SECTION IV – PS Special Terms and Conditions – 5U01PS001564-02 REVISED

Funding Opportunity Announcement Number (FOA): PS09-004
Award Number: U01 PS001564-02
Approval List Number: CO-050-R11

ADDITIONAL TERMS AND CONDITIONS OF THIS AWARD

NOTE 1. INCORPORATION: Funding Opportunity/Program Announcement Number PS09-004 titled, Screening Targeted Populations to Interrupt On-Going Chains of Transmission with Enhanced Partner Notification The STOP Study, additional requirements, and the application dated February 16, 2011 are made a part of this award by reference.

NOTE 2. RESPONSE TO THE TECHNICAL REVIEW COMMENTS: A response to the following recommendations and Weaknesses noted within the Technical Review Report must be submitted to the Grants Management Specialist no later than July 10, 2011:

1. Re-evaluate the need for HBV and HCV screening proposed. This activity can be pursued but is no longer required in the study. An option would be to budget these funds for HIV viral loads or for Multispot confirmatory rapid tests or to fund additional partner services data.
2. Document that quantitative HIV viral loads will be performed for acute HIV infections and whether this activity needs a budget line, if yes, then please provide a revised budget.
3. Evaluate the staff listed as co-investigators, particularly those listed in the subaward sections. Please remove personnel that are no longer with the project as needed. Savings in the contractual salary support can be shifted to testing costs, any costs associated with early retesting, and partner services activities.
4. Although partner services activities are budgeted for, please document if collection and formatting of this data in a database has been budgeted for adequately.
5. Document if any additional costs would be expected from early retesting activities and that these costs have been budgeted for.
6. Briefly document activities and supplies for Year 2 in the budget justification section that San Francisco Department of Public Health (and affiliated organizations) is providing to the study "in-kind".

Please note: Failure to respond to could result in enforcement actions, including withholding of funds or termination.

NOTE 3. INDIRECT COSTS:

Indirect costs are approved based on the Indirect Cost Rate Agreement dated October 25, 2010, which calculates indirect costs as follows: a Fixed is approved at a rate of 24.8% of the base, which includes: Salaries.

Note 4. REVISED BUDGET SPECIAL CONDITION

CDC requires an itemized detailed budget for each item of cost proposed with a narrative justification reflecting how cost is related to the program. By 07/10/2011 the grantee is required to submit a revised budget, with narrative justification and work plan, to the Grants Management Specialist, in writing, for approval. Submit the revised budget in accordance with the budget guidance template at: www.cdc.gov/od/pgo/funding/budgetguide.htm

Failure to submit the required information in a timely manner may adversely affect the future funding of this project. If the information cannot be provided by the due date, you are required to submit a letter explaining the reason and date by which the Grants Officer will receive the information.

NOTE 5. HUMAN SUBJECTS NOTICE: Under governing regulations, federal funds administered by the Department of Health and Human Services shall not be expended for research involving human subjects, and individuals shall not be enrolled in such research, without prior approval by the Office for Human Research Protections (OHRP) of an assurance to comply with the requirements of 45 CFR 46 to protect human research subjects. Whenever an institution receives funding from a DHHS agency award to support such research, the awardee institution bears the ultimate responsibility for protecting human subjects under the award. This restriction applies to all performance sites engaged in human subject research, whether domestic, foreign, or international without OHRP-approved assurances. Compliance for all performance sites must be ensured by the awardee.

a. IRB approval must be provided to the grants management specialist for the following research sites:

1. San Francisco Department of Public Health
2. Public Health Foundation Enterprises
3. UCSF - AIDS Health Project
4. San Francisco AIDS Foundation, Magnet
5. Tenderloin Health

b. **NOTICE OF CDC INSTITUTIONAL REVIEW BOARD (IRB) APPROVAL.** It has been determined that this project will involve participation by CDC investigators in the research activities, therefore, the CDC IRB is required to approve the protocol prior to beginning any tasks or using Federal funds that involve human subjects. Once the CDC IRB approval of the protocol is rendered, the Grants Management Officer will provide written notification removing the award restriction.

c. **HUMAN SUBJECT FUNDING RESTRICTION.** Research involving human subjects cannot begin until a copy of the IRB approval letter for each of the following institutions is submitted to the Grants Management Specialist. A funding restriction in the amount of \$ 44,333 has been placed on this award pending IRB approvals.

Note: Please also be reminded that Year 01 funds in the amount of \$16,666 remain restricted. As a result, these funds must be reported as unobligated funds on your Year 01 Financial Status Report due to be submitted by September 14, 2011.

NOTE 6. REPORTING REQUIREMENTS

CENTRAL CONTRACTOR REGISTRATION AND UNIVERSAL IDENTIFIER REQUIREMENTS: All applicant organizations must obtain a DUN and Bradstreet (D&B) Data Universal Numbering System (DUNS) number as the Universal Identifier when applying for Federal grants or cooperative agreements. The DUNS number is a nine-digit number assigned by Dun and Bradstreet Information Services. An AOR should be consulted to determine the appropriate number. If the organization does not have a DUNS number, an AOR should complete the US D&B D-U-N-S Number Request Form or contact Dun and Bradstreet by telephone directly at 1-866-705-5711 (toll-free) to obtain one. A DUNS number will be provided immediately by telephone at no charge. Note this is an organizational number. Individual Program Directors/Principal Investigators do not need to register for a DUNS.

Additionally, all applicant organizations must register in the Central Contractor Registry (CCR) and maintain the registration with current information at all times during which it has an application under consideration for funding by CDC and, if an award is made, until a final financial report is submitted or the final payment is received, whichever is later. CCR is the primary registrant database for the Federal government and is the repository into which an entity must provide

information required for conduct of business as a recipient. Additional information about registration procedures may be found at the CCR internet site at www.ccr.gov. If an award is granted, the grantee organization must notify potential sub-recipients that no organization may receive a subaward under the grant unless the organization has provided its DUNS number to the grantee organization.

FEDERAL INFORMATION SECURITY MANAGEMENT ACT (FISMA):

All information systems, electronic or hard copy which contain federal data need to be protected from unauthorized access. This also applies to information associated with CDC grants. Congress and the OMB have instituted laws, policies and directives that govern the creation and implementation of federal information security practices that pertain specifically to grants and contracts. The current regulations are pursuant to the Federal Information Security Management Act (FISMA), Title III of the E-Government Act of 2002 Pub. L. No. 107-347.

FISMA applies to CDC grantees only when grantees collect, store, process, transmit or use information on behalf of HHS or any of its component organizations. In all other cases, FISMA is not applicable to recipients of grants, including cooperative agreements. Under FISMA, the grantee retains the original data and intellectual property, and is responsible for the security of this data, subject to all applicable laws protecting security, privacy, and research. If and when information collected by a grantee is provided to HHS, responsibility for the protection of the HHS copy of the information is transferred to HHS and it becomes the agency's responsibility to protect that information and any derivative copies as required by FISMA. For the full text of the requirements under Federal Information Security Management Act (FISMA), Title III of the E-Government Act of 2002 Pub. L. No. 107-347, please review the following website:

FEDERAL FUNDING ACCOUNTABILITY and TRANSPARENCY ACT of 2006:

Public Law 109-282, the Federal Funding Accountability and Transparency Act of 2006 as amended (FFATA), requires full disclosure of all entities and organizations receiving Federal funds including grants, contracts, loans and other assistance and payments through a single publicly accessible Web site, USASpending.gov. The Web site includes information on each Federal financial assistance award and contract over \$25,000, including such information as:

1. The name of the entity receiving the award
2. The amount of the award
3. Information on the award including transaction type, funding agency, etc.
4. The location of the entity receiving the award
5. A unique identifier of the entity receiving the award; and
6. Names and compensation of highly-compensated officers (as applicable)

Compliance with this law is primarily the responsibility of the Federal agency. However, two elements of the law require information to be collected and reported by recipients: 1) information on executive compensation when not already reported through the Central Contractor Registry; and 2) similar information on all sub-awards/subcontracts/consortiums over \$25,000.

For the full text of the requirements under the Federal Funding Accountability and Transparency Act of 2006, please review the following website:

http://frwebgate.access.gpo.gov/cgi-bin/getdoc.cgi?dbname=109_cong_bills&docid=f:s2590enr.txt.pdf

NON-DELINQUENCY on FEDERAL DEBT

The Federal Debt Collection Procedures Act of 1990 (Act), 28 U.S.C. 3201(e), provides that an organization or individual that is indebted to the United States, and has a judgment lien filed against it, is ineligible to receive a Federal grant. CDC cannot award a grant unless the AOR of the applicant organization (or individual in the case of a Kirschstein-NRSA individual fellowship) certifies, by means of his/her signature on the application, that the organization (or individual) is not delinquent in repaying any Federal debt. If the applicant discloses delinquency on a debt owed to the Federal government, CDC may not award the grant until the debt is satisfied or satisfactory arrangements are made with the agency to which the debt is owed. In addition, once the debt is repaid or satisfactory arrangements made, CDC will take that delinquency into account when determining whether the applicant would be a responsible CDC grant recipient.

Anyone who has been judged to be in default on a Federal debt and who has had a judgment lien filed against him or her should not be listed as a participant in an application for a CDC grant until the judgment is paid in full or is otherwise satisfied. No funds may be used for or rebudgeted following an award to pay such an individual. CDC will disallow costs charged to awards that provide funds to individuals in violation of this Act.

These requirements apply to all types of organizations and awards, including foreign grants

NOTE 7. AUDIT REQUIREMENT: An organization that expends \$500,000 or more in a year in Federal awards shall have a single or program-specific audit conducted for that year in accordance with the provisions of OMB Circular A-133, Audit of States, Local Governments, and Non-Profit Organizations. The audit must be completed along with a data collection form, and the reporting package shall be submitted within the earlier of 30 days after receipt of the auditor's report(s), or nine months after the end of the audit period.

The audit report must be sent to:

Federal Audit Clearing House
Bureau of the Census
1201 East 10th Street
Jeffersonville, IN 47132

Should you have questions regarding the submission or processing of your Single Audit Package, contact the Federal Audit Clearinghouse at: (301) 763-1551, (800) 253-0696 or email: govs.fac@census.gov.

It is very helpful to CDC managers if the recipient sends a courtesy copy of completed audits and any management letters on a voluntary basis to the following address.

Centers for Disease Control and Prevention (CDC)
ATTN: Audit Resolution, Mail Stop E-14
2920 Brandywine Road
Atlanta, GA 30341-4146

The grantee is to ensure that the sub-recipients receiving CDC funds also meet these requirements (if total Federal grant or cooperative agreement funds received exceed \$500,000). The grantee must also ensure that appropriate corrective action is taken within six months after receipt of the sub-recipient audit report in instances of non-compliance with Federal law and regulations. The grantee is to consider whether sub-recipient audits necessitate adjustment of the grantee's own accounting records. If a sub-recipient is not required to have a program-specific audit, the Grantee is still required to perform adequate monitoring of sub-recipient activities. The grantee is to require each sub-recipient to permit independent auditors to have access to the sub-recipient's records and financial statements. The grantee should include this requirement in all sub-recipient contracts.

NOTE 8. ANNUAL FINANCIAL STATUS REPORT (FSR, SF 269 or SF 269A)/FEDERAL FINANCIAL REPORT (FFR):

a.) Annual Financial Status Report : The FSR for this budget period is due to the Grants Management Specialist by September 14, 2012. Reporting timeframe is June 15, 2011, through June 14, 2012. The FSR should only include those funds authorized and actually expended during the timeframe covered by the report. If the FSR is not finalized by the due date, an interim FSR must be submitted, marked not final, and an amount of unliquidated obligations should be annotated to reflect unpaid expenses. Electronic versions of the form can be downloaded into Adobe Acrobat and completed on-line by visiting: <http://www.whitehouse.gov/omb/grants/sf269a.pdf>.

b.) Progress Reporting: SEMI-ANNUAL PROGRESS REPORTING: Semi-annual progress reports are a requirement of this program, due 90 days following the end of each budget period.

i. The Interim Progress Report (IPR) will serve as the non-competing continuation application. IPR reporting timeframe is June 15, 2011 thru June 14, 2012. A due date and specific IPR guidance will be provided at a later date.

ii. The Annual Progress Report (APR) will be due 90 days after the end of the budget period, September 14, 2012. APR programmatic guidance will be provided at a later date.

ANNUAL PROGRESS REPORTING: Annual progress reports are a requirement of this program, due 90 days following the end of each budget period.

NOTE 9. EXPANDED AUTHORITIES. In accordance with 45 CFR 74.25(d)(4), the recipient of this award is granted limited expanded authorities in the administration of the award. The limitations apply to the following circumstances in addition to the limitations identified in 45 CFR 74:

a. Carry Over of unobligated balances from the prior period into the current period. Grantees are strongly encouraged to avoid having unspent funds at the end of the budget period. In the event that they do have monies remaining and the amount is less than 25 percent of the awarded funds from the prior year, the grantee can unilaterally carry the funds forward into the current year. The only two conditions are that this carry over is indicated in the Financial Status Report/Federal Financial Report and that every effort is made to ensure that progress will be made toward catching up programmatically and financially in the current period. Repeated undiminished carry over amounts will be treated as large unobligated balances as described below. A Final Financial Status Report/Federal Financial Report must be submitted with the request.

b. In the event that remaining funds exceed 25 percent of the awarded amount, it will be incumbent upon the grantee to initiate a formal prior approval request to carry the funds forward in the form, format, and to the level of detail described below under the section of this award entitled PRIOR APPROVAL.

NOTE 10. SUBGRANT/SUBRECIPIENT AWARDS: Seed Grants/Sub-Grants are not authorized under this program or included in Program authorizing legislature. As a result, the recipient is not permitted to fund seed grants or sub-grants. Recipient must issue proposed funding as a procurement requirement per the organization's established procedures.

NOTE 11. TRAVEL COST: In accordance with Health and Human Services (HHS) Grants Policy Statement, travel is only allowable for personnel directly charged and approved on the grant/cooperative agreement. There must be a direct benefit imparted on behalf of the traveler as it applies to the approved activities of the Notice of Award. To prevent disallowance of cost, Recipient is responsible for ensuring that only allowable travel reimbursements are applied in accordance with their organization's established travel policies and procedures.

NOTE 12. FOOD AND MEALS: Costs associated with food or meals are NOT permitted unless included with per diem as a part of official travel.

NOTE 13. HIV PROGRAM REVIEW PANEL REQUIREMENT: All written materials, audiovisual materials, pictorials, questionnaires, survey instruments, websites, educational curricula and other relevant program materials must be reviewed and approved by an established program review panel. A list of reviewed materials and approval dates must be submitted to the CDC Grants Management Specialist.

Note 14. PRIOR APPROVAL: All requests, which require prior approval, must bear the signature of an authorized official of the business office of the grantee organization as well as the principal investigator or program or project director named on this notice of award. The request must be postmarked no later than 120 days prior to the end date of the current budget period and submitted with an original plus two copies. Any requests received that reflect only one signature will be returned to the grantee unprocessed. Additionally, any requests involving funding issues must include an itemized budget and a narrative justification of the request.

Prior approval is required but is not limited to the following types of requests: 1) Use of unobligated funds from prior budget period (Carryover); 2) Lift funding restriction, withholding, or disallowance, 3) Redirection of funds, 4) Change in Contractor/Consultant; 5) Supplemental funds; 6) Response to Technical Review or Summary Statement, 7) Change in Key Personnel, or 8) Liquidation Extensions.

NOTE 15. CORRESPONDENCE: ALL correspondence (including emails and faxes) regarding this award must be dated, identified with the AWARD NUMBER, and include a point of contact (name, phone, fax, and email). All correspondence should be addressed to the Grants Management Specialist listed below and submitted with an original plus two copies.

Pamela Render, Grants Management Specialist
Centers for Disease Control, PGO, Branch I
2920 Brandywine Road, Mail Stop E-15
Atlanta, GA 30341-4146

Telephone: 770-488-2711
Fax: (770-488-8360
Email: plr3@cdc.gov

NOTE 16. INVENTIONS: Acceptance of grant funds obligates recipients to comply with the standard patent rights clause in 37 CFR 401.14.

NOTE 17. PUBLICATIONS: Publications, journal articles, etc. produced under a CDC grant support project must bear an acknowledgment and disclaimer, as appropriate, for example: This publication (journal article, etc.) was supported by the Cooperative Agreement Number above from The Centers for Disease Control and Prevention. Its contents are solely the responsibility of the authors and do not necessarily represent the official views of the Centers for Disease Control and Prevention.

NOTE 18. CANCEL YEAR. 31 U.S.C. 1552(a) Procedure for Appropriation Accounts Available for Definite Periods states the following, On September 30th of the 5th fiscal year after the period of availability for obligation of a fixed year appropriation account ends, the account shall be closed and any remaining balances (whether obligated or unobligated) in the account shall be canceled and thereafter shall not be available for obligation or expenditure for any purpose. An example is provided below:

FY 2005 funds will expire September 30, 2010. All FY 2005 funds should be drawn down and reported to Payment Management System (PMS) prior to September 30, 2010. After this date, corrections or cash requests will not be permitted.

NOTE 19. CONFERENCE DISCLAIMER AND USE OF LOGOS:

Disclaimer. If a conference is funded by a grant, cooperative agreement, sub-grant and/or a contract the recipient must include the following statement on conference materials, including promotional materials, agenda, and internet sites:

Funding for this conference was made possible (in part) by the Centers for Disease Control and Prevention. The views expressed in written conference materials or publications and by speakers and moderators do not necessarily reflect the official policies of the Department of Health and Human Services, nor does the mention of trade names, commercial practices, or organizations imply endorsement by the U.S. Government.

Logos. Neither the HHS nor the CDC logo may be displayed if such display would cause confusion as to the conference source or give false appearance of Government endorsement. Use of the HHS name or logo is governed by U.S.C. 1320b-10, which prohibits misuse of the HHS name and emblem in written communication. A non-federal entity is unauthorized to use the HHS name or logo governed by U.S.C. 1320b-10. The appropriate use of the HHS logo is subject to review and approval of the Office of the Assistant Secretary for Public Affairs (OASPA). Moreover, the Office of the Inspector General has authority to impose civil monetary penalties for violations (42 C.F.R. Part 1003). Neither the HHS nor the CDC logo can be used on conference materials, under a grant, cooperative agreement, and contract or co-sponsorship agreement without the expressed, written consent of either the Project Officer or the Grants Management Officer. It is the responsibility of the grantee (or recipient of funds under a cooperative agreement) to request consent for use of the logo in sufficient detail to ensure a complete depiction and disclosure of all uses of the Government logos. In all cases for utilization of Government logos, the grantee must ensure written consent is received from the Project Officer and/or the Grants Management Officer.

NOTE 20. EQUIPMENT AND PRODUCTS: To the greatest extent practicable, all equipment and products purchased with CDC funds should be American-made. CDC defines equipment as tangible non-expendable personal property (including exempt property) charged directly to an award having a useful life of more than one year AND an acquisition cost of \$5,000 or more per unit. However, consistent with recipient policy, a lower threshold may be established. Please provide the information to the Grants Management Officer to establish a lower equipment threshold to reflect your organization's policy.

The grantee may use its own property management standards and procedures provided it observes provisions of the following sections in the Office of Management and Budget (OMB) Circular A-110 and 45 CFR Part 92:

i. Office of Management and Budget (OMB) Circular A-110, Sections 31 through 37 provides the uniform administrative requirements for grants and agreements with institutions of higher education,

hospitals, and other non-profit organizations. For additional information please review the following website: <http://www.whitehouse.gov/omb/circulars/a110/a110.html>

ii. 45 CFR Parts 92.31 and 92.32 provides the uniform administrative requirements for grants and cooperative agreements to state, local and tribal governments. For additional information, please review the following website listed: http://www.access.gpo.gov/nara/cfr/waisidx_03/45cfr92_03.html

NOTE 21. PROGRAM INCOME: Any program income generated under this cooperative agreement will be used in accordance with the additional cost alternative. The disposition of program income must have written prior approval from the Grants Management Officer.

Additional Costs Alternative—Used for costs that are in addition to the allowable costs of the project for any purposes that further the objectives of the legislation under which the cooperative agreement was made. General program income subject to this alternative shall be reported on lines 10r and 10s, as appropriate, of the FSR (Long Form).

NOTE 22. KEY PERSONNEL: In accordance with 45 CFR 74.25(c)(2) & (3) CDC recipients shall obtain prior approvals from CDC for (1) change in the project director or principal investigator or other key persons specified in the application or award document, and (2) the absence for more than three months, or a 25 percent reduction in time devoted to the project, by the approved project director or principal investigator.

Note 23. TRAFFICKING IN PERSONS. This award is subject to the requirements of Section 106 (g) of the Trafficking Victims Protection Act of 2000, as amended (22 U.S.C. 7104). For the full text of the award terms and conditions, please review the following website: http://www.cdc.gov/od/pgo/funding/grants/Award_Term_and_Condition_for_Trafficking_in_Persons.shtm

NOTE 24. ACKNOWLEDGMENT OF FEDERAL SUPPORT: When issuing statements, press releases, requests for proposals, bid solicitations and other documents describing projects or programs funded in whole or in part with Federal money, all awardees receiving Federal funds, including and not limited to State and local governments and recipients of Federal research grants, shall clearly state (1) the percentage of the total costs of the program or project which will be financed with Federal money, (2) the dollar amount of Federal funds for the project or program, and (3) percentage and dollar amount of the total costs of the project or program that will be financed by nongovernmental sources.

NOTE 25. HEALTH INSURANCE PORTABILITY AND ACCOUNTABILITY ACT (HIPAA): Pursuant to the Standards for Privacy of Individually Identifiable Health Information promulgated under the Health Insurance Portability and Accountability Act (HIPAA)(45 CFR Parts 160 and 164) covered entities may disclose protected health information to public health authorities authorized by law to collect or received such information for the purpose of preventing or controlling disease, injury, or disability, including, but not limited to, the reporting of disease, injury, vital events such as birth or death, and the conduct of public health surveillance, public health investigations, and public health interventions. The definition of a public health authority includes a person or entity acting under a grant of authority from or contract with such public agency. Through this agreement, the [Insert recipient Name] is acting under a grant of authority from CDC to carry out [Insert: Name of project/activity] which is authorized by [Insert: Statutory authority from Public Health Service Act, Comprehensive Environmental Response, Compensation, and Liability Act, or other legislation (this information should be provided by the awarding program)]. The CDC grants this authority to [Insert: partner name] for purposes of this project. Further, CDC considers this to be [Insert: type of public health activity, i.e. disease/injury reporting, vital events, surveillance, investigations, intervention, registry] for which disclosure of protected health information by covered entities is authorized by section 164.512(b)).

FY 2011 Interim Progress Report (IPR)

Enclosed is the San Francisco Department of Public Health, Population Health and Prevention, AIDS Office, HIV Prevention Section FY 2011 Interim Progress Report for year 2 budget period 6/15/2011 through 6/14/2012 in the amount of \$443,333.

Currently SFDPH does not have IRB approval for the STOP Study. We and the two other study sites are working with CDC to develop the protocol that will go into the IRB request. We will need to have the IRB approval by the start of the intervention in mid-2011.

If you have any questions, please contact Grant Colfax, Director of HIV Prevention and Research, at (415) 554-9173 for programmatic issues and Sajid Shaikh, Senior Administrative Analyst, at (415) 255-3512 for budgetary and fiscal issues.

Sincerely,

Interim Progress Report

1. Current Budget Period Progress (Year 01)

A. Research Aims:

1. Aims/Project:

- To evaluate the yield, cost-effectiveness, and feasibility of screening for AHI with a fourth-generation enzyme immunoassay (EIA) in high-risk/high-incidence settings compared to pooled NAAT.
- To evaluate the yield, cost-effectiveness, and feasibility of enhanced partner notification/contact tracing techniques linked to AHI screening.

The research aims are in place. Because year one is a planning year, the planning process has helped further define the protocol and evaluation of these aims.

The study is still in the planning phase to determine the protocol for all three study location so there are no significant challenges and successes at this point in the study.

2. Leadership/Partnership: The San Francisco STOP Study has worked closely with Phil Peters, MD, the CDC Project Officer, and the staff at the other two study sites in New York City and University of North Carolina. Internally the San Francisco STOP Study staff has developed an internal working group with the Director of the Department's Microbiology Lab and Director and Epidemiologist of the STD Prevention and Control Section. In addition to the STD Clinic, the two major testing sites that will be part of this study will be determined in the next three months as part of a new RFP process for all HIV Prevention funded services.
3. During year 02, the San Francisco STOP Study will work with community partners and hire designated staff and implement the study protocols at a minimum of three HIV testing sites in San Francisco.

- B. Project Timeline: During the first 6 months of the planning phase of this four year study, the PI and Project Director worked closely with Phil Peters, MD, CDC project director and staff at the two other study sites (New York City Department of Public Health and University of North Carolina) to determine the study protocol including the required data, HIV testing algorithm, and partner services. During November 2010, the San Francisco STOP PI, Project

Director, and Lab Director attended a STOP Study meeting at the CDC to discuss and plan the study protocol. During the second 6 months of the planning phase, the protocol will be finalized including genetics/ resistance testing and cost benefit analysis and will be submitted to the University of California for IRB approval. During the last three months the community testing sites working with this study will be determined and the study protocol will be integrated into the HIV testing at these agencies for a July start-up.

- C. Potential translatability and public health impact: While the study is still in the planning phase, it is anticipated that there will be a public health impact of this research. Attempts to detect acutely infected individuals have mostly involved RNA-detection algorithms using pooled HIV antibody-negative specimens, as described above. Such efforts have yielded significant returns in detection of recent HIV infection in certain communities. However, the use of RNA-based detection methods may be expensive, laborious and are operationally daunting. Moreover, in most cases the time to results ranges from 7-14 days. This amount of time is less than ideal from an HIV prevention perspective, because the ability to find the infected index case may be decreased with time, resulting in the potential for continued risk behavior and onward transmission of HIV when infectiousness is extremely high. Furthermore, due to temporal delays, it is possible that the ability to maximize partner notification and testing is decreased. A potential alternative to the detection of AHI using RNA-based methods is to use antigen-antibody combination tests, also known as "fourth-generation" EIA. Fourth-generation assays simultaneously function as both third-generation EIA (for the detection of IgG and IgM antibody) and capture EIA for the direct detection of p24 antigen (the most abundant protein of HIV virions). Because fourth-generation EIA are standard immunoassays, they are easy to perform, relatively inexpensive, and easily automated. At this time, fourth-generation EIA are not FDA-cleared within the US, but their use and performance in other locations worldwide has been well-documented. However, given the paucity of data available on performance of fourth-generation assays relative NAAT pooling, it is of considerable interest from a public health perspective to assess the ability of these assays to detect AHI cases.

There are no publications or presentations made during this budget period.

- D. Status: Currently the study is in the planning phase and it is ongoing.
- E. There are currently no findings. The study is still in the planning phase.
- F. Barriers: There are currently no barriers. The study is still in the planning phase.
- G. The study is in the planning phase and this was anticipated as a year one activity.

2. Current Budget Period Financial Progress (6/15/2010 through 6/14/11):

The year 1 funds have been efficiently utilized to develop the study. The estimated unobligated fund is \$3,800. SFDPH will request to carry forward the unobligated fund to year 2 to increase the phlebotomists' efforts in our subcontracts.

3. New Budget Period Proposal (6/15/2011 through 6/14/12):

1. Develop contracts and MOU's with contractors
2. Hire staff identified in the budget (DPH and contractors)
3. Initiate NAAT Testing and 4th Generation Testing at the study sites
4. Implement Expanded Partner Services for persons acutely infected with HIV including social networking
5. Establish system for tracking and reporting data required by the Study
6. Work with study sites to insure that IRB approved protocol is maintained.
7. Work with the CDC project officer to communicate issues, resolve problems, track progress.

Measures of Effectiveness:

1. Year O2 a minimum of 11,000 participant samples will be collected and screened for acute infection (NAAT, 4th Generation).
2. We estimate that we will detect 24 acute HIV infections.
3. Persons testing positive for acute HIV infection will be notified within 48 hours after testing positive and partner services/linkage to medical care will be offered partner services will be initiated within 48 hours.

Year 2: June 15, 2011 – June 14, 2012

A. SENIOR/KEY PERSON

1.	Principal Investigator (0.05 FTE) - Colfax, Grant	0.6 Calendar Months
	Annual Salary.....	\$183,092
	0.60 Person Months	\$9,155
	35% Mandatory Fringe Benefits	\$3,204
	Total	\$12,359

Dr. Grant Colfax will be responsible for the overall scientific, operational and administrative aspects of the project. In close collaboration with Drs. Klausner and Pandori, San Francisco AIDS Foundation/Magnet, AIDS Health Project, Tenderloin Health, City Clinic and DPH staff and consultants, Dr. Colfax will direct the design, implementation and analysis of all other scientific aspects of this project. As Director of the HIV Prevention Section, which oversees HIV testing and partner services at the project sites, Dr. Colfax has overall responsibility for ensuring that all staff adhere to good clinical practice guidelines in keeping with DPH regulations. Dr. Colfax will oversee project design, development of data, collection instruments, data analysis, evaluation, and presentation and publication of results. His primary responsibility is to ensure project goals are being met in a timely manner, and that high-quality data are collected. He is the principal contact for all parties involved, including the CDC and other sites collaborators.

RE: FY 10-11 Indirect Cost Rate

Effective immediately, the Indirect Cost rate for Population Health & Prevention-Public Health Division is 24.84% of salaries. This rate was based on FY 2009-10 costs and includes the COWCAP allocation reported in the OMB A-87 Cost Allocation Plan. Public Health Division Grant Managers should use 24.84% indirect cost rate on all current grants and new or renewal grant applications, unless the grantor has specified a maximum rate lower than 24.84%.

Other Divisions in the Health Department should add the following costs to their divisions' internal indirect costs in order to reflect total indirect costs:

	<u>Amount</u>
Mental Health	7,820,363
Substance Abuse -	855,264
Primary Care	3,997,910
Health at Home	525,871
Jail Health	1,509,246

ASSURANCE OF COMPLIANCE

with the

"REQUIREMENTS FOR CONTENTS OF AIDS-RELATED WRITTEN MATERIALS, PICTORIALS, AUDIOVISUALS, QUESTIONNAIRES, SURVEY INSTRUMENTS, AND EDUCATIONAL SESSIONS IN CENTERS FOR DISEASE CONTROL AND PREVENTION (CDC) ASSISTANCE PROGRAMS"

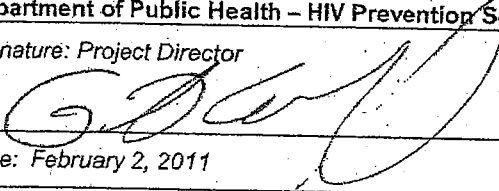

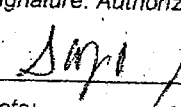

By signing and submitting this form, we agree to comply with the specifications set forth in the "Requirements for Contents of AIDS-Related Written Materials, Pictorials, Audiovisuals, Questionnaires, Survey Instruments, and Educational Sessions in Centers for Disease Control and Prevention (CDC) Assistance Programs," as revised June 15, 1992, 57 Federal Register 26742.

We agree that all written materials, audiovisual materials, pictorials, questionnaires, survey instruments, proposed group educational sessions, educational curricula and like materials will be submitted to a Program Review Panel. The Panel shall be composed of no less than five (5) persons representing a reasonable cross-section of the general population; but which is not drawn predominantly from the intended audience. (See additional requirements in attached contents guidelines, especially paragraph 2.c. (1)(b), regarding composition of Panel.)

The Program Review Panel, guided by the CDC Basic Principles (set forth in 57 Federal Register 26742), will review and approve all applicable materials prior to their distribution and use in any activities funded in any part with CDC assistance funds.

Following are the names, occupations, and organizational affiliations of the proposed panel members: (If panel has more members than can be shown here, please indicate additional members on the reverse side.)
