### SEC. 10E.2. EASTERN NEIGHBORHOODS AREA PLANS MONITORING PROGRAM.

- (a) **FINDINGS**.
- (1) The Board of Supervisors and the Planning Commission have adopted the Eastern Neighborhoods Area Plans as part of the General Plan of the City and County of San Francisco as further described in Ordinance Nos. 297-08, 298-08, 299-08, copies of which are on file with the Clerk of the Board of Supervisors in File Nos. 081152, 081153, 081154 and are incorporated herein by reference. The Area Plans outline specific goals that cumulatively frame the community's vision for the management of growth and development in the Eastern

Neighborhoods (East SoMa, Mission, Showplace Square/Potrero Hill, and Central Waterfront).

- (2) The Eastern Neighborhoods Area Plans introduce innovative policies and land use controls to achieve the Plan goals. Successful realization of the Plan's goals requires a coordinated implementation of land use controls, community and public service delivery, key policies, and community infrastructure improvements.
- (3) The Eastern Neighborhoods Area Plans also establish general public improvements and amenities needed to meet the needs of both existing residents, as well as those needs generated by new development, and identified these in the Eastern Neighborhoods Needs Assessment. A copy of this document is on file with the Clerk of the Board of Supervisors in File No. 081155 and is incorporated herein by reference.
- (4) In order to ensure a Citywide commitment to implementation of the Eastern Neighborhoods Area Plans, the implementing agencies identified in each Plan's Implementation Matrix, including the Arts Commission, Department of Building Inspection (DBI), Department of Public Health (DPH), Division of Emergency Services (DEM), Capital Planning Committee, City Administrator's Office, Controller's Office, Department of Public Works (DPW), Human Services Agency (HSA), Mayor's Office on Community Investment (MOCI), Mayor's Office of Education, Mayor's Office of Housing (MOH), Office of Economic and Workforce Development (OEWD), or successor offices, Planning Department, Port of San Francisco, Public Utilities Commission (PUC), Recreation and Park Department (RPD), San Francisco County Transportation Authority (SFCTA), San Francisco Unified School District (SFUSD), San Francisco Municipal Transportation Agency (SFMTA), and other necessary agencies, shall be responsible for making progress towards the Plan's policies and implementation measures; for budgeting revenue towards such implementation where possible; and for cooperating with the Planning Department to report on such progress.

- (5) In order to ensure a balanced implementation of the Eastern Neighborhoods Area Plans, the Planning Department shall institute a formal monitoring program for the Area Plan policies and implementation measures. This monitoring program shall provide basic statistics on development activity, housing construction, and infrastructure improvements in the Eastern Neighborhoods Plan Areas, and shall evaluate the effectiveness of the Plans' implementation according to growth in the Plan Areas.
- (6) The purpose of this Monitoring Program shall be to provide rigorous monitoring and review of the effectiveness of the Eastern Neighborhoods Area Plans, to ensure rational growth in these neighborhoods, and to ensure implementation of improvements to accompany this growth. The program shall monitor progress towards the Eastern Neighborhoods Area Plans' objectives and policies, by evaluating advancement according to each Plan's matrix of implementation actions; and measure the balance of growth against needed improvements, according to standards established in the Eastern Neighborhoods Needs Assessment.

The Capital Expenditure Evaluation Report shall also describe how these funds have been allocated or spent for the purpose of developing capital projects as identified in the Eastern Neighborhoods Priority Capital Project list. The Capital Expenditure Evaluation shall specifically report on allocations of funds or expenditures, based on their percentages share of the total fees collected to date, toward the following Eastern Neighborhoods Priority Capital Project development activities: planning, design, environmental review, approval, and implementation. For the purposes of this section, the "Eastern Neighborhoods Priority Capital Project List" shall mean a list of capital projects which are a priority subset of the full Eastern Neighborhoods Public Benefits Program as set forth in the Eastern Neighborhoods Interdepartmental Memorandum of Understanding and amended from time to time by the Planning Commission with advice from the Eastern Neighborhoods Citizens Advisory Committee. - (B) Office of Controller Assessment. Within 60 days of receiving the Eastern Neighborhoods Capital Expenditure Evaluation Report, the Controller shall assess whether funds collected from the Eastern Neighborhoods Impact Fee are being effectively utilized for capital projects included on the Eastern Neighborhoods Priority Capital Project List, and

25.

whether such projects are successfully advancing towards implementation. For the purposes of this section, "effectively utilized" shall mean approximately eighty percent of total Eastern Neighborhoods impact fees collected in each Improvement Type category (as identified in Tables 423.5 and 423.5A) upon issuance of the Eastern Neighborhoods Capital Expenditure Evaluation Report have been allocated to one or more of the projects identified in the Eastern Neighborhoods Priority Capital Projects list, whether or not such projects have been approved or completed, or that all projects in that Improvement Type category have been funded. On or after the ten-year anniversary of Plan Adoption the Controller shall also consider whether projects that were initially funded by the issuance of the five year report, or any subsequent updated or revised report, have been fully funded and/or completed, assuming sufficient funds are available from the Eastern Neighborhoods impact fees collected to date.

(C) <u>Inclusion in Annual Capital Plan.</u> Each year the Planning Department shall submit for inclusion into the City and County of San Francisco Proposed Capital Plan for the current fiscal year, in accordance with Sections 3.20 et seq., a schedule of capital improvements to be funded, developed and implemented within the Eastern Neighborhoods, by neighborhood. That schedule shall illustrate costs and revenue streams, total projects costs and the proposed timeline for implementation.

- (2) Upon successful registration of a new Integrated PDR business, OEWD will provide each individual Integrated PDR business registrant with a dated receipt acknowledging that the subject Integrated PDR business has newly registered or updated their existing registration with OEWD. This receipt shall be referred to as an "Integrated PDR Registration Record" for purposes of this Section and Planning Code Section 328. - (3) It is the responsibility of the owner of any property subject to an Integrated PDR NSR recorded pursuant to Planning Code Sections 328 to collect and retain copies of any Integrated PDR Registration Records obtained by any tenant or occupant in a property subject to this Section.

At a subsequent meeting, when the final two voting members of the CAC have been appointed by the respective appointment process, a lottery shall be conducted in order to randomly select which member shall serve a four-year term. At a subsequent meeting, when the four non-voting members of the CAC have been appointed by the respective appointment process, a lottery shall be conducted in order to randomly select one Western SoMa Planning Area Special Use District member and one Mayoral appointee to serve a four-year term. The terms of the final two voting members and all non-voting members shall be deemed to start on the date of the first official meeting of the CAC.

- (H) The Board of Supervisors, Mayor, or Western SoMa Planning Area Task Force may renew a member's term by repeating the respective appointment process.
- (I) If the Board of Supervisors approves legislation to establish an area-specific impact fee for all or a portion of the Western SoMa Planning Area Special Use District and the fee is integrated into the Eastern Neighborhoods Impact Fee, the four non-voting members of the CAC shall automatically become voting members on the effective date of said legislation.

Staff shall participate in the Interagency Planning and Implementation Committee as set forth in Administrative Code Section 36.
- (5) The Eastern Neighborhoods CAC will automatically terminate on December 31, 2020, unless the Board of Supervisors extends the CAC's term by Ordinance.

Ordinance amending the San Francisco Administrative Code Section 10E.2 to: 1) clarify the requirements for the Controller's assessment in order to improve the City's ability to implement the goals, objectives, and policies of the Eastern Neighborhoods Plan; and 2) making environmental findings.

[Zoning Map Amendments - Eastern Neighborhoods Code Cleanup]

Ordinance amending San Francisco Zoning Map Sheets ZN01, ZN07, ZN08, and SU08 to: 1) correct technical errors made in Ordinance No. 299-08; and 2) making environmental findings, Planning Code Section 302 findings, and findings of consistency with the General Plan and the Priority Policies of Planning Code Section 101.1.

### **Existing Law**

There are three ordinances for the Eastern Neighborhoods Code Cleanup: (1) amendments to various sections of the Planning Code, (2) amendments to the City's Zoning Map to rezone a number of properties within the Eastern Neighborhoods, and (3) amendments to Section 10E.2 of the Administrative Code regarding the Controller's Assessment of the Eastern Neighborhoods Capital Expenditure Evaluation Report.

The following Planning Code Sections are amended: Section 102.5 (definition of "District"), Section 121.8 (Non-Residential Use Size Limits for PDR Districts), Section 134 (Rear Yards in R, NC, C, SPD, M, MUG, MUO, MUR, UMU, RSD, SLR, SLI and SSO Districts), Section 135 (Usable Open Space for Dwelling Units and Group Housing in R, NC, Mixed Use, C, and M Districts), Section 140 (All Dwelling Units in All Use Districts to Face on an Open Area), Section 145.1 (Street Frontages in Neighborhood Commercial, Residential-Commercial, Commercial, and Mixed Use Districts), Section 145.5 (Ground Floor Standards in Industrial

Districts), Section 151.1 (Schedule of Permitted Off-Street Parking Spaces in Specified Districts), Section 157.1 (Conditional Use Applications for Non-Accessory Parking Garages in Eastern Neighborhoods Mixed Use Districts and DTR Districts), Section 175.8 (Sunset for Integrated PDR Uses), Section 207.1 (Rules for Calculation of Dwelling Unit Densities), Sections 218 and 217 (Use District Tables for certain uses in Commercial, Industrial, and PDR Districts), Section 231A (Demolition of Industrial Buildings in PDR Districts, Replacement Requirements), Section 249.36 (Life Science and Medical Special Use District), Section 249.37 (Innovative Industries Special Use District), Section 249.38 (Transit-Oriented Retail Special Use District), Section 329 (Large Project Authorization in Eastern Neighborhoods Mixed Use Districts), Section 352 (Commission and Zoning Administrator Hearing Applications), Section 401 (Article 4 Definitions), Section 411.3 (Application of TIDF), Sections 419.2 and 419.5 (Additional Definitions and Alternatives to the Inclusionary Housing Component for Residential Development Housing Requirements in the Eastern Neighborhoods UMU Zoning Districts and the Land Dedication Alternative in the Mission NCT Districts), Section 423.5 (the Eastern Neighborhoods Public Benefits Fund), Section 607.2 (Signs in Mixed Use Districts), Section 726 (Zoning Control Table for the Valencia Street Neighborhood Commercial District), Section 734 (Zoning Control Table for NCT-2 Districts), Section 735 (Section Zoning Control Table for the SOMA Neighborhood Commercial District), Section 736 (Zoning Control Table for the Mission Street Neighborhood Commercial Transit District), Section 781.5 (Mission Street Neighborhood Commercial Transit District), Section 803.3 (Uses Permitted in Eastern Neighborhoods Mixed Use Districts and South of Market Mixed Use Districts), Section 803.8 (Housing in Mixed Use Districts), Section 803.9 (Commercial Uses in Mixed Use Districts), Section 814 (Zoning Control Table for the SPD -South Park District), Section 840 (MUG - Mixed Use General District), Section 841 (MUR -Mixed Use - Residential District), Section 842 (Zoning Control Table for the MUO - Mixed Used - Office District), Section 843 (Zoning Control Table for the UMU - Urban Mixed Use District), Section 890.49 (Definition of Integrated PDR), and Section 890.54 (Definition of Light Manufacturing, Whole Sales, Storage).

### Amendments to Current Law

Zoning Map. The majority of the proposed Zoning Map amendments ensure that all individual condominiums have the same zoning as the property on which they are located; these rezonings do not affect the allowed use or height of the building or the individual condominiums. Other amendments correct the zoning of parcels that were incorrectly rezoned in the original Eastern Neighborhoods Zoning Map amendments.

Administrative Code. The proposed amendments update the language so that 80 percent of Eastern Neighborhood development impact fees will be allocated to priority projects within each improvement category, or until all the priority projects are funded.

<u>Planning Code.</u> The majority of the proposed amendments involve technical corrections and nonsubstantive clarifications of Code language. However, the following substantive policy changes are proposed: (1) amending and clarifying the Zoning Administrator's criteria for

administrative rear yard modifications for Eastern Neighborhoods projects; (2) amending land use tables in the Mixed Use, Neighborhood Commercial, and PDR Districts that fall in the Eastern Neighborhoods plan area to provide controls for Internet Service Exchange, Tobacco Paraphernalia, Specialty Food – Self Service, and Amusement Arcades; (3) amending Large Project Authorizations in Eastern Neighborhoods to allow and provide criteria for the Planning Commission's modification of accessory use provisions for certain dwelling units in Eastern Neighborhood Mixed Use Districts; (4) amending the affordable housing Tier language in the UMU District so that any change of use in an existing space from non-residential to residential is subject only to the lowest affordability tier for the adaptive reuse of existing buildings; and (5) amending the office controls in the UMU District so that office uses greater than 25,000 square feet in historic buildings do not require a Conditional Use Authorization.

### **Background Information**

The proposed Zoning Map amendments will correct the following oversights contained in the original Eastern Neighborhoods Zoning Map amendments: (1) Condominium conversions that occurred near the time of the Eastern Neighborhood's adoption were not included in the reclassification to the new zoning, height, and Special Use Districts (SUDs). (2) The new Innovative Industries SUD was only intended for the parcels that include the American Industrial Center on 3<sup>rd</sup> Street. However, the map ordinance for the SUD unintentionally included much of the property in the Eastern Neighborhoods zoned for PDR. (3) Due to technical errors, several individual properties were incorrectly zoned and thus stand out from the properties that surround them.

The Administrative Code currently requires that 80 percent of all Eastern Neighborhood development impact fees be allocated to one or more of the projects identified in the Eastern Neighborhoods Priority Capital Projects list. However, this is in conflict with Planning Code Section 423.5, which requires specific percentages of those fees to be allocated toward certain improvement types (affordable housing, open, space, etc.). The proposed amendments to the Administrative Code update the language to avoid the conflict between the Planning and Administrative Codes while still allowing priority projects to be funded.

The amendments to the Planning Code's land use tables will provide controls for Internet Services Exchange, Tobacco Paraphernalia, Special Food – Self Service, and Amusement Arcades for certain zoning districts that fall in the Eastern Neighborhood plan area that were either inadvertently excluded in the original Eastern Neighborhoods code language or inadvertently removed by subsequent legislation. Amending Large Project Authorizations in Eastern Neighborhoods to allow the Planning Commission to modify accessory use provisions for certain dwelling units will provide greater flexibility of uses on the ground floors of new projects. The amendments to the affordable housing Tier language in the UMU District are consistent with recently updated development impact fee policy. Amending the office controls in the UMU District will make them consistent with the intent to help preserve historic buildings by permitting a larger range of uses as of right.

Recommendation:

Approval

The action before the Commission is approval of the Planning Code, Administrative Code, and Zoning Map amendments described below. These amendments were Initiated by the Planning Commission on June 23, 2011, and were duly noticed in a newspaper ad on June 29, 2011.

### PLANNING CODE AMENDMENT

The proposed Ordinances will amend the Planning Code (hereinafter "Code") to achieve the following: 1) improve Code readability and ease of application with regard to Eastern Neighborhoods; 2) correct technical errors such as incorrect section references, punctuation errors, and similar typos; 3) update criteria for rear yard modifications in the Eastern Neighborhoods; 4) update land use tables in the Eastern Neighborhoods to include omitted and/or deleted land uses; 5) add provisions to modify accessory use criteria for Large Project Authorizations in Eastern Neighborhoods Mixed Use Districts; 6) update affordable housing tiers for existing buildings in the UMU District; 7) and clarify language regulating the use of historic buildings in the UMU District.

The majority of this proposed legislation involves technical corrections and clarifications of Code language, which do not amount to substantive changes to the Code. However, there are some proposed substantive policy changes of note, including the following:

- Amending and clarifying the criteria for administrative rear yard modifications by the Zoning.
   Administrator for Eastern Neighborhood projects.
- Amending land use tables in Eastern Neighborhood Mixed Use, Neighborhood Commercial, and PDR Districts that fall in the Eastern Neighborhoods plan area to provide controls for Internet Services Exchange, Tobacco Paraphernalia, Specialty Food – Self Service, and Amusement

Arcades where they had been inadvertently excluded in the original Eastern Neighborhoods code language or inadvertently removed by subsequent legislation.

- Amending Large Project Authorizations in Eastern Neighborhoods to allow and provide criteria
  for the modification of accessory use provisions for certain dwelling units in Eastern
  Neighborhood Mixed Use Districts by the Planning Commission in order to provide greater
  flexibility of uses on the ground floors of new projects.
- Amending affordable housing Tier language in the UMU District so that any change of use in an
  existing space from non-residential to residential shall be subject only to the lowest affordability
  tier, which is consistent with recently updated development impact fee policy to use the lowest
  fee tier for the adaptive reuse of existing buildings.
- Amending office controls in the UMU District so that office uses greater than 25,000 square feet in
  historic buildings do not require a Conditional Use Authorization to be consistent with the intent
  to help preserve historic buildings by permitting a larger range of uses as of right.

### ADMINISTRATIVE CODE AMENDMENT

The Administrative Code currently requires that 80 percent of all Eastern Neighborhood impact fees be allocated to one or more of the projects identified in the Eastern Neighborhoods Priority Capital Projects list. However, this is in conflict with Planning Code Section 423.5, which requires specific percentages of Eastern Neighborhood impact fees to be allocated toward certain improvement types (affordable housing, open space, etc.).

The Administrative Code amendment updates the language so that 80 percent of Eastern Neighborhood impact fees will be allocated to priority projects within each improvement category, or until all the priority projects are funded, which will avoid the conflict between the Planning and Administrative Codes while still allowing priority projects to be funded.

### ZONING MAP AMENDMENT

The original Eastern Neighborhoods Zoning Map Amendment included several unintended oversights. Specifically, the proposed Zoning Map Amendment will correct the following issues:

- Condominium conversions that occurred near the time of Eastern Neighborhood's adoption were
  not included. Therefore, some properties were rezoned to new Eastern Neighborhoods district
  while the new condos were not reclassified to the new zoning, height, and Special Use Districts.
- The Innovative Industries Special Use District (SUD) created through the Eastern Neighborhoods
  process was only intended for the parcels that include the American Industrial Center on 3<sup>rd</sup>
  Street. However, the map ordinance for the SUD unintentionally included much of the property
  in Eastern Neighborhoods zoned for PDR.

• Due to technical errors, several individual properties were incorrectly zoned and thus stand out from the properties that surround them.

### REQUIRED COMMISSION ACTION

The proposed Resolution is before the Commission so that it may recommend approval or disapproval of the Planning Code, Administrative Code, and Zoning Map amendments.

### RECOMMENDATION

The Department recommends that the Commission recommend approval of the proposed Ordinances and adopt the attached Draft Resolution to that effect.

### BASIS FOR RECOMMENDATION

A portion of the proposed changes can be classified as "good government" measures meant to improve the City's ability to implement the goals, objectives, and policies of the Eastern Neighborhoods Plan. Other changes can be classified as technical errors that need to be corrected to improve the ability of decision makers, Department staff, and the public to understand, interpret, and implement the requirements of the Code.

### **ENVIRONMENTAL REVIEW**

### **PUBLIC COMMENT**

As of the date of this report, the Planning Department received one comment regarding this proposed legislation. This comment did not express a position on the legislation.
