Section 2. Adoptions and Approvals.

(a) The Board of Supervisors adopts as its own the Redevelopment Plan consistency findings of the San Francisco Redevelopment Agency in connection with the acceptance of the Project and other actions set forth herein.

(b) The Board of Supervisors adopts as its own the General Plan and Planning Code Section 101.1 consistency findings and CEQA findings of the Planning Department in connection with the Project and other actions set forth herein.

(c) The Board of Supervisors has reviewed and approves the City Engineer’s certification and Director’s recommendation concerning the acceptance of the Focal Offer dated April 11, 2011 for the Project; acceptance of said facilities for City maintenance and liability responsibilities; and other related actions.

Section 3. Acceptance of New Acquisition Facilities and Assumption of Maintenance Responsibilities.

(a) The Board of Supervisors accepts the Focal Offer for the Mission Bay 66" Sewer Force Main Relocation Improvements located under portions of State Trust Parcel 8 and future Owens Street between Sixteenth Street and Mariposa Street.
(b) Pursuant to San Francisco Administrative Code Sections 1.51 et seq., the Acquisition Agreement dated June 1, 2001 by and between the Redevelopment Agency of the City and County of San Francisco and Catellus Development Corporation, and the Department of Public Works Order No. 180,044 dated March 8, 2012, the Board of Supervisors hereby dedicates the facilities described in the Fociil Offer for public use and accepts such facilities for City maintenance and liability purposes. The Board's acceptance of improvements pursuant to this Subsection is for the Mission Bay 66" Sewer Force Main Relocation Improvements only and is subject to the warranty obligations under the 66" Sewer Force Main Relocation Street Excavation Permit No. 09E-0054 and revised Street Excavation Permit No. 09E-0114.

(c) The Board of Supervisors hereby acknowledges Fociil's conditional assignment of guaranties and warranties in accordance with the related Street Excavation Permits and the Mission Bay South Acquisition Agreement.

Section 4. Authorization for Implementation.

All actions heretofore taken by the officers of the City with respect to such Ordinance are hereby approved, confirmed and ratified, and the Mayor, Clerk of the Board, and Director of Public Works are hereby authorized and directed to take any and all actions which they or the City Attorney may deem necessary or advisable in order to effectuate the purpose and intent of this Ordinance, including, but not limited to, the recordation of this Ordinance in the Official Records of the City and County of San Francisco.

[Public Infrastructure Improvements - Mission Bay South-66" Sewer Force Main Relocation]

Ordinance: 1) accepting the irrevocable offer of public infrastructure improvements associated with Mission Bay 66" Sewer Force Main Relocation, including acquisition facilities located under portions of State Trust Parcel 8 and future Owens Street between Sixteenth Street and Mariposa Street; 2) accepting said facilities for City maintenance and liability purposes; 3) adopting environmental findings and findings that such actions are consistent with the City’s General Plan eight priority policy findings of Planning Code Section 101.1, and the Mission Bay South Redevelopment Plan; 4) accepting a Department of Public Works Order; and 5) authorizing official acts in connection with this Ordinance.

Existing Law

The Board of Supervisors adopted and approved the Redevelopment Plan for the Mission Bay South Project Area by Ordinance No. 335-98 on November 2, 1998. This Ordinance and related Mission Bay legislation established a process by which the project developer (FOCIL-MB, LLC) would construct specified public improvements and dedicate said improvements to the City. Upon dedication, the City would initiate the local and State law procedures to accept the improvements for City use.

Amendments to Current Law

This legislation would accept the dedicated facilities; dedicate the improvements for City use; and accept the improvements for maintenance and liability purposes, all in accordance with the procedures established for the Mission Bay South Redevelopment Plan and applicable local and State law. This Ordinance would make certain findings, including environmental findings and findings that the legislation is consistent with the Mission Bay South Redevelopment Plan, the General Plan, and the priority policy findings of the Planning Code Section 101.1.

Background Information

This legislation relates to the 66" Sewer Force Main Relocation Infrastructure Improvements located under a portion of State Trust Parcel 8 and future Owens Street between Sixteenth Street and Mariposa Street.

WHEREAS, On January 10, 2011, the San Francisco Public Utility Commission issued a notice determining that the “Mission Bay 66” Sewage Force Main Relocation Improvements” has been substantially completed pursuant to Improvement Permit No. 09E-0054 and Permit No. 09E-0114 and is ready for its intended use; and

WHEREAS, In a letter (attached as Exhibit A) dated March 9, 2011 the City Planning Department determined that the acceptance of the Mission Bay 66” Sewer Force Main Relocation Improvements and other actions are consistent with the General Plan consistency findings of Case No. 2011.0057R, the Eight Priority Policies of Planning Code Section 101.1 and the contemplated actions do not trigger the need for subsequent environmental review pursuant to the California Environmental Quality Act (CEQA) (California Public Resources Code Sections 21000 et seq.); and

WHEREAS, On April 11, 2011, FOCIL irrevocably offered to the City the public infrastructure improvements and facilities as constructed or installed pursuant to the Improvement Plans for Mission Bay 66” Sewage Force Main Relocation Public Improvements approved by the Department of Public Works on October 8, 2008, and any authorized revisions or contract change orders thereto (Foci Irrevocable Offer); and together with an assignment of all guaranties and warranties related to the construction of all the improvements; and

WHEREAS, On January 19, 2012 the Department of Public Works issued a notice determining that as of January 10, 2011 the “Mission Bay 66” Sewer Force Main Improvements” has been substantially completed pursuant to Street Excavation Permit No. 09E-0054 dated April 14, 2009 and revised Permit No. 09E-0114 dated July 17, 2009 and is ready for its intended use; and

WHEREAS, In a letter (attached as Exhibit B) dated January 30, 2012, the Redevelopment Agency found the acceptance of the Mission Bay 66” Sewage Force Main Relocation Improvements and other actions are “consistent with the Mission Bay South Redevelopment Plan and Plan Documents, described therein, and recommends Board of Supervisors approval”; and

WHEREAS, On December 9, 2012—the San Francisco Public Utilities Commission signed and accepted the FOCIL-MB, LLC Conditional Assignment of Warranties and Guaranties with regard to the Improvements; and

WHEREAS, The City Engineer and Director of Public Works hereby certify the following:

a. All Inspections have been performed, test results have been obtained, permit conditions and mitigation measures have been complied with, punch list items have been resolved, and improvement plan As-Built drawings have been received for the Mission Bay 66” Sewer Force Main Relocation Improvements.
b. Mission Bay Development Group, LLC on behalf of FOCIL-MB, LLC, has submitted a copy of record Notice of Completion, Assignments of Warranties and Guaranties, Assignments of Reimbursements to the Agency from third parties, if applicable, and evidence of acceptability of the facilities from all applicable public entities and/or non-City utilities.

c. By the letter dated January 19, 2012 the Department of Public Works has determined that as of January 10, 2011 the work is ready for its intended use and has been completed substantially in conformance with the Plans and Specifications for Mission Bay 66" Sewer Force Main approved by the Department of Public Works on October 8, 2008 or any authorized revision thereto, and has been constructed in accordance with all City codes, regulations, standards and the Mission Bay South Plan and Plan Documents governing this Project.

NOW THEREFORE BE IT ORDERED THAT,

With respect to facilities acceptance:

I hereby recommend the Board of Supervisors accept the Focil Irrevocable Offer of Improvements and dedicate the improvements for public use.

I recommend that the Board of Supervisors acknowledge FOCIL’s Conditional Assignment of Warranties and Guaranties to the City and County of San Francisco with regard to the 66" Sewer Force Main Relocation Improvements.

With Respect to Maintenance and Liability:

I hereby recommend that the Board of Supervisors accept the facilities for maintenance and liability purposes.

PROJECT DESCRIPTION

The Project proposal is the Realignment of a Sixty-Six (66) inch Sanitary Sewer Force Main located in the Mission Bay South Redevelopment Area and acceptance of Public Infrastructure Improvements, once constructed and approved by DPW. The General Plan Referral is required pursuant to San Francisco Charter §§ 4.105 and Administrative Code §§ 2A.53 prior to the Board of Supervisors (BOS) acceptance of the public infrastructure improvements associated with the realignment of the Sanitary Sewer Force Main.

The new 66" Sewer Force Main will be relocated and installed in the public utility easement located between 16th Street and Mariposa Street generally along the future alignment of Owens Street. It will

cross APN 8727/005, 8727/006, 8723/003, and 8723/006. On March 4, 2011, the applicant provided the correct Mission Bay Redevelopment Parcels (as Exhibits 1 and 2).

SITE DESCRIPTION AND PRESENT USE

The site is part of the Mission Bay South Redevelopment Area. The street grid and development parcels have been reconfigured throughout the Redevelopment Project Area. In the subject case, the Mission Bay Task Force (MBTF) proposes to implement part of the project by relocating a portion of an existing City sewer. The Project must relocate the sixty-six (66) inch Sewer Force Main because at its existing location, the sewer bisects Mission Bay Parcels 38, 39 and 40, and would impact planned development of these parcels. The new Force Main will be relocated to align with the future configuration of Owens Street. The Sewer Force Main will be constructed consistent with the “Mission Bay 66” Sewer Force Main Relocation Improvement Plans” provided by the applicant as Exhibit B.

The utility improvements were part of a development requirement, included in the Mission Bay South Owner Participation Agreement (OPA) adopted by the San Francisco Redevelopment Agency Resolution No. 193-98 on September 17, 1998.

The specific actions considered as part of the current Project require a General Plan Referral consistency determination and consideration and approval by the Board of Supervisors for City acceptance of said infrastructure improvements.

PROPOSED ACTIONS BY THE BOARD OF SUPERVISORS

1. Acceptance of Dedication of Public Infrastructure Improvements.
After the Department of Public Works (DPW) determines that the facilities have been constructed consistent with the Plans and Specifications and are ready for sewer force main use, the Developer is obligated to dedicate the horizontal infrastructure facilities (66" diameter sewer force main) to the City. The Board of Supervisors must act to accept the dedication of the public facilities.

PREVIOUS ACTIONS RELATED TO THIS PROJECT

In earlier actions, the Planning Commission, Redevelopment Commission and the Board of Supervisors have taken the following actions regarding the Mission Bay Project: related to this case:

The Mission Bay Tentative Map and Land Transfers were found to be consistent with the General Plan and Section 101.1 of the Planning Code in the Planning Department’s letter to Mark A.

1. The Final Subsequent Environmental Impact Report for Mission Bay (FSEIR) was prepared pursuant to the California Environmental Quality Act and was certified as adequate, accurate and objective by the following City Commissions and BOS actions:
a. Redevelopment Commission Resolution No. 182-98 on September 17, 1998
c. Board of Supervisors affirmed the Planning Commission certification by Resolution No. 854-98 on October 19, 1998.
d. Redevelopment Agency issued Addendum #6 to the FSEIR on September 10, 2008 attached as Exhibit C, provided by the applicant.

2. By Resolution No. 14699 adopted on September 17, 1998, the Planning Commission found that the Mission Bay North and Mission Bay South Redevelopment Plans, dated September 4, 1998, were consistent with the San Francisco General Plan. The project referenced above was proposed as part of the Mission Bay South Redevelopment Plan.

4. The Mission Bay Tentative Map and Land Transfers were found to be consistent with the General Plan and Section 101.1 of the Planning Code in Planning Department letter dated November 13, 1998 to Mr. Mark A. Primeau attached as Exhibit D, provided by the applicant.

5. The Mission Bay South Owner Participation Agreement was executed between the Redevelopment agency of the City and County of San Francisco and Catellus. The agreement was entered into on November 16, 1998.

6. The Final Land Transfer Map was approved by the Board of Supervisors by Motion No. M99-69 and recorded in Book Z of Maps, at Pages 97-117, official Records.

7. The Blocks 40/44 and Parks P26 and P27 Tentative Subdivision Map, conditionally approved on April 1, 2009; the Final Map; Street Vacation; and Acceptance was determined to be consistent with the General Plan and Section 101.1 of the Planning Code subject to the CEQA mitigation measures adopted by the Board of Supervisors and the Redevelopment Commission as part of the Mission Bay Redevelopment Plans, DCP determination and conditions, within the Conditions of Approval were set forth in the DCP letter dated May 19, 2009 attached as Exhibit F, provided by the applicant. The 66" Force Main is located within the future right-of-way of Owens Street within the Blocks 40/44 Project as Exhibit F-1, provided by the applicant.

8. The SFRA has stated that the Blocks 40/44 Tentative Map, conditionally approved on April 1, 2009 is consistent with the Mission Bay South Redevelopment Plan, including the Mission Bay South Plan, the Scope of Development and the Design for Development, pursuant to Section 1434 of the Mission Bay Subdivision Code and that the project is in substantial conformance with the Major Phase approved by the Redevelopment Commission. A copy of the SFRA letter dated April 1, 2009 is attached as Exhibit G, provided by the applicant.
ENVIRONMENTAL REVIEW

The subject project was considered under CEQA as part of the Mission Bay South Redevelopment Project Area by the San Francisco Redevelopment Area, Project UCSF DEIR, Case No. 86.505E, 96.771E and ER 919-97, certified by Resolutions No. 188-98 and 193.98, No. 186-98 and 191-98 and Ordinance No. 327098 and 335-98.

The land transfers and tentative maps associated with the environmental analysis were in the Final Subsequent Environmental Impact Report for Mission Bay, which was certified as adequate and complete by the Redevelopment Commission, the Planning Commission and the Board of Supervisors.

GENERAL PLAN COMPLIANCE AND BASIS FOR RECOMMENDATION

The Project is the relocation of a Sixty-Six (66) inch Sewage Force Main, necessary because it encroaches into Block 8723 / Lots 003, and 006, and Block 8727 / Lots 005 and 006. The proposed Project, would impact development potential of these parcels specified in the Mission Bay Redevelopment Project Plan. Once the new Force Main is constructed and approved by the Department of Public Works, the City will accept the infrastructure improvements. As is proposed herein, the Project is consistent with the Eight Priority Policies of Planning Code Section 101.1 as described in the body of this letter and is, on balance, in-conformity with the following Objectives and Policies of the General Plan.

Note: General Plan OBJECTIVES in Bold CAPS, General Plan Policies and text are in bold font; text is in regular font; Staff Comments in italic font

2004 HOUSING ELEMENT

POLICY 11.2
Ensure housing is provided with adequate public improvements, services, and amenities.

Comment: The Mission Bay project provides new housing at all levels of affordability. The infrastructure to support the housing units, once determined to meet DPW standards and specifications, will be accepted by the City. The relocation of the Sixty-Six (66) inch Sewage Force Main is part of the appropriate utilization of infrastructure.

COMMUNITY FACILITIES ELEMENT

OBJECTIVE 10
LOCATE WASTEWATER FACILITIES IN A MANNER THAT WILL ENHANCE THE EFFECTIVE AND EFFICIENT TREATMENT OF STORM AND WASTEWATER.

POLICY 10.1
Provide facilities for treatment of storm and wastewater prior to discharge into the Bay or ocean. Locate such facilities according to the Wastewater and Solid Waste Facilities Plan.
Comment: The Project includes relocation and acceptance of elements of the City's water treatment system. These improvements will serve as part of the City's storm water system that will discharge treated storm water to the Bay. Unlike most areas of the City, Mission Bay has separate systems for storm water and wastewater. Wastewater (sewage) will continue to be delivered to separate facilities for additional treatment.

ENVIRONMENTAL PROTECTION ELEMENT

POLICY 3.3
Implement plans to improve sewage treatment and halt pollution of the Bay and Ocean.

Comment: New development in Mission Bay will construct separate systems for storm water and wastewater management. Wastewater will continue to be delivered to facilities for treatment before discharge, reducing the amount of untreated (combined) sewage/wastewater that is discharged to the Bay after storm events.

The Project is, on balance, in conformity with the General Plan.
Planning Code Section 101.1(b) Policies

Case 2011.0057R
Mission Bay South
Relocation of a 66” Sewer Force Main
and City Acceptance of the Public Infrastructure

(Block 8723 / Lots 003 and 006
Block 8727 / Lots 005 and 006)
(aka. Mission Bay Redevelopment Parcels 038, 039 and 040)

Planning Code Section 101.1(b) establishes eight priority planning policies and requires the review of projects for consistency with said policies:

(1) That existing neighborhood-serving retail uses be preserved and enhanced and future opportunities for resident employment in and ownership of such businesses enhanced.

_The Project would have no adverse effect on neighborhood serving retail uses or opportunities for employment in or ownership of such businesses. The Project actions considered in this case would implement policies and plans contained in the Mission Bay Plan and the Design for Development document._

(2) That existing housing and neighborhood character be conserved and protected in order to preserve the cultural and economic diversity of our neighborhoods.

_The Project considered is limited to the relocation of a 66” Sewer Force Main, which will not negatively impact existing housing in the area. City acceptance of dedication of horizontal public infrastructure improvements (66” Sewer Force Main) is necessary for the Redevelopment Project to be implemented as approved._

(3) That the City’s supply of affordable housing be preserved and enhanced.

_The Project in itself (relocation and acceptance of infrastructure improvements) would have no effect on the City’s supply of affordable housing. Implementation of the Mission Bay North and South Redevelopment Plans, as adopted and approval of the Project actions would indirectly support increasing the City’s supply of affordable housing through adherence to the Community Redevelopment Law that requires at least 15% of all new and substantially rehabilitated dwelling units developed within the Project Area be affordable and occupied by, persons and families of low- or moderate income as defined by the California Health and Safety Code._

(4) That commuter traffic not impede MUNI transit service or overburden our streets or neighborhood parking.

_The Project would not adversely impede MUNI transit service or overburden city streets and neighborhood parking._
(5) That a diverse economic base be maintained by protecting our industrial and service sectors from displacement due to commercial office development, and that future opportunities for resident employment and ownership in these sectors be enhanced.

_No industrial or service sector businesses would be displaced by the 66" Sewer Force Main relocation._

_The Project would not adversely affect a diverse economic base. The property was once the site of rail yards and related development, subsequently vacant._

(6) That the City achieve the greatest possible preparedness to protect against injury and loss of life in an earthquake.

_The Project, limited to the relocation and acceptance of public infrastructure improvements (once constructed consistent with approved plans) would not adversely affect City preparedness against injury or loss of life in an earthquake. The 66" Sewer Force Main would be constructed consistent with current Building and Seismic Codes and regulations._

(7) That landmarks and historic buildings be preserved.

_The Project would not adversely affect landmarks or historic buildings._

(8) That our parks and open space and their access to sunlight and vistas be protected from development.

_The Project would not adversely affect parks and open space and their access to sunlight._

OFFER OF IMPROVEMENTS

(66" Sewage Force Main Relocation Project, Mission Bay)

FOCIL-MB, LLC, a Delaware limited liability company ("FOCIL") does hereby irrevocably offer to the CITY AND COUNTY OF SAN FRANCISCO, a municipal corporation ("City"), and its successors and assigns, all of the sewer main public utility facilities and other ancillary improvements constructed or installed by or on behalf of FOCIL pursuant to General Street Excavation Permit No. #09E-0056 (Mission Bay Blocks 38, 39 and 40) dated April 14, 2009, as revised by General Street Excavation Permit #09E-0114 (Mission Bay Blocks 38, 39 and 40) dated July 17, 2009, for the 66" Sewage Force Main Relocation Project, and the improvement plans entitled “Mission Bay Project, 66" Sewage Force Main Relocation Public Improvements” dated October 8, 2008; but excepting therefrom those portions of the improvements which are identified on the “as-built” drawings as the 8” sanitary sewer line.

The property where the improvements are located is shown on the site plan attached as Exhibit A hereto, constituting property owned by FOCIL, City, and City as Trustee for the State of California, located in the City and County of San Francisco.

It is understood and agreed that: (i) upon acceptance of this offer of improvements the City shall own and be responsible for the operation and maintenance of the offered public facilities and improvements, and (ii) the City and its successors or assigns shall incur no liability or obligation whatsoever with respect to such offer of public improvements, and, except as may be provided by separate instrument, shall not assume any responsibility for the offered public improvements, unless and until such offer has been accepted by appropriate action of the Board of Supervisors.
The provisions hereof shall inure to the benefit of and be binding upon the heirs, successors, assigns and personal representatives of the respective parties hereto.

IN WITNESS WHEREOF, the undersigned has executed this instrument this 11 day of ___ April ___, 2011.

(See attached)
WARRANTY BOND

Whereas, FOCIL-MB, LLC (hereafter designated as "Principal"), entered into General Street Excavation Permit No. 09E-0114 (Mission Bay) dated July 17, 2009 with the City and County of San Francisco, State of California, as Obligee, for the replacement of the existing 66" sewer force main and realignment to future Owens Street in the Mission Bay neighborhood in San Francisco, California; and

Whereas, said work has been completed by Principal.

Now, therefore, Principal and FEDERAL INSURANCE COMPANY, incorporated under the laws of the State of IN, as Surety, are held firmly bound unto Obligee, in the amount of Six Hundred Five Thousand One Hundred Twenty-Five and 00/100 Dollars ($605,125.00) in lawful money of the United States, for the payment of which Principal and Surety bind themselves, their heirs, successors, executors, assigns and administrators, jointly and severally, by these presents.

If said Principal shall promptly replace and repair any work proven to be defective because of faulty workmanship and/or material within a period of five (5) years from the date of the Director of the Department of Public Works’ determination of completeness of the work ("DOC"), then this obligation shall become null and void; otherwise it shall be and remain in full force and effect.

As part of the obligation secured hereby and in addition to the face amount specified, costs and reasonable expenses and fees shall be included, including reasonable attorneys' fees, incurred by the City of San Francisco in successfully enforcing the obligation, all to be taxed as costs and included in any judgment rendered.

The Surety hereby stipulates and agrees that no change, extension of time, alteration, or addition to the terms of the Permit or the specifications accompanying the Permit shall in any manner affect its obligations on this bond. The Surety hereby waives notice of any such change, extension of time, alteration, or addition to the terms of the agreement, the work, or the specifications.

In witness whereof, this instrument has been duly executed on December 9, 2011
