1. Involvement in the review and selection of key personnel and/or post-award sub-contractors and/or sub-recipients to be involved in the activities performed under this agreement. This is solely limited to reviewing and making recommendations as necessary to the process used by the recipient to select key personnel and/or post-award sub-contractors and/or sub-recipients to be involved in the activities performed under this agreement, as part of the PEPFAR COP review and approval process, managed by OGAC.
2. Provide technical assistance, as mutually agreed upon, and revise annually in concert with the recipient during validation of the first and subsequent annual work plans. This could include expert technical assistance and targeted training activities in specialized areas, such as strategic information, project management, and confidential counseling and testing.
3. Provide in-country administrative support to help the recipient meet U.S. Government financial and reporting requirements approved by the Office of Management and Budget (OMB).
4. Collaborate with the recipient on designing and implementing the activities listed above, including, but not limited to: the provision of technical assistance to develop program activities, data management and analysis, quality assurance, the presentation and possibly publication of program results and findings, and the management and tracking of finances.
5. Provide technical assistance or advice on any data collections on 10 or more people that are planned or conducted by the recipient. All such data collections-- where CDC staff will be or are approving, directing, conducting, managing, or owning data-- must undergo OMB project determinations by CDC and may require OMB Paperwork Reduction Act of 1995 (PRA) clearance prior to the start of the project.

6. Provide continuous consultation and scientific and technical assistance based on appropriate HHS/CDC and OGAC documents to promote the use of best practices known at the time.
7. Assist the recipient in developing and implementing quality-assurance criteria and procedures.
8. Facilitate and/or participate in in-country planning and review meetings for technical assistance activities.
9. Conduct site visits through the Site Improvement through Monitoring System (SIMS), in compliance with PEPFAR requirements, to monitor and evaluate clinical and community service delivery site capacity to provide high-quality HIV/AIDS services in all program areas and 'above-site' capacity to perform supportive or systemic functions, by assessing and scoring key program area elements of site performance and collaborating strategically with the recipient on identified gaps and continuous quality improvement, which might include more thorough data quality or service quality assessments as indicated.
10. Coordinate with the recipient to ensure the recipient's Evaluation and Performance Measurement Plan is aligned with the strategic information guidance established by OGAC and other HHS/CDC requirements, including PEPFAR's Monitoring, Evaluation, and Reporting (MER) strategy, PEPFAR's Evaluation Standards of Practice, and CDC's Data for Partner Monitoring Program (DFPM).
11. Provide ethical reviews in order to direct and/or facilitate desired changes, as necessary, for evaluation activities, including from HHS/CDC headquarters. Evaluations can be process, outcome, or economic.
 - A. Process Evaluation: measures how the intervention was delivered, what worked/did not, differences between the intended population and the population served, and access to the intervention.
 - B. Outcome Evaluation: determines effects of intervention in target population(s) (e.g., change in knowledge, attitudes, behavior, capacity, etc.).
 - C. Economic Evaluation: justifies the investment and determines the efficiency and economic impact of interventions.
12. Supply the recipient with protocols for related evaluations.

As described in current Country Operational Plan (COP) guidance, quarterly performance thresholds should be monitored throughout the year. In addition to CDC's substantial involvement, the agency will conduct normal oversight and monitoring activities to effectuate program performance. Underperformance in achieving established programmatic targets may result in corrective action being taken as outlined in current COP guidance. Corrective action may include the implementation of a Performance Improvement Plan and a Corrective Action Plan (CAP) to assist recipients with meeting established programmatic targets. The agency will assess recipients' level of effort, including any preventative action taken, and any extenuating circumstances internal and external to the recipient when considering a Performance Improvement Plan and CAP.

Be advised that any changes made to the COP guidance re: substantial involvement and the monitoring of quarterly and annual performance PEPFAR targets will become effective and implemented in accordance with the revised/new COP guidance. These changes may impact the agency's substantial involvement and/or how it ensures the achievement of recipients' quarterly and annual PEPFAR targets.

The use of a Performance Improvement Plan and CAP does not replace or reduce the Federal regulations promulgated in 45 CFR § 75.371. If a recipient fails to comply with Federal statutes, regulations or the terms and conditions of its cooperative agreement, CDC or the pass-through entity may impose additional conditions, as described in 45 CFR § 75.207. If CDC or the pass-through entity determines that noncompliance cannot be remedied by imposing additional conditions, CDC or the pass-through entity may take one or more actions legally available.

Use of Unobligated Funds: This NoA includes use of **Year 02** unobligated funds in the amount of [REDACTED], which has been applied as an **offset** to the currently approved funding level for this budget period. The use of unobligated funds is approved based on the **Year 02** Federal Financial Report (FFR) dated **December 30, 2022**. The amount of this NoA will be subject to reduction if the final amount of unobligated funds is less than the amount of unobligated funds reported on the referenced FFR.

KEY PERSONNEL: In addition to the Principal Investigator/Project Director identified in this Notice of Award, the application and work plan included individuals considered key personnel. In accordance 45 CFR Part 75.308, the recipient must request prior approval from CDC to change the following individual/position:

Dr. George Williams Rutherford – PRINCIPAL INVESTIGATOR
Magdalene Cho – AUTHORIZED BUSINESS OFFICIAL

BUDGET REVISION REQUIREMENT: By **October 31, 2023** the recipient must submit a revised budget with a narrative justification [**SEE ATTACHED DGHT Programmatic Budgetary Comments and Restrictions (PBCR) Form**]. Failure to submit the required information in a timely manner may adversely affect the future funding of this project. If the information cannot be provided by the due date, you are required to contact the GMS/GMO identified in the CDC Staff Contacts section of this notice before the due date.

PROGRAM INCOME: Any program income generated under this grant or cooperative agreement will be used in accordance with the **Addition** alternative.

Addition alternative: Under this alternative, program income is added to the funds committed to the project/program and is used to further eligible project/program objectives.

Note: The disposition of program income must have written prior approval from the GMO.

FUNDING RESTRICTIONS AND LIMITATIONS

Notice of Funding Opportunity (NOFO) Restrictions:

Please reference the *NOFO* guidance for all restrictions applicable to the implementation for this *Cooperative Agreement*.

Human Subjects Restriction(s):

NOT APPLICABLE

Administrative Restriction(s) (OGS)

NOT APPLICABLE

Programmatic Restriction(s) (Program):

NOT APPLICABLE

RESTRICTED FUNDS CANNOT BE DRAWDOWN FROM PAYMENT MANAMGENT SYSTEM (PMS) UNTIL A REVISED NOTICE OF AWARD IS RECEIVED TO RELEASE THE FUNDS.

Indirect Costs:

- Indirect costs are based on the negotiated indirect cost rate agreement dated **June 29, 2020**. The rates in this agreement are to be used for the entire *project period*, including any approved extensions, in accordance with 45 CFR Part 75, Appendix III. Indirect cost/facilities and administration rates for subcontracts will be treated in the same manner as those for the recipient, if the subcontractor is covered by 45 CFR Part 75, Appendix III.

FOREIGN TAXES: Pursuant to applicable grant regulations, foreign taxes charged for the purchase of goods or services that a non-federal entity is legally required to pay in country are an allowable expense under federal awards. For purposes of this term, foreign taxes include value-added taxes (VAT), customs duties, and other similar charges levied on any transaction financed by HHS/CDC award funds in furtherance of program activities and objectives as set forth in the funding agreement, which may include the purchase, import, use or re-export of goods or services.

The determination of whether such foreign taxes are an allowable expense will depend on whether an exemption or effective reimbursement mechanism exists in country. Effective reimbursement is defined as a reimbursement mechanism that provides for no less than substantial reimbursement of USG funds. Generally, such exemptions or rights to reimbursement are set forth in bilateral or other legal agreements between the United States Government (USG) and the host country.

1. **Countries where an exemption or right to reimbursement exists:**

In countries where a bilateral or other legal agreement sets forth an exemption, the recipient must take advantage of the exemption and may not pay taxes with award funds. If, however, the host country implements the exemption through a reimbursement mechanism, the recipient may pay the taxes with award funds but must request and receive the reimbursement, as those expenses are deemed an unallowable expense under the award. If the reimbursement mechanism is used, recipients should consult with the CDC project officer and the CDC grants management specialist to determine how the reimbursed funds should be handled. If reimbursement is requested but not received from the host country despite significant effort, so long as recipient provides sufficient documentation showing efforts to seek reimbursement to the CDC grants management specialist, the foreign tax payment will be an allowable expense.

2. **Countries where no exemption and/or no right to reimbursement exist:**

In countries where a) there is no bilateral or other legal agreement in force setting forth either an exemption or a right to reimbursement, b) a bilateral or other legal agreement is in force but does not provide for an exemption or a right to reimbursement, the recipient may pay foreign taxes with award funds. Such payments would be deemed allowable expenses.

3. **Countries where a specific bilateral agreement between the US and the host country (e.g., 1951 Bilateral Agreement between the US and the UK applicable to former UK territories; 1989 bilateral between the US and Swaziland) applies (Bahamas, India, Kenya, Suriname, Swaziland, Trinidad and Tobago, and Zambia):**

Consistent with the bilateral agreement, this Notice of Grant Award represents the implementing agreement required by the bilateral agreement for tax purposes. Pursuant to the specific bilateral agreement in force, the host country has agreed that USG funds (e.g., HHS/CDC funds, PEPFAR funds) provided to and utilized by recipient, as it carries out the program activities and objectives set forth in this implementing agreement, shall be free from taxes imposed under laws in effect in the host country. These tax exemptions on USG funds include, but are not limited to, the following:

- a. Taxes, customs duties, and other similar charges levied on any transaction financed by HHS/CDC award funds in furtherance of program activities and objectives as set forth in this agreement, which may include the purchase, import, use or re-export of goods or services, including value-added taxes (VAT). Goods include, but are not limited to, commodities, equipment and supplies, including automobiles, which have been imported for the purpose of the funded program activities and objectives.
- b. Taxes of a non-Resident organization on income allowed by HHS/CDC to be derived from HHS/CDC funding of program activities and objectives set forth in this agreement.
- c. Taxation on personal income paid from HHS/CDC funds to employees of Recipient who pay taxes on their income to the United States Government; and
- d. Should any conflict or disagreement about the above exemptions arise, Recipient agrees to promptly notify CDC (project officer or grants management officer) to work to resolve such matters, guided by the principle that the funding furnished by HHS/CDC is free from taxation.

PROSTITUTION AND SEX TRAFFICKING (ITEMS 1 THROUGH 6):

1. Consistent with Section 7631(e) of the U.S. Leadership Against HIV/AIDS, Tuberculosis, and Malaria Act of 2003, 22 USC §§ 7601 et seq. (“the Leadership Act”), the U.S. Government is opposed to prostitution and related activities, which are inherently harmful and dehumanizing, and contribute to the phenomenon of trafficking in persons. None of the funds made available under this agreement may be used to promote or advocate the legalization or practice of prostitution or sex trafficking. Nothing in the preceding sentence shall be construed to preclude the provision to individuals of palliative care, treatment, or post-exposure pharmaceutical prophylaxis, and necessary pharmaceuticals and commodities, including test kits, condoms, and, when proven effective, microbicides.
2. Additionally, consistent with Section 7631(f) of the Leadership Act, a prime recipient that is a non-U.S. nongovernmental organization acknowledges that, by accepting this award, it agrees that it is opposed to the practices of prostitution and sex trafficking because of the psychological and physical risks they pose for women, men, and children.
3. Contractors and subcontractors are exempt from the above requirements if the contract or subcontract is for commercial items and services as defined in FAR 2.101, such as pharmaceuticals, medical supplies, logistics support, data management, and freight forwarding.
4. Notwithstanding the contract exemption above, not exempt from these provisions are recipients, subrecipients, contractors, and subcontractors that implement HIV/AIDS programs under this assistance award, any subaward, or procurement contract or subcontract by:
 - i. Providing supplies or services directly to the final populations receiving such supplies or services in host countries;
 - ii. Providing technical assistance and training directly to host country individuals or entities on the provision of supplies or services to the final populations receiving such supplies and services; or
 - iii. Providing the types of services listed in FAR 37.203(b)(1)-(6) that involve giving advice about substantive policies of a recipient, giving advice regarding the activities referenced in (i) and (ii), or making decisions or functioning in a recipient’s chain of command (e.g., providing managerial or supervisory services approving financial transactions, personnel actions).
5. Subrecipients
 - i. Prime recipient shall insert the following provision in subawards or subcontracts: “None of the funds made available under this agreement may be used to promote or advocate the legalization or practice of prostitution or sex trafficking. Nothing in the preceding sentence shall be construed to preclude the provision to individuals of palliative care, treatment, or post-exposure pharmaceutical prophylaxis, and necessary pharmaceuticals and commodities, including test kits, condoms, and, when proven effective, microbicides.”
 - ii. Prime recipients shall insert the following provision in subawards or subcontracts subject to Section 7631(f) (i.e., those to non-U.S. nongovernmental organizations): “By accepting this award, the subrecipient/ subcontractor agrees that it is opposed to the practices of prostitution and sex trafficking because of the psychological and physical risks they pose for women, men, and children.”
6. The following definitions apply for purposes of the above provisions:
 - i. “Commercial sex act” means any sex act on account of which anything of value is given to or received by any person.
 - ii. “Prostitution” means procuring or providing any commercial sex act and the “practice of

prostitution” has the same meaning.

- iii. “Sex trafficking” means the recruitment, harboring, transportation, provision, or obtaining of a person for the purpose of a commercial sex act. 22 U.S.C. 7102(9).

This provision includes express terms and conditions of the award and any violation of it shall be grounds for unilateral termination of the award by (HHS OPDIV) prior to the end of its term.

Any enforcement of this provision is subject to courts’ orders in Alliance for Open Society International v. USAID (See, e.g., S.D.N.Y. 05 Civ. 8209, Orders filed on January 30, 2015 and June 6, 2017, granting permanent injunction).

Budget Preparation Guidelines

Procurement and Grants Office (PGO)

Preparing a budget can be one of the most confusing aspects of applying for a CDC grant or cooperative agreement. This document provides guidance for the preparation of a budget request and examples to help with the process. Adherence to this guidance will facilitate timely review and approval of a budget request.

Salaries and Wages

For each requested position, provide the following information: 1) name of staff member occupying the position, if available; 2) annual salary; 3) percentage of time budgeted for this program; 4) total months of salary budgeted; and 5) total salary requested. Also, provide a justification and describe the scope of responsibility for each position, relating it to the accomplishment of program objectives.

Sample Budget

Position Title and Name	Annual Salary	Time	Months	Amount Requested
<i>Project Coordinator Susan Taylor</i>	<i>\$45,000</i>	<i>100%</i>	<i>12 months</i>	<i>\$45,000</i>
<i>Finance Administrator John Johnson</i>	<i>\$28,500</i>	<i>50%</i>	<i>12 months</i>	<i>\$14,250</i>
<i>Outreach Supervisor (Vacant*)</i>	<i>\$27,000</i>	<i>100%</i>	<i>12 months</i>	<i>\$27,000</i>
Total Personnel				\$86,250

Sample Justification

The format may vary, but the description of responsibilities should be directly related to specific program objectives.

Job Description: Project Coordinator – (Susan Taylor)

This individual is the responsible authority for ensuring reports and documentation are submitted to CDC. This position relates to all program objectives.

Fringe Benefits

Fringe benefits are usually applicable to direct salaries and wages. Provide information on the rate of fringe benefits used and the basis for their calculation. If a fringe benefit rate is not used, itemize how the fringe benefit amount is computed.

Sample Budget

Fringe benefits computed by an established rate.

Fringe Benefits Total \$ _____

25% of Total salaries = Fringe Benefits

If fringe benefits are not calculated using a percentage of salaries, itemize how the amount is determined for each salary and wage being requested.

Project Coordinator Salary - \$45,000

Fringe Benefit	Percentage of Salary	Amount Requested
<i>Retirement</i>	<i>5%</i>	<i>\$2,250</i>
<i>FICA</i>	<i>7.65%</i>	<i>\$3,443</i>
<i>Insurance</i>	<i>N/A</i>	<i>\$2,000</i>
<i>Workers Compensation</i>	<i>N/A</i>	<i>\$</i>
Total Fringe		\$7,693

Consultant Costs

This category should be used when hiring an individual to give professional advice or services (e.g., training, expert consultant, etc.) for a fee, but not as an employee of the grantee organization. Written approval must be obtained from CDC prior to establishing a written agreement for consultant services, and must be obtained annually in order to re-establish the written agreement. 2. **Organizational Affiliation** (if applicable): Identify the organization affiliation of the consultant.
3. **Nature of Services to Be Rendered:** Describe the consultation that will be provided, including the specific tasks to be completed and specific deliverables. A copy of the actual consultant agreement should not be sent to CDC.

6. **Expected Rate of Compensation:** Specify the rate of compensation for the consultant (e.g., rate per hour, rate per day). Include a budget showing other costs (e.g., travel, per diem, supplies, and other related expenses) and list a subtotal.
7. **Method of Accountability:** Describe how the progress and performance of the consultant will be monitored. Identify who is responsible for supervising the consultant agreement.

If the required information described above is not known at the time the application is submitted, the information may be submitted later as a revision to the budget. In the body of the budget request, a summary should be provided of the proposed consultants and amounts for each.

Equipment

Equipment is defined as tangible, non-expendable personal property (including exempt property) that has a useful life of more than one year AND an acquisition cost of \$5,000 or more per unit. . However, in circumstances where your organization has a lower threshold, you may work with your CDC Grants Management Officer to establish a threshold that is consistent with your organization's policy.

All budget requests should individually list each item requested, and provide the following information: 1) number needed; 2) unit cost of each item; and 3) total amount requested. Also, provide a justification for the use of each item and relate it to specific program objectives. Maintenance or rental fees for equipment should be shown in the *Other* category.

If the information described above is not known at the time the application is submitted, the information may be submitted later as a revision to the budget. Copies of the actual contracts should not be sent to CDC, unless specifically requested. In the body of the budget request, a summary should be provided of the proposed contracts and amounts for each.

Direct Costs

Show the direct costs by listing the totals of each category, including salaries and wages, fringe benefits, consultant costs, equipment, supplies, travel, other, and contractual costs. Provide the total direct costs within the budget.

Indirect Costs

To claim indirect costs, the applicant organization must have a current approved indirect cost rate agreement established with the cognizant federal agency. A copy of the most recent indirect cost rate agreement must be provided with the application.
