[Planning Code - Notice for Housing Element Rezoning]

Ordinance amending the Planning Code to require notice of rezoning intended to comply with Housing Element law; affirming the Planning Department's determination under the California Environmental Quality Act; making findings of consistency with the General Plan, and the eight priority policies of Planning Code, Section 101.1; and making findings of public necessity, convenience, and welfare pursuant to Planning Code, Section 302.

NOTE: **Unchanged Code text and uncodified text** are in plain Arial font. **Additions to Codes** are in *single-underline italics Times New Roman font*. **Deletions to Codes** are in *strikethrough italics Times New Roman font*. **Board amendment additions** are in double-underlined Arial font. **Board amendment deletions** are in ~~strikethrough Arial font~~. **Asterisks (* * * *)** indicate the omission of unchanged Code subsections or parts of tables.

Be it ordained by the People of the City and County of San Francisco:

Section 1. Environmental and Land Use Findings.

(a) The Planning Department has determined that the actions contemplated in this ordinance comply with the California Environmental Quality Act (California Public Resources Code Sections 21000 et seq.). Said determination is on file with the Clerk of the Board of Supervisors in File No. 241210 and is incorporated herein by reference. The Board affirms this determination.

(b) On March 20, 2025, the Planning Commission, in Resolution No. 21706, adopted findings that the actions contemplated in this ordinance are consistent, on balance, with the City's General Plan and eight priority policies of Planning Code Section 101.1. The Board

1 adopts these findings as its own. A copy of said Resolution is on file with the Clerk of the
2 Board of Supervisors in File No. 241210, and is incorporated herein by reference.

3 (c) Pursuant to Planning Code Section 302, this Board finds that these Planning Code
4 amendments will serve the public necessity, convenience, and welfare for the reasons set
5 forth in Planning Commission Resolution No. 21706, and the Board adopts such reasons as
6 its own. A copy of said resolution is on file with the Clerk of the Board of Supervisors in File
7 No. 241210 and is incorporated herein by reference.

8
9 Section 2. General Findings.

10 (a) San Francisco's Regional Housing Needs Allocation ("RHNA") in the current 2023-
11 2031 Housing Element cycle is 82,069 units over eight years (46,598 units of which must be
12 affordable to very low-, low-, and moderate-income households), which is more than 2.5 times
13 the allocation of the previous eight-year cycle. San Francisco will face significant challenges in
14 meeting this goal.

15 (b) To meet its RHNA obligation, the City is proposing to rezone large parts of San
16 Francisco to accommodate more units. The Planning Department's current proposal is called
17 the Expanding Housing Choice (Housing Element Rezoning Program), and available on the
18 Department's website.

19 (c) Despite the Planning Department's public outreach efforts, many property owners,
20 residents, and business owners of the properties that could be upzoned are either completely
21 unaware, or only vaguely aware, of the proposed Housing Element Rezoning Program.

22 (d) It is reasonable and in the public interest to enhance outreach and public notice to
23 property owners, residents, and business owners likely to be affected by the City's
24 prospective upzoning. Expanding the public's knowledge of the nature, scale, and reasonably
25 anticipated effects of the upzoning can help the public better understand and better adapt to

1 the proposed changes. This ordinance will serve those purposes by establishing procedures
2 for providing public notice of proposed increases in height limits and/or density limits pursuant
3 to the Planning Department's Housing Element Rezoning Program.

4
5 Section 3. Article 3 of the Planning Code is hereby amended by revising Section 333,
6 to read as follows:

7 **SEC. 333. PUBLIC NOTIFICATION PROCEDURES.**

8 (a) **Purpose.** The purpose of this ~~s~~Section 333 is to establish procedures for all
9 public notifications required by this Code, except for those requirements set forth in Section
10 311.

11 (b) **Applicability.** The requirements of this Section 333 shall apply to any hearing
12 before the Planning Commission, Historic Preservation Commission, and/or the Zoning
13 Administrator for which public notice is required in this Code, except that the requirements set
14 forth in Section 311 shall be applicable to certain applications as set forth in Section 311. The
15 Zoning Administrator shall determine the means of delivering all forms of public notice, in a
16 manner consistent with the Planning Commission's policy on notification, provided that the
17 requirements of this Section 333 are satisfied.

18 (c) **Notification Period.** For the purposes of this ~~s~~Section 333, the Notification
19 Period shall mean no fewer than 20 calendar days prior to the date of the hearing, or in the
20 case of a Building Permit Application a period of no fewer than 20 calendar days prior to any
21 Planning Department approval of the application.

22 (d) **Content of Notice.**

23 (1) All notices provided pursuant to this ~~s~~Section 333 shall have a format and
24 content determined by the Zoning Administrator, and shall at a minimum include the following:

25 (A) the address and block/lot number(s) of the subject project; and

1 (B) the Planning Department case number or Building Permit Application
2 number, as applicable, for the subject project; and

3 (C) the basic details of the project, including whether the project is a
4 demolition, new construction, alteration, or change of use; and basic details comparing the
5 existing and proposed conditions at the property including building height, number of stories,
6 dwelling unit count, number of parking spaces, and the use of the building; and

7 (D) instructions on how to access the online notice and plan sets for the
8 project, including how to obtain paper copies of the plan sets, and additional information for
9 any public hearings required by the Planning Code and for which public notification is required
10 for a development application: the date, time and location of the hearing; instructions for how
11 to submit comments on the proposed project to the hearing body; and an explanation as to
12 why the hearing is required.

13 (2) **Language Access.**

14 (A) All forms of public notice provided pursuant to this Section 333 shall
15 comply with the requirements of the Language Access Ordinance, Chapter 91 of the
16 Administrative Code, to provide vital information about the Department's services or programs
17 in the languages spoken by a Substantial Number of Limited English Speaking Persons, as
18 defined in Chapter 91.

19 (B) The notices required by this Section 333 shall contain the
20 information set forth in §subsection 333(d)(1) in the languages spoken by a Substantial Number
21 of Limited English Speaking Persons, as defined in Administrative Code Chapter 91.

22 (e) **Required Notices.** Except as provided in subsection ~~333(f)~~, all notices provided
23 pursuant to this ~~s~~Section 333 shall be provided in the following formats:

24 (1) **Posted Notice.** A poster or posters with minimum dimensions of 11 x 17
25 inches, including the content set forth in subsection ~~333(d)~~, shall be placed by the project

1 applicant at the subject property ~~and~~ for the entire duration of the Notification Period as set
2 forth herein. This notice shall be in addition to any notices required by the Building Code,
3 other City codes, or State law. One poster shall be required for each full 25 feet of each street
4 frontage of the subject property. For example, two posters would be required for a 50 foot
5 street frontage; three posters would be required for either a 75 foot frontage or a 99 foot
6 frontage. Multiple posters shall be spread along the subject street frontage as regularly as
7 possible. All required posters shall be placed as near to the street frontage of the property as
8 possible, in a manner to be determined by the Zoning Administrator that is visible and legible
9 from the sidewalk or nearest public right-of way. The requirements of this ~~S~~subsection
10 ~~333~~(e)(1) may be modified upon a determination by the Zoning Administrator that a different
11 location for the sign would provide better notice or that physical conditions make this
12 requirement impossible or impractical, in which case the sign shall be posted as directed by
13 the Zoning Administrator.

14 (2) **Mailed Notice.** Written notice with minimum dimensions of 5-1/2 x 8-1/2
15 inches, including the contents set forth in subsection ~~333~~(d), shall be mailed to all of the
16 following recipients in a timely manner pursuant to the Notification Period established herein:

17 (A) Neighborhood organizations that have registered with the Planning
18 Department, to be included in a list that shall be maintained by the Planning Department and
19 available for public review for the purpose of notifying such organizations of hearings and
20 applications in specific areas; ~~and~~

21 (B) Individuals who have made a specific written request ~~for~~ to be
22 notified of hearings and applications at a subject lot; and

23 (C) All owners and, to the extent practicable, occupants of properties,
24 within no less than 150 feet of the subject property, including the owner(s) and occupant(s) of
25 the subject property, including any occupants of unauthorized dwelling units. Names and

addresses of property owners shall be taken from the latest Citywide Assessor's Roll. Failure to send notice by mail to any such property owner where the address of such owner is not shown on such assessment roll shall not invalidate any proceedings in connection with such action. The Zoning Administrator shall determine the appropriate methodology for satisfying this requirement. If applicable State law requires notice to be provided in a different manner, such notice will be provided consistent with applicable State requirements.

(3) **Online Notice.** For the entire duration of the Notification Period established herein, the following notification materials shall be provided on a publicly accessible website that is maintained by the Planning Department:

(A) A digital copy formatted to print on 11 x 17 inch paper of the posted notice including the contents set forth in subsection ~~333~~(d) for the hearing or application; and

(B) Digital copies of any architectural and/or site plans that are scaled and formatted to print on 11 x 17 inch paper, are consistent with Plan Submittal Guidelines maintained and published by the Planning Department, and that describe and compare, at a minimum, the existing and proposed conditions at the subject property, the existing and proposed conditions in relationship to adjacent properties, and that may include a site plan, floor plans, and elevations documenting dimensional changes required to describe the proposal.

(f) **Notice of Hearings for Legislative Actions.** Notwithstanding the foregoing, for all hearings required for consideration of legislation, including but not limited to a Planning Code Amendment, Zoning Map Amendment, General Plan Amendment, or Interim Zoning Controls, an online notice shall be provided for the entire duration of the Notification Period established herein on a publicly accessible website that is maintained by the Planning Department, and shall include the date, time, and location of the hearing; the case number for the subject action; a general description of the subject and purpose of the hearing; and

1 instructions for how to contact the planner assigned to the case and provide comment to the
2 hearing body.

3 (1) Zoning Map Amendments and Interim Controls. Except as provided in subsection
4 (f)(2), ~~For~~ for any legislative proposal to reclassify property through a Zoning Map Amendment,
5 or to establish Interim Zoning Controls, if the area to be reclassified or the area in which the
6 interim controls are applicable is 30 acres or less in total area, excluding the area of public
7 streets and alleys, the information specified in this subsection (f) shall be provided in a mailed
8 notice consistent with the requirements of subsection 333(d), and the notices shall also
9 include a map or general description of the area proposed for reclassification or action. For
10 any legislative proposal to reclassify property through a Zoning Map Amendment, if the area
11 to be reclassified comprises a single development lot or site, the required information shall
12 also be provided in a posted notice consistent with the requirements of subsection 333(d).

13 (2) Housing Element Rezoning. This subsection (f)(2) applies to any legislative
14 proposal to reclassify property through a Planning Code amendment and/or Zoning Map amendment
15 intended to comply with the City's Housing Element obligation to create sufficient capacity, pursuant to
16 California Government Code Section 65583(c), as may be amended from time to time.

17 (A) For any such proposal, the Department shall provide 30 days mailed notice
18 consistent with the requirements of subsection (d). The mailed notice shall consist of a postcard or
19 similar mailer with minimum dimensions of 5.5 x 8.5 inches, and ~~that uses clear and legible fonts a~~
20 minimum font size of 18 point for the header and 12 point for the content of the postcard. The
21 mailed notice shall include a website address and digital response code where the public can access
22 the following:

23 (i) A map of the Department's Draft Citywide Rezoning Proposal
24 showing all parcels to be reclassified with increased height and density limits.

1 (ii) Sample images showing representative A comparisons of the
2 proposed height and density limits to the existing height and density limits, including a general
3 depiction of the parcels proposed to be rezoned in the neighborhood.

4 (iii) A general description of the legislative process, information on how
5 to submit comments to the Planning Department or Commission, and how to obtain additional
6 information, and/or information on how to request a meeting with the Planning Department.

7 (iv) The mailed notice must include the following statement: “NOTICE
8 OF POTENTIAL REZONING OF HEIGHT AND/OR DENSITY: A proposed rezoning may increase the
9 height and/or density limits of your property or others in your neighborhood. Learn more by scanning
10 the QR Code or visit our website listed below. Information on the proposal is also available in person
11 at the Planning Department Counter, 2nd Floor, 49 South Van Ness Avenue.”

12 (B) Within 30 days of the effective date of the ordinance in Board File 241210,
13 enacting this subsection (f)(2), the Department shall maintain a website that includes: the map
14 referenced in subsection (f)(2)(A)(i); the mailed notice statement referenced in subsection (f)(2)(A)(iv);
15 an interactive function where users can compare the existing and proposed zoning by address; and
16 renderings showing the existing conditions along with images of the height and bulk of the potential
17 new development.

18 (C) In addition to the recipients listed in subsection (e)(2), the notice required
19 by this subsection (f)(2) shall be mailed to the property owners, residents, and commercial lessees, of
20 properties that are either within the areas subject to the proposed rezoning or within a distance of 300
21 feet of the exterior boundaries of such areas. Failure to send notice by mail to any such property
22 owner, resident, or commercial lessee shall not invalidate any proceedings in connection with the
23 rezoning.

24 (D) Notwithstanding subsection (g), the requirements of this subsection (f)(2)
25 may not be waived by the Zoning Administrator.

1 (g) **Elimination of Duplicate Notice.** The notice provisions of this Section 333 may
2 be waived by the Zoning Administrator for applications that have been, or prior to any
3 approval will be, the subject of an otherwise duly noticed public hearing before the Planning
4 Commission or Zoning Administrator, provided that the nature of work for which the
5 application is required is both substantially included in the hearing notice and was the subject
6 of the hearing.

7 (h) **Newspaper Notice.** If newspaper notice is required by applicable State law, the
8 City shall provide such newspaper notice.

9
10 Section 4. Effective Date. This ordinance shall become effective 30 days after
11 enactment. Enactment occurs when the Mayor signs the ordinance, the Mayor returns the
12 ordinance unsigned or does not sign the ordinance within ten days of receiving it, or the Board
13 of Supervisors overrides the Mayor's veto of the ordinance.

14
15 Section 5. Scope of Ordinance. In enacting this ordinance, the Board of Supervisors
16 intends to amend only those words, phrases, paragraphs, subsections, sections, articles,
17 numbers, punctuation marks, charts, diagrams, or any other constituent parts of the Municipal
18 Code that are explicitly shown in this ordinance as additions, deletions, Board amendment
19 additions, and Board amendment deletions in accordance with the "Note" that appears under
20 the official title of the ordinance.

REVISED LEGISLATIVE DIGEST
(Amended in Committee, April 14, 2025)

[Planning Code - Notice for Housing Element Rezoning]

Ordinance amending the Planning Code to require notice of rezoning intended to comply with Housing Element law; affirming the Planning Department's determination under the California Environmental Quality Act; making findings of consistency with the General Plan, and the eight priority policies of Planning Code, Section 101.1; and making findings of public necessity, convenience, and welfare pursuant to Planning Code, Section 302

Existing Law

For any legislative rezoning, Planning Code Section 333 requires the City to provide online notice, and newspaper notice. Depending on the size of the proposed rezoning, the City may also provide posted notice and/or mailed notice. Mailed notice includes: (a) the address and block/lot numbers, (b) the Planning Department case number, (c) the basic details of the project, including a comparison of the existing and proposed conditions at the property including building height, number of stories, dwelling unit count, number of parking spaces, and the use of the building, and (d) instructions on how to access the online notice and plan sets for the project, including how to obtain paper copies of the plan sets, and additional information for any public hearings required by the Planning Code and for which public notification is required for a development application. This notice includes the date, time and location of the hearing, instructions for how to submit comments on the proposed project to the hearing body, and an explanation as to why the hearing is required. Mailed notice is not required for rezoning proposals that would affect areas larger than 30 acres.

Under Planning Code 333, the Zoning Administrator may waive any duplicative notice requirements.

Amendments to Current Law

This ordinance would require mailed notice for the Housing Element rezoning, regardless of whether the rezoning is larger than 30 acres. It would also change the mailed notice requirement by modifying the recipient list to include notice to all property owners, residents and commercial lessees of all affected parcels and parcels within 300 ft of affected parcels. The ordinance would also require the department to send a mailers no less than 8.5 x 5.5 inches, with a website address and QR code where the public can access a map showing the parcels to be rezoned, a comparison of the proposed heights and densities to existing conditions, a general description of the legislative process, and specific language regard the rezoning proposal. The ordinance would also remove the Zoning Administrator's authority to waive the notice requirement as being duplicative of other code requirements. The City would still be required to provide online and newspaper notice.

Background Information

San Francisco's Regional Housing Needs Allocation ("RHNA") in the current 2023-2031 Housing Element cycle is 82,069 units over eight years (46,598 units of which must be affordable to very low-, low-, and moderate-income households), which is more than 2.5 times the allocation of the previous eight-year cycle. San Francisco will face significant challenges in meeting this goal. To meet its RHNA obligation, the City is proposing to rezone large parts of San Francisco to accommodate more units. The Planning Department's current proposal is called the Expanding Housing Choice (Housing Element Rezoning Program), and available on the Department's website.

On March 11, 2025, Supervisor Chan introduced a substitute legislation that included greater specificity regarding the mailer, and the website requirements.

Dear Supervisor Chan,

Re: We at Coalition for San Francisco Neighborhoods support Ordinance # 241210, the "Right to Know"

Your work brings much-needed transparency and accountability to the process.

Thank you and commend you for brining forward the "Right to Know". We are pleased to see it made it through the Land Use and Transportation Committee.

Thanks also go out to Supervisors Fielder, Chen, Sherrill, and Walton for supporting the legislation. And to the Planning Commissioners who are well aware of the need to inform the public when large city-wide up-zoning changes are being considered. We need to inform the land owners, residents and local business owners who are living in the pathway of the changes so they will have time to plan for their future.

We are pleased to see the plans to address some option and possible remedies for small businesses at the April 17th Planning commission, where the small business community will present some of their ideas.

We have been watching the "Right to Know" legislation, arguments and comments carefully and note that there is some concern about paying for the notice.

Please take into account these two major sources for funding.

One is the city-funded public notice system that already has contracts with various city publications. This would be one more public notice to be published.

We are also aware that the city regularly pays lobbyists to push legislation through other channels such as the state legislature. Many of these bills do not require any lobbying to pass. Surely some of the lobbying funds could be used to inform the public what the city is doing that pertains to our need to know what is going on.

Thank you for standing up for the public's right to be informed and involved in the changes being contemplated for our city that we all live in and contribute to.

Sincerely,

Mari Eliza, CSFN Land Use and Transportation Chair, secretary@csfn.net

cc: Mayor Lurie, Full Board of Supervisors, and staff and clerk of the Board of Supervisors

April 15, 2025

Dear Supervisor Chan,

Re: We support Ordinance # 241210 The "Right to Know"

Your work brings much-needed transparency and accountability to the process.

Thank you and commend you for brining forward the "Right to Know". We are pleased to see it made it through the Land Use and Transportation Committee.

Thanks also go out to Supervisors Fielder, Chen, Sherrill, and Walton for supporting the legislation. And to the Planning Commissioners who are well aware of the need to inform the public when large city-wide up-zoning changes are being considered. We need to inform the land owners, residents and local business owners who are living in the pathway of the changes so they will have time to plan for their future.

We are pleased to see the plans to address some option and possible remedies for small businesses at the April 17th Planning commission, where the small business community will present some of their ideas.

Subject: Support for BOS LF No. 241210: Right to Know Rezoning Notification Ordinance

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear Chair Melgar, Supervisor Mahmood, and Supervisor Chen,

On behalf of Neighborhoods United SF — a coalition of over 50 neighborhood organizations across San Francisco — please find the attached letter in strong support of Supervisor Chan's *Right to Know* legislation (BOS LF No. 241210), which would ensure direct notification to residents and small businesses impacted by major zoning changes.

We urge the Land Use and Transportation Committee to advance this essential transparency measure and consider the additional recommendations outlined in our letter regarding outreach, visualization tools, and Supervisor engagement.

A hard copy of this letter will also be provided in person at today's hearing.

Thank you for your time and consideration.

Sincerely,
Lori Brooke
Neighborhoods United SF

San Francisco, CA 94102

Re: BOS LF No. 241210: Planning Code - Notice for Housing Element Rezoning

Dear Committee Chair Supervisor Melgar, Supervisor Mahmood and Supervisor Chen:

Every resident and business owner deserves to be fully informed about major land-use decisions that will reshape their neighborhoods.

As the Planning Department staff shared at the 4/10 Planning Commission hearing, Mayor Lurie's Upzoning & Density Decontrol Plan is a broad and sweeping change to San Francisco that will forever change our city. And yet, most residents are unaware of it.

Neighborhood United SF, which represents over 50 neighborhood organizations, requests your support for this "right to know" legislation, which would require clear and direct notification of height or density changes to property owners and those within 300 feet of affected parcels. This legislation was approved by the Planning Commission (Resolution 21706) with a 5-2 vote.

We are grateful to Supervisors Connie Chan, Chyanne Chen, Jackie Fielder, Shamann Walton, and Stephen Sherrill for their leadership in supporting this critical transparency measure.

We strongly recommend that the Land Use Commission fully support this legislation, and additionally, ask you to consider the following:

1. Planning Department Outreach:

The Planning Department should be required to develop and publish a new

comprehensive outreach plan to most impacted neighborhoods (at a minimum: Districts 1, 2, 3, 4, 5, 7, and 8).

The Planning Department publicly stated that last year's outreach was sufficient, but Planning Staff highlighted yesterday (4/10 commission hearing) that this plan - specifically the density decontrol represented by the light blue is a *significant change* from the prior map. The density decontrol is not a widely understood concept, and the huge swaths of light blue color on the map lead most people to think it was the background color - not a material change in zoning. Given the insufficient communication around the prior 4-plex and 6-plex legislation, a new and robust outreach effort is essential on Mayor Lurie's plan.

2. Effective Visualizations:

The Planning Department acknowledged yesterday the importance of creating visuals to help communicate the plan, and presented a few examples in the hearing. Commissioner Kathrin Moore reiterated yesterday that the Planning Department should use industry standard interactive 3D mapping to show true impacts of increased heights or density as many residents struggle to fully grasp the impact of proposed height or density zoning changes based on numbers alone.

Last year, neighborhood advocacy groups had to step in and develop their own renderings to show changes in massing and building heights. Even architects who are opposed to detailed renderings have suggested providing street views from 40 feet and shadow studies. Simply put, residents need to be able to visualize the breadth and scale of these changes.

3. Supervisor Outreach:

We commend the Supervisors who have been proactive at engaging with their constituents. Unfortunately that is not consistent across the districts. At a minimum, Supervisors in impacted districts (Districts 1, 2, 3, 4, 5, 7, and 8) should assist their constituents by notifying them about the upcoming upzoning plan, inviting them to relevant Planning Commission and Board of Supervisors hearings, and hosting at least one town hall in their district prior to the plan's approval by the Mayor.

We strongly urge the Land Use Commission to support Supervisor Chan's ordinance, along with the additional outreach and visualizations, to ensure full transparency in San Francisco's rezoning process.

Sincerely,
Lori Brooke

Legislative Aide San Francisco Board of Supervisors,

Hello,

I am a concerned community member writing to urge you to support Supervisor Chan's proposed legislation (Board File No. 241210) to require public noticing for San Francisco's Housing Element Rezoning Program.

The SF Planning Department has just unveiled its new map, proposing to change development rules throughout many of the City's neighborhoods, called upzonings or rezonings. Most residents and small businesses don't know that their building is on the upzoning map. Residents and businesses should be aware of what the City is proposing and how these changes might affect them.

I urge you to support Supervisor Chan's proposed legislation to require public noticing for SF's Housing Element Rezoning Program to ensure all impacted parties are notified. Public noticing is critical to ensure that the people and small businesses who may be displaced or otherwise impacted by the upzonings know what's happening and understand how it affects their lives.

Thank you.

Hello,

I am a concerned community member writing to urge you to support Supervisor Chan's proposed legislation (Board File No. 241210) to require public noticing for San Francisco's Housing Element Rezoning Program.

The SF Planning Department has just unveiled its new map, proposing to change development rules throughout many of the City's neighborhoods, called upzonings or rezonings. Most residents and small businesses don't know that their building is on the upzoning map. Residents and businesses should be aware of what the City is proposing and how these changes might affect them.

I urge you to support Supervisor Chan's proposed legislation to require public noticing for SF's Housing Element Rezoning Program to ensure all impacted parties are notified. Public noticing is critical to ensure that the people and small businesses who may be displaced or otherwise impacted by the upzonings know what's happening and understand how it affects their lives.

Thank you.

Re: BOS LF No. 241210: Planning Code - Notice for Housing Element Rezoning

Dear Committee Chair Supervisor Melgar, Supervisor Mahmood and Supervisor Chen:

Every resident and business owner deserves to be fully informed about major land-use decisions that will reshape their neighborhoods.

As the Planning Department staff shared at the 4/10 Planning Commission hearing, Mayor Lurie's Upzoning & Density Decontrol Plan is a broad and sweeping change to San Francisco that will forever change our city. And yet, most residents are unaware of it.

Neighborhood United SF, which represents over 50 neighborhood organizations, requests your support for this "right to know" legislation, which would require clear and direct notification of height or density changes to property owners and those within 300 feet of affected parcels. This legislation was approved by the Planning Commission (Resolution 21706) with a 5-2 vote.

We are grateful to Supervisors Connie Chan, Chyanne Chen, Jackie Fielder, Shamann Walton, and Stephen Sherrill for their leadership in supporting this critical transparency measure.

We strongly recommend that the Land Use Commission fully support this legislation, and additionally, ask you to consider the following:

1. Planning Department Outreach:

The Planning Department should be required to develop and publish a new

comprehensive outreach plan to most impacted neighborhoods (at a minimum: Districts 1, 2, 3, 4, 5, 7, and 8).

The Planning Department publicly stated that last year's outreach was sufficient, but Planning Staff highlighted yesterday (4/10 commission hearing) that this plan - specifically the density decontrol represented by the light blue is a *significant change* from the prior map. The density decontrol is not a widely understood concept, and the huge swaths of light blue color on the map lead most people to think it was the background color - not a material change in zoning. Given the insufficient communication around the prior 4-plex and 6-plex legislation, a new and robust outreach effort is essential on Mayor Lurie's plan.

2. Effective Visualizations:

The Planning Department acknowledged yesterday the importance of creating visuals to help communicate the plan, and presented a few examples in the hearing. Commissioner Kathrin Moore reiterated yesterday that the Planning Department should use industry standard interactive 3D mapping to show true impacts of increased heights or density as many residents struggle to fully grasp the impact of proposed height or density zoning changes based on numbers alone.

Last year, neighborhood advocacy groups had to step in and develop their own renderings to show changes in massing and building heights. Even architects who are opposed to detailed renderings have suggested providing street views from 40 feet and shadow studies. Simply put, residents need to be able to visualize the breadth and scale of these changes.

3. Supervisor Outreach:

We commend the Supervisors who have been proactive at engaging with their constituents. Unfortunately that is not consistent across the districts. At a minimum, Supervisors in impacted districts (Districts 1, 2, 3, 4, 5, 7, and 8) should assist their constituents by notifying them about the upcoming upzoning plan, inviting them to relevant Planning Commission and Board of Supervisors hearings, and hosting at least one town hall in their district prior to the plan's approval by the Mayor.

We strongly urge the Land Use Commission to support Supervisor Chan's ordinance, along with the additional outreach and visualizations, to ensure full transparency in San Francisco's rezoning process.

Sincerely,
Lori Brooke

Dear Chair Melgar, Supervisor Mahmood, and Supervisor Chen,

On behalf of Neighborhoods United SF — a coalition of over 50 neighborhood organizations across San Francisco — please find the attached letter in strong support of Supervisor Chan’s *Right to Know* legislation (BOS LF No. 241210), which would ensure direct notification to residents and small businesses impacted by major zoning changes.

We urge the Land Use and Transportation Committee to advance this essential transparency measure and consider the additional recommendations outlined in our letter regarding outreach, visualization tools, and Supervisor engagement.

A hard copy of this letter will also be provided in person at today’s hearing.

Thank you for your time and consideration.

Sincerely,
Lori Brooke

April 14, 2025

The Land Use Committee of the San Francisco Board of Supervisors
City Hall
1 Dr. Carlton B. Goodlett Place
San Francisco, California 94102

Good afternoon Chairperson Melgar and Members of the San Francisco Board of Supervisors
Land Use Committee,

I am writing in regard to Item Numbers 1 and 2 in today's agenda.

On Item 1, I ask that you not approve the rescinding of the conditional use authorization for formula retail on Van Ness Avenue in between Broadway and Redwood Street.

On Item 2, I ask that you approve the amendment to require notice of rezoning intended to comply with the Housing Element law.

The reasoning behind both of these requests is simple. In the times we are living in, we are currently seeing the power and voice of the people consistently eroded through unilateral orders and legislation acting on behalf of special interest. As a city that purports to uplift the voice of the people, it would be a contradiction to both remove their ability to inform the kind of business that matches and cultivates the ecosystem of any business corridor in this city or to deprive them of the notice of the drastic and sweeping changes as proposed by the rezoning plan.

Specific to Item 1, in light of the unstable and disingenuous nature of formula retail in today's market and its capricious relationship with our city, this change for this kind of retail does not make economic sense. It is also seemingly and singularly supportive to the rezoning of Van Ness Avenue by not taking into account the valuable local businesses already there and only erodes their protections when they need them the most. It more or less secures the right of formula retail over mom and pop, and fast forwards to the inevitable outcome of rezoning on local small business by unfettering the restrictions on the only businesses that will be able to afford retail space in new developments: corporations.

Specific to Item 2, I would like to thank Supervisor Chan for introducing this amendment as it displays her understanding of her role as Supervisor to inform her constituents and all San Franciscans of possible major changes to our City and give them transparency, understanding, and at least some ability to determine what happens in their community.

I know that the Members of this Committee and the entire Board of Supervisors are always cognizant that they not only serve at the discretion of the people of the City and County of San Francisco, but also in compliance with the laws of the State of California, and indeed, our Nation. I also understand that striking a balance between these may, at times, prove difficult, especially with mandates that are onerous and specious in nature or act against the will of the

people by design. I strongly urge, however, that the balance fall in favour of the people. An informed and consenting people are not an impediment to progress.

Sincerely,

Stephen Torres
District 9 Resident and Legacy Business Worker

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear Supervisors,

Today, the Land Use and Transportation Committee will hear Supervisor Chan's Right To Know Legislation.

I hope I can count on each of you to support this legislation when it comes before you at the Land Use and Transportation Committee hearing today and when it comes before the full BOS.

Your constituents deserve this consideration. Transparency is absolutely essential in the conduct of all city business.

Sincerely,
Donna Howe

Subject: Support for Neighborhood Notification in Housing Element Rezoning – Board File No. 241210
Date: Monday, April 14, 2025 9:22:51 AM
Attachments: [D4ward - Support Neighborhood Notification\[1\].docx](#)

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear Supervisors,

D4ward is an economic & social justice advocacy group comprised of progressive activists in San Francisco's District 4. We urge you to support Supervisor Chan's proposed legislation (Board File No. 241210) to require public noticing for San Francisco's Housing Element Rezoning Program.

The SF Planning Department has just unveiled its new up-zoning map, proposing to change development rules throughout many of the City's neighborhoods. However, most residents and small businesses don't know that their building is going to be up-zoned. Residents and businesses should be aware of what the City is proposing and how these changes might affect them.

I urge you to support Supervisor Chan's proposed legislation to require public noticing for SF's Housing Element Rezoning Program to ensure all impacted parties are notified. Public noticing is critical to ensure that the people and small businesses who may be displaced or otherwise impacted by the up-zonings know what's happening and understand how it affects their lives.

Sincerely,
Erica Zweig

April 14, 2025

The Land Use Committee of the San Francisco Board of Supervisors
City Hall
1 Dr. Carlton B. Goodlett Place
San Francisco, California 94102

Good afternoon Chairperson Melgar and Members of the San Francisco Board of Supervisors
Land Use Committee,

I am writing in regard to Item Numbers 1 and 2 in today's agenda.

On Item 1, I ask that you not approve the rescinding of the conditional use authorization for formula retail on Van Ness Avenue in between Broadway and Redwood Street.

On Item 2, I ask that you approve the amendment to require notice of rezoning intended to comply with the Housing Element law.

The reasoning behind both of these requests is simple. In the times we are living in, we are currently seeing the power and voice of the people consistently eroded through unilateral orders and legislation acting on behalf of special interest. As a city that purports to uplift the voice of the people, it would be a contradiction to both remove their ability to inform the kind of business that matches and cultivates the ecosystem of any business corridor in this city or to deprive them of the notice of the drastic and sweeping changes as proposed by the rezoning plan.

Specific to Item 1, in light of the unstable and disingenuous nature of formula retail in today's market and its capricious relationship with our city, this change for this kind of retail does not make economic sense. It is also seemingly and singularly supportive to the rezoning of Van Ness Avenue by not taking into account the valuable local businesses already there and only erodes their protections when they need them the most. It more or less secures the right of formula retail over mom and pop, and fast forwards to the inevitable outcome of rezoning on local small business by unfettering the restrictions on the only businesses that will be able to afford retail space in new developments: corporations.

Specific to Item 2, I would like to thank Supervisor Chan for introducing this amendment as it displays her understanding of her role as Supervisor to inform her constituents and all San Franciscans of possible major changes to our City and give them transparency, understanding, and at least some ability to determine what happens in their community.

I know that the Members of this Committee and the entire Board of Supervisors are always cognizant that they not only serve at the discretion of the people of the City and County of San Francisco, but also in compliance with the laws of the State of California, and indeed, our Nation. I also understand that striking a balance between these may, at times, prove difficult, especially with mandates that are onerous and specious in nature or act against the will of the

people by design. I strongly urge, however, that the balance fall in favour of the people. An informed and consenting people are not an impediment to progress.

Sincerely,

Stephen Torres

Dear Chair Melgar and Fellow Supervisors:

Please approve this file and move it on to the full Board.

Democracy requires that such a major change to Land Use in San Francisco receive wide-spread notice.

San Francisco property owners, tenants, and small business proprietors deserve this.

Please use the notice of Jury Service as a template for notification.

A card similar to this can contain the information your constituents need to know.

A card sent in the mail with a **red** highlight would get recipients attention.

Please see below.

Thank you.

Sincerely,

RE: STRONG SUPPORT – Notice for Housing Element Rezoning (File No. 241210)

Dear Supervisors Melgar, Chen, and Mahmood,

On behalf of the Telegraph Hill Dwellers (THD), we are writing to express our **STRONG SUPPORT** for the above-cited Housing Element Rezoning Notice legislation co-sponsored by Supervisors Chan, Fielder, Walton, and Chen.

Big changes are being proposed to San Francisco, upzoning changes that will affect major portions of the City. Neighborhoods may be at risk, with tens of thousands of parcels affected.

Yet, most people don't even know about these changes. Or, what they will mean for them, their family, their property, their home, and their neighborhood.

People deserve to know. The City owes a duty to tell them.

Please support this right-to-know legislation and recommend its approval to the full Board of Supervisors.

Sincerely,

Stan Hayes

Subject: RE: Ordinance #241210- Notice for Housing Element Rezoning-

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

RE: Ordinance #241210

Dear Land Use Committee Chair Melgar and members Chen and Mahmood,

The San Francisco Tenants Union concurs with Supervisor Chan and sponsors: Supervisors Fielder, Chen, Walton and Sherrill that "despite the Planning Department's public outreach efforts, many property owners, residents, and business owners of the properties that could be upzoned are either completely unaware, or only vaguely aware, of the proposed Housing Element Rezoning Program."

Therefore, we agree with the language and the concept of **Ordinance #241210** that "it is reasonable and in the public interest to enhance outreach and public notice to property owners, residents, and business owners likely to be affected by the City's prospective upzoning and that "expanding the public's knowledge of the nature, scale, and reasonably anticipated effects of the upzoning can help the public better understand and better adapt to the proposed changes. This ordinance will serve those purposes by establishing procedures for providing public notice of proposed increases in height limits and/or density limits pursuant to the Planning Department's Housing Element Rezoning Program."

The San Francisco Tenants Union recommends that the Land Use Committee forwards this Ordinance to the full BOS with a positive recommendation. Thank you.

Sincerely,
Anastasia Yovanopoulos, Coordinator
SF Tenants Union Land Use & Planning Watch Committee

Subject: Land Use Committee April 14 Support for agenda Item #2 -- 241210 Housing Element PostCard Notification

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear Chair Melgar and Supervisors Chen and Mahmood,

Re: Monday April 14 LUC agenda item # 2 - 241210

I strongly urge you to support Supervisor Chan's proposed ordinance for public notification under the San Francisco Housing Element.

It is imperative that with a plan of such magnitude affecting large sections of the city, such as the Housing Element rezoning, that ALL communication methods be utilized to inform as many residents as possible.

Let's not assume that notifying certain neighborhood groups and organizations is a sufficient communication process, when their membership and reach is very limited. And let's not think it's sufficient or efficient to only hold a small number of "town halls," which are limited to one-sided presentations, with no real time for comment or questions from attendees, and whose "town hall" attendance is built from notifying the same small circle of groups. This results in a closed loop of informed residents, leaving out the majority of San Francisco residents/voters.

The information gap is widened when computer usage is incorrectly assumed to be universal. 25 percent of SF households do not have internet access or computers. The gap gets even wider when factoring in the reality that most computer/internet users don't spend their time checking City Hall agendas or websites for issues that might affect them.

The postcard notification process would not be invoked for individual projects or every little code change, as some opponents would have you fear.

Rather, at a time when democracy, equity, and inclusion are being drastically reduced on the national level, passing this ordinance would ensure their application in the process when such citywide life-changing residential zoning and land use matters are proposed in San Francisco.

City planning should be a collaborative process, not government by bureaucratic decree.

Change is effected and accepted more fairly if prior knowledge is shared widely, rather than hidden or closely held by selective groups, as is often the case at City Hall.

Please pass this measure in the name of good government, transparency, and democratic fairness.

Thank you.

Lorraine Petty
D2 resident

Regarding: 241210, Planning Code - Notice for Housing Element Rezoning,

Dear Supervisors Melgar, Chen and Mahmood,

I write in support of the Notice for Housing Element Rezoning, also known as the Right to Know legislation. My appreciation to Supervisors Chan, Fielder, Walton and Chen for sponsoring this important bill.

Renters, homeowners, prospective new residents, business owners and all who call San Francisco home are invested in myriad ways in our neighborhoods, and have a right to know about the significant scale of the proposed rezoning making its way through our legislative process.

Challenges to notification such as the cost of mailing and/or added workload should not be insurmountable obstacles to informing citizens who may be personally impacted by the rezoning.

Thank you for the opportunity to comment.

Sincerely,
Courtney Damkroger

Subject: Support for Neighborhood Notification in Housing Element Rezoning – Board File No. 241210

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear Supervisors,

As a long-time resident of San Francisco and a firm believer in the importance of public participation in our government, I support notification for legislative rezonings associated with the Housing Element, as outlined in Board File No. 241210.

San Francisco is now having to follow the state-mandated effort to up-zone neighborhoods across the city, even when this does not make sense either economically or in terms of the projected future population of the City. (I recommend listening to the excellent testimony from NUSF members at last Thursday's Planning Commission hearing to learn the facts that pertain to this issue.)

Nevertheless, here we are. Therefore, it is essential that property owners, tenants, small businesses, and commercial lessees are kept informed of the changes that will impact their homes and their livelihoods. Meaningful notification ensures that the people most directly affected by these changes to heights and density have the opportunity to understand, engage, and participate in shaping the city's future.

Yes, this will cost money. San Francisco spends a lot of money on projects that are, well, marginal to say the least. I am sure we can all name at least one (neck-downs?)

The public must be informed and encouraged to participate in government. This is especially important at this time, when we are facing the threat of an authoritarian government at the national level.

I urge you to adopt this legislation.

Thank you for your consideration.

Katherine Howard

Re: Support for Neighborhood Notification in Housing Element Rezoning – Board File No. 241210

Dear Supervisor Chan,

On behalf of the West of Twin Peaks Central Council (WTPCC), we write in support of requiring direct neighborhood notification for legislative rezonings associated with the Housing Element, as outlined in Board File No. 241210. Our organization, composed of longstanding neighborhood associations from across San Francisco's west side, believes that fundamental tenets of good government—transparency, inclusion, and public trust—must guide the City's efforts to meet state housing obligations.

San Francisco is embarking on a significant, state-mandated effort to upzone neighborhoods across the city. While we acknowledge the legal imperative and recognize the goal of providing more housing, it is essential that property owners, tenants, and small businesses and commercial lessees are not left in the dark. Meaningful notification ensures that individuals most directly affected by these changes to heights and density have the opportunity to understand, engage, and participate in shaping the city's future.

We recognize that the scale of this effort—potentially affecting hundreds of thousands of properties—poses real fiscal and operational challenges. We encourage the Board to adopt the prudent taxpayer recommendation to allocate sufficient funding to cover the cost of mailed notices. Good government requires investment in civic trust.

We also support the additional recommendations from Planning to clarify the scope of the notice—focusing on properties directly proposed for upzoning and their immediate neighbors and people within a 300-foot radius and to provide flexibility on the format and content of notices while maintaining legibility and access. These common-sense changes balance transparency with practicality.

WTPCC believes that property owners have both rights and responsibilities in the planning process. Rezonings or changes that could substantially increase development potential should not proceed without deliberate and respectful notice to those impacted. In a fast-moving policy environment driven by state mandates, the City must not lose sight of the principle that residents deserve to be informed—and that their voices matter.

We urge you and your colleagues to adopt this legislation, incorporating constructive, taxpayer friendly amendments. Doing so will strengthen public confidence, ensure fair process, and reinforce the City's commitment to equity and engagement.

Thank you for your leadership.

Sincerely,

Denise LaPointe

Subject: Expanding Housing Choice plan
Date: Thursday, April 10, 2025 8:34:33 AM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Please reconsider this plan, especially for the Richmond District. It will change the character and aesthetics of the neighborhood for the worse, block sunlight and reduce green spaces, displace many small businesses and tenants living in rent controlled apartments and increase traffic congestion. It will not meet the need for affordable housing. The Richmond District does not have the infrastructure to support this kind of growth, especially water for firefighting and public transportation. The streets are already crowded with traffic and during rush hour and after school the buses are full. Any infrastructure issues, and also the possibility of people who do not want to sell their properties or vacate their homes being forced out by unfair tactics should be addressed before a plan is adopted.

Sincerely,

Nina Block

Legislative Aide San Francisco Board of Supervisors,

Hello,

I am a concerned community member writing to urge you to support Supervisor Chan's proposed legislation (Board File No. 241210) to require public noticing for San Francisco's Housing Element Rezoning Program.

The SF Planning Department has just unveiled its new map, proposing to change development rules throughout many of the City's neighborhoods, called upzonings or rezonings. Most residents and small businesses don't know that their building is on the upzoning map. Residents and businesses should be aware of what the City is proposing and how these changes might affect them.

I urge you to support Supervisor Chan's proposed legislation to require public noticing for SF's Housing Element Rezoning Program to ensure all impacted parties are notified. Public noticing is critical to ensure that the people and small businesses who may be displaced or otherwise impacted by the upzonings know what's happening and understand how it affects their lives.

Thank you.

Date: Friday, April 4, 2025 5:57:37 PM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear Board of Supervisors,

I am writing to express my strong opposition to the currently proposed blanket upzoning map for San Francisco. While the intent may be to address the affordable housing shortage, this plan risks fueling gentrification, leading to the demolition of existing affordable housing and the displacement of long-term residents and small businesses. Such changes threaten the unique identity and diversity of our neighborhoods.

The unchecked development of luxury condos will not only alter the city's historic and iconic landscapes but also push residential communities toward over development, making them less accessible to working families. Additionally, the increased density will strain infrastructure, worsen traffic congestion, and further reduce the affordability of housing for those who need it most.

I stand with Neighborhoods United SF in urging you to reconsider this approach. We must pursue alternative solutions that truly address the housing crisis without compromising the stability of our communities.

Thank you for your attention to this pressing issue. I appreciate your dedication to protecting the well-being of our city and its residents.

Sincerely,

For the public records

March 27, 2025

To Clerk of the Board and San Francisco Board of Supervisors and Staff

Supervisors and Staff:

re: Ordinance 241210 - amending the Planning Code to require notice of rezoning intended to comply with Housing Element law; affirming the Planning Department's determination under the California Environmental Quality Act; making findings of consistency with the General Plan, and the eight priority policies of Planning Code, Section 101.1; and making findings of public necessity, convenience, and welfare pursuant to Planning Code, Section 302

Coalition for San Francisco Neighborhoods and our members join many other neighborhood groups in supporting the plan to inform the public about the rezoning plans while they are underdevelopment. Given all the changes at all levels of government, the public does not need any more surprises.

We support Supervisor Chan's process for establishing a program for notice with the SF Planning Department, and request that the plan be approved by the SF Board of Supervisors when it comes before you for a vote.

Please don't hesitate to let us know how we can help in this effort.

Sincerely,

Mari Eliza, CSFN Land Use and Transportation Chair
