Department:
San Francisco International Airport (Airport)

EXECUTIVE SUMMARY

Legislative Objective

- The proposed resolution would approve a new lease between the Airport and Alclear, LLC, for the Expedited Traveler Service program at San Francisco International Airport.

Key Points

- Under the Expedited Traveler Service program, as authorized by the U.S. Transportation Security Administration (TSA), program members pay a private company an annual fee in order to receive expedited screening at the entrance to the Airport security check points. The Airport has entered into a lease agreement with Alclear, LLC (Alclear), as a result of a competitive Request for Proposals (RFP), to provide the Expedited Traveler Service program at San Francisco International Airport.
- The Airport Commission approved an expanded scope of Expedited Traveler Service program for San Francisco International Airport which could include (1) registering passengers, collecting biometric identification, verifying identification at the security checkpoint, and assisting members through the checkpoint lines; and (2) concierge-type services, including assistance with flight information, parking, ground transportation, baggage, and pre-ordering food from Airport concessions. According to the Airport's Chief Operating Officer, the business plan provided by Alclear focuses on expediting screening of members at security checkpoints rather than concierge services. Alclear has committed to developing a targeted concierge service based on a survey to be conducted after the commencement of operations.
- The proposed lease is for three years, with one three-year option to extend the lease. Alclear will lease approximately 700 square feet of space for seven security checkpoint locations and four enrollment stations in the International Terminal and Terminals 1, 2, and 3. Rent payable by Alclear to the Airport equals the greater of the Minimum Annual Guarantee (MAG) of \$650,000, increased annually by a formula based on the Consumer Price Index (CPI), or 10% of gross revenues.
- Under the proposed lease, Expedited Traveler Service program fees, charged by Alclear to program members, must be (1) comparable to fees charged by Alclear at other airports, and (2) approved by the Airport Director. Fees in the first year of the proposed lease are \$179 per year for individual members and \$229 per year for families. Fees for corporate enrollment range from \$150 to \$165 per member, depending on the number of company employees that are enrolled.

Fiscal Impacts

- The Airport expects Alclear to pay the Airport the MAG in the first year of the lease and percentage rent equal to 10% of gross revenues in the second and third year of the lease. Estimated rent payable by Alclear to the Airport is \$2,855,656 over the initial three-year term. If Alclear does not achieve the enrollment goals, resulting in payment of the MAG rather than 10% of gross revenues in year two and year three of the proposed lease, the Airport would receive an estimated \$2,009,085 over the initial 3-year term of the proposed lease, based on a 3% per year increase in the initial MAG of \$650,000.

Recommendation

- Approve the proposed resolution.

MANDATE STATEMENT / BACKGROUND**Mandate Statement**

In accordance with City Charter Section 9.118, any lease having anticipated revenue of \$1,000,000 or more is subject to approval by the Board of Supervisors.

Background

The U.S. Transportation Security Administration (TSA) implemented a Registered Traveler pilot program in 2005, in which private companies could pre-screen air travel passengers to expedite their screening at airport security checkpoints. Air travel passengers who wished to be pre-screened could pay a fee to a private company providing the pre-screening service and submit to a background check to become a Registered Traveler. Twenty airports, including San Francisco International Airport (Airport) participated in the Registered Traveler pilot program, which ended in July 2009.

The Airport awarded a 5-year contract to provide Registered Traveler service to Clear Registered Traveler (Clear) in July 2007 after a Request for Proposal (RFP) process. Clear, which provided Registered Traveler services at 18 airports, went out of business in June 2009 (see Selection of Alclear, LLC below). The Airport has not offered a Registered Traveler service since June 2009.

Expedited Traveler Service Program

Airport security includes two screening processes at the security checkpoints: (1) the initial check of boarding passes and identification; and (2) the security screening of passengers and luggage. Under the Expedited Traveler Service program, as authorized by the TSA, members of the Expedited Traveler Services program pay a private company an annual fee in order to receive expedited screening relating to checking boarding passes and identification, and escorting passengers to the front of the line for the second screening process, which is conducted by TSA.

The TSA has also piloted a new program, called TSA Pre-Check, which offers expedited screening of passengers and luggage at the Airport's second checkpoint. Currently, this pilot program is only offered to passengers of Delta Airlines and American Airlines at 11 airports. San Francisco International Airport is not currently a participant.

DETAILS OF PROPOSED LEGISLATION

The proposed resolution would approve a new lease between the Airport and Alclear, LLC, for the Expedited Traveler Service program at San Francisco International Airport.

- Lease Premises**
- Approximately 700 square feet at seven checkpoint locations and four permanent enrollment stations.
 - The initial program will include six checkpoint locations, to be expanded to seven locations at a later date. The six checkpoint locations will be located in:
 - (1) International Terminal, Boarding Area A;
 - (2) International Terminal, Boarding Area C;
 - (3) Terminal 1, Boarding Area B;
 - (4) Terminal 1, Boarding Area C;
 - (5) Terminal 2, Level 2; and
 - (6) Terminal 3, Boarding Area F.
 - The Airport will have the right to approve or deny the placement of the permanent enrollment stations.
 - The Airport will establish separate security checkpoint lanes for passengers participating in the Expedited Traveler Service program. These lanes are not included in the leased premises.
- Term**
- Three years
 - One 3-year option to extend
- Minimum Annual Guarantee (MAG) Rent Payable to the Airport**
- \$650,000
 - Adjusted annually by a formula that compares the Consumer Price Index (CPI) in the base year to the current year
- Percentage Rent if Greater than the MAG**
- 10% of gross revenues exceeding the MAG
- Utilities**
- Tenant pays all utilities

Selection of Alclear, LLC

The Airport issued a competitive Request for Proposal (RFP) for the Expedited Traveler Service program in September 2011. Selection criteria for the Expedited Traveler Service provider included:

1. Financial strength and business plan (30 points);
2. Operations and management plan (30 points);
3. Rent payable to the Airport (20 points);
4. Experience (10 points); and
5. Design and quality of stations (10 points).

The Airport received two qualified responses from Alclear, LLC (Alclear) and Jetit Express, LLC (Jetit). The selection panel, consisting of two representatives from the Airport and one representative from a private company, AirServe, scored the two proposals. Alclear received 70 points and Jetit received 64.9 points. Alclear's MAG proposal was \$650,000 compared to Jetit's MAG proposal of \$601,500.

The Airport Commission approved award of the proposed lease to Alclear on January 31, 2012.

Alclear purchased Clear's assets after Clear went out of business in 2009, including Clear's membership list, but according to the Airport's Chief Operating Officer's report to the January 31, 2012 Airport Commission meeting, is otherwise unrelated to Clear. Alclear currently operates similar programs at airports in Denver and Orlando.

The Airport Commission approved an expanded scope of the Expedited Traveler Service program for San Francisco International Airport that could include:

1. Registering passengers, collecting biometric identification, verifying identification at the security checkpoint, and assisting members through the checkpoint lines; and
2. Concierge-type services, including assistance with flight information, parking, ground transportation, baggage, and pre-ordering food from Airport concessions.

According to the Airport's Chief Operating Officer, Mr. Tryg McCoy, the business plan provided by Alclear focuses on expediting screening of members at security checkpoints rather than concierge services. However, according to Mr. McCoy, Alclear has committed to surveying members and developing a targeted concierge service based on the survey.

FISCAL IMPACTS

Under the proposed lease, the Expedited Traveler Service program fees, charged by Alclear to members of the program, must be (1) comparable to fees charged by Alclear at other airports, and (2) approved by the Airport Director.

The fees to be charged by Alclear to members of the Expedited Traveler Service program in the first year of the proposed lease are:

Membership	Price per Year
Individual	\$179
Family Plan	\$229
Military Discount	15%
Corporate Pricing	From \$150 to \$165 per member, based on number of enrollments per company

Source: Airport

According to Ms. Cheryl Nashir, Associate Deputy Airport Director, Revenue Development, the fees to be charged by Alclear for the Expedited Traveler Service are consistent with fees charged by Alclear at airports in Denver and Orlando.

As shown in the table below, the Airport expects Alclear to pay the MAG in the first year of the lease and percentage rent equal to 10% of gross revenues in the second and third year of the lease.

	Year One	Year Two	Year Three	Total
Gross Revenues	\$6,026,953	\$9,181,577	\$12,874,983	\$28,083,513
Rent	\$650,000	\$918,158	\$1,287,498	\$2,855,656
	MAG	10% of Gross Revenue	10% of Gross Revenue	

Source: Airport

According to Ms. Nashir, Alclear's revenue projections are based on enrollment of Expedited Traveler Service members in San Francisco comparable to enrollment in programs in Denver and Orlando. As noted in the table above, based on these enrollment projections, Alclear will pay the Airport total rent of \$2,855,656 over the initial three-year term of the proposed lease.

If Alclear does not achieve the enrollment goals, resulting in payment of the MAG rather than 10% of gross revenues in year two and year three of the proposed lease, Alclear would pay the Airport total rent estimated at \$2,009,085 over the initial 3-year term of the proposed lease, based on a 3% per year increase in the initial MAG of \$650,000.

RECOMMENDATION

Approve the proposed resolution.
