EXECUTIVE SUMMARY	
<p style="text-align: center;">Legislative Objective</p>	
<ul style="list-style-type: none"> The proposed resolution would fix prevailing wage rates for employees of businesses having City contracts that (1) perform public works and improvement projects, (2) perform janitorial services, (3) work in public off-street parking lots, garages, or storage facilities for vehicles on property owned or leased by the City, (4) engage in theatrical or technical services related to the presentation of shows on property owned or leased by the City, (5) haul solid waste, and (6) perform moving services at facilities owned or leased by the City. 	
<p style="text-align: center;">Key Points</p>	
<ul style="list-style-type: none"> Each year, the Board of Supervisors is required to establish the prevailing wage rates that specified businesses, having City contracts, are required to pay their employees. The Civil Service Commission assists the Board of Supervisors by furnishing relevant prevailing wage data collected by the Office of Labor Standards Enforcement; however, the Board of Supervisors is not bound to consider only the Civil Service Commission's data. The proposed resolution would establish the following prevailing wage rates: (1) construction employees would receive wage rate or increases that vary by classification, ranging from no change to wage rate increases up to \$2.60 per hour for certain electricians; (2) janitorial employees and window cleaners would receive no wage rate increase; (3) garage and parking lot employees would receive no wage rate increase; (4) theatrical employees would receive a wage rate increase of \$0.67 to \$0.95 per hour, depending on the classification; (5) employees hauling solid waste would receive a wage rate increase of \$0.86 to \$0.92 per hour increase, depending on the classification; and (6) employees performing moving services would receive no wage rate increase.

Therefore, such potential increased costs to the City cannot be estimated at this time.

<ul style="list-style-type: none"> Approval of the proposed resolution is a policy decision for the Board of Supervisors. 	

MANDATE STATEMENT / BACKGROUND**Mandate Statement**

Charter Section A7.204 requires contractors that have public works or construction contracts with the City to pay employees the highest general prevailing rate of wages for similar work in private employment. The Charter allows the Board of Supervisors to exempt payment of the prevailing wage for wages paid under public works or construction contracts between the City and non-profit organizations that provide workforce development services.

Administrative Code Section 22(E)(3) requires the Board of Supervisors to annually set prevailing wage rates for employees of businesses having City contracts. Table 1 below identifies the (a) specific Administrative Code Sections, (b) the dates each Administrative Code Section was last amended by the Board of Supervisors, and (c) the types of City contracts, leases, and/or operating agreements in which the businesses are required to pay prevailing wages.

Table 1: List of Contractors Required to pay the Annual Prevailing Wage

Section 21C.2	February 12, 2012	Janitorial and window cleaning services

Background

Each year, the Board of Supervisors is required to establish the prevailing wage rates that businesses having contracts with the City are required to pay their construction, motor bus service, janitorial and window cleaning, parking, theatrical, moving, and solid waste hauling service employees.

To assist the Board of Supervisors in determining the prevailing wage rates, the Civil Service Commission is required to furnish the Board of Supervisors, on or before the first Monday of November of each year, relevant prevailing wage rate data. Administrative Code Section 6.22(E) states that the Board of Supervisors is not limited to the data submitted by the Civil Service Commission to determine the prevailing wage rates, but may consider other information on the subject as the Board of Supervisors deems appropriate. If the Board of Supervisors does not adopt the prevailing wage rates, the wage rates established by the California Department of Industrial Relations for the year will be adopted.

The Civil Service Commission's relevant prevailing wage rate data provided to the Board of Supervisors is based on a survey by the Office of Labor Standards Enforcement and includes collective bargaining agreements that have recently expired and that are being negotiated or will be negotiated in the near future. However, according to Ms. Donna Levitt, Manager, Office of Labor Standards Enforcement, the collectively bargained wage rates, including the wage rates of the expired agreements that the Board of Supervisors approves under this proposed resolution will remain valid until the Board of Supervisors approves new wage rates next year.

DETAILS OF PROPOSED LEGISLATION

The proposed resolution would fix prevailing wage rates for employees of businesses having City contracts, leases, or operating agreements that (1) perform public works and improvement projects, (2) perform janitorial and window services, (3) work in public off-street parking lots, garages, or storage facilities for vehicles on property owned or leased by the City, (4) engage in theatrical or technical services related to the presentation of shows on property owned or leased by the City, (5) haul solid waste, and (6) perform moving services at facilities owned or leased by the City.

According to Mr. Jon Givnor of the City Attorney's Office, the proposed ordinance does not fix prevailing wage rates for employees of businesses having City contracts, leases, or operating agreements that provide motor bus services because the Administrative Code only requires payment of prevailing wage rates if the specific contract between the City and the motor bus service contractor requires the prevailing wage rates. Because the City does not have an existing motor bus services contract, the proposed ordinance does not set the prevailing wage rates for these classifications at this time.

As discussed above, in order to assist the Board of Supervisors in determining and establishing prevailing wage rates, the Civil Service Commission is required to submit relevant prevailing wage rate data to the Board of Supervisors, on or before the first Monday of November of each year. On October 1, 2012, the Civil Service Commission reviewed and certified the prevailing wage rate data compiled by the Department of Human Resources and forwarded the following data to the Board of Supervisors on October 3, 2012:

- Prevailing wage rates for various crafts and labor classifications under public works projects are established by the California Department of Industrial Relations, usually based on collective bargaining agreements that cover the employees performing the relevant craft or type of work in San Francisco.
- Prevailing wage rates for contracts for other services and classifications covered by the Administrative Code, as recommended by the Civil Service Commission, are based on the collective bargaining agreements that cover work performed in San Francisco between employers and the respective labor unions.

Attachment I to this report provides an alphabetical list of the all occupations covered by the City's prevailing wage rate requirements.

FISCAL IMPACT

Attachment II to this report, prepared by the Budget and Legislative Analyst, summarizes (a) the types of contracts, leases, or operating agreements required to pay prevailing wage, (b) the respective collective bargaining agreements and labor unions, (c) the amount of the hourly wage rate increases in 2013 as compared to 2012, and (d) the impact on wages. The specified hourly wage rates exclude fringe benefits, pension, vacation and holiday pay, which are separately calculated and provided in the data forwarded by the Civil Service Commission to the Board of Supervisors.

Potential impact on the costs of future contractor bids

Under the proposed resolution, private businesses, that have contracts with the City, and perform construction, janitorial and window cleaning, parking, theatrical, moving, and solid waste hauling services work in San Francisco, would be required to pay their employees at least the prevailing wage rates as noted above. Increases in the prevailing wage rates could result in increased costs of future City contracts. However, any increased contract costs to the City as a result of the proposed resolution are dependent on future City contractors' bids, and the extent to which increased prevailing wage rates result in higher bids submitted by City contractors. Therefore, such potential increased costs cannot be estimated at this time.

RECOMMENDATION

Approval of the proposed resolution is a policy decision for the Board of Supervisors.

Re: Resolution Fixing Prevailing Wage Rates Pursuant To Administrative Code Sections 6.22(E) and 21C.7(c)(1)

Dear Ms. Calvillo:

On behalf of the Civil Service Commission, I am submitting the original and four copies of the proposed Resolution pertaining to the fixing of prevailing wage rates as noted above.

This resolution is meant to be a companion to the report on prevailing wage rates sent to you on October 3, 2012 by Jennifer Johnston, Executive Officer of the Civil Service Commission. The report, authored by the Office of Labor Standards Enforcement ("OLSE") on September 6, 2012, was approved by the Commission for submission to the Board on October 1, 2012. It is referred to in the resolution as the "OLSE Report".

The proposed resolution is offered to assist the Board in fulfilling its responsibility under Administrative Code sections 6.22(E) and 21C.7(c)(1) to fix and determine annually the prevailing wage rates for certain types of work for the coming year. As the end of this year is soon approaching, please waive the "30 day hold" on this legislation so that the Board may consider it prior to the year's close.

Also, please note that in the "Whereas" clause, *at page 4, line 2 of the Resolution it will be necessary for the Clerk's Office to insert the File Number for this matter.*

Thank you for processing this submission and for making the necessary arrangements for a timely hearing on the proposed Resolution.

Very truly yours,

RATE OF WAGES OF THE VARIOUS CRAFTS AND
KINDS OF LABOR PAID IN PRIVATE EMPLOYMENT
IN THE CITY AND COUNTY OF SAN FRANCISCO

RECOMMENDATION: ADOPT REPORT; FORWARD TO BOARD OF
SUPERVISORS

Section 6.22 of the Administrative Code requires the Civil Service Commission furnish the Board of Supervisors, on or before the first Monday in November of each year, data as to the highest general prevailing rate of wages of the various crafts and kinds of labor as paid in private employment in the City and County of San Francisco. The attached General Prevailing Wage Determinations made by the Director of Industrial Relations, State of California pursuant to the California Labor Code reports the highest prevailing rate of wages of the various crafts paid in private employment in the City and County of San Francisco (please see Attachments 1-4).

In May 1999, the Board of Supervisors amended the Administrative Code to require that "Every Contract issued by the City and County of San Francisco for Janitorial Services to be performed at any facility owned or leased by the City and County of San Francisco, where such work is to be done directly under the contract awarded (a "prime contract") must require that any individual performing Janitorial Services there under be paid not less than the Prevailing Rate of Wages, including fringe benefits or the matching equivalents thereof, paid in private employment for similar work in the area in which the Contract is being performed, as determined by the Civil Service Commission." Attachment 6 contains the Collective Bargaining Agreement between the San Francisco Maintenance Contractors Association and Service Employees International Union, Building Service Employees Union, Local 1877 Division 87 in effect from August 1, 2008 through July 31, 2012, reflecting the prevailing wage rates for individuals performing janitorial services in San Francisco. The first page of Attachment 6 summarizes the basic hourly wage rate and the rate of each fringe benefit (please see Attachment 6).

Attachment 7 contains the contractual changes of the Collective Bargaining Agreement between the San Francisco Window Cleaning Contractors Association and Window Cleaners Union – SEIU Local 1877, AFL-CIO in effect from April 1, 2010 to March 31, 2013, reflecting the wage and benefits levels for individuals performing window cleaning services in San Francisco. The first page of Attachment 7 summarizes the basic hourly wage rate and the rate of each fringe benefit (please see Attachment 7).

In January 2003, the Board of Supervisors further amended the Administrative Code to require workers employed in public off-street parking lots, garages, or storage facilities for automobiles on property owned or leased by the City and County of San Francisco be paid the prevailing wage rate. Attachment 5 is the Garage and Parking Lot Agreement between Parking Employers and Teamsters Automotive Employees, Local 665 in effect from December 1, 2008 until November 30, 2012 which reflects the prevailing wage rates for parking and garage attendants. The first page of Attachment 5 summarizes the basic hourly wage rate and the rate of each fringe benefit (please see Attachment 5).

In April 2004, the Board of Supervisors amended the Administrative Code to require that workers engaged in rigging, sound, projection, theatrical lighting, videos, computers, draping, carpentry, special effects, and motion picture services for shows on property owned by the City and County of San Francisco be paid the prevailing wage rate. Attachment 8 is the International Alliance of Theatrical Stage Employees Bargaining Agreement, Local 16 in effect from July 1, 2012 through December 31, 2012. The first page of Attachment 8 summarizes the basic hourly wage rate and the rate of each fringe benefit (please see Attachment 8).

In July 2004, the Board of Supervisors amended the Administrative Code to require that "any individual performing moving services... be paid not less than the Prevailing Rate of Wages." Attachment 9 is the Carpenters Truck Driver and Mover Agreement between the Northern California Regional Council of Carpenters and the Carpenters 46 Northern California Counties Conference Board in effect from September 1, 2010 until August 31, 2012. The standard agreement is used for Employers in Northern California. The first page of Attachment 9 summarizes the basic hourly wage rate and the rate of each fringe benefit (please see Attachment 9).

Finally, in December 2006, the Board of Supervisors amended the Administrative Code to require that "any employee engaged in the hauling of solid waste be paid not less than the Prevailing Rate of Wages." Attachment 10 is the Collective Bargaining Agreement between Recology Sunset & Recology Golden Gate and Sanitary Truck Drivers and Helpers Union Local 350, IBT, in effect from January 1, 2012 until December 31, 2016, which reflects the prevailing wage rates for individuals performing the following: 1) driver of an 18 wheel truck with a leak proof/secured garbage pick-up is the Commercial Driver; and 2) individual performing the garbage pick-up, refuse and recyclables and may drive the truck is the Route Lead Person/Fantastic 3. The first page of Attachment 10 summarizes the basic hourly wage rate and the rate of each fringe benefit (please see Attachment 10).

The Board of Supervisors amended Administrative Code Section 21C.7(c)(1) on January 4, 2012 to require that the Civil Service Commission provide data on two components for each craft, classification, and type of work: (1) the basic hourly wage rate and (2) the hourly rate of each fringe benefit, which together equal the hourly prevailing rate of wages. For the occupational categories added at the request of the Board of Supervisors, information on these two components is summarized on the first page of each relevant attachment (please see Attachments 5 through 10).

For ease of reference, also included is an alphabetical list of the occupations covered in these various Wage Determinations (please see Attachment 11).

September 06, 2012

It is recommended that the Civil Service Commission certify the State Department of Industrial Relations Director's General Prevailing Wage Determination Report and Employee Bargaining Agreements, which reflect the highest prevailing rate of wages paid various crafts and kinds of labor paid in private employment in the City and County of San Francisco.

If the Civil Service Commission certifies these rates, companion legislation effectuating such proposed changes should be drafted by the City Attorney and transmitted to the Board of Supervisors concurrently with the certification.

Respectfully Submitted,

**IMPORTANT NOTICE TO AWARDDING BODIES AND
OTHER INTERESTED PARTIES CONCERNING THE NEW
AMENDMENTS TO LABOR CODE SECTION 1720(a)**

The passage of Senate Bill 975 (Chapter 938), effective January 1, 2002, codifies existing Department of Industrial Relations' administrative decisions on appeal and determinations regarding the above referenced statute. This statute, among other things, also expands the definition of "public funds" for purposes of the Prevailing Wage Law and adds "installation" to the definition of construction. Chapter 938 also provides for certain specified exemptions to the new definition of "public funds."

In accordance with SB 975, its terms will be strictly enforced for all public works projects advertised for bids on or after January 1, 2002, except for those projects that that would have been covered under the Department's public works coverage determinations or decisions on appeal made precedential prior January 1, 2002, in which case there is an independent basis for enforcement of projects advertised for bid prior to January 1, 2002.

RE: Prevailing Wage Determination - Soils and Materials Tester (SMT) On Site

Dear Ms. Robbins:

Please find enclosed the response of Operating Engineers Local Union No. 3 in support of a Prevailing Wage Determination for a Soils and Materials Tester as set forth in the Master Construction Agreement for Northern California.

The data enclosed, we believe, justifies and establishes the Scope of Work Conforming to SB1999 for a Soils and Materials Tester performing on-site work in Northern California.

We respectfully request that a conclusive determination be made that the wage rates and fringe benefit rates applicable to this classification are the prevailing wage for this type of work within the geographical jurisdiction established in the Master Agreement and are consistent with the requirements of SB1999.

Your continuing assistance is appreciated. If there are any further questions, do not hesitate to contact myself or Dean Dye at 510/748-7400.

Sincerely,

Robert E. Clark,
Director/Contracts Department

**DEPARTMENT OF INDUSTRIAL RELATIONS
STATE OF CALIFORNIA
CLARIFICATION REQUEST - SOILS & MATERIALS TESTER (SMT)
WITH
OPERATING ENGINEERS LOCAL 3'S RESPONSES**

- 1. Summarize the intent of the coverage of the SMT classification in your No. CA Master Agreement, which serves as the basis for the prevailing wage determination.**

All visual, physical and non-destructive testing that is done at a jobsite, on-site lab, fabrication site (yard), or off-site lab used exclusively for covered work.

- 2. Define the following and indicate if done by the SMT classification:**

- a) Magnetic particle testing -- used for welding, laminations and other steel inspections; done by SMT
- b) Non-destructive inspection -- used for welding, laminations and other steel inspections; done by SMT
- c) Ultrasonic testing -- used for welding, laminations and other steel inspections; done by SMT
- d) Keying -- excavation at the toe of a slope; done by equipment operator
- e) Benching -- process of removing noncompacted or "soft" soil in order to properly place the compacted soil on unyielding materials; done by equipment operator
- f) Scarifying -- process of ripping or otherwise preparing the existing surface; done by equipment operator
- g) "Rolling of slopes" -- process of compacting the slope to the required density (also called "back rolling"); done by equipment operator
- h) One-pointer -- test made to roughly determine the weight and maximum density of the soil being used as fill material; done by SMT
- i) "Correction for rock" -- used during a compaction test to mathematically remove all oversize rock from the equation; done by SMT

- 3. Does lab work fall within the jurisdiction of the SMT? Does the on/off site location of the lab make a difference?**

Lab work done offsite normally does not fall under the Construction Inspectors jurisdiction. If a field lab is set up at the project site in the field, it then falls under the Construction Inspectors jurisdiction.

- 4. What is the civil engineer's job when working with the SMT? Is the civil engineer covered under the scope of the SMT sections of the collective bargaining agreement (CBA)?**

A Civil Engineer generally provides direction, plan interpretation and engineering type decisions. They may be either on- or off-site (depends on the nature of the project). They generally do not do the Construction Inspector type work; but if they do, then it is covered work.

5. The MLA (p.5) lists employees excluded from coverage. Does this imply that engineers and architects, project managers, off-site laboratory workers are excluded?

Engineers, Architects, Project Managers, off-site Lab Workers, as long as they do not perform the Construction Inspector work, would not be covered.

6. Some signatories perform mechanical & electrical inspections. Are these jobs covered under the Operating Engineers Agreement? If so, how is work performed?

We (OE3) consider Mechanical Inspectors to be covered by our CBA, therefore the prevailing wage (at the SMT rate) would be paid. Electrical should be covered work by the electrical craft.

7. Regarding manufacturing sites, if inspectors visit plants, is that inspection of the plant and its processes covered under the Agreement, is that the intent of SB1999?

Steel fab shops, concrete and asphalt batch plants, prestressed yard and fabrication shop, etc. (such as those for piles & girders, gul lam beams) is covered work under the intent of SB1999, including mechanical and electric.

8. Are the following inspectors included in the scope of the agreement: Geotechnical, Concrete, Painting, Steel and Electrical?

Concrete, Steel, Painting and Electrical Inspectors are covered work. Also Inspectors such as Roofing, Mechanical (HVAC), Suspended Ceiling, Plumbing, Geotechnical (unless registered Geologists/Engineer is specifically required by the plans & specs) Masonry, Fireproofing, Gul lam beams, Shotcrete, etc. In essence all inspection as required by the Uniform Building Code (UBC) is considered covered work.

9. Is visual observation inspection covered? For example: Using tape measures...

The Construction/Special Inspector shall observe the work for conformance....." is part of the UBC requirements. The majority of inspection work is visually by nature. Slump of concrete, length of weld, depth of footings, pile caps, width of footings, pile caps etc. are but a short list of work that a Construction Inspector would use a tape measure for.

10. What is the difference between a Geotechnical Inspector and a Geotechnical Engineer? Are they covered under the Operating Engineer Agreement?

A Geotechnical Engineer normally would be a registered person with a college degree. They may be a Geologist/Engineer in training also. Geotechnical Engineer performs/supervises the analyses, design and documents preparation associated with the geotechnical aspects of the project. They would not normally be covered, unless doing Construction Inspector work.

A Geotechnical Inspector ascertains through inspection and/or testing that the Geotechnical Engineer's requirements/recommendations are complied with. A Geotechnical Inspector would normally be covered.

11. Is a Project Manager whose duties include weekly meetings, approving, contracts, managing engineers, managing subcontracts and preparing monthly reports be covered under the CBA?

A Project Manager, (who would normally not be doing construction inspection work) would not be covered.

12. Is a Resident Engineer whose duties include logging correspondence amongst contractors and subcontractors, performing soil, concrete, masonry, and HVAC tests, and acting as a liaison between contractors and engineers be covered?

Resident Engineers, normally a professional registered person is not covered unless doing Construction Inspector work (such as performing soils, concrete, masonry & HVAC tests).

13. Is the SMT an apprenticeable classification?

Yes.

14. Is inspection of bridges and piers covered under the SMT classification under Operating Engineers Local #3's agreement?

Yes.

The following, in addition to the above, are also considered covered inspection work: high strength bolting; shearwall & diaphragms; metal connectors, anchors or fasteners for wood construction; piling; drilled piers; caissons; bolts installed in concrete; post tensioning steel; pre-stressed steel. Also includes, but not limited to, underground construction (sewers, gas lines, drainage devices, water lines, backfilling, welding, bedding). SMT rates apply.

Re: Building Construction Inspector (BCI) and Field Soils and Material Tester (FSMT)
Classifications

Dear Ms. Robbins:

Pursuant to your request for clarification contained in your November 20, 2001 correspondence we submit the following:

1. *What is the difference between the Building Construction Inspector (BCI) and the Field Soils and Materials Tester (FSMT) classifications? There appears to be some overlap of duties. Could you summarize the intent of the coverage between Southern California Contractors Association, Inc. and the International Union of Operating Engineers Local No. 12, which serves as the basis for the prevailing wage determination?*

As stated in our June 5, 2001 correspondence to your office, a Building Construction Inspector (BCI) is a licensed inspector who generally works under the direction of a registered civil engineer. The BCI is used when higher stresses are involved, e.g., welding, reinforced concrete, masonry, non-destructive testing and other related disciplines. The term "building inspector" or "construction inspector" has the same meaning as "special inspector." The BCI classification is meant to include inspection of all structures, including but not limited to, residential and commercial buildings, bridges, piers, warehouses, oil/water tanks, docks, refineries, heavy highway construction, underground construction, water works, sewers, water reclamation, flood control, dams, dredge, etc.

A field soils and material tester (FSMT) performs a variety of duties. They include special grading, excavation filling, soils used in construction, concrete sampling, density testing and various types of verification tests.

Occasional overlap of duties may occur between the BCI and FSMT, such as taking concrete specimens in the field, however, one must look at the overall scope of work/duties to determine the proper prevailing wage/rate classification.

2. *How is grading inspection different when performed by a BCI or by a FSMT?*

"Grading inspection is generally the work of a FSMT. The City of Los Angeles certifies/licenses grading inspectors whose duties are similar, but more stringent than those of the FSMT. The grading inspector in the Los Angeles area is covered under the BCI classification/wage rate.

3. *Please define the following and identify which classification performs this work:*

- a) *Magnetic particle testing*
- b) *Nondestructive inspection*
- c) *Ultrasonic testing*
- d) *Keying*
- e) *Benching*
- f) *Scarifying*
- g) *"Rolling of slopes"*
- h) *One-pointer*
- i) *"Correction for rock"*

a) b) c) Magnetic and ultrasonic testing are two different forms of non-destructive testing (NDT). They use mechanical devices to check defects in structures such as welds. The use of magnetic and ultrasonic waves in the evaluation process does not cause any damage to the structure, hence, the term non-destructive testing. Other forms of non-destructive testing include radiography (x-rays) and penetrant testing. All of this work is that of the BCI.

d) Keying in is benching into existing material while filling up an adjacent fill, to bind the two areas (materials) together, eliminating the chance of a soft or uncompacted area in between the two materials or areas. A "stair-step" procedure is usually used.

e) Benching is using a piece of equipment (usually a dozer) to cut into existing material while filling up an adjacent fill, to bind the two areas (materials) together. This eliminates the chance of soft or uncompacted area in-between the two materials or areas. A "stair-step" procedure is usually used.

f) Scarifying is a procedure performed by equipment that rips up existing material approximately one foot deep, then processing that material by watering and mixing it.

g) Rolling of Slopes is a compaction technique used on the slopes of a new fill area. The time required for compaction on the slope of a fill is the same as the required compaction on the top of the fill.

h) A One-Pointer is one test made on the soil by a field soils and material tester (or FSMT).

i) Correction for Rock is a calculation made for oversized rock in soil, done by a field soils and material tester (FSMT).

Items a, b and c are performed by the BCI. Items d, e, f, g, h and i are performed by the FSMT.

To perform items a, b, and c, the individual would have to obtain certification as required by the agency. If certified, for example, in "Ultrasonic Testing," one could perform FSMT work and then move to BCI work if certified to do so.

4. *Does lab work fall within the jurisdiction of the BCI? Does the on/off site location of the lab make a difference?*

No, lab work is not covered. If a lab is located on-site and the individual stays "inside" the lab, there is no coverage. However, if the individual goes on-site and performs "field work," then he or she is covered for all hours worked.

5. *What is the civil engineer's job when working with the BCI or FSMT? Is the civil engineer covered under the scope of the BCI or FSMT sections of the collective bargaining agreement (CBA)?*

The civil engineer usually acts in a supervisory role, directing the BCI or FSMT activities. The civil engineer work would not be covered unless he or she performs "field work."

6. *The Master Labor Agreement (page 5) lists employees excluded from coverage. Does this imply that engineers, architects, project managers and off-site laboratory workers are excluded?*

Yes.

7. *Some signatories perform mechanical & electrical inspections. Are these jobs covered under the Operating Engineers agreement? If so, how is work performed?*

Not covered.

8. *When inspectors visit manufacturing sites, is the inspection of the plant and its processes covered under the agreement? Is that the intent of SB 1999?*

Yes, pursuant to the agreement. The intent of SB1999 was to further define coverage in the public work arena.

9. *Are the following inspectors included in the scope of the agreement: Geotechnical, Concrete, Painting, Steel and Electrical?*

Geotechnical, yes. Concrete, yes. Painting, no. Steel, yes. Electrical, no.

10. *Is visual observation inspection (e.g., using tape measures) covered?*

Yes. Visual inspection is a component of the Inspector's duties.

11. *What is the difference between a Geotechnical Inspector and a Geotechnical Engineer? Are they covered under the Operating Engineer agreement?*

A Geotechnical Inspector is "on-site" performing the "field work" and is covered. The

Geotechnical Engineer is usually "in-house," a supervisory position, "off-site."

12. *Is a project manager whose duties include weekly meetings, approving contracts, managing engineers, managing subcontracts and preparing monthly reports covered under the CBA?*

No.

13. *Is a resident engineer whose duties include logging correspondence amongst contractors and subcontractors, performing soil, concrete, masonry and HVAC tests, and acting as a liaison between contractors and engineers covered?*

When a Resident Engineer logs correspondence among contractors and subcontractors, the work is not covered. When the Resident Engineer acts as a liaison between contractors and engineers, the work is not covered. When performing soil, concrete or masonry tests, the work is covered. HVAC tests are not covered.

14. *Is the BCI an apprenticeable classification?*

Yes.

15. *Is the FSMT an apprenticeable classification?*

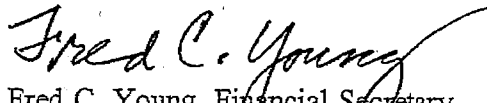

Yes.

16. *Is inspection of bridges and piers covered under the BCI and/or FSMT classifications under your agreement?*

Yes. Please see the coverage language in the CBA. Both classifications are covered pertaining to bridge work.

We hope the information provided herein is beneficial to you. Please call this office if you should have any questions.

Sincerely,

Fred C. Young, Financial Secretary

CONCERNING INSPECTION, FIELD SURVEYING AND SOILS TESTING**

The passage of Senate Bill 1999 (Chapter 881), effective January 1, 2001, codifies existing Department of Industrial Relations administrative decisions, determinations and regulations concerning the above referenced work. This work when done on or in the execution of a "Public Works" project requires the payment of prevailing wages. In accordance with SB 1999, Inspection and Testing determinations will be strictly enforced for all public works projects advertised for bids on or after January 1, 2001. **Important Notice to Awarding Bodies and Other Interested Parties
Regarding Shift Differential Pay in the Director's General Prevailing Wage Determinations**

Dear Public Official/Other Interested Parties:

The Director's General Prevailing Wage Determinations includes shift differential pay for various crafts used on public works projects. This notice is to clarify the worker's eligibility to receive the shift differential pay when working on a public works project. Please note that not all crafts have shift differential pay published in the Director's General Prevailing Wage Determinations.

When a worker is required to work a regular shift, he/she must be paid the applicable craft rate from the Director's General Prevailing Wage Determinations for the construction activity he/she is performing. However, when a worker is required to work a shift outside of normal working hours, he/she must be paid the shift differential pay according to the shift he/she is working. For example, if only one shift is utilized for the day, and the work being performed is during the hours typically considered to be a swing (second) shift or graveyard (third) shift, the worker employed during the hours typically considered to be a swing shift or graveyard shift must be paid the shift differential pay for the shift he/she is working. If multiple shifts are used for the day, the worker working on the second or third shift must be paid according to the shift he/she is working.

Please refer to the contract provisions posted on the Internet at www.dir.ca.gov/DLSR/PWD for the working hours applicable to the craft/classification published in the Director's General Prevailing Wage Determinations, which has a swing shift and/or a graveyard shift.

Dear Chuck,

I hope the information below will help you.

For C7 licensed contractors with whom CWA holds a collective bargaining agreement in the State of California, I believe the following statement covers 95 % of work performed by our members.

The scope of work that CWA members perform requires the running of conduit from time to time. This conduit work is typically coincidental to Telecommunications work and normally in telecommunications rooms / closets. Usually the conduit run is not longer than 10 feet.

Sincerely,

Bill Quirk

Dear Public Official/Other Interested Parties:

This notice amends the March 5, 2003, Important Notice regarding the minimum rate of pay for work involving the installation of burglar and fire alarms in **Imperial** and **San Diego** Counties.

The minimum rate of pay for burglar and fire alarm installation would be that of the craft/classification of Electrician/Soundman when performing the following: installing, terminating, operating, assembling, wire pulling, splicing, and installing devices.

The minimum rate of pay for burglar and fire alarm installation would be that of the craft/classification of Electrician/Sound and Signal Technician when performing all other work including but not limited to the following: layout, planning, final checkout, servicing, and maintenance.

Please note that the minimum rate of pay for all conduit installation associated with either alarm system installation would be that of the craft/classification of Electrician/Inside Wireman.

Please refer to the county determinations to find the rates for the classifications referenced above. The scope of work for each of these classifications is posted on the Internet at <http://www.dir.ca.gov/DLSR>. RE: Enforcement of Prevailing Wage Obligations for On-Haul and Off-Haul Trucking By Owner-Operators Not Employed by Material Suppliers

Dear Interested Parties:

This notice is in response to the various letters I have received regarding enforcement of prevailing wage obligations for owner-operator truck drivers hauling material and equipment to and from public works sites.

It has been this Department's policy that owner-operators, including owner-operator truckers, performing public work must be paid prevailing wages.¹ It appears, however, and as some of you have acknowledged, the majority of the Department's enforcement of prevailing wage obligations has concerned owner-operators (of any kind) performing work within a public works site.²

In light of the Department's enforcement experience and its current consideration of appropriate wage rates for owner-operators performing on-haul and off-haul trucking, enforcement of prevailing wage obligations for such work is stayed pending DLSR's establishment of the appropriate rates, including a formula for applying them to the unique circumstances of owner-operator compensation.³

In addition, the rates established by DLSR for owner-operator truckers performing off-haul and on-haul deemed to be public work will be applicable to all work advertised for bid on or after the date of the rates issued by DLSR.⁴

Sincerely,

/s/John M. Rea
Acting Director

¹ Under *O. G. Sansone Co. v. Department of Transportation* (1976) 55 Cal.App.3d 434, 458, 127 Cal.Rptr. 799, this excludes owner-operators employed by material suppliers.

² Almost all prevailing wage complaints involving owner-operators performing on-haul and off-haul trucking appear to have come in after the request for a determination or after the issuance of the determination.

³ Labor Compliance Programs are required to enforce prevailing wage obligations in a manner consistent with the enforcement policies of DLSE (title 8, California Code of Regulations, section 16434). Thus, Labor Compliance Programs are directed to observe the same stay policy as described herein.

⁴ Consistent with the Department's enforcement policy, if an awarding body does not advertise the public works project for bid, other benchmarks events, including the first written memorialization of the agreement concerning the public works elements of project or the contract governing the award of public funds will be utilized instead. See e.g., Baldwin Park Market Place, City of Baldwin Park, Public Works Case No. 2003-028, October 16, 2003.

**SUMMARY OF IMPORTANT NOTICES CONCERNING BURGLAR ALARM AND
FIRE ALARM INSTALLATION**

Dear Public Official/Other Interested Parties:

The Department has issued four important notices (June 27, 2002, March 5, 2003, February 25, 2004, and November 10, 2005) regarding the prevailing rate of pay for burglar alarm and fire alarm installation. Each important notice has only prospective effect (applies only to projects advertised for bids on or after the tenth day of issuance). The tables on the following two pages provide a summary of the applicable rates of pay by county for burglar and fire alarm installation as contained in each of the important notices issued for these types of work. The information in these tables **does not** alter the applicable rates of pay issued in the aforementioned important notices.

Please note that minimum rate of pay determinations are issued on a "project-by-project basis." If you have a public works project in one of the counties listed in the tables that indicates "project-by-project basis," you may request a minimum rate of pay determination prior to the bid advertisement date of the project by sending a written request to the address below. Each request should include all the relevant documents that would assist the Department in issuing a determination. These documents include but are not limited to the contract, financial documents, plans, specifications, as well as contact information for the Awarding Body.

TO AWARDING BODIES AND INTERESTED PARTIES
REGARDING
THE PREVAILING WAGE RATES BELOW THE CALIFORNIA MINIMUM WAGE**

In accordance with Labor Code Sections 1770, 1773, and 1773.1, the Director of the Department of Industrial Relations is responsible for determining the prevailing wage rates for each worker employed on public works projects of more than \$1,000.

Effective on January 1, 2007, the minimum wage in California will increase to seven dollars and fifty cents (\$7.50) per hour. Effective on January 1, 2008, the minimum wage in California will increase to eight dollars (\$8.00) per hour. The Director's prevailing wage determinations shall not be below the California minimum wage. Each employer is required to pay at least the California minimum wage for the basic hourly rate in all cases where the published prevailing wage rate is below the California minimum wage. Any and all employer payments required by these determinations must also be paid.

If the California minimum wage is increased in the future to an amount above that shown in a prevailing wage determination, the basic hourly rate in that determination automatically increases to the new minimum wage.

AND OTHER INTERESTED PARTIES
REGARDING THE DETERMINATIONS ISSUED ON FEBRUARY 22, 2007 FOR
METAL ROOFING SYSTEMS INSTALLER (PAGES 2J - 2J-15)**

Dear Public Official/Other Interested Party:

The Division of Labor Statistics and Research (DLSR) found through the Metal Roofing Systems (Commercial Construction) Statewide Wage and Benefits Survey that there is insufficient or no data to establish a mode for metal roofing in **Alpine, Colusa, Del Norte, Glenn, Imperial, Inyo, Kern, Kings, Lake, Mariposa, Merced, Modoc, Mono, Nevada, Plumas, San Benito, San Luis Obispo, Santa Cruz, Sierra, Sutter, Tehama, Trinity, and Tuolumne** counties. The Director of Industrial Relations determined that the minimum acceptable rate for metal roofing in these counties would be one of the four rates which DLSR publishes as prevailing through broad areas of California (i.e. the Carpenter, Iron Worker, Roofer and Sheet Metal Worker rates published in the General Prevailing Wage Determinations).

These will remain the minimum rates unless and until the rate is successfully challenged, in the context of a specific job with payroll evidence that another rate prevails, under Labor Code Section 1773.4 (for a specific project) or should another party submit payroll data showing that there is a single rate prevailing in a broad labor market which includes these counties or for one of these counties, via petition meeting the requirements of under Title 8, California Code of Regulations section 16302. We will require, as the survey did, actual payroll data linked to a project on which a metal roof was installed by the worker paid that rate. Please note that in the successfully challenged county(ies), a wage and benefits survey will be conducted to determine the prevailing wage rate for this type of work.

REGARDING OVERTIME ON PUBLIC WORKS**

The Department has received several inquiries regarding whether it would be appropriate to refer to the contract provisions for a craft, classification, or type of worker in cases where the prevailing wage is based on a collective bargaining agreement to determine the overtime requirements for public works.

Contract provisions that allow for employees to work alternative workweek schedules in which they may work more than 8 hours per day without overtime pay do not apply to work performed on public works. The laws and regulations governing prevailing wages require that employees of contractors on public works be paid not less than 1-1/2 times the basic rate of pay for all hours worked in excess of 8 hours per day and 40 hours during any one week. In addition, overtime compensation may be required at a higher rate than 1-1/2 times the basic rate of pay, for less than 40 hours in a standard workweek, or for less than 8 hours in a calendar workday as specified in the prevailing wage determination. Contractors are required to pay overtime pursuant to Labor Code sections 1810-1815 and as indicated in the prevailing wage determination. Therefore, please refer to Labor Code sections 1810-1815 and the prevailing wage determination and not the contract provisions for each particular craft, classification, or type of worker to obtain the applicable requirements for overtime hours and rates of pay.

Clarification of the Notice dated October 8, 2008 for the off-the-site Hauling of Construction Materials

This is a clarification based on questions and comments from industry sources that should help employers and unions better respond to the previously mailed and posted request for data to determine prevailing wage rates for off-the-site hauling of construction materials.

DLSR is requesting information from three sources for off-the-site hauling: a) the construction employers who employ drivers to haul materials to and from the construction site, b) the material suppliers, and c) the trucking companies who haul construction materials.

The following is provided to help clarify the information DLSR has requested:

- A description of the trucks as to type (dump, low boy, transit mixer, etc.) and their size (cubic yards, number of axles*, tonnage, or gross vehicle weight, etc.) that are used as the basis for the different pay rate classifications.
- Provide the actual payroll records that show the peak day of employment for each county (peak day is defined as the single day when the greatest number of workers perform the off-the-site hauling in the last 12 months and the rates these employees were paid).
- The construction site where the deliveries were made or material was picked up will determine the County for counting peak employment.
- Both public and private work are to be combined in submitting data.
- For purposes of this investigation, it is possible that the same employee can be counted two or more times if the employee worked more than one county on the same day.
- Likewise, an employee-driver can be counted two or more times if the driver worked at more than one pay rate classification on the same day.

Note this request for information is only for workers engaged in hauling of construction materials off-the-site of construction. The payroll records must be submitted to support the data provided above. If necessary, the payroll records may be supplemented with written comments to further explain the data.

Confidentiality:

Individual employer or employee wage data or payroll information provided is confidential and will be used for statistical purposes only. Direct testimony given at a public hearing is not confidential

FOR RESIDENTIAL PROJECTS**

The Division of Labor Statistics and Research (DLSR) will no longer issue residential wage rates as special prevailing wage determinations pursuant to the California Code of Regulations Section 16202. Effective January 26, 2009, the DLSR will make available on demand residential prevailing wage determinations for those crafts/classifications which are on file with the DLSR to any interested party upon request. This does not alter the basis for determination, it only improves the availability of these determinations to the regulated public.

As defined under the California Code of Regulations Section 16001(d), residential projects consist of single-family homes and apartments up to and including four stories. The residential determinations will apply only to the residential portion of the project meeting this definition. Construction of any structures or ancillary facilities on the project that does not meet this definition requires the payment of the general prevailing wage rates found in the Director's General Prevailing Wage Determinations.

To obtain residential determinations, please fax a request to (415) 703-4771 or send to the following address:

Department of Industrial Relations
Division of Labor Statistics and Research
P.O. Box 420603
San Francisco, CA 94142-0603

It is anticipated that residential determinations will be updated semi-annually as are the Director's General Prevailing Wage Determinations. An important notice will go up on DLSR's website when residential determinations are updated. If you are obtaining residential determinations and your project is not immediately advertised for bids, please refer to these important notices to make sure you are using the residential determinations in effect at the time a project is advertised for bids.

If you have any questions, please contact the Division of Labor Statistics and Research at the aforementioned address or call (415) 703-4780 and ask for the Prevailing Wage Analyst of the Week.

**IMPORTANT NOTICE TO AWARDING BODIES,
OTHER INTERESTED PARTIES, AND CD RECIPIENTS
REGARDING THE GENERAL PREVAILING WAGE DETERMINATIONS FOR THE
CRAFT OF DRIVER (ON/OFF-HAULING TO/FROM CONSTRUCTION SITE)**

The Department of Industrial Relations ("Department") conducted a wage investigation to determine the prevailing wage rate(s) for the craft of Driver (On/Off-Hauling to/from a Construction Site). Based on the results of this investigation, the Department has issued statewide prevailing wage determinations for the classifications of Dump Truck Driver and Mixer Truck Driver (see pages 2L-1 through 2L-6 and pages 2K-1 through 2K-16, respectively). These determinations will be applicable to public works projects advertised for bids on or after March 4, 2009.

The Department determined that the Dump Truck Driver rates found in the Teamsters Master Labor Agreement for on-site construction also set the prevailing rate for On/Off-Hauling to/from a Construction Site for Marin, Napa, Solano, Sonoma, and Yolo Counties. Based on the results of this investigation, this on-site determination does not apply to any other counties for On/Off-Hauling to/from a Construction Site. To find the applicable rate(s) for the Dump Truck Driver classification in Marin, Napa, Solano, Sonoma, and Yolo Counties, please refer to the prevailing wage determination for the craft of Teamster (Applies only to Work on the Construction Site) found on pages 55, 56, and 56A of the Director's General Prevailing Wage Determinations.

For CD recipients, please note the correction that determination NC-23-261-4-2005-1 for the craft of Driver (On/Off-Hauling to/from a Construction Site), page 59, is no longer applicable to public works projects advertised for bids on or after March 4, 2009. To obtain the current determinations for this craft, please visit our website at <http://www.dir.ca.gov/DLSR/PWD/Statewide.html> on or after March 4, 2009, or contact the Prevailing Wage Unit at (415) 703-4774.

On February 22, 2010, the Division of Labor Statistics and Research issued the “Notice Regarding Advisory Scope of Work for the Southern California Carpenters’ General Prevailing Wage Determination.”

In reviewing the notice on our website, the carpenters notice contains a typographical error in the last sentence of paragraph 1, “the minimum rate of pay for work in question is performed by Electricians: Inside Wiremen...”

The correct wording should be as follows, “*the minimum rate of pay for the work in question is – Electricians: Inside Wiremen...*”

Attached is the corrected notice.

LOCALITY: All localities within San Diego County.

The determination SDI-2012-1 in excel format for the Drywall Finisher classification under the Painter's craft was inadvertently bolded, thus; making it appear to be a separate craft from the Painters and non-apprenticeable.

If mutually agreed between the parties, the grievance shall proceed to an impartial mediator selected from the Federal Mediation and Conciliation Service instead of the matter proceeding to a Board of Adjustment. The mediator will issue a non-binding recommendation to the parties. Either party to the mediation may reject the non-binding recommendation by demanding Arbitration in accordance with Section 30 (D) below within ten (10) business days of receiving the non-binding recommendations, otherwise it shall become final and binding.

Adjustment Board Process.

- D. In the event that the Adjustment Board is unable to reach a decision by majority or unanimous vote on any such matter, or a party is dissatisfied with the non-binding recommendation of the mediator, the party may bring the matter to an impartial arbitrator by demanding arbitration in writing to the Federal Mediation and Conciliation Service within ten (10) business days of receiving notification from the Board of Adjustment or the mediator. The decision of the impartial arbitrator shall be final and binding. Each side shall pay one-half of the charges of such Arbitrator. Selection of the impartial Arbitrator shall be from a list of five (5) names furnished by the Federal Mediation and Conciliation Service, with each side striking one (1) name in order to reduce the list to one (1) person. If the Arbitrator so selected cannot hear the matter within forty-five (45) days, a second Arbitrator selected by lot shall be the Arbitrator, and so on.

There shall be no transcripts of any arbitration unless the parties mutually agree to do so. No briefs shall be submitted and the arbitrator shall render a bench decision upon conclusion of the case, unless the time is extended by mutual agreement of the parties, but in no case shall the extension be in excess of five (5) working days.

Neither the Board of Adjustment nor the Arbitrator will have the authority in any manner to amend, alter or change any provision in the Agreement. Time limits projected herein may be extended or waived by mutual agreement between the parties.

Effective January 1, 2009 based on November 2008 Hours employees participating in Plan 50B will be transferred into the following plans:

Effective January 1, 2009, amend existing benefit program as follows:

The employer agrees to maintain the amended benefits of the plan (MOB) during the term of the agreement.

- B.2 All Employer contributions referred to in this Section shall be paid into the General Employees Trust Fund in accordance with the procedure set forth below.
- B.3 For the purpose of this Section, an employee is one who has worked at least ninety (90) hours in the month prior to month in which previous contribution is due. "ninety (90) hours worked" includes straight time hours only, not overtime, and it includes compensable straight hours paid but not worked.
- B.4 If any employee works their qualifying hours or more in the month but is not listed by the Employer, the Employer shall be personally liable and fully responsible for all claims that may be incurred by such employee in the same amounts as though the employee had in fact been listed. This personal liability, however, does not in any way relieve the Employer of his liability to make payments under this Agreement.
- B.5 The Employer shall comply with all provisions of the above-mentioned Health and Welfare Trust Funds and shall maintain, furnish and make available for audit

at Employer's office such data and records as the Trustees may require as provided in the Health and Welfare Trust Fund.

B.6

EXHIBIT C
THE FILLING OF AVAILABLE POSITIONS

Notwithstanding any other provision of the Agreement, this provision shall cover the filling of available positions by each Employer (Contractor) covered by the Agreement.

C.1 Each Employer agrees to maintain four separate lists. The first list will be the Permanent Employee list that will include all Permanent Employees and their building assignments. (Permanent employees are defined as those employees who are assigned by the Employer to a particular workstation on a daily and permanent basis.) The second list will include temporary employees who were permanent for a particular Employer but are now laid off and shall be known as the "A List". The third list will include top wage rate temporary employees for a particular Employer and shall be known as the "B List". (Top wage employees are defined as those employees who have never been permanent.) The fourth list will consist of temporary employees who are earning less than top wage rate for a particular Employer and shall be known as the "C list". To be included on any Employer's "C list", an individual must have worked at least one (shift) in the last twelve (12) months for that Employer.

C.2 The placement of employees on the "A through C list" will be as follows:

- (a) Employees, who were permanent for a particular Employer but are now laid off, will be at the top of the list for that Employer (A list). The ranking among these employees will be by seniority date.
- (b) The next ranking will be of employees who are earning the top wage rate for a particular Employer who have never been permanent (B list). The ranking among these employees will be by seniority date.
- (c) The next ranking will be of those employees who are earning less than top rate for a particular Employer (C list). The ranking among these employees will be based on the number of accumulated hours worked for that Employer.

C.3 When a permanent position becomes available the most senior employee on the A list will be offered said permanent position. If there is no A list employee then the most senior employee on the B list shall be offered said permanent position. If there is no B list employee available then the most senior employee on the C list shall be offered said permanent position. For day porter and foreperson positions, client and Employer approval will also be a determining factor. For janitorial positions that require specific skills, the Union/Employer will do it's best to dispatch/place a member with the required capabilities.

C.4 (C.3 original) On any given day, the Employer shall fill available temporary positions with the employee on its A, B or C List who is not working that day in the order of seniority, except for day porter, foreperson positions, and for

janitorial positions that require specific skills. However, if the employee filling a temporary position chosen by the employer is on the C list the most senior employee from the A, B or C list can bump the lesser wage temporary Employee, with 24-hour notice, except under extended leaves of absence of 12 months or longer covered in Section 14.5 of this Agreement.

C.5 In hiring, the Employer may consider individuals recommended by the Union. For day porter and foreperson positions, client and Employer approval will also be a determining factor.

C.6 The employer will notify the union when there is a permanent open position in the day porter classification.

C.7 On an emergency basis that does not exceed three (3) days for day porters and forepersons and two (2) days for other positions, the employer may fill the temporary vacancy by an employee of their choice.

C.8 An employee will be removed permanently from an Employer's A, B or C list for any of the following reasons.

- Termination for Just Cause
- Not working three shifts within the last twelve (12) months, except for employees on the A or B list.
- Refusing to accept three (3) dispatches, without just cause, within a thirty (30) day period will be considered a voluntary quit, except for employees on the A or B list.
- Not responding to three (3) Employer notifications for dispatch without just cause within a thirty (30) day period will be considered a voluntary quit, except for employees on the A or B list. It is understood that an employee will be considered to have not responded to a notification for dispatch on a given day only if the notification was given at some time from 3:00 p.m. to 4:30 p.m. on that day, except under extenuating circumstances. It is further understood that this paragraph does not in any way restrict the Employer's right to notify for dispatch at any time before 3:00 p.m. or after 4:00 p.m.

C.9 Each Employer shall supply the Union with a copy of the lists stated in C.1. Thereafter, each Employer shall supply the Union with a daily report concerning the filling of temporary vacancies no later than 3:00 p.m. following the completion of the previous workday. For Friday, Saturday and Sunday reports, they shall be supplied to the Union the following Monday, unless Monday is a holiday, in which case the requirement unless there are extenuating circumstances such as phone line being down, in that case the Employer is required to supply the daily report as soon as possible.) This report shall contain the following information:

- Employee Name
- Name and address of new hires
- Current Assignment, if any
- Date of assignment, if any
- Employee being replaced
- Reasons for Open Position
- Estimated Duration

In addition, each Employer shall supply the Union with an updated version of its permanent list once every six months and an updated version of its A, B and C list once every month.

- C.10 New Construction: For any new jobs that are the result of new construction, an Employer may fill one-half (1/2) of the needed number of employees with employees whose wage rate is the lowest on the progression wage rate. The other half must be filled first with qualified employees on the Employer's A and B list. Once the building is 90% occupied, the property will revert to the standard contract terms.
- C.11 The mediation procedure set forth in Section 20.6a of this Agreement shall be available for a dispute concerning whether or not an employee has the correct ranking on the A, B, or C list. In the event that it is found that the ranking for a particular employee is incorrect, the exclusive remedy which may be ordered is that the ranking be corrected. In the event that there is a monetary claim related to the ranking claim, the monetary claim may be pursued under the regular grievance procedure.
- C.12 The existing Labor Management committees may also discuss Exhibit C and may make any non-binding recommendations.
- C. 13 If an employer agrees to only use the Union hiring hall to fill all positions, both permanent and temporary, it can sign a side letter to opt out of Exhibit C provisions applicable to filling of available positions by the hiring hall.

LETTER OF UNDERSTANDING
BACKGROUND CHECKS

At client request employees shall be subject to security background checks. Employees shall cooperate with the Employer as necessary for obtaining security background checks. Employees who fail such security background checks shall be subject to termination, if there is just cause. Any employee may elect not to participate in the requested background checks and will be reassigned based on seniority. No bumping of permanent employees shall be allowed.

For the purpose of this provision, just cause to terminate an employee who has failed a security background check exists only if it is established:

1. That one or more of the findings of the background security check is directly related to the employee's job functions or responsibilities, or
2. That the continuation of employment would involve an unreasonable risk to property or to the safety or welfare or specific individuals or to the general public.

If the customer or Employer determines that the employee has failed a security background check, but the Employer lacks just cause for termination under this provision, then the employee may be transferred or reassigned based on seniority. No bumping of permanent employees shall be allowed. Employees who failed a background check will have a right to a copy of the report and can appeal through the grievance procedure.

WINDOW CLEANERS AGREEMENT

April 1, 2010 to March 31, 2013

by and between

SAN FRANCISCO WINDOW CLEANING CONTRACTORS ASSOCIATION

and

WINDOW CLEANERS UNION – SEIU LOCAL 1877, AFL-CIO

THIS AGREEMENT is made and entered into this 1st day of April, 2010 by and between the San Francisco Window Cleaning Contractors Association, hereinafter called the Employer, and the Window Cleaners Union, Service Employees International Union, Local 1877, hereinafter called the Union. The terms of the Agreement shall apply to all signatory Employers as listed on the signature page of this Agreement.

SECTION 1. RECOGNITION

The Employer recognizes the Union as the sole collective bargaining agency for all window cleaners employed by the Employer in San Francisco. In order to be recognized by the Union, the Employer must have an established place of business and must employ at least one (1) full time window cleaner. Also, the Employer must furnish the Union with a certificate of Workers' Compensation Insurance for his employees directly from the insurance company involved.

SECTION 2. UNION MEMBERSHIP AND HIRING

- (a) Union Membership: It shall be a condition of employment that all employees covered by this agreement and hired on or after its effective date shall, on the thirtieth day following the beginning of such employment, become and remain members in good standing of the Union or tender to the Union the initiation fees and periodic dues that are the obligation of members. Check-off provisions are set forth in Section 23.

For the purpose of this Section only, tender of the initiation fees not later than the thirty-first (31st) day following the date of employment or not later than the thirty-first (31st) day following the effective date of this Agreement, whichever is later, and tender thereafter of the regular monthly periodic dues uniformly required as a condition of retaining membership shall, for the purpose of this Agreement, constitute membership in good standing in the Union.

If the Employer uses persons not members of the Union as window cleaners (except conscientious objectors or financial core members), it shall be recognized as a violation of this Agreement. The Board of Arbitration established in Section 22 below, shall assess a reasonable penalty against the Employer, in the event of such employment violation. It shall not be a violation of this Agreement for janitors who are not members of this Union to wipe off glass doors and spot-clean partition glass; however, janitorial employees shall not use natural sponges, window cleaners' brushes or squeegees.

- (b) Hiring: When new or additional employees are needed, the Employer shall notify the Union of the number of employees needed. Applicants for jobs shall be referred by the Union to the Employer on a non-discriminatory basis.

The Employer shall be the sole judge of the competency of all applicants and reserves the right to reject any applicant referred by the Union. The Employer agrees within one (1) day of the date of hiring to notify the Union of the names, phone numbers and addresses of the persons hired.

In hiring, the Employer shall give preference to applicants previously employed as window cleaners in the local labor market area, which shall be defined to mean the City and County of San Francisco. It is expressly understood that neither the Employer nor the Union shall discriminate against any applicant for employment or employee because of religious creed, race, sex, union membership or age as defined in the Age Discrimination Act as amended.

If the Union is unable to refer to the Employer suitable applicants for employment within two (2) days (working days), the Employer may then hire persons from other sources, provided the Employer on the date of hiring shall notify the Union of the name, phone numbers and address of each person hired.

- (c) Probation period: There shall be a forty-five (45) working days probationary period for a new employee. The probationary period shall be applicable to each Employer for which the employee works until the new employee works more than forty-five (45) working days for one Employer.

During the probationary period, the Employer may discharge the employee without cause and without recourse to the grievance procedure.

SECTION 3. SENIORITY

Seniority is the right accruing to employees through length of service which entitles them to appropriate preference in layoffs, rehiring and vacation.

Seniority shall be terminated by discharge for cause, resignation, retirement or failure to return from an authorized leave of absence or failure to return from vacation unless good cause for such failure is shown. In the event of a lay-off, employee's seniority shall be protected for twelve (12) months. If an employee is recalled to work within the twelve month period and does not report to work, then his seniority is terminated.

In all cases of layoffs, the principal of seniority shall apply. If the Employer is required to reduce the size of his crew, then the last person hired shall be the first person laid off. If an employee is laid off outside his seniority date because he lacks a particular skill, when the Employer regains that particular work that can be performed by the more senior employee, then the more senior employee will be recalled with no change in his seniority date. Recall shall be done on a weekly and not daily basis. This means if there is less than one week's work, recall is not mandatory.

It is understood that the Leadman shall be the last employee laid off because of the type of responsibilities required of the job. This provision shall apply to only one person per company and the Employer shall notify the Union of the person designated under this provision. The Employer agrees that the Leadman will not perform Journeyman work (i.e. window cleaning) if, in fact, a Journeyman with more seniority would be laid off. Once all the more senior Journeymen are recalled, the Leadman may perform Journeyman work, if necessary.

SECTION 4. HOURS AND OVERTIME

(a) The maximum workweek shall be thirty-seven and one-half (37 ½) consecutive hours segregated into five (5) working days of seven and one-half (7 ½) hours. The workweek shall be Monday through Friday, with Saturdays and Sundays off. The hours of work shall be from 5:00 a.m. to 1:00 p.m., 6:00 a.m. to 2:00 p.m., 7:00 a.m. to 3:00 p.m., 8:00 a.m. to 4:00 p.m. (Hotels only). Employees shall receive a one-half (1/2) hour between 11:00 a.m. and 11:30 a.m. for lunch. Employees must take a full half (1/2) hour for lunch and no employee shall substitute part of the lunch period for any part of the regular working day. Any work performed in addition to the specified hours contained herein shall be paid at the overtime rate of pay. A twenty (20) minute rest period two (2) hours after starting time shall be given each employee. The Union pledges its best

efforts to enforce the provisions of a seven and one-half (7 ½) hour day, and agrees to discipline any member found to be in violation thereof. It is understood the employees covered by this Agreement will at all times conduct themselves on the job in an orderly and business-like fashion.

If there is a shift change, notification shall be given by Thursday noon for the following week. If a building requires cleaning at different times, the Employer shall establish a swing or grave shift. Any such shift shall start after 1:00 p.m. and shall be eligible for a shift premium of forty (\$0.40) cents per hour. Any shift starting after 1:00 p.m. shall be offered to the most senior qualified employee and down the seniority list until exhausted. If no employee volunteers, the least senior qualified employee shall be assigned such shift.

The parties recognize the principle that the Employer and the Union shall maintain proper and reasonable times on the jobs. In the event of any question concerning reasonable time for performing a job, Employer and Union shall promptly meet and confer in good faith effort to reach agreement. If the representatives fail to agree, the disagreement shall be handled in accordance with the provisions of Section 22 below.

Any problems relating to work schedules, rest periods and lunch periods in connection with scaffold and bos'n chair work shall be determined promptly by agreement between Employer and Union. If the representatives fail to agree, the disagreement shall be handled in accordance with the provisions of Section 22 below.

(b) The maximum workweek with a holiday, as designated in Section 6 below, shall be reduced seven and one-half (7 ½) hours for each holiday falling within that workweek.

(c) Employees covered by this Agreement will not be employed by more than one (1) Employer at any one (1) time, or be self-employed, while in the employ of an Employer covered by this Agreement, subject to approval of the Union.

(d) Overtime work shall be on the following basis:

- a. Time and one half (1 ½) after seven and one half (7 ½) hours worked in a day and double time after twelve (12) hours in a day; and
- b. Time and one half (1 ½) for work performed on Saturday provided that the employee must have completed thirty seven and one half (37 ½) hours in the preceding Monday-Friday unless 37 ½ hours of work were not available to the employee based on his/her seniority.

- c. Double time for work performed on Sunday provided that the employee must have completed thirty seven and one half (37 ½) hours in the preceding Monday-Friday unless 37 ½ hours of work were not available to the employee based on his/her seniority, and further provided that the employee has not refused Saturday overtime for that same weekend.

further agreed that said member will not be penalized for such refusal by a the Employer.

(f) All other safety conditions not specified herein, but which form a part of the rules and regulations of the California Occupational Safety and Health Administration (Cal-OSHA) for Window Cleaners, shall be observed by the Employer.

(c) "During the term of this Collective Bargaining Agreement, the San Francisco Window Cleaning Contractors Association and Service Employees International Union Local 1877 shall each appoint three (3) persons to a joint labor/management study committee. The purpose of the joint Study Committee will be to examine the feasibility and practicality of creating a joint labor/management state certified apprenticeship program including the costs that would be attached to creation of such an apprenticeship program. The committee will attempt to arrive at a joint recommendation during the term of this Collective Bargaining Agreement and present such recommendation to Service Employees International Union Local 1877 and the San Francisco Window Cleaning Contractors Association for further discussion between the Parties."

(d) Most Favored Nations Clause: If, during the term of this Agreement, the Union enters into a collective bargaining agreement or allows practices with another employer or group of employers employing employees in the classifications covered hereunder which provided for a total compensation package of wage rates or economic fringe benefits which are favorable to any employer than the total of the corresponding or similar provisions of the Agreement, then it is agreed that those more favorable conditions will become effective under the terms and conditions of this Agreement on the same date that they become effective under the other collective bargaining agreement.

(e) Alcohol and Drug Testing:

1) **Purpose.** This policy is to provide guidelines for "reasonable suspicion" alcohol and controlled substance testing to be effective April 1, 2000.

2) **Scope.** This policy applies to all employees of the Employers signatory to this Agreement.

3) **Definitions.** For the purpose of this policy, controlled substances are the drugs that the Federal Department of Transportation (D.O.T.) has defined in its drug testing program. These drugs are marijuana, cocaine, opiates, amphetamines and phencyclidine (PCP).

4) **POLICY**

A. **General Rules.**

No employee shall report for duty or remain on duty while having an alcohol concentration of 0.04 or greater, or use any controlled substance except when the use is pursuant to the instructions of a physician who has advised the

employee that the substance does not adversely affect the employee's ability to safely perform his/her job duties.

An employee whose conduct indicates that he/she is not in a physical condition to perform his/her job safely and efficiently will be required to submit to an alcohol and/or a controlled substance test.

A manager must have a "reasonable suspicion" that the employee is under the influence of, or adversely affected by, alcohol or a controlled substance. Reasonable suspicion exists when there is a clear indication of impairment based on objective evidence and/or based on specific personal observation by a manager who can attest to the appearance, behavior, speech or breath odor of the employee. The manager will document his/her observations and reasons for requesting testing, and get a witness where there is at least one (1) additional employee at the same worksite. Those observations may include but are not limited to:

- Abnormal work performance;
- Any combination of physical conditions and/or symptoms such as unsteady balance, alcohol on breath, glassy eyes, reddened eyes, unsteady gait, etc.;
- Abnormal person behavior or unusual interpersonal relations on the job;
- It is the Employer's policy to test for the abuse of drugs and alcohol following certain accidents on the job, AND when an individual is involved in an OSHA-reportable accident. An accident is defined as requiring more than first aid (e.g. treating by a physician or hospitalization), injuries that require lost time (at least 1/2 day), or loss of consciousness. When such accidents occur, a urine drug screen and breath alcohol test will be done.

The Employer will provide training to make managers aware of the above conditions.

An accident that occurs under suspicious circumstances or without any logical explanation may establish "reasonable suspicion" for requiring the employee involved to be tested; however, the mere fact that an accident occurred is not sufficient in itself to establish reasonable suspicion. In any case, an employee involved in a work-related accident who is the victim of another's carelessness shall not be subjected to any testing merely because he/she requires medical treatment.

Failure by an employee to submit to a test when reasonable suspicion exists shall be grounds for termination. Any employee who tests positive for a controlled substance and/or an alcohol test showing a concentration of 0.04 or greater or is in violation of any part of this policy may be subject to disciplinary action which could include suspension and/or termination.

If an employee tests positive or if they volunteer to enter a program, they must enter a program for rehabilitation. Upon successful completion of this program they will be allowed to return to work; however, if they test positive a second time, they shall be terminated without recourse to the grievance procedure.

B. Reasonable Suspicion Testing Procedure.

All alcohol and controlled substance testing will be performed at a qualified collection site. Alcohol testing will be done by Breathalyzer (evidential breath testing device) and controlled substance testing by urine specimen (an initial screening test is done and if necessary a conformation test using gas chromatography/mass spectrometry). Alcohol and controlled substance testing will be done during an employee's paid time.

All samples which test positive for controlled substances will be confirmed using a chromatography/mass spectrometry test, or it may be confirmed by use of a superior or equally reliable test if such becomes available.

The employee, at his/her personal expense, will have the opportunity to have a reputable testing facility test the same sample as was submitted to the original test facility. Accepted chain of custody procedures must be followed and the test facility selected by the employee must meet all standards set by Federal/Health Agencies for laboratory performance using certified Medical Technologists and Technicians. An employee may request the independent test by notifying the Employer or its manager in writing within two (2) calendar days after the day when the employee is informed of the test results. The test result will be kept confidential and will be available only to a designated Employer representative, a designated Union representative, or a designated legal representative.

None of the testing procedures are intended to be in violation of the law, and if any part of this Policy comes to be in violation of Federal, State law or City Ordinance, only that part shall be void and it shall not nullify any other provisions of this policy.

- f) If the Employer goes out of business, the parties agree to meet to discuss severance pay.

SECTION 25 – NO STRIKE/NO LOCKOUT

The language and spirit of this Agreement guarantees the prompt and faithful performance by the Employer and the Union of all obligations imposed by the terms of this Agreement. The parties, therefore, mutually agree that during the term of this Agreement, the Employer shall not lock out its employees, nor shall the Union or its members either cause, sanction, or engage in any strike, or slowdown or stoppage of work of the Employer's business. In the event of a violation of the provisions of this Section, the Union shall, upon notice from the Employer, immediately direct the affected employees to resume immediately normal operations.

It is understood that the observance by an individual member of the Union of a lawful picket line or another labor organization, which picket line has been sanctioned by the San Francisco Labor Council, shall not constitute a breach of this Agreement.

SECTION 26. INDUSTRY STABILIZATION

- (a) The Employer shall contribute five cents (\$.05) for each straight-time hour worked by employees under this Agreement to the Maintenance Cooperation Trust Fund, whose purpose is to enforce wage and hour, OSHA, insurance and other laws affecting the Window Cleaning Industry.
- (b) The Union agrees that no employee working under this Agreement shall engage in any window cleaning in the commercial office, commercial residential or retail sectors in the City and County of San Francisco which is not under the terms of this Agreement.

SECTION 27. TERM OF AGREEMENT

This Agreement shall become effective as of April 1, 2010 and shall remain in effect until March 31, 2013, and shall continue from year to year thereafter, provided, however, that each party reserves the right to give notice, in writing, to the other at least sixty (60) days prior to March 31, 2013 of its desire to change or terminate said agreement.

A. WITNESSETH

Whereas the Employer has the need to hire skilled technicians; and whereas Local 16 can supply such skilled stage technicians to the Employer; the Employer agrees to the wages and conditions hereinafter specified in this CBA,

B. RECOGNITION

The Employer recognizes Local 16 as the exclusive bargaining agent for all persons employed by the Employer, regardless of venue, who perform work under the jurisdiction of Local 16, whose jurisdiction includes: San Francisco County, Marin County, Santa Rosa, Lake County, Mendocino County, Sonoma County, Napa County, San Mateo County and Palo Alto/Stanford University.

C. SCOPE AND JURISDICTION

It is agreed that the Employer shall hire workers supplied by Local 16, regardless of venue, to perform all work that is by custom and practice performed by technicians under the jurisdiction of Local 16, including, but not limited to, general carpentry, ground cover for arena and stadium events including terraplast, plywood, tarps or any other cover that may be developed in the future, theater maintenance, construction of scenery, properties, stage lighting, room lighting and associated electrical work, all rigging, video, sound, laser, electronic recording, graphics presentation, and projection, including slide, video and motion picture projection, and any other work described in EXHIBIT A.

It is further agreed that the installation, operation and removal of computers which stand alone or which are used for the operation, control or interfacing of any electrical, projection, audio or video equipment is work performed by technicians under the jurisdiction of Local 16.

It is further agreed that the Employer may utilize Local 16 technicians to layout, test, package, and prepare equipment as needed for specific shows. All such Local 16 personnel working on such a job will be covered by the wages and conditions of this CBA.

D. COMPENSATION

It shall be the ultimate responsibility of the Employer to ensure that each employee working under this agreement is compensated properly in accordance with the provisions herein. It is the Employer's responsibility to review all payroll reports, whether executed by a payroll marshal, a third party payroll company, or a union steward, to assure that all employees are paid for the hours worked each day, that all minimum calls are covered and that they are paid at the appropriate rates.

E. RULES AND REGULATIONS

The Employer shall have the right to establish rules and regulations as may be deemed necessary for the conduct, dress, management, job performance and working conditions of the company, and the Union agrees that its members will obey all rules and directions of any authorized representative of the Employer, insofar as any rule or direction does not expressly conflict with the terms and conditions of this Agreement or other pertinent regulations.

F. NEW CATEGORIES AND CLASSIFICATIONS

It is agreed that the Employer shall notify Local 16, as soon as practical but not less than thirty (30) days in advance, of the creation of any new category and/or classification not mentioned in this CBA and to meet and confer with Local 16 with respect to whether such a category and/or classification falls properly within the scope of this CBA and, if it is determined that it does, to bargain with respect to the minimum wage for the category and/or classification.

II. GRIEVANCE AND ARBITRATION

A. GRIEVANCE

In the event of any dispute or controversy between Local 16 and any of the persons subject to this agreement and the Employer related to the application or interpretation of any part of the terms and conditions of this agreement, a grievance can be filed by the employee, Local 16, or the Employer. Only Local 16 or the Employer, however, may process a grievance through this procedure. The procedure, unless otherwise specifically provided for herein, shall be as follows:

STEP 1:

A party, that is either Local 16 or the Employer, shall mail or deliver to the other party a written notice of the claim or grievance within five (5) working days (work days equal Monday through Friday) of the event(s) giving rise to the grievance. The written notice shall contain the specific contract sections which are alleged to have been violated, the date(s) or approximate date(s) of the alleged violation(s), the facts on which the grievance is based, the name(s) of the individual(s) aggrieved and the remedy sought. The party receiving the grievance shall, within ten (10) working days after the grievance is received, respond in writing to the aggrieved party, setting forth the reasons, if any, for the action(s) taken by it, which action(s) gave rise to the grievance. The representative of Local 16 and the designated representative of the Employer shall immediately discuss the matter within two (2) work days of the written response and the grievance shall be settled if at all possible. The decision, if any, of such representatives shall be final and binding upon the parties and any employee(s) concerned. If the party receiving the grievance fails to serve the written response required by STEP 1, then the other party may elect to proceed directly to arbitration or to STEP 2 by serving a written demand upon the other party within five (5) working days after the written response is due.

STEP 2:

If the parties fail to meet and/or confer, or the grievance is not settled, then the aggrieved party may proceed to STEP 2, by delivering or mailing, within five (5) working days as set forth above, a written demand, which shall include a statement of the particulars of the claim, upon the other party. If neither requests a STEP 2 conciliation meeting, then the aggrieved party may proceed directly to STEP 3, arbitration, by serving a written demand upon the other party within the time period set

forth above. Failure of the aggrieved party to serve such demand for STEP 2 conciliation meeting or arbitration on a timely basis shall constitute a waiver of the grievance, unless both parties mutually stipulate otherwise in STEP 1.

If a demand for STEP 2 is served, the grievance shall be brought before a committee consisting of two (2) persons, each designated by Local 16 and the Employer. They shall be known as the Joint Conference Committee. The Joint Conference Committee shall meet no later than ten (10) work days following the receipt of such demand. The parties to such grievance shall be present and shall be responsible for the presentation of their own position at the designated time and place of the Joint Conference Committee. If the aggrieved party fails to appear, the grievance shall be considered to be waived. If the responding party fails to appear, the aggrieved party shall be entitled to proceed with the presentation of its position. The Joint Conference Committee, upon presentation of the evidence showing a contract violation, has the authority to settle the grievance and determine the matter if the majority of the persons designated render such a determination.

B. ARBITRATION:

Local 16 or the Employer, after properly utilizing all steps of the grievance procedure, and desiring to submit a matter to arbitration, shall notify the other in writing within ten (10) working days of the conclusion of STEP 1 or within ten (10) working days following the STEP 2 meeting or the cancellation of the STEP 2 meeting. The party desiring arbitration must, within five (5) working days of such notice, request the State Mediation and Conciliation Service of the Federal Mediation and Conciliation Service to submit a panel of five (5) or seven (7) Arbitrators. If the parties cannot agree to an Arbitrator within five (5) working days after receipt of such a list, each party shall have a right to alternatively strike an Arbitrators name from the panel until such time an one Arbitrator is left, and the remaining Arbitrator shall be selected as the Arbitrator in the proceedings.

The arbitration hearings shall be held at such a time and place as the Arbitrator shall determine. The decision of the Arbitrator shall be rendered in writing, relating his or her reasons for the award after the submission of the grievance for decision. The Arbitrators decision shall be final and binding upon the parties. The Arbitrator shall not have the power to amend, modify or effect a change in the provisions of this Agreement. Fees and expenses of the Arbitrator and the cost of the Court Reporter (if required by the Arbitrator) and the original transcript, where jointly requested, shall be borne equally by both parties to the dispute. If only one party requests a transcript, that party shall pay for it. All other costs shall be borne by the party incurring the cost. No individual employee shall have the right to initiate the arbitration process.

C. ALTERNATIVE DISPUTE RESOLUTION PROCESS

At any time in this dispute/grievance process, with mutual agreement, the parties may request to submit the matter to mediation. With the concurrence of both parties, the Federal Mediation and Conciliation Service shall be contacted to request the services of a mediator. Time lines may be mutually waived for the mediation to proceed. If the parties fail to reach a mutually satisfactory resolution, the moving party may proceed through the grievance procedure. Request to have the matter heard by an Arbitrator shall be submitted in writing within ten (10) calendar days of the final date of mediation.)

COLLECTIVE BARGAINING AGREEMENT

THIS AGREEMENT is made and entered into by and between SANITARY TRUCK DRIVERS AND HELPERS UNION, LOCAL 350, an affiliate of International Brotherhood of Teamsters, hereinafter referred to as the "UNION," and RECOLOGY GOLDEN GATE DISPOSAL & RECYCLING COMPANY, RECOLOGY SUNSET SCAVENGER COMPANY, hereinafter referred to as the "EMPLOYERS."

WITNESSETH

It is the intent and purpose of the parties hereto that this Agreement promote and improve the industrial and economic status of the parties, provide orderly collective bargaining relations between the Employers and the Union, and secure a prompt and fair disposition of grievances so as to eliminate interruption of work and interference with the efficient operation of the Employers' business.

SECTION 1. RECOGNITION

The Employers recognize the Union as the sole collective bargaining representative for all employees of the Employers working in the classifications hereinafter set forth, except and excluding the directors, office clericals, guards, and supervisors as defined in the National Labor Relations Act.

The Employers shall not subcontract any bargaining unit work currently being performed by bargaining unit employees.

SECTION 2. NON-DISCRIMINATION

The Employers agree with respect to all hiring and employment decisions that there will be no discrimination or favoritism of any kind based on race, creed, color, sex, sexual orientation, religion, age or national origin or on the basis of physical or mental disability or medical condition as defined under the Americans With Disabilities Act and the California Fair Employment and Housing Act, or the FMLA, so long as the affected person is fully capable of performing all essential job duties.

SECTION 3. UNION SECURITY

(a) It shall be a condition of employment that all employees covered by this Agreement shall apply for Union membership on or after the thirtieth (30th) day following the beginning of their employment or the effective date of this Agreement, whichever is later, and as a condition of continued employment, shall maintain their membership in the Union in good standing. "Union membership" and "membership in good standing" shall mean for purposes of this provision the payment or tender of payment by the employee of the initiation fee and monthly dues uniformly applied by the Union pursuant to its Bylaws. In the event an employee shall not comply with his/her obligation under this provision, the Union shall so notify the individual, providing such information as is required by the National Labor Relations Act in such circumstances, and copy the Employers. Thereafter, if the employee fails to remove his/her

delinquency within such period of time as the Union allows, but not less than ten (10) days, the Union shall so notify the Employers and the Employer shall terminate the employee forthwith.

(b) The Employers recognize the right of the Local Union to designate a job steward from the Employers' seniority lists. The authority of the job steward so designated by the Local Union shall be limited to, and shall not exceed, the following duties and activities: the steward, upon receipt of prior approval from the Employers, shall be allowed a reasonable time to investigate, present and process grievances on Company property without loss of time or pay during his regular working hours, and, where mutually agreed to by the Employers and the Union, off the property and at times other than during his regular working schedule without loss of time or pay. Time spent handling grievances during steward's regular working hours shall be considered working hours in computing daily or weekly earnings.

(c) The steward shall, whenever possible, investigate, present and process grievances after the completion of his daily duties. All employees, including the steward shall report to the proper Employer representative with any concerns regarding unsafe working conditions, including, but not limited to, hazardous material, defective equipment or dangerous access. No shop steward or employee may change a customer container, location of pickup, frequency of pickups, level of service without express authorization from Employer. All employees must report, promptly, any changes in service provided to customer. In the event the handling of grievances and the daily duties of the steward require more than a regular working day, the steward shall receive no extra compensation.

(d) This Agreement shall be binding upon all the parties hereto and their successors. In the event the operations of the Employers which are covered by this Agreement, or any part of said operations, are sold, transferred or assigned, the Employers shall require the purchaser, transferee or assignee to adopt and become a signatory to this Agreement for the duration of its term. At such time as the purchaser, transferee or assignee adopts and signs this Agreement, the Employers' obligations to the Union and to the employees shall cease and the Employers shall have no continuing liability hereunder.

(e) The Employers shall give notice in writing of the existence of this Agreement to any purchaser, transferee or assignee, with a copy to the Union, not later than the effective date of the sale, transfer or assignment.

SECTION 4. EMPLOYERS' RESPONSIBILITY

It is recognized that in addition to other functions and responsibilities, the Employers have and will retain the right and responsibility to direct the operations of the Employers and in this connection to determine the assignment of all work to employees; the scheduling of routes and the methods, processes, and means of operation, to select, hire, promote, demote, and transfer employees, including the right to make and apply rules and regulations for discipline, efficiency, and safety, providing, however, that exercise of such rights shall not conflict with the following provisions of this Agreement.

SECTION 5. JOB CLASSIFICATION AND WAGE RATES

(a) All occupations to which employees within the respective bargaining units are or may be assigned are classified into categories listed below. It is understood that the determination and operation of the job classification is the function and responsibility of the Employers and placement of employees in any of the following classifications shall be subject to the requirements of the Employers. Job descriptions for each of the classifications which are covered by this Agreement and which are utilized by the Employers are set forth in Section 23 of this Agreement.

(b) Each employee will be assigned to a classification, the duties of which he/she is competent to perform and which generally reflects his normal work. The fact that a job classification is listed herein does not necessarily mean that it must be utilized by the Employers.

(c) Any employee assigned by his Employers to perform work for any other company shall, for the duration of such assignment, remain subject to the terms and conditions of this Agreement.

(d) Any dispute involving job classifications shall be settled in accordance with the procedures set forth in Section 16 hereof.

*The dollar amounts shown for 7/1/13, 1/1/14, 1/1/15, and 1/1/16 are minimums, which assume a COLA increase of 3% each year.

The percentage increase above of three to five percent for the 7/1/13 and 1/1/14 adjustments and three to six percent for the 1/1/15 and 1/1/16 adjustments shall be referred to hereinafter as "floor/ceiling". Employer agrees that increases in wages shall be based on the BLS Consumer Price Index (BLS CPU-U) All Urban Consumers for San Francisco-Oakland San Jose area (1982-84=100) (hereinafter "Index") subject to the following conditions:

Employers shall determine the increase in the Index as follows:

For the increase effective July 1, 2013, the Employers shall apply the Index based on the period October 2011 to October 2012, subject to the Floor/Ceiling. For example, if the Index based on October 2011/October 2012 is 1.2%, the increase applicable July 1, 2013 shall be 3.0%. January 1, 2014, the Employers shall apply the Index based on the period October 2012 to October 2013, subject to the 2014 Floor/Ceiling. The increase in each year commencing January 1 thereafter shall be based on the same October to October test, as follows: 2015 shall be based on October 2013/October 2014, and 2016 shall be based on October 2014/October 2015 subject to the floor/ceiling applicable for that year.

The percentage increases above shall be based on the wage rate then in effect. For example, if the wage rate for Helper/Drivers in 2014 is \$41.39/hour, and the Index for 2015 as determined above is 3.3%, the Helper/Driver hourly rate effective January 1, 2015 shall be \$42.75. These increases shall be cumulative, and permanent.

Any Employee who is required to maintain a Class A drivers license for the purpose of performing work, shall receive the same wages as the Transfer Drivers in the Recology SF "Long Haul" CBA.

Employees in the Cart Department shall be paid at the Helper/Driver rate of pay; if the employee drives, he/she shall be paid at the Fan 3 rate of pay for all time spent driving/on the road.

When the need exists for a second person on a front loader route, the Company will pay the second person at the Commercial Driver wage rate. Second persons on rear loaders will be paid under the Helper Driver scale. All Drivers will be paid the Fan 3 rate of pay with the following exceptions; Recycling Drivers who will be paid under the Recycling Collector scale above until 7/1/13 at which time they will be paid according to the Fan 3 scale.)

The above rate for the Shop Foreperson of \$44.10 was calculated at 5% above the \$42.00 Mechanic Truck Welder rate. Beginning with the July 1, 2013 increase, the rates for the Shop

Foreperson set out above were calculated by applying the applicable COLA formulas to the \$44.10 rate.

(e) New Hire Addendum

All employees who have completed six full months of employment as of January 1, 2012 will receive 100% of the hourly wage and benefits for their classification from that date forward. All employees hired after January 1, 2012 shall be hired under the following wage percentages which take precedence over any conflicting wage in the Collective Bargaining Agreement.

1. Wages - New hires shall work under the applicable percentage in the employee's classification.

During 1st 12 months of employment 80% of hourly wage

During 2nd 12 months of employment 85% of hourly wage

During 3rd 12 months of employment 90% of hourly wage

After completion of 36 months 100% of hourly wage

(f) Mechanic Certifications

A.S.E. Certified mechanics will receive a base hourly wage increase based on the level or levels of certification they obtain and maintain. This certification is available to the Shop Foreperson and Assistant Shop Foreperson, and Mechanics.

- 1st Level: Diesel Engine Certification 5%
- 2nd Level: Certified Master Technician T3, T4, T5, T6 & T8 5%

The Shop Persons who perform the work of a Lube Preventive Maintenance Person will receive a maximum base hourly wage increase of 3% if they pass the T8 test.

SECTION 6. GUARANTEED HOURS AND REASSIGNMENT

(a) All regular employees shall be guaranteed eight (8) hours per day and forty (40) straight time hours of pay per week; provided such employees make themselves fully available for work; provided further, however, that such guarantees shall not apply to employees with less than one hundred twenty (120) calendar days of continuous service to the Employers.

(b) Upon completion of an employee's assigned route in less than eight (8) hours, the employee must report to the garage before going home. Any employee who is reassigned to perform any additional work (except missed pickups) shall be paid time and one-half for all such additional work.

(c) Any employee who, at the specific direction of the dispatcher, is assigned and performs work in a higher job classification shall receive the wage rate shown in Section 5 (above) for such higher classification for each day on which such work is assigned and performed.

(d) No Helper/Driver shall be required or allowed to perform said duties unless he is specifically directed to do so by the company official in charge of Route Leadperson. Any Helper/Driver who is directed to perform said duties shall be paid Route Leadperson wages for the actual time spent performing said duties.

SECTION 7. HOURS OF WORK

(a) Straight Time Hours

Forty (40) hours of work shall constitute the maximum straight time work week, provided that this section shall not be construed as limiting the number of hours of work any employee may perform at overtime wage rates.

(b) Overtime

All work performed in excess of eight (8) hours in any work day shall be paid for at the overtime rate of one and one-half (1-1/2) times the straight time rate. All work performed after twelve (12) hours in one day shall be paid at the double time (2X) rate of pay.

(c) Saturday and Sunday Work

All work performed on Saturday shall be paid for at the overtime rate of one and one-half (1-1/2) times the straight time rate, and any employees performing Saturday work shall be paid for not less than eight (8) hours.

All work performed on Sunday shall be paid for at the overtime rate of two (2) times the straight time rate and any employee performing Sunday work shall be paid for not less than eight (8) hours.

(d) The regular work week shall be Monday through Friday, inclusive.

(e) All shifts on Fridays that are required to perform Saturday work shall be scheduled after 6:00 p.m. and at the rate of Saturday rate of pay.

All shifts on Saturdays that are required to perform Sunday work shall be scheduled after 6:00 p.m. and at the rate of Sunday rate of pay.

All shifts on Sundays that are required to perform Monday work shall be scheduled after 6:00 p.m. and at the rate of Monday rate of pay.

(f) It is agreed that the Employers have the right to require employees to work overtime as needed and that employees may be held over after completion of their regular routes or shifts as needed. Call-out overtime (e.g. Saturday and Sunday overtime) shall be offered in

descending order of their seniority to employees who are qualified to perform the work required on the particular route. If the most senior qualified employee declines the offer, the overtime shall be offered to the next most senior qualified employee and so forth until the roster is exhausted; the least senior qualified employee shall be required to accept the call-out overtime assignment. In case of an emergency, the Employers shall have the right to depart from the foregoing seniority procedure and the employee designated to work the call-out overtime shall be required to perform the work. No employee will be allowed to work a double shift in violation of DOT policy.

(g) The Employers shall maintain seniority rosters of qualified employees and shall rotate overtime on a fair basis.

SECTION 8. PAID HOLIDAYS

(a) The following shall be paid holidays under the terms of this Agreement and all eligible regular employees shall receive eight (8) hours straight time pay for each of such holiday in addition to pay received for work performed during the course of such holidays.

New Year's Day	Employee's Birthday
Martin Luther King's Birthday	Labor Day
President's Day	Columbus Day
Cinco de Mayo	Veteran's Day
Memorial Day	Thanksgiving Day
July 4 th	Christmas Day

(b) The total pay for a holiday received by regular employees shall be eight (8) hours straight time holiday pay plus an additional eight (8) hours pay at the overtime rate of 2 times the straight time rate of pay for any holiday actually worked: provided such employees work the regularly scheduled work day immediately preceding the holiday and the regularly scheduled work day following the holiday. If the employee works the holiday but does not work both the regularly scheduled work day immediately preceding the holiday and the regularly scheduled work day following the holiday, they will receive eight (8) hours straight time holiday pay plus an additional eight (8) hours pay at the straight time rate. The employee shall be excused from the requirement of working the day before and/or the day after if, upon either such day, the employee is absent on a leave of absence approved in writing by the Operations Manager, or his substitute, excused by evidence of a doctor's note, on vacation, on another holiday, or on account of any work related illness or injury sustained on the job or off the job. In any event, the employee must present verification of illness or injury satisfactory to the Employers. Payments for holidays shall be in strict conformity with this subparagraph (b), and all past practices by which employees of either Employer have in the past received payments which vary from the provisions of this subparagraph (b) are hereby abolished.

(c) With respect to all employees other than regulars, any employee who reports for work and is put to work more than ten (10) days in a calendar month shall be entitled to any paid holiday which occurs during that month.

(d) If an employee's birthday falls on a regular working day for that employee, the employee will be allowed to stay home as long as the Employer can cover the work with its existing complement of employees. Any employee who desires to take his birthday off shall so notify the dispatcher five (5) days prior to his birthday. In the event that more than one employee desires to take the same day off as his birthday and the dispatcher is unable to allow all such employees to take the day off, the employee(s) granted the day off shall be selected on the basis of Company seniority; and if the remaining employees still desire to take a day off in lieu of their birthday, the dispatcher and each such other employee will select a mutually acceptable alternative date. In that event, the alternate date shall be deemed to be the employee's birthday for purposes of payment. If the employee takes his birthday off, he shall be paid a total of 8 hours at the overtime rate of 2 times the straight time rate. If an employee works on his birthday (except that in the case where an alternative date is selected as set forth above, the alternate date shall be considered to be the birthday), he shall be paid in accordance with paragraph (b) of this Section. It is understood between the parties that all regular employees are entitled to eight (8) hours pay for each holiday whether the holiday is worked or not, provided they are still generally eligible for benefits.

(e) If any of the above-mentioned holidays falls on Sunday, the following Monday shall be observed as a holiday; if any of the above-mentioned holidays falls on Saturday, the preceding Friday shall be observed as a holiday. When a holiday falls during an employee's vacation period, the employee shall be paid an additional day's pay.

(f) Notwithstanding the foregoing, there shall be no pyramiding of pay for holiday work.

(g) All holiday work must be assigned by seniority.

(h) All employees assigned to the City Can Routes shall perform their job on the holidays in that department as required.

SECTION 9. VACATIONS

(a) All regular employees shall be entitled to a paid vacation following each year of continuous employment to be taken at a time agreeable to their Employers. They shall be entitled to paid vacations as follows: one (1) week after one (1) year of continuous employment; two (2) weeks after two (2) years of continuous employment; three (3) weeks after four (4) years of continuous employment; four (4) weeks after seven (7) years of continuous employment; five (5) weeks after twelve (12) years of continuous employment; six (6) weeks after twenty (20) years of continuous employment; seven (7) weeks after twenty-five (25) years of continuous employment; and eight (8) weeks after thirty (30) years of continuous employment. Time off as a result of an industrial injury shall be credited as time worked for purposes of this section.

(b) All vacations shall be subject to the qualifying requirements of the Company.

(c) Employees shall be required during December of each year to sign up for their vacation dates for the coming year in accordance with the following procedures:

(i) During the first week of December the Employers shall notify all employees that the vacation sign-up will occur during the last two (2) weeks in December. Employees may sign up for vacation through a written proxy. The employee's vacation will be recorded at the time he/she would normally sign per seniority. In the event that any weeks are unavailable, the employee will be allowed to sign in person per part (iv).

(ii) During the last two weeks in December, the Employers will assign a date for each employee to meet with the Dispatcher for the purpose of signing up for the employee's vacation preferences. The date for meeting with the Dispatcher shall be assigned on the basis of departmental seniority, with the employee in the department having the most Company seniority being given the opportunity to sign up first, and so forth;

(iii) Any employee who fails to show up on the date assigned will be allowed to sign up for a later date, but will not be entitled to bump other employees who signed up timely. In such event, the Employers shall attempt to accommodate the employee's first choice of vacation dates, but the Employers retain the sole discretion to require the employee to choose from other available dates.

(iv) The Employers guarantee that if an employee is sick or otherwise off work at the time he is supposed to sign up for his vacation, the Employers will allow the employee to sign up at the time such employee returns to work

(v) An employee who has already signed up may change his prior choice of vacation dates, but only after consulting with his Employer and reaching a mutually satisfactory agreement. The Employers, insofar as is practicable, will grant employees vacation on the dates selected by the employees.

It is also agreed that employees will have the option to work part of their vacations rather than take time off. This option is available for any weeks in excess of three (3) weeks that the employee has earned. If an employee desires to exercise said option, he must communicate his desire during the sign-up in December of the year preceding the vacation year. Once the employee has decided to cash out excess vacation, said vacation checks shall be issued during the month of February.

(vi) In the administration of the provisions of these vacation scheduling procedures, there shall be absolutely no bumping of employees already signed up, regardless of seniority, unless agreed to by the employees involved in the individual change being requested.

In the event that the switch cannot be done on a voluntary basis, the lowest mechanic on the Seniority List will be required to switch.

(d) If upon termination, an employee has completed less than a full year of continuous service from his last anniversary, the employee shall be paid pro rata his accumulated vacation based on the number of months worked since his last anniversary.

(e) No employee shall be allowed to take more than four (4) consecutive weeks of vacation, except that an employee who furnishes proof that he is going to go out of the country for his vacation and that he needs additional time off may request more than four (4) weeks. The additional time shall be granted upon satisfactory proof.

(f) Vacation pay shall be computed and paid at the classification in which the employee worked the most hours in the preceding calendar year. This shall not apply where an employee has successfully "bid into" a new classification. In that instance, vacation pay shall be paid at the classification rate which the employee bid into.

(g) All employees who retire pursuant to the Employers' pension plan during any month of the year shall be entitled to receive their full vacation pay in the event that such employee did not take their vacation-time allowance off during the same year.

(h) No Employee shall be charged vacation (during any absence) day except when approved by the individual employee. This paragraph does not change the requirements/qualifications for vacation scheduling, use, and approval.

(i) The Company commits to make sufficient slots available at Vacation Sign Up to allow all employees to sign up for all their vacation during the calendar year.

SECTION 10. SICK LEAVE

(a) Each regular employee shall be entitled to take up to twelve (12) days paid sick leave per year. As used herein, the term year means a period from January 1 to January 1 during the life of this Agreement.

(b) An employee shall be entitled to receive pay for a sick day commencing with the first day of each illness; provided, however, that he must furnish satisfactory medical verification of each said illness if requested. Any employee absent due to illness for only one day will not be requested to provide a medical certificate to be paid.

(c) On the first payday following January 1, of each year each employee shall receive a day's pay for each unused day of sick leave. Said pay shall be at the wage rate which was in effect during the period in which the unused sick leave was accrued.

(d) There shall be no accumulation of sick leave from year to year.

(e) No Employee shall be charged a sick day (during any absence) except when approved by the individual employee. This paragraph does not change the requirements regarding the use of sick days.

SECTION 11. MAINTENANCE OF BENEFITS

(a) If an employee is off work due to illness or injury on state disability, any benefit, except health and welfare insurance, due him or her under the Collective Bargaining Agreement shall be paid for a maximum of six (6) months. The contract provides disability insurance which begins after the employee has been disabled for one hundred eighty (180) days. Health and welfare benefits shall continue for a maximum of twelve (12) months. Any employee being paid under workers compensation laws are not subject to these limitations. Benefits to employees being paid under workers compensation laws shall terminate at the conclusion of the workers compensation proceeding. No employee shall suffer a reduction of his or her hourly wage by the implementation of this Collective Bargaining Agreement.

(b) Health and Welfare. Effective on the first of the month following ratification of this Agreement, employees who work eighty (80) or more hours per month will receive the Recology Health, Life and Long-Term Disability Package. The Employers may modify said package from time to time, upon notice to the Union, but guarantees that the level of benefits included in the package will not be reduced during the term of the Agreement unless required by law. Further, during the term of this contract there will be no monthly employee premium contribution for the employee to participate in the Aetna EPO Plan, Aetna PPO Plan, Kaiser HMO Plan or HealthNet HMO.

(i) Effective July 1, 1997, the Kaiser HMO Plan and HealthNet will be changed so there will be no co-pay for doctor visits.

(ii) Effective January 1, 2007, the annual maximum for dental benefits in the dental indemnity plan will increase from \$3,500 to \$4,000.

(iii) Effective January 1, 2005, with the exception of Aetna, the maximum number of chiropractor visits in Kaiser will be forty (40) per year and HealthNet will be fifty (50) per year.

(iv) Effective January 1, 2007, the eyeglass frame allowance for the Aetna vision plan will be increased from \$100 to \$200.

a) Allowances in the other health plans are as follows:

(1) Kaiser eyewear allowance: \$200.

(2) HealthNet eyeglass frame allowance: \$100.

(v) Effective January 1, 2002, the lifetime orthodontic maximum in the dental indemnity plan will be increased from \$2,000 to \$2,500.

(vi) This agreement supersedes the San Francisco Healthcare Accountability Ordinance and the San Francisco Healthcare Security Ordinance and the Union hereby waives any additional rights or benefits employees covered by this agreement may have under these laws if either or both were legally applicable or subject to waiver.

(c) Supplemental Payment. The Employers shall pay \$75.00 per week to each employee who is off work on account of illness or injury; provided, however, that there shall be no payment for the first two (2) weeks of absence.

(d) Retiree Health Plan. Effective January 2007 (December hours/January Contributions) the Employers shall participate in the Teamsters Benefit Trust (TBT) by contributing to the Retirement Security Plan ("RSP"), a retiree health plan, on behalf of each employee who has passed their probationary period and who works eighty (80) hours or more per month. The Employers shall submit the RSP monthly contribution rate as determined by the TBT Board of Trustees on behalf of all active members subject to this Agreement and shall pay a supplemental RSP monthly contribution as determined by the TBT Board of Trustees for purposes of making the RSP comparable to active employee coverage for Rule of 84 Retirements as described in paragraph (k) up to the retiree's 65th birthday. Said supplemental RSP premium shall not exceed 10% of the standard RSP GOLD premium through 12/31/15 and shall not exceed 12% of the standard RSP GOLD premium thereafter. The Employers shall maintain both the standard and supplemental components of the RSP benefit for the duration of this Agreement.

For purposes of their participation in the RSP the Employers hereby adopt the TBT Agreement and Declaration of Trust and agree to accept the TBT Subscriber's agreement providing for participation in the RSP.

(e) Pension Plan. The Employers shall continue to maintain a pension plan for all eligible employees. The designation of the plan for employees hired prior to January 1, 1989 and employed by Golden Gate Disposal Company is the RECOLOGY INC. DEFINED BENEFIT PENSION PLAN. The designation of the plan for employees hired prior to January 1, 1989 and employed by Sunset Scavenger Company was the ENVIROCAL, INC.—RETIREMENT PLAN. The ENVIROCAL, INC. RETIREMENT PLAN was merged with and into the RECOLOGY INC. DEFINED BENEFIT PENSION PLAN and remains a separate benefit structure under that plan. Employees hired by either Company on and after January 1, 1989 shall be participants in the RECOLOGY DEFINED BENEFIT PENSION PLAN, and not in the other plans mentioned above. The current trustee of the pension plan is Prudential Bank and Trust Company, FSB, and the Employers may change trustees at any time.

The earnings upon which pension benefits under each plans shall be determined, shall be those earnings defined in each plan.

(f) For eligible employees who retire under the terms of the pension plan on or after January 1, 2000, the multiplier in the RECOLOGY—DEFINED BENEFIT PENSION PLAN shall be 1.6% and the multiplier in the ENVIROCAL benefit structure under the RECOLOGY INC. DEFINED BENEFIT PENSION PLAN shall be 1.75%. These multipliers for eligible

employees will be used for all years of Benefit Service. Effective January 1, 2001, employees who are participants in the RECOLOGY DEFINED BENEFIT PENSION PLAN who are represented by Teamsters Local No. 350 and who accrue the RECOLOGY benefit will have their retirement benefits calculated using a maximum Benefit Service of 40 years, and their maximum benefit will be \$4,166.67 per month. Plan Compensation does not include any compensation earned after 40 years of Benefit Service. Participants who accrue the ENVIROCAL benefit will continue to have their retirement benefits calculated using a maximum Benefit Service of 40 years, their maximum benefit will be \$4,166.67 per month, and Plan Compensation does not include any compensation earned after 40 years of Benefit Service.

(g) Starting with the Pension Plan Year beginning 10/01/2012, and for the term of any successor agreement(s), Recology Inc. will increase its annual contribution to the Recology Defined Benefit Pension Plan so that (by generally accepted actuarial standards) the plan is projected to be funded at 90% no later than September 30, 2016. "90% funded" for this purpose shall be measured by taking the market value of plan assets and dividing by the actuarially determined accumulated benefit obligation (ABO) on the Company's pension plan disclosure at the end of the prior plan year. In order to obtain this 90% funded status, the Employers agree to make an average annual contribution of \$18 million until the 90% funded status is reached. In addition to the annual average contribution of \$18 million an additional average contribution of \$7 million will be made each plan year (for a total average contribution of \$25 million per plan year over the term of this Agreement), or such lower amount to bring the funded status up to 90%, but the total contribution for the plan year shall not exceed the maximum deductible under the Internal Revenue Code. "Average" for purposes of the Employers' funding obligation is not intended to (1) change the Employers' overall funding obligation but to recognize that the Employers may contribute more than \$25 million in one year and less than \$25 million in another; or (2) allow the Employers to backload this funding obligation on the later years of this agreement. As long as the Plan is at the 90% funded level as described above, no contributions in excess of ERISA minimum contributions will be required by this Agreement.

(h) In addition to the 90% funding obligation described in the preceding paragraph, effective October 1, 2015 the funded percentage of the Recology Defined Benefit Plan shall be no less than 80% as defined by the Adjusted Funding Target Attainment Percentage as that term is defined by the Pension Protection Act of 2006. At the conclusion of each plan year, the Employers shall allow an independent actuary to review information and data actuarially necessary to determine the Plan's funded status. Such review shall be performed by Milliman USA (or such other qualified actuary designated by the Union).

(i) The Union may designate one individual to be appointed by the Recology Board of Directors to the Recology Pension Committee. Such individual must be competent in pension matters, be willing to carry out the fiduciary duties under ERISA, and be approved and appointed by the Recology Board of Directors.

(j) The parties acknowledge that, (a) although this Agreement applies to Recology subsidiaries Golden Gate Disposal and Sunset Scavenger, the funding obligations described in this paragraph (g) are assumed by parent corporation Recology, Inc., and (b) these funding obligations are intended to reach the targeted funded percentages listed for purposes of the

Recology Defined Benefit Plan in its entirety, not simply the Golden Gate Disposal and Sunset Scavenger benefit structures within that Plan.

(k) Rule of 84 Retirement. Effective January 1, 1998, when an Employee reaches the age of fifty-four (54), and the Employee's age when combined with the total years of contributory service exceeds eighty-four (84), the Employee shall meet the age and contributory service requirements to retire with one hundred percent (100%) of the pension benefits. Employees who choose to exercise this early retirement option after September 2012, shall not be eligible to participate in the Employer's health plan but shall instead be eligible to participate in the Teamsters Benefit Trust's RSP and Supplemental Retirement Security Plan, referenced above, according to the eligibility requirements of that plan (with the exception of those former Envirocal Noteholders, who are entitled to coverage under the Employer's plan by separate contractual undertaking).

It is understood between the Parties that employees who choose to retire prior to October 2012 as Rule of 84 Retirees shall continue to participate both in the Employer's health plan up to age 65 and TBT's RSP plan.

SECTION 12. FUNERAL LEAVE

Each employee shall be entitled to receive up to eight (8) days' paid funeral leave (or nine (9) days if the employee is required to travel outside of the State of California) on each occasion of the death of a grandparent, grandchild, mother, father, grand-parent-in-law, mother-in-law, father-in-law, sister, brother, spouse or child. The Employers agree that once the employee satisfies his Employer, with proof of death, the funeral leave will automatically be paid without delay.

SECTION 13. UNIFORMS AND EQUIPMENT

(a) Packing Can: It is understood that most rubbish collection employees employed by Golden Gate Disposal Company do not utilize packing cans. Should the need arise on any route, Golden Gate Disposal Company agrees to supply an appropriate packing

Sunset Scavenger Company shall supply and maintain, within each twelve-month period, one standard packing can, 24 inches in diameter, with wheels, carrying handle and dumping handle, for each employee who is required to use one on the route.

Each employee of the Employers to whom a can is furnished is responsible for any damage to it which is the result of the negligence of the employee. In the event a can is lost or damaged beyond repair, the can must be replaced by the employee at his own expense. Before a replacement can is issued, the employee seeking a replacement at the end of the twelve-month period must turn in his old can.

(b) Rain Gear: The Employers shall furnish each contract year, at Company expense, rain gear when required for route employees, not to exceed one set every year. In the event the rain gear is lost or damaged beyond repair before the expiration of the one-year period, the employee must replace it at his own expense.

The Employers will maintain an adequate number of sets of rain gear in the shop for use as needed by shop personnel.

(c) Uniforms: The Employers will furnish to each regular employee, including shop, five (5) sets of uniforms in February of each year. The Employers shall also furnish for use by shop personnel an adequate supply of coveralls. All employees working outside the facility must have their high visibility vests as the outermost garment.

(d) Work Boots: Employers agree during January of each year during the term of this Agreement to pay each regular employee \$200.00 to be used for the purpose of purchasing work boots. Work boots shall be substantial in quality and of the type customarily worn by garbage collectors and shall be in reasonably good condition. Employees will not be allowed to wear excessively worn boots or unsafe footwear.

(e) Safety Equipment: The Employers shall maintain for use as required by shop personnel an adequate supply of safety equipment such as welding masks, hard hats, dust filters and such other devices as may be required by law or regulation. Safety bonus that were paid separately in prior contracts are now computed in the hourly wage as set forth in Section 5.

(f) Hand Tools and Insurance: Shop personnel must provide all their own hand tools. The Employers agree to provide adequate insurance to compensate shop personnel for losses as the result of theft or other casualty. Such compensation shall be by replacement of the tool and not by cash.

(g) Gloves: The Employers will furnish fifteen (15) pairs of working gloves per year to route employees.

(h) No Cash Allowance: Except as provided in subparagraph (d), above, there shall be no cash allowance given to any employee in lieu of the receipt by him of any of the items provided for in this Section 13.

(i) Employees are required to wear their uniforms and work shoes at all times during working hours. Any employee who violates this requirement shall be sent home without pay and shall receive a warning letter.

SECTION 14. NO STRIKES OR LOCKOUTS

It is agreed that there shall not be any stoppage of work either by strike or lockout by the Union or the Employers during the life of this Agreement. It shall not be deemed a violation of this Agreement or cause for discharge for any employee to honor any picket line authorized by the Joint Council of Teamsters having jurisdiction in the territory where the picket line is in effect, and no employee shall be discharged or discriminated against for Union activities or upholding Union principles.

SECTION 15. DISCHARGES AND SUSPENSIONS

(a) Employees shall be subject to discharge for dishonesty, intoxication, willful insubordination, recklessly negligent performance of duties, competing with Employers, without

prior warning or notice. Discipline for other matters such as, but not limited to, habitual tardiness, failure to report for work, neglect of duty, and violation of published company rules and regulations shall require a written warning to the employee and any similar offenses occurring after two prior warnings and within six (6) months of the last warning shall be grounds for discharge. Discipline for absenteeism and tardiness shall be tracked separately from other offenses for purposes of discipline. All warning letters may not be used for disciplinary action if said warning letter is more than six (6) months old. Copies of all warnings must be sent to the Union.

(b) Any suspension for more than five (5) days is governed by the same procedure as that required for discharges. A suspension of five (5) days or less may be given without notice but shall not be given without just cause. A notice of suspension of less than five (5) days shall be sent to the Union and shall constitute a written warning within the meaning of subsection (a) hereof.

(c) Probationary employees are subject to discharge for any reason deemed sufficient in the sole discretion of the Employers.

SECTION 16. SETTLEMENT OF DISPUTES

(a) Disputes: In the event that a dispute arises during the term of this Agreement regarding the interpretation or enforcement of any section of this Agreement, or the terms or provisions of written agreements supplementary to this Agreement, the matter in dispute in all its particulars shall be set forth in writing by the complaining party and served upon the other. If the dispute is not settled by the parties within ten (10) working days following the receipt of such written notice, or within such extended time as may be agreed upon, the dispute shall be referred to the Federal Mediation and Conciliation Service. No change in this Agreement, or interpretations resulting from a Federal Mediation and Conciliation Service or arbitration proceeding hereunder, will be recognized unless agreed to by the Employers and the Union.

(b) FMCS: If the dispute is not settled by the parties within ten (10) working days following the receipt of such written notice or within such extended time as may be agreed upon, the dispute may be referred to the Federal Mediation and Conciliation Service (FMCS) in accordance with subsection (b) hereof. Written notices given under this provision may be transmitted by telefacsimile (fax). If the United States Postal Service is used for notice, the post-marked date will be the date upon which service is effective.

(c) Arbitration: In the event that a resolution of a dispute regarding the interpretation or enforcement of any of the sections of this Agreement, or the terms or provisions of written agreements supplementary hereto, is not reached at the FMCS step, the dispute shall, upon the request either of the Union or the Employers, be submitted to a neutral arbitrator mutually selected and agreed upon, whose decision shall be final and binding.

(d) Selection of Arbitrator: Unless the parties can otherwise agree upon an arbitrator, a list of arbitrators shall be requested from the Washington, D.C. Office of the Federal Mediation and Conciliation Service. After a toss of a coin to decide which party shall move first, the Employers' representative and the Union representative shall alternatively strike one name from

the list until one name remains and such person shall be the arbitrator for the determination of the case. The next to the last name stricken shall be the alternate arbitrator, and so on. The arbitrator shall have no right, power or authority to add to, subtract from, alter, amend or change any term or provision of this Agreement. Discovery procedures as permitted under California Law are permissible.

(e) Cost of Arbitration: Each party shall bear its own expense in presenting the case to the arbitrator. The expense of the arbitrator and of the reporter, if any, shall be divided between the parties hereto. The Employers agree to pay a sum equal to but not greater than one-half of said expense, and the Union agrees to pay a sum equal to but not greater than one-half of said expense. Each side shall bear its own expense of producing witnesses, experts, interpreters and the like.

(f) No Interruption of Work: There shall be no interruption of work during the settlement of a dispute.

SECTION 17. CHECK-OFF SYSTEM AND CREDIT UNION

(a) The Employers agree to recognize all written authorizations from Union members authorizing the deductions for their compensation of all uniformly required dues for the period of authorization which, in any event, shall be irrevocable for a period of one year. The Employers do not agree to deduct initiation fees, assessments or other exactions imposed by the Union unless the expense to the Company is paid by the Union. All deductions made pursuant to this Agreement shall be deducted from the employee's second payroll check of the month and shall be transmitted to the office of the Union by the twenty-eighth (28th) day of the same month. In the event the amount of said deductions is not transmitted to the office of the Union by the 28th day of any month for some reason beyond the Employers' control (for example, the fact that a particular pay period ends on or close to the 28th day), the Employers shall have a reasonable time within which to make said remittance. In no event shall the Employers' failure to make timely remittance be deemed by the Union, for any purpose whatever, to be a default in the timely payment of dues by any Union member.

(b) The Employers shall make credit union deductions from employee paychecks and transmit the amounts deducted to the employee's credit union upon receipt of authorization and designation duly executed by the employee; provided, however, that the deduction so authorized is a fixed sum each payday and the amount is not changed by the employee more frequently than once a year.

(c) DRIVE Deduction: (Upon ratification) the Employers agree to deduct from the paycheck of all employees covered by this Agreement voluntary contributions to D.R.I.V.E. D.R.I.V.E. shall notify the Employers of the amounts designated by each contributing employee that are to be deducted from his/her paycheck on a weekly/bi-weekly basis for weeks worked. The phrase "weeks worked" excludes any week other than a week in which the employee earned a wage.

Employers shall transmit to D.R.I.V.E. National Headquarters on a monthly basis, in one check, the total amount deducted along with the name of each employee on whose behalf

a deduction is made, the employee's social security number and the amount deducted from the employee's paycheck. The International Brotherhood of Teamsters shall reimburse the Employers annually for the Employers' actual cost for the expenses incurred in administering the payroll deduction.

SECTION 18. PAST PRACTICES

(a) The parties agree that during the term of this Collective Bargaining Agreement, all past practices shall continue provided they are consistent, well-defined and have been repeatedly followed by both parties, over a reasonable period of time without objection. Both parties agree that during the term of this contract to meet as often as needed to list all past practices that currently exist.

(b) No past practice which may subsequently be determined to constitute a discriminatory employment practice shall be maintained; provided further, that should any provision of this Agreement or any practice maintained in effect pursuant to this Agreement be required to be terminated, modified or amended in any way by an order of any court of competent jurisdiction, the parties hereto agree that they will forthwith make whatever changes, modifications or amendments as required to be made to this Agreement or said practice by the order of said court.

SECTION 19. CASUAL AND EXTRA EMPLOYEES

(a) The parties recognize that the Employers have a need for casual and/or extra employees to replace employees who are sick, on vacation or who for other reasons do not report for work. Accordingly, the Employers shall establish a pool of persons who are available for such work. A list of such individuals shall be maintained by the Employers, arranged sequentially in accordance with their first day of work, and shall be updated as needed for accuracy.

(b) Available extra work, including vacation relief, shall be assigned by seniority from the list of casuals in the order that such casuals appear on the list. When a casual completes the assignment, he shall be returned to his place on the casual list for further work assignment.

(c) The Employers shall have the right to eliminate names from the casual list on the basis of unreliability, poor work performance, or for other legitimate reasons. The grievance procedures of this Agreement shall not be available to casuals because they have been eliminated from the list, except as provided in paragraph (d) below.

(d) New registrants on the casual list shall be considered on probation, and shall not acquire seniority until they have completed one hundred twenty (120) calendar days. Upon achieving seniority, a casual shall be entitled to use the grievance procedures of the Agreement. The Guaranteed Hours provision of the Agreement shall not be applicable to casuals or extra employees.

(e) Casuals shall not be used in the manner that deprives regular employees of reassignments under Section 6(b) of this Agreement.

(f) Casual employees who have acquired seniority shall accrue vacation pay and sick leave on a pro-rata basis, and those who work at least 80 hours or more in a month will also be eligible for Recology Health and Welfare benefits. Casual employees shall receive the same benefits as regular employees after two years of employment as a casual.

(g) Vacancies in regular employment shall be filled from casuals who have achieved seniority, in the order that their names appear on the casual list. In the event of layoff of regular employees, they shall have the right to be included at the top of the casual List, in accordance with their seniority. Their recall rights under this Agreement shall remain intact while performing work as casuals. Such laid off regular employees shall receive the full contractual rate of pay while working off the casual list.

SECTION 20. STARTING TIME

(a) Changing of established starting times shall be at the discretion of the Employers, with notice of any such change posted on the bulletin board at least 24 hours in advance. Said posting requirement applies only to general changes in shift starting times and does not apply to changes in individual starting times which may from time to time be required.

(b) It is understood that all routes that ordinarily leave the garage before 6:00 a.m. are considered to be night routes. All routes which ordinarily leave the garage at or after 6:00 a.m. are morning routes.

SECTION 21. COFFEE BREAKS

All employees shall each day be entitled to take two (2) paid coffee breaks of fifteen (15) minutes each. An unpaid lunch break of thirty (30) minutes at as near to mid-shift as possible is also permitted.

SECTION 22. SENIORITY AND LAYOFFS

(a) Separate Seniority: It is understood and agreed that the seniority provisions of this Agreement shall apply separately to Golden Gate Disposal Company and to Sunset Scavenger Company. It is further understood that said seniority provisions shall also apply separately to the Shop Departments and the Garbage Collection Departments of each Employer and to the Curbside Recycling Program Department at Sunset Scavenger Company and that said departments shall be considered as distinct entities for purposes of the application of these provisions.

(b) Attainment of Seniority: Seniority shall not apply to an employee until he shall have been employed for one hundred twenty (120) calendar days. Upon attainment of seniority, an individual shall be considered a regular employee.

(c) Application of Seniority: In the reduction of forces due to the slackness of work, the last employee hired shall be the first employee laid off and in rehiring, the last employee laid off shall be the first employee re-hired until the list of former employees is exhausted, provided, however, that seniority shall be broken, and there shall be no re-hire right, after an employee has been on layoff for a period of six (6) consecutive months due to lack of work.

(d) Seniority List: The Employers shall maintain master seniority lists of all employees covered by this Agreement and provide the Union with a copy.

(e) The Employers shall not lay off any seniority employee without proper justification.

(f) Re-Hire Procedure: In the event of a layoff, an employee so laid off shall be restored to duty according to seniority.

(g) Filling All Positions: Seniority shall be adhered to in filling positions under this Agreement. Employees working other classifications under the jurisdiction of this Agreement shall be given reasonable trial of up to one week on the basis of seniority to qualify for and accept such positions. Upon request by the employee, the Company shall grant the employee an additional week of training for an accepted position. Employee may only try and reject one route in a twelve month period. Employee may bid on an additional route but must accept the route without the trial period. Training will be provided on the accepted route.

(h) Vacancies: All jobs and classifications will be subject to a direct bid. Wherever a permanent vacancy occurs, it shall be posted for a period of ten (10) working days, during which interested employees shall be entitled to bid on the vacancy. At the conclusion of the posting period, the Employers shall award the position to the most qualified bidder with the greatest seniority. The Employers shall establish a separate telephone system that provides up to date voice mail that provides route openings/vacancies. Any employee who is absent during these postings/vacancies shall notify the Company of their interest by contacting the Company immediately. Any employee who is absent during the awarding of the new vacancy shall be notified by the Company of their turn to accept/reject such vacancy, and they will be required to give their decision on the vacancy in a timely manner.

The Company shall post all vacancies at all time clock locations within two (2) weeks after such openings become available.

All future vacancies in commercial route positions such as front-end loader drivers, debris-box drivers and any other classifications in the commercial department shall be posted on the bulletin board to allow all employees qualified to bid for such vacancies.

Any employee who successfully bids for and is assigned to fill any vacancy shall not be eligible to bid on another vacancy for one year after he/she is so assigned, except that this limitation shall not prevent an employee from bidding on a vacancy in a higher classification.

(i) Temporary Vacancies: All temporary openings shall be awarded by seniority within the Floater Pool, defined as regular employees that do not have an assigned route, and with refusal rights by each employee. If no employee accepts the assignment, the Company shall appoint the least senior employee in the Floating Pool. Such temporary openings shall be posted within (1) week of the job opening, and shall be awarded in accordance with Section 22 of the CBA. The definition of a temporary vacancy is when an employee is off of work due to illness, injury, approved leave, or any absence of three (3) weeks or more. Any driver within the Floater Pool who selects or is assigned such a route shall remain in this position until the regular employee returns. The driver shall be returned to the Floater Pool in accordance with his/her

seniority upon completion of such an assignment. Such an employee may bid on permanent vacancies during this period.

(j) Job Seniority in Reassignment: Twenty (20) working days in a thirty (30) day period will establish seniority in a classification, except that employees assigned to cover temporary assignments such as vacation relief or temporary leaves of absence shall not acquire seniority in the classification to which they are temporarily assigned, no matter how long a period the assignment covers. An employee does not gain seniority in a classification except in the situation where the employee has been permanently assigned as the result of a permanent bid.

When an employee, at his own request, is placed in a lower paid classification, he shall be paid at the rate of the lower classification. In the event the Employers have to cut down on any of the operations, they will have the right to reassign any employee to a lower classification without being obligated to pay the higher rate of pay. Seniority will be observed in such reassignment.

(k) Reduction in force protection: No employee employed under this agreement on the date of ratification will be laid off or removed from the bargaining unit as a result of a reduction in force through December 31, 2016; provided, however, that this paragraph shall not apply in the event of a reduction in force caused by an act of God, terrorist action, loss of any City contract, or a successful challenge to the 1932 Initiative Ordinance. Such losses shall be verified.

(l) Removal of routes: In the event that route reductions are implemented, the seniority of the employee(s) on the removed route(s) will be compared to the remaining employees in that classification with a steady route(s). The senior displaced employee(s) has the option to assume the Route(s) of the least senior employee(s) in that classification. If the senior employee(s) exercise his/her option then, the least senior employee(s) within the affected classification with the steady route will be moved to the floater department in accordance with his/her seniority. The more senior employee(s) from the displaced route(s) will then be allowed to assume those route(s). The change of status form will indicate the effective change date of transfer. Additionally, if the senior employee(s) does not exercise his/her option to assume the least senior employee's route then he/she will be assigned to the floater department. Any option to assume an existing route under this provision is limited to those displaced employees without any trial period (except for directions) as time is of the essence to minimize customer disruption.
