Item 10
File 10-1004

Department(s):
Real Estate Division (RED)

EXECUTIVE SUMMARY

Legislative Objective

The proposed resolution would authorize a new five year Café Lease and License Agreement for a total of 5,186 square feet of space in City Hall located at 1 Dr. Carlton B. Goodlett Place, to Elias M. Nasra & Family Partnership, a California general partnership, for café and other retail services.

Key Points

Based on a competitive Request for Proposal process, the Real Estate Division (RED) has recommended the approval of a Café Lease and License Agreement for the City Hall ground floor café and the North Light Court, to Elias M. Nasra & Family Partnership. The North Light Court space would be used as a café as well as for other uses including, florist, newspaper, and sundries concessions, and a Wi-Fi service area.

The proposed lease is for five years, commencing immediately upon Board of Supervisors approval, with one five-year option to extend the term per mutual agreement of the parties.

Fiscal Impact

Under the proposed lease and license, the lessee would pay the City base rent of \$1,500 monthly, or \$18,000 on an annual basis, as a combined lease and license fee. The base rent would be subject to an increase adjustment each September 1st beginning in 2011, based on the Consumer Price Index (CPI). Under no circumstances would the base rent fall below the base rent in effect immediately prior to the adjustment date.

Recommendation

Approve the proposed resolution.

BACKGROUND/MANDATE STATEMENT

Background

The two City Hall spaces subject to the proposed lease and license agreement (the ground floor café and the North Light Court) have previously been subject to separate lease agreements and managed by separate companies.

According to Robert Reiter of the Real Estate Division (RED), and Building Manager for City Hall and the Civic Center Campus, the existing Management Agreement for the operation of the ground floor café between the City and Chong Sook Park, who was awarded the lease based on a competitive process, expired on January 3, 2009, at the end of a five-year extension option term. The lease has been continued on a month-to-month basis since January 2009 because, according to Mr. Reiter, a protracted transition in City Hall building management left the matter unaddressed for a period of time.

The North Light Court area was most recently leased and operated by Juma Ventures, a youth employment social enterprise organization. According to Mr. Reiter, in the period leading up to

the competitive bid process for that license in 2008, the City Administrator, in collaboration with the RED and other City agencies¹, determined that the subject space could not generate sufficient revenues to support a full service café and that the space would be best used for youth workforce development. In May 2008, the Board of Supervisors approved the lease with Juma Ventures at the below-market rate of \$200 per month. A below-market rate was chosen in consideration of (a) the City's primary focus of leasing to a non-profit organization that could create employment and training opportunities for youth and (b) the space would have limited days and hours of operations, consisting of Monday through Friday from 7:30 a.m. to 2:00 p.m.

However, according to Mr. Reiter, by the spring of 2009, it was determined that a social enterprise function was not financially feasible without additional support and General Fund subsidy, and Juma Ventures was allowed to terminate its license in the Spring of 2009². Since that time, there has not been any food or beverage service in the North Light Court area.

In order to keep café operation as a viable enterprise in the North Light Court area, it was determined that a single, professional operator, operating both the ground floor café and the North Light Court café and paying fair market value rent for both spaces, would be the most appropriate management structure going forward.

On April 14, 2010, the RED issued a RFP for a Café Lease and License for one contractor to operate two cafés in City Hall, one on the ground floor and one in the North Light Court area, plus a license for additional shared-use space in the ground floor seating area. According to Mr. Reiter, marketing and outreach for the RFP for the proposed lease and license included advertising on the RED's website, in local newspapers, and through posters hanging in City Hall. By the application deadline on May 12, 2010, the RED received five responses to the RFP. A three-person panel³ reviewed and scored the five responses. The panel conducted unannounced site visits at the current business locations of the three most viable proposers in order to gain insight to food quality, café cleanliness and overall business operations⁴.

The scores of the five responders are shown in Table 1 below based on data provided by the RED. The written scores were based on the applicants' (a) business plan (15 points), (b) café experience (25 points), (c) financial capacity (15 points), (d) sustainable food concept (15 points), (e) menu/food quality (10 points), (f) external partnerships (i.e. access to capital) (5 points), (g) interview (10 points), and (h) rental amount bid (5 points). The responders' annual base rent bid is also included in Table 1 below.

¹ The other agencies involved in the development of the youth employment opportunity were the Controller's Office, the Mayor's Office of Economic and Workforce Development, the Mayor's Office of Community Development, and the Department of Youth, Children and Their Families.

² As a penalty for early termination Juma Ventures forfeited its security deposit which was equal to 10 months rent.

³ The review team was composed of representatives from the San Francisco Department of Public Health's Food Systems Project, the City Hall Historic Preservation Advisory Commission, and the City Administrator's Office.

⁴ The three proposers selected were the current City Hall ground floor café operator, Chong Park, The Elias M. Nasra & Family Partnership and Corporate Cuisine/Mocha's Café and Grill.

Table 1: Responders for City Hall Café Lease and License

Bidders	Average of Panelists' Scores	Rental Amount Bid
Total Possible Score	100	
1. Elias M. Nasra & Family Partnership	86	\$1,500
2. Corporate Cuisine/Mocha's Café and Grill	72	\$1,500
3. The Great 8 Group	66	\$500
4. Café Nightingale	37	\$2,500
5. Chong Park	33	7% of gross sales

Source: RED

Based on the RED's competitive RFP process, the RED has recommended that the proposed lease and license agreement be awarded to Elias M. Nasra & Family Partnership, who is to pay the City \$1,500 monthly or \$18,000 annually. As shown in Table 1 above, Elias M. Nasra & Family Partnership was determined to be the highest ranking proposer with a score of 86 points.

The RED sought to secure fair market value rent for the proposed lease and license agreement, representing a departure from the below-market rate approach taken under the previous social enterprise lease for the North Light Court area. The amounts offered ranged from \$500 per month to \$2,500 per month, and one proposer put forth an amount equal to seven percent of gross sales, as shown in Table 1 above. According to Mr. Reiter, the proposer offering the highest rent amount, \$2,500, was deemed less qualified and less responsive to the City's RFP than Elias M. Nasra & Family Partnership.

Mandate Statement

In accordance with Charter Section 9.118(c), any lease for ten or more years, including the options to renew, and/or having anticipated revenues of \$1,000,000 or greater is subject to Board of Supervisors approval.

DETAILS OF PROPOSED LEGISLATION

The proposed lease and license agreement includes three areas totaling 5,186 square feet within City Hall at 1 Carlton B. Goodlett Place. The lease premises are comprised of 1,426 square feet of space on the ground floor; the licensed area is comprised of 2,400 square feet of space known as the North Light Court. There is an additional 1,360 square feet of licensed shared use space that is primarily used for ground floor café seating but is also occasionally used for other City purposes. According to Mr. Reiter, the license legal structure is used for the North Light Court and the other shared use space instead of a full-fledged lease because the license structure allows the City to regularly use those spaces for multiple purposes and users, whereas a lease structure would leave the City with limited options for sharing the space.

Lease Term Period: The proposed lease and license agreement is for five years, commencing immediately upon Board of Supervisors approval, with one five-year option to extend the term per mutual agreement of the parties.

Annual Rent: The proposed lessee would pay the City an annual base rent of \$18,000, paid monthly in the amount of \$1,500. The base rent is subject to an annual CPI⁵ adjustment on the anniversary of the commencement of the lease and license agreement in each year of the proposed agreement beginning in 2011. If the CPI decreases, the rent will not decrease to a value less than the previous year's rent under the provisions in the proposed leases.

Utilities and Services: The proposed lessee would be responsible to pay for telephone charges (local and long distance), pest control, and janitorial services and refuse removal within the subject premises. The City would pay for heating, air conditioning, lighting, refuse removal from designated containers, water, sewer, and building standard janitorial services to the seating areas.

Tenant Improvement Work: The proposed lease and license agreement also defines improvement work that the lessee is required to complete on the ground floor through a contractor approved by the City. The required improvements, as defined by the proposed lease, are as follows:

- (a) remove the 2 walls indicated on the Demolition Sketch (Exhibit C-1 of the lease);
- (b) separate the service room from the Ground Floor Seating Area by installing 2 walls with glass panels as generally depicted on the Space Plans (Exhibit C-2 of the lease);
- (c) install counters and cabinetry as generally depicted in the Space Plans; and
- (d) install sinks, drains and electrical outlets as generally depicted in the Space Plans.

Promptly upon execution of the proposed lease and license agreement, the lessee would furnish the City with its working drawings in accordance with the City's Space Plans. The proposed lease and license agreement does not specify a dollar amount to be spent on the tenant improvements as outlined above, but it does require that the work be completed at no cost to the City and in a professional manner in accordance with sound building practices.

FISCAL ANALYSIS

Projected Revenue for the First Year of the Proposed Lease

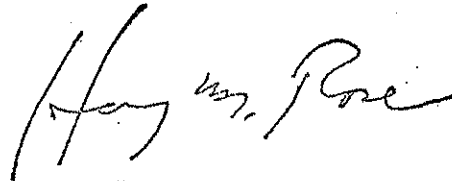

For the last year of the operation of the ground floor café, the City received \$5,804 in rent. Although the City has not received rent for the North Light Court space since Juma Ventures was

⁵ The CPI represents changes in prices of all goods and services for Urban Wage Earners and Clerical Workers (base years 1982-1984=100) in the San Francisco-Oakland-San Jose area and is published by the Bureau of Labor Statistics under the United States Department of Labor.

allowed to terminate its lease in the spring of 2009, as described above, the City was previously receiving annual rent of \$2,400 for the operation of the North Light Court space. Therefore, the maximum amount of annual rent received by the City in recent years, basing the ground floor café portion on actual rent received from July 2009 to June 2010, is \$8,204 (\$5,804 + \$2,400), or \$9,796 less than the proposed rent of \$18,000 to be received by the City for the operation of the two City Hall cafés on the ground floor and in the North Light Court area.

RECOMMENDATION

Approve the proposed resolution.

Re: Proposed Lease of City Hall Ground Floor Space and License of North Light Court at 1 Dr. Carlton B. Goodlett Place

Dear Board Members:

Attached for your consideration is a proposed Resolution awarding a five year Lease with accompanying License for 1,426 square feet of City Hall ground floor space and 2,400 square feet of North Light Court space to Elias M. Nasra & Family Partnership, a California general partnership.

Since the closure of the Juma Ventures operated North Light Court Café last year, city staff has pursued creation of a Request for Proposals (RFP) for a single operator of both the ground floor café as well as the North Light Court. The RFP would encourage uses in the North Light Court beyond just a café, to include florist, newspaper, sundries and Wi-Fi service. The RFP would require applicants to understand and adhere to the City's Healthy and Sustainable Food Initiative.

The rating criteria employed to review the responses were as follows:

Business Plan	15 points
Café Experience	25 points
Financial Capacity	15 points
Sustainable Food Concept	15 points
Menu/Food Quality (raters visited short-listed applicants)	10 points
External Partnerships (i.e. access to capital)	5 points
Interview	10 points
Rental Amount Bid	5 points
Total	100 points

A three person team reviewed and scored the five short listed applications in response to the RFP. The team was composed of representatives from the Food Policy Council, the City Hall

Historic Preservation Advisory Commission, and the City Administrator's Office. The submittal from the Elias M. Nasra & Family Partnership was rated highest by all panel members, with an average score of 86 of 100 points. The average scores of the four other short-listed applicants ranged from 33 to 72 of 100 points, indicating a very clear and apparent first choice for the City to make in this regard. The current operator of the ground floor café in City Hall was a finalist in this process, however their ranked score was fifth of the five competing applicants. City Hall staff will endeavor to ensure a smooth transition to a new operator occurs if the Resolution before the Board is approved.

Lease negotiations were recently concluded and operations will commence in a timely fashion, assuming Board of Supervisors and Mayor approval of the lease at this time.

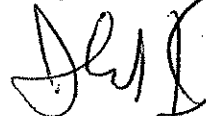

The proposed lease is for a term of five (5) years commencing September 1, 2010. The Tenant shall have one 5-year option to extend the term based on the same terms and conditions except that the base rent shall be adjusted per mutual agreement of the parties.

The base monthly rent is \$1,500.00 modified gross, in that the Tenant is responsible for janitorial, pest control and telephone charges, while the City is responsible for heating, cooling, lighting, water, sewer and refuse removal from the exterior containers. The base monthly rent shall increase annually in accordance with a Consumer Price Index inflator during the term of the lease. For comparison purposes, the ground floor café at City Hall currently generates approximately \$500/month to the City in lease revenue (7% of gross).

Initial hours of operation will be 7:30am to 3:30pm for the ground floor café, and 8am to 4pm for the North Light Court, modified by the mutual consent of the parties to reflect market conditions or special events. The City Hall Historic Preservation Advisory Commission was afforded the opportunity to comment on the initial draft of the RFP, and had input on the selection process, through the participation of the Chair.

The Real Estate Division recommends approval of the proposed lease. If you have any questions in this regard, please contact Rob Reiter of my staff at 554-4939.

Very truly yours,

 Amy L. Brown
Director of Property
