**Re: Retroactive Resolution**

Board of Supervisors,

---

This grant agreement between the SF Public Defender Office [PDR] and Crankstart Foundation was finalized on October 10, 2024, and the resolution package was approved by the Controller and Mayor's office on November 18, 2024. It was introduced at the Board of Supervisors on November 19, 2024. January 29<sup>th</sup> 2025 was the first available date for the item to be heard at Budget Committee.

This Crankstart grant is being applied towards an existing staff attorney position for ongoing work within the PDR's Clean Slate Unit. Due to when the grant was awarded and the contract finalized with Crankstart, PDR is asking for a retroactive approval of this Crankstart grant.

Thank you.
