SUBJECT: FILE NO. 231083: Accept and Expend Grant - Retroactive - California Board of State and Community Corrections - Officer Wellness and Mental Health Grant Program - $1,407,675.74

The San Francisco Police Department (SFPD) is submitting a retroactive resolution for the Officer Wellness and Mental Health Grant in the amount of $1,407,675.74 from the California Board of State and Community Corrections (BSCC) to improve officer wellness and expand mental health sources for our sworn members.

BSCC awarded the Officer Wellness and Mental Health grants, which were included in the California Budget Act of 2022, to all California city and county law enforcement agencies employing officers, based on the number of officers within each agency, without an application process.

SFPD received notification of the award on December 21, 2022, and received a check for the full grant amount on March 3, 2023. SFPD has not expended any grant funds to date, and has until December 1, 2025 to submit an expenditure report and a final impact report.

SFPD respectfully requests retroactive approval to accept and expend the BSCC grant.
