18 Section 1. Findings.

19 (a) On June 4, 2012, the Planning Department determined that the Glen Canyon Park
20 Renovation project, including the actions contemplated in this Ordinance, were categorically
21 exempt in accordance with the California Environmental Quality Act (California Public
22 Resources Code Sections 21000 et seq.). Said determination is on file with the Clerk of the
23 Board of Supervisors in File No. 130863 and is incorporated herein by reference.

24 (b) On November 5, 2012, the Planning Department determined that the actions
25 contemplated in this ordinance are consistent, on balance, with the City’s General Plan and
the eight priority policies of Planning Code Section 101.1. The Board adopts this

1 determination as its own. A copy of said determination is on file with the Clerk of the Board of
2 Supervisors in File No. 130863, and is incorporated herein by reference.

3 (c) As part of the 2008 Clean and Safe Neighborhood Parks Bond (Proposition A,
4 February 2008), the Recreation and Park Department is undertaking a renovation of Glen
5 Canyon Park, a 66.6-acre recreation area located off of Elk Street and O’Shaughnessy
6 Boulevard. The project includes the creation of a welcoming entry to the park, with a
7 vehicular drop-off on Elk Street. The project design requires the elimination of a portion of the
8 sidewalk public right-of-way, which is adjacent to the park, located on the west side of Elk
9 Street, under the regulatory jurisdiction of the Department of Public Works (“DPW”), and
10 maintained by the Recreation and Park Department. In the area previously occupied by the
11 sidewalk, the Recreation and Park Department will construct a vehicular drop-off zone and
12 paved pathway that provides an uninterrupted, paved, and complete pedestrian path of travel
13 on the westerly side of Elk Street between Sussex and Chenery Streets. In consultation with
14 DPW, the Recreation and Park Department has agreed to record a restriction on the property
15 that will acknowledge that the new pedestrian path of travel will permanently function as the
16 equivalent of a public sidewalk.

17 Section 2. In accordance with the Department of Public Works’ Order No. 181628, a
18 copy of which is in the Clerk of the Board of Supervisors File No. 130863 and incorporated
19 herein by reference, Board of Supervisors Ordinance No.1061, entitled “Regulating the Width
20 of Sidewalks,” a copy of which is in the Clerk of the Board of Supervisors Book of General
21 Ordinances, in effect May 11, 1910, is hereby amended by adding thereto a new section to
22 read as follows:

23 Section 1599. Eliminating the official sidewalk width on a portion of the westerly side of Elk
24 Street, starting 51.82’ north of the intersection of Elk and Chenery Streets and continuing north for
25

1 141.21', as shown on Department of Public Works drawing Q-20-727, a copy of which is in the Clerk
2 of the Board of Supervisors File No. 130863.

3 Section 3. The San Francisco Recreation and Park Department, as is necessary as a
4 result of this Ordinance, shall make arrangements with public utility companies and City
5 Departments for the relocation, and/or modification of any affected public facilities. Any
6 necessary relocation, modification, or both of such facilities shall be at no cost to DPW.

7 Section 4. Effective Date. This ordinance shall become effective 30 days after
8 enactment. Enactment occurs when the Mayor signs the ordinance, the Mayor returns the
9 ordinance unsigned or does not sign the ordinance within ten days of receiving it, or the Board
10 of Supervisors overrides the Mayor's veto of the ordinance.
