[Planning Code, Zoning Map - Central SoMa and Transit Center District Commercial Development Requirements]

Ordinance amending the Planning Code and Zoning Map to reduce commercial development requirements for certain residential projects and modify the land dedication requirements in the Central SoMa Special Use District and remove the Transit Center C-3-0(SD) Commercial Special Use District; affirming the Planning Department's determination under the California Environmental Quality Act; and making findings of consistency with the General Plan and the eight priority policies of Planning Code, Section 101.1, and adopting findings of public necessity, convenience, and welfare under Planning Code, Section 302.

NOTE: **Unchanged Code text and uncodified text** are in plain Arial font.
Additions to Codes are in *single-underline italics Times New Roman font*.
Deletions to Codes are in ~~*strikethrough italics Times New Roman font*~~.
Board amendment additions are in double-underlined Arial font.
Board amendment deletions are in ~~strikethrough Arial font~~.
Asterisks (* * * *) indicate the omission of unchanged Code subsections or parts of tables.

Be it ordained by the People of the City and County of San Francisco:

Section 1. Environmental and Land Use Findings.

(a) The Planning Department has determined that the actions contemplated in this ordinance comply with the California Environmental Quality Act (California Public Resources Code Sections 21000 et seq.). Said determination is on file with the Clerk of the Board of Supervisors in File No. 240787 and is incorporated herein by reference. The Board affirms this determination.

(b) On November 7, 2024, the Planning Commission, in Resolution No. 21641, adopted findings that the actions contemplated in this ordinance are consistent, on balance,

1 with the City's General Plan and eight priority policies of Planning Code Section 101.1. The
2 Board adopts these findings as its own. A copy of said Resolution is on file with the Clerk of
3 the Board of Supervisors in File No. 240787, and is incorporated herein by reference.

4 (c) Pursuant to Planning Code Section 302, this Board finds that these Planning Code
5 amendments will serve the public necessity, convenience, and welfare for the reasons set
6 forth in Planning Commission Resolution No. 21641, and the Board adopts such reasons as
7 its own. A copy of said resolution is on file with the Clerk of the Board of Supervisors in File
8 No. 240787 and is incorporated herein by reference.

9
10 Section 2. Articles 2 and 3 of the Planning Code are hereby amended by revising
11 Sections 249.78, 303, 309, ~~and 329,~~ and 419.6, and deleting Section 248, to read as follows:

12
13 **~~SEC. 248. TRANSIT CENTER C-3-O(SD) COMMERCIAL SPECIAL USE DISTRICT.~~**

14 ~~A Special Use District entitled the "Transit Center C-3-O(SD) Commercial Special Use~~
15 ~~District" is hereby established for a portion of the C-3-O(SD) district in the downtown area around the~~
16 ~~Transbay Transit Center within San Francisco, the boundaries of which are designated on Sectional~~
17 ~~Map SU01 of the Zoning Map of the City and County of San Francisco. The following provisions shall~~
18 ~~apply within the Special Use District:~~

19 ~~(a) **Purpose.** There are limited remaining development sites in the core of the downtown large~~
20 ~~enough to be feasibly developed with workplace-oriented uses, particularly adjacent to the region's~~
21 ~~premier concentration of regional and local public transit infrastructure, such as the Transbay Transit~~
22 ~~Center, BART, Muni Metro, and the Ferry Building. Significant areas surrounding and within walking~~
23 ~~distance of the downtown, including Rincon Hill and Zone 1 of the Transbay Redevelopment Area~~
24 ~~along Folsom Street, have been zoned and planned almost exclusively for residential neighborhoods to~~
25 ~~the exclusion of major commercial uses. Many academic studies have shown that locating jobs~~

1 immediately proximate to regional transit is a greater influence on use of public transit than is
2 proximity of housing to regional transit, and decentralization of jobs is one of the leading factors
3 increasing auto commuting in the Bay Area. Further, very few districts outside of the C-3 district allow
4 high-density job uses, so it is important to ensure that the few sites large enough for high-density
5 workplace uses in the Transit Center area are preserved primarily for that purpose.

6 ~~(b) **Definition of Commercial Use.** "Commercial Use" shall mean any use other than a~~
7 ~~Residential Use, as defined in Section 102 of this Code, permitted in the underlying zoning district.~~

8 ~~(c) **Controls.** All new development on lots larger than 20,000 square feet in the Special Use~~
9 ~~District shall include not less than two gross square feet of principally or conditionally permitted~~
10 ~~commercial uses for every one gross square foot of dwellings or other housing uses.~~

11 ~~(d) **Exceptions.** Exceptions to the controls in subsection (c) may be granted by the Planning~~
12 ~~Commission according to the procedures in Section 309 only if the Commission makes one of the~~
13 ~~following affirmative findings:~~

14 ~~(1) That the development consists of multiple buildings on a single lot or adjacent lots~~
15 ~~that are entitled as a single development project pursuant to Section 309, and that commercial uses~~
16 ~~account for greater than 50% of the project's aggregate total gross floor area for all buildings and~~
17 ~~where the project sponsor demonstrates that it is infeasible or impractical to construct commercial uses~~
18 ~~on the footprint of the portion of the site dedicated to dwellings and/or other housing uses due to the~~
19 ~~size and configuration of that portion of the lot; or~~

20 ~~(2) That the footprint of the portion of the site dedicated to dwellings and/or other~~
21 ~~housing uses is less than 15,000 square feet and the lot contains existing buildings which are to be~~
22 ~~retained; or~~

23 ~~(3) That the downtown commercial vacancy rate is persistently high and the project~~
24 ~~would fulfill its inclusionary requirement pursuant to Planning Code Section 415 through 100% on-site~~
25 ~~or off-site units within the C-3 District.~~

1
2 **SEC. 249.78. CENTRAL SOMA SPECIAL USE DISTRICT.**

3 (a) **Purpose.** ~~In order to~~ To implement the goals, objectives, and policies of the Central
4 SoMa Plan (Ordinance No. 280-18, on file with the Clerk of the Board of Supervisors in File
5 No. 180185), the Central SoMa Special Use District (SUD) is hereby established.

6 (b) **Geography.** The SUD is within the South of Market (SoMa) neighborhood, and its
7 boundaries generally run from 2nd Street to the east to 6th Street to the west, and from
8 Townsend Street to the south to an irregular border that generally follows Folsom, Howard,
9 and Stevenson Streets to the north, as more specifically shown on Sectional Maps 1SU and
10 8SU of the Zoning Map.

11 (c) **Land Use Controls.**

12 * * * *

13 ~~(6) Use on Large Development Sites.~~

14 ~~(A) Applicability. South of Harrison Street on sites larger than 40,000 square~~
15 ~~feet that entail new construction or an addition of 100,000 square feet or more.~~

16 ~~(B) Requirement. At least two-thirds of the Gross Floor Area of all building area~~
17 ~~below 160 feet in height shall be non-residential.~~

18 (6) Use on Large Development Sites.

19 (A) Applicability. South of Harrison Street on sites larger than 40,000
20 square feet that entail new construction or an addition of 100,000 square feet or more.

21 (B) Use Requirement. At least two-thirds of the Gross Floor Area of all
22 building area below 160 feet in height shall be non-residential.

23 (C) Residential Bonus Program. Projects on large development sites
24 identified in subsection 249.78(c)(6)(A) shall be eligible for an exception from the use
25

1 requirement in subsection 249.78(c)(6)(B), provided that the projects satisfy all of the
2 following:

3 (i) the project complies with the Better Streets Plan, the setback
4 requirements of Planning Code Section 132.4(d)(2)(C), and the streetscape requirements of
5 Section 138.1;

6 (ii) the project does not exceed 600 feet in height, inclusive of any
7 waivers or concessions obtained pursuant to Sections 206.5 or 206.6, and does not seek
8 concessions or incentives of any requirements in this Section 249.78(c)(6); and

9 (iii) if the project is located on a certain Key Site identified in
10 Section 329(e)(2), the project complies with the development impact requirements as
11 described below:

12 a. On the Key Site identified in Section 329(e)(2)(B), the
13 project provides On-site Land Dedication for 100% Affordable Housing development;

14 b. On the Key Site identified in Section 329(e)(2)(E), the
15 project provides On-site Land Dedication for 100% Affordable Housing development, a street-
16 level, publicly-accessible open space of not less than 39,000 contiguous square feet, and
17 publicly-accessible street or open space extensions of Freelon and Welsh Streets;

18 c. On the Key Site identified in Section 329(e)(2)(F), the
19 project provides On-site Land Dedication for 100% Affordable Housing, publicly-accessible
20 street or open space extensions of Freelon and Morris Streets, and street-level, publicly-
21 accessible open spaces combined of not less than 31,000 square feet (inclusive of any non-
22 vehicular open space extensions of Freelon and Morris Streets);

23 d. On the Key Site identified in Section 329(e)(2)(G), the
24 project provides On-site Land Dedication for 100% Affordable Housing, and either a publicly-

1 accessible open space and streetscape improvements adjacent to and within the Bluxome
2 Street right-of-way or an indoor public recreation facility.

3 e. On the Key Site identified in Section 329(e)(2)(H), the
4 project provides publicly-accessible, street-level open space of not less than 9,000 square
5 feet in total, inclusive of building setbacks along 4th and Townsend Streets that widen the
6 sidewalks and a plaza at the corner of 4th and Townsend Streets of not less than 5,000
7 square feet.

8 (iv) A project on a Key Site that receives a residential bonus
9 pursuant to Section 249.78(c)(6)(C) may be eligible for a waiver or reduction of applicable
10 requirements under Section 406.

11 (v) **Land Dedication for 100% Affordable Housing.** For
12 purposes of this Section 249.78(c)(6), “Land Dedication for 100% Affordable Housing” as
13 applied to projects on the Key Sites identified in this section means fully or partially satisfying
14 the project’s affordable housing requirements of Sections 413 *et seq.* and 415 *et seq.* under
15 Sections 413.6 and 419.5 by providing no less than 10,000 square feet or a minimum capacity
16 of 75 units of affordable housing, provided that if the combined full requirements of Section
17 413 *et seq.* and Section 415 *et seq.* as applied to the proposed project would not result in a
18 land dedication site of at least 10,000 square feet or a minimum capacity of 75 units of
19 affordable housing, then the proposed project on the Key Site may instead meet the
20 requirements of Sections 413 *et seq.* and 415 *et seq.* as otherwise provided for in this Code.

21 (vi) **Publicly-accessible Open Space, Streets, Street**
22 **Extensions, and Recreational Facilities.** For purposes of this Section 249.78(c)(6),
23 publicly-accessible street, open space, street extensions, and recreation facilities as applied
24 to projects on the Key Sites identified in this section means fully or partially satisfying the open
25 space requirements under Sections 135, 138, 249.78, 270.2, and 890, and fully or partially

1 satisfying the infrastructure fees required by Sections 423 and 433 in kind, provided that the
2 proposed project shall not be required to provide publicly-accessible, street-level open space,
3 street extensions, or recreation facilities in excess of the cumulative requirements of the
4 Planning Code sections identified in this subsection 249.78(c)(6)(C)(vi).

5 (~~767~~) **Single Room Occupancy.** Single Room Occupancy units that are
6 Dwelling Units are Not Permitted in the Central SoMa SUD except in buildings that consist of
7 100% affordable units. For the purposes of this subsection (c)(~~767~~), “affordable units” shall
8 mean units rented, leased, or sold at rates or prices affordable to a household whose income
9 is no greater than 80% of the median income for households in San Francisco (“Lower
10 Income Households”), as determined by Title 25 of the California Code of Regulations
11 Sections 6928 and 6932 and implemented by the Mayor’s Office of Housing and Community
12 Development.

13 (~~778~~) **Group Housing.** Group Housing uses are Not Permitted in the
14 Central SoMa SUD except Group Housing uses that are also defined as Student Housing,
15 Senior Housing, or Residential Care Facility, are designated for persons with disabilities, are
16 designated for Transition Age Youth as defined by the Mayor’s Office of Housing and &
17 Community Development, or are contained in buildings that consist of 100% affordable units.
18 For the purposes of this subsection (c)(~~788~~), “affordable units” shall mean units rented,
19 leased, or sold at rates or prices affordable to a household whose income is no greater than
20 80% of the median income for households in San Francisco (“Lower Income Households”), as
21 determined by Title 25 of the California Code of Regulations Sections 6928 and 6932 and
22 implemented by the Mayor’s Office of Housing and Community Development.

23 * * * *

24
25 **SEC. 303. CONDITIONAL USES.**

1 (a) **General.** The Planning Commission shall hear and make determinations regarding
2 applications for the authorization of Conditional Uses in the specific situations in which such
3 authorization is provided for elsewhere in this Code. The procedures for Conditional Uses
4 shall be as specified in this Section 303 and in Sections 306 through 306.6, except that
5 Planned Unit Developments shall in addition be subject to Section 304, and Hospitals and
6 Post-Secondary Educational Institutions shall in addition be subject to the Institutional Master
7 Plan requirements of Section 304.5.

8 * * * *

9 (g) **Hotels and Motels.** With respect to applications for development of tourist hotels
10 and motels, the Planning Commission shall consider, in addition to the criteria set forth in
11 ~~§~~subsections (c) and (d) above:

12 (1) The impact of the employees of the hotel or motel on the demand in the City
13 for housing, public transit, child-care, and other social services. To the extent relevant, the
14 Commission shall also consider the seasonal and part-time nature of employment in the hotel
15 or motel;

16 (2) The measures that will be taken by the project sponsor to employ residents
17 of San Francisco in order to minimize increased demand for regional transportation; and

18 (3) The market demand for a hotel or motel of the type proposed; ~~and~~

19 ~~(4) In the Transit Center C-3-O(SD) Commercial Special Use District, the opportunity~~
20 ~~for commercial growth in the Special Use District and whether the proposed hotel, considered with~~
21 ~~other hotels and non-commercial uses approved or proposed for major development sites in the Special~~
22 ~~Use District since its adoption would substantially reduce the capacity to accommodate dense, transit-~~
23 ~~oriented job growth in the District.~~

24 * * * *

1 **SEC. 309. PERMIT REVIEW IN C-3 DISTRICTS.**

2 The provisions and procedures set forth in this Section 309 shall govern the review of
3 project authorization and building and site permit applications for (1) the construction or
4 substantial alteration of structures in C-3 Districts, (2) the granting of exceptions to certain
5 requirements of this Code where the provisions of this Section are invoked, and (3) the
6 approval of open space and streetscape requirements of the Planning Code. When any action
7 authorized by this Section is taken, any determination with respect to the proposed project
8 required or authorized pursuant to CEQA may also be considered. This Section shall not
9 require additional review in connection with a site or building permit application if review
10 hereunder was completed with respect to the same proposed structure or alteration in
11 connection with a project authorization application pursuant to Section 322.

12 (a) **Exceptions.** Exceptions to the following provisions of this Code may be granted
13 as provided in the code sections referred to below:

14 * * * *

15 ~~(8) Exceptions to the use requirements in the C-3-O(SD) Commercial Special Use~~
16 ~~Subdistrict in Section 248;~~

17 (98) Exceptions to the height limits for buildings taller than 550 feet in height in
18 the S-2 Bulk District for allowance of non-occupied architectural, screening, and rooftop
19 elements that meet the criteria of Section 260(b)(1)(M);

20 (109) Exceptions to the volumetric limitations for roof enclosures and screens
21 as prescribed in Section 260(b)(1)(F). For existing buildings, exceptions to the volumetric
22 limitations for roof enclosures and screens shall be granted only if all rooftop equipment that is
23 unused or permanently out of operation is removed from the building;

24 (110) Exceptions to the height limits for vertical extensions as permitted in
25 Section 260(b)(1)(G) and for upper tower extensions as permitted in Section 263.9;

1 (121) Exceptions to the height limits in the 80-130F and 80-130X Height and
2 Bulk Districts as permitted in Section 263.8 and in the 200-400S Height and Bulk District as
3 permitted in Section 263.10;

4 (132) Exceptions to the bulk requirements as permitted in Sections 270 and
5 272.1;

6 (143) Exceptions to the exposure requirements as permitted in Section 140.1;

7 (154) Exceptions to the usable open space requirements of Section 135.1;

8 (165) Exceptions to the Micro-Retail requirements as permitted in Section
9 249.33.1;

10 (176) Exceptions to the height and bulk limits for parcels within the Van Ness &
11 Market Residential Special Use District as defined by Section 270(f)(2). In considering such
12 exceptions, the Planning Commission shall consider the extent to which the project achieves
13 the following: (A) sculpts the building massing to achieve an elegant and creative tower form
14 that enhances the skyline; (B) reduces or minimizes potential impacts on winds and shadows;
15 (C) provides ground floor uses that serve a range of income levels and enrich the social
16 landscape of the area such as: Arts Activities, Child Care Facility, Community Facility, Public
17 Facility, School, Social Service, priority health service or neighborhood-serving retail; and (D)
18 maximizes housing density within the allowed envelope.1;

19 (187) Exceptions to the percent lot coverage requirements of Section
20 270.2(e)(6) for projects within the Van Ness & Market Residential Special Use District. The
21 Planning Commission shall only grant such exceptions if the Planning Commission finds that:
22 (A) the proposed mid-block alley and percent coverage do not negatively affect the use and
23 purpose of the alley as a means of creating a more efficient pedestrian network, as described
24 in subsections 270.2(a)-(b); and (B) the proposed percent coverage does not negatively
25 impact the quality of the mid-block alley as an area of pedestrian and retail activity and public

1 open space. An exception shall not be granted for any mid-block alley that is less than 35
2 percent open to the sky;

3 (198) Exceptions to the required minimum dwelling unit mix in Section 207.6 for
4 projects within the Van Ness & Market Residential Special Use District. In considering such
5 exceptions, the Planning Commission shall consider the following criteria:

6 (A) whether the project demonstrates a need or mission to serve unique
7 populations; or

8 (B) whether the project site or existing building(s), if any, feature
9 physical constraints that make it unreasonable to fulfill the requirements of Section 207.6 or
10 subsection 309(a)(189)(A); and

11 (2019) Exceptions to the permitted obstructions requirements in Section 136 for
12 projects within the Van Ness & Market Special Use District as defined by Section 270(f)(2).
13 The Planning Commission shall only grant such an exception if it finds that the proposed
14 obstructions assist the proposed development to meet the requirements of Section 148, or
15 otherwise reduce wind speeds at the ground-level or at upper level open space.

16 * * * *

17 ⊕

18 (e) **Imposition of Conditions, General.** If, pursuant to the provisions of this Section
19 309, the Planning Commission determines that conditions should be imposed on the approval
20 of a building or site permit application or Section 309 application, and the applicant agrees to
21 comply, the Planning Commission may approve the application subject to those conditions,
22 and if the applicant refuses to so agree, the Planning Commission may disapprove the
23 application.

24 * * * *

1 **SEC. 329. LARGE PROJECT AUTHORIZATION IN EASTERN NEIGHBORHOODS MIXED**
2 **USE DISTRICTS.**

3 * * * *

4 **(e) Exceptions for Key Sites in Central SoMa.**

5 * * * *

6 **(3) Controls.** Pursuant to this Section 329(e) and the Key Site Guidelines
7 adopted as part of the Central SoMa Area Plan, the Planning Commission may grant
8 exceptions to the provisions of this Code as set forth in subsection (d) above and may also
9 grant the exceptions listed below for projects that provide qualified amenities in excess of
10 what is required by the Code.

11 * * * *

12 **(B) Exceptions.** Upon consideration of qualified amenities in excess of
13 what is required by the Code, the Planning Commission may grant one or more exceptions to
14 the following requirements: the streetwall and setback controls in Section 132.4; the building
15 separation controls in Section 132.4, including but not limited to the controls in subsection
16 132.4(d)(3)(B); the setback requirements in Section 261.1; bulk controls in Section 270(h);
17 and the lot merger restrictions in Section 249.78(d)(7).

18 In addition to these exceptions, the Planning Commission may grant one
19 or more of the following exceptions:

20 * * * *

21 (vi) On the Key Site identified in Section 329(e)(2)(H), exception
22 to the protected pedestrian-, cycling-, and transit-oriented street frontage requirements of
23 Section 155(r), the street frontage requirements in Section 145.1, the required ground floor
24 commercial uses in Section 145.4, ~~the requirement that at least two thirds of the Gross Floor Area~~
25 ~~of all building area below 160 feet be non-residential in Section 249.78(e)(6),~~the requirement that at

1 least two-thirds of the Gross Floor Area of all building area below 160 feet be non-residential
2 in Section 249.78(c)(6), and the requirement in Section 138(d)(2)(E)(i) that ground floor
3 POPOS be open to the sky. In addition, the usable open space requirement pursuant to
4 Section 135 may be reduced to 60 square feet of usable open space required for each
5 dwelling unit if not publicly accessible.

6 * * * *

7
8 **SEC. 419.6. LAND DEDICATION ALTERNATIVE IN THE MISSION NCT DISTRICT AND**
9 **CENTRAL SOMA SPECIAL USE DISTRICT.**

10 * * * *

11 (b) **Central SoMa Special Use District.** The Land Dedication Alternative is available
12 for projects within the Central SoMa Special Use District under the same terms and conditions
13 as provided for in Section 419.5(a)(2), except that in lieu of the Land Dedication Alternative
14 requirements of Table 419.5, projects may satisfy the requirements of Section 415.5 by
15 dedicating land for affordable housing if the dedicated site will result in a total amount of
16 dedicated Gross Floor Area that is equal to or greater than 45% of the potential Gross Floor
17 Area that could be provided on the principal site, as determined by the Planning Department.
18 Land dedicated for affordable housing that results in less than 45% of such potential Gross
19 Floor Area may be counted in partial satisfaction of the requirements of Section 415.5, so long
20 as the land dedicated is at least 10,000 square feet or has a minimum capacity of 75 units of
21 affordable housing; provided that the project satisfies any remaining obligations under Section
22 415.5 through the alternatives described in Section 415.5(g)(1). Any dedicated land shall be
23 within the area bounded by Market Street, the Embarcadero, King Street, Division Street, and
24 South Van Ness Avenue.

1 Section 3. ~~Article 8 of the Planning Code is hereby amended by replacing all~~
2 ~~references to Planning Code subsection “249.78(c)(7)” in each of the Sections, subsections,~~
3 ~~and tables listed below with the term “249.78(c)(6).” If any references in the Planning Code to~~
4 ~~“249.78(c)(7)” have been inadvertently omitted from the list below, the City Attorney is~~
5 ~~authorized to cause such references to be changed to “249.78(c)(6).”~~

6 ~~Table 830~~

7 ~~Table 831~~

8 ~~Table 833~~

9
10 Section 4. ~~Article 8 of the Planning Code is hereby amended by replacing all~~
11 ~~references to Planning Code subsection “249.78(c)(8)” in each of the Sections, subsections,~~
12 ~~and tables listed below with the term “249.78(c)(7).” If any references in the Planning Code to~~
13 ~~“249.78(c)(8)” have been inadvertently omitted from the list below, the City Attorney is~~
14 ~~authorized to cause such references to be changed to “249.78(c)(7).”~~

15 ~~Table 830~~

16 ~~Table 831~~

17 ~~Table 833~~

18 ~~Table 839~~

19
20 Section 53. Zoning Map. The Planning Code is hereby amended by revising Special
21 Use District Map SU01 of the Zoning Map of the City and County of San Francisco to delete
22 the Transit Center C-3-O(SD) Commercial Special Use District.

23
24 Section 64. Effective Date. This ordinance shall become effective 30 days after
25 enactment. Enactment occurs when the Mayor signs the ordinance, the Mayor returns the

1 ordinance unsigned or does not sign the ordinance within ten days of receiving it, or the Board
2 of Supervisors overrides the Mayor's veto of the ordinance.

3
4 Section 75. Scope of Ordinance. Except as stated in Sections 3 and 4 of this
5 ordinance, in enacting this ordinance, the Board of Supervisors intends to amend only those
6 words, phrases, paragraphs, subsections, sections, articles, numbers, punctuation marks,
7 charts, diagrams, or any other constituent parts of the Municipal Code that are explicitly
8 shown in this ordinance as additions, deletions, Board amendment additions, and Board
9 amendment deletions in accordance with the "Note" that appears under the official title of the
10 ordinance.

REVISED LEGISLATIVE DIGEST
(Amended in Committee – March 10, 2025)

[Planning Code, Zoning Map - Central SoMa and Transit Center District Commercial Development Requirements]

Ordinance amending the Planning Code and Zoning Map to reduce commercial development requirements for certain residential projects and modify the land dedication requirements in the Central SoMa Special Use District and remove the Transit Center C-3-0(SD) Commercial Special Use District; affirming the Planning Department's determination under the California Environmental Quality Act; and making findings of consistency with the General Plan and the eight priority policies of Planning Code, Section 101.1, and adopting findings of public necessity, convenience, and welfare under Planning Code, Section 302.

Existing Law

The Central SoMa Special Use District, set forth in Planning Code Section 249.78, provides development controls for the central portion of the South of Market (SoMa) neighborhood. These controls include a requirement that for development projects in the Special Use District south of Harrison Street on sites larger than 40,000 square feet that entail new construction or addition of 100,000 square feet or more, at least two-thirds of the Gross Floor Area of all building area below 160 feet in height shall be non-residential.

The Transit Center C-3-O(SD) Commercial Special Use District, set forth in Planning Code Section 248 and shown on Special Use District Map SU01 of the Zoning Map, provides development controls for a portion of the C-3-O(SD) Zoning District in the downtown area around the Transbay Transit Center. This Special Use District's primary control is a requirement that all new development on lots larger than 20,000 square feet in the Special Use District shall include not less than two gross square feet of principally or conditionally permitted commercial uses for every one gross square foot of dwellings or other housing uses.

Amendments to Current Law

This ordinance would establish a residential bonus program that proposed projects meeting certain requirements could use instead of complying with the requirement that certain development projects in the Central SoMa Special Use District must provide at least two-thirds of the Gross Floor Area of all building area below 160 feet in height for non-residential uses.

This ordinance would remove the Transit Center C-3-O(SD) Commercial Special Use District from the Planning Code and Zoning Map in its entirety, including the requirement that certain development projects shall include not less than two gross square feet of principally or

FILE NO. 240787

conditionally permitted commercial uses for every one gross square foot of dwellings or other housing uses.

Subject: Central SoMa and Transit Center District Commercial Development Requirements: Economic Impact Report
Date: Friday, February 28, 2025 1:31:39 PM

Honorable Board of Supervisors,

Pursuant to Administrative Code Chapter 10.32, the Office of Economic Analysis of the Controller's Office today released its report on file number 240787, "Central SoMa and Transit Center District Commercial Development Requirements: Economic Impact Report."

Please refer to the distribution email below.

Office of the Controller
City & County of San Francisco

Before the COVID-19 Pandemic, the City adopted two downtown plans, the Transbay Transit Center Plan and the Central SoMa plan, that substantially increased the development permitted on certain parcels. Both plans emphasized new office development, and included requirements that most of the new development, on larger parcels, be commercial space instead of housing.

Given reduced demand for office space in the city since the pandemic, the proposed legislation would eliminate these zoning provisions. The Office of Economic Analysis has prepared this report after determining that the proposed ordinance could have a material economic impact on the City's economy.

Because remote work has led to a reduction in office demand, office development is unlikely to be profitable in San Francisco for the foreseeable future. For this reason, requirements to include office space in new housing developments effectively discourage

new housing. The proposed legislation's removal of these requirements are therefore expected to lead to increased housing production and a broader citywide economic benefit.

More generally, since both new office and new housing provide economic benefits to the city, there is likely little economic benefit in planning controls that seek to promote one land use over another. As the present case illustrates, these regulations can become an impediment to economic recovery, and housing affordability, when market conditions change.

Central SoMa and Transit Center District Commercial Development Requirements: Economic Impact Report

Office of the Controller
Office of Economic Analysis

Item #240787

February 28, 2025

Introduction

- Before the COVID-19 Pandemic, the City adopted two downtown plans, the Transbay Transit Center Plan and the Central SoMa plan, that substantially increased the development permitted on certain parcels.
- Both plans emphasized new office development, and included requirements that most of the new development, on larger parcels, be commercial space instead of housing.
- Given reduced demand for office space in the city since the pandemic, the proposed legislation would eliminate these zoning provisions.
- The Office of Economic Analysis has prepared this report after determining that the proposed ordinance could have a material economic impact on the City's economy.

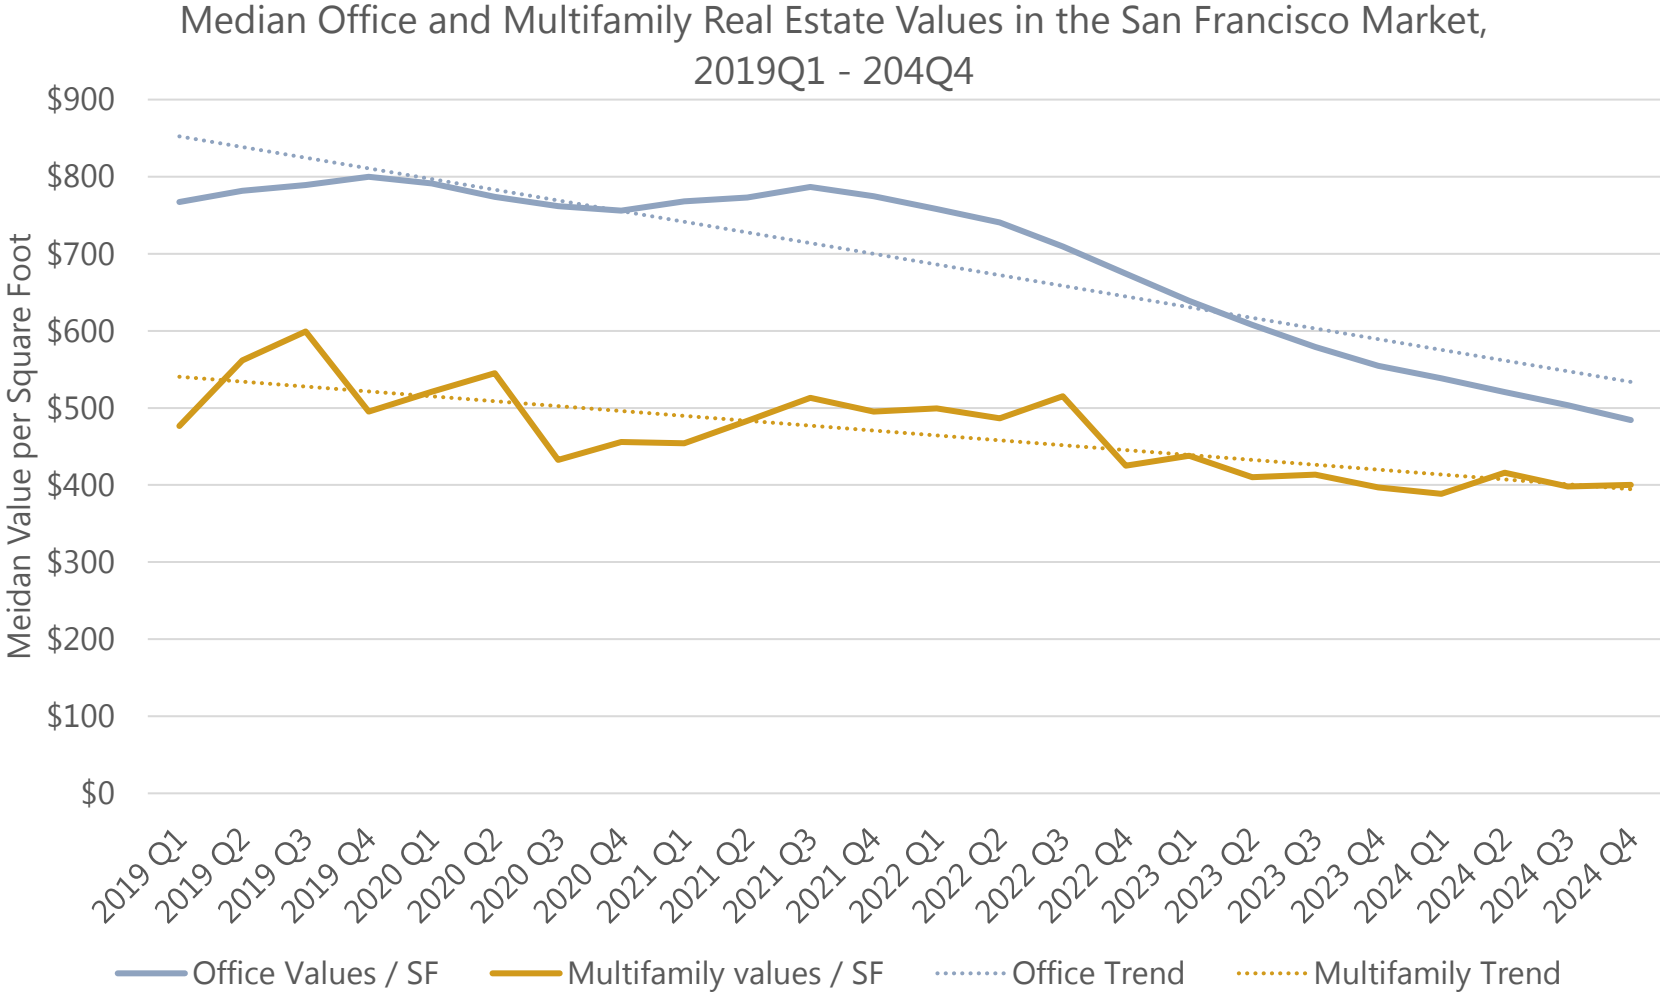

Proposed Amendments

- Specifically, the proposed ordinance would remove the requirement that projects on sites larger than 40,000 square feet in the Central SoMa area must provide at least 2/3rd of the gross floor area of building area below 160 feet in height for non-residential uses.
- Additionally, the proposed ordinance would also remove the Transit Center area's requirement that projects on sites larger than 20,000 square feet include no less than two gross square feet of non-residential for every one gross square foot of residential uses.

Remote Work and Demand for Office Space

- The persistence of remote work after the pandemic has led to a significant reduction in office demand across the nation and has fundamentally changed the city's use of downtown office space.
- The city's office attendance rate fell precipitously and has since plateaued at less than 45% of what it was before the pandemic. Businesses have responded by closing offices, reducing their office footprint, and redesigning the remaining space to cater to a more flexible workspace environment. According to JLL, the city's office vacancy rate rose from 5.2% in 2019Q3 to 34.3% in 2024Q4.
- The result is a smaller daytime population, which negatively affects the local economy through its effect on retail sales, neighborhood businesses, BART, and MUNI ridership.

Office and Multi-Family Housing Values

Largely because of remote or hybrid work, office values in San Francisco have declined substantially since 2019, from approximately \$800/square foot to below \$500/square foot, according to CoStar.

Multifamily housing values have also dropped during the same time, though by not nearly as much.

Sources: CoStar

Apartment Asking Rents, and Median Rent Paid

Median Residential Rent Paid, and Average Apartment Asking Rents, San Francisco, 2017-2023

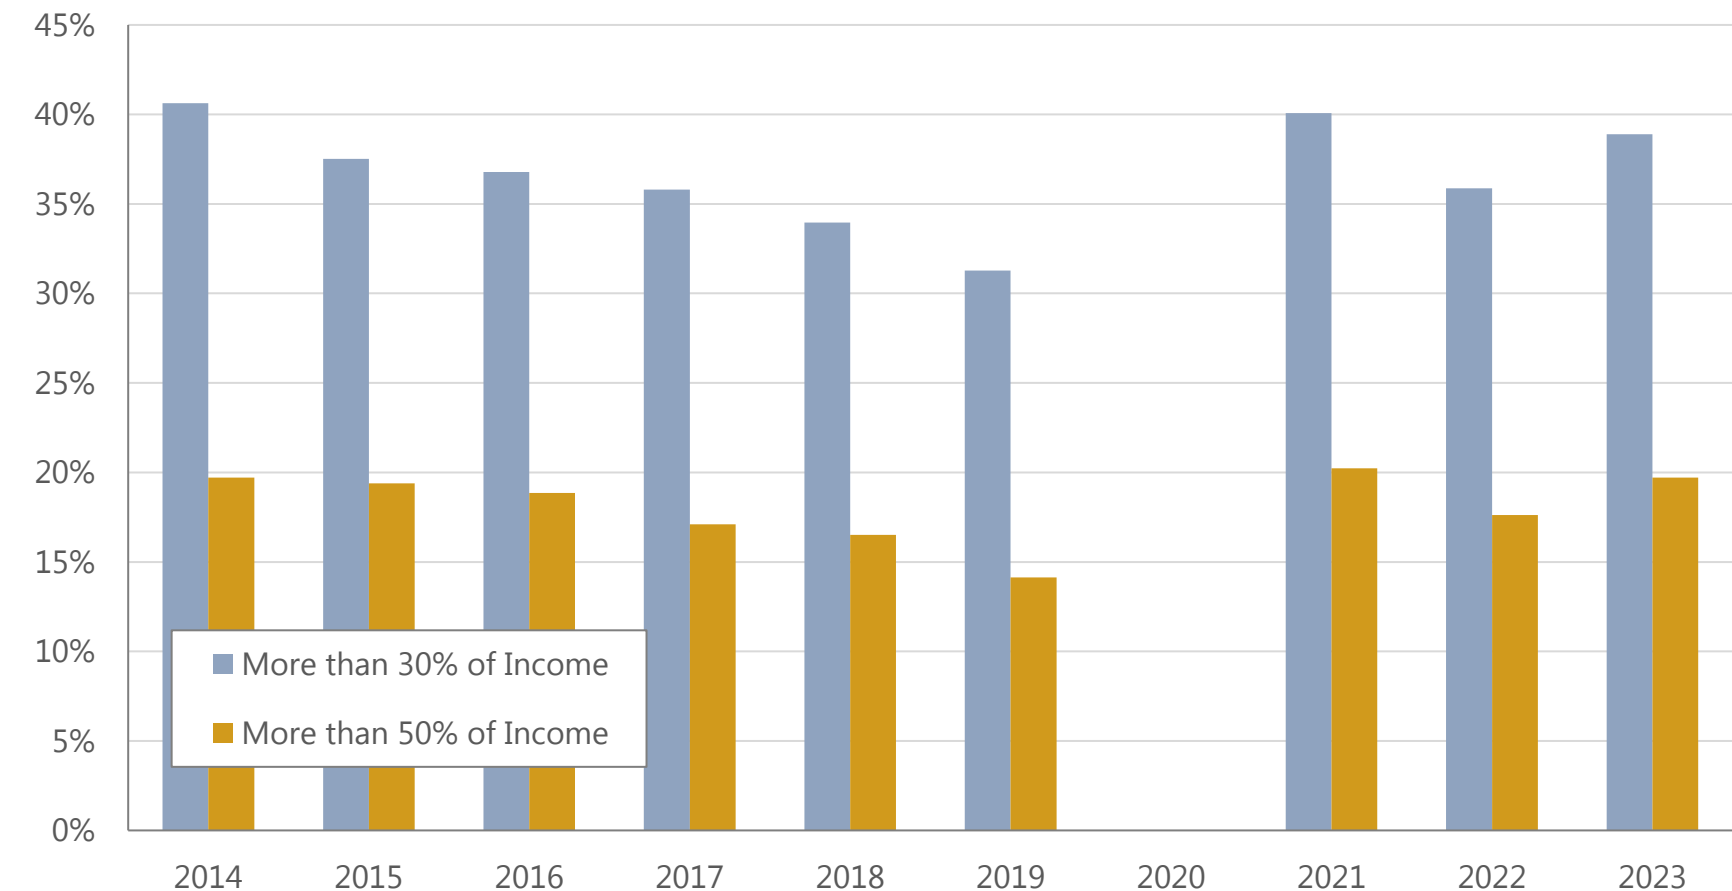

Apartment asking rents have dropped in the city since COVID, as the city’s population has declined, and demand for housing close to offices has dropped.

However, the median rent paid by San Francisco tenants has continued to increase. This is likely due to an exodus of tenants in 2020, and a reset of rents in rent-controlled units.

Sources: ApartmentList; U.S. Census, American Communities Survey, various years. Data not available for 2020.

SF Housing Affordability Trends for Renters

Percentages of San Francisco Renters Spending More than 30%, and More than 50%, of Household Income on Rent, 2014-2023

Largely because rent payments have continued to rise, San Francisco households face a higher rent burden than before the pandemic, despite the declining in apartment asking rents.

Policy changes that promote increased housing development are thus still beneficial in the face of this growing issue.

Source: U.S. Census, American Communities Survey, various years. Data not available for 2020.

Economic Impact Factors

- If office development was financially feasible (or close to it), the existing requirement could serve reduce the cost of new office space, on sites where residential development was more profitable than office development.
- Thus the requirement could lead to more office development than would otherwise be the case, along with an increase in office employment, and the indirect multiplier effects associated with that growth, including higher wages.
- However, these benefits would only materialize if office development was financially feasible. It is generally not feasible at the moment, and unlikely to be so for the foreseeable future.
- Conversely, in situations where the requirement constrains housing development that would otherwise have taken place, it would put upward pressure on housing prices. This tends to constrain economic growth and raise housing prices.

Estimating the Impact on Housing Development

- In the present market situation, the requirement effectively forces developers to incur a significant loss developing space, in order to potentially make some profit developing residential space. Removing this requirement would raise developer revenue, potentially to the point that an all-residential project would be financially feasible in the current market.
- To assess this, the OEA used a model that was developed to estimate how changes in market and policy conditions affects the likelihood of housing production in the city¹. The model can estimate how likely development on each large site in Central SoMa and the Transbay Area would be, with and without the requirement.
- The OEA did not attempt to estimate the extent to which office development would be limited by the removal of the requirement. Given the historically-high vacancy rates in the office market, we view it as unlikely that office development will be financially feasible in the city for the foreseeable future, with or without the requirement.

Economic Impact Assessment

- The model forecasts that removing the requirements could yield approximately 325 new housing units over a 20-year period, which should lower housing prices by about 0.08%, compared to a baseline scenario in which the requirements were not lifted.
- If the housing market recovers faster than assumed, housing production would be increased over the forecast period. Assumptions are detailed in Appendix A.
- This level of new housing development would have a modest positive impact on the overall city economy, through the effects of new construction and lower housing prices, according to the OEA's REMI model. Over the next 20 years the city would see an average increase in GDP of \$38 million, and 200 jobs.
- While the impacts are sensitive to the assumptions made, the legislation could only lead to a negative economic impact if there was a very significant reversal of in office demand, which is not foreseen by the OEA or other local office market observers.

Conclusions

- Because remote work has led to a reduction in office demand, office development is unlikely to be profitable in San Francisco for the foreseeable future. For this reason, requirements to include office space in new housing developments effectively discourage new housing.
- The proposed legislation's removal of these requirements are therefore expected to lead to increased housing production and a broader citywide economic benefit.
- More generally, since both new office and new housing provide economic benefits to the city, there is likely little economic benefit in planning controls that seek to promote one land use over another. As the present case illustrates, these regulations can become an impediment to economic recovery, and housing affordability, when market conditions change.

End Notes

1. The model, developed by the Blue Sky Consulting Company, was originally used by the Controller's Office in our [2016 analysis of inclusionary housing requirements](#). It was subsequently refined through several engagements with the Planning Department.

Appendix A: Assumptions

Housing Price Growth	3%	
Cost Growth	3%	
Office development cost	\$600	per sf
Office revenue	\$350	per sf
Net office gain/cost	-\$250	per sf
Residential revenue	\$900	per sf

Revenue gain by removing requirement	\$367	per sf
Percent revenue increase	41%

Ms. Angela Calvillo, Clerk
Honorable Mayor Breed
Board of Supervisors
City and County of San Francisco
City Hall, Room 244
1 Dr. Carlton B. Goodlett Place
San Francisco, CA 94102

Re: **Transmittal of Planning Department Case Number 2024-006988PCA/MAP:**
Central SoMa and Transit Center District Commercial Development Requirements
Board File No. 240787

Planning Commission Recommendation: Approval with Modification

Dear Ms. Calvillo and Mayor Breed,

On November 7, 2024, the Planning Commission conducted a duly noticed public hearing at a regularly scheduled meeting to consider the proposed Ordinance, introduced by Mayor Breed. The proposed ordinance would amend the Planning Code and Zoning Map to reduce commercial development requirements in the Central SoMa Special Use District and remove the Transit Center C-3-0(SD) Commercial Special Use District. At the hearing the Planning Commission adopted a recommendation for approval with modifications.

The Commission's proposed modifications were as follows:

1. Modify the Ordinance to exempt projects 600' in height and under from the mandatory office allocation requirements in the Central SoMa SUD instead of eliminating the requirement in that SUD. Clarify that these projects are also eligible to utilize any applicable state or local bonus program.
2. The sponsor and Board of Supervisors should explore site specific benefits for the key sites impacted by the legislation and prioritize the SoMa CHESS Implementation Plan (when adopted). They should encourage the retention of benefits that focus on complete streets and neighborhoods for these sites.

Mayor Breed, please advise the City Attorney at your earliest convenience if you wish to incorporate the changes recommended by the Commission.

The proposed Ordinance has been determined to be environmentally cleared under California Environmental Quality Act under Case File Nos. 2011.1356E (Central SoMa Plan EIR) certified on May 24, 2012 by the Planning Commission, and 2007.0558E and 2008.0789E (Transit Center District Plan and Transit Tower EIR) certified on May 10, 2018, by the Planning Commission.

Please find attached documents relating to the actions of the Commission. If you have any questions or require further information please do not hesitate to contact me.

Sincerely,

A handwritten signature in black ink, appearing to read "Aaron D. Starr", with a long horizontal flourish extending to the right.

Aaron D. Starr

RESOLUTION ADOPTING A RECOMMENDATION FOR APPROVAL OF A PROPOSED ORDINANCE THAT WOULD AMEND THE PLANNING CODE AND ZONING MAP TO REDUCE COMMERCIAL DEVELOPMENT REQUIREMENTS IN THE CENTRAL SOMA SPECIAL USE DISTRICT AND REMOVE THE TRANSIT CENTER C-3-0(SD) COMMERCIAL SPECIAL USE DISTRICT; AFFIRMING THE PLANNING DEPARTMENT’S DETERMINATION UNDER THE CALIFORNIA ENVIRONMENTAL QUALITY ACT; MAKING ADOPTING FINDINGS OF CONSISTENCY WITH THE GENERAL PLAN, AND THE EIGHT PRIORITY POLICIES OF PLANNING CODE, SECTION 101.1; AND ADOPTING FINDINGS OF PUBLIC NECESSITY, CONVENIENCE, AND WELFARE UNDER PLANNING CODE, SECTION 302.

WHEREAS, on July 23, 2024, Mayor Breed introduced a proposed Ordinance under Board of Supervisors (hereinafter “Board”) File Number 240787, which would the Planning Code and Zoning Map to reduce commercial development requirements in the Central SoMa Special Use District and remove the Transit Center C-3-0(SD) Commercial Special Use District;

WHEREAS, the Planning Commission (hereinafter “Commission”) conducted a duly noticed public hearing at a regularly scheduled meeting to consider the proposed Ordinance on November 7, 2024; and,

WHEREAS, the proposed Ordinance has been determined to be environmentally cleared under California Environmental Quality Act under Case File Nos. 2011.1356E (Central SoMa Plan EIR) certified on May 24, 2012 by the Planning Commission, and 2007.0558E and 2008.0789E (Transit Center District Plan and Transit Tower EIR) certified on May 10, 2018 by the Planning Commission; and

WHEREAS, the Planning Commission has heard and considered the testimony presented to it at the public hearing and has further considered written materials and oral testimony presented on behalf of Department staff and other interested parties; and

WHEREAS, all pertinent documents may be found in the files of the Department, as the Custodian of Records, at 49 South Van Ness Avenue, Suite 1400, San Francisco; and

WHEREAS, the Planning Commission has reviewed the proposed Ordinance; and

WHEREAS, the Planning Commission finds from the facts presented that the public necessity, convenience, and general welfare require the proposed amendment; and

MOVED, that the Planning Commission hereby adopts a **recommendation for approval with modifications** of the proposed ordinance. The Commission's proposed recommendation is as follows:

1. Modify the Ordinance to exempt projects 600' in height and under from the mandatory office allocation requirements in the Central SoMa SUD instead of eliminating the requirement in that SUD. Clarify that these projects are also eligible to utilize any applicable state or local bonus program.
2. The sponsor and Board of Supervisors should explore site specific benefits for the key sites impacted by the legislation and prioritize the SoMa CHESS Implementation Plan (when adopted). They should encourage the retention of benefits that focus on complete streets and neighborhoods for these sites.

Findings

Having reviewed the materials identified in the preamble above, and having heard all testimony and arguments, this Commission finds, concludes, and determines as follows:

The world's work model has shifted since the COVID-19 pandemic. Office space that was highly coveted in Downtown pre-pandemic now faces a nearly 45% vacancy rate in SoMa. Unlike typical market trends, hybrid and work-from-home models seem to be a lasting change. At the same time, the city's housing shortage drives out families, forces workers into long commutes, puts seniors at risk, and is a significant contributor to the top challenges we need to tackle, including homelessness, climate change, and our economic recovery. The proposed Ordinance ensures that the city is increasing zoning capacity to provide sufficient housing for the San Franciscans of today and tomorrow. By removing barriers, it improves the feasibility of large projects while still allowing office development if market demand returns. It is the city's responsibility to create clear, feasible paths for projects that will collectively deliver thousands of housing units, and the proposed Ordinance will serve that purpose. Together, with the mayor's other downtown recovery efforts, the proposed Ordinance will jumpstart development projects that have sat entitled but not built. The construction of these projects will assist in regenerating the Downtown as a "24-hour neighborhood" that serves both residents and San Francisco's workforce.

General Plan Compliance

The proposed Ordinance and the Commission's recommended modifications are consistent with the following Objectives and Policies of the General Plan:

CENTRAL SOMA AREA PLAN

GOAL 1

ACCOMMODATE A SUBSTANTIAL AMOUNT OF JOBS AND HOUSING.

Map from page 21 of the Central SoMa Area Plan showing the previous zoning (left), and the zoning ideal for jobs and housing growth (right).

The plan identifies nearly the entire district as a “Growth Oriented Area”. These are areas the Department has identified as ripe for increased jobs and housing capacity. The proposed Ordinance accommodates increased housing growth by removing the commercial development allocation requirement, while still allowing for job growth by continuing to permit Commercial uses.

HOUSING ELEMENT

IMPLEMENTATION MEASURE 7 EXPAND HOUSING CHOICES.

Objective 7 of the Housing Element is to expand housing choices, which, among other objectives, encourages actions to support additional housing near major transit nodes and jobs centers. Removing mandatory office allocations is a key step toward making such projects financially viable, potentially resulting in thousands of new housing units Downtown.

Planning Code Section 101 Findings

The proposed amendments to the Planning Code are consistent with the eight Priority Policies set forth in Section 101.1(b) of the Planning Code in that:

1. That existing neighborhood-serving retail uses be preserved and enhanced and future opportunities for resident employment in and ownership of such businesses enhanced;

The proposed Ordinance would not have a negative effect on neighborhood serving retail uses and will not have a negative effect on opportunities for resident employment in and ownership of neighborhood-serving retail.

2. That existing housing and neighborhood character be conserved and protected in order to preserve the cultural and economic diversity of our neighborhoods;

The proposed Ordinance would not have a negative effect on housing or neighborhood character.

3. That the City's supply of affordable housing be preserved and enhanced;

The proposed Ordinance would not have an adverse effect on the City's supply of affordable housing.

4. That commuter traffic not impede MUNI transit service or overburden our streets or neighborhood parking;

The proposed Ordinance would not result in commuter traffic impeding MUNI transit service or overburdening the streets or neighborhood parking.

5. That a diverse economic base be maintained by protecting our industrial and service sectors from displacement due to commercial office development, and that future opportunities for resident employment and ownership in these sectors be enhanced;

The proposed Ordinance would not cause displacement of the industrial or service sectors due to office development, and future opportunities for resident employment or ownership in these sectors

would not be impaired.

6. That the City achieve the greatest possible preparedness to protect against injury and loss of life in an earthquake;

The proposed Ordinance would not have an adverse effect on City's preparedness against injury and loss of life in an earthquake.

7. That the landmarks and historic buildings be preserved;

The proposed Ordinance would not have an adverse effect on the City's Landmarks and historic buildings.

8. That our parks and open space and their access to sunlight and vistas be protected from development;

The proposed Ordinance would not have an adverse effect on the City's parks and open space and their access to sunlight and vistas.

Planning Code Section 302 Findings.

The Planning Commission finds from the facts presented that the public necessity, convenience and general welfare require the proposed amendments to the Planning Code as set forth in Section 302.

NOW THEREFORE BE IT RESOLVED that the Commission hereby ADOPTS A RECOMMENDATION FOR APPROVAL WITH MODIFICATIONS the proposed Ordinance as described in this Resolution.

I hereby certify that the foregoing Resolution was adopted by the Commission at its meeting on November 7, 2024.

RECOMMENDATION: Adopt a Recommendation for Approval with Modifications

Planning Code Amendment

The proposed Ordinance would amend the Planning Code and Zoning Map to reduce commercial development requirements in the Central SoMa Special Use District and remove the Transit Center C-3-0(SD) Commercial Special Use District.

The Way It Is Now:

1. The Central SoMa Special Use District contains development controls for the central portion of the South of Market (SoMa) neighborhood. These controls include a requirement that for development

projects in the Special Use District south of Harrison Street on sites larger than 40,000 square feet that entail new construction or addition of 100,000 square feet or more, **at least two-thirds of the Gross Floor Area of all building area below 160 feet in height shall be non-residential.**

2. The Transit Center C-3-O(SD) Commercial Special Use District requires development controls for a portion of the C-3-O(SD) Zoning District in the Downtown area around the Transbay Transit Center. This Special Use District's primary control states that all new development on lots larger than 20,000 square feet in the Special Use District shall include **not less than two gross square feet of principally or conditionally permitted commercial uses for every one gross square foot of dwellings or other housing uses.**

The Way It Would Be:

1. The Central SoMa SUD would not contain any requirement that a certain portion of new development in any part of the SUD contain non-residential uses.
2. The Transit Center C-3-O(SD) Commercial SUD would be deleted from the Planning Code and Zoning Map.

General Plan Amendment

The proposed Ordinance would amend the General Plan's Central SoMa Area Plan and the Transit Center District Sub Area Plan.

The Way It Is Now:

Two separate policies located in the Central SoMa Area Plan and the Transit Center District Sub Area Plan require non-residential uses on certain sites. Policy 3.1.1 of the Central SoMa Area Plan requires large parcels to contain at least 50% non-residential land uses. Policy 1.3 of the Transit Center District Sub Area Plan directs development to reserve the bulk of remaining space in the district's core for job growth by limiting the amount of non-commercial uses on major opportunity sites.

The Way It Would Be:

The Central SoMa Area Plan and the Transit Center District Sub Area Plan would encourage, but not require non-residential uses within their respective plan areas.

Background

The Commercial Development Requirements Ordinance is part of a broader effort to increase flexibility in the Downtown core to support COVID-19 recovery. In February 2023, Mayor Breed unveiled the "Roadmap to San Francisco's Future," a comprehensive plan to revitalize Downtown and reinforce San Francisco's role as a global destination and the Bay Area's economic center. In July 2023, the city passed the Commercial to

Residential Adaptive Reuse and Downtown Economic Revitalization legislation (BF 230371), which introduced flexible zoning to allow a wider variety of uses Downtown. This legislation also waived certain Planning Code requirements to make it easier to convert commercial buildings into housing.

In March 2024, Mayor Breed set an ambitious goal to bring 30,000 new residents and students Downtown by 2030. The "30 x 30" action plan builds on the Mayor's Roadmap and outlines four specific strategies to attract people Downtown. The proposed legislation would remove restrictions on specific land uses, allowing more flexibility to help achieve Strategy #2: *Build at least 5,000 new housing units to accommodate 10,000 additional residents Downtown.*

The proposed legislation would remove restrictions on specific land uses, allowing more flexibility in the mix of uses Downtown.

The General Plan Amendments are essential for the proposed Ordinance (BF 240787) to advance. On September 19, 2024, the Planning Commission unanimously voted to initiate these amendments for both the Central SoMa and Transit Center District Sub-Area plans.

Issues and Considerations

The Central SoMa Plan

Adopted in 2018, the Central SoMa Plan envisions a sustainable neighborhood by 2040, meeting present needs without compromising future generations. The plan aims to achieve social, economic, and environmental sustainability, complementing broader sustainability efforts in the city, region, nation, and world.

Area covered by the Central SoMa Plan.

At the time of the plan's drafting, San Francisco was experiencing a booming tech-focused economy. This regional shift into the "idea based" economy resulted in job growth nearly doubling in the Bay Area. It increased demand in areas with easy access to transit, walkable neighborhoods, and nearby amenities. In a largely suburban, car-dependent region, many of these urban neighborhoods are in San Francisco, fueling high demand for space. Meeting this demand required building additional space for jobs, housing, and other essential facilities; however, building in San Francisco is often slow and difficult. Housing and commercial

rents had risen to socially unsustainable levels, becoming the highest in the country. Rising costs pushed out nonprofits, small businesses, artists, and industrial companies.

The plan identified Central SoMa as an appropriate location for commercial and residential development. The area is served by some of the region's best transit, including BART and Caltrain, Muni Metro and many bus lines. Flat streets and a regular grid pattern make destinations easy to reach for people walking and bicycling.

At the time of the plan's drafting, the area contained an incredibly strong cluster of technology companies. It also had a variety of other uses, including thousands of residential units, local and regional-serving retail, cultural and entertainment facilities, hotels, and production/distribution/repair businesses. Simultaneously, the plan identified a substantial opportunity to increase density in Central SoMa. There were numerous undeveloped or underdeveloped sites, such as surface parking lots and single-story commercial buildings.

In the proceeding years since the plan's adoption, approximately 5 million square feet of office space has been entitled across six key sites; however, none of it has been constructed.

State of the Downtown

According to a Q2 2024 report on the pulse of the market out of the Office of Economic Workforce Development:

- San Francisco office employment and occupancy are no longer highly correlated (*see graph below*).
- The SoMa District is experiencing some of the highest office vacancy rates in the city, and the city is still experiencing the highest office vacancy rates of any major metro area in the nation. SoMa's commercial vacancy rate is currently 45.2%.
- Citywide, office vacancy rates have *increased* by 28.5% from 2019, with vacancy expected to continue to rise through Q1 of 2025.

San Francisco County
Office Employment and Occupancy Rates

Source: Office of Economic and Workforce Development

San Francisco faces dual challenges of a shortage of housing production and high commercial property vacancy rates due to reduced demand. The Covid-19 pandemic has had a significant impact on commercial building use and activity levels throughout the city, but particularly Downtown. Remote work for the approximately 245,505 office workers that were working Downtown prior to the pandemic has continued well past the public health emergency. According to many experts, remote work will continue, either in the form of full-time work from home, or hybrid work arrangements. Both these models result in reduced worker attendance at the office. This change in office work patterns has resulted in reduced demand for Downtown office space and large increases in commercial real estate vacancy rates.

The decline in office workers has hurt other Downtown businesses, particularly restaurants and retail stores that relied on their presence. As a result, Downtown has become far less active than it was pre-pandemic. The reduced foot traffic has affected public spaces, transportation systems, and public safety in the area.

Central SoMa's Key Sites

The Central SoMa Plan identified eight “key development sites” - large, underutilized development opportunities with lot areas ranging from 25,000 square feet to well over 100,000 square feet. The purpose of identifying these sites was to ensure that their development directly delivered critical public benefits. The mandatory office development requirement that the proposed Ordinance would remove currently applies to six of the eight key sites. All six sites have entitled projects, of which five¹ include non-residential space per the requirement, primarily in the form of office space (one project also included a sizable hotel). None of the six entitled projects, including the one primarily housing project, have pulled a building permit to date to start construction.

Other Large Sites within the Two SUDs

In addition to the key sites, several dozen parcels are subject to commercial development requirements based on their size and location within one of the two SUDs. Many of these parcels are already developed with substantial office, residential, or other uses, making demolition for new development unlikely. In addition to the Central SoMa Key Sites described above, the Department has identified three “soft sites”, or sites that are prime for development due to their existing undeveloped or underdeveloped conditions, where the commercial development requirements would apply. None of these sites have entitlements or an active project application. One of these sites is in the Transit Center District and two are in Central SoMa.

| The proposed Ordinance would not prevent office development in SoMa.

Though the proposed Ordinance would allow the sites with existing entitlements to reduce or remove their current office allocations it would not prevent the entitled projects from moving forward. It also would not prevent any new development from proposing office uses. Instead, the Ordinance would create greater flexibility in the combination of uses projects may pursue. It would allow developers to adapt projects where

¹ One specific key site subject was explicitly permitted by the Plan to be eligible for, and was granted, an exception from the use requirement subject to Planning Commission approval.

needed: making them not only more financially viable, but also responsive to the realities of the new workforce.

Map of the Key Sites in Central SoMa with those subject to the commercial development requirements starred.

Interactions with State Bonus Programs

Assembly Bill (AB) 1287, which became effective on January 1, 2024, allows a further density bonus of up to 50% in exchange for providing additional affordable units on site. This is in addition to existing State Density Bonus law, which already allows a 50% bonus. Under AB 1287, projects could achieve a maximum bonus of 100% if they meet the additional affordability requirements. In an ownership or rental project, a sponsor may provide up to an additional 10% of the number of units in the base project at the very-low-income level. This could result in up to an additional 38.75% bonus. Alternatively, in an ownership project, the sponsor may provide up to an additional 15% of the number of units at the moderate-income level. This could result in up to an additional 50% bonus. In theory, AB 1287 could significantly increase the size and height of residential projects.

The sites subject to commercial development requirements are currently ineligible for State Density Bonus programs because their commercial-to-residential ratios exceed state limits on non-residential uses. If the proposed Ordinance is enacted, it would allow projects to utilize the state's bonus programs by reducing or removing their office allocation. As a result, in theory projects could become much larger and taller than what is currently allowed.

The sites subject to commercial development requirements are currently ineligible for State Density Bonus programs because their commercial-to-residential ratios exceed state limits on non-residential uses.

The Need for Housing

The need to accommodate the RHNA housing targets across income levels also requires rezoning for over 36,282 homes in addition to current capacity. As such, various City agencies have taken a multi-pronged approach to accommodating and encouraging new housing development. The mayor has several initiatives aimed at making housing easier to develop in the Downtown, as was highlighted in the “Background” section of this report. The Planning Department has two current efforts aimed at encouraging housing in the city's High Opportunity Areas: The Housing Element Rezoning and The Expanding Housing Choices Program.

The Housing Element Zoning effort will amend zoning in the Housing Opportunity Areas to increase housing capacity to satisfy the city's Regional Housing Needs Allocation (RHNA) gap. The zoning program will focus most housing growth on increasing allowable heights and density on transit corridors, commercial corridors, and key opportunity sites within the High Opportunity Areas.

The Expanding Housing Choices Program includes various initiatives that will increase housing choices for residents around the city in a variety of housing types. These initiatives include rezoning to allow more homes in small and mid-rise multifamily buildings, support for ADUs in existing residential buildings, and actions to support additional housing near major transit nodes and jobs centers, including in Downtown. The area the proposed Ordinance would affect is in one of the most transit-rich neighborhoods in the city and borders the city's business district. To that end, the Ordinance would succeed in encouraging housing near job centers and major transit nodes.

General Plan Compliance

Goal 1 of the Central SoMa Area Plan is to “Accommodate a substantial amount of jobs and housing”. The plan identifies nearly the entire district as a “Growth Oriented Area”. These are areas the Department has identified as ripe for increased jobs and housing capacity.

Map from page 21 of the Central SoMa Area Plan showing the previous zoning (left), and the zoning ideal for jobs and housing growth (right).

The overarching premise of the Transit Center District Sub Area Plan is to continue the concentration of additional growth where it is most responsible and productive to do so—in proximity to San Francisco’s greatest concentration of public transit service. The increase in development will provide additional revenue for the Transit Center project and for the necessary improvements and infrastructure in the district. The proposed Ordinance will assist in making larger development projects more feasible by removing the office allocation requirement. This requirement has proven to be cost prohibitive and unnecessary for a Downtown facing high office vacancy rates for the foreseeable future.

Implementation Objective 7 of the Housing Element is to expand housing choices, which, among other objectives, encourages actions to support additional housing near major transit nodes and jobs centers. Removing mandatory office allocations is a key step toward making such projects financially viable, potentially resulting in thousands of new housing units Downtown.

Area Plans to be Amended:

Policy 3.1.1 of the Central SoMa Area Plan requires large parcels to contain at least 50% non-residential land uses. Policy 1.3 of the Transit Center District Sub Area Plan directs development to reserve the bulk of remaining space in the district's core for job growth by limiting the number of non-commercial uses on major opportunity sites. Both policies are proposed to be amended through the General Plan Amendment initiated by the Planning Commission on September 19, 2024. If approved, the policies will continue to encourage office development, but not require a particular percentage/proportion. The amendments will make the proposed Ordinance consistent with the above policies of both plans.

Racial and Social Equity Analysis

The area in which commercial development requirements are proposed to be removed is considered one of the most central, transit-rich areas of the city. It is vital for racial and social equity to focus affordable housing units in areas that are well connected to jobs, transit, and other resources. Much of this same geography, however, falls within the city's Priority Equity Geographies SUD. Priority Equity Geographies are areas with a higher density of vulnerable populations as defined by the San Francisco Department of Health. This demographic includes people of color, seniors, youth, people with disabilities, linguistically isolated households, and people living in poverty or unemployed. It is the city's goal to increase resources within Priority Equity Geographies for acquisition and rehabilitation, tenant protections, and homeownership, *without* causing additional displacement pressures or harm to existing vulnerable populations. Though the Housing Element does not prohibit increasing housing capacity within the SUD, it actively encourages focusing housing development on areas of the city that have been historically underdeveloped (the city's High Opportunity Areas).

Key sites projects were often entitled with voluntarily provided community benefits beyond existing code requirements like parks, public facilities, and infrastructure improvements. It is possible that with the removal of the office allocation requirement, projects may be altered so that some community benefits are no longer required; however, as noted earlier in this report, none of the entitled Key Sites have filed permits to begin construction. While it is important to recognize that the currently stalled projects provide no community benefits unless they move forward to construction, if major sites in Central SoMa change to become all or mostly housing, the city may need to adjust its adopted plans and resources for public facilities and services in the district.

These needs will also evolve with a potentially more residential, and less worker-oriented, neighborhood. The Plan's implementation program anticipated development would provide approximately \$900m over the buildout of the plan area (estimated at 25 years) from impact fees and CFD special taxes for public facilities and services. Most of these revenues would be provided by commercial development. Commercial development has a greater impact than residential development on city infrastructure and services. As such, commercial development pays a higher rate of certain development impact fees than residential development. If all subject sites entitled or assumed under the Plan to be developed with non-residential use were to pivot to housing, the effect would be to lower the projection of development impact fee revenue. However, any project that pivots to residential will be subject to all the applicable standards for residential projects, which includes the Inclusionary Housing Program: Projects with 10 units or more are required to pay into the city's affordable housing fund, provide on-site or off-site units, or dedicate land for affordable housing development.

Implementation

The Department has determined that this Ordinance will impact our current implementation procedures; however, the proposed changes can be implemented without increasing permit costs or review time.

Recommendation for Board File No. 240787

The Department recommends that the Commission ***adopt a recommendation for approval with modifications*** of the proposed Ordinance and adopt the attached Draft Resolution to that effect. The Department's proposed recommendations are as follows:

1. Modify the Ordinance to exempt projects 600' in height and under from the mandatory office allocation requirements in these two SUDs instead of eliminating the requirement. Further, clarify that these projects are also eligible to utilize any applicable state or local bonus program.

Recommendation for General Plan Amendment

*The Department recommends that the Commission ***adopt a recommendation for approval*** of the proposed Ordinance and adopt the attached Draft Resolution to that effect.*

Basis for Recommendation

The world's work model has shifted since the COVID-19 pandemic. Office space that was highly coveted in Downtown pre-pandemic now faces a nearly 45% vacancy rate in SoMa. Unlike typical market trends, hybrid and work-from-home models seem to be a lasting change. At the same time, the city's housing shortage drives out families, forces workers into long commutes, puts seniors at risk, and is a significant contributor to the top challenges we need to tackle, including homelessness, climate change, and our economic recovery. The proposed Ordinance ensures that the city is increasing zoning capacity to provide sufficient housing for the San Franciscans of today and tomorrow. By removing barriers, it improves the feasibility of large projects while still allowing office development if market demand returns. It is the city's responsibility to create clear, feasible paths for projects that will collectively deliver thousands of housing units, and the proposed Ordinance will serve that purpose. Together, with the mayor's other downtown recovery efforts, the proposed Ordinance will jumpstart development projects that have sat entitled but not built. The construction of these projects will assist in regenerating the Downtown as a "24-hour neighborhood" that serves both residents and San Francisco's workforce.

Recommendation 1: Modify the Ordinance to exempt projects 600' in height and under from the mandatory office allocation requirements in these two SUDs instead of eliminating the requirement. Further, clarify that these projects are also eligible to utilize any applicable state or local bonus program.

San Francisco, driven by both state mandates and its own Housing Element, must promote residential development and reduce governmental barriers to housing construction. The Department does, however, acknowledge the potential impacts of projects utilizing new State bonuses that could allow for 100% or more height increases. As such, the Department recommends allowing projects to qualify for State bonus programs by reducing or removing their commercial development allocation so long as the project is governed by reasonable physical parameters. This recommendation will help to mold a project's massing while still allowing it to take full advantage of any density bonuses. By allowing for additional height bonuses with limits, the proposed modification will promote new homes in our transit-rich neighborhoods, while fostering a coherent development landscape.

Required Commission Action

The proposed Ordinance is before the Commission so that it may adopt a recommendation of approval, disapproval, or approval with modifications.

Environmental Review

The proposed Ordinance has been determined to be environmentally cleared under California Environmental Quality Act under Case File Nos. 2011.1356E (Central SoMa Plan EIR) certified on May 24, 2012 by the Planning Commission, and 2007.0558E and 2008.0789E (Transit Center District Plan and Transit Tower EIR) certified on May 10, 2018 by the Planning Commission.

Public Comment

As of the date of this report, the Planning Department has not received any public comment regarding the proposed Ordinance.

[Planning Code, Zoning Map - Central SoMa and Transit Center District Commercial Development Requirements]

Ordinance amending the Planning Code and Zoning Map to reduce commercial development requirements in the Central SoMa Special Use District and remove the Transit Center C-3-0(SD) Commercial Special Use District; affirming the Planning Department's determination under the California Environmental Quality Act; making findings of consistency with the General Plan, and the eight priority policies of Planning Code, Section 101.1; and adopting findings of public necessity, convenience, and welfare under Planning Code, Section 302.

Be it ordained by the People of the City and County of San Francisco:

Section 1. Environmental and Land Use Findings.

(a) The Planning Department has determined that the actions contemplated in this ordinance comply with the California Environmental Quality Act (California Public Resources Code Sections 21000 et seq.). Said determination is on file with the Clerk of the Board of Supervisors in File No. ____ and is incorporated herein by reference. The Board affirms this determination.

(b) On _____, the Planning Commission, in Resolution No. _____, adopted findings that the actions contemplated in this ordinance are consistent, on balance, with the City's General Plan and eight priority policies of Planning Code Section 101.1. The

1 Board adopts these findings as its own. A copy of said Resolution is on file with the Clerk of
2 the Board of Supervisors in File No. _____, and is incorporated herein by reference.

3 (c) Pursuant to Planning Code Section 302, this Board finds that these Planning Code
4 amendments will serve the public necessity, convenience, and welfare for the reasons set
5 forth in Planning Commission Resolution No. _____, and the Board adopts such
6 reasons as its own. A copy of said resolution is on file with the Clerk of the Board of
7 Supervisors in File No. _____ and is incorporated herein by reference.

8
9 Section 2. Articles 2 and 3 of the Planning Code are hereby amended by revising
10 Sections 249.78, 303, 309, and 329, and deleting Section 248, to read as follows:

11
12 **~~SEC. 248. TRANSIT CENTER C-3-O(SD) COMMERCIAL SPECIAL USE DISTRICT.~~**

13 ~~A Special Use District entitled the “Transit Center C-3-O(SD) Commercial Special Use~~
14 ~~District” is hereby established for a portion of the C-3-O(SD) district in the downtown area around the~~
15 ~~Transbay Transit Center within San Francisco, the boundaries of which are designated on Sectional~~
16 ~~Map SU01 of the Zoning Map of the City and County of San Francisco. The following provisions shall~~
17 ~~apply within the Special Use District:~~

18 ~~(a) **Purpose.** There are limited remaining development sites in the core of the downtown large~~
19 ~~enough to be feasibly developed with workplace-oriented uses, particularly adjacent to the region's~~
20 ~~premier concentration of regional and local public transit infrastructure, such as the Transbay Transit~~
21 ~~Center, BART, Muni Metro, and the Ferry Building. Significant areas surrounding and within walking~~
22 ~~distance of the downtown, including Rincon Hill and Zone 1 of the Transbay Redevelopment Area~~
23 ~~along Folsom Street, have been zoned and planned almost exclusively for residential neighborhoods to~~
24 ~~the exclusion of major commercial uses. Many academic studies have shown that locating jobs~~
25 ~~immediately proximate to regional transit is a greater influence on use of public transit than is~~

1 ~~proximity of housing to regional transit, and decentralization of jobs is one of the leading factors~~
2 ~~increasing auto commuting in the Bay Area. Further, very few districts outside of the C-3 district allow~~
3 ~~high-density job uses, so it is important to ensure that the few sites large enough for high-density~~
4 ~~workplace uses in the Transit Center area are preserved primarily for that purpose.~~

5 ~~(b) **Definition of Commercial Use.** "Commercial Use" shall mean any use other than a~~
6 ~~Residential Use, as defined in Section 102 of this Code, permitted in the underlying zoning district.~~

7 ~~(c) **Controls.** All new development on lots larger than 20,000 square feet in the Special Use~~
8 ~~District shall include not less than two gross square feet of principally or conditionally permitted~~
9 ~~commercial uses for every one gross square foot of dwellings or other housing uses.~~

10 ~~(d) **Exceptions.** Exceptions to the controls in subsection (c) may be granted by the Planning~~
11 ~~Commission according to the procedures in Section 309 only if the Commission makes one of the~~
12 ~~following affirmative findings:~~

13 ~~(1) That the development consists of multiple buildings on a single lot or adjacent lots~~
14 ~~that are entitled as a single development project pursuant to Section 309, and that commercial uses~~
15 ~~account for greater than 50% of the project's aggregate total gross floor area for all buildings and~~
16 ~~where the project sponsor demonstrates that it is infeasible or impractical to construct commercial uses~~
17 ~~on the footprint of the portion of the site dedicated to dwellings and/or other housing uses due to the~~
18 ~~size and configuration of that portion of the lot; or~~

19 ~~(2) That the footprint of the portion of the site dedicated to dwellings and/or other~~
20 ~~housing uses is less than 15,000 square feet and the lot contains existing buildings which are to be~~
21 ~~retained; or~~

22 ~~(3) That the downtown commercial vacancy rate is persistently high and the project~~
23 ~~would fulfill its inclusionary requirement pursuant to Planning Code Section 415 through 100% on-site~~
24 ~~or off-site units within the C-3 District.~~

1 **SEC. 249.78. CENTRAL SOMA SPECIAL USE DISTRICT.**

2 (a) **Purpose.** ~~In order to~~ To implement the goals, objectives, and policies of the
3 Central SoMa Plan (Ordinance No. 280-18, on file with the Clerk of the Board of Supervisors
4 in File No. 180185), the Central SoMa Special Use District (SUD) is hereby established.

5 (b) **Geography.** The SUD is within the South of Market (SoMa) neighborhood, and
6 its boundaries generally run from 2nd Street to the east to 6th Street to the west, and from
7 Townsend Street to the south to an irregular border that generally follows Folsom, Howard,
8 and Stevenson Streets to the north, as more specifically shown on Sectional Maps 1SU and
9 8SU of the Zoning Map.

10 (c) **Land Use Controls.**

11 * * * *

12 ~~(6) Use on Large Development Sites.~~

13 ~~——(A) Applicability. South of Harrison Street on sites larger than 40,000 square feet that~~
14 ~~entail new construction or an addition of 100,000 square feet or more.~~

15 ~~——(B) Requirement. At least two-thirds of the Gross Floor Area of all building area below~~
16 ~~160 feet in height shall be non-residential.~~

17 ~~(76)~~ **Single Room Occupancy.** Single Room Occupancy units that are Dwelling
18 Units are Not Permitted in the Central SoMa SUD except in buildings that consist of 100%
19 affordable units. For the purposes of this subsection ~~(c)~~~~(76)~~, “affordable units” shall mean units
20 rented, leased, or sold at rates or prices affordable to a household whose income is no
21 greater than 80% of the median income for households in San Francisco (“Lower Income
22 Households”), as determined by Title 25 of the California Code of Regulations Sections 6928
23 and 6932 and implemented by the Mayor’s Office of Housing and Community Development.

24 ~~(87)~~ **Group Housing.** Group Housing uses are Not Permitted in the Central SoMa
25 SUD except Group Housing uses that are also defined as Student Housing, Senior Housing,

1 or Residential Care Facility, are designated for persons with disabilities, are designated for
2 Transition Age Youth as defined by the Mayor's Office of Housing and & Community
3 Development, or are contained in buildings that consist of 100% affordable units. For the
4 purposes of this subsection (c)(7&), "affordable units" shall mean units rented, leased, or sold
5 at rates or prices affordable to a household whose income is no greater than 80% of the
6 median income for households in San Francisco ("Lower Income Households"), as
7 determined by Title 25 of the California Code of Regulations Sections 6928 and 6932 and
8 implemented by the Mayor's Office of Housing and Community Development.

9 * * * *

11 **SEC. 303. CONDITIONAL USES.**

12 (a) **General.** The Planning Commission shall hear and make determinations regarding
13 applications for the authorization of Conditional Uses in the specific situations in which such
14 authorization is provided for elsewhere in this Code. The procedures for Conditional Uses
15 shall be as specified in this Section 303 and in Sections 306 through 306.6, except that
16 Planned Unit Developments shall in addition be subject to Section 304, and Hospitals and
17 Post-Secondary Educational Institutions shall in addition be subject to the Institutional Master
18 Plan requirements of Section 304.5.

19 * * * *

20 (g) **Hotels and Motels.** With respect to applications for development of tourist hotels
21 and motels, the Planning Commission shall consider, in addition to the criteria set forth in
22 Subsections (c) and (d) above:

23 (1) The impact of the employees of the hotel or motel on the demand in the City
24 for housing, public transit, child-care, and other social services. To the extent relevant, the
25

Commission shall also consider the seasonal and part-time nature of employment in the hotel or motel;

(2) The measures that will be taken by the project sponsor to employ residents of San Francisco in order to minimize increased demand for regional transportation; and

(3) The market demand for a hotel or motel of the type proposed; ~~and~~

~~(4) In the Transit Center C-3-O(SD) Commercial Special Use District, the opportunity for commercial growth in the Special Use District and whether the proposed hotel, considered with other hotels and non-commercial uses approved or proposed for major development sites in the Special Use District since its adoption would substantially reduce the capacity to accommodate dense, transit-oriented job growth in the District.~~

* * * *

SEC. 309. PERMIT REVIEW IN C-3 DISTRICTS.

The provisions and procedures set forth in this Section 309 shall govern the review of project authorization and building and site permit applications for (1) the construction or substantial alteration of structures in C-3 Districts, (2) the granting of exceptions to certain requirements of this Code where the provisions of this Section are invoked, and (3) the approval of open space and streetscape requirements of the Planning Code. When any action authorized by this Section is taken, any determination with respect to the proposed project required or authorized pursuant to CEQA may also be considered. This Section shall not require additional review in connection with a site or building permit application if review hereunder was completed with respect to the same proposed structure or alteration in connection with a project authorization application pursuant to Section 322.

(a) **Exceptions.** Exceptions to the following provisions of this Code may be granted as provided in the code sections referred to below:

* * * *

~~(8) Exceptions to the use requirements in the C-3-O(SD) Commercial Special Use~~

~~Subdistrict in Section 248;~~

(98) Exceptions to the height limits for buildings taller than 550 feet in height in the S-2 Bulk District for allowance of non-occupied architectural, screening, and rooftop elements that meet the criteria of Section 260(b)(1)(M);

(109) Exceptions to the volumetric limitations for roof enclosures and screens as prescribed in Section 260(b)(1)(F). For existing buildings, exceptions to the volumetric limitations for roof enclosures and screens shall be granted only if all rooftop equipment that is unused or permanently out of operation is removed from the building;

(110) Exceptions to the height limits for vertical extensions as permitted in Section 260(b)(1)(G) and for upper tower extensions as permitted in Section 263.9;

(121) Exceptions to the height limits in the 80-130F and 80-130X Height and Bulk Districts as permitted in Section 263.8 and in the 200-400S Height and Bulk District as permitted in Section 263.10;

(132) Exceptions to the bulk requirements as permitted in Sections 270 and 272;

(143) Exceptions to the exposure requirements as permitted in Section 140;

(154) Exceptions to the usable open space requirements of Section 135;

(165) Exceptions to the Micro-Retail requirements as permitted in Section 249.33;

(176) Exceptions to the height and bulk limits for parcels within the Van Ness & Market Residential Special Use District as defined by Section 270(f)(2). In considering such exceptions, the Planning Commission shall consider the extent to which the project achieves the following: (A) sculpts the building massing to achieve an elegant and creative tower form

1 that enhances the skyline; (B) reduces or minimizes potential impacts on winds and shadows;
2 (C) provides ground floor uses that serve a range of income levels and enrich the social
3 landscape of the area such as: Arts Activities, Child Care Facility, Community Facility, Public
4 Facility, School, Social Service, priority health service or neighborhood-serving retail; and (D)
5 maximizes housing density within the allowed envelope;

6 (187) Exceptions to the percent lot coverage requirements of Section
7 270.2(e)(6) for projects within the Van Ness & Market Residential Special Use District. The
8 Planning Commission shall only grant such exceptions if the Planning Commission finds that:
9 (A) the proposed mid-block alley and percent coverage do not negatively affect the use and
10 purpose of the alley as a means of creating a more efficient pedestrian network, as described
11 in subsections 270.2(a)-(b); and (B) the proposed percent coverage does not negatively
12 impact the quality of the mid-block alley as an area of pedestrian and retail activity and public
13 open space. An exception shall not be granted for any mid-block alley that is less than 35
14 percent open to the sky;

15 (198) Exceptions to the required minimum dwelling unit mix in Section 207.6 for
16 projects within the Van Ness & Market Residential Special Use District. In considering such
17 exceptions, the Planning Commission shall consider the following criteria:

18 (A) whether the project demonstrates a need or mission to serve unique
19 populations; or

20 (B) whether the project site or existing building(s), if any, feature
21 physical constraints that make it unreasonable to fulfill the requirements of Section 207.6 or
22 subsection 309(a)(189)(A); and

23 (2019) Exceptions to the permitted obstructions requirements in Section 136 for
24 projects within the Van Ness & Market Special Use District as defined by Section 270(f)(2).
25 The Planning Commission shall only grant such an exception if it finds that the proposed

1 obstructions assist the proposed development to meet the requirements of Section 148, or
2 otherwise reduce wind speeds at the ground-level or at upper level open space.

3 * * * *

4 ↺

5 (e) **Imposition of Conditions, General.** If, pursuant to the provisions of this Section
6 309, the Planning Commission determines that conditions should be imposed on the approval
7 of a building or site permit application or Section 309 application, and the applicant agrees to
8 comply, the Planning Commission may approve the application subject to those conditions,
9 and if the applicant refuses to so agree, the Planning Commission may disapprove the
10 application.

11 * * * *

12
13 **SEC. 329. LARGE PROJECT AUTHORIZATION IN EASTERN NEIGHBORHOODS MIXED**
14 **USE DISTRICTS.**

15 * * * *

16 (e) **Exceptions for Key Sites in Central SoMa.**

17 * * * *

18 (3) **Controls.** Pursuant to this Section 329(e) and the Key Site Guidelines
19 adopted as part of the Central SoMa Area Plan, the Planning Commission may grant
20 exceptions to the provisions of this Code as set forth in subsection (d) above and may also
21 grant the exceptions listed below for projects that provide qualified amenities in excess of
22 what is required by the Code.

23 * * * *

24 (B) **Exceptions.** Upon consideration of qualified amenities in excess of
25 what is required by the Code, the Planning Commission may grant one or more exceptions to

the following requirements: the streetwall and setback controls in Section 132.4; the building separation controls in Section 132.4, including but not limited to the controls in subsection 132.4(d)(3)(B); the setback requirements in Section 261.1; bulk controls in Section 270(h); and the lot merger restrictions in Section 249.78(d)(7).

In addition to these exceptions, the Planning Commission may grant one or more of the following exceptions:

* * * *

(vi) On the Key Site identified in Section 329(e)(2)(H), exception to the protected pedestrian-, cycling-, and transit-oriented street frontage requirements of Section 155(r), the street frontage requirements in Section 145.1, the required ground floor commercial uses in Section 145.4, ~~the requirement that at least two thirds of the Gross Floor Area of all building area below 160 feet be non-residential in Section 249.78(e)(6)~~, and the requirement in Section 138(d)(2)(E)(i) that ground floor POPOS be open to the sky. In addition, the usable open space requirement pursuant to Section 135 may be reduced to 60 square feet of usable open space required for each dwelling unit if not publicly accessible.

* * * *

Section 3. Article 8 of the Planning Code is hereby amended by replacing all references to Planning Code subsection “249.78(c)(7)” in each of the Sections, subsections, and tables listed below with the term “249.78(c)(6).” If any references in the Planning Code to “249.78(c)(7)” have been inadvertently omitted from the list below, the City Attorney is authorized to cause such references to be changed to “249.78(c)(6).”

11
12 Section 5. Zoning Map. The Planning Code is hereby amended by revising Special
13 Use District Map SU01 of the Zoning Map of the City and County of San Francisco to delete
14 the Transit Center C-3-O(SD) Commercial Special Use District.

15
16 Section 6. Effective Date. This ordinance shall become effective 30 days after
17 enactment. Enactment occurs when the Mayor signs the ordinance, the Mayor returns the
18 ordinance unsigned or does not sign the ordinance within ten days of receiving it, or the Board
19 of Supervisors overrides the Mayor’s veto of the ordinance.

20
21 Section 7. Scope of Ordinance. Except as stated in Sections 3 and 4 of this
22 ordinance, in enacting this ordinance, the Board of Supervisors intends to amend only those
23 words, phrases, paragraphs, subsections, sections, articles, numbers, punctuation marks,
24 charts, diagrams, or any other constituent parts of the Municipal Code that are explicitly
25 shown in this ordinance as additions, deletions, Board amendment additions, and Board

1 amendment deletions in accordance with the “Note” that appears under the official title of the
2 ordinance.

MEMORANDUM TO FILE

Date: October 16, 2024

To: Case File Nos. 2011.1356E (Central SoMa Plan EIR), 2007.0558E and 2008.0789E (Transit Center District Plan and Transit Tower EIR)

From: Debra Dwyer, Joy Navarrete, Principal Environmental Planners

Re: 2024-006988PCAMAP and 2024-007906GPA Central SoMa and Transit Center District Commercial Development Requirements [Board file No. 240787]

Background

On May 24, 2012, the Planning Commission certified the Final Environmental Impact Report (EIR) for the Transit Center District Plan and Transit Tower EIR under cases 2007.0558E and 2008.0789E. On May 10, 2018, the Planning Commission certified the Final Environmental Impact Report (EIR) for the Central SoMa Plan EIR under case 2011.1356E. Special use districts related to commercial development requirements were adopted as part of these two plans as discussed below.

Existing Law

The Central SoMa Special Use District, set forth in Planning Code Section 249.78, provides development controls for the central portion of the South of Market (SoMa) neighborhood. In particular, for development projects in the Special Use District south of Harrison Street on sites larger than 40,000 square feet that entail new construction or addition of 100,000 square feet or more, at least two-thirds of the Gross Floor Area of all building area below 160 feet in height shall be non-residential.

The Transit Center Commercial Special Use District, set forth in Planning Code Section 248, provides development controls for a portion of the C-3-O(SD) Zoning District in the downtown area around the Transbay Transit Center (Salesforce Transit Center). The special use district's primary control is a requirement that all new development on lots larger than 20,000 square feet in the Special Use District shall include not less than two gross square feet of principally or conditionally permitted commercial uses for every one-gross-square-foot of dwellings or other housing uses.

Proposed Amendments to the Planning Code

The proposed amendments ("proposed amendments") included in this Board of Supervisors ordinance (Board File 240787) proposes to remove from the Planning Code the requirement that certain development projects in the Central SoMa Special Use District must provide at least two-thirds of the Gross Floor Area of all building area below 160 feet in height for non-residential uses. The proposed amendments would also remove the Transit Center Commercial Special Use District from the Planning Code and Zoning Map in its entirety, including the requirement that certain

development projects shall include not less than two gross square feet of principally or conditionally permitted commercial uses for every one-gross-square-foot of dwellings or other housing uses.

As these are proposed amendments to the Planning Code and Zoning map, there would be no direct environmental impacts. However, the indirect impact of these changes would likely be less development of commercial office space as well as an increase in the development of residential uses.

As analyzed below, environmental impacts associated with these amendments would not result in new or more severe impacts than analyzed in the Central SoMa and Transit Center area plan EIRs.

Analysis

Generally, residential uses are less intensive and less impactful than commercial uses. Impacts that would not change regardless of development as commercial or residential use under the plans include construction-related impacts for transportation, air quality, and noise/vibration topics, and the construction-related mitigation measures would continue to apply to residential development under the plan, as applicable.

Pursuant to CEQA, this memorandum to file focuses specifically on the physical environmental effects that could result from implementing the proposed amendments, which in this case is transportation. The proposed amendments do not directly propose new housing development projects and thus, would not directly result in the construction of residential units. However, by allowing for residential use instead of commercial, the proposed amendments could encourage the production of a greater number of housing units at any given eligible site than would occur under existing land use controls within the Central SoMa and Transit Center area plans. In other words, the amendments would allow for a greater number of residential units to be included these areas than previously planned. Nonetheless, the proposed amendments would not increase projected demand for housing, nor would it change the total amount of residential growth (in terms of numbers of units) anticipated in the City. In addition, the Central SoMa and Transit Center area plan EIRs adequately analyzed growth that could occur pursuant to both the state density bonus program and the plans' own height bonus provision, and the resulting effects such as transportation, air quality, traffic noise, and water demand. Subsequent development projects in the plan areas would continue to undergo project-level CEQA review, as applicable, to determine whether or not they would result in significant environmental effects not disclosed in the EIRs as a result of any additional height increases or bulk modifications permitted under the state density bonus law. The state density bonus, as well as the plans' own height bonus provision, would be applied on a case-by-case and site-by-site basis and will have to be evaluated as such for any site-specific effects, such as shadow or wind impacts.

Transportation:

The Central SoMa and Transit Center District plan areas are classified as urban high density place types for travel demand and transportation analysis. In terms of the way people travel in this place type, for office use 24% of person trips are by auto (including for hire vehicles), 29% of trips are by transit, and 42% are walking trips. Whereas, for residential use 36% of person trips are by auto (including for hire vehicles), 28% of trips are by transit, and 38% are walking trips. Travel demand in terms of daily person trips associated with residential uses is 14% (3-4 bedroom units) to 71% (studio-1 bedroom units) below the daily person trips per 1,000 gross square feet (gsf) of commercial uses.

The proposed amendments could result in more projects being residential and qualifying for state density bonus (SDB). Although residential use is generally less intensive than commercial use, the proposed amendments in conjunction with SDB could result in larger developments i.e. residential square footage would be greater than the

commercial square footage it replaces. This could result in additional person trips than assumed in the EIRs. The transportation mitigation measures identified below to be carried out by SFMTA would be applicable regardless of the proposed amendments. In addition, the transportation mitigation measures applicable to development projects have demonstrated effectiveness at reducing impacts to less than significant. In addition, since it is not known how many projects would choose state density bonus and where those would be located, it is speculative to assume the amount of development under these amendments with SDB. Barring such speculation, one could assume that every eligible residential development site would employ the state density bonus. However, this approach would be likely to considerably overstate the number of residential units that would be developed. In reality, the state density bonus, as well as the plans' own height bonus provision, would be applied on a case-by-case and site-by-site basis and will have to be evaluated as such for any site-specific effects, such as transportation impacts.

To be conservative, but also realistic, the analysis below assumes there could be additional person trips with the proposed amendment.

Vehicle Miles Traveled: The entire plan areas for both the Central SoMa Plan and the Transit Center District Plan meet the map-based screening for vehicle miles traveled (VMT) for residential use. Daily VMT for the transportation analysis zones within the plan areas are substantially below the threshold of 15 percent below the regional average VMT per capita for residential use. Therefore, the indirect VMT impact related to additional residential development instead of commercial would be less than significant.

Transit: The EIRs identified a significant and unavoidable public transit delay impacts, and identified mitigation measures to address this impact to be implemented by the City (including the Planning Department and the SFMTA) and by sponsors of proposed developments (Central SoMa, M-TR-3a, Transit Enhancements; TCDP, M-TR-3a: Installation and Operation of Transit-Only and Transit Queue-Jump Lanes and M-TR-3c: Transit Improvements on Plan Area Streets). The SFMTA would be responsible for implementing transit safety, reliability, and travel time savings regardless of the removal of requirements for commercial development. In addition, development projects with off-street vehicular parking facilities with 20 or more vehicular parking spaces shall ensure that recurring vehicle queues would not substantially affect public transit operations on the public right-of-way. Mitigation measure M-TR-6a: Driveway and Loading Operations Plan (DLOP) applies to projects over 100,000 gsf of development regardless of use. Mitigation measure M-TR-6b: Accommodation of On-street Commercial Loading Spaces and Passenger Loading/Unloading Zones, requires the SFMTA to develop a curb management strategy for Central SoMa. The SFMTA completed a curb management strategy for the City to identify the approach for addressing the best use of the curb. In addition, development projects greater than 100,000 gsf must also implement a passenger loading zone. These measures would continue as required even if there is more residential use in the plan areas. For the above reasons, the proposed amendments would not alter the conclusions in the final EIR with respect to the significance of transit delay impacts.

Traffic hazards: Development of subsequent residential and non-residential projects under the Central SoMa Plan or the Transit Center District Plan would not introduce unusual design features that would result in traffic hazards. The EIRs acknowledged that these plans would bring more people into the areas, which would result in an increase in the potential for conflicts between vehicles, bicyclists, and pedestrians. The potential for conflicts increases with an increase in the number of roadway users as could occur with the code amendments. However, an increased potential for conflicts by itself does not represent a traffic hazard. Both plans call for implementation of street network changes (e.g., cycle tracks, sidewalk widening, transit-only lanes) that would reduce the potential for vehicle-pedestrian and vehicle-bicycle conflicts by designing the streets for all modes, enhancing sight lines and visibility, and reducing motor

vehicle travel speeds. Removal of requirements for projects to include commercial use, and therefore, potentially increase residential development would not change this conclusion.

Pedestrians and Bicycles. Both plans identify streetscape improvements within the plan areas, including improved bicycle facilities and safety improvements for pedestrians consistent with the City's Vision Zero policy. These improvements would be implemented by the City but could also be made as part of a private development's streetscape plan for compliance with the Better Streets Plan, if applicable.

Loading: The removal of the requirement to include commercial use and result in increase residential use would not alter the analysis or conclusions with respect to loading impacts in either EIR. Under both plans, mitigation identifies that SFMTA would be responsible for ensuring adequacy of on-street loading spaces (Central SoMa - M-TR-6b: Accommodation of On-street Commercial Loading Spaces and Passenger Loading/Unloading Zones; TCDP, M-TR-7b: Augmentation of On-Street Loading Space Supply). In addition, project sponsors for projects over a certain size would be required to implement management of onsite loading facilities (Central SoMa M-TR-6a: Driveway and Loading Operations Plan; TCDP M-TR-5: Garage/Loading Dock Attendant and M-TR-7a: Loading Dock Management) regardless of whether the development is commercial or residential use.

For all of the above reasons, the proposed amendments would not alter the conclusions in the final EIR with respect to the significance of transportation and circulation impacts.

Based on the above, the proposed amendments to the Planning Code would not result in new environmental impacts, substantially increase the severity of the previously identified environmental impacts, nor require new or revised mitigation measures. Furthermore, mitigation and improvement measures that were applicable to the Central SoMa and Transit Center area plan EIRs would apply with the proposed amendments. As such, all environmental impacts that would result from the proposed amendments to the Planning Code (both construction and operational) would have the same conclusions as were disclosed in the final EIRs for the Central SoMa Plan and Transit Center District Plan.

Conclusion

San Francisco Administrative Code Section 31.19(c)(1) states that a modified project must be reevaluated and that, "If, on the basis of such reevaluation, the Environmental Review Officer determines, based on the requirements of CEQA, that no additional environmental review is necessary, this determination and the reasons therefore shall be noted in writing in the case record, and no further evaluation shall be required by this Chapter." Thus, for the reasons outlined above, this memorandum to file provides sufficient documentation that the proposed amendments do not warrant additional environmental review.

13
14 WHEREAS, On July 23, 2024, Mayor Breed introduced legislation amending the
15 Planning Code and Zoning Map to reduce commercial development requirements in the
16 Central SoMa Special Use District and remove the Transit Center C-3-0 (SD) Commercial
17 Special Use District; affirming the Planning Department's determination under the California
18 Environmental Quality Act; and making findings of consistency with the General Plan, and the
19 eight priority policies of Planning Code, Section 101.1, and findings of public necessity,
20 convenience, and welfare under Planning Code, Section 302; and

21 WHEREAS, On or about July 26, 2024, the Clerk of the Board of Supervisors referred
22 the proposed Ordinance to the Planning Commission; and

23 WHEREAS, The Planning Commission shall, in accordance with Planning Code,
24 Section 306.4(d), render a decision on the proposed Ordinance within 90 days from the date
25 of referral of the proposed amendment or modification by the Board to the Commission; and

1 WHEREAS, Failure of the Commission to act within 90 days shall be deemed to
2 constitute disapproval; and

3 WHEREAS, The Board, in accordance with Planning Code, Section 306.4(d) may, by
4 Resolution, extend the prescribed time within which the Planning Commission is to render its
5 decision on proposed amendments to the Planning Code that the Board of Supervisors
6 initiates; and

7 WHEREAS, Mayor Breed has requested additional time for the Planning Commission
8 to review the proposed Ordinance; and

9 WHEREAS, The Board deems it appropriate in this instance to grant to the Planning
10 Commission additional time to review the proposed Ordinance and render its decision; now,
11 therefore, be it

12 RESOLVED, That by this Resolution, the Board hereby retroactively extends the
13 prescribed time within which the Planning Commission may render its decision on the
14 proposed Ordinance for approximately 90 additional days, until January 22, 2025.

EXM-3898975#

City and County of San Francisco Human Services Agency (HSA) Funding Opportunity Request for Proposals (RFP) #1174 Health Promotion Programs

1. Older Americans Act Title III-D - Disease Prevention and Health Promotion Program for Older Adults
2. Health Promotion Program for Older Adults and Adults with Disabilities

The San Francisco Human Services Agency (SFHSA) and the Department of Disability and Aging Services (DAS) announces their intent to seek proposals from nonprofit organizations to provide health promotion programs for older adults and adults with disabilities. These programs are designed to seek proposals to prevent illness, and manage chronic health conditions. SFHSA and DAS are seeking proposals for two types of health promotion programs:

1. Older Americans Act Title III-D Disease Prevention and Health Promotion Program for Older Adults: The Older American Act Title III-D health promotion programs are evidence-based and have been shown to improve health and well-being and reduce disease and injury. Evidence-based programs are based on scientific evidence and have been demonstrated through rigorous evaluation to be effective in improving the health of older adults. Title III-D health promotion programs include those related to the prevention and mitigation of the effects of chronic health conditions such as hypertension, arthritis, heart disease, diabetes, obesity, arthritis, and osteoporosis. Title III-D health promotion programs can also focus on chronic pain management, stress management, fall prevention, physical activity, and support for caregivers. Health promotion programs are provided in a variety of settings including senior centers, community centers, and community dining sites. Some programs are offered remotely through virtual platforms, as well as in-person.

2. Health Promotion Program for Older Adults and Adults with Disabilities: These programs are designed to enhance the overall health and well-being of older adults and adults with disabilities by focusing on reducing disease and injury. There is a strong emphasis on physical fitness and fall prevention strategies, which aim to improve mobility, balance, and strength, ultimately reducing the risk of falls and promoting better physical health outcomes. Programs may include

evidence-based models or those that have demonstrated effectiveness in physical health improvement and fall prevention. While physical fitness and fall prevention are priorities, other programs aimed at supporting health and well-being, such as chronic disease management or mental wellness, will also be considered.

RFP packets are available on the Internet on or after **Wednesday, February 19, 2025** at <https://sfcitypartner.sfgov.org/pages/Events-B53/event-search.aspx> and type RFP 1174 in the "Event Name" and select "See Attachments" in the "RFP Package". For further information, contact Gary, hom@sfgov.org, or HSARFP@sfgov.org. Initial due date for responses is **Friday, March 21, 2025 by 3:00pm**.

The Pre-Proposal Conference will be held via teleconference. Proposers are encouraged to call in on **Monday, February 24, 2025 at 11:00am**. The Microsoft Teams number is listed below:

**CITATION
SUPERIOR COURT FOR THE STATE OF CALIFORNIA
FOR THE CITY AND COUNTY OF SAN FRANCISCO
UNITED FAMILY COURT
Case Number: JD24-3124**

In the Matter of: BBC, DOB: July 15, 2024, A Minor To: Stormm A. Read, mother, Jason A. Challenger, alleged father; and any other person(s) claiming to be the Parent(s) of said minor. You are hereby notified that the San Francisco Juvenile Dependency Court has ordered a hearing pursuant to Welfare and Institutions Code Section 366.26, to determine whether your parental rights should be terminated and your child(ren) be freed from your custody and control for the purpose of having him adopted.

BY ORDER OF THIS COURT, you are hereby cited, and required to appear before this Court on the day of April 23, 2025, at 9:00 A.M., at the Juvenile Dependency Court, 400 McAllister Street, Room 425, San Francisco, California, then and there to show cause, if any you have, why said minor(s) should not be declared free from the custody and control of his parent(s). This proceeding is for the purpose of developing a permanent plan for the child(ren), which could include adoption.

If you appear on the above-mentioned date before the mentioned courtroom, the Judge will advise you of the nature of the proceedings, the procedures, and possible consequences of the entitled action. The parent(s) of the minor(s) have the right to have an attorney present and, if the parent(s) cannot afford an attorney, the Court will appoint an attorney for the parent(s). Dated: February 7, 2025. Beverly Toso, Paralegal for Petitioner, Department of Human Services (415) 554-3846.

By: Gabriel Domingo, Deputy Clerk **EXM-3896344#**

CIVIL

ORDER TO SHOW CAUSE FOR CHANGE OF NAME
Case No. 25-CIV-00546
Superior Court of California, County of SAN MATEO
Petition of: William Wei Nan Qin for Change of Name
TO ALL INTERESTED PERSONS:
Petitioner William Wei Nan Qin filed a petition with this court for a decree changing names as follows:

William Wei Nan Qin to William Wei Nan Chin
The Court orders that all persons interested in this matter appear before this court at the hearing indicated below to show cause, if any, why the petition for change of name should not be granted. Any person objecting to the name changes described above must file a written objection that includes the reasons for the objection at least two court days before the matter is scheduled to be heard and must appear at the hearing to show cause why the petition should not be granted. If no written objection is timely filed, the court may grant the petition without a hearing.

Notice of Hearing:
Date: 04/02/2025, Time: 0900, Dept.: M/C
The address of the court is 400 COUNTY CENTER REDWOOD CITY, CA-94063

A copy of this Order to Show Cause shall be published at least once each week for four successive weeks prior to the date set for hearing on the petition in the following newspaper of general circulation, printed in this county: The Examiner
Date: 1/27/25
Hon. Stephanie Garratt
Judge of the Superior Court

MEMORANDUM

TO: Budget and Legislative Analyst

FROM: John Carroll, Assistant Clerk, Land Use and Transportation Committee

DATE: March 12, 2025

SUBJECT: LEGISLATION AMENDED - FISCAL IMPACT DETERMINATION

The Board of Supervisors' Land Use and Transportation Committee (a nonfiscal committee) amended the following legislation on March 10, 2025. Pursuant to Administrative Code, Section 2.6-3, the new version is being forwarded to you as it was initially determined not to have fiscal impact.

File No. 240787-2

Ordinance amending the Planning Code and Zoning Map to reduce commercial development requirements for certain residential projects and modify the land dedication requirements in the Central SoMa Special Use District and remove the Transit Center C-3-0(SD) Commercial Special Use District; affirming the Planning Department's determination under the California Environmental Quality Act; and making findings of consistency with the General Plan and the eight priority policies of Planning Code, Section 101.1, and adopting findings of public necessity, convenience, and welfare under Planning Code, Section 302.

If the new version is determined to have fiscal impact, the legislation will need to be referred to a fiscal committee before it can be referred to the full Board for approval.

Please send your determination or contact with me any questions at (415) 554-4445 or email: john.carroll@sfgov.org.
