## **APPEAL OF CONDITIONAL USE PERMIT TO REMOVE SRO UNITS & RESTAURANT AT 4100 3RD STREET, SAN FRANCISCO, CA 94124**

To the San Francisco Planning Commission & Board of Supervisors,

I am submitting this appeal to oppose the conditional use permit application seeking to remove nine (9) SRO units and a restaurant at 4100 3rd Street, San Francisco, CA 94124, and convert the building into a social services facility. This proposal is based on misrepresentations, disregards the historical significance of the property, fails to acknowledge the current and recent use of the space, and conflicts with the city's urgent need to preserve affordable housing and commercial spaces in the Bayview neighborhood.

Furthermore, the Planning Commission was not made aware of the historical significance of this property or the factual discrepancies in the application when making the decision to approve. Given the importance of these details, it is critical that this permit be reconsidered.

### **Misrepresentation in the Application**

There are significant factual inaccuracies in the application that must be corrected:

- The non-profit claims to have 13-16 staff members, yet their most recent 990 tax filings show only five (5) employees, all listed as part of the executive team. This raises questions about the accuracy of their stated need for a larger facility.
- The application falsely implies that the restaurant was not in operation, when in fact, beer and wine were still being served as recently as 2024 under Bayview's Makers Kitchen, where I was a tenant since June 2023.
- The SRO units were occupied—at least two gentlemen lived there, contradicting any claim that the units were vacant or obsolete.
- The claim that the second floor was converted into social services housing is false. The 2013 real estate listings clearly describe the second floor as containing nine (9) intact SRO units, and no permits were ever issued to alter their use. Physically, the units remain unchanged, meaning the building has continued to serve as housing and has never been legally converted into a social services facility.

### **Historical & Cultural Significance of 4100 3rd Street**

This building is a vital part of Bayview's history and one of the few remaining structures of its kind in San Francisco. These facts were not disclosed to the Planning Commission before its initial approval:

- Built in 1880 by the renowned architect Henry Geilfuss, who also designed the Bayview Opera House.

- It is the 3rd oldest saloon, restaurant, and boarding house in San Francisco and one of the last buildings with this unique architectural style in the city.
- The property still contains its original butler elevator, an extremely rare and historically significant feature that should be preserved.
- The SRO units at 4100 3rd Street are among the oldest recorded in San Francisco, reflecting an important chapter in the city's history. SRO units like these were built above saloons immediately after the Gold Rush to house low-income workers, many of whom played a crucial role in the city's economic and cultural development.
- Eliminating these SRO units would erase an essential piece of San Francisco's working-class history, at a time when preserving affordable housing is more critical than ever.

### **Preserving Bayview's Commercial Corridor & Economic Development**

Bayview's 3rd Street corridor is already oversaturated with social services organizations, and this block, in particular, is one of the few that remains designated for commercial use.

- Removing a restaurant space from a corridor where dozens of entrepreneurs need kitchen facilities is a serious setback for the neighborhood's economic growth.
- Significant time and investment have gone into keeping this space an eatery over the last two years. To erase those efforts is a disservice to both the entrepreneurs who rely on shared kitchen space and the broader vision for Bayview's commercial vitality.
- The loss of another restaurant space in Bayview would directly harm the local economy, discourage small business development, and limit access to fresh, local food options for the community.

### **Alternative Locations for the Social Services Organization**

The organization seeking to relocate already operates out of a building designated for social services, making this conversion unnecessary. Moreover, there are several vacant commercial properties for sale that would better suit their needs without displacing tenants or eliminating housing. Notably:

- The organization previously lobbied Nancy Pelosi and others to secure a \$750,000 grant to purchase 111 Quint Street, San Francisco, CA 94124.
- 111 Quint Street is currently for sale, and the property owner has expressed willingness to sell at a lower price since the building is held in a trust.
- At over 5,000 square feet, 111 Quint Street provides more than enough space for this organization's operations, eliminating the need to repurpose a commercial and residential property for social services.

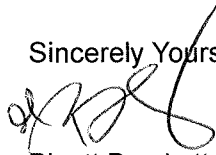

### **San Francisco's Legal & Moral Obligation to Preserve Housing & Commercial Space**

San Francisco is legally required under its Housing Element Plan to preserve and expand affordable housing, not reduce it. Additionally, maintaining and growing commercial

spaces—particularly in historically underinvested communities like Bayview—is essential for economic sustainability.

The Planning Commission was not given all the necessary information regarding the historical, cultural, and economic significance of 4100 3rd Street before making its decision. Given these critical omissions, I urge the Commission to reject this application and protect 4100 3rd Street as an essential part of Bayview's housing, commercial, and cultural legacy.

Sincerely Yours,

A handwritten signature in black ink, appearing to read 'Bivett Brackett', written over the typed name below.

Bivett Brackett,  
Founder, Big Black Brunch

## PLANNING COMMISSION MOTION NO. 21669

HEARING DATE: JANUARY 9, 2025

*Record No.:* **2024-008292CUA**

**ADOPTING FINDINGS RELATING TO A CONDITIONAL USE AUTHORIZATION PURSUANT TO PLANNING CODE SECTIONS 121.2, 303, 317, AND 752 TO ESTABLISH A USE GREATER THAN 6,000 SQUARE FEET IN SIZE AND TO CONVERT AN EXISTING TWO-STORY OVER BASEMENT, MIXED-USE BUILDING WITH EIGHT GROUP HOUSING UNITS AT THE SECOND FLOOR INTO AN APPROXIMATELY 6,123 SQUARE-FOOT SOCIAL SERVICE FACILITY USE ( (D.B.A. "FRIENDS OF THE CHILDREN- SF BAY AREA") AND INCLUDES AN OUTDOOR ACTIVITY AREA LOCATED AT 4100 3RD STREET, BLOCK 5260 LOT 032 WITHIN THE NCT-3 (MODERATE SCALE NEIGHBORHOOD COMMERCIAL TRANSIT DISTRICT) ZONING DISTRICT, THIRD STREET ALCOHOL SPECIAL USE DISTRICT, AND A 65-J HEIGHT AND BULK DISTRICT, AND ADOPTING FINDINGS UNDER THE CALIFORNIA ENVIRONMENTAL QUALITY ACT.**

### **PREAMBLE**

On September 12, 2024, Lawrence Badiner of Badiner Urban Planning, Inc. (hereinafter "Project Sponsor") filed Application No. 2024-008292CUA (hereinafter "Application") with the Planning Department (hereinafter "Department") for a Conditional Use Authorization to establish a use greater than 6,000 square feet in size and to convert an existing two-story over basement, mixed-use building containing eight Group Housing units at the second floor into an approximately 6,123 square-foot Social Service Facility Use (d.b.a. "Friends Of The Children- Sf Bay Area") and includes an Outdoor Activity Area (hereinafter "Project") at 4100 3<sup>rd</sup> Street, Block 5260 Lot 032 (hereinafter "Project Site").

The Project is exempt from the California Environmental Quality Act (“CEQA”) as a Class 1 Categorical Exemption.

On January 9, 2025, the San Francisco Planning Commission (hereinafter “Commission”) conducted a duly noticed public hearing at a regularly scheduled meeting on Conditional Use Authorization Application No. **2024-008292CUA**.

The Planning Department Commission Secretary is the Custodian of Records; the File for Record No. **2024-008292CUA** is located at 49 South Van Ness Avenue, Suite 1400, San Francisco, California.

The Commission has heard and considered the testimony presented to it at the public hearing and has further considered written materials and oral testimony presented on behalf of the applicant, Department staff, and other interested parties.

**MOVED**, that the Commission hereby authorizes the Conditional Use Authorization as requested in Application No. **2024-008292CUA**, subject to the conditions contained in “EXHIBIT A” of this motion, based on the following findings:

## **FINDINGS**

Having reviewed the materials identified in the preamble above, and having heard all testimony and arguments, this Commission finds, concludes, and determines as follows:

- 1. The above recitals are accurate and constitute findings of this Commission.**
- 2. Project Description.** The proposal is for conversion of an existing two-story over basement, mixed-use building with a Restaurant Use at the basement and first floor and eight Group Housing units at the second floor into a Social Service Facility Use. The proposed Social Service Facility Use (D.B.A. “Friends of the Children- SF Bay Area”) will be approximately 6,123 square feet in size and includes an approximately 3,781 square-foot Outdoor Activity Area. Minor interior and exterior alterations are proposed.
- 3. Site Description and Present Use.** The approximately 8,219 square-foot lot is located on the west side of Third Street, between Hudson and Innes Avenues, Lot 032 of Assessor’s Block 5260. The subject property is developed with a two-story over basement, mixed-use building located at the northeast section of the property. The remaining portion of the subject property is made up of surface parking lot and yard space. The approximately 6,123 square foot mixed-use building legally consists of a commercial space on the basement and first floors and a Group Housing with eight rooms and common kitchen and bathroom on the second floor. The Group Housing space is accessed via independent stairs and entry along Third Street. Developed circa 1900, the existing building is considered Historical Resources (“Class A”) per the California Environmental Quality Act (CEQA). The commercial space is currently occupied by “Bayview Makers Kitchen”, a Restaurant use, and the second floor is vacant, according to the Project Sponsor. The second floor was occupied by an

unauthorized social service, “We are Church,” for 10 years till approximately 2024.

4. **Surrounding Properties and Neighborhood.** The subject property is located within the Moderate Scale Neighborhood Commercial Transit (NCT-3) Zoning District, Third Street Alcohol Special Use District, the 65-J Height and Bulk District, and Bayview neighborhood, adjacent to the Potrero Hill and Bernal Heights neighborhoods. The NCT-3 Zoning District is located to the north, south, and east of the subject property, and the PDR-1-G Zoning District is located to the west of the property. The immediate neighborhood is comprised of mostly single-to-four-story commercial and mixed-use developments, with mixed-use developments consisting of commercial tenant spaces located at the ground floor and residential units located above. The neighborhood includes a mix of land uses including residential, restaurant, automotive uses, and professional services.
5. **Public Outreach and Comments.** To date, the Department has received no letters in opposition and no letters in support of the Project.
6. **Planning Code Compliance.** The Commission finds that the Project is consistent with the relevant provisions of the Planning Code in the following manner:

- A. **Use.** Pursuant to Planning Code Section 752, Social Service Facility Use are principally permitted at the first floor and above floors within the Moderate Scale Neighborhood Commercial Transit Zoning District (NCT-3).

*The Project will convert an existing two-story over basement, mixed-use building into a Social Service Facility Use.*

- B. **Use Size.** Pursuant to Planning Code Section 121.2 and 752, a use is principally permitted with a use size less than 6,000 square feet and is conditionally permitted with a use size of 6,000 square feet or greater.

*The Project will convert an existing two-story over basement, mixed-use building into a Social Service Facility Use that is greater than 6,000 square feet in size. The Social Service Facility Use will be approximately 6,123 square feet in size and include an Outdoor Activity Area. The additional criteria specified under Section 121.2 have been incorporated as findings in Item No. 9 “Non-Residential Use Size in NC District Findings” below.*

- C. **Residential Conversion.** Pursuant to Planning Code Section 317, a Conditional Use Authorization is required for applications proposing to convert a residential unit to a non-residential use. Section 317(g)(3) establishes criteria that the Planning Commission shall consider in the review of applications for Residential Conversion.

*The Project proposes the conversion of an existing two-story over basement, mixed-use building including a second floor Group Housing Use into a Social Service Facility Use, and therefore requires the issuance of a Conditional Use Authorization pursuant to Planning Code Sections 303 and 317(g)(3). The additional criteria specified under Section 317(g)(3) have been incorporated as*

*findings in Item No. 8 “Residential Conversion Findings” below.*

- D. **Hours of Operation.** Planning Code Section 752, principally permits hours of operation from 6 A.M. to 2 A.M. and conditionally permits hours of operation from 2 A.M. to 6 A.M.

*The Project will comply with this requirement. The proposed Social Service Facility Use (DBA “Friends of Children- SF Bay Area”) will operate between the hours of 9 A.M. to 6 P.M. Monday thru Sunday.*

- E. **Outdoor Activity.** Planning Code Section 202.2 states that an Outdoor Activity Area is principally permitted with the NCT-3 Zoning District if located on the ground floor, operated between 9 A.M. to 10 P.M., not associated with a Bar Use, when associated with a Limited Restaurant or Restaurant Use, only includes seating for patrons and alcohol is only served to patrons within the premises by wait staff.

*The Project will establish an approximately 3,781 square foot Outdoor Activity Area located at the southeast section of the property to be utilized by the proposed Social Service Facility Use. The Friends of Children- SF Bay Area will use the Outdoor Activity Area to accommodate additional programming and recreational activities best suited for the outdoors. The Outdoor Activity Area will be located within the yard space of the subject property and operate between the hours of 9 A.M. and 6 P.M.*

7. **Conditional Use Findings.** Planning Code Section 303 establishes the following criteria for the Planning Commission to consider when reviewing applications for Conditional Use authorization:

- a) The proposed use or feature, at the size and intensity contemplated and at the proposed location, will provide a development that is necessary or desirable for, and compatible with, the neighborhood or the community.

*The Project will convert an existing mixed-use building, including Group Housing, into a Social Service Facility Use (D.B.A. “Friends of the Children- SF Bay Area”) that is compatible with the surrounding neighborhood. Minor interior and exterior alterations are proposed to the existing building at the subject property. The Project is considered necessary and desirable for the neighborhood or community in that it will provide a community serving use that provides space for recreational and educational opportunities for underserved children.*

- b) Such use or feature as proposed will not be detrimental to the health, safety, convenience or general welfare of persons residing or working in the vicinity, or injurious to property, improvements or potential development in the vicinity, with respect to aspects including but not limited to the following:

- i. The nature of the proposed site, including its size and shape, and the proposed size, shape and arrangement of structures;

*The Project will not alter the height and bulk of the existing building. Minor interior and exterior alterations of the subject building are proposed, but such alterations will not alter the existing compatibility of the subject building and its uses with the immediate*

*neighborhood. Additionally, an Outdoor Activity Area will be established that will serve the Social Service Facility Use and operate within the permitted hours of operation.*

- ii. The accessibility and traffic patterns for persons and vehicles, the type and volume of such traffic, and the adequacy of proposed off-street parking and loading and of proposed alternatives to off-street parking, including provisions of car-share parking spaces, as defined in Section 166 of this Code.

*The Project is not expected to impede public transportation or overburden the immediate neighborhood's existing on-street parking availability. The subject property is located along Third Street and is well served by public transportation. The 44-bus line and T Muni line run along Third Street. Furthermore, no on-street parking spaces will be removed as part of the Project. On-street and three off-street parking spaces are available for those patrons that do choose to drive to the area.*

- iii. The safeguards afforded to prevent noxious or offensive emissions such as noise, glare, dust and odor;

*The Project will not create any new noise, glare, dust, and odor. The Outdoor Activity Area will operate within the permitted hours of operation, 9 A.M. to 10 P.M.*

- iv. Treatment given, as appropriate, to such aspects as landscaping, screening, open spaces, parking and loading areas, service areas, lighting and signs; and

*The Project does not require any additional landscaping or screening, and no new loading spaces, open spaces, or service areas are proposed at the subject property. Three new off-street parking spaces will be established within the already existing surface parking area. The Project will install new signage that complies with Article 6 of the Planning Code.*

- c) Such use or feature as proposed will comply with the applicable provisions of this Code and will not adversely affect the General Plan; and

*The Project does comply with all relevant requirements and standards of the Planning Code and on balance is consistent with the objectives and policies of the General Plan as detailed below. While the Project will remove Group Housing subject to the Residential Rent Stabilization and Arbitration Ordinance, the Project will provide a community serving use that will reinforce the existing commercial corridor along Third Street.*

- d) Such use or feature as proposed will provide development that is in conformity with the stated purpose of the applicable Use District; and

*The Project is consistent with the stated purpose of the Moderate Scale Neighborhood Commercial Transit (NCT-3) Zoning District in that the Project will preserve the existing commercial corridor of Third Street and the intended uses will be a compatible Institutional Use*

*(Social Service Use Facility Use).*

8. **Residential Conversion Findings.** Section 317 of the Planning Code establishes criteria for the Planning Commission to consider when reviewing applications to convert residential buildings. In addition to the criteria of Section 303(c) of this Code, the Commission shall consider the extent to which the following criteria are met pursuant to Section 317(g)(3):

- a) Whether conversion of the unit(s) would eliminate only owner occupied housing, and if so, for how long the unit(s) proposed to be removed were owner occupied;

*The subject property is developed with a two-story over basement, mixed-use building which contains Group Housing at the second floor and Restaurant Use at the basement and first floor. The second floor Group Housing is currently vacant and contains a total of eight rooms and common bathroom and kitchen. According to the Project Sponsors, the second floor has not been occupied by residential tenants since 2013. Most recently, the second floor was occupied by an unauthorized Social Service Facility Use, (D.B.A. "We are Church"), the current property owners. The ground floor commercial space is currently occupied by a Restaurant, D.B.A. "Bayview Makers Kitchen".*

- b) Whether Residential Conversion would provide desirable new Non- Residential Use(s) appropriate for the neighborhood and adjoining district(s);

*The Project will provide a desirable, community serving Social Service Facility Use that serves school-age children from the Bayview neighborhood. Further, it is compatible with the NCT-3 Zoning District and will preserve and enhance the existing commercial corridor by introducing new patrons to the immediate neighborhood. Additionally, Condition No. 11 will foster the retention of a either an Institutional Use to serve the community or a Residential Use in the future at the site by requiring "any future building permit application(s) to change the use of the second story of the existing building shall be subject to Mandatory Discretionary Review by the Planning Commission, unless such change of use is to establish a Residential Use or an Institutional Use that is principally permitted by the then applicable Planning Code".*

- c) In districts where Residential Uses are not permitted, whether Residential Conversion will bring the building closer into conformance with the Uses permitted in the zoning district;

*The NCT-3 Zoning District principally permits residential uses and the District's intended purpose is for the preservation of existing residential uses. The District's purpose is also to facilitate mixed-use developments with neighborhood serving uses including retail, personal services, and professional services and residential uses located above the ground floor. While the Project will not preserve the existing residential use, the Project will facilitate a Social Service Facility Use, that provides community space for underserved children from the Bayview neighborhood and citywide within close proximity to public transportation and maintains the Site's conformance with intended purpose of the NCT-3 Zoning District.*

- d) Whether conversion of the unit(s) will be detrimental to the City's housing stock;

*The Project will result in the loss of Group Housing with eight rooms to the City's housing stock. However, functionally the Group Housing Use has not been part of the City's housing stock for over a decade.*

- e) Whether conversion of the unit(s) is necessary to eliminate design, functional, or habitability deficiencies that cannot otherwise be corrected;

*The Project is not necessary to eliminate design, functional, or habitability deficiencies in the existing mixed-use building that cannot otherwise be corrected.*

- f) Whether the Residential Conversion will remove Affordable Housing, or units subject to the Residential Rent Stabilization and Arbitration Ordinance;

*The Project will legalize the conversion of Group Housing with eight rooms that is subject to the Residential Rent Stabilization and Arbitration Ordinance.*

**9. Non-Residential Use Size in NC District Findings.** In addition to the criteria of Section 303(c) of this Code, the Commission shall consider the extent to which the following criteria are met:

- a) The intensity of activity in the district is not such that allowing the larger use will be likely to foreclose the location of other needed neighborhood-serving uses in the area.

*The Project will introduce a community serving use, Social Service Facility Use, to the immediate neighborhood that will reinforce the existing commercial corridor and is compatible with the surrounding neighborhood. While the use will be greater than 6,000 square feet in size, the permitted use size in the NCT-3 Zoning District, almost a third of the area is attributed to the utilization of the basement. Therefore, allowing such a large use will not impact the foreclosure of other neighborhood serving uses in the area.*

- b) The proposed use will serve the neighborhood, in whole or in significant part, and the nature of the use requires a larger size in order to function.

*The Project will establish a Social Service Facility Use with an Outdoor Activity Area that is focused on providing mentorship to underserved children and their families in the Bayview and citywide. The proposed use size, including the Outdoor Activity Area, will allow the use to best serve the children and their families by accommodating programming and recreational activities that is typically warranted for such type of use.*

- c) The building in which the use is to be located is designed in discrete elements which respect the scale of development in the district.

*The Project will not alter the height and bulk of the existing building. Minor interior and exterior alterations of the subject building are proposed, but such alterations will not alter the existing compatibility of the subject building and its scale with the immediate neighborhood.*

**10. General Plan Compliance.** The Project is, on balance, consistent with the following Objectives and

Policies of the General Plan:

**BAYVIEW HUNTERS POINT AREA PLAN**

LAND USE

**Objectives and Policies**

OBJECTIVE 2

IMPROVE USE OF LAND ON THIRD STREET BY CREATING COMPACT COMMERCIAL AREAS, ESTABLISHING NODES FOR COMPLEMENTARY USES, AND RESTRICTING UNHEALTHY USES.

Policy 2.1

Improve the physical and social character of Third Street to make it a more livable environment.

COMMERCE

OBJECTIVE 7

ENCOURAGE HEALTHY RETAIL REUSE IN THE EXISTING COMMERCIAL CORE OF THIRD STREET AND COMPLEMENTARY GROWTH IN ADJACENT SECTIONS.

Policy 7.2

Encourage complementary development adjacent to the Third Street core commercial area.

COMMUNITY FACILITIES ELEMENT

**Objectives and Policies**

OBJECTIVE 6

MAINTAIN AND STRENGTHEN VIABLE NEIGHBORHOOD COMMERCIAL AREAS EASILY ACCESSIBLE TO CITY RESIDENTS.

POLICY 6.1

Ensure and encourage the retention and provision of neighborhood-serving goods and services in the city's neighborhood commercial districts, while recognizing and encouraging diversity among the districts.

POLICY 6.3

Preserve and promote the mixed commercial-residential character in neighborhood commercial districts. Occasionally, the provision of essential neighborhood amenities, goods, or services may require the demolition of existing housing as part of new multifamily development. Such proposals should be reviewed in accordance with the Housing Element and preserve the City's existing permanently affordable and multifamily rental housing stock so that there is no net loss of these housing types nor permanent displacement of rent-controlled tenants.

*The Department finds that the Project is, on balance, consistent with the Objectives and Policies of the General Plan and Bayview Hunters Point Area Plan. The Project will convert an existing mixed-use building into a Social Service Facility Use for the utilization by the future property owner and operator, Friends of the Children- SF Bay Area. While the Project will result in the loss of Group Housing with eight rooms subject to*

*the City's Residential Rent Stabilization and Arbitration Ordinance, the Project will provide a community space for underserved children Citywide and in the Bayview neighborhood, that is compatible with the mix of uses in the business district and within close proximity to public transportation. While the Project will not advance the City's objectives to preserve existing sound rental residential use, the unauthorized conversion of the Group Housing was done by a previous tenant and has not had a residential tenant in over 11 years. Friends of the Children- SF Bay Area, founded in 2017, is San Francisco's chapter of a non-profit organization with a mission to provide mentorship to children in underserved communities who face the biggest challenges with trained local professional mentors for the 12 plus years (K-12th grade). The mentors guide and support the children and their families thru a child's biggest challenges. The organization partners with community organizations, and schools to build a community that fosters success for the children. Having served the City for more than 7 years, Friends of the Children- SF Bay Area, is a proven community organization.*

**11. Planning Code Section 101.1(b)** establishes eight priority-planning policies and requires review of permits for consistency with said policies. On balance, the project complies with said policies in that:

- a) That existing neighborhood-serving retail uses be preserved and enhanced and future opportunities for resident employment in and ownership of such businesses be enhanced.

*The proposal will remove an existing neighborhood serving retail use; the subject commercial tenant space is currently occupied by Restaurant Use. However, the Project provides a community serving use that will increase foot traffic to the area, and therefore strengthen the customer base of existing retail uses and contribute to the demand for new retail uses serving the area.*

- b) That existing housing and neighborhood character be conserved and protected in order to preserve the cultural and economic diversity of our neighborhoods.

*The Project will conserve and protect the existing cultural and economic diversity of the neighborhood. The proposal will minimally alter the existing building and establish a Social Service Facility Use that will serve the immediate neighborhood and greater community.*

- c) That the City's supply of affordable housing be preserved and enhanced,

*The Project will remove a Group Housing Use with eight rooms and convert the existing mixed-use building into a community serving Social Service Facility Use (D.B.A. "Friends of Children- SF Bay Area). Therefore, the project will decrease the City's housing stock.*

- d) That commuter traffic not impede MUNI transit service or overburden our streets or neighborhood parking.

*The Project is not expected to impede public transportation or overburden the immediate neighborhood's existing on-street parking availability. The subject property is located along Third Street and is well served by public transportation. The 44-bus line and T Muni line run along Third Street. Furthermore, no on-street parking spaces will be removed as part of the Project. On-street and three off-street parking spaces are available for those patrons that do choose to drive*

*to the area.*

- e) That a diverse economic base be maintained by protecting our industrial and service sectors from displacement due to commercial office development, and that future opportunities for resident employment and ownership in these sectors be enhanced.

*The Project will not displace any service or industry sectors due to commercial office and will not affect residents' employment and ownership opportunities of industrial and service sector. The Project does not propose an office development.*

- f) That the City achieve the greatest possible preparedness to protect against injury and loss of life in an earthquake.

*The Project will be altered to conform to the structural and seismic safety requirements of the Building Code. As such, this Project will improve the property's ability to withstand an earthquake.*

- g) That landmarks and historic buildings be preserved.

*Currently, the Project Site does contain a historic building. The building will be preserved and only minor exterior and interior alterations are proposed.*

- h) That our parks and open space and their access to sunlight and vistas be protected from development.

*The Project will not have impacts on existing parks and opens spaces and their access to sunlight and vistas.*

12. The Project is consistent with and would promote the general and specific purposes of the Code provided under Section 101.1(b) in that, as designed, the Project would constitute a beneficial development.

13. The Commission hereby finds that approval of the Conditional Use Authorization would promote the health, safety and welfare of the City.

## DECISION

That based upon the Record, the submissions by the Applicant, the staff of the Department and other interested parties, the oral testimony presented to this Commission at the public hearings, and all other written materials submitted by all parties, the Commission hereby **APPROVES Conditional Use Authorization Application No. 2024-008292CUA** subject to the following conditions attached hereto as "EXHIBIT A" in general conformance with plans on file, dated September 10, 2024, and stamped "EXHIBIT B", which is incorporated herein by reference as though fully set forth.

**APPEAL AND EFFECTIVE DATE OF MOTION:** Any aggrieved person may appeal this Conditional Use Authorization to the Board of Supervisors within thirty (30) days after the date of this Motion. The effective date of this Motion shall be the date of this Motion if not appealed (after the 30-day period has expired) OR the date of the decision of the Board of Supervisors if appealed to the Board of Supervisors. For further information, please contact the Board of Supervisors at (415) 554-5184, City Hall, Room 244, 1 Dr. Carlton B. Goodlett Place, San Francisco, CA 94102.

**Protest of Fee or Exaction:** You may protest any fee or exaction subject to Government Code Section 66000 that is imposed as a condition of approval by following the procedures set forth in Government Code Section 66020. The protest must satisfy the requirements of Government Code Section 66020(a) and must be filed within 90 days of the date of the first approval or conditional approval of the development referencing the challenged fee or exaction. For purposes of Government Code Section 66020, the date of imposition of the fee shall be the date of the earliest discretionary approval by the City of the subject development.

If the City has not previously given Notice of an earlier discretionary approval of the project, the Planning Commission's adoption of this Motion, Resolution, Discretionary Review Action or the Zoning Administrator's Variance Decision Letter constitutes the approval or conditional approval of the development and the City hereby gives **NOTICE** that the 90-day protest period under Government Code Section 66020 has begun. If the City has already given Notice that the 90-day approval period has begun for the subject development, then this document does not re-commence the 90-day approval period.

I hereby certify that the Planning Commission ADOPTED the foregoing Motion on January 9, 2025.

Jonas P. Ionin  
Commission Secretary

# EXHIBIT A

## Authorization

This authorization is for a conditional use to convert an existing two-story over basement, mixed-use building with Group Housing at the second floor into a Social Service Facility Use (D.B.A. “Friends of the Children- SF Bay Area”) and establish a use greater than 6,000 square feet in size located at 4100 3<sup>rd</sup> Street, Block 5260, Lot 032, pursuant to Planning Code Sections 121.2, 303, 317, and 752 within the NCT-3 Zoning District, Third Street Alcohol Special Use District, and a 65-J Height and Bulk District; in general conformance with plans, dated September 10, 2024, and stamped “EXHIBIT B” included in the docket for Record No. **2024-008292CUA** and subject to conditions of approval reviewed and approved by the Commission on **January 9, 2025** under Motion No. **21669**. This authorization and the conditions contained herein run with the property and not with a particular Project Sponsor, business, or operator.

## Recordation of Conditions of Approval

Prior to the Planning approval of the building permit or commencement of use for the Project, the property owner must record a Notice of Special Restrictions prepared by the Planning Department with the Recorder of the City and County of San Francisco for the subject property. This Notice shall state that the project is subject to the conditions of approval contained herein and reviewed and approved by the Planning Commission on **January 9, 2025** under Motion No. **21669**.

## Severability

The Project shall comply with all applicable City codes and requirements. If any clause, sentence, section or any part of these conditions of approval is for any reason held to be invalid, such invalidity shall not affect or impair other remaining clauses, sentences, or sections of these conditions. This decision conveys no right to construct, or to receive a building permit. “Project Sponsor” shall include any subsequent responsible party.

## Changes and Modifications

Changes to the approved plans may be approved administratively by the Zoning Administrator. Significant changes and modifications of conditions shall require Planning Commission approval of a new Conditional Use Authorization.

## CONDITIONS OF APPROVAL, COMPLIANCE, MONITORING, AND REPORTING

### Performance

1. **Validity.** The authorization and right vested by virtue of this action is valid for three (3) years from the effective date of the Motion. The Department of Building Inspection shall have issued a Building Permit or Site Permit to construct the project and/or commence the approved use within this three-year period.

*For information about compliance, contact Code Enforcement, Planning Department at 628.652.7463, [www.sfplanning.org](http://www.sfplanning.org)*

2. **Expiration and Renewal.** Should a Building or Site Permit be sought after the three (3) year period has lapsed, the project sponsor must seek a renewal of this Authorization by filing an application for an amendment to the original Authorization or a new application for Authorization. Should the project sponsor decline to so file, and decline to withdraw the permit application, the Commission shall conduct a public hearing in order to consider the revocation of the Authorization. Should the Commission not revoke the Authorization following the closure of the public hearing, the Commission shall determine the extension of time for the continued validity of the Authorization.

*For information about compliance, contact Code Enforcement, Planning Department at 628.652.7463, [www.sfplanning.org](http://www.sfplanning.org)*

3. **Diligent Pursuit.** Once a site or Building Permit has been issued, construction must commence within the timeframe required by the Department of Building Inspection and be continued diligently to completion. Failure to do so shall be grounds for the Commission to consider revoking the approval if more than three (3) years have passed since this Authorization was approved.

*For information about compliance, contact Code Enforcement, Planning Department at 628.652.7463, [www.sfplanning.org](http://www.sfplanning.org)*

4. **Extension.** All time limits in the preceding three paragraphs may be extended at the discretion of the Zoning Administrator where implementation of the project is delayed by a public agency, an appeal or a legal challenge and only by the length of time for which such public agency, appeal or challenge has caused delay.

*For information about compliance, contact Code Enforcement, Planning Department at 628.652.7463, [www.sfplanning.org](http://www.sfplanning.org)*

5. **Conformity with Current Law.** No application for Building Permit, Site Permit, or other entitlement shall be approved unless it complies with all applicable provisions of City Codes in effect at the time of such approval.

*For information about compliance, contact Code Enforcement, Planning Department at 628.652.7463, [www.sfplanning.org](http://www.sfplanning.org)*

## Design – Compliance at Plan Stage

- 6. Final Materials.** The Project Sponsor shall continue to work with Planning Department on the building design. Final materials, glazing, color, texture, landscaping, and detailing shall be subject to Department staff review and approval. The architectural addenda shall be reviewed and approved by the Planning Department prior to issuance.

*For information about compliance, contact the Case Planner, Planning Department at 628.652.7380, [www.sfplanning.org](http://www.sfplanning.org)*

- 7. Garbage, Composting and Recycling Storage.** Space for the collection and storage of garbage, composting, and recycling shall be provided within enclosed areas on the property and clearly labeled and illustrated on the building permit plans. Space for the collection and storage of recyclable and compostable materials that meets the size, location, accessibility and other standards specified by the San Francisco Recycling Program shall be provided at the ground level of the buildings.

*For information about compliance, contact the Case Planner, Planning Department at 628.652.7380, [www.sfplanning.org](http://www.sfplanning.org)*

- 8. Overhead Wiring.** The Property owner will allow MUNI to install eyebolts in the building adjacent to its electric streetcar line to support its overhead wire system if requested by MUNI or MTA.

*For information about compliance, contact San Francisco Municipal Railway (Muni), San Francisco Municipal Transit Agency (SFMTA), at 415.701.4500, [www.sfmta.org](http://www.sfmta.org)*

## Parking and Traffic

- 9. Managing Traffic During Construction.** The Project Sponsor and construction contractor(s) shall coordinate with the Traffic Engineering and Transit Divisions of the San Francisco Municipal Transportation Agency (SFMTA), the Police Department, the Fire Department, the Planning Department, and other construction contractor(s) for any concurrent nearby Projects to manage traffic congestion and pedestrian circulation effects during construction of the Project.

*For information about compliance, contact Code Enforcement, Planning Department at 628.652.7463, [www.sfplanning.org](http://www.sfplanning.org)*

## Provisions

- 10.** Any future building permit application(s) to change the use of the second story of the existing building shall be subject to Mandatory Discretionary Review by the Planning Commission, unless such change of use is to establish a Residential Use or an Institutional Use that is principally permitted by the then applicable Planning Code.

*For information about compliance, contact the Case Planner, Planning Department at 628.652.7380,*

[www.sfplanning.org](http://www.sfplanning.org)

## Monitoring - After Entitlement

**11. Enforcement.** Violation of any of the Planning Department conditions of approval contained in this Motion or of any other provisions of Planning Code applicable to this Project shall be subject to the enforcement procedures and administrative penalties set forth under Planning Code Section 176 or Section 176.1. The Planning Department may also refer the violation complaints to other city departments and agencies for appropriate enforcement action under their jurisdiction.

*For information about compliance, contact Code Enforcement, Planning Department at 628.652.7463, [www.sfplanning.org](http://www.sfplanning.org)*

**12. Revocation due to Violation of Conditions.** Should implementation of this Project result in complaints from interested property owners, residents, or commercial lessees which are not resolved by the Project Sponsor and found to be in violation of the Planning Code and/or the specific conditions of approval for the Project as set forth in Exhibit A of this Motion, the Zoning Administrator shall refer such complaints to the Commission, after which it may hold a public hearing on the matter to consider revocation of this authorization.

*For information about compliance, contact Code Enforcement, Planning Department at 628.652.7463, [www.sfplanning.org](http://www.sfplanning.org)*

## Operation

**13. Sidewalk Maintenance.** The Project Sponsor shall maintain the main entrance to the building and all sidewalks abutting the subject property in a clean and sanitary condition in compliance with the Department of Public Works Streets and Sidewalk Maintenance Standards.

*For information about compliance, contact Bureau of Street Use and Mapping, Department of Public Works, 628.271.2000, [www.sfpublicworks.org](http://www.sfpublicworks.org)*

**14. Community Liaison.** Prior to issuance of a building permit to construct the project and implement the approved use, the Project Sponsor shall appoint a community liaison officer to deal with the issues of concern to owners and occupants of nearby properties. The Project Sponsor shall provide the Zoning Administrator and all registered neighborhood groups for the area with written notice of the name, business address, and telephone number of the community liaison. Should the contact information change, the Zoning Administrator and registered neighborhood groups shall be made aware of such change. The community liaison shall report to the Zoning Administrator what issues, if any, are of concern to the community and what issues have not been resolved by the Project Sponsor.

*For information about compliance, contact Code Enforcement, Planning Department at 628.652.7463, [www.sfplanning.org](http://www.sfplanning.org)*

**15. Lighting.** All Project lighting shall be directed onto the Project site and immediately surrounding sidewalk area only, and designed and managed so as not to be a nuisance to adjacent residents. Nighttime lighting

shall be the minimum necessary to ensure safety, but shall in no case be directed so as to constitute a nuisance to any surrounding property.

*For information about compliance, contact Code Enforcement, Planning Department at 628.652.7463,  
[www.sfplanning.org](http://www.sfplanning.org)*

friendssfbayarea.org

January 2, 2025

Members, San Francisco Planning Commission  
49 South Van Ness Avenue  
San Francisco, CA 94110

**Re:** Case No. 2024-008292CUA  
January 9, 2025 Hearing  
4100-4106 Third Street  
Friends of the Children/SF Bay Area

Dear Commission:

On behalf of Friends of the Children – SF Bay Area (“FotC”), we request your support for the conversion of an existing building at 4100 Third Street for our new headquarters. FotC is a California non-profit corporation that identifies and enrolls kindergarteners from the Bayview community who face the biggest barriers to success. We then provide a salaried, professional mentor (we call them Friends) to walk beside each youth for 12 years, through high school graduation. You can find out more about us at <https://friendssfbayarea.org/how-it-works>.

FotC is in contract to purchase 4100-4106 Third Street, located at the southwest corner of Hudson Street and Third Street. FotC has been located nearby at 111 Quint Street since 2017 and has grown significantly since moving into their current location, from 0 children and 3 employees to 110 children and 23 employees. Additional space is required to further its mission. Due to the efforts of Speaker Emerita Pelosi and others, FotC received a federal grant to purchase a Bayview youth center to further its mission and provided needed stability to the nonprofit. In support of its application for that grant, FotC submitted letters of support from Supervisor Shamann Walton, State Senator Scott Wiener, Rev. Cecil Williams and former City Attorney Louise Renne. Copies of those letters were previously submitted to the Commission.

After a lengthy search, FotC chose 4100 Third Street as the location for its Bayview youth center. The property will be used as program space for our Friends to work with their youth and as office space for our staff. FotC is before the Planning Commission to request a Conditional Use Authorization under Planning Code Section 317 to formally convert Group Housing units to a Social Service facility with an Outdoor Activity Area. This Group Housing was converted to a Social Service Facility by the previous owner without benefit of permit and has not been used as housing for at least 10 years,

## **Background**

The Property was owned by We Are Church (“The Church”) since January 2013, which used the space to counsel formerly incarcerated people and people in recovery. The property is listed as

# FR1ENDS of the CH1LDREN

SF Bay Area

111 Quint Street  
San Francisco, CA 94124  
415.400.4998  
friendssfbbayarea.org

- 92% went on to enroll in post-secondary education, enter the workforce or enlist in the military

The Social Service proposal would be allowed as of right in the NCT- District, except for the Group Housing designation, which has not existed for at least 10 years. We know and appreciate that San Francisco faces a housing crisis, and every housing unit is precious, but this project will result in no actual loss of housing. Further, as explained in the letter of support from Supervisor Walton, providing a long-term home for FotC will help to “stem the exodus of Black families from San Francisco [and] support the families most affected by systemic racism.” We respectfully request the Planning Commission grant the Conditional Use Authorization.

Sincerely,

Susan Corlett  
Interim Executive Director  
Friends of the Children-SF Bay Area

**January 9 Hearing, Item 16**  
**Case No. 2024-008292CUA – 4100 Third Street**

To the Members of the San Francisco Planning Commission:

I am the Director of Operations of We Are Church (Church), which does business as Crazy Love Ministries. I have been the person in charge of Church's operations at 4100 Third Street in San Francisco since we purchased the building. I am submitting this letter in support of the request of Friends of the Children – SF Bay Area for Conditional Use Authorization.

During our occupancy of 4100 Third Street, Church operated a restaurant on the first floor, the proceeds from which were used to fund the social services we provided. We ran a program designed to mentor recently incarcerated men, helping them to reintegrate into the community. Many of the men enrolled in our program worked full or part-time in the first-floor restaurant. We used the front section of the second floor for administrative purposes and for meetings in furtherance of that mentoring program.

Some of the men enrolled in the program also slept in the rear section of the second floor, which consists of eight small rooms, two bathrooms and a kitchen. All of those men were either enrolled in our program or volunteered to serve as mentors for those men. They were eligible to remain in those rooms as long as they remained in our program; the average length of stay was approximately 6 months. The men did not pay rent for those rooms and we did not enter into any leases or other contractual arrangements with them.

Church eventually concluded that this mentoring model was not financially viable, so we stopped providing those services in 2022, and decided to sell 4100 Third Street. We have entered into a contract to purchase a building in East Palo Alto, which will be used to provide a variety of support services to underserved members of that community, and we plan to use the proceeds from the sale of 4100 Third Street to finance that purchase.

Church placed 4100 Third Street on the market in Fall of 2023, and it has taken us nearly a year and a half to sell the building. If the purchase by Friends of the Children is not finalized, we will not be able to purchase our new building and 4100 Third Street will continue to sit vacant until we find another buyer.

We are thrilled that Friends of the Children will continue using 4100 Third Street to provide much-needed support services to children and families in the Bayview Community. As someone who has been providing services to that community for many years, I understand how the community will benefit from their unique mentoring model, which has a proven track record of helping children to break the generational cycle of poverty.

Sincerely,

DocuSigned by:

*Paul Chan*

**Summary** Logbooks of the Spring Valley Water Company, recording new water connections for residential housing in San Francisco from 1861 into the 1930s. Contains the date a water connection was first made for a structure and the name of the applicant (owner/contractor/developer). Dates may reflect the beginning of construction, the beginning of occupancy, or the date water was provided to an existing structure. Connections are recorded alphabetically by street name.

**Note** Available also in microfilm.  
Available also in digitized form on Internet Archive.
