11 Be it ordained by the People of the City and County of San Francisco:

12 Section 1. The Planning Department has determined that the actions contemplated in  
13 this ordinance comply with the California Environmental Quality Act (California Public  
14 Resources Code Section 21000 et seq.). Said determination is on file with the Clerk of the  
15 Board of Supervisors in File No. \_\_\_\_\_ and is incorporated herein by reference.

16 Section 2. Findings. The Board of Supervisors of the City and County of San  
17 Francisco hereby finds as follows:

18 1. ~~By Resolution No. 585-10 (File No. 101259), this Board of Supervisors approved the~~  
19 ~~terms of a host agreement for the 34th America’s Cup and related regattas (the “Event”) with~~  
20 ~~the America’s Cup Event Authority (“Event Authority”), which was executed by the parties on~~  
21 ~~December 31, 2010 as the America’s Cup Host and Venue Agreement (the “Host~~  
22 ~~Agreement”) upon the selection of the City and County of San Francisco (“City”) as host city~~  
23 ~~for the Event.~~

24 2. ~~In Resolution No. 585-10, this Board found that hosting the Event would generate~~  
25 ~~significant public benefits for the City including: (i) the generation of significant new jobs and~~

1 economic development in a very short period of time; (ii) substantially increased public access  
2 to the waterfront; (iii) new opportunities for people to view and enjoy the San Francisco Bay;  
3 and (iv) an extraordinary opportunity to showcase San Francisco and the Bay to the nation  
4 and the world.

5 3. ~~Allowing aerial signs and advertising such as towing banners in the airspace above~~  
6 ~~the Event during race activities would create visual blight and clutter that would (i) undermine~~  
7 ~~the viewing experience for the thousands of spectators who are expected to attend the Event,~~  
8 ~~(ii) pollute the visual landscape of the San Francisco waterfront that is being showcased by~~  
9 ~~the Event, and (iii) create potentially dangerous visual distractions for the race participants.~~  
10 ~~To provide a pleasant viewing experience for spectators by allowing for uninterrupted viewing~~  
11 ~~of the Event activities, to protect public safety, and to safeguard the overall success of the~~  
12 ~~Event, the Board wishes to protect the airspace above the Event from any and all commercial~~  
13 ~~or promotional interruption during the racing events.~~

14 4. ~~— In addition, Section 10.3 of the Host Agreement requires the City to work with~~  
15 ~~the Event Authority to develop and implement a program to protect the Event from “ambush~~  
16 ~~marketing.” Specifically, Section 10.3(b) requires the City to take a number of actions on~~  
17 ~~behalf of the Event Authority and the Event in general, including seeking “the prohibition of~~  
18 ~~use of Event Airspace during the [e]vent, and in respect of appropriately large perimeters~~  
19 ~~around the airspace of the [v]enue to prevent any unauthorized aircraft or any other floating or~~  
20 ~~flying device (in particular hot air/helium/other gas balloons or blimps) from being used to~~  
21 ~~advertise or carry out ambush marketing activities.” Ambush marketing refers to unauthorized~~  
22 ~~parties taking actions to associate themselves with, and therefore capitalize on, the visibility~~  
23 ~~and intellectual property of a particular event without entering appropriate contractual~~  
24 ~~relationships to do so.~~

1           5. ~~By adoption of this ordinance, this Board of Supervisors intends to establish~~  
2 ~~restrictions on all aerial signs and advertising in the airspace over the Event in furtherance of~~  
3 ~~the City's goals of ensuring a successful Event, promoting a pleasant spectator experience,~~  
4 ~~and protecting public safety, as well as the City's responsibilities under the terms of the Host~~  
5 ~~Agreement.~~

6           1. In recent years, San Francisco voters have consistently sided with initiatives to  
7 restrict the amount of advertising allowed in the City and County of San Francisco, including  
8 the following:

- 9           –       Approving Measure B in 2002 to prohibit all new general advertising signs  
10 on private property.
- 11           –       Approving Measure K in 2007 and Measure E in 2009 to prohibit all new  
12 general advertising signs on street furniture and City-owned buildings.
- 13           –       Disapproving Measure D in 2009 which would have created a Mid-Market  
14 Special Sign District where new general advertising signs would be permitted.

15           2. Many areas of the City are saturated with general advertising signs. In these areas  
16 the general advertising signs are obtrusive, out of scale, and contribute to visual pollution and  
17 blight.

18           3. Tourism, San Francisco's largest revenue generating industry, benefits from the  
19 preservation of the City's unique character, architecture and vistas. Reducing the amount of  
20 advertising in the City will help accentuate its distinctive appearance and the character that  
21 tourists visit the City to experience.

22           Section 3. The San Francisco Police Code is hereby amended by adding Article 49, to  
23 read as follows:
