Special Projects Manager | Department of Public Health

Subacute Bed Update

- DPH has continued to support the development of new subacute beds in San Francisco
- DPH is working closely with Chinese Hospital as they pursue SNF and Subacute SNF licensure and certification.
 - June 2023 – Chinese Hospital received SNF license certification from the State of California
 - Fall 2023 – Chinese Hospital hired an experienced consultant to guide them through the federal CMS SNF certification process.

Contract Background

- DPH selected Chinese Hospital Association through an RFP to provide subacute skilled nursing and skilled nursing facility beds for hospital overflow or emergency needs.
 - **Skilled Nursing Care** is nursing or therapy care for patients who are medically stable and have a need that must be performed by skilled, licensed professionals daily.
 - **Subacute skilled nursing care** is a level of care needed for patients who require ongoing specialized care, such as tracheotomy care, complex wound management, intravenous tube feeding, and/or ventilator care after an acute hospitalization.
- **Hospital Overflow:** there is ongoing need to discharge non-acute patients from ZSFG acute care units to a more appropriate level of care (SNF at Chinese Hospital).

Proposed Contract Amendment

- Resolution approving Amendment No. 1 to the agreement between Chinese Hospital Association and DPH for subacute skilled nursing and skilled nursing facility beds.
 - Increases the agreement by \$10,746,960
 - Extend the term by one year (total term December 1, 2022 – November 30, 2024)
 - Total NTE - \$20,638,800
- Under this contract Chinese Hospital provides 23 skilled nursing facility beds for hospital overflow or emergency needs.

Thank you
