19 Be it ordained by the People of the City and County of San Francisco:

20

21 Section 1. Findings.

22 (a) Pursuant to Charter Section 4.121, the Building Inspection Commission  
23 considered this ordinance at a duly noticed public hearing held on October 18, 2023.

24 (b) Chapter 11D of the Building Code requires the owner of an existing building with  
25 a place of public accommodation to have the building inspected for compliance with  
accessible entry and path of travel requirements. If the building is not in compliance, the  
owner must either bring the building into compliance or obtain a finding from the City of  
equivalent facilitation, technical infeasibility, or unreasonable hardship. Table 1107D sets forth

1 deadlines applicable to the four compliance categories (Category One Buildings, Category  
2 Two Buildings, Category Three Buildings, and Category Four Buildings) for submitting  
3 specified information to the Department of Building Inspection (DBI), filing an application for  
4 any required building permits, and obtaining the required building permits. All mandated work  
5 must be completed within the time periods specified in the Building Code for building permits  
6 unless an extension of time is granted pursuant to Section 1108D.

7 (c) Under the Building Code, property owners are responsible for compliance with  
8 Code requirements notwithstanding any leases that may shift some of the burden of  
9 compliance onto the tenants. Many, if not all, of the buildings subject to the Chapter 11D  
10 requirements have multiple leased spaces many of which are operated by small businesses  
11 without substantial financial resources. This ordinance will extend for approximately two years  
12 from current deadlines all compliance deadlines, in order to resolve compliance issues for  
13 those owners who missed past deadlines and to give building owners and tenants more time  
14 to resolve any compliance issues going forward.

15 (d) No local findings are required under California Health and Safety Code Section  
16 17958.7 because the amendments to the Building Code contained in this ordinance do not  
17 regulate materials or manner of construction or repair, and instead relate in their entirety to  
18 administrative procedures for implementing the code, which are expressly excluded from the  
19 definition of a “building standard” by California Health and Safety Code Section 18909(c).

20  
21 Section 2. Chapter 11D of the Building Code is hereby amended by revising Sections  
22 1107D, 1108D, and 1113D (specifically, Section 1113D.2), to read as follows:

23  
24 **SECTION 1107D – COMPLIANCE SCHEDULE; OPTION TO COMPLY WITH CURRENT**  
25 **CODE REQUIREMENTS**

The times for compliance with the requirements of this Chapter 11D are set forth in the following Table 1107D. The Owner of a building within the scope of this Chapter must submit all required forms, documents, and permit applications to the Department prior to the deadlines set forth in Table 1107D but may comply with the requirements of this Chapter 11D, or elect to comply with the requirements and procedures of the Building Code then in effect, at any time prior to the deadlines set forth in Table 1107D.

1. Pursuant to Section 1106D.4, all mandated work must be completed within the time periods specified in Section 106A.4.4 of this Code for Permit Expiration unless an extension of time of time is granted pursuant to Section 1108D.

**SECTION 1108D – EXTENSIONS OF TIME**

1 (a) For good cause shown, the Building Official may grant one extension of time for  
2 up to six months from the compliance timelines in Table 1107D. For good cause shown, one  
3 or more additional extensions of time may be granted by the Access Appeals Commission  
4 pursuant to Section 1110D; provided, however, that in no event shall the Commission extend  
5 the time to complete the mandatory work required by this Chapter 11D beyond June 30, ~~2026~~

## LEGISLATIVE DIGEST

[Building Code - Deadlines for Disability Access Improvements for Places of Public Accommodation]

**Ordinance amending the Building Code to extend the deadlines for existing buildings with a place of public accommodation to comply with the requirement to have all primary entries and paths of travel into the building accessible to persons with disabilities or to receive a City determination of equivalent facilitation, technical infeasibility, or unreasonable hardship; to extend the period for granting extensions from those deadlines; and to extend the time for the Department of Building Inspection's Report to the Board of Supervisors regarding the disability access improvement program.**

### Existing Law

Chapter 11D of the Building Code requires the owner of an existing building with a place of public accommodation to have the building inspected for compliance with accessible entry and path of travel requirements. If the building is not in compliance, the owner must either bring the building into compliance or obtain a finding from the City of equivalent facilitation, technical infeasibility, or unreasonable hardship. Table 1107D sets forth deadlines for the four compliance categories to submit specified information to DBI, file an application for any required building permits, and obtain the required building permits. All mandated work must be completed within the time periods specified in the Building Code for building permits unless an extension of time is granted pursuant to Section 1108D. Section 1113D requires the Department of Building Inspection to submit a written report to the Board of Supervisors concerning the effectiveness of Chapter 11D, including recommendations, if any, for amendments to the Chapter.

### Amendments to Current Law

This ordinance will extend the time to comply with the requirements for approximately 2 years.

### Background Information

Under the Building Code, property owners are responsible for compliance with Code requirements notwithstanding any leases that may shift some of the burden of compliance onto the tenants. Many, if not all, of the buildings subject to the Chapter 11D requirements have multiple leased spaces many of which are operated by small businesses without a lot of financial resources. Extension of the compliance deadlines will give building owners and tenants more time to resolve any compliance issues going forward.
