speeches and personas. We need some people of integrity, courage and will to do the right thing not just for their re-election chances, but as REAL public service.

FIND THE MONEY IN THE BUDGET, YOU ONLY HAVE HALF A POLICE FORCE, LITTLE TO NO GRAFFITI CLEANUP, POTHOLES FOR ROADS DESTROYING OUR CARS, ETC ETC. - WHERE DID THAT MONEY GO THAT USE TO GO THERE AND MANY OTHER PLACES THAT USE TO GET REPAIRS, UPKEEP AND ATTENTION?

This city's government is off the rails out of control. A city of this size shouldn't have a billion \$ + budget and THEN ask citizens to pay extra for what is the MOST BASIC of city services: public safety.

Hopefully the good people of this beleaguered city will turf you all out at your next elections. I'll certainly be voting that way.

We need the restoration of public safety now so that residents and business owners can feel reasonably safe again. This is a top priority for the majority of San Franciscans, and a fully staffed police force is needed to do the work that is necessary.

The net amount needed to fund the ORIGINAL Dorsey Charter amendment is estimated to be \$20M annually (after accounting for overtime savings).

We are hard-pressed to believe that the money couldn't be found in the city budget. Perhaps you should consider ending the funding of just one ineffective non-profit annually to cover that cost.

You have recently overseen a city budget that has DOUBLED since 2017, and you are telling the working residents of San Francisco that taxes must be raised for the city to provide basic law enforcement services and address a public safety crisis that city leaders should have handled long ago.

This is unacceptable and outrageous.

I do not support your amendment that guts Supervisor Dorsey's charter amendment for SFPD staffing and request that you withdraw it immediately or kill the bill

entirely.

Message: I OPPOSE Safai's charter amendment to increase taxes to solve the SFPD staffing crisis.

Dear Supervisor Safai,

I am writing to vehemently OPPOSE your amendment to Supervisor Dorsey's SFPD staffing plan. Increasing our taxes to solve the SFPD staffing crisis is irresponsible and demonstrates a disregard for residents who struggle to afford to live in San Francisco, and who expect public safety and a fully staffed police department to be part of the basic city services we already pay for.

We need the restoration of public safety now so that residents and business owners can feel reasonably safe again. This is a top priority for the majority of San Franciscans, and a fully staffed police force is needed to do the work that is necessary.

The net amount needed to fund the ORIGINAL Dorsey Charter amendment is estimated to be \$20M annually (after accounting for overtime savings).

From your constituent: Kathleen Gee, kathygee606@att.net

Message: I Support Supervisor Dorsey's Full Staffing Amendment, and You Should Too.

Dear Supervisors,

I support Supervisor Dorsey's full staffing amendment for SFPD and hope you will vote to put it on the ballot in March 2024. We cannot regain the city's reputation as a safe destination to live, work, visit, and shop if we do not have a fully staffed police force. Supervisor Dorsey's plan has short-, medium-, and long-range solutions to quickly fill the current gaps in personnel while making retention and recruitment possible and probable.

San Franciscans have prioritized public safety because we understand how vital it is to the success and achievement of every other industry and quality of life metric. Having our officers live in the neighborhoods they serve strengthens each community and the entire city. It is time to show our SFPD we value each and every officer, and it is long overdue that we take steps to help our officers live in the city they patrol each day. Please listen to your constituents who have repeatedly requested more funding for the police and more staffing of SFPD.

Message to the Rules Committee and the Board of Supervisors

From your constituent: Kathryn Roberts, km_roberts@yahoo.com

I am a resident of District10

Message: I OPPOSE Safai's charter amendment to increase taxes to solve the SFPD staffing crisis.

Dear Supervisor Safai,

I am writing to vehemently OPPOSE your amendment to Supervisor Dorsey's SFPD staffing plan. Increasing our taxes to solve the SFPD staffing crisis is irresponsible and demonstrates a disregard for residents who struggle to afford to live in San Francisco, and who expect public safety and a fully staffed police department to be part of the basic city services we already pay for.

We need the restoration of public safety now so that residents and business owners can feel reasonably safe again. This is a top priority for the majority of San Franciscans, and a fully staffed police force is needed to do the work that is necessary.

The net amount needed to fund the ORIGINAL Dorsey Charter amendment is estimated to be \$20M annually (after accounting for overtime savings).

We are hard-pressed to believe that the money couldn't be found in the city budget. Perhaps you should consider ending the funding of just one ineffective non-profit annually to cover that cost.

You have recently overseen a city budget that has DOUBLED since 2017, and you are telling the working residents of San Francisco that taxes must be raised for the city to provide basic law enforcement services and address a public safety crisis that city leaders should have handled long ago.

This is unacceptable and outrageous.

I do not support your amendment that guts Supervisor Dorsey's charter amendment for SFPD staffing and request that you withdraw it immediately or kill the bill

entirely.

I am writing to vehemently OPPOSE your amendment to Supervisor Dorsey's SFPD staffing plan. Increasing our taxes to solve the SFPD staffing crisis is irresponsible and demonstrates a disregard for residents who struggle to afford to live in San Francisco, and who expect public safety and a fully staffed police department to be part of the basic city services we already pay for.

We need the restoration of public safety now so that residents and business owners can feel reasonably safe again. This is a top priority for the majority of San Franciscans, and a fully staffed police force is needed to do the work that is necessary.

The net amount needed to fund the ORIGINAL Dorsey Charter amendment is estimated to be \$20M annually (after accounting for overtime savings).

We are hard-pressed to believe that the money couldn't be found in the city budget. Perhaps you should consider ending the funding of just one ineffective non-profit annually to cover that cost.

You have recently overseen a city budget that has DOUBLED since 2017, and you are telling the working residents of San Francisco that taxes must be raised for the city to provide basic law enforcement services and address a public safety crisis that city leaders should have handled long ago.

This is unacceptable and outrageous.

I do not support your amendment that guts Supervisor Dorsey's charter amendment for SFPD staffing and request that you withdraw it immediately or kill the bill

entirely.

Dear Supervisor Safai,

I am writing to let you know that I do not support EITHER the SFPD Staffing Plan NOR the Tax, because the Open Air Drug Markets it is supposed to Tackle wouldn't exist without the War on Drugs.

Something so much of a failure that trying to increase Policing (yet again) to try to tackle it will only have the EXACT SAME RESULTS as prior efforts: Increased Police Corruption, and an increase in Police Waste as they become addicted to the War on Drugs to a degree greater than any who abuse the drugs themselves.

Find another solution to both problems.

Message to the Rules Committee and the Board of Supervisors

From your constituent: Justin Truong, justintruong56@gmail.com

I am a resident of [District 11](#)

Message: I OPPOSE Safai's charter amendment to increase taxes to solve the SFPD staffing crisis.

Dear Supervisor Safai,

I am writing to vehemently OPPOSE your amendment to Supervisor Dorsey's SFPD staffing plan. Increasing our taxes to solve the SFPD staffing crisis is irresponsible and demonstrates a disregard for residents who struggle to afford to live in San Francisco, and who expect public safety and a fully staffed police department to be part of the basic city services we already pay for.

We need the restoration of public safety now so that residents and business owners can feel reasonably safe again. This is a top priority for the majority of San Franciscans, and a fully staffed police force is needed to do the work that is necessary.

The net amount needed to fund the ORIGINAL Dorsey Charter amendment is estimated to be \$20M annually (after accounting for overtime savings).

We are hard-pressed to believe that the money couldn't be found in the city budget. Perhaps you should consider ending the funding of just one ineffective non-profit annually to cover that cost.

You have recently overseen a city budget that has DOUBLED since 2017, and you are telling the working residents of San Francisco that taxes must be raised for the city to provide basic law enforcement services and address a public safety crisis that city leaders should have handled long ago.

This is unacceptable and outrageous.

I do not support your amendment that guts Supervisor Dorsey's charter amendment for SFPD staffing and request that you withdraw it immediately or kill the bill

entirely.

Subject: In Opposition to File #230985 - Supervisor Dorsey's Police Staffing Charter Amendment as Amended
Date: Tuesday, November 7, 2023 1:55:56 AM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear Victor Young,

I am writing to you to express my opposition to the San Francisco Police Full Staffing Act as amended by Supervisor Safai and to urge you to vote against it.

Safai's amendment ties increased public safety to an unknown future tax that voters must approve and leaves the legislation without an actual funding source. Asking voters to raise taxes in order to get a fully staffed police department, a basic city service that should be included in a \$14 billion budget, is both bad budgetary policy and bad governance.

As San Francisco continues to grapple with severe public safety challenges including rampant car break-ins, shoplifting, and unprecedented open air drug markets, we as a City must do everything we can to increase public safety, including addressing the ongoing officer shortage in the San Francisco Police Department.

Unfortunately due to Supervisor Safai's amendment, this legislation will not help us address these issues, but instead prevent SFPD from recruiting and hiring the officers needed to keep residents and small business owners safe. As President of the Board of Supervisors, Supervisor Aaron Peskin should do everything in his power to halt this measure from going to voters.

I hope you will vote in opposition to this legislation and work with Supervisor Dorsey to draft legislation that will actually prioritize the safety of your constituents, as well as residents of and visitors to San Francisco.

Sincerely,
Joseph McFadden

We need the restoration of public safety now so that residents and business owners can feel reasonably safe again. This is a top priority for the majority of San Franciscans, and a fully staffed police force is needed to do the work that is necessary.

The net amount needed to fund the ORIGINAL Dorsey Charter amendment is estimated to be \$20M annually (after accounting for overtime savings).

We are hard-pressed to believe that the money couldn't be found in the city budget. Perhaps you should consider ending the funding of just one ineffective non-profit annually to cover that cost.

You have recently overseen a city budget that has DOUBLED since 2017, and you are telling the working residents of San Francisco that taxes must be raised for the city to provide basic law enforcement services and address a public safety crisis that city leaders should have handled long ago.

This is unacceptable and outrageous.

I do not support your amendment that guts Supervisor Dorsey's charter amendment for SFPD staffing and request that you withdraw it immediately or kill the bill

entirely.

Message: I OPPOSE Safai's charter amendment to increase taxes to solve the SFPD staffing crisis.

Dear Supervisor Safai,

I am writing to vehemently OPPOSE your amendment to Supervisor Dorsey's SFPD staffing plan. Increasing our taxes to solve the SFPD staffing crisis is irresponsible and demonstrates a disregard for residents who struggle to afford to live in San Francisco, and who expect public safety and a fully staffed police department to be part of the basic city services we already pay for.

We need the restoration of public safety now so that residents and business owners can feel reasonably safe again. This is a top priority for the majority of San Franciscans, and a fully staffed police force is needed to do the work that is necessary.

The net amount needed to fund the ORIGINAL Dorsey Charter amendment is estimated to be \$20M annually (after accounting for overtime savings).

From: giordanopf@everyactioncustom.com on behalf of [Peter Giordano](#)
To: [Young, Victor \(BOS\)](#)
Subject: In Opposition to File #230985 - Supervisor Dorsey's Police Staffing Charter Amendment as Amended
Date: Tuesday, November 7, 2023 6:27:58 AM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear Victor Young,

I am writing to you to express my opposition to the San Francisco Police Full Staffing Act as amended by Supervisor Safai and to urge you to vote against it.

Safai's amendment ties increased public safety to an unknown future tax that voters must approve and leaves the legislation without an actual funding source. Asking voters to raise taxes in order to get a fully staffed police department, a basic city service that should be included in a \$14 billion budget, is both bad budgetary policy and bad governance.

As San Francisco continues to grapple with severe public safety challenges including rampant car break-ins, shoplifting, and unprecedented open air drug markets, we as a City must do everything we can to increase public safety, including addressing the ongoing officer shortage in the San Francisco Police Department.

Unfortunately due to Supervisor Safai's amendment, this legislation will not help us address these issues, but instead prevent SFPD from recruiting and hiring the officers needed to keep residents and small business owners safe. As President of the Board of Supervisors, Supervisor Aaron Peskin should do everything in his power to halt this measure from going to voters.

I hope you will vote in opposition to this legislation and work with Supervisor Dorsey to draft legislation that will actually prioritize the safety of your constituents, as well as residents of and visitors to San Francisco.

Sincerely,
Peter Giordano

Message to the Rules Committee and the Board of Supervisors

From your constituent: andrew wickens, wickens1@gmail.com

I am a resident of

District 9

Message: I OPPOSE Safai's charter amendment to increase taxes to solve the SFPD staffing crisis.

Dear Supervisor Safai,

I already pay 20k per year in property taxes!!!

I am writing to vehemently OPPOSE your amendment to Supervisor Dorsey's SFPD staffing plan. Increasing our taxes to solve the SFPD staffing crisis is irresponsible and demonstrates a disregard for residents who struggle to afford to live in San Francisco, and who expect public safety and a fully staffed police department to be part of the basic city services we already pay for.

We need the restoration of public safety now so that residents and business owners can feel reasonably safe again. This is a top priority for the majority of San Franciscans, and a fully staffed police force is needed to do the work that is necessary.

The net amount needed to fund the ORIGINAL Dorsey Charter amendment is estimated to be \$20M annually (after accounting for overtime savings).

We are hard-pressed to believe that the money couldn't be found in the city budget. Perhaps you should consider ending the funding of just one ineffective non-profit annually to cover that cost.

You have recently overseen a city budget that has DOUBLED since 2017, and you are telling the working residents of San Francisco that taxes must be raised for the city to provide basic law enforcement services and address a public safety crisis that city leaders should have handled long ago.

This is unacceptable and outrageous.

I do not support your amendment that guts Supervisor

Dorsey's charter amendment for SFPD staffing and request that you withdraw it immediately or kill the bill entirely.

Message to the Rules Committee and the Board of Supervisors

From your constituent: Dianr Valente, diane.valente@yahoo.com

I am a resident of

District 2

Message: I OPPOSE Safai's charter amendment to increase taxes to solve the SFPD staffing crisis.

Dear Supervisor Safai,

I am writing to vehemently OPPOSE your amendment to Supervisor Dorsey's SFPD staffing plan. Increasing our taxes to solve the SFPD staffing crisis is irresponsible and demonstrates a disregard for residents who struggle to afford to live in San Francisco, and who expect public safety and a fully staffed police department to be part of the basic city services we already pay for.

We need the restoration of public safety now so that residents and business owners can feel reasonably safe again. This is a top priority for the majority of San Franciscans, and a fully staffed police force is needed to do the work that is necessary.

The net amount needed to fund the ORIGINAL Dorsey Charter amendment is estimated to be \$20M annually (after accounting for overtime savings).

We are hard-pressed to believe that the money couldn't be found in the city budget. Perhaps you should consider ending the funding of just one ineffective non-profit annually to cover that cost.

You have recently overseen a city budget that has DOUBLED since 2017, and you are telling the working residents of San Francisco that taxes must be raised for the city to provide basic law enforcement services and address a public safety crisis that city leaders should have handled long ago.

This is unacceptable and outrageous.

I do not support your amendment that guts Supervisor Dorsey's charter amendment for SFPD staffing and request that you withdraw it immediately or kill the bill

entirely.

Subject: In Opposition to File #230985 - Supervisor Dorsey's Police Staffing Charter Amendment as Amended
Date: Tuesday, November 7, 2023 8:49:03 AM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear Victor Young,

I am writing to you to express my opposition to the San Francisco Police Full Staffing Act as amended by Supervisor Safai and to urge you to vote against it.

Safai's amendment ties increased public safety to an unknown future tax that voters must approve and leaves the legislation without an actual funding source. Asking voters to raise taxes in order to get a fully staffed police department, a basic city service that should be included in a \$14 billion budget, is both bad budgetary policy and bad governance.

As San Francisco continues to grapple with severe public safety challenges including rampant car break-ins, shoplifting, and unprecedented open air drug markets, we as a City must do everything we can to increase public safety, including addressing the ongoing officer shortage in the San Francisco Police Department.

Unfortunately due to Supervisor Safai's amendment, this legislation will not help us address these issues, but instead prevent SFPD from recruiting and hiring the officers needed to keep residents and small business owners safe. As President of the Board of Supervisors, Supervisor Aaron Peskin should do everything in his power to halt this measure from going to voters.

I hope you will vote in opposition to this legislation and work with Supervisor Dorsey to draft legislation that will actually prioritize the safety of your constituents, as well as residents of and visitors to San Francisco.

Sincerely,
Jennie Herriot-Hatfield

The net amount needed to fund the ORIGINAL Dorsey Charter amendment is estimated to be \$20M annually (after accounting for overtime savings).

We are hard-pressed to believe that the money couldn't be found in the city budget. Perhaps you should consider ending the funding of just one ineffective non-profit annually to cover that cost.

You have recently overseen a city budget that has DOUBLED since 2017, and you are telling the working residents of San Francisco that taxes must be raised for the city to provide basic law enforcement services and address a public safety crisis that city leaders should have handled long ago.

This is unacceptable and outrageous.

I do not support your amendment that guts Supervisor Dorsey's charter amendment for SFPD staffing and request that you withdraw it immediately or kill the bill entirely.

Message to the Rules Committee and the Board of Supervisors

From your constituent: Mary Ling, boojknits@yahoo.com

I am a resident of District 4

Message: I OPPOSE Safai's charter amendment to increase taxes to solve the SFPD staffing crisis.

Dear Supervisor Safai,

I am writing to vehemently OPPOSE your amendment to Supervisor Dorsey's SFPD staffing plan. Increasing our taxes to solve the SFPD staffing crisis is irresponsible and demonstrates a disregard for residents who struggle to afford to live in San Francisco, and who expect public safety and a fully staffed police department to be part of the basic city services we already pay for.

We need the restoration of public safety now so that residents and business owners can feel reasonably safe again. This is a top priority for the majority of San Franciscans, and a fully staffed police force is needed to do the work that is necessary.

The net amount needed to fund the ORIGINAL Dorsey Charter amendment is estimated to be \$20M annually (after accounting for overtime savings).

We are hard-pressed to believe that the money couldn't be found in the city budget. Perhaps you should consider ending the funding of just one ineffective non-profit annually to cover that cost.

To: [Young, Victor \(BOS\)](#)
Subject: In Opposition to File #230985 - Supervisor Dorsey's Police Staffing Charter Amendment as Amended
Date: Tuesday, November 7, 2023 10:25:13 AM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear Victor Young,

I am writing to you to express my opposition to the San Francisco Police Full Staffing Act as amended by Supervisor Safai and to urge you to vote against it.

Safai's amendment ties increased public safety to an unknown future tax that voters must approve and leaves the legislation without an actual funding source. Asking voters to raise taxes in order to get a fully staffed police department, a basic city service that should be included in a \$14 billion budget, is both bad budgetary policy and bad governance.

As San Francisco continues to grapple with severe public safety challenges including rampant car break-ins, shoplifting, and unprecedented open air drug markets, we as a City must do everything we can to increase public safety, including addressing the ongoing officer shortage in the San Francisco Police Department.

Unfortunately due to Supervisor Safai's amendment, this legislation will not help us address these issues, but instead prevent SFPD from recruiting and hiring the officers needed to keep residents and small business owners safe. As President of the Board of Supervisors, Supervisor Aaron Peskin should do everything in his power to halt this measure from going to voters.

I hope you will vote in opposition to this legislation and work with Supervisor Dorsey to draft legislation that will actually prioritize the safety of your constituents, as well as residents of and visitors to San Francisco.

Sincerely,
Sean Stenstrom

Message to the Rules Committee and the Board of Supervisors

From your constituent: Steve Drach, drach@itsit.org

I am a resident of District 5

Message: I OPPOSE Safai's charter amendment to increase taxes to solve the SFPD staffing crisis.

Dear Supervisor Safai,

I am writing to vehemently OPPOSE your amendment to Supervisor Dorsey's SFPD staffing plan. Increasing our taxes to solve the SFPD staffing crisis is irresponsible and demonstrates a disregard for residents who struggle to afford to live in San Francisco, and who expect public safety and a fully staffed police department to be part of the basic city services we already pay for.

We need the restoration of public safety now so that residents and business owners can feel reasonably safe again. This is a top priority for the majority of San Franciscans, and a fully staffed police force is needed to do the work that is necessary.

The net amount needed to fund the ORIGINAL Dorsey Charter amendment is estimated to be \$20M annually (after accounting for overtime savings).

We are hard-pressed to believe that the money couldn't be found in the city budget. Perhaps you should consider ending the funding of just one ineffective non-profit annually to cover that cost.

You have recently overseen a city budget that has DOUBLED since 2017, and you are telling the working residents of San Francisco that taxes must be raised for the city to provide basic law enforcement services and address a public safety crisis that city leaders should have handled long ago.

This is unacceptable and outrageous.

I do not support your amendment that guts Supervisor Dorsey's charter amendment for SFPD staffing and request that you withdraw it immediately or kill the bill

entirely.

Message to the Rules Committee and the Board of Supervisors

From your constituent: Holly Sheffer, holly.sheffer@prodigy.net

I am a resident of District 8

Message: I OPPOSE Safai's charter amendment to increase taxes to solve the SFPD staffing crisis.

Dear Supervisor Safai,

I am writing to vehemently OPPOSE your amendment to Supervisor Dorsey's SFPD staffing plan. Increasing our taxes to solve the SFPD staffing crisis is irresponsible and demonstrates a disregard for residents who struggle to afford to live in San Francisco, and who expect public safety and a fully staffed police department to be part of the basic city services we already pay for.

We need the restoration of public safety now so that residents and business owners can feel reasonably safe again. This is a top priority for the majority of San Franciscans, and a fully staffed police force is needed to do the work that is necessary.

The net amount needed to fund the ORIGINAL Dorsey Charter amendment is estimated to be \$20M annually (after accounting for overtime savings).

We are hard-pressed to believe that the money couldn't be found in the city budget. Perhaps you should consider ending the funding of just one ineffective non-profit annually to cover that cost.

You have recently overseen a city budget that has DOUBLED since 2017, and you are telling the working residents of San Francisco that taxes must be raised for the city to provide basic law enforcement services and address a public safety crisis that city leaders should have handled long ago.

This is unacceptable and outrageous.

I do not support your amendment that guts Supervisor Dorsey's charter amendment for SFPD staffing and request that you withdraw it immediately or kill the bill

entirely.

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear Victor Young,

I am writing to you to express my opposition to the San Francisco Police Full Staffing Act as amended by Supervisor Safai and to urge you to vote against it.

Safai's amendment ties increased public safety to an unknown future tax that voters must approve and leaves the legislation without an actual funding source. Asking voters to raise taxes in order to get a fully staffed police department, a basic city service that should be included in a \$14 billion budget, is both bad budgetary policy and bad governance.

As San Francisco continues to grapple with severe public safety challenges including rampant car break-ins, shoplifting, and unprecedented open air drug markets, we as a City must do everything we can to increase public safety, including addressing the ongoing officer shortage in the San Francisco Police Department.

Unfortunately due to Supervisor Safai's amendment, this legislation will not help us address these issues, but instead prevent SFPD from recruiting and hiring the officers needed to keep residents and small business owners safe. As President of the Board of Supervisors, Supervisor Aaron Peskin should do everything in his power to halt this measure from going to voters.

I hope you will vote in opposition to this legislation and work with Supervisor Dorsey to draft legislation that will actually prioritize the safety of your constituents, as well as residents of and visitors to San Francisco.

Sincerely,
Alex Castro

Date: Tuesday, November 7, 2023 4:51:05 PM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Message to the Rules Committee and the Board of Supervisors

From your constituent: Lisa Marie Lewis Lyman , Bellalisa9380@sbcglobal.net

I am a resident of

District 5

Message: I OPPOSE Safai's charter amendment to increase taxes to solve the SFPD staffing crisis.

Dear Supervisor Safai,

I am writing to vehemently OPPOSE your amendment to Supervisor Dorsey's SFPD staffing plan. Increasing our taxes to solve the SFPD staffing crisis is irresponsible and demonstrates a disregard for residents who struggle to afford to live in San Francisco, and who expect public safety and a fully staffed police department to be part of the basic city services we already pay for.

We need the restoration of public safety now so that residents and business owners can feel reasonably safe again. This is a top priority for the majority of San Franciscans, and a fully staffed police force is needed to do the work that is necessary.

The net amount needed to fund the ORIGINAL Dorsey Charter amendment is estimated to be \$20M annually (after accounting for overtime savings).

We are hard-pressed to believe that the money couldn't be found in the city budget. Perhaps you should consider ending the funding of just one ineffective non-profit annually to cover that cost.

You have recently overseen a city budget that has DOUBLED since 2017, and you are telling the working residents of San Francisco that taxes must be raised for the city to provide basic law enforcement services and address a public safety crisis that city leaders should have handled long ago.

This is unacceptable and outrageous.

I do not support your amendment that guts Supervisor Dorsey's charter amendment for SFPD staffing and request that you withdraw it immediately or kill the bill

entirely.

Safai's amendment ties increased public safety to an unknown future tax that voters must approve and leaves the legislation without an actual funding source. Asking voters to raise taxes in order to get a fully staffed police department, a basic city service that should be included in a \$14 billion budget, is both bad budgetary policy and bad governance.

As San Francisco continues to grapple with severe public safety challenges including rampant car break-ins, shoplifting, and unprecedented open air drug markets, we as a City must do everything we can to increase public safety, including addressing the ongoing officer shortage in the San Francisco Police Department.

Unfortunately due to Supervisor Safai's amendment, this legislation will not help us address these issues, but instead prevent SFPD from recruiting and hiring the officers needed to keep residents and small business owners safe. As President of the Board of Supervisors, Supervisor Aaron Peskin should do everything in his power to halt this measure from going to voters.

I hope you will vote in opposition to this legislation and work with Supervisor Dorsey to draft legislation that will actually prioritize the safety of your constituents, as well as residents of and visitors to San Francisco.

Sincerely,
John Lee

Message to the Rules Committee and the Board of Supervisors

From your constituent: Vikram Gupta, vkgsfca@gmail.com

I am a resident of

District 2

Message: I OPPOSE Safai's charter amendment to increase taxes to solve the SFPD staffing crisis.

Dear Supervisor Safai,

I am writing to vehemently OPPOSE your amendment to Supervisor Dorsey's SFPD staffing plan. Increasing our taxes to solve the SFPD staffing crisis is irresponsible and demonstrates a disregard for residents who struggle to afford to live in San Francisco, and who expect public safety and a fully staffed police department to be part of the basic city services we already pay for.

We need the restoration of public safety now so that residents and business owners can feel reasonably safe again. This is a top priority for the majority of San Franciscans, and a fully staffed police force is needed to do the work that is necessary.

The net amount needed to fund the ORIGINAL Dorsey Charter amendment is estimated to be \$20M annually (after accounting for overtime savings).

We are hard-pressed to believe that the money couldn't be found in the city budget. Perhaps you should consider ending the funding of just one ineffective non-profit annually to cover that cost.

You have recently overseen a city budget that has DOUBLED since 2017, and you are telling the working residents of San Francisco that taxes must be raised for the city to provide basic law enforcement services and address a public safety crisis that city leaders should have handled long ago.

This is unacceptable and outrageous.

I do not support your amendment that guts Supervisor Dorsey's charter amendment for SFPD staffing and request that you withdraw it immediately or kill the bill

entirely.

I am writing to vehemently OPPOSE your amendment to Supervisor Dorsey's SFPD staffing plan. Increasing our taxes to solve the SFPD staffing crisis is irresponsible and demonstrates a disregard for residents who struggle to afford to live in San Francisco, and who expect public safety and a fully staffed police department to be part of the basic city services we already pay for.

We need the restoration of public safety now so that residents and business owners can feel reasonably safe again. This is a top priority for the majority of San Franciscans, and a fully staffed police force is needed to do the work that is necessary.

The net amount needed to fund the ORIGINAL Dorsey Charter amendment is estimated to be \$20M annually (after accounting for overtime savings).

We are hard-pressed to believe that the money couldn't be found in the city budget. Perhaps you should consider ending the funding of just one ineffective non-profit annually to cover that cost.

You have recently overseen a city budget that has DOUBLED since 2017, and you are telling the working residents of San Francisco that taxes must be raised for the city to provide basic law enforcement services and address a public safety crisis that city leaders should have handled long ago.

This is unacceptable and outrageous.

I do not support your amendment that guts Supervisor Dorsey's charter amendment for SFPD staffing and request that you withdraw it immediately or kill the bill

entirely.

Message to the Rec and Park Commissioners, the City Attorney, and the Board of Supervisors, PG&E, Parks, Recreation, and Open Space Advisory Committee, and RPD Project Staff

From your constituent Nora Manuelez
Email nohemymanueles@gmail.com
Zipcode 94115
I live in Pacific Heights

I don't know/I live outside of SF

I plan to give public comment at the October 19 meeting: Can't make it

I oppose the Marina Improvement and Remediation Project.

Message

Dear Mayor London Breed, Rec and Park Commissioners, David Chiu-City Attorney, Board of Supervisors, PG&E, PROSAC, and RPD Project Staff,

(My family and) I oppose the Marina Improvement and Remediation Project.

I (we) join nearly 2,700 people who signed a petition opposing this plan.

What we want:

- Abandon plans for a new yacht harbor in front of the Marina Green!
- Clean up toxins in Gas House Cove!
- Renegotiate settlement with PG&E to use funding for restoring and maintaining existing East Harbor facilities!

We attended the August RDP meetings and are concerned we are not being heard!

- The current plan provides a nominal amount of dredging and leaves 85% of the toxic waste in place.
- Residents from the entire Bay Area and all over the world come to the Marina to enjoy the view. Detrimental changes to the area are not isolated to Marina residents.
- Iconic views that attract millions in revenue-generating tourism will be forever eliminated by building a big yacht harbor across the entire Marina Greens. Think America's Cup, Alcatraz Triathlon, and Fleet Week.
- Already horrendous flooding in the Marina during storms may be exacerbated since the project design has not been coordinated with the PUC at this stage.

The diversity of the city is not represented due to bad communication!

- The city is not being transparent; we had to find out from neighbors and other residents about the toxins in the water and full details of the plan
- The diversity of users of the Marina Green is not being represented. Communications by RPD were limited to residents within 1000 feet of the project, yet residents citywide use the Marina Green for recreation.
- The necessary reviews and approvals haven't been completed, yet RPD has publicly referred to it as a "done deal," discouraging feedback.

Please STOP the Marina Improvement and Remediation Project in its current form before it's too late!

Dear Victor Young,

I am writing to you to express my opposition to the San Francisco Police Full Staffing Act as amended by Supervisor Safai and to urge you to vote against it.

Safai's amendment ties increased public safety to an unknown future tax that voters must approve and leaves the legislation without an actual funding source. Asking voters to raise taxes in order to get a fully staffed police department, a basic city service that should be included in a \$14 billion budget, is both bad budgetary policy and bad governance.

As San Francisco continues to grapple with severe public safety challenges including rampant car break-ins, shoplifting, and unprecedented open air drug markets, we as a City must do everything we can to increase public safety, including addressing the ongoing officer shortage in the San Francisco Police Department.

Unfortunately due to Supervisor Safai's amendment, this legislation will not help us address these issues, but instead prevent SFPD from recruiting and hiring the officers needed to keep residents and small business owners safe. As President of the Board of Supervisors, Supervisor Aaron Peskin should do everything in his power to halt this measure from going to voters.

I hope you will vote in opposition to this legislation and work with Supervisor Dorsey to draft legislation that will actually prioritize the safety of your constituents, as well as residents of and visitors to San Francisco.

Sincerely,
Francis Salmeri

Safai's amendment ties increased public safety to an unknown future tax that voters must approve and leaves the legislation without an actual funding source. Asking voters to raise taxes in order to get a fully staffed police department, a basic city service that should be included in a \$14 billion budget, is both bad budgetary policy and bad governance.

As San Francisco continues to grapple with severe public safety challenges including rampant car break-ins, shoplifting, and unprecedented open air drug markets, we as a City must do everything we can to increase public safety, including addressing the ongoing officer shortage in the San Francisco Police Department.

Unfortunately due to Supervisor Safai's amendment, this legislation will not help us address these issues, but instead prevent SFPD from recruiting and hiring the officers needed to keep residents and small business owners safe. As President of the Board of Supervisors, Supervisor Aaron Peskin should do everything in his power to halt this measure from going to voters.

I hope you will vote in opposition to this legislation and work with Supervisor Dorsey to draft legislation that will actually prioritize the safety of your constituents, as well as residents of and visitors to San Francisco.

Sincerely,
Mike Jones

Subject: I OPPOSE Safai's charter amendment to increase taxes to solve the SFPD staffing crisis.
Date: Tuesday, November 7, 2023 5:09:29 PM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Message to the Rules Committee and the Board of Supervisors

From your constituent: frank Dal Santo, frank@thedalsantos.com

I am a resident of

District 4

Message: I OPPOSE Safai's charter amendment to increase taxes to solve the SFPD staffing crisis.

Dear Supervisor Safai,

I am writing to vehemently OPPOSE your amendment to Supervisor Dorsey's SFPD staffing plan. Increasing our taxes to solve the SFPD staffing crisis is IRRESPONSIBLE and demonstrates a disregard for residents who struggle to afford to live in San Francisco, and who expect public safety and a fully staffed police department to be part of the basic city services WE ALREADY PAY FOR.

We need the restoration of public safety now so that residents and business owners can feel reasonably safe again. This is a top priority for the majority of San Franciscans, and a fully staffed police force is needed to do the work that is necessary.

The net amount needed to fund the ORIGINAL Dorsey Charter amendment is estimated to be \$20M annually (after accounting for overtime savings).

We are hard-pressed to believe that the money couldn't be found in the city budget. Perhaps you should consider ending the funding of just one ineffective non-profit annually to cover that cost.

You have recently overseen a city budget that has DOUBLED since 2017, and you are telling the working residents of San Francisco that taxes must be raised for the city to provide basic law enforcement services and address a public safety crisis that city leaders should have handled long ago.

This is unacceptable and outrageous.

I do not support your amendment that guts Supervisor Dorsey's charter amendment for SFPD staffing and

request that you withdraw it immediately or kill the bill entirely.

I am writing to you to express my opposition to the San Francisco Police Full Staffing Act as amended by Supervisor Safai and to urge you to vote against it.

Safai's amendment ties increased public safety to an unknown future tax that voters must approve and leaves the legislation without an actual funding source. Asking voters to raise taxes in order to get a fully staffed police department, a basic city service that should be included in a \$14 billion budget, is both bad budgetary policy and bad governance.

As San Francisco continues to grapple with severe public safety challenges including rampant car break-ins, shoplifting, and unprecedented open air drug markets, we as a City must do everything we can to increase public safety, including addressing the ongoing officer shortage in the San Francisco Police Department.

Unfortunately due to Supervisor Safai's amendment, this legislation will not help us address these issues, but instead prevent SFPD from recruiting and hiring the officers needed to keep residents and small business owners safe. As President of the Board of Supervisors, Supervisor Aaron Peskin should do everything in his power to halt this measure from going to voters.

I hope you will vote in opposition to this legislation and work with Supervisor Dorsey to draft legislation that will actually prioritize the safety of your constituents, as well as residents of and visitors to San Francisco.

Sincerely,
Garrett Hoffman

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Message to the Rules Committee and the Board of Supervisors

From your constituent: Athena Shao Ying Ma, wwwasym@hotmail.com

I am a resident of District 11

Message: I OPPOSE Safai's charter amendment to increase taxes to solve the SFPD staffing crisis.

Dear Supervisor Safai,

I am writing to vehemently OPPOSE your amendment to Supervisor Dorsey's SFPD staffing plan. Increasing our taxes to solve the SFPD staffing crisis is irresponsible and demonstrates a disregard for residents who struggle to afford to live in San Francisco, and who expect public safety and a fully staffed police department to be part of the basic city services we already pay for.

We need the restoration of public safety now so that residents and business owners can feel reasonably safe again. This is a top priority for the majority of San Franciscans, and a fully staffed police force is needed to do the work that is necessary.

The net amount needed to fund the ORIGINAL Dorsey Charter amendment is estimated to be \$20M annually (after accounting for overtime savings).

We are hard-pressed to believe that the money couldn't be found in the city budget. Perhaps you should consider ending the funding of just one ineffective non-profit annually to cover that cost.

You have recently overseen a city budget that has DOUBLED since 2017, and you are telling the working residents of San Francisco that taxes must be raised for the city to provide basic law enforcement services and address a public safety crisis that city leaders should have handled long ago.

This is unacceptable and outrageous.

I do not support your amendment that guts Supervisor Dorsey's charter amendment for SFPD staffing and request that you withdraw it immediately or kill the bill

entirely.

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear Victor Young,

I am writing to you to express my opposition to the San Francisco Police Full Staffing Act as amended by Supervisor Safai and to urge you to vote against it.

Safai's amendment ties increased public safety to an unknown future tax that voters must approve and leaves the legislation without an actual funding source. Asking voters to raise taxes in order to get a fully staffed police department, a basic city service that should be included in a \$14 billion budget, is both bad budgetary policy and bad governance.

As San Francisco continues to grapple with severe public safety challenges including rampant car break-ins, shoplifting, and unprecedented open air drug markets, we as a City must do everything we can to increase public safety, including addressing the ongoing officer shortage in the San Francisco Police Department.

Unfortunately due to Supervisor Safai's amendment, this legislation will not help us address these issues, but instead prevent SFPD from recruiting and hiring the officers needed to keep residents and small business owners safe. As President of the Board of Supervisors, Supervisor Aaron Peskin should do everything in his power to halt this measure from going to voters.

I hope you will vote in opposition to this legislation and work with Supervisor Dorsey to draft legislation that will actually prioritize the safety of your constituents, as well as residents of and visitors to San Francisco.

Sincerely,
Stephanie Carpenter

Subject: I OPPOSE Safai's charter amendment to increase taxes to solve the SFPD staffing crisis.
Date: Tuesday, November 7, 2023 5:47:44 PM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Message to the Rules Committee and the Board of Supervisors

From your constituent: Angela Tickler, angela.tickler@yahoo.com

I am a resident of District 1

Message: I OPPOSE Safai's charter amendment to increase taxes to solve the SFPD staffing crisis.

Dear Supervisor Safai,

I am writing to vehemently OPPOSE your amendment to Supervisor Dorsey's SFPD staffing plan. Increasing our taxes to solve the SFPD staffing crisis is irresponsible and demonstrates a disregard for residents who struggle to afford to live in San Francisco, and who expect public safety and a fully staffed police department to be part of the basic city services we already pay for.

We need the restoration of public safety now so that residents and business owners can feel reasonably safe again. This is a top priority for the majority of San Franciscans, and a fully staffed police force is needed to do the work that is necessary.

The net amount needed to fund the ORIGINAL Dorsey Charter amendment is estimated to be \$20M annually (after accounting for overtime savings).

We are hard-pressed to believe that the money couldn't be found in the city budget. Perhaps you should consider ending the funding of just one ineffective non-profit annually to cover that cost.

You have recently overseen a city budget that has DOUBLED since 2017, and you are telling the working residents of San Francisco that taxes must be raised for the city to provide basic law enforcement services and address a public safety crisis that city leaders should have handled long ago.

This is unacceptable and outrageous.

I do not support your amendment that guts Supervisor Dorsey's charter amendment for SFPD staffing and request that you withdraw it immediately or kill the bill

entirely.

Message to the Rules Committee and the Board of Supervisors

From your constituent: Kaaren Alvarado, kaaren25@att.net

I am a resident of District 4

Message: I OPPOSE Safai's charter amendment to increase taxes to solve the SFPD staffing crisis.

Dear Supervisor Safai,

I am writing to vehemently OPPOSE your amendment to Supervisor Dorsey's SFPD staffing plan. Increasing our taxes to solve the SFPD staffing crisis is irresponsible and demonstrates a disregard for residents who struggle to afford to live in San Francisco, and who expect public safety and a fully staffed police department to be part of the basic city services we already pay for.

We need the restoration of public safety now so that residents and business owners can feel reasonably safe again. This is a top priority for the majority of San Franciscans, and a fully staffed police force is needed to do the work that is necessary.

The net amount needed to fund the ORIGINAL Dorsey Charter amendment is estimated to be \$20M annually (after accounting for overtime savings).

We are hard-pressed to believe that the money couldn't be found in the city budget. Perhaps you should consider ending the funding of just one ineffective non-profit annually to cover that cost.

You have recently overseen a city budget that has DOUBLED since 2017, and you are telling the working residents of San Francisco that taxes must be raised for the city to provide basic law enforcement services and address a public safety crisis that city leaders should have handled long ago.

This is unacceptable and outrageous.

I do not support your amendment that guts Supervisor Dorsey's charter amendment for SFPD staffing and request that you withdraw it immediately or kill the bill

entirely.

Dear Victor Young,

I am writing to you to express my opposition to the San Francisco Police Full Staffing Act as amended by Supervisor Safai and to urge you to vote against it.

Safai's amendment ties increased public safety to an unknown future tax that voters must approve and leaves the legislation without an actual funding source. Asking voters to raise taxes in order to get a fully staffed police department, a basic city service that should be included in a \$14 billion budget, is both bad budgetary policy and bad governance.

As San Francisco continues to grapple with severe public safety challenges including rampant car break-ins, shoplifting, and unprecedented open air drug markets, we as a City must do everything we can to increase public safety, including addressing the ongoing officer shortage in the San Francisco Police Department.

Unfortunately due to Supervisor Safai's amendment, this legislation will not help us address these issues, but instead prevent SFPD from recruiting and hiring the officers needed to keep residents and small business owners safe. As President of the Board of Supervisors, Supervisor Aaron Peskin should do everything in his power to halt this measure from going to voters.

I hope you will vote in opposition to this legislation and work with Supervisor Dorsey to draft legislation that will actually prioritize the safety of your constituents, as well as residents of and visitors to San Francisco.

Sincerely,
Kevin Clifford

Message to the Rules Committee and the Board of Supervisors

From your constituent: Pete Milton, pmpmilton@yahoo.com

I am a resident of District 4

Message: I OPPOSE Safai's charter amendment to increase taxes to solve the SFPD staffing crisis.

Dear Supervisor Safai,

I am writing to vehemently OPPOSE your amendment to Supervisor Dorsey's SFPD staffing plan. Increasing our taxes to solve the SFPD staffing crisis is irresponsible and demonstrates a disregard for residents who struggle to afford to live in San Francisco, and who expect public safety and a fully staffed police department to be part of the basic city services we already pay for.

We need the restoration of public safety now so that residents and business owners can feel reasonably safe again. This is a top priority for the majority of San Franciscans, and a fully staffed police force is needed to do the work that is necessary.

The net amount needed to fund the ORIGINAL Dorsey Charter amendment is estimated to be \$20M annually (after accounting for overtime savings).

We are hard-pressed to believe that the money couldn't be found in the city budget. Perhaps you should consider ending the funding of just one ineffective non-profit annually to cover that cost.

You have recently overseen a city budget that has DOUBLED since 2017, and you are telling the working residents of San Francisco that taxes must be raised for the city to provide basic law enforcement services and address a public safety crisis that city leaders should have handled long ago.

This is unacceptable and outrageous.

I do not support your amendment that guts Supervisor Dorsey's charter amendment for SFPD staffing and request that you withdraw it immediately or kill the bill

entirely.

Safai's amendment ties increased public safety to an unknown future tax that voters must approve and leaves the legislation without an actual funding source. Asking voters to raise taxes in order to get a fully staffed police department, a basic city service that should be included in a \$14 billion budget, is both bad budgetary policy and bad governance.

As San Francisco continues to grapple with severe public safety challenges including rampant car break-ins, shoplifting, and unprecedented open air drug markets, we as a City must do everything we can to increase public safety, including addressing the ongoing officer shortage in the San Francisco Police Department.

Unfortunately due to Supervisor Safai's amendment, this legislation will not help us address these issues, but instead prevent SFPD from recruiting and hiring the officers needed to keep residents and small business owners safe. As President of the Board of Supervisors, Supervisor Aaron Peskin should do everything in his power to halt this measure from going to voters.

I hope you will vote in opposition to this legislation and work with Supervisor Dorsey to draft legislation that will actually prioritize the safety of your constituents, as well as residents of and visitors to San Francisco.

Sincerely,
Brian Veit

Message to the Rules Committee and the Board of Supervisors

From your constituent: Stan Lowe, stanellcompany@hotmail.com

I am a resident of District 6

Message: I OPPOSE Safai's charter amendment to increase taxes to solve the SFPD staffing crisis.

Dear Supervisor Safai,

I am writing to vehemently OPPOSE your amendment to Supervisor Dorsey's SFPD staffing plan. Increasing our taxes to solve the SFPD staffing crisis is irresponsible and demonstrates a disregard for residents who struggle to afford to live in San Francisco, and who expect public safety and a fully staffed police department to be part of the basic city services we already pay for.

We need the restoration of public safety now so that residents and business owners can feel reasonably safe again. This is a top priority for the majority of San Franciscans, and a fully staffed police force is needed to do the work that is necessary.

The net amount needed to fund the ORIGINAL Dorsey Charter amendment is estimated to be \$20M annually (after accounting for overtime savings).

We are hard-pressed to believe that the money couldn't be found in the city budget. Perhaps you should consider ending the funding of just one ineffective non-profit annually to cover that cost.

You have recently overseen a city budget that has DOUBLED since 2017, and you are telling the working residents of San Francisco that taxes must be raised for the city to provide basic law enforcement services and address a public safety crisis that city leaders should have handled long ago.

This is unacceptable and outrageous.

I do not support your amendment that guts Supervisor Dorsey's charter amendment for SFPD staffing and request that you withdraw it immediately or kill the bill

entirely.

Dear Victor Young,

I am writing to you to express my opposition to the San Francisco Police Full Staffing Act as amended by Supervisor Safai and to urge you to vote against it.

Safai's amendment ties increased public safety to an unknown future tax that voters must approve and leaves the legislation without an actual funding source. Asking voters to raise taxes in order to get a fully staffed police department, a basic city service that should be included in a \$14 billion budget, is both bad budgetary policy and bad governance.

As San Francisco continues to grapple with severe public safety challenges including rampant car break-ins, shoplifting, and unprecedented open air drug markets, we as a City must do everything we can to increase public safety, including addressing the ongoing officer shortage in the San Francisco Police Department.

Unfortunately due to Supervisor Safai's amendment, this legislation will not help us address these issues, but instead prevent SFPD from recruiting and hiring the officers needed to keep residents and small business owners safe. As President of the Board of Supervisors, Supervisor Aaron Peskin should do everything in his power to halt this measure from going to voters.

I hope you will vote in opposition to this legislation and work with Supervisor Dorsey to draft legislation that will actually prioritize the safety of your constituents, as well as residents of and visitors to San Francisco.

Sincerely,
Brian Gannon

Date: Tuesday, November 7, 2023 9:41:59 PM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Message to the Rules Committee and the Board of Supervisors

From your constituent: Ayman Mobarak, ayman@mobarak.com

I am a resident of District 7

Message: I OPPOSE Safai's charter amendment to increase taxes to solve the SFPD staffing crisis.

Dear Supervisor Safai,

I am writing to vehemently OPPOSE your amendment to Supervisor Dorsey's SFPD staffing plan. Increasing our taxes to solve the SFPD staffing crisis is irresponsible and demonstrates a disregard for residents who struggle to afford to live in San Francisco, and who expect public safety and a fully staffed police department to be part of the basic city services we already pay for.

We need the restoration of public safety now so that residents and business owners can feel reasonably safe again. This is a top priority for the majority of San Franciscans, and a fully staffed police force is needed to do the work that is necessary.

The net amount needed to fund the ORIGINAL Dorsey Charter amendment is estimated to be \$20M annually (after accounting for overtime savings).

We are hard-pressed to believe that the money couldn't be found in the city budget. Perhaps you should consider ending the funding of just one ineffective non-profit annually to cover that cost.

You have recently overseen a city budget that has DOUBLED since 2017, and you are telling the working residents of San Francisco that taxes must be raised for the city to provide basic law enforcement services and address a public safety crisis that city leaders should have handled long ago.

This is unacceptable and outrageous.

I do not support your amendment that guts Supervisor Dorsey's charter amendment for SFPD staffing and request that you withdraw it immediately or kill the bill

entirely.

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear Victor Young,

I am writing to you to express my opposition to the San Francisco Police Full Staffing Act as amended by Supervisor Safai and to urge you to vote against it.

Safai's amendment ties increased public safety to an unknown future tax that voters must approve and leaves the legislation without an actual funding source. Asking voters to raise taxes in order to get a fully staffed police department, a basic city service that should be included in a \$14 billion budget, is both bad budgetary policy and bad governance.

As San Francisco continues to grapple with severe public safety challenges including rampant car break-ins, shoplifting, and unprecedented open air drug markets, we as a City must do everything we can to increase public safety, including addressing the ongoing officer shortage in the San Francisco Police Department.

Unfortunately due to Supervisor Safai's amendment, this legislation will not help us address these issues, but instead prevent SFPD from recruiting and hiring the officers needed to keep residents and small business owners safe. As President of the Board of Supervisors, Supervisor Aaron Peskin should do everything in his power to halt this measure from going to voters.

I hope you will vote in opposition to this legislation and work with Supervisor Dorsey to draft legislation that will actually prioritize the safety of your constituents, as well as residents of and visitors to San Francisco.

Sincerely,
Lanier Coles

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Message to the Rules Committee and the Board of Supervisors

From your constituent: Richard Parina, parinarichard8@gmail.com

I am a resident of

District 3

Message: I OPPOSE Safai's charter amendment to increase taxes to solve the SFPD staffing crisis.

Dear Supervisor Safai,

I am writing to vehemently OPPOSE your amendment to Supervisor Dorsey's SFPD staffing plan. Increasing our taxes to solve the SFPD staffing crisis is irresponsible and demonstrates a disregard for residents who struggle to afford to live in San Francisco, and who expect public safety and a fully staffed police department to be part of the basic city services we already pay for.

We need the restoration of public safety now so that residents and business owners can feel reasonably safe again. This is a top priority for the majority of San Franciscans, and a fully staffed police force is needed to do the work that is necessary.

The net amount needed to fund the ORIGINAL Dorsey Charter amendment is estimated to be \$20M annually (after accounting for overtime savings).

We are hard-pressed to believe that the money couldn't be found in the city budget. Perhaps you should consider ending the funding of just one ineffective non-profit annually to cover that cost.

You have recently overseen a city budget that has DOUBLED since 2017, and you are telling the working residents of San Francisco that taxes must be raised for the city to provide basic law enforcement services and address a public safety crisis that city leaders should have handled long ago.

This is unacceptable and outrageous.

I do not support your amendment that guts Supervisor Dorsey's charter amendment for SFPD staffing and request that you withdraw it immediately or kill the bill

entirely.

Respectfully Submitted,

Richard Parina
Brigadier General (ret) USAR
Chair, Catholic Alumni Action Community PAC

As San Francisco continues to grapple with severe public safety challenges including rampant car break-ins, shoplifting, and unprecedented open air drug markets, we as a City must do everything we can to increase public safety, including addressing the ongoing officer shortage in the San Francisco Police Department.

Unfortunately due to Supervisor Safai's amendment, this legislation will not help us address these issues, but instead prevent SFPD from recruiting and hiring the officers needed to keep residents and small business owners safe. As President of the Board of Supervisors, Supervisor Aaron Peskin should do everything in his power to halt this measure from going to voters.

I hope you will vote in opposition to this legislation and work with Supervisor Dorsey to draft legislation that will actually prioritize the safety of your constituents, as well as residents of and visitors to San Francisco.

Sincerely,
JON STUBER

Dear Victor Young,

I am writing to you to express my opposition to the San Francisco Police Full Staffing Act as amended by Supervisor Safai and to urge you to vote against it.

Safai's amendment ties increased public safety to an unknown future tax that voters must approve and leaves the legislation without an actual funding source. Asking voters to raise taxes in order to get a fully staffed police department, a basic city service that should be included in a \$14 billion budget, is both bad budgetary policy and bad governance.

As San Francisco continues to grapple with severe public safety challenges including rampant car break-ins, shoplifting, and unprecedented open air drug markets, we as a City must do everything we can to increase public safety, including addressing the ongoing officer shortage in the San Francisco Police Department.

Unfortunately due to Supervisor Safai's amendment, this legislation will not help us address these issues, but instead prevent SFPD from recruiting and hiring the officers needed to keep residents and small business owners safe. Message: I OPPOSE Safai's charter amendment to increase taxes to solve the SFPD staffing crisis.

Dear Supervisor Safai,

I am writing to vehemently OPPOSE your amendment to Supervisor Dorsey's SFPD staffing plan. Increasing our taxes to solve the SFPD staffing crisis is irresponsible and demonstrates a disregard for residents who struggle to afford to live in San Francisco, and who expect public safety and a fully staffed police department to be part of the basic city services we already pay for.

We need the restoration of public safety now so that residents and business owners can feel reasonably safe again. This is a top priority for the majority of San Franciscans, and a fully staffed police force is needed to do the work that is necessary.

The net amount needed to fund the ORIGINAL Dorsey Charter amendment is estimated to be \$20M annually (after accounting for overtime savings).

We are hard-pressed to believe that the money couldn't be found in the city budget. Perhaps you should consider ending the funding of just one ineffective non-profit annually to cover that cost.

You have recently overseen a city budget that has DOUBLED since 2017, and you are telling the working residents of San Francisco that taxes must be raised for the city to provide basic law enforcement services and address a public safety crisis that city leaders should have handled long ago.

This is unacceptable and outrageous.

I do not support your amendment that guts Supervisor Dorsey's charter amendment for SFPD staffing and request that you withdraw it immediately or kill the bill entirely.

Subject: San Francisco Police Staffing Act
Date: Monday, November 6, 2023 10:44:27 AM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Hello, this is San Francisco resident Christian Averill. I'm writing to ask that we stop playing games with the safety of San Francisco's residents and drop Supervisor Safai's amendment to the San Francisco Full Police Staffing Act.

Police and safety are basic civic services and badly needed on our streets. These are not "nice to haves" or "extras" to tax citizens to fund. Safety on our streets has gotten worse in the last three years, it was not this bad before. I am unable to walk my 6 year old daughter to her school 10 blocks away because the streets have been given over to criminal elements.

This is not acceptable.

Community Ambassadors have not worked and they can not be expected to do the job of police. The SFPD faces a great number of issues and they need cooperation and partnership not further hampering and prejudice. We need a fully staffed police department, full stop.

Supervisor Safai, do the right thing by the citizens of San Francisco and drop this amendment.

Thank you.

Christian Averill

I am a resident of District 4

Message: I OPPOSE Safai's charter amendment to increase taxes to solve the SFPD staffing crisis.

Dear Supervisor Safai,

I am writing to oppose your amendment to Supervisor Dorsey's SFPD staffing plan. Increasing our taxes to solve the SFPD staffing crisis demonstrates a disturbing disregard for residents. Public safety and a fully staffed police department are part of the basic city services we already pay for.

All communities need public safety, and the residents and business owners in our city deserve to be and to feel reasonably safe again. This is a top priority for most San Franciscans, and we need a fully staffed police force to make this happen.

The net amount needed to fund the original Dorsey Charter amendment is estimated to be \$20M annually (after accounting for overtime savings). I am hard-pressed to believe that the money can't be found in the city budget, which is enormous. Perhaps you should consider ending the funding of just one ineffective non-profit annually to cover that cost.

You have recently overseen a city budget that has doubled since 2017, and you are telling the working residents of San Francisco that taxes must be raised for the city to provide basic law enforcement services and address a public safety crisis that city leaders should have handled long ago.

This is unacceptable and outrageous.

I do not support your amendment and request that you withdraw it immediately.

Sincerely,
Supryia Ray

Dear Supervisor Safai,

I am writing to vehemently OPPOSE your amendment to Supervisor Dorsey's SFPD staffing plan. Increasing our taxes to solve the SFPD staffing crisis is irresponsible and demonstrates a disregard for residents who struggle to afford to live in San Francisco, and who expect public safety and a fully staffed police department to be part of the basic city services we already pay for.

We need the restoration of public safety now so that residents and business owners can feel reasonably safe again. This is a top priority for the majority of San Franciscans, and a fully staffed police force is needed to do the work that is necessary.

The net amount needed to fund the ORIGINAL Dorsey Charter amendment is estimated to be \$20M annually (after accounting for overtime savings).

We are hard-pressed to believe that the money couldn't be found in the city budget. Perhaps you should consider ending the funding of just one ineffective non-profit annually to cover that cost.

You have recently overseen a city budget that has DOUBLED since 2017, and you are telling the working residents of San Francisco that taxes must be raised for the city to provide basic law enforcement services and address a public safety crisis that city leaders should have handled long ago.

This is unacceptable and outrageous.

I do not support your amendment that guts Supervisor Dorsey's charter amendment for SFPD staffing and request that you withdraw it immediately or kill the bill entirely.

Message: I OPPOSE Safai's charter amendment to increase taxes to solve the SFPD staffing crisis.

Dear Supervisor Safai,

I am writing to vehemently OPPOSE your out of touch amendment to Supervisor Dorsey's SPFD staffing plan. Public safety and a fully staffed police department are a part of the basic city services we already pay for and they should be budgeted for appropriately in our existing budget that has doubled in the last several years.

We need the restoration of public safety now so that residents and business owners can feel reasonably safe again. This is a top priority for the majority of San Franciscans, and a fully staffed police force is needed to do the work that is necessary.

The net amount needed to fund the ORIGINAL Dorsey Charter amendment is estimated to be \$20M annually (after accounting for overtime savings).

We are hard-pressed to believe that the money couldn't be found in the city budget. Perhaps you should consider ending the funding of just one ineffective non-profit annually to cover that cost.

Message to the Rules Committee and the Board of Supervisors

From your constituent: Terrell Ashford, terrellmashford@gmail.com

I am a resident of District 9

Message: I OPPOSE Safai's charter amendment to increase taxes to solve the SFPD staffing crisis.

Dear Supervisor Safai,

I am writing to vehemently OPPOSE your amendment to Supervisor Dorsey's SFPD staffing plan. Increasing our taxes to solve the SFPD staffing crisis is irresponsible and demonstrates a disregard for residents who struggle to afford to live in San Francisco, and who expect public safety and a fully staffed police department to be part of the basic city services we already pay for.

We need the restoration of public safety now so that residents and business owners can feel reasonably safe again. This is a top priority for the majority of San Franciscans, and a fully staffed police force is needed to do the work that is necessary.

The net amount needed to fund the ORIGINAL Dorsey Charter amendment is estimated to be \$20M annually (after accounting for overtime savings).

We are hard-pressed to believe that the money couldn't be found in the city budget. Perhaps you should consider ending the funding of just one ineffective non-profit annually to cover that cost.

You have recently overseen a city budget that has DOUBLED since 2017, and you are telling the working residents of San Francisco that taxes must be raised for the city to provide basic law enforcement services and address a public safety crisis that city leaders should have handled long ago.

This is unacceptable and outrageous.

I do not support your amendment that guts Supervisor Dorsey's charter amendment for SFPD staffing and request that you withdraw it immediately or kill the bill entirely.

Increasing our taxes to solve the SFPD staffing crisis is irresponsible and demonstrates a disregard for residents who struggle to afford to live in San Francisco, and who expect public safety and a fully staffed police department to be part of the basic city services we already pay for.

We need the restoration of public safety now so that residents and business owners can feel reasonably safe again. This is a top priority for the majority of San Franciscans, and a fully staffed police force is needed to do the work that is necessary.

The net amount needed to fund the ORIGINAL Dorsey Charter amendment is estimated to be \$20M annually (after accounting for overtime savings).

We are hard-pressed to believe that the money couldn't be found in the city budget. Perhaps you should consider ending the funding of just one ineffective non-profit annually to cover that cost.

You have recently overseen a city budget that has DOUBLED since 2017, and you are telling the working residents of San Francisco that taxes must be raised for the city to provide basic law enforcement services and address a public safety crisis that city leaders should have handled long ago.

This is unacceptable and outrageous.

I do not support your amendment that guts Supervisor Dorsey's charter amendment for SFPD staffing and request that you withdraw it immediately or kill the bill entirely.

Message to the Rules Committee and the Board of Supervisors

From your constituent: Alan Bent, alanbent8@gmail.com

I am a resident of District 1

Message: I OPPOSE Safai's charter amendment to increase taxes to solve the SFPD staffing crisis.

Dear Supervisor Safai,

I am writing to vehemently OPPOSE your amendment to Supervisor Dorsey's SFPD staffing plan. Increasing our taxes to solve the SFPD staffing crisis is irresponsible and demonstrates a disregard for residents who struggle to afford to live in San Francisco, and who expect public safety and a fully staffed police department to be part of the basic city services we already pay for.

We need the restoration of public safety now so that residents and business owners can feel reasonably safe again. This is a top priority for the majority of San Franciscans, and a fully staffed police force is needed to do the work that is necessary.

The net amount needed to fund the ORIGINAL Dorsey Charter amendment is estimated to be \$20M annually (after accounting for overtime savings).

We are hard-pressed to believe that the money couldn't be found in the city budget. Perhaps you should consider ending the funding of just one ineffective non-profit annually to cover that cost.

You have recently overseen a city budget that has DOUBLED since 2017, and you are telling the working residents of San Francisco that taxes must be raised for the city to provide basic law enforcement services and address a public safety crisis that city leaders should have handled long ago.

This is unacceptable and outrageous.

I do not support your amendment that guts Supervisor Dorsey's charter amendment for SFPD staffing and request that you withdraw it immediately or kill the bill entirely.

We need the restoration of public safety now so that residents and business owners can feel reasonably safe again. This is a top priority for the majority of San Franciscans, and a fully staffed police force is needed to do the work that is necessary.

The net amount needed to fund the ORIGINAL Dorsey Charter amendment is estimated to be \$20M annually (after accounting for overtime savings).

We are hard-pressed to believe that the money couldn't be found in the city budget. Perhaps you should consider ending the funding of just one ineffective non-profit annually to cover that cost.

You have recently overseen a city budget that has DOUBLED since 2017, and you are telling the working residents of San Francisco that taxes must be raised for the city to provide basic law enforcement services and address a public safety crisis that city leaders should have handled long ago.

This is unacceptable and outrageous.

I do not support your amendment that guts Supervisor Dorsey's charter amendment for SFPD staffing and request that you withdraw it immediately or kill the bill entirely.

Message to the Rules Committee and the Board of Supervisors

From your constituent: Richard Pellegrini, rpp7575@gmail.com

I am a resident of District 2

Message: I OPPOSE Safai's charter amendment to increase taxes to solve the SFPD staffing crisis.

Dear Supervisor Safai,

I am writing to vehemently OPPOSE your amendment to Supervisor Dorsey's SFPD staffing plan. Increasing our taxes to solve the SFPD staffing crisis is irresponsible and demonstrates a disregard for residents who struggle to afford to live in San Francisco, and who expect public safety and a fully staffed police department to be part of the basic city services we already pay for.

We need the restoration of public safety now so that residents and business owners can feel reasonably safe again. This is a top priority for the majority of San Franciscans, and a fully staffed police force is needed to do the work that is necessary.

The net amount needed to fund the ORIGINAL Dorsey Charter amendment is estimated to be \$20M annually (after accounting for overtime savings).

Perhaps you may consider reducing the budget for "homeless" services as it is well known that hundreds of millions are wasted due to lack of accountability on the part of the "non profit" service providers to whom the contracts are granted.

Message to the Rules Committee and the Board of Supervisors

From your constituent: Ron Will, ron.will@yahoo.com

I am a resident of District 8

Message: I OPPOSE Safai's charter amendment to increase taxes to solve the SFPD staffing crisis.

Dear Supervisor Safai,

I am writing to vehemently OPPOSE your amendment to Supervisor Dorsey's SFPD staffing plan. This is political grandstanding at its worse. Increasing our taxes to solve the SFPD staffing crisis is ridiculous. It's irresponsible and demonstrates a disregard for residents who struggle to afford to live in San Francisco. We rightfully expect public safety and a fully staffed police department to be part of the basic city services we already pay for.

We need the restoration of public safety now so that residents and business owners can feel reasonably safe again - and end the doom loop San Francisco finds itself in. This is a top priority for the majority of San Franciscans, and a fully staffed police force is needed to do the work that is necessary.

The net amount needed to fund the ORIGINAL Dorsey Charter amendment is estimated to be \$20M annually (after accounting for overtime savings).

We are hard-pressed to believe that the money couldn't be found in the city budget. Perhaps you should consider ending the funding of just one of the many homeless industrial complex organizations that clearly are ineffective and incentivized to continue the current state of affairs.

You have recently overseen a city budget that has DOUBLED since 2017, and you are telling the working residents of San Francisco that taxes must be raised for the city to provide basic law enforcement services and address a public safety crisis that city leaders should have handled long ago.

This is unacceptable and outrageous.

I do not support your amendment that guts Supervisor Dorsey's charter amendment for SFPD staffing and request that you withdraw it immediately or kill the bill entirely.

Message: I OPPOSE Safai's charter amendment to increase taxes to solve the SFPD staffing crisis.

Dear Supervisor Safai,

I am writing to vehemently OPPOSE your amendment to increase taxes to pay for the police force we deserve. I loved to San Francisco in 1993 - built a business and raised my family here. The city budget at that time was over \$10 billion less than in 2023 - and the city has approximately 200,000 fewer residents. Your proposal is why people are streaming out of this great city and it is the punchline for jokes about overspending and feckless government.

This will not stand - even on your watch the city budget has DOUBLED since 2017. The answer to all of your ineffective programs is not to tax the few of us who remain more.

Please open any textbook on basic economics.

Message to the Rules Committee and the Board of Supervisors

From your constituent: frances k averett, faverett@sbcglobal.net

I am a resident of District 2

Message: I OPPOSE Safai's charter amendment to increase taxes to solve the SFPD staffing crisis.

Dear Supervisor Safai,

I am writing to vehemently OPPOSE your amendment to Supervisor Dorsey's SFPD staffing plan. Increasing our taxes to solve the SFPD staffing crisis is irresponsible and demonstrates a disregard for residents who struggle to afford to live in San Francisco, and who expect public safety and a fully staffed police department to be part of the basic city services we already pay for.

We need the restoration of public safety now so that residents and business owners can feel reasonably safe again. This is a top priority for the majority of San Franciscans, and a fully staffed police force is needed to do the work that is necessary.

The net amount needed to fund the ORIGINAL Dorsey Charter amendment is estimated to be \$20M annually (after accounting for overtime savings).

We are hard-pressed to believe that the money couldn't be found in the city budget. Perhaps you should consider ending the funding of just one ineffective non-profit annually to cover that cost.

You have recently overseen a city budget that has DOUBLED since 2017, and you are telling the working residents of San Francisco that taxes must be raised for the city to provide basic law enforcement services and address a public safety crisis that city leaders should have handled long ago.

This is unacceptable and outrageous.

I do not support your amendment that guts Supervisor Dorsey's charter amendment for SFPD staffing and request that you withdraw it immediately or kill the bill entirely.

You have recently overseen a city budget that has DOUBLED since 2017, and you are telling the working residents of San Francisco that taxes must be raised for the city to provide basic law enforcement services and address a public safety crisis that city leaders should have handled long ago.

This is unacceptable and outrageous.

I do not support your amendment that guts Supervisor Dorsey's charter amendment for SFPD staffing and request that you withdraw it immediately or kill the bill entirely.

Message to the Rules Committee and the Board of Supervisors

From your constituent: KAREN WONG, cloudsrest789@gmail.com

I am a resident of District 3

Message: I OPPOSE Safai's charter amendment to increase taxes to solve the SFPD staffing crisis.

Dear Supervisor Safai,

I am writing to vehemently OPPOSE your amendment to Supervisor Dorsey's SFPD staffing plan. Increasing our taxes to solve the SFPD staffing crisis is irresponsible and demonstrates a disregard for residents who struggle to afford to live in San Francisco, and who expect public safety and a fully staffed police department to be part of the basic city services we already pay for.

We need the restoration of public safety now so that residents and business owners can feel reasonably safe again. This is a top priority for the majority of San Franciscans, and a fully staffed police force is needed to do the work that is necessary.

The net amount needed to fund the ORIGINAL Dorsey Charter amendment is estimated to be \$20M annually (after accounting for overtime savings).

We are hard-pressed to believe that the money couldn't be found in the city budget. Perhaps you should consider ending the funding of just one ineffective non-profit annually to cover that cost.

You have recently overseen a city budget that has DOUBLED since 2017, and you are telling the working residents of San Francisco that taxes must be raised for the city to provide basic law enforcement services and address a public safety crisis that city leaders should have handled long ago.

Dear Supervisor Safai,

I am writing to vehemently OPPOSE your amendment to Supervisor Dorsey's SFPD staffing plan. Increasing our taxes to solve the SFPD staffing crisis is irresponsible and demonstrates a disregard for residents who struggle to afford to live in San Francisco, and who expect public safety and a fully staffed police department to be part of the basic city services we already pay for.

We need the restoration of public safety now so that residents and business owners can feel reasonably safe again. This is a top priority for the majority of San Franciscans, and a fully staffed police force is needed to do the work that is necessary.

The net amount needed to fund the ORIGINAL Dorsey Charter amendment is estimated to be \$20M annually (after accounting for overtime savings).

We are hard-pressed to believe that the money couldn't be found in the city budget. Perhaps you should consider ending the funding of just one ineffective non-profit annually to cover that cost.

You have recently overseen a city budget that has DOUBLED since 2017, and you are telling the working residents of San Francisco that taxes must be raised for the city to provide basic law enforcement services and address a public safety crisis that city leaders should have handled long ago.

This is unacceptable and outrageous.

I do not support your amendment that guts Supervisor Dorsey's charter amendment for SFPD staffing and request that you withdraw it immediately or kill the bill entirely.

Dear Supervisor Safai,

I was there last week when you said the Mayor could do what Supervisor Dorsey's amendment would accomplish, but as is clear she hasn't, hence the need for the amendment.

Do you not think that recruits will respond to a greater incentive, or do you just not care about public safety?

I am writing to vehemently OPPOSE your amendment to Supervisor Dorsey's SFPD staffing plan. Increasing our taxes to solve the SFPD staffing crisis is irresponsible and demonstrates a disregard for residents who struggle to afford to live in San Francisco, and who expect public safety and a fully staffed police department to be part of the basic city services we already pay for.

We need the restoration of public safety now so that residents and business owners can feel reasonably safe again. This is a top priority for the majority of San Franciscans, and a fully staffed police force is needed to do the work that is necessary.

The net amount needed to fund the ORIGINAL Dorsey Charter amendment is estimated to be \$20M annually (after accounting for overtime savings).

We are hard-pressed to believe that the money couldn't be found in the city budget. Perhaps you should consider ending the funding of just one ineffective non-profit annually to cover that cost.

You have recently overseen a city budget that has DOUBLED since 2017, and you are telling the working residents of San Francisco that taxes must be raised for the city to provide basic law enforcement services and address a public safety crisis that city leaders should have handled long ago.

This is unacceptable and outrageous.

I do not support your amendment that guts Supervisor Dorsey's charter amendment for SFPD staffing and request that you withdraw it immediately or kill the bill entirely.

Look Supervisor Safai,

I am not going to repeat a canned message, but if you are going to run for mayor, or even if you want to remain one of our supervisors, stop doing stupid political stunts like this. I am not calling you stupid. It is almost like you are getting advice from Hillary Ronen. I am not a lefty or a righty - I would like to see ___lots___ more ___good___ police , more oversight also on the police. We have billions of nonsensical dollars in our budget. Step up to the plate and be a leader. stop wasting my time with nonsense.

Dear Supervisor Safai,

I am writing to vehemently OPPOSE your amendment to Supervisor Dorsey's SFPD staffing plan. Increasing our taxes to solve the SFPD staffing crisis is irresponsible and demonstrates a disregard for residents who struggle to afford to live in San Francisco, and who expect public safety and a fully staffed police department to be part of the basic city services we already pay for.

We need the restoration of public safety now so that residents and business owners can feel reasonably safe again. This is a top priority for the majority of San Franciscans, and a fully staffed police force is needed to do the work that is necessary.

The net amount needed to fund the ORIGINAL Dorsey Charter amendment is estimated to be \$20M annually (after accounting for overtime savings).

We are hard-pressed to believe that the money couldn't be found in the city budget. Perhaps you should consider ending the funding of just one ineffective non-profit annually to cover that cost.

You have recently overseen a city budget that has DOUBLED since 2017, and you are telling the working residents of San Francisco that taxes must be raised for the city to provide basic law enforcement services and address a public safety crisis that city leaders should have handled long ago.

This is unacceptable and outrageous.

I do not support your amendment that guts Supervisor Dorsey's charter amendment for SFPD staffing and request that you withdraw it immediately or kill the bill entirely.

Message: I OPPOSE Safai's charter amendment to increase taxes to solve the SFPD staffing crisis.

Dear Supervisor Safai,

We are tired and fed up with a dysfunctional Board that has allowed this Once Great City to descend into a lawless, unsafe and increasingly unlivable environment. Our friends are fleeing. Our property values are plummeting. We can't even rent our units and guests won't come to visit for fear of their safety. You all continue to dither and play politics.

Even if/when we leave, we will vote and stay politically involved to hold those responsible ACCOUNTABLE.

I am writing to vehemently OPPOSE your amendment to Supervisor Dorsey's SFPD staffing plan. Message to the Rules Committee and the Board of Supervisors

From your constituent: Mark Zanolli, zanoli@att.net

I am a resident of District 2

Message: I OPPOSE Safai's charter amendment to increase taxes to solve the SFPD staffing crisis.

Dear Supervisor Safai,

I am writing to vehemently OPPOSE your amendment to Supervisor Dorsey's SFPD staffing plan. Increasing our taxes to solve the SFPD staffing crisis is irresponsible and demonstrates a disregard for residents who struggle to afford to live in San Francisco, and who expect public safety and a fully staffed police department to be part of the basic city services we already pay for.

We need the restoration of public safety now so that residents and business owners can feel reasonably safe again. This is a top priority for the majority of San Franciscans, and a fully staffed police force is needed to do the work that is necessary.

The net amount needed to fund the ORIGINAL Dorsey Charter amendment is estimated to be \$20M annually (after accounting for overtime savings).

We are hard-pressed to believe that the money couldn't be found in the city budget. Perhaps you should consider ending the funding of just one ineffective non-profit annually to cover that cost.

You have recently overseen a city budget that has DOUBLED since 2017, and you are telling the working residents of San Francisco that taxes must be raised for the city to provide basic law enforcement services and address a public safety crisis that city leaders should have handled long ago.

This is unacceptable and outrageous.

I do not support your amendment that guts Supervisor Dorsey's charter amendment for SFPD staffing and request that you withdraw it immediately or kill the bill entirely.

I am writing to vehemently OPPOSE your amendment to Supervisor Dorsey's SFPD staffing plan. Increasing our taxes to solve the SFPD staffing crisis is irresponsible and demonstrates a disregard for residents who struggle to afford to live in San Francisco, and who expect public safety and a fully staffed police department to be part of the basic city services we already pay for.

We need the restoration of public safety now so that residents and business owners can feel reasonably safe again. This is a top priority for the majority of San Franciscans, and a fully staffed police force is needed to do the work that is necessary.

The net amount needed to fund the ORIGINAL Dorsey Charter amendment is estimated to be \$20M annually (after accounting for overtime savings).

We are hard-pressed to believe that the money couldn't be found in the city budget. Perhaps you should consider ending the funding of just one ineffective non-profit annually to cover that cost.

You have recently overseen a city budget that has DOUBLED since 2017, and you are telling the working residents of San Francisco that taxes must be raised for the city to provide basic law enforcement services and address a public safety crisis that city leaders should have handled long ago.

This is unacceptable and outrageous.

I do not support your amendment that guts Supervisor Dorsey's charter amendment for SFPD staffing and request that you withdraw it immediately or kill the bill entirely.

Stop dumping money down the homeless rat hole, where it has only resulted in making that problem worse. Put it where it will do some good for those of us paying the bills. Politicians seem to think there's a bottomless pit of money to be bled out of taxpayers. We are at wits end trying to pay the bills created by irresponsible spending, all the while watching this city turn into a toilet. Supervisor Safai, you are going nowhere fast.

You have recently overseen a city budget that has DOUBLED since 2017, and you are telling the working residents of San Francisco that taxes must be raised for the city to provide basic law enforcement services and address a public safety crisis that city leaders should have handled long ago.

This is unacceptable and outrageous.

I do not support your amendment that guts Supervisor Dorsey's charter amendment for SFPD staffing and request that you withdraw it immediately or kill the bill entirely.

Message to the Rules Committee and the Board of Supervisors

From your constituent: Adriana Vermut, adrivermut@gmail.com

I am a resident of District 5

Message: I OPPOSE Safai's charter amendment to increase taxes to solve the SFPD staffing crisis.

Dear Supervisor Safai,

I am writing to vehemently OPPOSE your amendment to Supervisor Dorsey's SFPD staffing plan. Increasing our taxes to solve the SFPD staffing crisis is irresponsible and demonstrates a disregard for residents who struggle to afford to live in San Francisco, and who expect public safety and a fully staffed police department to be part of the basic city services we already pay for.

We need the restoration of public safety now so that residents and business owners can feel reasonably safe again. This is a top priority for the majority of San Franciscans, and a fully staffed police force is needed to do the work that is necessary.

The net amount needed to fund the ORIGINAL Dorsey Charter amendment is estimated to be \$20M annually (after accounting for overtime savings).

We are hard-pressed to believe that the money couldn't be found in the city budget. Perhaps you should consider ending the funding of just one ineffective non-profit annually to cover that cost.

You have recently overseen a city budget that has DOUBLED since 2017, and you are telling the working residents of San Francisco that taxes must be raised for the city to provide basic law enforcement services and address a public safety crisis that city leaders should have handled long ago.

Message to the Rules Committee and the Board of Supervisors

From your constituent: David Fix, david@fixcpa.com

I am a resident of District 9

Message: I OPPOSE Safai's charter amendment to increase taxes to solve the SFPD staffing crisis.

Dear Supervisor Safai,

I am writing to vehemently OPPOSE your amendment to Supervisor Dorsey's SFPD staffing plan. Increasing our taxes to solve the SFPD staffing crisis is irresponsible and demonstrates a disregard for residents who struggle to afford to live in San Francisco, and who expect public safety and a fully staffed police department to be part of the basic city services we already pay for.

We need the restoration of public safety now so that residents and business owners can feel reasonably safe again. This is a top priority for the majority of San Franciscans, and a fully staffed police force is needed to do the work that is necessary.

The net amount needed to fund the ORIGINAL Dorsey Charter amendment is estimated to be \$20M annually (after accounting for overtime savings).

We are hard-pressed to believe that the money couldn't be found in the city budget. Perhaps you should consider ending the funding of just one ineffective non-profit annually to cover that cost.

You have recently overseen a city budget that has DOUBLED since 2017, and you are telling the working residents of San Francisco that taxes must be raised for the city to provide basic law enforcement services and address a public safety crisis that city leaders should have handled long ago.

This is unacceptable and outrageous.

I do not support your amendment that guts Supervisor Dorsey's charter amendment for SFPD staffing and request that you withdraw it immediately or kill the bill entirely.

Message to the Rules Committee and the Board of Supervisors

From your constituent: Paul Hessinger, 5jaguar5@comcast.net

I am a resident of District 9

Message: I OPPOSE Safai's charter amendment to increase taxes to solve the SFPD staffing crisis.

Dear Supervisor Safai,

Run the city effectively and wisely. If this had been done, problems could be solved. I wonder if anyone actually will read these emails .

By the way, I have worked with drug addicts and alcoholics for over forty years, and until and UNLESS this city and this country begin to collect taxes from the wealthy who are the current welfare queens, and give treatment on demand and mental health and life start up help, we will live in this sad quagmire of filth, sick people and out of control complex problems will continue to exist and probably grow. Look at the 20 year trajectory even right now! We will also have nickel and diming regressive taxes growing ever more rampant, like now, such as parking meters everywhere, toll roads, rising tolls that were supposed to be sunset that NEVER go away, even increase, bridges falling down, potholes like SF, etc etc. etc. Look at history if you want black and white concrete proof. We were able to have affordable housing, low rents and people making a living in the 50's through 70's because corporate taxes (prior to runaway lobbyists and loopholes gutting the REAL effective tax collections) were on a rising scale as profits of a company got higher, if I am not mistaken the highest tax on the last billions was something around 92%. Sounds high but they use more infrastructure than we citizens will ever use, take advantage of the educated people taught in tax paid schools etc. etc.

This kind of thinking is what has gotten us into the emergency of safety and many other things in this city. What exactly are you guys smoking. Do you want to continue add and raise regressive taxes until seniors,

families and EVERYONE except the city's pets, the donors and wealthy, and tech folks are left here? We are being hazed, ridiculous parking meter rates, parking meters everywhere but in our living rooms so far...supervisors probably have that on deck next! Give us a break.

I am writing to vehemently OPPOSE your amendment to Supervisor Dorsey's SFPD staffing plan. Increasing our taxes to solve the SFPD staffing crisis is irresponsible and demonstrates a disregard for residents who struggle to afford to live in San Francisco, and who expect public safety and a fully staffed police department to be part of the basic city services we already pay for. FIND THE MONEY IN THE BUDGET, YOU ONLY HAVE HALF A POLICE FORCE, LITTLE TO NO GRAFFITI CLEANUP, POTHOLES FOR ROADS DESTROYING OUR CARS, ETC ETC. - WHERE DID THAT MONEY GO THAT USE TO GO THERE AND MANY OTHER PLACES THAT USE TO GET ATTENTION?

We need the restoration of public safety now so that residents and business owners can feel reasonably safe again. This is a top priority for the majority of San Franciscans, and a fully staffed police force is needed to do the work that is necessary.

The net amount needed to fund the ORIGINAL Dorsey Charter amendment is estimated to be \$20M annually (after accounting for overtime savings).

This is unacceptable and outrageous.

I do not support your amendment that guts Supervisor Dorsey's charter amendment for SFPD staffing and request that you withdraw it immediately or kill the bill entirely.

I cannot come to the supervisors meeting as I am recovering from a heart valve replacement. Also, I have attended dozens and more of those window dressing meetings for YEARS. Decisions appeared to be made with the above accomplices (the city's pets, the donors and wealthy, and tech folks) before any supes meeting ever is held, before the people you allow to testify, favorites again, and then you have a huge line of locals and give them thirty seconds or so and most supes are on their phone, half asleep or gone by that time as they are NOT COUNTED in my opinion. I watched this up close for years. It is so obvious and transparent that it would be a joke if it were not so important and vital in our daily lives. We had to fight the supes and the city to stop street cleaning up here in Bernal Heights twice! Some self-centered Tech mogul moved here briefly and

wanted his street cleaner than it was allegedly. If Bernal gets street cleaning and postings wiping out 50% of parking all week every week, there will be parking wars, people moving like happened in Noe Valley when I lived there.

After the great wisdom of the city created that in Noe Valley there were wars, houses sold, people moved, and it took minimum

20 minutes of wasting gas circling until someone left their spot. This no car policy of this city is unworkable, old people eventually can't do buses and mass transit. It's got major flaws...I rode it for years.

I also worked for a US Senator, ran for a State House office and set up environmental group 50 years ago that is still running doing great work...so I have seen some of the sausage being made behind the public speeches and personas. We need some people of integrity, courage and will to do the right thing not just for their re-election chances, but as REAL public service.

FIND THE MONEY IN THE BUDGET, YOU ONLY HAVE HALF A POLICE FORCE, LITTLE TO NO GRAFFITI CLEANUP, POTHOLE FOR ROADS DESTROYING OUR CARS, ETC ETC. - WHERE DID THAT MONEY GO THAT USE TO GO THERE AND MANY OTHER PLACES THAT USE TO GET REPAIRS, UPKEEP AND ATTENTION?

This city's government is off the rails out of control. A city of this size shouldn't have a billion \$ + budget and THEN ask citizens to pay extra for what is the MOST BASIC of city services: public safety.

Hopefully the good people of this beleaguered city will turf you all out at your next elections. I'll certainly be voting that way.

Message to the Rules Committee and the Board of Supervisors

From your constituent: Igor Ostapenko, iostapenko6@gmail.com

I am a resident of District 4

Message: I OPPOSE Safai's charter amendment to increase taxes to solve the SFPD staffing crisis.

Dear Supervisor Safai,

I am writing to vehemently OPPOSE your amendment to Supervisor Dorsey's SFPD staffing plan. Increasing our taxes to solve the SFPD staffing crisis is irresponsible and demonstrates a disregard for residents who struggle to afford to live in San Francisco, and who expect public safety and a fully staffed police department to be part of the basic city services we already pay for.

We need the restoration of public safety now so that residents and business owners can feel reasonably safe again. This is a top priority for the majority of San Franciscans, and a fully staffed police force is needed to do the work that is necessary.

The net amount needed to fund the ORIGINAL Dorsey Charter amendment is estimated to be \$20M annually (after accounting for overtime savings).

We are hard-pressed to believe that the money couldn't be found in the city budget. Perhaps you should consider ending the funding of just one ineffective non-profit annually to cover that cost.

You have recently overseen a city budget that has DOUBLED since 2017, and you are telling the working residents of San Francisco that taxes must be raised for the city to provide basic law enforcement services and address a public safety crisis that city leaders should have handled long ago.

This is unacceptable and outrageous.

I do not support your amendment that guts Supervisor Dorsey's charter amendment for SFPD staffing and request that you withdraw it immediately or kill the bill entirely.

Message to the Rules Committee and the Board of Supervisors

From your constituent: Kathleen Gee, kathygee606@att.net

Message: I Support Supervisor Dorsey's Full Staffing Amendment, and You Should Too.

Dear Supervisors,

I support Supervisor Dorsey's full staffing amendment for SFPD and hope you will vote to put it on the ballot in March 2024. We cannot regain the city's reputation as a safe destination to live, work, visit, and shop if we do not have a fully staffed police force. Supervisor Dorsey's plan has short-, medium-, and long-range solutions to quickly fill the current gaps in personnel while making retention and recruitment possible and probable.

San Franciscans have prioritized public safety because we understand how vital it is to the success and achievement of every other industry and quality of life metric. Having our officers live in the neighborhoods they serve strengthens each community and the entire city. It is time to show our SFPD we value each and every officer, and it is long overdue that we take steps to help our officers live in the city they patrol each day. Please listen to your constituents who have repeatedly requested more funding for the police and more staffing of SFPD.

Message to the Rules Committee and the Board of Supervisors

From your constituent: Kathryn Roberts, km_roberts@yahoo.com

I am a resident of District10

Message: I OPPOSE Safai's charter amendment to increase taxes to solve the SFPD staffing crisis.

Dear Supervisor Safai,

I am writing to vehemently OPPOSE your amendment to Supervisor Dorsey's SFPD staffing plan. Increasing our taxes to solve the SFPD staffing crisis is irresponsible and demonstrates a disregard for residents who struggle to afford to live in San Francisco, and who expect public safety and a fully staffed police department to be part of the basic city services we already pay for.

We need the restoration of public safety now so that residents and business owners can feel reasonably safe again. This is a top priority for the majority of San Franciscans, and a fully staffed police force is needed to do the work that is necessary.

The net amount needed to fund the ORIGINAL Dorsey Charter amendment is estimated to be \$20M annually (after accounting for overtime savings).

We are hard-pressed to believe that the money couldn't be found in the city budget. Perhaps you should consider ending the funding of just one ineffective non-profit annually to cover that cost.

You have recently overseen a city budget that has DOUBLED since 2017, and you are telling the working residents of San Francisco that taxes must be raised for the city to provide basic law enforcement services and address a public safety crisis that city leaders should have handled long ago.

This is unacceptable and outrageous.

I do not support your amendment that guts Supervisor Dorsey's charter amendment for SFPD staffing and request that you withdraw it immediately or kill the bill entirely.

We need the restoration of public safety now so that residents and business owners can feel reasonably safe again. This is a top priority for the majority of San Franciscans, and a fully staffed police force is needed to do the work that is necessary.

The net amount needed to fund the ORIGINAL Dorsey Charter amendment is estimated to be \$20M annually (after accounting for overtime savings).

We are hard-pressed to believe that the money couldn't be found in the city budget. Perhaps you should consider ending the funding of just one ineffective non-profit annually to cover that cost.

You have recently overseen a city budget that has DOUBLED since 2017, and you are telling the working residents of San Francisco that taxes must be raised for the city to provide basic law enforcement services and address a public safety crisis that city leaders should have handled long ago.

This is unacceptable and outrageous.

I do not support your amendment that guts Supervisor Dorsey's charter amendment for SFPD staffing and request that you withdraw it immediately or kill the bill entirely.

Message to the Rules Committee and the Board of Supervisors

From your constituent: John Eugster, john.eugster@gmail.com

I am a resident of District 2

Message: I OPPOSE Safai's charter amendment to increase taxes to solve the SFPD staffing crisis.

Dear Supervisor Safai,

I am writing to vehemently OPPOSE your amendment to Supervisor Dorsey's SFPD staffing plan. Increasing our taxes to solve the SFPD staffing crisis is irresponsible and demonstrates a disregard for residents who struggle to afford to live in San Francisco, and who expect public safety and a fully staffed police department to be part of the basic city services we already pay for.

We need the restoration of public safety now so that residents and business owners can feel reasonably safe again. This is a top priority for the majority of San Franciscans, and a fully staffed police force is needed to do the work that is necessary.

The net amount needed to fund the ORIGINAL Dorsey Charter amendment is estimated to be \$20M annually (after accounting for overtime savings).

Message: I OPPOSE Safai's charter amendment to increase taxes to solve the SFPD staffing crisis.

Dear Supervisor Safai,

I am writing to let you know that I do not support EITHER the SFPD Staffing Plan NOR the Tax, because the Open Air Drug Markets it is supposed to Tackle wouldn't exist without the War on Drugs.

Something so much of a failure that trying to increase Policing (yet again) to try to tackle it will only have the EXACT SAME RESULTS as prior efforts: Increased Police Corruption, and an increase in Police Waste as they become addicted to the War on Drugs to a degree greater than any who abuse the drugs themselves.

Find another solution to both problems.

Matthew Bailey

I am writing to vehemently OPPOSE your amendment to Supervisor Dorsey's SFPD staffing plan. Increasing our taxes to solve the SFPD staffing crisis is irresponsible and demonstrates a disregard for residents who struggle to afford to live in San Francisco, and who expect public safety and a fully staffed police department to be part of the basic city services we already pay for.

We need the restoration of public safety now so that residents and business owners can feel reasonably safe again. This is a top priority for the majority of San Franciscans, and a fully staffed police force is needed to do the work that is necessary.

The net amount needed to fund the ORIGINAL Dorsey Charter amendment is estimated to be \$20M annually (after accounting for overtime savings).

We are hard-pressed to believe that the money couldn't be found in the city budget. Perhaps you should consider ending the funding of just one ineffective non-profit annually to cover that cost.

You have recently overseen a city budget that has DOUBLED since 2017, and you are telling the working residents of San Francisco that taxes must be raised for the city to provide basic law enforcement services and address a public safety crisis that city leaders should have handled long ago.

This is unacceptable and outrageous.

I do not support your amendment that guts Supervisor Dorsey's charter amendment for SFPD staffing and request that you withdraw it immediately or kill the bill entirely.

Message to the Rules Committee and the Board of Supervisors

From your constituent: Mike Drew, mikeldrew@aol.com

I am a resident of District 11

Message: I OPPOSE Safai's charter amendment to increase taxes to solve the SFPD staffing crisis.

Dear Supervisor Safai,

I am writing to vehemently OPPOSE your amendment to Supervisor Dorsey's SFPD staffing plan. Increasing our taxes to solve the SFPD staffing crisis is irresponsible and demonstrates a disregard for residents who struggle to afford to live in San Francisco, and who expect public safety and a fully staffed police department to be part of the basic city services we already pay for.

We need the restoration of public safety now so that residents and business owners can feel reasonably safe again. This is a top priority for the majority of San Franciscans, and a fully staffed police force is needed to do the work that is necessary.

The net amount needed to fund the ORIGINAL Dorsey Charter amendment is estimated to be \$20M annually (after accounting for overtime savings).

We are hard-pressed to believe that the money couldn't be found in the city budget. Perhaps you should consider ending the funding of just one ineffective non-profit annually to cover that cost.

You have recently overseen a city budget that has DOUBLED since 2017, and you are telling the working residents of San Francisco that taxes must be raised for the city to provide basic law enforcement services and address a public safety crisis that city leaders should have handled long ago.

This is unacceptable and outrageous.

I do not support your amendment that guts Supervisor Dorsey's charter amendment for SFPD staffing and request that you withdraw it immediately or kill the bill entirely.

Increasing our taxes to solve the SFPD staffing crisis is irresponsible and demonstrates a disregard for residents who struggle to afford to live in San Francisco, and who expect public safety and a fully staffed police department to be part of the basic city services we already pay for.

We need the restoration of public safety now so that residents and business owners can feel reasonably safe again. This is a top priority for the majority of San Franciscans, and a fully staffed police force is needed to do the work that is necessary.

The net amount needed to fund the ORIGINAL Dorsey Charter amendment is estimated to be \$20M annually (after accounting for overtime savings).

We are hard-pressed to believe that the money couldn't be found in the city budget. Perhaps you should consider ending the funding of just one ineffective non-profit annually to cover that cost.

You have recently overseen a city budget that has DOUBLED since 2017, and you are telling the working residents of San Francisco that taxes must be raised for the city to provide basic law enforcement services and address a public safety crisis that city leaders should have handled long ago.

This is unacceptable and outrageous.

I do not support your amendment that guts Supervisor Dorsey's charter amendment for SFPD staffing and request that you withdraw it immediately or kill the bill entirely.

Message to the Rules Committee and the Board of Supervisors

From your constituent: Anthony Fox, sftonyfox@gmail.com

I am a resident of District 5

Message: I OPPOSE Safai's charter amendment to increase taxes to solve the SFPD staffing crisis.

Dear Supervisor Safai,

I am writing to vehemently OPPOSE your amendment to Supervisor Dorsey's SFPD staffing plan. Increasing our taxes to solve the SFPD staffing crisis is irresponsible and demonstrates a disregard for residents who struggle to afford to live in San Francisco, and who expect public safety and a fully staffed police department to be part of the basic city services we already pay for.

We need the restoration of public safety now so that residents and business owners can feel reasonably safe again. This is a top priority for the majority of San Franciscans, and a fully staffed police force is needed to do the work that is necessary.

The net amount needed to fund the ORIGINAL Dorsey Charter amendment is estimated to be \$20M annually (after accounting for overtime savings).

We are hard-pressed to believe that the money couldn't be found in the city budget. Perhaps you should consider ending the funding of just one ineffective non-profit annually to cover that cost.

You have recently overseen a city budget that has DOUBLED since 2017, and you are telling the working residents of San Francisco that taxes must be raised for the city to provide basic law enforcement services and address a public safety crisis that city leaders should have handled long ago.

This is unacceptable and outrageous.

I do not support your amendment that guts Supervisor Dorsey's charter amendment for SFPD staffing and request that you withdraw it immediately or kill the bill entirely.

Increasing our taxes to solve the SFPD staffing crisis is irresponsible and demonstrates a disregard for residents who struggle to afford to live in San Francisco, and who expect public safety and a fully staffed police department to be part of the basic city services we already pay for.

We need the restoration of public safety now so that residents and business owners can feel reasonably safe again. This is a top priority for the majority of San Franciscans, and a fully staffed police force is needed to do the work that is necessary.

The net amount needed to fund the ORIGINAL Dorsey Charter amendment is estimated to be \$20M annually (after accounting for overtime savings).

We are hard-pressed to believe that the money couldn't be found in the city budget. Perhaps you should consider ending the funding of just one ineffective non-profit annually to cover that cost.

You have recently overseen a city budget that has DOUBLED since 2017, and you are telling the working residents of San Francisco that taxes must be raised for the city to provide basic law enforcement services and address a public safety crisis that city leaders should have handled long ago.

This is unacceptable and outrageous.

I do not support your amendment that guts Supervisor Dorsey's charter amendment for SFPD staffing and request that you withdraw it immediately or kill the bill entirely.

Message to the Rules Committee and the Board of Supervisors

From your constituent: Mark Armenta, markarmenta@hotmail.com

I am a resident of District 5

Message: I OPPOSE Safai's charter amendment to increase taxes to solve the SFPD staffing crisis.

Dear Supervisor Safai,

I am writing to vehemently OPPOSE your amendment to Supervisor Dorsey's SFPD staffing plan. Increasing our taxes to solve the SFPD staffing crisis is irresponsible and demonstrates a disregard for residents who struggle to afford to live in San Francisco, and who expect public safety and a fully staffed police department to be part of the basic city services we already pay for.

We need the restoration of public safety now so that residents and business owners can feel reasonably safe again. This is a top priority for the majority of San Franciscans, and a fully staffed police force is needed to do the work that is necessary.

The net amount needed to fund the ORIGINAL Dorsey Charter amendment is estimated to be \$20M annually (after accounting for overtime savings).

We are hard-pressed to believe that the money couldn't be found in the city budget. Perhaps you should consider ending the funding of just one ineffective non-profit annually to cover that cost.

You have recently overseen a city budget that has DOUBLED since 2017, and you are telling the working residents of San Francisco that taxes must be raised for the city to provide basic law enforcement services and address a public safety crisis that city leaders should have handled long ago.

This is unacceptable and outrageous.

I do not support your amendment that guts Supervisor Dorsey's charter amendment for SFPD staffing and request that you withdraw it immediately or kill the bill entirely.
