17

18           Section 2. Boundaries and Zones. The exterior boundaries of the District and the  
19 Zones within the District are as set forth in the map contained in the Management District  
20 Plan dated September 25, 2012 as updated November 14, 2012, on file with the Clerk of the  
21 Board of Supervisors in File No. 120989, which is hereby declared to be a part of this  
22 Resolution as if set forth fully herein; the exterior boundaries of the District, and the Zones  
23 within the District, are described as follows:

- 24           • The District includes all hotels generating revenue from tourist rooms that operate  
25           in the City and County of San Francisco during the term of the District, and so the

1 exterior boundaries of the District are the same as the contiguous boundary of the  
2 municipal corporation City and County of San Francisco.

- 3 • These hotels are divided into two zones -- Zone 1 and Zone 2:
  - 4 -- Zone 1 includes all tourist hotels with addresses on or east of Van Ness  
5 Avenue, on or east of South Van Ness Avenue, and on or north of 16th Street  
6 from South Van Ness to the Bay, including all tourist hotels east of Van Ness  
7 Avenue as if it continued north to the Bay, and north of 16th Street as if it  
8 continued east to the Bay.
  - 9 -- Zone 2 includes all tourist hotels with addresses west of Van Ness Avenue  
10 and South Van Ness Avenue, and all tourist hotels south of 16th Street.

11 Reference should be made to the detailed map and the description and list of  
12 businesses in the Management District Plan, in order to determine which hotels are in which  
13 zone.

14  
15 Section 3. Activities, Improvements, and District Management.

16 A. The proposed activities and improvements for the District include several  
17 components:

- 18 • Planning, design, engineering, entitlement, construction, project management and  
19 related services for expansion of the Moscone Convention Center, including  
20 related payments for any bond, financing lease (including certificates of  
21 participation) or similar obligations of the City. The proposed Project  
22 improvements are estimated to cost up to \$500 million.
- 23 • Funding of a Moscone Convention Center Incentive Fund, which will be used to  
24 attract significant meetings, tradeshow and conventions to San Francisco via  
25 offset of rental costs.

- 1           • Funding of a Moscone Convention Center Sales & Marketing Fund to provide  
2           increased funding for sales and marketing of convention business, with a focus on  
3           generating increased revenues for hotels that pay the assessment.
- 4           • Funding ~~of capital improvements and renovations~~ a Capital Improvements and  
5           Renovations Fund, including ~~a capital reserve fund to cover~~ funding for future  
6           upgrades, expansion, renovation, and capital improvements to the Moscone  
7           Convention Center.
- 8           • Allocation of funds to pay for District formation, operation and administration, and  
9           to establish and maintain a contingency reserve.
- 10          ~~Funding of expenses for additional development and implementation of future~~  
11          ~~phases of the expansion Master Plan, if there are funds available in excess of~~  
12          ~~those needed for Phase One.~~

13           B. The District will be managed by the San Francisco Tourism Improvement District  
14          Management Corporation, a 501c(6) non-profit corporation (SFTIDMC), the same  
15          organization that manages the San Francisco Tourism Improvement District (TID). The  
16          California Property and Business Improvement District Law of 1994 (Streets and Highways  
17          Code §§36600 et seq.), provides that such owners' association may manage the District.

18

19           Section 4. Financing. It is anticipated that in connection with financing all or a portion  
20          of the District's activities and improvements, the City will issue, or cause to be executed,  
21          bonds, financing lease (including certificates of participation) or similar obligations  
22          (collectively, "Bonds"), and that District funds will be used in furtherance of repayment of  
23          those obligations; it is expected that the ~~first~~ bonds or other debt will be issued in 2016 2017  
24          to fund such expansion-related activities and improvements.

1           A. The District will partially fund the repayment of the Bonds, and City contributions  
2 will partially fund repayment of the Bonds.

3           B. Subject to approval of the Board of Supervisors, the City will commit the following  
4 towards repayment of Bonds issued in connection with this estimated \$500 million Project:

- 5           • Contribution of \$8.2 million in fiscal year 2019 with an increase of 3% per year  
6 through fiscal year 2028 up to a cap of \$10.7 million, with a continuing  
7 contribution of no less than \$10.7 million per year for the remainder of the  
8 term of the District (the City's "Base Contribution").
- 9           • In addition, the City will fund shortfalls in any given year for purposes of debt  
10 service, which will be repaid from surpluses in MED assessments, as detailed  
11 in the Management District Plan.
- 12           • For purposes of this Project, "shortfall" means a fiscal year's debt service not  
13 covered by (i) the MED allocation to debt, plus (ii) the City's \$8.2 million -  
14 \$10.7 million contribution.

15           C. The City will collect MED revenues from hotels, withhold funds from those revenues  
16 allocated to Development Activities in the Plan necessary to pay debt service, fund the  
17 Stabilization Fund and Sinking Fund, fund repayment of the City's contribution toward shortfall  
18 in debt service costs from prior years, and transfer to the MED the portion of revenue per the  
19 allocation outlined in the Management District Plan.

20           D. For purposes of this plan, "Surpluses" mean any excess MED revenue allocated to  
21 Development Activities in the Plan that are not needed to fund the MED contributions toward  
22 debt service, i.e., excluding the City Contribution toward debt service. Surpluses shall be  
23 applied as follows:

- 24           • To fund a Stabilization Fund of up to \$15,000,000, to be drawn upon in any  
25 year when lower than expected MED collections cause MED's contributions

1 toward debt service to be lower than the sum set forth in cash flow projections  
2 with respect to the debt service for the Project;

- 3 • To fund a Sinking Fund in an amount equal to annual debt service beyond  
4 expiration of the District term less City Contribution;
- 5 • To the City as repayment for the City's contribution toward shortfall in debt  
6 service costs from prior years, i.e., City contributions, if any, in excess of the  
7 City's Base Contribution as outlined above;
- 8 • To the MED to fund future development, expansion, renovation, and capital  
9 improvements to the Moscone Center Campus.

10 E. As confirmed in the Management District Plan, the City owns the existing Moscone  
11 Convention Center, and will also own the expanded Moscone Convention facilities and  
12 improvements financed by District and City funds.

13  
14 Section 5. Assessments. The annual assessment proposed to be levied and  
15 collected for the first full year following commencement of the District is estimated at  
16 \$21,045,500 \$19,332,000. The amount of the annual assessment to be levied and collected  
17 for Year Two through Year Thirty-Two (32) may increase or decrease annually according to  
18 the gross revenue from tourist rooms. The total maximum assessment that could be  
19 collected for Years One through Thirty-Two (32) of the District is ~~\$6,458,235,000~~  
20 \$5,766,814,000.

21  
22 Section 6. Term. The term of the District will be 32 years after the Commencement  
23 Date; the Commencement Date will be the initial date when the assessment levy will be  
24 imposed on tourist room revenue, which will be the later of (1) July 1, 2013, or (2) the first

6 (including its Appendices), including the estimates of the costs of the business-related  
7 activities and improvements set forth in the Plan, and the assessment of said costs on the  
8 businesses that will benefit from such activities and improvements; a copy of the
