To Whom This May Concern:

Please support this Charter Amendment. At a time when our city is struggling to revive itself, we don't need increases to SFMTA fares, changes in parking meter maximum rates, and revisions of hours or days of operation.

The new amendment would help prevent such inappropriate actions that adversely affect the people of San Francisco and the businesses that are trying to stay afloat.

Message: I support Supervisor Safai's Charter Amendment that would give Mayoral approval over parking meter and other transportation fees and fares.

Dear Supervisors,

I support Supervisor Safai's Charter Amendment for the March 5, 2024 election that would require the Mayor of San Francisco to approve any proposed increases to SFMTA fares, parking meter maximum rates, and hours or days of operation.

No single unelected city department head should have the sole authority to increase our parking or fare rates. To correct this, the proposed Charter Amendment requires the Mayor to approve any fare, parking, or MUNI rate increases put into the SFMTA budget, placing the authority back on elected leaders. Transportation fees significantly impact the lives of residents, and businesses, particularly those in lower-income areas, and when fees need to be changed, this decision should be made by our mayor, who can take all factors and constituents into consideration.

Please vote to support this Charter Amendment.

As a businesses owner in the Inner Richmond, extending the time/days on meters would negativity impact our business. We also need a solution for all day employee parking not at meters or residential spaces, for our workers that need to drive to work.

Message: I OPPOSE Safai's charter amendment to increase taxes to solve the SFPD staffing crisis.

Dear Supervisor Safai,

I am writing to vehemently OPPOSE your amendment to Supervisor Dorsey's SFPD staffing plan. Increasing our taxes to solve the SFPD staffing crisis is irresponsible and demonstrates a disregard for residents who struggle to afford to live in San Francisco, and who expect public safety and a fully staffed police department to be part of the basic city services we already pay for.

We need the restoration of public safety now so that residents and business owners can feel reasonably safe again. This is a top priority for the majority of San Franciscans, and a fully staffed police force is needed to do the work that is necessary.

The net amount needed to fund the ORIGINAL Dorsey Charter amendment is estimated to be \$20M annually (after accounting for overtime savings).

We are hard-pressed to believe that the money couldn't be found in the city budget. Perhaps you should consider ending the funding of just one ineffective non-profit annually to cover that cost.

You have recently overseen a city budget that has DOUBLED since 2017, and you are telling the working residents of San Francisco that taxes must be raised for the city to provide basic law enforcement services and address a public safety crisis that city leaders should have handled long ago.

This is unacceptable and outrageous.

I do not support your amendment that guts Supervisor Dorsey's charter amendment for SFPD staffing and request that you withdraw it immediately or kill the bill

entirely.

Members of the Board of Supervisors,

I rely on SFMTA transit on a daily basis, and I'm writing to express my opposition to the proposed charter amendment. This measure will do nothing to help MUNI riders; far from it. It will unnecessarily and unavoidably politicize SFMTA operational decisions at a time when the system needs all the flexibility possible to address its funding shortfalls.

Kindly,

Chance Boreczky

From your constituent: Stephanie Lehman, slehman21@yahoo.com

Message: I support Supervisor Safai's Charter Amendment that would give Mayoral approval over parking meter and other transportation fees and fares.

Dear Supervisors,

I support Supervisor Safai's Charter Amendment for the March 5, 2024 election that would require the Mayor of San Francisco to approve any proposed increases to SFMTA fares, parking meter maximum rates, and hours or days of operation.

No single unelected city department head should have the sole authority to increase our parking or fare rates. To correct this, the proposed Charter Amendment requires the Mayor to approve any fare, parking, or MUNI rate increases put into the SFMTA budget, placing the authority back on elected leaders. Transportation fees significantly impact the lives of residents, and businesses, particularly those in lower-income areas, and when fees need to be changed, this decision should be made by our mayor, who can take all factors and constituents into consideration.

Please vote to support this Charter Amendment.

**Subject:** SFMTA Charter Amendment

Dear Supervisor Peskin,

I am writing in support of Supervisors Safai and your [Charter Amendment](#) for the March 5, 2024 election that would require the Mayor of San Francisco to approve SFMTA's budget and any proposed increases to fares, parking meter maximum rates, and hours or days of operation.

Earlier this year, the GGRA, many community organizations, and the Board of Supervisors opposed the SFMTA plan to extend parking meters until 10 pm Monday through Saturday, and on Sundays from 12 pm to 6 pm. While we understood the significant financial challenges that SFMTA is facing and strongly support the need for a robust public transportation system in the city, the plan was ill conceived and the implementation plan was problematic. Although we are grateful that the program has been paused for further study, it illustrates a need for greater oversight of certain SFMTA programs.

As such, we strongly support this measure to fix this problem and require the Mayor to affirmatively approve in writing certain San Francisco Municipal Transportation Agency (SFMTA) proposals as part of the SFMTA's proposed budget or budget amendment, including changes to fares, parking meter maximum rates, and hours or days of parking meter operation. We believe that this additional oversight would benefit San Francisco and our small business community.

We thank you for your consideration.

Sincerely,  
Tony Marcell

**Message:** I support Supervisor Safai's Charter Amendment that would give Mayoral approval over parking meter and other transportation fees and fares.

Dear Supervisors,

I support Supervisor Safai's Charter Amendment for the March 5, 2024 election that would require the Mayor of San Francisco to approve any proposed increases to SFMTA fares, parking meter maximum rates, and hours or days of operation.

No single unelected city department head should have the sole authority to increase our parking or fare rates. To correct this, the proposed Charter Amendment requires the Mayor to approve any fare, parking, or MUNI rate increases put into the SFMTA budget, placing the authority back on elected leaders. Transportation fees significantly impact the lives of residents, and businesses, particularly those in lower-income areas, and when fees need to be changed, this decision should be made by our mayor, who can take all factors and constituents into consideration.

Please vote to support this Charter Amendment.
