Resolution approving the Infrastructure Financing Plan for the San Francisco Enhanced Infrastructure Financing District No. 1 (Power Station) (EIFD) is anticipated to use incremental property tax revenue generated within the boundary of the EIFD and allocated to it by the City to finance 1) the purchase, construction, expansion, improvement, seismic retrofit or rehabilitation of certain real or other tangible property with an estimated useful life of 15 years or longer that are projects of communitywide significance that provide significant benefits to the City or the surrounding community, including any directly-related planning and design work; 2) the costs described in California Government Code, Sections 53398.56, 53398.57 and 53398.58 (as applicable); and 3) the ongoing or capitalized costs to maintain public capital facilities financed in whole or in part by the EIFD. The EIFD is intended to provide financial assistance to a phased, mixed-use development project that is known as the Potrero Power Station. On April 4, 2023, the Board of Supervisors adopted Ordinance No. 044-23 (PFA Ordinance), which was

signed by the Mayor on April 7, 2023, pursuant to which the Board of Supervisors established the Enhanced Infrastructure Financing District. Public Financing Authority No. 1 ("PFA") as the governing board of the EIFD. On July 17, 2023, the PFA adopted a resolution directing the preparation of an Infrastructure Financing Plan ("IFP") for the EIFD, which will describe in greater detail the public facilities and other specified projects of communitywide significance to be financed, a financing section specifying the incremental tax revenue of the City to be committed to the EIFD, and other such information and analyses required under the EIFD Law. On November 1, 2023, the PFA held a public meeting at which a draft IFP was presented and held two public hearings on the IFP on December 6, 2023, and February 21, 2024.
