Addendum to Application for San Francisco Task Force/Commission Member

Nanci Haines

I am a native Californian, and I have lived in the San Francisco bay area most of my life. I have experienced a number of diverse cultures and communities, all the way from Sonoma County to Santa Clara County. I have lived in San Francisco for the last three years and I currently reside in the Mission District with my fiancé.

I have performed in a number of careers, including my current career in sales and in the fitness industry here in San Francisco. I have been a small business owner, as well as working for large local companies in California. I am an effective communicator, both with the written word and verbally, and my degrees (B.A. in English and M.A. in Psychology) have served me well while interacting with others.

I am an avid volunteer: I have volunteered myself as a yoga teacher to students of many ages and backgrounds, including young children, teenagers, and adults with disabilities. I currently donate my time to animals at the San Francisco SPCA, and am enrolled with the Boys and Girls Club of San Francisco.

I believe that the experience and skills that I possess will make me an asset to the city as a taskforce member, and I appreciate your consideration on this matter.

Please type or print in ink.

As a gay Bay Area native and current Mission District resident, I'm excited by the opportunity to be part of the Airport Facilities Naming Advisory Committee. SFO has always been my airport, from my first flight to Washington DC during eighth grade to learn about our Federal Government and history, to travel during college at Stanford, to business trips today. I would be honored to help celebrate Harvey Milk's life and civil rights legacy—both for members of our community, and for people around the world like my closeted friend Akihiro, who lives in Japan but was so excited about the initial proposal to rename SFO in Harvey Milk's honor, he wrote me a hope-filled letter about it.

Business and/or professional experience:

Principal Engineer in HGST's server hard drive development group: Lead an international team split between Colorado, San Jose, and Japan. Manage the development activities and feature introduction timing for the head-disk spacing control algorithm, used on all our new products from consumer to server business segments. Coordinate verification testing, data mining & analysis for optimization.

As an African American man who has been a part of San Francisco's LGBT community since 2006, I can attest to the value of the city's diversity and the legacy of Harvey Milk. As I came to learn more about the man, I gained greater respect for his mission of inclusion and felt compelled to do more.

Like Milk, I am a veteran of the United States Military. Prior service to my country has inspired local service to my community. A role on the Airport Facilities Naming Advisory Committee will allow me to give voice to those who often cannot advocate for themselves or have been placed on the margins of society.

While we have notable tributes to Harvey in San Francisco, New York and beyond, how befitting that a terminal named after him could be a symbol of freedom, inclusion and safety.

Business and/or professional experience:

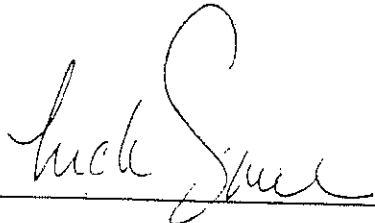

I am a correspondent and substitute anchor to KGO-TV and the ABC7 News team. I hold a baccalaureate degree from the University of California, Berkeley and attended Emerson College in Boston for my graduate studies. While working toward my Master's degree, I worked as a photographer/truck operator for WPRI in Providence, RI. Prior to my return to California, I anchored a local morning news program in Philadelphia, and provided live coverage of special interest stories in my own segment, "Nick in the Neighborhood." Appropriately, I have been a LIVE BREAKING NEWS REPORTER for ABC News with a career in journalism that spans more than a decade. My partner, a critical care nurse and I, live in San Francisco's SOMA neighborhood.

Civic Activities:

In 2006 and 2007 I served on the board of the San Francisco based non-profit, Academy of Friends, who seek to raise crucial funds for organizations that provide direct HIV prevention and care services. I remain actively involved in organizations that have a direct impact on my community, like Positive Resource Center. Their focus is to bridge the gap between available financial support and health services for HIV Positive Men and Women looking to enter/re-enter the work force, secure housing; ultimately creating their independence and heightening their quality of life. Also, Maitri, the only AIDS specific residential care facility in California serving those debilitated by the disease; and finally, San Francisco Needle Exchange. More recently, my volunteer hours have been devoted to One Brick, sponsored by ABC7; the local non-profit allows flexible scheduling of volunteer time and services.
