FY 2013-14

The Department’s proposed FY 2013-14 budget has increased by \$2,031,861 largely due to:

- Increased revenues from (a) New Construction Building Permit Fee Revenues, (b) Building Permit Alterations Fee, and (c) Environmental Planning Fees, which is a result of the economic recovery as more permit applications for new developments are being filed.
- An increase in personnel costs due to new positions that are proposed for FY 2013-14, the hiring of 8 new positions that were approved in the FY 2012-13 supplemental appropriation as well as an increase in fringe benefits for current staff.
- Increased support for the existing Pavement to Parks Program and the Better Market Street Project.
- Multiple contracts for consultants to (1) conduct a Citywide Historic Survey; (2) conduct a Fiscal Feasibility Analysis to inform the proposed Citywide Transportation Sustainability Fee; (2) assess and consolidate all of the Department’s design guidelines documents; (3) and update the Department’s public information documents.
- Increased work order costs from the Department of Telecommunications and Information Services (DTIS) due to an increase in the allocation for the City’s central information technology system.

The Planning Department is also undergoing a reorganization within the Administration Division including the restructuring of management in the Information Services and Operations Division and the substitutions of several administrative positions.

FY 2014-15

The number of full-time equivalent positions (FTE) budgeted for FY 2014-15 are 161.37 FTEs, which are 2.78 FTEs more than the 158.59 FTEs in the Mayor's proposed FY 2013-14 budget. This represents a 1.8% increase in FTEs from the Mayor's proposed FY 2013-14 budget.

The Department is not proposing any new positions in FY 2014-15. The increase is due to the annualization of new positions created in FY 2013-14.

DEPARTMENT REVENUES:

FY 2013-14

The Department's revenues of \$27,247,972 in FY 2013-14, are \$3,846,413 or 16.4% more than FY 2012-13 revenues of \$23,401,559. General Fund support of \$2,969,599 in FY 2013-14 is \$1,814,552 or 37.9% less than FY 2012-13 General Fund support of \$4,784,151.

The Department projects fee revenues in FY 2013-14 due to planning permit applications to increase by 4%, comparable to the rate of increase in FY 2012-13, due to the upsurge in construction activity and large scale development projects resulting from the economic recovery. Planning fees will also be adjusted by the Consumer Price Index (CPI) or 2.58% in FY 2013-14.

FY 2014-15

The Department's revenues of \$28,481,606 in FY 2014-15 are \$1,233,634 or 4.5% more than FY 2013-14 estimated revenues of \$27,247,972. General Fund support of \$3,173,070 in FY 2014-15 is \$203,471 or 6.9% more than FY 2013-14 General Fund support of \$2,969,599.

OTHER ISSUES:

The Board of Supervisors approved 8 new limited-term positions in the FY 2012-13 supplemental appropriation to address the backlog in planning cases and various permits, which have not yet been filled.

The Department is proposing to create 9 new positions in FY 2013-14 to also process planning permit applications due to a continued increase in planning permit applications. These positions, which are not funded in the FY 2013-14 budget, would be funded with fee revenues and include:

- Four Planner II's in the Current Planning Division
- Two Planner III's in the Current Planning Division
- One Planner III in the Environmental Planning Division

**RECOMMENDATIONS OF THE BUDGET & LEGISLATIVE ANALYST
FOR AMENDMENT OF BUDGET ITEMS
FY 2013-14 AND FY 2014-15**

DEPARTMENT: CPC – CITY PLANNING

- One Planner II in the Environmental Planning Division

According to the Department, because several months are required to process, recruit and hire new positions, the Department needs this position authorization, prior to receiving funding for the positions, to quickly hire necessary positions to process new planning permits when project applications and fees are received. The Department may submit a supplemental appropriation ordinance to the Board of Supervisors to appropriate Department revenues to fund these 9 new positions when the funds become available. The Budget and Legislative Analyst considers approval of these new, unfunded positions to be a policy matter for the Board of Supervisors. If the Board approves these positions, we recommend that they be designated limited tenure for the term of the respective projects.

COMMENTS:

FY 2013-14

The Budget and Legislative Analyst's recommended reductions to the proposed budget total \$359,886 in FY 2013-14. Of the \$359,886 in recommended reductions, \$227,082 are ongoing savings and \$132,804 are one-time savings. These reductions would still allow an increase of \$1,671,975 or 5.9% in the Department's FY 2013-14 budget.

The recommended reductions of \$359,886 are funded by fee revenues, which can be reallocated to pay for other eligible Planning Department programs proposed to be funded by the General Fund in FY 2013-14. Therefore, \$359,886 in the proposed General Fund allocation to the Planning Department can be returned to the General Fund balance.

FY 2014-15

The Budget and Legislative Analyst's recommended reductions to the proposed budget total \$318,169 in FY 2014-15. Of the \$318,169 in recommended reductions, \$290,169 are ongoing savings and \$28,000 are one-time savings. These reductions would still allow an increase of \$1,118,936 or 3.7% in the Department's FY 2014-15 budget.

The recommended reductions of \$318,169 are funded by fee revenues, which can be reallocated to pay for other eligible Planning Department programs proposed to be funded by the General Fund in FY 2014-15. Therefore, \$318,169 in the proposed General Fund allocation to the Planning Department can be returned to the General Fund balance.

- Business License Portal Pilot

SUMMARY OF DEPARTMENT POSITION CHANGES:

FY 2013-14

The number of full-time equivalent positions (FTE) budgeted for FY 2013-14 are 217.95 FTEs, which are 18.75 FTEs more than the 199.20 FTEs in the original FY 2012-13 budget. This represents a 9.4% increase in FTEs from the original FY 2012-13 budget.

The proposed budget includes new positions chiefly to support the following projects: Fiber to City-Owned Buildings, the Customer Service Desk Ticketing System, the Project Management Office, the Disaster Recovery Project, and the Business License Portal Pilot.

This reduction in FTEs in the proposed budget is chiefly due to the sunset of the limited tenure positions proposed with the year-long Business License Portal Pilot program created to implement task 13 of the City Jobs Plan.

FY 2013-14

The Department's revenues of \$81,403,844 in FY 2013-14, are \$7,356,766 or 9.9% more than FY 2012-13 revenues of \$74,047,078. General Fund support of \$1,708,091 in FY 2013-14 is \$120,300 or 7.6% more than FY 2012-13 General Fund support of \$1,587,791.

Changes in the Department's FY 2013-14 revenues are a result of: increases in expenditure recovery from other City departments; reduced use of fund balance; and increased revenue from licenses and fines.

<p>The Department has requested two Project Manager I positions for the proposed Project Management Office, established to support the management of technology projects. Currently, the Department does not have dedicated project managers but rather uses existing staff to serve as project managers on specific technology projects in addition to their other functions. The Department is requesting two new permanent project manager positions dedicated to project management of Department-specific and Citywide technology projects. Our recommendation would approve these two new permanent project manager positions as off-budget positions, requiring the Department to obtain specific sources of project funds for each of these positions.</p>

DEPARTMENT: ADM – CITY ADMINISTRATOR’S OFFICE

FY 2013-14

The Department’s proposed FY 2013-14 budget has increased by \$26,341,866 largely due to:

- Increased spending on capital projects, including the Moscone Expansion Project, a new emergency generator and fire alarm system at City Hall, the Alemany Market repaving, and various building improvements related to American’s with Disabilities Act (ADA) compliance;
- Increased insurance premium costs for commercial properties owned by the City;
- Relocation of the Medical Examiner’s office to a new, seismically-safe facility;
- Increased costs for vehicle maintenance and fuel;
- Increased salary costs due to increased demand for services from the 311 Call Center, Reproduction Services, and the Facilities and Operations programs; and
- New rent payments for 1155 Market Street and increased debt service for City-owned properties.

FY 2014-15

The Department’s proposed FY 2014-15 budget has decreased by \$2,169,592 from the Mayor’s proposed FY 2013-14 budget largely due to completion of one-time projects, such as the relocation of the Medical Examiner’s Office.

This represents a 4.2% increase in FTEs from the original FY 2012-13 budget.
