Be it ordained by the People of the City and County of San Francisco:

Section 1. The San Francisco Business and Tax Regulations Code is hereby amended by amending Article 9, Section 604 and adding Section 608, to read as follows:

**SEC. 604. COLLECTION OF TAX BY OPERATOR; RECEIPT TO OCCUPANT; RULES FOR COLLECTION SCHEDULES.**

(a) Every Operator maintaining a place of business in this City and County as provided in Section 603 herein, and Renting parking space in a Parking Station in this City and County to an Occupant who is not exempted under Section 606 or Section 608 of this Article or
elsewhere in this Code, shall at the time of collecting the Rent from the Occupant, collect the
Parking Tax from the Occupant and on demand shall give to the Occupant a Receipt that
meets the requirements of Article 22 of this Code. In all cases in which the Parking Tax is not
collected by the Operator, as aforesaid, the Operator shall be liable to the Tax Collector of the
City and County for the amount of Parking Tax due on the amount of taxable Rent collected
from the Occupant under the provisions of this Article the same as though the Parking Tax
were paid by the Occupant. In all cases of transactions upon credit or deferred payment, the
remittance or payment of Parking Tax to the Tax Collector may be deferred in accordance
therewith, and the Operator shall be liable therefore at the time and to the extent that such
credits are paid or deferred payments are made in accordance with the rate of tax owing on
the amount thereof.

(b) Unless the Operator can provide an explanation or other sufficient proof that the
Enforcing Agency in its sole discretion deems to be credible to establish the validity of a claim
for a Lost Ticket or an otherwise Unaccounted Ticket (as those terms are defined in Section
2201 of Article 22 of this Code), every Lost Ticket and Unaccounted Ticket shall be
considered as a full value Parking Ticket for which the Operator is liable for transmitting to the
City the full value of the Parking Tax and surcharge required under this Code applicable to the
highest maximum daily rate charged for any parking space without discount, except that an
Operator shall be allowed an Unaccounted Ticket Ratio of 1.5 percent for each Parking
Station that it operates (as that term is defined and used in Article 22 of this Code) in a
reporting period, for which the Operator may not be liable for failure to remit the Parking Tax.

(c) The Operator shall have the burden of explaining and establishing the validity of
Lost Tickets and Cancelled Transactions, as those terms are defined in Article 22 of this
Code. The Enforcing Agency may consider a verifiable statement signed by the Occupant
claiming a Lost Ticket that includes the Occupant's name, address, telephone number, the

Mayor Lee, Supervisors Mar, Wiener, Chiu, Farrell, Chu, Olague, Kim, Campos, Cohen, Avalos
BOARD OF SUPERVISORS
Occupant's Motor Vehicle license plate number, the time of entry and the time of exit as sufficient proof of a valid Lost Ticket transaction. An Operator shall maintain a log of all Lost Tickets and Cancelled Transactions. The Enforcing Agency may consider in its sole and absolute discretion an Operator's log of Cancelled Transactions or Lost Ticket transactions that includes the cashier or attendant's name and/or Log File identification number who processed the Transaction, the date and time of the Transaction, and a credible reason for processing the transaction as a Lost Ticket transaction.

(d) The Tax Collector shall have the power to adopt rules and regulations prescribing methods and schedules for the collection and payment of the tax and such methods and schedules shall provide that the fractional part of 1 cent shall be disregarded unless it amounts to 1/2 of 1 cent or more, in which case the amount (determined without regard to the fractional part of 1 cent) shall be increased by 1 cent.

SEC. 608. SPECIAL SCHOOL PARKING EVENT PERMITS.

(a) Findings. The Board of Supervisors of the City and County of San Francisco hereby finds and determines that:

(1) San Francisco Business and Tax Regulations Code Articles 6, 9 and 22 require that Occupants of Parking Stations pay a 25 percent tax that is collected and remitted to the City by parking Operators. Operators must register with the City and meet other parking Operator requirements.

(2) San Francisco Police Code Section 1215 requires that Commercial Parking Operators obtain an annual permit.

(3) Special parking events on San Francisco Unified School District (SFUSD) property, operated by the volunteers of non-profit organizations, such as Parent Teacher Associations and Parent Teacher Organizations constitute a beneficial activity to supplement SFUSD school revenues that have been drastically reduced by State budget cuts.
(4) Requiring parent volunteers to register as parking Operators is a burden on
the volunteer organizers of these events who are staging them for the sole benefit of the
SFUSD schools.

(5) Therefore, in order for volunteer organizers to be able to reap the full benefit
of their efforts and help the schools to better meet the needs of their students, the San
Francisco Business and Tax Regulations Code and Police Code are amended to provide for
Special School Parking Event Permits.

(a)(b) No tax shall be imposed hereunder on Rent for the occupancy of parking space in
parking stations at special school parking events, provided that the following requirements are met:

(1) The parking activity is conducted on San Francisco Unified School District
("SFUSD") property.

(2) The parking activity is conducted by the volunteers of an a volunteer led
organization having a formally recognized exemption from income taxation pursuant to Section
501(c)(3) of the Internal Revenue Code of 1986, as amended.

(3) One hundred percent of the earnings from the parking activity are for the sole
benefit of San Francisco public schools. No part of the organization’s earnings from the parking
activity may inure to the benefit of any private shareholder or individual.

(4) The organization holds a Special School Parking Event Permit issued by the
Chief of Police/Tax Collector to conduct the parking activity that it shall, which must be publicly
displayed during the operation of the parking activity.

(5) The gross revenue from the special school parking event does not exceed $10,000.

(b)(c) The Chief of Police/Tax Collector or designee may issue up to a maximum of 150
School Parking Event Permits annually on a first come, first served basis, to the
President, Chief Administrative Officer, or the equivalent of eligible non-profit the Second District
PTA organizations in the City, for distribution to their members qualifying organizations, for the
purpose of conducting special school parking events that meet the requirements of this Section. Each
permit may be used to conduct only one special school parking event. Special School Parking
Event Permits are not transferrable and shall be valid only during the calendar year in which they are
issued. Any organization conducting a special school parking event must in advance of the
event notify the Tax Collector of the date and location of the special school parking event and
must have the permit available for inspection on-site during the event.

(e)(d) The Tax Collector shall prescribe the form of the Special School Parking Event
Permit application. The Tax Collector or his or her designee shall determine whether an
organization meets the requirements of this Section and is eligible to receive a permit. The
Tax Collector shall not charge any fee to apply for or obtain a Special School Parking Event
Permit.

(1) Organizations that are issued permits under this Section shall keep and preserve business records, and make them available to the Tax Collector
and Chief of Police, or their designees, as may be necessary to determine the
organization's eligibility and use of the Special School Parking Event Permits, including all
local, state and federal tax returns of any kind, for a period of 5 years from the date the permit is
issued.

(2) Organizations that are issued permits under this Section shall submit annual returns on a form prescribed by the Tax Collector. Required data shall
include the number of permits received from the Chief of Police, the number of special
school parking events conducted and the date of each event, the rate charged for parking at each event,
and the dollar value of gross revenues for each event.

(3) Upon the request of the Tax Collector or the Chief of Police, or their designees, an organization shall produce such business records at the Tax
Collector's Office or Police Department, as applicable, during normal business hours for
inspection, examination, and copying. Refusal to allow full inspection, examination, or copying of such records shall subject the organization to revocation of any existing permits and disqualify it from eligibility for Special School Parking Event Permits in the future.

(e)(g) An organization that collects Rent for occupancy of parking space for a special school parking event pursuant to this Section 608 shall also be exempt from the requirement to obtain a certificate of authority from the Tax Collector pursuant to Section 6.6-1 (a) of this Article 6, or to execute a parking tax bond pursuant to Section 6.6-1 (g) of this Article 6, provided that the Operator demonstrates to the satisfaction of the Tax Collector that it meets all of the requirements in Section 608(a).

(d)(f) An organization that collects Rent for occupancy of parking space for a special school parking event pursuant to this Section 608 shall be exempted from the Revenue Control Equipment requirements in Article 22 of this Code, except that such organizations must comply with the requirements of Section 2204 (b)(1)-(6).

(e)(g) For each year for which the Special School Parking Event Permits authorized under this Section 608 are available, the Tax Collector shall submit an annual report to the Board of Supervisors that sets forth aggregate information regarding the dollar value of the gross revenues taken in each year, the number of permits issued, and the parking tax revenue foregone.

(f)(h) Termination Date. The exemption granted in this Ordinance shall expire by operation of law on December 31, 2015, and the City Attorney shall cause it to be removed from future editions of the Business and Tax Regulations Code unless the Board of Supervisors or the voters extends the exemption prior to December 31, 2015. If the exemption in this Section expires under this subsection (h), the Tax Collector shall not issue any Special School Parking Event Permits after that expiration date.
(g)(i) Severability. If any provision of this Ordinance or the application thereof to any person or circumstance is held invalid, the remainder of the Ordinance and the application of such provision to other persons or circumstances shall not be affected thereby.

Existing Law

Article 9 of the Business and Tax Regulations Code imposes a tax on the Rent of every occupancy of parking space in a Parking Station in the City and County. The Parking Operator must collect the tax from the Occupant along with the Rent for the parking space. (Section 604)

Under Article 6 of the Business and Tax Regulations Code the Operator is required to hold a Certificate of Authority ("COA") to collect the tax and must obtain a parking tax bond. (Section 6.6-1) The Operator remits the tax to the Tax Collector monthly. (Section 6.9-3)

Article 22 of the Business and Tax Regulations Code imposes Revenue Control Equipment ("RCE") requirements on all parking stations based on size and mode of operation. (Sections 2203-2211)

Article 17 of the Police Code requires that Operators obtain a commercial parking permit. (Section 1215)

Amendments to Current Law

This Ordinance will establish special school parking event permits ("Special School Parking Event Permits") to exempt from the parking tax a limited number of special parking events conducted on San Francisco Unified School District property by the volunteers of a
501(c)(3) organization. Organizations that qualify for Special School Parking Event Permits will also be relieved from the obligation to obtain a COA and bond.

The Chief of Police/Tax Collector will issue Special School Parking Event Permits to the Second District Parent Teacher Association ("PTA") for parking activity that meets the following criteria:

- The event parking must be conducted by a volunteers of a led 501(c)(3) organization.
- The earnings must be for the sole benefit of San Francisco public schools.
- A maximum of 150 School Parking Permits will be issued annually.
- The event must comply with RCE requirements for small attended parking stations.
- Gross revenues from parking may not exceed $10,000 for each parking event.

Organizations that are issued Special School Parking Event Permits will be required to report gross revenues on all permits annually to the Tax Collector. The exemption will sunset in 2015, unless extended by the Board of Supervisors or the voters.

Amendments have been made to this Ordinance to reflect changes to Section 1215 of the Police Code, that were enacted subsequent to the introduction of this Ordinance.

Background Information

Many San Francisco schools hold special parking events on San Francisco Unified School District ("SFUSD") property. The parking events are operated by the volunteers of non-profit organizations, such as Parent Teacher Associations ("PTAs") and Parent Teacher Organizations ("PTOs"), to raise supplemental revenue for the schools to compensate for budget shortfalls. Currently, the San Francisco Business and Tax Regulations Code requires that the organizations collect parking tax on the Rent charged for parking at these events. This imposes an financial burden on the fundraising activity, which is conducted for the sole benefit of SFUSD schools. Amending the existing law will allow the schools to reap the full benefit of their efforts and to better meet the needs of their students.
### EXECUTIVE SUMMARY

#### Legislative Objective

- The proposed ordinance would amend the City’s Business and Tax Regulations Code Article 9, by adding Section 608 to exempt a limited number of special events operated by the volunteers of nonprofit organizations on San Francisco Unified School District (SFUSD) property for the sole benefit of San Francisco public schools that earn less than $10,000 in gross parking revenue per event, from paying the City’s Parking Tax and related requirements, and establishing Special School Parking Event permits to be issued by the Tax Collector’s Office. The proposed ordinance would also amend the City’s Police Code Section 1215 to exempt said organizations from the requirement of obtaining commercial parking operator permits, and would establish a sunset date of December 31, 2015.

#### Key Points

- Under the proposed Amendment of the Whole, Parking Taxes would not be required to be collected or remitted by operators of special school events if: (a) parking is conducted on SFUSD property; (b) the parking activity is provided by a volunteer-led Section 501(c)(3) nonprofit organization; (c) 100% of the parking earnings are for the sole benefit of SFUSD, and (d) gross revenues from the school parking event do not exceed $10,000.

- Under the proposed ordinance, the Tax Collector could issue a maximum of 150 Special School Parking Event permits annually, on a first-come, first-serve basis at no charge to the President, Chief Administrative Officer or equivalent official at the Second District PTA for distribution to qualifying organizations. Such qualifying organizations would also be exempt from (a) obtaining a Certificate of Authority from the Tax Collector, (b) a Parking Tax bond, (c) Tax Collector revenue control requirements, and (d) obtaining a commercial parking permit, as currently required.

#### Fiscal Impacts

- Assuming a maximum of 150 Special School Parking Event permits are issued annually and each Special School Parking Event generates the maximum $10,000, the City would forgo an estimated $300,000 of annual Parking Tax revenues. In addition, if the maximum 150 Special School Parking Event permits are issued each year, the proposed ordinance would result in the City forgoing an additional $189,300 of annual fee revenue. Together, this would result in a maximum forgone loss of $489,300 annually in revenues to the City.

- However, it should be noted that, fundraising events that are sponsored by the PTA to benefit the San Francisco Unified School District at SFUSD locations are not currently paying the above-noted Parking Taxes or fees to the City, although City Code provisions currently require that these Parking Taxes and fees be paid.

#### Recommendation

- Approval of the proposed ordinance is a policy decision for the Board of Supervisors.
MANDATE STATEMENT/ BACKGROUND

Mandate Statement
In accordance with Charter Section 2.105, all legislative acts shall be by written ordinance, approved by the Board of Supervisors.

Background
In accordance with the City’s Business and Tax Regulations Code, the City’s Parking Tax rate is currently 25 percent. In accordance with Article 9, Section 604 of the City’s Business and Tax Regulations Code, every operator maintaining a place of business in San Francisco that includes renting of parking spaces shall collect Parking Taxes from the occupants, or otherwise be liable to the City’s Tax Collector for the amount of Parking Tax due each month. In addition, Article 6 of the City’s Business and Tax Regulations Code requires each parking operator to obtain a Certificate of Authority (COA) from the City’s Tax Collector in order to collect the City’s Parking Taxes and to obtain a Parking Tax bond, and Article 22 imposes specified revenue control equipment requirements on parking operators.

In addition, in accordance with Article 17, Section 1215 of the City’s Police Code, the Chief of Police is responsible for issuing commercial parking permits to operators of parking garages and parking lots, where vehicles are parked for a charge.

DETAILS OF PROPOSED LEGISLATION

The proposed ordinance would amend the City’s Business and Tax Regulations Code Article 9, by adding Section 608 to exempt a limited number of special events operated by volunteer-led nonprofit organizations on San Francisco Unified School District (SFUSD) property for the sole benefit of San Francisco public schools that earn less than $10,000 in gross parking revenue per event, from paying the City’s Parking Tax and other related requirements, and provide that such Special School Parking Event permits be issued by the Tax Collector’s Office. The proposed ordinance would also amend the City’s Police Code Section 1215 to exempt said organizations from the requirement of obtaining commercial parking operator permits. The proposed ordinance would expire on December 31, 2015, unless the Board of Supervisors or the voters extends the proposed Parking Tax exemption.

Specifically, the new Section 608 of the Business and Tax Regulations Code would provide that no Parking Taxes would be required to be collected and remitted by the operators of special school events if:

- Parking is conducted on San Francisco Unified School District (SFUSD) property;
Parking activity is provided by a volunteer-led Section 501(c)(3) nonprofit organization;

100% of the parking revenues are for the sole benefit of San Francisco public schools and gross revenues from the school parking event do not exceed $10,000;

The Tax Collector could issue a maximum of 150 Special School Parking Event permits annually, on a first-come, first-serve basis at no charge to the President, Chief Administrative Officer, or equivalent official at the Second District PTA¹ for distribution to eligible organizations for conducting the special school parking events.

Each Special School Parking Event Permit would (a) be valid for one school parking event, (b) not be transferable, and (c) be valid only during the calendar year issued. Prior to the event, the organization must notify the Tax Collector regarding the specified date and location of the Special School Parking Event and have the permit publicly displayed and available for inspection on-site.

The proposed new Section 608 of the Business and Tax Regulations Code would also:

- Require the Tax Collector to prescribe the Special School Parking Event permit application, determine whether an organization meets the specified requirements and not charge any fees for applying for or obtaining such Special School Parking Event permits.

- Provide that such qualified nonprofit organizations would also be exempt from (a) obtaining a Certificate of Authority from the Tax Collector, (b) a Parking Tax bond, or (c) Tax Collector revenue control requirements, as currently required.

In addition, the proposed ordinance would amend Section 1215(d) of the Police Code to exempt those nonprofit organizations which have applied for and obtained Special School Parking Event permits from obtaining a commercial parking permit, as currently required.

Under the proposed ordinance, the Second District PTA would be required to (a) maintain and make available business and tax records for five years from the date the Special School Parking permit was issued, which would be available to the Tax Collector to determine the organization’s eligibility and use of the special school parking permits, and (b) submit annual returns on a form prescribed by the Tax Collector that identifies the number of permits received, dates of the parking events conducted, parking rates charged for each event, and gross revenues collected for each event.

In addition, the Tax Collector would be required to annually submit a report to the Board of Supervisors that identifies (a) the number of permits issued, (b) total gross parking revenues realized by the nonprofit organizations, and (c) total Parking Tax revenues forgone.

¹ The Second District of the California State Parent Teacher Association (PTA) is the PTA umbrella organization for San Francisco and is the only nonprofit organization specifically identified in the proposed ordinance.
FISCAL ANALYSIS

According to Mr. Greg Kato, the Policy and Legislative Manager for the Treasurer/Tax Collector's Office, and as shown in Table 1 below, assuming the maximum 150 Special School Parking Event permits are issued annually and that each Special School Parking Event generates the maximum $10,000, the City would forgo an estimated $300,000 of annual Parking Tax revenues.

</tbody>

* Based on total parking revenues of $10,000, $8,000 is assumed to be the actual parking rent, and $2,000 or 25% is assumed to be the Parking Tax.

The proposed ordinance would also exempt Special School Parking Event permit holders from (a) obtaining commercial parking operator permits from the Police Department, which are projected to cost $762\(^2\) per year, and (b) paying revenue control equipment fees to the Tax Collector, which currently cost $500 per year. As shown in Table 2 below, if the maximum 150 Special School Parking Event permits are issued each year, the proposed ordinance would result in the City forgoing an additional $189,300 of annual fee revenue.

</tbody>
</table>

Together, the proposed ordinance is projected to result in a maximum forgone loss of $489,300 in revenues annually to the City ($300,000 plus $189,300). However, it should be noted that, fundraising events that are sponsored by the PTA to benefit the San Francisco Unified School District at SFUSD locations are not currently paying the above-noted Parking Taxes or fees to the City, although City Code provisions currently require that these Parking Taxes and fees be paid.

---

\(^2\) An ordinance to increase commercial parking operator permit fees charged by the Police Department from $455 to $762 is currently pending before the Board of Supervisors (File 12-0597).
In addition, the Treasurer/Tax Collector’s Office would be responsible for administering the proposed Special School Parking Event permit program, which Mr. Kato advises would result in minor additional operating expenses, which would be absorbed in the Tax Collector’s Office existing budget.

Approval of the proposed ordinance is a policy decision for the Board of Supervisors.
