Dear Ms. Calvillo,

Attached please find one original hardcopy plus this electronic transmittal of the proposed General Plan Amendment Ordinances, Planning Code Text Amendment Ordinances, Zoning Map Amendment Ordinances, and a Development Agreement Ordinance (collectively, the “Ordinances”) for Board of Supervisors’ approval. These Ordinances are associated with the California Pacific Medical Center Long Range Development Plan Project (hereinafter “CPMC LRDP Project”), which is a multi-phased development strategy to meet state seismic safety requirements for hospitals and to create a 20-year framework for CPMC’s four existing medical campuses and for construction of a proposed new medical campus (the “Cathedral Hill Campus”) in San Francisco. The proposed LRDP would facilitate the development of certain Near-Term Projects under the CPMC LRDP at CPMC’s St. Luke’s, Cathedral Hill, and Davies Campuses.

On April 5, 2012, the Planning Commission (“Commission”) initiated General Plan amendments in connection with the CPMC LRDP Project. Mayor Lee introduced the Planning Code Text and Map Amendments proposed as part of CPMC’s LRDP at the Board of Supervisors’ hearing on April 10, 2012. On April 26, 2012, the Commission certified the Final EIR (FEIR) for the LRDP Project by Motion No. 18588, (affirmed by the Board of Supervisors in Motion M13-042), adopted CEQA findings, and adopted other Motions and Resolutions with respect to the LRDP Project. These approvals were forwarded to the Board on April 30, 2012. Thereafter, the Land Use and Economic Development Committee held several hearings on the Ordinances, and continued them to the call of the chair on July 16, 2012. On March 12, 2013, the Board adopted Resolution No. 77-13, endorsing a term sheet for a revised CPMC LRDP Project, which includes an increase in size of the new hospital at the St. Luke’s Campus (from 80 to 120 beds), and a decrease in the size of the new hospital at the Cathedral Hill Campus (from 555 beds to 274-304 beds). The Resolution urged City staff to make the preparation of revised planning approval documents among its highest priorities and to present to the Planning Commission the revised documents and approvals necessary for the revised LRDP Project.

On April 16, 2013, the Board of Supervisors’ denied the General Plan Amendments associated with CPMC’s previous LRDP Project, so that they would not be deemed approved by operation of law, under Charter section 4.105.

On April 11, 2013, the Commission conducted a duly noticed public hearing at a regularly scheduled meeting to consider the initiation of the proposed General Plan Amendment Ordinances associated with CPMC’s Revised LRDP Project.

On May 23, 2013, the Commission held a duly noticed public hearing and voted on various CPMC LRDP Project approvals, including recommending approval of the proposed Ordinances and approval with modifications to the draft Development Agreement. It is the Planning Department’s understanding that the attached Ordinances amending the Planning Code, Zoning Map and the Development Agreement will be introduced as substitute legislation on June 4, 2013.
