16 Be it ordained by the People of the City and County of San Francisco:

17 (a) California Barrel Company LLC, a Delaware limited liability company
18 ("Developer"), owns approximately 21 acres of developed and undeveloped land located in
19 the City and County of San Francisco ("City"), generally bound by 22nd Street to the north, the
20 San Francisco Bay to the east, 23rd Street to the south, and Illinois Street to the west
21 ("Developer Property").

22 (b) The Developer and the City executed a Development Agreement dated
23 September 22, 2020, and subject to amendment from time to time ("Development
24 Agreement"), relating to the proposed development of a project known as the Potrero Power
25 Station ("Project"). The Development Agreement was approved by the Board of Supervisors
and Mayor in Ordinance No. 62-20, a copy of which is in File No. 200040.

1 (c) The Project is a phased, mixed use development on or around the Developer
2 Property that is more particularly described in the Development Agreement.

3 (d) By Resolution No. 133-23, the Board of Supervisors and Mayor approved the
4 Resolution of Intention to Establish San Francisco Enhanced Infrastructure Financing District
5 No. 1 (Power Station) in relation to the Project (the "EIFD").
6

7 Section 2. Development Agreement Amendment.

8 (a) The Board of Supervisors approves an amendment to the Development
9 Agreement, to revise Exhibit C, the Financing Plan, to the Development Agreement, to make
10 certain changes to allow for the establishment of the EIFD, as well as necessary revisions to
11 the Development Agreement for the establishment of the EIFD, in substantially the form on file
12 with the Clerk of the Board of Supervisors in File No. 231274.

13 (b) The Board of Supervisors approves and authorizes the execution, delivery and
14 performance by the City of the amendment to the Development Agreement as follows: (i) the
15 Director of Planning and (other City officials listed thereon) are authorized to execute and
16 deliver the Development Agreement; and (ii) the Director of Planning and other applicable City
17 officials are authorized to take all actions reasonably necessary or prudent to perform the
18 City's obligations under the Development Agreement in accordance with the terms of the
19 Development Agreement amendment.

20 (c) The Board of Supervisors finds that this ordinance satisfies the requirements of
21 both Article 11 of the Development Agreement and Article 56 of the Administrative Code as
22 governing the amendment of the Development Agreement.

24 ///

25 ///

1 Section 3. CEQA Findings.

2 (a) On January 30, 2020, by Motion No. 20635, the Planning Commission certified
3 as adequate, accurate, and complete the Final Environmental Impact Report ("FEIR") for the
4 Project pursuant to the California Environmental Quality Act (California Public Resources
5 Code Sections 21000 et seq.) ("CEQA"). A copy of Planning Commission Motion No. 20635
6 is on file with the Clerk of the Board of Supervisors in File No. 200040.

7 (b) On September 9, 2020, the Planning Department published an Addendum to the
8 FEIR finding certain proposed changes to the Project's phasing plan did not change the
9 conclusions of the FEIR and that the changes would not result in substantially more severe
10 impacts than what was identified in the FEIR (the "FEIR Addendum").

11 (c) The Board of Supervisors has reviewed and considered the FEIR and FEIR
12 Addendum, and finds that the FEIR and the FEIR Addendum are adequate for their use for
13 the actions taken by this ordinance and incorporates the FEIR and the CEQA findings
14 contained in Ordinance No. 62-20 and the FEIR Addendum by this reference and further finds
15 that, pursuant to CEQA Guidelines Section 15162, no additional environmental review is
16 required because there are no substantial changes to the Project analyzed in the FEIR and
17 the FEIR Addendum, no change in circumstances under which the Project is being
18 undertaken, and no new information that was not known and could not have been known
19 shows that new significant impacts would occur, that the impacts identified in the FEIR and
20 the FEIR Addendum as significant impacts would be substantially more severe, or that
21 mitigation or alternatives previously found infeasible are now feasible.

22
23 Section 4. General Plan and Planning Code Section 101.1 (b) Findings.

24 The Board of Supervisors found the Development Agreement conforms with the
25 General Plan and the eight priority policies of Planning Code Section 101.1 by the findings set

1 forth in subsection (a) of Ordinance 64-20 (File No. 200174). The Board of Supervisors
2 incorporates the foregoing findings and determines that such findings are adequate for their
3 use of the actions taken by this Ordinance, including approval of the amendment to the
4 Development Agreement.

5
6 Section 5. Effective Date. This ordinance shall become effective 30 days after
7 enactment. Enactment occurs when the Mayor signs the ordinance, the Mayor returns the
8 ordinance unsigned or does not sign the ordinance within ten days of receiving it, or the Board
9 of Supervisors overrides the Mayor's veto of the ordinance.

LEGISLATIVE DIGEST

[Development Agreement Amendment - California Barrel Company, LLC - Potrero Power Station]

Ordinance amending a Development Agreement between the City and County of San Francisco and California Barrel Company, LLC, a Delaware limited liability company, for the Potrero Power Station project, to allow for the establishment of San Francisco Enhanced Financing District No. 1 (Power Station); and making findings under the California Environmental Quality Act; and findings of conformity with the General Plan, and with the eight priority policies of Planning Code, Section 101.1(b).

Background Information

California Barrel Company LLC, a Delaware limited liability company ("Developer"), owns approximately 21 acres of developed and undeveloped land located in the City and County of San Francisco ("City"), generally bound by 22nd Street to the north, the San Francisco Bay to the east, 23rd Street to the south and Illinois Street to the west ("Developer Property").

The Developer and the City executed a Development Agreement dated as of September 22, 2020 ("Development Agreement"), relating to the proposed development of a project known as the Potrero Power Station ("Project"), which was approved by the City's Board of Supervisors of the City ("Board of Supervisors") on April 21, 2020, pursuant to Ordinance No. 62-20. The Project is a phased, mixed use development on or around the Developer Property that is more particularly described in the Development Agreement.

On March 21, 2023 by Resolution No. 133-23, the Board of Supervisors approved the Resolution of Intention to Establish San Francisco Enhanced Infrastructure Financing District No. 1 (Power Station) in relation to the Project (the "EIFD").

Proposed Amendment

The parties now propose to amend the Development Agreement to facilitate the establishment of the EIFD by revising Exhibit C, the Financing Plan, to make certain changes to allow for the establishment of the EIFD, as well as necessary revisions to the Development Agreement for the establishment of the EIFD.

- **June 2023** – Public Financing Authority (PFA) No. 1 formed
- **July 2023 through February 2024** – 4 PFA meetings, including 2 public hearings on the Infrastructure Financing Plan (IFP)
- **March 13, 2024** – Budget & Finance Committee public hearings on and consideration of:
 - Resolution Approving the Infrastructure Financing Plan and Related Documents and Actions - San Francisco Enhanced Infrastructure Financing District No. 1 (Power Station)
 - Ordinance Approving Development Agreement Amendment - California Barrel Company, LLC - Potrero Power Station

Power Station Project

Power Station Program

- 2,600 residential units (30% affordable)
- 1,600,000 sf commercial uses (life science or office)
- 7 acres of public parks and waterfront
- 250,000 sf hotel
- 100,000 sf retail

Description of Public Facilities

- Public capital facilities or other projects (whether publicly- or privately-owned) of communitywide significance that are:
 - Authorized by the EIFD Law
 - Related to the development of the project known as the Potrero Power Station Project, including public capital facilities, privately-owned and publicly accessible parks and streets and privately-owned affordable housing costs

Public Facility ¹	Estimated Improvement Costs (\$millions)	Estimated Timing
Parks / Open Spaces	\$111.58	2023 – 2033
Streets	42.18	2023 – 2028
Site Work / Shoreline	89.49	2023 – 2028
Utilities	46.83	2023 - 2028
Affordable Housing	258.14	2023 - 2038
Total	\$548.22	

1. The facilities not located within the boundaries of the EIFD have a tangible connection to the work of the EIFD, including affordable housing.

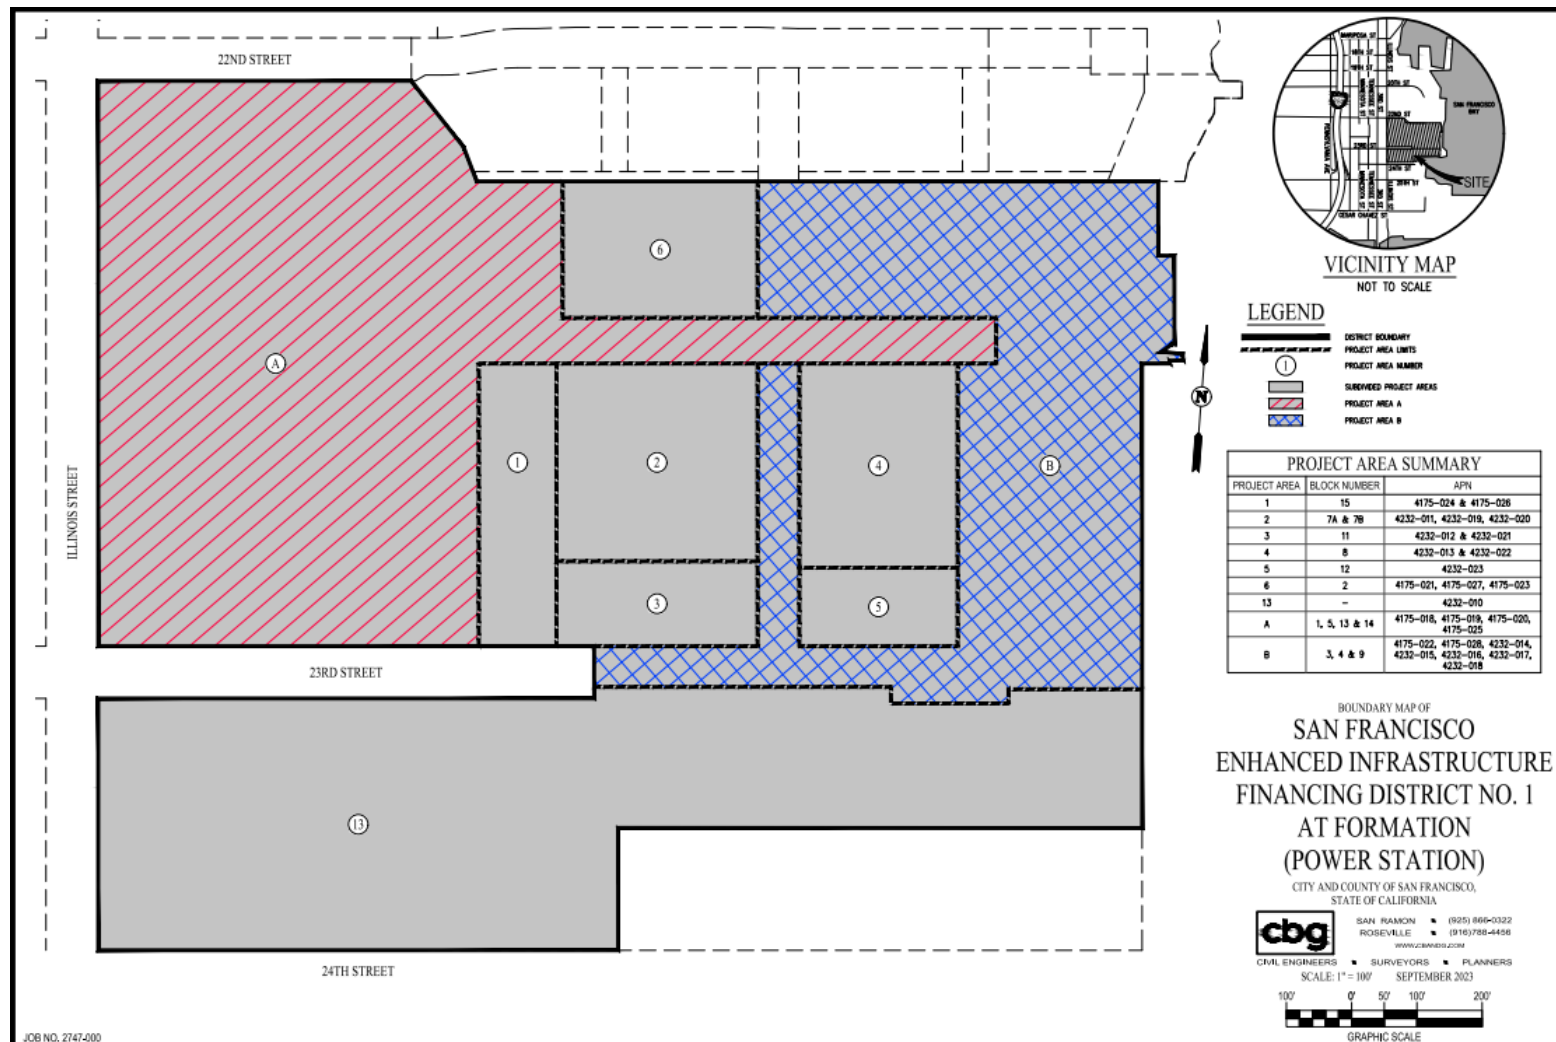

Key Elements of the Infrastructure Financing Plan

1. Map and legal description of the Power Station EIFD (including multiple project areas)
2. Proposals for public facilities and other forms of development and financial assistance to be considered within the boundaries of the Power Station EIFD
3. Finding of “communitywide significance”
4. Financing Plan, which includes:
 - a. Description of tax increment allocated to the Power Station EIFD
 - b. Projection of tax increment
 - c. Financing plan for facilities to be assisted by the Power Station EIFD
 - d. Aggregate limit on tax increment allocated to the Power Station EIFD
 - e. Time limit on tax increment allocation
 - f. Costs of providing facilities/services to the area of the Power Station EIFD and projected revenues from development in the area of the Power Station EIFD
 - g. Analysis of fiscal impact on the City of the Power Station EIFD and associated development

District Map at Formation

- At formation there will be nine project areas within the EIFD; after certain properties are subdivided, there will be 13 project areas

Tax Increment Allocation

- City Share of Increment is 64.588206% of incremental 1% ad valorem property tax revenues in Power Station EIFD
- Allocated Tax Revenue (58.252419%¹ of the City Share of Increment) will be used to pay bond debt service and paygo costs
- Conditional Tax Revenue (41.747581%¹ of the City Share of Increment) is only intended to provide debt service coverage for bonds and must be repaid to City if used

Gross Tax Increment as a % of Incremental Assessed Property Value	1.0000%
Non-City Share of Gross Tax Increment	35.4118%
City Share of Gross Tax Increment	64.5882%
Allocated Tax Revenue = 58.252419% of the City Share of Increment	37.6242%
Conditional Tax Revenue = 41.747581% of the City Share of Increment	26.9640%

1. The City IFD Guidelines provide that the City can allocate 50% of total incremental property tax revenues and 50% of property tax in lieu of vehicle license fee (VLF) revenues to the EIFD. For ease of implementation, the City will allocate 58.3% of its total incremental property tax revenues, which is equal to 50% of its total incremental property tax revenues and 50% of its incremental property tax in lieu of vehicle license fee (VLF).

Projected Tax Increment and Fiscal Impact

- FY23-24 Base Year Assessed Value: **\$138.9 million**
- Maximum Aggregate Allocated Tax Revenue: **\$3.29 billion¹**
- Maximum Aggregate Conditional Tax Revenue: **\$2.36 billion¹**
- Assuming the Power Station Project achieves the sponsor's performance projections, the Project is estimated to annually generate a **\$15.1 million** net fiscal benefit to the City's General Fund at buildout

1. Nominal dollars over the life of the EIFD

FIRST AMENDMENT TO DEVELOPMENT AGREEMENT

This FIRST AMENDMENT TO DEVELOPMENT AGREEMENT (this “**First Amendment**”) is made as of _____, 2024 (the “**Effective Date**”) by and among CALIFORNIA BARREL COMPANY LLC, a Delaware limited liability company (“**Developer**”), and the CITY AND COUNTY OF SAN FRANCISCO, a municipal corporation (the “**City**”), operating by and through its Planning Department, pursuant to the authority of Section 65864 *et seq.* of the California Government Code and Chapter 56 of the Administrative Code, with reference to the following facts:

R E C I T A L S

A. The City, acting by and through its Planning Department, and Developer entered into that certain Development Agreement, dated for reference purposes only as of September 22, 2020 and recorded in the Official Records of the City and County of San Francisco (the “**Official Records**”) on October 2, 2020 as Document No. 2020025312, as corrected by that certain Correction to Development Agreement, dated as of September 30, 2021 and recorded in the Official Records on October 13, 2021 as Document No. 2021157025, as amended by that certain Memorandum of Minor Modification of Development Agreement Potrero Power Station Mixed-Use Development Project (First Amendment) dated as of June 20, 2023 and recorded in the Official Records on June 20, 2023, as Document No. 2023044096, and as amended in that Memorandum of Minor Modification of Development Agreement Potrero Power Station Mixed-Use Development Project (Second Amendment) dated as of June 20, 2023 and recorded in the Official Records on June 20, 2023, as Document No. 2023044102 (as amended, the “**Development Agreement**”). The Development Agreement relates to certain property, as more particularly described in the attached Exhibit A (the “**Project Site**”), and authorizes the construction of a multi-phased, mixed-use development on the Project Site known as the Potrero Power Station Mixed-Use Development Project (as more particularly described in the Development Agreement, the “**Project**”). All initially capitalized terms used but not defined in this First Amendment shall have the meaning given to such terms in the Development Agreement.

B. Subsequent to the execution of the Development Agreement, the City has, through the enactment of City Resolution No. 133-23 and Ordinance No. 044-23, pursued the establishment of San Francisco Enhanced Infrastructure Financing District No. 1 (the “**Power Station EIFD**”). As set forth in the findings of Ordinance No. 044-23, the Power Station EIFD would provide financing for the Project’s public infrastructure, affordable housing, and other facilities of communitywide significance, such as parks and open space.

C. The Parties now wish to execute and record this First Amendment to set forth certain modifications to the Development Agreement to implement the Power Station EIFD.

A G R E E M E N T S

NOW, THEREFORE, in consideration of the foregoing Recitals, the covenants and agreements set forth in this First Amendment and other good and valuable consideration, the receipt and adequacy of which are hereby acknowledged, Developer and City hereby agree as follows:

1. DEFINITIONS

Article 1 of the Development Agreement is hereby amended to add the following defined terms:

“EIFD” is defined in the Financing Plan.

“EIFD Acquisition and Financing Agreement” is defined in the Financing Plan.

“EIFD Funding Sources” is defined in the Financing Plan.

“EIFD Law” is defined in the Financing Plan.

“IFP” is defined in the Financing Plan.

“Power Station EIFD” is defined in Recital B of this First Amendment.

2. AMENDED TERMS AND CONDITIONS

a) Section 3.12.1 of the Development Agreement is hereby deleted and amended and restated in its entirety as follows:

3.12.1 Financing Districts. The City shall take all actions reasonably necessary, and Developer shall cooperate reasonably, to establish and implement the CFD under the CFD Act and the EIFD under the EIFD Law, all in accordance with the Financing Plan. Any and all costs incurred by the City in forming the CFD and EIFD shall be City Costs. The terms and conditions of the CFD and EIFD must be consistent with the specifications in the Financing Plan, including, as relates to the EIFD, the IFP. Developer shall not, at any time, contest, protest, or otherwise challenge (i) the formation of the CFD or EIFD, (ii) the issuance of bonds or other financing secured by Project Special Taxes or EIFD Funding Sources, or (iii) the application of bond proceeds, Project Special Taxes, or EIFD Funding Sources to the extent consistent with the Financing Plan. Once established, Developer shall not institute, or cooperate in any manner with, proceedings to repeal or reduce the Project Special Taxes, provided the Project Special Taxes are levied in accordance with the applicable RMA and except as otherwise set forth in the Financing Plan or an RMA. The provisions of this **Error! Reference source not found.** shall survive the expiration of this Agreement, and Developer shall include the requirements of this **Section Error! Reference source not found.** in the CC&Rs (or, if the CC&Rs have not yet been created and recorded, in the sale documents for any sale of all or part of the Project Site).

b) Section 5.7.1 of the Development Agreement is hereby amended to add subsection (p):

(p) change, impede, control or delay any rights or obligations under, or the implementation or enforcement of, the Financing Plan, EIFD Acquisition and Financing Agreement or Acquisition and Reimbursement Agreement, including related to the issuance of bonds or reimbursement of Developer.

c) Section 14.8 of the Development Agreement is hereby deleted and amended and restated in its entirety as follows:

Section 14.8 Survival. Following expiration of the Term, this Agreement shall be deemed terminated and of no further force and effect, except for any provision that, by its express terms, survives the expiration or termination of this Agreement. The rights and obligations under the Financing Plan, including Developer's right to receive reimbursements, survive the expiration or termination of this Agreement and shall expire or terminate solely as described therein.

3. EXHIBITS

Exhibit C (Financing Plan) is hereby deleted in its entirety and amended and restated by Exhibit C attached hereto.

4. NOTICE ADDRESSES

The Parties hereby include a statement of the current addresses of the Parties for purposes of notices delivered in accordance with Section 14.10 of the Development Agreement:

Amended and Restated Financing Plan

EXHIBIT C

Amended and Restated Financing Plan

This AMENDED AND RESTATED FINANCING PLAN (this “**Financing Plan**”) implements and is part of the Development Agreement to which this Financing Plan is attached and of which it is made a part (as amended from time to time as provided thereunder, the “**Development Agreement**”). Capitalized terms used but not otherwise defined in this Financing Plan shall have meanings given to them in the Development Agreement. Each Attachment to this Financing Plan is incorporated herein and made a part hereof as if set forth in full. Each reference to an Attachment in this Financing Plan shall mean that Attachment as it may be updated or amended from time to time in accordance with the terms of this Agreement.

The Effective Date of the original Financing Plan that has been amended and restated as set forth herein (the “**Original Financing Plan**”) was prior to the formation of the CFD. Since such Effective Date, the Board of Supervisors undertook proceedings for the CFD, including a resolution of intention of the Board of Supervisors of the City to establish the CFD (Resolution No. 30-22), a resolution of intention of the Board of Supervisors to incur bonded indebtedness and other debt (Resolution No. 29-22), a resolution of the Board of Supervisors of the City forming the CFD (Resolution No. 83-22), and a resolution of the Board of Supervisors of the City declaring the necessity to incur bonded indebtedness and other debt for the CFD (Resolution No. 84-22) (collectively, the “**CFD Formation Resolutions**”). The CFD Formation Resolutions also approved the Rate and Method of Apportionment of Special Taxes for Improvement Area No. 1 of the CFD (the “**IA No. 1 RMA**” and together with the CFD Formation Resolutions, the “**CFD Proceedings**”). Except as set forth in this paragraph, the Original Financing Plan has not been amended to describe the CFD as formed. In the event of any inconsistency between the terms of this Financing Plan and the CFD Proceedings, the CFD Proceedings shall govern.

The City approved this Financing Plan as part of an amendment to the Development Agreement pursuant to Ordinance No. ____ (File No. XXXX), adopted by the Board of Supervisors on ____, 20__, which was signed by the Mayor on ____, 20__. Pursuant to Resolution No. ____, the City also approved the IFP attached hereto as Attachment 1 and the EIFD Acquisition and Financing Agreement in the form attached hereto as Attachment 2.

1. OVERVIEW

1.1 CFD Financing Plan Purposes

(a) Purpose of Financing Plan for CFD. The purpose of this Financing Plan is to establish the contractual framework for mutual cooperation between the City and Developer necessary to implement the Project. Accordingly, the City shall take all actions reasonably necessary, and Developer shall cooperate reasonably, to do all of the following, all related to and in furtherance of the development and operation of the

Project and all as more particularly described herein: (i) establish the CFD, (ii) approve each RMA with a Facilities Special Tax and a Contingent Services Special Tax, and, at the sole discretion of Developer, a Services Special Tax, (iii) levy Project Special Taxes, and (iv) issue CFD Bonds.

(b) Structure of CFD. This Financing Plan is also designed to provide flexibility to Developer to tailor the CFD to the phasing and marketing of the Developer Property. Accordingly, while ultimately the CFD will comprise the entirety of the Developer Property, Developer shall have the flexibility to request that (i) the CFD be formed initially over the entirety of the Developer Property, or (ii) the CFD be formed initially over one or more phases of the Developer Property in an Improvement Area, with the remainder of the Developer Property (and, in either case, possibly other property outside the Project Site) being identified as Future Annexation Area. If Developer requests an initial Improvement Area with Future Annexation Area, Developer may also request the further flexibility to annex the property identified as the Future Annexation Area into the initial Improvement Area or into a newly-created Improvement Area. The Future Annexation Area property shall be annexed from time to time upon the submission of the unanimous written approval of the property owner of the property to be annexed pursuant to the CFD Act according to the procedures established by the Board of Supervisors in the CFD formation proceedings. Developer shall complete the annexation process for a Development Phase not then within the CFD before approval by the City of the Development Phase Application for such Development Phase.

1.2 EIFD Financing Plan Purposes

(a) As stated above, the purpose of this Financing Plan is to establish the contractual framework for mutual cooperation between the City and Developer necessary to implement the Project. Accordingly, the City shall take all actions reasonably necessary, and Developer shall cooperate reasonably, to do all of the following, all related to and in furtherance of the development and operation of the Project and all as more particularly described herein: (i) request the Public Financing Authority to form, and cooperate with the Public Financing Authority in connection with formation of, the EIFD; (ii) request the Public Financing Authority to approve the IFP in substantially the form attached hereto; (iii) execute the EIFD Acquisition and Financing Agreement in substantially the form attached hereto; (iv) request the Public Financing Authority to execute the EIFD Acquisition and Financing Agreement in substantially the form attached hereto; (v) implement the IFP and EIFD Acquisition and Financing Agreement; and (vi) subject to the terms hereof, cooperate with the issuance of EIFD Bonds and utilize the proceeds of the Bonds to acquire and/or reimburse Developer for EIFD Improvements.

2. COMMUNITY FACILITIES DISTRICT FINANCING

2.1 Formation of the CFD

(a) Formation. Except as otherwise agreed to by Developer and the City, Developer shall submit a petition to the City under the CFD Act for formation of the CFD over some or all of the Developer Property so that the CFD is established by the Board of Supervisors before approval by the City of the first tentative subdivision map for the Project. The City shall initiate formation of the CFD pursuant to this Financing Plan promptly following submission by Developer of such petition and compliance with section 53318(d) of the Mello-Roos Act. The City and Developer intend that the provisions of this Financing Plan be consistent with and authorized by the CFD Goals; accordingly, at the time the CFD is formed, the City may waive any provisions in its CFD Goals that are inconsistent with this Financing Plan, subject to the restrictions set forth in Section 2.6(g). In addition, as part of the CFD formation proceedings, Developer and the City may mutually agree to exempt certain property within the Developer Property and to identify additional property (on or outside the Project Site) for future annexation as set forth in Section 1.1(b). So long as the CFD complies in all material respects with the terms and conditions set forth in this Financing Plan, Developer agrees to vote in favor of the formation of the CFD for which it has petitioned and in favor of subsequent annexations of any portions of the Developer Property that are not initially included in the CFD, in any case subject to revisions approved by the City and Developer. For the avoidance of doubt, if Developer Transfers any portion of the Developer Property before formation of the CFD, the Transferee shall also be required to vote in favor of the formation of the CFD and annexations in accordance with the previous sentence.

(b) Taxable Parcels. Developer and the City intend that Facilities Special Taxes and Services Special Taxes (if any) and, upon the occurrence of a Contingent Trigger Event, the Contingent Services Special Taxes, will be levied against all Taxable Parcels for the purposes described in this Financing Plan and agree that all Exempt Parcels shall be exempt from Project Special Taxes.

(c) Petition.

(i) In its petition, Developer may in its sole discretion include proposed specifications for the CFD (and each Improvement Area), including (A) Facilities Special Tax rates that comply with Section 2.3(e), (B) Services Special Tax rates in the sole discretion of Developer, (C) Contingent Services Special Tax rates that comply with Section 2.3(e), (D) any tax zones within the CFD (and each Improvement Area), (E) any property that will be an Exempt Parcel, and (F) any property (whether on or outside of the Developer Property) for future annexation into the CFD.

(ii) Prior to the time that Developer submits a petition under Section 2.1(a), the City and Developer shall meet with the City's public financing consultants to determine reasonable and appropriate terms of the proposed CFD, which shall be consistent with this Financing Plan, except as otherwise approved by the City and Developer.

(d) Authorized Uses. The CFD (and each and every Improvement Area) shall be authorized to finance Qualified Project Costs, Additional Community Facilities Costs, and, if a Services Special Tax is approved at the sole discretion of Developer or

as otherwise agreed by the City and Developer, Ongoing Maintenance Services Costs, irrespective of the geographic location of the improvements financed or maintained. The CFD (and each and every Improvement Area) shall also be authorized to finance Contingent Services Costs upon the occurrence of a Contingent Trigger Event irrespective of the geographic location of the improvements financed or maintained. For the avoidance of doubt, the CFD (and each Improvement Area therein) shall be authorized to construct and maintain facilities located outside the boundaries of the CFD or the applicable Improvement Area, including on property owned by the Port.

(e) Joint Community Facilities Agreements. Under the CFD Act, the City may be required to enter into a joint community facilities agreement with another Governmental Entity that will own or operate any of the authorized improvements. The City and Developer agree that to the extent required for compliance with the CFD Act they shall each take all steps reasonably necessary to procure the authorization and execution of any such joint community facilities agreement with any such Governmental Entity before the issuance of any CFD Bonds that will finance authorized improvements that will be owned or operated by such Governmental Entity. The City and Developer do not currently anticipate that any of the authorized improvements will be owned by a Governmental Entity other than the City or the Port.

(f) Notice of Special Tax Lien. Project Special Taxes shall be secured by recordation in the Official Records of continuing liens against (i) all Taxable Parcels located in the initial Improvement Area(s) at the time of CFD formation and (ii) all Taxable Parcels in property annexed into an Improvement Area at the time of such annexation.

2.2 Scope of CFD-Financed Costs

(a) Authorized Costs. The CFD (and each Improvement Area therein) may finance only Qualified Project Costs, Additional Community Facilities Costs, and, if a Services Special Tax is approved at the sole discretion of Developer or as otherwise agreed by Developer and the City, Ongoing Maintenance Services Costs. The CFD (and each Improvement Area therein) shall also be authorized to levy the Contingent Services Special Tax upon the occurrence of a Contingent Trigger Event to finance the Contingent Services Costs.

2.3 Parameters of CFD Formation

(a) RMA. Except as otherwise approved by the City and Developer, each RMA shall be consistent with this Financing Plan and, to the extent consistent with this Financing Plan, Developer's petition.

(b) Cooperation. Developer and the City shall cooperate reasonably in developing each RMA. Developer and the City shall each use good-faith reasonable efforts at all times to furnish timely to the other, or to obtain and then furnish timely to the other, any information reasonably necessary to develop each RMA, such as legal

boundaries of the property to be included and Developer's plans for the types, sizes, numbers, and timing for development within the CFD or Improvement Area.

(c) RMA Consultants and Approval. Each RMA shall be: (i) developed by the City's special tax consultant, in consultation with Developer and the City's staff and other consultants consistent with this Financing Plan; and (ii) subject to approval of the Board of Supervisors in its resolution of formation for the CFD and such other legislative actions required by such resolution of formation. Project Special Taxes on any Taxable Parcel must not exceed any applicable maximum specified in the CFD Goals and must not be less than the minimum rate specified in this Financing Plan, unless otherwise approved by the City's staff, Developer, and the Board of Supervisors.

(d) Priority Administrative Costs. In the formation process for the CFD, the City and Developer shall agree on the amount of annual CFD administrative costs that will have first priority for payment by Project Special Taxes within each Improvement Area based on: (i) actual administration costs of other community facilities districts of the City; and (ii) the CFD's complexity and size. In determining coverage requirements for any reason (e.g., bond sizing, parity bonds, etc.), the City shall use the priority administrative costs for such Improvement Area when estimating administrative expenses.

(e) Project Special Taxes. Each RMA shall create three categories of special taxes: the Facilities Special Tax, the Services Special Tax (at the sole discretion of Developer), and the Contingent Services Special Tax. Each RMA shall establish Facilities Special Tax rates, Services Special Tax rates (if any), and Contingent Services Special Tax rates. The Facilities Special Tax rates, Services Special Tax rates (if any), and Contingent Services Special Tax rates for Developed Property may vary based on sizes, densities, types of buildings to be constructed, and other relevant factors when the CFD is formed or property is annexed to the CFD. Each RMA shall establish Facilities Special Tax rates assuming that any First Tranche CFD Bonds issued will have a debt service coverage ratio of one hundred ten percent (110%), unless the City and Developer approve a higher ratio to market the First Tranche CFD Bonds effectively. Each RMA shall establish Facilities Special Tax rates for Undeveloped Property, provided, that, except to the extent otherwise agreed to by Developer, both before and after the CFD Conversion Date, Facilities Special Taxes (i) may not be levied on Undeveloped Property to create Remainder Taxes and (ii) shall only be levied on Undeveloped Property to the extent required under Section 2.3(g)(ii). There shall be no levy of Services Special Taxes or Contingent Services Special Taxes on Undeveloped Property. In its petition, and in connection with any annexation of property to an Improvement Area, Developer shall select Project Special Tax rates in its sole discretion, provided that such rates are consistent with the following:

(i) The maximum Facilities Special Tax rates shall be set at an amount that, when applied to the expected buildout of the Project (i.e., the 5.4 million square foot project, including the PG&E Affected Area, as described in the Plan Documents), including all land uses for property within the CFD, including property in all Improvement Areas (if applicable), would produce total aggregate maximum Facilities

Special Tax revenues of not less than \$3,300,000 (in Fiscal Year 2019-20 dollars, escalated two percent (2%) as of July 1 of each Fiscal Year thereafter commencing July 1, 2020), based on the land use program submitted by Developer and verified by the City's special tax consultant. The expected aggregate maximum Facilities Special Tax revenues of \$3,300,000 in Fiscal Year 2019-20 dollars (escalated two percent (2%) as of July 1 of each fiscal year) described in this Section 2.3(e)(i) are referred to in this Financing Plan as "**Base Aggregate Facilities Special Tax Revenues**". Developer will be permitted to select the maximum Facilities Special Tax rate for each land use type as long as they generate the Base Aggregate Facilities Special Tax Revenues. The Base Aggregate Facilities Special Tax Revenues were calculated based on the assumption that the PG&E Affected Area will be part of the Project. However, the Parties acknowledge that the Project may not include the PG&E Affected Area. To the extent that the Project does not include the PG&E Affected Area, the Base Aggregate Facilities Special Tax Revenues and Project Special Taxes will be proportionally reduced to reflect the reduction in developable square footage resulting from the PG&E Affected Area not being part of the Project. The intent of the parties is that the PG&E Affected Area should not be encumbered with the lien of the CFD until it is determined the extent to which the PG&E Affected Area will be part of the ultimate development of the Project.

(ii) The Services Special Tax rates on Taxable Parcels of residential and commercial property may be determined in the sole discretion of Developer (and, for the avoidance of doubt, may be zero). If approved, the Services Special Tax shall be used only for specific purposes that benefit the Project determined by Developer and the City at the time of CFD formation, and Developer and the City shall implement a program for maintenance, repair, replacement and operation of improvements in the Project that allows the City, either by contract with Developer or otherwise in the discretion of the City, to conduct such activities using the Services Special Tax. If approved, the City shall cause the Resolution of Formation for the CFD and the City Ordinance levying any such Services Special Taxes to expressly authorize the maintenance of all Privately-Owned Community Improvements. If approved by Developer and the Board of Supervisors, the Services Special Taxes shall be levied in perpetuity or as otherwise agreed by Developer and the City at the time of CFD formation.

(iii) The Contingent Services Special Tax rate shall be established such that the aggregate Contingent Services Special Tax revenues that can be collected from the Developer Property in each Fiscal Year is equal to the Contingent Services Costs projected for the applicable Fiscal Year as of the date of the RMA and shall be levied only upon the occurrence of a Contingent Trigger Event. The projected Contingent Services Costs shall be reasonably determined by the City and Developer, in consultation with Port, taking into account, among other things, the costs budgeted by the City for the maintenance of the shoreline parks at the adjacent Pier 70 project, on a per acre basis; the amount shall be agreed on or before the time of formation of the CFD, presented by the Port and verified by the City's special tax consultant, after consulting with Developer.

(iv) The Facilities Special Tax rates shall have a term that ends one hundred and eleven (111) years after the Effective Date.

(v) On the first day of the Fiscal Year that immediately follows the CFD Conversion Date for an Improvement Area, the Facilities Special Tax rates for such Improvement Area in effect on the CFD Conversion Date shall automatically, and without action on the part of the City, be reduced (i.e., step-down) to the rates that will produce the share of the Base Aggregate Facilities Special Tax Revenues expected from such Improvement Area. The reduction shall be determined separately for each Improvement Area. The City and Developer intend for the following example to provide clarity about how the reduction shall be determined for each Improvement Area: assume that when forming Improvement Area No. 1, Developer and City have determined that the maximum Facilities Special Tax rate on the property in Improvement Area No. 1 that will be necessary to produce the share of the Base Aggregate Facilities Special Tax Revenues expected from such Improvement Area is \$1 per square foot, but Developer has selected a higher maximum Facilities Special Tax rate equal to \$1.20 per square foot. (For purposes of this example, annual escalation is ignored.) When the step-down occurs, the maximum Facilities Special Tax rate for Improvement Area No. 1 will be lowered from \$1.20 per square foot to \$1.00 per square foot (i.e., the maximum Facilities Special Tax rate on the property in Improvement Area No. 1 necessary to produce the share of the Base Aggregate Facilities Special Tax Revenues from such Improvement Area). This reduction will occur on an Improvement Area by Improvement Area basis as the CFD Conversion Date occurs for each Improvement Area, and in each case, the portion of the Facilities Special Tax eliminated will be the amount initially calculated to be over and above the maximum Facilities Special Tax rate on the property in the Improvement Area necessary to produce the share of the Base Aggregate Facilities Special Tax Revenues from such Improvement Area.

(vi) For purposes of clarity, subject to the requirements of Section 2.3(e)(i) and Section 2.3(e)(iii), (a) Developer may select different Facilities Special Tax rates and Contingent Services Special Tax rates for different land use types, including different rates for for-rent and for-sale housing and for retail, office, life science, and all other non-residential uses and (b) Developer may select the Facilities Special Tax rates and Contingent Services Special Tax rates for each Improvement Area and/or for each Development Phase that are different than the Facilities Special Tax rates and Contingent Services Special Tax rates for other Improvement Areas and/or Development Phases, as long as, in each case, Developer establishes a reasonable basis for such rates to the reasonable satisfaction of the City and such rates comply with the CFD Act.

(f) Escalation of Special Tax Rates. For the Facilities Special Tax, each RMA shall provide for annual increases in the Facilities Special Tax rates of two percent (2%) annually as of July 1 of each Fiscal Year. For the Services Special Tax (if any), each RMA shall provide for annual increases as of July 1 of each Fiscal Year that shall be the lesser of (i) the percentage change in CPI, and (ii) five percent (5%). For the Contingent Services Special Tax, each RMA shall provide for annual increases as of July 1 of each Fiscal Year that shall be the lesser of (a) the percentage change in CPI, and (b) five percent (5%).

(g) Priority for Annual Levy of Facilities Special Taxes. Each RMA must reflect the priorities set forth below:

(i) First, Facilities Special Taxes will be levied on each Taxable Parcel of Developed Property at the maximum Facilities Special Tax rate, regardless of whether the City has issued CFD Bonds or the debt service requirements for any existing CFD Bonds, before applying any capitalized interest.

(ii) Second, to the extent the funds to be collected under clause (i) will not be sufficient to satisfy the Facilities Special Tax Requirement in full after application of any capitalized interest, Facilities Special Taxes will be levied proportionately on each Taxable Parcel of Undeveloped Property, up to one hundred percent (100%) of the applicable maximum Facilities Special Tax rate established in the applicable RMA, until the Facilities Special Tax Requirement is satisfied.

(h) Use of Remainder Taxes.

(i) Developer and the City contemplate that, within the CFD (and each Improvement Area therein) (A) prior to the CFD Conversion Date, Qualified Project Costs will be paid from Remainder Taxes both before and after the issuance of CFD Bonds and after the final maturity of any CFD Bonds, and (B) both prior to the CFD Conversion Date and after the CFD Conversion Date, Additional Community Facilities Costs will be paid from Remainder Taxes both before and after the issuance of CFD Bonds and after the final maturity of any CFD Bonds. Developer and the City may also agree at the time of CFD formation to allow Ongoing Maintenance Service Costs to be paid with Remainder Taxes before or after the CFD Conversion Date. Accordingly, each RMA shall provide that Remainder Taxes may be used to finance Qualified Project Costs and Additional Community Facilities Costs and, if agreed by Developer and the City, Ongoing Maintenance Services Costs. Annually, on or before October 1 of each year, the City shall deposit Remainder Taxes in the applicable Remainder Taxes Project Account.

(ii) Prior to the applicable CFD Conversion Date, amounts on deposit in the Remainder Taxes Project Account for an Improvement Area shall be used to pay the costs described in, and in the priority set forth in, Section 2.5(c). After the applicable CFD Conversion Date, amounts on deposit in the Remainder Taxes Project Account for an Improvement Area shall be used to pay the costs described in, and in the priority set forth in, Section 2.4(f). In addition, notwithstanding anything in this Financing Plan to the contrary, Developer and the City may also agree at the time of CFD formation to allow Ongoing Maintenance Service Costs to be paid with amounts on deposit in a Remainder Taxes Project Account before or after the CFD Conversion Date.

(i) No Pledge for Debt Service. Remainder Taxes deposited in a Remainder Taxes Project Account shall not be deemed or construed to be pledged for payment of debt service on any CFD Bonds, and neither Developer nor any other Person shall have the right to demand or require that the City or Fiscal Agent, as applicable, use funds in a Remainder Taxes Project Account to pay debt service. Prior to the applicable CFD Conversion Date, any amounts in a Remainder Taxes Project Account that are not needed to pay Qualified Project Costs may be used by the City to pay CFD administrative costs or replenish a debt service reserve account for any CFD Bonds for the applicable Improvement Area.

(j) Prepayment. Each RMA shall include provisions allowing a property owner within the related Improvement Area that is not in default of its obligation to pay Facilities Special Taxes to prepay Facilities Special Taxes based on a formula that will require payment of the property owner's anticipated total Facilities Special Tax obligation. Prepaid Facilities Special Taxes shall be placed in a segregated account in accordance with the applicable Indenture. Each RMA and each Indenture shall specify the use of prepaid Facilities Special Taxes. Neither the Services Special Tax (if any) nor the Contingent Services Special Tax (if any) may be prepaid.

(k) Affordable Housing and Other Facilities. Notwithstanding anything to the contrary contained herein, the RMA shall (i) include provisions exempting parcels that contain 100% Affordable Units, (ii) establish reduced Project Special Tax rates for Inclusionary Units as approved by Developer and the City, and (iii) establish reduced Project Special Tax rates for childcare and community facilities.

(l) Amendment to RMA. Nothing in this Financing Plan shall prevent an amendment of an RMA under its terms or under Change Proceedings as described in this Financing Plan.

(m) Reducing Facilities Special Tax Rates Before Issuance of First Tranche CFD Bonds. Each RMA shall contain a provision that allows the Facilities Special Tax rates to be reduced upon the written request of Developer before any First Tranche CFD Bonds are issued for the applicable Improvement Area, and the City shall do so upon such written request of Developer so long as such reduction does not reduce the Facilities Special Tax rates below an amount that will produce the share of the Base Aggregate Facilities Special Tax Revenues expected from such Improvement Area. If expressly permitted and defined in an RMA, any such reduction of the Facilities Special Tax rates in the Improvement Area may be done administratively without the vote of the qualified electors of the Improvement Area before First Tranche CFD Bonds are issued for such Improvement Area, so long as such reduction does not reduce the Facilities Special Tax rates below an amount that will produce the share of the Base Aggregate Facilities Special Tax Revenues expected from such Improvement Area, as determined by the City's special tax consultant. If expressly permitted and defined in an RMA, a reduction in one taxing category does not have to be proportionate to the reduction in any other taxing category (i.e., disproportionate reductions may be expressly allowed in each RMA). If the maximum Facilities Special Tax rate is permanently reduced for an Improvement Area, the City shall record timely an appropriate instrument confirming same in the Official Records.

2.4 Issuance of CFD Bonds

(a) Issuance. Subject to approval of the Board of Supervisors, the City, on behalf of the CFD, intends to issue First Tranche CFD Bonds within each Improvement Area for purposes of this Financing Plan, but shall do so only upon the written request of Developer. Developer may submit written requests that the City issue First Tranche CFD Bonds for an Improvement Area specifying requested issuance dates, amounts, and main financing terms. Promptly following Developer's request,

Developer and the City shall meet with the City's public financing consultants to determine reasonable and appropriate issuance dates, amounts, and main financing terms that are consistent with this Financing Plan.

(b) Payment Dates. So that Remainder Taxes may be calculated on the same date for all CFD Bonds, each issue of CFD Bonds shall have interest payment dates of March 1 and September 1, with principal due on September 1.

(c) Value-to-Lien Ratio. The appraised or assessed value-to-lien ratio required for each First Tranche CFD Bond issue shall be three to one (3:1), unless otherwise required by the CFD Act or otherwise approved by the City and Developer.

(d) Coverage Ratio. All First Tranche CFD Bonds shall have a debt service coverage-ratio of one hundred ten percent (110%), unless otherwise approved by the City and Developer.

(e) Term. Subject to Section 2.8, each issue of First Tranche CFD Bonds shall have a term of not less than thirty (30) years and not more than forty (40) years, unless otherwise approved by the City and Developer.

(f) Second Tranche CFD Bonds. After the CFD Conversion Date for an Improvement Area the City has the right in its sole discretion to issue Second Tranche CFD Bonds in such Improvement Area as set forth in this Financing Plan. Subject to the Tax Laws, the CFD Act, and Section 2.4(g), after the CFD Conversion Date for an Improvement Area, Second Tranche CFD Bond proceeds and Remainder Taxes in such Improvement Area shall be used in the following order of priority:

- (i) Shoreline Improvement Costs;
- (ii) Future Sea Level Rise Improvement Costs with respect to Future Sea Level Rise Improvements in the vicinity of the Project Site; and
- (iii) Additional Community Facilities Costs.

On or before each April 1 after the CFD Conversion Date, Developer may present the City with a proposed budget for Shoreline Improvement Costs to be financed by Second Tranche CFD Bond proceeds and Remainder Taxes in each Improvement Area for which the CFD Conversion Date has occurred. Developer and the City shall meet and confer in good faith with respect to such budget. Such budget shall be subject to the approval of the City to confirm that (1) the costs included therein are consistent with the definition of Shoreline Improvement Costs and that the amounts and timing therein are consistent with the Tax Laws and the CFD Act and (2) the budget for items in clause (i) of the definition of Shoreline Improvements is consistent with satisfying reasonable maintenance, repair and replacement standards of similar projects in San Francisco and meeting applicable Project requirements (including applicable Law, the Approvals, the Port Lease and the CC&Rs), such approval not to be unreasonably withheld, conditioned or delayed. After the payment or reservation in a fiscal year of Shoreline Improvement Costs pursuant to such fiscal year's budget and consistent with

this Agreement, the City shall determine the use of such remaining Second Tranche CFD Bond proceeds and Remainder Taxes in such fiscal year for the purposes in clauses (ii) and (iii) in its sole discretion. If Shoreline Improvement Costs are to be funded under such budget but are not then ready for payment, the Special Taxes necessary, or annual Special Tax capacity necessary to secure Second Tranche CFD Bonds, to pay for such Shoreline Improvement Costs shall be reserved to pay for such Shoreline Improvement Costs before paying for items of lower priority. Any Second Tranche CFD Bonds issued to fund items in clauses (ii) and (iii) shall be sized based on a Special Tax revenue stream that does not include the higher-priority budgeted amounts.

(g) Office of Public Finance. All decisions by the City regarding the issuance of CFD Bonds shall be made following consultation with the City's Office of Public Finance.

(h) Federal Tax Law. Developer and the City acknowledge that if the CFD Bonds finance improvements to the Port real property that is subject to the Port Lease, or if the CFD Bonds finance improvements to privately-owned property, then interest on the CFD Bonds may be subject to federal income taxation.

2.5 Use of Proceeds

(a) First Tranche CFD Bond Proceeds. Subject to the Tax Laws, the CFD Act, and the CFD Goals, First Tranche CFD Bond proceeds shall be used in the following order of priority: (i) to fund required reserves and pay costs of issuance; (ii) to fund capitalized interest amounts, if any are requested by Developer; and (iii) to pay costs in the priority set forth in Section 2.5(c). Any First Tranche CFD Bond proceeds remaining after the deposits required by the preceding clauses (i) and (ii) shall be deposited into the CFD Bonds Project Account as designated in the applicable Indenture.

(b) Qualified Project Costs; Additional Community Facilities. By this Financing Plan, the City pledges the proceeds of First Tranche CFD Bonds and Second Tranche CFD Bonds on deposit in each CFD Bonds Project Account or as otherwise provided in the applicable Indenture to finance the costs described in this Financing Plan. In addition, the City further pledges all Remainder Taxes on deposit in each Remainder Taxes Project Account to finance the costs described in Section 2.3(h). In furtherance of this pledge, the City shall levy Facilities Special Taxes in each Fiscal Year in strict accordance with the applicable RMA and this Financing Plan.

(c) Priority of Proceeds Prior to CFD Conversion Date. Subject to the Tax Laws and the CFD Act, the proceeds of First Tranche CFD Bonds shall be applied for the following purposes in the following priority:

- (i) Qualified Project Costs;
- (ii) For costs of maintenance, repair, replacement, and operation of improvements in the Project Site, to the extent Qualified;

- (iii) To be held as a reserve for Qualified Project Costs; and
- (iv) Additional Community Facilities Costs.

(d) Use of Remainder Taxes. Subject to the Tax Laws and the CFD Act, Remainder Taxes shall be used as set forth in Section 2.3(h).

2.6 Miscellaneous CFD Provisions

(a) Change Proceedings. Subject to the limitations in this Financing Plan, the Tax Laws and the CFD Act, the City shall not reject unreasonably Developer's request to conduct Change Proceedings under the CFD Act to: (i) make any changes to an RMA, including amending the rates and method of apportionment of Facilities Special Taxes; (ii) increase or decrease the authorized bonded indebtedness limit within the CFD (or any Improvement Area therein); (iii) annex property that was not identified as Future Annexation Area into the CFD (or any Improvement Area therein); (iv) add additional public capital facilities; or (v) take other actions reasonably requested by Developer; provided however, that Developer acknowledges that the City may reject in its sole discretion Developer's requested changes in such Change Proceedings if such request would (x) reduce the Facilities Special Tax rates below an amount that will produce the share of the Base Aggregate Facilities Special Tax Revenues expected from such Improvement Area or the Contingent Special Tax revenues below the amount established under Section 2.3(e)(iii) or (y) adversely affect the issuance or amount of Second Tranche Bonds as provided in this Financing Plan. Except as set forth in the previous sentence, for purposes of this Section 2.6(a), the City agrees that none of the following changes shall be deemed to adversely affect the ability of the City to issue Second Tranche CFD Bonds: (x) increasing Project Special Tax rates for any land use classification; (y) increasing the authorized bonded indebtedness limit; and (z) authorizing the financing of additional public capital facilities.

(b) Maintaining Levy of CFD Financing. Under section 3 of article XIII C of the California Constitution, voters may, under certain circumstances, vote to reduce or repeal the levy of special taxes in a community facilities district. However, section 9 of article I of the California Constitution prohibits the passage of a law resulting in an impairment of contract. The purpose of this Section 2.6(b) is to give notice that: (i) the Development Agreement (including this Financing Plan) is a contract between Developer and the City; (ii) the financing of Qualified Project Costs and Additional Community Facilities Costs through the application of CFD Bond proceeds (which are secured by Facilities Special Taxes) and Remainder Taxes is an essential part of the consideration for the Development Agreement; (iii) if approved, the financing of Ongoing Maintenance Services through the application of Services Special Taxes and otherwise as set forth in this Financing Plan is an essential part of the consideration for the Development Agreement; (iv) the ability to collect the Contingent Services Special Tax upon the occurrence of a Contingent Trigger Event is essential for the maintenance of the Project; and (v) any reduction in the City's ability to levy and collect Project Special Taxes would materially impair the Development Agreement. To further preserve the Development Agreement, the City agrees that: (y) until all First Tranche CFD Bonds

have been repaid in full or defeased before maturity for any reason other than a refunding, and except as otherwise provided in this Financing Plan, it shall not initiate or conduct proceedings under the CFD Act to reduce Project Special Tax rates without Developer's written consent or if not otherwise legally compelled to do so (e.g., by a final order of a court of competent jurisdiction); and (z) if the voters adopt an initiative ordinance under section 3 of article XIII C of the California Constitution that purports to reduce, repeal, or otherwise alter Project Special Tax rates before all First Tranche CFD Bonds have been repaid in full or defeased before maturity for any reason other than a refunding, the City shall meet and confer with Developer to consider commencing and pursuing reasonable legal action to preserve the City's ability to comply with this Financing Plan.

(c) Covenant to Foreclose. The City shall covenant with CFD bondholders to foreclose the lien of delinquent Facilities Special Taxes consistent with the general practice for community facilities districts in California and otherwise as determined by the City in consultation with its underwriter or financial advisor for the CFD Bonds and other consultants, subject to applicable laws.

(d) Reserve Fund Earnings. The Indenture for each issue of First Tranche CFD Bonds shall provide that earnings on any reserve fund that are not then needed to replenish the reserve fund to the reserve requirement shall be transferred to: (i) the applicable CFD Bonds Project Account for allowed uses until it is closed in accordance with such Indenture; then (ii) the debt service fund held by the Fiscal Agent under such Indenture.

(e) Authorization of Reimbursements. The City shall take all actions necessary to satisfy section 53314.9 of the Government Code or any similar statute subsequently enacted to use First Tranche CFD Bond proceeds and Remainder Taxes to reimburse Developer for: (i) CFD formation and First Tranche CFD Bond issuance deposits; and (ii) advance funding of Qualified Project Costs.

(f) Material Changes to the CFD Act. The City and Developer shall negotiate in good faith as to a substitute public financing program equivalent in nature and function to CFDs if there are material changes to the CFD Act after the Reference Date that make CFD Bonds or Project Special Taxes unavailable or severely impair their use as a source for financing Qualified Project Costs, Additional Community Facilities Costs, Ongoing Maintenance Services Costs or Contingent Services Costs.

(g) CFD Goals. Until the final CFD Conversion Date for the CFD as a whole (and each Improvement Area therein), the City shall not change or amend the CFD Goals as they apply to the CFD or the Project to the extent such changes or amendments could reasonably be expected to adversely impact the Project, are inconsistent with this Financing Plan or conflict with the Development Agreement unless such changes or amendments are required under the Mello-Roos Act or other controlling State or federal law or as otherwise approved by Developer in its sole discretion.

(h) Private Placement of CFD Bonds. Subject to Board of Supervisors approval, upon Developer's written request, the City shall consider selling CFD Bonds in a private placement to a small number of investors (which may include Developer and its Affiliates). In connection with any such private placement, the City and the investors may agree upon terms regarding the security of the CFD Bonds other than as required by this Agreement, including the three to one (3:1) value-to-lien ratio of Section 2.4(c); provided, however, any CFD Bonds must have a required debt service coverage ratio of one hundred ten percent (110%), unless otherwise approved by the City and Developer. Consistent with the CFD Goals, the City shall consider the appropriate categories of investors for any such CFD Bonds.

(i) No Credit Enhancement. The City shall not, under any circumstances, require Developer or any property owner in the CFD (or any Improvement Area therein) to provide a letter of credit or other credit enhancement as security for the payment of Project Special Taxes in the CFD (or any Improvement Area therein) in connection with the issuance of CFD Bonds or otherwise.

(j) Acquisition and Reimbursement Agreement. Contemporaneously with the formation of the CFD, Developer and the City shall enter into the Acquisition and Reimbursement Agreement that shall apply to the acquisition and construction of the authorized improvements for the CFD. The Acquisition and Reimbursement Agreement shall be structured so that it is automatically applicable to any financing by special taxes levied in, or CFD Bonds issued for, all phases of the Project and in each Improvement Area, without requiring any modifications to the Acquisition and Reimbursement Agreement or any further approvals by the City. The Acquisition and Reimbursement Agreement shall contain an acknowledgment by the City and Developer as to the following:

(i) Developer may be constructing authorized improvements before CFD Bond proceeds and Remainder Taxes (together, "**CFD Funding Sources**") that will be used to acquire them are available;

(ii) The City shall inspect such improvements and process payment requests even if CFD Funding Sources for the amount of pending payment requests are not then sufficient to satisfy them in full;

(iii) Authorized improvements may be conveyed to and accepted by the City or other Governmental Entity before the applicable payment requests are paid in full;

(iv) The unpaid balance of applicable payment requests shall be paid when sufficient CFD Funding Sources become available, whether or not at such time the City or other Governmental Entity has accepted the relevant improvements, to the extent permitted by section 53313.51 of the Mello-Roos Act, and such payments may be made: (A) in any number of installments as CFD Funding Sources become available; (B) irrespective of the length of time payment is deferred; and (C) except with respect to the final payment for any improvement, prior to formal acceptance by the Governmental

Entity of the improvements that are the subject of such payment requests; and

(v) Developer's conveyance or dedication of authorized improvements to the City or other Governmental Entity before the availability of CFD Funding Sources to acquire such improvements is not a dedication or gift or a waiver of Developer's right to payment of such improvements under this Financing Plan or the Acquisition and Reimbursement Agreement.

(k) No Other Land-Secured Financings. Except to the extent permitted by section 3.12.2 of the Development Agreement, the City shall not initiate the formation of any land-secured financing district involving the levy of special taxes or assessments on property in the Project. Financing by the EIFD shall not constitute land-secured financings within the meaning of this section.

(l) Annexation of Future Annexation Property. Property identified in the boundary map for the CFD as "Future Annexation Area" may be annexed into the CFD into the initial Improvement Area, into another previously existing Improvement Area that was created after the formation of the CFD, or into a new Improvement Area, in any case upon submission of a unanimous written approval of the property owner(s) of the property to be annexed. The Future Annexation Area property shall be annexed from time to time upon the submission of the unanimous written approval of the property owner(s) of the property to be annexed pursuant to the CFD Act according to the procedures established by the Board of Supervisors in the CFD formation proceedings. Developer shall complete the annexation process for a phase of the Project before approval by the City of the related Development Phase Application.

2.7 Contingent Services Special Taxes

(a) Covenants. Developer agrees that the CC&R's will provide that to the extent voters ever reduce or eliminate the Contingent Services Special Taxes, each owner shall pay a fee equal to such owner's proportionate share of the Contingent Services Costs required to perform the Contingent Services to the standard described below in the applicable Fiscal Year, not to exceed the amount of Contingent Services Special Taxes that such owner would have been required to pay (if any) for such Fiscal Year pursuant to the applicable RMA absent such reduction or elimination, less (if the Contingent Services Special Taxes are reduced but not eliminated) any amount of Contingent Services Special Taxes that such owner is required to pay for such Fiscal Year. For purposes of this Section 2.7, the applicable standard shall be (i) with respect to the Port Lease, the standard required pursuant to the Port Lease with respect to the maintenance, repair, replacement and operation of Privately-Owned Community Improvements, Infrastructure, Parks and Open Spaces and Public Improvements developed on the Port Lease Property, and (ii) with respect to the Craig Lane REA, the standard required pursuant to the Craig Lane REA with respect to the maintenance, repair, replacement or operation of Craig Lane as defined in the REA.

2.8 CFD Limitations

(a) Authorized Funding with Facilities Special Taxes and CFD Bonds.

The City and Developer agree that the CFD shall be formed so that the proceeds of CFD Bonds and Remainder Taxes may be applied to accomplish, as applicable, the following goal in the manner set forth in this Financing Plan: to finance (i) Qualified Project Costs; and (ii) Additional Community Facilities Costs. To accomplish this goal, and subject to the limitations set forth in this Section 2.8, and in light of the Base Aggregate Facilities Special Tax Revenues and the CFD Goals:

(i) the CFD (and each Improvement Area) shall be authorized to finance Qualified Project Costs and Additional Community Facilities Costs; and

(ii) the amount of authorized bonded indebtedness shall be established to allow the issuance of the First Tranche CFD Bonds to finance Qualified Project Costs and the Second Tranche CFD Bonds to finance Additional Community Facilities Costs. Nothing in this Section 2.8(a) is intended to suggest that the proceeds of CFD Bonds and Remainder Taxes may not be applied to accomplish the other purposes described in this Financing Plan.

(b) Authorized Uses. Until the CFD Conversion Date for an Improvement Area, CFD Bonds for such Improvement Area shall be issued exclusively to finance the items described in, and in the order of priority set forth in, Section 2.5(c). After the CFD Conversion Date for an Improvement Area, CFD Bonds for such Improvement Area shall be issued exclusively to finance the items described in, and in the order of priority set forth in, Section 2.4(f).

(c) Bond Issuance Limits. The City and Developer agree that the City shall not be obligated to issue First Tranche CFD Bonds (including refunding bonds) for an Improvement Area with a final maturity of later than the date that is forty-two (42) years after the issuance of the first series of First Tranche CFD Bonds for such Improvement Area without the approval of Board of Supervisors in its sole discretion. Unless otherwise approved by the City and Developer, any CFD Bonds issued to refund First Tranche CFD Bonds shall comply with applicable provisions of the CFD Act pursuant to which refunding bonds shall not result in a reduction of the total authorized amount of the bonded indebtedness of the Improvement Area and, in any event, the final maturity date of the refunding bonds shall not exceed the latest maturity date of the First Tranche CFD Bonds being refunded. The previous sentence shall not prevent the issuance of a series of First Tranche CFD Bonds for new money and refunding purposes, so long as the portion of the First Tranche CFD Bonds attributable to the refunding purpose meets the requirements of the previous sentence.

(d) Ongoing Maintenance Services Costs. Notwithstanding the other provisions of this Section 2.8, Developer and the City may agree at the time of CFD formation to allow Ongoing Maintenance Service Costs to be paid with Remainder Taxes before or after the CFD Conversion Date.

3. ENHANCED INFRASTRUCTURE FINANCING DISTRICT FINANCING

3.1 Formation of the EIFD

(a) The City (i) adopted on March 21, 2023 its Resolution No. 133-23, which resolution was signed by the Mayor on March 28, 2023, in which the Board of Supervisors declared its intention to cause the establishment the EIFD over the Developer Property, the PG&E Sub-Area, and the Weidenmuller Property and (ii) on _____, 2024, held a public hearing and adopted its Resolution No. _____, which resolution was signed by the Mayor on _____, 2024, for the purpose of approving the IFP and the EIFD Acquisition and Financing Agreement.

(b) The Board of Supervisors established the Public Financing Authority under the EIFD Law pursuant to its Ordinance No. 044-23, which was finally passed by the Board of Supervisors on April 4, 2023 and signed by the Mayor on April 4, 2023.

(c) The City and Developer shall execute the EIFD Acquisition and Financing Agreement in substantially the form attached hereto as Attachment 2, and the City shall request the Public Financing Authority to approve and the EIFD to execute the EIFD Acquisition and Financing Agreement in such form. The City and Developer shall mutually agree on any changes to the form of the EIFD Acquisition and Financing Agreement attached hereto.

(d) In the event the EIFD does not comply with the IFP or the EIFD Acquisition and Financing Agreement, the City and Developer will take all reasonable measures to enforce the IFP or the EIFD Acquisition and Financing Agreement, as applicable, including, but not limited to, utilizing the enforcement provisions set forth in the IFP and the EIFD Acquisition and Financing Agreement.

(e) The Developer acknowledges that it was represented by counsel and participated in the process of establishing the EIFD and preparing the IFP, including but not limited to determining the methodology for establishing the Base Year assessed value of the parcels comprising the PG&E Sub-Area, allocating the Base Year assessed value for Project Areas A and B to their successor Project Areas, and allocating Allocated Tax Revenues and Conditional Tax Revenues to the EIFD.

3.2 Allocated Tax Revenue and Conditional Tax Revenue

(a) As set forth in, and subject to, the IFP, the City made an irrevocable allocation of Allocated Tax Revenue to the EIFD. As set forth in both the IFP and the EIFD Acquisition and Financing Agreement, the City will not approve any amendments to the IFP that would alter the following prioritization of use of the Allocated Tax Revenue without Developer's prior written approval:

- (i) first, to pay EIFD administrative costs;
- (ii) second, to pay debt service on EIFD Bonds and to replenish any reserve funds associated with EIFD Bonds;

(iii) third, to repay the City for any Conditional Tax Revenue actually used to pay debt service on EIFD Bonds or replenish debt service reserve funds for the EIFD Bonds in an amount equal to the Conditional Tax Revenue actually used to pay debt service on the EIFD Bonds or replenish debt service reserve funds for the EIFD Bonds plus interest through the date of repayment at an annual interest rate equal to the rate of interest on the United States Treasury bond with a 10-year maturity on the date of the first use of Conditional Tax Revenue plus 300 basis points, and such interest rate shall remain fixed for the remainder of the term of the IFP; and

(iv) fourth, to accumulate over time and, from time to time at Developer's request, to pay directly or reimburse Developer for the Qualified EIFD Improvements as set forth in the EIFD Acquisition and Financing Agreement.

(b) As set forth in, and subject to, the IFP, the City made a conditional allocation of Conditional Tax Revenue to the EIFD. The Conditional Tax Revenue may only be used to (i) provide coverage on the EIFD Bonds, (ii) pay debt service on Bonds, and (iii) replenish debt service reserve funds for such Bonds to the extent that Allocated Tax Revenue is not available for those purposes. The Indenture for any EIFD Bonds shall provide that, on an annual basis, once it has been determined that all or a portion of the Conditional Tax Revenue for a tax year is not needed for the purposes described in clauses (ii) and (iii) of the preceding sentence for the applicable calendar year because of the availability of Allocated Tax Revenue, such unneeded Conditional Tax Revenue shall be transferred to the City for deposit in the General Fund. The City will not approve any amendments to the IFP that would alter the use of the Conditional Tax Revenue without Developer's prior written approval.

3.3 Issuance of EIFD Bonds

(a) The City will not approve any amendments of the IFP that would alter the following principles related to the issuance of EIFD Bonds: (i) the EIFD will issue EIFD Bonds in compliance with the EIFD Law and the IFP to finance the Qualified EIFD Improvements, (ii) the EIFD Bonds will not be issued except upon the written request of Developer and with the prior approval of the Board of Supervisors, and (iii) other than paying EIFD administrative costs and costs of issuance and funding capitalized interest and debt service reserve funds, the proceeds of the EIFD Bonds shall be used to finance Qualified EIFD Improvements.

(b) The City has agreed to allocate the Conditional Tax Revenue to the EIFD to provide debt service coverage for the Bonds, and the Conditional Tax Revenue will only be available for the limited purpose of paying debt service on the EIFD Bonds and replenishing any reserve funds for the EIFD Bonds in the event that Allocated Tax Revenue is insufficient for that purpose. The City and Developer agree that it is their shared intent to rely on Conditional Tax Revenue to provide 100% of the debt service coverage for EIFD Bonds in order to maximize the ability to leverage Allocated Tax Revenue to finance Qualified Improvements, subject to the following paragraph.

(c) Each issue of EIFD Bonds will be structured with a debt service coverage ratio that maximizes the proceeds of the EIFD Bonds provided (i) such EIFD Bonds is issued consistent with sound municipal financing practices, and (ii) the City is assured, to its reasonable satisfaction, based on actual and projected reasonably foreseeable economic conditions that could have an impact on the assessed value of the property in the EIFD, that the EIFD Bonds are structured in a manner that (A) mitigates any potential material risk that the EIFD could default in the payment of debt service on the EIFD Bonds and (B) provides reasonable assurance to the City that that the Conditional Tax Revenue would likely to be available to the City's General Fund and unlikely to be needed to pay debt service on the EIFD Bonds or replenish debt service reserve funds for the EIFD Bonds.

(d) Prior to requesting the issuance of EIFD Bonds, Developer will consult with the City's Controller (or the Controller's designee). The Controller will recommend that the Board of Supervisors approve such requested issue of EIFD Bonds if the Controller has determined that (1) the issue will meet the standards set forth in Section 3.3(c) and (2) the issue will be consistent with the EIFD Law, the IFP, and this Financing Plan. If the Controller recommends disapproval, the Controller shall specify in writing the reasons for such recommendation.

(e) The Board of Supervisors shall consider all requests to approve the issuance of EIFD Bonds in accordance with its customary practices based on the record before it, which shall include the Controller's recommendation and a description of the requirements of this Financing Plan.

3.4 Reassessment Provisions.

(a) In consideration of the City entering into this Financing Plan, Developer agrees as follows with respect to parcels that it owns in the boundaries of the EIFD. All capitalized terms used in this Section 3.4 that are not otherwise defined in the Development Agreement or this Financing Plan shall have the meanings ascribed to such terms in subsection (f) below.

(b) From and after the Commencement Date (as defined in the IFP) for a Project Area, Developer may initiate a Reassessment in connection with the determination of the Baseline Assessed Value of any parcel within such Project Area, but may not and hereby waives its right to initiate a Reassessment of the Subsequent Assessed Value of that parcel within such Project Area until the earlier of (A) the date on which (1) there are no authorized uses under the IFP of the Allocated Tax Increment or the Conditional Tax Increment generated in the Project Area and neither the Developer nor the City expects there to be any further such authorized uses and (2) the City has been repaid for the use of Conditional Tax Revenue in accordance with the IFP or (B) the EIFD Termination Date with respect to such Project Area.

(c) Developer agrees to include a provision substantially similar to this Section in any Assignment and Assumption Agreement.

(d) Developer understands that the City would not be willing to enter into this Financing Plan without this Section. Developer has knowingly, willingly and voluntarily agreed to this Section 3.4 with awareness of the likely consequences, after consulting with legal counsel. The City and Developer agree that there are no alternative means to achieve the purposes of this Section 3.4. Nothing in this Section 3.4 is intended to limit the San Francisco Assessor's independent duty to value property in accordance with Section 2(b) of California Constitution Article XIII A and California Revenue and Taxation Code Section 51.

(e) Should the City determine, based upon the advice of bond counsel, that the provisions of subsection (b) above could cause the interest on an issue of EIFD Bonds to be subject to federal income taxation, the City and the Developer shall meet and confer to discuss bond counsel's advice, and thereafter, the City may either, in its discretion (i) ask the Public Financing Authority to issue such proposed EIFD Bonds as federally taxable bonds or (ii) (A) release Developer from its obligations under this Section 3.4, and this Section 3.4 will be deemed severed from this Financing Plan and (B) ask the Public Financing Authority to structure any proposed EIFD Bonds in accordance with Section 3.3(c) after taking into account the release of the Developer's obligations under this Section.

(f) Definitions.

(i) **"Baseline Assessed Value"** means the greater of (1) the initial assessed value of a parcel in the EIFD in the first Fiscal Year in which the assessed value reflects the full cash value of the initial improvements constructed on the parcel for which the City has issued an initial certificate of occupancy, and (2) the initial assessed value of a parcel in the EIFD in the first Fiscal Year in which the assessed value reflects any change in ownership or later improvements.

(ii) **"EIFD Termination Date"** means, for each Project Area in the EIFD, the date on which all allocations to the EIFD of Allocated Tax Revenue and Conditional Tax Revenue from that Project Area ends under the IFP.

(iii) **"Reassessment"** means a proceeding that a taxpayer initiates under the California Revenue and Taxation Code that results in a Value Reduction.

(iv) **"Subsequent Assessed Value"** means the assessed value of a parcel in the EIFD in any Fiscal Year after the most recent Baseline Assessed Value was established.

(v) **"Value Reduction"** means a reduction in assessed value of a parcel obtained through a Reassessment.

3.5 Validation

(a) Developer is aware that the EIFD will file a judicial validation action relating to the formation of EIFD and actions authorized under the IFP and agrees to pay the reasonable costs of such validation action.

4. ASSIGNMENT

4.1 Assignment of Financing Plan. Developer shall retain all rights and obligations of the Financing Plan except to the extent as specifically assigned to a Transferee as set forth in an Assignment and Assumption Agreement.

5. INTERPRETATION; DEFINITIONS

5.1 Interpretation of Agreement

(a) Development Agreement. This Financing Plan (including its Attachments, as updated from time to time) is a part of the Development Agreement and is subject to all of its general terms, including the rules of interpretation and section 14.21 thereof (related to approvals).

(b) Inconsistent Provisions. Developer and the City intend for this Financing Plan to prevail over any inconsistent provisions relating to the financing structure for the Project and their respective financing-related obligations in any other agreement between them related to the Project, including other provisions of the Development Agreement.

5.2 Defined Terms

(a) Definitions. The following terms have the meanings given to them below or are defined where indicated.

“100% Affordable Units” is defined in the Housing Plan.

“Acquisition and Reimbursement Agreement” means the agreement between Developer and the City governing the terms of the City’s acquisition of authorized improvements and reimbursement of Qualified Project Costs and any other cost paid by Developer and authorized to be financed by the CFD under this Financing Plan to the extent Qualified, as the same may be modified or amended from time to time.

“Additional Community Facilities” means facilities financed by the City with Second Tranche CFD Bonds and, after the CFD Conversion Date, Remainder Taxes, in any case under applicable law, in the manner set forth in this Financing Plan and that are limited to (i) public facilities (located on public or private property) that serve the Project Site, including maintenance, restoration, rehabilitation, reconstruction or replacement of facilities previously financed under this Financing Plan, (ii) Future Sea Level Rise Improvements and (iii) Shoreline Improvements. For the avoidance of doubt, Additional Community Facilities also may be financed by First Tranche CFD Bonds and Remainder Taxes prior to the CFD Conversion Date as set forth in this Financing Plan.

Re: Transmittal of Planning Department Case Number 2017-011878DVA-02:
Potrero Power Station Mixed-Use Project
Board File No. 231274

Planning Commission Recommendation: **Approval**

Dear Ms. Calvillo and Supervisor Walton,

On January 18, 2024, the Planning Commission conducted a duly noticed public hearing at a regularly scheduled meeting to consider the proposed Ordinance, introduced by Supervisor Walton, that would amend the Potrero Power Station Development Agreement and its Financing Plan to allow implementation of an Enhanced Infrastructure Financing District (EIFD). At the hearing, the Planning Commission recommended approval.

The proposed amendments are not defined as a project under CEQA Guidelines Section 15060(c) and 15378 because they do not result in a physical change in the environment.

Please find attached documents relating to the actions of the Commission. If you have any questions or require further information, please do not hesitate to contact me.

Sincerely,

Aaron D. Starr

RESOLUTION APPROVING AN AMENDMENT TO THAT CERTAIN DEVELOPMENT AGREEMENT BETWEEN THE CITY AND COUNTY OF SAN FRANCISCO AND CALIFORNIA BARREL COMPANY LLC DATED FOR REFERENCE PURPOSE ONLY AS OF SEPTEMBER 22, 2020, TO ALLOW IMPLEMENTATION OF AN ENHANCED INFRASTRUCTURE FINANCING DISTRICT PURSUANT TO CHAPTER 2.99 OF PART 1 OF DIVISION 2 OF TITLE 5 OF THE CALIFORNIA GOVERNMENT CODE, COMMENCING WITH SECTION 53398.50, AT CERTAIN REAL PROPERTY LOCATED AT ILLINOIS AND 23rd STREETS, COMPRISED OF LOTS 002, 017, AND 018 (PARTIAL) IN ASSESSOR'S BLOCK 4175 AND LOTS 001 AND 006 IN ASSESSOR'S BLOCK 4232; AND ADOPTING FINDINGS, INCLUDING ENVIRONMENTAL FINDINGS AND FINDINGS OF CONSISTENCY WITH THE GENERAL PLAN AND PLANNING CODE SECTION 101.1.

WHEREAS, Chapter 56 of the San Francisco Administrative Code sets forth the procedure by which a request for a development agreement and amendments thereto will be processed and approved in the City and County of San Francisco;

WHEREAS, on January 30, 2020, the Planning Commission adopted Motion No. 20635, certifying the Final Environmental Impact Report (the "FEIR") for the Potrero Power Station Mixed-Use Development Project prepared pursuant to the California Environmental Quality Act (Cal. Pub. Resources Code §§ 21000 et seq.) ("CEQA"). At the same hearing, the Planning Commission adopted Motion No. 20636, adopting findings pursuant to CEQA for the Project (including a statement of overriding considerations and mitigation monitoring and reporting plan ("MMRP")), Resolution No. 20637, recommending to the Board of Supervisors approval of

the General Plan Amendments consistent with the Potrero Power Station Special Use District, Motion No. 20638, approving the Potrero Power Station Design for Development, Resolution No. 20639, recommending to the Board of Supervisors approval of amendments to the Planning Code and Zoning Map amendments to establish the Power Station Special Use District (“PPS-SUD”) and Height and Bulk districts, and Resolution No. 20640, recommending to the Board of Supervisors approval of a Development Agreement between the City and County of San Francisco and California Barrel Company LLC (“Development Agreement”);

WHEREAS, on February 25, 2020, the City and County of San Francisco Port Commission (the “Port”) adopted Resolution No. 20-12, consenting to the Development Agreement, approving a ground lease between the Port and California Barrel Company LLC (the “Port Lease”), delegating authority to the Port’s Executive Director to enter into one or more Memoranda of Understandings with various City agencies, including the San Francisco Public Utilities Commission (“SFPUC”), the San Francisco Department of Public Works (“SFPDW”) and the Department of Building Inspection (“DBI”), relating to each agency’s role and responsibility, adopting environmental findings under CEQA, including the MMRP and a statement of overriding considerations;

WHEREAS, on April 21, 2020, the Board of Supervisors adopted Ordinance No. 0062-20 (File No. 200040) approving the Development Agreement, waiving or modifying certain provisions of the Administrative Code, Planning Code, Subdivision Code, and Zoning Map, and adopting environmental findings under CEQA (including the MMRP and a statement of overriding considerations), public trust findings, and findings of consistency with the General Plan and Planning Code priority policies, Ordinance 0061-20 (File No. 200039), amending the Planning Code and the Zoning Maps to establish the Power Station Special Use District and Height and Bulk districts, Ordinance 0064-20 (File No. 200174), amending the General Plan to conform the General Plan with the Potrero Power Station Special Use District, and Resolution 0164-20 (File No. 200217), approving the Port Lease;

WHEREAS, on September 9, 2020, the Planning Department published an Addendum to the Potrero Power Station Final Environmental Impact Report (“FEIR”). The Addendum found that certain amendments to the Potrero Power Station Mixed-Use Development Project would not cause new significant impacts that were not identified in the FEIR, would not result in significant impacts that would be substantially more severe than those identified in the FEIR, and would not require new mitigation measures to reduce significant impacts.

WHEREAS, on December 12, 2023, Supervisor Shamann Walton introduced a proposed ordinance under Board of Supervisors (hereinafter “Board”) File Number 231274, which would amend the development agreement between California Barrel Company LLC and the City and County of San Francisco to allow implementation of an Enhanced Infrastructure Financing District (EIFD) to permit incremental property tax allocations to finance the Project’s approved public infrastructure, affordable housing, and other facilities of communitywide such as parks and open space;

WHEREAS, on December 13, 2023, the Director of Planning received a written request from California Barrel Company LLC (“Project Sponsor”) to amend the Development Agreement pursuant to Chapter 56 of the San Francisco Administrative Code, consistent with the terms of the ordinance introduced by Supervisor Walton;

WHEREAS, in furtherance of the Project and the City’s role in subsequent approval actions relating to the Project, the City and California Barrel Company LLC negotiated an amendment to the Development Agreement for development of the Project site, which is attached as Exhibit A;

WHEREAS, the City has determined that as a result of the development of the Project site in accordance with the Development Agreement and amendment thereto, clear benefits to the public will accrue that could not be obtained through application of existing City ordinances, regulations, and policies, as more particularly described in the Development Agreement and the proposed amendment thereto and the proposed ordinance contained in Board of Supervisors File No. 231274.

WHEREAS, the amendment to the Development Agreement shall be executed by the Director of Planning and City Attorney, subject to prior approval by the Board of Supervisors.

WHEREAS, the Planning Commission finds that there have been no substantial project changes and no substantial changes in project circumstances that would require major revisions to the FEIR due to the involvement of new significant environmental effects or an increase in the severity of previously identified significant impacts, and there is no new information of substantial importance that would change the conclusions set forth in the FEIR. No further environmental review is required.

WHEREAS, on January 30, 2020, by Motion No. 20637, the Commission adopted findings regarding the Project's consistency with the General Plan, Planning Code Section 101.1, and all other approval actions associated with the development therein, which findings appropriately support the Commission's resolution as set forth herein and are hereby incorporated by this reference as if fully set forth herein;

WHEREAS, the Planning Commission has heard and considered the testimony presented to it at the public hearing and has further considered written materials and oral testimony presented on behalf of Department staff and other interested parties;

WHEREAS, all pertinent documents may be found in the files of the Department, as the Custodian of Records, at 49 South Van Ness Avenue, Suite 1400, San Francisco;

WHEREAS, the Planning Commission has reviewed the proposed ordinance;

WHEREAS, the Planning Commission finds from the facts presented that the public necessity, convenience, and general welfare require the proposed amendment; and

NOW BE IT THEREFORE RESOLVED, that the Planning Commission hereby approves a Resolution recommending that the Board of Supervisors approve the proposed ordinance and amendment to the Development Agreement, in substantially the form attached hereto as Exhibit A.

AND BE IT FURTHER RESOLVED, that the Commission finds that the application, public notice, Planning Commission hearing, and Planning Director reporting requirements regarding the Development Agreement negotiations contained in Administrative Code Chapter 56 required of the Planning Commission and the Planning Director have been substantially satisfied in light of the regular meetings held since 2020, the public informational hearings provided by the Planning Department staff at the Planning Commission, and the information contained in the Director's Report.

AND BE IT FURTHER RESOLVED, that the Commission authorizes the Planning Director to take such actions and make such changes as deemed necessary and appropriate to implement this Commission's approval and to incorporate recommendations or changes from other City agencies and/or the Board, provided that such changes do not materially increase any obligations of the City or materially decrease any benefits to the City contained in the Development Agreement, including the amendment thereto attached as Exhibit A.

Findings

Having reviewed the materials identified in the preamble above, and having heard all testimony and arguments, this Commission finds, concludes, and determines as follows:

1. The proposed amendment would assist in implementation of the Potrero Power Station Mixed-Use Project, which will construct affordable and market-rate housing, commercial facilities, recreational facilities, and numerous public benefits on a historically underutilized and underdeveloped site;
2. The proposed amendment would allow the Potrero Power Station Mixed-Use Project to deliver affordable housing units in a consistent and timely manner;
3. The proposed amendment would allow the Potrero Power Station Mixed-Use Project to finance essential infrastructure resulting in a vibrant, safe, and well-connected neighborhood with substantial open space and thoughtful connections between private buildings and the public realm;
4. The proposed amendment would allow the Potrero Power Station Mixed-Use Project to finance parks and open spaces in a neighborhood historically devoid of such amenities;
5. The Project Sponsor has diligently pursued vertical and horizontal development at the Project Site and consistently acted in good faith since the Potrero Power Station Mixed-Use Project was initially approved on January 30, 2020.

I hereby certify that the foregoing Resolution was adopted by the Commission at its meeting on January 18, 2024.

Be it ordained by the People of the City and County of San Francisco:

(a) California Barrel Company LLC, a Delaware limited liability company ("Developer"), owns approximately 21 acres of developed and undeveloped land located in the City and County of San Francisco ("City"), generally bound by 22nd Street to the north, the San Francisco Bay to the east, 23rd Street to the south, and Illinois Street to the west ("Developer Property").

(b) The Developer and the City executed a Development Agreement dated September 22, 2020, and subject to amendment from time to time ("Development Agreement"), relating to the proposed development of a project known as the Potrero Power Station ("Project"). The Development Agreement was approved by the Board of Supervisors and Mayor in Ordinance No. 62-20, a copy of which is in File No. 200040.

1 (c) The Project is a phased, mixed use development on or around the Developer
2 Property that is more particularly described in the Development Agreement.

3 (d) By Resolution No. 133-23, the Board of Supervisors and Mayor approved the
4 Resolution of Intention to Establish San Francisco Enhanced Infrastructure Financing District
5 No. 1 (Power Station) in relation to the Project (the "EIFD").
6

7 Section 2. Development Agreement Amendment.

8 (a) The Board of Supervisors approves an amendment to the Development
9 Agreement, to revise Exhibit C, the Financing Plan, to the Development Agreement, to make
10 certain changes to allow for the establishment of the EIFD, as well as necessary revisions to
11 the Development Agreement for the establishment of the EIFD, in substantially the form on file
12 with the Clerk of the Board of Supervisors in File No. 231274.

13 (b) The Board of Supervisors approves and authorizes the execution, delivery and
14 performance by the City of the amendment to the Development Agreement as follows: (i) the
15 Director of Planning and (other City officials listed thereon) are authorized to execute and
16 deliver the Development Agreement; and (ii) the Director of Planning and other applicable City
17 officials are authorized to take all actions reasonably necessary or prudent to perform the
18 City's obligations under the Development Agreement in accordance with the terms of the

1 Section 3. CEQA Findings.

2 (a) On January 30, 2020, by Motion No. 20635, the Planning Commission certified
3 as adequate, accurate, and complete the Final Environmental Impact Report ("FEIR") for the
4 Project pursuant to the California Environmental Quality Act (California Public Resources
5 Code Sections 21000 et seq.) ("CEQA"). A copy of Planning Commission Motion No. 20635
6 is on file with the Clerk of the Board of Supervisors in File No. 200040.

7 (b) On September 9, 2020, the Planning Department published an Addendum to the
8 FEIR finding certain proposed changes to the Project's phasing plan did not change the
9 conclusions of the FEIR and that the changes would not result in substantially more severe
10 impacts than what was identified in the FEIR (the "FEIR Addendum").

11 (c) The Board of Supervisors has reviewed and considered the FEIR and FEIR
12 Addendum, and finds that the FEIR and the FEIR Addendum are adequate for their use for
13 the actions taken by this ordinance and incorporates the FEIR and the CEQA findings
14 contained in Ordinance No. 62-20 and the FEIR Addendum by this reference and further finds
15 that, pursuant to CEQA Guidelines Section 15162, no additional environmental review is
16 required because there are no substantial changes to the Project analyzed in the FEIR and
17 the FEIR Addendum, no change in circumstances under which the Project is being
18 undertaken, and no new information that was not known and could not have been known
19 shows that new significant impacts would occur, that the impacts identified in the FEIR and
20 the FEIR Addendum as significant impacts would be substantially more severe, or that
21 mitigation or alternatives previously found infeasible are now feasible.

22
23 Section 4. General Plan and Planning Code Section 101.1 (b) Findings.

24 The Board of Supervisors found the Development Agreement conforms with the
25 General Plan and the eight priority policies of Planning Code Section 101.1 by the findings set

1 forth in subsection (a) of Ordinance 64-20 (File No. 200174). The Board of Supervisors
2 incorporates the foregoing findings and determines that such findings are adequate for their
3 use of the actions taken by this Ordinance, including approval of the amendment to the
4 Development Agreement.

5
6 Section 5. Effective Date. This ordinance shall become effective 30 days after
7 enactment. Enactment occurs when the Mayor signs the ordinance, the Mayor returns the

Recommendation: Approval

Project Description

The Project includes a modification to the Development Agreement between the City and County of San Francisco and California Barrel Company for the Potrero Power Station Mixed-Use Project. The proposed modification will

allow the implementation of an Enhanced Infrastructure Financing District (EIFD) to permit incremental property tax allocations to finance the public infrastructure, affordable housing, and other facilities of communitywide significance such as parks and open space previously approved as part of the Development Agreement. In addition, the EIFD may be used to finance public capital facilities and projects of communitywide significance required, or those permitted by the Development Agreement, the Plan Documents, or the Approvals for the Project, and other authorized costs and to pay debt service on bonds and other debt of the Power Station EIFD.

Required Commission Action

In order for the Project to proceed, the Commission must provide a recommendation to the Board of Supervisors on the proposed legislation introduced by Supervisor Shamann Walton (Board File No. 231274), which would authorize an amendment to the Potrero Power Station Development Agreement and its Financing Plan.

Issues and Other Considerations

- **Public Comment & Outreach.**
 - **Support/Opposition:** The Department has not received any letters in support or in opposition to the Project.
 - **Outreach:** The Project Sponsor has engaged in a robust community outreach program throughout the development and refinement of the Project design over the past several years. Community engagement included roughly 170 community meetings, public site tours, workshops and presentations, Project Sponsor office hours, presentations to the Eastern Neighborhoods Community Advisory Committee, the Potrero Boosters, the Dogpatch Neighborhood Association, SPUR, the Housing Action Coalition, the Port, the Historic Preservation Commission, and the Planning Commission. The Project Sponsor hosts quarterly update meetings for members of the community where developments such as the proposed Project may be presented and discussed.
- **Potrero Power Station Mixed-Use Project.** The Potrero Power Station Mixed-Use Development Project is a multi-phased, mixed-use development, involving the construction of a variety of residential, commercial, parking, community facilities, and open space land uses, all in accordance with the Development Agreement. Residential uses will include both market-rate and affordable housing, and commercial uses will include office, research and development/life science, retail, hotel, entertainment/assembly, and production, distribution, and repair (PDR) uses, as further set forth in Planning Code Section 249.87. The Project includes public access areas and open space, playing fields and other active open space uses, a dock facility and other shoreline improvements, transportation improvements and an internal grid of public streets, shared public ways, and utilities infrastructure. Overall, the Project consists of up to approximately 5.4 million gross square feet of development.
- **Project Approvals to Date.** Prior to submittal of the current DA modification request, the Project has received the following approvals from the Planning Director and/or Planning Commission:
 - On January 30, 2020, the Planning Commission adopted Motion No. 20635, certifying the Final Environmental Impact Report; through Motion No. 20636, adopted findings pursuant to CEQA for the Project (including a statement of overriding considerations and a mitigation monitoring and reporting

plan); adopted Resolution No. 20637, recommending to the Board of Supervisors approval of the General Plan Amendments consistent with the Potrero Power Station Special Use District; adopted Motion No. 20638, approving the Potrero Power Station Design for Development; adopted Resolution No. 20639, recommending to the Board of Supervisors approval of amendments to the Planning Code and Zoning Map to establish the Power Station Special Use District and Height and Bulk districts; and adopted Resolution No. 20640, recommending to the Board of Supervisors approval of a Development Agreement between the City and County of San Francisco and California Barrel Company LLC. The Project was finally approved by the Board of Supervisors on April 21, 2020.

- On October 7, 2020, the Planning Director approved a Development Agreement Phase 1 Application and Phasing Plan Amendment Application.
- On October 22, 2020, the Planning Commission approved an Office Development Authorization to allocate 403,750 square feet of office use to Block 15 through Motion No. 20801 and a major modification of off-street loading entrance requirements at Block 15 through Motion No. 20802.
- On October 21, 2021, the Planning Commission approved an Office Development Authorization using the Office Jobs/Affordable Housing Balance Incentive Reserve to allocate 896,323 square feet of office use at the Project Site over the 30-year term of the Development Agreement through Motion No. 21019.
- On March 2, 2022, the Planning Director approved a vertical development application with minor modifications for Blocks 7A, 7B, 8, and 15.
- On June 23, 2022, the Planning Director approved a horizontal development application for Louisiana Paseo and Power Station Park.
- On July 28, 2022, the Planning Commission adopted Motion No. 21155, approving an Office Development Authorization to allocate 3,426 square feet of office use to Block 15, correcting a previous approval. The Commission also adopted Resolution No. 21156 for a non-material amendment to the Phasing Plan to remove the requirement to dedicate one building on the Project Site not less than 130,000 square feet to Life Science Uses.
- On April 25, 2023, the Planning Director approved non-material amendments to the Phasing Plan and Housing Plan to allow the following: modifications to the timeline and disbursement of financial obligations for a Community Facility operator; modifications to the size and delivery timeline of Childcare facilities; and amendment to the Housing Plan to remove a cap on the number of Inclusionary Units which may be transferred to the Homeless Prenatal Program in a given Development Phase.
- **Enhanced Infrastructure Financing District Statute.** On September 29, 2014, California Senate Bill 628 was signed into law, which authorizes municipalities to create Enhanced Infrastructure Financing Districts (EIFDs) to fund infrastructure development and community benefits. EIFDs provide a tool for municipalities to allocate anticipated new tax revenue toward certain development activities based on tax increment financing (TIF). Senate Bill 628 requires a city council or county board of supervisors, before it adopts an infrastructure financing plan and forms an EIFD, to establish a public financing authority (PFA) with a specified membership

comprising both members of the public and members from the legislative bodies of participating taxing entities. On April 4, 2023, the Board of Supervisors adopted Ordinance No. 044-23 establishing the Enhanced Infrastructure Financing District Public Financing Authority No. 1 as the governing board of the EIFD. A municipality is required to begin the process of forming an EIFD by adopting a resolution of intention to establish an EIFD. The resolution must state a time and place for a hearing on the proposal, the proposed district's boundaries, the types of facilities and development to be financed, the need for the district, the goals the district proposes to achieve, and that incremental property tax revenues may be used to finance the EIFD's activities. After adopting the resolution of intention, the city or county must provide public notice, as specified, and direct an official to prepare an infrastructure financing plan.

- **Proposed Amendment: Power Station Enhanced Infrastructure Financing District.** On February 27, 2023 the Capital Planning Committee approved updates to the Infrastructure Financing District Guidelines in the Capital Plan. This update is intended to supplement the Board of Supervisor Guidelines for the Establishment and Use of Infrastructure Financing Districts in San Francisco (Board Guidelines), which were approved by the Board of Supervisors pursuant to Resolution No. 6611, which was adopted by the Board of Supervisors on February 8, 2011, and signed by the Mayor on February 18, 2011. The IFD policy was updated as part of Mayor London Breed's Housing for All Plan that will implement the goals and policies in the certified Housing Element. Infrastructure Financing Districts are an effective tool to accelerate the production of housing in projects that contain significant infrastructure needs. This updated policy sets the specific criteria for establishing new EIFDs in projects that will significantly expand San Francisco's housing supply. Entitled large projects in the pipeline are our best and fastest opportunity to add significant housing supply. Yet these projects are grappling with significant feasibility issues that are inhibiting their progress. The City can accelerate pipeline projects by investing funds to pay for the public infrastructure that must be built before housing parcels are ready for construction. The City would receive new public infrastructure faster and unlock an expansion of our housing supply plus associated community benefits.

On March 21, 2023 the Board of Supervisors adopted Resolution No. 133-23 (the "Resolution of Intention") stating its intention to establish the "San Francisco Enhanced Infrastructure Financing District No. 1 (Power Station)" and identifying the project area. At Power Station, the EIFD will reduce the project's cost of public infrastructure on a dollar-for-dollar basis at a moment when infrastructure is not financeable. The EIFD provides a predictable source of funding for vertical construction in future phases of the project – signaling to the market a clear (and contractual) path forward. Absent EIFD, even high momentum projects like Power Station that require significant infrastructure will pause or stop. With an EIFD, infrastructure construction will continue unabated and allow for the construction of the housing and community benefits provided in the project. On July 17, 2023, the PFA adopted a resolution directing the preparation of an Infrastructure Financing Plan (the "IFP") for the EIFD, which will describe in greater detail the public facilities and other specified projects of communitywide significance to be financed, a financing section specifying the incremental tax revenue of the City to be committed to the EIFD, and other such information and analyses required under the EIFD Law.

Because the establishment of an EIFD was not anticipated within the Development Agreement, amendments to the DA and its Financing Plan are required to allow the improvements on the Project Site be eligible for financing by the EIFD. The Planning Commission must review and approve all proposed amendments to Development Agreements through resolution which is subsequently referred to the Board of Supervisors for adoption.

Environmental Review

On January 30, 2020, the Planning Commission certified the Final Environmental Impact Report (FEIR). On September 9, 2020, the Planning Department published an Addendum to the FEIR. Planning Department Environmental Review Staff have determined that the proposed amendment to the Development Agreement and its Financing Plan does not constitute a substantial project change and that there have been no substantial changes in project circumstances that would require major revisions to the FEIR due to the involvement of new significant environmental effects or an increase in the severity of previously identified significant impacts, and there is no new information of substantial importance that would change the conclusions set forth in the FEIR or Addendum.

Basis for Recommendation

The Department finds that the Project is, on balance, consistent with the Central Waterfront Area Plan and the Objectives and Policies of the General Plan. Overall, the proposed Project will allow the Potrero Power Station Mixed-Use Development to continue providing substantial community benefits, such as public infrastructure affordable housing, parks and other open space by modifying the method of financing such benefits as anticipated. Consistent, timely delivery of affordable housing units and other community benefits is a goal of the City of San Francisco. The Department also finds the Project to be necessary, desirable, and compatible with the surrounding neighborhood, and not to be detrimental to persons or adjacent properties in the vicinity.

Subject: **File No. 231274.** Ordinance amending a Development Agreement between the City and County of San Francisco and California Barrel Company, LLC, a Delaware limited liability company, for the Potrero Power Station project, to allow for the establishment of San Francisco Enhanced Infrastructure Financing District No. 1 (Power Station); making findings under the California Environmental Quality Act; and findings of conformity with the General Plan, and with the eight priority policies of Planning Code, Section 101.1(b).

The Board of Supervisors approved the Development Agreement on April 21, 2020, by adoption of Ordinance No. 0062-20 (File No. 200040), for the Potrero Power Station Mixed-Use Project (Project) at the approximately 29-acre site generally bounded by 22nd Street to the north, the San Francisco Bay to the east, 23rd Street to the south, and Illinois Street to the west, with various public benefits, including affordable housing and publicly-accessible parks and open space.

The proposed Ordinance would modify the Development Agreement and its Financing Plan to allow implementation of an Enhanced Infrastructure Financing District (EIFD) pursuant to Chapter 2.99 of Part 1 of Division 2 of Title 5 of the California Government Code. The EIFD would provide financing for the Project's public infrastructure, affordable housing, and other facilities such as parks and open space. The Project has undergone environmental review pursuant to the California Environmental Quality Act (CEQA).

NOTICE OF PUBLIC HEARING

BUDGET AND FINANCE COMMITTEE

BOARD OF SUPERVISORS OF THE CITY AND COUNTY OF SAN FRANCISCO

WEDNESDAY, MARCH 13, 2024 - 10:00 AM

LEGISLATIVE CHAMBER, ROOM 250, City Hall

1 DR. CARLTON B. GOODLETT PLACE, SAN FRANCISCO, CA 94102

NOTICE IS HEREBY GIVEN THAT the Board of Supervisors of the City and County of San Francisco's Budget and Finance Committee will hold a public hearing to consider the following proposal and said public hearing will be held as follows, at which time all interested parties may attend and be heard: **File No. 240139**. Resolution approving the Infrastructure Financing Plan for the San Francisco Enhanced Infrastructure Financing District No. 1 (Power Station) (EIFD) is anticipated to use incremental property tax revenue generated within the boundary of the EIFD and allocated to it by the City to finance 1) the purchase, construction, expansion, improvement, seismic retrofit or rehabilitation of certain real or other tangible property with an estimated useful life of 15 years or longer that are projects of communitywide significance that provide significant benefits to the City or the surrounding community, including any directly-related planning and design work; 2) the costs described in California Government Code, Sections 53398.56, 53398.57 and 53398.58 (as applicable); and 3) the ongoing or capitalized costs to maintain public capital facilities financed in whole or in part by the EIFD. The EIFD is intended to provide financial assistance to a phased, mixed-use development project that is known as the Potrero Power Station. On April 4, 2023, the Board of Supervisors adopted Ordinance No. 044-23 ("PFA Ordinance"), which was

signed by the Mayor on April 7, 2023, pursuant to which the Board of Supervisors established the Enhanced Infrastructure Financing District. Public Financing Authority No. 1 ("PFA") as the governing board of the EIFD. On July 17, 2023, the PFA adopted a resolution directing the preparation of an Infrastructure Financing Plan ("IFP") for the EIFD, which will describe in greater detail the public facilities and other specified projects of communitywide significance to be financed, a financing section specifying the incremental tax revenue of the City to be committed to the EIFD, and other such information and analyses required under the EIFD Law. On November 1, 2023, the PFA held a public meeting at which a draft IFP was presented and held two public hearings on the IFP on December 6, 2023, and February 21, 2024. The PFA has made the draft IFP available on the following website: <https://sf.gov/departments/eifd-public-financing-authority-no-1>. In accordance with Administrative Code, Section 67.7-1, persons who are unable to attend the hearing on this matter may submit written comments prior to the time the hearing begins. Written comments should be addressed to Angela Calvillo, Clerk of the Board, City Hall, 1 Dr. Carlton B. Goodlett Place, Room 244, San Francisco, CA, 94102 or sent via email board.of.supervisors@sfgov.org. Information relating to this matter is available in the Office of the Clerk of the Board or the Board of Supervisors' Legislative Research Center (<https://sfbos.org/legislative-research-center-irc>). Agenda information relating to this matter will be available for public review on Friday, March 8, 2024. For any questions about this hearing, please contact the Assistant Clerk for the Budget and Finance Committee: Brent Jalipa (Brent.Jalipa@sfgov.org) (415) 554-7712 - Angela Calvillo, Clerk of the Board of Supervisors - City and County of San Francisco. **EXM-3789456#**
