[Declaration of Election Results - June 2, 2026 - Consolidated Statewide Direct Primary Election]

Resolution declaring the results of the June 2, 2026, Consolidated Statewide Direct Primary Election.

WHEREAS, A Consolidated Statewide Direct Primary Election was conducted in the City and County of San Francisco on Tuesday, June 2, 2026, which places before the electorate candidates for the San Francisco Board of Supervisors, the Governing Board of the San Francisco Unified School District, San Francisco Superior Court, and local ballot measures; and

WHEREAS, John Arntz, the Director of Elections for the City and County of San Francisco, has certified the results of the Consolidated Statewide Direct Primary Election, a copy of which is contained in Board File No. 260753, and which is incorporated herein by reference; now, therefore, be it

RESOLVED, That this Board of Supervisors declares, under California Elections Code, Sections 9269 and 15400, the results of the Consolidated Statewide Primary Election conducted in the City and County of San Francisco on Tuesday, June 2, 2026, as certified by the Director of Elections, as follows:

SECTION 1. LOCAL ELECTIVE OFFICES.

The persons listed below are declared elected to the offices indicated:

1. STEPHEN SHERRILL

Member, Board of Supervisors, District 2

2. ALAN WONG

Member, Board of Supervisors, District 4

3. PHIL KIM

Member, Board of Education

SECTION 2. OTHER ELECTIVE OFFICES.

1. PHOEBE H. MAFFEI

Superior Court Judge, Seat 16

SECTION 3. LOCAL BALLOT MEASURES.

Each measure listed below is declared adopted:

1. Bond

The following Bond required and received an affirmative vote of two-thirds (66.67%) of the votes cast thereon and was therefore passed by the voters:

PROPOSITION A: Earthquake Safety and Emergency Response Bond

2. Charter Amendment

The following Charter Amendments required and received an affirmative vote of a majority (50%, plus 1) of the votes cast thereon and were therefore passed by the voters:

PROPOSITION B: Lifetime Term Limits for Mayor and Members of the Board of Supervisors.

All other local ballot measures failed to meet the legally required vote thresholds for adoption.

CITY AND COUNTY OF SAN FRANCISCO
DEPARTMENT OF ELECTIONS John Arntz, Director

Honorable Members of the Board of Supervisors
City and County of San Francisco
1 Dr. Carlton B. Goodlett Place, Room 244
San Francisco, California 94102

Statement of the Results
Consolidated Statewide Direct Primary Election – June 2, 2026

I, John Arntz, Director of Elections, certify that I have canvassed the ballots cast at the Consolidated Statewide Direct Primary Election held on Tuesday, June 2, 2026, in the City and County of San Francisco, in the manner required by Division 15 of the California Elections Code.

I certify that I began the canvass immediately upon the close of the polls on June 2, 2026, and, as a result of the tabulation of all votes recorded, present a complete record entitled "Statement of the Results of the San Francisco Consolidated Statewide Direct Primary Election – June 2, 2026." I also declare that the number of ballots cast in said election was 271,520; therefore, 50.89% of San Francisco's 533,546 registered voters voted in this election.

In accordance with California Elections Code section 15400, I certify that the total number of votes cast for each candidate and for and against each measure is shown in this Statement of the Results and the precinct detail of all votes cast appears in the Statement of the Vote, which is posted on the Department of Elections' website at ***sfelections.gov/results*** and is incorporated by reference into this Statement of the Results.

This Statement of the Results includes tables that summarize total votes cast in each contest, organized as follows:

A. **Voter-Nominated Offices**
   1. Governor
   2. Lieutenant Governor
   3. Secretary of State
   4. State Controller
   5. State Treasurer
   6. Attorney General
   7. Insurance Commissioner
   8. Board of Equalization, District 2
   9. U.S. Representative, District 11
   10. U.S. Representative, District 15
   11. State Assembly, District 17
   12. State Assembly, District 19

B. **Nonpartisan Offices**
   1. Judge of the Superior Court, Seat 16
   2. Superintendent of Public Instruction

C. **Local Offices**
   1. Member, Board of Supervisors, District 2
   2. Member, Board of Supervisors, District 4
   3. Member, Board of Education

D. **City and County Propositions**
   1. **A,** Earthquake Safety and Emergency Response Bond
   2. **B,** Lifetime Term Limits for Mayor and Members of the Board of Supervisors
   3. **C,** Decreases to Business Taxes
   4. **D,** Increases to Business Tax Based on Comparison of Top Executive's Pay to Employees' Pay

This Statement of the Results omits the contests for State Senate District 2, and State Assembly in Districts 12 and 18 since these districts include no voters registered in San Francisco. The boundary for the City and County of San Francisco includes small, uninhabited areas of Angel Island and Alameda Island. The district boundaries of the referenced state offices have been drawn to incorporate these small areas of San Francisco's territory on the islands.

The area of San Francisco on the southeast side of Angel Island is within the boundaries for State Senate District 2 and State Assembly District 12. The area of San Francisco on the northwest side of Alameda Island is within the boundaries State Assembly District 18. Other than these uninhabited Census blocks on the islands attributed to San Francisco, the referenced districts lie entirely within Marin and Alameda Counties.

The results tables for local measures include an arrow (→) next to the position receiving the most votes. For contests that were also voted upon in other counties or statewide in addition to San Francisco, the results shown are for San Francisco only; the overall results for such contests may differ. For complete results for multi-county, state, and federal contests, visit the California Secretary of State's website at ***sos.ca.gov***.

For this election, all voters used two-card ballots, with the content on each card as follows:

Card 1: Voter-nominated offices of Governor, Lieutenant Governor, Secretary of State, State Controller, State Treasurer, and Attorney General, and State Insurance Commissioner.

Card 2: Voter-nominated offices of Board of Equalization (District 2), United States Representative (District 11 or 15), and Member of the State Assembly (District 17 or 19); nonpartisan offices of Judge of the Superior Court (Seat 16), State Superintendent of Public Instruction, Member of the San Francisco Board of Education, City and County propositions A – D, and Member of the San Francisco Board of Supervisors (District 2 or 4).

Voting System and Election Transparency

The City's voting system allows for increased election transparency through the posting of images of voted ballots, equipment transaction logs, and other election reports, all of which will be posted with the final election results on the Department's website, ***sfelections.gov***.

Voted ballot images. The City's voting system captures images of each voted ballot cast in an election. This creates a visual history of how ballots were marked. After each election, the Department posts the ballot images on its website, allowing members of the public to view each voted ballot cast in the City. Prior to posting the ballot images, the Department reviews the images and redacts identifying information that voters may have placed on ballot cards.

AuditMark. In addition to the voting system capturing images of voted ballot cards, the system also adds an explanation at the bottom of each ballot image indicating how the voting equipment interpreted and tallied each vote mark. These explanations, or AuditMarks, provide the public with information on how the voting system operates in relation to the recording and reporting of every vote cast in this election. This means that for every oval with a mark inside the voting target, even for partial marks, the voting system adds an explanation to the images of voted ballots of how the system understood and registered the markings within each oval.

Ballot Audit and Review. The Department will post an application that allows the public to sort the ballot images according to precinct, contest, and district. The City is the first jurisdiction in the country to utilize this application, known as "Ballot Audit and Review."

Cast Vote Record. The Department posted a "Cast Vote Record" that lists each vote recorded on each ballot card. The data provided in the Cast Vote Record is captured from the ballots as the ballots are scanned by the voting equipment and before vote tabulation occurs, allowing members of the public to tabulate votes from specific precincts, districts, etc. and compare against the official election results.

SHA-512 Cryptographic Hash Algorithm
The Department of Elections applied a SHA-512 cryptographic function to reports associated with this election to establish the integrity of the results in a verifiable manner. Attachment 2 provides information regarding the SHA-512 hash values for all electronic files associated with the final, certified results reports.

Attachments
Attachment 1 provides a table that lists the votes cast in each contest, and for and against each City Proposition.

Attachment 2 is the list of SHA-512 hashes associated with each final election results report and machine audit logs.

Attachment 3 is the report from the manual tallies that the Department conducted on randomly selected polling place, vote-by-mail, and provisional ballots to confirm that the voting equipment operated properly, and accurately counted and reported election results.

In witness whereof, I hereby affix my hand and seal this 25th day of June 2026.

John Arntz, Director of Elections

June 2, 2026, Consolidated Statewide Direct Primary Election
Results of 1% Post-Election Manual Tallies

Pursuant to state elections law, the San Francisco Department of Elections (Department) is required to conduct a manual tally of all ballots cast in 1% of San Francisco's polling places and 1% of the vote-by-mail ballots (VBM) cast, and may also manually tally 1% of provisional ballots (PV) cast, as part of the Official Canvass of the election. The Department compares the results of the manual tallies to the results reports generated by the voting equipment used to tabulate ballot cards. The purpose of the manual tallies is to verify the accuracy of the voting equipment used in the election. Upon completion of the 1% manual tallies, the Department prepares a report on the results of the manual tallies and includes the report in the certification of the Official Canvass for the election.

The following is a report on the results of the manual tallies of 1% of the polling place, vote-by-mail, and provisional ballots cast in the June 2, 2026, Consolidated Statewide Direct Primary Election.

Random Selection of Precincts
On June 16, 2026, the Department conducted a random selection of precincts and batches for the manual tallies in accordance with California Elections Code section 15360.

Five days prior to selecting the precincts and batches for the manual tallies, the Department issued a press release and posted a public notice on its website, *sfelections.org*, and outside its office, announcing the date, time, and place of the random selection of precincts and batches. Additionally, the Department webcast the random selection process and posted the recording on its website.

For the June 2026 election, the Department was required to conduct a manual tally of ballots cast in a minimum of five precincts, to represent 1% of San Francisco's 501 polling places included in the election, 10 VBM batches to represent 1% of vote-by-mail ballots cast and, one PV batch to represent the 1% of the provisional ballots cast. State elections law also requires a manual tally of votes cast to be conducted on all contests present in the election.

The random selection was divided into three categories. The first category was for selecting precincts for ballots cast at the polling places. The second category was for selecting batches (or boxes) VBM ballots. The third category was for selecting a batch (or box) of PV ballots.

The Department used three 10-sided dice to randomly select the precincts, four 10-sided dice to select batches of VBM ballots, and two dice to select one batch of PV ballots. The ballot types of the initial five precincts selected did not include three contests voted upon in the election: State Assembly Member District 19, Board of Supervisors District 2, and Board of Supervisors District 4. To include these contests in the manual tallies, the Department randomly selected two additional precincts that with ballot types including the contests. The additional precincts selected were 9229 (for State Assembly Member District 19 and Board of Supervisors for District 2) and 9417 (for Board of Supervisors District 4). The Department manually tallied these specific contests for the two additional precincts. The list of randomly selected precincts and batches, and contests tallied in each precinct in Part I at the end of this report.

Conducting the 1% Manual Tallies

The 1% manual tallies of randomly selected precincts and batches began on June 17, 2026, and was completed on June 18, 2026. The manual tallies were conducted in the Department's warehouse at Pier 31, which is located along The Embarcadero. The manual tallies were open to public observation both in person and via live streaming on the Department's website at *sfelections.gov/live*.

For each selected precinct and batch, Department personnel manually tallied votes cast on the ballots, including polling place ballots cast using the Ballot Scanning Machines (BSM), and accepted vote-by-mail and provisional ballots, including those issued at the Department's City Hall Voting Center. Vote-by-mail and provisional ballots, and paper duplications of ballots through the remake process using the Ballot Marking Device are tabulated using the ImageCast Central (ICC) machines. The manual counts were then compared against the results reports generated from the voting system. If there were any discrepancies between the two tallies, the Department sought to resolve or explain the discrepancies and documented the resolutions using Manual Tally Incident forms.

The Department organized 12 teams comprised of four personnel in each team to manually tally the ballots. Each team was assigned one precinct or one batch to count at a time. After all the votes for a contest had been counted, a supervisor verified whether the manual count matched the machine count. If all the vote counts matched, the team proceeded to the next contest until all the contests on the ballot card had been counted.

Results of the 1% Manual Tallies

In accordance with the Post-Election Manual Tally Emergency Regulations, a "variance" means any difference between the machine tally and the manual tally for a contest, including, but not limited to, differences due to machine malfunction, operator error, or voter error in marking a ballot. Upon completion of the manual tallies associated with ballots cast in San Francisco for the June 2, 2026, Consolidated Statewide Direct Primary Election, the Department found only two incidences of mismatch in votes counted. This was in the Attorney General contest in VBM batch tray 94 for the overvotes and undervotes which were off by 1 vote (see Part III for description).

Overall, the manual tallies and the results reports issued by the voting system were consistent with one another. The results of the 1% manual tallies confirmed that the voting equipment used in the June 2026 election accurately tabulated and reported votes cast for contests and measures appearing on the official ballot.

The following are tables that summarizes the manual tallies.

Michael Gates	60	61	+1
Marjorie Mikels	18	18	0

During the review, the voter intent on two ballot cards listing the contest for Attorney General may not have been registered by the scanning machines when processed due to light pencil markings. If the scanning machines did not detect these markings as being ambiguous then the cards were not included in adjudication to review voter intent. Another ballot card may have included an undervote that was reported but the manual tally did not identify a card to resolve this difference.

One ballot included a potential overvote in which the voter both marked the bubble for Marjorie Mikels and wrote in "Marjorie Mikels" in the space provided for write-in candidates. If this ballot was adjudicated as an overvote, it could account for the missing overvote. However, reclassifying that ballot as an overvote would reduce the Marjorie Mikels total by one vote and would still leave the undervote count over by one ballot

DATE: June 26, 2026

RE: Election Results and Effective Dates of Approved Ballot Measures

In this memorandum, we summarize the process for the City to declare election results for local ballot measures and the dates measures approved by the voters in the June 2, 2026 election will become effective (that is, the date the measures will "go on the books" as law).

The effective dates that we identify are estimates; further action that the Board of Supervisors (the "Board") and the Secretary of State must take will determine the actual effective dates of those measures. as we describe below.

Interested third parties should not rely on this memorandum regarding effective dates for particular measures as a substitute for consulting with their own attorneys.

Final Election Results

- California Elections Code section 15372 requires the Department of Elections ("the Department") to complete the final official canvass of votes and to certify the election within 30 days after the election. Cal. Elec. Code § 15372. The Department submits the certified results to the Board, which must then adopt a resolution declaring the results of the election. *Id.* at §§ 9269, 15400. On June 25, 2026, the Department certified the results of the June 2, 2026, election. We anticipate that the Board will approve a resolution declaring the results of this election at its meeting on June 30, 2026.

Effective Date of Ballot Measures

- *Charter amendments* – After the Board declares the election results, the Director of Elections must submit to the Secretary of State a copy of any Charter amendment adopted by the voters. Cal. Elec. Code § 9269. The amendment becomes effective when the Secretary of State accepts and files it. S.F. Mun. Elec. Code § 380; Cal. Gov. Code §§ 34459, 34460. In the past, the Secretary of State has accepted and filed adopted Charter amendments within approximately 30 days of submission by the City.

MEMORANDUM

- *Local initiative ordinances (including local bond measures)* – Unless the text of the measure provides otherwise, local ordinances adopted by the voters go into effect 10 days after the Board declares the results of the election. S.F. Mun. Elec. Code § 380; Cal. Elec. Code §§ 9122, 9217. Assuming the Board declares the results of this election on June 30, 2026, the General Obligation Bond Measure adopted at this election will become effective on July 10, 2026.

June 2, 2026, Local Measures

General Obligation Bond Measure

A: Earthquake Safety and Emergency Response Bond
- Effective 10 days after the Board declares the election results.

Charter Amendment

B: Lifetime Term Limits for Mayor and Members of the Board of Supervisors
- Effective when the Secretary of State files the Charter Amendment.
