A public hearing to examine San Francisco Shelter system and specifically how the city can improve access to shelter for all, improve programming within the shelter and explore opportunities to better assess the health needs of shelter clients.

We are requesting that the Human Services Agency, Shelter Monitoring Committee and the Department of Public Health to report on:

1. What are the number of beds assigned on a 90 day basis, on a one night basis and the number of shelter beds that were unused on the night of Wednesday January 18<sup>th</sup>?
2. How many shelter seekers were turned away at the Reservation Centers on the night of Wednesday January 18<sup>th</sup>?
3. What are currently the services available to shelter clients during their nightly stays?
4. What are some services available to shelter clients in other jurisdictions that given available funding we would want to implement in San Francisco? Including in particular, peer to peer network models.
5. What are the health needs of shelter clients and what are the city's plans in providing services to shelter clients in the wake of the implementation of the Patient Protection and Affordable Care Act?
