Mortality rates for health Miscellaneous members were based upon adjusted PubG-2010 Employee and Retiree tables for non-annuitants and retirees, respectively. Mortality rates were then projected generationally from the base year using the MP-2019 projection scale.

The actuarial assumptions used at the June 30, 2021 measurement date was based upon the result of a demographic experience study for the period July 1, 2014 through June 30, 2019 and an economic experience study as of July 1, 2020.

For healthy annuitants, the sex distinct 2009 CalPERS healthy annuitant mortality table, adjusted 1.014 for females and 0.909 for males. For active members, the sex distinct 2009 CalPERS employee mortality tables, adjusted 0.918 for females and 0.948 for males. Rates are projected generationally from the 2009 base year using a modified version of the MP-2015 projection scale.

The actuarial assumptions used at the June 30, 2020 measurement date was based upon the result of a demographic experience study for the period July 1, 2009 through June 30, 2014 and an economic experience study as of July 1, 2019.

### *Discount Rate*

### Fiscal Year 2022

**SFERS Plan** - The beginning and end of year measurements are based on different assumptions and contribution methods that may result in different discount rates. The discount rate was 7.40% as of June 30, 2021 (measurement date) and June 30, 2020 (measurement date).

The discount rate used to measure the Total Pension Liability as of June 30, 2021 was 7.40%. The projection of cash flows used to determine the discount rate assumed that plan member contributions will continue to be made at the rates specified in the Charter. Employer contributions were assumed to be made in accordance with the contribution policy in effect for July 1, 2020 actuarial valuation. That policy includes contributions equal to the employer portion

(Dollars in thousands, unless otherwise stated)

of the entry age normal costs for members as of the valuation date, a payment for the expected administrative expenses, and an amortization payment on the unfunded actuarial liability.

The amortization payment is based on closed periods that vary in length depending on the source. Charter amendments prior to July 1, 2014 are amortized over 20 years. After July 1, 2014, any Charter changes to active member benefits are amortized over 15 years and changes to inactive member benefits, including Supplemental COLAs, are amortized over 5 years. The remaining unfunded actuarial liability not attributable to Charter amendments as of July 1, 2013 is amortized over a 19-year period commencing July 1, 2014. Experience gains and losses and assumption or method changes on or after July 1, 2014 are amortized over 20 years. The full amortization payment for the 2015 assumption changes is phased in over a period of 5 years. For the July 1, 2016 valuation, the increase in the unfunded actuarial liability attributable to the Supplemental COLAs granted on July 1, 2013 and July 1, 2014 are amortized over 17-years and 5-years respectively. All amortization schedules are established as a level percentage of payroll so payments increase 3.25% each year. The unfunded actuarial liability is based on an actuarial value of assets that smooths investment gains and losses over five years and a measurement of the actuarial liability that excludes the value of any future Supplemental COLAs.

While the contributions and measure of actuarial liability in the funding valuation do not anticipate any future Supplemental COLAs, the projected contributions for the determination of the discount rate include the anticipated future amortization payments on future Supplemental COLAs for current members when they are expected to be granted. For members who worked after November 6, 1996 and before Proposition C passed (Post 1997 Retirees), a Supplemental COLA is granted if the actual investment earnings during the year exceed the expected investment earnings on the actuarial value of assets. For members who did not work after November 6, 1996 and before Proposition C passed, the market value of assets must also exceed the actuarial liability at the beginning of the year for a Supplemental COLA to be granted. When a Supplemental COLA is granted, the amount depends on the amount of excess earnings and the basic COLA amount for each membership group. The large majority of members receive a 1.50% Supplemental COLA when granted.

Because the probability of a Supplemental COLA depends on the current funded level of the Retirement System for certain members, an assumption was developed as of June 30, 2021 for the probability and amount of Supplemental COLA for each future year. A full Supplemental COLA will be paid to all retired members, and their beneficiaries, who were retired effective July 1, 2021. The table below shows the net assumed Supplemental COLA for members with a 2.00% Basic COLA for sample years.

**Assumed Supplemental COLA for Members with a 2.00% Basic COLA**

| <u>Fiscal years</u> | <u>96 - Prop C</u> | <u>Before 11/6/96<br/>or After Prop C</u> |
|---------------------|--------------------|-------------------------------------------|
| 2023                | 0.75 %             | 0.70 %                                    |
| 2025                | 0.75               | 0.70                                      |
| 2027                | 0.75               | 0.60                                      |
| 2029                | 0.75               | 0.60                                      |
| 2031                | 0.75               | 0.60                                      |
| 2033+               | 0.75               | 0.50                                      |

The projection of benefit payments to current members for determining the discount rate includes the payment of anticipated future Supplemental COLAs.

Notes to Financial Statements

June 30, 2022 and 2021

(Dollars in thousands, unless otherwise stated)

Based on these assumptions, the Retirement System's fiduciary net position was projected to be available to make projected future benefit payments for current members for all future years. Projected benefit payments are discounted at the long-term expected return on assets of 7.40% to the extent the fiduciary net position is available to make the payments and at the municipal bond rate of 2.16% to the extent they are not available. The single equivalent rate used to determine the Total Pension Liability as of June 30, 2021 is 7.40%.

The long-term expected rate of return on pension plan investments was 7.40%. It was set by the Retirement Board after consideration of both expected future returns and historical returns experienced by the Retirement System. Expected future returns were determined by using a building-block method in which best-estimate ranges of expected future real rates of return were developed for each major asset class. These ranges were combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Target allocation and best estimates of geometric long-term expected real rates of return (net of pension plan investment expense and inflation) for each major asset class are summarized in the following table.

| <u>Asset Class</u>           | <u>Target Allocation</u> | <u>Long-Term Expected Real Rate of Return</u> |
|------------------------------|--------------------------|-----------------------------------------------|
| Global Equity                | 37.0 %                   | 4.2 %                                         |
| Private Equity               | 23.0                     | 7.9                                           |
| Private Credit               | 10.0                     | 5.1                                           |
| Real Assets                  | 10.0                     | 5.1                                           |
| Hedge Funds/Absolute Returns | 10.0                     | 2.9                                           |
| Treasuries                   | 8.0                      | 0.0                                           |
| Liquid Credit                | 5.0                      | 2.3                                           |
| Leverage                     | (3.0)                    | 0.1                                           |
| Total                        | <u>100.0</u>             |                                               |

### Fiscal Year 2021

**SFERS Plan** – The beginning and end of year measurements are based on different assumptions and contribution methods that may result in different discount rates. The discount rate was 7.40% as of June 30, 2020 (measurement date) and June 30, 2019 (measurement date).

The discount rate used to measure the Total Pension Liability as of the June 30, 2020 was 7.40%. The projection of cash flows used to determine the discount rate assumed that plan member contributions will continue to be made at the rates specified in the Charter. Employer contributions were assumed to be made in accordance with the contribution policy in effect for July 1, 2019 actuarial valuation. That policy includes contributions equal to the employer portion of the entry age, normal costs for members as of the valuation date, a payment for the expected administrative expenses, and an amortization payment on the unfunded actuarial liability.

The amortization payment is based on closed periods that vary in length depending on the source. Charter amendments prior to July 1, 2014 are amortized over 20 years. After July 1, 2014, any Charter changes to active member benefits are amortized over 15 years and changes to inactive member benefits, including Supplemental COLAs, are amortized over 5 years. The remaining unfunded actuarial liability not attributable to Charter amendments as of July 1, 2013 is amortized over a 19-year period commencing July 1, 2014. Experience gains and losses and assumption or method changes on or after July 1, 2014 are amortized over 20 years. The full amortization payment for the 2015 assumption changes is phased in over a period of 5 years.

Notes to Financial Statements

June 30, 2022 and 2021

(Dollars in thousands, unless otherwise stated)

For the July 1, 2016 valuation, the increase in the unfunded actuarial liability attributable to the Supplemental COLAs granted on July 1, 2013 and July 1, 2014 are amortized over 17-years and 5-years respectively. All amortization schedules are established as a level percentage of payroll, so payments increase 3.50% each year. The unfunded actuarial liability is based on an actuarial value of assets that smooths investment gains and losses over five years and a measurement of the actuarial liability that excludes the value of any future Supplemental COLAs.

While the contributions and measure of actuarial liability in the funding valuation do not anticipate any future Supplemental COLAs, the projected contributions for the determination of the discount rate include the anticipated future amortization payments on future Supplemental COLAs for current members when they are expected to be granted. For members who worked after November 6, 1996 and before Proposition C passed (Post 1997 Retirees), a Supplemental COLA is granted if the actual investment earnings during the year exceed the expected investment earnings on the actuarial value of assets. For members who did not work after November 6, 1996 and before Proposition C passed, the market value of assets must also exceed the actuarial liability at the beginning of the year for a Supplemental COLA to be granted. When a Supplemental COLA is granted, the amount depends on the amount of excess earnings and the basic COLA amount for each membership group. The large majority of members receive a 1.50% Supplemental COLA when granted.

Because the probability of a Supplemental COLA depends on the current funded level of the Retirement System for certain members, an assumption was developed as of June 30, 2020 for the probability and amount of Supplemental COLA for each future year. There were no excess earnings during the fiscal year ending June 30, 2020; consequently, no Supplemental COLA will be paid effective July 1, 2020.

The table below shows the net assumed Supplemental COLA for members with a 2.00% Basic COLA for sample years.

**Assumed Supplemental COLA for Members with a 2.00% Basic COLA**

| <u>Fiscal years</u> | <u>96 - Prop C</u> | <u>Before 11/6/96<br/>or After Prop C</u> |
|---------------------|--------------------|-------------------------------------------|

***Sensitivity of Proportionate Share of the Net Pension Liability to Changes in the Discount Rate***

The following presents Hetch Hetchy's allocation of the employer's proportionate share of the net pension liability/asset for the SFERS Plan, calculated using the discount rate, as well as what Hetch Hetchy's allocation of the employer's proportionate share of the net pension (asset)/liability would be if it were calculated using a discount rate that is 1% lower or 1% higher than the current rate.

| Fiscal Year 2022                 | Hetchy Water | Hetchy Power | CleanPowerSF | Total    |
|----------------------------------|--------------|--------------|--------------|----------|
| 1% Decrease Share of NPL @ 6.40% | \$ 9,272     | 11,333       | 1,221        | 21,826   |
| Share of NPA @ 7.40%             | (13,912)     | (17,004)     | (1,833)      | (32,749) |
| 1% Increase Share of NPA @ 8.40% | (33,053)     | (40,398)     | (4,354)      | (77,805) |
| Fiscal Year 2021                 | Hetchy Water | Hetchy Power | CleanPowerSF | Total    |
| 1% Decrease Share of NPL @ 6.40% | \$ 47,111    | 57,580       | 5,318        | 110,009  |
| Share of NPL @ 7.40%             | 26,645       | 32,566       | 3,008        | 62,219   |
| 1% Increase Share of NPL @ 8.40% | 9,736        | 11,899       | 1,099        | 22,734   |

**(b) *Other Post-Employment Benefits***

Hetch Hetchy participates in a single-employer defined benefit other post-employment plan (the Plan). The Plan is maintained by the City and is administered through the City's Health Service System. It provides post-employment medical, dental and vision insurance benefits to eligible employees, retired employees, surviving spouses, and domestic partners. Health benefit provisions are established and may be amended through negotiations between the City and the respective bargaining units. The City does not issue a separate report on its other post-employment benefit plan.

Notes to Financial Statements

June 30, 2022 and 2021

(Dollars in thousands, unless otherwise stated)

GASB Statement No. 75 requires that reported results must pertain to liability and asset information within certain defined timeframes. For this report, the following timeframes are used.

| <b>San Francisco Health Service System Retiree Plan - Single-Employer</b> |                                        |                               |
|---------------------------------------------------------------------------|----------------------------------------|-------------------------------|
|                                                                           | <b>Fiscal Year 2022</b>                | <b>Fiscal Year 2021</b>       |
| Valuation Date (VD)                                                       | June 30, 2020 updated to June 30, 2021 | June 30, 2020                 |
| Measurement Date (MD)                                                     | June 30, 2021                          | June 30, 2020                 |
| Measurement Period (MP)                                                   | July 1, 2020 to June 30, 2021          | July 1, 2019 to June 30, 2020 |

Hetch Hetchy’s proportionate share percentage of the Plan was determined based on its percentage of citywide “pay-as-you-go” contributions for the years ended June 30, 2021 and June 30, 2020. Hetch Hetchy’s net OPEB liability, deferred outflows/inflows of resources related to OPEB, amortization of deferred outflows/inflows and OPEB expense to each department is based on its allocated percentage. Hetch Hetchy’s proportionate share of the City’s OPEB elements was 0.92%, of which 0.39% for Hetchy Water, 0.47% for Hetchy Power, and 0.06% for CleanPowerSF as of June 30, 2021 (measurement date). Hetch Hetchy’s proportionate share of the City’s OPEB elements was 0.92%, of which 0.38% for Hetchy Water, 0.46% for Hetchy Power, and 0.08% for CleanPowerSF as of June 30, 2020 (measurement date).

***Benefits***

Permanent full-time and elected employees are eligible to retire and receive post-retirement health insurance benefits when they are eligible for retirement benefits from the City and County of San Francisco’s Retirement System. The eligibility requirements are as follows:

|                                  |               |                                                                                                   |
|----------------------------------|---------------|---------------------------------------------------------------------------------------------------|
| Normal Retirement                | Miscellaneous | Age 50 with 20 years of credited service <sup>1</sup><br>Age 60 with 10 years of credited service |
|                                  | Safety        | Age 50 with 5 years of credited service                                                           |
| Disabled Retirement <sup>2</sup> |               | Any age with 10 years of credited service                                                         |
| Terminated Vested                |               | 5 years of credited service at separation                                                         |

<sup>1</sup> Age 53 with 20 years of credited service, age 60 with 10 years of credited service, or age 65 for Miscellaneous members hired on or after January 7, 2012.

<sup>2</sup> No service requirement for Safety members retiring under the industrial disability benefit or for surviving spouses/domestic partners of those killed in the line of duty.

Retiree healthcare benefits are administered by the San Francisco Health Service System and include the following:

- Medical: PPO – City Health Plan (self-insured) and UHC Medicare Advantage (fully-insured)  
HMO – Kaiser (fully-insured) and Blue Shield (flex-funded)
- Dental: Delta Dental, DeltaCare USA and United Healthcare Dental
- Vision: Vision benefits are provided under the medical insurance plans and are administered by Vision Service Plan.

Projections of the sharing of benefit related costs are based on an established pattern of practice.

Notes to Financial Statements

June 30, 2022 and 2021

(Dollars in thousands, unless otherwise stated)

### ***Contributions***

Benefits provided under the Plan are currently paid through “pay-as-you-go” funding. Additionally, under the City Charter, active officers and employees of the City who commenced employment on or after January 10, 2009, shall contribute to the Retiree Health Care Trust Fund (Trust Fund) a percentage of compensation not to exceed 2% of pre-tax compensation. The City shall contribute 1% of compensation for officers and employees who commenced employment on or after January 10, 2009 until the City’s GASB Actuary has determined that the City’s portion of the Trust Fund is fully funded. At that time, the City’s 1% contribution shall cease, and officers and employees will each contribute 50% of the maximum 2% of pre-tax compensation.

Starting July 1, 2016, active officers and employees of the City who commenced employment on or before January 9, 2009, shall contribute 0.25% of pre-tax compensation into the Trust Fund. Beginning on July 1<sup>st</sup> of each subsequent year, the active officers and employees of the City who commenced employment on or before January 9, 2009, shall contribute an additional 0.25% of pre-tax compensation up to a maximum of 1%. Starting July 1, 2016, the City shall contribute 0.25% of compensation into the Trust Fund for each officer and employee who commenced employment on or before January 9, 2009. Beginning on July 1<sup>st</sup> of each subsequent year, the City shall contribute an additional 0.25% of compensation, up to a maximum of 1% for each officer and employee who commenced employment on or before January 9, 2009. When the City’s Actuary has determined that the City’s portion of the Trust Fund is fully funded, the City’s 1% contribution shall cease, and officers and employees will each contribute 50% of the maximum 1% of pre-tax compensation. Additional or existing contribution requirements may be established or modified by amendment to the City’s Charter.

### **Fiscal Year 2022**

For the fiscal year ended June 30, 2022, the City’s funding was based on “pay as you go” plus a contribution of \$41,841 to the Retiree Healthcare Trust Fund. The “pay as you go” portion paid by the City was \$211,025 for a total contribution of \$252,866 for the fiscal year ended June 30, 2022. Hetch Hetchy’s proportionate share of the City’s contributions for fiscal year 2022 were \$2,322: \$975 for Hetchy Water, \$1,192 for Hetchy Power, and \$155 for CleanPowerSF for fiscal year 2022 and will be recognized as a reduction of the net OPEB liability in the subsequent fiscal period.

### **Fiscal Year 2021**

For the fiscal year ended June 30, 2021, the City’s funding was based on “pay-as-you-go” plus a contribution of \$39,555 to the Retiree Healthcare Trust Fund. The “pay-as-you-go” portion paid by the City was \$206,439 for a total contribution of \$245,994 for the fiscal year ended June 30, 2021. Hetch Hetchy’s proportionate share of the City’s contributions for fiscal year 2021 were \$2,252: \$929 for Hetchy Water, \$1,136 for Hetchy Power, and \$187 for CleanPowerSF.

### ***OPEB Liabilities, OPEB Expenses and Deferred Outflows/Inflows of Resources Related to OPEB***

### **Fiscal Year 2022**

As of June 30, 2022, the City reported net OPEB liabilities related to the Plan of \$3,691,122. Hetch Hetchy’s proportionate share of the City’s net OPEB liability as of June 30, 2022 was \$33,909: \$14,240 for Hetchy Water, \$17,405 for Hetchy Power, and \$2,264 for CleanPowerSF.

## HETCH HETCHY WATER AND POWER AND CLEANPOWERSF

Notes to Financial Statements

June 30, 2022 and 2021

(Dollars in thousands, unless otherwise stated)

For the year ended June 30, 2022, the City's recognized OPEB expense was \$272,001. Amortization of the City's deferred outflows and inflows is included as a component of OPEB expense. Hetch Hetchy's proportionate share of the City's OPEB expense was \$3,002: \$1,874 for Hetchy Water and \$2,291 for Hetchy Power, offset by a decrease of \$1,163 expense for CleanPowerSF.

As of June 30, 2022, Hetch Hetchy reported its proportionate share of the City's deferred outflows and inflows of resources related to OPEB from the following sources:

|                                                                          | Schedules of Deferred Outflows and Inflows of Resources |              |              |              |                               |              |              |              |

***Discount Rate***

**Fiscal Year 2022**

The discount rate used to measure the Total OPEB Liability as of June 30, 2021 was 7.00%. Based on the assumption that plan member contributions will continue to be made at the rates specified in the Charter, it was determined that the Plan's projected fiduciary net position will be greater than or equal to the benefit payments projected for each future period. As such, the long-term expected rate of return on plan investments was applied to all periods of projected benefit payments to determine the total OPEB liability.

The long-term expected rate of return on OPEB plan investments was 7.00% based on expected future returns and historical returns experienced by the Trust Fund. Expected future returns were determined based on 10-year and 20-year capital market assumptions for the Trust Fund's asset allocation.

The following presents Hetch Hetchy's proportionate share of the City's net OPEB liability calculated using the discount rate, as well as what Hetch Hetchy's proportionate share of the City's net OPEB liability would be if it were calculated using a discount rate that is 1% lower or 1% higher than the current rate:

|                     | Hetchy<br>Water | Hetchy<br>Power | CleanPowerSF | Total  |
|---------------------|-----------------|-----------------|--------------|--------|
| 1% Decrease 6.00%   | \$ 16,652       | 20,352          | 2,648        | 39,652 |
| Discount Rate 7.00% | 14,240          | 17,405          | 2,264        | 33,909 |
| 1% Increase 8.00%   | 12,271          | 14,997          | 1,951        | 29,219 |

**Fiscal Year 2021**

The discount rate used to measure the total OPEB liability as of June 30, 2020 was 7.00%. Based on the assumption that plan member contributions will continue to be made at the rates specified in the Charter, it was determined that the Plan's projected fiduciary net position will be greater than or equal to the benefit payments projected for each future period. As such, the long-term expected rate of return on plan investments was applied to all periods of projected benefit payments to determine the total OPEB liability.

The long-term expected rate of return on OPEB plan investments was 7.00% based on expected future returns and historical returns experienced by the Trust Fund. Expected future returns were determined based on 10-year and 20-year capital market assumptions for the Trust Fund's asset allocation.

The asset allocation targets summarized above have a 20-year return estimate of 6.90%, which was weighted against a 10-year model estimating a 6.93% return, resulting in the ultimate long-term expected rate of return of 7.00%.

The following presents Hetch Hetchy's proportionate share of the City's net OPEB liability calculated using the discount rate, as well as what Hetch Hetchy's proportionate share of the City's net OPEB liability would be if it were calculated using a discount rate that is 1% lower or 1% higher than the current rate:

|                     | Hetchy Water | Hetchy Power | CleanPowerSF | Total  |
|---------------------|--------------|--------------|--------------|--------|
| 1% Decrease 6.00%   | \$ 16,761    | 20,486       | 3,376        | 40,623 |
| Discount Rate 7.00% | 14,444       | 17,653       | 2,909        | 35,006 |
| 1% Increase 8.00%   | 12,551       | 15,341       | 2,528        | 30,420 |

The City issues a publicly available financial report that includes the complete note disclosures and required supplementary information related to the City's post-employment health care obligations. The report may be obtained by writing to the City and County of San Francisco, Office of the Controller, 1 Dr. Carlton B. Goodlett Place, Room 316, San Francisco, California 94102, or by calling (415) 554-7500.

## HETCH HETCHY WATER AND POWER AND CLEANPOWERSF

Notes to Financial Statements

June 30, 2022 and 2021

(Dollars in thousands, unless otherwise stated)

### (12) Related Parties

#### (a) *Hetch Hetchy*

Various common costs incurred by the SFPUC are allocated among Hetch Hetchy, Water, and Wastewater Enterprises. The allocations are based on the SFPUC management's best estimate and may change from year to year depending on the activities incurred by each Enterprise and the information available. For the years ended June 30, 2022 and 2021, the SFPUC allocated \$22,221 or 20.7% and \$20,099 or 20.5% respectively, in administrative costs including COVID-19 Project expenses, which is presented in the financial statements under various expense categories. These costs are then allocated to Hetchy Water, Hetchy Power, and CleanPowerSF in the Hetch Hetchy financial statements, using the periodically reviewed department overhead allocation model.

The City performs certain administrative services such as maintenance of accounting records and investment of cash for all fund groups within the City. The various funds are charged for these services based on the City's indirect cost allocation plan. Some City departments provide direct services such as engineering, purchasing, legal, data processing, telecommunication, and human resources to Hetch Hetchy and charge amounts designed to recover those departments' costs. These charges totaling approximately \$13,003 and \$12,582 for the years ended June 30, 2022 and 2021, respectively, have been included in services provided by other departments in the accompanying financial statements.

SFPUC's 75-year lease agreement with the San Francisco Recreation and Parks Department, for the use of parking spaces for its fleet of vehicles at the Civic Center Garage, commenced on February 1, 2011. Total payment under this agreement is \$6,274, which was fully made as of fiscal year 2015. The expenses and prepayments among the three SFPUC Enterprises are based on 525 Golden Gate occupancy. As of June 30, 2022, Hetch Hetchy's allocable shares of expenses and prepayment were \$18 and \$904, respectively, and as of June 30, 2021 were \$17 and \$922, respectively.

#### (b) *Hetchy Water*

For the years ended June 30, 2022 and 2021, the SFPUC allocated \$10,886 or 10.2%, and \$4,585 or 4.7%, respectively, in administrative costs including COVID-19 Project expense to Hetchy Water.

The Water Enterprise purchases water from Hetchy Water. Included in the operating revenues are the water assessment fees of \$45,815 and \$44,149 for the years ended June 30, 2022 and 2021, respectively. The water assessment fees represent a recovery to fund upcountry, water-related costs that are not otherwise funded through Hetchy water-related revenue or Water revenue bonds.

Hetchy Water received \$30,001 and \$16,000 for the years ended June 30, 2022 and 2021, respectively, from the Water Enterprise to fund upcountry projects.

#### (c) *Hetchy Power*

For the years ended June 30, 2022 and 2021, the SFPUC allocated \$8,820 or 8.2%, and \$13,202 or 13.5% respectively, in administrative costs including COVID-19 Project expense to Hetchy Power.

## HETCH HETCHY WATER AND POWER AND CLEANPOWERSF

Notes to Financial Statements

June 30, 2022 and 2021

(Dollars in thousands, unless otherwise stated)

As of June 30, 2022, and 2021, operating revenues in sales of power to departments within the City were \$116,334 and \$82,129, respectively.

The Water Enterprise also purchases electricity and gas from Hetchy Power. This amount totaled \$11,394 and \$9,790 for the years ended June 30, 2022 and 2021, respectively.

The Wastewater Enterprise purchases electricity and gas from Hetchy Power. This amount totaled \$11,887 and \$10,122 for the years ended June 30, 2022 and 2021, respectively.

The Low Carbon Fuel Standard (LCFS) program is a regulatory program overseen by the California Air Resources Board (CARB). The LCFS program seeks to reduce the carbon intensity of California's transportation fuel by 20% by 2030. Transportation fuel suppliers can achieve this goal by either reducing the carbon intensity of their fuels or purchasing LCFS credits from other fuel suppliers that have a lower carbon intensity. In 2017, the San Francisco Municipal Transportation Agency (SFMTA) joined the LCFS program, signing up its transit fleet of electric buses, cable cars, and light rail vehicles and generating LCFS credits. Through a Memorandum of Understanding (MOU) with SFMTA, approved by the SFPUC Commission in Resolution 17-0199, net proceeds from the sale of LCFS credits would be shared 50/50 between SFMTA and Hetchy Power. Under the MOU, Hetchy Power would take responsibility for selling the LCFS credits. In Ordinance 0199-19, the Board of Supervisors authorized Hetchy Power to establish the Low Carbon Fuel Standard Fund to account for the revenue and expenditure from the sale of LCFS credits. The Ordinance also allowed Hetchy Power to sell LCFS credits on behalf of other City agencies. As of June 30, 2022 and 2021, Hetchy Power received total payments of \$2,367 and \$2,362, respectively, 50% (\$1,184 in fiscal year 2022 and \$1,181 in fiscal year 2021) was reallocated to SFMTA and the remaining portion was reported as other non-operating revenues on the Statements of Revenues, Expenses, and Change in Net Position.

Due from other City departments was \$11,804 and \$12,406 for the years ended June 30, 2022 and 2021, respectively. Hetchy Power serves as the City's department for energy efficiency projects and maintains the Sustainable Energy Account (SEA) (formerly known as the Mayor's Energy Conservation Account) fund to sponsor and financially support such projects at various City departments. In this role, Hetchy Power may secure low-interest financing to supplement funds available in the SEA fund. At June 30, 2022 and 2021, projects completed or under way throughout the City amounted to \$4,050 and \$4,556, respectively, and are recorded as due from other government agencies.

Hetch Hetchy funded a project for the Treasure Island Development Authority and recorded a receivable in connection with an upgraded submarine power cable for the Treasure Island as due from other government agencies. This amount totaled \$6,666 and \$6,627 for the years ended June 30, 2022 and 2021, respectively.

## HETCH HETCHY WATER AND POWER AND CLEANPOWERSF

Notes to Financial Statements

June 30, 2022 and 2021

(Dollars in thousands, unless otherwise stated)

As of June 30, 2022 and 2021, Hetchy Power recorded receivables of \$629 and \$739, respectively, due from Wastewater Enterprise for its share of costs relating to SFPUC Headquarters Living Machine System. Details of due from other City departments are as follows:

|                                                   | <u>2022</u>      | <u>2021</u>    |
|---------------------------------------------------|------------------|----------------|
| Treasure Island Development Authority             | \$ 6,666         | 6,627          |
| SEA-related project: Moscone Center               | 4,050            | 4,556          |
| Wastewater - 525 Golden Gate Headquarters Project | 629              | 739            |
| San Francisco Recreation and Park                 | 314              | 419            |
| Department of Public Works                        | 145              | 65             |
| Total due from other City departments             | <u>11,804</u>    | <u>12,406</u>  |
| Less: current portion                             | <u>(867)</u>     | <u>(7,413)</u> |
| Long-term portion as of June 30, net              | <u>\$ 10,937</u> | <u>4,993</u>   |

As of June 30, 2022, Hetchy Power had payables in the amount of \$380, of which \$369 to the Port of San Francisco for Pier 70 Shoreside Power Project and \$11 to the Department of Public Works for painting of light poles. As of June 30, 2021, Hetchy Power had payables of \$369 to the Port of San Francisco for Pier 70 Shoreside Power Project.

### (d) *CleanPowerSF*

For the years ended June 30, 2022 and 2021, the SFPUC allocated \$2,515 or 2.4%, and \$2,312 or 2.4%, respectively, in administrative costs to CleanPowerSF.

As of June 30, 2022, and 2021, operating revenue in sales of power to Hetchy Power were \$2,332 and \$1,072, respectively. Operating expenses in purchase of power from Hetchy Power were \$1,589 and \$2,456, respectively. Wholesale sales of energy, capacity and/or other electric power related products may be made between the CleanPowerSF and Hetchy Power, when available. CleanPowerSF and Hetchy Power transact for such products at prevailing market prices.

CleanPowerSF received program support services from Hetchy Power. This amount totaled \$1,861 and \$2,224 for the years ended June 30, 2022 and 2021, respectively.

### (13) Risk Management

The Enterprise's Risk Management program includes both self-insured (i.e., self-retention) and insured exposures at risk. Risk assessments and purchasing of insurance coverage are collaboratively coordinated by SFPUC Enterprise Risk Management and the City's Office of Risk Management. With certain exceptions, the City and the Enterprise's general approach is to first evaluate the exposure at risk for self-insurance. Based on this analysis, internal mitigation strategies and financing through a self-retention mechanism are generally more economical, as the SFPUC in coordination with the City Attorney's Office administers, adjusts, settles, defends, and pays claims from budgeted resources (i.e., pay-as-you-go fund). When economically more viable or when required by debt financing covenants, the Enterprise obtains commercial insurance. At least annually, the City actuarially determines general liability and workers' compensation risk exposures. The Enterprise does not maintain commercial earthquake coverage, with certain minor exceptions, such as a sub-limit for fire-sprinkler leakage due to earthquake under the SFPUC Property Insurance Program. In the past three years, there was no settlements that exceeded insurance coverage.

Notes to Financial Statements

June 30, 2022 and 2021

(Dollars in thousands, unless otherwise stated)

| <u>Risk</u>                        | <u>Coverage Approach</u>                |
|------------------------------------|-----------------------------------------|
| (a) General Liability              | Self-Insured                            |
| (b) Workers' Compensation          | Self-Insured Through City-wide Pool     |
| (c) Property                       | Purchased Insurance and Self-Insured    |
| (d) Public Officials Liability     | Purchased Insurance                     |
| (e) Employment Practices Liability | Purchased Insurance                     |
| (f) Cyber Liability                | Purchased Insurance                     |
| (g) Crime                          | Purchased Insurance                     |
| (h) Electronic Data Processing     | Purchased Insurance and Self-Insured    |
| (i) Surety Bonds                   | Purchased and Contractual Risk Transfer |
| (j) Errors and Omissions           | Purchased and Contractual Risk Transfer |
| (k) Builders' Risk                 | Contractual Risk Transfer               |

**(a) General Liability**

Through coordination with the Controller's Office and City Attorney's Office, the general liability risk exposure is actuarially determined and is addressed through pay-as-you-go funding as part of the budgetary process. Associated costs and estimates are recorded as expenses as required under GAAP for financial statement purposes for both the Enterprise and the City and County of San Francisco's Annual Comprehensive Financial Report. The claim expense allocations are determined based on actuarially determined anticipated claim payments and the projected timing of disbursement.

The changes for the general liability (damage claims) for the years ended June 30, 2022 and 2021 are as follows:

| <u>Fiscal years</u> | <u>Beginning<br/>of year</u> | <u>Claims and changes<br/>in estimates</u> | <u>Claims<br/>paid</u> | <u>End of<br/>year</u> |
|---------------------|------------------------------|--------------------------------------------|------------------------|------------------------|
| <b>Hetch Hetchy</b> |                              |                                            |                        |                        |
| 2022                | \$ 1,639                     | 3,840                                      | (3,797)                | 1,682                  |
| 2021                | 2,886                        | 4,843                                      | (6,090)                | 1,639                  |

| <b>Hetchy Power</b> |                              |                                            |                        |                        |
| 2022                | \$ 1,108                     | 2,005                                      | (2,090)                | 1,023                  |
| 2021                | 2,222                        | 4,212                                      | (5,326)                | 1,108                  |
| <b>CleanPowerSF</b> |                              |                                            |                        |                        |
| 2022                | \$ 6                         | 1,582                                      | (1,556)                | 32                     |
| 2021                | 106                          | 153                                        | (253)                  | 6                      |

**(b) Workers' Compensation**

The City actuarially determines and allocates workers' compensation costs to the Enterprise according to a formula based on the following: (i) the dollar amount of claims; (ii) yearly projections of payments based on historical experience; and (iii) the size of the Enterprise's payroll. The administration of workers' compensation claims and payouts are handled by the Workers' Compensation Division of the City's Department of Human Resources. Statewide workers' compensation reforms have resulted in budgetary savings in recent years. The City continues to develop and implement improved programs, such as return-to-work programs, to lower or mitigate the growth of workers' compensation costs. Programs include accident prevention, investigation, and duty modification for injured employees with medical restrictions so return to work can occur as soon as possible.

**HETCH HETCHY WATER AND POWER AND CLEANPOWERSF**

Notes to Financial Statements

June 30, 2022 and 2021

(Dollars in thousands, unless otherwise stated)

The changes for the workers' compensation liabilities for the years ended June 30, 2022 and 2021 are as follows:

| <u>Fiscal years</u> | <u>Beginning of year</u> | <u>Claims and changes In estimates</u> | <u>Claims paid</u> | <u>End of year</u> |
|---------------------|--------------------------|----------------------------------------|--------------------|--------------------|
| <b>Hetch Hetchy</b> |                          |                                        |                    |                    |
| 2022                | \$ 3,238                 | 555                                    | (315)              | 3,478              |

\*CleanPowerSF had no workers' compensation liabilities as of June 30, 2022 and 2021.

**(c) *Property***

The Enterprise's property risk management approach varies depending on whether the facility is currently under construction, the property is part of revenue-generating operations, the property is of high value, or is mission-critical in nature. During the course of construction, the Enterprise requires each contractor to provide its own insurance, while ensuring the full scope of work is covered with satisfactory levels to limit the Enterprise's risk exposure. Once construction is complete, the Enterprise performs an assessment to determine whether liability/loss coverage will be obtained through the commercial property policy or self-insurance. The majority of property scheduled in the insurance program is for (1) revenue generating facilities, (2) debt-financed facilities, (3) mandated coverage to meet statutory requirements for bonding of various public officials, or (4) high-value, mission-critical property or equipment.

**(d) *Public Officials Liability***

All Enterprise public officials with financial oversight responsibilities are provided coverage through a commercial Public Officials Liability Policy.

**(e) *Employment Practices Liability***

An Employment Practices Liability Policy is retained to protect against employment-related claims and liabilities.

**(f) *Cyber Liability***

A Cyber Liability Policy is retained to protect against cyber-related claims and liabilities.

**(g) *Crime***

The Enterprise also retains a Commercial Crime Policy, in lieu of bonding its employees, to provide coverage against liabilities or losses due to third-party crime or employee fraud.

**(h) *Electronic Data Processing***

The Electronic Data Processing policy protects selected high-value electronic property in case of damage or loss.

## HETCH HETCHY WATER AND POWER AND CLEANPOWERSF

Notes to Financial Statements

June 30, 2022 and 2021

(Dollars in thousands, unless otherwise stated)

(i) ***Surety Bonds***

Bonds are required in most phases of the public utilities construction contracting process for such phases as bid, performance, and payment or maintenance. Additionally, bonds may be required in other contracts where goods or services are provided to ensure compliance with applicable terms and conditions such as warranty.

(j) ***Errors and Omissions***

Errors and omissions, also known as Professional Liability, are commonly transferred through contract to the contracted professional, or retained through self insurance on a case-by-case basis depending on the size, complexity, or scope of construction or professional service contracts. Examples of such contracts are inclusive of services provided by engineers, architects, design professionals, and other licensed or certified professional service providers.

(k) ***Builders' Risk***

Builders' Risk policies of insurance are required to be provided by the contractor on all construction projects for the full value of construction.

(l) ***Energy Risk Management***

Similar to other electric utilities with a heavy reliance on hydroelectric generation, Hetch Hetchy is exposed to risks that could impact its ability to generate net revenues to fund operating and capital investment activities. Hydroelectric generation facilities in the Sierra Nevada are the primary source of electricity for Hetch Hetchy. For this reason, the Hetch Hetchy revenues can vary with watershed hydrology, unexpected generator outages, and market prices for energy. Given the inherent risk for all hydroelectric generation, several risk management interventions have been developed to mitigate exposure.

(m) ***Enterprise Risk Management***

The Power Enterprise adopted the ISO 31000 standard for Hetchy Power and the CleanPowerSF program as the framework for implementing Enterprise Risk Management (ERM). The Enterprise utilizes this framework to systematically and proactively identify and mitigate risks that threatens its business objectives. Since not all risks are insurable or transferable contractually, the ERM program provides an additional method to manage risks and protect the Enterprise's current and expanding business allowing for increased operational resiliency and the ability to capitalize on opportunities.

### (14) Commitments and Litigation

(a) ***Commitments***

As of June 30, 2022 and 2021, Hetch Hetchy has outstanding commitments with third parties of \$199,283 and \$143,404, respectively, for various capital projects and other purchase agreements for materials and services.

#### **Hetchy Water**

To meet certain requirements of the Don Pedro Reservoir operating license, the City entered into an agreement with the Modesto Irrigation District (MID) and Turlock Irrigation District (TID) in which the Districts would be responsible for an increase in water flow releases from the reservoir in exchange for annual payments from the City, which are included in Hetchy Water's

## HETCH HETCHY WATER AND POWER AND CLEANPOWERSF

Notes to Financial Statements

June 30, 2022 and 2021

(Dollars in thousands, unless otherwise stated)

operating expenses. The payment amounts were \$5,129 and \$5,069 for fiscal years 2022 and 2021, respectively. The payments are to be made for the duration of the license, but may be terminated with one year's prior written notice after 2001. The City and the Districts have also agreed to monitor the fisheries in the lower Tuolumne River for the duration of the license. A maximum monitoring expense of \$1,400 is to be shared between the City and the Districts over the term of the license. The City's share of the monitoring costs is 52%, while the Districts are responsible for 48% of the costs.

### **Hetchy Power**

#### ***Wholesale Distribution Tariff (WDT) and Key Operating Agreements for Grid Access***

Upon expiration of the City's previous Interconnection Agreement with PG&E, the City began taking service in 2015 under the Wholesale Distribution Tariff (WDT) for distribution service and under the CAISO Open-Access Transmission Tariff for transmission service. The FERC-regulated Wholesale Distribution Tariff is implemented by PG&E through the City specific Service Agreements and Interconnection Agreements. The terms of these agreements have been in contention since the effective date. The City continues to negotiate with PG&E and, where necessary, file complaints and protests at FERC. In September 2020, PG&E filed a revised WDT. Under the terms of the new WDT, the City would pay substantially higher rates, at least twice to potentially four times the current charges, and be required to install costly and inefficient equipment not needed for technical, safety or reliability of operations. In addition, Hetchy Power would no longer be allowed to connect to the "network" grid in the center of San Francisco; have new secondary interconnections; and/or serve any small, typically unmetered loads, such as streetlights, DAS, traffic signals, and bus shelters.

Staff prepare regular reporting to the Board of Supervisors outlining on-going disputes with PG&E over project requirements, costs and delays. During fiscal years 2022 and 2021, Hetchy Power purchased distribution services for \$22,404 and \$8,868, respectively, from PG&E under the terms of the Service Agreements and Interconnection Agreements that implement the WDT. The City continues to litigate and dispute these terms at FERC and in the court systems; and pursue the purchase of PG&E's electric grid in San Francisco.

#### ***Western System Power Pool and other Market Purchases and Sales***

Hetchy Power may purchase or sell energy and other related products (such as ancillary services, spinning reserves, resource adequacy products, and congestion revenue rights) with different market entities through the Western System Power Pool (WSPP) and the CAISO. During fiscal years 2022 and 2021, Hetchy Power purchased \$4,152 and \$0 of power and other related products, respectively. Sales of excess power, after meeting Hetchy's obligations, were \$0 for 2022 and \$469 or 110,043 MWh for 2021, respectively.

#### ***Power Purchase Agreement (PPA)***

Hetchy Power (Buyer) purchases energy, capacity, and environmental attributes from a local solar photovoltaic project located at Sunset Reservoir (the facility) pursuant to the 2009 25-year PPA with SFCity1, LP, owned by Duke Energy (Seller). In November 2010, the facility commenced commercial operation and began to provide Hetchy Power energy generated by the facility.

## HETCH HETCHY WATER AND POWER AND CLEANPOWERSF

Notes to Financial Statements

June 30, 2022 and 2021

(Dollars in thousands, unless otherwise stated)

The PPA sets the starting purchase price of generated energy at \$235/MWh, increasing by 3% each year throughout the term of the agreement, and it is expected that the facility will generate 6,560 MWh per year. In fiscal year 2022, the facility generated 6,460 MWh and the rate was at \$334/MWh. In the event that the facility generates more energy than expected due to better than normal meteorological conditions, the PPA requires the Buyer to purchase all the excess energy but generation in excess of 120% of expected is purchased at no cost. The PPA also requires the Seller to generate a minimum amount of energy from the facility annually. If energy production falls below 50% of expected, the Seller must provide replacement power, and if energy falls below 90% of expected, the price for energy generated is lowered. In fiscal years 2022 and 2021, purchases of energy under the Agreement were \$2,225, or 6,460 MWh, and \$2,127, or 6,598 MWh, respectively.

### *APX, Inc*

Hetchy Power and CleanPowerSF participate in the California Independent System Operator (CAISO) energy markets which requires the SFPUC to have a contract with a certified Scheduling Coordinator (SC). In June 2022, CleanPowerSF renewed a 5-year contract with APX, Inc with contract amount not to exceed \$134,743 to fulfill this requirement. APX, Inc provides a number of services including but not limited to an interface with the CAISO's energy scheduling portal, manage invoice payments to the CAISO and communications between the CAISO and the SFPUC, and dispatch of the Hetch Hetchy plant 24 hours a day, seven days a week. The contract also provides that APX, Inc will act as the SC for renewable generation plants under some of CleanPowerSF's Power Purchase Agreements. Hetchy Power's share was \$456 and \$472 as of June 30, 2022 and 2021, respectively. CleanPowerSF's share was \$192 as of June 30, 2022 and 2021.

### **CleanPowerSF**

CleanPowerSF has added multiple additional short-term and medium-term contracts with multiple counterparties pursuant to master agreements, including the WSPP Master Agreement, to purchase renewable, carbon-free and conventional energy and resource adequacy capacity. CleanPowerSF has also entered into long-term contracts for renewable energy and capacity with renewable energy developers including sPower, Terra-Gen, NextEra and EDF Renewables. These contracts have been entered to allow CleanPowerSF to meet its existing retail sales obligations, to support future retail sales from citywide enrollment into the CleanPowerSF program, and to comply with state law requiring that 65% of CleanPowerSF's RPS compliance targets be fulfilled by RPS-eligible electricity from contracts of 10 or more years. Citywide enrollment was substantively completed with the enrollment of residential accounts in April 2019. Since it began serving customers in 2016, CleanPowerSF's cumulative opt-out rate is 4.3% of all enrolled accounts. The total power purchase cost, net of wholesale sales, equaled \$238,149 and \$188,533 in fiscal years 2022 and 2021, respectively.

CleanPowerSF contracts with Calpine Energy Solutions to provide meter data management, billing and customer care support. Calpine is responsible for calculating and providing CleanPowerSF charges to Pacific Gas & Electric (PG&E), which in turn bills both CleanPowerSF and PG&E customers for electricity transmission, distribution, and CleanPowerSF generation services. PG&E remits payments received from customers for CleanPowerSF charges to the City. During fiscal years 2022 and 2021, amounts paid were \$4,730 and \$6,664, respectively.

## HETCH HETCHY WATER AND POWER AND CLEANPOWERSF

Notes to Financial Statements

June 30, 2022 and 2021

(Dollars in thousands, unless otherwise stated)

### *CleanPowerSF Power Purchase Agreement (PPA)*

In November 2021, CleanPowerSF amended an existing Renewable Power Purchase Agreement with Blythe Solar IV, LLC (seller) to purchase a storage product from the solar powered generation facility located in Blythe, California pursuant to the 20-year PPA. Under the revised agreement, the project in Blythe, California, will add batteries to the operating 62-MW solar photovoltaic power plant. The contract, including the new battery component, is for \$196,399 over 20 years.

In November 2020, CleanPowerSF executed a Power and Storage Purchase Agreement to purchase solar product and storage product from a solar powered generation facility and battery storage facility located at Livermore pursuant to the 25-year PPA with IP Aramis, LLC (Seller). As of June 30, 2022 and 2021, CleanPowerSF received cash collateral of \$9,000 for Development Assurance and Performance Assurance from the Seller.

### *CleanPowerSF Guarantee*

In March 2018, CleanPowerSF entered into a five-year, \$75,000 Credit Agreement with JPMorgan Chase Bank, National Association ("Bank") to provide letters of credit or loans from the Bank to guarantee certain power purchase agreement payment obligations of CleanPowerSF and to meet working capital needs, if necessary. In November 2021 the Credit Agreement was decreased (at the request of CleanPowerSF) the available amount from \$75,000 to \$20,000, and the stated term of the agreement was extended to March 2024. Additional changes to the agreement effected by the November 2021 Amendments include elimination of target reserve requirements, revisions to debt service coverage (allowing for a liquidity test two times in the aggregate for any consecutive four quarters) and rate-setting covenants, changes to ongoing reporting requirements to the Bank, and changes to events of default, including the addition of an event of default if CleanPowerSF's long-term unenhanced credit rating is downgraded below investment grade or suspended, withdrawn or otherwise unavailable. In May 2022 CleanPowerSF executed another amendment to its Credit Agreement to eliminate and change certain financial covenants contained in the 2018 Credit Agreement. Specifically, this Amendment eliminated the covenant of the Commission to maintain a specified debt service coverage ratio and changed such financial covenant to commit the Commission to maintain a specified level of Day Liquidity on Hand (as defined in the Credit Agreement). The Credit Agreement is secured by CleanPowerSF's net revenues; there is no pledge of, or lien on net revenues that ranks senior to the obligations under the Credit Agreement. The Bank issued letters of credit in the face amounts totaling \$5,847 and \$13,810 for fiscal years ending June 30, 2022 and 2021, respectively. CleanPowerSF did not draw on the Credit Agreement during fiscal years 2022 and 2021. Accordingly, the uncommitted credit capacity under the Credit Agreement was \$14,153 and \$61,190 during fiscal years 2022 and 2021, respectively.

Original financial covenants include that CleanPowerSF maintain a Debt Service Coverage Ratio as defined in the Credit Agreement of not less than 1.05 for each fiscal quarter, as determined for the four consecutive fiscal quarter periods ended on the last day of such fiscal quarter. As of June 30, 2021, CleanPowerSF was not in compliance with this financial covenant as calculated for the four consecutive fiscal quarters ended on such date, resulting in a covenant event of default under the Credit Agreement. In connection with subsequent amendments to the Credit Agreement, JPMorgan Chase granted a waiver of such event of default for the period ended June 30, 2021. CleanPowerSF was in compliance with other covenants and requirements of the

## HETCH HETCHY WATER AND POWER AND CLEANPOWERSF

Notes to Financial Statements

June 30, 2022 and 2021

(Dollars in thousands, unless otherwise stated)

Credit Agreement as of June 30, 2021. CleanPowerSF was in compliance with all covenants and requirements of the Credit Agreement as amended as of June 30, 2022.

GASB Statement No. 88, *Certain Disclosures Related to Debt, Including Direct Borrowings and Direct Placements*, requires the disclosure of certain information related to debt, including unused letters of credit. Significant events of default under the Credit Agreement, include 1) non-payment, 2) material breach of warranty, representation, or other non-remedied breach of covenants as specified in the agreement and 3) bankruptcy and insolvency events, which could result in all outstanding loans under the Credit Agreement to be immediately due and payable; or the immediate termination of the Bank's commitment to issue letters of credit or make loans under the Credit Agreement.

### **Green Tariff and Community Solar Green Tariff Programs for Disadvantaged Communities**

In June 2018, the California Public Utilities Commission (CPUC) established the Disadvantaged Communities-Green Tariff (DAC-GT) and Community Solar Green Tariff (CSGT) program to address barriers to solar adoption faced by low-income electric customers in neglected communities. The DAC-GT program provides a 20% rate discount on 100% Renewable Portfolio Standard (RPS) eligible electricity service to income-qualified customers residing in Disadvantaged Communities (DACs) as defined by the California Environmental Protection Agency's (Cal EPA). Similar to DAC-GT, the CSGT program allows primarily for the DACs to benefit from the development of solar generation projects located in their own or nearby DACs. CSGT projects must also have a local community-based sponsor that supports site selection and customer enrollment.

The CPUC approved CleanPowerSF's application to establish DAC-GT and CSGT programs in April 2021 and to receive funds to cover program administration and a portion of electricity supply costs. CleanPowerSF began enrolling customers in the DAC-GT program branded as "SuperGreen Saver" on June 1, 2022. The CSGT program is expected to start serving customers during fiscal year 2025, once CleanPowerSF is able to procure electricity from a CSGT-eligible solar project(s). As of June 30, 2022, CleanPowerSF received \$1,150 from a combination of ratepayer funds and California Cap and Trade Auction proceeds.

#### **(b) *Litigation***

Hetch Hetchy is a defendant in various legal actions and claims that arise during the normal course of business. The final disposition of these legal actions and claims is not determinable. However, in the opinion of management, the outcome of any litigation of these matters will not have a material effect on the financial position or changes in net position of Hetch Hetchy.

#### **(c) *Grants***

Grants that the Enterprise received are subject to audit and final acceptance by the granting agency. Current and prior year costs of such grants are subject to adjustment upon audit.

#### **(d) *Environmental Issue***

As of June 30, 2022, and 2021, there was no pollution remediation liability recorded.

**HETCH HETCHY WATER AND POWER AND CLEANPOWERSF**

Notes to Financial Statements

(Dollars in thousands, unless otherwise stated)

**(15) Subsequent Event**

**(a) *Hetchy Power and CleanPowerSF - Extension on the Moratorium on Shutoff of Electric Service***

On September 13, 2022, the Commission approved to extend moratorium on shutoff of electric service for Hetchy Power residential retail customers in the City through June 30, 2023 and granted the General Manager discretion to restart severance and liens processes to multi-family residential accounts carrying balances greater than \$25 which are 90 days or more past due. In addition, the temporary suspension of the return of delinquent residential CleanPowerSF customers to PG&E has also been extended through June 30, 2023.

KPMG LLP

San Francisco, CA 94105

## **Independent Auditors' Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance With *Government Auditing Standards***

The Honorable Mayor and Board of Supervisors

City and County of San Francisco: We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the business-type activities and each major fund of Hetch Hetchy Water and Power and Clean Power (Hetch Hetchy), as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the Hetch Hetchy's basic financial statements, and have issued our report thereon dated January 27, 2023.

### **Report on Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered Hetch Hetchy's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Hetch Hetchy's internal control. Accordingly, we do not express an opinion on the effectiveness of Hetch Hetchy's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

### **Report on Compliance and Other Matters**

As part of obtaining reasonable assurance about whether Hetch Hetchy's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

**Purpose of This Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Hetch Hetchy's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**APPENDIX C**

**PROPOSED FORM OF OPINION OF BOND COUNSEL**

*Upon issuance of the 2023A Bonds, Stradling Yocca Carlson & Rauth, a Professional Corporation, Bond Counsel, proposes to render its final approving opinion in substantially the following form:*

[Closing Date]

Public Utilities Commission of the  
City and County of San Francisco  
San Francisco, California

\$123,905,000  
Public Utilities Commission  
of the City and County of San Francisco  
Power Revenue Bonds,  
2023 Series A

Members of the Commission:

We have acted as bond counsel to the Public Utilities Commission of the City and County of San Francisco (the “Commission”), a commission duly constituted under the Charter (the “Charter”) of the City and County of San Francisco (the “City”), in connection with the issuance of the Commission’s Power Revenue Bonds, 2023 Series A in the aggregate principal amount of \$123,905,000 (the “Bonds”). The Bonds are being issued pursuant to authority granted by the Charter of the City, and a Trust Indenture, dated as of May 1, 2015, by and between the Commission and U.S. Bank Trust Company National Association, as successor trustee (the “Trustee”), as amended and supplemented (the “Original Indenture”), and as further supplemented by a Third Supplemental Trust Indenture, dated as of October 1, 2023 (the “Third Supplemental Indenture” and together with the Original Indenture, the “Indenture”) by and between the Commission and the Trustee. Capitalized terms not otherwise defined herein shall have the respective meanings ascribed thereto in the Indenture.

In our capacity as bond counsel, we have reviewed the Indenture, ordinances and resolutions of the Commission and the City, certifications of the Commission, the Trustee and others, opinions of counsel to the Commission, the City and the Trustee, the Tax Certificate relating to the Bonds (the “Tax Certificate”), and such other documents, opinions and instruments as we deemed necessary to render the opinions set forth herein.

We have assumed, but have not verified, that the signatures on all documents, certificates and opinions that we have reviewed are genuine. In our examination, we have assumed, but have not verified, the legal capacity of all natural persons, the authenticity of all documents submitted to us as originals, the conformity to original documents of all documents submitted to us as certified or photostatic copies or by facsimile or other means of electronic transmission or which we obtained from sites on the internet, and the authenticity of the originals of such latter documents. As to facts and certain other matters and the consequences thereof relevant to the opinions expressed herein and the other statements made herein, we have relied without investigation or verification upon, and assumed the accuracy and completeness of certificates, letters (including opinion letters), and oral and written statements and representations of public officials, officers and other representatives of the Commission and the City, counsel for the Commission and the City, and others.

Our services as bond counsel were limited to such examination and to rendering the opinions set forth below. Furthermore, we have assumed compliance with all covenants and agreements in the Indenture and the Tax Certificate, including (without limitation) covenants and agreements compliance with which is necessary to assure that future actions, omissions or events will not cause the interest on the Bonds to be included in gross income for federal income tax purposes. With respect to the opinions expressed herein, we call attention to the fact that the enforceability of the rights and obligations under the Bonds, the Indenture and the Tax Certificate are subject to

bankruptcy, insolvency, reorganization, moratorium, fraudulent conveyance and other similar laws affecting creditors' rights, to the application of equitable principles if equitable remedies are sought, to the exercise of judicial discretion in appropriate cases and to limitations on legal remedies against cities and counties in the State of California.

By delivering this letter, we are not expressing any opinion with respect to any indemnification, contribution, liquidated damages, penalty (including any remedy deemed to constitute a penalty), right of set-off, arbitration, judicial reference, choice of law, choice of forum, choice of venue, non-exclusivity of remedies, waiver or severability provisions contained in the Bonds or the Indenture, nor are we expressing any opinion with respect to the state or quality of title to or interest in any assets described in or as subject to the lien of the Indenture or the accuracy or sufficiency of the description contained therein of, or the remedies available to enforce liens on any assets thereunder.

Based upon the foregoing and subject to the limitations and qualifications herein specified we are of the opinion, as of the date hereof and under existing law, that:

(1) The Bonds have been duly authorized, issued by, and constitute the valid and binding limited obligations of, the Commission.

(2) The Third Supplemental Indenture has been duly authorized, executed and delivered by the Commission, and the Indenture constitutes the valid and binding obligation of the Commission. The Indenture creates a valid pledge of the Revenues of the Power Enterprise, after payment of Operation and Maintenance Expenses and any Priority R&R Fund Deposits, to secure the payment of the principal of and interest on the Bonds, as and to the extent set forth in the Indenture and subject to the provisions of the Indenture permitting the application thereof for the purposes and on the terms and conditions set forth therein.

(3) The Bonds are limited obligations of the Commission and the Commission is not obligated to pay the principal of, or interest on, the Bonds from any source of funds other than Revenues, after payment of Operation and Maintenance Expenses and any Priority R&R Fund Deposits. The general fund of the City is not liable and the credit or taxing power of the City is not pledged for the payment of the Bonds or the interest thereon. The Bonds are not secured by a legal or equitable pledge of, or charge, lien or encumbrance upon, any of the property of the City or of the Commission or any of their income or receipts, except the Revenues, after payment of Operation and Maintenance Expenses and any Priority R&R Fund Deposits.

(4) Under existing statutes, regulations, rulings and judicial decisions, interest on the Bonds is excluded from gross income for federal income tax purposes and is not an item of tax preference for purposes of calculating the federal alternative minimum tax imposed on individuals; however, for tax years beginning after December 31, 2022, with respect to applicable corporations as defined in Section 59(k) of the Internal Revenue Code of 1986, as amended (the "Code"), interest on the Bonds might be taken into account in determining adjusted financial statement income for the purposes of computing the alternative minimum tax imposed on such corporations.

(5) The interest on the Bonds is exempt from State of California personal income tax.

(6) The amount by which a Bond owner's original basis for determining loss on sale or exchange in the applicable Bonds (generally, the purchase price) exceeds the amount payable on maturity (or on an earlier call date) constitutes amortizable Bond premium, which must be amortized under Section 171 of the Code; such amortizable Bond premium reduces the Bond owner's basis in the applicable Bonds (and the amount of tax-exempt interest received), and is not deductible for federal income tax purposes. The basis reduction as a result of the amortization of Bond premium may result in a Bond owner realizing a taxable gain when a Bond is sold by the owner for an amount equal to or less (under certain circumstances) than the original cost of the Bond to the owner.

The opinions expressed herein as to the exclusion from gross income of interest on the Bonds are based upon certain representations of fact and certifications made by the Commission and others, and are subject to the condition that the Commission complies with all requirements of the Code that must be satisfied subsequent to the

issuance of the Bonds to assure that such interest will not become includable in gross income for federal income tax purposes. Failure to comply with such requirements of the Code might cause the interest to be included in gross income for federal income tax purposes retroactive to the date of issuance of the Bonds. The Commission has covenanted to comply with all such requirements.

The Indenture and the Tax Certificate permit certain actions to be taken or to be omitted if a favorable opinion of bond counsel is provided with respect thereto. No opinion is expressed herein as to the effect on the exclusion from gross income of interest for federal income tax purposes with respect to any Bonds if any such action is taken or omitted based upon the opinion or advice of counsel other than ourselves. Other provisions of the Code may give rise to adverse federal income tax consequences to particular Bond owners. Other than expressly stated herein, we express no other opinion regarding tax consequences with respect to the Bonds.

The opinions expressed and the statements made herein are based on an analysis of existing laws, regulations, rulings and judicial decisions and cover certain matters not directly addressed by such authorities. Such opinions and statements may be adversely affected by actions taken or events occurring, including a change in law, regulation or ruling (or in the application or official interpretation of any law, regulation or ruling) after the date hereof. We have not undertaken to determine, or to inform any person, whether such actions are taken or such events occur, and we have no obligation to update this letter in light of such actions or events or for any other reason.

No opinion is expressed herein on the accuracy, completeness or sufficiency of the official statement relating to the Bonds or other offering material relating to the Bonds and we expressly disclaim any duty to advise the owners of the Bonds with respect to matters contained in such official statement or other offering material.

This opinion is limited to the laws of the State of California and the federal laws of the United States. We assume no responsibility with respect to the applicability or the effect of the laws of any other jurisdiction.

Respectfully submitted,

[THIS PAGE INTENTIONALLY LEFT BLANK]

## APPENDIX D

### FORM OF CONTINUING DISCLOSURE CERTIFICATE

**\$123,905,000**

**Public Utilities Commission of the  
City and County of San Francisco  
Power Revenue Bonds, 2023 Series A**

[Closing Date]

This Continuing Disclosure Certificate (the “Disclosure Certificate”) is executed and delivered by the Public Utilities Commission of the City and County of San Francisco (the “SFPUC”) in connection with the issuance of its Power Revenue Bonds, 2023 Series A (the “2023A Bonds”). The 2023A Bonds are being issued pursuant to a Third Supplemental Trust Indenture, dated as of October 1, 2023 (the “Third Supplemental Indenture”), by and between the SFPUC and U.S. Bank Trust Company, National Association, as trustee (the “Trustee”). The Third Supplemental Indenture amends and supplements the Trust Indenture, dated as of May 1, 2015, by and between the SFPUC and the Trustee (as amended and supplemented, including as supplemented by the Third Supplemental Indenture, the “Indenture”). The SFPUC covenants and agrees as follows:

**SECTION 1.** Purpose of the Disclosure Certificate. This Disclosure Certificate is being executed and delivered by the SFPUC for the benefit of the Holders and Beneficial Owners of the 2023A Bonds and in order to assist the Participating Underwriters in complying with Securities and Exchange Commission (the “S.E.C.”) Rule 15c2-12(b)(5).

**SECTION 2.** Definitions. In addition to the definitions set forth in the Indenture, which apply to any capitalized term used in this Disclosure Certificate unless otherwise defined in this Section 2, the following capitalized terms shall have the following meanings:

“**Annual Report**” shall mean any Annual Report provided by the SFPUC pursuant to, and as described in, Sections 3 and 4 of this Disclosure Certificate.

“**Beneficial Owner**” shall mean any person that: (a) has or shares the power, directly or indirectly, to make investment decisions concerning ownership of any 2023A Bonds (including persons holding 2023A Bonds through nominees, depositories or other intermediaries) including, but not limited to, the power to vote or consent with respect to any 2023A Bonds or to dispose of ownership of any 2023A Bonds; or (b) is treated as the owner of any 2023A Bonds for federal income tax purposes.

“**Dissemination Agent**” shall mean the SFPUC, acting in its capacity as Dissemination Agent under this Disclosure Certificate, or any successor Dissemination Agent designated in writing by the SFPUC and which has filed with the SFPUC a written acceptance of such designation.

“**Financial Obligation**” means, for purposes of the Listed Events set out in Section 5(a)(15) and Section (5)(a)(16), a (i) debt obligation; (ii) derivative instrument entered into in connection with, or pledged as security or a source of payment for, an existing or planned debt obligation; or (iii) guarantee of (i) or (ii). The term “Financial Obligation” shall not include municipal securities (as defined in the Securities Exchange Act of 1934, as amended) as to which a final official statement (as defined in the Rule) has been provided to the MSRB consistent with the Rule.

“**Holder**” shall mean either the registered owners of the 2023A Bonds, or, if the 2023A Bonds are registered in the name of The Depository Trust Company or another recognized depository, any applicable participant in such depository system.

“**Listed Events**” shall mean any of the events listed in Section 5(a) of this Disclosure Certificate.

“**MSRB**” shall mean the Municipal Securities Rulemaking Board or any other entity designated or authorized by the Securities and Exchange Commission to receive continuing disclosure filings pursuant to the Rule.

Until otherwise designated by the MSRB or the Securities and Exchange Commission, filings with the MSRB are to be made through the Electronic Municipal Market Access (EMMA) website of the MSRB currently located at <https://emma.msrb.org/>.

“**Official Statement**” shall mean the final Official Statement, dated September 27, 2023, prepared in connection with the sale and offering of the 2023A Bonds.

“**Participating Underwriters**” shall mean any of the original underwriters or purchasers of the 2023A Bonds required to comply with the Rule in connection with the offering of the 2023A Bonds.

“**Rule**” shall mean Rule 15c2-12(b)(5) adopted by the S.E.C. under the Securities Exchange Act of 1934, as the same may be amended from time to time.

**SECTION 3. Provision of Annual Reports.**

(a) The SFPUC shall, or shall cause the Dissemination Agent to, not later than March 31 of each year, commencing with the report for Fiscal Year 2022-23 (which is due not later than March 31, 2024), provide to the MSRB an Annual Report which is consistent with the requirements of Section 4 of this Disclosure Certificate. If the Dissemination Agent is not the SFPUC, the SFPUC shall provide the Annual Report to the Dissemination Agent not later than 15 days prior to said date. The Annual Report must be submitted in electronic format and accompanied by such identifying information as is prescribed by the MSRB, and may cross-reference other information as provided in Section 4 of this Disclosure Certificate. However, if the audited financial statements of the SFPUC are not available by the date required above for the filing of the Annual Report, the SFPUC shall submit unaudited financial statements and submit the audited financial statements as soon as they are available. If the SFPUC’s Fiscal Year changes, it shall give notice of such change in the same manner as for a Listed Event under Section 5(b).

(b) If the SFPUC is unable to provide to the MSRB an Annual Report by the date required in subsection (a), the SFPUC shall send a notice to the MSRB in substantially the form attached as Exhibit A.

(c) The Dissemination Agent shall (if the Dissemination Agent is other than the SFPUC) file a report with the SFPUC certifying the date that the Annual Report was provided to the MSRB pursuant to this Disclosure Certificate.

**SECTION 4. Content of Annual Reports.** The SFPUC’s Annual Report shall contain or incorporate by reference the following information:

(a) Audited financial statements of the Power Enterprise for the prior Fiscal Year, prepared in accordance with generally accepted accounting principles applicable to the SFPUC from time to time. If the SFPUC’s audited financial statements are not available by the date the Annual Report is required to be filed, the Annual Report shall contain unaudited financial statements in a format similar to the financial statements contained in the final Official Statement, and the audited financial statements shall be filed in the same manner as the Annual Report when they become available;

(b) An update for the prior Fiscal Year of the table in the Official Statement entitled “TABLE 9, POWER ENTERPRISE ELECTRIC SERVICE ACCOUNTS BY CUSTOMER CATEGORY”;

(c) An update for the prior Fiscal Year of the table in the Official Statement entitled “TABLE 14, AVERAGE ELECTRIC SERVICE RATES”; and

(d) An update for the prior Fiscal Year of the table in the Official Statement entitled “TABLE 17, POWER ENTERPRISE HISTORICAL REVENUES AND OPERATION AND MAINTENANCE EXPENSES FOR FISCAL YEARS ENDED JUNE 30 (IN THOUSANDS)”.

Any or all of the items listed above may be set forth in a document or set of documents, or may be included by specific reference to other documents, including official statements of debt issues of the SFPUC or related public entities, which are available to the public on the MSRB website. If the document included by reference is a final official statement, it must be available from the MSRB. The SFPUC shall clearly identify each such other document so included by reference.

**SECTION 5.**    Reporting of Significant Events.

(a)    The SFPUC shall give, or cause to be given, notice of the occurrence of any of the following Listed Events with respect to the 2023A Bonds:

1.        Principal and interest payment delinquencies;
2.        Non-payment related defaults, if material;
3.        Unscheduled draws on debt service reserves reflecting financial difficulties;
4.        Unscheduled draws on credit enhancements reflecting financial difficulties;
5.        Substitution of credit or liquidity providers, or their failure to perform;
6.        Adverse tax opinions, the issuance by the Internal Revenue Service of proposed or final determinations of taxability, Notices of Proposed Issue (IRS Form 5701-TEB) or other material notices or determinations with respect to the tax status of the 2023A Bonds, or other material events affecting the tax status of the 2023A Bonds;
7.        Modifications to rights of Holders, if material;
8.        Optional, unscheduled or contingent 2023A Bond calls, if material, and tender offers;
9.        Defeasances;
10.       Release, substitution, or sale of property securing repayment of the 2023A Bonds, if material;
11.       Rating changes;
12.       Bankruptcy, insolvency, receivership or similar event of the SFPUC;
13.       The consummation of a merger, consolidation, or acquisition involving the SFPUC or the sale of all or substantially all of the assets of the SFPUC, other than in the ordinary course of business, the entry into a definitive agreement to undertake such an action or the termination of a definitive agreement relating to any such actions, other than pursuant to its terms, if material;
14.       Appointment of a successor or additional trustee or the change of name of a trustee, if material;
15.       Incurrence of a Financial Obligation of the SFPUC, if material, or agreement to covenants, events of default, remedies, priority rights, or other similar terms of a Financial Obligation of the SFPUC, any of which affect Holders, if material; and

16. Default, event of acceleration, termination event, modification of terms, or other similar events under the terms of a Financial Obligation of the SFPUC, any of which reflect financial difficulties.

Note: For the purposes of the event identified in subsection (a)(12), the event is considered to occur when any of the following occur: the appointment of a receiver, fiscal agent or similar officer for the SFPUC in a proceeding under the United States Bankruptcy Code or in any other proceeding under state or federal law in which a court or governmental authority has assumed jurisdiction over substantially all of the assets or business of the SFPUC, or if such jurisdiction has been assumed by leaving the existing governing body and officials or officers in possession but subject to the supervision and orders of a court or governmental authority, or the entry of an order confirming a plan of reorganization, arrangement or liquidation by a court or governmental authority having supervision or jurisdiction over substantially all of the assets or business of the SFPUC.

(b) Whenever the SFPUC obtains knowledge of the occurrence of a Listed Event in subsection(a), the SFPUC shall, or shall cause the Dissemination Agent (if not the SFPUC) to, file a notice of such occurrence with the MSRB, in an electronic format as prescribed by the MSRB, in a timely manner not in excess of 10 business days after the occurrence of the Listed Event. Notwithstanding the foregoing, notice of a Listed Event described in subsection (a)(8) above need not be given under this subsection any earlier than the notice (if any) of the underlying event is given to holders of affected 2023A Bonds under the Indenture.

(c) The SFPUC intends to comply with the Listed Events described in subsection (a)(15) and subsection (a)(16) and the definition of “Financial Obligation” in Section 2, with reference to the Rule, any other applicable federal securities laws and the guidance provided by the S.E.C. in Release No. 34-83885 dated August 20, 2018 (the “2018 Release”), and any further amendments or written guidance provided by the S.E.C. or its staff with respect to the amendments to the Rule effected by the 2018 Release.

**SECTION 6. Termination of Reporting Obligation.** The SFPUC’s obligations under this Disclosure Certificate shall terminate upon the legal defeasance, prior redemption or payment in full of all of the 2023A Bonds. If such termination occurs prior to the final maturity of the 2023A Bonds, the SFPUC shall give notice of such termination in the same manner as for a Listed Event under Section 5(b).

**SECTION 7. Dissemination Agent.** The SFPUC may, from time to time, appoint or engage a Dissemination Agent to assist it in carrying out its obligations under this Disclosure Certificate, and may discharge any such Dissemination Agent, with or without appointing a successor Dissemination Agent. The Dissemination Agent shall have only such duties as are specifically set forth in this Disclosure Certificate.

**SECTION 8. Amendment; Waiver.** Notwithstanding any other provision of this Disclosure Certificate, the SFPUC may amend or waive this Disclosure Certificate or any provision of this Disclosure Certificate, provided that the following conditions are satisfied:

(a) If the amendment or waiver relates to the provisions of Sections 3(a), 3(b), 4 or 5(a), it may only be made in connection with a change in circumstances that arises from a change in legal requirements, change in law, or change in the identity, nature or status of an obligated person with respect to the 2023A Bonds or the type of business conducted;

(b) The undertaking, as amended or taking into account such waiver, would, in the opinion of the City Attorney of the City and County of San Francisco or nationally recognized bond counsel, have complied with the requirements of the Rule at the time of the original issuance of the 2023A Bonds, after taking into account any amendments or interpretations of the Rule, as well as any change in circumstances; and

(c) The amendment or waiver either (i) is approved by the owners of a majority in aggregate principal amount of the 2023A Bonds or (ii) does not, in the opinion of the City Attorney or nationally recognized bond counsel, materially impair the interests of the Holders.

In the event of any amendment or waiver of a provision of this Disclosure Certificate, the SFPUC shall describe such amendment in the next Annual Report, and shall include, as applicable, a narrative explanation of the reason for the amendment or waiver and its impact on the type (or in the case of a change of accounting principles, on the presentation) of financial information or operating data being presented by the SFPUC. In addition, if the amendment relates to the accounting principles to be followed in preparing financial statements: (i) notice of such change shall be given in the same manner as for a Listed Event under Section 5; and (ii) the Annual Report for the year in which the change is made should present a comparison (in narrative form and also, if feasible, in quantitative form) between the financial statements as prepared on the basis of the new accounting principles and those prepared on the basis of the former accounting principles.

**SECTION 9. Additional Information.** Nothing in this Disclosure Certificate shall be deemed to prevent the SFPUC from disseminating any other information, using the means of dissemination set forth in this Disclosure Certificate or any other means of communication, or including any other information in any Annual Report or notice of occurrence of a Listed Event, in addition to that which is required by this Disclosure Certificate. If the SFPUC chooses to include any information in any Annual Report or notice of occurrence of a Listed Event in addition to that which is specifically required by this Disclosure Certificate, the SFPUC shall have no obligation under this Disclosure Certificate to update such information or include it in any future Annual Report or notice of occurrence of a Listed Event.

**SECTION 10. Default.** In the event of a failure of the SFPUC to comply with any provision of this Disclosure Certificate, any Participating Underwriters, Holder or Beneficial Owner of the 2023A Bonds may take such actions as may be necessary and appropriate, including seeking mandate or specific performance by court order, to cause the SFPUC to comply with its obligations under this Disclosure Certificate; provided that any such action may be instituted only in a federal or state court located in the City and County of San Francisco, State of California. Failure by the SFPUC to comply with any provision of this Disclosure Certificate shall not be deemed an Event of Default under the Indenture and the sole remedy under this Disclosure Certificate in the event of any failure of the SFPUC to comply with this Disclosure Certificate shall be an action to compel performance.

**SECTION 11. Beneficiaries.** This Disclosure Certificate shall inure solely to the benefit of the SFPUC, the Dissemination Agent, the Participating Underwriters and Holders and Beneficial Owners from time to time of the 2023A Bonds, and shall create no rights in any other person or entity.

Dated as of the date first written above.

## APPENDIX E

### SECURITIES DEPOSITORY AND THE BOOK-ENTRY SYSTEM

The information in this Appendix E has been obtained from DTC for use in securities offering documents, and the SFPUC takes no responsibility for the accuracy or completeness thereof. The SFPUC cannot and does not give any assurances that DTC, DTC Participants or Indirect Participants will distribute to the beneficial owners either (a) payments of interest, principal or premium, if any, with respect to the 2023A Bonds or (b) certificates representing ownership interest in or other confirmation of ownership interest in the 2023A Bonds, or that they will so do on a timely basis or that DTC, DTC Participants or DTC Indirect Participants will act in the manner described in this Official Statement. The current “Rules” applicable to DTC are on file with the Securities and Exchange Commission and the current “Procedures” of DTC to be followed in dealing with DTC Participants are on file with DTC.

As used in this Appendix E, “Securities” means the 2023A Bonds, “Issuer” means the SFPUC, and “Agent” means the Trustee.

1. The Depository Trust Company (“DTC”), New York, NY, will act as securities depository for the securities (the “Securities”). The Securities will be issued as fully-registered securities registered in the name of Cede & Co. (DTC’s partnership nominee) or such other name as may be requested by an authorized representative of DTC. One fully-registered Security certificate will be issued for each issue of the Securities, each in the aggregate principal amount of such issue, and will be deposited with DTC. If, however, the aggregate principal amount of any issue exceeds \$500 million, one certificate will be issued with respect to each \$500 million of principal amount, and an additional certificate will be issued with respect to any remaining principal amount of such issue.

2. DTC, the world’s largest securities depository, is a limited-purpose trust company organized under the New York Banking Law, a “banking organization” within the meaning of the New York Banking Law, a member of the Federal Reserve System, a “clearing corporation” within the meaning of the New York Uniform Commercial Code, and a “clearing agency” registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934. DTC holds and provides asset servicing for over 3.5 million issues of U.S. and non-U.S. equity issues, corporate and municipal debt issues, and money market instruments (from over 100 countries) that DTC’s participants (“Direct Participants”) deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities, through electronic computerized book-entry transfers and pledges between Direct Participants’ accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation (“DTCC”). DTCC is the holding company for DTC, National Securities Clearing Corporation and Fixed Income Clearing Corporation, all of which are registered clearing agencies. DTCC is owned by the users of its regulated subsidiaries. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly (“Indirect Participants”). DTC has a Standard & Poor’s rating of AA+. The DTC Rules applicable to its Participants are on file with the Securities and Exchange Commission. More information about DTC can be found at [www.dtcc.com](http://www.dtcc.com). The information contained on this Internet site is not incorporated herein by reference.

3. Purchases of Securities under the DTC system must be made by or through Direct Participants, which will receive a credit for the Securities on DTC’s records. The ownership interest of each actual purchaser of each Security (“Beneficial Owner”) is in turn to be recorded on the Direct and Indirect Participants’ records. Beneficial Owners will not receive written confirmation from DTC of their purchase. Beneficial Owners are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the Securities are to be accomplished by entries made on the books of Direct and Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive

certificates representing their ownership interests in Securities, except in the event that use of the book-entry system for the Securities is discontinued.

4. To facilitate subsequent transfers, all Securities deposited by Direct Participants with DTC are registered in the name of DTC's partnership nominee, Cede & Co., or such other name as may be requested by an authorized representative of DTC. The deposit of Securities with DTC and their registration in the name of Cede & Co. or such other DTC nominee do not effect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the Securities; DTC's records reflect only the identity of the Direct Participants to whose accounts such Securities are credited, which may or may not be the Beneficial Owners. The Direct and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

5. Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time. Beneficial Owners of Securities may wish to take certain steps to augment the transmission to them of notices of significant events with respect to the Securities, such as redemptions, tenders, defaults, and proposed amendments to the Security documents. For example, Beneficial Owners of Securities may wish to ascertain that the nominee holding the Securities for their benefit has agreed to obtain and transmit notices to Beneficial Owners. In the alternative, Beneficial Owners may wish to provide their names and addresses to the registrar and request that copies of notices be provided directly to them.

6. Redemption notices shall be sent to DTC. If less than all of the Securities within an issue are being redeemed, DTC's practice is to determine by lot the amount of the interest of each Direct Participant in such issue to be redeemed.

7. Neither DTC nor Cede & Co. (nor any other DTC nominee) will consent or vote with respect to Securities unless authorized by a Direct Participant in accordance with DTC's MMI Procedures. Under its usual procedures, DTC mails an Omnibus Proxy to Issuer as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts Securities are credited on the record date (identified in a listing attached to the Omnibus Proxy).

8. Redemption proceeds, distributions, and dividend payments on the Securities will be made to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC. DTC's practice is to credit Direct Participants' accounts upon DTC's receipt of funds and corresponding detail information from Issuer or Agent, on payable date in accordance with their respective holdings shown on DTC's records. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name," and will be the responsibility of such Participant and not of DTC, Agent, or Issuer, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of redemption proceeds, distributions, and dividend payments to Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) is the responsibility of Issuer or Agent, disbursement of such payments to Direct Participants will be the responsibility of DTC, and disbursement of such payments to the Beneficial Owners will be the responsibility of Direct and Indirect Participants.

9. DTC may discontinue providing its services as depository with respect to the Securities at any time by giving reasonable notice to Issuer or Agent. Under such circumstances, in the event that a successor depository is not obtained, Security certificates are required to be printed and delivered.

10. Issuer may decide to discontinue use of the system of book-entry-only transfers through DTC (or a successor securities depository). In that event, Security certificates will be printed and delivered to DTC.

The information in this section concerning DTC and DTC's book-entry system has been obtained from sources that SFPUC believes to be reliable, but the SFPUC takes no responsibility for the accuracy thereof.

RECEIVED  
BOARD OF SUPERVISORS  
SAN FRANCISCO  
2023 NOV -2 PM 3: 59  
BY BOS-11, JY

October 27, 2023

Ms. Angela Calvillo  
Clerk of the Board  
City Hall, Room 244  
1 Dr. Carlton B. Goodlett Place  
San Francisco, California 94102-4689

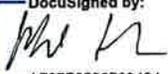

Dear Ms. Calvillo:

Please find attached the Recreation and Park Department's report for the 1<sup>st</sup> quarter of FY23-24 in response to the requirements of Resolution 157-99 Lead Poisoning Prevention. To date, the Department has completed assessment and cleanup at **191** sites since the program's inception in 1999. This includes all sites that were identified using the Department of Public Health's Guidelines for Identifying Lead-Contaminating City Sites as directed by the Comprehensive Environmental Lead Poisoning Prevention Program ordinance (Article 26 of the San Francisco Health Code).

The efficacy of a soil abatement project at Brewster Rutledge Community Garden has been established with one last set of soil samples that were collected in September 2023. This project is now completed. Additionally, cleanup at Kezar Pavilion is in progress, as elevated lead levels were identified as part of our ongoing monitoring program there.

I hope that you and interested members of the public find that the Department's performance demonstrates our commitment to the health and well-being of the children we serve.

Thank you for your support of this important program. Please do not hesitate to contact me with any questions, comments, or suggestions you have.

Sincerely,  
DocuSigned by:

## 1st Quarter Status Report

| Plan Item                                   | Status                                                                                                                                                                                                      |
|---------------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>I. Hazard Identification and Control</b> |                                                                                                                                                                                                             |
| <b>a) Program Revision</b>                  | Guidelines will be updated as needed.                                                                                                                                                                       |
| <b>b) Site Prioritization</b>               | Site prioritization was updated in 2018 for changes in site information (as reflected in attached Status Report for All Sites).                                                                             |
|                                             | Prioritization is based on verified hazard reports (periodic inspections), documented program use (departmental and day care), estimated participant age, and presence of playgrounds or schoolyards.       |
|                                             | Sites are selected on a rolling basis; as one site is completed, the next site on the list becomes active.                                                                                                  |
| <b>c) Survey</b>                            | Brewster Rutledge Community Garden survey has been completed.                                                                                                                                               |
| <b>d) Cleanup</b>                           | The efficacy of a soil abatement project at Brewster Rutledge Community Garden has been established with one last set of soil samples that were collected in September 2023. This project is now completed. |
|                                             | Additionally, cleanup at Kezar Pavilion is in progress, as elevated lead levels were identified as part of our ongoing monitoring program there.                                                            |
| <b>e) Site Posting and Notification</b>     | Each site has been or will be posted in advance of clean-up work so that staff and the public may be notified of the work to be performed.                                                                  |

**f) Next site**

Richmond Recreation Center

**II. Facilities Operations and Maintenance**

**a) Periodic Inspection**

Annual periodic facility inspections are completed by staff and include a question pertaining to the condition of paint in a facility (so that paint in poor condition can be addressed by Structural Maintenance).

**b) Housekeeping**

Staff is reminded of this hazard and the steps to control it through our Lead Safe Work Practice.

**c) Staff Training**

Under the Department's Injury and Illness Prevention Program, basic lead awareness training is recommended every two years for appropriate staff (e.g., custodians, gardeners, recreation staff, structural maintenance staff, etc.).

Additionally, Structural Maintenance has developed an Operations and Maintenance program to allow small-scale lead work to be conducted in house (including sampling). Larger scale work will continue to be completed through DPW-SAR.

Attachment 2. Status Report for RPD Sites

## Status Report for RPD Sites

Sites are listed in order in which they were prioritized for survey. Prioritization is done using an algorithm which takes into account attributes of a site that would likely mean the presence of children from 0-12 years old (e.g. programming serving children, or the presence of a playground).

Sites are surveyed on a rolling basis. "Rolling" means that when one site finishes, the next site on the list will begin. Current sites that have not yet been evaluated are listed at the top. Sites may not be completed in exact order of priority due to re-tests and other extenuating circumstances.

The priority number reflects the overall priority for this site, which may not be reflected in the current order. This is due to a number of factors, including the addition of sites which were not initially included in the list, and were added back in when the list was reprioritized.

New facilities are those built after 1978 and are not required to be tested for lead based paint. However, these facilities will be surveyed to ensure soil and water are tested, and are acceptable.

### SITES REMAINING TO BE EVALUATED

| Priority | Property Name                      | Location                   | FY Completed | Notes                                                                                                                                                        |
|----------|------------------------------------|----------------------------|--------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 144      | Brewster-Rutledge Community Garden | Brewster and Rutledge Sts. | 21-22        | Quarterly soil sampling completed. Last sample to be collected 9/2023.                                                                                       |
| 28       | Richmond Recreation Center         | 18th Ave./Lake St./Calif.  |              | New facility; do not include painted surfaces. Added out of order as this site was not tested previously, but is being tested now to address water and soil. |
| 79       | Victoria Manalo Draves Park        | Folsom & Sherman           |              | New facility; do not include painted surfaces. Added out of order as this site was not tested previously, but is being tested now to address water and soil. |
| 85       | Visitacion Valley Playground       | Cora/Leland/Raymond        |              | New facility; do not include painted surfaces. Added out of order as this site was not tested previously, but is being tested now to address water and soil. |
| 90       | Parque Ninos Unidos                | 23rd and Folsom            |              | New facility; do not include painted surfaces. Added out of order as this site was not tested previously, but is being tested now to address water and soil. |
| 94       | Aptos Playground                   | Aptos/Ocean Avenue         |              | New facility; do not include painted surfaces. Added out of order as this site was not tested previously, but is being tested now to address water and soil. |
| 98       | Park Presidio Boulevard            | Park Presidio Blvd.        |              | Added out of order as this site was not tested previously, but is being tested now to address water and soil.                                                |

***Disclosures:** Personal information that is provided in communications to the Board of Supervisors is subject to disclosure under the California Public Records Act and the San Francisco Sunshine Ordinance. Personal information provided will not be redacted. Members of the public are not required to provide personal identifying information when they communicate with the Board of Supervisors and its committees. All written or oral communications that members of the public submit to the Clerk's Office regarding pending legislation or hearings will be made available to all members of the public for inspection and copying. The Clerk's Office does not redact any information from these submissions. This means that personal information—including names, phone numbers, addresses and similar information that a member of the public elects to submit to the Board and its committees—may appear on the Board of Supervisors website or in other public documents that members of the public may inspect or copy.*

Detail the purpose of this contract is and what goods and/or services the contra:

Torman Jahi, is the musical artist and creator of the Bay Area Hip Hop Archive. We are engaging Mister Jahi, via his business Microphone Mechanics, to provide a musical/DJ performance and talk about the history of hip hop in the San Francisco Bay Area.

If you have made an effort to have the supplier comply, explain it here. If not,:

Mister Jahi is an independent contractor, a solo artist and community activist, and we are seeking waiver of the 12b compliance for this engagement. We have assisted Mister Jahi to the fullest extent to enable him to be as fully compliant as possible within the city requirements.

Detail the purpose of this contract is and what goods and/or services the contra:

- a. Precisions Dynamics Corp.
- b. Long term care residents require patient risk identifiers that will allow staff to quickly identify specific clinical risks. LHH is required to have risk identifiers in place in order to meet CMS and CDPH Recertification efforts. Failure to comply may lead to LHH not being recertified.
- c. Patient safety is critical factor in determining need as well as requirement for LHH recertification.

If you have made an effort to have the supplier comply, explain it here. If not,:

We have provided the supplier with step required to become 12B compliant as well as providing full contact information for CMD in order for supplier to move forward with completing their 12B compliance requirements.

**12B.5-1(d)(2) (Bulk Purchasing)**

Select OCA Solicitation Waiver:

Has MTA qualified agreement as Bulk  
Purchasing under Charter Sec.  
8A.102(b)?:

Detail the nature of this Bulk Purchasing transaction:

12B.5-1(d)(2) (Bulk Purchasing) Question1:

Per Admin Code Section 21A.2(a)

(2) Healthcare GPOs obtain cost savings by pooling their members' purchasing power and negotiating lower prices from their participating vendors. Healthcare GPOs also provide their members with cost savings by conducting a competitive bidding process for some – though not all – of the goods and services offered by their suppliers.

(3) Membership in Healthcare GPOs allows DPH to employ a streamlined process for procuring goods and services, thereby reducing administrative burdens, facilitating improved quality of care, and saving DPH millions of dollars each fiscal year.

12B.5-1(d)(2) (Bulk Purchasing) Question2:

Per Admin Code Section 21A.2(a)

(2) Healthcare GPOs obtain cost savings by pooling their members' purchasing power and negotiating lower prices from their participating vendors. Healthcare GPOs also provide their members with cost savings by conducting a competitive bidding process for some – though not all – of the goods and services offered by their suppliers.

(3) Membership in Healthcare GPOs allows DPH to employ a streamlined process for procuring goods and services, thereby reducing administrative burdens, facilitating improved quality of care, and saving DPH millions of dollars each fiscal year.

12B.5-1(d)(2) (Bulk Purchasing) Question3:

To fulfill the Board's desire to obtain the cost savings from using a GPO, pursuant to Chapter 21A.

12B.5-1(d)(2) (Bulk Purchasing) Question4:

Risk identifiers are special order from this supplier. The can provide the necessary risk identifier snaps that meet CMS and CDPH requirements for LHH recertification and patient risk identification.

12B.5-1(d)(2) (Bulk Purchasing) Question5:

The purpose of Chapter 12B is to ensure equal access to benefits, including health benefits, regardless of one's protected category. The use of a GPO ensures DPH can access the goods and services it needs to provide healthcare to SF residents in a cost-effective and reliable manner, thereby increasing their access to healthcare regardless of their status. In this regard, the use of this Vizient contractor is aligned with the intent of Chapter 12B.

12B.5-1(d)(2) (Bulk Purchasing) Question6:

Yes

**Subject:** Q2 Live-Monitoring Report: SFPD Use of Non-City Entity Surveillance Cameras

Good morning,

Please see attached Q2 Non-City Entity Live Monitoring report which is required per [BOS Ordinance 205-22](#). The Q2 report includes live monitoring request/operation data from April 1, 2023 through June 30, 2023 and includes Part I and Part II crime data between March 2023 and July 2023.

The next quarterly report will include data from July 1, 2023 through September 30, 2023 and will include crime stat data between June 1, 2023 and October 31, 2023.

**Best,**

Asja Steeves

San Francisco, CA 94158

President Elias and Commissioners:

**Re: Q2 2023, Quarterly Report – Department Use of Non-City Entity Cameras Policy approved via Board of Supervisors Ordinance 205-22**

Please find enclosed Q2 (April, May, June 2023) data relating to live monitoring requests to non-city entities and subsequent live monitoring operations.

Background:

Effective November 6, 2022, BOS Ordinance 205-22 approved SFPD's Use of Non-City Entity Surveillance Camera Policy. The Department issued internal written directives including Bureau Orders for Field Operations, Special Operations, Investigations Bureau and one Unit Order for the Community Engagement Unit. The Department and the Police Commission approved SFPD Form # 619 allowing the Department to document and track all requests for live monitoring operations.

BOS Ordinance 205-22 allows the Department to maintain confidentiality of the non-city entity/individuals to decrease the likelihood that they may face retaliation related to criminal investigations. As such, the ordinance mandates census tract reporting instead of releasing names and addresses of individuals or non-city entities who have approved SFPD requests to access their camera systems.

The enclosed report not only summarizes the live monitoring requests but also the results of the operations. The next quarterly report is scheduled to be delivered to the Police Commission before the end of November.

Respectfully submitted,

**William Scott**  
Chief of Police

cc: Board of Supervisors

**SFPD Non-City Entity Surveillance Camera Policy**  
**BOS Ordinance 205-22**  
**Quarterly Report**

**Q2 2023: April 1, 2023 – June 30, 2023**

Pursuant to Ordinance 205-22 and SFPD Non-City Surveillance Camera Policy, Reporting Section on p. 8, the Department will provide the Police Commission and the Board of Supervisors, on a quarterly basis, a report that details the Department's requests for temporary live monitoring access from non-city entities or individuals.

- In the 2nd Quarter of 2023, the SFPD made 15 requests for live monitoring from a non-city entity or an individual.
- Of those 15 requests, 14 were approved and one was denied.
- These operations took place in seven census tracts.
- Breakdown of census tracts and police districts involved:
  - Census Tract: 124.04 (Tenderloin, Northern, Southern)
  - Census Tract: 124.05 (Tenderloin, Northern, Southern)
  - Census Tract: 125.04 (Tenderloin)
  - Census Tract: 176.02 (Tenderloin and Southern)
  - Census Tract: 176.03 (Tenderloin and Southern)
  - Census Tract: 176.04 (Tenderloin and Southern)
  - Census Tract: 255.02 (Ingleside)
- Operations that were conducted utilizing live monitoring yielded 15 total arrests.
- Arrest Crime Category Breakdown (see *Operations/Incident Table* for further analysis)
  - 11 Narcotics
  - 3 Aggravated Assault
  - 1 Weapons, Carrying, Etc.
- 68:06 Hours in total were spent live monitoring (see *Operational Hours Table* for further analysis)
- A total of 24 officers, 11 sergeants, 2 lieutenants and 2 captains viewed surveillance during the live monitoring operations.
- The live monitoring operations took place during officers' regular deployments and no additional costs were incurred by the SFPD.

### NOTICE OF PROPOSED 90-DAY EXTENSION OF EMERGENCY REGULATIONS Recreational California Halibut

Pursuant to the requirements of Government Code Section 11346.1, the California Fish and Game Commission (Commission) is providing notice of proposed emergency action with regard to the above-entitled emergency regulation.

#### **SUBMISSION OF COMMENTS**

Government Code Section 11346.1 subdivision (a)(2) requires that, at least five working days prior to submission of the proposed emergency action to the Office of Administrative Law (OAL), the adopting agency provide a notice of the proposed emergency action to every person who has filed a request for notice of regulatory action with the agency. After submission of the proposed emergency to OAL, OAL shall allow interested persons five calendar days to submit comments on the proposed emergency regulations as set forth in Government Code Section 11349.6.

Any interested person may present statements, arguments, or contentions, in writing, submitted via U.S. mail or e-mail, relevant to the proposed emergency regulatory action. Written comments submitted via U.S. mail or e-mail must be received at OAL within five days after the Commission submits the emergency regulations to OAL for review.

Please reference submitted comments as regarding "Emergency Regulations: Recreational California Halibut" addressed to:

Reference Attorney  
Office of Administrative Law  
300 Capitol Mall, Suite 1250  
Sacramento, CA 95814

California Fish and Game Commission  
Attn: David Haug  
P.O. Box 944209  
Sacramento, CA 94244-2090

E-mail: [staff@oal.ca.gov](mailto:staff@oal.ca.gov)  
Fax No.: 916-323-6826

Email: [fgc@fgc.ca.gov](mailto:fgc@fgc.ca.gov)  
Fax No.: n/a

The Commission anticipates it will submit the rulemaking to OAL on November 14, 2023. For the status of the Commission's submittal to OAL for review, and the end of the five-day written submittal period, please consult OAL's website at <http://www.oal.ca.gov> under the heading "Emergency Regulations."

Dear Madam, Mx., or Sir:

Please distribute the attached to the Committee on Rules relevant to their regular meeting on Monday, Nov. 6. It has particular relevance to Item No. 3 on the agenda for this meeting, file no. 231076 (Administrative Code—Behavioral Health Commission).

Very truly yours,  
Wynship Hillier

November 3, 2023

Matt Dorsey, Committee Chair  
Rules Committee  
San Francisco Board of Supervisors  
City Hall  
1 Dr. Carlton B. Goodlett Place, Room 244  
San Francisco, California 94102

*Sent via email to [bos@sfgov.org](mailto:bos@sfgov.org)*

**RE: YOUR COMMITTEE CAN RELIEVE QUORUM PRESSURE ON THE BEHAVIORAL HEALTH COMMISSION BY APPOINTING TWO ADDITIONAL MEMBERS TO IT JUST AS WELL AS BY REDUCING ITS SIZE (RELEVANT TO FILE NO. 231076, NO. 3 ON MONDAY'S AGENDA).**

Honorable Committee Chair Dorsey:

As a correction to my letter of Oct. 30, the current vacancy announcement for the Behavioral Health Commission shows that Supervisor Joel Engardio has appointed Peter Murphy to Seat No. 5 on the Commission, bringing the number of active members to 11. Furthermore, the occupants of Seat Nos. 15 and 16 shown on the announcement, both appointed by the Board of Supervisors on recommendation from this Committee, have not attended meetings in nearly two years. Replacing them with two of the seven candidates with pending applications to the Commission would increase the number of active members to 13. This would be four greater than quorum, and one greater than needed for a 2/3 majority (required for some motions).

Using 13 active members as a comparison, reducing the size of the Commission from 17 to 11 would do nothing to reduce pressure on the quorum requirement. At 11 members, the two appointments could not be made. In addition, two of the current 11 active members would have to be *dismissed from the Commission* on the presumption that none of them meet requirements for the veteran or veteran advocate and seated Supervisor seats. At nine active members out of 11, the Commission would be three more than quorum and one member more than the requirement for a 2/3 majority. As far as pressure on the quorum and 2/3 majority requirements are concerned, these two alternatives are approximately equal.

Committee Chair Dorsey

November 3, 2023

Page 2

These two alternatives are not equal in other ways. Having four additional people to prosecute the Commission's business (and the possibility of appointments by three individual Supervisors in the future) would be of great assistance, and it would give at least four additional people the experience (or additional experience) of wielding public power. For this reason, we ask that you amend your proposed legislation to leave the size of the Commission unchanged and recommend to the Board of Supervisors appointments to Seat Nos. 15 and 16 of the Commission from the remaining seven pending applications (or a future veteran or veteran advocate application) at a future meeting of your Committee.

In addition, the memorandum from the Clerk of the Board dated Oct. 31 and also included in the communications packet for this item at the hearing on Monday contains an error. The first bullet on p. 3 says that language should be added regarding administrative support for the Commission. Such language was added by Ord. No. 229-20 and currently appears in § 15.12.5, which would be unaffected by, and does not appear in, your proposed legislation.

Very Truly Yours,

/s/

Wynship Hillier

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear Sups,

**I am a taxpayer. I have owned my home for 10 years and every morning used to enjoy an unobstructed view of the north bay and Berkeley. The SkyStar Ferris Wheel has no aesthetic value and now sits dead center to my view of what was previously lovely, wide horizontal blue waters. It is brash. And the lights have not even gone on yet.**

If this structure was a building it would not be permitted for height reasons. It towers over everything else around it. If SkyStar was not loved by Golden Gate Park Community, what makes it ok for a residential neighborhood of Russian Hill? I do not want to stare at an amusement ride everytime I look out my window.  
Please ask Parks and Rec to move it after the Asian Conference.

I am withholding all my charitable contributions to any city organization until this is done.

Thank you,

--

Ellen B. Klyce, LMFT **District 2.**

**Subject:** Proposed Resolution or Legislation Presented at BOS Meeting Nov 7, 2023

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

All,

Here is a recap of my presentation today during public comment at the board meeting.

I will be available and to provide my consulting services upon request and will waive all fees and costs to assist the city move forward with oversight mentioned in the proposal.

I will also provide the 160 page report plus additional documents submitted to the DOD, CDC, Commerce, HHS and the United Nations Human Rights Council to the full board upon request.

Respectfully,

Chris Ward Kline

A few in the city and county of San Francisco have weaponized public health by giving false medical diagnosis and symptoms in order to place people on digital surveillance to assimilate them for personal, political and religious greed.

Surveillance equipment can also use ultrasound to create false medical symptoms.

I presented my research to the Department of Defense, CDC and HHS. Just the other day I also submitted a United Nations Human Rights Council report on these few individuals. I have sent portions of this communication to each of the Board of Supervisors.

On Monday, to counter this, the CDC issued a news release stating that four airports would increase testing and their surveillance authority, otherwise known as "states secrets privilege. HOWEVER, THIS ONLY APPLIES TO LAWFUL USAGES and this airport surveillance program was actually rolled out in 2021, over two years ago with over 300,000 tests performed.

Today I'm asking the Board of Supervisors to present a resolution to restrict illegal surveillance and create oversight of the SFO CDC Global Migration and Quarantine Team and to restrict, monitor and impose penalties from illegal influence. Currently, the Mayor has an illegal agreement with Public Health Officials at SFO, LAX and NYC to illegally place mental health situational awareness on elected and appointed leaders in the city and county of San Francisco. This will be coming out in the very near future.

For more information on digital surveillance I would recommend readings from Rand Corporation or other respected news media to include Forbes, Wired and expect media giants like the NYT's and WSJ to report on this in the coming days.

*or Legislation*

One case already partially ruled on and other portions that were presented to the 9<sup>th</sup> Circuit Court of Appeals in June 2023 with expected final rulings any day to shed more light on the legal and illegal usage of states secrets technology.

The Mayor and others who support her with this illegal technology have attempted with the use of surveillance technology, to cause false illnesses, injuries and to illegally hack into peoples personal devices in attempts to discredit individuals who present the truth. States secrets technology is not secret or classified. It is meant to be used for specific items such as to counter a financial depression, natural disaster such as an earthquake or flood, not to be used, to alter billiard games, softball games or NCAA football games.

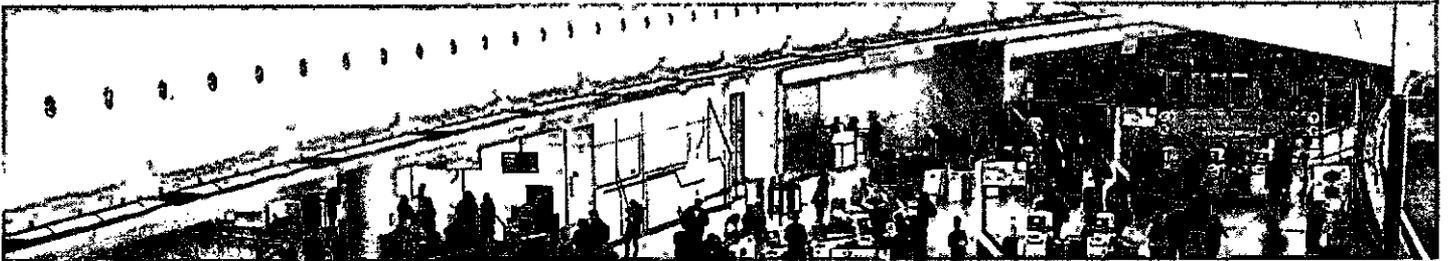

In closing, the illegal technology surrounding the Michigan University cheating scandal is simply surveillance technology. This happened before in the NCAA in 1951 with college basketball and unfortunately will happen again because of personal political and religious greed.

It is time to take back your city Board of Supervisors.

# CDC to expand disease surveillance at four major US airports to include flu, RSV

The US Centers for Disease Control and Prevention is expanding its infectious disease testing program at four airports to now test for more than 30 pathogens.

**(CNN)** — The US Centers for Disease Control and Prevention is expanding its infectious disease surveillance program at four major US airports to more than 30 pathogens, including flu, RSV and other respiratory viruses.

The Traveler-based Genomic Surveillance program, led by CDC's Travelers' Health Branch, was introduced during the Covid-19 pandemic to detect new SARS-CoV-2 variants and other pathogens through nasal swab and wastewater sample collection from arriving international travelers at US airports.

**RELATED ARTICLE**

Health misinformation and lack of confidence in vaccines continue to grow, years after the Covid-19 pandemic, survey shows

"We have known that travelers are a very important population to consider for tracking new and emerging infections," Dr. Cindy Friedman, who leads the CDC's traveler genomic surveillance program and is the chief of the agency's Travelers' Health Branch, told CNN.

The program currently operates Covid-19 surveillance at seven major international airports in the United States. For a pilot program, it's now expanding to test for more than 30 bacteria, antimicrobial resistance targets and viruses including influenza A and B, and respiratory syncytial virus, known as RSV, at Boston Logan International Airport, San Francisco International Airport, Dulles International Airport in Washington, D.C., and John F. Kennedy International Airport in New York.

The traveler surveillance program was introduced in 2021 when the CDC began collecting nasal swab samples from anonymous international travelers arriving at participating airports who volunteer to get swabbed.

"We started this as a concept. Could we get travelers to volunteer at the airport to give us a sample voluntarily when they came in from countries all over the globe?" Friedman said. "And could we get enough samples to then test and do genomic sequencing and know very quickly what was coming into our country."

# the state secrets privilege

government  
abuse of  
power

Post-9/11, the Bush administration has expanded the use of the state secrets privilege (SSP) to withhold evidence and dismiss cases that challenge the administration in U.S. courts. In doing so, the Bush administration is threatening judicial oversight and legal challenges of the Executive Branch's unraveling of civil rights and disregard for human rights in the name of the "war on terror."

## what is state secrets privilege?

The state secrets privilege is a common law privilege that allows the head of an executive department to refuse to produce evidence in a court case on the grounds that the evidence is secret information that would harm national security or foreign relation interests if disclosed.

## when & how was the state secrets privilege established?

The state secrets privilege originates in England where the law allows the king or queen the "Crown Privilege," which grants the monarch the absolute right to refuse to share information with Parliament or the courts. The U.S. Supreme Court then borrowed the SSP almost entirely from the U.K. during a Cold War case, *Reynolds v. United States*, 345 U.S. 1 (1953). The Court did so without discussing the differences between our system of checks and balances and England's system where Parliament is all powerful.

## what happens when ssp is used?

When the SSP is invoked, the government submits an affidavit saying that any court proceedings would risk disclosure of secrets that would threaten national security and then asks the court to dismiss the suit. Previous uses of the SSP by the government have most commonly been at the discovery stage, asking the courts to deny people access to documents or witnesses. More recently - and more troublingly - the government has invoked the SSP in the very beginning of cases to dismiss them altogether.

In these cases, the government has argued that to even answer the complaint by confirming or denying its allegations would risk the disclosure of secrets that could cause "exceptionally grave damage to the national security."

## how does state secrets privilege undermine democracy?

The state secrets privilege undermines the very idea of an independent judiciary; contradicts the core idea of judicial review, which is independent judges making independent evaluations of all of the facts; and essentially allows the executive branch to dictate to the federal courts what cases they can and can't hear.

While proponents of the SSP state that it is invoked to protect national security, it does not do so. The U.S. judicial system already has very effective systems in place to review sensitive information, such as closing the courtroom, placing briefs under seal, and requiring security clearance of all involved parties. Instead, the SSP allows government officials to evade accountability for illegal acts and to conceal such acts from the public, which is not in the interest of national security.

## how is bush abusing ssp?

The Bush administration is using the state secrets privilege far more than any administration and is using it to cover up its own illegal behavior. So far, it has invoked the privilege to dismiss cases that fight illegal government spying on American citizens, challenge the government's use of torture and rendition, and other cases that seek to hold the Bush administration accountable for abusing executive power and violating the human rights of both citizens and non-citizens.

Instead of merely employing the privilege to deny attorneys access to evidence (as it was used in the past), the Bush administration is using the state secrets privilege to get courts to dismiss cases at their very beginning stages. In doing so, the Bush administration is trying to disarm the courts from being able to check the power of the executive branch.

**The state secrets privilege can be overturned at any point by Congress or the Supreme Court. Make the SSP a priority for your elected officials and community today.**

centerforconstitutionalrights www.ccrjustice.org

constituted unreasonable searches in violation of the Fourth Amendment. The suit demands that the FBI destroy all information unlawfully collected through their operation and pay damages to the individuals who were targets of unlawful surveillance.

## Case Developments

RULING February 28, 2019

The Ninth Circuit Court reversed the district court's dismissal of all but one of plaintiff's claims on the basis of the state secrets privilege. Instead, the Court provided an avenue for the plaintiffs to vindicate their constitutional rights through procedures established by Congress in the Foreign Intelligence Surveillance Act. The Court also ruled that the plaintiffs have a right to force the government to delete from its files information it illegally collected about them. The decision allows the plaintiffs the opportunity to seek money damages for the FBI's allegedly unlawful electronic wiretapping of their homes and offices.

RULING August 14, 2012

The Court dismissed the lawsuit against the FBI but permitted the suit to go forward against the individual government agents under the Foreign Intelligence Surveillance Act. **Read more about the ruling** (<https://www.aclusocal.org/en/response-to-domestic-surveillance-suit-ruling/>).

FILING December 23, 2011

The ACLU filed responses to the defendants' motions to dismiss the case. Read the **ACLU's opposition to the government's motion to dismiss** (<https://www.aclusocal.org/en/cases/fazaga/plaintiffs-opposition-to-governments-motion-to-dismiss/>), the **ACLU's opposition to the FBI agents' motions to dismiss** (<https://www.aclusocal.org/en/cases/fazaga/aclu-opposition-to-agents-motion-to-dismiss/>), and the **declaration of Craig Monteilh**

*Fazaga v. FBI* is a case against the Federal Bureau of Investigation for illegally spying on the Muslim community in Orange County, California.

In June 2006, FBI agents sent an informant to one of the largest, most diverse mosques in Orange County, California, who posed as a convert to Islam. After publicly converting before a crowd of hundreds, the informant spent the next fourteen months acting on the instructions of his FBI handlers – gathering names, telephone numbers, e-mails, backgrounds, political and religious views, travel plans, and other information on hundreds of individuals in the community. The FBI directed the informant, Craig Monteilh, not to target any particular individuals they believed were involved in criminal activity, but to gather as much information as possible on members of the Muslim community, and to focus on people who were more devout in their religious practice. No terrorism charges were brought, and no criminal convictions obtained, as a result of the FBI's operation.

In February 2011, the ACLU of Southern California, the Council for American-Islamic Relations of Greater Los Angeles, and the law firm Hadsell Stormer Keeny Richardson & Renick LLP filed a federal class action law suit against the Federal Bureau of Investigations for infiltrating mainstream mosques in Southern California and targeting Muslims Americans for surveillance because of their religion. Among other claims, the lawsuit alleges that the FBI's operation unlawfully targeted individuals on the basis of their religious beliefs and practices, in violation of the First Amendment; unlawfully collected information on religious practices in violation of the Privacy Act; and

# Cyberstalking

## A Growing Challenge for the U.S. Legal System

**A**mong the new forms of technology-facilitated abuses, cyberstalking has become a growing and serious problem. Cyberstalking involves using computing and communications technologies in threatening ways, such as to surveil or harass an individual (online or physically), convey threats, make false accusations about an individual, or share embarrassing information (such as nonconsensual pornography). As reflected in our case data, cyberstalking has become a mechanism commonly used by intimate-partner abusers—and even by members of extremist groups—to track and access their victims. Exacerbating this problem are new opportunities for victimization brought by digital and internet-connected surveillance devices and technologies. From the victim’s perspective, it can increasingly look as if there is nowhere to run or hide.

Existing estimates of cyberstalking’s prevalence can vary widely. Estimates from the Bureau of Justice Statistics suggest that in 2019, 3.4 million (or 1.3 percent) of all U.S. citizens over the

age of 16 had been stalked that year: 0.4 percent of all citizens had been stalked via technology only and 0.6 percent had been stalked in person and with technology (Morgan and Truman, 2022). However, a 2021 review of cyberstalking noted the prevalence of cyberstalking victimization as ranging from 6.5 percent to 41 percent across various studies (Kaur et al., 2021). Researchers attribute these variations to such factors as methodological differences, underreporting, and differences in both researcher and victim definitions of cyberstalking (Kaur et al., 2021).

### KEY FINDINGS

- The number of federally prosecuted cyberstalking cases has grown steadily since 2014, reaching a peak of 80 cases filed in 2019 (then falling slightly in 2020), with 412 total cases filed between 2010 and 2020.
- In the majority of federally prosecuted cyberstalking cases, the victim knew the offender.
- The legal system is underprepared to handle cyberstalking cases: Law enforcement is seldom able to assign priority or allot substantial resources to cyberstalking, and many agents and officers lack training in how to investigate the crime or help victims.
- A major challenge in prosecuting cyberstalking cases involves tying the digital evidence to the offending individual or group because tech-savvy offenders can be sophisticated at hiding digital tracks.

In this report, we attempt to enhance understanding of cyberstalking by offering the first empirical analysis on federal cyberstalking cases. In particular, we analyze the number of federal cyberstalking cases filed over time, the characteristics of these cases (e.g., technologies involved and types of victims), and the outcomes of these cases. We also present the results of in-depth interviews with prosecutors, investigators, law enforcement officials, and victims' advocacy representatives, whose perspectives expose the challenges of investigating, prosecuting, and convicting cyberstalking cases.

## Background

### What Is Cyberstalking?

Cyberstalking refers to the use of any form of technology to conduct acts of surveillance, make threats, express intent to injure or harass, or intimidate a victim to the point of them reasonably fearing for their safety or feeling significant emotional distress. As with any form of stalking, cyberstalking typically refers to a pattern of behavior as opposed to a single incident. Contrary to sometimes fanciful portrayals on TV and cinema,<sup>1</sup> the typical cyberstalker does not conduct sophisticated surveillance schemes: The majority of cyberstalkers use email, phone calls, text messages, or social media, although some use

encrypted systems and attempt to mask their identity (Morgan and Truman, 2022). The distinction from typical stalking behavior is that cyberstalkers use technology (computing systems and platforms) to facilitate the surveillance and conduct the threatening behaviors.

The growth of cyberstalking is consistent with the general trend that technology typically develops faster than the capacity of "existing regulatory agencies [that] lack the legal authority, expertise, and resources to regulate any of the emerging technologies comprehensively, even if they wanted to" (Marchant, 2020). Laws, law enforcement, and public response systems are not readily equipped to meet every demand, and the tactics that cyberstalkers can use are becoming more sophisticated. Most notably, the ability to be anonymous and untraceable (via a fake username or an encrypted email hosted on offshore servers) opens countless possibilities for harmful online behavior. Although such contemporary phenomena as anonymous messages or calls, deepfakes, doxing, and swatting are not novel in concept, what is new is the ease and scale of these behaviors.<sup>2</sup> Also new is the ease of capturing and sharing sexual images and video. Although these images are often shared consensually at first, they can be used subsequently to victimize those depicted in the images.

---

As with any form of stalking, cyberstalking typically refers to a pattern of behavior as opposed to a single incident. The distinction from typical stalking behavior is that cyberstalkers use technology to facilitate the surveillance and conduct the threatening behaviors.

---

## The Federal Criminal Code

The U.S. federal criminal code contains several statutory sections that federal investigators and prosecutors can apply to combat cyberstalking. The most commonly charged federal crimes related to stalking-type behavior in recent cases are from the following statutory sections (Blanch and Hsu, 2016):

- 18 U.S.C. § 875(c): communicating a threat to injure another person
- 18 U.S.C. § 1030: engaging in computer hacking
- 18 U.S.C. § 1952: using interstate communications to engage in extortion (including sextortion)
- 18 U.S.C. § 2251: employing, using, persuading, inducing, enticing, or coercing any minor to engage in, or assist any other person to engage in, child pornography
- 18 U.S.C. § 2422(b): using a facility of interstate communication for enticement, persuasion, or coercion of a minor to engage in sexual activity
- 18 U.S.C. § 2425: using any means of interstate or foreign commerce (including such communications as phone, internet, etc.) to knowingly communicate with any person with the intent to entice a child into unlawful sexual activity
- 34 U.S.C. §12291(a)(8): committing intimate partner violence
- 47 U.S.C. § 223: using a telecommunications device to deceive, annoy, abuse, harass, or threaten a person (must be anonymous and via phone or text)

Although any one of these statutes might apply in cyberstalking cases, each one targets specific behaviors associated with cyberstalking (e.g., threatening, harassing, inducing or coercing sexual activity, computer hacking, extorting) rather than cyberstalking per se. These statutes were all enacted between 1934 and 1998, with subsequent amendments, and none of them as amended define or specifically punish cyberstalking.

The variety and age of these statutes and their lack of specificity toward cyberstalking make it dif-

ficult for federal law enforcement and prosecutors to initiate, investigate, litigate, and prosecute cyberstalking. For example, a perpetrator who hacks into a victim's computer to procure photos or information to threaten and coerce the victim into sexual (or other) activity would require a prosecutor to lodge at least three of the above criminal charges. A prosecutor needs to prove the elements of each of the three statutes to punish the full spectrum of behavior. Even then, none of the statutes punish the infliction of emotional distress or fear of injury that the victim may experience in such a scenario.

Federal law relating to stalking has lagged. The crime of interstate stalking was added to the federal criminal code only in 1996 with 18 U.S.C § 2261A(2) (Public Law 104-201, 1996). However, this statute applied only to perpetrators who physically crossed a state line to stalk their victim; it did not punish interstate stalking by telephone, computer, or other electronic means. Not until 2013 did Congress amend the code to remove the condition that a perpetrator had to cross a state line and add the following language that would punish stalking by use of electronic (i.e., cyber) means:

Whoever—

[clause 2] with the intent to kill, injure, harass, intimidate, or place under surveillance with intent to kill, injure, harass, or intimidate another person, **uses the mail, any interactive computer service or electronic communication service or electronic communication system** of interstate commerce, or any other facility of interstate or foreign commerce to engage in a course of conduct that—

(A) places that person in **reasonable fear** of the death of or serious bodily injury to a person, a pet, service animal, emotional support animal, or a horse described in clause (i), (ii), (iii), or (iv) of paragraph (1)(A); or

(B) causes, attempts to cause, or would be reasonably expected to cause **substantial emotional distress** to a person described in clause (i), (ii), or (iii) of paragraph (1)(A), shall be punished as provided in section 2261(b) of this title (Public Law 113-4, 2013, emphasis added).

Although the 2013 amendment to 18 U.S.C. § 2261A represented an important update of the law to empower investigators and prosecutors, it also introduced additional challenges.<sup>3</sup> Perhaps most important of these challenges is that the current cyberstalking statute, 18 U.S.C. § 2261A(2), has several complex elements that prosecutors must prove: principally, the intent of the perpetrator to kill, injure, harass, intimidate, or surveil for those purposes such that the victim has a reasonable fear of death or serious bodily injury or suffers substantial emotional distress.

Despite these issues and growing concerns about cyberstalking, there remain fundamental questions whose answers might mitigate the investigatory and prosecutorial challenges described above. We aim to answer the following questions:

- How many federal prosecutions have there been since the update to the cyberstalking statute took effect in 2013?
- What are the most common or contrasting characteristics of these cases (e.g., the characteristics of the victim, the crimes, the evidence, the approach to prosecution, the defenses offered by the perpetrator, the rulings by the court)?
- What are the main challenges that individuals who work within the criminal justice system face when investigating and prosecuting these cases?

## Empirical Analysis of Cyberstalking Offenses

To develop an empirical overview of federal cyberstalking cases, we used multiple data sources and methods. Data for federal cyberstalking cases come from the Federal Judicial Center's Integrated Database (IDB) through a data-sharing agreement with the Administrative Office of the U.S. Courts. These data represent the authoritative source of all criminal cases prosecuted in U.S. federal courts

and include administrative information (metadata) about each case: filing date, jurisdiction in which the case was filed, the five most severe charges at filing, termination, and punishments (fines, probation, and prison terms). In addition, we use these data to reconstruct the official case identifier, which we used to search CourtListener (an online legal document website) and PACER (Public Access to Court Electronic Records, the authoritative source for all U.S. federal pleadings) to retrieve docket filings, including the docket sheet, the criminal complaint, indictment (or superseding indictments), the information, plea agreement, presentence investigation report, and judgment. Overall, we collected and reviewed thousands of pages from more than 1,500 court documents.

We searched the IDB for all cases related to 18 U.S.C. § 2261—the most general form of the statute—and found 564 potential cyberstalking cases. We then reviewed the docket filings (most commonly the complaint or indictment) to validate that the cases related to cyberstalking. This process revealed 412 federal cyberstalking cases filed between 2010 and 2020.

We then developed a codebook to identify the relevant variables to code (the nature of the relationship between the victim and offender, the motive, types of technologies used, duration of stalking behavior, etc.). We sought to employ automated machine learning (natural language processing [NLP]) techniques to code all the variables of interest,<sup>4</sup> but after considerable trial and error, we determined that the NLP software was capable of independently coding only *some* variables (e.g., types of technologies used).<sup>5</sup> To address the remaining variables, we employed a hybrid NLP-human method in which we trained the NLP model to identify passages of text that it considered to be potentially related to the code of interest. These passages were presented to a human coder, who then validated or rejected the suggested code. Any remaining codes that were too complicated to train were then coded manually by the research team.

## Jurisdiction and Charges

We examined the prevalence of cyberstalking cases between 2010 and 2020 and the jurisdictions in which the cases were prosecuted (shown in Figure 1).

The number of federally prosecuted cyberstalking cases has been increasing steadily since 2014, reaching a peak of 80 cases filed in 2019 and then falling slightly in 2020. In addition, most cases have been filed in the 9th circuit (western U.S. states), followed by the 2nd (predominantly New York) and 11th (southeastern U.S. states, including Florida) circuit courts.

The average duration of documented cyberstalking activity was 12 months, although the median duration was just five months.<sup>6</sup> However, although most cyberstalking activity lasted under one year, at least nine cases involved crimes that lasted for six or more years. For example, in one case, a female accountant sent threatening messages to the senior vice president at her former job over the course of eight years.

The median number of counts of charges brought in these cases was two and the average

number was four, suggesting that typical cyberstalking cases are relatively straightforward and focus primarily on stalking behaviors. However, there were a small number of cases in which many different charges were brought. For example, in one case, a man who stalked a former intimate partner was charged with 22 counts: In addition to cyberstalking, these charges included seven counts of unauthorized access to a protected computer, 12 counts of obtaining individually identifiable health information, one count of sending identifiable health information, and one count of identity theft.

There is also considerable variety in the charges that accompany cyberstalking, as shown in Figure 2.

These data show that the most common non-cyberstalking charges are extortion and threats, followed by (1) sexual exploitation of children and (2) fraud. A relatively small number of cases also involve violating laws regarding firearms, explosive materials, and illicit sexual activity. In the next section, we examine the relationship between these charges in more detail.

FIGURE 1  
Cyberstalking Cases by Year and Circuit

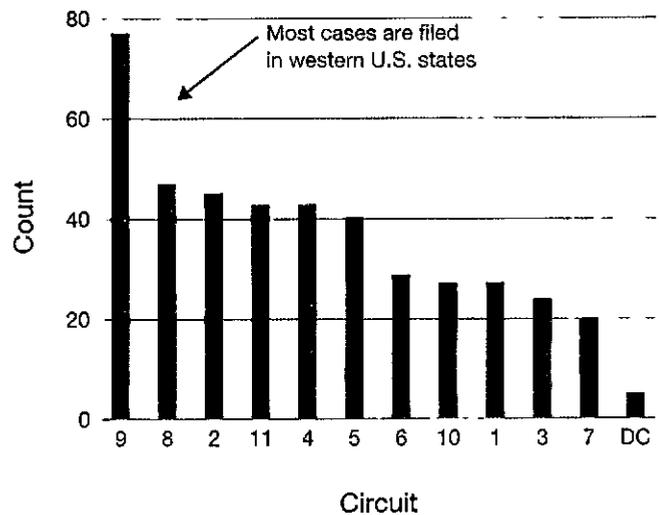

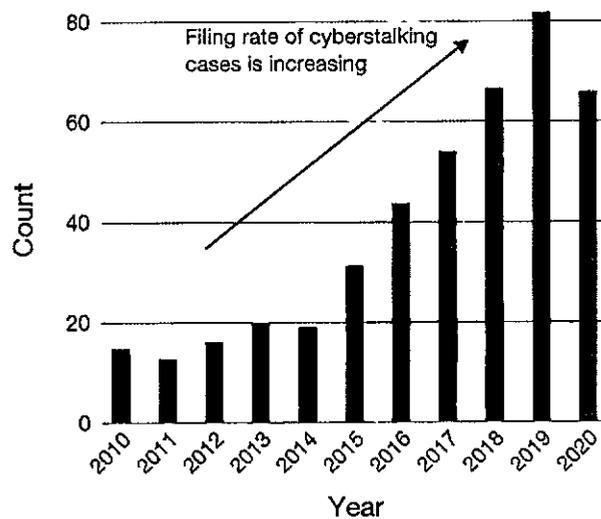

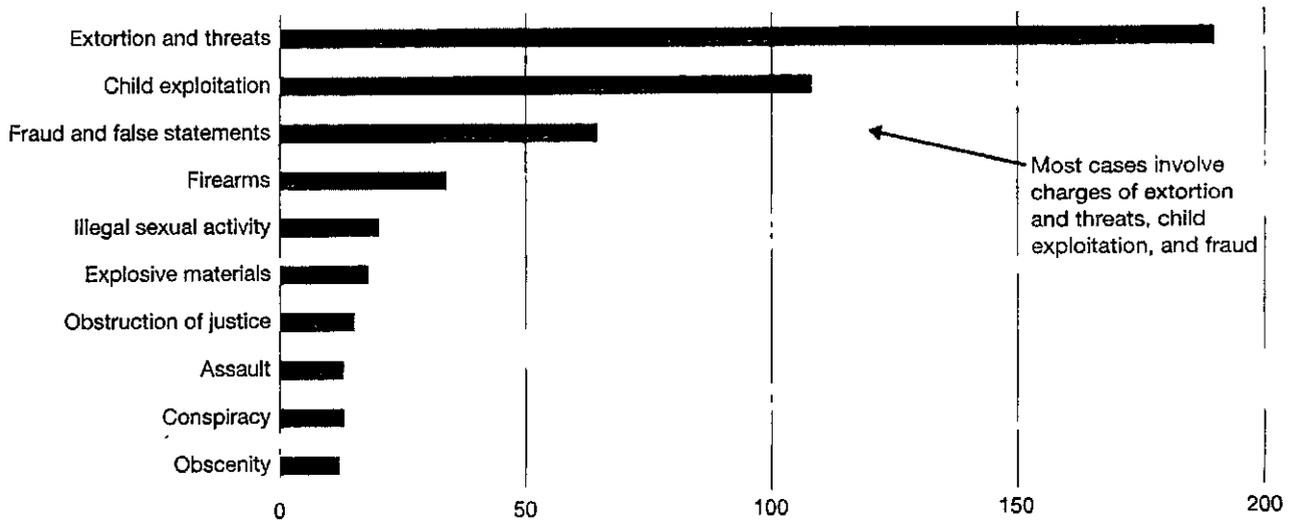

FIGURE 2

Non-Cyberstalking Charges in Cyberstalking Cases

Victim-Offender Relationship

Figure 2 reflects the numbers and types of charges brought in these cases, but it does not identify the nature of the relationship between the victim and offender.<sup>7</sup> To capture this, we coded two broad properties from the cases. First, we coded whether the victim knew the offender prior to the stalking behavior or was a stranger. Next, we coded the nature of that relationship using the following broad categories: intimate partner, celebrity (or other well-known public figure), child exploitation, workplace (or school or other professional relationship), or Other (a broad category that includes ex-friends, roommates, people who testified against the offender, gangs, and relatives).

As shown in Figure 3, in 57 percent of all cyberstalking cases, the victim knew the offender (colored in orange on the left of Figure 3), while in 23 percent of the cases, the victim and offender were strangers. We were unable to determine the nature of the relationship for 20 percent of the cases, either because the court documents were sealed or because we simply lacked sufficient information.

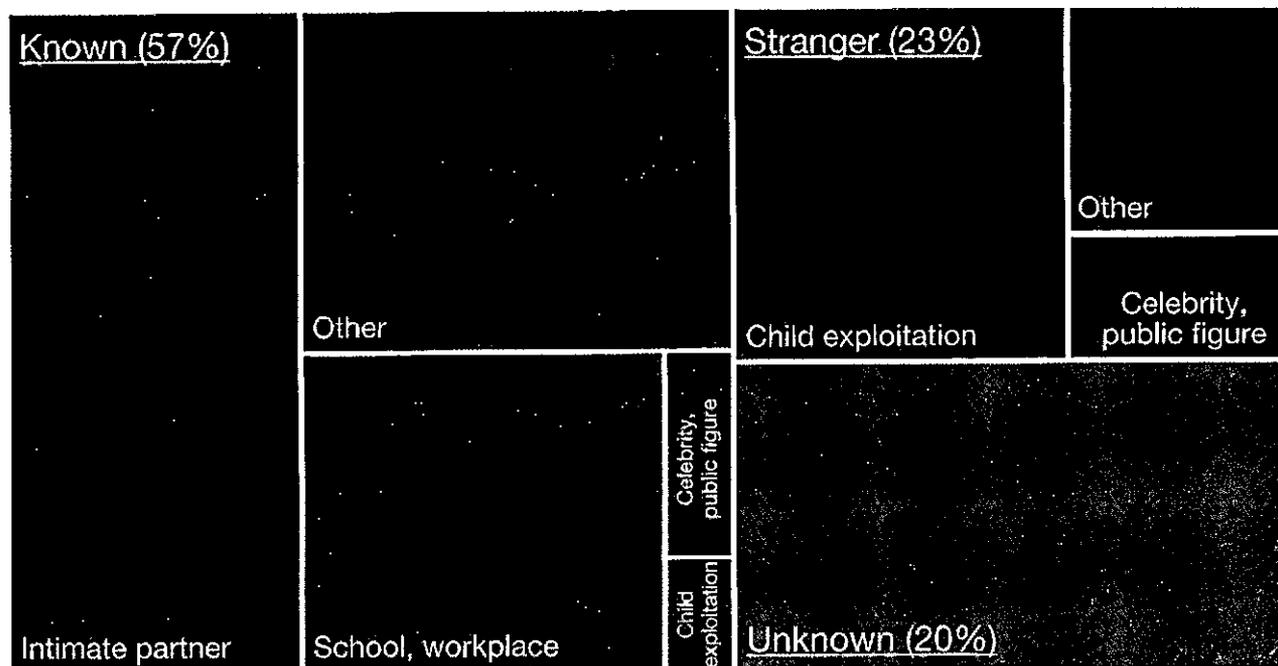

Of the cases in which the victim and offender knew each other, the victim and offender were or had been intimate partners (i.e., involved in a romantic or sexual relationship) in 41 percent of the cases (95 cases) or had a school or workplace relationship in

24 percent of the cases (56 cases). For example, in one case, a former university student sent emails to their former professor threatening to harm the professor and the professor’s family and called their state’s child abuse and neglect hotline to make a false report, despite the professor obtaining an order of protection and law enforcement ordering the student to refrain from contacting the professor. In addition, 30 percent of cases (71 cases) in which the victim and offender knew each other involved other types of relationships (such as other forms of acquaintance or rival gang members). In the remaining number of cases (11 cases), the relationship involved child exploitation (four cases) or stalking of a celebrity or public figure (seven cases).

Cases in which the offender and victim were strangers (colored in blue) involved child exploitation 59 percent of the time (57 cases) and stalking of a celebrity or public figure 15 percent of the time (14 cases). For example, one man harassed multiple Catholic Church leaders, blaming them for his losing custody of his son and demanding millions of dollars that he felt the church owed him. In addition, 26 percent of the cases (25 cases) involved relationships other than domestic partners. For example, in a 2016 case, a male defendant began harassing a family that he had lived with while he was in high school after they had asked him to leave because of his unusual behavior. The family, not blood-related, began receiv-

FIGURE 3

Nature of the Relationship between Offender and Victim

ing threatening calls after the defendant's departure. The defendant also began posting messages online about raping and killing the parents' daughter, a law enforcement officer, whom he had never met.<sup>8</sup>

**Conviction and Punishment**

Regarding conviction rate, we found that federal prosecutors obtained an overall conviction rate of 90 percent across all cases brought in federal court.<sup>9</sup> In addition, we examined the conviction rate according to the five most severe charges brought in the case (in which the most severe charges are listed first). As shown in Table 1, the conviction rate for the first charge was 90 percent, with conviction rates dropping by about one-half for each subsequent charge.

Our data also show that punishments delivered in cyberstalking cases most often involve prison sentences, although probation and fines were also imposed in some cases.<sup>10</sup> The median prison sentence in these cases was 30 months (2.5 years), while the average sentence was 64 months, suggesting that some offenders are sentenced to much longer prison terms than the average offender. In one case, for

TABLE 1  
Conviction Rate, by Charge Position

| Charge | Number of Cases with a Charge | Convictions (%) |
|--------|-------------------------------|-----------------|
| First  | 336                           | 90              |
| Second | 247                           | 47              |
| Third  | 163                           | 31              |
| Fourth | 111                           | 15              |
| Fifth  | 80                            | 6               |

NOTE: These data represent 336 out of 412 cases that had terminated; the remaining cases were still open at the time of this analysis.

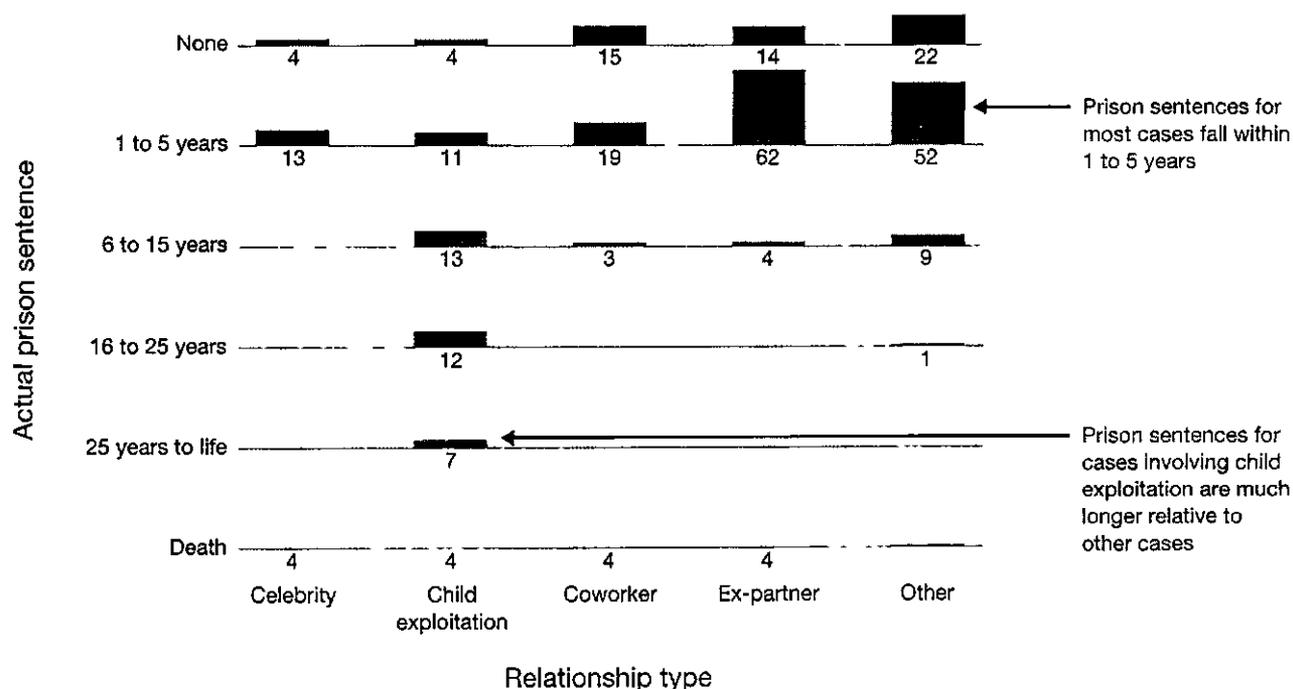

example, a defendant was sentenced to 30 years for multiple offenses, including interstate threats, stalking, and slashing his ex-wife with a knife.

Prison sentences as a function of categories of relationships between victim and offender is shown in Figure 4.

As shown in these data, cases involving child exploitation receive considerably longer prison sentences than all other categories because of the harms involved. These results also re-emphasize that most prison sentences across every category except for child exploitation fall between one and

FIGURE 4

Prison Sentences by Type of Relationship Between Victim and Offender

NOTE: Categories of prison sentence are listed on the vertical axis, while relationship types are listed on the horizontal axis. Numbers represent the number of cases within each category.

five years, with 59 cases (18 percent) receiving no prison sentence.

### Technologies Used

Because of the cyberstalking nature of these crimes, we also examined the types of technologies involved (shown in Table 2).<sup>11</sup>

As shown in these data, the most-common technologies used in committing cyberstalking are such basic platforms as text messages, emails, and phone calls. For example, in 2015, a man sent emails to his victim’s employer accusing the victim of committing multiple crimes and unethical acts and encouraging the employer to end any type of relationship with the victim.

In addition, we identified many social media platforms, such as Facebook, Twitter, Snapchat, and WhatsApp, that are used to identify and lure victims

and to post and distribute threatening and harassing messages. For example, in one case, the defendant hacked into the Facebook accounts of the victims, blocked the victims’ access, and impersonated them online. He then contacted other residents of his town and tricked them into engaging in sexually explicit acts online, which he then recorded without their knowledge.

We also identified more-sophisticated techniques, such as global positioning system (GPS) services, hidden cameras, keyloggers, and malware, which were sometimes used to surveil and then extort victims using sensitive and sexually explicit images and videos collected from the victims. For example, in one case, three defendants were charged with multiple counts in which the victim was harassed and followed using a GPS device that was installed in the victim’s car; the use of the tracking system ended fatally with the victim’s murder.

TABLE 2  
Technologies Involved in Cyberstalking Cases

| Technologies                                                                                               | Number of Cases Involving These Technologies |
|------------------------------------------------------------------------------------------------------------|----------------------------------------------|
| <b>Basic Technologies</b>                                                                                  |                                              |
| Text messaging, email, phone, cell phone                                                                   | 252                                          |

## Interviews with Subject-Matter Experts

In addition to the empirical data collection and analysis, we interviewed 23 subject-matter experts between March 2021 and March 2023. These experts consisted of stakeholders from the criminal justice system and the victim advocacy and academic research communities. We used a semistructured research protocol to understand the challenges that each stakeholder group faces when investigating, prosecuting, and mitigating cyberstalking crimes. Interviews were conducted by remote video and typically lasted one hour. We employed (1) a non-probabilistic sampling approach (Guest, Bunch, and Johnson, 2006) using a convenience sample of experts known to the authors and (2) chain sampling (Goodman, 1961), in which we asked experts and invited participants to suggest names of additional candidates to interview.

Interviews were not recorded, although research team members took notes. Participation was voluntary, and experts were not compensated for their time. The study protocol was approved by an

accredited institutional review board. We conducted thematic analysis on the interview notes to identify the most-important themes emerging from each conversation (Braun and Clarke, 2006; Glaser and Strauss, 1967). Thematic analysis affords a formalized approach to coding, analyzing, and presenting themes in a structured fashion.

In the following sections, we present the major themes that emerged from the interviews, grouped into three categories: investigation, prosecution, and victims. The discussion presents an overview of insights from experts and does not necessarily represent factual statements or reflect the opinions of the authors of this study. We discuss themes from a fourth category, digital evidence, in the context of the other three categories.

## Investigation of Cyberstalking Cases

Most experts discussed cyberstalking cases that involved the victims' former or current intimate partners, often focusing on the challenges that these cases pose for investigation and prosecution. One issue that arose frequently was that interpersonal cases are emotionally charged and complex for victims, which can complicate every step of a case. In fact, one expert used the term "messy" to describe this emotional context. Cyberstalking victims can experience trauma and a variety of intense emotions: fear for their safety, embarrassment or shame at coming forward, and reticence to share some of their own behavior. These cases can reveal embarrassing actions that the victim might have taken, such as participating in romantic conversations, maintaining contact (or staying in a relationship) with the perpetrator, or sending intimate images to the perpetrator. Other behaviors, such as engaging in drug use, might also be exposed during an investigation. Many victims just want the stalking to stop and often don't want to face their stalker in court.

These emotions complicate law enforcement's ability to gain cooperation from victims. As many experts noted, encouraging cooperation requires building trust with victims to calm fears and anxieties about proceeding with a case. In particular, numerous experts noted that victims need to trust that law enforcement will take the allegations and

---

The response to stalking “is where domestic violence was 20 years ago” (Interviewee 11).

threats to the victim’s safety seriously and that personal information will be treated with sensitivity.

Many experts lamented, however, that the justice system at times falls short in trust-building, commenting that this is a critical area for improvement. Some experts reported that when victims decide to report cyberstalking crimes, their claims might be dismissed by law enforcement, reflecting a lack of understanding or empathy. One participant noted that victims might be told to just “change your email or tell him to knock it off” (Interviewee 6). Another participant asserted that building trust “just doesn’t happen” (Interviewee 10). Multiple experts suggested that law enforcement’s understanding of cyberstalking (like society’s) is still developing and continuing to evolve. One expert noted, “It’s like where domestic violence was 20 years ago. A lot of the gap we see is that the system isn’t gathering the information they should to bring it forward, or they are capitulating to an easier charge—harassment, disturbing the peace charges.” This expert suggested that what society has learned about sexual assault and domestic violence can inform understanding of stalking cases and lamented that institutional knowledge surrounding best practices for sexual assault and domestic violence cases doesn’t automatically transfer over to stalking cases (Interviewee 11).

Referring to all types of cyberstalking crimes, some experts noted that law enforcement’s capacity to investigate these crimes varies widely; small-city and rural police departments often lack the training and resources to respond. “Local police might not know what to do—get a restraining order? Where do

you serve it? The system is just not well developed” (Interviewee 6).

The same expert noted that there is typically no specific training on cyberstalking for federal law enforcement, although there are “pockets of aptitude” among well-trained people (Interviewee 6). In addition, numerous experts pointed out that law enforcement seldom assigns priority or sufficient resources to cyberstalking cases. However, experts also described how larger cities are deploying high-tech crime units with increasingly sophisticated tools and techniques that can be used to investigate cyberstalkers.

Multiple experts contended that law enforcement at all levels of government would benefit from training in how to handle cyberstalking cases. One suggested that every federal investigator should have some level of basic digital investigation skills and that “webinars are not enough” (Interviewee 7). The participant held that basic digital investigation should not always fall on the one or two people in the office who have the skills. Another law enforcement expert, however, argued against the idea that training is a blanket solution to address this capacity problem, warning against a “knee-jerk, ‘have more training’” response. This expert proposed that training should focus on a few individuals rather than broader training (Interviewee 5).

The rapid pace of technological change is a predominant theme of cyberstalking, and it underlay most of our conversations. According to one expert, the “goals posts are moving—technology is volatile and evolving” (Interviewee 4). Another expert called the technology a “constant, ever-moving target” (Interviewee 11). Multiple experts noted that offenders increasingly use sophisticated ways to hide their identities and cover their digital tracks. Sometimes a case might involve relatively straightforward digital evidence, such as simple email or social media postings, which makes the burden of collecting evidence lighter. In other cases, however, far more sophisticated approaches are used, such as stalkerware—software planted on a victim’s device that allows the stalker to monitor the victim’s communications—or hardware, such as smart-tags that communicate their location and that are planted on a victim’s car or other property. More than one expert expressed

the view that encrypted evidence can typically not be recovered; the challenges of dealing with encryption can foster attention to other kinds of evidence. Identifying individuals who use anonymizing email services has also recently become a challenge.

Methods of gathering evidence continue to evolve (Interviewee 4). As one participant pointed out, “20 years ago, we were trying to figure out who is behind hang-up calls. Now, we’re trying to figure out who is behind a proxy server” (Interviewee 11). One participant described the continuing need for keeping up with tech capabilities as “use it or lose it” (Interviewee 7), which speaks to both the challenge of keeping one’s own knowledge current and the fact that technology itself takes different forms over time: For example, the processes to investigate a Facebook post in 2019 might be vastly different than those necessary in 2021.

The landscape of modern technology can either help or hinder evidence-gathering. In some cases, the sheer volume of evidence (such as emails or records of someone making repeated calls) can be enormous. Digital evidence can often persist on the internet; in court, digital evidence can help build a strong case by corroborating testimony. Digital evidence of activity beyond the cyberstalking behaviors can be used as supporting evidence for the intent and mindset of the offender (Interviewee 12).

On the other hand, experts also described challenges with processing a digital trail: One participant stated that, in some cases, the high volume of evidence can make it difficult to separate useful information from what can be a tremendous volume of irrelevant information (Interviewee 10). In addition, several experts mentioned the difficulty of attributing digital evidence to a certain perpetrator. One participant pointed out the contrast between traditional white-collar crime, which typically leaves a paper trail, and cyberstalking, which leaves a more complex evidence trail (Interviewee 4). For example, one participant pointed out that “it’s easier to put the offender behind the physical evidence—things like trespassing, disturbing the peace—[but] with cyber[stalking], there aren’t [always] those other [offenses]” (Interviewee 11). Others observed that victims themselves might delete evidence to avoid being reminded of the experience. One expert

recounted a case in which acquiring evidence from personal devices required multiple subpoenas and a search warrant before police could get what they needed; it can take six to eight weeks to get evidence after a search warrant is served (Interviewee 1). Other challenges that came up in multiple interviews included encryption, the dark web, obtaining evidence from overseas tech providers, and disappearing digital evidence.

Thus, even in cases in which the victim knows the offender, it can be difficult to assemble compelling digital evidence and link it to the offender. In fact, as we discuss in more detail in the next section, proving the offender’s identity is one of the paramount challenges to convicting an individual of cyberstalking.

## Prosecution of Cyberstalking Cases

According to multiple experts, the federal government pursues only the most egregious cyberstalking cases. When asked about what kinds of cases make it through to federal prosecution, these experts mentioned several criteria, including the following:

- multiple stalking events, over an extended period
- a single offender cyberstalking multiple victims
- explicit threats of violence or other harm, such as blackmail
- other offenses, such as domestic violence, child exploitation, sexual violence, or sex trafficking<sup>12</sup>
- crossing state lines or acting in Indian tribal territories
- using multiple platforms or technologies (Interviewees 16 and 17).

Experts also mentioned stalkers reaching out to a victim’s employer (or otherwise affecting the victim’s professional life), spoofing, and extortion or sextortion as factors that can influence the prioritization of a case.<sup>13</sup> Prosecutors may also consider whether previous attempts to stop the offender have failed as a reason to prosecute a case.

Multiple experts discussed the decisionmaking that occurs about whether to prosecute the case at

the federal level, including such considerations as the resource allocation (and therefore opportunity costs) required to prosecute the case and anticipating positive or negative reactions from judges and juries (Interviewee 2). Another noted that “the more documentation we have, the better,” adding that “900 emails are better than two” (Interviewee 11). According to some experts, the most important factor is that the case must look winnable: Attorneys must be able to prove the offender committed the crimes and demonstrate that the harms are real. In essence, the federal government chooses clear wins, as stated by multiple experts.

As noted earlier, multiple experts observed that proving the offenders’ identity by linking the person to the digital evidence often presents a major challenge. One expert observed that “the investigative path is very complex. If we can’t identify [offenders] on the email alone, there’s no trail. A lot of times in Proton Mail [an encrypted mailing service], there’s no way to investigate back and find out who’s on the other side” (Interviewee 7). As several experts explained, the connection often has to be assembled painstakingly from an assortment of evidence and then presented in courtroom in a way that demonstrates the connection, which is even more difficult with tech-savvy offenders. Complicating this is that technology companies (e.g., email providers and social media companies) might not always be forthcoming with important evidence, and prosecutors feel they have to “jump through hoops” to obtain it (Interviewee 11).

---

“The investigative path is very complex. If we can’t identify [offenders] on the email alone, there’s no trail” (Interviewee 7).

One expert highlighted effective techniques for connecting evidence to stalkers: location tracking (which allows pinpointing of people and their devices), highlighting identifying information in messages (such as a nickname) that can be linked to the offender, presenting evidence of a long-running dispute between the parties, or uncovering the use of details that only the offender would know (Interviewee 15).

Weighing in on courtroom conditions, experts’ experiences with judges varied. Some experts reported positive experiences with judges and expressed confidence in judges’ ability to preside effectively over cyberstalking cases. “Judges now completely understand electronic evidence and rules for admissibility for electronic evidence and why [cyberstalking] is illegal” (Interviewee 13). Another participant described receiving excellent responses from judges—particularly in cases in which the victim was harmed with images that had been willingly given to the defendant—and stated that in only one case they were aware of did the judge not understand the crime and give a lower sentence than the guidelines called for (Interviewee 1).

Other experts reported difficulties with some judges who prove unsympathetic or judgmental toward victims. One participant mentioned that judges might “give a side eye” when they hear “Tinder” or “nude photos” (Interviewee 11). Others mentioned that judges could be cavalier in handling victims’ private information and, in some cases, had put victims in danger by having the victim reveal certain information in court (e.g., personal information that the stalker could later use to more easily access or threaten the victim) (Interviewees 21 and 22).

A critical piece of evidence, some experts stated, is the victim impact statement because it can have a powerful effect on juries. These impact statements reveal, in personal and vivid terms, the harms the victim has suffered. Several experts suggested that the victim impact statement can help link the evidence to the harm the victim experienced because a jury might have difficulty seeing the harms based on the digital evidence alone (Interviewee 12).

Despite the obstacles faced in prosecuting cyberstalking crimes, multiple experts observed that prosecutors succeed in obtaining convictions in the vast

---

“A lot of the data used to typify the problem [of cyberstalking] and discuss it comes from law enforcement, so it tends to reinforce assumptions that are being made” (Interviewee 18).

majority of federal cases, a finding which is also supported by our data.

### Victims of Cyberstalking

Multiple experts explained that a victim’s decision to report the stalking behavior to the police hinges on several factors. Victims who do not come forward might be unaware that a crime has been committed against them because they lack awareness of cyberstalking law and legal remedies. Some experts maintained that victims of cyberstalking by strangers are more likely to come forward than victims who know the offender, noting that “it’s almost easier for the victim to bring it to police if it’s somebody who is not close” (Interviewee 15).

In intimate partner cases, the decision is even more complex, personal, and fraught with emotion. Victims might be concerned for their safety and need to decide whether reporting the crime and pursuing prosecution are more likely to stop the offending behaviors or intensify them. Real or perceived influence from offenders might also affect a victim’s decision to contact law enforcement.

Victims might also feel shame, embarrassment, or fear of being judged when having to reveal personal information in court (Interviewee 1). Furthermore, as previously discussed, they might not trust law enforcement and legal personnel to treat their cases with sensitivity or might worry about having their claims disbelieved or dismissed. Numerous experts mentioned that victims might have been traumatized by the cyberstalking and might worry that reporting a case will force them to relive their experience. Some experts observed that many victims try to handle cases on their own, with one expert stating

that “they’re googling for information, making do as best as they can, not talking to law enforcement. They might be talking to family or friends, trying to cobble together their own tech expertise” or joining online survivor groups (Interviewee 10).

Multiple experts noted that victims’ cyberstalking experience is typically combined with problematic in-person contact, often with the threat or reality of violence against the victim. One participant explained that, in some cases, a shift from cyber to in-person stalking can motivate victims to contact law enforcement (Interviewee 11).

In cases involving minors, some experts noted that the victim is less likely to know the offender. Many victims in these cases have faced extortion over graphic images, and many of these victims are young men, who might be reluctant to come forward because they are afraid of being judged for having shared intimate images or information willingly.

Recognizing that our case data compose only a small fraction of all cyberstalking incidents, we asked experts what types of cases we might be missing. One participant stressed that “a lot of the data used to typify the problem and discuss it comes from law enforcement, so it tends to reinforce assumptions that are being made. There aren’t as much data from the victim’s point of view that can counterbalance it” (Interviewee 18).

Experts described the court process as very costly and time-consuming, which serves as a major barrier. In addition to facing a lack of access to legal resources, victims—especially racial and sexual minorities—can be reticent about seeking help from police (Interviewee 22).

Victims who decide to move ahead with legal action have widely varying experiences with the

legal system. Some experts relayed that victims often feel that the legal system is not helping them, which causes them to feel lost. In particular, victims might receive little information about the legal process or the role they are expected to play and might not even know whom to contact about the process. “Victims are left in limbo with who they can contact—now they’ve got paranoia and hypervigilance because they don’t know who they are going to hear from, when they will hear back, or how they will hear back” (Interviewee 20).

Lack of support services in some communities can leave victims feeling that they have nowhere to turn for help. Some experts pointed out that community services to help female victims (such as family crisis centers) are often focused generally on domestic violence and might not be equipped to support cyberstalking victims.

Several experts observed that some jurisdictions offer victim support services through the courts, which help victims prepare for trial and work on victim impact statements. As noted, multiple experts stressed the value of victim impact statements in court. Some victims are reluctant to deliver these statements, which can be traumatizing; others welcome the chance to have their voices heard and feel they have had their day in court.

In some instances, according to our interviews, support services do not serve victims well. Victims might not understand that the support counselors paid by the courts are obligated to share some of the victim’s information with the prosecutors. In other

cases, services are poorly coordinated, which can confuse victims. Some jurisdictions refer victims to community-based advocates and to counselors from prosecutors’ offices. As noted by one expert, “System-based advocates (those that work in prosecutors’ offices) are working on a case, and if a case doesn’t go forward, they don’t keep working with the victim and they have a different level of confidentiality. So, it may be confusing to victims—‘why would I want to participate with that person who has to tell the prosecutor what I say, versus having a community-based advocate who has a different role, and why do I need both?’” (Interviewee 11).

In general, these experts’ remarks centered on the overall lack of support for victims throughout the legal process, from the initial stages of reporting the crime through the trial itself.

## Summary and Recommendations

Cyberstalking is a serious crime and a growing problem for the U.S. legal system. The number of federally prosecuted cyberstalking cases has grown steadily since 2014, reaching a peak of 80 cases filed in 2019 (then falling slightly in 2020). Most victims in these cases (57 percent) knew the offender, while 43 percent did not. Because cyberstalking is a relatively recent crime, the legal system is still grappling with its seriousness and how to prevent, deter, and respond to it. Interviews with experts in the justice system, victims’ advocates, and researchers suggested that the legal system is underprepared to handle cyberstalking cases. Law enforcement seldom has the capacity to assign priority or devote substantial resources to cyberstalking, and many agents and officers lack training in how to help victims or investigate the crime.

In particular, digital evidence poses a challenge because it can be difficult to collect and preserve. Linking the digital evidence to the offending individual or group is also difficult: Tech-savvy offenders are increasingly sophisticated at hiding their digital tracks. On the other hand, digital evidence often leaves a permanent trail and can be uncov-

---

In general, the experts’ remarks centered on the overall lack of support for victims throughout the legal process.

ered in sizable quantities, making it easier to obtain convictions.

Cyberstalking cases, particularly those involving intimate partner harassment or threats, can be emotionally fraught and difficult for victims who face safety risks, not to mention the risk of reliving the trauma of the original crime. The legal system's ability to support victims through trials varies widely across jurisdictions and cases, and many victims lack trust in the system and feel unsupported and lost in the process.

We present the following recommendations for improving the legal system's handling of cyberstalking cases, based on our interviews with experts.

### **Recommendation 1: Improve Support for Victims**

The legal system should boost support for victims at every stage. Among suggestions we heard for how to accomplish this are to

- offer training and guidance to law enforcement personnel at all levels of government about cyberstalking laws and how to respond to victims' reports of cyberstalking with sensitivity and professionalism
- connect victims with support services
- keep victims informed about the anticipated timelines and demands of the legal process, with frequent communications
- help victims understand what is considered useful evidence and how it may be presented in court; in particular, help victims prepare victim impact statements, which are powerful tools in court for demonstrating the harms victims have suffered
- make greater use of expert witnesses to testify about the effects of cyberstalking, which can lessen the burden on victims as the only voices speaking to the seriousness of the crime
- continue to provide support services (for emotional support and safety) through the courts after the case is over and for victims who decide to drop out of the system; this helps victims in the event that the offender continues to stalk them.

### **Recommendation 2: Increase Resources and Information on Emerging Technology and Investigative Strategies Available to Law Enforcement**

A recurring theme of interviews was the need for better sharing of institutional knowledge on the investigative strategies and emerging technologies that surround cyberstalking. Experts observed that cyberstalking generally leaves a very different trail of evidence compared with other cybercrime and can require unique methods to prove the identity of a perpetrator. Specialized knowledge required on one case might not be required of an office again for a long time; by the time it is needed again, new dimensions might have emerged.

Therefore, increased training that is specific to cyberstalking—and victim interaction for law enforcement—would streamline investigations and expand the pool of investigators equipped for cyberstalking cases. In addition, increased collaboration between local investigators and federal investigators would provide more opportunities for (1) more federal assistance in interstate cases and (2) federal agents to provide consultation to state and local investigators on complicated cases.

### **Recommendation 3: Clarify Cyberstalking Statutes**

Although many types of crimes are now committed using computer-based technologies and many aspects of criminal law do not depend on modality, cyberstalking is one crime in which the lack of clarity in the laws undermines both investigator interest and the development and pursuit of successful cases. Vagueness in and uncertainty about laws contribute to the unwillingness of some investigators to take cyberstalking seriously. One area in which the law should be clearer is defining intent to harm, which is included in many state statutes. Experts highlighted that the element of *intent to harm* is especially difficult to prove because offenders can easily claim that their actions (e.g., posting intimate images online in a nonpublic forum) were not meant to inflict harm because the victim would likely never see the images.

#### Recommendation 4: Update Awareness Campaigns Regarding Online Safety

Framing cyber safety conversations with youth was emphasized heavily by several experts. One overarching theme was the need to shift the narrative away from messaging such as “don’t talk to strangers” (an archaic notion) or “don’t take nude photographs.” Instead, experts described the importance of teaching youth the nuances of (1) discerning whether a person (known or stranger) poses danger to them, (2) recognizing warning signs of potentially threatening behavior, and (3) knowing how to remove oneself from unsafe people and situations. One participant underscored that crime is most often committed by perpetrators known to a victim, but that the stranger danger narrative “has an intrinsic hold on us because it’s easier [to understand]” (Interviewee 18). Similarly, experts brought up the need for nuanced discussions on digital consent and ethics, such as recognizing that receiving a nude image comes with an element of trust that should be respected by the recipient and never shared carelessly with others.

The need for policies on how to support victims of technology-facilitated abuse in the workplace (and schools) was brought up in interviews. As one expert described it, “it comes up a lot, and HR departments generally don’t know how to handle it” (Interviewee 22). Another reported that “so many [victims] get fired or kicked out of school” (Interviewee 21). Our cases contained many examples of stalkers intending to embarrass and destroy the reputation of victims, such as by emailing intimate photos of the victim to the victims’ coworkers or by impersonating the victim and making obscene posts on the internet.

#### Recommendation 5: Strengthen Responses at All Levels of Government

Although we used federal case data for our quantitative analyses, our interviews included experts familiar with local, state, and federal investigation and prosecution of cyberstalking cases. The experts conveyed the need that exists at all three levels of government to contend with the technologies and to work effectively with reticent and traumatized victims. The selectivity of federal prosecutions suggests that assuring capability and capacity at lower levels is essential for effective responses to cyberstalking. However, we heard that resource constraints lead jurisdictions with much crime to triage and effectively discourage cyberstalking cases. Making sure that cyberstalking cases are considered on their merits is a part of ensuring that government at all levels becomes better equipped to deal with the evolving landscape of cybercrime and the evolving landscape of cyberstalking. We were not able to study the local and state experiences fully; doing so would be a valuable arena for future research.

In this report, we examined the growing and significant crime of cyberstalking. In the course of our research, we collected and examined an exhaustive dataset of all federally prosecuted cyberstalking cases over an 11-year period and interviewed criminal justice and victim advocacy experts. We hope that this report provides useful insights on this important topic and that the recommendations provided here will drive further research, more efficient investigation and prosecution, and better outcomes for victims.

## Notes

<sup>1</sup> An example of these fanciful portrayals is the sophisticated surveillance depicted in the movie *Enemy of the State*.

<sup>2</sup> Deepfakes are often videos (voice and images) that have been digitally altered to replace one person's likeness with another. Doxing is the act of publicly disclosing a person's identifiable information (name, address) without consent. Swatting is the act of deceiving an emergency response unit (often police) to respond to a fake event at a victim's house.

<sup>3</sup> 18 U.S.C. § 2261 relates to the broad topic of domestic violence, while 18 U.S.C. § 2261A relates to traditional stalking, and 18 U.S.C. § 2261A(2) relates specifically to cyberstalking.

<sup>4</sup> We used the python NLP package spaCy and the browser-based user interface annotation package Prodigy.

<sup>5</sup> That is, the NLP software was able to code the contents of the criminal cases with only minor human training for only a few of the necessary codes.

<sup>6</sup> It is important to note that, in some cases in which the victim had a preexisting protective order against the defendant, the cyberstalking case document focused only on "new" behaviors that had continued after the protective order had been served.

<sup>7</sup> For simplicity, we refer to *offender* and *victim* throughout this report, but we recognize that, in some instances, this might

include *alleged victims* and *alleged offenders* for cases that have not reached conviction or have not yet been terminated.

<sup>8</sup> In some instances, cyberstalking cases might be resolved through police involvement and court-issued protective orders, without the need for prosecution. However, in other cases, police or court involvement might provoke the stalker. Understanding the rate of violation of protective orders is challenging: Studies have found the rates to vary widely, with violation rates in different samples as low as 7 percent and as high as 81 percent (Benitez, McNiel, and Binder, 2010).

<sup>9</sup> This conviction rate includes all the following categories as defined by the Federal Judicial Center's Integrated Database: convicted/final plea of guilty, convicted/final plea of nolo contendere, convicted by court after trial, convicted by jury after trial, guilty but insane (court trial), guilty but insane (jury trial).

<sup>10</sup> Both the median fine and probation sentence were zero.

<sup>11</sup> These categories are not mutually exclusive.

<sup>12</sup> As shown in our empirical analysis, the two crimes most commonly charged in addition to cyberstalking involve extortion or threats, followed by sexual exploitation of children and fraud.

<sup>13</sup> Sextortion refers to using images (or video) of a sexual nature against a victim, often in the form of threatening to post images to the internet.

## About This Report

Social media and other sophisticated communications technology have enabled a new kind of crime: cyberstalking. Cyberstalking involves using communications technology in threatening ways to stalk, harass, or share embarrassing information about victims, and it often involves the threat of intimate partner violence. As online platforms and messaging technologies have multiplied, cyberstalking has become more prevalent. Yet the problem has been understudied, and its dynamics are not well understood.

In this report, we attempt to enhance understanding of cyberstalking by offering the first empirical analysis on federal cyberstalking cases: In particular, we analyze the number of federal cyberstalking cases filed over time, the characteristics of these cases, and the outcomes of these cases. We also present the results of in-depth interviews with prosecutors, investigators, law enforcement officials, and victims' advocacy representatives.

The work was sponsored by the National Institute of Justice and should be of interest to members of the criminal justice community at all levels of government, victims of cyberstalking, victims' advocates, and policymakers.

### Justice Policy Program

RAND Social and Economic Well-Being is a division of the RAND Corporation that seeks to actively improve the health and social and economic well-being of populations and communities throughout the world. This research was conducted in the Justice Policy Program within RAND Social and Economic Well-Being. The program focuses on such topics as access to justice, policing, corrections, drug policy, and court system reform, as well as other policy concerns pertaining to public safety and criminal and civil justice. ## Description of Incident

---

Provide a description of the incident and how you were victimized.  
Provide information not captured elsewhere in this complaint form.

In 1967, the CDC took over the Global Migration and Quarantine Team from the DOD/DOJ.

They use technology to create medical symptoms such as mental health by altering a person's mental health situational awareness. Back then there was 55 offices before being dropped down to 3 in the late 70's and 80s. After 2001, they felt the need to increase their stations to 20 within the United States. The Philadelphia Station has information on John Chocha who went missing in 1969 but was actually buried at Carlisle Military Base. I have forwarded this

information to the PA State Police.

Just last week, I submitted a report to the United Nations Human Rights Office on several CDC officials who previously worked or still work within this agency who are using states secrets technology to weaponize public health by giving false medical diagnosis and false health symptoms,

You can call Rachel Levine at the Department of Defense who under oath will tell you the truth.

I would also you to research the issue that they oversee the DOJ/FBI with mental health situational awareness and it is possible that they are cyber-stalking your office to ensure your office does not investigate this.

There are expected rulings in the very near future such as Fazaga vs. FBI that will shed light onto this scheme.

I just think the FBI should be aware of another federal agency trying to illegally influence your efforts.

**Re: Public Comment – November 7, 2023 Board Meeting, Agenda Item 21 (230727)  
Board Response – Civil Grand Jury Report – Taking Care of Business: San Francisco’s Plan to Save  
Its Small Businesses**

To President Peskin and Members of the Board:

For the reasons stated below, I urge you to consider an amendment to the draft Board Response to Recommendation 8.5 in the SF Civil Grand Jury Report “Taking Care of Business.” The proposed Board resolution is currently set for hearing on November 7, 2023; Agenda Item 21. (I served on the 2022-23 Civil Grand Jury, but I am writing in my individual capacity as a San Francisco resident, not on behalf of the Jury.)

At the GAO hearing on November 2, 2023 at which this Report was discussed, it was gratifying to hear the generally supportive responses the members of the GAO provided to the Jury’s recommendations. Supervisor Stefani, in particular, powerfully articulated the importance of the City’s small businesses to the City’s culture and recovery.

That is why the proposal NOT to implement Recommendation 8.5 (R8.5) comes as a surprise. R8.5 recommended that each Supervisor hold regular meetings with the small businesses in their respective districts and report back to their constituents regarding those meetings. Rejecting this recommendation would be a missed opportunity for the full Board to voice its strong support for SF’s small business community, by agreeing to undertake a very modest proposal that costs absolutely nothing. In fact, the Board’s refusal to adopt R8.5 would send exactly the wrong message to SF’s struggling small businesses. Rejecting R8.5 would be perceived as saying: “We will not commit to regularly meeting with the small businesses in our individual districts, even though it costs us nothing to do so.”

In addition to the lost opportunity for the Board to show its support for small businesses, the two stated reasons for rejecting R8.5 actually support the Jury’s recommendation.

First, the draft Response notes that R8.5 will not be implemented because “each Supervisorial district is unique.” That is precisely why R8.5 recommends that each individual Supervisor conduct meetings of the small businesses within his or her district. That enables each Supervisor to calibrate their efforts to the unique needs of the small businesses in that district, which of course will differ from the needs and problems facing other districts.

Second, the draft Response notes that R8.5 will not be implemented because “most offices already

hold these meetings regularly.” (emphasis added). Again, that is precisely why R8.5 should be implemented. For some Supervisors, implementation will impose no burden at all, because they are already doing what the Jury recommends. For the others, implementing R8.5 will formalize the process of holding regular meetings to address the mall business needs in their respective districts. The Jury trusts that each Supervisor would implement R8.5 in a manner that is workable for his or her schedule and the unique needs of each district.

Accordingly, I respectfully urge the Board to amend the proposed Board Response as follows: To change the response to R8.5 from “will not be implemented” to “will be implemented.” The stated reasoning for R8.5 already supports the amendment and would not have to change.

Best regards,

---

**Karen Kennard**

I'll start off with a joke. How many city employees does it take to handle an unpermitted hot dog vendor at the pier? The answer is ~~10~~<sup>11</sup>. 4 SFPD for safety, 2 from Public Health for the food, 2 from Public Works for transport and labor, 1 from Fire Dept for the propane, and ~~1~~<sup>2</sup> from port on jurisdiction. No one's laughing because that is the amount of resources allocated this past Sunday for something two cops were able to do before.

Good afternoon, District Supervisors,

I am going to introduce myself as Some City Employee, given that is my worth to my department and this City. I am a Street Inspector Supervisor at Public Works, and I have been reluctantly participating in this policy experiment in which you call Street Vendor Enforcement. I wanted to share some of my experiences with you all.

I have personally been involved in tug of wars with unpermitted street vendors, have been spat on, my boots stepped on, and verbally threatened with some of the most vile and racist language on a regular basis, and physically assaulted while doing this shift all while my mental health continues to get chipped away every time I do this job. I am constantly being recorded and hyper vigilant that I will end up being doxed while doing my duty as a public servant.

We are put out there at least once a week for shifts that can last anywhere between an hour or up to an entire day. I have seen this program grow from voluntary participation at Mission and 24<sup>th</sup> St to now the entire corridor between 16<sup>th</sup> St to 24<sup>th</sup> St, UN Plaza, Union Square, Chinatown, Port, and the ever expanding areas which you all keep asking Public Works staff to start actively enforcing. My department has made it clear that street vendor enforcement trumps all other aspects of our job duties, is now mandatory, and refusing to do it will be met with disciplinary action. The Public Works mantra is to hold employee safety paramount to all else. What a joke. It's pretty laughable when they continue to send us out like cannon fodder with this half-baked policy and safety procedures.

No matter how many citations we issue and the hundreds of pounds of stolen merchandise we impound, the unpermitted street vendors continue to grow without consequence. As we confiscate items, I have been told, "Go ahead take it, I'm going to steal more stuff and be back out here tomorrow" on multiple occasions. When I issue a citation, I am typically denied, cursed, or laughed at. As a City employee that is not a police officer, what authority do I have to compel someone to provide me their identification? As someone who rides public transportation before and after work every day, what police protection do I have after hours when we see the same people whom we have confiscated goods from?

I understand cities across California are having to reckon with state bill 946, which decriminalizes street vendors, and it has been left up to cities to regulate street sales. I think it's safe to say that you are now

Good afternoon,

My name is Teresa McNamara. I am a Senior Street Inspector for the Department of Public Works. I have been an employee of the City and County of San Francisco for over 12 years and have lived in San Francisco for my entire life. I love my city and I take great pride in the work I perform every day to make it a better place. I welcome challenges and strive to be outstanding at my job. I have been failing lately. Or at least, feeling like a failure. A little over a year ago, I was given a task that over time has broken my spirit and enthusiasm. This may sound dramatic, but the toll that this Street Vendor Enforcement assignment has put on me and my family has been significant. My mental health is suffering, and sadly it is affecting my family and friends too. They watch me cry and struggle with panic attacks that I never had before this assignment. I'm here today to plead for your help for me and all BSM Street Inspectors.

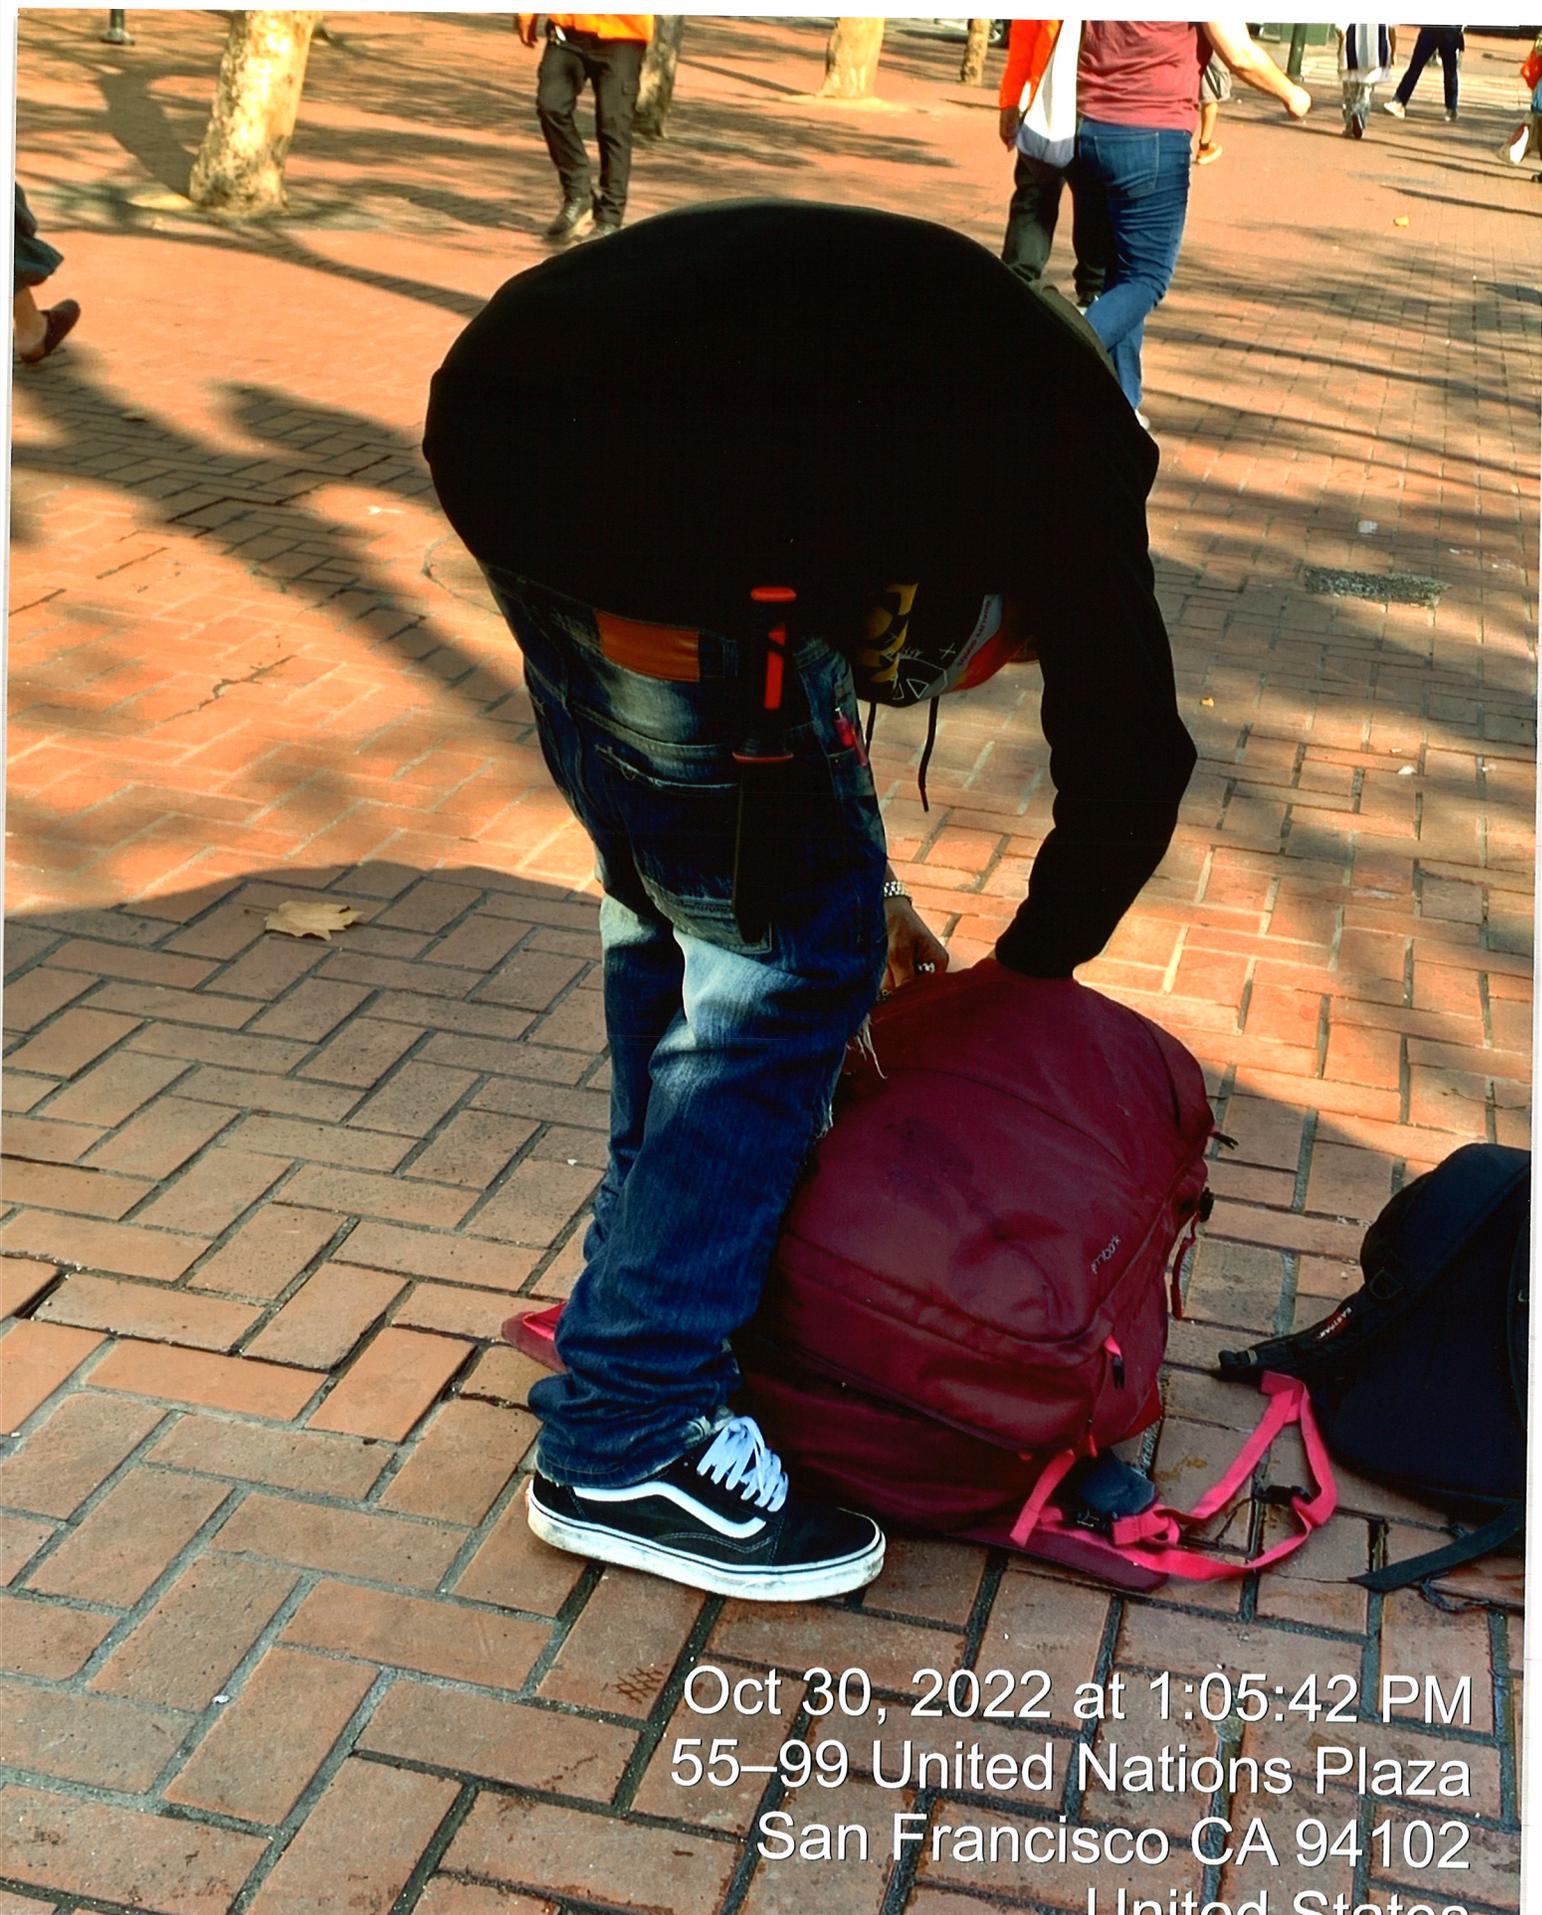

To give a brief overview, the City's Vendor Enforcement program requires us to ensure that our local Street Vendors have obtained their required permits and that they're following the city's guidelines for where and when they can sell their goods. I'm sure that we can all agree that, on first glance, that sounds like task Public Works Street Inspectors' are perfectly equipped to handle. The problem is that the Vendor Enforcement assignment makes **NO** distinction between **legitimate street** vendors and armed people selling stolen goods.

Our management has interpreted our vending duties to include impounding these stolen items from people who are often under the influence of drugs and often experiencing mental health issues. A task for which we have **no** training and **no** adequate protection.

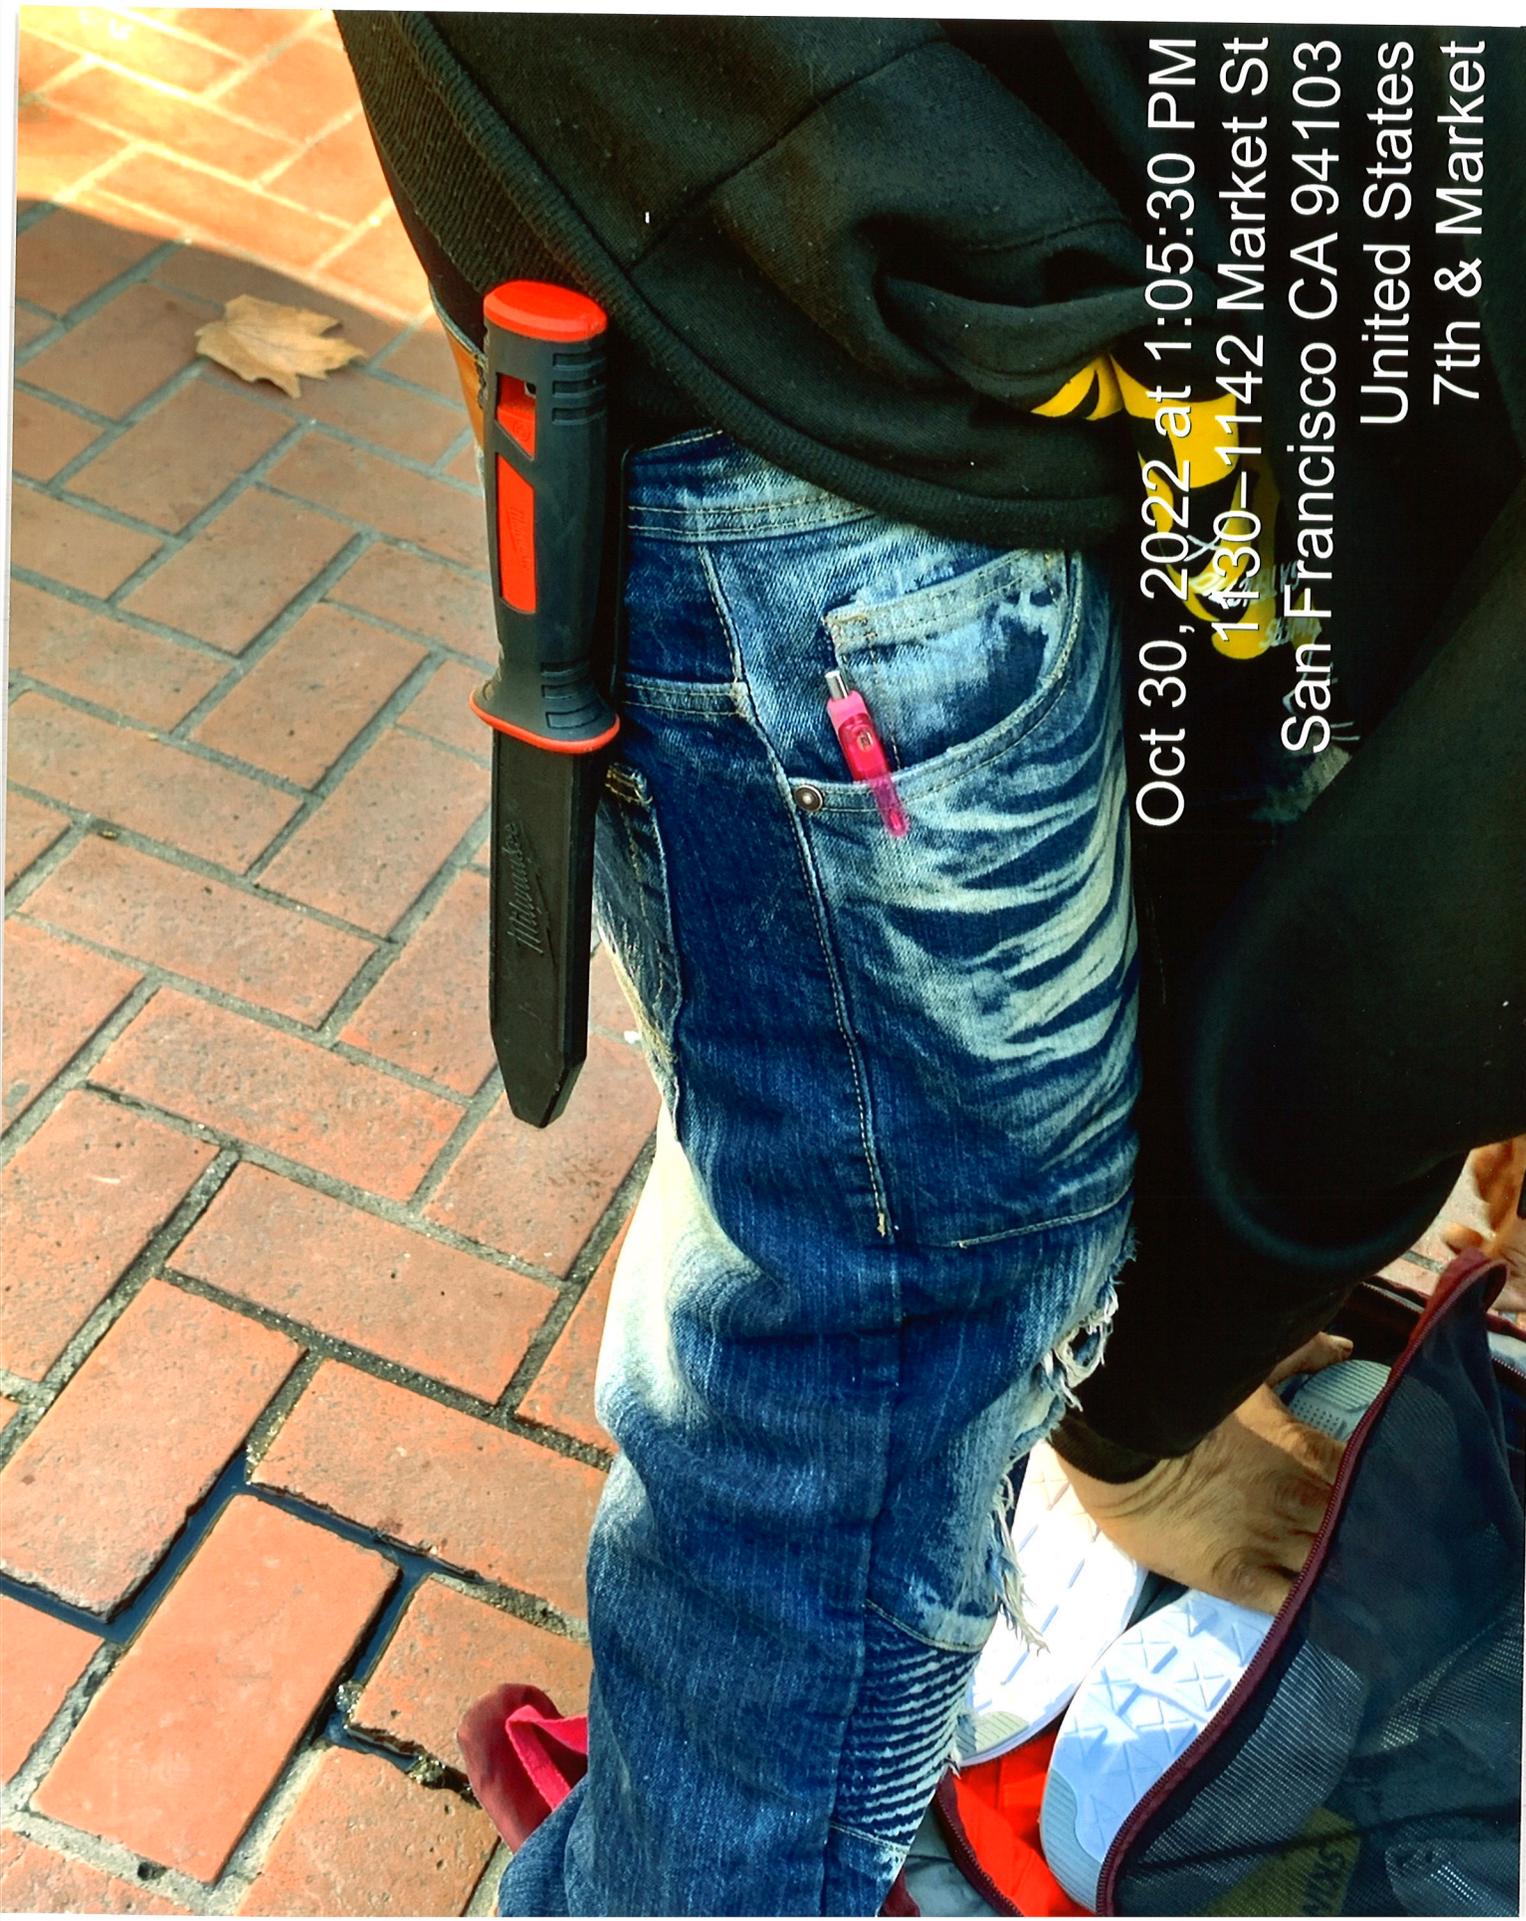

You can imagine the dangers this would create for me & my colleagues. This program has become a living nightmare for us over the last year. In 2018, when I accepted the position at BSM as Street Inspector, I didn't think even for a second, that I would be expected to "police" law breakers or to impound stolen goods, or to need a ballistic vest to help protect me from getting stabbed, or to be suffering

## Message to the Police Commission and Board of Supervisors

From your constituent      Frank Tizedes  
Email                              frank.tizedes@gmail.com  
I live in District              District 8

### **I oppose advancing DGO 5.25.**

Message:                              Dear Police Commissioners,

I strongly oppose advancing DGO 5.25. It is unnecessary and to claim this is for “officer safety” is disingenuous and unsupported by empirical data.

Additionally, Order 5.25 is vague and confusing. For example, it is unclear what exactly constitutes a foot pursuit...walking quickly, running, jogging? Does pursuit with a bicycle fall under this Order? How will foot pursuit be defined, and how will an officer know if they are in violation?

Although obvious, this Commission must be reminded that everything law enforcement does is, by definition, dangerous, and our highly trained SFPD knows how to intelligently pursue criminals while keeping themselves and the public safe. It’s the very nature of their job. Chief Scott, his officers, and our legislators can and should be the ones to establish the threshold of risk for police officers and how to mitigate it. San Francisco does not need this untrained Commission sitting comfortably at their desks to create a theoretical policy to replace our officers’ personal judgment in real-time about whether they should run after a suspect. The very suggestion that this Commission is better positioned to spell out what should happen in a foot pursuit would be comical if it were not such a threat to public

safety.

DGO 5.25 begs a very dangerous question...what will prevent this anti-law enforcement Commission from using "officer safety" as grounds to stop the police department from enforcing all laws? Is your plan to policy the SFPD out of existence on the basis of "officer safety?" By using "concern for officer safety" as a justification for barring our SFPD from pursuing criminal suspects in any manner, you are effectively laying the groundwork for the excuse of "officer safety" to create future policies prohibiting the SFPD from performing any and every task they are legally allowed and required to perform. Yesterday, it was car pursuits. Today, it is foot pursuits. What will it be tomorrow? The Police Commission is not authorized to decide if and what laws get enforced, and you are not imbued with the authority to effectively nullify our police department.

Disguising this ill-conceived, legally unsound policy under the false narrative of "officer safety," with not a shred of empirical data related to officer safety during foot pursuits, is an offensive and brazenly arrogant dereliction of duty by this Police Commission. DGO 5.05 already hampers the ability of our officers to pursue and detain suspects. 5.25, coupled with DGO 5.05, now makes ALL pursuit and subsequent arrests nearly impossible, allowing for criminals to flee and avoid apprehension. DGO 5.25 is unnecessary, baseless, dangerous, and lacks common sense. This is the very definition of Commission overreach and the very opposite of ensuring public safety, and I urge you to abandon further action on this Order.

---

Dear Board of Supervisors,

Ableism and gatekeeping have no place in San Francisco. The current closure of JFK Drive is unfortunately both of those things.

The time for "close first, ask questions later" is over. It is time to revert back to the compromise that was struck over a decade ago and restore access for all to Golden Gate Park.

Dear Board of Supervisors,

The current closure of JFK Drive severely impacts people with disabilities, seniors, and communities not directly neighboring Golden Gate Park.

As we emerge from COVID, it's time to reopen JFK Drive. Golden Gate Park belongs to the people of San Francisco, not just a few.

I strongly encourage you to support JFK Drive returning to the conditions pre-COVID, with all roadways open to vehicle traffic and street closures on Sundays, holidays and Saturdays, 6 months of the year.

**Subject:** Please Invest in Solutions to Prevent Harmful Algae Blooms & Fish Kills

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

**To:** Mayor London Breed  
**CC:** SFPUC General Manager Dennis Herrera, SFPUC Commission, and the San Francisco Board of Supervisors

Dear Mayor Breed,

I urge you to direct San Francisco's Public Utilities Commission (SFPUC) to aggressively increase the city's investment in water recycling today.

Last summer, a large harmful algal bloom has spread across the Bay, leaving unimaginable numbers of dead fish in its wake. We're still learning about this particular bloom, but what we do know is that San Francisco's sewage effluent contributes to excessive levels of nutrients in San Francisco Bay that make the Bay fertile territory for the

spread of harmful algae blooms.

Water recycling and other wastewater management technologies can help by reducing the volume of polluted discharges into the Bay. In addition, by producing potable supplies, water recycling will reduce San Francisco's reliance on water diverted from the Tuolumne River, increasing the city's resilience to climate change effects on water supply.

Other cities have learned the lessons of California's unpredictable climate and are quickly adopting water recycling to reduce their burden on the ecosystem, while increasing the reliability of their supply. Orange County gets more than 75 percent of its water through its water reuse program. Las Vegas recycles nearly all of its water used indoors. And Los Angeles is on the path to reusing 100 percent of its wastewater by 2035.

But, as San Francisco's draft Urban Water Management Plan recently revealed, the city currently has no plans to make recycled water widely available in the next 25 years. Instead, the city is pursuing multiple expensive and misguided lawsuits so that it can continue to rely, almost exclusively, on the Tuolumne River—one of the state's most overapped rivers—for the next several decades. San Francisco and large agribusiness water districts divert four out of every five gallons of water that flow in the Tuolumne River during a typical year.

This overuse has caused the river's once mighty Chinook Salmon populations to crash. Meanwhile, low freshwater flows contribute to deteriorating water quality—including harmful algae blooms—in the Delta and San Francisco Bay.

I agree with Supervisor Aaron Peskin that “it is time for San Francisco and our sister cities in the nine Bay Area counties to start looking at what kinds of infrastructure investments will need to be made as this becomes, sadly, the new normal.” It's unacceptable for the city with the nation's greenest reputation to shirk its responsibilities to conserve California's precious and unpredictable water supply.

I support increasing river flows to protect San Francisco Bay's fisheries, water quality, and recreation. The city should do its part to protect the Bay and its rivers—water recycling is a common-sense way to limit the city's water use, increase the reliability of its supply, and protect the Bay from harmful wastewater treatment plant effluent.

Thank you,

San Rafael, CA

**Subject:** 2700 SLOAT BLVD. - APPEAL 7/26/23 @ 5 P.M. - BOA PUBLIC COMMENTS: EXPRESS Your Opinions & ENCOURGAGE the BOARD OF APPEALS (BOA) to UPHOLD the ZONING ADMINISTRATORS (ZA) DETERMINATION & DENY the APPEAL \*

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear Board of Supervisors (BOS),

Re: 2700 Sloat Holdings LLC vs. Zoning Administrator (ZA) - Appeal No. 23-016

BOARD OF APPEALS (BOA) please UPHOLD the ZONING ADMINISTRATORS (ZA) DETERMINATION and DENY the APPEAL filed by 2700 Sloat Holdings LLC (owners) & their Attorney.

This Appeal is basically BETWEEN 2700 Sloat Holdings LLC & the Zoning Administrator (ZA) but dependent on if the Board of Appeals (BOA) denies OR accepts the Appellants claim, the outcome could allow their intended project to go forward. This or any similar project would be disastrous, set a VERY BAD precedent & would destroy the nature & character of Our Neighborhoods in San Francisco & around California.

Please respect our Neighborhood & Community & take into consideration many of the issues listed below that are associated with this project:

Density & Environmental impact go hand in hand, so the higher the density the MORE important an Environmental Review (Full EIR) becomes. So, CEQA has to be an integral part of this & any review.

- Prior site on multiple Gas & Auto Repair Stations. On the Maher & Cortese lists (see SF PIM)
- Stress the already taxed Infrastructure (water, power, etc.)
- Create huge imposing Shadow patterns
- Block Natural Light & Open Space/Views/Open Skyline (visible from miles away)
- Increase Environmental & Light Pollution that will interfere with ZOO animals, local wildlife & residents
- Adversely alter or destroy the rare & healthy Soundscapes & Acoustic Environments
- Increase Traffic & Safety to the area (Muni will not add more trains)
- Adversely impact Neighborhood Parking with increased Units (whether is 400+ or 712+)
- Adversely impact the Local Eco-System
- Impact sensitive & fragile Coastal issues
- Site on a potential American Indian Civilization. A Civilization was sited a 1/4 mile away
- Liquefaction issues
- Earthquake & Tsunami Zone
- Built on Sand (no bedrock)
- Increase empty Residential & Commercial space resulting in derelict structures (e.g. The Westerly @ 2800 Sloat Blvd.)
- Have a negative Psychological Impact on the Community
- Put Sloat Garden Center staff out of work & potentially other local small businesses
- Become a blight on the Neighborhood
- Become Urban Renewal / Development 2.0 - Geneva Towers. Unsuccessful: past & future
- Devalue Property & Neighborhoods (e.g. existing SFR's)

Currently, SON-SF ~ Save Our Neighborhoods SF is approaching 3,500 Petition

Signatures of Concerned Neighbors, Voters, Businesses & Organizations who OPPOSE  
this project.

Sincerely,

Trish Yee

Subject: Board File # 230644 & 230645 Public Comment: Tell The Mayor and Board of Supervisors to Keep Public Safety and Correctly Prioritize Recovery in the Next Budget

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear Board of Supervisors,

I'm a San Francisco resident who sees the fentanyl-fueled drug epidemic as the main issue our elected leaders need to solve. This crisis is linked to all of the problems San Francisco faces, including homelessness, mental health, public safety, and economic vitality. You must make ending open-air drug markets and funding more city-sponsored recovery programs the main priorities of this year's budget.

It's encouraging to see elected officials at the local, state, and federal level call for coordination to close drug markets in San Francisco. To ensure these calls for action are effective, there must be a senior official appointed by the Mayor who is responsible for and empowered to bring all necessary resources together to permanently disrupt drug markets. I look forward to seeing a robust strategy and plan to disrupt drug dealing in our community.

The Board of Supervisors must ensure that Mayor Breed's public safety investments remain in the final budget. The proposed budget funds our community's law enforcement requests, and I'm grateful for the Mayor's responsiveness to our community's calls for action. Funding to meet the recommended number of sworn SFPD officers, adding staffing aides to allow officers to answer high-priority calls, and investment in personnel training and narcotics equipment will make a real difference in law enforcement's efforts to close San Francisco's open-air drug markets.

The Mayor and Board of Supervisors must ensure the budget reflects an investment in closing the gaps San Francisco has for delivering true treatment on demand for recovery services. Mayor Breed's proposed budget funds a number of our community's demands, like expanding completely drug-free therapeutic teaching communities for justice involved people, expanding the capacity of the Billie Holiday Center to serve more justice involved people, funding 50 new dual diagnosis treatment beds, and making it easier for recovery service providers to offer competitive jobs.

But true treatment on demand enables people to recover from substance use disorder. This means that anyone who wants treatment gets it immediately, with no one forced to wait on the street or in jail. San Francisco needs to deliver a continuum of care, from harm reduction as the baseline to full recovery as the goal—I'm not confident that the proposed budget investments make the right choices to fully close the current gaps.

Funding must be provided to bolster intake center capacity. The current system for getting those who request treatment into recovery programs is a patchwork of hotlines and street response teams that result in people waiting for days. While it's encouraging to see that there's a new stabilization center planned for 2024, it must have enough beds and a guarantee that people can enter it once they request treatment, then efficiently directed to the appropriate in-patient treatment program. We also need more significant investments in in-patient treatment programs that have recovery as the goal.

Finally, I'm concerned that spending \$18.9 million in opioid settlement funds for three Wellness Hubs isn't the best use of this money, as Wellness Hubs are intended to provide overdose prevention, overdose reversals, and safe consumption sites. Overdose prevention and reversals are critical, but other city services already offer these more efficiently. This money should be directed to services like SoMa RISE that will help people get healthy and sheltered—sober hotels, intake centers, and more drug treatment beds.

Again, I'm grateful to Mayor London Breed for taking steps to end San Francisco's drug crisis with this proposed budget. I know completely eradicating drug use is unrealistic. But City Hall has the opportunity to improve the lives of all San Franciscans by slowing the rate of overdoses as well as reducing the open-air drug sales and drug use that are eroding our city. Ensure this happens by fully funding these priorities in the next budget.

Sincerely,  
Nicole Thomas  
Saratoga, CA 95070

I live in District

District 8

**I oppose DGO 6.21 Censoring SFPD with regard to Public Posts on Social Media, and denying SFPD access to this important modern day crime fighting tool**

Message:

Dear Police Commissioners,

DGO 6.21 far exceeds your authority and is an affront to our democracy: censorship of citizens' access to public material. There are many issues with DGO 6.21, but the most egregious are this Commission's insistence on assigning onto SFPD the consequences stemming from the public posting of criminal content, rather than on the criminal who posted it, outright censorship, and the potential aiding of sexual predators and other dangerous criminals who groom our youth online.

What this Commission would have us accept, as far as public posts on social media are concerned, is that it is not the responsibility of the person posting the revealing content to bear the consequences of what they post to a public platform, rather it is the police's responsibility not to look at it. Not only is the logic behind this DGO flawed and untenable, it violates our officers' basic freedom to view and act on public content. Even more disturbing, this DGO hinders SFPD's ability to engage in undercover work that results in the protection from modern-day threats such as organized crime rings and online sexual predators.

The commission's "concerns" about officers creating fake profiles, surveilling people, and then using their associations to jump to conclusions and "criminalize" people rather than investigating actual crimes are unfounded and based on hearsay. At a minimum, this commission should be required to provide data on how many crimes have been investigated or resulted in arrests where SFPD used fake social media accounts. Right now, the Commission is working off of assumptions from the DPA, ACLU, and the SF Bar Association, and assumptions are not a basis for creating policy changes that leave our most vulnerable populations less protected. How does this Commission think law enforcement catches

pedophiles and sexual predators preying on our children online? Nor are assumptions the basis for eliminating a real-world necessary tool for fighting all types of current-day crime.

This Commission cannot prohibit SFPD from looking at public social media posts any more than it can ban SFPD from reading the newspaper, watching the news, or using their eyes to see what is happening as they walk down a street. Furthermore, this Commission should be well aware that there is no expectation of privacy with regard to public posts, and by brazenly bragging on public platforms on social media about their crimes, criminals WANT the content to be seen by everyone, just as if they were walking down the street engaging in criminal activity, and they should, and must, take full responsibility for the consequences that follow the posting. The burden certainly is not on SFPD to turn a blind eye to public admissions of crimes. That is the opposite of their job. As such, perhaps extreme DGOs such as 6.21 necessarily call for action by our City Attorney, who is cc'd on this email, to censure the Police Commission.

STOP DGO 6.21 from advancing any further as it is a form of censorship as well as harmful to SFPD's investigative efforts to solve crime. STOP jeopardizing public safety and the safety of our children, with these unnecessary and bogus policies.

**Sent:** Wednesday, November 8, 2023 12:08 PM  
**To:** Board of Supervisors (BOS) <board.of.supervisors@sfgov.org>  
**Subject:** ACA policy and food insecurities

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear Board,

My name is Takoui Kechedjian, I am a San Francisco resident and a

constituent, and I am a student at UCSF and UC Law SF graduate program in Health Policy and Law. I have question as part of my class assignment. May I please log my comment/question for your consideration in response.

I am appreciative of all the information shared in this public forum and welcome a response.

**Given the Background:**

One of the key provisions of the ACA was the expansion of Medicaid to cover more low-income individuals and families. This expansion aimed to provide access to healthcare services for those who previously did not have insurance coverage, potentially reducing the financial burden of medical expenses and improving overall health outcomes, including those related to food insecurity. The ACA established the Prevention and Public Health Fund, which allocated funding to support public health initiatives aimed at addressing social determinants of health, including nutrition and food security programs. These funds could be used to promote healthy eating, improve access to nutritious foods, and address food deserts in underserved communities. The ACA encouraged the formation of ACOs, which are groups of healthcare providers that work together to coordinate care for patients. ACOs can focus on preventive services and addressing social determinants of health, including food insecurity, as part of their efforts to improve patient outcomes and reduce healthcare costs.

**My Question to the Board:**

1) How will ACA policy address social determinant of health (food insecurities) and its effects on health outcomes? Are there any overlap from CMS requirement for addressing social determinants of health?

Would you kindly provide any current information in response.

Thank you for this opportunity to participate remotely.

Takoui Kechedjian

**Re: Charter Amendment Establishing the Department of Emergency Management in the Charter**

---

Upon further review of the Charter Amendment - Establishing the Department of Emergency Management in the Charter sponsored by San Francisco City Supervisor Ahsha Safai, we have concerns about changing minimum qualifications through the City Charter. The Board of Supervisors does not alter our bargaining unit's job descriptions. MEA is concerned that this would open up changes to other MEA bargaining unit descriptions by not following the usual process for job specifications at the Department of Human Resources. Jeff Buckley represented Supervisor Safai's office, and we had several questions about this proposal, which still have not been addressed.

As stated in the meet and confer meeting, MEA has grave reservations regarding a Charter amendment that does not, on its face, serve any purpose except to add unnecessary qualifications to the position of Executive Director of the Department of Emergency Management. The change also increases inflexibility because it is prescriptive and leads with references to qualifications commiserate with police and fire positions. Should the City consider more changes to the job specifications for this position, its hands will be tied. Additionally, as we had discussed, adding to the inflexibility, when there are any changes to the job description/specification, it would need to go back through the ballot

## **Charter Amendment Establishing the Department of Emergency Management in the Charter Municipal Executives Association**

### **Page 2**

process, which is inefficient and time-consuming. Further, the ten (10) year requirement is also problematic because it excludes candidates who may potentially fulfill all other requirements. The proposed Charter Amendment states, in part:

*The Director, at the time of appointment, must have a total of at least ten years of employment, experience, or professional service in any of the following fields, singly or cumulatively.*

And,

*At least five years of that employment, experience or professional service must be at a management level.*

As stated during the meet and confer meeting, the specificity of these qualifications has the potential to impact the ability for women and people of color to apply for these positions due to a perceived lack of experience. In fourteen (14) large cities in the United States, only three are women – MEA believes that these prescriptive qualifications can potentially exclude viable candidates from the Charter-mandated “job description.”

Finally, MEA stated that the subject matter expert currently in this position, Executive Director Mary Ellen Carroll, should have been consulted, which she was not. The Charter Amendment proposal came about without her knowledge or endorsement.

We ask that the Department of Human Resources continue to meet with MEA to respond to our concerns before the San Francisco Board of Supervisors moves forward with this charter amendment.

Re: file# 230986 Charter Amendment - Mayor Approval Required for Certain SFMTA Budget Proposals

Dear President Peskin and Supervisors,

SPUR respectfully urges you to **vote against** submitting the proposed charter amendment that would require mayoral approval of certain SFMTA budget proposals to the March 2024 ballot. San Francisco's environment, economy and quality of life all depend on fast, frequent Muni service. SFMTA is a foundational part of our civic infrastructure, and its effective, accountable and independent operation should not be compromised.

For decades, SPUR has advocated for the importance of SFMTA to San Francisco and the Bay Area and has been at the forefront of calling for good governance and institutional reforms that make our transit system more equitable and efficient. SPUR strongly supported and was closely involved in the development of both Proposition E in 1999 and Proposition in A in 2007 – measures that provided resources, created greater independence and streamlined operations for the SFMTA.

Unfortunately, the proposed charter amendment muddles accountability by requiring that the mayor approve selective components of the SFMTA's budget, making it unclear who in government is ultimately responsible for ensuring that Muni has sufficient resources. It also erodes key aspects of Propositions E and A, diluting SFMTA's independence and introducing new steps into the core processes of a city government that is already notoriously overburdened by complexity.

There is much work that needs to be done to secure SFMTA's financial future and to improve and expand the system so that it better serves all of San Francisco. The proposed amendment is a distraction that moves us in the wrong direction. We urge you to vote no.

Sincerely,

Laura Tolhoff  
Transportation Policy Director, SPUR

October 30, 2023

TO: San Francisco Board of Supervisors

RE: Opposition to Proposed Charter Amendment Limiting SFMTA Board Authority

Dear President Peskin and Supervisors:

The San Francisco League of Conservation Voters (SFLCV) urges the Board to reject the proposed charter amendment to limit the authority of the SFMTA Board to change fares and to change maximum parking meter rates and hours of enforcement. By making those changes, but no others, contingent on prior mayoral approval, the charter amendment will make it more politically difficult for SFMTA to raise revenue to fund Muni service. This is deeply concerning given the serious fiscal challenges Muni faces over the next several years due to a steep drop in traditional downtown commuting trips.

Although ridership on Muni lines focused on serving downtown has dropped since the pandemic, ridership on many other lines that serve non-downtown neighborhoods is approaching – and in some cases even exceeding – pre-pandemic levels. The kinds of service cuts that Muni will need to impose if it does not secure additional non-fare revenue will be devastating to neighborhood commercial districts throughout San Francisco. There has been much scaremongering about how expanding the hours of parking meter enforcement may affect small businesses, but parking meters promote parking turnover, which is actually good for business.

Moreover, we are facing a climate emergency. Scientists have sounded the alarm bells that to reduce carbon emissions we must make immediate transformational changes to our transportation systems. We must dedicate more funding to walking, biking and public transit, making these options safer, faster and more convenient. The charter amendment would do the opposite, crippling future transit budgets and preferencing free or cheap parking for private car owners. The charter amendment perversely prioritizes gasoline-fueled transportation over the city's fleet of clean buses and active transportation.

Many San Francisco residents cannot afford cars and many of our seniors also rely on transit. Equity requires that we increase funding for the transportation services these lowest income residents depend on. This proposed charter amendment would effectively do the opposite by adding a new layer of Mayoral veto power over revenue proposals.

Finally, the proposed charter amendment is directly contrary to the City's Transit First policies, the Board's Climate Emergency Declaration, and the City's Climate Action Plan, which calls for 80 percent of all trips to be low-carbon trips by 2030. By prioritizing free private vehicle storage while making it more difficult for SFMTA to raise revenue, the proposed charter amendment would help perpetuate the automobile-focused transportation system that we desperately need to move away from.

This is an important vote that reflects the commitment of the Board of Supervisors to a sustainable future for San Francisco and as such will factor significantly into SFLCV's future candidate endorsement decisions.

Please reject the proposed charter amendment.

Sincerely,

Kristina Pappas  
President, San Francisco League of Conservation Voters

October 30, 2023

To: Board of Supervisors  
Re: Safai parking/transit charter amendment

Dear Supervisors,

I am writing on behalf of the 6,000 members of the Sierra Club San Francisco Group to urge you to vote against putting the proposed Safai Prop 'E' Charter change related to SFMTA on the March 2024 ballot.

The proposed charter amendment would require explicit, written mayoral approval of any SFMTA budget that changes Muni fares (upwards or downwards), increases the hours in which parking meter fees are collected or increases the maximum meter fee that can be collected.

Prop 'E' was approved by 61% of voters in 1999 as a means to separate the Muni budget from overly political impacts because public transit is essential for the prosperity of San Francisco and adequate funding is necessary to keep our buses and trolleys moving.

The mistaken hope behind the charter amendment is that it will be good for evening parking availability for restaurants. Actually in many commercial districts without evening meters, parking after 6pm is quickly filled by nearby residents seeking long term parking. To prevent this metered parking was introduced in 1935 in some neighborhoods to create turnover and make short term parking available to customers of nearby businesses. Many San Francisco commercial districts have long recognized this fact and operate parking meters after 6:00pm and on Sundays to create more parking turnover and availability during their busiest hours.

Most San Francisco owned garages and parking meters use demand-responsive pricing so that when demand rises, price rises as well. This encourages people to park in underutilized blocks and garages, helping ensure that some parking spaces remain open in busy areas at busy times. This creates a win win where some metered street parking remains available and needed revenue is generated for transit. Transit in turn reduces the competition for parking. The total revenue from parking: meters, fees and fines covers about one third of Muni's operating expenses.

San Francisco has taken a number of important steps to move parking to market rates and thus reduce the use of taxpayer funds to subsidize parking. San Francisco has also implemented other

important improvements as well. We had a planning director that established a maximum of 0.2 spaces per 1,000 square feet of office when most US cities required 3 or 4 spaces per 1,000 square feet. We also had a Supervisor who implemented a 25% parking tax who soon became Mayor and then Senator.

This is not the time to reduce the cost of parking and subsidize driving. We need to reduce driving to meet our climate crisis response requirements.

Charles Whitfield

The Board of Supervisors,

I am writing to urge you to support and approve a citywide No Turn On Red to make it safer, easier, and more comfortable to cross the street in San Francisco as well as make streets safer and more predictable for car drivers. No Turn On Red has been proven to increase safety — especially for children, seniors, and people living with disabilities — including where it's been implemented in San Francisco (e.g. the 50 intersections in the Tenderloin). Now is the time to expand No Turn On Red citywide, so drivers know this unsafe behavior is no longer permitted throughout the city while people can feel safe crossing the street with easier and greater access.

Our city faces a roadway safety crisis and a climate crisis, both of which require making it safer to get around without a car and encouraging people to shift trips from cars to public transportation and active transportation (e.g. bikes, scooters, skateboards, mobility devices, etc.). Implementing No Turn On Red citywide will increase roadway safety (decrease roadway injuries) and help more people shift trips to walking, public transportation, and active transportation, making our city safer for people, especially people who are disproportionately negatively impacted by our roadway safety crisis and car-dominated transportation system (children, seniors, people living with disabilities, BIPOC). We need your leadership to make this street safety improvement now.

I urge you to support and approve No Turn On Red citywide to make it safer, easier, and more comfortable to cross the street in San Francisco. Please do everything in your power to ensure No Turn On Red is implemented citywide as soon as possible.

For those of you in state-level office, please work on legislation to allow SFMTA to implement No Turn On Red without installing signs at every intersection — which would enable the City to implement No Turn On Red citywide faster at a significantly lower cost and using significantly less staff time — and legislation to implement No Turn On Red statewide.

Thank you,

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Hi SFMTA Board of Directors,

As a parent of a young toddler who has seen a marked increase in near collisions, i am trying you to take action on Vision Zero. Right now, trends are pointing the wrong way.

I urge you to propose and approve a citywide No Turn On Red (NTOR) policy at your next board meeting — scheduled for November 7th — to make it safer, easier, and more comfortable for people to cross the street, especially for children, seniors, and people living with disabilities, while making streets safer and more predictable for car drivers and safer for people on bikes, scooters, and other forms of active transportation.

In response to the citywide No Turn On Red campaign and overwhelmingly positive support from the public, the Board of Supervisors unanimously adopted Supervisor Preston's resolution urging you and SFMTA to approve a citywide NTOR policy now, and the people of San Francisco need you to take immediate action and lead on this issue for their safety, roadway safety generally in the city, and climate action, among other related matters.

SFMTA's own evaluation showed that 92% of drivers complied with No Turn On Red, close calls decreased by 80%, and drivers blocking crosswalks decreased 72% after SFMTA implemented NTOR at 50 intersections in the Tenderloin in 2021. No Turn On Red increases safety, access, and comfort for people, and an overwhelming majority of drivers comply with NTOR, even with traffic enforcement at historic lows. A citywide No Turn On Red policy is an easy win for roadway safety and having a citywide policy will only increase compliance. A citywide policy also has widespread public support, including from people who primarily drive, some of whom talk about how a citywide policy would make driving more intuitive and reduce stress from other drivers aggressing at them when the driver behind them wants to turn on red.

Furthermore, an analysis from Washington, DC showed that drivers failing to yield to people crossing the street on a green decreased by nearly 60% — No Turn On Red increases safety for people during green lights in addition red lights. That same analysis showed that No Turn On Red decreased conflicts between cars by 97% — No Turn On Red makes streets significantly safer for car drivers and passengers. Other studies found that allowing turns on red significantly increases crashes and injuries for people walking and people on bikes. The data is clear: Implementing a citywide No Turn On Red policy will make streets safer for all people, especially children, seniors, people living with disabilities, and people walking and on bikes.

You can find all of the information (and related sources) at [NTORsf.com](http://NTORsf.com).

Our city faces a roadway safety crisis, with nearly 40 people being killed on our streets last year — the most since we committed to Vision Zero in 2014 — and supporting this resolution is the least we can do to address that crisis. The people of San Francisco need leadership on our roadway safety crisis, and this is a small but impactful thing you can do to help our city take action in addressing that crisis.

I urge you to propose and approve a citywide No Turn On Red (NTOR) policy at your next board meeting — scheduled for November 7th — to make it safer, easier, and more comfortable for people to cross the street, especially for children, seniors, and people living with disabilities, while making streets safer and more predictable for car drivers and safer for people on bikes, scooters, and other forms of active transportation.

Hello mayors office!

I'm writing from the morning of my busy day in SF as I sent my children off on a cargo bike to pricey child care.

I am about to ride my bike downtown to work in a pricey office building and do pricey work. I really don't want any of my family hit by a car. And San Francisco has set a precedent for liberal ideals since it's inception please consider the safety of non-car transportation a significant cause to use in the pursuit of building back SF.

Remember when that little girl died... Makes me want to leave.

Please contact me if you have any questions,  
Tim Reilly

Hi SFMTA Board of Directors,

The Board of Supervisors,

I am writing to urge you to support and approve a citywide No Turn On Red to make it safer, easier, and more comfortable to cross the street in San Francisco as well as make streets safer and more predictable for car drivers. No Turn On Red has been proven to increase safety — especially for children, seniors, and people living with disabilities — including where it's been implemented in San Francisco (e.g. the 50 intersections in the Tenderloin). Now is the time to expand No Turn On Red citywide, so drivers know this unsafe behavior is no longer permitted throughout the city while people can feel safe crossing the street with easier and greater access.

Our city faces a roadway safety crisis and a climate crisis, both of which require making it safer to get around without a car and encouraging people to shift trips from cars to public transportation and active transportation (e.g. bikes, scooters, skateboards, mobility devices, etc.). Implementing No Turn On Red citywide will increase roadway safety (decrease roadway injuries) and help more people shift trips to walking, public transportation, and active transportation, making our city safer for people, especially people who are disproportionately negatively impacted by our roadway safety crisis and car-dominated transportation system (children, seniors, people living with disabilities, BIPOC). We need your leadership to make this street safety improvement now.

I urge you to support and approve No Turn On Red citywide to make it safer, easier, and more comfortable to cross the street in San Francisco. Please do everything in your power to ensure No Turn On Red is implemented citywide as soon as possible.

For those of you in state-level office, please work on legislation to allow SFMTA to implement No Turn On Red without installing signs at every intersection — which would enable the City to implement No Turn On Red citywide faster at a significantly lower cost and using significantly less staff time — and legislation to implement No Turn On Red statewide.

Thank you,

**Subject:** Urging you to propose and approve a citywide No Turn On Red policy at your next meeting  
**Date:** Tuesday, November 7, 2023 9:44:34 PM

---

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Hi SFMTA Board of Directors,

I urge you to propose and approve a citywide No Turn On Red (NTOR) policy at your next board meeting — scheduled for November 7th — to make it safer, easier, and more comfortable for people to cross the street, especially for children, seniors, and people living with disabilities, while making streets safer and more predictable for car drivers and safer for people on bikes, scooters, and other forms of active transportation.

In response to the citywide No Turn On Red campaign and overwhelmingly positive support from the public, the Board of Supervisors unanimously adopted Supervisor Preston's resolution urging you and SFMTA to approve a citywide NTOR policy now, and the people of San Francisco need you to take immediate action and lead on this issue for their safety, roadway safety generally in the city, and climate action, among other related matters.

SFMTA's own evaluation showed that 92% of drivers complied with No Turn On Red, close calls decreased by 80%, and drivers blocking crosswalks decreased 72% after SFMTA implemented NTOR at 50 intersections in the Tenderloin in 2021. No Turn On Red increases safety, access, and comfort for people, and an overwhelming majority of drivers comply with NTOR, even with traffic enforcement at historic lows. A citywide No Turn On Red policy is an easy win for roadway safety and having a citywide policy will only increase compliance. A citywide policy also has widespread public support, including from people who primarily drive, some of whom talk about how a citywide policy would make driving more intuitive and reduce stress from other drivers aggressing at them when the driver behind them wants to turn on red.

Furthermore, an analysis from Washington, DC showed that drivers failing to yield to people crossing the street on a green decreased by nearly 60% — No Turn On Red increases safety for people during green lights in addition red lights. That same analysis showed that No Turn On Red decreased conflicts between cars by 97% — No Turn On Red makes streets significantly safer for car drivers and passengers. Other studies found that allowing turns on red significantly increases crashes and injuries for people walking and people on bikes. The data is clear: Implementing a citywide No Turn On Red policy will make streets safer for all people, especially children, seniors, people living with disabilities, and people walking and on bikes.

You can find all of the information (and related sources) at [NTORsf.com](http://NTORsf.com).

Our city faces a roadway safety crisis, with nearly 40 people being killed on our streets last year — the most since we committed to Vision Zero in 2014 — and supporting this resolution is the least we can do to address that crisis. The people of San Francisco need leadership on our roadway safety crisis, and this is a small but impactful thing you can do to help our city take action in addressing that crisis.

I urge you to propose and approve a citywide No Turn On Red (NTOR) policy at your next board meeting — scheduled for November 7th — to make it safer, easier, and more comfortable for people to cross the street, especially for children, seniors, and people living with disabilities, while making streets safer and more predictable for car drivers and safer for people on bikes, scooters, and other forms of active transportation.

The Board of Supervisors,

I am writing to urge you to support and approve a citywide No Turn On Red to make it safer, easier, and more comfortable to cross the street in San Francisco as well as make streets safer and more predictable for car drivers. No Turn On Red has been proven to increase safety — especially for children, seniors, and people living with disabilities — including where it's been implemented in San Francisco (e.g. the 50 intersections in the Tenderloin). Now is the time to expand No Turn On Red citywide, so drivers know this unsafe behavior is no longer permitted throughout the city while people can feel safe crossing the street with easier and greater access.

Our city faces a roadway safety crisis and a climate crisis, both of which require making it safer to get around without a car and encouraging people to shift trips from cars to public transportation and active transportation (e.g. bikes, scooters, skateboards, mobility devices, etc.). Implementing No Turn On Red citywide will increase roadway safety (decrease roadway injuries) and help more people shift trips to walking, public transportation, and active transportation, making our city safer for people, especially people who are disproportionately negatively impacted by our roadway safety crisis and car-dominated transportation system (children, seniors, people living with disabilities, BIPOC). We need your leadership to make this street safety improvement now.

I urge you to support and approve No Turn On Red citywide to make it safer, easier, and more comfortable to cross the street in San Francisco. Please do everything in your power to ensure No Turn On Red is implemented citywide as soon as possible.

For those of you in state-level office, please work on legislation to allow SFMTA to implement No Turn On Red without installing signs at every intersection — which would enable the City to implement No Turn On Red citywide faster at a significantly lower cost and using significantly less staff time — and legislation to implement No Turn On Red statewide.

Thank you,

Alex Brown

Hello, SFMTA Board of Directors — I'm writing to urge you to propose and approve a citywide No Turn On Red (NTOR) policy at your next board meeting to make it safer, easier, and more comfortable for people to cross the street.

I'm raising a young daughter here in SF who loves the freedom public transit affords her, yet I fear for her safety amid my own observation — we live on busy Franklin Street in Pacific Heights — of an uptick in aggressive driving in this city.

I was almost run over TWICE in one intersection recently, as I went to get my COVID and flu vaccines. Usually, I only get "almost run over" ONCE per intersection. I hate to imagine how children, seniors, and people living with disabilities fare on our streets.

In a related concern, what has happened to traffic enforcement in our city? I believe drivers know they need not fear SFPD stopping their aggressive and entitled driving. I hope this policy changes, as **we are nowhere near being a VISION ZERO city.**

We hope you agree with making our streets safer and more predictable for pedestrians and car drivers — and safer for people on bikes, scooters, and other forms of active transportation.

Thank you,

George Steeley

### **I oppose SFMTA unfair dealing re: Hayes Street, approve 1 day closure, NOT more.**

Message:

Dear Supervisors, Mayor Breed, Mr. Tumlin and SFMTA Board Members,

I write to oppose any plan to close Hayes Street for more than 1 day per week. A 1 day per week closure was extensively discussed and agreed upon and was notably the recommendation of SFMTA staff. I urge immediate adoption of the 1 day plan and resolution of this matter.

There should be a fair and equitable process for SFMTA initiatives and policies that negatively impact Neighborhood Small Businesses and Residents. And I'm regularly disappointed by the SFMTA's tone-deaf steamrolling over residents' and merchants' concerns regarding street closures.

I support Hayes Street residents and merchants in stopping the SFMTA and Mayor from renegeing on their agreement for limited Hayes Street closure, and trying to replace it with an unnecessary and unwanted multi-day closure, or even worse, a permanent 24/7 street closure. I urge that the SFMTA Board MUST approve the original single day programming that was agreed upon based on studies, reviews, and recommendations by the SFMTA and outreach to Hayes Street merchants.

Please note, Hayes Valley does not lack open space: this stretch of Hayes Street sits adjacent to Patricia's Green and there are a number of parks, community gardens, and pedestrianized streets nearby. We support traffic and transportation plans for ALL modes with unobstructed access to the Hayes Street business corridor for vibrant, accessible, healthier local businesses

Please consider the needs of our local businesses and residents, as well as the overall interests of San Francisco. Thank you for your careful consideration of this matter.

I support Hayes Street residents and merchants in stopping the SFMTA and Supervisor Preston from renegeing on their agreement for a limited Hayes Street closure, and trying to replace it with an unnecessary and unwanted multi-day closure, or even worse, a permanent 24/7 street closure. I urge that the SFMTA Board MUST approve the original single-day programming that was agreed upon based on studies, reviews, and recommendations by the SFMTA and outreach to Hayes Street merchants.

Please note, Hayes Valley does not lack open space: this stretch of Hayes Street sits adjacent to

Patricia's Green, and there are a number of parks, community gardens, and pedestrianized streets nearby. We support traffic and transportation plans for ALL modes with unobstructed access to the Hayes Street business corridor for vibrant, accessible, healthier local businesses

Please consider the needs of our local businesses and residents, as well as the overall interests of San Francisco. Thank you for your careful consideration of this matter.

---

## Message to the Board of Supervisors, Mayor and SFMTA

From your constituent      Judi Gorski  
Email                              judigorski@gmail.com

I live in District:

**I oppose SFMTA unfair dealing re: Hayes Street, approve 1 day closure, NOT more.**

Message

Dear Supervisors, Mayor Breed, Mr. Tumlin and SFMTA Board Members,

I write to oppose any plan to close Hayes Street for more than 1 day per week. A 1 day per week closure was extensively discussed and agreed upon and was notably the recommendation of SFMTA staff. I urge immediate adoption of the 1 day plan and resolution of this matter.

There should be a fair and equitable process for SFMTA initiatives and policies that negatively impact Neighborhood Small Businesses and Residents. And I'm regularly disappointed by the SFMTA's tone-deaf steamrolling over residents' and merchants' concerns regarding street closures.

I support Hayes Street residents and merchants in stopping the SFMTA and Supervisor Preston from renegeing on their agreement for a limited Hayes Street closure, and trying to replace it with an unnecessary and unwanted multi-day closure, or even worse, a permanent 24/7 street closure. I urge that the SFMTA Board MUST approve the original single-day programming that was agreed upon based on studies, reviews, and recommendations by the SFMTA and outreach to Hayes Street merchants.

There should be a fair and equitable process for SFMTA initiatives and policies that negatively impact Neighborhood Small Businesses and Residents. And I'm regularly disappointed by the SFMTA's tone-deaf steamrolling over residents' and merchants' concerns regarding street closures.

I support Hayes Street residents and merchants in stopping the SFMTA and Supervisor Preston from renegeing on their agreement for a limited Hayes Street closure, and trying to replace it with an unnecessary and unwanted multi-day closure, or even worse, a permanent 24/7 street closure. I urge that the SFMTA Board MUST approve the original single-day programming that was agreed upon based on studies, reviews, and recommendations by the SFMTA and outreach to Hayes Street merchants.

Please note, Hayes Valley does not lack open space: this stretch of Hayes Street sits adjacent to

Patricia's Green, and there are a number of parks, community gardens, and pedestrianized streets nearby. We support traffic and transportation plans for ALL modes with unobstructed access to the Hayes Street business corridor for vibrant, accessible, healthier local businesses

Please consider the needs of our local businesses and residents, as well as the overall interests of San Francisco. Thank you for your careful consideration of this matter.

## Message to the Board of Supervisors, Mayor and SFMTA

From your constituent      Charlotte Worcester

Email                              beaubarlotte@yahoo.com

I live in District:

**I oppose SFMTA unfair dealing re: Hayes Street, approve 1 day closure, NOT more.**

Message

Dear Supervisors, Mayor Breed, Mr. Tumlin and SFMTA Board Members,

I write to oppose any plan to close Hayes Street for more than 1 day per week. A 1 day per week closure was extensively discussed and agreed upon and was notably the recommendation of SFMTA staff. I urge immediate adoption of the 1 day plan and resolution of this matter.

There should be a fair and equitable process for SFMTA initiatives and policies that negatively impact Neighborhood Small Businesses and Residents. And I'm regularly disappointed by the SFMTA's tone-deaf steamrolling over residents' and merchants' concerns regarding street closures.

I support Hayes Street residents and merchants in stopping the SFMTA and Supervisor Preston from renegeing on their agreement for a limited Hayes Street closure, and trying to replace it with an unnecessary and unwanted multi-day closure, or even worse, a permanent 24/7 street closure. I urge that the SFMTA Board MUST approve the original single-day programming that was agreed upon based on studies, reviews, and recommendations by the SFMTA and outreach to Hayes Street merchants.

And turn Valencia Street back to functioning as a real street and not some cockamamie experiment (that is failing miserably.)

Please consider the needs of our local businesses and residents, as well as the overall interests of San Francisco. Thank you for your careful consideration of this matter.

**Subject:** In Support of File #230973 - Supervisor Stefani's Nonprofit Auditing Ordinance  
**Date:** Thursday, November 2, 2023 6:38:40 PM

---

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear Board of Supervisors,

I am writing to you to express my support of Supervisor Stefani's Nonprofit Auditing Ordinance and urge you to vote in support of it.

The City currently spends \$1.7 billion on contracts with over 600 nonprofits. While many of these organizations provide valuable services to our communities, the City's lack of guidelines for these contracts has resulted in waste and redundancy.

By requiring the Controller to develop guidelines on metrics that must be included in City contracts, it will ensure consistency across the variety of contracts that nonprofits have with the city, thereby enabling that nonprofits to best deliver against clear metrics. Not only is this good governance to hold nonprofits accountable for results, it is needed to enable the City to measure progress towards addressing its most pressing problems, including homelessness and the drug and mental health crisis.

Finally, the high profile collapse of Baker Places and corruption discovered at United Council of Human Services highlights the need for increased oversight of service providers to ensure money is accounted for and is being used effectively to provide our most vulnerable the help they need.

Ultimately, this legislation will help improve oversight of taxpayer money, address the issues faced by nonprofits contracting with the City, and increase public access to information around nonprofit contracts.

I hope you will vote in support of this legislation.

Sincerely,  
Margaret ODriscoll  
San Francisco, CA 94127

Dear Board of Supervisors,

I am writing to you to express my support of Supervisor Stefani's Nonprofit Auditing Ordinance and urge you to vote in support of it.

The City currently spends \$1.7 billion on contracts with over 600 nonprofits. While many of these organizations provide valuable services to our communities, the City's lack of guidelines for these contracts has resulted in waste and redundancy.

By requiring the Controller to develop guidelines on metrics that must be included in City contracts, it will ensure consistency across the variety of contracts that nonprofits have with the city, thereby enabling that nonprofits to best deliver against clear metrics. Not only is this good governance to hold nonprofits accountable for results, it is needed to enable the City to measure progress towards addressing its most pressing problems, including homelessness and the drug and mental health crisis.

Finally, the high profile collapse of Baker Places and corruption discovered at United Council of Human Services highlights the need for increased oversight of service providers to ensure money is accounted for and is being used effectively to provide our most vulnerable the help they need.

Ultimately, this legislation will help improve oversight of taxpayer money, address the issues faced by nonprofits contracting with the City, and increase public access to information around nonprofit contracts.

I hope you will vote in support of this legislation.

Sincerely,  
Shelly Schaenen  
San Francisco, CA 94122

Finally, the high profile collapse of Baker Places and corruption discovered at United Council of Human Services highlights the need for increased oversight of service providers to ensure money is accounted for and is being used effectively to provide our most vulnerable the help they need.

Ultimately, this legislation will help improve oversight of taxpayer money, address the issues faced by nonprofits contracting with the City, and increase public access to information around nonprofit contracts.

I hope you will vote in support of this legislation.

Sincerely,  
Dion Wong

Dear Board of Supervisors,

I am writing to you to express my support of Supervisor Stefani's Nonprofit Auditing Ordinance and urge you to vote in support of it.

The City currently spends \$1.7 billion on contracts with over 600 nonprofits. While many of these organizations provide valuable services to our communities, the City's lack of guidelines for these contracts has resulted in waste and redundancy.

By requiring the Controller to develop guidelines on metrics that must be included in City contracts, it will ensure consistency across the variety of contracts that nonprofits have with the city, thereby enabling that nonprofits to best deliver against clear metrics. Not only is this good governance to hold nonprofits accountable for results, it is needed to enable the City to measure progress towards addressing its most pressing problems, including homelessness and the drug and mental health crisis.

Finally, the high profile collapse of Baker Places and corruption discovered at United Council of Human Services highlights the need for increased oversight of service providers to ensure money is accounted for and is being used effectively to provide our most vulnerable the help they need.

Ultimately, this legislation will help improve oversight of taxpayer money, address the issues faced by nonprofits contracting with the City, and increase public access to information around nonprofit contracts.

I hope you will vote in support of this legislation.

By requiring the Controller to develop guidelines on metrics that must be included in City contracts, it will ensure consistency across the variety of contracts that nonprofits have with the city, thereby enabling that nonprofits to best deliver against clear metrics. Not only is this good governance to hold nonprofits accountable for results, it is needed to enable the City to measure progress towards addressing its most pressing problems, including homelessness and the drug and mental health crisis.

Finally, the high profile collapse of Baker Places and corruption discovered at United Council of Human Services highlights the need for increased oversight of service providers to ensure money is accounted for and is being used effectively to provide our most vulnerable the help they need.

Ultimately, this legislation will help improve oversight of taxpayer money, address the issues faced by nonprofits contracting with the City, and increase public access to information around nonprofit contracts.

I hope you will vote in support of this legislation.

Sincerely,  
Jake Decker  
Emeryville, CA 94608

Dear Board of Supervisors,

I am writing to you to express my support of Supervisor Stefani's Nonprofit Auditing Ordinance and urge you to vote in support of it.

The City currently spends \$1.7 billion on contracts with over 600 nonprofits. While many of these organizations provide valuable services to our communities, the City's lack of guidelines for these contracts has resulted in waste and redundancy.

By requiring the Controller to develop guidelines on metrics that must be included in City contracts, it will ensure consistency across the variety of contracts that nonprofits have with the city, thereby enabling that nonprofits to best deliver against clear metrics. Not only is this good governance to hold nonprofits accountable for results, it is needed to enable the City to measure progress towards addressing its most pressing problems, including homelessness and the drug and mental health crisis.

Finally, the high profile collapse of Baker Places and corruption discovered at United Council of Human Services highlights the need for increased oversight of service providers to ensure money is accounted for and is being used effectively to provide our most vulnerable the help they need.

## Message to the Rules Committee and the Board of Supervisors

**From your constituent:** Lareina Chu, [lareinachu@yahoo.com](mailto:lareinachu@yahoo.com)

**I am a resident of** District 4

**Message:** I OPPOSE Safai's charter amendment to increase taxes to solve the SFPD staffing crisis.

Dear Supervisor Safai,

I am writing to vehemently OPPOSE your amendment to Supervisor Dorsey's SFPD staffing plan. Increasing our taxes to solve the SFPD staffing crisis is irresponsible and demonstrates a disregard for residents who struggle to afford to live in San Francisco, and who expect public safety and a fully staffed police department to be part of the basic city services we already pay for.

We need the restoration of public safety now so that residents and business owners can feel reasonably safe again. This is a top priority for the majority of San Franciscans, and a fully staffed police force is needed to do the work that is necessary.

The net amount needed to fund the ORIGINAL Dorsey Charter amendment is estimated to be \$20M annually (after accounting for overtime savings).

We are hard-pressed to believe that the money couldn't be found in the city budget. Perhaps you should consider ending the funding of just one ineffective non-profit annually to cover that cost.

You have recently overseen a city budget that has DOUBLED since 2017, and you are telling the working residents of San Francisco that taxes must be raised for the city to provide basic law enforcement services and address a public safety crisis that city leaders should have handled long ago.

This is unacceptable and outrageous.

I do not support your amendment that guts Supervisor Dorsey's charter amendment for SFPD staffing and request that you withdraw it immediately or kill the bill entirely.

I am writing to vehemently OPPOSE your amendment to Supervisor Dorsey's SFPD staffing plan. Increasing our taxes to solve the SFPD staffing crisis is irresponsible and demonstrates a disregard for residents who struggle to afford to live in San Francisco, and who expect public safety and a fully staffed police department to be part of the basic city services we already pay for.

We need the restoration of public safety now so that residents and business owners can feel reasonably safe again. This is a top priority for the majority of San Franciscans, and a fully staffed police force is needed to do the work that is necessary.

The net amount needed to fund the ORIGINAL Dorsey Charter amendment is estimated to be \$20M annually (after accounting for overtime savings).

We are hard-pressed to believe that the money couldn't be found in the city budget. Perhaps you should consider ending the funding of just one ineffective non-profit annually to cover that cost.

You have recently overseen a city budget that has DOUBLED since 2017, and you are telling the working residents of San Francisco that taxes must be raised for the city to provide basic law enforcement services and address a public safety crisis that city leaders should have handled long ago.

This is unacceptable and outrageous.

I do not support your amendment that guts Supervisor Dorsey's charter amendment for SFPD staffing and request that you withdraw it immediately or kill the bill entirely.

I am writing to vehemently OPPOSE your amendment to Supervisor Dorsey's SFPD staffing plan. Increasing our taxes to solve the SFPD staffing crisis is irresponsible and demonstrates a disregard for residents who struggle to afford to live in San Francisco, and who expect public safety and a fully staffed police department to be part of the basic city services we already pay for.

I live in Hayes Valley, and I have seen a large amount of policemen just standing around the businesses in the union square area. And around the ball park. Why not reassign some of those to other neighborhoods? We have crime in our neighborhoods too.

We need the restoration of public safety now so that residents and business owners can feel reasonably safe again. This is a top priority for the majority of San Franciscans, and a fully staffed police force is needed to do the work that is necessary.

The net amount needed to fund the ORIGINAL Dorsey Charter amendment is estimated to be \$20M annually (after accounting for overtime savings).

**Message:** I OPPOSE Safai's charter amendment to increase taxes to solve the SFPD staffing crisis.

Dear Supervisor Safai,

I am writing to vehemently OPPOSE your amendment to Supervisor Dorsey's SFPD staffing plan. Increasing our taxes to solve the SFPD staffing crisis is irresponsible and demonstrates a disregard for residents who struggle to afford to live in San Francisco, and who expect public safety and a fully staffed police department to be part of the basic city services we already pay for.

We need the restoration of public safety now so that residents and business owners can feel reasonably safe again. This is a top priority for the majority of San Franciscans, and a fully staffed police force is needed to do the work that is necessary.

The net amount needed to fund the ORIGINAL Dorsey Charter amendment is estimated to be \$20M annually (after accounting for overtime savings).

We are hard-pressed to believe that the money couldn't be found in the city budget. Perhaps you should consider ending the funding of just one ineffective non-profit annually to cover that cost.

You have recently overseen a city budget that has DOUBLED since 2017, and you are telling the working residents of San Francisco that taxes must be raised for the city to provide basic law enforcement services and address a public safety crisis that city leaders should have handled long ago.

This is unacceptable and outrageous.

I do not support your amendment that guts Supervisor Dorsey's charter amendment for SFPD staffing and request that you withdraw it immediately or kill the bill entirely.

**Message:** I OPPOSE Safai's charter amendment to increase taxes to solve the SFPD staffing crisis.

Dear Supervisor Safai,

I am writing to vehemently OPPOSE your amendment to Supervisor Dorsey's SFPD staffing plan. Increasing our taxes to solve the SFPD staffing crisis is irresponsible and demonstrates a disregard for residents who struggle to afford to live in San Francisco, and who expect public safety and a fully staffed police department to be part of the basic city services we already pay for.

We need the restoration of public safety now so that residents and business owners can feel reasonably safe again. This is a top priority for the majority of San Franciscans, and a fully staffed police force is needed to do the work that is necessary.

The net amount needed to fund the ORIGINAL Dorsey Charter amendment is estimated to be \$20M annually (after accounting for overtime savings).

We are hard-pressed to believe that the money couldn't be found in the city budget. Perhaps you should consider ending the funding of just one ineffective non-profit annually to cover that cost.

You have recently overseen a city budget that has DOUBLED since 2017, and you are telling the working residents of San Francisco that taxes must be raised for the city to provide basic law enforcement services and address a public safety crisis that city leaders should have handled long ago.

This is unacceptable and outrageous.

I do not support your amendment that guts Supervisor Dorsey's charter amendment for SFPD staffing and request that you withdraw it immediately or kill the bill entirely.

Hi,

My name is Jayden Ziegler. I'm a San Francisco resident and I'm calling to express my opposition to Supervisor Safai's amendment to the San Francisco Full Police Staffing Act.

How can the Supervisor be for public safety when he made funding for more police officers contingent on us raising our taxes and left this legislation without a clear, dedicated funding source.

How can he expect SFPD to increase foot patrols in our neighborhoods if they don't have enough officers?

The inconsistent messaging we've received from him on this issue is frustrating for those of us who are imploring City Hall to prioritize public safety.

I implore the Supervisor to reverse his position to vote against this legislation and keep it from going on the March 2024 ballot.

Thank you,  
Jayden Ziegler

You have recently overseen a city budget that has DOUBLED since 2017, and you are telling the working residents of San Francisco that taxes must be raised for the city to provide basic law enforcement services and address a public safety crisis that city leaders should have handled long ago.

This is unacceptable and outrageous.

I do not support your amendment that guts Supervisor Dorsey's charter amendment for SFPD staffing and request that you withdraw it immediately or kill the bill entirely.

## Message to the Rules Committee and the Board of Supervisors

**From your constituent:** Marina Greenwood, [marina.gwood@gmail.com](mailto:marina.gwood@gmail.com)

I am a resident of District 2

**Message:** I OPPOSE Safai's charter amendment to increase taxes to solve the SFPD staffing crisis.

Dear Supervisor Safai,

I am writing to vehemently OPPOSE your amendment to Supervisor Dorsey's SFPD staffing plan. Increasing our taxes to solve the SFPD staffing crisis is irresponsible and demonstrates a disregard for residents who struggle to afford to live in San Francisco, and who expect public safety and a fully staffed police department to be part of the basic city services we already pay for.

We need the restoration of public safety now so that residents and business owners can feel reasonably safe again. This is a top priority for the majority of San Franciscans, and a fully staffed police force is needed to do the work that is necessary.

The net amount needed to fund the ORIGINAL Dorsey Charter amendment is estimated to be \$20M annually (after accounting for overtime savings).

We are hard-pressed to believe that the money couldn't be found in the city budget. Perhaps you should consider ending the funding of just one ineffective non-profit annually to cover that cost.

You have recently overseen a city budget that has DOUBLED since 2017, and you are telling the working residents of San Francisco that taxes must be raised for the city to provide basic law enforcement services and address a public safety crisis that city leaders should have handled long ago.

**From your constituent:** William Growney, growney185@att.net

I am a resident of District 7

**Message:** I OPPOSE Safai's charter amendment to increase taxes to solve the SFPD staffing crisis.

Dear Supervisor Safai,

The city budget is out of control. Nothing should be funded until after basic public services, such as police and fire, are fully funded. After that try raising taxes for the board of Supervisors and the mayor's pet projects.

I am writing to vehemently OPPOSE your amendment to Supervisor Dorsey's SFPD staffing plan. Increasing our taxes to solve the SFPD staffing crisis is irresponsible and demonstrates a disregard for residents who struggle to afford to live in San Francisco, and who expect public safety and a fully staffed police department to be part of the basic city services we already pay for.

I do not support your amendment that guts Supervisor Dorsey's charter amendment for SFPD staffing and request that you withdraw it immediately or kill the bill entirely. The Lake Merced Trail project and other unnecessary cosmetic landscaping projects puts to the lie the idea that we either have to raise taxes or cut vital services.. to adequately fund our Police Department.. There is no compelling reason to put doodad projects ahead of vital services and then pretend there are no other alternatives. Stop the boondoggle projects all over the city and there would be plenty of money to fund enough police... Unfortunately the contractor and tech company campaign donors seem to own most of the Board of Supervisors, so that the boondoggle projects and subsequent gravy train of our tax dollars seems to never stop.

## Message to the Rules Committee and the Board of Supervisors

**From your constituent:** Tiffany Chin, may\_domes\_0k@icloud.com

**Message:** I Support Supervisor Dorsey's Full Staffing Amendment, and You Should Too.

Dear Supervisors,

I support Supervisor Dorsey's full staffing amendment for SFPD and hope you will vote to put it on the ballot in March 2024. We cannot regain the city's reputation as a safe destination to live, work, visit, and shop if we do not have a fully staffed police force. Supervisor Dorsey's plan has short-, medium-, and long-range solutions to quickly fill the current gaps in personnel while making retention and recruitment possible and probable.

San Franciscans have prioritized public safety because we understand how vital it is to the success and achievement of every other industry and quality of life metric. Having our officers live in the neighborhoods they serve strengthens each community and the entire city. It is time to show our SFPD we value each and every officer, and it is long overdue that we take steps to help our officers live in the city they patrol each day. Please listen to your constituents who have repeatedly requested more funding for the police and more staffing of SFPD.

We need the restoration of public safety now so that residents and business owners can feel reasonably safe again. This is a top priority for the majority of San Franciscans, and a fully staffed police force is needed to do the work that is necessary.

The net amount needed to fund the ORIGINAL Dorsey Charter amendment is estimated to be \$20M annually (after accounting for overtime savings).

We are hard-pressed to believe that the money couldn't be found in the city budget. Perhaps you should consider ending the funding of just one ineffective non-profit annually to cover that cost.

You have recently overseen a city budget that has DOUBLED since 2017, and you are telling the working residents of San Francisco that taxes must be raised for the city to provide basic law enforcement services and address a public safety crisis that city leaders should have handled long ago.

This is unacceptable and outrageous.

I do not support your amendment that guts Supervisor Dorsey's charter amendment for SFPD staffing and request that you withdraw it immediately or kill the bill entirely.

## Message to the Rules Committee and the Board of Supervisors

**From your constituent:** Raymond Fabr, [fabrcius@yahoo.com](mailto:fabrcius@yahoo.com)

**I am a resident of** District 6

**Message:** I OPPOSE Safai's charter amendment to increase taxes to solve the SFPD staffing crisis.

Dear Supervisor Safai,

I am writing to vehemently OPPOSE your amendment to Supervisor Dorsey's SFPD staffing plan. Increasing our taxes to solve the SFPD staffing crisis is irresponsible and demonstrates a disregard for residents who struggle to afford to live in San Francisco.

I do not support your amendment that guts Supervisor Dorsey's charter amendment for SFPD staffing and request that you withdraw it immediately or kill the bill entirely.

**Subject:** In Opposition to File #230985 - Supervisor Dorsey's Police Staffing Charter Amendment as Amended  
**Date:** Thursday, November 9, 2023 11:40:56 AM

---

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear Board of Supervisors,

I am writing to you to express my opposition to the San Francisco Police Full Staffing Act as amended by Supervisor Safai and to urge you to vote against it.

Safai's amendment ties increased public safety to an unknown future tax that voters must approve and leaves the legislation without an actual funding source. Asking voters to raise taxes in order to get a fully staffed police department, a basic city service that should be included in a \$14 billion budget, is both bad budgetary policy and bad governance.

As San Francisco continues to grapple with severe public safety challenges including rampant car break-ins, shoplifting, and unprecedented open air drug markets, we as a City must do everything we can to increase public safety, including addressing the ongoing officer shortage in the San Francisco Police Department.

Unfortunately due to Supervisor Safai's amendment, this legislation will not help us address these issues, but instead prevent SFPD from recruiting and hiring the officers needed to keep residents and small business owners safe. As President of the Board of Supervisors, Supervisor Aaron Peskin should do everything in his power to halt this measure from going to voters.

I hope you will vote in opposition to this legislation and work with Supervisor Dorsey to draft legislation that will actually prioritize the safety of your constituents, as well as residents of and visitors to San Francisco.

Sincerely,  
Sharon Gillenwater

## Message to the Rules Committee and the Board of Supervisors

**From your constituent:** John Perri, [jnperri2001@yahoo.com](mailto:jnperri2001@yahoo.com)

I am a resident of District 3

**Message:** I OPPOSE Safai's charter amendment to increase taxes to solve the SFPD staffing crisis.

Dear Supervisor Safai,

I am writing to vehemently OPPOSE your amendment to Supervisor Dorsey's SFPD staffing plan. Increasing our taxes to solve the SFPD staffing crisis is irresponsible and demonstrates a disregard for residents who struggle to afford to live in San Francisco, and who expect public safety and a fully staffed police department to be part of the basic city services we already pay for.

We need the restoration of public safety now so that residents and business owners can feel reasonably safe again. This is a top priority for the majority of San Franciscans, and a fully staffed police force is needed to do the work that is necessary.

The net amount needed to fund the ORIGINAL Dorsey Charter amendment is estimated to be \$20M annually (after accounting for overtime savings).

We are hard-pressed to believe that the money couldn't be found in the city budget. Perhaps you should consider ending the funding of just one ineffective non-profit annually to cover that cost.

You have recently overseen a city budget that has DOUBLED since 2017, and you are telling the working residents of San Francisco that taxes must be raised for the city to provide basic law enforcement services and address a public safety crisis that city leaders should have handled long ago.

This is unacceptable and outrageous.

I do not support your amendment that guts Supervisor Dorsey's charter amendment for SFPD staffing and request that you withdraw it immediately or kill the bill entirely.

**From:** [Christian Averill](#)

**Subject:** San Francisco Police Staffing Act  
**Date:** Monday, November 6, 2023 10:44:27 AM

---

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Hello, this is San Francisco resident Christian Averill. I'm writing to ask that we stop playing games with the safety of San Francisco's residents and drop Supervisor Safai's amendment to the San Francisco Full Police Staffing Act.

Police and safety are basic civic services and badly needed on our streets. These are not "nice to haves" or "extras" to tax citizens to fund. Safety on our streets has gotten worse in the last three years, it was not this bad before. I am unable to walk my 6 year old daughter to her school 10 blocks away because the streets have been given over to criminal elements.

This is not acceptable.

Community Ambassadors have not worked and they can not be expected to do the job of police. The SFPD faces a great number of issues and they need cooperation and partnership not further hampering and prejudice. We need a fully staffed police department, full stop.

Supervisor Safai, do the right thing by the citizens of San Francisco and drop this amendment.

Thank you.

Christian Averill

**I am a resident of** District 4

**Message:** I OPPOSE Safai's charter amendment to increase taxes to solve the SFPD staffing crisis.

Dear Supervisor Safai,

I am writing to oppose your amendment to Supervisor Dorsey's SFPD staffing plan. Increasing our taxes to solve the SFPD staffing crisis demonstrates a disturbing disregard for residents. Public safety and a fully staffed police department are part of the basic city services we already pay for.

All communities need public safety, and the residents and business owners in our city deserve to be and to feel reasonably safe again. This is a top priority for most San Franciscans, and we need a fully staffed police force to make this happen.

The net amount needed to fund the original Dorsey Charter amendment is estimated to be \$20M annually (after accounting for overtime savings). I am hard-pressed to believe that the money can't be found in the city budget, which is enormous. Perhaps you should consider ending the funding of just one ineffective non-profit annually to cover that cost.

You have recently overseen a city budget that has doubled since 2017, and you are telling the working residents of San Francisco that taxes must be raised for the city to provide basic law enforcement services and address a public safety crisis that city leaders should have handled long ago.

This is unacceptable and outrageous.

I do not support your amendment and request that you withdraw it immediately.

Sincerely,  
Supryia Ray

**Message:** I OPPOSE Safai's charter amendment to increase taxes to solve the SFPD staffing crisis.

Dear Supervisor Safai,

I am writing to vehemently OPPOSE your amendment to Supervisor Dorsey's SFPD staffing plan. Increasing our taxes to solve the SFPD staffing crisis is irresponsible and demonstrates a disregard for residents who struggle to afford to live in San Francisco, and who expect public safety and a fully staffed police department to be part of the basic city services we already pay for.

We need the restoration of public safety now so that residents and business owners can feel reasonably safe again. This is a top priority for the majority of San Franciscans, and a fully staffed police force is needed to do the work that is necessary.

The net amount needed to fund the ORIGINAL Dorsey Charter amendment is estimated to be \$20M annually (after accounting for overtime savings).

We are hard-pressed to believe that the money couldn't be found in the city budget. Perhaps you should consider ending the funding of just one ineffective non-profit annually to cover that cost.

You have recently overseen a city budget that has DOUBLED since 2017, and you are telling the working residents of San Francisco that taxes must be raised for the city to provide basic law enforcement services and address a public safety crisis that city leaders should have handled long ago.

This is unacceptable and outrageous.

I do not support your amendment that guts Supervisor Dorsey's charter amendment for SFPD staffing and request that you withdraw it immediately or kill the bill entirely.

## Message to the Rules Committee and the Board of Supervisors

**From your constituent:** Cherie Fehrman, [litagent@earthlink.net](mailto:litagent@earthlink.net)

**I am a resident of** District 2

**Message:** I OPPOSE Safai's charter amendment to increase taxes to solve the SFPD staffing crisis.

Dear Supervisor Safai,

I am writing to vehemently OPPOSE your amendment to Supervisor Dorsey's SFPD staffing plan. Increasing our taxes to solve the SFPD staffing crisis is irresponsible and demonstrates a disregard for residents who struggle to afford to live in San Francisco, and who expect public safety and a fully staffed police department to be part of the basic city services we already pay for.

We need the restoration of public safety now so that residents and business owners can feel reasonably safe again. This is a top priority for the majority of San Franciscans, and a fully staffed police force is needed to do the work that is necessary.

The net amount needed to fund the ORIGINAL Dorsey Charter amendment is estimated to be \$20M annually (after accounting for overtime savings).

We are hard-pressed to believe that the money couldn't be found in the city budget. Perhaps you should consider ending the funding of just one ineffective non-profit annually to cover that cost.

You have recently overseen a city budget that has DOUBLED since 2017, and you are telling the working residents of San Francisco that taxes must be raised for the city to provide basic law enforcement services and address a public safety crisis that city leaders should have handled long ago.

This is unacceptable and outrageous.

I do not support your amendment that guts Supervisor Dorsey's charter amendment for SFPD staffing and request that you withdraw it immediately or kill the bill entirely.

**Message:** I OPPOSE Safai's charter amendment to increase taxes to solve the SFPD staffing crisis.

Dear Supervisor Safai,

I am writing to vehemently OPPOSE your amendment to Supervisor Dorsey's SFPD staffing plan. Increasing our taxes to solve the SFPD staffing crisis is irresponsible and demonstrates a disregard for residents who struggle to afford to live in San Francisco, and who expect public safety and a fully staffed police department to be part of the basic city services we already pay for.

We need the restoration of public safety now so that residents and business owners can feel reasonably safe again. This is a top priority for the majority of San Franciscans, and a fully staffed police force is needed to do the work that is necessary.

The net amount needed to fund the ORIGINAL Dorsey Charter amendment is estimated to be \$20M annually (after accounting for overtime savings).

We are hard-pressed to believe that the money couldn't be found in the city budget. Perhaps you should consider ending the funding of just one ineffective non-profit annually to cover that cost.

You have recently overseen a city budget that has DOUBLED since 2017, and you are telling the working residents of San Francisco that taxes must be raised for the city to provide basic law enforcement services and address a public safety crisis that city leaders should have handled long ago.

This is unacceptable and outrageous.

I do not support your amendment that guts Supervisor Dorsey's charter amendment for SFPD staffing and request that you withdraw it immediately or kill the bill entirely.

Dear Supervisor Safai,

I am writing to vehemently OPPOSE your amendment to Supervisor Dorsey's SFPD staffing plan. Increasing our taxes to solve the SFPD staffing crisis is irresponsible and demonstrates a disregard for residents who struggle to afford to live in San Francisco, and who expect public safety and a fully staffed police department to be part of the basic city services we already pay for.

We need the restoration of public safety now so that residents and business owners can feel reasonably safe again. This is a top priority for the majority of San Franciscans, and a fully staffed police force is needed to do the work that is necessary.

The net amount needed to fund the ORIGINAL Dorsey Charter amendment is estimated to be \$20M annually (after accounting for overtime savings).

We are hard-pressed to believe that the money couldn't be found in the city budget. Perhaps you should consider ending the funding of just one ineffective non-profit annually to cover that cost.

You have recently overseen a city budget that has DOUBLED since 2017, and you are telling the working residents of San Francisco that taxes must be raised for the city to provide basic law enforcement services and address a public safety crisis that city leaders should have handled long ago.

This is unacceptable and outrageous.

I do not support your amendment that guts Supervisor Dorsey's charter amendment for SFPD staffing and request that you withdraw it immediately or kill the bill entirely.

I am writing to vehemently OPPOSE your amendment to Supervisor Dorsey's SFPD staffing plan. Increasing our taxes to solve the SFPD staffing crisis is irresponsible and demonstrates a disregard for residents who struggle to afford to live in San Francisco, and who expect public safety and a fully staffed police department to be part of the basic city services we already pay for.

We need the restoration of public safety now so that residents and business owners can feel reasonably safe again. This is a top priority for the majority of San Franciscans, and a fully staffed police force is needed to do the work that is necessary.

The net amount needed to fund the ORIGINAL Dorsey Charter amendment is estimated to be \$20M annually (after accounting for overtime savings).

We are hard-pressed to believe that the money couldn't be found in the city budget. Perhaps you should consider ending the funding of just one ineffective non-profit annually to cover that cost.

You have recently overseen a city budget that has DOUBLED since 2017, and you are telling the working residents of San Francisco that taxes must be raised for the city to provide basic law enforcement services and address a public safety crisis that city leaders should have handled long ago.

This is unacceptable and outrageous.

I do not support your amendment that guts Supervisor Dorsey's charter amendment for SFPD staffing and request that you withdraw it immediately or kill the bill entirely.

Perhaps you may consider reducing the budget for "homeless" services as it is well known that hundreds of millions are wasted due to lack of accountability on the part of the "non profit" service providers to whom the contracts are granted.

## Message to the Rules Committee and the Board of Supervisors

**From your constituent:** SARAH SCHOELLKOPF, [sarah.schoellkopf@gmail.com](mailto:sarah.schoellkopf@gmail.com)

I am a resident of District 7

**Message:** I OPPOSE Safai's charter amendment to increase taxes to solve the SFPD staffing crisis.

Dear Supervisor Safai,

I am writing to vehemently OPPOSE your amendment to Supervisor Dorsey's SFPD staffing plan. Increasing our taxes to solve the SFPD staffing crisis is irresponsible and demonstrates a disregard for residents who struggle to afford to live in San Francisco, and who expect public safety and a fully staffed police department to be part of the basic city services we already pay for.

We need the restoration of public safety now so that residents and business owners can feel reasonably safe again. This is a top priority for the majority of San Franciscans, and a fully staffed police force is needed to do the work that is necessary.

The net amount needed to fund the ORIGINAL Dorsey Charter amendment is estimated to be \$20M annually (after accounting for overtime savings).

We are hard-pressed to believe that the money couldn't be found in the city budget. Perhaps you should consider ending the funding of just one ineffective non-profit annually to cover that cost.

You have recently overseen a city budget that has DOUBLED since 2017, and you are telling the working residents of San Francisco that taxes must be raised for the city to provide basic law enforcement services and address a public safety crisis that city leaders should have handled long ago.

This is unacceptable and outrageous.

I do not support your amendment that guts Supervisor Dorsey's charter amendment for SFPD staffing and request that you withdraw it immediately or kill the bill entirely.

**Message:** I OPPOSE Safai's charter amendment to increase taxes to solve the SFPD staffing crisis.

Dear Supervisor Safai,

I am writing to vehemently OPPOSE your amendment to increase taxes to pay for the police force we deserve. I loved to San Francisco in 1993 - built a business and raised my family here. The city budget at that time was over \$10 billion less than in 2023 - and the city has approximately 200,000 fewer residents. Your proposal is why people are streaming out of this great city and it is the punchline for jokes about overspending and feckless government.

This will not stand - even on your watch the city budget has DOUBLED since 2017. The answer to all of your ineffective programs is not to tax the few of us who remain more.

Please open any textbook on basic economics.

## Message to the Rules Committee and the Board of Supervisors

**From your constituent:** Josephine Chew, josephine.chew@gmail.com

I am a resident of District 4

**Message:** I OPPOSE Safai's charter amendment to increase taxes to solve the SFPD staffing crisis.

Dear Supervisor Safai,

My friends are leaving San Francisco because it is unsafe. These are friends who are die-hard San Franciscans. Instead of blocking ideas, I highly encourage you to bring ideas to solve the problem we are having.

I am writing to vehemently OPPOSE your amendment to Supervisor Dorsey's SFPD staffing plan. Increasing our taxes to solve the SFPD staffing crisis is irresponsible and demonstrates a disregard for residents who struggle to afford to live in San Francisco, and who expect public safety and a fully staffed police department to be part of the basic city services we already pay for.

We need the restoration of public safety now so that residents and business owners can feel reasonably safe again. This is a top priority for the majority of San Franciscans, and a fully staffed police force is needed to do the work that is necessary.

The net amount needed to fund the ORIGINAL Dorsey Charter amendment is estimated to be \$20M annually (after accounting for overtime savings).

We are hard-pressed to believe that the money couldn't be found in the city budget. Perhaps you should consider ending the funding of just one ineffective non-profit annually to cover that cost.

You have recently overseen a city budget that has DOUBLED since 2017, and you are telling the working residents of San Francisco that taxes must be raised for the city to provide basic law enforcement services and address

a public safety crisis that city leaders should have handled long ago.

This is unacceptable and outrageous.

I do not support your amendment that guts Supervisor Dorsey's charter amendment for SFPD staffing and request that you withdraw it immediately or kill the bill entirely.

Josephine Chew

You have recently overseen a city budget that has DOUBLED since 2017, and you are telling the working residents of San Francisco that taxes must be raised for the city to provide basic law enforcement services and address a public safety crisis that city leaders should have handled long ago.

This is unacceptable and outrageous.

I do not support your amendment that guts Supervisor Dorsey's charter amendment for SFPD staffing and request that you withdraw it immediately or kill the bill entirely.

## Message to the Rules Committee and the Board of Supervisors

**From your constituent:** KAREN WONG, [cloudsrest789@gmail.com](mailto:cloudsrest789@gmail.com)

I am a resident of District 3

**Message:** I OPPOSE Safai's charter amendment to increase taxes to solve the SFPD staffing crisis.

Dear Supervisor Safai,

I am writing to vehemently OPPOSE your amendment to Supervisor Dorsey's SFPD staffing plan. Increasing our taxes to solve the SFPD staffing crisis is irresponsible and demonstrates a disregard for residents who struggle to afford to live in San Francisco, and who expect public safety and a fully staffed police department to be part of the basic city services we already pay for.

We need the restoration of public safety now so that residents and business owners can feel reasonably safe again. This is a top priority for the majority of San Franciscans, and a fully staffed police force is needed to do the work that is necessary.

The net amount needed to fund the ORIGINAL Dorsey Charter amendment is estimated to be \$20M annually (after accounting for overtime savings).

We are hard-pressed to believe that the money couldn't be found in the city budget. Perhaps you should consider ending the funding of just one ineffective non-profit annually to cover that cost.

You have recently overseen a city budget that has DOUBLED since 2017, and you are telling the working residents of San Francisco that taxes must be raised for the city to provide basic law enforcement services and address a public safety crisis that city leaders should have handled long ago.

## Message to the Rules Committee and the Board of Supervisors

**From your constituent:** Matt Smith, mattsf017@gmail.com

**I am a resident of** District 11

**Message:** I OPPOSE Safai's charter amendment to increase taxes to solve the SFPD staffing crisis.

Dear Supervisor Safai,

I am writing to vehemently OPPOSE your amendment to Supervisor Dorsey's SFPD staffing plan. Increasing our taxes to solve the SFPD staffing crisis is irresponsible and demonstrates a disregard for residents who struggle to afford to live in San Francisco, and who expect public safety and a fully staffed police department to be part of the basic city services we already pay for.

We need the restoration of public safety now so that residents and business owners can feel reasonably safe again. This is a top priority for the majority of San Franciscans, and a fully staffed police force is needed to do the work that is necessary.

The net amount needed to fund the ORIGINAL Dorsey Charter amendment is estimated to be \$20M annually (after accounting for overtime savings).

We are hard-pressed to believe that the money couldn't be found in the city budget. Perhaps you should consider ending the funding of just one ineffective non-profit annually to cover that cost.

You have recently overseen a city budget that has DOUBLED since 2017, and you are telling the working residents of San Francisco that taxes must be raised for the city to provide basic law enforcement services and address a public safety crisis that city leaders should have handled long ago.

This is unacceptable and outrageous.

I do not support your amendment that guts Supervisor Dorsey's charter amendment for SFPD staffing and request that you withdraw it immediately or kill the bill entirely.

**Message:** I OPPOSE Safai's charter amendment to increase taxes to solve the SFPD staffing crisis.

Dear Supervisor Safai,

I am writing to vehemently OPPOSE your amendment to Supervisor Dorsey's SFPD staffing plan. Increasing our taxes to solve the SFPD staffing crisis is irresponsible and demonstrates a disregard for residents who struggle to afford to live in San Francisco, and who expect public safety and a fully staffed police department to be part of the basic city services we already pay for.

We need the restoration of public safety now so that residents and business owners can feel reasonably safe again. This is a top priority for the majority of San Franciscans, and a fully staffed police force is needed to do the work that is necessary.

The net amount needed to fund the ORIGINAL Dorsey Charter amendment is estimated to be \$20M annually (after accounting for overtime savings).

We are hard-pressed to believe that the money couldn't be found in the city budget. Perhaps you should consider ending the funding of just one ineffective non-profit annually to cover that cost.

You have recently overseen a city budget that has DOUBLED since 2017, and you are telling the working residents of San Francisco that taxes must be raised for the city to provide basic law enforcement services and address a public safety crisis that city leaders should have handled long ago.

This is unacceptable and outrageous.

I do not support your amendment that guts Supervisor Dorsey's charter amendment for SFPD staffing and request that you withdraw it immediately or kill the bill entirely.

**Message:** I OPPOSE Safai's charter amendment to increase taxes to solve the SFPD staffing crisis.

Look Supervisor Safai,

I am not going to repeat a canned message, but if you are going to run for mayor, or even if you want to remain one of our supervisors, stop doing stupid political stunts like this. I am not calling you stupid. It is almost like you are getting advice from Hillary Ronen. I am not a lefty or a righty - I would like to see \_\_\_lots\_\_\_ more \_\_\_good\_\_\_ police , more oversight also on the police. We have billions of nonsensical dollars in our budget. Step up to the plate and be a leader. stop wasting my time with nonsense.

The net amount needed to fund the ORIGINAL Dorsey Charter amendment is estimated to be \$20M annually (after accounting for overtime savings).

We are hard-pressed to believe that the money couldn't be found in the city budget. Perhaps you should consider ending the funding of just one ineffective non-profit annually to cover that cost.

You have recently overseen a city budget that has DOUBLED since 2017, and you are telling the working residents of San Francisco that taxes must be raised for the city to provide basic law enforcement services and address a public safety crisis that city leaders should have handled long ago.

This is unacceptable and outrageous.

I do not support your amendment that guts Supervisor Dorsey's charter amendment for SFPD staffing and request that you withdraw it immediately or kill the bill entirely.

## Message to the Rules Committee and the Board of Supervisors

**From your constituent:** Matthew Steinbock, msteinbock@me.com

**I am a resident of** District 3

**Message:** I OPPOSE Safai's charter amendment to increase taxes to solve the SFPD staffing crisis.

Dear Supervisor Safai,

I am writing to vehemently OPPOSE your amendment to Supervisor Dorsey's SFPD staffing plan. Increasing our taxes to solve the SFPD staffing crisis is irresponsible and demonstrates a disregard for residents who struggle to afford to live in San Francisco, and who expect public safety and a fully staffed police department to be part of the basic city services we already pay for.

We need the restoration of public safety now so that residents and business owners can feel reasonably safe again. This is a top priority for the majority of San Franciscans, and a fully staffed police force is needed to do the work that is necessary.

The net amount needed to fund the ORIGINAL Dorsey Charter amendment is estimated to be \$20M annually (after accounting for overtime savings).

We are hard-pressed to believe that the money couldn't be found in the city budget. Perhaps you should consider ending the funding of just one ineffective non-profit annually to cover that cost.

**Message:** I OPPOSE Safai's charter amendment to increase taxes to solve the SFPD staffing crisis.

Dear Supervisor Safai,

We are tired and fed up with a dysfunctional Board that has allowed this Once Great City to descend into a lawless, unsafe and increasingly unlivable environment. Our friends are fleeing. Our property values are plummeting. We can't even rent our units and guests won't come to visit for fear of their safety. You all continue to dither and play politics.

Even if/when we leave, we will vote and stay politically involved to hold those responsible ACCOUNTABLE.

I am writing to vehemently OPPOSE your amendment to Supervisor Dorsey's SFPD staffing plan. Increasing our taxes to solve the SFPD staffing crisis is irresponsible and demonstrates a disregard for residents who struggle to afford to live in San Francisco, and who expect public safety and a fully staffed police department to be part of the basic city services we already pay for.

I am writing to vehemently OPPOSE your amendment to Supervisor Dorsey's SFPD staffing plan. Increasing our taxes to solve the SFPD staffing crisis is irresponsible and demonstrates a disregard for residents who struggle to afford to live in San Francisco, and who expect public safety and a fully staffed police department to be part of the basic city services we already pay for.

We need the restoration of public safety now so that residents and business owners can feel reasonably safe again. This is a top priority for the majority of San Franciscans, and a fully staffed police force is needed to do the work that is necessary.

The net amount needed to fund the ORIGINAL Dorsey Charter amendment is estimated to be \$20M annually (after accounting for overtime savings).

We are hard-pressed to believe that the money couldn't be found in the city budget. Perhaps you should consider ending the funding of just one ineffective non-profit annually to cover that cost.

You have recently overseen a city budget that has DOUBLED since 2017, and you are telling the working residents of San Francisco that taxes must be raised for the city to provide basic law enforcement services and address a public safety crisis that city leaders should have handled long ago.

This is unacceptable and outrageous.

I do not support your amendment that guts Supervisor Dorsey's charter amendment for SFPD staffing and request that you withdraw it immediately or kill the bill entirely.

I am writing to vehemently OPPOSE your amendment to Supervisor Dorsey's SFPD staffing plan. Increasing our taxes to solve the SFPD staffing crisis is irresponsible and demonstrates a disregard for residents who struggle to afford to live in San Francisco, and who expect public safety and a fully staffed police department to be part of the basic city services we already pay for.

We need the restoration of public safety now so that residents and business owners can feel reasonably safe again. This is a top priority for the majority of San Franciscans, and a fully staffed police force is needed to do the work that is necessary.

The net amount needed to fund the ORIGINAL Dorsey Charter amendment is estimated to be \$20M annually (after accounting for overtime savings).

We are hard-pressed to believe that the money couldn't be found in the city budget. Perhaps you should consider ending the funding of just one ineffective non-profit annually to cover that cost.

You have recently overseen a city budget that has DOUBLED since 2017, and you are telling the working residents of San Francisco that taxes must be raised for the city to provide basic law enforcement services and address a public safety crisis that city leaders should have handled long ago.

This is unacceptable and outrageous.

I do not support your amendment that guts Supervisor Dorsey's charter amendment for SFPD staffing and request that you withdraw it immediately or kill the bill entirely.

Stop dumping money down the homeless rat hole, where it has only resulted in making that problem worse. Put it where it will do some good for those of us paying the bills. Politicians seem to think there's a bottomless pit of money to be bled out of taxpayers. We are at wits end trying to pay the bills created by irresponsible spending, all the while watching this city turn into a toilet. Supervisor Safai, you are going nowhere fast.

**Message:** I OPPOSE Safai's charter amendment to increase taxes to solve the SFPD staffing crisis.

Dear Supervisor Safai,

I am writing to vehemently OPPOSE your amendment to Supervisor Dorsey's SFPD staffing plan. Increasing our taxes to solve the SFPD staffing crisis is irresponsible and demonstrates a disregard for residents who struggle to afford to live in San Francisco, and who expect public safety and a fully staffed police department to be part of the basic city services we already pay for.

We need the restoration of public safety now so that residents and business owners can feel reasonably safe again. This is a top priority for the majority of San Franciscans, and a fully staffed police force is needed to do the work that is necessary.

The net amount needed to fund the ORIGINAL Dorsey Charter amendment is estimated to be \$20M annually (after accounting for overtime savings).

We are hard-pressed to believe that the money couldn't be found in the city budget. Perhaps you should consider ending the funding of just one ineffective non-profit annually to cover that cost.

You have recently overseen a city budget that has DOUBLED since 2017, and you are telling the working residents of San Francisco that taxes must be raised for the city to provide basic law enforcement services and address a public safety crisis that city leaders should have handled long ago.

This is unacceptable and outrageous.

I do not support your amendment that guts Supervisor Dorsey's charter amendment for SFPD staffing and request that you withdraw it immediately or kill the bill entirely.

**Message:** I OPPOSE Safai's charter amendment to increase taxes to solve the SFPD staffing crisis.

Dear Supervisor Safai,

I am writing to vehemently OPPOSE your amendment to Supervisor Dorsey's SFPD staffing plan. Increasing our taxes to solve the SFPD staffing crisis is irresponsible and demonstrates a disregard for residents who struggle to afford to live in San Francisco, and who expect public safety and a fully staffed police department to be part of the basic city services we already pay for.

We need the restoration of public safety now so that residents and business owners can feel reasonably safe again. This is a top priority for the majority of San Franciscans, and a fully staffed police force is needed to do the work that is necessary.

The net amount needed to fund the ORIGINAL Dorsey Charter amendment is estimated to be \$20M annually (after accounting for overtime savings).

We are hard-pressed to believe that the money couldn't be found in the city's massive budget. Perhaps you should consider ending the funding of just one ineffective non-profit annually to cover that cost. Oversight, fiscal discipline must be exercised, not simply asking hard-working residents to work multiple jobs to support runaway spend.

You have recently overseen a city budget that has DOUBLED since 2017. It is unacceptable to expect the working residents of San Francisco to pay more taxes to provide basic law enforcement services and address a public safety crisis that city leaders should have handled long ago.

This is unacceptable and outrageous.

I do not support your amendment that guts Supervisor Dorsey's charter amendment for SFPD staffing and request that you withdraw it immediately or kill the bill entirely.

## Message to the Rules Committee and the Board of Supervisors

**From your constituent:** Lorenzo Donati, [jdx402@yahoo.com](mailto:jdx402@yahoo.com)

I am a resident of District 7

**Message:** I OPPOSE Safai's charter amendment to increase taxes to solve the SFPD staffing crisis.

Dear Supervisor Safai,

I am writing to vehemently OPPOSE your amendment to Supervisor Dorsey's SFPD staffing plan. Increasing our taxes to solve the SFPD staffing crisis is irresponsible and demonstrates a disregard for residents who struggle to afford to live in San Francisco, and who expect public safety and a fully staffed police department to be part of the basic city services we already pay for.

We need the restoration of public safety now so that residents and business owners can feel reasonably safe again. This is a top priority for the majority of San Franciscans, and a fully staffed police force is needed to do the work that is necessary.

The net amount needed to fund the ORIGINAL Dorsey Charter amendment is estimated to be \$20M annually (after accounting for overtime savings).

We are hard-pressed to believe that the money couldn't be found in the city budget. Perhaps you should consider ending the funding of just one ineffective non-profit annually to cover that cost.

You have recently overseen a city budget that has DOUBLED since 2017, and you are telling the working residents of San Francisco that taxes must be raised for the city to provide basic law enforcement services and address a public safety crisis that city leaders should have handled long ago.

This is unacceptable and outrageous.

I do not support your amendment that guts Supervisor Dorsey's charter amendment for SFPD staffing and request that you withdraw it immediately or kill the bill entirely.

This is unacceptable and outrageous.

I do not support your amendment that guts Supervisor Dorsey's charter amendment for SFPD staffing and request that you withdraw it immediately or kill the bill entirely.

Adiitonally, I want to let you know I will personally put forth my time and donate additional money towards removing you and the other "do nothing" Supes in SF. Y'all do not represent the hardworking residents who live in SF. We will take back our city from your ideology of do nothing in the current, encourage crime, enable crime, and raise taxes for basic services that should be free.

---

## Message to the Rules Committee and the Board of Supervisors

**From your constituent:** Paul Hessinger, 5jaguar5@comcast.net

**I am a resident of** District 9

**Message:** I OPPOSE Safai's charter amendment to increase taxes to solve the SFPD staffing crisis.

Dear Supervisor Safai,

Run the city effectively and wisely. If this had been done, problems could be solved. I wonder if anyone actually will read these emails .

By the way, I have worked with drug addicts and alcoholics for over forty years, and until and UNLESS this city and this country begin to collect taxes from the wealthy who are the current welfare queens, and give treatment on demand and mental health and life start up help, we will live in this sad quagmire of filth, sick people and out of control complex problems will continue to exist and probably grow. Look at the 20 year trajectory even right now! We will also have nickel and diming regressive taxes growing ever more rampant, like now, such as parking meters everywhere, toll roads, rising tolls that were supposed to be sunset that NEVER go away, even increase, bridges falling down, potholes like SF, etc etc. etc. Look at history if you want black and white concrete proof. We were able to have affordable housing, low rents and people making a living in the 50's through 70's because corporate taxes (prior to runaway lobbyists and loopholes gutting the REAL effective tax collections) were on a rising scale as profits of a company got higher, if I am not mistaken the highest tax on the last billions was something around 92%. Sounds high but they use more infrastructure than we citizens will ever use, take advantage of the educated people taught in tax paid schools etc. etc.

This kind of thinking is what has gotten us into the emergency of safety and many other things in this city. What exactly are you guys smoking. Do you want to continue add and raise regressive taxes until seniors,

families and EVERYONE except the city's pets, the donors and wealthy, and tech folks are left here? We are being hazed, ridiculous parking meter rates, parking meters everywhere but in our living rooms so far...supervisors probably have that on deck next! Give us a break.

I am writing to vehemently OPPOSE your amendment to Supervisor Dorsey's SFPD staffing plan. Increasing our taxes to solve the SFPD staffing crisis is irresponsible and demonstrates a disregard for residents who struggle to afford to live in San Francisco, and who expect public safety and a fully staffed police department to be part of the basic city services we already pay for. FIND THE MONEY IN THE BUDGET, YOU ONLY HAVE HALF A POLICE FORCE, LITTLE TO NO GRAFFITI CLEANUP, POTHOLES FOR ROADS DESTROYING OUR CARS, ETC ETC. - WHERE DID THAT MONEY GO THAT USE TO GO THERE AND MANY OTHER PLACES THAT USE TO GET ATTENTION?

We need the restoration of public safety now so that residents and business owners can feel reasonably safe again. This is a top priority for the majority of San Franciscans, and a fully staffed police force is needed to do the work that is necessary.

The net amount needed to fund the ORIGINAL Dorsey Charter amendment is estimated to be \$20M annually (after accounting for overtime savings).

We are hard-pressed to believe that the money couldn't be found in the city budget. Perhaps you should consider ending the funding of just one ineffective non-profit annually to cover that cost.

This is unacceptable and outrageous.

I do not support your amendment that guts Supervisor Dorsey's charter amendment for SFPD staffing and request that you withdraw it immediately or kill the bill entirely.

I cannot come to the supervisors meeting as I am recovering from a heart valve replacement. Also, I have attended dozens and more of those window dressing meetings for YEARS. Decisions appeared to be made with the above accomplices (the city's pets, the donors and wealthy, and tech folks) before any supes meeting ever is held, before the people you allow to testify, favorites again, and then you have a huge line of locals and give them thirty seconds or so and most supes are on their phone, half asleep or gone by that time as they are NOT COUNTED in my opinion. I watched this up close for years. It is so obvious and transparent that it would be a joke if it were not so important and vital in our daily lives. We had to fight the supes and the city to stop street cleaning up here in Bernal Heights twice! Some self-centered Tech mogul moved here briefly and

wanted his street cleaner than it was allegedly. If Bernal gets street cleaning and postings wiping out 50% of parking all week every week, there will be parking wars, people moving like happened in Noe Valley when I lived there.

After the great wisdom of the city created that in Noe Valley there were wars, houses sold, people moved, and it took minimum

20 minutes of wasting gas circling until someone left their spot. This no car policy of this city is unworkable, old people eventually can't do buses and mass transit. It's got major flaws...I rode it for years.

I also worked for a US Senator, ran for a State House office and set up environmental group 50 years ago that is still running doing great work...so I have seen some of the sausage being made behind the public speeches and personas. We need some people of integrity, courage and will to do the right thing not just for their re-election chances, but as REAL public service.

FIND THE MONEY IN THE BUDGET, YOU ONLY HAVE HALF A POLICE FORCE, LITTLE TO NO GRAFFITI CLEANUP, POTHOLES FOR ROADS DESTROYING OUR CARS, ETC ETC. - WHERE DID THAT MONEY GO THAT USE TO GO THERE AND MANY OTHER PLACES THAT USE TO GET REPAIRS, UPKEEP AND ATTENTION?

I am writing to vehemently OPPOSE your amendment to Supervisor Dorsey's SFPD staffing plan. Increasing our taxes to solve the SFPD staffing crisis is irresponsible and demonstrates a disregard for residents who struggle to afford to live in San Francisco, and who expect public safety and a fully staffed police department to be part of the basic city services we already pay for.

We need the restoration of public safety now so that residents and business owners can feel reasonably safe again. This is a top priority for the majority of San Franciscans, and a fully staffed police force is needed to do the work that is necessary.

The net amount needed to fund the ORIGINAL Dorsey Charter amendment is estimated to be \$20M annually (after accounting for overtime savings).

We are hard-pressed to believe that the money couldn't be found in the city budget. Perhaps you should consider ending the funding of just one ineffective non-profit annually to cover that cost.

You have recently overseen a city budget that has DOUBLED since 2017, and you are telling the working residents of San Francisco that taxes must be raised for the city to provide basic law enforcement services and address a public safety crisis that city leaders should have handled long ago.

This is unacceptable and outrageous.

I do not support your amendment that guts Supervisor Dorsey's charter amendment for SFPD staffing and request that you withdraw it immediately or kill the bill entirely.

This city's government is off the rails out of control. A city of this size shouldn't have a billion \$ + budget and THEN ask citizens to pay extra for what is the MOST BASIC of city services: public safety.

Hopefully the good people of this beleaguered city will turf you all out at your next elections. I'll certainly be voting that way.

**Message:** I OPPOSE Safai's charter amendment to increase taxes to solve the SFPD staffing crisis.

Dear Supervisor Safai,

I am writing to vehemently OPPOSE your amendment to Supervisor Dorsey's SFPD staffing plan. Increasing our taxes to solve the SFPD staffing crisis is irresponsible and demonstrates a disregard for residents who struggle to afford to live in San Francisco, and who expect public safety and a fully staffed police department to be part of the basic city services we already pay for.

We need the restoration of public safety now so that residents and business owners can feel reasonably safe again. This is a top priority for the majority of San Franciscans, and a fully staffed police force is needed to do the work that is necessary.

The net amount needed to fund the ORIGINAL Dorsey Charter amendment is estimated to be \$20M annually (after accounting for overtime savings).

We are hard-pressed to believe that the money couldn't be found in the city budget. Perhaps you should consider ending the funding of just one ineffective non-profit annually to cover that cost.

You have recently overseen a city budget that has DOUBLED since 2017, and you are telling the working residents of San Francisco that taxes must be raised for the city to provide basic law enforcement services and address a public safety crisis that city leaders should have handled long ago.

This is unacceptable and outrageous.

I do not support your amendment that guts Supervisor Dorsey's charter amendment for SFPD staffing and request that you withdraw it immediately or kill the bill entirely.

## Message to the Rules Committee and the Board of Supervisors

**From your constituent:** Kathleen Gee, [kathygee606@att.net](mailto:kathygee606@att.net)

**Message:** I Support Supervisor Dorsey's Full Staffing Amendment, and You Should Too.

Dear Supervisors,

I support Supervisor Dorsey's full staffing amendment for SFPD and hope you will vote to put it on the ballot in March 2024. We cannot regain the city's reputation as a safe destination to live, work, visit, and shop if we do not have a fully staffed police force. Supervisor Dorsey's plan has short-, medium-, and long-range solutions to quickly fill the current gaps in personnel while making retention and recruitment possible and probable.

San Franciscans have prioritized public safety because we understand how vital it is to the success and achievement of every other industry and quality of life metric. Having our officers live in the neighborhoods they serve strengthens each community and the entire city. It is time to show our SFPD we value each and every officer, and it is long overdue that we take steps to help our officers live in the city they patrol each day. Please listen to your constituents who have repeatedly requested more funding for the police and more staffing of SFPD.

---

Increasing our taxes to solve the SFPD staffing crisis is irresponsible and demonstrates a disregard for residents who struggle to afford to live in San Francisco, and who expect public safety and a fully staffed police department to be part of the basic city services we already pay for.

We need the restoration of public safety now so that residents and business owners can feel reasonably safe again. This is a top priority for the majority of San Franciscans, and a fully staffed police force is needed to do the work that is necessary.

The net amount needed to fund the ORIGINAL Dorsey Charter amendment is estimated to be \$20M annually (after accounting for overtime savings).

We are hard-pressed to believe that the money couldn't be found in the city budget. Perhaps you should consider ending the funding of just one ineffective non-profit annually to cover that cost.

You have recently overseen a city budget that has DOUBLED since 2017, and you are telling the working residents of San Francisco that taxes must be raised for the city to provide basic law enforcement services and address a public safety crisis that city leaders should have handled long ago.

This is unacceptable and outrageous.

I do not support your amendment that guts Supervisor Dorsey's charter amendment for SFPD staffing and request that you withdraw it immediately or kill the bill entirely.

**Message:** I OPPOSE Safai's charter amendment to increase taxes to solve the SFPD staffing crisis.

Dear Supervisor Safai,

I am writing to let you know that I do not support EITHER the SFPD Staffing Plan NOR the Tax, because the Open Air Drug Markets it is supposed to Tackle wouldn't exist without the War on Drugs.

Something so much of a failure that trying to increase Policing (yet again) to try to tackle it will only have the EXACT SAME RESULTS as prior efforts: Increased Police Corruption, and an increase in Police Waste as they become addicted to the War on Drugs to a degree greater than any who abuse the drugs themselves.

Find another solution to both problems.

Matthew Bailey

## Message to the Rules Committee and the Board of Supervisors

**From your constituent:** Bradley Forgang, bforfgang@yahoo.com

**I am a resident of** District 6

**Message:** I OPPOSE Safai's charter amendment to increase taxes to solve the SFPD staffing crisis.

Dear Supervisor Safai,

I am writing to vehemently OPPOSE your amendment to Supervisor Dorsey's SFPD staffing plan. Increasing our taxes to solve the SFPD staffing crisis is irresponsible and demonstrates a disregard for residents who struggle to afford to live in San Francisco, and who expect public safety and a fully staffed police department to be part of the basic city services we already pay for.

We need the restoration of public safety now so that residents and business owners can feel reasonably safe again. This is a top priority for the majority of San Franciscans, and a fully staffed police force is needed to do the work that is necessary.

The net amount needed to fund the ORIGINAL Dorsey Charter amendment is estimated to be \$20M annually (after accounting for overtime savings).

We are hard-pressed to believe that the money couldn't be found in the city budget. Perhaps you should consider ending the funding of just one ineffective non-profit annually to cover that cost.

You have recently overseen a city budget that has DOUBLED since 2017, and you are telling the working residents of San Francisco that taxes must be raised for the city to provide basic law enforcement services and address a public safety crisis that city leaders should have handled long ago.

This is unacceptable and outrageous.

I do not support your amendment that guts Supervisor Dorsey's charter amendment for SFPD staffing and request that you withdraw it immediately or kill the bill entirely.

## Message to the Rules Committee and the Board of Supervisors

**From your constituent:** Justin Truong, [justintruong56@gmail.com](mailto:justintruong56@gmail.com)

I am a resident of District 11

**Message:** I OPPOSE Safai's charter amendment to increase taxes to solve the SFPD staffing crisis.

Dear Supervisor Safai,

I am writing to vehemently OPPOSE your amendment to Supervisor Dorsey's SFPD staffing plan. Increasing our taxes to solve the SFPD staffing crisis is irresponsible and demonstrates a disregard for residents who struggle to afford to live in San Francisco, and who expect public safety and a fully staffed police department to be part of the basic city services we already pay for.

We need the restoration of public safety now so that residents and business owners can feel reasonably safe again. This is a top priority for the majority of San Franciscans, and a fully staffed police force is needed to do the work that is necessary.

The net amount needed to fund the ORIGINAL Dorsey Charter amendment is estimated to be \$20M annually (after accounting for overtime savings).

We are hard-pressed to believe that the money couldn't be found in the city budget. Perhaps you should consider ending the funding of just one ineffective non-profit annually to cover that cost.

You have recently overseen a city budget that has DOUBLED since 2017, and you are telling the working residents of San Francisco that taxes must be raised for the city to provide basic law enforcement services and address a public safety crisis that city leaders should have handled long ago.

This is unacceptable and outrageous.

I do not support your amendment that guts Supervisor Dorsey's charter amendment for SFPD staffing and request that you withdraw it immediately or kill the bill entirely.

## Message to the Rules Committee and the Board of Supervisors

**From your constituent:** Julia Arnon, [julia.arnon@gmail.com](mailto:julia.arnon@gmail.com)

**I am a resident of** District 2

**Message:** I OPPOSE Safai's charter amendment to increase taxes to solve the SFPD staffing crisis.

Dear Supervisor Safai,

I am writing to vehemently OPPOSE your amendment to Supervisor Dorsey's SFPD staffing plan. Increasing our taxes to solve the SFPD staffing crisis is irresponsible and demonstrates a disregard for residents who struggle to afford to live in San Francisco, and who expect public safety and a fully staffed police department to be part of the basic city services we already pay for.

We need the restoration of public safety now so that residents and business owners can feel reasonably safe again. This is a top priority for the majority of San Franciscans, and a fully staffed police force is needed to do the work that is necessary.

The net amount needed to fund the ORIGINAL Dorsey Charter amendment is estimated to be \$20M annually (after accounting for overtime savings).

We are hard-pressed to believe that the money couldn't be found in the city budget. Perhaps you should consider ending the funding of just one ineffective non-profit annually to cover that cost.

You have recently overseen a city budget that has DOUBLED since 2017, and you are telling the working residents of San Francisco that taxes must be raised for the city to provide basic law enforcement services and address a public safety crisis that city leaders should have handled long ago.

This is unacceptable and outrageous.

I do not support your amendment that guts Supervisor Dorsey's charter amendment for SFPD staffing and request that you withdraw it immediately or kill the bill entirely.

## Message to the Rules Committee and the Board of Supervisors

**From your constituent:** Calvin Lau, [calvinlau@comcast.net](mailto:calvinlau@comcast.net)

**I am a resident of** District 2

**Message:** I OPPOSE Safai's charter amendment to increase taxes to solve the SFPD staffing crisis.

Dear Supervisor Safai,

I am writing to vehemently OPPOSE your amendment to Supervisor Dorsey's SFPD staffing plan. Increasing our taxes to solve the SFPD staffing crisis is irresponsible and demonstrates a disregard for residents who struggle to afford to live in San Francisco, and who expect public safety and a fully staffed police department to be part of the basic city services we already pay for.

We need the restoration of public safety now so that residents and business owners can feel reasonably safe again. This is a top priority for the majority of San Franciscans, and a fully staffed police force is needed to do the work that is necessary.

The net amount needed to fund the ORIGINAL Dorsey Charter amendment is estimated to be \$20M annually (after accounting for overtime savings).

We are hard-pressed to believe that the money couldn't be found in the city budget. Perhaps you should consider ending the funding of just one ineffective non-profit annually to cover that cost.

You have recently overseen a city budget that has DOUBLED since 2017, and you are telling the working residents of San Francisco that taxes must be raised for the city to provide basic law enforcement services and address a public safety crisis that city leaders should have handled long ago.

This is unacceptable and outrageous.

I do not support your amendment that guts Supervisor Dorsey's charter amendment for SFPD staffing and request that you withdraw it immediately or kill the bill entirely.

## Message to the Rules Committee and the Board of Supervisors

**From your constituent:** Dianr Valente, [diane.valente@yahoo.com](mailto:diane.valente@yahoo.com)

**I am a resident of** District 2

**Message:** I OPPOSE Safai's charter amendment to increase taxes to solve the SFPD staffing crisis.

Dear Supervisor Safai,

I am writing to vehemently OPPOSE your amendment to Supervisor Dorsey's SFPD staffing plan. Increasing our taxes to solve the SFPD staffing crisis is irresponsible and demonstrates a disregard for residents who struggle to afford to live in San Francisco, and who expect public safety and a fully staffed police department to be part of the basic city services we already pay for.

We need the restoration of public safety now so that residents and business owners can feel reasonably safe again. This is a top priority for the majority of San Franciscans, and a fully staffed police force is needed to do the work that is necessary.

The net amount needed to fund the ORIGINAL Dorsey Charter amendment is estimated to be \$20M annually (after accounting for overtime savings).

We are hard-pressed to believe that the money couldn't be found in the city budget. Perhaps you should consider ending the funding of just one ineffective non-profit annually to cover that cost.

You have recently overseen a city budget that has DOUBLED since 2017, and you are telling the working residents of San Francisco that taxes must be raised for the city to provide basic law enforcement services and address a public safety crisis that city leaders should have handled long ago.

This is unacceptable and outrageous.

I do not support your amendment that guts Supervisor Dorsey's charter amendment for SFPD staffing and request that you withdraw it immediately or kill the bill entirely.

## Message to the Rules Committee and the Board of Supervisors

**From your constituent:** Holly Peterson, [holly.peterson@me.com](mailto:holly.peterson@me.com)

I am a resident of District 2

**Message:** I OPPOSE Safai's charter amendment to increase taxes to solve the SFPD staffing crisis.

Dear Supervisor Safai,

Do you care about our city???? We do not need to raise taxes to fund the police.

I am writing to vehemently OPPOSE your amendment to Supervisor Dorsey's SFPD staffing plan. Increasing our taxes to solve the SFPD staffing crisis is irresponsible and demonstrates a disregard for residents who struggle to afford to live in San Francisco, and who expect public safety and a fully staffed police department to be part of the basic city services we already pay for.

We need the restoration of public safety now so that residents and business owners can feel reasonably safe again. This is a top priority for the majority of San Franciscans, and a fully staffed police force is needed to do the work that is necessary.

The net amount needed to fund the ORIGINAL Dorsey Charter amendment is estimated to be \$20M annually (after accounting for overtime savings).

We are hard-pressed to believe that the money couldn't be found in the city budget. Perhaps you should consider ending the funding of just one ineffective non-profit annually to cover that cost.

You have recently overseen a city budget that has DOUBLED since 2017, and you are telling the working residents of San Francisco that taxes must be raised for the city to provide basic law enforcement services and address a public safety crisis that city leaders should have handled long ago.

This is unacceptable and outrageous.

I do not support your amendment that guts Supervisor Dorsey's charter amendment for SFPD staffing and request that you withdraw it immediately or kill the bill entirely.

**Re: Minimum Police Department Staffing and Five-Year Annual Funding Requirement (230985)**

Dear Members of the Board of Supervisors,

On behalf of our members, who collectively own or manage approximately 90,000 apartments citywide, we write to you to express our vehement opposition to Supervisor Safai's recent amendments to the San Francisco Police Department Staffing and Five-Year Annual Funding Requirement Charter Amendment, File Number 230985.

The long-term understaffing of the Police Department has contributed to increases in property crime, increased police overtime costs, and the damaging perception that San Francisco is not a safe place to live and do business.

City residents have a right to feel safe in their homes and in their neighborhoods, and Supervisor Safai's amendment to deny residents a fully staffed Police Department unless they pay for it through additional taxes is entirely inappropriate.

Restoring public safety is a top priority for our members, and we believe that a fully staffed Police Department is necessary to help achieve that goal. The San Francisco Apartment Association fundamentally disagrees with the notion that taxes must be raised in order for the City to provide basic law enforcement services for residents.

We ask that you reject the amendments made to the SFPD Staffing and Five-Year Annual Funding Requirement Charter Amendment (File No. 230985) and oppose the Charter Amendment as it is currently written.

Sincerely,

Charley Goss  
Government and Community Affairs Manager  
San Francisco Apartment Association

**Re: Amendments to San Francisco Police Department Full Staffing Act**

Dear Supervisors,

We write you on behalf of the undersigned organizations to express our opposition to Supervisor Safai's amendment to the San Francisco Police Department Full Staffing Act (File No. 230985). Our initial support for this charter amendment was expressed in line with the original intent that new SFPD recruitment and retention efforts would be funded from the City's general fund. This amendment signals that a fully staffed police department is contingent upon San Franciscans agreeing to paying extra for it.

Our organizations are not opposed to paying our fair share to fund city services. In fact, there have been numerous new taxes levied in San Francisco over the last several years—many of which our organizations have supported—in pursuit of supporting resources for critical government functions. However, we now face a difficult climate in which San Francisco is one of the most expensive cities to do business in the nation. This dilemma has been cited by Supervisors, the City Controller and City Economist, who are now examining the need to overhaul our business tax structure to remain competitive: "The City, which started the decade with the highest business tax burden of any city in California, further raised that burden with several rate increases and new taxes...Our unique vulnerability to a few companies moving

their headquarters out of San Francisco demands that we urgently explore new ways to encourage businesses to locate and grow in San Francisco, as well as strategies to make our tax base more resilient.”

Although we understand the concerns in regard to the City’s projected budget shortfall, we also urge you to consider the consequences of severe police department understaffing in potential lost revenue to the City. Public safety perceptions are influencing decisions about whether companies want to locate here or host conferences, whether workers want to return downtown, and whether tourists will visit. Small businesses and their employees are victims of crime and greatly impacted by public disorder. These challenges have real impacts to the City’s tax revenue and overall vibrancy. We must get public safety right. Then tax revenue will follow.

In closing, we do not support this amendment which creates a false choice between police staffing and additional taxes. Public safety is a core public service that should already be fully funded from our current general fund. Thank you for your attention to this important matter.

Sincerely,

## Message to the Rules Committee and the Board of Supervisors

**From your constituent:** Dennis Dunne , [dunnedf@gmail.com](mailto:dunnedf@gmail.com)

**I am a resident of** District 4

**Message:** I OPPOSE Safai's charter amendment to increase taxes to solve the SFPD staffing crisis.

Dear Supervisor Safai,

I am writing to vehemently OPPOSE your amendment to Supervisor Dorsey's SFPD staffing plan. Increasing our taxes to solve the SFPD staffing crisis is irresponsible and demonstrates a disregard for residents who struggle to afford to live in San Francisco, and who expect public safety and a fully staffed police department to be part of the basic city services we already pay for.

We need the restoration of public safety now so that residents and business owners can feel reasonably safe again. This is a top priority for the majority of San Franciscans, and a fully staffed police force is needed to do the work that is necessary.

The net amount needed to fund the ORIGINAL Dorsey Charter amendment is estimated to be \$20M annually (after accounting for overtime savings).

We are hard-pressed to believe that the money couldn't be found in the city budget. Perhaps you should consider ending the funding of just one ineffective non-profit annually to cover that cost.

You have recently overseen a city budget that has DOUBLED since 2017, and you are telling the working residents of San Francisco that taxes must be raised for the city to provide basic law enforcement services and address a public safety crisis that city leaders should have handled long ago.

This is unacceptable and outrageous.

I do not support your amendment that guts Supervisor Dorsey's charter amendment for SFPD staffing and request that you withdraw it immediately or kill the bill entirely.

## Message to the Rules Committee and the Board of Supervisors

**From your constituent:** Tammy Parashis, [parashisfamily@yahoo.com](mailto:parashisfamily@yahoo.com)

**I am a resident of** District 4

**Message:** I OPPOSE Safai's charter amendment to increase taxes to solve the SFPD staffing crisis.

Dear Supervisor Safai,

I am writing to vehemently OPPOSE your amendment to Supervisor Dorsey's SFPD staffing plan. Increasing our taxes to solve the SFPD staffing crisis is irresponsible and demonstrates a disregard for residents who struggle to afford to live in San Francisco, and who expect public safety and a fully staffed police department to be part of the basic city services we already pay for.

We need the restoration of public safety now so that residents and business owners can feel reasonably safe again. This is a top priority for the majority of San Franciscans, and a fully staffed police force is needed to do the work that is necessary.

The net amount needed to fund the ORIGINAL Dorsey Charter amendment is estimated to be \$20M annually (after accounting for overtime savings).

We are hard-pressed to believe that the money couldn't be found in the city budget. Perhaps you should consider ending the funding of just one ineffective non-profit annually to cover that cost.

You have recently overseen a city budget that has DOUBLED since 2017, and you are telling the working residents of San Francisco that taxes must be raised for the city to provide basic law enforcement services and address a public safety crisis that city leaders should have handled long ago.

This is unacceptable and outrageous.

I do not support your amendment that guts Supervisor Dorsey's charter amendment for SFPD staffing and request that you withdraw it immediately or kill the bill entirely.

## Message to the Rules Committee and the Board of Supervisors

**From your constituent:** Phaedra Fisher, [phaedra@pobox.com](mailto:phaedra@pobox.com)

**I am a resident of** District 8

**Message:** I OPPOSE Safai's charter amendment to increase taxes to solve the SFPD staffing crisis.

Dear Supervisor Safai and Board of Supervisors

I am writing to vehemently OPPOSE your amendment to Supervisor Dorsey's SFPD staffing plan.

The most fundamental purpose of a city government (or any government) is to defend public safety and uphold the law to protect private property. Without these protections, we are at risk of descending further into chaos. People and businesses are already leaving San Francisco at a terrifying rate. The reason they are leaving is because the most fundamental of expectations - public safety and rule of law - is not being upheld.

Public safety and rule of law needs to be at the TOP of the city of San Francisco Budget priorities, not an afterthought. Without public safety and rule of law, nothing else matters. The San Francisco city expenses has doubled from 2017. the population has dropped. We need to prioritize the city expenses to what matters most for the long term viability of the city.

Raising taxes is NOT the answer. People and businesses are fleeing the city because of crime and high taxes and cost of living. The city government needs to do your job and PRIORITIZE public safety and make decisions about what other expenses should be cut. Every private company and household does this every day. We all prioritize and decide where to spend our money and where to cut costs.

I do not support your amendment that guts Supervisor Dorsey's charter amendment for SFPD staffing and request that you withdraw it immediately or kill the bill entirely.

## Message to the Rules Committee and the Board of Supervisors

**From your constituent:** Laura Fagan, laurajofagan@gmail.com

**I am a resident of** District 2

**Message:** I OPPOSE Safai's charter amendment to increase taxes to solve the SFPD staffing crisis.

Dear Supervisor Safai,

I am writing to vehemently OPPOSE your amendment to Supervisor Dorsey's SFPD staffing plan. Increasing our taxes to solve the SFPD staffing crisis is irresponsible and demonstrates a disregard for residents who struggle to afford to live in San Francisco, and who expect public safety and a fully staffed police department to be part of the basic city services we already pay for.

We need the restoration of public safety now so that residents and business owners can feel reasonably safe again. This is a top priority for the majority of San Franciscans, and a fully staffed police force is needed to do the work that is necessary.

The net amount needed to fund the ORIGINAL Dorsey Charter amendment is estimated to be \$20M annually (after accounting for overtime savings).

We are hard-pressed to believe that the money couldn't be found in the city budget. Perhaps you should consider ending the funding of just one ineffective non-profit annually to cover that cost.

You have recently overseen a city budget that has DOUBLED since 2017, and you are telling the working residents of San Francisco that taxes must be raised for the city to provide basic law enforcement services and address a public safety crisis that city leaders should have handled long ago.

This is unacceptable and outrageous.

I do not support your amendment that guts Supervisor Dorsey's charter amendment for SFPD staffing and request that you withdraw it immediately or kill the bill entirely.

## Message to the Rules Committee and the Board of Supervisors

**From your constituent:** William Moore, [BillGMoore@Yahoo.com](mailto:BillGMoore@Yahoo.com)

I am a resident of District 8

**Message:** I OPPOSE Safai's charter amendment to increase taxes to solve the SFPD staffing crisis.

Dear Supervisor Safai,

I am writing to vehemently OPPOSE your amendment to Supervisor Dorsey's SFPD staffing plan. Increasing our taxes to solve the SFPD staffing crisis is irresponsible and demonstrates a disregard for residents who struggle to afford to live in San Francisco, and who expect public safety and a fully staffed police department to be part of the basic city services we already pay for.

We need the restoration of public safety now so that residents and business owners can feel reasonably safe again. This is a top priority for the majority of San Franciscans, and a fully staffed police force is needed to do the work that is necessary.

The net amount needed to fund the ORIGINAL Dorsey Charter amendment is estimated to be \$20M annually (after accounting for overtime savings).

We are hard-pressed to believe that the money couldn't be found in the city budget. Perhaps you should consider ending the funding of just one ineffective non-profit annually to cover that cost.

You have recently overseen a city budget that has DOUBLED since 2017, and you are telling the working residents of San Francisco that taxes must be raised for the city to provide basic law enforcement services and address a public safety crisis that city leaders should have handled long ago.

This is unacceptable and outrageous.

I do not support your amendment that guts Supervisor Dorsey's charter amendment for SFPD staffing and request that you withdraw it immediately or kill the bill entirely.

**Subject:** San Francisco Police Staffing Act  
**Date:** Sunday, November 5, 2023 2:41:54 PM

---

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Hi, my name is Mike. I'm a San Francisco resident and I'm calling to express my opposition to Supervisor Safai's amendment to the San Francisco Full Police Staffing Act.

I've been made aware from a neighbor who has recently been in touch with our police and they are saying that they are in need of the city working with them and that officers are leaving for half as much pay. A city that values the police and cooperates with them is needed.

How can the Supervisor be for public safety when he made funding for more police officers contingent on us raising our taxes and left this legislation without a clear, dedicated funding source.

How can he expect SFPD to increase foot patrols in our neighborhoods if they don't have enough officers?

The inconsistent messaging we've received from him on this issue is frustrating for those of us who are imploring City Hall to prioritize public safety.

I implore the Supervisor to reverse his position to vote against this legislation and keep it from going on the March 2024 ballot.

Regards,  
Mike Ambrose

Dear Supervisor Safai,

I am writing to vehemently OPPOSE your amendment to Supervisor Dorsey's SFPD staffing plan. Increasing our taxes to solve the SFPD staffing crisis is irresponsible and demonstrates a disregard for residents who struggle to afford to live in San Francisco, and who expect public safety and a fully staffed police department to be part of the basic city services we already pay for.

We need the restoration of public safety now so that residents and business owners can feel reasonably safe again. This is a top priority for the majority of San Franciscans, and a fully staffed police force is needed to do the work that is necessary.

The net amount needed to fund the ORIGINAL Dorsey Charter amendment is estimated to be \$20M annually (after accounting for overtime savings).

We are hard-pressed to believe that the money couldn't be found in the city budget. Perhaps you should consider ending the funding of just one ineffective non-profit annually to cover that cost.

You have recently overseen a city budget that has DOUBLED since 2017, and you are telling the working residents of San Francisco that taxes must be raised for the city to provide basic law enforcement services and address a public safety crisis that city leaders should have handled long ago.

This is unacceptable and outrageous.

I do not support your amendment that guts Supervisor Dorsey's charter amendment for SFPD staffing and request that you withdraw it immediately or kill the bill entirely.

I am writing to vehemently OPPOSE your amendment to Supervisor Dorsey's SFPD staffing plan. Increasing our taxes to solve the SFPD staffing crisis is irresponsible and demonstrates a disregard for residents who struggle to afford to live in San Francisco, and who expect public safety and a fully staffed police department to be part of the basic city services we already pay for.

We need the restoration of public safety now so that residents and business owners can feel reasonably safe again. This is a top priority for the majority of San Franciscans, and a fully staffed police force is needed to do the work that is necessary.

The net amount needed to fund the ORIGINAL Dorsey Charter amendment is estimated to be \$20M annually (after accounting for overtime savings).

We are hard-pressed to believe that the money couldn't be found in the city budget. Perhaps you should consider ending the funding of just one ineffective non-profit annually to cover that cost.

You have recently overseen a city budget that has DOUBLED since 2017, and you are telling the working residents of San Francisco that taxes must be raised for the city to provide basic law enforcement services and address a public safety crisis that city leaders should have handled long ago.

This is unacceptable and outrageous.

I do not support your amendment that guts Supervisor Dorsey's charter amendment for SFPD staffing and request that you withdraw it immediately or kill the bill entirely.

## Message to the Rules Committee and the Board of Supervisors

**From your constituent:** Alexandria Buehlmann, alex.buehlmann@gmail.com

I am a resident of District 5

**Message:** I OPPOSE Safai's charter amendment to increase taxes to solve the SFPD staffing crisis.

Dear Supervisor Safai,

I am writing to vehemently OPPOSE your amendment to Supervisor Dorsey's SFPD staffing plan. Increasing our taxes to solve the SFPD staffing crisis is irresponsible and demonstrates a disregard for residents who struggle to afford to live in San Francisco, and who expect public safety and a fully staffed police department to be part of the basic city services for which we already pay.

We need the restoration of public safety. This is a top priority for the majority of San Franciscans, and a fully staffed police force is needed to do the work that is necessary.

The net amount needed to fund the ORIGINAL Dorsey Charter amendment is estimated to be \$20M annually (after accounting for overtime savings).

I am hard-pressed to believe that the money couldn't be found in the city budget. Perhaps you should consider ending the funding of just one ineffective non-profit annually to cover that cost.

You have recently overseen a city budget that has DOUBLED since 2017, and you are telling the working residents of San Francisco that taxes must be raised for the city to provide basic law enforcement services and address a public safety crisis that city leaders should have handled long ago.

This is unacceptable and a breach of your fiduciary duty to the taxpayers of San Francisco.

I do not support your amendment that guts Supervisor Dorsey's charter amendment for SFPD staffing and request that you withdraw it immediately or kill the bill entirely.

I am a resident of District 7

**Message:** I OPPOSE Safai's charter amendment to increase taxes to solve the SFPD staffing crisis.

Dear Supervisor Safai,

I am writing to vehemently OPPOSE your amendment to Supervisor Dorsey's SFPD staffing plan. Increasing our taxes to solve the SFPD staffing crisis is irresponsible and demonstrates a disregard for residents who struggle to afford to live in San Francisco, and who expect public safety and a fully staffed police department to be part of the basic city services we already pay for. Our city budget is huge with some funds wasted on ineffective services that do not meet residents' needs. Perhaps there should be an audit by an independent consultant to find some wasted resources. I'm sure \$20M can be found by being more efficient without having to fleece residents again for services the city is supposed to provide.

We need the restoration of public safety now so that residents and business owners can feel reasonably safe again. This is a top priority for the majority of San Franciscans, and a fully staffed police force is needed to do the work that is necessary.

The net amount needed to fund the ORIGINAL Dorsey Charter amendment is estimated to be \$20M annually (after accounting for overtime savings).

**From your constituent:** Robb Fleischer, [rfleischer@amsiemail.com](mailto:rfleischer@amsiemail.com)

**Message:** I Support Supervisor Dorsey's Full Staffing Amendment, and You Should Too.

Dear Supervisors,

I support Supervisor Dorsey's full staffing amendment for SFPD and hope you will vote to put it on the ballot in March 2024. We cannot regain the city's reputation as a safe destination to live, work, visit, and shop if we do not have a fully staffed police force. Supervisor Dorsey's plan has short-, medium-, and long-range solutions to quickly fill the current gaps in personnel while making retention and recruitment possible and probable.

San Franciscans have prioritized public safety because we understand how vital it is to the success and achievement of every other industry and quality of life metric. Having our officers live in the neighborhoods they serve strengthens each community and the entire city. It is time to show our SFPD we value each and every officer, and it is long overdue that we take steps to help our officers live in the city they patrol each day. Please listen to your constituents who have repeatedly requested more funding for the police and more staffing of SFPD.

Increasing our taxes to solve the SFPD staffing crisis is irresponsible and demonstrates a disregard for residents who struggle to afford to live in San Francisco, and who expect public safety and a fully staffed police department to be part of the basic city services we already pay for.

We need the restoration of public safety now so that residents and business owners can feel reasonably safe again. This is a top priority for the majority of San Franciscans, and a fully staffed police force is needed to do the work that is necessary.

The net amount needed to fund the ORIGINAL Dorsey Charter amendment is estimated to be \$20M annually (after accounting for overtime savings).

We are hard-pressed to believe that the money couldn't be found in the city budget. Perhaps you should consider ending the funding of just one ineffective non-profit annually to cover that cost.

You have recently overseen a city budget that has DOUBLED since 2017, and you are telling the working residents of San Francisco that taxes must be raised for the city to provide basic law enforcement services and address a public safety crisis that city leaders should have handled long ago.

This is unacceptable and outrageous.

I do not support your amendment that guts Supervisor Dorsey's charter amendment for SFPD staffing and request that you withdraw it immediately or kill the bill entirely.

Increasing our taxes to solve the SFPD staffing crisis is irresponsible and demonstrates a disregard for residents who struggle to afford to live in San Francisco, and who expect public safety and a fully staffed police department to be part of the basic city services we already pay for.

We need the restoration of public safety now so that residents and business owners can feel safe in our city. This is a top priority for the majority of San Franciscans, and a fully staffed police force is needed to do the work that is necessary.

The net amount needed to fund the ORIGINAL Dorsey Charter amendment is estimated to be \$20M annually (after accounting for overtime savings).

I am certain that the money couldn't be found in the city budget. Perhaps you should consider ending the funding of just one ineffective non-profit annually to cover that cost.

You have recently overseen a city budget that has DOUBLED since 2017, and you are telling the working residents of San Francisco that taxes must be raised for the city to provide basic law enforcement services and address a public safety crisis that city leaders should have handled long ago.

I do not support your amendment that guts Supervisor Dorsey's charter amendment for SFPD staffing and request that you withdraw it immediately or cancel the bill entirely.

Please be more economical with taxpayer funds. You have a fiduciary duty to manage the city budget very carefully. It is important that you consider cuts to existing programs that have not worked out as planned. Please, I ask you to reconsider.

Thank you,

Jennifer

## Message to the Rules Committee and the Board of Supervisors

**From your constituent:** Thomas Petrovic-Schmidt, tgschmidt@gmail.com

I am a resident of District 8

**Message:** I OPPOSE Safai's charter amendment to increase taxes to solve the SFPD staffing crisis.

Dear Supervisor Safai,

I am writing to vehemently OPPOSE your amendment to Supervisor Dorsey's SFPD staffing plan. Increasing our taxes to solve the SFPD staffing crisis is irresponsible and demonstrates a disregard for residents who struggle to afford to live in San Francisco, and who expect public safety and a fully staffed police department to be part of the basic city services we already pay for.

We need the restoration of public safety now so that residents and business owners can feel reasonably safe again. This is a top priority for the majority of San Franciscans, and a fully staffed police force is needed to do the work that is necessary.

The net amount needed to fund the ORIGINAL Dorsey Charter amendment is estimated to be \$20M annually (after accounting for overtime savings).

We are hard-pressed to believe that the money couldn't be found in the city budget. Perhaps you should consider ending the funding of just one ineffective non-profit annually to cover that cost.

You have recently overseen a city budget that has DOUBLED since 2017, and you are telling the working residents of San Francisco that taxes must be raised for the city to provide basic law enforcement services and address a public safety crisis that city leaders should have handled long ago.

This is unacceptable and outrageous.

I do not support your amendment that guts Supervisor Dorsey's charter amendment for SFPD staffing and request that you withdraw it immediately or kill the bill entirely.

**Subject:** San Francisco Police Staffing Act  
**Date:** Sunday, November 5, 2023 5:56:57 AM

---

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Hi, my name is Chelsea. I'm a San Francisco resident and I'm calling to express my opposition to Supervisor Safai's amendment to the San Francisco Full Police Staffing Act.

I have heard directly from the police saying they don't need more money they need the city to work with them. Officers are leaving for 1/2 the pay. They don't need more money they need cooperation.

How can the Supervisor be for public safety when he made funding for more police officers contingent on us raising our taxes and left this legislation without a clear, dedicated funding source.

How can he expect SFPD to increase foot patrols in our neighborhoods if they don't have enough officers?

The inconsistent messaging we've received from him on this issue is frustrating for those of us who are imploring City Hall to prioritize public safety.

I implore the Supervisor to reverse his position to vote against this legislation and keep it from going on the March 2024 ballot.

With care,  
Chelsea D.S. Maverick

You have recently overseen a city budget that has DOUBLED since 2017, and you are telling the working residents of San Francisco that taxes must be raised for the city to provide basic law enforcement services and address a public safety crisis that city leaders should have handled long ago.

This is unacceptable and outrageous.

I do not support your amendment that guts Supervisor Dorsey's charter amendment for SFPD staffing and request that you withdraw it immediately or kill the bill entirely.

## Message to the Rules Committee and the Board of Supervisors

**From your constituent:** Chuck Voliva, [cvoliva@hotmail.com](mailto:cvoliva@hotmail.com)

I am a resident of District 3

**Message:** I OPPOSE Safai's charter amendment to increase taxes to solve the SFPD staffing crisis.

Dear Supervisor Safai,

I am writing to vehemently OPPOSE your amendment to Supervisor Dorsey's SFPD staffing plan. Increasing our taxes to solve the SFPD staffing crisis is irresponsible and demonstrates a disregard for residents who struggle to afford to live in San Francisco, and who expect public safety and a fully staffed police department to be part of the basic city services we already pay for.

We need the restoration of public safety now so that residents and business owners can feel reasonably safe again. This is a top priority for the majority of San Franciscans, and a fully staffed police force is needed to do the work that is necessary.

The net amount needed to fund the ORIGINAL Dorsey Charter amendment is estimated to be \$20M annually (after accounting for overtime savings).

We are hard-pressed to believe that the money couldn't be found in the city budget. Perhaps you should consider ending the funding of just one ineffective non-profit annually to cover that cost.

You have recently overseen a city budget that has DOUBLED since 2017, and you are telling the working residents of San Francisco that taxes must be raised for the city to provide basic law enforcement services and address a public safety crisis that city leaders should have handled long ago.

This is unacceptable and outrageous.

The net amount needed to fund the ORIGINAL Dorsey Charter amendment is estimated to be \$20M annually (after accounting for overtime savings).

We are hard-pressed to believe that the money couldn't be found in the city budget. Perhaps you should consider ending the funding of just one ineffective non-profit annually to cover that cost.

You have recently overseen a city budget that has DOUBLED since 2017, and you are telling the working residents of San Francisco that taxes must be raised for the city to provide basic law enforcement services and address a public safety crisis that city leaders should have handled long ago.

This is unacceptable and outrageous.

I do not support your amendment that guts Supervisor Dorsey's charter amendment for SFPD staffing and request that you withdraw it immediately or kill the bill entirely.

## Message to the Rules Committee and the Board of Supervisors

**From your constituent:** james horan, [jph.3037@yahoo.com](mailto:jph.3037@yahoo.com)

**I am a resident of** District 4

**Message:** I OPPOSE Safai's charter amendment to increase taxes to solve the SFPD staffing crisis.

Dear Supervisor Safai,

I am writing to vehemently OPPOSE your amendment to Supervisor Dorsey's SFPD staffing plan. Increasing our taxes to solve the SFPD staffing crisis is irresponsible and demonstrates a disregard for residents who struggle to afford to live in San Francisco, and who expect public safety and a fully staffed police department to be part of the basic city services we already pay for.

We need the restoration of public safety now so that residents and business owners can feel reasonably safe again. This is a top priority for the majority of San Franciscans, and a fully staffed police force is needed to do the work that is necessary.

The net amount needed to fund the ORIGINAL Dorsey Charter amendment is estimated to be \$20M annually (after accounting for overtime savings).

We are hard-pressed to believe that the money couldn't be found in the city budget. Perhaps you should consider ending the funding of just one ineffective non-profit annually to cover that cost.

We need the restoration of public safety now so that residents and business owners can feel reasonably safe again. This is a top priority for the majority of San Franciscans, and a fully staffed police force is needed to do the work that is necessary.

The net amount needed to fund the ORIGINAL Dorsey Charter amendment is estimated to be \$20M annually (after accounting for overtime savings).

We are hard-pressed to believe that the money couldn't be found in the city budget. Perhaps you should consider ending the funding of just one ineffective non-profit annually to cover that cost.

You have recently overseen a city budget that has DOUBLED since 2017, and you are telling the working residents of San Francisco that taxes must be raised for the city to provide basic law enforcement services and address a public safety crisis that city leaders should have handled long ago.

This is unacceptable and outrageous.

I do not support your amendment that guts Supervisor Dorsey's charter amendment for SFPD staffing and request that you withdraw it immediately or kill the bill entirely.

## Message to the Rules Committee and the Board of Supervisors

**From your constituent:** Esfir Shrayber, to\_fira@yahoo.com

**I am a resident of** District 4

**Message:** I OPPOSE Safai's charter amendment to increase taxes to solve the SFPD staffing crisis.

Dear Supervisor Safai,

I am writing to vehemently OPPOSE your amendment to Supervisor Dorsey's SFPD staffing plan. Increasing our taxes to solve the SFPD staffing crisis is irresponsible and demonstrates a disregard for residents who struggle to afford to live in San Francisco, and who expect public safety and a fully staffed police department to be part of the basic city services we already pay for.

We need the restoration of public safety now so that residents and business owners can feel reasonably safe again. This is a top priority for the majority of San Franciscans, and a fully staffed police force is needed to do the work that is necessary.

The net amount needed to fund the ORIGINAL Dorsey Charter amendment is estimated to be \$20M annually (after accounting for overtime savings).

We are hard-pressed to believe that the money couldn't be found in the city budget. Perhaps you should consider ending the funding of just one or more ineffective non-profits annually to cover that cost. Additional funds could be found by cutting outrageous SF Mayor and heads of City Hall departments salaries.

You have recently overseen a city budget that has DOUBLED since 2017, and you are telling the working residents of San Francisco that taxes must be raised for the city to provide basic law enforcement services and address a public safety crisis that city leaders should have handled long ago.

This is unacceptable and outrageous.

I do not support your amendment that guts Supervisor Dorsey's charter amendment for SFPD staffing and request that you withdraw it immediately or kill the bill entirely.

**Date:** Saturday, November 4, 2023 9:59:24 AM

---

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear Supervisor Safai,

Respectfully, I do not support your amendment that guts Supervisor Dorsey's charter amendment for SFPD staffing. Taxpayers should not be burdened with higher taxes. Find the money in SF's 15 billion dollar budget. Additionally, we not only need more police officers, we need more police cars so the officers are able to respond to emergencies and arrive in time to help. The SFPD needs more money responsibly managed with accountability and oversight. Please withdraw your amendment or kill the bill entirely.

Thank you in advance for your consideration of my concerns.

Sincerely,  
Judi

**From your constituent:** david bancroft, sfdavidbancroft@gmail.com

I am a resident of District 2

**Message:** I OPPOSE Safai's charter amendment to increase taxes to solve the SFPD staffing crisis.

Dear Supervisor Safai,

I am writing to strongly OPPOSE your amendment to Supervisor Dorsey's SFPD staffing plan. Increasing our taxes to solve the SFPD staffing crisis is untoward: It is a callous "poison pill" designed to deny what it pretends to afford, and disregards public safety: a fully staffed police department to be part of the basic city services we already pay for.

We need the restoration of public safety now so that residents and business owners can feel reasonably safe again. This is a top priority for the majority of San Franciscans, and a fully staffed police force is needed to do the work that is necessary.

The net amount needed to fund the ORIGINAL Dorsey Charter amendment is estimated to be \$20M annually (after accounting for overtime savings).

You have recently overseen a city budget that has DOUBLED since 2017, and you are telling the working residents of San Francisco that taxes must be raised for the city to provide basic law enforcement services and address a public safety crisis that city leaders should have handled long ago.

This is unacceptable and outrageous.

I do not support your amendment that guts Supervisor Dorsey's charter amendment for SFPD staffing and request that you withdraw it immediately or kill the bill entirely.

## Message to the Rules Committee and the Board of Supervisors

**From your constituent:** Joe Faulkner , joemangolf@aol.com

**I am a resident of** District 4

**Message:** I OPPOSE Safai's charter amendment to increase taxes to solve the SFPD staffing crisis.

Dear Supervisor Safai,

I am writing to vehemently OPPOSE your amendment to Supervisor Dorsey's SFPD staffing plan. Increasing our taxes to solve the SFPD staffing crisis is irresponsible and demonstrates a disregard for residents who struggle to afford to live in San Francisco, and who expect public safety and a fully staffed police department to be part of the basic city services we already pay for.

We need the restoration of public safety now so that residents and business owners can feel reasonably safe again. This is a top priority for the majority of San Franciscans, and a fully staffed police force is needed to do the work that is necessary.

The net amount needed to fund the ORIGINAL Dorsey Charter amendment is estimated to be \$20M annually (after accounting for overtime savings).

We are hard-pressed to believe that the money couldn't be found in the city budget. Perhaps you should consider ending the funding of just one ineffective non-profit annually to cover that cost.

You have recently overseen a city budget that has DOUBLED since 2017, and you are telling the working residents of San Francisco that taxes must be raised for the city to provide basic law enforcement services and address a public safety crisis that city leaders should have handled long ago.

You have recently overseen a city budget that has DOUBLED since 2017, and you are telling the working residents of San Francisco that taxes must be raised for the city to provide basic law enforcement services and address a public safety crisis that city leaders should have handled long ago.

This is unacceptable and outrageous.

I do not support your amendment that guts Supervisor Dorsey's charter amendment for SFPD staffing and request that you withdraw it immediately or kill the bill entirely.

## Message to the Rules Committee and the Board of Supervisors

**From your constituent:** Greg Syler, [sivakitty@yahoo.com](mailto:sivakitty@yahoo.com)

**I am a resident of** District 4

**Message:** I OPPOSE Safai's charter amendment to increase taxes to solve the SFPD staffing crisis.

Dear Supervisor Safai,

I am writing to vehemently OPPOSE your amendment to Supervisor Dorsey's SFPD staffing plan. Increasing our taxes to solve the SFPD staffing crisis is irresponsible and demonstrates a disregard for residents who struggle to afford to live in San Francisco, and who expect public safety and a fully staffed police department to be part of the basic city services we already pay for.

We need the restoration of public safety now so that residents and business owners can feel reasonably safe again. This is a top priority for the majority of San Franciscans, and a fully staffed police force is needed to do the work that is necessary.

The net amount needed to fund the ORIGINAL Dorsey Charter amendment is estimated to be \$20M annually (after accounting for overtime savings).

We are hard-pressed to believe that the money couldn't be found in the city budget. Perhaps you should consider ending the funding of just one ineffective non-profit annually to cover that cost.

You have recently overseen a city budget that has DOUBLED since 2017, and you are telling the working residents of San Francisco that taxes must be raised for the city to provide basic law enforcement services and address a public safety crisis that city leaders should have handled long ago.

You have recently overseen a city budget that has DOUBLED since 2017, and you are telling the working residents of San Francisco that taxes must be raised for the city to provide basic law enforcement services and address a public safety crisis that city leaders should have handled long ago.

This is unacceptable and outrageous.

I do not support your amendment that guts Supervisor Dorsey's charter amendment for SFPD staffing and request that you withdraw it immediately or kill the bill entirely.

## Message to the Rules Committee and the Board of Supervisors

**From your constituent:** Stephen Ernst, [steve.ernst@yahoo.com](mailto:steve.ernst@yahoo.com)

**I am a resident of** District 6

**Message:** I OPPOSE Safai's charter amendment to increase taxes to solve the SFPD staffing crisis.

Dear Supervisor Safai,

I am writing to vehemently OPPOSE your amendment to Supervisor Dorsey's SFPD staffing plan. Increasing our taxes to solve the SFPD staffing crisis is irresponsible and demonstrates a disregard for residents who struggle to afford to live in San Francisco, and who expect public safety and a fully staffed police department to be part of the basic city services we already pay for.

We need the restoration of public safety now so that residents and business owners can feel reasonably safe again. This is a top priority for the majority of San Franciscans, and a fully staffed police force is needed to do the work that is necessary.

The net amount needed to fund the ORIGINAL Dorsey Charter amendment is estimated to be \$20M annually (after accounting for overtime savings).

We are hard-pressed to believe that the money couldn't be found in the city budget. Perhaps you should consider ending the funding of just one ineffective non-profit annually to cover that cost.

You have recently overseen a city budget that has DOUBLED since 2017, and you are telling the working residents of San Francisco that taxes must be raised for the city to provide basic law enforcement services and address a public safety crisis that city leaders should have handled long ago.

## Message to the Rules Committee and the Board of Supervisors

**From your constituent:** Anthony Fox, [sftonyfox@gmail.com](mailto:sftonyfox@gmail.com)

I am a resident of District 5

**Message:** I OPPOSE Safai's charter amendment to increase taxes to solve the SFPD staffing crisis.

Dear Supervisor Safai,

I am writing to vehemently OPPOSE your amendment to Supervisor Dorsey's SFPD staffing plan. Increasing our taxes to solve the SFPD staffing crisis is irresponsible and demonstrates a disregard for residents who struggle to afford to live in San Francisco, and who expect public safety and a fully staffed police department to be part of the basic city services we already pay for.

We need the restoration of public safety now so that residents and business owners can feel reasonably safe again. This is a top priority for the majority of San Franciscans, and a fully staffed police force is needed to do the work that is necessary.

The net amount needed to fund the ORIGINAL Dorsey Charter amendment is estimated to be \$20M annually (after accounting for overtime savings).

We are hard-pressed to believe that the money couldn't be found in the city budget. Perhaps you should consider ending the funding of just one ineffective non-profit annually to cover that cost.

You have recently overseen a city budget that has DOUBLED since 2017, and you are telling the working residents of San Francisco that taxes must be raised for the city to provide basic law enforcement services and address a public safety crisis that city leaders should have handled long ago.

This is unacceptable and outrageous.

I do not support your amendment that guts Supervisor Dorsey's charter amendment for SFPD staffing and request that you withdraw it immediately or kill the bill entirely.

## Message to the Rules Committee and the Board of Supervisors

**From your constituent:** Zoe fuentes, [travelzoe@yahoo.com](mailto:travelzoe@yahoo.com)

**I am a resident of** District 2

**Message:** I OPPOSE Safai's charter amendment to increase taxes to solve the SFPD staffing crisis.

Dear Supervisor Safai,

I am writing to vehemently OPPOSE your amendment to Supervisor Dorsey's SFPD staffing plan. Increasing our taxes to solve the SFPD staffing crisis is irresponsible and demonstrates a disregard for residents who struggle to afford to live in San Francisco, and who expect public safety and a fully staffed police department to be part of the basic city services we already pay for.

We need the restoration of public safety now so that residents and business owners can feel reasonably safe again. This is a top priority for the majority of San Franciscans, and a fully staffed police force is needed to do the work that is necessary.

The net amount needed to fund the ORIGINAL Dorsey Charter amendment is estimated to be \$20M annually (after accounting for overtime savings).

We are hard-pressed to believe that the money couldn't be found in the city budget. Perhaps you should consider ending the funding of just one ineffective non-profit annually to cover that cost.

You have recently overseen a city budget that has DOUBLED since 2017, and you are telling the working residents of San Francisco that taxes must be raised for the city to provide basic law enforcement services and address a public safety crisis that city leaders should have handled long ago.

This is unacceptable and outrageous.

I do not support your amendment that guts Supervisor Dorsey's charter amendment for SFPD staffing and request that you withdraw it immediately or kill the bill entirely.

## Message to the Rules Committee and the Board of Supervisors

**From your constituent:** Robin McMillan, [rkmcmillan@viselect.com](mailto:rkmcmillan@viselect.com)

**I am a resident of** District 2

**Message:** I OPPOSE Safai's charter amendment to increase taxes to solve the SFPD staffing crisis.

Dear Supervisor Safai,

I am writing to vehemently OPPOSE your amendment to Supervisor Dorsey's SFPD staffing plan. Increasing our taxes to solve the SFPD staffing crisis is irresponsible and demonstrates a disregard for residents who struggle to afford to live in San Francisco, and who expect public safety and a fully staffed police department to be part of the basic city services we already pay for.

We need the restoration of public safety now so that residents and business owners can feel reasonably safe again. This is a top priority for the majority of San Franciscans, and a fully staffed police force is needed to do the work that is necessary.

The net amount needed to fund the ORIGINAL Dorsey Charter amendment is estimated to be \$20M annually (after accounting for overtime savings).

We are hard-pressed to believe that the money couldn't be found in the city budget. Perhaps you should consider ending the funding of just one ineffective non-profit annually to cover that cost.

You have recently overseen a city budget that has DOUBLED since 2017, and you are telling the working residents of San Francisco that taxes must be raised for the city to provide basic law enforcement services and address a public safety crisis that city leaders should have handled long ago.

This is unacceptable and outrageous.

I do not support your amendment that guts Supervisor Dorsey's charter amendment for SFPD staffing and request that you withdraw it immediately or kill the bill entirely.

**I am a resident of** District 2

**Message:** I OPPOSE Safai's charter amendment to increase taxes to solve the SFPD staffing crisis.

Dear Supervisor Safai,

I am writing to vehemently OPPOSE your amendment to Supervisor Dorsey's SPFD staffing plan. With a bloated budget that's already in deficit, the idea of Increasing our taxes to solve the SFPD staffing crisis is insulting, irresponsible and demonstrates a disregard for residents who struggle to afford to live in San Francisco. We have a right to expect public safety and a fully staffed police department to be part of the basic city services we already pay for...receiving little in the bargain, by the way.

We need the restoration of public safety now so that residents and business owners can feel reasonably safe again. This is a top priority for the majority of San Franciscans, and a fully staffed police force is needed to do the work that is necessary.

The net amount needed to fund the ORIGINAL Dorsey Charter amendment is estimated to be \$20M annually (after accounting for overtime savings).

**Message:** I OPPOSE Safai's charter amendment to increase taxes to solve the SFPD staffing crisis.

Dear Supervisor Safai,

I am writing to vehemently OPPOSE your amendment to Supervisor Dorsey's SFPD staffing plan. Increasing our taxes to solve the SFPD staffing crisis is irresponsible and demonstrates a disregard for residents who struggle to afford to live in San Francisco, and who expect public safety and a fully staffed police department to be part of the basic city services we already pay for.

We need the restoration of public safety now so that residents and business owners can feel reasonably safe again. This is a top priority for the majority of San Franciscans, and a fully staffed police force is needed to do the work that is necessary.

The net amount needed to fund the ORIGINAL Dorsey Charter amendment is estimated to be \$20M annually (after accounting for overtime savings).

We are hard-pressed to believe that the money couldn't be found in the city budget. Perhaps you should consider ending the funding of just one ineffective non-profit annually to cover that cost.

You have recently overseen a city budget that has DOUBLED since 2017, and you are telling the working residents of San Francisco that taxes must be raised for the city to provide basic law enforcement services and address a public safety crisis that city leaders should have handled long ago.

This is unacceptable and outrageous.

I do not support your amendment that guts Supervisor Dorsey's charter amendment for SFPD staffing and request that you withdraw it immediately or kill the bill entirely.

**Message:** I OPPOSE Safai's charter amendment to increase taxes to solve the SFPD staffing crisis.

Dear Supervisor Safai,

I am writing to vehemently OPPOSE your amendment to Supervisor Dorsey's SFPD staffing plan. Increasing our taxes to solve the SFPD staffing crisis is irresponsible and demonstrates a disregard for residents who struggle to afford to live in San Francisco, and who expect public safety and a fully staffed police department to be part of the basic city services we already pay for.

We need the restoration of public safety now so that residents and business owners can feel reasonably safe again. This is a top priority for the majority of San Franciscans, and a fully staffed police force is needed to do the work that is necessary.

The net amount needed to fund the ORIGINAL Dorsey Charter amendment is estimated to be \$20M annually (after accounting for overtime savings).

We are hard-pressed to believe that the money couldn't be found in the city budget. Perhaps you should consider ending the funding of just one ineffective non-profit annually to cover that cost.

You have recently overseen a city budget that has DOUBLED since 2017, and you are telling the working residents of San Francisco that taxes must be raised for the city to provide basic law enforcement services and address a public safety crisis that city leaders should have handled long ago.

This is unacceptable and outrageous.

I do not support your amendment that guts Supervisor Dorsey's charter amendment for SFPD staffing and request that you withdraw it immediately or kill the bill entirely.

## Message to the Rules Committee and the Board of Supervisors

**From your constituent:** Manuel Torres, manueltorres2001@hotmail.com

**I am a resident of** District 2

**Message:** I OPPOSE Safai's charter amendment to increase taxes to solve the SFPD staffing crisis.

Dear Supervisor Safai,

I am writing to vehemently OPPOSE your amendment to Supervisor Dorsey's SFPD staffing plan. Increasing our taxes to solve the SFPD staffing crisis is irresponsible and demonstrates a disregard for residents who struggle to afford to live in San Francisco, and who expect public safety and a fully staffed police department to be part of the basic city services we already pay for.

We need the restoration of public safety now so that residents and business owners can feel reasonably safe again. This is a top priority for the majority of San Franciscans, and a fully staffed police force is needed to do the work that is necessary.

The net amount needed to fund the ORIGINAL Dorsey Charter amendment is estimated to be \$20M annually (after accounting for overtime savings).

We are hard-pressed to believe that the money couldn't be found in the city budget. Perhaps you should consider ending the funding of just one ineffective non-profit annually to cover that cost.

You have recently overseen a city budget that has DOUBLED since 2017, and you are telling the working residents of San Francisco that taxes must be raised for the city to provide basic law enforcement services and address a public safety crisis that city leaders should have handled long ago.

This is unacceptable and outrageous.

I do not support your amendment that guts Supervisor Dorsey's charter amendment for SFPD staffing and request that you withdraw it immediately or kill the bill entirely.

**From:** [Lyndy Stewart](#)

## Message to the Rules Committee and the Board of Supervisors

**From your constituent:** Edward Cooper, encooper@yahoo.com

I am a resident of District 1

**Message:** I OPPOSE Safai's charter amendment to increase taxes to solve the SFPD staffing crisis.

Dear Supervisor Safai,

I am writing to vehemently OPPOSE your amendment to Supervisor Dorsey's SFPD staffing plan. Increasing our taxes to solve the SFPD staffing crisis is irresponsible and demonstrates a disregard for residents who struggle to afford to live in San Francisco, and who expect public safety and a fully staffed police department to be part of the basic city services we already pay for.

We need the restoration of public safety now so that residents and business owners can feel reasonably safe again. This is a top priority for the majority of San Franciscans, and a fully staffed police force is needed to do the work that is necessary.

The net amount needed to fund the ORIGINAL Dorsey Charter amendment is estimated to be \$20M annually (after accounting for overtime savings).

We are hard-pressed to believe that the money couldn't be found in the city budget. Perhaps you should consider ending the funding of just one ineffective non-profit annually to cover that cost.

You have recently overseen a city budget that has DOUBLED since 2017, and you are telling the working residents of San Francisco that taxes must be raised for the city to provide basic law enforcement services and address a public safety crisis that city leaders should have handled long ago.

This is unacceptable and outrageous.

I do not support your amendment that guts Supervisor Dorsey's charter amendment for SFPD staffing and request that you withdraw it immediately or kill the bill entirely.

## Message to the Rules Committee and the Board of Supervisors

**From your constituent:** Francesca Wong, francescaw@hotmail.com

I am a resident of District 3

**Message:** I OPPOSE Safai's charter amendment to increase taxes to solve the SFPD staffing crisis.

Dear Supervisor Safai,

I am writing to vehemently OPPOSE your amendment to Supervisor Dorsey's SFPD staffing plan. Increasing our taxes to solve the SFPD staffing crisis is irresponsible and demonstrates a disregard for residents who struggle to afford to live in San Francisco, and who expect public safety and a fully staffed police department to be part of the basic city services we already pay for.

We need the restoration of public safety now so that residents and business owners can feel reasonably safe again. This is a top priority for the majority of San Franciscans, and a fully staffed police force is needed to do the work that is necessary.

The net amount needed to fund the ORIGINAL Dorsey Charter amendment is estimated to be \$20M annually (after accounting for overtime savings).

We are hard-pressed to believe that the money couldn't be found in the city budget. Perhaps you should consider ending the funding of just one ineffective non-profit annually to cover that cost.

You have recently overseen a city budget that has DOUBLED since 2017, and you are telling the working residents of San Francisco that taxes must be raised for the city to provide basic law enforcement services and address a public safety crisis that city leaders should have handled long ago.

This is unacceptable and outrageous.

I do not support your amendment that guts Supervisor Dorsey's charter amendment for SFPD staffing and request that you withdraw it immediately or kill the bill entirely.

**From:** [Sally Walen](#)

We already pay over \$10,000 in property taxes for our 1000 foot flat, in addition to high sales tax. This city already has a huge budget. Find the money elsewhere.

Regards,  
Sally Walen

**From your constituent:** Susan McAndrews, [susan.mcandrews@pantheon.com](mailto:susan.mcandrews@pantheon.com)

I am a resident of District 1

**Message:** I OPPOSE Safai's charter amendment to increase taxes to solve the SFPD staffing crisis.

Dear Supervisor Safai,

As a manager of a family budget, I know that it's hard to cut costs, but those are choices that must be made. A responsible municipality would first address the massive payout of benefits to public sector employees before assessing new taxes to provide basic services.

I am writing to personally OPPOSE your amendment to Supervisor Dorsey's SFPD staffing plan. Increasing our taxes to solve the SFPD staffing crisis is irresponsible and demonstrates a disregard for residents who struggle to afford to live in San Francisco, and who expect public safety and a fully staffed police department to be part of the basic city services we already pay for.

We need the restoration of public safety now so that residents and business owners can feel reasonably safe again. This is a top priority for the majority of San Franciscans, and a fully staffed police force is needed to do the work that is necessary.

You have recently overseen a city budget that has DOUBLED since 2017, and you are telling the working residents of San Francisco that taxes must be raised for the city to provide basic law enforcement services and address a public safety crisis that city leaders should have handled long ago.

This is unacceptable and outrageous.

I do not support your amendment that guts Supervisor Dorsey's charter amendment for SFPD staffing and request that you withdraw it immediately or kill the bill entirely.

## Message to the Rules Committee and the Board of Supervisors

**From your constituent:** Arnold Cohn, sfamc2@gmail.com

**I am a resident of** District 2

**Message:** I OPPOSE Safai's charter amendment to increase taxes to solve the SFPD staffing crisis.

Dear Supervisor Safai,

I am writing to vehemently OPPOSE your amendment to Supervisor Dorsey's SFPD staffing plan. Increasing our taxes to solve the SFPD staffing crisis is irresponsible and demonstrates a disregard for residents who struggle to afford to live in San Francisco, and who expect public safety and a fully staffed police department to be part of the basic city services we already pay for.

We need the restoration of public safety now so that residents and business owners can feel reasonably safe again. This is a top priority for the majority of San Franciscans, and a fully staffed police force is needed to do the work that is necessary.

The net amount needed to fund the ORIGINAL Dorsey Charter amendment is estimated to be \$20M annually (after accounting for overtime savings).

We are hard-pressed to believe that the money couldn't be found in the city budget. Perhaps you should consider ending the funding of just one ineffective non-profit annually to cover that cost.

You have recently overseen a city budget that has DOUBLED since 2017, and you are telling the working residents of San Francisco that taxes must be raised for the city to provide basic law enforcement services and address a public safety crisis that city leaders should have handled long ago.

We are hard-pressed to believe that the money couldn't be found in the city budget. Perhaps you should consider ending the funding of just one ineffective non-profit annually to cover that cost.

You have recently overseen a city budget that has DOUBLED since 2017, and you are telling the working residents of San Francisco that taxes must be raised for the city to provide basic law enforcement services and address a public safety crisis that city leaders should have handled long ago.

This is unacceptable and outrageous.

I do not support your amendment that guts Supervisor Dorsey's charter amendment for SFPD staffing and request that you withdraw it immediately or kill the bill entirely.

## Message to the Rules Committee and the Board of Supervisors

**From your constituent:** Lorenzo Lucchesi, [lorenzolucchesi204@gmail.com](mailto:lorenzolucchesi204@gmail.com)

**I am a resident of** District 11

**Message:** I OPPOSE Safai's charter amendment to increase taxes to solve the SFPD staffing crisis.

Dear Supervisor Safai,

I am writing to vehemently OPPOSE your amendment to Supervisor Dorsey's SFPD staffing plan. Increasing our taxes to solve the SFPD staffing crisis is irresponsible and demonstrates a disregard for residents who struggle to afford to live in San Francisco, and who expect public safety and a fully staffed police department to be part of the basic city services we already pay for.

We need the restoration of public safety now so that residents and business owners can feel reasonably safe again. This is a top priority for the majority of San Franciscans, and a fully staffed police force is needed to do the work that is necessary.

The net amount needed to fund the ORIGINAL Dorsey Charter amendment is estimated to be \$20M annually (after accounting for overtime savings).

We are hard-pressed to believe that the money couldn't be found in the city budget. Perhaps you should consider ending the funding of just one ineffective non-profit annually to cover that cost.

You have recently overseen a city budget that has DOUBLED since 2017, and you are telling the working residents of San Francisco that taxes must be raised for the city to provide basic law enforcement services and address a public safety crisis that city leaders should have handled long ago.

## Message to the Rules Committee and the Board of Supervisors

**From your constituent:** Justin Truong, [justintruong56@gmail.com](mailto:justintruong56@gmail.com)

**I am a resident of** District 11

**Message:** I OPPOSE Safai's charter amendment to increase taxes to solve the SFPD staffing crisis.

Dear Supervisor Safai,

I am writing to vehemently OPPOSE your amendment to Supervisor Dorsey's SFPD staffing plan. Increasing our taxes to solve the SFPD staffing crisis is irresponsible and demonstrates a disregard for residents who struggle to afford to live in San Francisco, and who expect public safety and a fully staffed police department to be part of the basic city services we already pay for.

We need the restoration of public safety now so that residents and business owners can feel reasonably safe again. This is a top priority for the majority of San Franciscans, and a fully staffed police force is needed to do the work that is necessary.

The net amount needed to fund the ORIGINAL Dorsey Charter amendment is estimated to be \$20M annually (after accounting for overtime savings).

We are hard-pressed to believe that the money couldn't be found in the city budget. Perhaps you should consider ending the funding of just one ineffective non-profit annually to cover that cost.

You have recently overseen a city budget that has DOUBLED since 2017, and you are telling the working residents of San Francisco that taxes must be raised for the city to provide basic law enforcement services and address a public safety crisis that city leaders should have handled long ago.

This is unacceptable and outrageous.

I do not support your amendment that guts Supervisor Dorsey's charter amendment for SFPD staffing and request that you withdraw it immediately or kill the bill entirely.

## Message to the Rules Committee and the Board of Supervisors

**From your constituent:** Mark Clark, [mpclark704@icloud.com](mailto:mpclark704@icloud.com)

**I am a resident of** [District 7](#)

**Message:** I OPPOSE Safai's charter amendment to increase taxes to solve the SFPD staffing crisis.

Dear Supervisor Safai,

This amendment of yours to Dorsey's charter amendment is a poison pill- a way to make sure that nothing gets done. Either find the money in the current budget to fund basic police services like the staffing plan- or tell the voters you oppose it.

**From:** [Richard Higson](#)

## Message to the Rules Committee and the Board of Supervisors

**From your constituent:** Richard Higson, rhigson1@gmail.com

**I am a resident of** District 3

**Message:** I OPPOSE Safai's charter amendment to increase taxes to solve the SFPD staffing crisis.

Dear Supervisor Safai,

I am writing to vehemently OPPOSE your amendment to Supervisor Dorsey's SFPD staffing plan. Increasing our taxes to solve the SFPD staffing crisis is irresponsible and demonstrates a disregard for residents who struggle to afford to live in San Francisco, and who expect public safety and a fully staffed police department to be part of the basic city services we already pay for.

We need the restoration of public safety now so that residents and business owners can feel reasonably safe again. This is a top priority for the majority of San Franciscans, and a fully staffed police force is needed to do the work that is necessary.

The net amount needed to fund the ORIGINAL Dorsey Charter amendment is estimated to be \$20M annually (after accounting for overtime savings).

We are hard-pressed to believe that the money couldn't be found in the city budget. Perhaps you should consider ending the funding of just one ineffective non-profit annually to cover that cost.

You have recently overseen a city budget that has DOUBLED since 2017, and you are telling the working residents of San Francisco that taxes must be raised for the city to provide basic law enforcement services and address a public safety crisis that city leaders should have handled long ago.

This is unacceptable and outrageous.

I do not support your amendment that guts Supervisor Dorsey's charter amendment for SFPD staffing and request that you withdraw it immediately or kill the bill entirely.

**Message:** I OPPOSE Safai's charter amendment to increase taxes to solve the SFPD staffing crisis.

Dear Supervisor Safai,

PERSONAL NOTE: prefacing this form letter with a personal note. We need to focus on "first things first" in this city.

Enforcing basic public order (I think the word "safety" is overly contentious) is essentially the reason government exists. We need to get that right FIRST, \*then\* maybe ask me to pay more taxes for other stuff.

I am writing to vehemently OPPOSE your amendment to Supervisor Dorsey's SFPD staffing plan. Increasing our taxes to solve the SFPD staffing crisis is irresponsible and demonstrates a disregard for residents who struggle to afford to live in San Francisco, and who expect public safety and a fully staffed police department to be part of the basic city services we already pay for.

## Message to the Rules Committee and the Board of Supervisors

**From your constituent:** Grant Ingram, [grant.ingram@yahoo.com](mailto:grant.ingram@yahoo.com)

I am a resident of District 1

**Message:** I OPPOSE Safai's charter amendment to increase taxes to solve the SFPD staffing crisis.

Dear Supervisor Safai,

I am writing to vehemently OPPOSE your amendment to Supervisor Dorsey's SFPD staffing plan. Increasing our taxes to solve the SFPD staffing crisis is irresponsible and demonstrates a disregard for residents who struggle to afford to live in San Francisco, and who expect public safety and a fully staffed police department to be part of the basic city services we already pay for.

We need the restoration of public safety now so that residents and business owners can feel reasonably safe again. This is a top priority for the majority of San Franciscans, and a fully staffed police force is needed to do the work that is necessary.

The net amount needed to fund the ORIGINAL Dorsey Charter amendment is estimated to be \$20M annually (after accounting for overtime savings).

We are hard-pressed to believe that the money couldn't be found in the city budget. Perhaps you should consider ending the funding of just one ineffective non-profit annually to cover that cost.

You have recently overseen a city budget that has DOUBLED since 2017, and you are telling the working residents of San Francisco that taxes must be raised for the city to provide basic law enforcement services and address a public safety crisis that city leaders should have handled long ago.

This is unacceptable and outrageous.

I do not support your amendment that guts Supervisor Dorsey's charter amendment for SFPD staffing and request that you withdraw it immediately or kill the bill entirely.

**Message:** I OPPOSE Safai's charter amendment to increase taxes to solve the SFPD staffing crisis.

Dear Supervisor Safai,

I am writing to vehemently OPPOSE your amendment to Supervisor Dorsey's SFPD staffing plan. Increasing our taxes to solve the SFPD staffing crisis is irresponsible and demonstrates a disregard for residents who struggle to afford to live in San Francisco, and who expect public safety and a fully staffed police department to be part of the basic city services we already pay for.

We need the restoration of public safety now so that residents and business owners can feel reasonably safe again. This is a top priority for the majority of San Franciscans, and a fully staffed police force is needed to do the work that is necessary.

The net amount needed to fund the ORIGINAL Dorsey Charter amendment is estimated to be \$20M annually (after accounting for overtime savings).

We are hard-pressed to believe that the money couldn't be found in the city budget. Perhaps you should consider ending the funding of just one ineffective non-profit annually to cover that cost.

You have recently overseen a city budget that has DOUBLED since 2017, and you are telling the working residents of San Francisco that taxes must be raised for the city to provide basic law enforcement services and address a public safety crisis that city leaders should have handled long ago.

This is unacceptable and outrageous.

I do not support your amendment that guts Supervisor Dorsey's charter amendment for SFPD staffing and request that you withdraw it immediately or kill the bill entirely.

Dear Supervisor Safai,

I am writing to vehemently OPPOSE your amendment to Supervisor Dorsey's SFPD staffing plan. Increasing our taxes to solve the SFPD staffing crisis is irresponsible and demonstrates a disregard for residents who struggle to afford to live in San Francisco, and who expect public safety and a fully staffed police department to be part of the basic city services we already pay for.

We need the restoration of public safety now so that residents and business owners can feel reasonably safe again. This is a top priority for the majority of San Franciscans, and a fully staffed police force is needed to do the work that is necessary.

The net amount needed to fund the ORIGINAL Dorsey Charter amendment is estimated to be \$20M annually (after accounting for overtime savings).

We are hard-pressed to believe that the money couldn't be found in the city budget. Perhaps you should consider ending the funding of just one ineffective non-profit annually to cover that cost.

You have recently overseen a city budget that has DOUBLED since 2017, and you are telling the working residents of San Francisco that taxes must be raised for the city to provide basic law enforcement services and address a public safety crisis that city leaders should have handled long ago.

This is unacceptable and outrageous.

I do not support your amendment that guts Supervisor Dorsey's charter amendment for SFPD staffing and request that you withdraw it immediately or kill the bill entirely.

Dear Supervisor Safai,

I am writing to vehemently OPPOSE your amendment to Supervisor Dorsey's SFPD staffing plan. Increasing our taxes to solve the SFPD staffing crisis is irresponsible and demonstrates a disregard for residents who struggle to afford to live in San Francisco, and who expect public safety and a fully staffed police department to be part of the basic city services we already pay for.

We need the restoration of public safety now so that residents and business owners can feel reasonably safe again. This is a top priority for the majority of San Franciscans, and a fully staffed police force is needed to do the work that is necessary.

The net amount needed to fund the ORIGINAL Dorsey Charter amendment is estimated to be \$20M annually (after accounting for overtime savings).

We are hard-pressed to believe that the money couldn't be found in the city budget. Perhaps you should consider ending the funding of just one ineffective non-profit annually to cover that cost.

You have recently overseen a city budget that has DOUBLED since 2017, and you are telling the working residents of San Francisco that taxes must be raised for the city to provide basic law enforcement services and address a public safety crisis that city leaders should have handled long ago.

This is unacceptable and outrageous.

I do not support your amendment that guts Supervisor Dorsey's charter amendment for SFPD staffing and request that you withdraw it immediately or kill the bill entirely.

I am writing to vehemently OPPOSE your amendment to Supervisor Dorsey's SFPD staffing plan. Increasing our taxes to solve the SFPD staffing crisis is irresponsible and demonstrates a disregard for residents who struggle to afford to live in San Francisco, and who expect public safety and a fully staffed police department to be part of the basic city services we already pay for.

We need the restoration of public safety now so that residents and business owners can feel reasonably safe again. This is a top priority for the majority of San Franciscans, and a fully staffed police force is needed to do the work that is necessary.

The net amount needed to fund the ORIGINAL Dorsey Charter amendment is estimated to be \$20M annually (after accounting for overtime savings).

We are hard-pressed to believe that the money couldn't be found in the city budget. Perhaps you should consider ending the funding of just one ineffective non-profit annually to cover that cost.

You have recently overseen a city budget that has DOUBLED since 2017, and you are telling the working residents of San Francisco that taxes must be raised for the city to provide basic law enforcement services and address a public safety crisis that city leaders should have handled long ago.

This is unacceptable and outrageous.

I do not support your amendment that guts Supervisor Dorsey's charter amendment for SFPD staffing and request that you withdraw it immediately or kill the bill entirely.

**Date:** Thu, Nov 9, 2023 at 9:21 PM  
**Subject:** APEC Info & Immigrant Know Your Rights Sheet  
**To:** Elaine Villasper <[elaine@filipinocc.org](mailto:elaine@filipinocc.org)>

Hello everyone,

As a part of the San Francisco Immigrant Legal and Education Network (SFILEN), we helped produce an informational handout about the upcoming APEC summit happening next week. It has

information about the expected disruptions, as well as information for immigrants to know their rights. Everyone is welcome to print and disseminate the info sheet to your members and community, as well as forward to your networks and social media. We believe that vulnerable San Franciscans should know what to expect, and have as much information to make the most informed decisions about their daily lives when APEC is here. I hope that this information is helpful to you all.

The sheet is attached in PDF for printing and JPG for posting online or forwarding as a text message. It is available in 4 languages: English, Tagalog, Arabic, and Spanish.

Please let me know if you have any questions!

Salamat,

- Elaine

# APEC SUMMIT IS COMING TO SAN FRANCISCO

*Immigrants, make sure that you are prepared!*

A big conference for international politicians and corporations is happening in San Francisco that will bring a lot of visitors, police security, and transit disruptions!

**WHEN:** NOVEMBER 13-18

**WHERE:** MOSCONE CENTER  
EMBARCADERO  
FAIRMONT HOTEL

## WHAT TO EXPECT:

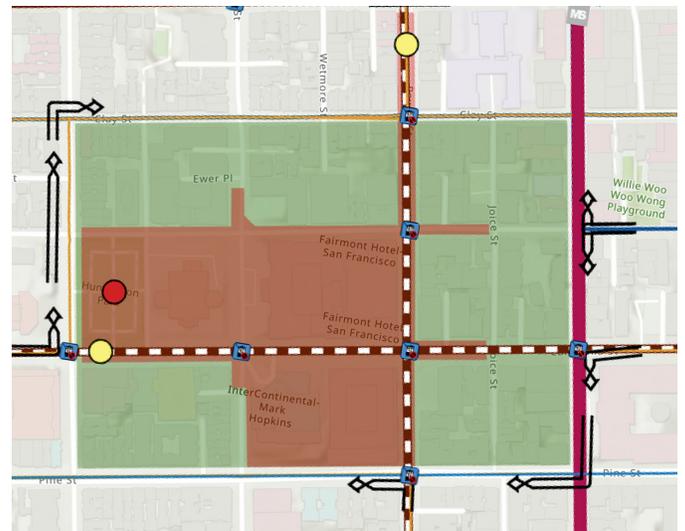

- Fenced and barricaded restricted security zones around the SOMA and near Chinatown
- Police checkpoints
- Increased police presence
- MUNI and BART reroutes and delays
- Heavy traffic

## WHERE IS THE RESTRICTED ZONE IN THE SOMA?

MARKET ST. TO HARRISON ST.  
2ND STREET TO 5TH STREET

## WHAT IF I NEED TO GO INTO THE RESTRICTED ZONE FOR WORK, SCHOOL, OR TO GET HOME?

- You can enter the zones to get home, to work, or go to shops
- There is a **MANDATORY** bag search
- You will have to go through a metal detector
- You **DO NOT** have to show I.D. or immigration papers

## WHERE IS THE RESTRICTED ZONE NEAR CHINATOWN?

CLAY STREET TO PINE STREET  
TAYLOR STREET TO STOCKTON ST.

# KNOW YOUR IMMIGRANT RIGHTS DURING APEC

*Immigrants, make sure that you are prepared!*

The San Francisco Immigrant Legal and Education Network (SFilen) is a collaboration of legal and service organizations dedicated to helping the immigrant community of San Francisco

On the week of NOV 13-NOV 18 you will see a lot of police and federal officers.

**DON'T WORRY!**

They are here for the APEC Summit, NOT immigration enforcement!

## WHAT TO SAY WHEN SPEAKING TO POLICE:

- “I do not want to sign any documents”
- “I need an interpreter”
- “I do not consent to a search”
  - Your bag will **ONLY** be searched if you are going through a security checkpoint
- “I need a lawyer before speaking to you”

**IF YOU THINK THAT YOU SEE ICE/LA MIGRA ACTIVITY, OR IF YOU ARE AN IMMIGRANT AND YOU NEED HELP**

# مؤتمر قمة أيبك قادم إلى سان فرانسيسكو

لجميع المهاجرين، تأكدوا من أنكم مستعدون!

يُعد مؤتمر كبير للسياسيين والشركات الدولية في سان فرانسيسكو والذي سيجلب الكثير من الزوار وتزايد تواجد الشرطة وتعطيل النقل!

متى: نوفمبر 13 حتى 18

أين: مركز موسكون  
إمباركاديو  
فندق فيرمونت

ما يمكن توقعه:

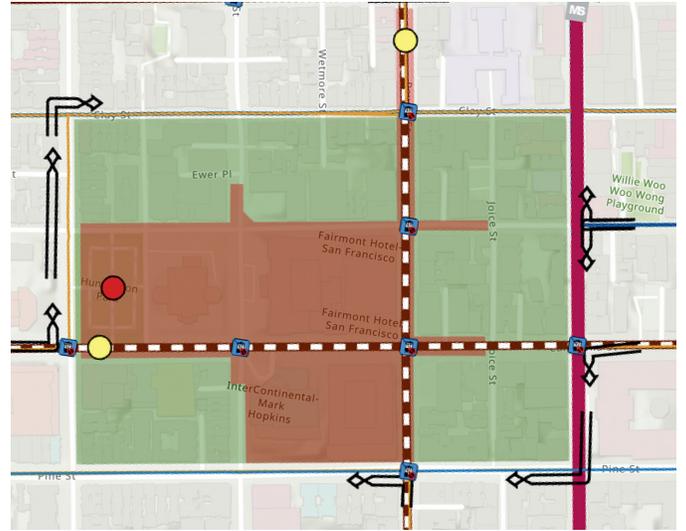

- مناطق أمنية محظورة مسيجة ومحصنة حول منطقة سوما وبالقرب من الحي الصيني
- نقاط تفتيش الشرطة
- تزايد تواجد الشرطة
- يقوم MUNI و BART بإعادة التوجيه والتأخير
- زحمة شديدة

## أين تقع المنطقة المحظورة في سوما؟

شارع ماركت حتى شارع هاريسون  
الشارع الثاني حتى الشارع الخامس

## ماذا لو كنت بحاجة للذهاب إلى المنطقة المحظورة للعمل أو المدرسة أو العودة إلى المنزل؟

- يمكنكم الدخول إلى المناطق للوصول إلى المنزل أو العمل أو الذهاب إلى المتاجر
- هناك تفتيش إلزامي لجميع الحقائق
- سوف تضطرون إلى المرور عبر جهاز الكشف عن المعادن
- **لا يجب** عليكم إظهار بطاقة الهوية. أو أوراق الهجرة، ولكن عليك إظهار إثبات الإقامة لدخول المبنى السكني الخاص بكم

## أين المنطقة المحظورة بالقرب من الحي الصيني؟

شارع كلاي إلى شارع باين  
شارع تايلور إلى شارع ستوكتون.

# تعرف على حقوق المهاجرين الخاصة بك خلال انعقاد قمة أيبك

لجميع المهاجرين، تأكدوا من أنكم مستعدون!

شبكة سان فرانسيسكو القانونية والتعليمية للمهاجرين (SFILEN) هي عبارة عن تعاون بين المنظمات القانونية والخدمية المخصصة لمساعدة مجتمع المهاجرين في سان فرانسيسكو

في الأسبوع من 13 نوفمبر إلى 18 نوفمبر، ستشاهد الكثير من ضباط الشرطة والضباط الفيدراليين.

**لا تقلقوا!**

إنهم هنا من أجل قمة أيبك، وليس من أجل إنفاذ قوانين الهجرة

ماذا تقول عند التحدث  
إلى الشرطة:

- "لا أريد التوقيع على أي وثائق"
- "أحتاج إلى مترجم فوري"
- "لا أوافق على البحث"
- لن يتم تفتيش حقيبتك إلا إذا كنت تمر عبر نقطة تفتيش أمنية
- "أحتاج إلى محامٍ قبل أن أتحدث إليك"

SAN  
FRANCISCO  
RAPID  
RESPONSE  
NETWORK

# PARATING NA ANG APEC SUMMIT SA SAN FRANCISCO

*Mga imigrante, siguraduhing handa kayo!*

May gaganapin na malaking pagpupulong ng mga pulitiko mula sa ibang bansa at korporasyon dito sa San Francisco na magdadala ng maraming bisita, pulisya seguridad, at pagkagambala sa transportasyon!

## NASAAN ANG RESTRICTED ZONE SA SOMA?

MARKET ST. TO HARRISON ST.  
2ND STREET TO 5TH STREET

## PAANO KUNG KAILANGAN KO PUMUNTA SA RESTRICTED ZONE PARA SA TRABAHO, PAARALAN, O UPANG UMUWI?

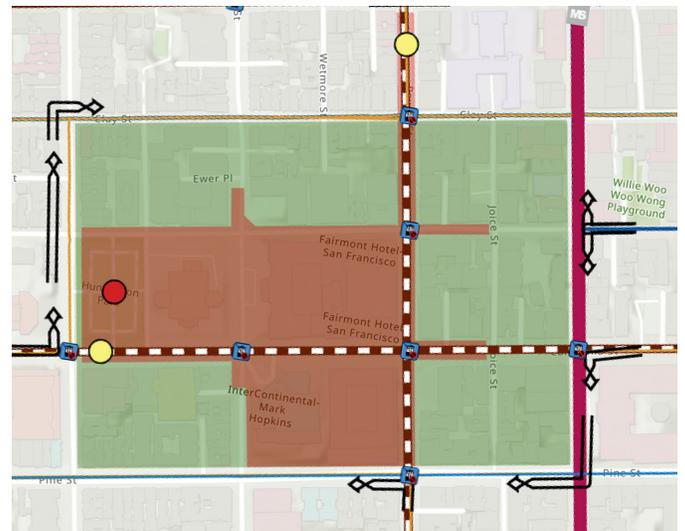

- Maaaring pumasok sa mga zone upang makauwi, magtrabaho, o pumunta sa mga tindahan
- Mayroong MANDATORY bag search
- Kailangan dumaan sa isang metal detector
- HINDI kailangan magpakita ng I.D o papeles sa imigrasyon

**KAILAN:** NOVEMBER 13-18

**SAAN:** MOSCONE CENTER  
EMBARCADERO  
FAIRMONT HOTEL

## ANO ANG KAILANGAN ASAHAN:

- Pagbabakod at paghaharang sa mga restricted security zone sa paligid ng SOM at malapit sa Chinatown
- Mga checkpoint ng pulis
- Karagdang pulis
- Ang MUNI at BART ay magiiba ng daan, at maantala
- Matinding trapiko

## NASAAN ANG RESTRICTED ZONE SA BANDA CHINATOWN?

CLAY STREET TO PINE STREET  
TAYLOR STREET TO STOCKTON ST.

# ALAMIN ANG INYONG KARAPATAN BILANG IMIGRANTE SA PANAHOON NG APEC

*Mga imigrante, siguraduhing handa kayo!*

Ang San Francisco Immigrant Legal and Education Network (SFILN) ay isang kolaborasyon ng mga organisasyong legal at serbisyo na nakatuon sa pagtulong sa komunidad ng mga imigrante sa San Francisco

Sa linggo ng NOV 13-NOV 18, marami tayong makikitang pulis at federal na opisyal.

## HUWAG MAG-ALALA!

Nandito sila para sa APEC Summit, HINDI para sa mga tungkuling imigrasyon!

### ANONG PWEDENG SABIHIN KAPAG KAUSAP ANG PULIS

- “Hindi ako pipirma ng anumang dokumento”
- “Kailangan ko ng interpreter sa Tagalog”
- “Hindi ako pumapayag hagilapin ang aking mga gamit”
  - Ang iyong gamit ay bubuksan lamang kung ikaw ay papasok sa security checkpoint
- “Gusto kong kumausap sa isang abogado”

### KUNG SA IKAW AY MAKAKITA NG ICE/LA MIGRA ACTIVITY, O KUNG IKAW AY IMIGRANTE AT KAILANGAN MO NG TULONG

# LA CONFERENCIA DE APEC VIENE A SAN FRANCISCO

*¡Inmigrantes, asegúrense de estar preparados!*

¡Una gran conferencia para políticos y corporaciones internacionales está pasando en San Francisco y traerá muchos visitantes, seguridad policial e interrupciones en el tránsito!

## ¿CUAL SERA LA ZONA RESTRINGIDA EN SOMA?

DESDE MARKET ST HASTA HARRISON ST  
DESDE LA CALLE 2 A LA CALLE 5

## ¿QUÉ PASA SI NECESITO IR A LA ZONA RESTRINGIDA PARA TRABAJAR, ESTUDIAR O LLEGAR A CASA?

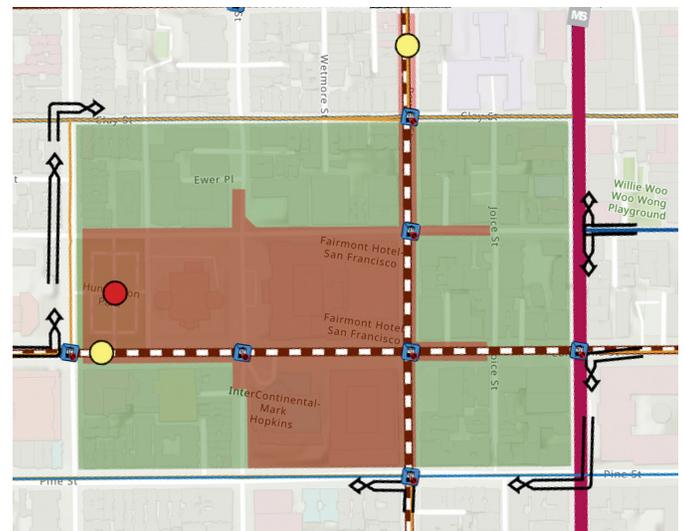

- Puedes entrar en las zonas para llegar a casa, al trabajo o ir de compras
- Hay un registro de pertenencias **OBLIGATORIO**
- Tendrás que pasar por un detector de metales
- **NO tiene** que mostrar una identificación o documentos de inmigración

**CUANDO:** NOVIEMBRE 13-18

**DONDE:** MOSCONE CENTER  
EMBARCADERO  
FAIRMONT HOTEL

## QUÉ ESPERAR:

- Zonas de seguridad restringidas cercadas y atrincheradas alrededor del SOMA y cerca del Barrio Chino
- Retenes policiales
- Aumento de la presencia policial
- Desvíos y retrasos de MUNI y BART
- Congestion vehicular.

## ¿DÓNDE ESTÁ LA RESTRICCIÓN CERCA DE CHINATOWN?

CLAY STREET A PINE STREET  
TAYLOR STREET A STOCKTON ST.

# CONOZCA SUS DERECHOS COMO INMIGRANTE

*¡Inmigrantes, asegúrense de estar preparados!*

La Red Legal y de Educación para Inmigrantes de San Francisco (SFILEN, por sus siglas en inglés) es una colaboración de organizaciones legales y de servicios dedicadas a ayudar a la comunidad inmigrante de San Francisco

En la semana del 13 al 18 de noviembre verás muchos policías y oficiales federales.

**¡NO TE PREOCUPES!**

¡Están aquí para la Cumbre de APEC, NO para la aplicación de la ley de inmigración!

## QUÉ DECIR AL HABLAR CON LA POLICÍA:

- "No quiero firmar ningún documento"
- "Necesito un intérprete"
- "No doy mi consentimiento para un registro"
  - Su bolso SOLO será registrado si está pasando por un punto de control de seguridad
- "Necesito un abogado antes de hablar con usted"

**SI VES ACTIVIDAD DE ICE/LA MIGRA, O SI ERES INMIGRANTE Y NECESITAS AYUDA**

# APEC SUMMIT IS COMING TO SAN FRANCISCO

*Immigrants, make sure that you are prepared!*

A big conference for international politicians and corporations is happening in San Francisco that will bring a lot of visitors, police security, and transit disruptions!

**WHEN:** NOVEMBER 13-18

**WHERE:** MOSCONE CENTER  
EMBARCADERO  
FAIRMONT HOTEL

## WHAT TO EXPECT:

- Fenced and barricaded restricted security zones around the SOMA and near Chinatown
- Police checkpoints
- Increased police presence
- MUNI and BART reroutes and delays
- Heavy traffic

## WHERE IS THE RESTRICTED ZONE IN THE SOMA?

MARKET ST. TO HARRISON ST.  
2ND STREET TO 5TH STREET

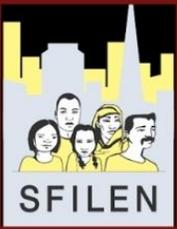

## WHAT IF I NEED TO GO INTO THE RESTRICTED ZONE FOR WORK, SCHOOL, OR TO GET HOME?

- You can enter the zones to get home, to work, or go to shops
- There is a **MANDATORY** bag search
- You will have to go through a metal detector
- You **DO NOT** have to show I.D. or immigration papers

## WHERE IS THE RESTRICTED ZONE NEAR CHINATOWN?

CLAY STREET TO PINE STREET  
TAYLOR STREET TO STOCKTON ST.

# KNOW YOUR IMMIGRANT RIGHTS DURING APEC

*Immigrants, make sure that you are prepared!*

The San Francisco Immigrant Legal and Education Network (SFilen) is a collaboration of legal and service organizations dedicated to helping the immigrant community of San Francisco

On the week of NOV 13-NOV 18 you will see a lot of police and federal officers.

**DON'T WORRY!**

They are here for the APEC Summit, NOT immigration enforcement!

## WHAT TO SAY WHEN SPEAKING TO POLICE:

- “I do not want to sign any documents”
- “I need an interpreter”
- “I do not consent to a search”
  - Your bag will **ONLY** be searched if you are going through a security checkpoint
- “I need a lawyer before speaking to you”

**IF YOU THINK THAT YOU SEE  
ICE/LA MIGRA ACTIVITY, OR IF  
YOU ARE AN IMMIGRANT AND  
YOU NEED HELP**

# LA CONFERENCIA DE APEC VIENE A SAN FRANCISCO

*¡Inmigrantes, asegúrense de estar preparados!*

¡Una gran conferencia para políticos y corporaciones internacionales está pasando en San Francisco y traerá muchos visitantes, seguridad policial e interrupciones en el tránsito!

## ¿CUAL SERA LA ZONA RESTRINGIDA EN SOMA?

DESDE MARKET ST HASTA HARRISON ST  
DESDE LA CALLE 2 A LA CALLE 5

## ¿QUÉ PASA SI NECESITO IR A LA ZONA RESTRINGIDA PARA TRABAJAR, ESTUDIAR O LLEGAR A CASA?

- Puedes entrar en las zonas para llegar a casa, al trabajo o ir de compras
- Hay un registro de pertenencias **OBLIGATORIO**
- Tendrás que pasar por un detector de metales
- **NO tiene** que mostrar una identificación o documentos de inmigración

**CUANDO:** NOVIEMBRE 13-18

**DONDE:** MOSCONE CENTER  
EMBARCADERO  
FAIRMONT HOTEL

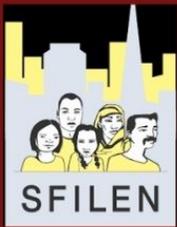

## QUÉ ESPERAR:

- Zonas de seguridad restringidas cercadas y atrincheradas alrededor del SOMA y cerca del Barrio Chino
- Retenes policiales
- Aumento de la presencia policial
- Desvíos y retrasos de MUNI y BART
- Congestion vehicular.

## ¿DÓNDE ESTÁ LA RESTRICCIÓN CERCA DE CHINATOWN?

CLAY STREET A PINE STREET  
TAYLOR STREET A STOCKTON ST.

# CONOZCA SUS DERECHOS COMO INMIGRANTE

*¡Inmigrantes, asegúrense de estar preparados!*

La Red Legal y de Educación para Inmigrantes de San Francisco (SFILN, por sus siglas en inglés) es una colaboración de organizaciones legales y de servicios dedicadas a ayudar a la comunidad inmigrante de San Francisco

En la semana del 13 al 18 de noviembre verás muchos policías y oficiales federales.

**¡NO TE PREOCUPES!**

¡Están aquí para la Cumbre de APEC, NO para la aplicación de la ley de inmigración!

## QUÉ DECIR AL HABLAR CON LA POLICÍA:

- "No quiero firmar ningún documento"
- "Necesito un intérprete"
- "No doy mi consentimiento para un registro"
  - Su bolso SOLO será registrado si está pasando por un punto de control de seguridad
- "Necesito un abogado antes de hablar con usted"

**SI VES ACTIVIDAD DE ICE/LA MIGRA, O SI ERES INMIGRANTE Y NECESITAS AYUDA**

**LLAME A LA LÍNEA DIRECTA DE RESPUESTA RÁPIDA:**

# PARATING NA ANG APEC SUMMIT SA SAN FRANCISCO

*Mga imigrante, siguraduhing handa kayo!*

May gaganapin na malaking pagpupulong ng mga pulitiko mula sa ibang bansa at korporasyon dito sa San Francisco na magdadala ng maraming bisita, pulisya seguridad, at pagkagambala sa transportasyon!

## NASAAN ANG RESTRICTED ZONE SA SOMA?

MARKET ST. TO HARRISON ST.  
2ND STREET TO 5TH STREET

## PAANO KUNG KAILANGAN KO PUMUNTA SA RESTRICTED ZONE PARA SA TRABAHO, PAARALAN, O UPANG UMUWI?

- Maaaring pumasok sa mga zone upang makauwi, magtrabaho, o pumunta sa mga tindahan
- Mayroong MANDATORY bag search
- Kailangan dumaan sa isang metal detector
- HINDI kailangan magpakita ng I.D o papeles sa imigrasyon

**KAILAN:** NOVEMBER 13-18

**SAAN:** MOSCONE CENTER  
EMBARCADERO  
FAIRMONT HOTEL

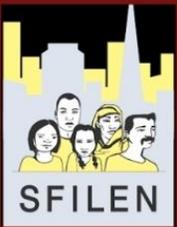

## ANO ANG KAILANGAN ASAHAN:

- Pagbabakod at paghaharang sa mga restricted security zone sa paligid ng SOM at malapit sa Chinatown
- Mga checkpoint ng pulis
- Karagdang pulis
- Ang MUNI at BART ay magiiba ng daan, at maantala
- Matinding trapiko

## NASAAN ANG RESTRICTED ZONE SA BANDA CHINATOWN?

CLAY STREET TO PINE STREET  
TAYLOR STREET TO STOCKTON ST.

# ALAMIN ANG INYONG KARAPATAN BILANG IMIGRANTE SA PANAHOON NG APEC

*Mga imigrante, siguraduhing handa kayo!*

Ang San Francisco Immigrant Legal and Education Network (SFILN) ay isang kolaborasyon ng mga organisasyong legal at serbisyo na nakatuon sa pagtulong sa komunidad ng mga imigrante sa San Francisco

Sa linggo ng NOV 13-NOV 18, marami tayong makikitang pulis at federal na opisyal.

## HUWAG MAG-ALALA!

Nandito sila para sa APEC Summit, HINDI para sa mga tungkuling imigrasyon!

### ANONG PWEDENG SABIHIN KAPAG KAUSAP ANG PULIS

- “Hindi ako pipirma ng anumang dokumento”
- “Kailangan ko ng interpreter sa Tagalog”
- “Hindi ako pumapayag hagilapin ang aking mga gamit”
  - Ang iyong gamit ay bubuksan lamang kung ikaw ay papasok sa security checkpoint
- “Gusto kong kumausap sa isang abogado”

### KUNG SA IKAW AY MAKAKITA NG ICE/LA MIGRA ACTIVITY, O KUNG IKAW AY IMIGRANTE AT KAILANGAN MO NG TULONG

**TAWAGAN ANG  
RAPID RESPONSE  
HOTLINE:**

**415-200-1548**

Para sa tulong o impormasyon mula sa gobyerno ng San Francisco

**DIAL 311 o 415-701-2311  
(24 hrs a day)**

**Para sa karagdagang impormasyon sa mga restricted zone, MUNI reroute, at iba pang mga resources, bisitahin ang website:**

# مؤتمر قمة أليك قادم إلى سان فرانسيسكو

لجميع المهاجرين، تأكدوا من أنكم مستعدون!

يُعقد مؤتمر كبير للسياسيين والشركات الدولية في سان فرانسيسكو والذي سيُجلب الكثير من الزوار وتزايد تواجد الشرطة وتعطيل النقل!

متى: نوفمبر 13 حتى 18

أين: مركز موسكون  
إمباركاديرو  
فندق فيرمونت

ما يمكن توقعه:

- مناطق أمنية محظورة مسيجة ومحصنة حول منطقة سوما وبالقرب من الحي الصيني
- نقاط تفتيش الشرطة
- تزايد تواجد الشرطة
- يقوم MUNI و BART بإعادة التوجيه والتأخير
- زحمة شديدة

## أين تقع المنطقة المحظورة في سوما؟

شارع ماركت حتى شارع هاريسون  
الشارع الثاني حتى الشارع الخامس

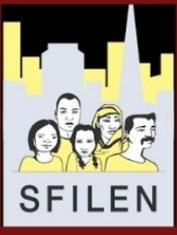

## ماذا لو كنت بحاجة للذهاب إلى المنطقة المحظورة للعمل أو المدرسة أو العودة إلى المنزل؟

- يمكنكم الدخول إلى المناطق للوصول إلى المنزل أو العمل أو الذهاب إلى المتاجر هناك تفتيش إلزامي لجميع الحقائق
- سوف تضطرون إلى المرور عبر جهاز الكشف عن المعادن
- **لا يجب** عليكم إظهار بطاقة الهوية. أو أوراق الهجرة، ولكن عليك إظهار إثبات الإقامة لدخول المبنى السكني الخاص بكم

## أين المنطقة المحظورة بالقرب من الحي الصيني؟

شارع كلاي إلى شارع باين  
شارع تايلور إلى شارع ستوكتون.

# تعرف على حقوق المهاجرين الخاصة بك خلال انعقاد قمة أبيك

لجميع المهاجرين، تأكدوا من أنكم مستعدون!

شبكة سان فرانسيسكو القانونية والتعليمية للمهاجرين (SFILEN) هي عبارة عن تعاون بين المنظمات القانونية والخدمية المخصصة لمساعدة مجتمع المهاجرين في سان فرانسيسكو

في الأسبوع من 13 نوفمبر إلى 18 نوفمبر، ستشاهد الكثير من ضباط الشرطة والضباط الفيدراليين.

**لا تقلقوا!**

إنهم هنا من أجل قمة أبيك، وليس من أجل إنفاذ قوانين الهجرة

ماذا تقول عند التحدث  
إلى الشرطة:

- "لا أريد التوقيع على أي وثائق"
- "أحتاج إلى مترجم فوري"
- "لا أوافق على البحث"
- لن يتم تفتيش حقيبتك إلا إذا كنت تمر عبر نقطة تفتيش أمنية
- "أحتاج إلى محامٍ قبل أن أتحدث إليك"
