

**LEGISLATIVE DIGEST**

(Amended in Committee on 6/21/13)

[Administrative Code – Library Gift Fund]

**Ordinance amending the Administrative Code to create a San Francisco Public Library gift fund.**

Existing Law

Currently, the Library does not have a special gift fund. The Library may accept and expend gifts worth up to \$10,000. The Library may not accept and expend gifts worth over \$10,000 without approval from the Board of Supervisors.

Amendments to Current Law

The proposed amendment would establish a category eight fund for purposes of supporting Library programs, facilities, and operations. Using this fund, the Library could accept and expends gifts worth up to \$100,000. Gifts worth over \$100,000 would still require Board of Supervisors approval.

On June 21, 2013, the Board of Supervisors Budget and Finance Committee amended the legislation to (1) add the \$100,000 limit, and (2) delete in its entirety Section 3 of the proposed amendment that would have amended the grant procedures for the Library.
