EXECUTIVE SUMMARY

Legislative Objectives

- <u>File 13-0380</u>: Resolution providing for the issuance of not-to-exceed \$195,000,000 aggregate principal amount of Clean and Safe Neighborhood Parks General Obligation Bonds, 2012.
- <u>File 13-0377:</u> Resolution authorizing and directing the sale of not-to-exceed \$74,030,000 of Clean and Safe Neighborhood Parks General Obligation Bonds, Series 2013A.
- <u>File 13-0371</u>: Ordinance appropriating \$74,030,000 of bond proceeds to fund renovation, repair and construction of parks and open spaces, including \$53,187,500 for the Recreation and Park Department, \$18,200,000 for the Port, and \$2,642,500 for issuance and oversight costs and placing these funds on Controller's Reserve pending the sale of the bonds.

Key Points

• San Francisco voters approved \$195,000,000 Clean and Safe Neighborhood Parks General Obligation Bonds on November 6, 2012 for capital improvements for various neighborhood parks, City-wide parks, and Citywide programs under the Recreation and Park Department and waterfront parks under the Port. The proposed resolutions would authorize issuance of the entire \$195 million bonds and direct the first sale of these bonds for a not-to-exceed \$74,030,000, leaving a remaining authorized balance of \$120,970,000.

Fiscal Impacts

- The proposed resolution authorizing the sale of not-to-exceed \$74,030,000 in Clean and Safe Neighborhood Park Bonds will have a projected annual interest rate of 6.0 percent over approximately 20 years, with estimated total debt service payments of \$125,904,308, including \$53,674,308 in interest and a par amount of \$72,230,000 in principal, with estimated average annual debt service payments of \$6,295,215. Debt service would be paid from increased Property Taxes, such that an owner of a residence with an assessed value of \$500,000 would pay additional Property Taxes of an average of \$12.92 per year.
- On February 21, 2013, the Recreation and Park Commission appropriated \$670,000 from the undesignated Open Space Contingency Reserve Funds as a temporary loan, to be reimbursed from the upcoming bond sale to expedite site investigations at eight of the RPD bond project sites. An estimated \$4.1 million was previously expended on planning and design of the Port's Northeast Wharf Plaza project as part of the Cruise Terminal Project, such that \$4.1 million will also be reimbursed from the subject bond proceeds.

Policy Issues

• Excluding \$1,800,000 on reserve pending the bond sale, the Office of Public Finance estimates \$842,500 is needed to fund the issuance and oversight costs for the subject bonds. However, only an estimated \$500,000 is included by RPD and the Port for such issuance and oversight expenses. If RPD and the Port have not set aside sufficient funding for issuance and oversight costs, a portion of the \$6 million Program Contingency may be needed to cover these expenses.

Recommendation

Approve the two proposed resolutions and the proposed ordinance.

MANDATE STATEMENT / BACKGROUND

Mandate Statement

Charter Section 9.105 provides that the issuance and sale of General Obligation bonds are subject to approval of the Board of Supervisors. Charter Section 9.105 also provides that amendments to the appropriation ordinance, as finally adopted, are to be adopted in the same manner as other ordinances, subject to the Controller certifying the availability of funds.

Administrative Code Section 2.71 requires City departments to submit Bond Accountability Reports to the Clerk of the Board, Controller, Treasurer, Director of Public Finance and the Budget and Legislative Analyst 60 days prior to appropriation of bond funds.

Background

On November 6, 2012, San Francisco voters approved \$195 million of Clean and Safe Neighborhood Parks General Obligation Bonds (Proposition B), which is intended to:

1. Improve the safety and quality of neighborhood parks across the City and waterfront open spaces;

2. Enhance water quality and clean up environmental contamination along the Bay;

3. Replace unsafe playgrounds;

4. Fix restrooms;

5. Improve access for the disabled; and

6. Ensure the seismic safety of park and recreation facilities.

The specific neighborhood parks, playgrounds and recreation centers, Citywide parks, Citywide programs and Waterfront parks, to be funded under the \$195 million Clean and Safe Neighborhood Parks Bond, for the Recreation and Park Department and the Port are identified in Attachment I to this report and summarized in Table 1 below:

Source: March 13, 2013 Bond Accountability Report for the Clean and Safe Neighborhood Parks Bond.

As noted above, Administrative Code Section 2.71 requires the Recreation and Park Department and Port to submit a Bond Accountability Report to the Clerk of the Board, Controller, Treasurer, Director of Public Finance and the Budget and Legislative Analyst 60 days prior to appropriation of such bond funds. In accordance with Administrative Code Section 2.72, the Bond Accountability Report includes: (a) certification from an authorized representative that the

information in the report is correct; (b) cumulative amount of bond proceeds available and expended on the project; (c) brief description of each project line item for which bond proceeds have been expended; (d) the amount of bond proceeds expended on each project line item; (e) identification of completed and uncompleted project line items; (f) identification of any project line item not included in a proposed expenditure report; (g) certification that each project identified is in conformity with the voter authorization; and (h) identification of any project time line. On March 11, 2013, the Recreation and Park Department and the Port submitted their Bond Accountability Report on the subject Clean and Safe Neighborhood Parks General Obligation Bonds. Descriptions of each of the projects are included in the Bond Accountability Report.

DETAILS OF PROPOSED LEGISLATION

File 13-0380: The proposed resolution would authorize the issuance of the total not-to-exceed \$195,000,000 aggregate principal amount of Clean and Safe Neighborhood Parks General Obligation Bonds, 2012.

File 13-0377: The proposed resolution would authorize and direct the sale of not-to-exceed \$74,030,000 aggregate principal amount of Clean and Safe Neighborhood Parks General Obligation Bonds, 2012, Series 2013A, which would be the first issuance of bonds.

File 13-0371: The proposed ordinance would appropriate \$74,030,000 of the Clean and Safe Neighborhood Parks General Obligation Bond, Series 2013A proceeds to fund renovation, repair and construction of parks and open spaces, including \$55,156,304 for the Recreation and Park Department and \$18,873,696 for the Port and place these funds on Controller's Reserve pending the sale of the bonds.

The proposed resolution (File 13-0380), which is the authorization for the entire \$195,000,000 Clean and Safe Neighborhood Parks General Obligation Bonds, would:

- Authorize the execution, authentication and registration of the 2012 Clean and Safe Neighborhood Parks Bonds, noting that these Bonds may be sold in one or more series, as the Board of Supervisors determines and approves in subsequent individual sale resolutions;
- Set the terms for transferring or redeeming the bonds;
- Provide that an ad valorem tax (property tax) levy will be imposed annually to pay for the
 principal and interest costs of such bonds and authorizes the establishment of a 2012 Clean
 and Safe Neighborhood Parks Project Bond Account;
- Specify the administration and disbursements from the set aside Project Bond Account;
- Authorize the Treasurer to appoint securities depository and fiscal and other agents; and
- Authorize future individual sale resolutions to provide for defeasance of the bonds, other tax covenants and other terms and provisions;

The proposed resolution (File 13-0377), which would authorize the initial \$74,030,000 sale of the Clean and Safe Neighborhood Parks General Obligation Bonds, Series 2013A, would:

• Authorize the Director of Public Finance to determine the sale date, interest rates, principal amount of the bonds, maturity and redemption dates, with the provision that interest rates cannot exceed 12 percent and the maturity date cannot extend after June 15, 2033;

- Prescribe the form and term of these bonds, including the execution, authentication and registration as well as transfers, exchanges and redemption of the bonds;
- Restrict use of the bond proceeds to the public purpose for which the bonds were intended;
- Establish a Series 2013A Bond Account to pay principal and interest and a Series 2013A Project Subaccount for acquisition, renovation, and construction of bond-funded projects;
- Approve the appointment of the Depository Trust Company as the securities depository, and authorize the Treasurer to appoint fiscal and other agents;
- Provide for defeasance of the bonds, other tax covenants and other terms and provisions;
- Approve the (a) Office Notice of Sale, which announces the date, time and terms of the competitive bond sale; (b) Notice of Intention to Sell Bonds;
- Approve the Preliminary Official Statement, describing the sources and uses of funds, security for the Bonds, risk factors, and tax and other legal matters and authorize the Controller or the Controller's Director of Public Finance to revise the Preliminary Official Statement;
- Approve the Continuing Disclosure Certificate, which provides for City covenants to provide certain financial information and operating data relating to the City;
- Authorize City officials who have responsibility for executing documents related to the Series 2013A Bonds, including the Controller, Director of Public Finance, and Treasurer, to modify the documents as necessary, except that the Series 2013A Bond amount cannot exceed \$74,030,000;
- Subject the Series 2013A Bonds to deposit 0.1% of gross bond proceeds into specified fund for compliance with the reporting requirements of the Citizens' General Obligation Bond Oversight Committee; and
- Authorize the Board of Supervisors to incorporate California Environmental Quality Act (CEQA) findings and determinations for individual projects, for approval of use of bond proceeds to finance each project.

All of the \$195,000,000 Clean and Safe Neighborhood Parks General Obligation Bond projects are anticipated to be completed over the six-year period from early 2013 through 2018, with funds from the initial \$74,030,000 bond sale expended over approximately the next two years. The \$74,030,000 from this initial sale would be used to specifically fund (a) planning and design for six neighborhood parks, construction of five of those parks, and early planning on the remaining additional neighborhood park projects, (b) planning and design for each of the three Citywide parks, (c) planning, design and construction of Citywide Programs, and (d) construction of one Waterfront Park and design of two other Waterfront Parks. As shown in Attachment II, there are anticipated to be subsequent bond sales, with the second bond sale tentatively scheduled for late 2014, subject to future Board of Supervisors approval.

Ms. Nadia Sesay, Director of Public Finance in the Controller's Office advises that the Office of Public Finance anticipates the initial not-to-exceed \$74,030,000 Clean and Safe Neighborhood Parks General Obligation Bonds, Series 2013A sale on June 5, 2013. The proposed ordinance (File 13-0371) would appropriate the entire \$74,030,000 from the first bond sale proceeds, as shown in Table 2 below, subject to technical adjustments pending completion of the sale.

FISCAL IMPACTS

Not-to-Exceed versus Par Amount of Bonds

According to Ms. Sesay, the requested not-to-exceed \$74,030,000 of the initial sale of bonds are projected to be sold for a par amount of \$72,230,000, which would result in project funds totaling \$71,387,500 and issuance and related oversight costs totaling \$842,500. The par amount of \$72,230,000 is \$1,800,000 less than the requested authorized not-to-exceed \$74,030,000 in both the proposed resolution (File 13-0377) and ordinance (File 13-0371). As shown in Table 2 above, the requested supplemental appropriation ordinance (File 13-0371) includes a total of \$2,642,500 for issuance and related oversight costs, or an additional \$1,800,000 over the \$842,500 amount to be used for a Reserve Pending Bond Sale, in order to allow flexibility for the Office of Public Finance depending on market conditions. Ms. Sesay advises that if the \$1,800,000 additional funds are not required, the Controller's Office will make the necessary technical adjustments based on the actual sale results.

Estimated Debt Service Payments

Ms. Sesay advises that based on a conservative annual interest rate of 6.0 percent over 20 years, the par amount of \$72,230,000 Clean and Safe Neighborhood Parks General Obligation bonds will result in estimated total debt service payments of \$125,904,308, including \$53,674,308 in interest and \$72,230,000 in principal, with estimated average annual debt service payments of \$6,295,215 over the 20-year term of the bonds.

Repayment of such annual debt service will be recovered through increases to the annual Property Tax rate, which, according to the Controller's Office, would average \$0.026 per \$1,000 of assessed valuation over the anticipated 20-year term of the bonds. The owner of a residence with an assessed value of \$500,000, assuming a homeowner's exemption of \$7,000, would pay average annual additional Property Taxes to the City of \$12.92 per year if the anticipated par value amount of \$72,230,000 Clean and Safe Neighborhood Parks General Obligation Bonds are sold.

Three General Obligation Bond Issuances on June 5, 2013

The requested not-to-exceed total initial series \$74,030,000 of Clean and Safe Neighborhood Parks Bonds would be placed on Controller's Reserve pending the sale of the bonds, which, as noted above, is anticipated to occur on June 5, 2013. As shown in Table 3 below, the subject \$74,030,000 initial Series 2013A Clean and Safe Neighborhood Parks Bonds would also be sold with the \$31,905,000 Earthquake Safety and Emergency Response General Obligation Bonds Series 2013B and the \$133,275,000 Road Repaving and Street Safety Bonds Series 2013C, for a total not-to-exceed bond authorization of \$239,210,000. As shown in Table 3 below, together, the anticipated par amount for these three General Obligation Bonds is estimated to be \$233,385,000, which is anticipated to result in additional average annual Property Taxes of \$41.74 for a \$500,000 assessed value home.

Table 3: Summary of Three General Obligation Bonds to be Sold on June 5, 2013

Prior Appropriations to be Reimbursed from Bond Proceeds

On February 21, 2013, the Recreation and Park Commission approved the allocation of \$670,000 from the undesignated Open Space Contingency Reserve Funds as a temporary loan, which will be reimbursed from the upcoming bond sale in June of 2013 for site investigation services at the following eight bond project sites:

- 1. Glen Canyon Park
- 2. Joe DiMaggio Playground
- 3. Balboa Park
- 4. Gilman Playground
- 5. West Sunset Playground
- 6. Mountain Lake Park
- 7. Garfield Square
- 8. South Park.

According to Ms. Taylor Emerson, Analyst for RPD, the \$670,000 allocation from the Open Space Contingency Reserve Fund was approved in order to provide upfront funding at these sites for topographic surveys, geotechnical/soil survey analysis, hazardous material testing and destructive investigation and tree assessment surveys, as shown in Attachment II to this report. Ms. Emerson advises that currently, the Open Space Fund had a total accumulated balance of \$18.2 million, including a Contingency Reserve of \$927,801, prior to the loan transfer of \$670,000.

In addition, Mr. Nate Cruz, Financial Analyst at the Port advises that planning and design for the Northeast Wharf Plaza project was previously completed as part of the James R. Herman Cruise Terminal Project for the Port. According to Mr. Cruz, an estimated \$4.1 million was expended on these planning and design efforts, such that \$4.1 million will be reimbursed from the upcoming bond sale in June of 2013 back to the James R. Herman Cruise Terminal Project.

Bond Accountability Report

As noted above, on March 11, 2013, the Recreation and Park Department and the Port submitted their Bond Accountability Report on the subject Clean and Safe Neighborhood Parks Bond. This Bond Accountability Report discusses the Recreation and Park Department's and the Port's request for the sale of \$71,887,500 of General Obligation bonds, which includes \$71,387,500 for RPD and Port projects and \$500,000 for related issuance and oversight costs. According to Section 2.71(c) of the City's Administrative Code, the Budget and Legislative Analyst is charged with detailing whether or not the bond proceeds submitted prior to the issuance of the first series of bonds, can be expended in accordance with the appropriation.

The Budget and Legislative Analyst finds that, as discussed above, the subject request is for a total of \$74,030,000, or \$2,142,500 more than the \$71,887,50 RPD and Port Bond Accountability Report. However, as shown in Table 2 above, the subject request includes \$71,387,500 for RPD and Port projects and \$2,642,500 for related issuance and oversight costs, which reflects \$2,142,500 more for such related issuance and oversight costs than the \$500,000 included in the Bond Accountability Report. Even if the above-noted \$1,800,000 for a Reserve Pending Bond Sale is not needed, the Office of Public Finance estimates \$842,500 is needed to fund the issuance and oversight costs for the subject bonds. If RPD has not set aside sufficient funding for issuance and oversight costs, a portion of the \$6 million Program Contingency will be needed to cover these expenses.

According to the Bond Accountability Report, all of the \$6 million Program Contingency Funds are available for RPD projects. Mr. Cruz advises that contingency funds are already included in each Port's project budget. The Bond Accountability Report notes that if any project in the Neighborhood Parks and Citywide Program categories exceeds its total budget (a) by no more than 10%, additional Program Contingency funds may be allocated, subject to approval by the RPD General Manager, (b) by more than 10% but less than 15%, additional Program Contingency funds may be allocated, subject to approval by the RPD Commission, (c) by more than 15%, the project must adjust its scope to within 15% of the original total budget, subject to approval of the revised scope and additional Contingency Funds by the RPD Commission. All savings from individual projects would be allocated to the Program Contingency Fund and any remaining funds in the Program Contingency Fund will be allocated to one of the RPD Citywide Programs by the RPD Commission.

POLICY ISSUES

The proposed resolution (File 13-0377) states that the Board of Supervisors affirms and incorporates the California Environmental Quality Act (CEQA) findings and determinations, such that the use of the subject bond proceeds to finance the individual projects are subject to approval by the Board of Supervisors of any required environmental review under CEQA. Ms. Emerson advises that all the Neighborhood Park projects have completed their required environmental review, in accordance with CEQA, such that the Joe DiMaggio Playground has a certified Environmental Impact Report (EIR) and the other projects have received Categorical Exemptions. Ms. Emerson further advises that after the planning phase is completed for the Citywide Parks and Programs, RPD will seek the required project-level CEQA review for these Citywide Parks and Programs. In addition, Mr. Cruz advises that a full Environmental Impact

Report was completed for the Northeast Wharf Plaza project, a Negative Declaration was issued for the Islais Creek Improvements and after the planning phase is completed for the Pier 70 Parks, the Port will seek the required project-level CEQA review.

RECOMMENDATION

Approve the two proposed resolutions and the proposed ordinance.
