Statement of Qualifications for Anda K. Kuo for the Children and Families First Commission

I am a mother of three young, school-age children in San Francisco and a San Francisco pediatrician. I am fortunate to have my clinical practice at the San Francisco General Hospital (SFGH) where I have been a University of California San Francisco (UCSF) faculty member since 2002. I have lived in San Francisco since 1994 when I began my medical training and am passionate about the state of our local children's health and wellbeing.

I have a long standing interest in Children with Special Health Care needs stemming from a childhood passion to improve the health of children with disabilities. I began working in the community with a focus on children with special needs when I was 10 years old. Since then, I have been a strong advocate, working at the individual and systemic levels, for the health of children, especially children living in communities that face the largest health disparities. I have worked to develop linkages between health and the broader societal context of children's health such as their early development, education, environment, and poverty. I am fortunate to have a unique position at UCSF and SFGH as the Associate Chief for Community Engagement for our Division of General Pediatrics and as the Director of the Pediatric Leadership for the Underserved program and the Physicians in Community curriculum. My faculty area of expertise and personal passion is in the arena of child advocacy, child community health, and campus-community partnerships. I collaborate to improve the health of children with the SFUSD and local community agencies such as Children Now, the Children's Defense Fund-CA, the American Academy of Pediatrics, and the Child Abuse Prevention Center. I am grateful for the critical services the Children and Families First Commission oversee and for the opportunity to apply for a position on the Commission.
