Section 2. The Planning Code is hereby amended by amending Sections 409, 413.6, 415.5, 418.5, 418.7, 420.6, 421.5, 422.5, 423.5, and 424.5, to read as follows:

SEC. 409. ANNUAL CITYWIDE DEVELOPMENT FEE REPORTING REQUIREMENTS AND COST INFLATION FEE ADJUSTMENTS.

- (a) Annual Citywide Development Fee and Development Impact Requirements Report. In coordination with the Development Fee Collection Unit at DBI and the Planning Director, the Controller shall issue a report within 180 days after the end of each even-numbered year fiscal year, that provides information on all development fees established in the San Francisco Planning Code collected during the prior two fiscal years year organized by development fee account and all cumulative monies collected over the life of each development fee account, as well as all monies expended. The report shall also provide information on the number of projects that elected to satisfy development impact requirements through the provision of "in-kind" physical improvements, including on-site and off-site BMR units, instead of paying development fees. The report shall also include any annual reporting information otherwise required pursuant to the California Mitigation Fee Act, Government Code 66001 et seq. The report shall be presented by the Planning Director to the Planning Commission and to the Land Use & Economic Development Committee of the Board of Supervisors. The Report shall also contain information on the Controller's annual construction cost inflation adjustments to development fees described in subsection (b) below, as well as information on MOH's separate adjustment of the Jobs-Housing Linkage and Inclusionary Affordable Housing fees described in Sections 413.6(b) and 415.5(b)(3).
- (b) Annual Development Fee Infrastructure Construction Cost Inflation

 Adjustments. Prior to issuance of the Annual Citywide Development Fee and Development Impact Requirements Report referenced in subsection (a) above, the Controller shall review the amount of each development fee established in the San Francisco Planning Code and,

23

24

25

with the exception of the Jobs-Housing Linkage Fee in Section 413 et seg. and the Inclusionary Affordable Housing Fee in Section 415 et seq., shall adjust the dollar amount of any development fee on an annual basis every January 1 based solely on the Annual Infrastructure Construction Cost Inflation Estimate published by the Office of the City Administrator's Capital Planning Group and approved by the City's Capital Planning Committee no later than November 1 every year, without further action by the Board of Supervisors. The Annual Infrastructure Construction Cost Inflation Estimate shall be updated by the Capital Planning Group on an annual basis and no later November 1 every year, in consultation with the Capital Planning Committee, in order to establish a reasonable estimate of construction cost inflation for the next calendar year for a mix of public infrastructure and facilities in San Francisco. The Capital Planning Group may rely on past construction cost inflation data, market trends and a variety of national, state and local commercial and institutional construction cost inflation indices in developing their annual estimates for San Francisco. The Planning Department and the Development Fee Collection Unit at DBI shall provide notice of the Controller's development fee adjustments, including the Annual Infrastructure Construction Cost Inflation Estimate formula used to calculate the adjustment, and MOH's separate adjustment of the Jobs-Housing Linkage and Inclusionary Affordable Housing Fees on the Planning Department and DBI website and to any interested party who has requested such notice at least 30 days prior to the adjustment taking effect each January 1. The Jobs-Housing Linkage Fee and the Inclusionary Affordable Housing fees shall be adjusted under the procedures established in Sections 413.6(b) and 415.5(b)(3).

SEC. 413.6. COMPLIANCE BY PAYMENT OF IN-LIEU FEE.

(a) The amount of the fee which may be paid by the sponsor of a development project subject to this Section in lieu of developing and providing the housing required by

Section 413.5 shall be determined by the following formulas for each type of space proposed as part of the development project and subject to this Article.

Commenceing on January 1, 2012, no No later than January 1 of each year, MOH shall adjust the in-lieu fee payment option. No later than November 1 of each year, MOH shall provide the Planning Department, DBI, and the Controller with information on the adjustment to the in-lieu fee payment option so that it can be included in the Planning Department's and DBI's website notice of the fee adjustments and the Controller's Annual Citywide Development Fee and Development Impact Requirements Report described in Section 409(a) 409(b). MOH is authorized to develop an appropriate methodology for indexing the fee, based on adjustments in the costs of constructing housing and in the price of housing in San Francisco consistent with the indexing for the Residential Inclusionary Affordable Housing Program in lieu fee set out in Section 415.6. The method of indexing shall be published in the Procedures Manual for the Residential Inclusionary Affordable Housing Program. In making a determination as to the amount of the fee to be paid, the Department shall credit to the sponsor any excess Interim Guideline credits or excess credits which the sponsor elects to apply against its housing requirement.

24

25

SEC. 415.5. AFFORDABLE HOUSING FEE.

Except as provided in Section 415.5(g), all development projects subject to this Program shall be required to pay an Affordable Housing Fee subject to the following requirements:

(a) Payment of a Fee. Payment of a fee to the Development Collection Unit at DBI for deposit into the Citywide Affordable Housing Fund for the purposes of that Fund.

- (b) **Amount of Fee.** The amount of the fee which may be paid by the project sponsor subject to this Program shall be determined by MOH utilizing the following factors:
- (1) The number of units equivalent to the applicable percentage of the number of units in the principal project. The applicable percentage shall be 20 percent or the percentage that applied to the project if the project is subject to the requirements of an earlier version of this Program due to the date it submitted its application. For the purposes of this Section, the City shall calculate the fee using the direct fractional result of the total number of units multiplied by the applicable percentage, rather than rounding up the resulting figure as required by Section 415.6(a).
- (2) The affordability gap using data on the cost of construction of residential housing from the "San Francisco Sensitivity Analysis Summary Report: Inclusionary Housing Program" prepared by Keyser Marston Associates, Inc. in August 2006 for the Maximum Annual Rent or Maximum Purchase Price for the equivalent unit sizes. The Department and MOH shall update the technical report from time to time as they deem appropriate in order to ensure that the affordability gap remains current.
- (3) Commencing on January 1, 2012, no No later than January 1 of each year, MOH shall adjust the fee. No later than November 1 of each year, MOH shall provide the Planning Department, DBI, and the Controller with information on the adjustment to the fee so that it can be included in the Planning Department's and DBI's website notice of the fee adjustments and the Controller's Annual Citywide Development Fee and Development Impact Requirements Report described in Section 409(a) 409(b). MOH is authorized to develop an appropriate methodology for indexing the fee, based on adjustments in the costs of constructing housing and in the price of housing in San Francisco. The method of indexing shall be published in the Procedures Manual.

SEC. 424.5. VAN NESS AND MARKET DOWNTOWN RESIDENTIAL SPECIAL USE DISTRICT INFRASTRUCTURE FUND.

(a) There is hereby established a separate fund set aside for a special purpose entitled the Van Ness and Market Neighborhood Infrastructure Fund ("Fund"). That portion of gross floor area subject to the \$15.00 per gross square foot fee referenced in Section 424.3(b)(ii) above shall be deposited into the Van Ness and Market Neighborhood Infrastructure Fund deposited in the Fund, which shall be maintained by the Controller. The receipts of the Fund are hereby appropriated in accordance with law to be used solely to fund public infrastructure subject to the following conditions:

(1) (i) All monies deposited in the Fund, plus accrued interest, shall be used solely to design, engineer, acquire and develop neighborhood open spaces and streetscape improvements that result in new publicly-accessible facilities within the Van Ness and Market Downtown Residential Special Use District or the area bounded by 10th Street, Howard Street, South Van Ness Avenue, the northeastern line of the Central Freeway, Market Street, Franklin Street, Hayes Street, and Polk Street. These improvements shall be consistent with

the Market and Octavia Area Plan of the General Plan and any Plan that is approved by the Board of Supervisors in the future for the area covered by the Van Ness and Market Downtown Residential Special Use District, except that monies from the Fund may be used by the Planning Commission to commission studies to revise the fee above, or to commission landscape, architectural or other planning, design and engineering services in support of the proposed public improvements.

(2) (ii) No portion of the Fund may be used, by way of loan or otherwise, to pay any administrative, general overhead, or similar expense of any public entity.

(3) (iii) The Controller's Office shall file an annual a report with the Board of Supervisors in even-numbered years by the end of the City's fiscal year, which report shall set forth the amount of money collected in the Fund. Monies in the Fund shall be appropriated by the Board of Supervisors and administered by the Director of Planning.

(4) (iv) At the close of a fiscal year in which the Market and Octavia Community Improvements Program has generated funding for no less than \$211 million of expenditures in the plan area, including revenue generated through this Section 424.1 et seq., Section 421 fee payments, in-kind improvements, public grants, San Francisco general funds, assessment districts, and other sources which contribute to the overall programming, all future funds generated through Section 424.1 et seq. shall be redirected one hundred (100) percent to the Citywide Affordable Housing Fund.

(5) (*) Expenditure of funds shall be coordinated with appropriate City agencies as detailed in Section 421.5(d) and (e).

(6) (vi) The Director shall have the authority to prescribe rules and regulations governing the Fund, which are consistent with Section 424.1 *et seq.* The Director shall make recommendations to the Board regarding allocation of funds.

Section 3. Effective Date. This ordinance shall become effective 30 days from the date of passage.

Section 4. This section is uncodified. In enacting this Ordinance, the Board intends to amend only those words, phrases, paragraphs, subsections, sections, articles, numbers, punctuation, charts, diagrams, or any other constituent part of the Planning Code that are explicitly shown in this legislation as additions, deletions, Board amendment additions, and Board amendment deletions in accordance with the "Note" that appears under the official title of the legislation.

RECOMMENDING THAT THE BOARD OF SUPERVISORS ADOPT A PROPOSED ORDINANCE THAT WOULD AMEND THE PLANNING CODE TO MODIFY WHEN THE CITY CONTROLLER IS REQUIRED TO ISSUE THE DEVELOPMENT IMPACT FEE REPORT AND MAKING ENVIRONMENTAL FINDINGS AND FINDINGS OF CONSISTENCY WITH GENERAL PLAN

PREAMBLE

Whereas, on June 4, 2013, Mayor Edwin Lee introduced a proposed Ordinance under Board of Supervisors (hereinafter "Board") File Number 130549, which would amend the Planning Code to modify when the City Controller is required to issue the Development Impact Fee Report (hereinafter DIFR); and

Whereas, on August 1, 2013, the San Francisco Planning Commission (hereinafter "Commission") conducted a duly noticed public hearing at a regularly scheduled meeting to consider the proposed Ordinance; and

Whereas, the proposed Ordinance has been determined to be categorically exempt from environmental review under the California Environmental Quality Act, Non-Physical Exemption, Section 15060(c)(2); and

Whereas, the Commission has heard and considered the testimony presented to it at the public hearing and has further considered written materials and oral testimony presented on behalf of the applicant, Department staff, and other interested parties; and

Whereas, the all pertinent documents may be found in the files of the Department, as the custodian of records, at 1650 Mission Street, Suite 400, San Francisco; and

Whereas, the Commission has reviewed the proposed Ordinance; and

www.sfplanning.org

Resolution No. 18935 Hearing Date: August 1, 2013

MOVED, that the Commission hereby recommends that the Board of Supervisors recommends *approval* of the proposed Ordinance and adopts this Resolution to that effect.

FINDINGS

Having reviewed the materials identified in the preamble above, and having heard all testimony and arguments, this Commission finds, concludes, and determines as follows:

- 1. The proposed Ordnance will sync the Controller's Development Impact Fee Report with the City's two-year budget cycle.
- 2. The Planning Commission will still be updated on the collection and distribution of Development Impact Fees on an annual basis through the Interagency Plan Implementation Committee's annual report.
- 1. The proposed project is consistent with the eight General Plan priority policies set forth in Section 101.1 in that:
 - A) The existing neighborhood-serving retail uses will be preserved and enhanced and future opportunities for resident employment in and ownership of such businesses will be enhanced:
 - The proposed Ordinance will not have an adverse effect on neighborhood-serving businesses.
 - B) The existing housing and neighborhood character will be conserved and protected in order to preserve the cultural and economic diversity of our neighborhoods:
 - The proposed Ordinance will not displace existing housing nor will it have any effect on existing neighborhood character.
 - C) The City's supply of affordable housing will be preserved and enhanced:
 - The proposed Ordinance will not adversely affect the City's supply of affordable housing. The Planning Commission will still be informed about on- and off-site affordable units and in-lieu fees on an annual basis through the Interagency Plan Implementation Committee's annual report.
 - D) The commuter traffic will not impede MUNI transit service or overburden our streets or neighborhood parking:
 - The proposed Ordinance will not result in commuter traffic impeding MUNI transit service or overburdening the streets or neighborhood parking.

E) A diverse economic base will be maintained by protecting our industrial and service sectors from displacement due to commercial office development. And future opportunities for resident employment and ownership in these sectors will be enhanced:

The proposed Ordinance would not adversely affect the industrial or service sectors or future opportunities for resident employment or ownership in these sectors.

F) The City will achieve the greatest possible preparedness to protect against injury and loss of life in an earthquake.

Preparedness against injury and loss of life in an earthquake is unaffected by the proposed Ordinance. Any new construction or alteration associated with this Ordinance would be executed in compliance with all applicable construction and safety measures.

G) That landmark and historic buildings will be preserved:

Landmarks and historic buildings would be unaffected by the proposed Ordinance.

H) Parks and open space and their access to sunlight and vistas will be protected from development:

The City's parks and open space and their access to sunlight and vistas would be unaffected by the proposed Ordinance. It is not anticipated that permits would be such that sunlight access, to public or private property, would be adversely impacted.

I hereby certify that the Planning Commission ADOPTED the foregoing Resolution on August 1, 2013.

Recommendation:

Recommend Approval

PLANNING CODE AMENDMENT

The proposed Ordinance would amend the Planning Code to modify when the City Controller is required to issue the Development Impact Fee Report (hereinafter DIFR) and making environmental findings and findings of consistency with General Plan.

The Way It Is Now:

- Planning Code requires that the Controller to issue a DIFR every year. The DIFR gives a detailed
 accounting of what Development Impact Fees (hereinafter DIF) have been collected and how they
 have been spent.
- The Administrative Code requires the Interagency Plan Implementation Committee (hereinafter IPIC) to issue an Annual Report that details the status of how and where DIFs are being spent and upcoming projects.

The Way It Would Be:

The proposed legislation would:

- Amend the Planning Code so that the Controller's office would issue the DIFR every two years instead of every year.
- No changes will be made to the IPIC reporting schedule, which will continue to issue its report and present those finding to the Commission on an annual basis.

ISSUES AND CONSIDERATIONS

Development Impact Fees

Development Impact Fees are legislated to fund infrastructure necessary to support new residents and employees. The City establishes a fee based on both the demand for new infrastructure and the ability for new development to afford fees without negatively impacting the City's housing supply or affordability. State enabling legislation prescribes collection and expenditure rules for impact fees. Below is a brief list of major considerations for impact fee expenditures in San Francisco:

- Projects must address the impacts of additional growth
- Allocations must equal the established proportions for each improvement type; this must 'true up' at the end of the five-year period
- Some funds may go towards pre-development costs, but should lead to actual construction.
- Cannot overspend (cumulative revenues must exceed cumulative costs at any given time)
- Funded infrastructure projects must be within the respective plan areas Eastern Neighborhoods impact fees have the following additional criteria:
 - 80% of must go towards Eastern Neighborhoods priority projects for the "Transportation" and "Open Space" funds until the priority projects within each respective fund are completed
 - The Priority Projects require matches from partnering Agencies per the MOU

Controller's Development Impact Fee Report

The Development Impact Fee Report provides information on all development fees established in the San Francisco Planning Code collected during the fiscal year organized by development fee account type and all cumulative monies collected over the life of each development fee account, as well as all monies expended. The report also provides information on the number of projects that elected to satisfy development impact requirements through the provision of "in-kind" physical improvements, including on-site and off-site BMR units, instead of paying development fees. The report includes annual reporting information required pursuant to the California Mitigation Fee Act. The report is presented by the Planning Director to the Planning Commission and to the Land Use & Economic Development Committee of the Board of Supervisors.

Interagency Plan Implementation Committee (IPIC)

In October of 2006, the Board of Supervisors passed legislation to formalize interagency coordination for Area Plan-identified community improvements through the establishment of the Interagency Plan Implementation Committee (IPIC) (Article 36 of the San Francisco Administrative Code). The IPIC was developed "to provide mechanisms that will enhance the participation in the preparation and implementation of the Community Improvements Plans and Implementation Programs by the various City departments, offices; and agencies that will be responsible for their implementation and provide a means by which the various parties interested in realization of the Community Improvements Plans and Implementation Programs can remain informed about and provide input to and support for their implementation."

The IPIC makes recommendations for Area Plans with respect to capital project implementation, funding and programming, intra-departmental collaboration, coordinates with the Area Plans' Citizen Advisory Committees (CACs), and produces this annual report. The IPIC is chaired by Planning Department and includes representatives from the Municipal Transportation Agency (MTA), Department of Public Works (DPW), Recreation and Parks Department (RPD), San Francisco County Transportation Authority (SFCTA), the Library, the Human Services Agency (HAS), and Capital Planning Committee, among other agencies.

The goals of the IPIC annual process include:

1. Identify all funding sources for infrastructure projects to serve the impacts of new growth in Area Plans.

2. Program expected revenues over 10 years, including revenue generated from development impact fees, so that priority plan area capital projects can be completed.

REQUIRED COMMISSION ACTION

The proposed Ordinance is before the Commission so that it may recommend adoption, rejection, or adoption with modifications to the Board of Supervisors.

RECOMMENDATION

The Department recommends that the Commission recommend approval of the proposed Ordinance

BASIS FOR RECOMMENDATION

The Controller's DIFR and the IPIC Annual Report are two side of the same coin. Where the DIFR provides a very detailed accounting of the collection and distribution for DIFs, the IPIC Annual Report provides a less technical status update on the fees collected, projects that have been completed, and projects that are being planned. Because the City is on a two year budget schedule and creating the DIFR is a very technical and time consuming report, the Controller's office suggested moving the DIFR two year reporting schedule rather than annually. The Commission will still be kept abreast of the fees collected, what projects are being funded and what projects are in the pipeline through the IPIC on an annual basis, but the Controller's accounting report would now be synced up with the City's budget process and done every two years (every even year) rather than annually.

ENVIRONMENTAL REVIEW

The proposal ordinance would result in no physical impact on the environment. The Project was determined to be exempt from the California Environmental Quality Act ("CEQA") under the Non-Physical Exemption (CEQA Guidelines Section 15060(c)(2)) as described in the determination contained in the Planning Department files for this Project.

PUBLIC COMMENT

As of the date of this report, the Planning Department has not received any comments about the proposed Ordinance.
