| 5 | applicant from obtaining any other permit required by law. Additional time for such uses may be |
| 6 | authorized only by action upon a new application. |
| 7 | (4) Interim Uses. An interim use listed in this section may be authorized by the Executive |
| 8 | Director (for uses located within the Tidelands Trust Overlay Zone) or Planning Director (for uses |
| 9 | located outside the Tidelands Trust Overlay Zone) without a public hearing for a period not to exceed 5 |

| 2 | uses authorized under the Special Use District and Design for Development. The Executive Director |
| 3 | (for property located within the Tidelands Trust Overlay Zone), or the Planning Director (for property |
| 4 | not located within the Tidelands Trust Overlay Zone) may authorize additions, alterations, |
| 5 | reconstruction, rehabilitation, reuse of vacant buildings or changes in use of land or buildings for uses |
| 6 | that do not conform to the Special Use District, subject to a determination that such authorization |
| 7 | would not impede the orderly development of the area subject to this Special Use District. |
| 8 | (6) Building Standards. |
| 9 | (A) Building Height. The applicable height limits for this Special Use District shall be as set |
| 10 | forth on Sectional Map HT14 of the Zoning Maps of the City and County of San Francisco. As more |
| 11 | particularly described on Section Map HT14, underlying height zones range from 25 feet to 125 feet on |
| 12 | Treasure Island and 35 feet to 75 feet on Yerba Buena Island. "Flex Height Zones" have been |
| 13 | established on Treasure Island to allow for the flexibility in locating tall buildings within the overall |
| 14 | built form of the island, and range from 240 feet to 450 feet. The Flex Height Zones allow for a variety |
| 15 | of building types to be built up to the indicated maximum height for their zone as long as they conform |
| 16 | to the relevant applicable Standards for Bulk, Massing and Tower Separation as described herein, and |
| 17 | Figure 6, Bulk and Massing Controls Matrix. The location of tall buildings in relation to each other |
| 18 | and to the lower buildings is controlled by the building separation requirements set forth in subsection |
| 19 | (d)(5)(B), Tower Separation, below. Height shall be measured and regulated as provided in the Design |
| 20 | for Development and not as provided in Article 2.5. |
| 21 | (B) Tower Separation. |
| 22 | (i) Portions of buildings taller than 125 feet located within a Flex Height Zone that are taller |
| 23 | than the underlying height zone shall maintain a minimum distance of 115 feet clear from any portion |
| 24 | of another building taller than its underlying height zone. This distance is to be measured by a 115 feet |
| 25 | circular offset from the inscribed building perimeter at its outermost points on all levels above the |

| 9 | identified on Figure 1) shall be subject to additional bulk and massing requirements set forth in |

| 5 | hearing shall be limited to the Major Modification. Notwithstanding any other provisions of this |
| 6 | Section, the Planning Director may refer a proposed modification, even if not otherwise classified as a |
| 7 | Major Modification, to the Planning Commission as a Major Modification if the Planning Director |
| 8 | determines that the proposed modification does not meet the intent of the Standards set forth in the |
| 9 | Design for Development. The Planning Commission may not impose conditions of approval that |
| 10 | conflict with the Development Requirements (as such term is defined in the Development Agreement). |
| 11 | (iii) Minor Modifications. Any modification to the building standards of this Special Use |
| 12 | District and contained in the Design for Development not considered a Major Modification pursuant to |
| 13 | subsection (ii) above shall be deemed to be a Minor Modification. Except as permitted in accordance |
| 14 | subsection (ii) above, a Minor Modification is not subject to review by the Planning Commission. |
| 15 | (iv) Off-Street Parking. A project that exceeds applicable parking ratios on a project-level |
| 16 | basis shall not be considered a Major Modification, Minor Modification or otherwise inconsistent with |
| 17 | the Special Use District or the Design for Development, subject to the further limitations of this Section |
| 18 | (iv). Except as further provided herein, no new off-street parking may be approved by Planning or |
| 19 | TIDA at the following increments of development that would cause the aggregate parking ratio in the |
| 20 | Special Use District to cumulatively exceed the applicable ratios, including both built and entitled but- |
| 21 | not-yet-built Vertical Development: every 2,000 net new housing units and every 100,000 gross square |
| 22 | feet of non-residential uses in new or rehabilitated buildings (each residential and non-residential |
| 23 | threshold, a "Development Increment"). Notwithstanding the foregoing, for the first two Development |
| 24 | Increments, a deviation of up to 10% shall be permitted and not be considered a Major Modification, |
| 25 | Minor Modification or otherwise inconsistent with the Special Use District or the Design for |
| | Mayor Lee BOARD OF SUPERVISORS |

| 1 | Development. No exceedance of the parking ratios applicable to any Development Increment after the |
|----|--|
| 2 | first two residential and non-residential Development Increments shall be permitted. The Development |
| 3 | Increments shall commence as of the effective date of this ordinance and shall not include interim or |
| 4 | temporary uses as defined in this Special Use District. |
| 5 | (E) Public Hearing for Large Projects. Prior to decision by the Planning Director pursuant to |
| 6 | subsection $(g)(4)(C)$ above, each project subject to the below criteria shall be presented at a regularly |
| 7 | scheduled hearing of the Planning Commission. Such hearing shall be calendared within 30 days after |
| 8 | the application is complete or deemed complete. If a public hearing is required under subsection |
| 9 | (g)(4)(D) and this subsection, the Planning Commission shall hear jointly calendar both items, |
| 10 | to take action on the Major Modification and to provide comment only on the project design. |
| 11 | The Planning Director shall consider all comments from the public and the Planning Commission in |
| 12 | making his or her decision to approve, conditionally approve, or disapprove the project design. |
| 13 | Criteria necessitating public hearing are as follows: |
| 14 | (i) The project includes the construction of a new building greater than 70 feet in height, or |
| 15 | includes a vertical addition to an existing building resulting in a total building height greater than 70 |
| 16 | <u>feet; or</u> |
| 17 | (ii) The project involves a net addition or new construction of more than 25,000 gross square |
| 18 | feet of commercial space. |
| 19 | If a public hearing is required under subsection (g)(4)(D) and this subsection, the |
| 20 | Planning Commission shall hear jointly calendar both items, to take action on the Major |
| 21 | Modification and to provide comment only on the project design. |
| 22 | (F) Notice of Hearings. Notice of hearings required by subsections (D) and (E) shall be |
| 23 | provided as follows: (i) by mail not less than 10 days prior to the date of the hearing to the project |
| 24 | applicant, owners of real property within 300 feet of all exterior boundaries of the project that is the |
| 25 | subject of the application, using for this purpose the names and addresses as shown on the citywide |
| | Mayor Lee BOARD OF SUPERVISORS Page 46 |

| 1 | assessment roll in the Office of the Tax Collector, and any person who has requested such notice; and |
|----|---|
| 2 | (ii) by posting on the subject property at least 10 days prior to the date of the hearing. |
| 3 | (5) Schematic Design Document Applications under TIDA Jurisdiction. |
| 4 | (A) TIDA Design Review. Each application for Schematic Design Document approval under |
| 5 | TIDA jurisdiction shall be subject to an administrative review process by TIDA staff. Not more than 60 |
| 6 | days (for applications pertaining to structures 70 feet or fewer in height) or 80 days (for applications |
| 7 | pertaining to structures over 70 feet in height) after such application is complete or deemed complete, |
| 8 | staff shall review the application to determine that it complies with this Special Use District and the |
| 9 | Design for Development and shall issue a staff report to the TIDA Board, including a recommendation |
| 10 | for any modifications sought. If the application would be subject to Planning Commission action as a |
| 11 | Major Modification under subsection (g)(4)(D) or Planning Commission review as a large project |
| 12 | under subsection (g)(4)(E) if the project were located outside the Tidelands Trust Overlay, the TIDA |
| 13 | staff report shall also be delivered to the Planning Commission Department. |
| 14 | (B) Planning Commission Election. For any application for which the Planning |
| 15 | Commission Department receives the TIDA staff report pursuant to subsection (g)(5)(A), within 30 |
| 16 | days of receipt of the report, the Planning Commission may, by majority vote, elect to hold a hearing |
| 17 | on a Schematic Design Documents application, which hearing shall be held within 30 days of such |
| 18 | election. The Planning Commission's review shall be limited to the consistency of the building design |
| 19 | with this Special Use District and the Design for Development, and on that basis alone, the Planning |
| 20 | Commission shall submit its recommendation to the TIDA Board. |
| 21 | (C) Review by TIDA Board. The TIDA Board shall calendar the application as follows: (i) for |
| 22 | any application for which the Planning Commission Department does not receive the TIDA staff |
| 23 | report pursuant to subsection (g)(5)(A), the TIDA Board shall calendar the application for its next |
| 24 | regularly scheduled hearing after receipt of the staff report for which an agenda has not been finalized; |
| 25 | (ii) for any application for which the Planning Commission Department receives the TIDA staff |
| | Mayor Lee |

| 1 | report pursuant to subsection (g)(5)(A), if upon the expiration of the Planning Commission's 30 day |
|----|---|
| 2 | election period, the Planning Commission has not elected to hold a hearing on the Schematic Design |
| 3 | Documents application, the TIDA Board shall calendar the application for its next regularly scheduled |
| 4 | meeting for which an agenda has not been finalized; or (iii) if, prior to the expiration of the Planning |
| 5 | Commission's 30 day election period, the Planning Commission has elected to hold a hearing on the |
| 6 | Schematic Design Documents application, the TIDA Board shall calendar the application for its next |
| 7 | regularly scheduled meeting for which an agenda has not been finalized after the date that the |
| 8 | Planning Commission takes action on the application at its public hearing. If the project is consistent |
| 9 | with the quantitative Standards set forth in this Special Use District and the Design for Development, |
| 10 | the TIDA Board's discretion to approve, conditionally approve or disapprove the project shall be |
| 11 | limited to the project's consistency with the qualitative Standards and Guidelines set forth in the |
| 12 | Design for Development. The TIDA Board may not impose any condition of approval that conflicts with |
| 13 | the Development Requirements (as such term is defined in the Development Agreement). If the TIDA |
| 14 | Board objects to or seeks to substantially modify design recommendations that have been approved by |
| 15 | the Planning Commission as set forth in Section (g)(5)(B), TIDA shall provide notice of such decision |
| 16 | to the Planning Commission, and TIDA shall have the right to appeal the design recommendations to |
| 17 | the Board of Supervisors pursuant to the procedures for appeal set forth in subsection (i) below. |
| 18 | (D) Review of Historic Resources. Any review under this section of Schematic Design |
| 19 | Documents for a historic resource identified in the Design for Development shall be subject to the |
| 20 | additional review requirements set forth therein. |
| 21 | (6) Building Permit Approval. Each building permit application submitted to the Department of |
| 22 | Building Inspection shall be forwarded to the Planning Department if the application pertains to |
| 23 | property located outside of the Tidelands Trust Overlay Zone or TIDA if the application pertains to |
| 24 | property located within the Tidelands Trust Overlay Zone. Staff of the applicable agency shall review |
| 25 | the building permit application for consistency with the authorizations granted pursuant to this Section. |
| | |

| 1 | No building permit may be issued for work within this Special Use District unless Planning Department |
|----|--|
| 2 | or TIDA staff, as applicable, determines such permit is consistent with the approved Schematic Design |
| 3 | Documents and the Standards set forth in the Design for Development. |
| 4 | (7) Discretionary Review. No requests for discretionary review shall be accepted by the |
| 5 | Planning Department or TIDA or heard by the Planning Commission or TIDA Board for projects |
| 6 | subject to this Section. |
| 7 | (h) Island Conditional Use Permits. For Island Conditional Uses within the Tidelands Trust |
| 8 | Overlay Zone, upon written request by the property owner or lessee (or his or her designated agent), |
| 9 | the Executive Director may approve an Island Conditional Use permit without a hearing if he or she |
| 10 | finds that, at the size and intensity contemplated: (i) the proposed use will make a positive contribution |
| 11 | to the character of the Special Use District; (ii) the proposed use is compatible with the neighborhood |
| 12 | or community; and (iii) the proposed use is compliant with the Tidelands Trust as more particularly |
| 13 | described in Section T3.4.2 of the Design for Development; provided, however, that the Executive |
| 14 | Director, in his or her discretion, may refer the matter to the TIDA Board for decision at a public |
| 15 | hearing. TIDA may adopt procedures for reviewing and acting on Island Conditional Use permits. |
| 16 | Island Conditional Uses outside the Tidelands Trust Overlay Zone shall be subject to review and |
| 17 | approval by the Planning Commission in the same manner as set forth in Section <u>s</u> 303 et seq. for |
| 18 | conditional uses, except that the Planning Commission shall not use the criteria set forth in Section <u>S</u> |
| 19 | <u>303 et seq. and instead shall approve or conditionally approve the Island Conditional Use if it finds</u> |
| 20 | that, at the size and intensity contemplated: (i) the proposed use will make a positive contribution to the |
| 21 | character of the Special Use District; and (ii) the proposed use is compatible with the neighborhood or |
| 22 | <u>community.</u> |
| 23 | (i) Appeal and Decision on Appeal. |
| 24 | (A) Planning. A decision of the Planning Director or the Planning Commission under this |
| 25 | Special Use District, other than a decision with respect to an Island Conditional Use, may be appealed |
| | Mayor Lee |

| 1 | to the Board of Appeals within 10 days after the date of the decision by filing a written notice of appeal |
|----|---|
| 2 | with that body. Such notice must set forth how the Planning Director or the Planning Commission, as |
| 3 | applicable, erred in granting, conditioning, or denying an application under this Section. Upon the |
| 4 | hearing of an appeal, the Board of Appeals may, subject to the same limitations as are placed on the |
| 5 | Planning Commission or Planning Director by Charter or by this Special Use District, approve, |
| 6 | disapprove or modify the appealed decision. If the determination of the Board of Appeals differs from |
| 7 | that of the Planning Director or Planning Commission, the Board of Appeals shall state its reasons in |
| 8 | writing. A decision of the Planning Commission with respect to an Island Conditional Use may be |
| 9 | appealed to the Board of Supervisors in the same manner as set forth in Section 308.1, except that, in |
| 10 | addition to the parties identified in Section 308.1(b), the decision also may be appealed |
| 11 | independently by the applicant or TIDA without complying with the property owner subscription |
| 12 | requirements of Section 308.1. |
| 13 | (B) TIDA. If the TIDA Board objects to or seeks to substantially modify a design |
| 14 | recommendation or determination taken by the Planning Commission under subsection $(g)(5)(B)$ |
| 15 | above, it shall take action to file an appeal of the Planning Commission recommendation or |
| 16 | determination to the Board of Supervisors, which shall be evidenced by filing a written notice of appeal |
| 17 | with the <u>EC</u> lerk of the Board of Supervisors. The Board of Supervisors shall hear the appeal within 30 |
| 18 | days of TIDA's determination to appeal. The Board of Supervisors' review of the Planning |
| 19 | Commission decision shall be limited to the design issues that are the subject of the appeal. The Board |
| 20 | of Supervisors may disapprove the decision of the Planning Commission by a majority vote, and may |
| 21 | not impose any condition of project approval that conflicts with the Development Requirements (as |
| 22 | such term is defined in the Development Agreement) or is inconsistent with TIDA's authority as trustee |
| 23 | under the Conversion Act. |
| 24 | (j) Fees. Each of the Planning Director and the Executive Director shall require an applicant |
| 25 | or permittee to pay a fee in an amount sufficient to recover actual time and materials costs that the |
| | Mayor Lee BOARD OF SUPERVISORS Page 50 |

| 1 | Planning Department and TIDA incurs in reviewing and processing any application under this Section. |
|----|---|
| 2 | The applicable Director also may charge for any time and materials costs that other agencies, boards, |
| 3 | commissions, or departments of the City, including the City Attorney's Office, incur in connection with |
| 4 | the processing or administration of a particular application, action, or procedure if such costs are not |
| 5 | separately assessed in accordance with the Development Agreement. Whenever such fees are or will be |
| 6 | charged, the applicable Director, upon request of the applicant or permittee, shall provide in writing |
| 7 | the basis for the fees or an estimate of the fees to be charged. |

| 21 | accordance with the provisions of this Code. |
| 22 | (b) Purpose. The purpose of both the Treasure Island / Yerba Buena Island Height and Bulk |
