MEMORANDUM

TO: Regina Dick-Endrizzi, Director
Chris Schulman, Commission Secretary
Small Business Commission, City Hall, Room 448

FROM: Andrea Ausberry, Clerk, Land Use and Economic Development
Committee Board of Supervisors

DATE: December 23, 2013

SUBJECT: REFERRAL FROM BOARD OF SUPERVISORS
Land Use & Economic Development Committee

The Board of Supervisors' Land Use and Economic Development Committee has received the following legislation, which is being referred to the Small Business Commission for comment and recommendation. The Commission may provide any response it deems appropriate within 12 days from the date of this referral.

File No. 131138

Hearing directed to the Department of Public Works, Municipal Transportation Agency (MTA), Public Utilities Commission, and Pacific Gas and Electric Company to explore a number of issues, including where projects are occurring, including sewer, water, natural gas, and road resurfacing, and what the benefits of these infrastructure improvements are; how the projects are coordinated to comply with the City's mandate that once a road is resurfaced no work will be done for five years -- absent an emergency -- to minimize repetitive street disruption; why some blocks remain under construction for very extended periods of time, with on-again-off-again work and repetitive digging; how blocks are chosen in terms of scheduling work; how many blocks are worked on annually and what the future schedule looks like; how departments are minimizing disruptions to the public caused by road work (parking, traffic detours, noise, dust, etc.); how contractors are held accountable for completing work in a timely manner, complying with contractual requirements, delivering high quality work, and minimizing impacts on surrounding neighbors; why some blocks, after undergoing utility work, only get paved on one side of the street and what we can do to prevent this; why it takes so long for MTA to re-stripe repaved roads, often months after the repaving is complete; how the various projects are funded and what the cost is per block; and what our goals are for improving pavement conditions.

Please return this cover sheet with the Commission's response to me at the Board of Supervisors, City Hall, Room 244, 1 Dr. Carlton B. Goodlett Place, San Francisco, CA 94102.

RESPONSE FROM SMALL BUSINESS COMMISSION - Date: _____

No Comment

Oversight Hearing on Road Work and Infrastructure

The text is listed below or attached:

Hearing directed to the Department of Public Works, Municipal Transportation Agency, Public Utilities Commission, and PG&E to explore a number of issues, including:

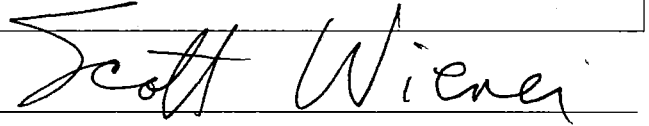

- Which projects are occurring where, including sewer, water, natural gas, and road resurfacing, and what the benefits of these infrastructure improvements are;
- How the projects are coordinated to comply with the city's mandate that once a road is resurfaced that no work will be done for 5 years -- absent an emergency -- to minimize repetitive street disruption;
- Why some blocks remain under construction for very extended periods of time, with on-again-off-again work and

131138

repetitive digging;

- How blocks are chosen in terms of scheduling work;
- How many blocks are worked on annually and what the future schedule looks like;
- How departments are minimizing disruptions to the public caused by road work (parking, traffic detours, noise, dust, etc.)
- How contractors are held accountable for completing work in a timely manner, complying with contractual requirements, delivering high quality work, and minimizing impacts on surrounding neighbors;
- Why some blocks, after undergoing utility work, only get paved on one side of the street and what we can do to prevent this;
- Why it takes so long for MTA to re-stripe repaved roads, often months after the repaving is complete;
- How the various projects are funded and what the cost is per block;
- What our goals are for improving pavement conditions.
