MANDATE STATEMENT

City Charter Section 9.118(b) requires that the Board of Supervisors approve by resolution all City agreements in excess of \$10 million and/or that have a term of 10 years or more.

BACKGROUND

A Group Purchasing Organization (GPO) is an entity that is created to enable member organizations interested in buying similar products to combine their purchasing power for the purpose of procuring discounts on goods and services and to reduce the administrative burden associated with the procurement process for large organizations. GPOs are found in various industries, such as government and healthcare. In return, wholesale distributors gain increased market share and access to decision-makers at customer organizations. The City first authorized the Department of Public Health (DPH) to join a GPO in 1997. Originally, Administrative Code Section 21A.2 only authorized DPH to be a member of the healthcare GPO known as University HealthSystem Consortium (UHC),¹ which limited DPH's ability to compare costs against other GPOs in order to determine whether the Department was procuring healthcare goods and services for the best value. In 2015, Section 21A.2 was amended to clarify that DPH could procure information technology products and services through a number of GPOs. In 2020, the Board of Supervisors approved an ordinance (File 19-1237) that amended Chapter 21A.2 of the Administrative Code to enable DPH to join any healthcare GPO and continue its practice of obtaining healthcare goods and services from GPO vendors without going through a competitive solicitation. The Administrative Code also requires DPH to evaluate its GPO memberships every five years beginning in 2025 and provide the Health Commission with an evaluation report no later than January 31, 2025 in order to determine "which GPO memberships offer DPH the best value." DPH is a member of the Vizient GPO for the purposes of purchasing pharmaceuticals.

Selection of Vendor

As a result of DPH's membership in the Vizient GPO, the Department has access to three pharmaceutical wholesale vendors—McKesson Corporation, Cardinal Health, and AmerisourceBergen Corporation. The DPH's Chief Pharmacy Officer reported that a preliminary analysis of the three pharmaceutical vendors indicated that McKesson would continue to provide the best value in terms of the following factors: (1) its ability to comply with Administrative Code contracting requirements to do business with the City and County of San Francisco, (2) pricing including volume-based discounts, (3) ability to deliver products in a timely and accurate manner given DPH's substantial purchasing volume and distribution requirements, and (4) reporting and analytics capabilities related to the use of drugs across DPH's departmental units. The

¹ In 2015, the University HealthSystem Consortium merged with two other healthcare networks, VHA Inc. and Novation, and later with MedAssets to form one of the nation's largest healthcare GPOs—known as Vizient, of which DPH is currently a member.

Department reported that it sought a quote from Cardinal in 2022, prior to seeking an extension of its contract with McKesson. According to the Department, the Cardinal quote did not provide additional savings, when taking into account the substantial operational cost to switch vendors. The Department reported that the third vendor AmerisourceBergen was not responsive to their request for information.

Current Agreements

In March 2020, the Board of Supervisors approved two agreements between DPH and McKesson for pharmaceuticals (File 23-0012) and with McKesson Plasma and Biologics, LLC for pharmaceutical products, biologics², and specialty drugs (23-0013). Each agreement had a term from February 1, 2020 through January 31, 2024 and a combined not-to-exceed amount of \$677,317,781.

The agreements allow DPH to purchase medications for all hospital and clinical facilities operated by the City.

DETAILS OF PROPOSED LEGISLATION

File 23-1146: The proposed resolution would approve an amendment to the agreement between McKesson Corporation and DPH for the purchase of pharmaceuticals, increasing the not to exceed amount by \$596,269,164 for a total amount not to exceed \$977,652,155 over an extended term of four years and five months beginning February 1, 2024—for a total term from February 1, 2020 through June 30, 2028.

Under the proposed agreement, DPH is required to purchase 90 percent of its pharmaceutical supply from McKesson in order to receive discount pricing for bulk purchases. McKesson is a wholesale distributor of pharmaceuticals, meaning that it obtains drugs from a number of manufacturers and delivers them to DPH.

File 23-1147: The proposed resolution would approve an amendment to the agreement between McKesson Plasma and Biologics, LLC—a subsidiary of McKesson Corporation—and DPH for the purchase of pharmaceutical products, biologics, and specialty drugs, increasing the not to exceed amount by \$1,170,803,034 for a total amount not to exceed \$1,466,737,824 over an extended term of four years and five months beginning February 1, 2024—for a total term from February 1, 2020 through June 30, 2028.

Like the agreement with McKesson Corporation, DPH is required to purchase 90 percent of its pharmaceutical products, biologics, and specialty drugs from McKesson in order to receive discount pricing for bulk purchases.

² Biologic drugs are drugs synthesized from organic sources (animals, plants, microorganisms) or made up of components such as sugars, proteins, DNA, cells or tissues. Examples of biologics are (1) a long-acting form of human insulin, (2) monoclonal antibodies used to treat rheumatoid arthritis and other auto-immune diseases, and (3) monoclonal antibodies used to treat certain forms of cancer.

The Department reports procuring about 97 to 98 percent of its pharmaceuticals via McKesson. Each agreement retains a holdover provision that allows the contract to continue for up to 12 months beyond the end date until a new drug purchasing agreement is in place.

FISCAL IMPACT

As detailed below, the total cost of the proposed amendments is \$1.8 billion over the 4.4-year extension period. However, insurance reimbursements will likely reduce the net cost to the City to roughly \$88 million during that period.

Exhibit 1: Summary of Fiscal Impact

	Current (4 years)	Proposed (4.4 years)	Total

Net Cost to City	33,865,889	88,353,610	122,219,499

Source: DPH and BLA

¹ The assumed reimbursement of 95 percent is based on BLA review of cost recovery for outpatient non-acute settings (see Cost Recovery section below), and the actual reimbursement rate may vary from this assumption.

Impact of Purchasing Agreement Discounts

The appendices to the respective agreements detail the discount values that DPH receives based on the volume of purchases, invoice payment schedules, rebates and discounts, and other cost provisions; these discount values were redacted in the public documents. According to the City Attorney’s Office, discount values in the respective purchasing agreements are considered confidential because vendors are competing in the marketplace. While the specific financial terms of the amended agreements are also redacted, our office has had an opportunity to confidentially review the proposed financial terms.

Discount Monitoring

According to DPH’s Director of Supply Chain and Chief Pharmacy Officer, discounts that DPH receives under the respective agreements are monitored by DPH via quarterly compliance meetings. DPH Pharmacy staff also review purchases using an on-demand web interface system to ensure that discounts are properly applied. The Chief Pharmacy Officer also reported that inventory controls are in place to ensure that invoices match items and quantities received and that items received are added to pharmacy inventory tracking systems.

Purchasing Agreement Budget

Exhibit 2 below shows the spending plan for the proposed amendment with McKesson (File 23-1146). According to DPH’s Chief Pharmacy Officer, the budget is based on recent historical spending and consideration of upcoming treatment trends, such as payment for COVID vaccines,

injectable HIV prevention, and gene therapy for hemophilia. The budget also includes an annual inflation factor of 15 percent for all departmental units to account for anticipated drug cost increases based on the average increase for pharmaceuticals that DPH has experienced in recent years. (The initial agreement used an inflation factor of 11 percent.)

¹ Emerging specialty drugs are expected to be available over the course of the agreement term. However, because the final drug costs are unknown at this time, the values are not budgeted on an annual basis.

² Only over-the-counter drugs are taxable.

³ A holdover amount to enable continuation of the agreement for up to 12 months after it expires on June 30, 2028— from July 1, 2028 to June 30, 2029—is calculated based on the last 12 months of the agreement (\$126,128,401) plus a 15 percent inflation factor. This would enable 12 months of access to pharmaceutical purchases in the event that DPH seeks to switch to a different vendor or enters into protracted contract negotiations, according to the Department.

As shown in Exhibit 2 above, the spending plan for the proposed amended agreement with McKesson shows the annual breakdown of \$444.8 million in spending expected across six DPH divisions through June 2028. In addition, the spending plan includes a total of \$64.4 million—an addition of \$30,047,751 over the prior amount of \$34,395,955—for “specialty” drugs that are expected to be available during the agreement term, but for which annual spending amounts are unknown at this time. In addition, the spending plan has a 12 percent contingency of \$88.7 million as well as a “Holdover Amount” of \$145.0 million to allow the agreement to extend one year beyond the agreement end date of June 30, 2028. This amount is based on the expected spending

in the final 12 months of the agreement (\$126,128,401) escalated by 15 percent. Section 2.2 of the agreement allows the contract to extend in holdover status for up to 12 months beyond the end of the term.

Exhibit 3 below shows the spending plan for the agreement with McKesson Plasma and Biologics for specialty and gene therapy drugs. The budget includes an annual inflation factor of 44 percent to reflect the escalating cost of specialty and gene therapy drugs. (The initial agreement used an inflation factor of 40 percent.)

¹ Emerging specialty drugs are expected to be available over the course of the agreement term. However, because the final drug costs are unknown at this time, the values are not budgeted on an annual basis.

² A holdover amount to enable continuation of the agreement for up to 12 months after it expires on June 30, 2028— from July 1, 2028 to June 30, 2029—is calculated based on the last 12 months of the agreement (\$284,151,968) plus a 44 percent inflation factor. This would enable 12 months of access to pharmaceutical purchases in the event that DPH seeks to switch to a different vendor or enters into protracted contract negotiations, according to the Department.

As with the spending plan for the McKesson agreement in Exhibit 2, the spending plan in Exhibit 3 includes \$53.7 million for “specialty” drugs that are expected to be available during the agreement term, but for which annual spending amounts are unknown at this time. In addition, the spending plan has a 12 percent contingency of \$113.3 million as well as a “Holdover Amount” of \$409.2 million to allow the agreement to extend one year beyond the agreement end date of June 30, 2028. This amount is based on the expected spending for the final 12 months of the agreement (\$284,151,968) escalated by 44 percent. Section 2.2 of the agreement allows the contract to extend in holdover status for up to 12 months beyond the end of the term.

Expenditures

The Department provided the total actual expenditures for the initial contract term through FY 2022-23, which shows expenditures increasing by 25 percent in FY 2021-22 and in FY 2022-23 over the prior year, suggesting that the annual inflation factors used for the amended agreements—15 percent for McKesson and 44 percent for McKesson Plasma and Biologics—are reasonable. The annual increases reflect overall cost growth of 53 percent from FY 2019-20 through FY 2022-23.

Drug Price Increases

According to a September 2022 Issue Brief from the U.S. Department of Health and Human Services Office of Health Policy, the average list price for pharmaceuticals increased 7.8 to 10 percent, on average, between 2016 and 2022, however 1,200 drugs had cost increases of 31.6 percent on average between 2021 and 2022.

As noted above, the agreements with McKesson and McKesson Plasma and Biologics build in annual cost increases of 15 percent and 44 percent, respectively. The DPH Chief Pharmacy Officer reported that advances in the treatment of certain conditions, such as HIV/AIDS, rheumatologic conditions, cancer, and hepatitis, are leading to rapidly growing costs for these specialty drugs. Some examples of rare high-cost drugs include a novel oncology therapy known as Car T-cell, which costs from \$500,000 to \$1 million per patient, and gene therapy for hemophilia, a genetic disorder. In recent years, two gene therapy medications for hemophilia became available for \$2.9 to \$3.2 million per dose, according to the Department. The DPH reports that these specialty drugs represent 2 percent of overall drug purchases, but 50 percent of drug expenditures.

Other drugs are more commonly prescribed, yet still expensive. For example, the Department reported that the HIV pre-exposure prophylaxis drug Apretude costs \$29,000 per patient annually, a drug for treating substance use disorder costs \$21,000 annually (\$1,800 monthly), and injectable antipsychotic drugs may cost up to \$36,000 per year (\$3,000 per month).

Cost Recovery

Costs for the amended agreement will be partially offset from health insurance payors, including Medi-Cal, Medicare, and private insurance. The Department reported the following patient mix: 60 percent Medi-Cal, 30 percent Medicare, 7 percent uninsured, and 3 percent private insurance.³ Uninsured patients may benefit from patient assistance programs in which pharmaceuticals are provided for free by the manufacturer, according to DPH. The Department provided our office with an analysis of its pharmaceutical cost recovery for outpatient non-acute settings from FY 2019-20 through FY 2022-23, which indicates that the majority of pharmaceutical costs in this setting are reimbursed by payors, ranging from 85 percent to as much as 98.7 percent. The Department reported that it is unable to provide the same reimbursement data for acute care and other clinical settings, which comprise approximately half of all pharmaceutical expenditures, due to bundled billing that precludes the ability to isolate pharmaceutical reimbursement. Assuming a 95 percent insurance reimbursement rate, the net cost to the City from these agreements would be approximately \$88 million during the extension term. Net costs would be funded by the General Fund.

³ According to DPH, the expansion of Medi-Cal beginning January 2024 will likely cause the percentage of uninsured patients to decrease and the percentage of Medi-Cal-insured patients to increase, yielding greater cost recovery.

RECOMMENDATION

Approve the proposed resolutions.

How This Serves San Franciscans

This is how DPH obtains medications for ALL those we serve in SFDPH, includes San Francisco Health Network patients as well as community-based events:

- COVID and MPX response in community
- Prevent and treat HIV and HepC across the city
- Zuckerberg San Francisco General – cancer, surgery, critically ill
- Laguna Honda Hospital
- Behavioral Health System – Substance Use Disorder, Mental Health
- Primary & Specialty Care
- Jail Health System

SF Health Network Patients

Over 125,000
Enrolled

Medications at SFDPH

In the past 12 months:

- 269,000 anti-retroviral pills were purchased to treat/prevent HIV
- Approximately 680 patients from Ward 86 had medication filled monthly
- Last year, over 2,000 pills purchased to help cure Hepatitis C
- Prepared over 62,500 IV medications at ZSFG
- Dispensing over 10,000 doses per day for LHH residents
- 1,393 prescriptions dispensed for COVID and MPX treatment from ZSFG Outpatient pharmacy

Across all sites, DPH purchased ~20 million pills, packets, tubes, or vials

McKesson's Role

- McKesson is a wholesale distributor
- Single, efficient place to procure >95% of all medications for DPH
- They do not determine or negotiate medication prices
- Allows us to be reliable, nimble, and responsive when we need to be
 - Drug shortages, emergency responses of all types
- One of the largest distributors in U.S (over 5,000 hospitals), delivering 1/3 of all medications in North America

Why is a Distributor Needed?

- Distributors are the **industry standard**, ubiquitous and essential part of healthcare systems
- Distributors streamline the procurement process
 - **Efficiency** - saves staff time at every steps in supply chain
 - Provide greater **access** and more **flexibility**
- Supports the City to maintain industry standards for medication procurement in healthcare

Key Points

- BOS previously approved these contracts with McKesson in FY 19/20. This request is for extension for additional 4.5 years.
- While the proposed overall contract authority is large, the actual spending is approved by the BOS during annual budget process
- Proposed contract amendments ensure sufficient budget authority to respond to unforeseen circumstances, rapid increase in prices
 - COVID pandemic, MPX
 - New, novel treatments that may cost >\$3 M/dose
 - High-cost Specialty medications
- What has changed in these amendments: Better terms for City
- **SFDPH receives reimbursements from insurance for medications**

Cost-Effective Methods for Purchasing Medications

Methods

- Using discounts via DPH's **Group Purchasing Organization**
- For those without insurance, using drug manufacturers' **Patient Assistance Program** to pay for high-cost medications insurance
- **Governor Newsom's State Pharmaceutical Purchasing** program
- **340b Federal Drug Discount Program**

In addition, McKesson provides mark down on drug cost

- McKesson uses their bulk purchasing and agreements to pass on discounts to DPH
 - We pay less using a distributor

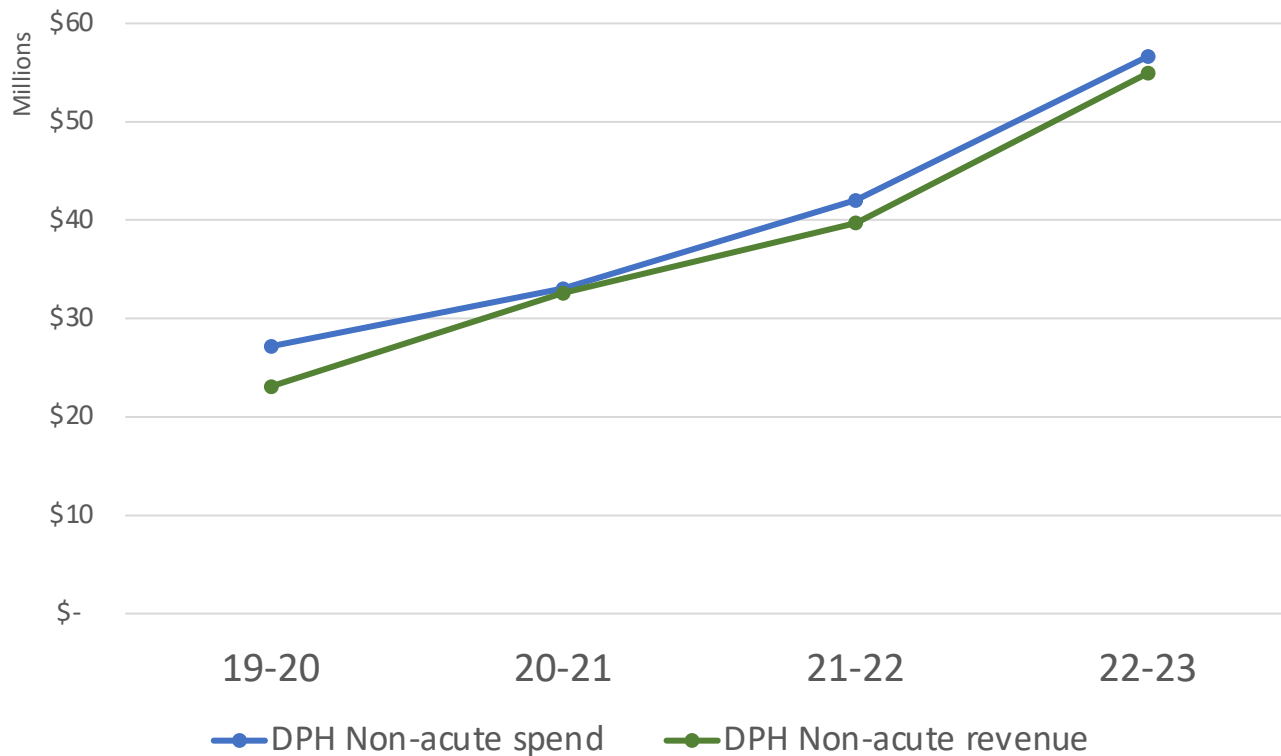

What we pay McKesson = cost of medications = cost of contract

Being Good Fiscal Stewards

Recouping Costs with Revenue:

Spend vs Revenue in Outpatient Setting

- Increasing costs of medications is a national challenge
- **DPH receives reimbursement from insurance (Medicare, Medicaid) for medications**
- Revenue helps DPH minimize use of General Fund

Acute care: not possible to parse out medication from non-medication reimbursement

Performance Monitoring

Methods to monitor:

- DPH reviews pricing and information for all medications
- Quarterly compliance meetings
- On-demand reporting via web interface

McKesson has been a strong partner:

APPENDIX A TO THE P-250 – McKESSON PLASMA AND BIOLOGICS LLC SUPPLY AGREEMENT

1. PRIME VENDOR COMMITMENTS:

Throughout the Agreement Term, in order to receive the Member Markup, City must not order less than ninety percent (90%) of all dollars spent on Products by using Distributor as its prime vendor for the purchase of such Products normally purchased through plasma and specialty pharmaceutical distributors (“Prime Vendor”). To the extent that Distributor is unable to supply such Products, those purchases shall be excluded from the ninety percent (90%) calculation. City’s compliance with the foregoing ninety percent (90%) Prime Vendor commitment will be measured during each quarter during the Term, beginning on the Effective Date. Upon request by Distributor, City should provide documentation denoting total purchase dollars available to Distributor in order to verify compliance with the Prime Vendor commitment set forth above. For purposes of clarification (i) the ninety percent (90%) Prime Vendor purchase threshold set forth in this paragraph is a condition for receiving the applicable Member Markup and (ii) City’s failure to meet the ninety percent (90%) Prime Vendor threshold as set forth herein shall not constitute a breach of City’s obligations hereunder, but Distributor may, at its option and in its sole discretion, instead of seeking any other remedy available hereunder, upon sixty (60) days’ notice to City, proceed under this Appendix A such that such City will only receive Secondary Services under the Agreement (as set forth in Section B of Exhibit C.9 of the Base Agreement) for the quarter following the quarter in which such City fails to meet the ninety percent (90%) Prime Vendor commitment.

2. AUTOMATIC ALTERNATE SOURCING: (Reserved)

3. COST REPORTING:

City will comply with all laws, including reporting or reflecting discounts, rebates and other price reductions pursuant to 42 U.S.C. §1320a-7b(b)(3)(A) on cost reports or claims submitted to federal or state healthcare programs, retaining invoices and related pricing documentation and making them available on request to healthcare program representatives. Thus, City or any Facility, if applicable, will accurately report, under any state or federal program which provides cost or charge based reimbursements for the Products and services covered by this Agreement, the net cost actually paid by City or any Facility. Distributor will comply with all laws, including requirements under 42 U.S.C. §1320a-7b(b)(3)(A) to (i) disclose on invoices or statements the amount of all discounts, rebates and other price reductions on Products purchased hereunder, and (ii) provide City with notice of City’s obligations to report and disclose such discounts, rebates and other price reductions. City and any Facility, if applicable, will each accurately report pricing, together with any reductions in price, in connection with any federal or state pricing survey (e.g., National Average Drug Acquisition Cost Survey).

4. CHANGE IN MEMBER STATUS:

Distributor understands and agrees that if during the Term of this Agreement the City’s status as a GPO member changes, any change to the terms of this Agreement will require as appropriate a new agreement or a Formal Amendment pursuant to Section 3.3.1 of the Agreement.

5. OWN USE:

City and Facilities represent and warrant that (i) prescription Products being purchased for dispensing or administration to patients pursuant to a legitimate prescription, and (ii) any subsequent resale by City or any Facility will be in compliance with applicable law and to a licensed healthcare provider for its

dispensing or administration to patients pursuant to a legitimate prescription. City and Facilities shall defend, indemnify and hold Distributor harmless from any and all liability arising out of or due to nonadherence with such representation and warranty.

2. MINIMUM COMMITMENTS:

The Member Markup is conditioned upon City maintaining, and City agrees to and shall maintain, the following minimum commitments (“Minimum Commitments”). If City fails to meet the Minimum Commitments during any calendar quarter during the Agreement Term, in addition to other remedies herein, Distributor will have the right to open negotiations to reasonably adjust the Member Markup matrix. As soon as practicable after receipt of such markup adjustment request by City, Distributor and City shall meet and begin good faith negotiations. If, at the end of the sixty (60) days following receipt of the adjustment request by City, Distributor and City have been unable to agree on satisfactory pricing, minimum

- 4. **CSOS MARKUP: (Reserved)**
- 5. **DELIVERY FREQUENCY: (Reserved)**
- 6. **REBATES/DISCOUNTS: (Reserved)**
- 7. **CONDITION FOR REBATES/DISCOUNTS: (Reserved)**

9. CLASS OF TRADE:

Distributor shall abide by the City’s GPO class of trade designation.

10. DEFINITION OF COST; MEMBER MARKUP:

- a. **In General.** Except as set forth herein or as otherwise agreed by City and Distributor, Distributor shall invoice City for purchases of Products at Cost (as defined below) plus, for Plasma Products only (excluding any City purchases of 340B Plasma Products) the Member Markup (as defined above) determined based on certain criteria applicable to City; additionally, the criteria includes, without limitation, the payment terms ("City Payment Terms") as defined in Attachment 3 hereto.

- b. **Cost for Contract Products.** [REDACTED]

- Cost for Non-Contract Products.** [REDACTED]

[REDACTED]

11. PRODUCT SUPPLY:

- a. **Distribution Centers.** Distributor may have multiple warehouses, or distribution centers, in different geographic locations (each, a "DC") and shall assign City to a primary DC. Thereafter, Distributor shall provide City with at least ninety (90) days' prior written notice before assigning City to a different primary DC. Notwithstanding the foregoing, City acknowledges that as of the effective date of this Appendix A, Distributor has only one DC, which is located in Memphis, Tennessee, and City is assigned to that DC as of the Effective Date.
- b. **Product Warehousing.** Distributor shall warehouse, at its own expense, such quantities of Products as Distributor reasonably determines are necessary to satisfy the City's purchasing requirements. Distributor's determination of such purchasing requirements shall be based on City's purchasing history, as well as the estimated monthly usage data that City provides to Distributor with all Product stocking requests [REDACTED].
[REDACTED]. Distributor shall provide City with a written procedure or an electronic application for City's Product stocking requests. Subject to availability and supplier lead times and, for new suppliers, subject to time for submitting and processing applications and loading data, Distributor shall place Products in stock at DCs within ten (10) business days of the date of City's request or the date of receipt of City's notification of newly awarded products that either replace existing Contract Products.
- c. **Approval of Suppliers.** Distributor's Product warehousing obligations pursuant to this Section are subject to applicable suppliers meeting Distributor's reasonable standards and other criteria pertinent to Distributor's business, such as credit worthiness, liability insurance, good standing with Federal regulatory agencies such as the federal Food and Drug Administration ("FDA") and the Federal Drug Enforcement Administration.

- d. **Scheduled Deliveries.** Distributor shall make scheduled deliveries using contracted third party couriers or common carriers. Products will be delivered to City F.O.B. destination, freight prepaid and absorbed, except as otherwise set forth below, Monday through Friday (and Saturday, if applicable). Distributor shall provide City with an order delivery time window that meets City's reasonable needs, but may be subject to limitations of contracted third party couriers and common carriers. Distributor shall communicate to City in a timely manner any changes or delays to the delivery time. Distributor shall make scheduled deliveries in boxes or clean, reusable totes, using third party couriers, or common carriers. Distributor shall deliver temperature-sensitive Products in insulated containers capable of maintaining the appropriate temperature during transport.
- e. **Order Transmission Deadlines.** Distributor's order transmission deadlines for City shall be no earlier than 7:00 p.m. CST Sunday through Thursday for next day Product delivery. Distributor's order transmission deadline on Friday shall be no earlier than 4:00 p.m. CST for delivery on Saturday for those members that receive Saturday deliveries.
- f. **Emergency Deliveries.** Included as part of City's payment for Products and/or Services hereunder, Distributor shall provide [REDACTED] Emergency Delivery per calendar year, per City location (e.g., if City facility's inpatient pharmacy is separate from City facility's outpatient pharmacy, each location shall be entitled to [REDACTED] Emergency Delivery per calendar year included as part of City's payment for Products and/or Services hereunder). The Emergency Deliveries provided to City location can only be used by the account number for that location and cannot be used by any other account numbers. For purposes of this Section, an "Emergency Delivery" is defined as any of the following:
 - i. Weekend or holiday delivery (unless such delivery is a scheduled delivery for City);
 - ii. City contacting DC on a business day, and needing a Product delivered to City's pharmacy prior to the next scheduled delivery on an urgent basis;
 - iii. City contacting DC on a business day, but after order transmission deadline, to add on a Product or adjust Product quantity.

Beginning with the [REDACTED] Emergency Delivery in a year for a given City location, Distributor may charge City [REDACTED] per occurrence or Distributor's actual freight cost, whichever is lower. In the case of any Emergency Delivery that results in Distributor's costs grossly exceeding the [REDACTED] charge, Distributor shall notify City of such anticipated costs before accepting the Emergency Delivery request and, with City's prior consent which may be given verbally at the time of placing the order. Distributor may charge City an amount equal to Distributor's actual costs for completing such Emergency Delivery.

[REDACTED]

h. **Product Compliance/Quality.**

- i. **Product Compliance:** Distributor represents and warrants as follows, which representations and warranties shall survive the expiration or earlier termination of this Agreement:
 - a. The Products shall be distributed and sold by Distributor in compliance with applicable Federal, state and local laws; and
 - b. From the time of Distributor's receipt of Products from the applicable supplier to the date of delivery to the City, Products shall not be adulterated or misbranded by Distributor within the meaning of the Federal Food, Drug and Cosmetic Act, as amended.
- ii. **Product Condition.** Unless otherwise agreed upon by City, all Products shall be new and shall not be delivered to City if expired unless City accepts delivery after receiving prior notice from Distributor (which notice may be through Distributor's McKesson Connect or any subsequent online ordering system) of the condition of such Products.
- iii. **Product Shelf Life.** Distributor shall deliver Products to City at least six (6) months prior to the expiration date of such Products. Distributor shall use its best efforts to deliver Products with the longest possible shelf life and the latest possible expiration dates. In the event that the only Product available is within six (6) months of its expiration date, Distributor shall notify City in writing of such dating. Upon receiving such notice, City may choose whether to accept any such Product.
- iv. **Product Integrity; Source of Products.** Distributor shall purchase all Products distributed and sold to City pursuant to this Agreement directly from the applicable manufacturer or the applicable manufacturer's exclusive distributor (as such terms are defined under the Drug Supply Chain Security Act). Distributor reserves the right to exclude any of the above entities that Distributor in its sole discretion determines is a gray market distributor.
- v. **Pass Through of Warranties, Representations, and Indemnity Obligations.** Distributor shall pass through to City any representations, warranties and rights and claims to defense and indemnity made by each supplier of a Product (including representations, warranties and rights and claims to defense and indemnity, relating to intellectual property, product liability or negligence) with respect to such Product, to the fullest extent permitted to be passed through by supplier. Nothing herein limits or obviates any right or remedies Distributor may have under its agreements with such suppliers. Furthermore, Distributor represents and warrants that it will make commercially reasonable efforts to (i) cooperate with all requests made by City to enforce such representations, warranties and rights and claims to defense and indemnity against such manufacturers and (ii) obtain consents from the manufacturers in passing through to the GPO and City such representations, warranties, and rights to defense and indemnification.
- vi. Distributor will not knowingly ship a Product for which it has received notice of recall.

- i. **Force Majeure.** Notwithstanding anything in this Agreement to the contrary, Distributor shall be excused from the performance of its obligations under this Agreement if, and for so long as, and only to the extent that, the non-performance of such obligations occurs by reason of any act of God, including but not limited to fire, flood, storm, earthquake, epidemic or natural disaster, or by reason of war, terrorism or national emergency and only to the extent such failure or delay in performance is not caused by Distributor's own fault or negligence ("Force Majeure"), provided that Distributor shall use commercially reasonable efforts to minimize the effects of the Force Majeure and resume performance. If such Force Majeure occurs unabated for a period of thirty (30) days or longer, the City may terminate this Agreement upon five (5) days written notice to Distributor. In addition, Distributor hereby agrees to use commercially reasonable efforts to deliver pharmaceutical products to City despite labor disputes, including delivering across picket lines and delivering to alternate delivery points; provided such activity does not put Distributor's employees', representatives', agents' or contractors' safety at risk.

12. ORDERING:

- a. **Distributor's Ordering Technology.** Included as part of City's payment for Products and/or Services hereunder, Distributor shall provide City the option to use the following systems to create, manage and transmit orders to Distributor:
 - i. Over-the-phone order taking capabilities; and
 - ii. A secure internet-based ordering application; and
 - iii. Exchange of standard Electronic Data Interchange ("EDI") transactions for ordering, order confirmation, and catalog creation and maintenance. For members that elect to use EDI to order from Distributor, City shall be responsible for all costs associated with equipping their facilities with EDI-capable software; provided, however, that Distributor shall not impose any fees on City as a result of using EDI as their ordering transmission method.
- b. **Purchase Orders.** Distributor shall accept City's orders, order supplements and order modifications on purchase orders delivered to Distributor via facsimile, telephone, or hard copy, through the preferred method of electronic order transmission using EDI through Distributor-provided technology as described in Attachment 2, Section 12(a) (Distributor's Ordering Technology), or through such other electronic method acceptable to Distributor. Such orders shall not add to, modify, or vary the terms of this Agreement. Distributor's ordering technology shall accommodate City's alphanumeric purchase order number.
- c. **Product Substitution.** Distributor shall have no unilateral right to substitute other products for any Product ordered.
- d. **Order Confirmation.**

Within twenty (20) minutes of City's order transmission, Distributor shall provide electronic confirmation of the transmitted order. The confirmation is an inventory commitment and shall include the following data: list of all Products ordered, quantity ordered, quantity to be shipped, reasons for Product unavailability, Product description, Product National Drug Code ("NDC") number, Distributor's Product number, invoice price per Product, each Product's extended invoice price for quantity committed, total invoice price for the

order, contract type description for each Product, and City's purchase order number. Contract type description examples include GPO contract, local or individual contract, and Distributor back-up contract.

13. INVOICES:

- a. **Invoice Information.** In addition to a packing slip, an invoice shall accompany each delivery of Products from Distributor or be made available through Distributor's web-based ordering system; provided, however, that for any order for which the delivery location is not the same as the City's location, shipping documentation may instead accompany such delivery instead of an invoice. Each invoice shall contain the price confirmed by Distributor at the time of City's order confirmation. For purposes of clarification, the price for a Product shall be locked in at the time of the order confirmation. Additionally, all invoices shall include, at a minimum, the following information (as applicable): invoice date, list of all Products ordered, Product quantity ordered, Product quantity shipped, reasons for Product unavailability, Product description (including supplier's name), Product number, Distributor's Product number, price per Product, each Product's extended price for quantity shipped, total price for the invoice (as set forth above), contract indicator for each Product, indications if Products are prescription, or non-prescription, City's purchase order number, Distributor's shipping address and shipping location's DEA number, Distributor invoice number or other applicable tracking number, and the payment due date. Distributor shall also provide members with the option of including the Global Location Number ("GLN") and Global Trade Identification Number ("GTIN") for each Product on an invoice, provided that City has provided such GLN and/or GTIN to Distributor in a format acceptable to Distributor. Distributor will separately invoice Controlled Substances (as defined herein).
- b. **Electronic Invoicing.** At City's election, Distributor shall invoice City electronically by using a standard EDI format or a customized format mutually agreed upon by City and Distributor. Distributor shall not charge City for such electronic invoicing.
- c. **Sales Taxes.** Sales taxes levied by any competent jurisdiction in which City or Distributor is located, based upon the transactions covered by this Agreement shall be passed on to the City by including a line item for the sales tax in the charge for the taxed Product and is also included in the Guaranteed Maximum Price.
- d. **Drop Shipment Invoice Services.** "Drop Shipments" are Products shipped from the supplier directly to City but invoiced to Distributor for the purpose of billing City. Upon request of City and with permission of the supplier and Distributor, Distributor shall provide invoices to City for Drop Shipments. Drop Shipments shall be invoiced at Cost plus any freight handling fee or other charge imposed by the supplier, without any Member Markup, and no additional fees will apply to the City for such Drop Shipments. In the event (i) Distributor elects to no longer carries a Product in a DC, provided such Product meets Distributor's reasonable minimum eligibility requirements to be carried by Distributor, or (ii) an entity affiliated with Distributor previously shipped a Product that is now shipped by Distributor, or (iii) an entity affiliated with Distributor ships a Product, or (iv) a Product is out of stock at City's DC, City may obtain a Drop Shipment from the supplier. In such an event, Distributor shall without exception invoice these Drop Shipments at Cost plus the applicable Member Markup under this Appendix A. All Drop

Shipments invoiced by the Distributor shall be added to the City's total purchase volume for the purposes of slotting the City in the Markup Matrix.

e. **Invoice Corrections.**

- i. **Denied Chargebacks.** "Denied Chargebacks" are invoices to City resulting from chargebacks for Products provided to City under applicable supplier agreements that are ultimately uncollectible from supplier despite Distributor's good faith efforts to collect from supplier. City shall not be responsible for any Denied Chargebacks dated later than sixty (60) days from an applicable Product's original invoice date.

1.19. **“Services”** means distribution services of Distributor provided to the City under this Agreement, including the purchasing and reselling of Products;

1.20. **“Successor Agreement”** means a national pharmacy distribution services agreement following the Base Agreement’s expiration or early termination, including as the result of the GPO’s award to Distributor of a successor pharmacy distribution services agreement.

1.21. **“Uncontested Amount”** means an amount charged by Distributor that is not then a Contested Amount.

Article 2 Term of the Agreement

2.1 Term.

The term of this Agreement shall commence on November 1, 2019 and expire on October 31, 2023, so long as Distributor has a GPO Base Agreement in place, unless earlier terminated as otherwise provided herein. Both Parties understand and agree that within one year in advance of the expiration date, the City must

commence its process to renew and/or replace this Agreement. In the event that such renewal is not completed before the expiration of the Term, the Holdover Extension of Section 2.2 will apply.

2.2 Holdover Extension.

Should this Agreement expire without a new agreement in place, at that time as mutually agreed by the Parties, this Agreement and associated budget may remain in full force and effect for a period of twelve (12) months. The best estimated Holdover Extension budget shall be detailed in Appendix B (Calculation of Charges). The applicable Product prices during the Holdover Extension shall be based upon the last year's annualized budget, plus [REDACTED], as reconciled to Distributor's actual Holdover Extension pricing at the start of the Holdover Extension term. For clarity, the Holdover Extension budget is not intended in any respect to place a cap on Distributor's pricing and the Holdover Extension may be exercised only if both mutually agree. The Holdover Extension term, if exercised, will be tied to the Holdover Extension budget. i.e., If the Holdover Extension budget is exhausted, the Holdover Extension term will expire unless otherwise mutually agreed. All terms and conditions of the Agreement shall apply during the Holdover Extension. Should drug prices and/or Distributor's cost of delivering Services change, the Parties may further discuss the Holdover Extension pricing.

2.3 City Disadvantage.

City will evaluate the terms and conditions of this Agreement and the Distributor's Successor Agreement to determine whether City may be materially disadvantaged by the terms and conditions of this Agreement and Successor Agreement as of the Successor Agreement Effective Date as compared to this Agreement ("Disadvantage"). If City determines in good faith that City may be Disadvantaged, City may send Distributor written notice thereof within ninety (90) days following the Successor Agreement Effective Date or amendment thereto, within the direct or indirect scope of such amendment. Upon Distributor's receipt of such notice, City will meet with Distributor to discuss in good faith such determination and will provide Distributor a reasonable opportunity to review and address such determination which may include addressing value added services and programs. If Distributor is unable to address City's determination of a Disadvantage to City's satisfaction, City may terminate this Agreement effective on sixty (60) days' prior written notice, or upon longer notice as determined appropriate by the City.

2.3.1 The determination of Disadvantage will be measured by comparing the terms and conditions of this Agreement and the Successor Agreement, as of the Successor Agreement effective date, exclusive of any term or condition that is a result of a regulatory change mandated to Distributor.

2.3.2 During the sixty (60) day or longer period following notice of termination under Section 2.3 above (the "Transition Period"), City may need to establish a relationship with another distributor to reasonably satisfy its pharmacy needs. Such relationship could cause Distributor to lose "Prime Vendor" status with City. In this event, during the Transition Period, Distributor shall not unilaterally increase the City markup set forth on Appendix A—Supply Agreement, Attachment 2 ("Member Markup and Commitments") or in any other way take away financial incentives or impose new fees on City as a result thereof.

2.3.3 For the avoidance of doubt, this Agreement shall be subject to the terms and conditions of the Successor Agreement, as modified by this Agreement, as of the Successor Agreement effective date regardless of whether City provides notice of Disadvantage or of its election to terminate this Agreement as described in this section.

2.3.4 Notwithstanding anything to the contrary herein, determination of Disadvantage and the decision to terminate will be made within the strict confines of the provisions of

Section 2.3 herein. Determination of Disadvantage and the decision to terminate shall specifically not include consideration of competitor terms and conditions.

Article 3 Financial Matters

3.1 Certification of Funds; Budget and Fiscal Provisions.

This contract is subject to the budget and fiscal provisions of City's Charter. Charges will accrue only after prior written authorization certified by City's Controller and amount of City's obligation hereunder shall not at any time exceed the amount certified for the purpose and period stated in such advance authorization. For avoidance of doubt, the City is not permitted to continue ordering Services should funding not be certified.

3.3 Formal and Informal Agreement Changes.

The Parties understand and agree that budget revisions are subject to the following:

3.3.1 Formal Contract Amendment: Distributor shall not be entitled to an increase in the Guaranteed Maximum Price or an extension of the Term unless the Parties agree to a Formal Amendment in accordance with the San Francisco Administrative Code and Section 11.5 (Modification of this Agreement).

3.3.2 City Revisions to Program Budgets: The City shall have authority, without the execution of a Formal Amendment, to purchase additional Services and/or make changes to the work in accordance with the terms of this Agreement (including such terms that require Distributor's agreement), not involving an increase in the GMP or the Term by use of a written City Program Budget Revision.

3.4 Guaranteed Maximum Price.

Distributor shall provide an invoice to the City on a monthly basis for Services completed in the immediate preceding month, unless a different schedule is set out in Appendix B, "Calculation of Charges." Compensation shall be made for Services identified in the invoice that the Director of Health, in his or her sole discretion, concludes has been satisfactorily performed in material conformance with the requirements set forth in this Agreement. Payment shall be made in conformance with Appendix A, Attachment 3 (City Payment Terms), unless the City notifies the Distributor that a dispute as to the invoice exists in accordance with Section 11.6.1. FIVE MILLION NINE HUNDRED THIRTY FOUR THOUSAND SEVEN HUNDRED NINETY DOLLARS (\$295,934,790). Contested Amounts shall be resolved pursuant Section 11.6 (Dispute Resolution). The liability limits may be satisfied through a combination of primary and excess policies. 5.2 Insurance Amendments.

In the event that Distributor amends said liability insurance in a manner that would materially alter the information contained in the insurance certificate provided to City, Distributor shall provide City with a new certificate as soon as practicable after Distributor makes such amendment(s). All policies shall be endorsed to provide thirty (30) days' advance written notice to the City of cancellation for any reason, intended non-renewal, or reduction in coverages. Notices shall be sent to the City address set forth in Section 11.1, entitled "Notices to the Parties." Should any required insurance lapse during the term of this Agreement, requests for payments originating after such lapse shall not be processed until the City receives satisfactory evidence of reinstated coverage as required by this Agreement, effective as of the lapse date.

Distributor shall indemnify and save harmless City and its officers, agents and employees from, and if requested, shall defend them against any and all loss, cost, damage, injury, liability, and claims thereof for injury to or death of a person, including employees of Distributor or loss of or damage to property, arising directly or indirectly from Distributor's performance of this Agreement, including, but not limited to, Distributor's use of facilities or equipment provided by City or others, except to the extent that such indemnity is void or otherwise unenforceable under applicable law in effect on or validly retroactive to the date of this Agreement, and except to the extent such loss, damage, injury, liability or claim is the result of

the active negligence or willful misconduct of City, in which case liability and damages shall be shared on a pro rata basis between the Parties under the California doctrine of comparative fault. The foregoing indemnity shall include, without limitation, reasonable fees of attorneys, consultants and experts and related costs and City's costs of investigating any claims against the City. In addition to Distributor's obligation to indemnify City, Distributor specifically acknowledges and agrees that it has an immediate and independent obligation to defend City from any claim which actually or potentially falls within this indemnification provision, even if the allegations are or may be groundless, false or fraudulent, which obligation arises at the time such claim is tendered to Distributor by City and continues at all times thereafter. Distributor shall indemnify and hold City harmless from all loss and liability, including attorneys' fees, court costs and all other litigation expenses for any infringement of the patent rights, copyright, trade secret or any other proprietary right or trademark, and all other intellectual property claims of any person or persons in consequence of the use by City, or any of its officers or agents, of articles or services to be supplied in the performance of this Agreement.

Article 7 Payment of Taxes

City is exempt from federal taxes except on articles for resale. Distributor will enter state and local sales or use tax, and excise tax if applicable, on invoices.

Article 8 Termination

In addition to City's termination right set forth in Section 2.3 (City Disadvantage) above, City or Distributor may effect an early termination of this Agreement in the following circumstances.

In the event of any termination as set forth in this Article 8, unless otherwise agreed by the Parties or ordered by a receiver or court of competent jurisdiction, Distributor understands and agrees that such termination will not become effective for a period of twelve (12) months after Distributor provides notice of termination or until the City notifies Distributor in writing that a replacement Prime Vendor contract is in place, whichever occurs first. However, if the Guaranteed Maximum Price budget is exhausted, termination will become effective unless City seeks approval for additional funding.

The Parties understand that the City requires, at minimum, twelve (12) months advance notice of anticipated budget exhaustion. Distributor and City will review current spend and purchase history during their quarterly reviews to enable the City to determine if certification of any additional funds will be required. For clarity, the addition of any funds beyond the GMP in excess of \$500,000 will require a Formal Amendment to this Agreement. The City understands and agrees that if additional funds are needed, Distributor may seek repricing, and such repricing is to be mutually agreed by the Parties in accordance with this Agreement.

8.1 Termination for Cause.

The City or Distributor may provide sixty (60) days prior written notice of an early termination of this Agreement upon the occurrence of a material breach by the other Party, as determined in good faith by the non-breaching Party. The non-breaching Party must give written notice to the breaching Party of the occurrence of such breach. The notice must describe in detail the nature of the breach. The breaching Party will have the opportunity to cure its breach to the reasonable satisfaction of the non-breaching Party during the sixty (60) day period beginning on the date the breaching Party receives the written notice (the "Cure Period"). In the alternative, if such breach is of a nature that it cannot be cured in sixty (60) days, the breaching Party must commence and diligently prosecute in good faith the cure of such breach within the Cure Period and cure such breach within ninety (90) days.

If the breach is not cured by the expiration of the Cure Period, then the non-breaching Party may provide written notice to the breaching Party that this Agreement will be terminated in thirty (30) days following such termination notice, or such longer period as may be mutually agreed in writing by the Parties.

8.2 External Event.

"External Event" shall mean an event or series of events external to and beyond the control of Distributor that has had a significant adverse impact on Distributor's business or operations. An External Event, by way of illustration and not of limitation, may include a federal, state or local governmental law, the actual enactment of a regulation or administrative action, or a fundamental change in a suppliers' pricing, economics or distribution policies. In response to an External Event, Distributor may, at its option, request in writing (a "Request") that the pricing and/or other terms of this Agreement be renegotiated so as to equitably reflect the effect of the External Event, and such Request will be provided to City. The Request shall identify the External Event and set forth the general nature and the specific adjustment(s) requested. As soon as practicable after receipt of such Request by City, Distributor and City shall meet and begin good faith negotiations. If, at the end of the sixty (60) days following receipt of a Request by City, Distributor and City have been unable to agree on satisfactory pricing or other supply terms, either Party shall have the right to terminate this Agreement, upon sixty (60) days' prior written notice to the other.

8.3 Distributor Loss of GPO Contract.

In the event the Base Agreement or any subsequent extension or replacement between City’s current GPO and Distributor expires or is otherwise terminated for any reason during its Term, this Agreement shall automatically and simultaneously terminate without penalty to City or Distributor.

8.4 Distributor or City Insolvency.

City or Distributor may immediately terminate this Agreement without penalty if the other Party (City or Distributor, as applicable) becomes bankrupt or insolvent, makes an unauthorized assignment for the benefit of creditors or goes into liquidation, has proceedings initiated against it for the purpose of seeking a receiving order or winding up order, or applies to the courts for protection from its creditors.

8.5 City Right to Termination for Distributor Change of Control Event.

If Distributor experiences a “change of control”, then City may terminate this Agreement without penalty upon sixty (60) days’ written notice. For purposes of this Section 8.5, “change of control” shall mean the sale of all or substantially all of the assets of the Party, a merger, consolidation or acquisition of the Party with, by or into another corporation, or any change in ownership of more than fifty percent (50%) of the voting capital stock of the Party in one or more related transactions.

8.6 Mutual Consent.

If Distributor and City mutually agree to terminate this Agreement, then such termination will be without penalty to Distributor or City. For the avoidance of doubt, all Uncontested Amounts owed prior to such termination shall remain due and payable to Distributor.

If any third-party initiates or threatens to initiate legal action to compel the production of Distributor's material, Distributor shall defend, indemnify and save harmless City and its officers, agents and employees from any and all such third party claims. Should Distributor fail to seek judicial relief on or before Response Date, the City shall proceed with the disclosure of responsive documents.

11.4.3 **Agreement not to Sue:** Distributor agrees that it will not sue the City for damages in connection with the disclosure by the City of information that Distributor asserts is exempt from disclosure, so long as such disclosure was inadvertent and the City uses reasonable efforts to mitigate the effects of the inadvertent disclosure and/or uses reasonable efforts to retrieve the information as appropriate.

11.5 **Modification of this Agreement.**

This Agreement may not be modified, nor may compliance with any of its terms be waived, except by written instrument executed by the Parties and approved in the same manner as this Agreement. Distributor shall cooperate with Department to submit to the Director of CMD any amendment, modification, supplement or change order that would result in a cumulative increase of the original amount of this Agreement by more than twenty percent (20%) ("CMD Contract Modification Form").

11.6 **Dispute Resolution Procedure.**

11.6.1 **Negotiation; Non-Binding Alternative Dispute Resolution:** The Parties will attempt in good faith to resolve any dispute or controversy arising out of or relating to the performance or receipt of services under this Agreement, including those related to non-payment or disputed invoices ("Disputes") in accordance with the following escalation process. Upon written notice by a party to the other party of a Dispute ("Dispute Notice"), such Dispute shall first be referred to Distributor's lead engagement partner or, principal, or managing director (or designee) and City's Contract Administrator (or designee), as defined in Appendix A (Supply Agreement). If they are unable to resolve the Dispute within ninety (90) days of the Dispute Notice, the Dispute will be escalated to Distributor's lead client service partner (or designee) and the Department of Public Health Chief Financial Officer (or designee). If the Parties are still unable to resolve the dispute within ninety (90) additional days, then pursuant to San Francisco Administrative Code Section 21.36, Distributor may submit to the Contracting Officer a written request for administrative review and documentation of the Distributor's claim(s). Upon such request, the Contracting Officer shall promptly issue an administrative decision in writing, stating the reasons for the action taken and informing the Distributor of its right to judicial review.

(a) After the Parties have exhausted the informal dispute resolution process outlined in Section 11.6.1, then, if agreed by both Parties in writing, disputes may be resolved by a mutually

agreed-upon non-binding alternative dispute resolution process. If the Parties do not mutually agree to an alternative dispute resolution process or such efforts do not resolve the dispute, then either Party may pursue any remedy available under California law.

(b) The status of any Dispute or controversy notwithstanding, Distributor and City shall each proceed diligently with the performance of its obligations under this Agreement in accordance with the Agreement. Neither Party will be entitled to legal fees or costs for matters resolved under this Section.

11.7 Government Code Claim Requirement.

No suit for money or damages may be brought against the City until a written claim therefor has been presented to and rejected by the City in conformity with the provisions of San Francisco Administrative Code Chapter 10 and California Government Code Section 900, et seq. Nothing set forth in this Agreement shall operate to toll, waive or excuse Distributor's compliance with the California Government Code Claim requirements set forth in San Francisco Administrative Code Chapter 10 and California Government Code Section 900, et seq.

11.8 Agreement Made in California; Venue.

The formation, interpretation and performance of this Agreement shall be governed by the laws of the State of California. Venue for all litigation relative to the formation, interpretation and performance of this Agreement shall be in San Francisco.

11.9 Construction.

All paragraph captions are for reference only and shall not be considered in construing this Agreement.

11.10 Entire Agreement.

The terms and conditions agreed between the Parties in this contract, including all Appendices and Attachments, which are hereby expressly incorporated herein by reference, sets forth the entire Agreement between the Parties, and supersedes all other oral or written provisions. This Agreement may be modified only as provided in Section 11.5, "Modification of this Agreement."

11.11 Compliance with Laws.

Each Party represents and warrants that to the best of its knowledge, after due inquiry, it is, and for the Term shall be, in material compliance with all applicable Federal, state laws, and local, ordinances and regulations that are material to the performance of its obligations under this Agreement ("Legal Requirements"), including, but not limited to, Legal Requirements pertaining to the handling and storage of the Products and Services, occupational health and safety, environmental protection, nondiscrimination, antitrust, health care regulation, the Health Insurance Portability and Accountability Act ("HIPAA") and equal employment opportunity.

11.12 Distributor's Compliance with Laws.

Nothing in this Agreement shall be construed as requiring Distributor to perform any obligations hereunder or engage in any action or omission that Distributor reasonably determines to violate, or to put Distributor in jeopardy of violating any applicable law. Without limiting the generality of the foregoing, Distributor shall comply with all applicable laws, rules, regulations, ordinances and governmental requirements, guidelines and pronouncements relating to controlled pharmaceutical drugs ("Controlled Substances"), including but not limited to the Federal Controlled Substances Act and regulations promulgated thereunder

by the Drug Enforcement Administration. In the event that performance of the terms of this Agreement would cause Distributor to be noncompliant with or in jeopardy of being noncompliant with any federal, state or local law, rule, regulation or ordinance or any governmental requirement, guideline or pronouncement involving Controlled Substances or any other regulated products or activities, including but not limited to the Drug Enforcement Administration's regulatory requirements for verifying its customers and reporting suspicious or excessive orders. Distributor shall have the right to do any of the following:

- (a) Within its sole and absolute discretion, limit or deny any order for Controlled Substances as warranted by Distributor's established diversion monitoring program, which is designed and implemented to take into account any federal, state or local law relating to Controlled Substances.
- (b) Immediately commence suspension proceedings against City, in whole or in part, without liability if, in Distributor's reasonable discretion:
 - (i) Continued performance of any part of this Agreement would violate any federal, state or local law, rule or regulation, or put Distributor in jeopardy of violating any federal, state or local law, rule or regulation regarding Controlled Substances or any other regulated products or activities; or
 - (ii) Distributor receives a complaint, notice, warning letter or other communication from a governmental agency alleging noncompliance with any Controlled Substances laws, rules or regulations in relation to Distributor's distribution of the Products under this Agreement or to City's actions or omissions with respect to Controlled Substances or any other regulated products or activities.

11.13 Federal and State Financial Participation.

11.13.1 Distributor acknowledges that some or all of the items, products, or services that Distributor furnishes to City under this Agreement may be included, directly or indirectly, in whole or in part, in claims submitted by City to Federal or State health care programs. By executing this Agreement each Party certifies that it is currently not Excluded, directed to be Excluded from participation in any Federal or State assistance programs as Excluded is defined in 42 U.S.C. § 1320a-7b(f) ("Excluded"), or (2) debarred, suspended, declared ineligible, or voluntarily excluded by any Federal department or agency (collectively, "Debarred"). Each Party shall notify the other, as provided herein, within thirty (30) days of any such exclusion, suspension, ineligibility, or other sanction. This is a material term of this Agreement.

(a) Distributor agrees to indemnify and hold harmless City and City's officers, directors, employees, agents, successors and permitted assigns from and against any and all (including but not limited to Federal, State, or third party) civil monetary penalties, assessments, repayment obligations, losses, damages, settlement agreements and expenses (including reasonable attorneys' fees) arising from the exclusion, suspension, ineligibility, or other sanction of Distributor and/or Distributor's workforce (including those who oversee Distributor's workforce, supervisors and governing body members) from participation in any Federal or State assistance program.

11.13.2 During the Term, Distributor shall promptly notify City of any lawsuits, Claims, administrative actions or other proceedings asserted or commenced against it that assert, in whole or in part, claims that if successfully adjudicated against Distributor would materially impact Distributor's

ability to provide the Services, except where Distributor deems, in its sole discretion, that such notification would violate or cause Distributor to violate any applicable law, ordinance, rule, regulation or order.

11.13.3 **Discount Safe Harbor.** Regulations implementing the Federal health care program anti-kickback law, 42 U.S.C. § 1320a-7b(b), include a "safe harbor" for "discounts" (see 42 C.F.R. § 1001.952(h)). To the extent that Distributor provides a price reduction to City pursuant to this Agreement, then Distributor shall comply with the requirements set forth in 42 C.F.R. § 1001.952(h)(2). City may have an obligation to accurately report, under any state or federal program which provides cost or charge based reimbursement for the Products or services covered by this Agreement, or as otherwise requested or required by any governmental agency, the net cost actually paid by City.

11.14 (Reserved)

11.15 Severability.

Should the application of any provision of this Agreement to any particular facts or circumstances be found by a court of competent jurisdiction to be invalid or unenforceable, then (a) the validity of other provisions of this Agreement shall not be affected or impaired thereby, and (b) such provision shall be enforced to the maximum extent possible so as to effect the intent of the Parties and shall be reformed without further action by the Parties to the extent necessary to make such provision valid and enforceable.

11.16 Cooperative Drafting.

This Agreement has been drafted through a cooperative effort of City and Distributor, and both Parties have had an opportunity to have the Agreement reviewed and revised by legal counsel. No Party shall be considered the drafter of this Agreement, and no presumption or rule that an ambiguity shall be construed against the Party drafting the clause shall apply to the interpretation or enforcement of this Agreement.

11.17 Order of Precedence.

Distributor agrees to perform the Services described herein in accordance with the terms and conditions of this Agreement, and the Appendices, including Attachments. The terms of this Agreement are to be read and interpreted together with all other documents, appendices, exhibits, and addenda attached to the Agreement as a single agreement.

11.18 No Waiver.

No provision of this Agreement may be waived except by a writing signed by the Party against whom the waiver is sought to be enforced. Failure to enforce any provision of this Agreement does not constitute a waiver of future enforcement of that provision or of any other provision of this Agreement.

11.19 Relationship of Parties.

It is expressly understood and agreed by the Parties that nothing contained in this Agreement shall be construed to create a joint venture, partnership, association, agency, or like relationship between the Parties other than that of Parties contracting at arm's length with respect to the subject matter hereof. In no event shall either Party be liable for the debts or obligations of the other Party.

Article 12 Department Specific Terms (Reserved)

Article 13 Data and Security

13.1 Confidential Information.

"Confidential Information" means any other non-public information identified as confidential, including Distributor's pricing, by one Party to the other Party, and non-public information which the receiving Party should reasonably know to be confidential. For the avoidance of doubt, Confidential Information shall not include invoice data. City may not use or disclose any Confidential Information received from Distributor for any purpose (except as required by law) other than for the review, performance, evaluation, or administration of this Agreement without prior authorization of Distributor. Each Party shall exercise the same standard of care to protect such information as a reasonably prudent entity would use to protect its own Confidential Information. Distributor understands and agrees that its Confidential Information may be subject to public disclosure and Distributor shall have the rights set forth in Section 11.4 above.

13.2 Purchase Data Confidentiality.

City agrees that Distributor is not prohibited herein from disclosing de-identified purchase data that is gathered by Distributor to third party data aggregators (such as IMS Health and Symphony), to City's GPO, and to suppliers (for a supplier's own Products under this Agreement), unless an advance non-disclosure request is made by City and such request would not cause a conflict with any third-party obligations of Distributor.

13.3 Payment Card Industry ("PCI") Requirements. (Reserved)

13.4 Business Associate Agreement. (Reserved)

Article 14 MacBride And Signature

14.1 MacBride Principles -Northern Ireland.

The provisions of San Francisco Administrative Code §12F are incorporated herein by this reference and made part of this Agreement. By signing this Agreement, Distributor confirms that Distributor has read and understood that the City urges companies doing business in Northern Ireland to resolve employment inequities and to abide by the MacBride Principles, and urges San Francisco companies to do business with corporations that abide by the MacBride Principles.

IN WITNESS WHEREOF, the Parties hereto have executed this Agreement on the day first mentioned above.

APPENDIX A TO THE P-250 – McKESSON PLASMA AND BIOLOGICS LLC SUPPLY AGREEMENT

1. PRIME VENDOR COMMITMENTS:

Throughout the Agreement Term, in order to receive the Member Markup, City must not order less than ninety percent (90%) of all dollars spent on Products by using Distributor as its prime vendor for the purchase of such Products normally purchased through plasma and specialty pharmaceutical distributors (“Prime Vendor”). To the extent that Distributor is unable to supply such Products, those purchases shall be excluded from the ninety percent (90%) calculation. City’s compliance with the foregoing ninety percent (90%) Prime Vendor commitment will be measured during each quarter during the Term, beginning on the Effective Date. Upon request by Distributor, City should provide documentation denoting total purchase dollars available to Distributor in order to verify compliance with the Prime Vendor commitment set forth above. For purposes of clarification (i) the ninety percent (90%) Prime Vendor purchase threshold set forth in this paragraph is a condition for receiving the applicable Member Markup and (ii) City’s failure to meet the ninety percent (90%) Prime Vendor threshold as set forth herein shall not constitute a breach of City’s obligations hereunder, but Distributor may, at its option and in its sole discretion, instead of seeking any other remedy available hereunder, upon sixty (60) days’ notice to City, proceed under this Appendix A such that such City will only receive Secondary Services under the Agreement (as set forth in Section B of Exhibit C.9 of the Base Agreement) for the quarter following the quarter in which such City fails to meet the ninety percent (90%) Prime Vendor commitment.

2. AUTOMATIC ALTERNATE SOURCING: (Reserved)

3. COST REPORTING:

City will comply with all laws, including reporting or reflecting discounts, rebates and other price reductions pursuant to 42 U.S.C. §1320a-7b(b)(3)(A) on cost reports or claims submitted to federal or state healthcare programs, retaining invoices and related pricing documentation and making them available on request to healthcare program representatives. Thus, City or any Facility, if applicable, will accurately report, under any state or federal program which provides cost or charge based reimbursements for the Products and services covered by this Agreement, the net cost actually paid by City or any Facility. Distributor will comply with all laws, including requirements under 42 U.S.C. §1320a-7b(b)(3)(A) to (i) disclose on invoices or statements the amount of all discounts, rebates and other price reductions on Products purchased hereunder, and (ii) provide City with notice of City’s obligations to report and disclose such discounts, rebates and other price reductions. City and any Facility, if applicable, will each accurately report pricing, together with any reductions in price, in connection with any federal or state pricing survey (e.g., National Average Drug Acquisition Cost Survey).

4. CHANGE IN MEMBER STATUS:

Distributor understands and agrees that if during the Term of this Agreement the City’s status as a GPO member changes, any change to the terms of this Agreement will require as appropriate a new agreement or a Formal Amendment pursuant to Section 3.3.1 of the Agreement.

5. OWN USE:

City and Facilities represent and warrant that (i) prescription Products being purchased for dispensing or administration to patients pursuant to a legitimate prescription, and (ii) any subsequent resale by City or any Facility will be in compliance with applicable law and to a licensed healthcare provider for its

dispensing or administration to patients pursuant to a legitimate prescription. City and Facilities shall defend, indemnify and hold Distributor harmless from any and all liability arising out of or due to nonadherence with such representation and warranty.

ATTACHMENT 2 – MEMBER MARKUP AND COMMITMENTS

1. MEMBER MARKUP:

In lieu of any other price reductions available in the Base Agreement, commencing on the Effective Date and for the entire duration of the Agreement Term, for subcutaneous and intravenous immune globulin, albumin factor, hyperimmune, and hemostasis products (collectively, “Plasma Products”) excluding any City purchases of 340B Plasma Products, City will receive the applicable Member Markup reflected on the following grid, subject to adjustment for City’s average total monthly Net Purchase Volume and invoice management practice. This Member Markup shall be adjusted quarterly based upon City’s average total monthly Net Purchase Volume over the prior calendar quarter. Distributor shall inform City of any change in the regular course of each quarterly business review meeting. All pharmaceutical products distributed by Distributor that are not Plasma Products (“Specialty Products”) will be priced at Cost, without any Member Markup or Markup Modifier. - b. For purposes of this Attachment 2, [REDACTED].
- c. For the avoidance of doubt, Distributor will pay Administrative Fees to the GPO as set forth in the Base Agreement.

2. MINIMUM COMMITMENTS:

The Member Markup is conditioned upon City maintaining, and City agrees to and shall maintain, the following minimum commitments (“Minimum Commitments”). If City fails to meet the Minimum Commitments during any calendar quarter during the Agreement Term, in addition to other remedies herein, Distributor will have the right to open negotiations to reasonably adjust the Member Markup matrix. As soon as practicable after receipt of such markup adjustment request by City, Distributor and City shall meet and begin good faith negotiations. If, at the end of the sixty (60) days following receipt of the adjustment request by City, Distributor and City have been unable to agree on satisfactory pricing, minimum

City may elect to move to another payment term by providing written notice to Distributor. Distributor reserves the right to adjust pricing to the corresponding payment term that most closely matches City’s demonstrated payment history by providing notice to City. Any price change that increases the GMP must be by Formal Amendment in accordance with Section 3.3.1 of the Agreement.

- 5. **DELIVERY FREQUENCY: (Reserved)**
- 6. **REBATES/DISCOUNTS: (Reserved)**

9. CLASS OF TRADE:

Distributor shall abide by the City’s GPO class of trade designation.

10. DEFINITION OF COST; MEMBER MARKUP:

- a. **In General.** Except as set forth herein or as otherwise agreed by City and Distributor, Distributor shall invoice City for purchases of Products at Cost (as defined below) plus, for Plasma Products only (excluding any City purchases of 340B Plasma Products) the Member Markup (as defined above) determined based on certain criteria applicable to City; additionally, the criteria includes, without limitation, the payment terms ("City Payment Terms") as defined in Attachment 3 hereto.
- b. **Cost for Contract Products.** [REDACTED]

11. PRODUCT SUPPLY:

a. **Distribution Centers.** Distributor may have multiple warehouses, or distribution centers, in different geographic locations (each, a "DC") and shall assign City to a primary DC. Thereafter, Distributor shall provide City with at least ninety (90) days' prior written notice before assigning City to a different primary DC. Notwithstanding the foregoing, City acknowledges that as of the effective date of this Appendix A, Distributor has only one DC, which is located in Memphis, Tennessee, and City is assigned to that DC as of the Effective Date.

b. **Product Warehousing.** Distributor shall warehouse, at its own expense, such quantities of Products as Distributor reasonably determines are necessary to satisfy the City's purchasing requirements. Distributor's determination of such purchasing requirements shall be based on City's purchasing history, as well as the estimated monthly usage data that City provides to Distributor with all Product stocking requests; [REDACTED]

[REDACTED]

Distributor shall provide City with a written procedure or an electronic application for City's Product stocking requests. Subject to availability and supplier lead times and, for new suppliers, subject to time for submitting and processing applications and loading data, Distributor shall place Products in stock at DCs within ten (10) business days of the date of City's request or the date of receipt of City's notification of newly awarded products that either replace existing Contract Products.

c. **Approval of Suppliers.** Distributor's Product warehousing obligations pursuant to this Section are subject to applicable suppliers meeting Distributor's reasonable standards and other criteria pertinent to Distributor's business, such as credit worthiness, liability insurance, good standing with Federal regulatory agencies such as the federal Food and Drug Administration ("FDA") and the Federal Drug Enforcement Administration.

- d. **Scheduled Deliveries.** Distributor shall make scheduled deliveries using contracted third party couriers or common carriers. Products will be delivered to City F.O.B. destination, freight prepaid and absorbed, except as otherwise set forth below, Monday through Friday (and Saturday, if applicable). Distributor shall provide City with an order delivery time window that meets City's reasonable needs, but may be subject to limitations of contracted third party couriers and common carriers. Distributor shall communicate to City in a timely manner any changes or delays to the delivery time. Distributor shall make scheduled deliveries in boxes or clean, reusable totes, using third party couriers, or common carriers. Distributor shall deliver temperature-sensitive Products in insulated containers capable of maintaining the appropriate temperature during transport.
- e. **Order Transmission Deadlines.** Distributor's order transmission deadlines for City shall be no earlier than 7:00 p.m. CST Sunday through Thursday for next day Product delivery. Distributor's order transmission deadline on Friday shall be no earlier than 4:00 p.m. CST for delivery on Saturday for those members that receive Saturday deliveries.
- f. **Emergency Deliveries.** Included as part of City's payment for Products and/or Services hereunder, Distributor shall provide [REDACTED] Emergency Delivery per calendar year, per City location (e.g., if City facility's inpatient pharmacy is separate from City facility's outpatient pharmacy, each location shall be entitled to [REDACTED] Emergency Delivery per calendar year included as part of City's payment for Products and/or Services hereunder). The Emergency Deliveries provided to City location can only be used by the account number for that location and cannot be used by any other account numbers. For purposes of this Section, an "Emergency Delivery" is defined as any of the following:
 - i. Weekend or holiday delivery (unless such delivery is a scheduled delivery for City);
 - ii. City contacting DC on a business day, and needing a Product delivered to City's pharmacy prior to the next scheduled delivery on an urgent basis;
 - iii. City contacting DC on a business day, but after order transmission deadline, to add on a Product or adjust Product quantity.

Beginning with the [REDACTED] Emergency Delivery in a year for a given City location, Distributor may charge City [REDACTED] per occurrence or Distributor's actual freight cost, whichever is lower. In the case of any Emergency Delivery that results in Distributor's costs grossly exceeding the [REDACTED] charge, Distributor shall notify City of such anticipated costs before accepting the Emergency Delivery request and, with City's prior consent which may be given verbally at the time of placing the order. Distributor may charge City an amount equal to Distributor's actual costs for completing such Emergency Delivery.

[REDACTED]

h. **Product Compliance/Quality.**

- i. **Product Compliance:** Distributor represents and warrants as follows, which representations and warranties shall survive the expiration or earlier termination of this Agreement:
 - a. The Products shall be distributed and sold by Distributor in compliance with applicable Federal, state and local laws; and
 - b. From the time of Distributor's receipt of Products from the applicable supplier to the date of delivery to the City, Products shall not be adulterated or misbranded by Distributor within the meaning of the Federal Food, Drug and Cosmetic Act, as amended.
- ii. **Product Condition.** Unless otherwise agreed upon by City, all Products shall be new and shall not be delivered to City if expired unless City accepts delivery after receiving prior notice from Distributor (which notice may be through Distributor's McKesson Connect or any subsequent online ordering system) of the condition of such Products.
- iii. **Product Shelf Life.** Distributor shall deliver Products to City at least six (6) months prior to the expiration date of such Products. Distributor shall use its best efforts to deliver Products with the longest possible shelf life and the latest possible expiration dates. In the event that the only Product available is within six (6) months of its expiration date, Distributor shall notify City in writing of such dating. Upon receiving such notice, City may choose whether to accept any such Product.
- iv. **Product Integrity; Source of Products.** Distributor shall purchase all Products distributed and sold to City pursuant to this Agreement directly from the applicable manufacturer or the applicable manufacturer's exclusive distributor (as such terms are defined under the Drug Supply Chain Security Act). Distributor reserves the right to exclude any of the above entities that Distributor in its sole discretion determines is a gray market distributor.
- v. **Pass Through of Warranties, Representations, and Indemnity Obligations.** Distributor shall pass through to City any representations, warranties and rights and claims to defense and indemnity made by each supplier of a Product (including representations, warranties and rights and claims to defense and indemnity, relating to intellectual property, product liability or negligence) with respect to such Product, to the fullest extent permitted to be passed through by supplier. Nothing herein limits or obviates any right or remedies Distributor may have under its agreements with such suppliers. Furthermore, Distributor represents and warrants that it will make commercially reasonable efforts to (i) cooperate with all requests made by City to enforce such representations, warranties and rights and claims to defense and indemnity against such manufacturers and (ii) obtain consents from the manufacturers in passing through to the GPO and City such representations, warranties, and rights to defense and indemnification.
- vi. Distributor will not knowingly ship a Product for which it has received notice of recall.

- i. **Force Majeure.** Notwithstanding anything in this Agreement to the contrary, Distributor shall be excused from the performance of its obligations under this Agreement if, and for so long as, and only to the extent that, the non-performance of such obligations occurs by reason of any act of God, including but not limited to fire, flood, storm, earthquake, epidemic or natural disaster, or by reason of war, terrorism or national emergency and only to the extent such failure or delay in performance is not caused by Distributor's own fault or negligence ("Force Majeure"), provided that Distributor shall use commercially reasonable efforts to minimize the effects of the Force Majeure and resume performance. If such Force Majeure occurs unabated for a period of thirty (30) days or longer, the City may terminate this Agreement upon five (5) days written notice to Distributor. In addition, Distributor hereby agrees to use commercially reasonable efforts to deliver pharmaceutical products to City despite labor disputes, including delivering across picket lines and delivering to alternate delivery points; provided such activity does not put Distributor's employees', representatives', agents' or contractors' safety at risk.

12. ORDERING:

- a. **Distributor's Ordering Technology.** Included as part of City's payment for Products and/or Services hereunder, Distributor shall provide City the option to use the following systems to create, manage and transmit orders to Distributor:
 - i. Over-the-phone order taking capabilities; and
 - ii. A secure internet-based ordering application; and
 - iii. Exchange of standard Electronic Data Interchange ("EDI") transactions for ordering, order confirmation, and catalog creation and maintenance. For members that elect to use EDI to order from Distributor, City shall be responsible for all costs associated with equipping their facilities with EDI-capable software; provided, however, that Distributor shall not impose any fees on City as a result of using EDI as their ordering transmission method.

APPENDIX D TO THE P-250 – McKESSON PLASMA AND BIOLOGICS LLC CONSIGNMENT AGREEMENT

1. Definitions.

Capitalized terms used as defined terms in this Pharmaceutical Products Consignment Agreement (this “Agreement”) shall have the meanings given to them in the P-250, unless otherwise defined herein. For purposes of this Agreement, the following terms shall have the following meanings:

“**Consignment Products**” means certain recombinant factor and/or other pharmaceutical products that MPB makes available to its customers through its consignment program (the “MPB Consignment Program”). A list of Consignment Products is attached hereto as Schedule B. Schedule B may be updated from time to time pursuant to Section 3 (e) below.

“**Facilities**” means any and all existing and future facilities with respect to which City exercises control over the selection of a wholesale pharmaceutical distributor for Consignment Products. A list of City’s existing Facilities is attached hereto as Attachment 1, List of Facilities. The addition of Facilities during the term of this Agreement is subject to prior written approval by MPB and such Facility’s execution and delivery of any requested documentation. Attachment 1 may be updated from time to time by MPB, upon notice to City, to reflect any additional Facilities so approved. At all times, MPB’s books and records shall control with respect to the identification of Facilities participating under this Agreement.

2. Consignment Relationship; No Liens.

(a) MPB and City have an existing relationship, and are entering into a new relationship pursuant to this Agreement, whereby MPB will provide Consignment Products and services related to Consignment Products to City under the terms of this Agreement and the P-250. The terms and conditions of the P-250 will apply to the relationship established in this Agreement, except to the extent modified by the terms of this Agreement. In the event of any conflict in the terms of this Agreement and the P-250, this Agreement shall control for purposes of City’s purchases of Consignment Products.

(b) The nature of the relationship between the Parties established in this Agreement is a consignment relationship, under which MPB will deliver Consignment Products to City, yet title to Consignment Products shall not pass, and no sale of Consignment Products shall occur, until the date of the Consignment Product Transfer (as defined in Section 5(b)). Notwithstanding the foregoing, the Parties expressly agree and acknowledge that the arrangement between them as established by this Agreement shall not constitute a “consignment” within the meaning of Article 9 the Uniform Commercial Code of any applicable jurisdiction, but rather a “security agreement” as therein defined.

(c) City shall not take any action that purports to establish ownership of the Consignment Products prior to a Consignment Product Transfer, and expressly waives any lien or claim that it may have against the Consignment Products or the proceeds of the sale of any Consignment Products. At all times when any Consignment Product is in the custody of the City, City shall keep such Consignment Product free from all liens, taxes, and encumbrances that may be asserted by any third party prior to Consignment Product Transfer.

(d) City agrees to utilize MPB as their prime vendor of pharmaceutical products covered under MPB's Consignment Program.

(e) This Agreement shall not cover physician offices or clinics, medical groups or specialty clinics, unless otherwise set forth herein or agreed to by MPB, in its sole discretion. For clarity, Consignment Products shipped to a contract pharmacy or any Facility in its capacity as a contract pharmacy are purchases of the 340B covered entity and not the contract pharmacy.

(f) Covered Goods and Distribution. Notwithstanding anything to the contrary herein, (i) MPB reserves the right at all times to determine the products it will stock and sell in its pharmaceutical distribution centers, and the manner in which it will comply with all applicable law or industry guidelines, (ii) MPB is not required to sell pursuant to this Agreement any products sold by a subsidiary, division or other business operations of MPB (other than MPB's pharmaceutical distribution centers) or any Affiliate (as defined below) of MPB, and (iii) MPB is not liable with respect to any supply shortages or allocations or other distribution restrictions established by a governmental authority or the manufacturer. An "Affiliate" is defined as any entity controlling, controlled by or under common control with MPB.

3. Ordering.

(a) Initial Inventory. City shall order an initial inventory of Consignment Products as selected by City from Schedule B, List of Consignment Products, subject to any vendor restrictions. City inventory purchased prior to the Effective Date of this Agreement is not eligible for inclusion as Consignment Products under this Agreement.

(b) Additional Inventory. City may order additional or replacement inventory of Consignment Products from MPB at any time during the Term (as defined in Section 2.1 of the P-250). MPB will have no obligation to ship additional or replacement inventory of any Consignment Product after a Consignment Product Transfer occurs without an order from City.

(c) Order Placement. City or Facilities may only place orders for Consignment Products with MPB by telephone at 877-625-2566 or via email at mpbconsignment@mckesson.com.

(d) Order Processing. If MPB receives an order on a business day by [REDACTED] MPB will process the order [REDACTED]. MPB will process orders received on a non-business day, or on a business day after [REDACTED]. Emergency orders will be handled as mutually agreed by MPB and City.

(e) Changes to List of Consignment Products. MPB may amend Schedule B at any time in its sole discretion to reflect the addition to or deletion of Consignment Products available through the MPB Consignment Program. MPB will reasonably endeavor to provide City with an updated list of all available Consignment Products in MPB's Consignment Program on a quarterly basis. Such updates may be provided via email or MPB's quarterly products catalog.

4. Delivery and Acceptance of Additional Inventory.

(a) Standard Deliveries. MPB’s common carrier or contracted courier delivers based on City’s orders for next business day delivery from MPB’s servicing distribution center. [REDACTED]

(b) Emergency Deliveries. Upon request, MPB will provide emergency deliveries of Rx Consignment Product, subject to additional charges which shall be communicated to City upon request.

(c) Notification of Delivery. MPB shall notify City (which notice may be provided electronically) of (i) the delivery of any material amount of Consignment Product and (ii) the removal or replacement of any material amount of Consignment Product at City pursuant to Section 5(e).

5. Consignment Product Storage, Counts and Transfer.

(a) City agrees to store, maintain and utilize all Consignment Products in accordance with Section 7(c).

(b) Consignment Product Transfer Occurs. City shall be deemed to have purchased Consignment Product from MPB on the earlier date of (i) the Time of Order Confirmation or, (ii) following delivery thereof to City, such Consignment Product does not appear on a manual count performed in accordance with Section 5(d), subject in each case to Section 5(c). Such deemed purchase shall constitute a “Consignment Product Transfer.” “Time of Order Confirmation” means the time at which City reports to MPB that the Consignment Product is no longer in City’s inventory.

(c) Consignment Product Transfer Does Not Occur. A Consignment Product Transfer shall not be deemed to have occurred if a Consignment Product (i) appears on a Consignment Product count, or (ii) does not appear on a count, but reappears on a subsequent count, unless such Consignment Product has left City’s premises, and/or had its packaging or efficacy compromised. MPB shall issue a credit to City if City has previously paid for any Consignment Product that reappears under clause (ii) of this sub-section.

(d) Inventory Counts. MPB or City shall perform a manual count of all Consignment Products consigned to City pursuant to this Agreement from time to time, in accordance with one or more of the following procedures:

(i) Monthly Counts. On a monthly basis, MPB shall provide City with an Excel tracking template (an “Inventory Reconciliation Report”) listing all Consignment Products currently shown in MPB’s records to be in City’s consignment inventory. City shall: (i) complete such Inventory Reconciliation Report by providing the then-current on-hand inventory quantity of each Consignment Product that was not the subject of a Consignment Product Transfer on or after the date of any previous Inventory Reconciliation Report; and (ii) return the completed Inventory Reconciliation Report to

MPB within two (2) business days of receipt. Each Inventory Reconciliation Report shall include information requested by MPB, such as product name, NDC number, quantity on hand, quantity received, quantity dispensed, and lot numbers and expiration dates for each Consignment Product on hand, received or dispensed.

- (ii) Additional Counts. MPB may from time to time, request manual counts of Consignment Products in addition to the counts required pursuant to Section 5(d)(i) above, in which event City shall provide to MPB a written report of the results of such additional manual counts within five (5) business days after such request.
- (iii) MPB Counts. MPB may, from time to time and during normal business hours, send to City's premises one or more designated representatives to perform a manual count of all Consignment Products at City's Facility. MPB shall give City reasonable advance notice prior of any such visit. City shall cooperate with such representatives in performing such manual count by providing the representatives with access to Facilities at which Consignment Products are located.
- (iv) Verification of Lot Numbers. MPB may, from time to time, call City to verify the lot numbers of all Consignment Products on consignment with City. City shall cooperate with MPB to perform such verification as needed.

(e) Removal of Consignment Product. Notwithstanding anything in this Agreement to the contrary, MPB may remove and/or replace Consignment Product inventory at City's Facilities at any time and for any purpose, including, for example, to replace short-dated inventory.

6. Pricing; Payment.

(a) Price Determination and Invoices. MPB shall invoice City for purchases of Consignment Products [REDACTED]. The Parties agree and acknowledge all Consignment Products shall be billed by MPB to City at the price in effect as of the date that the Consignment Product Transfer occurs, not the date on which the inventory of the Consignment Products was delivered to City.

(b) Taxes. City shall pay all applicable taxes in connection with its purchase of Consignment Products (other than taxes based on MPB's net income). If applicable, City may provide MPB with a tax-exemption certificate, and MPB will take into account the tax-exemption certificate in invoicing City for Consignment Products.

(c) Returns of Consignment Products. In the event of any return of Consignment Products to MPB, MPB shall be responsible for all related shipping or freight charges. All returned Consignment Products must be in their original condition. For purposes of this section, "**original condition**" shall mean in the physical condition

in which City received said product from MPB. All such returns are governed by the MPB Return Goods Policy as set forth in the Supply Agreement.

7. Covenants of City.

City covenants to MPB as follows:

(a) City shall maintain all appropriate licenses required for City's premises where Consignment Products are located.

(b) From the time of delivery of Consignment Product to City and until Consignment Product has been dispensed to patients, undergone Consignment Product Transfer or been returned to MPB as set forth herein, City shall properly store and handle such Consignment Product in accordance with all applicable laws, rules, regulations and standards (including without limitation security, recordkeeping and reporting requirements) and all applicable manufacturer's guidelines and labeling requirements (including without limitation package inserts) regarding storage and handling of Consignment Product. City covenants and agrees to defend, indemnify and hold harmless MPB from and against any and all liability arising out of or due to City's non-adherence to the requirements set forth in the preceding sentence.

(c) City shall store Consignment Products in a secure and identifiable area in accordance with the manufacturers' guidelines, segregated from other pharmaceutical products, at City's Facility. For purposes of this Agreement, "secure and identifiable" means a controlled area within the Facility-licensed area.

(d) City shall clearly identify Consignment Products as products from MPB.

(e) City shall restrict access to the Consignment Products to authorized City personnel only.

(f) City shall utilize all Consignment Products on a first-in, first-out basis.

(g) City shall indicate on its books and records that Consignment Products are property of MPB and are not part of City's inventory.

(h) City shall not participate in any other distributors' consignment programs for products offered through the MPB Consignment Program during the term of this Agreement.

(i) City shall not return to MPB pharmaceutical products obtained on consignment.

(j) City agrees it will carry sufficient first party All Risk Insurance to cover a total loss of Consignment Products held in inventory, which are under the care, custody and control of City. Such insurance will be in an amount sufficient to cover the maximum value of product inventory held at any one time. MPB shall be named "loss payee" for the full replacement value of Consignment Product inventory. City will provide to MPB a certificate of insurance as proof of such coverage and naming MPB "loss payee." City agrees that its failure to secure and maintain first party All Risk Insurance as required, provide a certificate of insurance, or add MPB as "loss payee" will not release City of its responsibility for the replacement cost of any damage to

Consignment Products held in inventory.

8. Risk of Loss; Disclaimer of Liabilities.

(a) At all times when Consignment Products are located with City, City shall be liable for all loss or damage to or destruction of such Consignment Products, except to the extent such loss, damage or destruction is caused by the gross negligence or willful misconduct of MPB. City acknowledges that any Consignment Product received damaged or that is otherwise unacceptable should be returned to MPB immediately in accordance with the MPB Return Goods Policy set forth in Attachment C.

(b) CITY ACKNOWLEDGES THAT MPB IS NOT THE MANUFACTURER OF ANY CONSIGNMENT PRODUCT AND MPB DISCLAIMS ALL WARRANTIES, EXPRESS OR IMPLIED, INCLUDING THOSE OF MERCHANTABILITY, NON-INFRINGEMENT AND FITNESS FOR A PARTICULAR PURPOSE, FOR ALL CONSIGNMENT PRODUCTS AND RELATED SERVICES. NO ORAL OR WRITTEN INFORMATION PROVIDED BY MPB, ITS EMPLOYEES OR OTHER REPRESENTATIVES WILL CREATE ANY SUCH WARRANTY. IN NO EVENT WILL MPB BE LIABLE FOR ANY SPECIAL, INCIDENTAL OR CONSEQUENTIAL DAMAGES IN CONNECTION WITH OR RELATED TO CONSIGNMENT PRODUCTS OR RELATED SERVICES. THIS SECTION 8 AND THE OBLIGATIONS CONTAINED HEREIN WILL SURVIVE THE EXPIRATION OR EARLIER TERMINATION OF THIS AGREEMENT.

9. Post Termination.

Upon termination of this Agreement or the P-250 for any reason:

(a) City shall have no further access to Consignment Products and shall secure Consignment Products to ensure no further access occurs; and

(b) City shall return Consignment Products to MPB, or give MPB immediate access to Consignment Products for purposes of removal, and will cooperate fully with MPB regarding such return; and

(c) City shall be charged pursuant to Section 6, at MPB's price to City for Consignment Products on a consigned basis at the time of the return, for any Consignment Products missing or which are returned opened, damaged or in any other condition that causes MPB to question the integrity of any of Consignment Products.

10. P-250.

Except as expressly amended or modified hereby, all obligations of City under and as defined in the P-250 remain unchanged and in full force and effect. The provisions of this Agreement that, by their nature, are to be performed after the termination of the Consignment Program shall survive until they have been fully performed or otherwise discharged or waived. Additionally, until all amounts due under this Agreement have been paid or all Consignment Product has been returned to MPB, the provisions of Section 7 shall survive.

11. CHANGE IN MEMBER STATUS:

Distributor understands and agrees that if during the Term of this Agreement the City's status as a GPO member changes, any change to the terms of this Agreement will require as appropriate a new agreement or a Formal Amendment pursuant to Article 3.3.1 of the Agreement.

12. OWN USE:

City and Facilities represent and warrant that (i) prescription Products are being purchased for dispensing or administration to patients pursuant to a legitimate prescription, and (ii) any subsequent resale by City or any Facility will be in compliance with applicable law and to a licensed healthcare provider for its dispensing or administration to patients pursuant to a legitimate prescription. City and Facilities shall defend, indemnify and hold Distributor harmless from any and all liability arising out of or due to nonadherence with such representation and warranty.

PUBLIC MEETING AND PUBLIC RECORDS DISCLOSURE PROCESS

Exhibit 1 to Each McKesson Distribution Agreement

- 1. Distribution Agreements:** McKesson Corporation and McKesson Plasma and Biologics (collectively “McKesson”) and the City, acting by and through its Department of Public Health (“Department”), have negotiated Distribution Agreements (each identified as the “Negotiated Agreement”), portions of which McKesson asserts constitute, contain or reveal valuable trade secrets or other information belonging to McKesson that is exempt from disclosure under the California Public Records Act and chapter 67 of the San Francisco Administrative Code (the “Sunshine Laws”).
- 2. Redactions:** McKesson will provide the City with a redacted version of each Negotiated Agreement from which McKesson has removed information that it maintains is exempt from public disclosure under the Sunshine Laws (“Redacted Agreement”). The City agrees to not release any version of either Negotiated Agreement other than the Redacted Agreement in response to a public records request under the Sunshine Laws.
- 3. Negotiated Agreement Review:** McKesson understands that each Negotiated Agreement is subject to full unredacted review by the City’s third-party Budget Analyst and the San Francisco Board of Supervisors (collectively “Board”). The City will inform the Board regarding the portions of each Negotiated Agreement that City has agreed to not release, as well as the requirements of this Exhibit 1.
- 4. Records Request:** If the Department receives a public records request pertaining to McKesson, the Department will use its best efforts to notify McKesson of the Request and to provide McKesson with a description of the material that the Department deems responsive and the due date for disclosure (“Response Date”). If McKesson asserts that some or all of the material requested contains or reveals valuable trade secrets or other information belonging to McKesson that is exempt from disclosure and directs the City in writing to withhold such material from production (“Withholding Directive”), then the City will comply with the Withholding Directive on the condition that McKesson seeks judicial relief on or before the Response Date. If any third-party initiates or threatens to initiate legal action to compel the production of McKesson’s material, McKesson shall defend, indemnify and save harmless City and its officers, agents and employees from any and all such third party claims. Should McKesson fail to seek judicial relief on or before Response Date, the City shall proceed with the disclosure of responsive documents.
- 5. Agreement not to Sue:** McKesson agrees that it will not sue the City for damages in connection with the disclosure by the City of information that McKesson asserts is exempt from disclosure, so long as such disclosure was inadvertent and the City uses reasonable efforts to mitigate the effects of the inadvertent disclosure and/or uses reasonable efforts to retrieve the information as appropriate.

PARENT GUARANTEE

BACKGROUND

McKesson Plasma and Biologics (“MPB”) and the City and County of San Francisco (“City”) have entered into a supply agreement, part of the Agreement between MPB and City as of April 1, 2019 (“MPB Agreement”).

MPB is a wholly-owned subsidiary of McKesson Corporation (“MPB Parent”). The City has requested that MPB Parent provide a guarantee of performance of MPB’s obligations under the MPB Agreement and MPB Parent has agreed to provide the guarantee on the terms and conditions set forth in this Parent Guarantee (“Guarantee”).

Accordingly, MPB Parent and City agree as follows:

GUARANTEE

1. Subject to all of the terms of this Guarantee, MPB Parent hereby unconditionally guarantees to the City, by way of an independent undertaking towards the City, the financial liabilities of MPB under the MPB Agreement (the “Obligations”). If MPB is in default of its performance of the Obligations and fails to cure such default within the period allowed for cure under the MPB Agreement, then the City will provide prompt written notice of any such default of MPB. MPB Parent will cure or cause to be cured such default within sixty (60) days after receipt by MPB Parent of written notice thereof specifying the nature of such default.

2. This Guarantee is valid and will remain in full force for the Term of the MPB Agreement, including as extended by Formal Amendment (“Term”).

3. Notwithstanding anything to the contrary elsewhere in this Guarantee, (i) any remedies, defenses and rights available to MPB towards the City (which include, without limitation, any and all disclaimers, exclusive remedies and limitations of liability in the MPB Agreement) will be available to MPB Parent should MPB Parent be required by the City to cover the Obligations; (ii) MPB Parent will be entitled to assert any and all defenses and claims available to MPB under the terms of the MPB Agreement; and (iii) in no event will MPB Parent’s liability under this Guarantee exceed the amounts set forth in the MPB Agreement as limitations on the liability of MPB thereunder, nor will the collective liability of MPB Parent and MPB under this Guarantee and the MPB Agreement exceed the limitations of liability set forth in the MPB Agreement.

4. MPB Parent represents and warrants to the City that:

- a. it has been duly incorporated as a company and is validly existing and has all necessary corporate power and authority to enter into and deliver this Guarantee and to perform its obligations hereunder;
- b. all necessary corporate action has been taken by it to authorize this Guarantee; and
