Existing Law

Article 7 of the Planning Code establishes a number of Neighborhood Commercial Districts throughout the City. Planning Code Section 724.124 defines a "Trade Shop."

Amendments to Current Law

The proposed legislation establishes three new Neighborhood Commercial Districts (NCDs) in the Outer Sunset. The Outer Sunset Commercial Cluster 1 NCD includes non-contiguous properties currently zoned NC-2 along portions of Noriega Street; the Outer Sunset Commercial Cluster 2 NCD includes non-contiguous properties currently zoned NC-1 along portions of Taraval Street, Noriega Street, Judah Street, and Irving Street; and the Outer Sunset Linear Streets NCD includes contiguous properties currently zoned N-2 along portions of Taraval Street, Judah Street, and Irving Street. The definition of "Trade Shop" has been amended to allow catering, remove horsepower limitations, and allow wholesaling, manufacturing and processing as an accessory use for up to two-thirds of the gross floor area. The Zoning Map is amended to include the new Neighborhood Commercial Districts.
Background Information

The commercial corridors in the Outer Sunset District provide a selection of convenience goods and services for the residents of the Outer Sunset. There are a high concentration of restaurants that draw customers from throughout the City and the region. There are also a significant number of professional, realty, and business offices, as well as financial institutions.

The intent of this legislation is to enhance the character of the Taraval Street, Noriega Street, Irving Street, and Judah Street commercial corridors by requiring active ground-floor uses, encouraging the production of locally-made goods in the Outer Sunset District, and customizing the planning controls to meet the needs of the community.
